## EXECUTIVE DIRECTOR'S NOTES

The Olympic Discipline Nationals in January take on a different format with the running of the Inaugural Australia Games.

The series will be conducted at Melbourne Gun Club January 26 to 31.

Saturday 26 January sees the start of the National Championships in Olympic Trap and Olympic Skeet. They will be shot 75, 75, and 50 targets, concluding on Monday January 28.

The Commonwealth/Australia Games Championships in both disciplines will commence Tuesday, January 29, and conclude on Thursday January 31.

Invitations have been issued to many overseas shooters who competed this year. It is hoped the U.S. Army Marksmanship Unit at Fort Benning will again send a team, and that John Primrose and Susan Nattrass from Canada will make the trip.

The New Zealand Olympic Discipline Training Squad plans to compete, following confirmation from squad chief Gavin Searle.

An International Teams Match will be conducted in conjunction with the first 150 targets of the Commonwealth/Australia Games Championships in both disciplines.

I hope to see many of you at the Melbourne Gun Club, in January.

Enjoy your shooting,

IAN C. HILL

## EDITOR'S MAILBOX

Dear Sir,

I refer to the photograph of the 1938 I.C.I. shoot published on page 19 of the February, 1984 issue of "Shooting News" and the subsequent letter from P. Ferris, Traralgon, Vic. on page 11 of the May 1984 issue.

It may be of interest that the shooter "Baker (N.S.W.)", as set out in the latter item, is, in fact, Alex Baker, of the Tumut Gun Club.

At the time of the photo Alex was a member of Ganmain Gun Club, of which he was a foundation member and President, and which was formed in 1925 and still operates.

In 1946 he moved to Tumut where he initiated the formation of the local club.

Alex did much towards improving the Club facilities and locations and has seen various ranges come and go until the present time, at which a permanent range with full club house facilities, etc. has been established.

He was, in about 1970, given Life Membership for his services to this Club.

At the age of 84 he still competes, using a side by side Purdey, and shows that he has lost little of the past ability for which he was noted.

Amongst his many recollections are the "Eley Universal" cartridges, which were loaded with black powder and priced at 2/6 per box.

Yours faithfully,

D.F. Clout,  
Publicity Officer, Tumut Gun Club

# NEW ZEALAND DUMPS REGISTRATION — ROSS WILLIAMS

Ross Williams is the Technical and Reloading Editor of the Australian Shooters' Journal and the former Shooting Editor of the old Australian Outdoors magazine.

He also writes a regular column, "Firearms & Shooting", for the sports pages of the Weekly Times. This newspaper, published by the Herald & Weekly Times Ltd, 44 Flinders St, Melbourne, 3000, is available in most states.

The following three pieces are reprinted from the editions of the Weekly Times indicated by the dates.

When its Arms Act 1983 came into effect last June, New Zealand put an end to 64 years of rifle registration and 16 years of shotgun purchase permits (registration of shotguns having been abandoned back in 1930).

Under the new system, people who own or use firearms are issued with a firearms licence if the police consider them fit to be licensed. This licence entitles the holder to buy, sell and borrow rifles and shotguns without notifying the police.

Pistols and "restricted" firearms, however, continue to be recorded by the police computer at Wanganui.

NZ authorities did not seriously question the value of the old system until 1973 — the year that Victoria threw out registration of centrefire rifles after lengthy deliberations. Thus there is a touch of irony in the fact that Victoria's Cain government re-instituted and widened the reach of long arms registration in the very same year that New Zealand finally dumped it.

Now, Australian gun laws differ from state to state. Some jurisdictions have long arms registration; others do not. Consequently, where gun laws are concerned, Australia is its own laboratory.

Statistics show NO correlation between the practice of registration and the incidence of crime, violence, suicide, accidents and vandalism involving firearms. (See the relevant chapters in Prof. Richard Harding's book, *Firearms & Violence in Australian Life*, published by the University of Western Australia).

Registration confers no benefit on society — in fact, it is counter-productive because it wastes time and resources and causes conflict.

As shooting organisations are quick to point out, effort ought to be directed towards developing programs and facilities for training people in safe and responsible gun handling. These organisations do what they can but government assistance is urgently needed.

In support of registration, Mr Race Mathews, Victoria's Minister for Police and Emergency Services, has argued that police need to know what firearms are in a house when attending a domestic disturbance.

But the precise make and calibre (or gauge) are irrelevant at such close quarters. Police can get all they need to know from the categories on the computerised shooter's licence.

Mr Mathews has also said that registration records will assist in returning lost or stolen firearms to their owners. New Zealand's answer makes more sense, however. The new NZ licence form has provision on the back for licensees to record details of their firearms after they receive the licence. None of this information goes into the police computer unless a firearm goes astray. The missing firearm's details will then be recorded; if it is recovered, the police will be able to locate the owner.

To assist with the introduction of the new firearms legislation, the NZ Police Department put out a paper called *Project Foresight — Licensing Firearm Users*. This tells why registration was introduced in 1920, why its value began to be questioned, the reasons for abandoning it, and the rationale for switching to licensing of the person. Since its contents have a bearing on the local situation, I will

summarise as much as possible of it next week. (Wednesday, September 26, 1984).

★ ★ ★

New Zealand has scrapped the general principle of firearm registration and now restricts the record-keeping to pistols, "restricted" firearms and those reported by their owners as lost or stolen.

The new system, which dates from June 1st, is based on a licence issued for life to persons who own or use firearms. To assist with its introduction, the New Zealand Police Department put out a paper called "Project Foresight".

This document gives the background to the NZ Arms Act 1983 and supports many of the things that Australian shooting organisations have been saying about gun laws in general and shoulder arms registration in particular.

A copy of the complete paper can be obtained from the Australian Firearm Law Institute, GPO Box 1434M, Melbourne 3001. Here, without comment, is a summary.

## Summary

During the drafting of the Act many fundamental issues were addressed and critically examined. Amongst these was the question of whether the registration of firearms was achieving its purpose.

However, you can't tell whether a measure is achieving its purpose unless you know precisely what that purpose is — and it was discovered that no one was sure why registration had been introduced in the first place.

Research revealed that registration of rifles, shotguns, pistols and restricted firearms started with the Arms Act of 1920. Three factors (the recent Russian revolution, the problems associated with ex-servicemen returning to the workforce and the many firearms brought back from the war) led to the fear of riot and revolution in New Zealand. It was felt that firearms registration would control the risk. In short, registration was introduced largely for political reasons.

By 1928 the sheer volume of work in registering all firearms was proving difficult for the police. In 1929 the government tried to dispense with shoulder arms records but was defeated in the Upper House. The compromise reached in 1930 was to drop the registration of shotguns. They have not been registered since, although a permit to procure shotguns was brought in in 1968.

Whether the police in 1920 intended to use the records for locating offenders is open to speculation. In recent times, however, many believed that this was the primary reason for keeping a register. Therefore the next question concerned the value of the register to the police in the location of offenders. Here research proved inconclusive and it was thought reasonable to assume that the records were of only limited value, for the following reasons.

First the firearm used in a crime has to be found. If it is found but has never been registered, the police will have no record of it. If it does not have a serial number the index cannot be used. And if the offender has stolen the firearm he cannot be traced through it.

From this a third question arose: could the cost of maintaining a registration system be justified in view of its limited usefulness?

Between 1967 and 1973, the police had tried to bring the records up to date and found it impossible. There was no way to seek correctness and completeness short of calling every firearm owner in the country into police stations with their firearms — and even this extreme measure could not guarantee accuracy in either the short term or the long. So the answer was clearly no.

We will conclude the summary of this important paper next week. (Wednesday, 3 October, 1984).

## New Zealand Dumps Registration

### ● Cont'd from page 4

Inspector Neville Cook, representing the NZ Police Department, told those present at the 1980 International Shooting Sports Symposium in Wellington that his department saw no reason for stricter controls on firearms ownership.

"No one," he said, "has yet been able to establish with any degree of certainty that an increase in the number of lawfully held firearms in the community is in any way tied to the increased use of firearms by criminals."

This precise point does not appear in the NZPD's paper, "Project Foresight", which gives reasons why our trans-Tasman cousins have rejected calls for the return of shotgun registration, terminated 64 years of rifle registration and brought in a licence system.

However, like other points made in the paper, it accords with the results of research in other countries.

Supporters of registration have tried to belittle this research in various ways. For example, by using jargon — statements like Inspector Cook's are dismissed as examples of the "Swissraeli argument" (Switzerland and Israel are countries which have very high rates of arms ownership and relatively low rates of crime and personal violence involving firearms).

It's an old ploy: instead of examining the evidence closely, you hang a title on it — preferably one with slightly derisive overtones.

Another technique is to cast aspersions on the psychological health of people who show an interest in firearms.

A third is to argue that registration is "common sense", that it "must" be a good thing.

But none of these responses addresses the heart of the matter. The plain and simple fact appears to be that nobody has hard evidence sufficient to refute the research. As the NZ paper clearly shows, shoulder arms registration is a wasteful practice which diverts time, energy and money up a blind alley.

It then goes on to summarise the rationale for the new system, based on a licence issued for life unless revoked. The key points are as follows:

- Through the Wanganui computer, the police will have immediate access to details of licensed firearm users and will be able to speedily determine who is in unlawful possession.
- Recreational shooters will be able to pursue their sport without undue restrictions.
- Police time will be freed for productive work.

The Act gives the authorities the power to come down hard on offenders. For instance, a \$4000 fine or three years in prison can be handed down for unlawful possession of a pistol or "restricted" firearm. Similar maximum penalties await those who injure others through careless handling, including leaving a loaded firearm unattended. Possession of a firearm with criminal intent is good for five years in jail without a fine.

Here, too, New Zealand's official thinking is broadly in line with the position adopted by Australian shooting organisations.

And that's not all — safety receives the sort of attention we need locally. All new applicants for the NZ licence have to pass a safety test. Certified instructors from the NZ Mountain Safety Council Inc. are rostered to police stations for lecturing and testing.

In view of the evidence now before us, it is pertinent, I feel, to ask why certain Australian state governments continue to insist that shoulder arms registration is here to stay. (Wednesday, 10 October, 1984).

Ross Williams

On site vans \$90 per week for 2 people, \$10 each extra adult. Parking fees \$30 per week for 2 people, \$4 each extra adult and \$2 for children. CHALETS: \$110 per week for 2 people, \$15 each extra adult and \$8 for children.

Superior 209M shotshell primers are competitively priced to save you even more on handloading.

Two years ago, the Good Ol' Boys in Research and Development started fooling with the idea of a "hotter" shotshell primer. Dozens of variations and thousands of tests later, the results prove they weren't just fooling around.

Now the new 209M primers let you assemble more sensitive handloads with more uniform ballistics. Using less powder.

The 209M is truly a "hotter" primer. Its heavier primer pellet weight requires you to reduce the powder charge up to 10%.

We know you understand and appreciate these subtle differences. Otherwise, you wouldn't take the care to load your own. And we know the Good Ol' Boys in R. & D. would appreciate it if you put this new shotshell primer to the final test. In your handloads.

# AROUND THE TRAPS WITH LAURIE CONNORS

**Sunday October 7, Monday October 8, 1984:** The International Gun Club in S.A. hosted their State's 1984 Olympic Trap Title. The event was organised and run by the State Council. D.T.L. events were run in conjunction with the trench. The reason for this was to try and improve entries in the trench events, and to also give a boost to funds required to send their top shots to the 1985 Olympic Trap Nationals to be held in Victoria.

• **Winners at the S.A. Titles, L. to R.: Richard Dean, Greg Worden, and Garry Bollen.**

These will be held at the Melbourne Gun Club with the National Title being conducted over the first three days, 26th, 27th and 28th January, 1985, and the Commonwealth Title on 29th, 30th and 31st January, 1985.

The organisers would have to be pleased with the numbers that turned up to compete for top honours in the main events over these two days. With Victorians Colin Kneebone and Stan Collins already in attendance and the arrival of Bill Iles, Larry Dimasi, Geoff and Russell Mark on the Monday, certainly added to an already strong local competitive field of seven quads. Their presence made sure the State Olympic Trap Championship was not going to be a picnic shoot. The locals were not perturbed, and took the challenge offered right to the winner's dias.

South Australian Gary Bollen, to the delight of his supporters, carded 97/100 to be 1984 S.A. Olympic Trap Champion. Bill Iles and Stan Collins both shot 96/100. Because of failing light Bill and Stan decided to shoot out 1st and 2nd "AA" honours back in Victoria, when they meet on the trench field at Frankston Australian Gun Club. With Gary taking "A" and overall honours with 97/100, Dino Olivero and Laurie Connors 93/100 tossed a coin to decide second. Dino must have blessed the coin as it fell in his favour, giving him second in "A" grade. Greg Warden 94/100 was 1st in "B" Grade with Philip Green 93/100 2nd. L. Moia 84/100 "C" grade 1st with Lee Trevilcock 81/100 2nd. Greg Warden shot the only possible 25/25 to win the 25 target Olympic Trap Championship on

the program with the fifty target title going to Dino Olivero 48/50. Stan Collins captured Trench High Gun honours scoring 167/175.

• **Administrators meet at the South Australian Titles, L. to R.: Stan Collins member of the National and Victorian International Shooting Committees, Peter Quire National Coaching Director, Dino Olivero and Laurie Connors National Vice President.**

**Tuesday October 9, 1984:** The 1984 North West Zone Annual School boy/girl Championship and coaching day, sponsored by the Zone and Olympic Clay Targets, was hosted by the Callawadda Stawell Gun Club. The venue attracted entries from Warracknabeal, Rainbow, Birchip, Horsham Technical, Dimboola, Charlton, Stawell High School, Stawell Technical and Mildura. Eighty individual entries were received with Anthony Lea from Birchip

Suitable for any modern shotgun barrel, the patented E.D.M. process assures the gun owner of a smooth incision of exact dimension. There is no damage to the metal surrounding the ports, nor to any finish on the barrel.

It should be noted that Pro-Porting a Shotgun • does NOT reduce velocity • does NOT affect inherent accuracy • does NOT raise the noise level. • does NOT change shot patterning.

### PRO-PORTING

- DOES reduce muzzle lift • DOES reduce perceived recoil.
- DOES increase the value of a firearm.

## Around the Traps • Cont'd from page 8

being top junior. Gene Fuller, Rainbow 2nd and Steve Ball, Horsham Technical 3rd. Chris Flavil, Rainbow won the girls section. H. Cullinan, Birchip 2nd and Nichole Clark, Warracknabeal 3rd. Peter Tobin from Mildura won the senior section, Jason Lennox, Stawell High School, was 2nd, with Richard Lehmann, Dimboola 3rd.

Horsham Technical, consisting of Roger Hamm, Daryl Jarred, Wayne Murray and Anthony Smith won the 1984 top school team honours, and collected the A.C.T.A. plaque for their school. Club coaches in attendance, assisted by the use of video equipment, gave coaching to many of the students present.

The Zone Council is appreciative to all who assisted to make the day such a success, particularly Callawadda Stawell Gun Club, and Olimpyc Clay Targets, for their contribution to the venue.

**Saturday October 13, Sunday October 14, 1984:** The Victorian International Shooting Committee is making an attempt to lift the standard of I.S.U. shooting within the State. A 400 target elimination over two venues is taking place to select 1985 State training squads in both disciplines i.e. Olympic Trap and I.S.U. Skeet. The trench training squad will consist of four senior shooters and two juniors. The I.S.U. Skeet training squad will consist of three senior shooters and one junior. Every endeavour will be made to give specialised coaching to members of the training squads, as well as financial assistance, to travel interstate for intensive competition. The first of the eliminations run over these two days proved a great success.

• Stan Collins congratulates the winners in the first 200 target elimination, Ian Hale and Bill Iles.

Frankston Australian Gun Club have made its facilities available free, to conduct the eliminations, with clay targets being the only major cost, to the organising committee. The first 200 series created \$1,261.00 being accredited to the I.S.U. fund. This was a great effort, and it is obvious after the completion of the series, funds will be available to do justice in training and assisting the squads

financially. Forty-one shooters nominated to enter the first 200 Trench elimination. Bill Iles with 195/200 is leading the field, Geoff Mark is on 191/200, Graeme Boyd 189/200, Russell Mark 188/200, Domingo Diaz 186/200. Junior shooters, Rohan Penn is on 183/200, Wayne Vella 176/200 and Brett Dunstan 165/200. In the I.S.U. Skeet section, Ian Hale is the leader with 192/200, Brian Thompson 185/200, John Summers 185/200. Top junior is Michael Inguanti with 182/200. The final eliminations will be held at Frankston Australian Gun Club on December 1 and 2, 1984. The profit from this venue will also go to I.S.U. development.

**Sunday October 21, 1984:** The North West Zone held its Annual General Meeting prior to the Jeparit club's monthly shoot. The election of 1985 Zone Councillors resulted in John Clark from Warracknabeal being re-elected Zone President, with Jim Taylor, Horsham continuing as Zone Vice-President. Jim Shepherd from Maryborough was re-elected as Zone Secretary-Treasurer, and Jim Gawith from Jeparit was elected to the Zone Council for his first term. An item of interest to all clubs and shooters within the Zone, that received discussion by delegates present, was the possibility of acquiring land in a central position in the Zone, to develop a clay target shooting complex. It was agreed by club delegates present that Horsham would be the most central. A sub-committee of five was elected to investigate the possibility of obtaining land in the Horsham area, to develop such a complex. It is envisaged to provide four D.T.L., four skeet, two tower and one Olympic Trap layout. Several shooters and clubs have already indicated their willingness to assist with development of such a project. It would be great for our sport and shooting should the project eventuate.

• Jim Shepherd at practice in his private music hall. I assure you ear muffs are an essential part of the equipment.

## Around the Traps • Cont'd from page 10

Sixty shooters attended the club shoot that followed the meeting. Jim Gawith won his fourth sash for the weekend. He was quite proud of his achievement, winning one at Hopetoun, two at Bordertown and of course taking Single Barrel honours at this shoot 37/37. Jim remarked if he continued at this form, it would not be long and he would have as many sashes as Bill Iles!?? Rex Denby from Goroke won the Double Barrel Championship on the program 93/93.

**Saturday October 27, 1984:** Forty shooters attended Maryborough Gun Club's monthly shoot. Weather conditions were excellent for shooting and high scores were recorded by several finalists in the Double Barrel Championship. Brian Rafferty finished up with the trophy and sash after breaking 127/127 straight. Richard Wright had to settle for second honours with 126/127 and Laurie Connors taking third 106/107. Popular Kyneton boy Geoff Moore won the Points Score title being the only shooter to record a possible 75/75. "B" Grade went to Graeme Ruff 71/75 and "C" Grade to Harry Bantz. The gentleman of our sport, Alf James, who let everybody know he was still a capable shot, even though he is not always enjoying the best of health, won overall High Gun with 138/140. A deserving result, when you consider one event of 15 targets was shot from handicap marks. Alf is on 25 metres.

• L. to R.: Harry Bantz, Brian Rafferty, Geoff Moore, and Graeme Ruff, all winners at Maryborough Gun Club.

The last time I visited this club, I had the pleasure of being a guest of my good shooting mate, Jim Shepherd. In my column I mentioned how Jim was keen on music, and played a number of musical instruments. Several shooters I have been speaking with since, who know him as well as me, doubted the correctness of my report. I can assure all, it is true, as I had the pleasure of being his guest once again, after this shoot. At 5.00 a.m. Jim was up and into practice on the saxophone, his favourite instrument. After listening to the fifteenth rendition of "Amazing Grace", I arose, sneaked in with camera and recorded the performance on film. Jim assured me with more practice he will achieve a much wider repertoire.

• Newly elected South East Zone President Fred Heinze on right, congratulates Rohan Penn, Norm Quick, and Ron Clarke, on their success at the South East Zone Carnival.

**Sunday, October 28, 1984:** The South East Zone Councillors were overwhelmed with the number of shooters that turned up to compete at their annual Carnival. The big event was hosted at Frankston Australian Gun Club, and a record 160 shooters participated in the five-event program. Bob Wykes from Morwell has acted as President of this Zone for the past eight years. At the Zone annual meeting held just prior to the Carnival, Bob did not seek re-election and Fred Heinze was elected to take over this responsibility. Fred was also elected as South East Zone delegate to the Victorian Clay Target Association. Bob's services to our sport were recognised by his Zone Council, with the presentation of a specially inscribed silver tray and glasses. On behalf of all shooters, thanks Bob, for a job well done. The first Championship on the program went to Ron Clarke 51/52, who won Overall and "B" Grade.

Fred Heinze won "A" Grade and A. Crawford 24/25 "C" Grade. P. Drennen 25/25 won the handicap event, B. Harmer 37/38 was second with R. Sharples 36/38 third. Norm Quick won the Single Barrel Championship 24/25, with the Points Title going to top Victorian Junior shooter, Rohan Penn 75/75. Rohan also captured High Gun honours over the program. This lad excels at clay shooting and is one we will be seeing a lot more of on the winner's dais. He has a great future in our sport. Top shot Ian Hale recorded a clean 50/50 to win the Zone Carnival Skeet Championship on the program. Korumburra captured top club team honour in the Zone, with Frankston Australian Gun Club winning the interclub Skeet team shoot.

As this will be the last of my Around the Traps for 1984, I take this opportunity to extend my personal thanks for the hospitality given me, at the many clubs I have visited throughout the year.

Sincere Christmas greetings and a Happy Festive Season to all.

See you where there is shooting during 1985.

## BOOK REVIEW CARTRIDGES OF THE WORLD

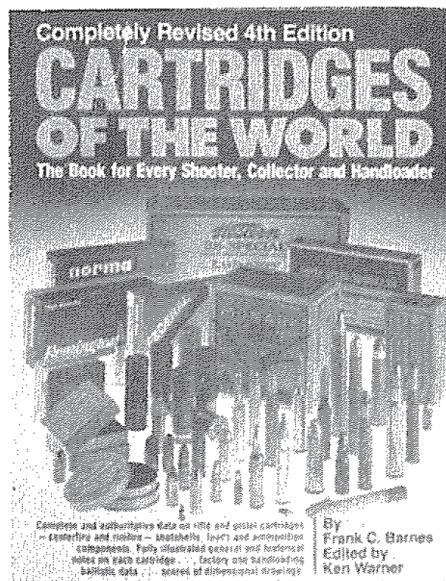

(Completely Revised 4th Edition)

by  
**FRANK C. BARNES**

**384 8½" x 11" pages      Retail Price \$22.95**

In the past 15 years, this book has become the standard general-purpose reference work on cartridges worldwide, for which scientists, technicians and laymen alike reach first for answers to cartridge questions. It's a basic book, setting down the dimensions, performance parameters and physical characteristics for over 1000 different cartridges, all in a single, well-organized volume. With Barnes' commentaries on each cartridge listed, it is more than a catalogue. It's an encyclopedic reference work, now completely up-to-date with this new edition.

Complete and authoritative data on rifle and pistol cartridges — centrefire and rimfire — shotshells (current and obsolete — blackpowder and smokeless), loads and ammunition components. Fully illustrated general and historical notes on each cartridge. Factory and handloading ballistic data with scores of dimensional drawings.

# MULTI MILLION DOLLAR SHOOTING COMPLEX STARTED

Clay Target shooters attending next year's National Clay Target Titles in Perth, Western Australia will be among the first competitors to use the Multi Million Dollar International standard shooting facility being built on the outskirts of the City.

Work on the Whiteman Park Complex has commenced with bulldozers moving in to start land clearing and forming work.

Stage one of the five stage development will be completed for the Clay Target Nationals to be held from April 13th to 18th, 1985.

Over 600 shooters from every State in Australia and around the world are expected to be among those competing for titles and the many thousands of dollars in trophies given by sponsors.

The entire complex which measures over 2632 hectares will have little of its natural setting disturbed during construction.

The Western Australian Shooting Association will act as the umbrella group whose job it will be to represent eight Associations including Clay Target, Archery, Small Bore, Rifle, Pistols, Field and Game, Practical Pistol and Sporting Shooters who will use the facilities at the complex.

This group will liaise with the Department of Youth Sport and Recreation during construction.

Although the entire complex is expected to take a number of years to complete, stage one valued at \$2.5 million will be operational prior to the Clay Target National Titles.

Features to be included in stage one will be the construction of buildings and club facilities, access roads, services, security fencing for the Clay Target Association, Archery and Practical Pistols.

Included in this work will be a caretakers Residence and Central Gates, workshop and other essential services.

Clay Target facilities will include a 10 interposed Australian Trap and Skeet layout while in a separate area three Trench and ISU Trap ranges will be built.

Two of the three Trench and ISU ranges are to be fully set up for 15 traps while the third will be built but not equipped with machinery until necessary.

• Another view of Whitman Park, level country with good background when trees removed.

All facilities have been designed to the requirements of the International Shooting Union and Australian Clay Target Association and are suitable for any International standard event.

Also incorporated will be facilities for the increasing number of paraplegic and handicapped shooters joining the sport.

Located behind the Trap/Skeet layout will be a modern club house and facilities for members and visitors valued at around \$400,000.

Although operational during the championships the building is expected to require minor finishing touches after the Nationals.

The new facilities will also be home for the Azzurri Gun Club and the Perth Gun Club who have both contributed many thousands of dollars towards the construction and operation of the new complex.

President of the W.A.S.A. and Western Australian Clay Target Association, Mr Murray Alexander said, "All facets of work on the complex are right on schedule.

"The 119 hectares set aside for the sport of Clay Target Shooting will be some of the best seen anywhere in the world.

"The standard of facilities and equipment will be second to none," he said.

"With the use of computer data and much discussion it was found the layouts were best to face 155 degrees South East.

"In this position the sun will not affect any shooter."

Each of the Associations included in the W.A.S.A. will be separated from each other and the public by two metre high security fencing.

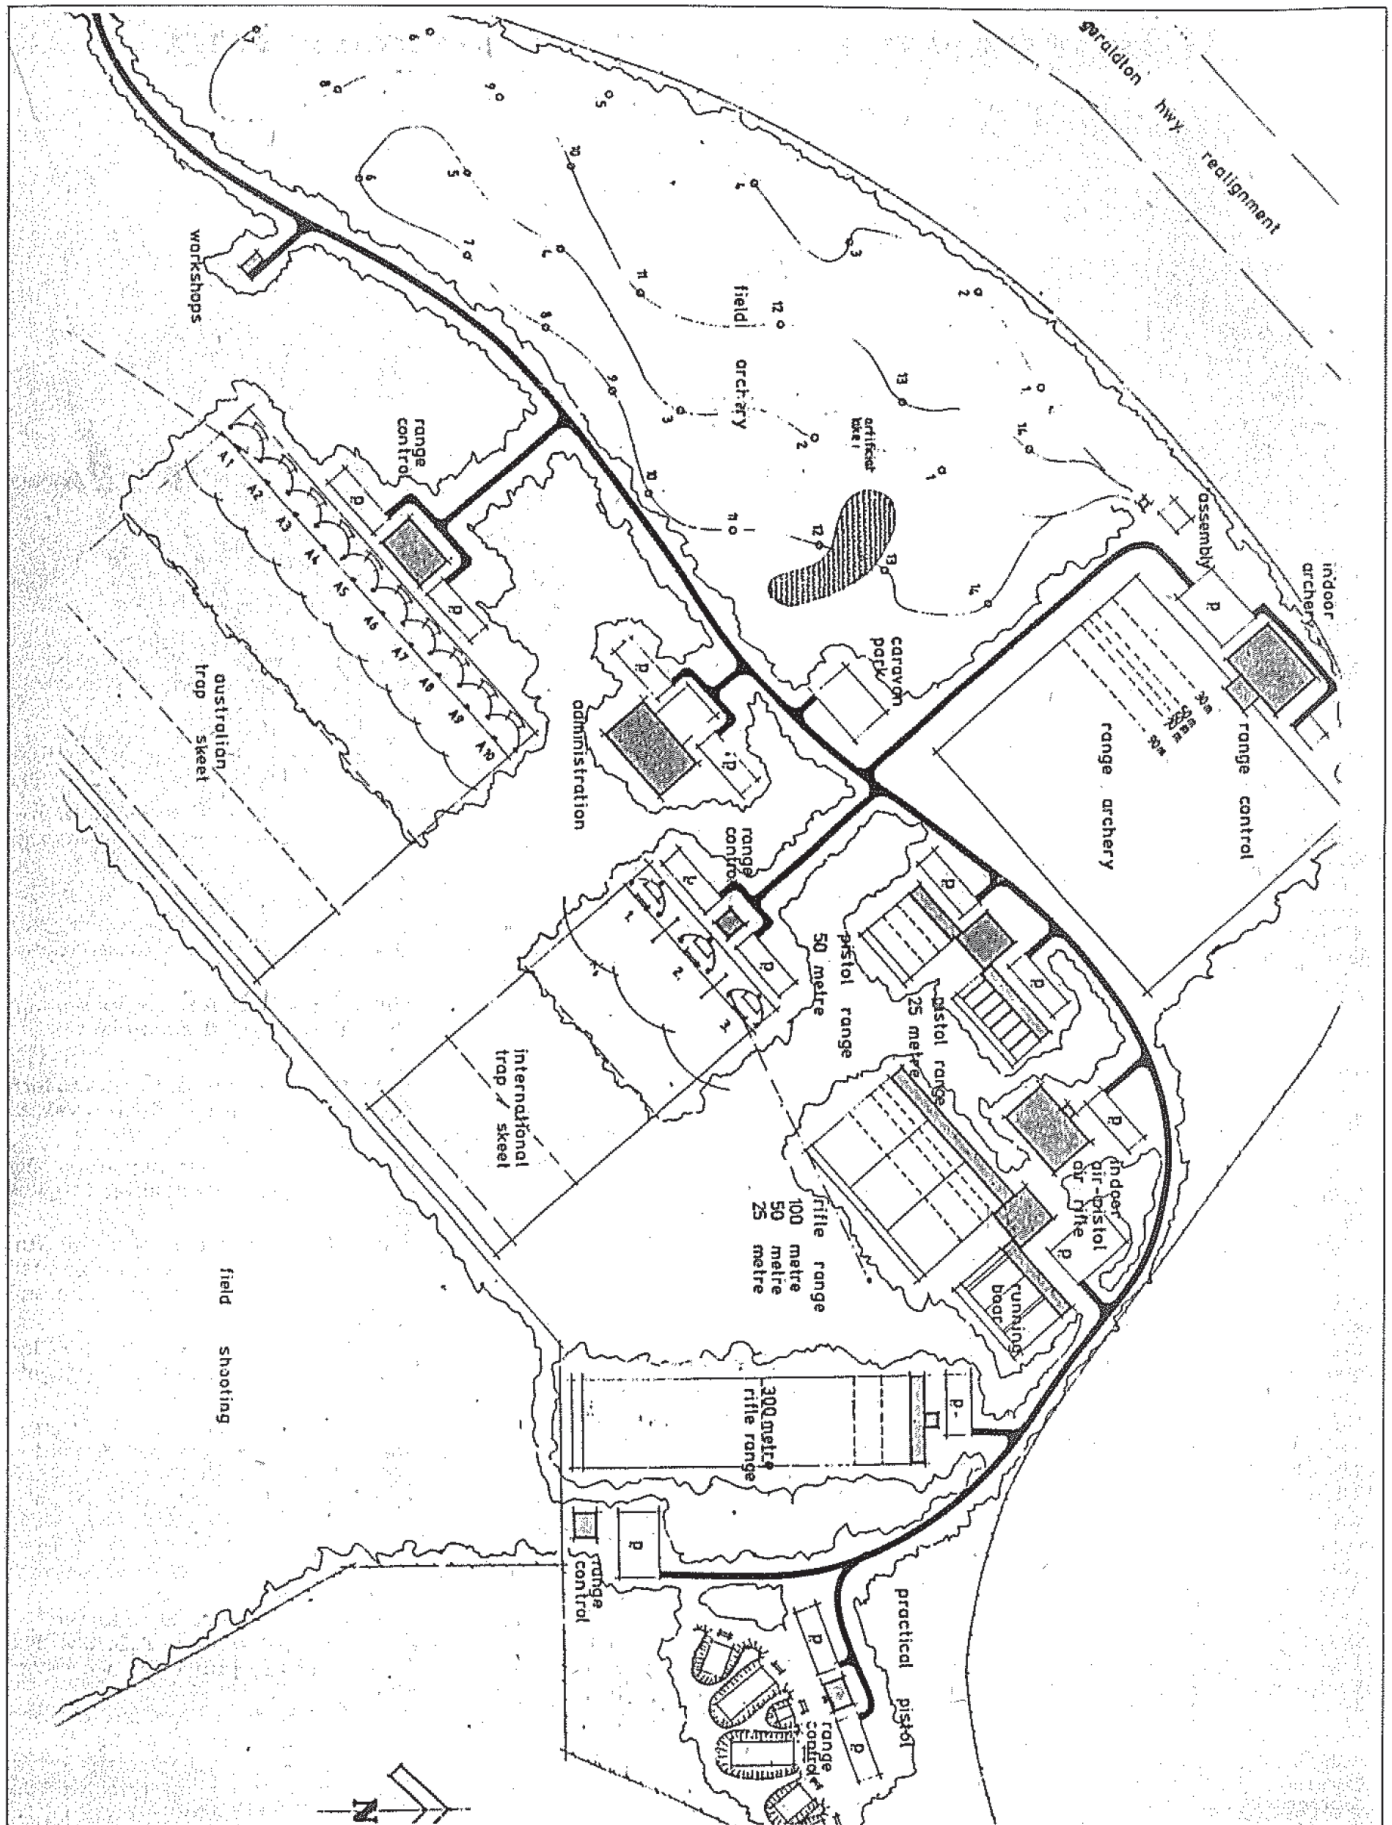

Designed as a public area Whiteman Park will be used extensively by individuals and family groups.

With Perth located only a mere 15 kilometres or 20 minutes away from Whiteman Park visitors will be provided with the best possible facilities for competing and holidaying available.

• Whitman Park, October 22, 1984, prior to clearing.

# HISTORY OF OUR SPORT IN WORDS AND PICTURES

**George Biggs**

A Committee meeting of the Nobel Clay Bird Club on May 10, 1930 instructed the Secretary to write to Mr Guthrie, to get his permission for the Club to promote the first Commonwealth Clay Bird Championship, on the Nobel Club ground at West Footscray.

In a letter to the Club re the above, Mr Guthrie stated he had no hesitation in granting permission for the Championship to be held. At a later date the Gun Clubs Association also agreed to the request and advised the Club accordingly.

Saturday October 24, 1931 was set down for the event — conditions were stipulated as follows: 21 birds from 20 yards 3 misses retire conditionally. Nominations and sweeps 25 shillings, 20 20 shillings, and gold medal. Winner to take 60%, second 30%, third 10%, after the club deducting 10%.

Cartridges would be available at 4/6 and 5/- per 25 and clay targets at 10 for 1/6.

Starting time for the Championship would be 2 p.m., practice would be available from 11 a.m. 500 dodgers would be distributed and if possible a canteen should be available on the ground for the shooters and visitors.

A further Committee meeting just prior to the Championship decided that events shot prior to the Championship be shot from 22 yards and that birds be at the rate of 5 for one shilling. It was also decided that the Commonwealth Clay Bird Championship be shot from the centre track only.

Following the success of the Commonwealth Championship the stage was set for a series of Club, State and Commonwealth events. Nobel Club applied to the Gun Clubs Association for permission to stage the 1932 Commonwealth Single Barrel and State Single Barrel Championships. A suggestion was also put up for consideration that all trapshooting be restricted to 2½" x 1 1/8.2 cartridges.

It was also decided that the Championships allotted to the Club by the Gun Clubs Association for 1933 be conducted on the following dates:

July 1 — Victorian Single Barrel  
August 12 — Victorian Skeet Championship  
September 23 — Commonwealth Skeet Championship  
October 24 — Commonwealth Clay Bird Championship

The following conditions would apply:  
Victorian Single Barrel: 15 bird from 18 yards nominations 10/- (\$1) including birds.  
Victorian Skeet: 14 birds nomination 10/- (\$1)  
Commonwealth Skeet: 21 birds nomination 25/- (\$2.50)  
Commonwealth Clay Bird: 21 birds from 20 yards nom. 25/- (\$2.50) including birds (cup value 3 pounds, 3 shillings (\$6.30) or trophy and cash prize).

● Townsville Gun Club team. Australian Club Teams Championship pennant winners 1950 Nationals, Australian Gun Club. Left to right Newton Thomas, Keith Cameron, Jim Smith, Joe Raleigh. (Note the side by side double barrel guns.)

A condition of the Skeet Championship was that there be no restriction on where the birds were "shot" (I've been unable to work this one out).

A Club Committee meeting on July 31, 1933 agreed that the Club should provide an attractive program for the forthcoming Centenary celebrations. It was agreed the program should include the Southern Hemisphere Clay Bird Championship and a 100 pound handicap event.

● 1953 Grand Australia Handicap winner Jack Blake (Tas), receives his trophy from President "Jock" Wilson, assisted by Bill Rainbird (Tas) holding the cup, score 49/50 Harry Cox from Hay in the background.

Because clay target shooting was controlled by a live bird shooting Association in the early days, it was natural to expect that shooting rules and conditions for Championships be similar. However, it soon became obvious that live bird rules were not suitable for the clay target shooter. Championships for instance could not be such that after three misses you would retire. A more suitable handicapping system would also be needed. Also can you figure out how they would shoot 14 birds at skeet?

From 1927 through 1929, clay target clubs resisted

increasing pressure from the Gun Club Association to affiliate with them, and become registered shooters. It also became clear that unaffiliated clubs could not conduct official State and Commonwealth Championships that were controlled and allocated by the G.C.A.

At the Annual General Meeting of the Club held September 25, 1929, it was moved and seconded that the Nobel Clay Bird Club affiliate with the Gun Clubs Association of Victoria.

Mr Shilling moved as an amendment, that the Nobel Clay Bird Club try to get some agreement with the G.C.A. of Vic. without actually affiliating. Mr. Sainsbury seconded the amendment.

• Well-known top Narrandera shooter Bob Bushby receives his team member cup, while Bill McCullough looks on. The occasion is Nationals shoot at Australian Gun Club 1953. Bob was a member of the International team on this occasion.

A great deal of discussion followed and much time was spent as most members expressed their views for and against. It became obvious that for the time being anyhow, the Nobel Clay Bird hadn't much choice. The meeting Chairman then put the amendment which was lost. The motion was then put to the meeting and carried.

Although many clay bird shooters weren't happy with the decision to affiliate, they saw it as a short-term arrangement.

Several new clubs were formed in Victoria and soon after in other States. It became obvious that clay bird clubs were outnumbering live bird clubs. New types of competition were introduced, new rules were made and applied. Overseas especially America was getting into top gear at both trap and skeet and ideas were drifting out to

• 1953 Nationals, Doug Osborne from Cobar, N.S.W. is presented with his trophy by Vice-President Bill Rainbird. I can't recall what the event was and I don't remember what the joke was but "Dougie" seems quite happy about it. Jack Tyquin on the left is holding up the verandah post.

Australia. By the year 1936 clay target shooting was almost Australia-wide. At this point it became apparent that clay target shooting would be better off by forming their own National Association. The first step was to form a Victorian body which was followed one year later by the formation of a National Association with delegates from other States as they developed.

I'm pleased to acknowledge with many thanks letters from Mr Ian Stanley Argyle of Perth, and one from Mr Nick Rogley of Warriewood, N.S.W. Extracts from both letters appear below:

Your September 1984 issue reached me yesterday, and your "Continuing History of our Sport" by George Biggs caught my attention by your reference to my grandfather, Dr Stanley Argyle at that time, in April 1935, and as Sir Stanley Argyle was Premier of Victoria.

Stanley Argyle was an enthusiastic shooter from boyhood, and in later years he was a Member of the Kew Rifle Club (he was Mayor of Kew 1900-1904). Later on, along with several others, they founded the Hawthorn Private Sparrow Shooting Club, selling the land many years later for a handsome profit.

\* \* \*

I find your articles in Clay Target Shooting News very interesting. Being an oldtimer, I started clay target shooting in 1936. I joined C.T.A. in 1937 and have maintained continuous membership. My membership number was No. 145.

\* \* \*

I'm also grateful to Frank Johnson, one of my old shooting friends, for the pictures you see here. Frank was the official photographer at the Nationals each year they were held at Burwood. So we can look forward to seeing a wealth of history and memories.

# HEADING FOR GOLD 1984 ISU NATIONAL TRAINING SQUADS AT THE A.I.S.

Geoff Mark

## MONDAY 29th OCTOBER:

We all met National Coach Peter Quire at the Edmund Barton Motel, then it was off to the Australian Institute of Sport in the bus provided for the week.

Dr Dick Telford (Director of the Institute) welcomed the Inaugural ISU Shotgunners Squad and we were conducted on a tour of the vast facilities of the Institute, by hurdler Don Wright. We were all absolutely astounded at the magnitude of the complex and the array of facilities available — a truly great training ground for future champions. Preliminaries over, it was down to business.

Sports psychologist Jeff Bond was first on the agenda. His aims are to improve mental preparation and concentration. A 198 item questionnaire, computer-designed to accurately access the psychological attitudes of competitive shooters, was completed by all. We didn't realise that Ian Hale was perfect.

## TUESDAY 30th OCTOBER:

Dr Telford (nutritionist). He didn't think we were the fittest lot of blokes he had seen especially when his spy caught us all hoeing into the cream biscuits and coffee. His main aims outlined a nutrition and fitness program to combat the stress and nervous condition suffered by most shooters in open competition. Some have already heeded his advice and now follow a diet and physical routine. It does work. It was then off to the shooting range.

Peter Quire used the Institute's visual equipment to record both front and side positions of all shooters. Later that evening we all reviewed the tapes and discussed each shooter's style and any improvements that could be made. This was felt by all to be most helpful (no Robert Redfords in this lot).

## WEDNESDAY 31st OCTOBER:

Surprise day — psychology feedback from Jeff Bond. Each shooter was given a very comprehensive written report on how to improve his mental approach and concentration. The vast wealth of information contained in these documents was a surprise to all. With our results plus a group average from other athletes (showing above-average for us which was not a surprise at all) we discovered some interesting facts about ourselves.

Jeff Bond and staff came to the range with us where they all had their first skeet and trench shots. They realised the amount of skill and dedication required to hit the targets. Their enthusiasm was refreshing and their experience with these tests will be invaluable for future training squads.

## THURSDAY 1st NOVEMBER:

Off to the range with video equipment, computers and pressure pads. Each shooter had a rigorous test. The pad graphing movement with weight placement and the video noting head movement and stock placement were excellent and of particular value to the skeet shooters.

Peter Anderson from the A.S.A. met us to discuss the value of the camp. We all agreed they are a must if we are to continue to win medals at international level and maintain our high world ranking. We all want to bring home gold in 1988 and feel these training camps are a definite step in the right direction. The support of the A.S.A. was pleasing.

## FRIDAY 2nd NOVEMBER

Early to the Institute to evaluate the previous day's results then back to the gun club for the first 100 targets, Australia Games Elimination. The first three past the post after 400 targets make up the team.

For the trenchies, a tough course set up to the 1984 Italian Grand Prix program.

Results Day 1 — Trench: R. Mark 97, G. Mark 96, G. Boyd 94, J. Ellis 91, J. Maxwell 91, T. Rumbel 88. Skeet: I. Hale 98, J. Summers 97, B. Thompson 85.

## SATURDAY 3rd NOVEMBER:

Again an early start for the final 100 targets. Trenchies had another tough course set to the last World Moving Target Championship program and Jim Ellis shot a brilliant 99 in the trench.

Final scores first round of elimination: Trench — R. Mark 191, G. Mark 190, J. Ellis 190, G. Boyd 188, J. Maxwell 186, T. Rumbel 183, J. Summers 193 + 25, I. Hale 193 + 24, B. Thompson 179.

Everyone agreed the camp was a monumental success not only for the shooters, but also for the Institute. They now have data as a gauge for future squads.

As the guinea pig squad, we have only the highest praise for the genuine interest shown by all. Although it was all work and no play, we were all keen to learn and apply what we were taught and the shooters concerned were a credit to the ACTA.

Our special thanks goes to Barry, Flip, Frank and all the members of the ACT International Gun Club for opening the club to us for the week. They never stopped working and it could not have succeeded without their help. Thanks to Steve Balough for cartridge and cup donation. It was much appreciated.

Last, but by no means least, everyone's sincere thanks to the man with the hardest job of all; National Coaching Director Peter Quire. He was always available helping each shooter individually and we have the utmost confidence in his ability. A job well done.

Footnote: Trenchies and Skeeties had a grudge match. Sorry to report Skeeties won by five targets. The rug rats put me off Ian.

P.P.S.: I must beat Russell, I must beat Russell, I must beat zzz (see what I learnt).

## TRADE TOPICS

### J.R. 12G 12 GAUGE SHOTGUN CHOKE GAUGE

This precision tool will enable you to quickly check choke sizes on any 12G shotgun.

An important feature when checking or buying a shotgun is to know what size chokes are built into the gun. Simply insert the J.R. 12G gauge into the barrel and read to closest line. C = cyl. bore. 1 =  $\frac{1}{4}$ . 2 =  $\frac{1}{2}$ . 3 =  $\frac{3}{4}$ . F = full choke. Anywhere in between lines designates more open or more full.

Always bear in mind most gun manufacturers employ various methods to obtain the desired choking effect on their guns; it is therefore important to pattern every gun to get the precise pattern percentage. However your J.R. 12G precision gauge will give you an approximate quick guide to your gun's choke size. Every serious shotgunner should have one.

Suggested retail around \$15.00.

#### SOME OTHER TECHNICAL INFORMATION

The derivation of a twelve gauge shotgun was one having a bore diameter of .729 - .730 thousandths of an inch or cylinder bore as we know it. Full choke was then designated as 40 points or forty thou tighter with all other chokes changing by approximately ten (10) thou per  $\frac{1}{4}$  choke.

The rings on the J.R. Shotgun gauge are at: Full .690 thou,  $\frac{3}{4}$  .697 thou,  $\frac{1}{2}$  .709 thou,  $\frac{1}{4}$  .721 thou, C .729 thou.

The flat surface on the gauge is ground with a high speed grinder so as not to alter the temper of the material. Also the gauge marks are engraved not stamped on the measuring surface again designed not to alter the tolerances of this precision tool and in fact take the marks below the surface of the metal.

The finished tool is blued to give a longlasting gun metal finish.

It is interesting to note that the standards by which we devise our measurements for 12 gauge were back in the days when shotgun shells were paper and used cardboard wads. It is of course possible nowadays with plastic wads to achieve a much tighter pattern through any given choke.

**NEW PRODUCT** — Ray Mack Sporting Agencies, Sole Australian Distributor:

### BERETTA WINS AT LOS ANGELES

Beretta shotguns were involved in three medal-winning performances at the XXIIIrd Olympic Games in Los Angeles.

Luciano Giovannetta (Italy) won the Olympic Trap Gold Medal using a Beretta SO4 trap gun.

In skeet, the Silver medallist Ole Ribe Rasmussen (Denmark) used a Beretta S680 skeet gun, as did the Bronze medallist Luca Scribani Rossi (Italy).

These victories continue the successes.

1956 Melbourne Gold (Rossini)  
1960 Rome Silver (Rossini)  
1972 Munich Gold, Bronze (Scalzone, Basagni)  
1976 Montreal Bronze (Baldi)  
1980 Moscow Gold (Giovannetti)  
1984 Los Angeles Gold, Silver, Bronze (Giovannetti, Rasmussen, Scribani-Rossi)

# WINCHESTER GOLD AT SECOND ASIAN CLAY PIGEON CHAMPIONSHIPS

Winchester Australia's international stocks rose sharply in October this year, all the gold medals for both individual and team events at the Second Asian Clay Pigeon Championships went to shooters using Australian-made Winchester target ammunition.

The scene was set for a great success by Winchester who were the official sponsors of the Championships. Ken Lowry was there to ensure that all went well for the competitors using Australian-made Winchester Ammunition. And of course to make the formal presentation to the successful competitors. Ken, never slow to become involved, brought back a gold medal for himself. He successfully took out the special invitation event with a personal best score 193/200 and in doing so, beat past Olympic and World Champion Ennio Mattarelli.

Silver medallist in the guest invitation event, past Olympic and World Champion — Ennio Mattarelli.

Competing for the honours were teams from 13 Asian nations, China, Hong Kong, Indonesia, Japan, DPR Korea, Kuwait, Malaysia, Pakistan, Philippines, Saudi Arabia, Singapore, Syria and Taipei.

● Ken Lowry presenting the Winchester Diamond Grade Skeet gun to the individual Skeet Winner — Isamu Aoki.

## JAPANESE HAT TRICK

All smiles was the only way to describe the Japanese team. The Gold Medal in the Trap Team Event, Gold Medal in the Skeet Team Event, and the Individual Gold for Skeet. In the process of snatching the Trap Team honours they broke the Asian record — of course they used Australian-made Winchester Ammunition.

## TSAI PAI SHENG's S\$22,000 BONUS

Tsai Pai Sheng won for Taiwan their first international gold medal in twenty years and added an Asian record in the process. His 194/200 in the Individual Olympic Trap erased the previous 10 year old Asian mark of 192/200 set by Japan's Aso Taro.

● Ennio Mattarelli.

The bonus was part of his country's incentive programme for which he received S\$11,000 for the gold medal and S\$11,000 for breaking the Asian record. This was in addition to the Winchester Grand European Trap Gun.

## OFFICIAL RESULTS

			Score
<b>Individual Skeet</b>	1. Isamu Aoki	Japan	192/200
	2. La Sang Uk	DPR Korea	191/200 & 25/25
	3. Tsai Pai Sheng	Taiwan	191/200 & 24/25
<b>Team Skeet</b>	1. Japan		426/450
	2. Syria		424/450
	3. Taiwan		401/450
<b>Individual Trap</b>	1. Tsai Pai Sheng	Taiwan	194/200 Asian Record
	2. Zhao Guisheng	China	190/200 & 24/25
	3. Toshiyuki Yamane	Japan	190/200 & 23/25
<b>Team Trap</b>	1. Japan		423/450 Asian Record
	2. Taiwan		422/450
	3. China		415/450

## ADDITIONAL BONUS FOR WINCHESTER AUSTRALIA

For many of the competing countries the Second Asian Championships was their first encounter with Australian-made Winchester product. With many records being broken and a clean sweep of the gold medals going to shooters using Winchester Ammunition, the Australian-made product is destined for further international fame and recognition.

# NEW SOUTH WALES CLAY TARGET ASSOCIATION STATE TRAP CARNIVAL — COBAR

With a forecast of fine and clear conditions, all roads led to Cobar for the State Trap Carnival held on 29th/30th September and 1st October.

Neil ("Frosty") Singleton and his hardworking Committee had everything ready for the 147 shooters who turned out on Saturday for the first events. Shooters had to contend with gusty winds on the first day.

The first event was a 30 target Double Barrel E/O. F. Twarloh, Peter Srbnovski, Col Burt, Victor Burgess, Vic Flower, Warren Charlton, A.M. Burgess, Greg Hipwell, Ian Evans and Alex Youman all returned 30/30.

• N.S.W. State Trap Carnival, L. to R.: Mary Lou Parker ladies high gun, Jim Smith overall high gun and champion of champions, Guy Evans junior high gun.

The first championship of the weekend was the State Double Barrel Championship. Winchester Australia sponsored the overall and junior trophies. Five shooters recorded possibles. After the shoot-off, with a score of 122/122, John Blain was awarded overall; 1st in "AA" grade went to Alan Cramp with 121/122, from Peter Srbnovski on 91/92. Lyal Scott's 69/70 earned him 1st in "A" grade, from Rob Taylor with 64/66. Peter Holmes on 49/50 took out 1st in "B" grade. 1st and 2nd in "C" grade went to Grant Ellis and Neville Clancy with 46/50 and 49/54 respectively. The Ladies trophy went to Mary-Lou Parker on 44/50, Juniors to Michael Diamond with 48/50 and the Veterans to Arthur Turner in 45/50.

Sunday morning conditions were much calmer, and a little warmer, and numbers increased to 154.

Rob and Mary-Lou Parker's "Edgewood Park" donated the overall trophy for the State Point Score Championship and this went to the only shooter able to record a possible 150/150, Arthur Turner (Jnr), close behind on 144/150 was J.W. Smith who was awarded 1st in "AA" grade, from Terry Budd on 148/150. Warren shooter Jim Hunter recorded 147/150 to take 1st in "A" grade, from Ken Walton on 154/159. A 145/150 from Peter Holmes earned him 1st in "B" grade from Jack M. Barker on 155/162. Junior shooter Andrew Pendlebury returned 144/150 to win 1st in "C" grade, and the junior division; 2nd in "C" grade went to Neville Clancy with 137/150. Mary-Lou Parker was again successful in the Ladies Division with a score of 143/150, and the Veterans section went to Arthur Turner with 134/150.

AUSTRALIAN CLAY TARGET NEWS — DECEMBER 1984

• N.S.W. 1984 State Junior Team.

This year, for the first time, Southern Zone President Robby Smith and his wife Pam donated a perpetual trophy, in the form of a silver cup, for the State Single Barrel Championship. The first name to be engraved on it will be A.M. (Pud) Burgess and his score of 59/61. John Curran's score of 58/61 saw him receive the trophy for 1st "AA" grade, Doug Osborne took out 2nd "AA" with 50/52. Peter Hayman from Sunny Corner won 1st "A" grade with 50/52, from Ron Jenkins on 48/50. Jack M. Barker from Upper Hunter Club was awarded 1st in "B" grade with 47/50 from Don McMillan on 46/50. The "C" grade trophies went to Grant Ellis and Peter Pontello. Mary-Lou Parker kept on her winning way with 42/50 to win the Ladies trophy. A 45/50 from Guy Evans gave him the Junior division, and the veterans trophy went to Arthur Turner.

With the conclusion of the Single Barrel event, the 15-man State Team could be finalised. Three shooters, namely Kevin Walton, Bill Jones and Hank Theunissen, had to shoot off to fill the one remaining position.

The N.S.W. State Trap Team for 1984 is: Arthur Turner (Jnr), Terry Budd, J.W. Smith, Doug Osborne, John Blain, John Farrell, Peter Hayman, Peter Holmes, Peter Srbnovski, Dick Piotrowski, Andrew Futter, Jack M. Barker, John Curran, Jim Hunter and Hank Theunissen.

The six-person Ladies State Team is: Mary-Lou Parker, Lorraine Jenkins, Alice Harrison, Judy Barton, Margaret McMillan and Ann Wyatt.

The Junior State Team comprises: Michael Diamond, Ray Hammond, Guy Evans, Glen Evans, Craig Tilley and Simon Bolte.

The Denis Hunt Trophy for Inter-Zone competition was won by the Western Zone Team, from the Northern Zone a close 2nd.

With the introduction of Zone Ladies and Junior Teams this year, two new trophies were presented for the first time. The Junior Zone Team trophy was donated by

• Cont'd on page 22

## N.S.W.C.T.A. State Trap Carnival

### ● Cont'd from page 21

"Edgewood Park" and was won by the Riverina Zone team of Andrew Pendlebury, Glen Evans and Patrick Pendlebury. Jenny Etheridge donated the Ladies Team trophy, and it was won by the Northern Zone Team of Judy Barton, Ann Wyatt and Alice Harrison.

As Sunday drew to a close, and the presentation of the completed events trophies, everyone prepared for the annual dinner function. The Empire Hotel was the venue and the meal was superb. All that can be said is an enjoyable evening was had by all.

Overcast conditions greeted the Team members as they lined up for photos and badge presentations on Monday morning. After the "formalities" the three teams took to the tracks, the Open team to shoot 50 targets Point Score, and the Ladies and Juniors 25 targets Point Score. A fine score of 148/150 from Doug Osborne from Cobar saw him receive the State Team High Gun sash and trophy. High Gun of the Ladies Team went to Mary-Lou Parker with 69/75, and Craig Tilley's excellent score of 73/75 saw him awarded the Junior Team High Gun Trophy and sash for the second year.

The five-man Shoulder-to-Shoulder Team to represent N.S.W. at the Perth Nationals is: Doug Osborne (Cobar), Peter Sribnovski (Illawarra), Jack M. Barker (Upper Hunter), Andrew Futter (Glen Innes) and Hank Theunissen (N.S.W.). The reserves in qualifying order are: Arthur Turner (Jnr), John Blain, Dick Piotrowski, Jim Hunter, Terry Budd, Peter Hayman, Peter Holmes, J.W. Smith, John Curran and John Farrell.

### ● 1984 N.S.W. State Trap Team.

● The Ladies Trap Team, N.S.W. State Carnival, Cobar.

After the completion of team photos the N.S.W. State Champion of Champions got underway. The event was shot off 18m and appeared to cause some problems for most shooters.

The sponsor of the overall trophy, Sergio Zuffo from Olympic Targets, was on hand to present the trophy to J.W. Smith who recorded a score of 121/125. Hank Theunissen's score of 128/135 earned him 1st "AA" grade from Barry Kable on 125/135. Rob Taylor received the trophy for 1st "A" grade from Victor Burgess on 115/125. Greg Betts recorded 112/125 to be awarded 1st in "B" grade from R. Dawson on 110/125. Mark Fitzalan recorded 101/125 to fill 1st place in "C" grade from Michael Jackson on 97/125. Michael was attending only his second shoot — certainly a great effort. The Ladies Trophy went to Lorraine Jenkins on 100/135, Guy Evans took out the Junior Division with 107/125, and the score of 99/125 earned Arthur Turner the veterans trophy.

Local shooter Doug Osborne donated a trophy to the State Carnival, to be awarded at the discretion of the Executive. It was decided to present it to the Junior with the highest break. A 50 break by Andrew Pendlebury earned him the trophy.

The Overall High Gun sash and trophy went to J.W. (Jim) Smith with the excellent score of 392/405. The Ladies High Gun was won by Mary-Lou Parker with 342/405. Guy Evans was awarded the Junior High Gun with 339/405 and Arthur Turner took out the Veterans High Gun.

With presentations completed, shooters started to move off on the road home. The carnival was once again a great success — with all zones getting into the spirit with their "colours" displayed around the grounds — Joan Scott's green and yellow coconut ice was a great talking point.

The 1985 State Trap Carnival will be staged at Tamworth over 5th, 6th, 7th October; and with a meeting having taken place earlier in the year between Gunnedah/Boggabri Club and a delegation from Tamworth, where a mutual agreement was made by Gunnedah that they would stage their "Gum Tree" shoot on 7th/8th September; both carnivals should be even more of a success than they have been in the past. Keep both dates free. ●

Jenny Etheridge  
Northern Zone Secretary

## REPORT ON LEVEL 2 COACHING COURSE — COWRA GUN CLUB 22nd AND 23rd SEPTEMBER, 1984

● Photographed at the Cowra weekend, L. to R. at back: Andrew Raedever, Dick Kiss, Noel Dwight, Jim Scott, Kevin Constable, Peter Quire, Pud Burgess, Col Burt, Roy Shepherd. Front row: Chris Davis, Barney Rooke, Robbie Smith, and Bryce Wilson.

### Barney Rooke, State Coaching Director

The final evaluation of the N.S.W. Coaches that have been studying the Level 2 course over the last 12 months was brought to a conclusion at Cowra Gun Club on the 22nd and 23rd September.

That our sport of Clay Target shooting has taken a big step forward in N.S.W. is due to a small group of dedicated shooters whose efforts, expense and time in gaining knowledge to help others is remarkable.

We have waited many years for a group of coaches such as these to teach in the higher levels. The work involved to attain Level 2 is not easy and required two live-in weekends, countless hours of study, 12 months of continuing assessment. That everyone that started the course had the ability and courage to see it through to a very successful climax is a fact that I am proud of. N.S.W. shooters must gain great benefits in having coaches that are able to pass on knowledge in the higher levels.

We have three other coaches that only have to complete their final project and I am sure that they will also pass level 2. Of the three Dick Toshack suffered a heart attack just prior to the weekend and was not able to attend. We wish him a speedy and complete recovery.

I would also like to thank the N.S.W. Department of Sports and Leisure for their contribution and Blue Dot Targets who donated all the targets used at the Cowra weekend.

# SOMETHING DIFFERENT

Bev Grice

"SOMETHING DIFFERENT" — that's how the Scrubby Creek Gun Club advertised — and that's how the shoot was — Different — but GREAT.

I accepted the invitation to attend Scrubby Creek's first two-day Annual Shoot, particularly when Bill and Jenny Nioa offered to drive me out in the Rolls Royce — now that's different for a start; who would imagine going to Scrubby Creek in a roller?

For those that aren't aware, Scrubby Creek recreation club is situated 90 miles from the nearest town, Tambo or Charleville. The club has two tennis courts, a three-hole golf course and having seen the fairway I believe Australia's top golfers should practise there, swimming in the creek (when there's water) and of course two trap layouts.

• Bev Grice arrives at Scrubby Creek in the "roller", Bill Nioa assisting.

The members of this club have the greatest sense of humour, as the signs around the club show, for instance **RULES FOR SWIMMING:**

Enjoy your dip in the Scrubby pool  
Please do not be a fool  
For jagged rocks that do not show  
May lie in wait for you below.

The one I liked was the rules for shooting on layout No. 2:

**THOU THAT TRY TO SHOOT HERE MUST**

1. Thou that hits marker must shout for the bar.
2. At all times must be level and not leaning.
3. No barky trees.
4. All birds legal.
5. Guns must not be thrown after breeders.
6. Don't at any time move off markers.
7. Serious events will be taken seriously.
8. Short shooters — no complainie.
9. Spots on tree — not targets.
10. ??? open for suggestions.

All persons unsatisfied see Mr. Bredhauer.

I didn't see it but was told about the sign that warned of the Redbacks that jump 50 feet.

**The BAR:** Well this place was very well patronised, it had COLD BEER all weekend, and for a rum dispenser, how about a sheep drenching gun and bag sound, definitely different — but efficient.

If there had been soda water at the Bar on Saturday, I'm certain I would have felt much better on Sunday morning, and I probably wouldn't have been on my own either — however a most pleasant place and like all clubs that's where the best scores are recorded.

**The CATERING:** One word to describe this — SUPERB — the ladies had food available the whole weekend — good country cooking — when you think about it, this was a mammoth task — not knowing how many to cater for and not having a shop within a few miles for a backup of the things forgotten. I take my hat off to you ladies — a superb job.

**The ACCOMMODATION:** Well there were some tents and vans and for those that weren't set up the members took the shooters home where beds were available, now that's good country hospitality.

**The TRAPPERS:** The two boys David Brassington and Michael Russell came from Tambo. These boys did a marvellous job, in fact Bill Turner from Goondiwindi wanted to take them home and breed from them to produce more like them. Congratulations boys, a job well done.

**The TROPHIES:** The range of trophies was excellent, and I just loved the LOW GUN PERPETUAL TROPHY. This trophy stood in pride of place on the table — what was it? — a full-size toilet bowl — with past winners proudly inscribed on the lid. The lucky winner who this year was JIM MAHONEY from CHARLEVILLE also receives a small china replica to keep.

• Layout No. 2, note the "rules" tacked onto the tree.

**The TRAPS:** Layout No. 1 was a typical trap layout but No. 2, now that was different — I came to the conclusion that the locals must be tree conservationists — even dead ones — because they didn't spoil the natural environment just to put a trap layout in. The expression on the shooters' faces who saw it for the first time was worth the trip out there alone, but it was fun. I believe the committee did alter the local rules slightly for this shoot, however all the shooters present were well entertained on that layout all weekend.

**The COMMITTEE:** Well I have to hand it to you fellows, it was a big undertaking considering your geographical position, but it was certainly a credit to you all. Russell Lindley and his helpers in the office did a grand job, even managed to obtain a missing card, which he then promptly displayed prominently for the weekend. He also knows how to fill cards in — it's the first time I've had my condition recorded, as well as my scores.

**THE SHOOT RESULTS:**

**Event 1 — The SCRUBBY CREEK D.B. C'SHIP** was won after a fine shoot-off of two targets by George Johnson of Tambo. He also got the Agr badge. I was lucky to manage second place and C grade with C. Haig of Cunnamulla third and B grade after a shoot-off, his score 27/28.

**Event 2 — THE SCRUB GULLY S.B. C'SHIP** was aptly won by Mark Doyle of Scrubby with a score of 30/30. Kev Harlow of Blackall came second after a shoot-off with Don Turnbull of Scrubby, their scores 43/45 and 42/45.

**Event 3 — THE PRESIDENT'S TROPHY 25T PTS HANDICAP** was won by Cliff Reid of Roma with a score of 74/75 with local shooter Brad Marks getting second place with 73/75. G. Haig of Cunnamulla came third with 75/78.

AUSTRALIAN CLAY TARGET NEWS — DECEMBER 1984

• The "low gun" trophy.

**Event 4 — 10 Pr DOUBLE RISE.** This was won also after a shoot-off by Bill Turner of Goondiwindi with a score of 26/30 with G. Haig of Cunnamulla coming second with 25/30 and Don Turnbull of Scrubby getting third place with a score of 24/30.

**SUNDAY — Event 5 — 10 Pr DEAUVILLE DOUBLES.** Following a shoot-off, J. Webber and Kev Harlow of Blackall emerged the winners with a score of 18/18 with Tom Jarvis and myself getting second place with a score of 22/23 after a shoot-off with Cliff Reid and Slippery Jarvis who got third. I was very relieved when these guys dropped their target, because I was not well, and was getting dizzy from walking in that circle.

**Event 6 — 20 TARGET CONTINENTAL IN THE CREEK.** Seven shot 19/20 and lined up for the shoot-off, Marlene Jarvis emerged the winner. Marlene comes from Tambo — her score was 28/29, followed by C. Reid of Roma on 27/29. Marlene also got the C grade with Cliff getting the A grade. Third place went to Barry Pearce of Dalby and B grade went to J. Webber of Blackall 19/20.

**Event 7 — THE SCRUBBY '1000'.** The overall winner was N. Palmer and G. Haig with 39/40. The 38/40 scorers also received some cash — B. McPaul, J. Webber, M. Doyle, G. Manns, R. Clark plus there were divisional winners.

**HIGH GUN OVERALL** went to G. Haig of Cunnamulla; Inter High Gun to M. Dennis of Chinchilla, Front Marker to G. Manns of Scrubby, Ladies to myself. **LOW GUN** to JIM MAHONEY OF CHARLEVILLE.

The shoot was finalised with a Bar-B-Q on Sunday night. The steaks were so big that two of the Charleville boys looked like they had handlebars at the sides of their head when they were eating; I won't mention names.

What a weekend — I can certainly recommend any shooters to attend next year.

Different it may be — fun it certainly was — and they tell me all roads out that way lead to Scrubby Creek, so I shall certainly be trying to get there again next year. See you in Scrubby Creek in 1985.

## WERRIBEE GUN CLUB (NOVICE COACHING DAY)

On Sunday the 23rd September the Werribee Gun Club hosted one of the most successful coaching days on Firearm Safety Awareness and Gun Handling that has possibly been held in the State of Victoria.

Ninety people attended the clubrooms of the Werribee Gun Club to listen to people of the calibre of Ken Lowry from Winchester Australia who lectured on "Gun Safety and Handling", Brian Mark who explained "How to shoot a moving target" and last but not least that well-known shooting identity and ex-State Coach, George Biggs, who spoke on "Correct Gun Choice and Gun Fit". These three gentlemen between them have a wealth of experience and I feel sure that all who attended, whether novice or experienced in the art of Trap Shooting, would have learnt something from this trio.

After the lecture and video film segment of the programme, all in attendance were invited to move out to the shooting grounds for practical coaching over the traps, under the guidance of Ken and Ray Lowry who concentrated on the junior and novice participants and Brian Mark who helped iron out some of the problems the more experienced shooters were experiencing.

All shooters were recorded on video by George Biggs who later replayed the video and explained to the various shooters their respective faults.

The day was a huge success and we thank those club members who attended and operated the traps, etc.

The Werribee Gun Club would like to thank Ken Lowry, Brian Mark and George Biggs for their fine contribution, and further state that if just one person learnt enough about safe firearm handling so as to prevent an accident from happening, then we as a club will have achieved our aim.

**Ron Clark**  
Senior Vice President  
Werribee Gun Club

## REFEREE'S ASSOCIATION — RULE INTERPRETATION

It has become the practice at some clubs to shoot handicap events under the point score system, thereby lessening the likelihood of shooters being penalised for winning or running second in a handicap event.

As an example, a 25 target handicap event shot points score, the winner shoots 74/75, second place getter 73/75. Club Management decides that neither shooter has shot the possible so they are not penalised a metre. This is incorrect.

In a handicap event whether it be points score or double barrel, broken targets are to count in terms of whether or not the possible was shot, as is the case with the recording of targets shot in common mark events for grading purpose.

### TRADE PRACTICES ACT

The attention of advertisers is drawn to the Trade Practices Act 1974 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. reserves the right to refuse any advertisement without stating the reason.

# ACOBAR 'TAIL' OR HOW A NON-FEATHERED BIRD LOST HIS SHORTS

by David Wallace

Saturday morning, early, and seven Griffith shooters met at Secretary's pad to set out for Cobar and the NSW CTA Down the Line Carnival. A sleepy but uneventful trip through Hillston and Mt. Hope to Cobar, four hours and 220 miles (sorry 350 km) later to the Gun Club.

Frosty and his committee had the place looking A-OK — No. 1 and after a cup of coffee to relieve the travel-weariness we joined Albert Povey's queue to have cards checked, then out to the office to enter the Double Barrel event.

Now that was a disaster, that was — the less said about yours truly's shooting, the better — and I can see now why the crows fly backwards out there. It's to keep the dust from Mr Zuff's concrete clays out of their eyes!!

The rest of Saturday was spent socialising and a little sightseeing — that didn't take very long, but the Mining Museum was well worth the time spent there.

Saturday night was the annual meeting of NSW CTA and then out for a late meal of chiko rolls and sausage sandwiches with mate Mark. We QUIETLY CREPT (... oh, yeah??) — Ed.) into our tents so as not to disturb the others at about 11 pm. After a frosty night we awoke to a glorious Sunday morning, with no wind — certainly a big improvement on Saturday's gale!

After a long sleep-in till 7.30 am (don't laugh, for a "cocky" that IS a long sleep-in) went out to exchange hello's with the other tent dwellers and to watch Ian Evans slow boil the billy and make toast for breakfast.

About then Shoot Marshal Len and his mate Big Jim Scott drove up and after the usual "G'days" I sez, "Have a cider, Len" and waved the heart-starter I was consuming at him. Being of a disbelieving nature his comment was, "Cider be B-! If you're drinking cider I'll walk backwards and drop the tweeds."

Now shooters, I ask you, was this too good a chance to miss or not? So I sez, "Come and have a look at this, Len" and the expression on his face when he read the label on my Old Vat Cider stubby was a picture to behold. However, as well as being an efficient shoot marshal, Len is also a pretty good sport and honoured his comment about backwards walking etc.

It was a good shooting weekend with a bonzer lot of blokes and I hope you all enjoyed it as much as I did.

See you round the traps.

• All for the love of a cider. Dave Wallace congratulates Shoot Marshal Len Bird after his "epic" early morning walk in search of breakfast cider.

## EVERY PICTURE TELLS A STORY

The two tearful characters on the end of their "Shooters Crying Towel" are Steve Guest of Leeton and Jeff Pagett, Griffith.

Why the sorrow?

Well Steve Guest turned up at Leeton's August shoot, full of cheek as usual, and settled into a 184 target shoot-off with John Blain, Narrandera. "Guesty" lost.

Not so bad I suppose, but he lost because of multiple malfunctions from WET CARTRIDGES! No. 4 duck loads, we presume, from the bottom of his boat!

And Jeff Pagett? The following week he arrived at the Riverina Zone Trap Teams Elimination shoot at Griffith. "I've lost my card," he said. "I'll just shoot 'Targets Only' for a bit of fun."

He had missed the double barrel event and went out cold to shoot the 25 target point score. The rest is history. With only two 75's on the board, "Padge" brought in the possible.

There were 50 shooters — and he had nominated T/O!

The final straw for both came when they started commiserating with each other, could only borrow ONE crying towel and had to SHARE it — hence the picture!

Bernice Britain  
Publicity Officer  
Griffith Clay Target Club

# \$1200 OF METABO PRIZES AT THE 1984 GUMTREE

• The winner of the 1984 Gum Tree Championship, Bob Wilson from Newcastle.

Metabo Power Tool of Australia supplied \$1200 worth of power tools for the 18th Annual Eastern States Gumtree. This donation is received by the club with sincere thanks and much interest from the shooters adding to the competition. The Gumtree was again held on the banks of the Mamoi River at Boggabri N.S.W. This is a two-day event and 187 shooters were registered.

Competition was keen despite difficult conditions on Saturday. Cold and gusty winds handicapped the shooters. However Sunday was calmer and a clear round was scored by B. Wilson, Newcastle Club. 1984 was Bob's year. He

• Chris Cookson and Murray Roberts from Akarm Tool and Farm Equipment Dubbo, presenting local shooter Lindsay Findlay, winner of "C" Grade High Gun, with his Metabo trophy.

• Bob Wilson being congratulated by the Secretary of the Boggabri-Gunnedah Gun Club, Marie Lyne.

took out the overall Gumtree Event. However he had to shoot off with K. Cummins.

After being runner-up for the past years and having his speech always at the ready he was almost speechless with success. Bob also claimed the A Grade High Gun with 133/150 and the coveted Duck High Gun 36/42 and received a beautifully mounted pair of pheasants for the trophy.

Last year's winner R. Davis, Gulgong Club, claimed the Overall High Gun 137/150, A Grade Championship Metabo trophy, and 2nd Overall Trophy event.

The Winchester trophies were won by A. Devine and R. Vidal. The McDonald Memorial Junior High Gun was /received by B. Trammel 96/150.

On the social side of the proceedings, a courtesy bus carried shooters and guests to the Wild Duck Smorgasbord at the Boggabri Servicemen's Club and this was followed by dancing. The weekend was once again a social success and a triumph for some and a challenge for other shooters.

See you all again at the 1985 Eastern States Gumtree on the 5th and 6th October, once again sponsored by Metabo Tool Australia.

Thinking tools shooters? Thing Metabo. ○

## VALE

Richard Davis ("Rick") Graham passed away 17th October 1984. Rick, a local grazier until his retirement, was a foundation member of the Warwick Gun Club when it was re-formed after World War 2. He became Patron in 1960 and was made a life member in 1962.

Rick, quiet and unassuming, was one of nature's gentlemen and will be sadly missed by all club members. He was a natural shot, and a very staunch supporter of the club since its inception.

The club extends their deepest sympathy to his wife Tanya and family.

# GREG HOLLY WINS BECKER MEMORIAL SHOOT

• L. to R.: Tim Catling, Greg Holly, Graeme Risebrough.

The fifth annual shoot for the Phillip Becker Memorial Cup was conducted at the Wagin Clay Target Club last Sunday, October 7.

Thirty-six shooters turned out despite the gusty conditions and occasional showers of rain to challenge for the Perpetual Cup.

The day's shooting was divided into three events — a double barrel cash graded event, the 50 double barrel P.B.M. Cup, and the 25 single barrel zone championship.

The first 'warm up' event was won by 'A' grade shooter Darryl Wiese with a perfect 25/25. Three shooters tied for second with 24/25 — Helen Wiese, Greg Holley and G. Featherstone. These results put some pressure on the rest of the field as the competition warmed up. 'B' grade winner was B. Kowald with a possible, 25/25. G. Smith was second with 24, and three shooters R. Kowald, G. Riseborough and R. Eckersley tied for third with 23. 'C' graders kept pressure on the 'big guns' too, with Lindsay Potts winning with 23/25 from Nola George on 22/25 and Frank Pederick 21/25.

Second, and main event of the day, the Phillip Becker Memorial Cup, was shot under slightly improved weather conditions, over 50 double barrel targets.

Four shooters shot a 48/50, and then had to withstand the pressure of a shoot off to take home the cup. Graeme Riseborough, Greg Holley, Scottie Gibson and Max Cubic were called to the pad. Scottie and Max dropped targets, while Graeme and Greg continued to score. After thirteen targets Graeme finally faulted to leave Greg Holley the eventual winner. Congratulations, Greg.

Along with the sash, cup and trophy, Greg also won the 'A' grade trophy. Second place in 'A' grade went to Max Cubic. 'B' grade winner was Graeme Riseborough (some consolation for missing out on the Cup!) with Scottie Gibson second. 'C' grade winner was Kevin Marley shooting a 42/50. S. Herbert won second prize after a shoot off with E. Lulfitz.

The Intermediate Sash for the Philip Becker Memorial Cup went to Graeme Riseborough.

Zone single barrel Championship over 25 targets went to Tim Catling with a 24/25 followed by Greg Holley with a

22/25. 'B' grade winner was Gary Painter with 22, while second place went to Brad Day after a shoot off with G. Smith. 'C' grade winner Lindsay Potts shot 20 and S. Herbert survived another shoot off to take out second place. The unlucky shooter was K. Smith.

Overall High Gun for the day went to Tim Catling after a shoot off with Greg Holley, both shooters finishing the day with 94/100.

Helen Wiese won the ladies trophy with a fine 83/100, and Ashley Wiese took home the Junior trophy with a score of 86. The Novelty prize for the score nearest to the lucky number went to Peter Doudle.

All in all, a most successful shoot was held, and president Jim West thanked his committee for all their help in making the day run so smoothly. He also thanked the ladies for organising morning and afternoon teas, and lunches. It was greatly appreciated by all shooters. Jim also thanked the Becker family for their continued support of the annual shoot, and wished Maisie all the best for the future. It was disappointing for her not to be able to attend the shoot.

Thanks must also go to the generous trophy donors — Iles and Cooper Shearing Contractors, who sponsored the Zone Single Barrel Championship, Murray Alexander, Elders-West, Wesfarmers, Balgun Stud, Jakessi Stud, Alexander Galt & Co., Tony Jackson and Ray Pederick (who constructed a magnificent occasional table for the overall high gun). Many thanks.

Shooters were urged to remember the National Championships being held in Perth next year. A few Western Australians have done a lot of work to set up the event here, instead of it always being held in the East. All shooters can attend and are asked to do so, where possible, so that the Championships are a success. If unsuccessful, then a permanent National championship site will be built in NSW or Victoria, which penalises all other interstate shooters who would have to travel every year. Please set aside one or two days in April.

# TAMWORTH CLAY TARGET CLUB "PEEL VALLEY MACHINERY SERVICE" OPEN SHOOT

The two-day open D.T.L. shoot was staged recently, and featured the State Point Score Continental Championship. Saturday's weather was fine and clear, and certainly a great day for shooting.

The first event was a 20 target Double Barrel C/D. Geoff Lancaster, Col Barton, Angelo Piazza, Kevin Frazer, George Mariner and Doug Ellis all returned a possible 20/20.

The 25 target "John Deere" Double Barrel Championship was the next event. Guyra shooter Geoff Lancaster and John Fryer from Newcastle staged a strong battle, before Lancaster was awarded overall with 42/42. John received the "AA" grade trophy with a score of 41/42. Terry Mitchell's 33/35 earned him the trophy for "A" grade, Kevin Frazer on 28/29 took out "B" grade, with "C" grade going to Greg Drain with 24/25.

The next scheduled event was the 25 target "Country Capital" Point Score Championship. Doug Ellis returned 80/81 to receive the trophy for overall. David Menck's score of 77/81 saw him take the "AA" grade division. Upper Hunter shooter Terry Mitchell again came to the fore with 73/75 and was awarded the trophy for "A" grade. "B" grade went to Geoff Lancaster on 79/81, and Greg Drain's score of 62/75 received the "honors" for "C" grade.

The last event for the first day was a 30 target Double Barrel, with sweeps awarded in grades.

AA grade: David Menck, Rob Uebergang 30/30, Rex Davis 29/30.

"A" grade: Terry Mitchell, Stuart Stanley, Col Barton, Col Burt and Doug Ellis 29/30.

"B" grade: Grahame Wyatt, Geoff Lancaster 29/30, Tom Huggins 28/30.

"C" grade: Greg Drain, Ann Wyatt, Christine Drower 24/30.

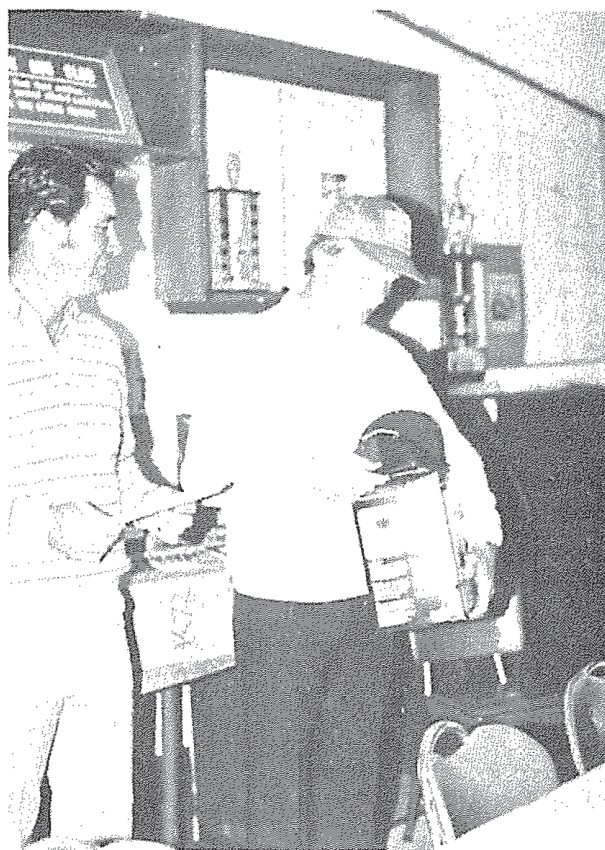

• L. to R.: John Kent — State Point Score Continental Champion, Col Barton — President, and Terry Mitchell — Overall High Gun.

Sunday morning dawned clear and sunny, but as the day progressed the weather slowly deteriorated.

First up was a 20 target Double Barrel Continental. Grahame Wyatt, Geoff Walters, Col Barton, Rob Uebergang, Kevin Frazer, Roger Videll and Terry Mitchell returned 20/20.

The 50 target State Point Score Continental Championship was next up. Intervall shooter John Kent returned 144/150 and was awarded the overall sash and trophy. A 142/150 from Angelo Piazza saw him receive the "AA"

• Col Burt — saying a few words.

grade trophy. Terry Mitchell continued on his winning way to take out "A" grade with 143/150. Local shooter Tom Huggins was first home in "B" grade with 142/150 and the "C" grade division went to Greg Drain.

The weekend's shooting finished up with the 25 target "Peel Valley Machinery" Double Barrel Championship, which was finalised with a lengthy shoot-off. Doug Ellis won the overall trophy with a fine score of 89/89, John Kent on 88/89 took out the "AA" grade division and "A" grade went to Col Burt with 87/88. Geoff Lancaster collected yet another trophy in the "B" grade division with 62/62 and local shooter Mick Simpson's 23/25 earned him "C" grade.

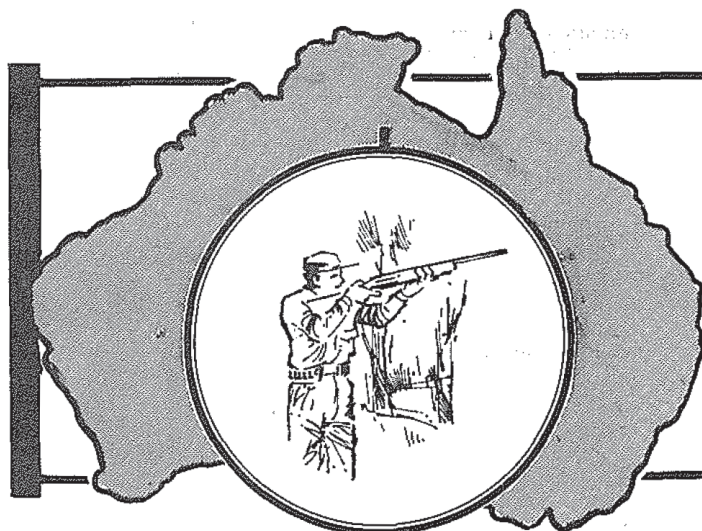

Again this year the High Gun trophies were also graded. The Overall High Gun had to be decided with a shoot-off, which proved very entertaining. Terry Mitchell finished with 458/473 to receive the overall sash and trophy. Robert Uebergang finished with 326/345 to take out "AA" grade. Doug Ellis recorded 453/473 to receive the "A" grade trophy. A 322/345 from Kevin Frazer was the highest in "B" grade, and Greg Drain was awarded the "C" grade high gun.

All trophies were presented by Ald. David John, Deputy Mayor of Tamworth and the principal of "Peel Valley Machinery" who continue to support our Open D.T.L. each year; for which Tamworth Clay Target Club is most grateful.

Next year, of course, Tamworth will not stage their September Open, due to the fact that we will be hosting the 1985 State Trap Carnival on 5th, 6th, 7th October. See you there.

Jenny Etheridge  
Secretary/Publicity Officer  
Tamworth Clay Target Club

### CLUB NEWS

#### ARARAT GUN CLUB

The new office-bearers for 1985 are as follows: President Bill Harris, Secretary Les Johnston, Treasurer Rob Jones. Please note as from January 1985 Ararat will be shooting on the second Sunday of the month.

#### BOINKA & DISTRICT GUN CLUB

On October 4, 1984 Boika and District Gun Club held its 2nd Annual General Meeting. As a result of that meeting the following office-bearers were elected: President A. Lynch, Secretary P. Jones, Boika R.S.D., Via Ouyen, 3490, Treasurer B. Brown.

#### CONDAMINE GUN CLUB

Our new office-bearers are as follows: President Lewis Ziesemer, Secretary Judy Kouko, Treasurer Nev Beeton, Vice President Roland Ziesemer, Captain Greg Kouko, Trap Marshal Bill Beckman.

#### INVERELL R.S.M. GUN CLUB

We wish to advise that we recently held our Annual General Meeting of September 10, 1984. The change in office-bearers are as follows: President Peter Jensen, Secretary Ken Frizell, "Croye", RMB 21, Kingsplains Road, Via Inverell, 2360. Phone 067-336753.

#### MARYBOROUGH & DISTRICT GUN CLUB INC. (VIC)

At the Annual General Meeting held on October 31, the following office-bearers were elected to office: President Bruce Jennings, Vice President Don Robinson, Secretary/Treasurer Graham Brown, Club Coach Jim Shepherd, Committee — Harold Cracknell, Bryan Kelly,

Don Howden, Richard Wright, Graeme Ruff, Bryan Rafferty, Jim Shepherd, Jim McLeish, Adrian O'Connell, Peter Tate and Robert Colman. The secretary's phone number is (054) 64 2353, president's phone number (054) 61 3474.

#### PORT AUGUSTA GUN CLUB

The P.A.G.C. held its A.G.M. on August 27, 1984. As a result the following office-bearers were elected: President T. Dipaolo, Vice President R. Bisi, Secretary/Treasurer Lee Trebilcock, Handicapper R. Bisi. Our new address is P.O. Box 504, Port Augusta, 5700.

#### SOUTHERN YORKE PENINSULA GUN CLUB

The following office-bearers were elected to office after our recent Annual General Meeting: President John Newbould, Vice President Daryl Rhode, Secretary/Treasurer Don Cooper, Coaches — Bob Edwards, Don Cooper.

#### VICTORIAN CLAY TARGET ASSOCIATION (SOUTH EAST ZONE)

Please note the change in office-bearers of the South Eastern Zone of the V.C.T.A.: President Fred Heinze, Vice President Robert Whykes, Secretary Chris Carrol, Treasurer Keith Dawe, Delegates to the V.C.T.A. — R. Buchan, N. Quick, and F. Heinze (R. Clark substitute), Zone Handicapper Norm Quick.

#### WEDDERBURN GUN CLUB

The Wedderburn Gun Club has cancelled all shoots until further notice.

# EDITOR'S MAILBOX

Dear Sir,

I would like to comment on the statement in the October A.C.T.A. News by the South Australian executive regarding the skeet nationals. I have heard similar sentiments expressed by a Western Australian executive. The statement is basically that, 'the skeet and trap nationals should be recombined'. In states with few registered shooters and where very little skeet is shot, these sentiments may have some validity.

In South Eastern Australia where the majority of shooters reside, there are many shooters that only shoot skeet, many do not own a trap gun. In the Melbourne area alone, these would amount to about 60 to 80 shooters (more than attended the S.A. skeet carnival and these included interstate entries). Two years ago when times were better, Melbourne Gun Club would have 40 to 50 skeet shooters, 52 Saturdays a year.

I cannot see these skeet only shooters travelling interstate to shoot 50 targets on the first day of the old combined Nationals and then coming home. But I believe many of them would travel to shoot three or four days of skeet at a separate skeet Nationals.

Many shooters who came to the first skeet Nationals from interstate deplored the lack of opportunities to shoot skeet in their home states and said if skeet was available in their home states, they would only shoot skeet.

As an example of the extent of skeet shooting in our area, I as an average competitor will shoot about 4000 registered competition skeet targets this year. The keener ones would shoot many more targets. In the Melbourne area there are from 100-200 competition skeet targets available every weekend and public holiday with practice available at mid week. With the separate skeet Nationals, skeet has come of age as a sport in its own right. The demand for skeet is there, even if it is not catered for throughout the country.

The success of the first skeet Nationals speaks for itself; hopefully next year they will include a skeet doubles championship. I hope the separate skeet Nationals go from success to success. To remain successful they would have to be held in the area of the country where the shooters are, and where skeet is popular.

L. MAUGER

# TO THE 1985 NATIONALS VIA ESPERANCE

**NATIONALS**  
13th-18th  
April

**PRE-  
NATIONALS**  
10th-12th  
April

**ESPERANCE**  
5th-7th  
APRIL

## TO THE CLAY TARGET SHOOTERS OF AUSTRALIA

Dear Shooter,

The members of The Esperance Bay Gun Club take this opportunity of inviting you to take part in two weeks of clay busting.

Starting on the 5th April, The Esperance Bay Gun Club is holding its 23rd Annual Easter Carnival. \$6,000 worth of trophies competed for over 4 D.T.L. layouts, meals including a fish barbecue, crayfish luncheon and a free barbecue and refreshments to conclude, all add up to what is traditionally known as a great weekend at Esperance.

From here we have the Pre-nationals starting on the 10th April, and the Australian Nationals 13-18. Both held in Perth.

So if your going to the Nationals do yourself a favour and go the Esperance way. Our hospitality will make you glad you did.

Hope to see you.

E. BURCHARD PRESIDENT

## ACCOMMODATION

Bookings to be made before 15th January, 1985.

Phone (090) 71 1062 A.H. 71 1269

or write to: The Secretary, P.O. Box 364, ESPERANCE, W.A., 6450  
Hot & Cold Showers with powered sites available on Grounds

Grice 22-23, C. Reid & G. Jarvis 21-23. 20T D/B

Continental in the Creek C'ship: M. Jarvis 28-29, C. Reid 27-29, B. Pearce 29-32; A. C. Reid 27-29; B. J. Webber 19-20; C. M. Jarvis 28-29. Shooters from Barcardine, Blackall, Tambo, Charleville, Cunnamulla, Roma, Gladstone, Caloundra, Goondiwindi, St George, Dalby and Chinchilla rallied to our first and very successful "Two Day Shoot". Highlight of the shoot being the very good shooting by Marlene Jarvis to sweep all before in the "Continental in the Creek" event.

**SPRINGSURE 13-10-84** — Fine & windy (25). 10T DB EO CD: R. Rolfe, V. Hyde both 10-10, K. Tyson, A. Grimshaw, P. Maguire, P. Trotter, D. Robinson, C. Grimshaw, K. Alderman all 9-10. 30T PS CD: B. Nixon 85-90, I. Hartree, V. Hyde, B. Hopgood all 82-90. 30T Hop CD Trophy: C. Grimshaw 34-36, P. Trotter 33-36, V. Hyde 31-34. 25T Hop CD Night Event: P. Trotter 22-25, I. Lochran 20-25, J. Ranclaud, B. Nixon, R. Rolfe, R. Laukka, B. Smith all 19-25. HG: P. Trotter; Intermediate: P. McCarron; FM: K. Alderman.

**ST GEORGE 13-10-84** — Hot & windy (36). 15T Cont 15m: B. Siedel & A. Schmidt, C. Churches & M. Stewart. 15T SB 15m: H. Coward, W. White, S. Halpin, H. McDonald, A. Schmidt, M. Stewart — share 1st. 20T Pts Hop Jackson Cup: A. Schmidt, B. Siedel, T. Siddons & M. Stewart share 3rd. HG: A. Schmidt.

**SOUTH EAST ZONE CARNIVAL** held at Sunshine Coast 20 & 21-10-84 — Overcast & miserable (drizzly rain) (33-40). 25T D/B 15m: OA: R. Vebergang 163-163; A: G. Stevens 162-163; B: Rod Fett 63-64; C: Bev Grice 25-26. 25T S/B 15m C'ship: OA: G. Stevens 25-25; AA: R. Rehbein 31-32; A: Q. Porfiri 23-25; B: G. Levy 25-26; C: T. Fett 22-25. 25T Hop C/D: 11-15: K. Wade, T. Fett, A. Newey; 16-19: R. Fett, Q. Porfiri, F. Hall; 20-25: G. Buerchler, G. Stevens, R. Rehbein. 25T D/B 15m C'ship: OA: G. Stevens 49-49; AA: G. Woodbine 48-49, M. Gough 71-71; B: R. Fett 31-33; C: K. Ryan 24-25. 25T D/B Pts 15m C'ship: OA: G. Stevens 75-75; AA: R. Uebergang 74-75; Q. Porfiri 88-87; B: K. Nasarenko 74-75; C: Bev Grice 74-75. 25T D/B 20m: OA: G. Newey 27-28; A: G. Woodbine 28-30; B: T. Meadows 27-31; C: T. Fett 22-25. Unfortunately the weekend was plagued with terrible drizzly weather. This I think contributed to the poor attendance. Thanks to Bev Grice, Pat Dalgleish, Tony Fett, Karl Nasarenko, Jason Chizzotti for their help throughout the weekend. Congratulations to the Sunshine Coast for their work also before and during the shoot.

**TAMBO 6-10-84** — Fine, slight breeze (12). 10T D/B 15m S/S: R. Dean 10-10, R. Kennedy, Mrs M. Jarvis, G. Johnston all 9-10. 20T S/B Hop S/S: P. Hamilton 18-20, R. Kennedy, D. Davidson, R. ESPERANCE BAY 30-9-84 — Cold & windy (20). 50 SB C'ship: J. Looke 44-53, E. Gorrett 43-53, L. Naylor 40-50.

ESPERANCE BAY 14-10-84 — Fine (16). 50T Continental C'ship: M. Tester 47-50, M. Oshea 45-50, L. Naylor 44-50.

GERALDTON 30-9-84 — Warm (32). 5 Pair D/R EO: R. Burton & S. Hocking 9-10. 20 Pair D/R Club C'ship: J. Hickling 34-40. A shoot-off for 2nd place between M. Watson 33-40 and R. McDonald 33-40 resulted in a win for R. McDonald. Intermediate was G. Kelly. Extra Event of 10T D/B was won by A. Ferreo.

NORTHAM & DISTRICTS 14-10-84 — Fine & cloudy (11). David Kevill won the Northam & Districts Gun Clubs' Champion of Champion event at Island Farm on Sunday. Dropping only 7 points out of a possible 85 he was well clear of his closest rival Laurie Reynolds also from Cunderdin Club who won the B Grade section. Local shooter Roy Holtfreter took off the A Grade trophy while Eddie Eaton from Cunderdin won the C Grade. With only one event to count for points remaining in the year, the two aggregate competitions are at an interesting stage. Roy Holtfreter leads the High Gun competition with 27 points. Only one point behind is David Kevill on 26 points, followed by John Fissoli 18 and Laurie Reynolds 17. In an almost unassailable position David Kevill leads the Aggregate Handicap competition with 21.5 points, Laurie Reynolds is next with 17 points, and could win it provided he gains the maximum 5 points next shoot and David Kevill gains none. Club President Bruce Maley is in third place with 15.5.

PERTH 13-10-84 — Fine, light wind (35). 25T Trap D/B CD: R. Bailey, W. Morrow both 25, A. Pohjoy, R. Howell, A. Yozzi all 24. 50T Trap D/B Club C'ship: M. Callaghan 53-54, T. Stelling 52-54, R. Bailey 60-62; Intermediate: G. McArthur 42-50. Inter-Club Teams Match — Perth Club Team: T. Stelling, M. Callaghan, R. Bailey, J. Lithgow, M. Westlake 241-250.

# DOUBLE TAKE

Diamond Grade™. One look at the dramatic rib design, internationally dimensioned stock and the anatomically contoured trigger will show you this is one serious shooting machine. A whole new breed of Winchester.

Diamond Grade. Take another look. Distinctively engraved frame and carefully

selected American Walnut stock inlaid with ebony diamonds is proof that superior performance can be beautiful. Offered in a wide range of Trap and Skeet models, these are the guns that serious competitors asked for. We listened.

Be sure to see this "jewel" at your local Winchester dealer.

# WINCHESTER COMPONENTS.

Handloaders are very particular people. They know exactly what they want—precision, uniformity, and dependability. They ask for Superexcellence. They demand high quality and know where to get it...Winchester.

The reason for Winchester's popularity with handloaders is Superexcellence in every component. **Only we have total control over all brass case raw materials.** Our patented BALL POWDER® brand smokeless propellants give handloaders precise control because it meters more accurately than anything else on the market. Our primers provide the ultimate in predictability and, when combined with our wads, permit near duplication of factory load performance. Winchester Superexcellence reflects the concern of handloaders everywhere.

**WINCHESTER**

THE AMMUNITION COMPANY.
