MIROKU

Low profile Skeet Gun

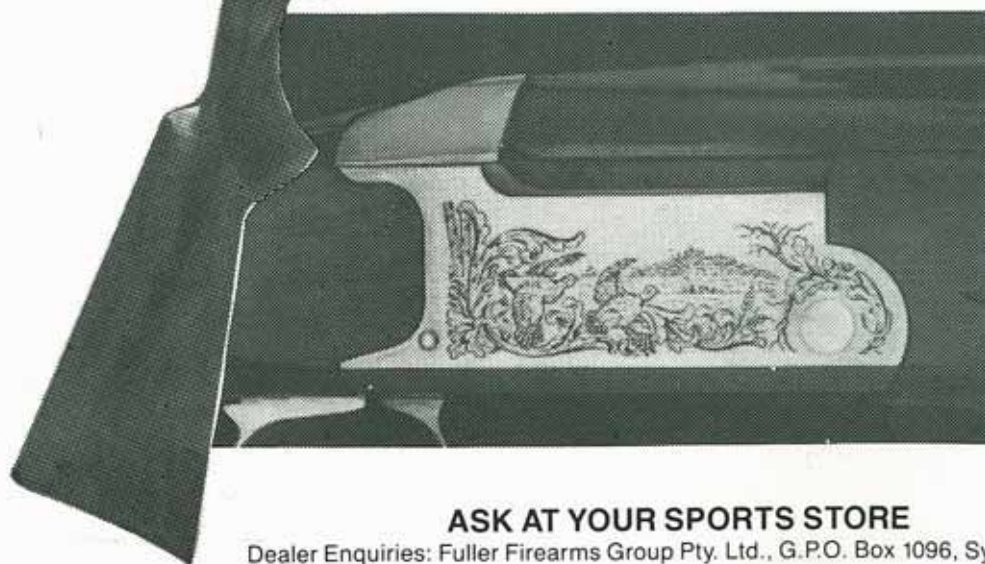

Revolutionary Low Profile of stock, action and barrel enables you to shoot better because aiming is quicker. The improved fit into your shoulder reduces recoil sensation and a faster, more careful second shot may be fired. Miroku 3000 is a lightweight gun of great strength and character.

3000

WITH
BROWNING
INVECTA CHOKE

With Invecta choke there is no interference to distract your aim or deter the balance of the gun. The tubes screw right into the muzzle . . . practically invisible. The versatility of the Miroku 3000 with its choice of 6 chokes and ease of exchange means the gun adapts perfectly to any situation. An elegant gun of great versatility.

EXECUTIVE DIRECTOR'S NOTES

In January of this year, all Club Secretaries were asked through the Club Newsletter, to provide a list of voluntary workers at their respective Clubs, for inclusion in the register being maintained at the National Office.

One of the reasons for keeping this register is that not everyone named will be a registered shooter. Wives and girlfriends for instance, who assist in the kitchen at Clubs are not generally registered shooters. They should be named as voluntary workers, working in that capacity.

The Voluntary Workers Policy is not a Personal Accident Policy, however it does provide cover for your Club, its officers, voluntary workers, and the A.C.T.A. and its officers, should a problem arise, and legal action be taken against the voluntary worker, the club, or the A.C.T.A.

To date only 81 clubs have complied with the request to furnish a list of voluntary workers to the A.C.T.A. Office. This matter is important, so I ask those clubs who haven't sent the list to the office to do so without delay.

The Olympic shooting team has recently returned from Pre-Games competition in Mexico and U.S.A. The competitions were a good warm-up for Los Angeles in August with all members of the team finishing in the top twenty in the World in either Mexico or Prado.

The shotgunners will be attending a training camp in June prior to departure for Los Angeles in July.

Enjoy your shooting.

TOWNSVILLE HOSTS QUEENSLAND TRAP CARNIVAL

by Staff Writer

In perfect weather conditions, the Townsville Gun Club played hosts to 180 shooters who attended the 1984 Q.C.T.A. Trap Carnival over the weekend May 5, 6 and 7.

National President Roy Holtfreter made the long trek from Northam, W.A., to attend his first State Carnival since attaining the Association's top office.

Shooters travelled from as far afield as Charleville, Roma, Brisbane, Karumba and Mount Isa for the weekend of top competition.

The Townsville Club is situated at Killymoon, some 20 kilometres south of Townsville, in a very picturesque setting. The grounds were carved out of what was virgin bush just eight years ago. The whole set up is a credit to President Tom Comerford and his hardworking band of helpers, and features six D.T.L., four skeet, and one Olympic Trap layout.

• The hill that fronts the range at Townsville Gun Club.

• 1984 Queensland Trap Team.

The camping facilities are excellent at Townsville, plenty of shade, with good toilet and shower facilities.

White targets have been found to be the best for the club, mainly due to the background being a sharply rising tree and scrub covered hill.

The traps at Townsville are of interest, being air-operated Rossini trench traps, converted to D.T.L. traps by adapting oscillators from the original club Damo traps. Les Berkefield, club member and engineer has done an excellent job in converting the traps at an all up cost of \$600 per trap.

Another feature at the club is the fine stand of Mango trees, 600 of them, which will be ready to crop very soon. Having the room to plant these trees and some avocados, the Club Committee has shown great foresight in planning for the future.

• Doug Smith, winner of three State Titles at Townsville.

The first event to get the Carnival underway was the 25 target Winchester Double Barrel. John Porter of Brisbane set a new ground long break record in beating Rob Uebergang of Gold Coast Club with a score of 171/171. John went on to shoot another 41 targets in the next event to make the break record 212 for Townsville.

The State Double Barrel Championship was the second event for the Saturday which started a hat-trick of wins for Doug Smith of Brisbane. Doug won the title with 79/79 from Arthur Kenna of the home club.

Sunday morning, the State Single Barrel Championship of 50 targets, again Doug Smith was the victor on 56/57 from Roddy Fett of the Sunshine Coast Gun Club.

Townsville Hosts Queensland Trap Carnival ● Cont'd from page 4

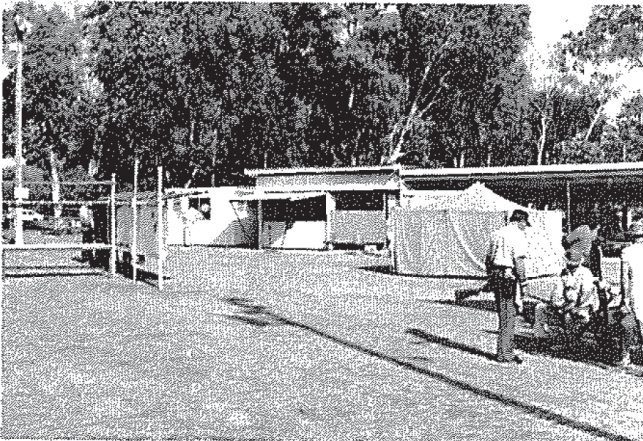

● The trees throw long shadows late in the afternoon, providing relief from the extreme heat.

In the Double Rise it was Doug again, beating Keith Cameron, Gold Coast with 59/70.

We all wondered would Doug make a clean sweep by winning the Points Championship on the Monday. For a while it looked like a shoot-off between Doug Smith and Barry Nasser on 148, but Bob Donovan from Toowoomba came in late in the morning to win outright with 149/150.

The teams shoot resulted in Rob Rehbein high gunning the Open team, Marilyn Casagrande the ladies, and Paul Rehbein the juniors.

The final event for the Carnival was a 25 target cash handicap, with prizes for first, second, and third, in four metreage groups. 11-15 was won by J. Beale, Gladstone, 16-18 winner was John Malong, Port Denison, 19-21 Bruce Goodrich, Call/Dawson, and 22-25 Richard Dean, Roma.

● The well-appointed facilities at Townsville.

The overall High Gun for the weekend was Doug Smith 332/350, ladies High Gun Vickie Deeley 295/350, and junior Paul Rehbein 296/350.

Doug Smith also won the title of Queensland Champion shooter with 393/400, made up of the Double Barrel, Single Barrel, Points, and team shoot scores.

The Interzone Teams match was won by a S.E. Zone Team comprising Doug Smith, Rob Uebergang, David Howe, Bill Stevens, Roddy Fett, and Rob Rehbein.

It was a very successful Carnival with the North Queensland hospitality very much in evidence. The ladies worked overtime providing breakfast, lunch and tea, each day at the club, what a fine job they did.

Thanks to all who helped make it a great weekend.

INTRODUCING WESTERN ZONE COUNCILLOR

Mr. Don Turnbull

Don was born in Charleville 29 years ago. After leaving school he commenced work for the Murweh Shire Council as an apprentice motor mechanic. He is now a qualified "A" Grade mechanic and gas fitter.

Don's main sport is clay target shooting, and he is currently the secretary of the Charleville Gun Club. He commenced shooting at the Scrubby Creek Gun Club in 1977. He has won several championships in this time.

Don is a keen promoter of our sport, and travels to many of the western clubs throughout the year. His other sports are: darts, squash, baseball, snooker and fishing.

Any clubs in the Western Zone can easily contact Don if any problems arise, and he will be only too pleased to assist.

AROUND THE TRAPS With Laurie Connors

• Tony Rohrlach, 1984 S.A. Double Barrel Champion.

1984 S.A. TRAP CARNIVAL

The 1984 South Australian Trap Carnival hosted at the S.A. Gun Club attracted 169 shooters, a record for this State. Conditions were fine for shooting and seemed to suit Tony Rohrlach, who notched 156 straight to be 1984 State Double Barrel Champion. The State Single Barrel went to Terry Stratford 51/51. Brian Hill won the State Point Score Title with 150/150. Julie Meaney, after a shoot off, was excited with her win, in the State Handicap Trophy event. Julie shot 29/29 to outclass the field and take first prize. Overall High Gun honours went to a relative newcomer in the clay shooting field, in Craig Bentley. Craig recorded 287/300 to gain the recognition as top shot over the two days.

• Fred Atkinson shows the style that won him a points score championship at International Gun Club, and 50 straight to make the shoot-off in the State Double Barrel Championship.

• L. to R.: S.A. Points Champion Brian Hill, Carnival High Overall Craig Bentley, and his charming wife Lee.

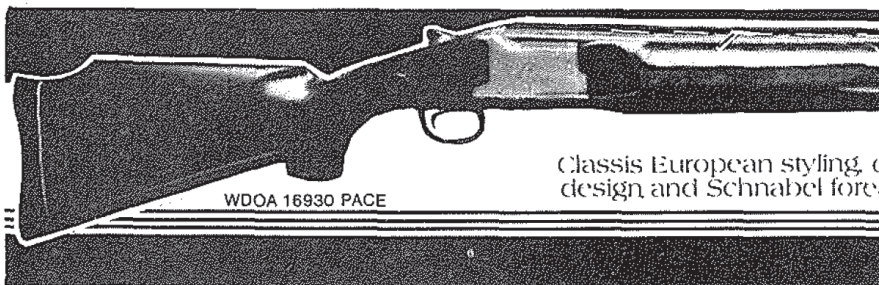

• L. to R.: John Summers, John Woolley and Adrian Cousins at the Victorian Skeet Carnival.

1984 VICTORIAN SKEET CARNIVAL HOSTED AT MELBOURNE GUN CLUB

The Victorian Clay Target Association seemed to select a bad time to run its Annual Skeet Carnival. Shooter numbers were well down on previous years. With a good duck season prevalent, and the I.S.U. and Trap Nationals being close, all seemed to have an effect on attendance. However the top skeet shots were there and made the competition tough.

John Woolley collected the George Biggs Championship, the first event on the program, with 100/100. John also won the Victorian Skeet Carnival Championship, the second event, with 64/64. Adrian Cousins, after a battle with Bob Christopher, took the

N.S.W. AND MARCONI GUN CLUBS

After the Nationals at Wagga I had reason to travel on to Sydney before returning home. N.S.W. and Marconi Gun Clubs were conducting club shoots so called for a shot. Several other shooters that had been at the Nationals had the same idea also. Len Crema a well-known administrator of clay target shooting in Sydney area stood down and did not seek re-election as President at his Club's Annual General Meeting held prior to their

shoot. Len has held the post for the past twelve years. Charlie Grima has taken over the reins as President. At the shoot that followed their annual meeting, Les Trew won the Double Barrel Championship with Vince Gatt and Peter Politi teaming to win the Deauville Doubles Championship.

DRIVER TOES THE LINE

Whilst in Sydney I observed a battered Beetle driver who pulled up next to a flashy Merc at the lights: Noting the Merc driver was busily chatting into his car phone, the V.W. driver began talking animatedly into his shoe. After catching the Merc driver's attention, our Beetle man wound down his window and called out "IT'S FOR YOU".

Bendigo Gun Club was host to the North East Zone Carnival. The Carnival attracted 60 shooters, but organisers, although satisfied with the number, were hoping for a better attendance. Terry Boucher, after being pressed by Vin Ryan, won the Zone Double Barrel Championship. Ron Traill took the honours in the Point Score. Fay Taylor was Ladies High Gun with Peter Wilson taking Junior honours. High Gun Overall went to Peter Akkermans.

SHOOTER ON THE MOVE

Phill Baldock, well known as an administrator in the R.A.A.F. Gun Club, Point Cook is on the move. Phill has received a posting to Darwin. He will be sadly missed in the shooting world in Victoria. Behind the scene, Phill has been one to contribute and help build our sport. Knowing him as I do, I am sure he will become involved in Darwin and continue to assist in developing our sport. Good luck in your new venture Phill.

See you where there is shooting.

NEW TROPHY

Mr. Bob Ellison who is a member of N.S.W. and Wyong Gun Clubs has presented to these clubs a magnificent sterling silver trophy for perpetual biannual open teams competition — once at Wyong and once at Terrey Hills each year. The details of the competition have yet to be completed; however as the trophy was originally designed for a field and game-oriented event it is envisaged that Wyong will promote that type of match while N.S.W. will promote a mixed discipline event, as their facilities permit.

The trophy which has been appropriately refurbished for Mr. Ellison contains approximately 2.4 kg of silver and is valued at around \$10,000! It is a beautiful example of the British Silversmiths' art as the accompanying photographs show.

It was originally commissioned by a Mr. Fred Birkby and presented to the Harrogate Gun Club, Yorkshire, England in 1937, for competition in a warm-up shoot as a preliminary to the opening of the game season. The six events that constituted the shoot are depicted in bas-relief on the trophy.

The event was not contested from 1939-1947 due to the war, then continued until the 1970s when the Harrogate club was disbanded and the trophy returned to Fred Birkby's widow who is Bob Ellison's aunt, Mrs. K.M. Marshall (as she is now) knowing Bob's love of shot-gunning gave it to him for whatever use he saw fit.

Our overwhelming gratitude to Bob and his Aunt for making this trophy available. It is up to N.S.W. and Wyong Clubs to frame a competition worthy of it and to clay target shotgunners generally to compete for such a prestigious trophy. Please watch for further announcements in Clay Target Shooting news.

DAMASCUS GUN A BARREL OF TROUBLE

by Roger Darwon

As a young lad I was fortunate to have been frequently in the company of good, keen shotgun hunters. Put into the company of a little experience, the budding young mind is sure to come away with some measure of education. It must have worked for me; leastwise a little rubbed off, I'm sure I can be bold enough to say.

It also helped no end to have a grandfather who was a good keen shotgun hunter and worldlywise about these matters. He owned a R. Wakefield, of London, English Damascus double-barrelled gun, which had been his grandfather's, father's and then passed onto him.

It was a 30" full and modified pigeon gun with exposed hammers and in perfect condition. Whether great, grandfather Cox used the Wakefield for competition pigeon shooting is lost to antiquity, unless by some fluke one may discover more details at a later date. The gun was kept in perfect condition, as would be expected of a shooter of that period.

People who have no understanding or appreciation of a fine, classic English gun may find it hard to understand. To the shooter of the period, it was prestigious, to say the least, to own an English double shotgun. To a young 10-year-old boy, back in 1947 just after the end of the 2nd World War, it was a great adventure to be allowed to go hunting with an adult and now and then permitted to fire such a gun.

I remember my very first shot, vivid and clear as if I were back there in that pre-1947 dawn. I dropped a duck on the first go with the Wakefield and almost "dropped" myself from the unexpected recoil which was somewhat more hot than my little 16 gauge or .22 single-shot rifle.

Grandfather used to shoot ICI cardboard 2 5/8th-inch cartridges through the Wakefield, which the gun seemed to handle without much trouble. But, let me assure you, that gun was in top condition.

After grandfather died, in 1952, I allocated the old gun to my first collection of English double shotguns. Now, nearly 36 years later, from that Wakefield family heirloom, I have hoarded a collection of fine English double-guns that would astound my mentor if he could return to see for himself.

I guess he would say "Son you sure have a fine collection of status symbols gathered there".

Status symbols or not, I sure have one fine collection of quality guns because, in actual fact, when grandfather left me that R. Wakefield, of London, shotgun, he left me not only an heirloom but a part of our family legacy.

The price of an early top English gun was well out of the reach of the average shooter of the time. Even today, I guess, the position has not changed all that much. Not many shooters today can afford even a good second-hand English double-gun, as prices of good ones start around \$2000 with top names fetching \$8000 to \$A12,000; and this before you get into the big money.

Damascus-barrelled guns, of welded or "twist" barrels, came into their own around 1830. By that I mean that that was when they reached the height of their development. But here I must point out for the nimrod the word "Damascus" can be somewhat incorrect for these barrels. In actual fact, true Damascus steel has a history going back over 10 centuries and was used essentially to make sword blades.

The steel was developed in the Orient but the city of Damascus, in Syria, was one of the few locations where the steel was actually produced, hence the name. The true Damascus steel was forged by the blacksmith, or armourer, from an ingot comprising both iron and steel.

The blades made from this process metal possessed extremely fine qualities of hardness and resilience so necessary in the sword blades of the period.

In actual fact, the Damascus barrels made for English guns in the period after 1830 were, technically, twisted, being formed by wrapping the metal around in spiral fashion. In brief, this was achieved by the gunsmith, or barrel maker, who would commence with an ordinary barrel and twist the three or more rods around it, side by side, under heat. Then he would hammer them into a solid steel strap with no joins visible until the steel was welded together which was achieved by more heating and hammering to form a smooth barrel.

London gunsmith, J. Jones, is credited with introducing this system to England about 1804, during the muzzle-loading era. Soon, others improved on the workmanship and found effective ways to produce the Damascus-twist barrels. English guns made in this style after 1830 had, without doubt, top-class barrels for that period in firearms development.

The Damascus barrels then being made were achieved by forming three ribbons of iron around the barrels which became known as 3-iron barrels. By now, the gunsmiths or barrel makers of this period were using rolling mills. Thus the patterns in these barrels became more uniform than the early barrels which were developed by the blacksmith-type of anvil-and-hammer operation.

The question of the safety of Damascus, or twist-barrelled guns when applied to the use of modern cartridges, must not be overlooked.

Every person who uses, or who contemplates shooting, one of these guns must consider that, in most cases, age and wear must be taken into account. Let me point out that any shotgun made with these barrels, or which you think is made with these barrels, should first be checked by a qualified gunsmith.

In most cases, identification is easy. If under the barrels the words nite proff appear they are not Damascus barrels.

Some early nitro proof barrels came with imitation Damascus patterns on the barrels to give the gun appeal to the shooter during the transition period from Damascus to the modern nitro proof-barrelled shotguns.

This question of safety, regarding Damascus "twist" barrels, crops up whenever shooters, and more especially shotgunners, meet. Take the advice of the experts who do not recommend their use under modern conditions.

Another danger point to consider is chamber length. Many of the older shotguns came chambered for the shorter cases which were in vogue in the period of the guns' manufacture. These early guns would be 2 5/8-inch chambered guns, in most instances.

Attempting to fire a modern 2 3/4-inch shell in a 2 5/8-inch chambered gun will, without doubt, produce higher back pressures for the cartridge crimp must unfold in the constricted area of the shorter chamber's forcing cone.

The practice (adopted by some shooters) of shooting a 2 3/4-inch cartridge in modern steel barrels with 2 5/8-inch chambers is most unwise. To do so with a Damascus-barrelled gun is foolhardy and most reckless.

I have known of cases of shooters going afield with Damascus-barrelled guns and shooting modern loads through them with apparent impunity. One day, when they least expect it, they may well have a few fingers missing on their left hand (or right hand if left-handed) or, worse, some other injury should such a barrel burst under the pressure of modern loads.

I have in my collection a Joseph Needham's needle gun which was made in London in the period 1860 which is of Damascus barrels. The man I purchased it from only three years ago used it up till then by shooting modern cartridges through it.

All I can add is how lucky can you get; or, perhaps he owes his safety to the quality of the gunmaker's craftsmanship. I guess we will never know.

This rare gun is an ingenious arm whereby the cartridge is loaded into the breech by swinging out, in Mannlicher style, the bolt handles (one for each barrel).

For quite some time these guns had considerable success as a pigeon gun of the period, but were eventually doomed, as were so many other patents of the period, by the quick advancement of better systems produced by the gunsmiths of the day.

For the creative gunmaker this period was a frustrating time, indeed, as new ideas and devices tumbled over each other in bewildering succession in this golden age of new improvements.

The final question of safety, regarding the shooting of Damascus, or twist-barrelled guns, will be the lot of the prudent shotgunner. Should you wish to use your old gun there are a few possibilities open to you which may have certain drawbacks. If — and I say if — you can find the craftsman, for they are few and far between, you may attempt to have it rebarrelled by the sleeving process.

However, don't ask the cost. In the process, of course, most of the Damascus's beautiful figure work will be lost. Some English or European proof authorities are not too enthusiastic about the operation.

Another method, which is inexpensive, is to use .410 gauge insert barrels. A good one available to the Australian shooter is made by Savage Arms, in the USA, and will cost about \$25.

For \$50 you can turn your trusty Damascus double-gun into a great looking, working .410 shotgun giving you both pleasure and use.

Another suggestion is, if you can collect the empty, once-used Sellier and Bellot paper cartridges which some trap shooters use, to cut them down to 2 5/8 inches and reload them with the correct black powder loads. I do and I shoot them in Damascus-barrelled guns.

But once again, please be warned, have the gun completely checked out by a qualified gunsmith before you attempt this method, for the arm must be 100 per cent perfect and loads must be, if I may suggest for safety, loaded by the prescribed recommended method.

The old adage, "a little knowledge is a dangerous thing" is worth noting and the wisest course would be to appreciate your old Damascus-barrelled gun for what it is — an ingeniously-constructed relic of a bygone era — and keep it for its collection value which, one day, will be worth considerably more than you paid for it.

Last, but not least, you can sell it. If it's of a top English maker it will then be added to a collection worthy of some of the finest examples of the history and development of the shotgun world. Yes, I could be interested. ○

WESTERN AUSTRALIAN STATE I.S.U. SKEET TITLES

Saturday 17

On a fine sunny day, albeit cool, 22 shooters turned out at Cunderdin to compete for the 1984 State I.S.U. Skeet titles.

Once again, a severe lack of numbers marred a State level competition.

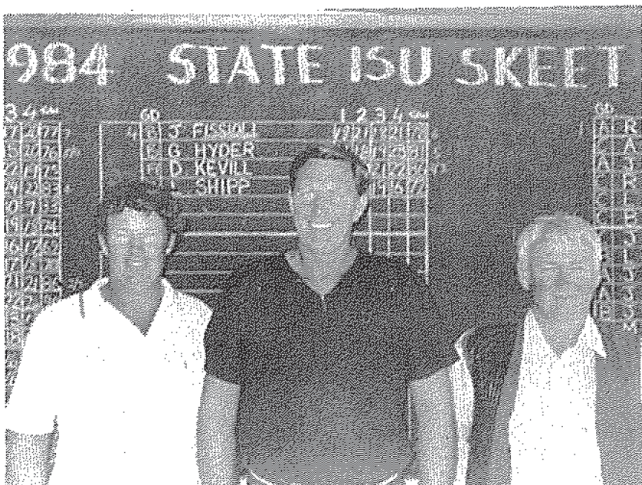

For a change we had a few shooters from Bunbury making an appearance in Colin Roach, Grant Hyder and Ross Silvester. Welcome to these shooters. Apart from Bunbury, Perth was again represented by Lex Shipp and E.G.G.C. by Merve and Jim Neve. Azzurri had John Tetlow and Joe Puglia. I am hopefully looking forward to the day of a State I.S.U. competition when I cannot list the individuals apart from C.M.T. members because of their numbers.

I appreciate that a lot of shooters cannot be present due to work or other commitments, however a lot of other shooters without these ties should get off their bums and put in an effort. It is only by competing that their level of skills can improve. I don't see why only one club out of twenty or so in this state should bear the brunt of I.S.U. competition. All this means is that this club will have all the top shooters.

Well, on to reporting the results. Our new State Coaching Director for 1984, and shooting mentor at C.M.T., John Harris, led the field at the completion of the first day's one hundred targets. John on 90/100 led from David Kevill and Bob Thomson, both on 86/100. The rest of the field following at various intervals.

• C.M.T. Club President Laurie Reynolds.

• 1984 Overall winners: Bob Thomson 3rd, John Harris 1st, David Kevill 2nd.

A strong wind from the east caused a lot of variation in the targets with their flight changing almost like D.T.L. targets.

Sunday 18

Still no respite from the wind. In fact if anything, the wind was a damn sight stronger. As a consequence, scores were low.

John Harris continued his excellent form carding rounds of 24, 21, 23 and 22 for a total of 180/200 and winning outright.

It appeared that David Kevill (the father of a new baby girl recently, congratulations to David and Robin) and Bob Thomson were inseparable both returning final scores of 170/200. As they were vying for overall positions, a shoot off over rounds of 25 was the order of the day.

Twenty-five targets later they were still equal, both having carded scores of 21/25 — so out for another round. This time they managed to get a result with David carding 23 and Bob a 20. The overall positions being: 1st John Harris, 2nd David Kevill, 3rd Bob Thomson, all C.M.T. members.

The 1984 State I.S.U. Skeet Team, in order of merit was: John Harris 135/150, Bob Thomson 127/150, David Kevill 125/150, Jim Neve 121/150, John Fissioli 120/150; total 628/750.

Not a very good score for a State Team, but representative of the conditions under which it was shot. Congratulations to all team members.

With the competition over and results posted, everyone was glad to get out of the wind and enjoy the marvellous repast prepared by our ladies.

So ends 1984's I.S.U. Disciplines. Until next time, good shooting.

Chas Riegert

EDITOR'S MAILBOX

Dear Sirs,

On behalf of the Lions Club of South Barwon, Geelong, I would like to extend a very large "thank you" for your usual wholehearted co-operation in making the "Australia Day Gun Shoot" such a great success.

For your information the day netted \$1770 and this will go a long way to achieving our goal of distributing approximately \$5000 annually, in the main to local charities dispensing comfort to the elderly and assisting those in distress.

Looking forward to another successful shoot in 1985.

Yours sincerely,

VALE

The death of the late Jim Wagg occurred on 17th December, 1983, the result of a car accident. Jim was a former Secretary and Treasurer of the Kaniva Gun Club for some years. He was a teacher at the Kaniva High School and was involved with Junior shooting, arranging Boy/Girl Shoots. Jim is greatly missed by the members of the Gun Club for all the work he had done over the years, and the club extends their sympathy to Bev and family.

VALE

Former National President John Tyquin has advised us of the death of L.S.R. (Sep) Stewart.

"Sep" was President of Cunnamulla Gun Club, and a member of the National Executive for some years.

GOODOOGA

The hospitality, friendship and shooting at Goodooga, Australia's Most Boring Town, on Saturday and Sunday the 17th and 18th left locals and visitors astounded.

I really don't think you could ask for better anywhere. It would be hard to compare.

Seventy-plus shooters travelled from far and wide to partake in the fun. Travellers from Cunnamulla, Newcastle, Cessnock, Sydney, Gulgong, Dubbo, Gilgandra, Bourke, Lightning Ridge, Daymar, Cobar and Broke and Brewarrina braved the rough terrain to enjoy one of Australia's greatest shoots.

Beautiful weather excelled for the weekend which was a vast difference from last year.

Event one and Arthur Turner and Doug Osborne from Cobar shot off for AA Grade. Arthur eventually outlasted Doug to win with a fine 102/102. First in A Grade went to Colin Betts from Brewarrina while B and C Grades went to local shooters Dick Phipps and Robert Waters. More glasses Rob.

Event two and three were cash divides and were shared rather evenly with many shooters collecting monies.

Event four double barrel meterage trophy saw Newcastle shooter Bob Boggiss take the 21.25 metres, David Farrell from Bourke 16.20 metres and Andrew Gull who got lost on the way to Goodooga taking out 11.15. Andrew hails from Moree.

Saturday night was a beauty. A beautiful meal supplied and presented by the ladies really took the honours.

Following the meal 69 shooters were drawn and sold in the Calcutta. Once again Terry Flanagan from Brewarrina honoured us with his presence. Terry was accompanied by his lovely wife Chris and son Mark. Terry also guaranteed that there would be no rain this year. Thanks mate, really appreciated.

After one and a half hours of some very spirited bidding the Calcutta closed at \$2077. This shows the good times are with us again as a dollar is to be spent at last. I feel a very excellent result and once again our appreciation Terry. By the way, for all your sheep, cattle and land needs just give Terry a ring in Brewarrina; I am sure he will be only too happy to assist, might even shout you a drink or two.

Sunday and many sore heads and bleary eyes to be seen. What fun. The Secretary arrived at 8 am to find that the Cobar Boys had swept the Gun Club and picked up the excess rubbish on the ground. Top show fellows. Many thanks.

Event five, Culgoa River Point Score Championship. Only two possibles carded and an even shorter shoot off. Colin Betts was again in the winner's circle taking A Grade and overall. Big Hank Theunissen from Sydney took out AA Grade by saving shells in the shoot off. Max Holland from Gulgong won B Grade and again C Grade went to Robert Waters.

Event six and the main event with all the monies and interest. Four possibles, Kevin Walton from Gilgandra, Keith "Frog" Cummings from Newcastle, John Sullivan from Moree and Arthur Turner from Cobar all shot the possible. The shoot off for the overall went to Kevin Walton also earning a metre with "Frog" also taking a step backwards for second position. John Sullivan decided he had had enough along with Arthur finding that the original forty targets were plenty.

Event seven, the event that will sort the men from the boys and hopefully all High Gun results. Bob Wilson from Newcastle found out in this event what is meant by men from boys.

Charles Tattam from Moree shot a creditable 19/20 to win overall. Charles was closely followed by four on 18/20, Colin Betts, Doug Osborne, Sid Kinsey and Big Hank.

Only one shoot off for the High Guns, Alan Raglus and Darren Walton from Gilgandra each had to take the tracks again. Alan eventually won and collected a

beautiful blue sash, and a very proud dad, John, looked on.

Ladies High Gun went to Margaret McNaulty from Daymar. Margaret looked a very happy and beautiful winner. Hope you return, Margaret and Ian.

Intermediate High Gun went to Keith Cummings, also I think a very happy winner.

Jim Scott from Dubbo took out the Overall High Gun with a very fine exhibition of shooting. Jim was a very happy winner and has already booked his accommodation for next year. Jim won a beautiful trophy in taking home with him a Kentucky Muzzle Loader, cousin to the one used by Daniel Boone. Also to go with the High Gun a beautiful black and white sash. Asked what bore the rifle was, Jim replied, "I am not quite sure but I think around an inch and a quarter."

My sincerest congratulations to all winners and also to those other shooters that made the effort to make this weekend one to remember.

There are too many names to mention in thanking people but, too, I hope cover all as short as possible.

The ladies for the meals — my deepest appreciation Lovies; the bar staff — top show boys; the trappers and referees and scorers, without whose assistance this would not be possible.

A special thanks to Sid Kinsey for the loan of the Warren Trap and his assistance in the breakdowns.

To all, your assistance was greatly appreciated.

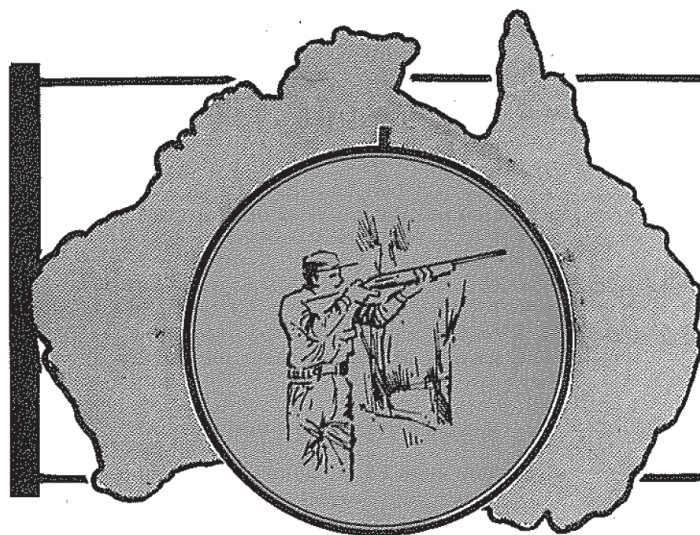

Have fun.

The latter being this shooter's first break. High Gun for the day was R. Baker with a very creditable 50/50. Most improved shooter was S. Hocking.

NORTHAM & DISTRICTS 14-4-84 — Fine & sunny (15). Ideal conditions attracted a good field of shooters to Island Farm on Sunday to contest a 25 target single barrel and 25 continental event. Nigel Way top scored for the first 25 single barrel and was well positioned to take High Gun honours, however was unable to maintain his form in the 25 Continental that followed. Barry Bristow-Stagg, Roy Holtfreter, Bob Thomson and David Kevill lifted their performances in the second round and shared first place with 24 out of 25 each. Overall High Gun for the day was shared by Roy Holtfreter and Bob Thomson which resulted in a prolonged shoot off before eventually Roy Holtfreter won. This gave Bob Thomson the A Grade trophy. The B Grade section was won by Nigel Way after a shoot off with Laurie Reynolds. Returning to Clay Target shooting after a long absence Jim Milligan proved that he has not lost his touch and undoubtedly will prove a force to be reckoned with in the near future. His 43 out of 50 off the gun won him the C Grade trophy, a grade he is not likely to remain in for long! The annual points tables are now developing well with Roy Holtfreter heading the High Gun and Nigel Way the Handicap table.
