## **'Clay Target'**

Welcome to a new competition year and the 'first issue of your new E-magazine – 'Clay Target'.

Members who have provided their email addresses will now receive the link to this new E-magazine around the middle of the month for the following month's edition. It will be provided to all members, whilst previously those Juniors and Partners at common addresses never received the CTSN. The link can be easily shared with family and friends if your achievements or photograph appears in the E-magazine. If you have not registered your email go to MyPage on the website at [www.claytarget.com.au](http://www.claytarget.com.au) or contact the National Office on 02 6938 2121 who will assist you through this simple process. Clay Target will also appear on the ACTA website on the home page on the 1st day of the issue month. Members with emails registered will also now be able to receive special offers from sponsors and entries into competitions along with important news updates from the ACTA between issues. This will not occur at a frequency to become a pest, perhaps fortnightly, and of course those not wishing to receive these offers can easily block them. With more pages, content, larger print and more and larger photographs we hope over time to build a great reading and reference product for you the member.

Limitations previously due to page restrictions to meet posting weights are now gone. Long lead times normal for printed media have now been reduced and your magazine will become much more current and relevant. Shoot advertisements with live links to club websites will allow quick access via your smartphone to that vital information being discussed by friends at a BBQ or at the club. Advertisers will also have links to their websites embedded in the advertising, and the ability to include large product reviews with photos that can be enlarged on your screen.

This will be a new and interesting experience for all, providing great opportunities for those that think outside of the box. If you wish to discuss any proposal or idea please do not hesitate to contact the National Office or myself.

## **New CEO – Mr. Paul McLoughlin**

It is with great pleasure that I welcome and introduce to the membership the Association's new CEO Mr. Paul McLoughlin. Paul was interviewed along with

a shortlisted group of 3 other applicants from 11 applications received. Paul's background is mostly in media at a management level. He has been involved in various sports at different levels and has a wealth of experience in the digital media area. His application was supported by excellent references and some of these were contacted by the interview panel prior to the appointment. Paul has family and friends in Wagga Wagga and has now relocated to Wagga Wagga from his previous position with NewsCorp in Mackay. We look forward to working with Paul and having a new set of eyes looking at our various operational requirements.

Welcome Paul.

When one door opens another closes and again we wish our retiring Executive Officer and family well for their future at the coast. Tony was a hardworking and diligent employee and will be missed by many of us who count him as a friend.

## **The title – CEO**

It has been raised that the title of our new CEO is incorrect and conflicts with the ACTA Constitution that refers to an EO. I have today clarified this matter with the Association's legal advisors who provided the contract using this term. They advised that the term is not in conflict with the constitution and further, advised that the term is preferable for various legal reasons.

## **Shootmaster**

We have been advised by the developers of the new Shootmaster program that it will be ready for test in January of 2019. Several clubs will be provided with a version for limited testing and input at this time. Fortunately, this will allow a version to run parallel with the current program at the 2019 DTL Nationals. This should be a great test of its capabilities.

Once completed and tested the Shootmaster program including centralised handicapping will be available to member clubs and states at no cost and will be used at ACTA national events.

On behalf of your Executive I wish all members and staff a Merry Xmas and a Happy New Year. We hope you all enjoy a well-earned break and come back refreshed for the 2019 competition year.

Yours in Shooting.

*Robert Nugent*

# Chief Executive Officer's Report

*'If you're not going forwards, you're going backwards'.*

*It's a quote often associated with sporting organisations and one that my predecessor – Tony Turner – was quick to share with me upon my arrival.*

*And he couldn't be more accurate.*

*Dynamic organisations such as the Australian Clay Target Association need to be flexible and adaptable to keep ahead of the challenges – of which there are many.*

*The Association has certainly prepared a foundation for continued success but we need to be ever vigilant that we remain ahead of the curve.*

*As an Association, it is essential that we work together to make sure every member is heard and the direction is a unified one.*

*Whether a recreational shooter who occasionally visits a club or an elite shooter representing our sport at national and international level, we need to be listening and planning to ensure our sport stays at the top of its game.*

*The changes to Australian Clay Target Shooting News is one such shift and while not without its critics, this is one of those necessary moves to reflect our changing membership.*

*Providing this important publication in a digital-only format is a significant shift from the printed version.*

*However, by having a digital magazine we are able to provide more news, views and photographs relating to our great sport without the restrictions faced by a product that needs to meet size and deadline restrictions.*

**I would encourage everyone to remind their fellow club members who haven't done so to go to [claytarget.com.au](http://claytarget.com.au) and update their email address through mypage.**

*Links to the new magazine will be emailed to every member each month, and access will also be available from the Association's home page.*

*We are also planning on more regular updates via email so it's important we can reach out to each and every one of our members.*

*Enhancing communication is a significant priority and I will be working closely with the executive and*

*state bodies to look at new initiatives to build on those pathways.*

*The great thing about the current communications landscape is the opportunity to reach out to our membership through a variety of means – be it the digital-format monthly magazine, regular email updates or any number of social media platforms.*

*The most important thing is that we don't lose contact with the people we are here to serve.*

*At the heart of our success is a strong financial plan – it is only by having a sound approach to membership and working with our amazing partners that we can control our own destiny.*

*This means we need to formalise agreements and create deeper relationships to those businesses who are engaged with our sport.*

*While clay target shooting is at the heart of every decision we make, we need to manage the 'business' side of the organisation as well which ultimately benefits the members.*

*The development of The Range at the National Ground in Wagga Wagga is something everyone in the Association should be extremely proud of.*

*For those who are yet to see it, The Range is the region's largest function centre and is state-of-the-art when it comes to such facilities.*

*A generous grant from the NSW State Government primarily funded the project which will ultimately benefit each and every member.*

*Paul McLoughlin*

**February 2019 issue closes January 2 2019**

**March 2019 issue closes February 1 2019**

In late September to early October 2018, the Australian skeet team competed at the 83rd World Skeet Championships held by the National Skeet Shooting Association (NSSA) in San Antonio, Texas. There were 630 shooters in the mini championship and 754 who participated in the main event in hot and humid conditions with heavy downpours.

The Australian team of Michael Buttigieg, David O'Sullivan, Jack Stockdale, Adrian Cousens and Salvatore (Sam) Agostino won the five-man 12 Gauge Zone Championship (742/750) – the second time the team has won the event since 2012 – as well as the five-man 12 Gauge World Division Championship. For the 12 Gauge main event, the team members scores were: Michael Buttigieg 150/150, David O'Sullivan 150/150, Adrian Cousens 148/150, Sam Agostino 148/150 and Jack Stockdale 146/150.

Their commendable shooting continued through the main event, with the team winning the High Overall (HOA) five-man World Division Championship with a total of 2183/2250 across all gauges. Each member of the team also experienced significant individual successes. Most notably, two shooters stood on the podium, with Jack Stockdale winning 3rd overall in the 12 Gauge event of the Mini World championship and Michael Buttigieg also finishing 3rd overall in the Main World 12 Gauge event.

Michael, along with Harry Bader, set the yearly 20 Gauge long run record with perfect scores of 225/225, meaning neither shooter missed a single 20 Gauge target through the duration of the World Championships. Furthermore, Michael and fellow Australians David O'Sullivan and Glenn Clarke shot 150/150s in the Krieghoff 12 Gauge event – three of just 28 perfect scores for the day.

In the main Doubles event, there were only eleven possibles (100/100) shot, which included David O'Sullivan who finished AAA 5th. David set the Australian yearly long run in Doubles with 145 straight. Sam Agostino also started off the world championships well with a 99/100 in the Mini World Doubles event, claiming AAA 3rd. He and fellow Australian Matthew De Paoli won the two-man triple sub team in both the 12 Gauge and 20 Gauge in the main event.

Adrian Cousens was warmly welcomed back to the World Shoot nearly two decades after his last attendance. Members of the Australian team attended the NSSA's Hall of Fame, where Adrian's previous successes on the world stage were recognised by the NSSA. He surpassed 90,000 registered NSSA targets at this World Shoot and had stand out performances in shooting 148/150 in the 12 Gauge event and an extremely respectable 99/100 in the 410 Bore. After a successful Doubles shoot off in the 410, he won the seniors section and finished AAA 8th.

In total, there were 29 Australian shooters who competed at the World Championships, many of whom had considerable achievements in grades and personal bests. Fours shooters in particular stood out, each winning the overall in small gauge events in their grades and taking home new shotguns – Michael Buttigieg 20G AA1 100/100, Matthew De Paoli 20G A1 100/100, Richard Ball 28G B1 98/100 and 410 Bore B1 98/100,

and Tahnee Davenport 20G C1 99/100. Other shooters had victories in their concurrent individual and team divisions, including Nigel and Lorraine Hughes who won the HOA husband and wife team (860/900), and Mal Briggs and Paul Johnston who won the HOA two-man senior team (851/900). Other placements for individual Australian attendees include:

# Official Opening of The Range Function Centre

*Former ACTA Executive Officer Tony Turner, ACTA President Robert Nugent, Kay Hull AM, Greg Conkey Mayor of Wagga Wagga, Wes Fang MLC*

Australia's clay target shooters now officially have a headquarters the envy of their peers around the world.

The new function centre – The Range – was officially opened at the Australian Clay Target Association's National Grounds in Wagga Wagga by Wes Fang, MLC.

The state of the art facility was made possible through a State Government grant and sprung to life in October, although it had been in operation for some time prior.

The new centre incorporates the latest audio visual technology and its clever design allows great flexibility for users.

Since its official opening, The Range has hosted a number of events, including conference-style seating that can cater for 1200 people, through to smaller events and room hire.

The Range can be easily sectioned into four areas which also presents opportunities to host a number of events at any one time.

Construction Manager Kerry Pascoe said the centre will have "real and substantial benefits to the city".

"The potential for this building is unlimited," he said.

"It doubles the capacity of anything else in regards to conferences coming to the city.

"It's exciting to work on the largest facility of its type in the city which in the long term will bring real economic benefits."

The total cost of the project was \$7.3 million.

Former ACTA Executive Officer Tony Turner said the building provided a bright future for the sport – the Wagga facility now rated as one of the best in the world.

The conference centre includes a cafe, car parking and a verandah over the south side of the building which overlooks the shooting traps.

The centre had its first major test in March when it hosted the National Trap Championships.

ACTA member and registered builder Don Power took on the role of Project Manager assisting Pascoe Constructions and achieving an outstanding result for the Association.

## ***THANKS TO ROBERT FOX FROM THE NTCTA***

**Robert (Bob) Fox began clay target shooting in the Northern Territory in 1978.**

He has had an active role on the NTCTA committee and has served as the NTCTA Delegate to the ACTA for 21 years including time as the ACTA Vice President up to his retirement.

On behalf of the NTCTA Executive and all club members across the NT, thank you for the dedication, work and support you have provided over these years in attending to National, State and Club affairs. We wish you all the best for the future and trust you enjoy your retirement from the ACTA Executive.

The NTCTA have the pleasure of introducing and welcoming our newly appointed delegate to the ACTA, Mr Ray Niven. Ray brings a wealth of experience and knowledge of our sport that will aid him in fulfilling this important position.

# NSW Trap Carnival

Day one Friday 28 September saw the hotly contested Champion of Champions as the first event of day of the State Carnival with the overall winner being Glenn Barton, well shot Glenn, the event was shot under extremely windy conditions, however some

excellent shooting was noted and some noted shooters were quite disappointed with their scores. The State would like to acknowledge and personally thank Winchester for their kind sponsorship, it was greatly appreciated.

Day two Saturday 29 September and in the morning the 25Pr Double Rise Championship was shot with Glenn Barton as the overall winner, congratulations Glenn on winning two state titles in two days, the trip to America certainly paid off. The State would like to acknowledge and personally thank the sponsors for the Double Rise, J & A Geotech Testing Pty Ltd, thank you for your kind sponsorship, it was greatly appreciated.

#### Zone Teams Events

Open Team Central Zone, Ladies Team Central Zone, Juniors Team Riverina Zone, Veterans Team Western Zone.

In the afternoon the 50T Handicap was shot, there were some good scores and definitely scores that shooters were not happy with. Congratulations to Joe Mooney shooting the only possible for the event, well done Joe on your skinner!! The State would like to acknowledge and personally thank Zoli Competition/Clay & Hunt for your kind sponsorship, it was greatly appreciated.

# Victorian Trap Carnival

What a fantastic State Carnival. This event was recently held at the refurbished State Grounds in Echuca over the weekend of November 9–11. A record 413 competitors made the trip to the venue that is now the showpiece of the Victorian Clay Target Association. With its upgraded facilities, extended car parking and camp grounds

and the promise of even better facilities in the future, Echuca turned it on weather-wise as well, to produce one of the best State Championships of recent history.

The grounds looked an immaculate picture, the product of hours of hard work by Echuca Clay Target Club and VCTA volunteers and set a truly 'carnival' atmosphere with flags, banners and a myriad of sponsor and display tents all adding to the flavour of event.

Even the practice day before competition began was blessed with perfect conditions and the promise of good things to come.

Friday, the first day of competition, started with a 25 Pair Double Rise event, proudly sponsored by Perazzi Australia. The winner, and only shooter to hit all 25 was Russell Mark (Werribee) who won the Overall Sash. Phil Grainger (Noorat) won AA Grade after a shoot-off 69/70. Bernie Stokes (Morwell) took A Grade 64/70. Sam Francis (Mornington) won B Grade and Renae Jones (Bairnsdale) C Grade. Gary Kelly (Geraldton) won the Veteran 49/50, Kelly Coogan (Frankston) won the Ladies, Troy Grimes (Morwell) won the Juniors and Shannen Gallagher (Port Augusta) won the sub-Juniors.

At the conclusion of the event the Official ceremony was conducted. The first part of this was the induction of the Hall of Fame nominee, Steve Haberman. Steve has been a long time supporter of the clay targets sports and his achievements list is a long and distinguished one. Not only has Steve featured prominently in many clay target events he has also 'given much back' to a sport he has enjoyed for several years.

The carnival was officially opened by the Cr. Adrian Weston, Mayor of

the Shire of Campaspe. Not only did Cr. Weston address the large crowd but also tried his hand at shooting a couple of targets which he did with great success.

The afternoon session was allocated to the State Handicap Championship, proudly

sponsored by Beretta Australia. The Overall winner of this event was Mark Rogers from Goolma CTC with a score of 58/58. Mark also took the Back Marker trophy, proudly sponsored by Clay & Hunt, and the Ron Traill Memorial Trophy presented by Ron's son Steve. Second place went to Georgia Pistone

from the Werribee club 57/58; third to Rhys Eeles from Echuca 50/51; fourth to John Tannous from Metropolitan and fifth to Glenn Kable from NSW Gun Club.

For the third day in a row the morning dawned bright and sunny for the Single Barrel and Double Barrel Events. Some excellent scores were shot over the day.

In the Single Barrel Championships, it was a matter of "miss and you're out!" – conditions were so good. The Overall

The Double Barrel event was another 'miss and you're out!' event. Jointly sponsored by OSA and J&A Shooting, the near perfect conditions meant that 'breaking clays' was the order of the day. By the end of the first 50 targets there were 119 shooters that had complete two perfect 'rounds'. Now the shoot-offs were to begin.

By the end of daylight on the Sunday there were still three squads of shooters remaining. Time was called on the day with the event to be completed as soon as possible Sunday.

Sunday morning was an early start.

Shooting began at 7.30 with the Zone Teams event. South East Zone almost scooped the pool winning the Open, Junior and Veterans events. North West Zone Ladies denied the clean sweep with a 72 to 70 win over South East Zone.

The final event was the Points Score Championship. This event was sponsored by PCM Enviro. Mitch Iles from the Melbourne GC was the Overall winner with a score of 372/372.

AA Grade

was taken out by Darryn Nicholls from Broken Hill 371/372. A Grade by Noel West of Southern GC, B Grade by Joanne Ford of the Corowa Gun Club and C Grade by Craig Wood from Cohuna. The Veterans winner was Gary Kelly from Geraldton

A huge thank you to all of those who assisted with the running of the event, from the trappers (Rotary, Apex and the Men's Shed) and the scorers to the Handicappers and the members of the Echuca Clay Target Club who ran practice and an excellent canteen all weekend! It is only through the help and assistance of those people who gave up their time and effort that events such as these are so successful. It would be very remiss not to mention two particular groups- the members of the VCTA Executive who worked tirelessly all weekend and Graeme and Jan Carney who were outstanding with their help and assistance.

Finally, to the very generous sponsors who provide assistance with trophies and prizes and added to the carnival atmosphere with their displays and banners; Winchester Australia, Perazzi Australia, Beretta Australia, Shoot Off Australia, Best, Bornaghi, Stewart Gillman Internationale, Clay and Hunt, Gun Trading Place, PCM Enviro, OSA, J&A Shooting Supplies, Collumbo Shooting and, of course, Bronzewing. It is only through your generosity that we are able to have such an outstanding event and we are most grateful for your contributions.

With such a successful event this year with record attendees we look forward to seeing you all at Echuca for next year's Carnival where we will hopefully break the record again!

# Psychological Skills for Shooting

by Michael Kruger-Davis

## Hypnosis for Sport

This month's article is the third and fourth in a series on hypnosis in sport. The previous articles have looked at what hypnosis is, what it feels like. In this article there are some relaxation scripts for deeper relaxation through breathing and guided imagery and ego-strengthening and goal rehearsal scripts from Gordon Milne's *Hypnosis and the Art of Self-Therapy*.

### Relaxation Script

1. Gently close your eyes . . . settle back comfortably . . . feet together, hands resting on the sides of the chair or on your thighs (5).
2. Take a deep breath and hold it (5). Let go the breath and feel yourself letting go the tension as you breathe out.
3. Again . . . deep breath and hold it (5). Let go the breath and feel yourself letting go the tension as you breathe out.
4. In a moment I am going to say five relaxing phases . . . as I say each phase slowly . . . breathe in deeply . . . then as you breathe out repeat the phrase slowly . . . not aloud, just think it in your mind as you breathe out . . .
5. Letting go the tension now (5). Unwinding now, as I breathe out (5). Feeling the calm and the relaxation (5), flowing all through my mind and body (5). Relaxing all over (5)
6. Once more (repeat).
7. And I want you to notice that each time you breathe out, you become more and more completely relaxed over your whole body . . .
8. Just take a minute taking deep breaths and saying "letting go of the tension" as you breathe out. Start now (60)
9. Good now focus your whole attention on your body where it is lying (5) Feel how comfortable it is, from your toes . . . to your scalp.
10. Just think of nothing else but how your body feels at this moment (5) If your attention wanders bring it straight back to your body's feelings (5)
11. And once more I want you to notice each time you breathe out, you become more and more completely relaxed over your whole body . . .
12. Deep breath now, and hold it (5) say to yourself as you breathe out "letting go of the tension" (5) now repeat this over and over for one minute, until I stop you (60)
13. Now focus your attention on your legs . . . from your toes to your thighs . . . just let it happen on its own . . . first your toes . . . and a nice, calm, soothing relaxed feeling is beginning in your toes . . . and moving into your feet (5)
14. from your feet, past your ankles . . . into your legs (5) past your knees . . . into the thighs (10)
15. a numb, heavy wooden like feeling is moving up from your toes . . . into your feet (5), past your ankles and into your legs . . . and into your thighs (5)
16. just let all those muscles in your legs go completely limp, relaxed and numb (5) – the same sort of feeling you get if you sit cross legged for very long (5) a numb heavy wooden like feeling . . . your legs are so heavy they are sinking right down where you are resting (10)
17. Now I want you to notice the same feeling moving from your thighs into your body . . . into your abdomen (5), into your chest & your back (5). Just let all those muscles in your chest, your back, and your abdomen go completely limp and relaxed (10)
18. It may be a very heavy, numb feeling . . . or a floating feeling . . . or it may be a heavy and a floating feeling (5) Your subconscious mind will decide which feeling you should have (10). Good.
19. Now think of your face and forehead (5), and feel your face and forehead smooth out with relaxation (5) as the tension flows out . . . and the relaxation flows in to take its place. (10)
20. The muscles around your eyes (5) and around your mouth (5) – let them relax (10) And let the muscles in your jaw feel limp and loose as your lips part slightly as the tension lets go. (10)
21. The relaxation spreads from your forehead (5), through your scalp (5), to the back of your neck, where so much tension gathers . . . and feel the back of your neck go limp and soft and loose as the muscles let go and the tension flows out. (10)
22. The shoulder muscles too . . . let them go limp (5) That numb wooden like feeling spreading down your arms from your shoulders to your fingers . . . your arms feel like dead weights where they are resting (5), so much you doubt whether you could move them . . . but you don't want to move them (5), A heavy detached feeling is in your arms . . . as if you've been sleeping on them (10).
23. Now I'm going to count from 1 to 20 . . . and as I count . . . each time I count . . . I want you to let yourself sink more and more deeply into this nice relaxed state. .
24. 1 . . . deeper and deeper . . . 2 . . . more and more calmly relaxed . . . 3 . . . nicely, deeply now . . . 4 . . . 5 . . . sinking deeper and deeper . . . 6 . . . 7 . . . 8 . . . 9 . . . 10 . . . half way there . . . so relaxed that nothing can disturb you . . . 11 . . . 12 . . . 13 . . . 14 . . . 15 . . . going down to a deeper, tranquil state of mind . . . 16 . . . 17 . . . 18 . . . 19 . . . 20 . . .
25. Completely relaxed now . . . eyes so heavy you don't think you can open them . . . just feel your whole body thoroughly and completely relaxed, it's so calm, so peaceful to remain in this nice, relaxed state.

26. *Just remain in this nice, quiet state until I speak to you again.*

## Ego-strengthening Script

1. *Now listen carefully to what I say . . . While you're in this calm, comfortable, relaxed state . . . your mind is so sensitive and receptive to suggestions I give you . . . that each will flow straight into your unconscious mind . . . where, as you repeat it daily, it will be indelibly implanted . . .*
2. *For a long time you have been giving yourself negative self-statements . . . and negative self-images . . . while you are tense and anxious . . . and these have become implanted in your subconscious mind . . .*
3. *Now, because you are relaxed and calm . . . these positive suggestions I give you will cancel out the negative self-statements from the past . . . which have caused you such harm . . .*
4. *Tell yourself . . . 'Everyday I can feel physically strong and fit . . .*
5. *'I can enjoy being alert . . . wide awake . . . and energetic . . . and find my-self calm . . . composed . . . and tranquil . . .*
6. *Every day I will become more and more completely relaxed and less tense . . .*
7. *'I will accept myself as self confident and self assured . . .*
8. *Everyday I will play the Inner Game . . . with goal rehearsal . . . the obstacles will diminish . . .*
9. *'As I feel closer and closer to my important goal . . . enjoying the winning feeling the obstacles will melt away . . .*
10. *'As I activate my full potential in the Inner Game . . . my unconscious mind tells me that I can soon achieve it somewhere . . .*
11. *'For before long I will be fully equipped to overcome physical and technical difficulties in the outer game . . .'*

The goal rehearsal for the inner game continues with the goal rehearsal script below. The object of the goal rehearsal and the ego-strengthening scripts is to develop a level of mental toughness necessary to perform at a maximum level. Mental toughness components, such as confidence, composure, competence, competitiveness, etc can be improved and maintained through these processes.

## Goal Rehearsal Script

1. *There is a large TV screen in your room, and as you focus your attention on it, it lights up. Then you have a clear three dimensional image of yourself . . .*
2. *As you continue to watch, you will be able to view yourself demonstrating a peak performance (10) (Watch yourself shoot 25 straight, clear round of skeet, etc)*
3. *In your imagination each of your sensory and motor systems is activated as you watch . . . so that you will actually feel that you are performing (5) Feel the weight of the gun, the recoil, the smell of the shell, the sight of the smoked target.*
4. *It maybe that you have caught yourself in a past peak performance . . . such as you have been striving to achieve again for a longtime (10)*
5. *You may or may not be engaged in a contest . . . but you are completely involved with that winning feeling (10).*
6. *Repeat over and over again, as necessary. Let the TV screen*

*fade away, focus on your breathing (10) then move on to the dehypnotizing script.*

*Dehypnotising script: In a few moments I'm going to count backwards from 20 to 1. As I do you will gradually return to your normal state feeling . . . losing numbness, heaviness, or any other unusual feeling . . . your mind will return to it's normal alert contact with the outside world . . . On the count of 3 your eyes will begin to open . . . on the count of 1 your eyes will be wide open and you will feel GOOD . . . calm, relaxed, and confident. Ready now . . . 20, 19, 18, etc . . . 3, 2, 1. Feel good now calm and alert.*

Whilst it is best to practice this process in full several times per week, elements of the process, especially some of the breathing components can be practiced whenever you have time. This might be when you are in a queue at the bank or post office, for example. By practicing it in these settings you will be able to use these skills to help you focus before a competition or refocus during a competition. You can also use these techniques to go over your performance: to reinforce those things that went right and to restructure those things that need changing.

# Affordable, Quality

## This policy has proved to be of great

The ACTA has accepted an Association insurance policy that will see eligible members (defined as the legal owner of a firearm) provided with **Firearms Insurance** for up to **\$12,000**.

For an additional **\$10.00** fee any eligible member will be able to increase the Insurance coverage to **\$25,000**.

This insurance represents a significant saving on insurance for firearms and accessories.

The ACTA has been looking for this type of insurance for some time. This will allow all eligible members to have insurance at a very low cost compared to what they may pay now.

Covering member's firearms, and/or associated equipment whilst in transit, stored in a locked vehicle in accordance with State Law and/or building and damaged or destroyed whilst in use anywhere in Australia and New Zealand and overseas coverage for 21 days per year.

### • DEFINITIONS APPLYING TO THIS POLICY

Firearms & accessories means legal firearms owned by members of the named Association/Club, including any accessories or carrying cases.

Loss means loss or damage caused by or arising from a sudden and unforeseen accident including theft from a securely locked building or vehicle.

- Theft cover is conditional on firearms being securely stored in an approved gun safe when the firearm(s) are not in active use.
- No cover will be provided under this policy where the insured, or any other person or entity the equipment has been entrusted to, has breached any law relating to either the storage or use of the firearm(s.)

### Comments

This insurance is designed to protect each financial member up to \$12,000 with the option to increase this limit to \$25,000 for an additional \$10 payable by the member.

The policy has an excess of \$50 each for every claim and protects members anywhere in Australia 365 days of the year plus overseas for 21 days in any one year.

*The full policy document is available on the ACTA website with all other insurance documents.*

**For an additional \$10.00 fee any eligible member will be able to increase the insurance coverage to \$25,000.**

**To take up this increased cover option you must call:

# South-West Middle Years Clay Target Competition

Monday October 29, 2018 saw the occurrence of the ninth year of this Warrnambool-based competition. In what is a very well supported event, 149 students from 16 secondary schools in this region descended upon the Warrnambool Gun Club, in what could be described as near-perfect conditions.

The following schools were represented: Brauer College Warrnambool (20), Camperdown College (2), Cobden Technical School (6), Colac Secondary College (13), Derrinallum P-12 College (5), The Geelong College (3), Geelong Grammar (13), Good Shepherd College Hamilton (8), Hamilton & Alexandra College Hamilton (8), Hamilton Primary School (1), Mercy Regional College Camperdown (3), Monivae College Hamilton (24), St Patrick's College Ballarat (23), Terang College (4), Timboon P-12 School (11) and Trinity College Colac (5).

The format of the day was a 24-target competition involving two 12 target visits. Students were identified by their schools as either Novice – less than 12 months shooting involvement or Experienced – more than 12 months shooting involvement. There were also girls and boys categories in each of these.

The results were as follows:

## HIGH GUN:

Matt Molan Terang College

## NOVICE GIRLS:

1st Demi Taylor Monivae,  
2nd Brodie Neale

The day went off without a hitch and thanks must be extended to the parents, teachers and Gun Club members who assisted in many areas to ensure the event was successful.

A huge thank you to Mal Dyson and his team at the Warnambool Gun Club for providing their facility and presenting it in such magnificent condition.

Congratulations to all of the students for the manner in which they participated, their extremely positive behaviour and their promptness when required.

Details regarding the 2019 shoot will be made available mid-term 3 2019. If there are schools not on the mailing list who would like further details, please contact me via this email address: [drichardson@mercy.vic.edu.au](mailto:drichardson@mercy.vic.edu.au)

# VCTA South East Zone Carnival

Saturday 13th October at Melbourne Gun Club was the venue for the final of the years teams event and the selection of the Zone Teams, Open Ladies, Juniors and Veterans. All of which are selected from the four previous Club events which are spread during the year from February until August.

The seven grounds set up for the Carnival looked great, well done to the Club. It was a little cool for the start at 9am, however the sky was clear and the day was sunny for the 146 shooters present.

Event one the twenty-five target Handicap provided the shoot marshalls Lynne Curtis and Matt Dunkley with six possible. Jaimyn Whitehead C15 30/30 was 1st, Jeff Fraser AA 21 29/30 2nd, Todd Malone AA 25 28/29 was 3rd B/M Daniel Cleary and Junior F/M Taj Tait.

Event two a twenty-five target D/B provided 33 possibles and it took some time and 125 total to get that group down to one squad. The O/A, was shared by Steve Haberman and Andrew Brady at 250/250, with Andrew Feik 212/213 2nd AA, A B Stokes 62/63, J Bell 55/56, B J Demasi 26/27, M Zielezna 29/30, C D Marhas 33/34, T Butta 24/25, Ladies G Pistone 38/39, Junior T Grimes 60/61, Junior H/Guns over events 1&2, A J Marriott 51/52, B Z Hawker 43/50, C J Whitehead 45/50.

Event three twenty-five S/B saw two squads hit the lot with Terry Preston 46/46 O/A, AA T Grimes 45/46, S Haberman

# Len and Lil Baker Memorial

*Phil, Kevin, John, Ted and Caitlin*

Len Baker was one of the founding members of the Kempsey Clay Target Club and Lil Baker was the woman who stood beside him and provided everyone with a cup of tea and a biscuit and for those that knew her there was more than a biscuit.

The Kempsey club is still supported by members of the extended Baker Family. The president of Kempsey Clay Target Club is Ted Baker, son of Len and Lil, we also have Ted's family involved in the club either as trapper, in the office, in the kitchen or as shooters with Ted's son Trevor (and his family) coming from Sydney for the shoot. Now we don't stop there, Jason Jenkins, a grandson, and his family were there, Jason is the President of Newcastle Lake Macquarie Clay Target Club. Darren Jenkins, yep brother of Jason so therefore

another grandson who is a clay target shooter. Phil Baker, a grandson, Secretary of Taree Wingham Clay Target Club and Secretary of the Northern Zone Association. And then we have Brad Baker, member of Kempsey club and yeah another grandson.

It was great to have everyone home, every descendant of Len and

*John Reid, High Gun*

*Four grandsons*

Right: Graham, Ted, Caitlin and Neil

Steve, Brad and Phil

Lil Baker started shooting in Kempsey. And funnily enough four of the grandsons were shooting against each other in the DD event. Team Jenkins, brothers Jason and Darren shooting against Team Baker, cousins Brad and Phil. Purely coincidental when arranging the squads, you can blame Secretary Jenny, oops, oh no, OMG they just never end, another grandchild. I'm sure other secretaries will vouch for me here, just trying to get those shooters out there.

Yes, as you can see from above, the Baker Family are heavily involved in shooting but our club would not survive if it wasn't for our great local shooters, our visiting shooters, Guyra, Taree Wingham, Port Macquarie and Newcastle Lake Macquarie and all the other visitors who support us all year round. Thank you everyone.

Now this year was a little different. Phil put his Northern Zone hat on during presentation and mentioned that not many clubs host Deauville Doubles events. Last year he approached Kempsey club and offered us the opportunity of hosting the DD Zone Championship in conjunction with the Baker Family Memorial. Yep, he'd kill two clay pigeon's at a time, cover the Zone shoot and visit his home town for the family memorial at the same time.

Now let's get to some results, President Ted, ably assisted by his granddaughter Caitlin (great granddaughter of Len & Lil), presented the trophies. The winners of the Deauville Doubles event were Guyra pair, John Reid and Kevin Bourke, winning outright with 20/20. John and Kevin were loaded up with the trophies, badges and sashes as the victors of the combined Memorial and Zone Championship. We then had the local team, Brad Hooper and Steve Saul tying for second place with another Guyra pair, Graham and Neil Haynes. Another 20 targets were needed to secure a result with Brad and Steve taking out second place with 35/40, Graham and Neil in third place with 34/40. Other events on the day with 25T DB cash divide, 25T DB Cont cash divide and then 25T PS cash divide. These results are recorded in the results pages. The monthly High Gun winner was John Reid with 123/125.

Thank you to all who came to shoot with us to honour our

memories and we hope to see you all back again next year. Don't forget though, lots of other targets to have a crack at between now and then.

Until next time, good shooting everyone.

Jenny

# Wangaratta Five Stand and Trap

*Five Stand: Andrew Harrington, Joe Forti, Alex Towns, Peter Sunderland, Gaye Shale, Marc Connell (Obscured), AA Grade winner Adam Shale, Gary Byron & Barry Ellis*

## Shale Shines at Five Stand

Perfect conditions greeted shooters at Wangaratta Clay Target Club's November Five Stand competition. The clear skies, lack of wind and interesting target layouts set up by Graham Coyle and Col Crittenden provided an opportunity for big scores and Rutherglen's Adam Shale took full advantage.

Adam shot perfect scores of 25/25 in three of his four rounds, missing only three targets all day to come out on top in AA grade with 97/100. Alex Towns, shooting back in Wangaratta for the first time since 2015, also managed one perfect round of 25/25 on his way to 2nd in AA Grade on 94/100.

Gaye Shale, Adam's Mum, made it a family affair by winning A Grade with 85/100, from Numurkah/Shepparton club shooter Andrew Harrington on 81/100.

A shoot off was needed to decide B Grade after regular Wagga Wagga club visitor Gary Byron and Marc Connell both finished on 78/100. Gary, who also had to shoot off for B Grade at the October competition, took the win with 85/110 to Marc's 83/110.

In C Grade, Peter Sunderland was 1st with 70/100, closely followed by Barry Ellis, once again using that lovely old Merkel of his, on 67/100.

The competitors were treated to an excellent day's sport and also to some delicious canteen food. The roast beef and gravy rolls were a big hit and rumour has it that the fruit cake is good for an extra few points on the score card.

## Motha Crowned DTL Champion of Champions

Great weather and a big pool of talent brought out the best in competitors at the Wangaratta Clay Target Club's Down The Line shoot on Saturday 17 November. The day consisted of four events, culminating in the annual High Gun Champion of Champions Shoot Off. High Gun winners from all of 2018's

DTL competitions were invited to face off to decide this year's honour.

An eager bunch of 38 shooters fronted up for event one, the 30 target Double Barrel. AA Grade & overall went to Trevor Hicks with 30/30, the first of two possibles seen on the day. Second in AA went to impressive junior Liam Shore on 48/49 after a four person shoot off.

David Luelf took A Grade with 29/30, with Mick Rowan only one target behind in 2nd place. B Grade was also decided by only one target, with Bob Foster in front on 28/30 from Brian Joy on 27/30. C Grade saw Griffith Gun Club's Troy Adams victorious on 28/30 from Peter Sunderland on 26/30.

Event two was the 30 target Single Barrel. In AA Grade, James Vardanega's 29/30 also gave him the overall win and kept him clear of the shoot off for second between Alex Gobbo and Jacob Motha. Gobbo prevailed with 55/56.

A Grade also required a shoot off, resulting in David Luelf taking 1st place with 30/33 from yet another impressive junior in Brandon Guglielmino on 29/33. Benalla's Anthony Plum won B Grade with 25/30 from Local shooter Luigi Rech on 24/30. The seemingly never ending string of eagle-eyed juniors continued with Matthew Motha, in his first year of competition, taking the C Grade win on 26/30 from Griffith visitor Troy Adams on 21/30.

*Annual HG Ch/Ch shoot off: L-Right: Mick Rowan, Jacob Motha; Alex Gobbo, Liam Shore, Tom Davey, David Luelf, Graham Coyle & Trevor Hicks*

Ch/Ch: Jacob Motha Overall, David Luelf Veteran, Liam Shore Junipr

Event three, the 30 target Points Score, saw another possible being achieved, this time Liam Shore's 90/90, which gave him the AA Grade and overall win. Second in AA was Alfio Guglielmino with 88/90. Mick Rowan took A Grade with

93/98 after a shoot off with Euroa veteran John King on 92/98.

B Grade went to Bob Foster on 81/90, with Anthony Plum in 2nd on 75/90.

Troy Adams won C Grade with 73/90. Matthew Motha got the better of Tom Davey in a shoot off to finish 2nd on 70/94.

High Gun winners on the day were Alex Gobbo overall, Megan Grassi in Ladies, Bob Leita in Veterans and Liam Shore in Juniors.

The final event was the annual High Gun Champion of Champions. All previous High Gun winners who were present lined up to shoot two targets of each discipline shot throughout the year. The host club's Jacob Motha smashed all of his targets to become the overall winner and 2018 Champion of Champions. David Luelf dropped only two targets to claim the veterans' crown and Liam Shore grabbed the juniors' crown. Congratulations to the day's placegetters and thanks to all those shooters who support our club.

*Vince Mackson*  
20.2.22

Vince shooting at Guyra Sporting Clays c. 2013

Vince always reckoned he'd spent a fortune on rum and gunpowder!

Vincent John Mackson passed away in August 2018 at the age of 94 years. He had been a member of Guyra Gun Club for around 50 years, having lived nearby at Ben Lomond and later in Glen Innes. He proudly continued to shoot competitively until his late 80s or early 90s and retained his shooter's

licence and ACTA membership until his passing. Guyra shooters would see his 1967 Dodge Phoenix rumble across the grass at the club grounds, with his hat peering above the steering wheel and his old Miroku in the copious boot of the car.

Since his old shooting vest had seen better days, his equipment included a cartridge pouch made from an old handbag and belt, both purchased at St Vincent de Paul!

Vince Mackson and his grandson, Will, at Guyra c. 2013

Being a Ben Lomond carrier he had the job of transporting the stringy bark logs, used in the construction of the Guyra Club House, which was built in the 1960s. He was one of the shooters who would remember the hand pull device and the trap set up in an old ship's water tank.

Vince Mackson chatting with Rex Varley c. 2013

In recent years he was attending a club shoot in Guyra and asked Tim Bourke in the office for a couple of boxes of cartridges. "Do you want No 8 or 7.5 shot?" asked Tim.

"Doesn't matter," came the reply, "Anything will do, as long as they're not loaded with sand! Make sure they've got shot in them!"

In November 1968 his two sons, Jim and Bernie, were woken at about midnight to be proudly shown the Winchester he had won that day at the Guyra Open Shoot, a 30 Target Double Barrel event. The hospitality of Athol Cregan, Club President at the time, was legendary, as was the camaraderie of the Guyra shooters! Celebrations went on well into the night as Vince made the most of one of his biggest wins.

In 1972 he won a sapphire at the Inverell RSM Club, for the 40 Target Commonwealth Continental Single Barrel Championship. He was always proud of this victory.

He was a regular visitor to Ballandean with his Guyra mates in the late 60s and early 70s where he was always competitive and successful. He would travel to shoots at Gunnedah/Boggabri, Narrabri and Coffs Harbour.

He enjoyed telling the story of shooting at the old Glen Innes club, north of the town, on the main road to Deepwater. Mackenzies Store in Deepwater had the reputation, at the time, of being rather poorly stocked. His squad prepared for their event this day and the first shooter called, "Pull!"

"CLICK, CLICK" was heard and the referee and shooter examined the gun. "It's like Mackenzies Store in Deepwater," stated the shooter, "There's nothing bloody in it!"

# Junior training with a difference

All over the Country, there are always training sessions being held for our upcoming juniors. South Australia is no different, and, on Thursday October 11, SACTA offered a coaching day to juniors that are already competing to encourage their development.

Our State Junior Development Chair, was tasked with putting on a coaching session that was open to any junior clay target shooter. An acknowledgement of appreciation must be offered here to the growing number of juniors and their parents for taking an interest in this type of diversified improvement style for our sport of clay target shooting, a sport that seems to be getting more popular as each year goes by. The coaching was offered free of charge to our juniors on the day with the generosity of our sponsors. We also thank the students for taking part in this clinic.

Each and every one of our juniors that was asked took away some pearls of wisdom from the guest speakers information and were thankful for the opportunity to be involved. The day was about promoting issues that are often overlooked when being trained at this level and these trainings are usually reserved for the athletes at a more elite level.

The first of our guest speakers was *Luke Higgins*. I asked Luke to send us a brief overview of his lecture of the day and this is included below:

I was invited to be involved with the junior training day held at Monarto Clay Target Club, to talk about clay target shooting and vision. In attendance was a group of South Australian Clay Target Association juniors who were all keen to learn ways to improve their performance – a hallmark of future champions.

As a keen clay target competitor myself, I was more than happy to provide any advice and help to our juniors, that are the future of our sport. The target sports have a greater

*Top photo: Putting teachings into trainings – students on the DTL layout.*

*Above: Trying to create new 'habits' on the Skeet walks*

emphasis on vision and vision performance than any other sport. Simply put – you can't shoot what you can't see. As an optometrist and a clay target shooter I am interested in how we utilise and train our visual system to achieve improved performance.

During the junior clinic I gave a presentation on the following topics:

*General ocular anatomy [overview of how the eye works]*

*What makes up vision*

- Visual acuity [how small the target can be that the human eye can see it].
- Contrast sensitivity [how well we can see a target compared to its background].

*Luke Higgins – Optometrist & Flinders University Lecturer teaching our juniors about the 'Human Visual System'*

- Visual fields [how well we detect targets across our field of vision and how this allows us to detect and track targets].
- Binocular vision [how our eyes work together to give us accurate 'single' vision and depth perception].
- Eye Muscles [how eye movements help track targets].
- Colour vision [the incidence of colour deficiency within the population and ways to manage this].
- Tear film/dry

eye [the importance of the ocular surface for clear vision].

Once we had covered these aspects, we delved into how to get the most out of these components of our vision. We covered the importance of having our best vision through spectacles and contact lenses, choosing correct tints for improving contrast and reducing glare symptoms but still allowing enough light through to allow our eyes to perform at their best, utilizing the more sensitive parts of our visual field for fast target acquisition and speed of tracking, eye exercises to improve tracking accuracy and to warm up our eyes before competition, eye dominance issues, and how to deal with colour deficiency [colour blindness].

Getting the most out of our vision has a direct correlation with improved scores on the range. The object of my presentation to our future champions was to demonstrate the complexity of the human's visual system and to give advice on how to get the most out of this great asset so that they break more clays consistently and with greater ease!

*Dr Luke Higgins – Optometrist  
B. MSc [V. Sc.], M. Optometry, Oc. Therapeutics,  
Spec. Cert MLVP, Lecturer – Flinders University  
Clinical Optometrist and Sports Vision Consultant –  
Luke Higgins Optometry*

At the end of Luke's session the floor was open to questions, and the next half hour saw a barrage of personal development questions being had on a one-on-one basis between juniors and Luke.

Following on from Luke's presentation was our next guest speaker. Mike Fenwick presented our juniors the

*Mike Fenwick – Psychology of Shooting – enhancing consistent performance*

Psychological Skills of Shooting. I also asked Mike to send us a brief overview which is attached below:

*Brief overview of Psychological Skills Session. The introduction to using the mind/body connection to enhance consistent performance.*

Shooters were given information on how emotions produce chemicals that can either enhance performance or interfere with good execution of skills. They learnt

how Imagery is a useful skill for preparing, performance & focusing on the processes to get a positive outcome. Students learnt that the way they think (speak to themselves) will influence their ability to perform - the need to speak to themselves like their best friend would. Juniors now need to know how to flip a negative thought to a positive thought.

Affirmations are also important to setting up positive habits for life & sport. The key to executing a skill well is to focus on the processes to produce a positive outcome. Focusing on the outcome only produces pressure. Greater understanding of the brain functions will allow participants to develop positive habits for sport & life.

*Mike Fenwick*

In collaboration with our 2 guest speakers, a coaching session out on the walks was had by all to see if they could put these new practices in to good use. Many went away with a smile, ready to face their opponents when they are next on the field.

We would like to extend our thanks to all that supported the event and our sponsors for the day – South Australian Clay Target Association, Monarto Clay Target Club and their staff, Marc Maddaford from Star Club Murraylands, Sean Halfpenny from Winchester Australia, Deb & Len from BronzeWing SA, Wally Clarke from Clark Ammunition, and John & Sue Byrnes of Champion Cartridges.

# Gympie – better than ever

Gympie's annual two-day shoot scheduled for the second weekend in October was postponed due to a major weather event in the area. Traditionally, a postponed event doesn't live up to expectations, however Gympie Club members are claiming the rescheduled event held in November as a major success.

After a week of temperatures nudging the high thirties, a cool change ensured conditions for the event were close to perfect. With a light breeze (just to keep shooters on their game) and temperatures of around 25 degrees, in excess of 70 shooters participated over the two days. The recently improved facilities which include a fourth layout were tested and passed with flying colours.

Shooters enjoyed a three-course meal on Saturday night, which included a venison wrapped pig on-the-spit prepared by club members. All those present gave this a big tick of approval, along with the prawn cocktail and dessert prepared by club members Bruce & Clancy Pearce of Fisherman's Haul.

The trophy table was full of goodies, with several new sponsors joining in this year. A multi-draw raffle was popular, giving those shooters who weren't on the money, a chance to take something home.

Club member, Kev Shaw crafted a beautiful outdoor bench to reward the overall High Gun shooter for the weekend. This was won by Daryl Stevens lucky you brought the truck, Daryl!

The club thanks all sponsors, shooters, visitors and workers who participated to make the weekend a success.

# Double Barrel, Points Score Shot at Bega

What a better way to celebrate daylight saving than to go shooting, especially when you can shoot at the Bega Gun Club's Tarraganda range. Pleasant, slightly cloudy conditions greeted the twenty-seven eager participants who rolled up to take on the two events – 50 target double barrel and 50 targets points score.

First event, the 50T double barrel saw Michael Durnan win C Grade with a score of 46/50, three targets up on Christel Feldman, 43/50. B Grade went to Keith Pearce, who shot a nice 45/50 to win from George Toyne, 43/50. In A

Grade, Tony Gray and Alf Niesar went to a shoot off with Tony winning, 55/57, with Alf on 54/57. AA Grade also went to a shoot off, with Phil Body picking up first with a score of 54/56. Charlie Smith followed up his recent away form to take second, 53/56.

A slight pause for the usual great barbecue lunch and event 2, the 50T points score rolled up. Just to make it more interesting, the wind began to gust up intermittently. Charlie Smith handled the conditions well to score 149/150, pulling a second on the third last clay. Ray Welch took second with a neat 145/150. Alf Niesar collected 139/150 to take out A grade, with visitor Rodney Bresnan taking second with a score of 138/150. The venerable and ancient John Siede showed B Grade how, with a score of 142/150, with George Toyne again taking out second, 129/150. In C Grade, Michael Durnan made it two out of two with a score of 126/150, with Tom Peadon taking second, 122/150.

High Gun went to Charlie Smith, 197/200 and Doug Blewitt won the meat tray for the shoot raffle.

## ADVERTISERS PLEASE NOTE CHANGE OF FORMAT SIZE FOR CTSN

As from January 2019 issue, the **Clay Target Shooting News** will adopt a new format size and will become a standard A4 production, that is 297mm deep x 210mm wide.

The CTSN has in the past, needed to be trimmed to a smaller size (267mm x 197mm) to keep postage costs down.

For Club and general advertisers the new sizes are described here.

The magenta box represents a 1/2 page horizontal advert, the size for this is 126.5mm deep x 178mm wide

The cyan box shown represents a 1/4 page vertical, its new dimensions are 126.5mm deep x 86mm wide

The black box shown represents a 1/4 page horizontal, its new dimensions are 60mm deep x 178mm wide

The orange box above represents a 1/8 page, its new dimensions are 60mm deep x 86mm wide
