

ACTA WEATHER POLICY

1. LIGHTNING

All shooting will cease immediately following lightning in close proximity. Shooting will be suspended for a period of 30 minutes, should further lightning occur the period of non shooting will be extended a further 30 minutes.

2. EXTREME HEAT

It is strongly recommended that clubs provide water to each layout for competitors and officials. The ACTA considers that heat over 35 degrees to be extreme.

3. TORRENTIAL RAIN

Shooting in torrential rain is permitted, however this will be at the discretion of club management.
