The I.C.I. Air-Fare Award, recently announced by I.C.I.A.N.Z. Limited, to the winner of the special I.C.I. Air-Fare Handicap of 50 birds double-barrel from Association handicaps, whereby the winner of the Handicap mentioned receives a free return air-fare from the capital city of each State to Melbourne for the National and International shooting competitions, has been warmly received in all States. The event in every State created much enthusiasm and further stimulated worthwhile interest in the outcome of the big series. The Company (I.C.I. Ltd.) have advised that its intention is to make the award an annual one. On behalf of the Association and shooters generally, sincere thanks and appreciation are extended to the donors.

Due to shortage of time, Queensland was unable to advertise details of the I.C.I. award, but the South Coast Gun Club went to the trouble of circularising all Queensland clubs so that all would be familiar with the details.

A number of queries have been raised in recent weeks by clubs and shooters. One Victorian club writes, "I would like to ask if in any event the trapper was accidentally shot, who is to get the blame? Should the trapper be insured by the club?" In this case it is certainly the club's responsibility to ensure that its employees are protected under the Workers' Compensation Act. The Act

is Australia wide and clubs who may have overlooked this matter should not hesitate to arrange details forthwith. Some insurance offices may not understand the duties of club officials and would not be prepared to accept the risk. If any club experiences this difficulty, the Association would be pleased to assist and advise the name of a responsible insurance office who would undertake this type of risk. Clubs should remember that insurance under the Workers' Compensation Act is compulsory and failure to obey the clauses outlined in the Act could bring a penalty by the Court.

A club in another State recently asked for rulings on one or two points. The club asks, "A shooter has a whole bird thrown—(a) the shooter considers it a slow pull—or (b) the bird is a wobbler. Under the new rule he must accept the bird. He does so and breaks the bird. After it has been broken, the referee calls no bird or he calls no bird simultaneously with the breaking of the bird. Can the shooter claim the bird as a kill under these circumstances?" The whole of the question raised by this club revolves around the matter of efficient refereeing. If the bird was a "wobbler" it was a no bird and the referee should declare this so immediately. If the shooter beats the call, little can be done about it, other than the club management should ensure that efficient referees operate. No shooter can referee his

March, 1958

own target—this is one of the primary reasons why the present rule was introduced.

During the past month or so it has been brought to the notice of the Association that one or two clubs have been staging major events on public holidays without first obtaining Association approval. It is pointed out that the Association is "in control of all holidays" and clubs wishing to conduct events on these days should first obtain the formal approval of the Association before holding them.

In previous years there have been occasions when visiting shooters to the National Championships at East Burwood (V.) have found it difficult to secure suitable breakfast before leaving their respective hotels to undertake the journey to the shooting grounds. Arrangements have now been made with the caterer to supply breakfast to any shooter requiring this service. It would be of some assistance, however, if any intending to partake of this service would inform the caterer the day prior, if that is possible. At all events, the service will be available and it should prove a boon to those having to leave early in the morning without suitable breakfast.

The National Championships fixture at East Burwood (V.) will this year be graced by the attendance of two outstanding New Zealand shooters in Messrs. Allan Brown and J. McKenzie. Both have booked accommodation and arranged their transport details. Brown was runner-up in the New Zealand Double-rise Championship in 1955 and also represented his country in the International in 1956. McKenzie has won three New Zealand National titles and has been a member of the N.Z. International Team on two occasions. Australians will welcome the appearance of our New Zealand kinsmen in the National series and we extend a warm welcome to them.

It is pleasing to announce that arrangements have been made for the re-introduction of the feature "Ten Years Ago". "Ten Years Ago" was a very popular section of this

March, 1958

publication up to a few years ago. Due to the war intervening, it was found necessary to drop it for a period. Now with the post-war era ten years behind, we can again bring the feature back. Those interested will observe that the new feature will be titled "Out of the Past" and will include happenings in the clay pigeon shooting world both "10 years ago" and also "20 years ago". To those who took part in the sport in the long ago the "20 years ago" section will doubtless bring back some feeling of nostalgia. Nevertheless the section should prove of more than general interest.

ARE YOU SATISFIED WITH YOUR GUN AND SHOOTING RESULTS?

Have you reached the stage that you have now become one of the forgotten legion on a mark that brands you an average shooter? Yes, many shooters are asking the same question. Where do I go from here, can I improve if I change my gun or the fitting of my present gun? Is my style right—have I speeded up my shooting now to such an extent that my pattern is too close from 16 yds. or my handicap mark? It is a fact that many shooters have realised this position and have asked Evans & Balfour for some guidance on these questions. So if you are interested, either write for details or call at our store and see our experts. Interstate shooters, visiting Melbourne in March for the Australian championships, discuss your problem with us at the ground, as this will be a most opportune time!

Remember, we cannot promise to make you a champion shooter, but we will certainly improve your shooting.

OUT OF THE PAST

Twenty Years Ago

A mountain eagle shot in the Bairnsdale district of Victoria late in 1937 required seven direct shots from a .22 rifle to grass it. When measured, the eagle went 7 ft. 2 in. across the wings.

Ormond (V.) trapshot "Calrossie" (Jack W. Sutherland) gave followers of the sport a glimpse of his versatility in March, 1938, when he won the Commonwealth Walk-up Championship at clay pigeons on the King's Meadows grounds of the Tasmanian Gun Club at Launceston. The match was the first Commonwealth event ever held in Tasmania. "Calrossie" missed his 3rd, 15th, 18th and final birds. Two local shooters in Alf Poxon (Launceston) and Ernie Chugg (Relbia) filled the places. Holder of the title was the late Claude Abell, which he won on the old Nobel grounds at West Footscray. Among the competitors was a New Zealander, H. Gee.

Ten Years Ago

At the Coburg Club's grounds at North Coburg, "Bendigo" (Harry Ceresa) won the Victorian Skeet title for 1948, with a score of 25/31. A preliminary three rounder at skeet was won by Roy Johns. The final event, a five birder, was won by Billy Scott with a score of 13/13.

The Club Deauville Doubles Championship at the Camberwell Club's fixture at North Balwyn went outright to John Bryant Junr., and Les Schilling, who downed the only full score of 15/15 pairs straight.

G. C. Rutledge (now a Brisbane resident) was under notice at the Nobel grounds when he won one of the first "clay sparrow" events ever held, as well as being a successful partner in a Deauville Doubles event, and winning outright a 10 birder.

W. R. (Bill) Bloomfield was also prominent with a good win in the Blackburn Club's Single-barrel Championship. Shooting in a gale, Bloomfield dropped only one target in 15 under single-barrel conditions. Bloomfield was twice holder of the Commonwealth single-barrel title.

The special Sydney 150th Anniversary Shoot was advertised for the first time. £250 in prize money is noted as "being the largest amount ever offered for clay pigeon shooting in the Southern Hemisphere". This series was shot on the grounds of what was termed the "Pagewood Studios" in Sydney.

Runners-up were Frank Brown and Roy Longmore, 16/18, with Aub. Johnson and Ron James third, 15/18.

A 12/14 yarders trophy in the same contest was taken out by Frank Hockey and Vic Fraser, 14/17. Frank Hockey is the well-known Association patron and donor. Aub. Johnson was apparently shooting in top form, for he divided a miss-out match with Harry Roberts and Garson, then "off-the-fence" Johnson is again shown as one of the two receiving cuts, the other one being John Bryant Junr.

• GUN GOSSIP •

(NORTH COUNTRY
in "Shooting Times")

The speed of a bird in flight naturally is an important factor in shooting. What I find is that a bird may be too fast or too slow. Both speeds can be the cause of a couple of empty barrels and nothing to show for them. At a recent shoot birds which were "all out" seemed to defeat shooters generally—which, I suppose, is what must be expected. But I saw other birds flushed near the guns and fired at, and apparently clean missed—birds which never had a chance to reach any respectable flying spread. It seems to me that most of us do best with birds at a fairly moderate rate.

A powerful whirr of wings can be too much for some nerves. In other cases such noise is accepted as a challenge—bringing out the best in return and marshalling all you have. Much depends on your nervous make-up—as it always does. But I prefer to miss honourably than to "muff" the one which rises (it might be said) at one's feet. You feel less of a fool in front of your colleagues. And who does not like to keep up something of a reputation?

The best shot I have seen of late has been a friend who some few years ago discarded his 12-bore and took to a 16-bore. This man has always been a good game shot and I am not attempting to make out that his good shooting is due to his change from a 12 to a 16. What I do think, however, is that if a man at middle-age feels he would like to make a change, a 16 should have first refusal. A popular bore in many places abroad, I have known many a satisfied user and seen first-class shooting with it. Usually a shade over 6 lb., it handles and balances perfectly and is a "gem" of a gun.

My friend's gun (one of a pair) carries rather more choke and kills "so very dead" at a full 40 yards. After all, 15/16 oz. of No. 6 shot gives you 253 pellets to play with, and 60 per cent. of this in the 30-inch circle at 40 yards, allows a sufficiency of pellets, and to spare, to kill any

game bird at that distance. I am a great believer in No. 6 as an all-round pellet size and unless halves come into it in a big way, I see no reason to make a change. Where shooting is confined to smaller birds, No. 7 may well be adopted as the regular size. Some who specialise even use No. 8. The fact that many of us kill with No. 6 is no criterion. It is just because it happens that way.

Exceptions to the Rule.

All sorts of game, etc., are killed with odd sizes—in practice. For instance, hares with No. 8 and snipe with No. 5. At fair ranges, too, I have killed snipe a long way out with No. 5—I dare say with a single pellet, though I have never troubled to check on this. Again, this is no criterion. If such sizes were regularly used and in a big way, their disadvantages would sooner or later become apparent. Many a pattern thrown by No. 5 must be thin enough, in places, to allow a snipe to escape, for instance. For steady shooting, where you wish to make sure of your bird time after time over a long series, there is nothing to equal a well-filled pattern. Do not be put off by what others may say about smothering your birds. After all, your job is to kill them and make a bag. You will still miss often enough! Do not we all?

If it is accepted that a goodly charge of pellets is vital to shooting, the necessity still remains for a well-bored barrel to make the best of them. Cartridges and loads are not enough and yet they may be unjustly blamed. Guns vary, and some barrels do not throw good patterns. Among my guns some give better patterns than others—other things being equal. So altogether, a number of factors enter into our shooting. And when we view the culmination of all this in good, clean kills, we may well be satisfied. A lot of work goes into successful shooting.

GUN GOSSIP (cont.)

There is a considerable difference in the health, strength and general vitality of individuals. But this fact may not become sufficiently evident until later in life, when the sixties are reached. For that is a time, it seems, when bodily weaknesses and imperfections are made manifest, and the man who is not so fit (and perhaps never has been) will be unable to measure up to the stronger man or to make fair competition with him.

This has long been recognised in shooting — a sport which fortunately can be followed (in one way or another) almost as long as life lasts. So it is that much time, capital and experience have been sunk into the making of light guns for the purpose of easing the burden of the shooter who is not so young. This is a policy which deserves general approbation. But I would add one or two comments.

First of all, let it be said that many a working-man who either cannot afford a fresh gun or who does not feel justified in incurring the extra expense of one, makes do with what he already has — in spite of his rheumatics or other ailment. This may mean a handicap — no doubt it is a handicap in some cases. Yet we see these people shooting as well as ever with the same old gun — at least, many of them. Is this a case of necessity? Or would it, in some cases, be due to the fact that the countryman does not like change and prefers to keep to his original routine? I certainly believe that many a staunch shooter would rather keep what he has and would prefer the "devil" he knows to the "devil" he does not know.

I have in mind some of those good friends whom I have known for a very long time. Some of them are well blessed with this world's goods, others are less fortunate in this respect. Some are fit, others are not so fit. What do I see? Many of them who can easily afford it take to light 12-bores, 20-bores, even .410 bores — anything to save weight and consequent effort. They seem very pleased over all this and tell me their shooting has improved. Those who are less affluent stick to what they

have (in spite of "Anno Domini"). Does their shooting suffer as a result of this? My point is that it does not appear to do so.

I know a man who is actually now in the mid-eighties and who still wields the same rather heavy 12-bore which he had 40 or more years ago. Of course he is not so fit, active or strong as he used to be, but as far as I can judge, he shoots all right (though he is a bit slow, perhaps, in getting round to certain birds). This man is not, and never has been, blessed with this world's goods. He has to make the best of what he has and I doubt whether light guns would make any practical difference. Yet other friends change down as the years go on, saying that they cannot cope with full-weight weapons. I sometimes wonder how true this really is!

I do think, though, that if you intend to change to a lighter gun (whether a small-bore or some kind of specially light gun) it is best to make the change at an early enough age. This, I feel, is better than waiting until old age sets in. Such policy allows you full time in which to acclimatise yourself to another weapon. An uncle of mine, who was always a very fine shot, took to a 20-bore when he was only about 55. This became his gun for the rest of his life and he was very proficient with it. Had he waited for another ten or twelve years I am a bit doubtful as to whether matters would have proved so satisfactory. In other words, if a change is intended, it is better (or so it seems) to make it reasonably early. In this way greater benefit is derived (or shall we say more value from the investment).

The fact is it takes time to adjust oneself to the use of a small-bore — whether or not its use has become necessary owing to the advance of years or for any other reason. There is a small sacrifice of power — which calls for appreciation — but the main difference will be that of weight and balance. At first this may prove a little disconcerting to the shooter. He will miss that steadying influence of the heavier weapon, and possibly he will, at first, shoot too fast. Time will be needed to get the best out of the gun.

The Ibis and "The Fool with a Gun"

(By H. F. THOMAS
in "The Riverlander")

Indicative as it is of the all too prevalent wanton killing of protected birds, the following paragraph from "Sunraysia Daily" last year is worthy of note:

"A large flock of Ibis that had been cleaning up pests at Irymple had been scared off by indiscriminate shooting, an Irymple grower said. They had been cleaning up snails and slugs which were doing considerable damage on local properties. He had heard shots at the week-end and found dead Ibis among his citrus trees. The flock had not come back since the shooting. The grower added that on other occasions magpies and other harmless birds had been shot in his area."

This flock of Ibis was made up of two species—the Straw-necked Ibis, "Threskiornis spinicollis", and the much less numerous White Ibis, "Threskiornis molucca". The strength of the flock was approximately 65 Straw-necked and approximately 15 White Ibis. How many people realise, when they shoot the latter species, that they are killing a bird very closely allied to the Sacred Ibis of ancient Egypt, and how dire punishment would have been a few thousand years ago?

The Sacred Ibis makes its appearance very early in Egypt's history, and it was an object of worship in pre-dynastic times. The exact reason why it first became sacred is obscure, but is probably connected with totemism. Symbols and totems almost certainly date back to the time when Egypt was inhabited by a number of partly independent tribes, and it is likely that each tribe allied itself with some particular animal or other object and used this figure as a tribal symbol, or totem. As time went on, there developed the imposing array of gods in human form, with animal heads, which played an important part in later culture—Sobek, the crocodile; Anubis, the jackal; Horus, the hawk, and the one with which we are here concerned. Thoth, the ibis. These became more idealised, and Thoth—at first probably signi-

ficant as a bird totem and nothing more—became the measurer of celestial seasons. At the height of his power he was regarded as the god of magic, of knowledge and of the moon, and was expected to preside over the judgment of the souls of the dead. He was considered the inventor of numerical figures and of time-keepers—and was so sacred that in the time of the Pharaohs to kill his image—the bird itself—was a capital crime. Many mummies of the birds have been found in tombs. A certain cunning King of Persia, on mischief bent in Egypt, is said to have had a number of Ibis carried in front of his attacking warriors. The Egyptian defenders capitulated rather than risk hurting the birds.

These, then, are the birds—or their very near relatives—that are being shot so casually among the vineyards and citrus groves at Irymple. Obviously one thing the ancient Egyptians had that we haven't got was an extremely high regard for the Ibis.

Why haven't we? What prompts trigger-happy individuals periodically to "go out and kill something"? When it is an Ibis, not desire for something for the pot. They are a poor item of food; it seems inconceivable anyone would eat them from choice. Again, they were not being shot for any scientific purpose, and surely no one in his senses could imagine they were damaging or eating anything of commercial value? Their food consists largely of creatures like crickets, beetles, newts, frogs, caterpillars, cutworms, small reptiles and fresh-water crustaceans, most of which are either destructive or neutral towards the man on the land. Ibises eat vast quantities of grasshoppers—astronomical numbers—and this fact alone ought to ensure that the most thoughtless "sportsman" would leave them in peace. If, indeed, as the "Sunraysia Daily" paragraph suggests, they also include slugs and snails on their menu, surely this is just one more good reason why they should be allowed to go unmolested.

Poisoning Foxes

(By N. McD. SMITH in the
"Cane Growers' Quarterly", Qld.)

Successful poisoning of foxes over a long period depends on frequent changes in the method of baiting, and the type of material used for bait.

At Bundaberg (Q.) damage to canefields from the pest fluctuates considerably, depending on the season. Some farms, however, receive regular attention from foxes, and losses of economic amounts occur in fields of Q.50, which is the variety most favoured for attack. Trapping has never been tried to any extent, but in 1953 an interesting protective measure, using an electric fence, gave excellent results. Three strands of plain wire were rigged at intervals up to two feet from the ground and an electric impulse outfit, similar to the usual electric fence set up, provided "live wires". The enclosed field was satisfactorily protected and a pad around the fence was easily seen where the animals had scouted the barrier, seeking a break. However, this method offered only individual protection and resulted in greater damage to other fields. Therefore, baiting with strychnine offered the best chances of eliminating damage.

A change in bait is all important, and fish was found to be more enticing than partly cooked pork, raw sheep's tongues, raw kidney and fowl.

The method of preparing the fish was to obtain bodies from which fillets had been removed and cut each into three sections—head, middle and tail. The pieces were then placed in the freezing chamber of a domestic refrigerator until frozen solid. On removal the pieces were separated and one small cut made in a fleshy part of each bait. Three to four grains of the crystal form of strychnine were placed in the cut and the baits distributed partly buried in the ground while they were still in the frozen state. The advantage claimed for the freezing was that thawing removed much of the smell

of human handling and rendered the fox less suspicious.

The take of baits will decrease after a short while and a change of material will be necessary. Fowl carcasses are rated next to fish, according to local experience, and the three to four grains of strychnine are introduced into an incision at the head and at the tail. There appears to be a better killing effect if the body is warm at the time of poisoning. However, a check on kill is difficult to assess using fowl bodies, for the fox often removes a large food piece to a harbourage where it is eaten at a later date.

Concerning other attractive bait material, there are many variants, and trials will establish something which will be temporarily satisfactory. A case comes to mind of an animal which avoided all classes of bait, but eventually succumbed to rotten eggs which were buried with very little cover near the regular track into the canefield.

Placing of baits involves a knowledge of animal tracks into the farm and can be determined by an inspection of headlands, etc., for paw marks and lining up damaged cane patches with likely harbourages. The number of baits laid must be counted for safety's sake and also to learn when to change to something different when the take drops off and damage still occurs. The number laid over an area depends on variable factors, but the distance apart for fish baits is every three to four paces in an area of damaged cane.

Where poisoning is being carried out, it would be advisable to display a notice to this effect in conspicuous places on the farms concerned, and as an act of courtesy, neighbouring farmers should be advised to chain up their dogs. The strictest precautions should also be observed in storing the poisons and baits away from the reach of children.

Coffs Harbour (N.S.W.) club correspondent, Ted Wedgwood, has returned to his northern rivers home after a long sojourn in Melbourne. In a recent note Ted reported that he is back enjoying the fruits of his district, i.e. bananas, tall timber, fish, prawns, lobsters, crabs, etc. Ted had the misfortune to lose a leg some months ago, but he claims he is now

doing quite well and expects to be "dusting 'em" again in the near future. Coffs Harbour Club will shoot the Northern Rivers titles on December 27.

"There's nothing like riding a horse to make a man feel better off."

The wild pig depends on roots and tubers for his food. His durable snout acts as a combination steam shovel and bulldozer—it's used to lift and push weights, to dig, and break through tangled brush and grass.

The Mildura Club, in far north-western Victoria, will shoot over the Queen's Birthday holiday week-end, commencing on Friday, June 13, and extending to Monday, June 16. Runner-up will receive £100, third £50, and there will be seven prizes each of £12. Shooting will commence at 9 a.m. on June 16 and handicaps will be shot all day, including the big event for the Volkswagen. Rawlings (secretary), Bruthen (Phone Bruthen 67) or to President, A. A. Innes (Phone 13).

A report from Northern Australia reveals an interesting "snake" story. It appears that a 6-foot taipan "attacked" a sedan car at Salt Water Creek on the Ingham Road (N.Q.), about 28 miles out from Townsville. The car carrying a party of three men was returning to Townsville. The report advises that the car was travelling at leisurely pace along the Ingham Road when the taipan "reared" up about 15 yards ahead of the car. The car was stopped and all three occupants jumped out on to the road. One grabbed a jack from the boot of the car and broke the taipan's back after it had struck viciously at the car's radiator. It is not usual to hear of the dreaded taipan acting in this way.

The Victorian quail season will, again this year, be divided into two sections. The first of four weeks and the second of eight weeks. The first part of the season will be from March 1 to March 29 and the second section will be from May 3 to June 28. The proposed season would allow more shooting in those areas where quail were normally plentiful early in the season, but are less plentiful later in the year. The shooting "seasons" would avoid most of the birds' breeding season.

Cloncurry Club in north-western Queensland will shoot over the Easter vacation period, actually on April 5 and 6. On the opening day main events are a £100 Handicap and the North-Western Queensland Double-barrel Championship. On Sunday, April 6, the Queensland State Walk-up title at clay sparrows, plus another good handicap (£60), will be principal events. Good supporting programmes have been arranged on

both days. Details are as advertised. Enquiries to joint secretaries, Mrs. E. A. Lemmon, Box 147, Cloncurry, Q. (Phone 98) or D. Edwards, Leichardt Hotel, Cloncurry (Phone 109).

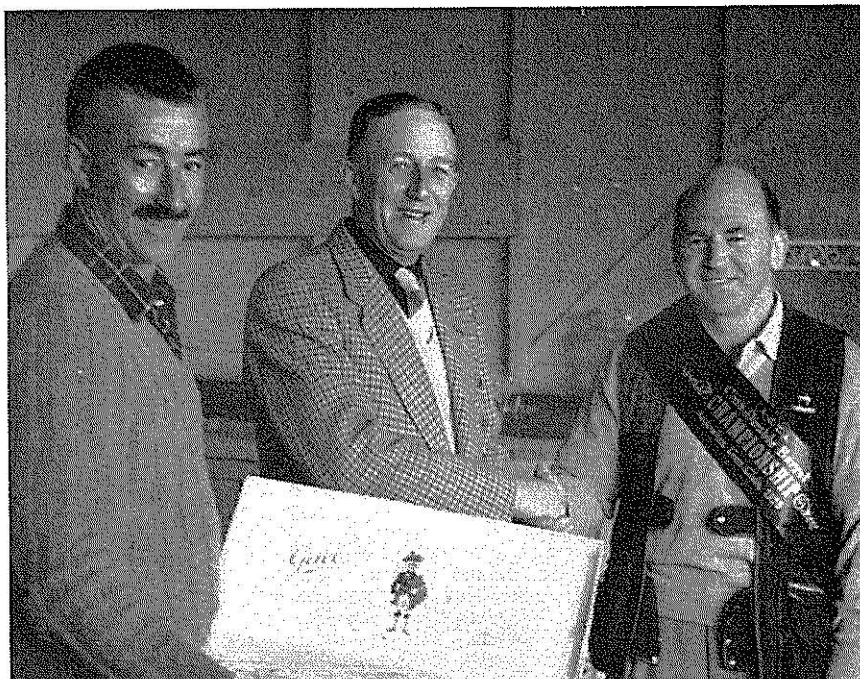

Wonthaggi Club, in the eastern Victorian (South Gippsland) coastline, has arranged a good shoot for March 29, when proceeds will aid the Wonthaggi Citizens' Band. Trophies valued at £100 will be available. Any visitors desiring accommodation should ring M. Cargill (secretary), of Edgar Street, Wonthaggi, at Wonthaggi 259, or after hours, Wonthaggi 286, or Ryanston 203. Programme is advertised in this issue.

Bill Harney, the well-known bushman of Central Australia and "keeper" at Ayres Rock in the Centre, has this to say about the aboriginal, "As a rough rider the aboriginal is looked

upon, by those who are not biased against him, as excellent. As a tracker he has no equal. As a drover and an expert with wild cattle he knows his game and he can take his own with the best of them."

Tully Gun Club in North Queensland announces preliminary details of its usual June carnival, when £1,000 in prize money will be distributed over three days. Included will be the Queensland Interstate Teams' Shoot for 1958, the Queensland D.B. night title and the North Queensland Double-rise Championship. Full details will be published in later issues of this journal. Enquiries to D. J. Noone, Box 369, Tully, N.Q.

Both the Coburg and Camberwell Clubs have given their fullest co-operation to the Association by cancelling their club shoots set down for

E. G. Biggs (right), winner of the Australian Club's premier (D.B.) title at East Burwood on February 1. Biggs dropped one target in 80. Left is Eddie Brenk, club secretary, and centre, W. McCullough (Secretary A.C.T.A.)

March 8. Cancellation of the shoots mentioned means that the National series will have an unencumbered Saturday for the National Double-barrel Championship.

Pittsworth Club in southern Queensland will shoot on March 30, when the Darling Downs Double-barrel title, a £100 Handicap and the I.C.I. Trophy event will be main attractions. Full details of this shoot are advertised in this issue. Enquiries to Cliff Burns (secretary), Pittsworth Gun Club, Pittsworth (Q.) (Phone Pittsworth 142).

Coburg Club (V.), as mentioned earlier, has cancelled its shoot set down for March 8 so as not to clash with the Association fixture, and will shoot on March 22 and April 5. Twenty-bird events with supporting programmes are main events on each day. The club gives preliminary notice of the Coburg Cup event, at 60 targets, which will be shot on May 17. Programmes are advertised. Enquiries to C. J. Colledge (secretary), 12 Adler Grove, Merlynston, N.14 (V.) (Phone FL4835).

An interesting teams' match is mooted in the north-western sector of Victoria. The West Wimmera and Mallee District Clubs intend holding a district teams' competition at Horsham on Saturday, April 12. Clubs in each sector will select teams of ten men a side and these combinations will do battle at Horsham on the date mentioned. Much local interest is being evinced in the match and it would not be surprising if a few side wagers were noted before the final figures go up.

The Australian Gun Club's grounds at East Burwood (scene of the 1958 National series) will be a rendezvous of much activity over the days preceding the big shoot. On Wednesday night, March 5, the club will conduct the Metropolitan Night Single-barrel Championship. On Thursday, March 6, the club single-barrel title will be decided, followed by the Metropolitan Single-barrel Championship. It will be noted that the club is providing potential national single-barrel champions with plenty of practice under single-barrel conditions. The club desires it to be known that visiting shooters will be made honorary members of the club for the period

of the shoots (both preliminary and after the big shoot) for all club events. Enquiries to secretary, A. H. Brenk, Dickens Road, Olinda (V.) or to George Biggs (President), at Phone BF 8400.

Apropos of the feature "Twenty Years Ago", in this issue. Talking with "Calrossie" (J. W. Sutherland), just prior to going to press, I reminded him of his success, mentioned in the feature. He promptly added that, as was the custom in those days, a draw took place to decide the order of shooting. As a prominent guest, "Calrossie" was asked to do the draw. During progress of drawing, one shooter's name dropped out of the hat on to the ground. "Calrossie" said to the secretary, "That's bound to be the winner." His tip was correct—it was the slip carrying his own name and he was the winner!

LIFE AT ITS BEST

The horse and mule live 30 years
And nothing know of wines and
beers;
The goat and sheep at 20 die
And never taste of Scotch or rye;
The cow drinks water by the ton
And at 18 is mostly done;
The dog at 15 cashes in
without the aid of rum or gin;
The cat in milk and water soaks
And then in 12 short years it
croaks;
The modest, sober dry-bone hen
Lays eggs for nogs then dies at 10;
All animals are strictly "dry";
The sinless live and swiftly die.
But sinful, ginful, rum-soaked men
Survive for three-score years and
ten.

Teacher: "Willie, if James gave you a dog, and David gave you a dog, how many would you have?"

Willie: "Four."

Teacher: "Now, Willie, think hard. Would you have four dogs if James gave you one and David gave you one?"

Willie: "Yep, I already got two dogs."

How do Pigeons get Home?

By D. H. DAY

The age-old mystery of how pigeons find their way home is still unsolved, but most racing men are more concerned with improving the speed with which a bird homes rather than how it does it.

The late Mr. Jack Kilpatrick, of Ireland, wrote of the homing faculty: "It may seem absurd to suggest that pigeons find their way home by navigating by the sun, when we know that the sun is never over the same spot on the earth more than a few minutes each day.

"Yet we must admit," he said, "that the sun and its position in relation to the earth have an influence on pigeons' lives."

Mr. Kilpatrick supported his theory by saying that on a bright day birds cleared the race point in a few minutes on the correct line for home, but on a dull day, with a heavy, overcast sky, they hesitated, flew about for some time, and then made off, probably in the wrong direction, and went back to the liberation point.

Colin Osman, in his new book, correctly states that a pigeon homes to its loft, and not to a geographical position.

This was proved during the war in the training of pigeons to fly to mobile lofts. If the lofts were moved, the birds would search for them until they found them.

Other theories about homing are that pigeons have extra-sensory perception, or that a pigeon loft transmits a beam, like radar, on which the birds fly home. (Some pigeons must have very poor radar sets!)

Rotation of the earth and the earth's magnetism are other theories.

Very little scientific work has been done on any theory, and what has been undertaken has been just as quickly upset by other scientific experiments.

"The Gun" — a Friend

If a gun is a friend to a man, if he knows and cares all about its personality and ways, then that goes some way to prove that he is a genuine sportsman.

One's guns are one's friends. They have been companions of many night watches in darkling and dawn, in cold moonlit midnights, bitter winds, ice-cold hours, and the roaring tempests of God. One loves their gracefulness (to many of us a perfect gun is the most beautiful thing that skilled handiwork can produce), and utter efficiency, combined with perfect execution, is indeed a wonder of this day.

The furious passions of chemic things are let loose by the sure action of the most studious inventions, by the supremest nicety of mechanism, refined and brought to perfection by hundreds of brains and innumerable experiments, and to say that a gun is a thermo-dynamic engine by which the potential energy of the explosive is converted into the kinetic energy of the projectile, is merely to define and not describe a gun.

—"The Complete Wildflower" by
Stanley Duncan and Guy Thorne.

—:—

A small boy who was playing at the end of the pier fell into the sea, and was only rescued after great difficulty by an intrepid swimmer, who dived off the end of the pier and succeeded in getting the boy into a rowing boat.

Half an hour afterwards, much exhausted by his effort, the rescuer was walking off the pier when a man came up and tapped him on the shoulder.

"Are you the man who saved my son's life?" he said.

"Yes," answered the exhausted hero.

"Then," said the boy's father, "where's his cap?"

AROUND
THE CLUBS
AND MEETINGS...

COBURG (Vic.). — We commenced operations for the new year on January 11. As is usual for this time of the year, the attendance was on the small side, but those present had an enjoyable time.

The 10 birds Points went to Norm McKenzie (27/30), from Bill Robertson (26/30) and Peter Poole (24/30).

Two 20-birders followed. The first was divided between Con Morley, Tom Savage and Bill Robertson, each 19/20.

The same trio were prominent in the second 20-birder, Con Morley winning outright with a clean score.

Tom Savage (18/20) was second, and third place was divided by Bill Robertson and N. Barnard with 17/20.

On January 25 we got into our usual stride, and the main event was the Club D.B. Sparrow Championship.

We had quite a few visitors, prominent amongst them being Brian Addison and Peter Jackson (N.S.W.) and Harold Ticehurst (Qld.). Brian Addison was the winner of the car at Hay last year, and Harold was combining business with pleasure, he being on his honeymoon.

Commencing with the traditional 10 birds Points, this event was cut by Les Eastoe, Bob Jorgensen, A. Monk and Roy Kilkenny.

The Championship produced a strong field. The winner was Sel Power (28/30), and the victory was a very popular one indeed. Sel is a good clubman and we all wish him further success.

Don Glover and Don Latham filled the placings and the 12/16 yards trophy went to Roy Kilkenny (13/20).

A 20-birder went to our Queensland visitor Harold Ticehurst with 20/20.

We propose to stage the Coburg Cup on May 17. This event will be shot at 60 birds, and will be divided into five sections, all shooting from different marks.

The divisions and their marks will be as follows: 12/16 yds. (shot from 14 yds.), 17/18 (from 16 yds.), 19/20 (from 18 yds.), 21/22 (from 20 yds.) and 23 yds. and over (from 22 yds.).

The outright winner will receive a Cup and trophy valued at £25; second trophy valued at £15; third trophy valued at £10; fourth trophy valued at £7/10/-; fifth trophy valued at £6/10/-.

Best score in each division, for those not winning any of the five major prizes, will receive a trophy valued at £5.

There will be an optional sweep overall of

10/-, and also a 10/- optional sweep in each division. The entry is £3/10/-.

This will be preceded by a 5-bird practice event, for which the entry is FREE.

We have other good events listed for the year, and when dates are ratified, we will give full details.

These were our first Championships, and Mr. G. Henkel of I.C.I. gave us very valuable assistance in conducting them. Jack Foster (Walgett) shot very well and he won the High Gun Badge for the day. There were shooters from Walgett, Lightning Ridge and Warren. The shooting was well up to standard and in one trophy event there was a marathon shoot-off. Charles Burke (Walgett), a novice shooter, shot very well for a complete beginner. There was an event for the ladies, and their help in providing dinner and afternoon tea was well appreciated.

(H. T. Hutchesson, Hon. Sec.)
COFFS HARBOUR (N.S.W.).—The Northern Rivers S.B. C'ship was decided here on Dec. 28. A fine bright day with just a breeze made conditions very good and some good shooting was witnessed. Club officials were disappointed at the poor number of entries, but while quantity was missing, the quality was certainly there. Shooters of the standard of Don Scowcroft (Newcastle), Joe Raleigh (Clara Creek), "Boyce" Siddons (St. George) and our own district and local champions in Bill Saul, Phil Sheridan and Jack Smith (Kempsey) and G. D. T. Seccombe (club S.B. and D.B. champion) and Dan Seccombe (winner of Club Annual Trophy) provided great competition. Other local shooters kept the pressure on, so the champions could not relax in their efforts. After a score of 18/20 in the S.B. Championship, Bill Saul, G. D. T. Seccombe and Dan Seccombe staged a great

shoot-off. Saul finally winning from G. D. T. Seccombe, with Dan Seccombe 3rd. Two trophy shoots were also contested. No. 1 was won by Peter Thompson after a shoot-off with Joe Raleigh. No. 2 went to G. D. T. Seccombe outright, with Boyce Siddons and Phil Sheridan close up.

In the unavoidable absence of President, Alf Herdegen, Vice-Pres., Ted Wedgwood, welcomed the visitors, and on presenting the trophies, congratulated the winners. Visitors Phil Sheridan (Kempsey) and Joe Raleigh (Clara Creek) thanked the club for the hospitality and good sportsmanship, and looked forward to many more visits. Mrs. Siddons was again in charge of score sheets and earned the thanks of the club. Dan Seccombe was untiring as caterer.

Results: 10-bird D.B. No. 1: G. D. T. Seccombe, 10/10, 1st; J. Raleigh, H. T. Siddons, P. Sheridan, 9/10, div. 2nd and 3rd. 10-bird D.B. No. 2: J. Raleigh, H. T. Siddons, P. Sheridan, W. Saul, E. 16/1/58. — A fine day with a fair breeze that helped the clays do a few tricks, ushered in the first club shoot for 1958 on Jan. 11th. A number of visitors saw some good shooting in competition for the handsome "Bill Lear" Trophy. Maintaining his good form, Bill Unwin won the trophy and also took High Gun for the day. To help popularise the sport, the club put on special novice sections, and in these some of the younger shooters showed distinct promise. These young shooters were guests of the club, and we hope that our action will result in new memberships. Youngsters Andy Pollack, John Siddons, Carl Pitt and Mick Page, together with novices R. Featherstone, Rex McLennan, Bill Hargreaves, Ken Newman, A. Rose and A. Collett, showed that with practice they would greatly improve and would soon be among trophy winners.

Results: 5-bird Pts.: G. Wedgwood, C. Pitt, 12/15, div. 1st and 2nd; G. D. T. Seccombe, P. Thompson, R. McLennan, 11/15, div. 3rd. Bill Lear Trophy (15-bird D.B.): Bill Unwin, 1st, 14/15; G. D. T. Seccombe, 2nd, 13/15; A. Herdegen, J. Siddons, A. Pollock, 12/15, div. 3rd. 5-bird S.B.: W. Unwin, 1st, 5/5; A. Herdegen, P. Thompson, E. Wedgwood, div. 2nd and 3rd, 4/5. 12 ydr. Novice Trophy: A. MYAMYN (V.). — Results Myamyn club shoot held 11/1/58. The day being fine and mild with a fair breeze to face, 40 shooters were attracted to the 5-bird eye-opener; this event was divided between seven shooters. The next event was a Novice 5-bird. Nine shooters entered, with K. Riley (Hamilton) winning, 8/9, and promising young Myamyn shooter J. Savin 2nd, 7/9.

The open Trophy event brought in a field of 35, with only two shooters scoring the possible 15/15. They were F. Franklin and D. Mayfield. The winner was F. Franklin, 16/16; D. Mayfield, 15/16; A. McConnell took third trophy with 24/25. We were very fortunate in striking such a mild day, as country shooters will not travel far from home on days when fire risk is high.

Visiting shooters came from Balmoral, Portland, Cavendish, Hamilton, Tyrendarra, Macarthur, Casterton, and with a good attendance of local members, made an excellent meeting. In closing, I would like to mention that the "News" makes very good reading, as there is always some interesting items.

WERRIBEE (V.). 11/1/58. — Results: No. 1, 5-bird D.B.: S. Cations, 9/9; P. Mark, D. Mairs, 3/9. No. 2, 5-bird S.B.: G. Ryan, 3/5; D. Mairs, 4/5. No. 3, 5-bird Walk-up: A. Cations, 4/5. No. 4, 5-bird Gun Down: K. Laird, 10/12; G. Viney, 9/12. No. 5, 5 pr. D'ville Doubles: T. Toohy - R. Sadler,

A very successful afternoon for the second annual ladies' day. All members and their ladies enjoyed the varied events which created much interest. The completion of the new pavilion has added considerably to the social atmosphere of our shoots. The recent social evening and dance held in the new pavilion was an outstanding success. Many thanks to all who assisted in any way. Thanks also to Clive Wilson for his splendid donation.

27/1/58. — Results: No. 1, 10-bird D.B. Pts. Dec.: M. Rushford, R. Lyne, R. Sadler, div., 27/30 pts. No. 2, Werribee Grand Prix 1958 (30-bird D.B.): P. Mark, E. Osborne, T. Savage, 23/30, div. cash. After shoot-off the Grand Prix was won by T. Savage, 26/33.

A very successful holiday shoot, which appeared doomed by early rain; however, the afternoon remained fine, though overcast, and conditions were good. Visitors were welcomed from Coburg, Kellor, Camberwell, Footscray, Geelong and Colac. Most of the shooters found the birds very fast and often very difficult; however, it was very pleasing to see, with one exception, what wonderful sports the visitors were, and how they eventually mastered the birds. Our congratulations to Tom Savage on winning the Grand Prix, and runners-up Carnie Osborne and Paddy Mark.

BERRIWILLOCK (V.). 23/11/57 — Weather conditions: fine and sunny. Results Day shoot: No. 1, 5-bird: cut 16 shooters. No. 2, S.B. C'ship: 1st, E. Borrmann; 2nd, J. Hallam; 3rd, B. Addison. No. 3, 10-bird (3 trophies): 1st, G. Knight; 2nd, E. Borrmann; 3rd, L. Ryan.

Quite a representative gathering for this our first open shoot for 1957, when shooters from all parts of the State came along to make this a very good shoot. During the day some very fine shooting by Ted Borrmann, who put together 85 before missing out. Thanks to all those who helped, especially to our Birchip friends who are always helping us.

23/11/57. — Weather conditions: fine. Results (Night): No. 1, 5-bird: cut 14 shooters. No. 2, Mallee D.B. C'ship: 1st, C. Ferrier; 2nd, W. Ingram; 3rd, M. Connelly.

1/1/58. — Weather conditions: fine and sunny. Results: No. 1, 5-bird: cut 11 shooters. No. 2, £30 H'cap: S. McCredlin, D. Latham, L. Martin, E. Knight, M. Parkinson, C. Mitchell, I. Hallam, K. Wise. No. 3, 20-bird H'cap (1st, Browning Gun): I. Martin and N. Haslam, cut 1st and 2nd trophies in cash 65 round; R. Scherger, 3rd.

Shooters from all parts of the State and some from N.S.W. came to Berriwillock for our New Year's shoot. The field, although not big, was of very high class and some very fine shooting took place. The Berriwillock Handicap was a very good shoot, with I. Martin and N. Haslam cutting the value of 1st and 2nd trophies at 65 round; third place went to R. Scherger, who also shot very well. Many thanks to all who helped us to start the New Year well.

Congratulations to J. Heilmann on winning the trophy event, also to D. Scowcroft on winning the Callinan Cup, which is donated by J. Callinan (Lismore) and a yearly trophy. Very good shooting by T. CROOKWELL (N.S.W.), 25/1/57 (Afternoon). — Weather conditions: fine and hot. Results: No. 1, 5-bird: div. N. Churchill, D. Howard, W. Webster, W. Keith, F. Willis, D. Churchill, H. Anderson, 5/5. No. 2, 5-bird: div. N. Churchill, D. Howard, W. Webster, F. Willis, D. Churchill, H. Anderson, 5/5. No. 3, 5-bird Trophy: 1st, G. Reid (Yass), 23/23; 2nd, H. Anderson, 22/23. No. 4, 5 prs. D. A pleasant afternoon, most of the shooters waiting till after dark to start their shooting. 25/1/58 (Night). — Weather conditions: fine and calm. Results: No. 1, 5-bird: div. W. Webster, H. Hearne, D. Edwards, N. Churchill, Bob Churchill, B. Churchill, D. Churchill, H. Anderson, C. Hall, R. Lewis, O. Hallam, Jack Medway, 5/5. No. 2, 5-bird Pt. Score Trophy: 1st, H. Reid (Yass), 15/15. No. 5, Box: div. K. Ridley, F. Willis, 6/6.

Our second night shoot was another great success, over 40 shooters taking part. It was good to see such a lot of shooters from Yass, Gunning, Goulburn and Bathurst. Gordon Reid (Yass) was the most successful shooter over the afternoon and night, winning two trophy events as well as sharing the 255.

(Frank A. Willis, Hon. Sec.)

ALICE SPRINGS (N.T.), 12/1/58—Weather conditions: strong wind, temp. over 100. Results: No. 1, 5-bird: Smith, 5/5; Pearson, 4/5. No. 2, 20-bird H'cap: Smith, 20/20; Pearson, 16/20; Gerussi, 14/20.

With the majority of club members on holidays, there was only a small attendance. A strong wind, together with a temperature over the 100 deg., made conditions difficult. Club President, Ted Smith, shooting off the back mark once again, showed his superiority by shooting the possible 25 birds. An excellent performance, considering the day's conditions.

26/1/58—Weather conditions: cloudy, with variable winds. Results: No. 1, 5-bird S.B.: Smith, Pearson, 5/5. No. 2, 10-bird D.B. H'cap: D. A. Chisholm, 10/10; G. Raabe, D. Gerussi, 9/9. No. 3, 10-bird Sparrows (16 yds.): E. Smith, D. A. Chisholm, G. Raabe, 9/9. No. 4, 5-bird D. Rise (off 18 yds.): E. Smith, 6/6; D. A. Chisholm, 5/6.

The main feature of the day was the Gerussi trophy, which was shot over events 2 and 3. D. Chisholm, who was shooting very well, won the event with 19. G. Raabe also shot well and won the second prize with a score of 18. No. 4 event resulted in a draw between Smith and Chisholm. In the shoot-off Smith won in the second round.

(K. Warrington, Hon. Sec.)

BOTHWELL (Tas.), 7/12/57—Weather conditions: warm, bright and windy. Results: No. 1, Novice and under 16 yds.: Mrs. E. Nelson. No. 2, 10-bird D.B. Trophy: P. Marshall, 1st; K. Pulford, 2nd; G. McCrae, 3rd. No. 3, Tas. D.B. C'ship: S. Marshall, 1st; R. Wighton, 2nd; J. Blake, 3rd. No. 4, 10-bird S.B.: J. Blake, 1st; J. Hyland, 2nd; T. Jenkins, 3rd. No. 5, 5-bird Pts. Dec.: P. Marshall, 1st; E. Nelson, 2nd; R. Pulford, 3rd. No. 6, D'ville Doubles (partners drawn): div. R. Wighton - R. Pulford; J. Hyland - E. Nelson.

Event No. 1 consisted of lady shooters. The outright winner being Mrs. Nelson, who broke 4/5. President donated trophy. Gusty winds made shooting difficult in the Tasmanian D.B. Championship. S. Marshall gained first position with 30/30, an outstanding performance. R. Pulford was unfortunate to only make 3rd place in the Pts. Dec. event after breaking 5 birds first barrel.

(K. H. Pulford, Hon. Sec.)

CAMBERWELL (V.), 11/1/58—Weather conditions: strong, gusty wind. Results: No. 1, 5-bird D.B.: K. Muller, W. Gresselle, D. Richards, D. Scott (Adelaide), div., 5/5. No. 2, 15-bird D.B.: J. Harle, W. Gresselle, W. Scott (Adelaide), div., 15/15. No. 3, 10-bird D.B.: Mrs. Jones, D. Richards, I. Porter, W. Scott (Adelaide), div., 10/10.

Strong winds made shooting difficult at times; altogether the exhibition was very good. Bill Scott and son of Adelaide gave good exhibitions of clay bird busting. Bill Scott Senr. only pulled 1 second barrel for the day, a really fine effort. The final event saw lady shooter Mrs. Jones score the possible and share the prize money. It was an excellent effort off 22 yds. against all-comers. The President welcomed all the visitors and thanked Mrs. Stevens, who served up an excellent afternoon tea.

25/1/58—Weather conditions: good. Results: No. 1, 10-bird D.B.: 1st, B. Bond, 11/11; 2nd, W. R. Johns, 10/11; 3rd, J. Harle, 14/15; F.M., J. Powell, 13/15. No. 2, 10-bird D.B.: 1st, K. McDiarmid, 14/14; 2nd, W. Doyle (Quambatook), 13/14; 3rd, J. Powell, 23/24; F.M., E. Fogarty, 22/24. No. 3, 5-bird Tower D.B.: div. J. Harle, T. Murphy, W. R. Johns, 12/12. No. 4, 5-bird Tower S.B.: div. W. Doyle, W. Carlson, E. G. Jackson, W. R. Johns, 5/5.

A very nice day and some good shooting. Brian Bond shot very well and never ever looked like dropping a bird to win the first 10 birds. In the second 10 birds Keith McDiarmid shot 14/14 to take 1st place from popular Quambatook sportsman, Bill Doyle, 13/14. Bill always takes something away with him from Camberwell. The Tower event was very popular. As usual, the ladies put on a fine afternoon tea.

27/1/58—Weather conditions: only fair, some rain, light bad. Results: No. 1, Vic. S.B. C'ship: 1st, F. C. Johnson (Ferntree Gully), 30/30; 2nd, L. Doyle, 29/30 (Alex-ander); 3rd, B. Addison (Moulamein, N.S.W.); 17 yds., K. Muller, No. 2, £65 yardage event (21 yds. and over): div. E. G. Biggs, E. Brenk, D. Glover, 20/20; 19/20 yds., W. J. Doyle (Quambatook), 20/20; 17/18 yds., J. Harle, 20/20; J. Stiff, A. Hedger, M. Doherty, 19/19, div. 2nd; 16 yds., Whitelaw, 19/21, 1st; R. Kilkeny, 18/21, 2nd; 12/15 yds., P. Jackson (Moulamein, N.S.W.). No. 3, 10-bird D.B.: div. S. Power, A. Hedger, R. Hunter, A. J. Byers, 10/10.

A very enjoyable day with a lot of excellent shooting. Frank Johnson's performance under adverse conditions was extra fine. Luke Doyle's (previous title holder) form was very good and deserved a better fate. B. Addison (a Hay Volkswagen winner) put up a good fight, defeating Don Latham in the shoot-off. The ladies worked hard all day, catering for the hungry shooters and supporters. Thanks, ladies, and thanks goes to Fred Byers for his fine job, deputising for our Hon. Sec., who is on holidays.

(W. R. Johns, Press Corresp.)

BALMORAL (V.), 25/1/58—Weather conditions: perfect. Results: No. 1, 5 target D.B.: div. A. Gordon, B. Duncan, R. McPhee, H. Smith, L. Kosch, B. Peacock. No. 2, 15 target D.B. Club C'ship: O. T. Mayfield, 66/66; L. Kosch, 65/66; 16/17 yds., R. Tink, 31/32; 12/15 yds., H. C. Elliott, 13/16. No. 3, 10 target Club S.B. C'ship: G. G. Pern, 13/14; C. Crawford, 12/14; F.M., H. C. Elliott, 6/10.

Shooters were present from Willaura, Victoria Valley, Portland, Hamilton, Casterton, Cavendish, Myamin and Horsham. The Club Championship developed into a fine exhibition of shooting between O. T. Mayfield (Cavendish) and L. Kosch (Casterton). R. Tink (Balmoral) also shooting well and being unfortunate in meeting the above two shooters at their peak. In the S.B. Championship no shooter smashed the ten birds, a stiff breeze making conditions more difficult.

(W. F. Duncan, Hon. Sec.)

MIENA (Tas.), 18/1/58—Weather conditions: wintry. Results: No. 1, 5-bird: N. Frith, A. Turner, R. Phillpott, E. Pulford, div., 5/5. No. 2, 10-bird Trophy (Pts. Dec.): A. Turner, 1st, 10/10; K. Pulford, 2nd, 9/10; T. Elkon, 8/10, 3rd. No. 3, Miena Shield: Bothwell won shield from Miena, 32 birds; Miena, 28. No. 4, 5-bird Novice: C. Schnieder, 4/5. No. 5, Ladies' Trophy Shoot: Miss A. Monks, 3/7, 1st; Miss J. Jenkins,

2nd, 2/6; Miss D. Smith, 1/5, 3rd. No. 6, 5 pr. D'ville Doubles: N. Frith - J. Kitchens, R. Phillpott - A. Turner, 4/5, div. No. 7, 5-bird D.B.: K. Pulford, A. Turner, 5/5, div.

The weather, as stated, was wintry and all shooters could not find the targets as good as they should have done. A Turner shot well to win the points decision trophy shoot with the possible 30 points. All shooters shot badly in the Challenge Shield, which Bothwell won, 32/50.

(R. R. Milton, Hon. Sec.)

BRUTHEN (V.), 21/12/57—Weather conditions: good. Results: No. 1, 10-bird: M. Huggins, 1st; L. A. Rawlings, 2nd; A. Rowe, 3rd. No. 2, 10-bird: C. Wright, 1st; F. Howlett, 2nd; A. Kyle, 3rd. No. 3, 10-bird: C. Heath, 1st; N. Young, 2nd; A. Kyle, 3rd.

Our Christmas shoot drew a good muster of shooters and the prizes were fairly evenly distributed. Mick Huggins should have enough ham to do him until next Christmas, likewise Clyde Wright and Chas. Heath. A lot of fun was had by all, and our ladies, as usual, top it with a splendid afternoon tea.

26/12/57—Weather conditions: fair. Results: No. 1, 10-bird: J. Pleydell, R. Rawlings, F. Howlett. No. 2, 30-bird: R. Pilgrim, 29/30; R. O'Day, J. Collins, div. 2nd and 3rd. No. 3, 10-bird: A. Lowe, L. Rawlings, eq. 1st; J. Pleydell, 3rd. No. 4, 11-bird Skeet: J. Pleydell, S. Lett, N. Young, A. Innes.

The Boxing Day shoot really tested every shooter. And our local Dick Pilgrim out-shot everyone to win the £100 event. The conditions were very hard and Dick did well to shoot 29/30. I would like to thank all

the visiting shooters for their patronage. We had visitors from Moe, Sale, Melbourne, Swift's Creek, Bairnsdale Lakes and Swan Reach. Our ladies always seem to put on a very nice afternoon tea.

26/12/57 (Night)—Weather conditions: very good. Results: No. 1, 5-bird: S. Lett, R. Pilgrim, N. Young, J. Curly, div. No. 2, 20-bird: K. R. Hoffman, 1st; J. Collins, 2nd; C. Heath, 3rd.

18/1/58—Weather conditions: very good. Results: No. 1, 10-bird D.B.: div. J. Hollands, A. Kyle, L. Baker, Mick Hamilton, 10/10. No. 2, 11-bird Skeet: A. Innes, J. Duffy, R. Lees Sr., 11/11. No. 3, 11-bird Skeet (trophies): Mick Hamilton, 1st, 11/11; J. Pleydell, 2nd; A. Innes, 3rd. No. 4, Combination Skeet and Trap: J. Pleydell, J. Duffy, 10/10, div.

Our first shoot for 1958, and a beautiful day it was. Main events being Skeet to get a little practice for the big day on the 16th Feb. By the way, chaps, our regular shoot will be cancelled on that day. The Combination Skeet and Trap proved popular, shooting from the skeet station at birds drawn from the auto trap—an American idea and a good one; good duck practice. I would like to wish all our shooters a happy 1958 and good shooting for the duck season.

27/1/58 (Night)—Weather conditions: mild. Results: No. 1, 5-bird Pts.: div. N. Lett, L. Baker, N. Young, F. Howlett, K. Hoffman, 15/15. No. 2, 10-bird Trophies: S. Lett, 1st, 13/13; W. Rawlings, 2nd, 12/13. No. 3, 5 prs. D. Rise Sparrows: R. Rawlings, K. Hoffman, 4/5, div.

Ideal conditions for night shooting—very dark and still. Very pleasing to see Stewart Lett take out the main trophy event; Stewart

COLAC (V.).—Weather conditions: fine. Don Corstorphane won the double at Colac Gun Club on Saturday, 7/12/57, when he collected both the D.B. and S.B. day championships. He won the D.B. title with a score of 30/30 after a tie-shoot extending over 15 rounds with Ray Parker. He also gained the S.B. event with a score of 19/20 after a tie-shoot with Ernie Osborne.

Owing to counter attractions, there was not a large field, nevertheless those who attended enjoyed pleasant shooting. The President congratulated Ernie Osborne upon being appointed an Association referee and presented him with his official badge. He also congratulated the winners and thanked the ladies for afternoon tea.

14/12/57 (Night).—Weather conditions: fine, mild. Forty-five members, with their wives, friends and children, were entertained to a Christmas treat at the Colac Gun Club on 14/12/57. Much to the delight of the kiddies, Santa Claus attended and distributed gifts. Large quantities of sweets, ice cream and soft drinks were consumed, and altogether an enjoyable time was spent. Electrician members Ron and Keith provided the usual Christmas tree and coloured lights, and these, along with balloons, streamers and greenery, gave the clubhouse a gay appearance.

A shoot under the floodlights for seasonal trophies was well patronised, and as everyone received a trophy, whether he shot successfully or not, all went away happy. The newly elected President, E. D. Osborne, welcomed all who attended and wished them the season's compliments. He also had the honour of conferring on the retired President, Mr. V. T. O'Shannassy, a life membership of the club. Santa Claus presented gifts to Mrs. D. Corstorphane and Mrs. O'Shannassy in appreciation of their assistance to shooters all throughout the year. The trapper, John Dave, and puller, Jim Grant, also came in for their share of praise and received presentations. The main trophies in the main event went to Eric Wisbey, Les Black and Ernie Osborne, who scored possibles of 10/10. The second event trophies went to Jim O'Donnell, Perce Osborne, 10/10, and Ron Webb, 9/10.

Supper and refreshments concluded this very friendly and sociable final shoot for 1957.

Our monthly club shoot proved a success, the weather being cloudy, hot and sultry. One of our new members of the club, Mr. M. Nutt, showed much promise, being his second appearance on the tracks. Particularly good shooting was shown by E. A. Lemmon, the club's president, having won all events for the day. Larger attendances should be had in forthcoming shoots, when other members should be returning from annual holidays, and new members joining the club.

The Taree Gun Club, in conjunction with the Aquatic Festival, held along the river bank at Taree, staged its second night shoot. The scores are not high, due to insufficient lighting, but with our increased membership, the club should be in a much better financial position next year to provide better amenities. The shoot is strictly limited to club members, due to the amount of time available.

AUSTRALIAN (V.), Dec. 21.—118 shooters faced the East Burwood traps in a 40-bird contest for seasonal trophies. G. Lear, F. C. Johnson, C. Hollow and R. Waring were tops with 38/40, taking full hams. Nine with 37/40 shot for the balance, which were won by Tup Pedersen and K. Morrison, half-hams going to "Dock-en-Doris", G. Morris, A. Saltmarsh, Warne, Anderson, Osman and Williams. Seasonal trophies were then awarded right down to the lowest score, with a box of choice strawberries for ladies holding the names of the six highest scores.

Well, this is Christmas and everybody happy, especially the children, when their hostess, Mrs. Biggs, filled them with ice cream, pop, etc. Mother was presented with a box of sweets, while Father on this hot day followed the odour of hops to a shady nook where the amber fluid flowed freely, bottoms up and good cheer being the order of the day.

Jan. 4. The New Year opened with a round of 25 American type Skeet. Newton Thomas scored 22/25 from G. Biggs, 20/25; F. Johnson and E. Brenk, equal 3rd, 19/25; 5th,

Jorgenson, 18/25; 6th, Ross Smith, 17/25. A following 10 birder was div. K. Corbett, W. Gresselle, J. Ainger, A. F. Johnson, W. Johns, K. Styles and R. Andrews.

Jan. 8 (Night shoot). A. Saltmarsh, J. Meek, W. Brittain (Longreach), F. Olver, L. Eastoe, W. Kiddle, J. King, and our News editor, W. McCullough, 10/10. No. 2: W. Brittain, L. Eastoe, E. Brenk, 10/10. No. 3: N. Davies, W. Rodda, L. Eastoe, 10/10.

Jan. 18 opened with a 15-bird S'take: div. L. Eastoe, W. LeStrange, C. Hollow, W. Whitelaw, L. Bibby, B. Bond, 15/15. The main event was contested over three traps and resulted in an outright win by Tup Pedersen, 30/30. Tup mastered a variety of birds on this boisterous day and his attitude to the varying elevations seemed to be, "Let 'em all come." The tieshoot for places resulted in a win for C. Hollow, 39/40, from B. Bond, 3rd, 38/40; 12/16 yd., W. Whitelaw, 24/30; 17/18 yd., F. Masefield, 27/30; 19/20 yd., F. Byers, 28/30; 21 and over, G. Biggs, 29/31. Mrs. Brenk won the ladies' trophy.

Trophies for the day were kindly donated by Horrie James of Donald Mackintosh Gunsmith's, Latrobe St. Representative Bob Layton suitably responded to the President's appreciation and thanks to Mr. James for his fine gesture. In 1928 Horrie gathered about twelve gun enthusiasts and led them to a quarry on the Nobel Ammunition Coy.'s grounds at Footscray, and there clay-bird shooting in Australia was born. Opposition christened them the Mud Busters. That band of twelve has now grown to approx. 5,000, with approx. 250 clubs throughout Australia. (H. H. Ball.)

New Year spirit was prevalent all day. Visitors and members alike enjoyed one of the best days of the year; shooting was good and clays were fast. Local members showed up their high-gun friends by various means of handicapping, both on and off the range. The executive trophies were greatly appreciated and a fine barbecue at the end of the day assured club members that their wives, too, enjoy a day at the Gun Club. I would like to express thanks to President Ken Anderson, as host to the club, for his generosity and energy which did much to ensure our success this year. High gun for year won by A. A. Loder from G. H. Loder.

Youth is a silly, vapid state;
 Old age with fears and ills is rife;
 This simple boon I beg of Fate—
 A thousand years of Middle Life!

Truth, after all, wears a different face to everybody, and it would be too tedious to wait till all are agreed. Truth is said to lie at the bottom of a well, for that very reason, perhaps, that whoever looks down in search of her sees his own image at the bottom, and is perhaps persuaded not only that he has seen the Goddess, but that she is far better-looking than he had imagined.
