## The Editor's Notebook

Reports have been lodged that a number of traps at several clubs are not throwing clay targets at correct Flights and Angles, also that Standard Equipment is not being maintained.

The attention of all concerned is drawn to the complete conduct of A.C.T.A. Rules and Championship Conditions and the requirement of Referees to carry out their duties.

Failure to observe these factors limits the allocation of Championships and renders a club liable to suspension. It is an Executive Committee ruling that clubs which do not co-operate with HANDICAPPING RETURNS will not be granted open Championships. No programme will be accepted unless it complies with A.C.T.A. formula.

A.C.T.A. Rules and Championship Conditions are available in brochure form at 50 cents per copy. Skeet Rules are available at 25 cents per copy.

A number of clubs ask the situation concerning New Zealand shooters. An agreement exists whereby:—

(a) Registered A.C.T.A. shooters visiting New Zealand, shoot two (2) yards IN FRONT of their A.C.T.A. handicaps.

(b) Registered N.Z.G.C.A. shooters visiting Australia, shoot two (2) yards BACK from their N.Z. handicaps.

As is well known, current Registration Cards are required to be produced to Club Secretaries at ALL shoots.

All programmes consisting of Championships and/or events in excess of \$100 are to be applied for on the prescribed form and A.C.T.A. approval received by the club concerned before advertisements are submitted. Advertisements are to show the nomination for each event, plus any special conditions. It is the duty of the Shoot Marshal (or Club Official concerned for that day) to announce PRIOR TO THE COMMENCEMENT the terms of each and every event, and the terms of sweepstakes and/or divisions.

A Draft "Standard Rules (or Constitution) for Clubs", as previously advised, is available at \$4.00.

Sir,

I would appreciate it if you would publish this expression of opinion concerning the opening of a "Testimonial Fund" for W. McCullough, former Editor and Secretary-Treasurer of the A.C.T.A.

As President of the A.C.T.A. before it came to financial maturity, I had an opportunity to know that Bill McCullough not only loved the sport of clay target shooting, but devoted many years of his life to practically carrying it single-handed for a nominal remuneration, his real reward being to see it grow and prosper.

During my term in office I clashed with Secretary McCullough as often or more so than most, but must admit that generally it was because he thought he knew a better way to further the interests of the A.C.T.A.

As a token of appreciation of the early years of struggle to found what was to become the A.C.T.A., and admiration of the fact that Bill, in spite of the disappointments, frustration and—yes—"kicks" that went with the job then, never lost the "vision splendid".

I would therefore be happy to start the testimonial with my cheque for \$20.00.

Yours, etc.,

JOHN HOUSTON.

(A Testimonial Fund Account has been opened accordingly and will close September 30, 1966. Cheques made payable to A.C.T.A. will be acknowledged and details published November "News".—Editor.)

The Editor,  
Shooters' "News",  
Melbourne, Vic.

Dear Mervyn,

On an unexpected visit to Brisbane I had the pleasure of going to the Tingalpa shoot on Sunday, May 28, to the club where I was a former President and renewing many happy thoughts and old friendships.

There were two outstanding factors of the visit which will stay in my memory for a long time, the first being veteran Alf Thurlow's 82nd birthday, the Club President Bill Edwards presenting him with an appropriate birthday cake, with the good wishes of the members. Unknown to me, it was also the last shoot on this pleasant and picturesque ground at Tingalpa, and I had the pleasure and honour of firing the last shot in the dusk after a very pleasant day.

Arthur Griffiths shot extremely well all day, and South Coast retained the Martin Wardrop Shield.

I would congratulate the President and Committee on their choice of their new ground at Belmont; this is one of the most ambitious projects in Australia for any Gun Club, and it will rate with South Australia, Bankstown and the Gold Coast as being one of the best appointed Clubs in Australia.

On behalf of the Executive, I wish them very well with their official opening in June, and their big Brisbane Exhibition Shoot in August.

Yours sincerely,

J. M. TYQUIN.

# OUT OF THE PAST

## Ten Years Ago

**KATANNING (W.A.)** — The first stage of Club Championship was shot in fine weather, although a little cold in the evenings. Lewis Beech had a good win in the main event with some confident shooting. High gun was Tim Catling, who didn't drop a bird in the afternoon.

**SOUTH AUSTRALIAN (S.A.)** — Conditions cold and windy. Club Night D.B. Championship. Trophy and badge, J. G. Commons, 50/50, in a shoot-off with R. Mules, 49/50. Best 16 yarder, Roy Bishop, 24/25.

**CAMBERWELL (V.)** — K. Venables won the I.C.I. Single-barrel Trophy event.

**TUMUT (N.S.W.)** — In connection with Tumut's Annual Festival of the Falling Leaf, the Tumut Gun Club held an open shoot, attracting visitors from Adelong, Mangoplah, Wagga, The Rock, Walwa, Holbrook and local clubs. Weather conditions perfect and some high scores were seen. J. Ferris (Walwa) shot 82 straight, W. Birkin (Wagga) 61 straight. In the main

trophy event nine scored the possible. Final results: 1st, J. Ferris, 35/35; 2nd, W. Ballard (Tumut), 34/35; 3rd, W. Birkin (Wagga), 33/35. Special Front Marker, C. Angel (The Rock), 33/35.

**HUGHENDEN (Qld.)** — A very good day's shooting. The Deauville Doubles Trophy shoot proved the most exciting, with a shoot-off between Mrs. E. Geary and Pat Delahunty on the one hand and Dave Crawford and Bill Wearing on the other. Scores were even at 20 yards, 22 yards and 25 yards, but the winners scored one extra at 27 yards. The 10 pairs Double Rise Handicap tested the shooters and again Bill Doherty narrowly won from D. Crawford Jnr. and Pat Delahunty.

**TASMANIAN (Tas.)** — 5-bird Handicap: P. Marshall, W. Rainbird, B. Sharman, J. Jetson, W. Tubb, J. Hort, R. Powell, D. Tubb, J. Blake, R. Garwood, 5/5, div. Event 2, Tasmanian Club Championship: 1st, W. Rainbird, 60/60; 2nd, K. Littlejohns, 58/60; 3rd, P. Marshall, 43/45.

# SHOOTING WITH ONE EYE

*The question: What is the left master-eyed shooter to do who mounts his gun on his right shoulder and is right-handed, in order to overcome his handicap and break targets consistently?*

## Various Personal Decisions and Beliefs from actual shooters are:

1. I feel qualified to share my ideas on this particular question, since I am a shooter who is right-handed, I mount my gun on my right shoulder and my master eye is my left eye.

First, I believe you must keep your left eye closed (no peeking!) You should have a back and a front sight on your gun and align the two sights up so that you see only one. You have to hold a low gun because a high gun will hide the target when it first comes out, and you will not catch it until it is too late. Be sure to keep your head down on the stock. If you raise your head you will shoot over the target.

I believe you should hold the gun just below the top of the traphouse. Position No. 1, hold on the left corner; position No. 2, midway from the left corner to the centre of the traphouse; position No. 3, centre of the house; position No. 4, midway from centre to right corner, and position No. 5, on the right corner of the traphouse.

When you call for your target, you should come up under it and just as your sights touch the bottom of the target, pull the trigger. If you wait any longer, you will shoot over or past the target. Don't try to ride the target; shoot it as fast as you can and still be accurate. I don't know any shooter who can consistently break good scores if he lets the target get over the peak of flight.

When I first took up trapshooting five years ago a right-handed shooter with a master left eye has only one choice if he wants to conquer the clay target, and that was to close that left eye and keep it closed. I tried with both eyes open, but I found out my instructor knew what he was talking about. I haven't opened that left eye since.

2. The best thing to do is have your master eye blocked out or learn

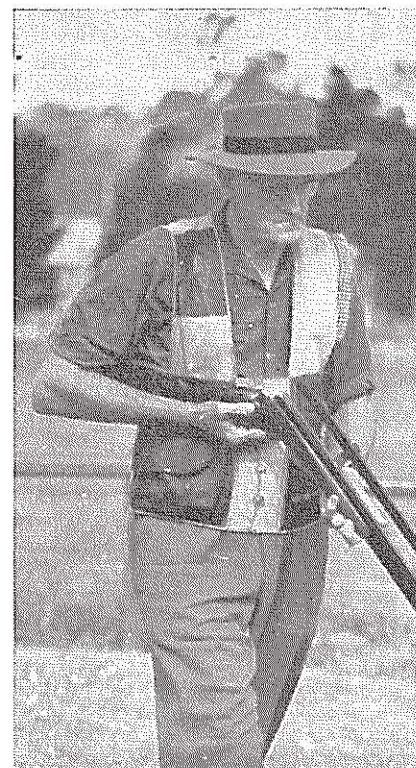

to shoot from your left shoulder.

3. I'd change to shooting left-handed immediately.

4. If a person is fairly ambidextrous, I recommend learning to shoot left-handed. If this is impossible, the left eye has to be closed.

5. There are a number of instances of shooters in a number of countries throughout the world who had to switch over to shoot from the left shoulder.

6. The most outstanding example in Australia is that of shooter R. E. Scherger of Werrimul (Vic.), runner-up in the New Year Handicap at Croydon G.C. (Vic.) in 1964, shown carrying his Browning gun fitted with a device he built to permit his shooting from the right shoulder, using the left eye. He lost the sight of his sight of his right eye several years ago and devised the "Outtrigger" sighting plane instead of trying to revert to the conventional cross-eyed stock.

## SAFETY RULES

for  
People  
Going  
Bush

In this country of extreme, dehydrating heat, a person should not go into the bush, or anywhere off the beaten track, unless he has first ascertained all available information about the area he intends to visit, and has properly equipped himself with water, food and reliable transport.

At the request of many shooters and with ACKNOWLEDGEMENTS TO THE COMMISSIONER OF POLICE (N.T.) and THE NORTHERN TERRITORY TOURIST BUREAU, the following hints will be published progressively in A.C.T.A. "Shooting News" over July to October, 1966.

These SAFETY RULES and hints are intended to assist inexperienced people "going bush" in the Northern Territory and elsewhere throughout the States of Australia—and remember — "you are in the bush very, very soon after leaving any highway or major road".

July "News" describes —

**OBSERVE AND REMEMBER**

August "News" will describe —

## PLAN PROPERLY

Plan your journey thoroughly beforehand.

No doubt you will have a limited time at your disposal, and will have to complete your outward journey, such explorations or other activities as you propose at your destination, and the return journey, within a set number of hours or days.

Check available maps and all information that can be acquired from people who know the area in which you intend to travel — beware of theorists and guessers. Then work out your time schedule according to the quality and reliability of your vehicle and the nature of the country (particularly the roads) to be traversed.

Allow for foreseeable and certain unforeseeable delays and set a safety margin covering your estimated time of return to base.

Inform your neighbour, or some other reliable person, of your plans and your estimated latest time of safe return to base. (If you are eventually returning safely, but behind schedule, try to arrange to get word to him from somewhere en route, so as to prevent him raising premature and false alarms.)

Do not be shy about calling at refreshment and other places en route, or of discussing your plans with other people. If you do not arrive back at base on or reasonably near schedule, your neighbour or friend will need to make some enquiries before reporting you as a possible lost person. Contact with people who may have seen you or your vehicle en route can be most useful in helping him decide when or if to report you missing.

Whatever else you leave behind at home, take matches — preferably the waterproof type — not only for the camp fire, but also in case you might have to light a signal. You may be confident about not getting lost, but you cannot foresee or forestall the possibility of serious vehicle breakdown, personal injury, or other forms of misadventure in which you may require outside help.

Take an axe and a shovel. They are easy to carry, take up no room, and are prime necessities in case of bog in either sand or mud, and can be put to other ordinary and emergency uses as well.

Take along some wire and some strong cord. Again, no room or weight is involved, but these small items can be useful in a great many ways, from securing loose vehicle parts to catching or snaring fish or game.

Take a rifle and/or speargun if hunting is your aim. (A rifle can also be used for signalling, in case of emergency.)

Take a shady hat. Even if you do not want to wear it while travelling, it is easy to carry and is essential if you plan or are forced to do any walking or other activity in the sun. (Moving gracefully from cool, shady building to cool, shady building in town may delude people into forgetting the real intensity of the Territory's sun and heat. Be careful not to be thus deluded.)

Most important of all, take sufficient food and water for all of your party for all of your projected period of absence, plus a reserve supply in case of serious breakdown, unexpectedly slow and heavy going, or other mishap. The same principle applies to fuel and oil for your vehicle. The reserve supply of food could be calculated so as to cover (1) at least one full day extra or (2) sufficient time for a search party to be organised and to reach you.

The latter idea would be by far the safest. It is easy to carry back your unused supplies. It can be fatal to go without them.

Apart from any bulky food and water containers, smaller light containers (plastic, aluminium, etc.) should be taken along where any walking is to be done — or in case walking must be done.

## OBSERVE — AND REMEMBER

Once loaded up and on the way, you should take notice of the country you pass through. The whole party should do so, not only the driver. Very few people have a natural sense of direction or location. The only way most people can find their way around is by careful observation and the orderly memorising of what they observe.

(This should be done even on a bitumen highway, as you can often meet with serious trouble even there, and it is well to know exactly where you are in relation to possible sources

of help, communications, water, food, etc.)

You may (and should) be able to go anywhere in your own city, town or station without getting lost. It is all there in front of you every day of the week. If you carefully observe and memorise its various landmarks and physical peculiarities, you get to "know" it, and can go anywhere in it with confidence. If you do not make a practice of such observation and memorising, you will spend most of your life waiting for and depending on help from other people. In the bush there are not many people — and those that are there, are far apart.

As you get away from familiar areas, pay greater attention to your observations, particularly when approaching your planned destination, and most particularly if you are moving into sparsely inhabited areas with little-used roads and tracks. In emergency, such observations could lead you safely back to an occupied homestead or camp, or to water — or save you from a possibly fatal tramp back to waterholes that are dry.

Upon arrival at your destination, look around carefully and get the lay of the land, because it is easy to get "slewed" in a strange area — even in a built-up township. (This is clearly exemplified in Darwin, where so many unobservant travellers drive up the main street believing they are still travelling north. They may have been travelling north for a couple of thousand miles — but in the last few miles they turn almost full circle, and finish up travelling approximately south-east.)

Study the landscape all around your stopping place, fixing in mind your compass directions, and memorise the position and appearance of all landmarks.

The sun and the time (before noon or after noon) are guides for fixing compass directions. Whether northward or southward of you, according to locality and season, the sun still moves from east to west during daylight hours. On a dull or overcast day a thin, long and fairly broad stick, knife or similarly shaped object will assist in fixing the sun's position. Place the object upright on a patch of clear, level ground. Twist it and watch the shadow move. The shadow

will disappear and appear again. When the shadow is thinnest, the blade or edge of the object will be pointing in the direction of the sun. No matter how poor the visibility, if you know the position of the sun, and know whether the time is before or after noon, you can then locate the north. Early morning or late afternoon is the safest time for using this method. (By night the moon will indicate east and west for you, and the Southern Cross, by the imaginary extension of its long axis  $4\frac{1}{2}$  times, will give you south.)

Remember your situation in relation to well-known and well-fixed features and the direction in which they run (e.g., Stuart Highway. You may not be far from the Highway and may have to walk to it to seek urgently needed help. If you cannot remember whether you are east or west of it, this walk could easily be your last.)

Upon reaching your destination you may decide on exploratory, hunting or sightseeing expeditions. You have carefully fixed your directions and landmarks in your mind. It would be foolish, now, just to wander off at random, idly dithering here and there as something catches the eye. Wherever you intend to go, work out your route, out and back, beforehand. Do not head for an imaginary spot in the middle of nowhere — pick out clearly visible and recognisable landmarks along your proposed route and move straight from one to the other, in turn, until you reach the furthest point desired.

At all times try to walk in a straight line between two given points. There is a natural tendency in human beings to favour one side or the other when walking. This causes the person unconsciously to veer to the left or right, as the case may be, and, apart from any other factors, is sufficient to take you dangerously off course and set you on the way to walking around in futile circles. It is thus most important to aim straight from one point to the next prominent point, and from that to the next, and so on. Take note of less prominent features in between, as well, as you move onward.

Check the sun's position as you start off, and keep a check on it and on the time as you go along. If you

start with the sun on your right and suddenly find it on your left or elsewhere, it will pay you to pause and consider the situation. Pick out your original landmark, set your eye and your mind on it and start off again.

As you move forward, the various features have a certain appearance. Coming from the opposite direction, they can, and often do, look quite different. So make a practice, on the outward journey, to turn round from time to time and study the view from the opposite direction, because that is the view you will see, and be guided by, on the way back.

Do not just look at features with the eye of an artist looking for beauty or a photographer looking for good landscape shots. Study them and absorb the pictures in your mind. They are, essentially, stepping stones for you—the basis and the only real safeguard of your ability to move safely from place to place and back again.

Never leave a camp, or the party with which you are travelling, without stating your intentions regarding your proposed movements, giving directions and times as accurately as possible, to your companions.

Never move anywhere, on foot or otherwise, without sufficient water

and food to cover your projected time of absence, with something to spare—water, especially, because of the dehydrating effect of all physical effort in the heat.

If you do wander away from camp or from your walking party and cannot find your way back, pause and think calmly and logically over your recent movements and memorised landmarks. Do not panic. You are not lost until you really have no idea which direction you should follow.

The calm and deliberate recalling to mind of your recent movements and observations should give you a good idea on how to find your way back to camp or party, as the case may be. Unless you have been quite thoughtless, and lost in Walter Mitty daydreams, they should not be far away. A loud shout or two, or a rifle shot, should bring a response from your companions and assist you in heading towards them. Walk steadily in that direction.

If you are genuinely bushed, and have no idea whatsoever which way you should go, it will be wise to give the alarm before your companions get too far away—particularly if they are moving out to a new camp, and not likely to be returning.

## OBITUARY

### Mr. HARRY G. BURROWS

A recent happening, unnoticed by many of the earlier brigade of clay target shooters, occurred when a former Nobel Club President, in Harry G. Burrows, passed on to the track where the call of "Pull" would doubtless not be recognised.

The late Harry Burrows was a straight shooter in every sense of the word. His long association with the sport of clay target shooting, plus his extensive experience as an official A.C.T.A. Referee, made him a figure well remembered over the past three decades of the sport's existence in Australia.

In the earlier days of the sport and the establishment of the A.C.T.A. Harry Burrows was looked upon as one of the stalwarts. His great organisational activities are particularly recalled during the periods when controversial discussions between the live-bird and clay target factions were locked in agitated debate regarding the rights and wrongs of both sections. A conference, held in the long ago, at the Melbourne Commercial Travellers' Association Club, brings to memory the sterling efforts put into the discussions by the late sportsman. At this particular conference a prominent official of the opposing group decreed that any shooter who took part in clay target shooting after the first of January in the following year would be automatically disqualified if he was not a member of a live-bird Association.

Harry Burrows was one of the first on his feet with the somewhat acid-like rejoinder that he had not shot at live targets and did not think he ever would and he demanded that the decree mentioned be withdrawn forthwith. Burrows was supported by the late Bert Anquetil, another of early supporters of what was then a new sport. The decree mentioned was withdrawn. Burrows had almost a life-long dedication to the sport. He was the last President of the Nobel Club—the mother club of all clay target shooting clubs in Australia—prior to that club's removal from its original site at West Footscray.

A member of the first A.I.F., he saw much service abroad in World War I, and during the 1939-1945 blow-up he was an active member of the V.D.C. Although well past the youthful stage at this time, he was known to have served on guard duty during winter months at Point Lonsdale, at the entrance to Port Phillip Bay.

When he found targets too hard to pick up with his own gun he offered himself as a regular referee and served in this capacity in the later years of his life—chiefly at the Australian Club grounds at East Burwood.

The sport of clay target shooting will be the loser by his passing.

(J. Taylor, Acting Sec.)

**ALBANY (W.A.), 15/5/66.**—Weather conditions: perfect. Attendance: 11. Results: 30-bird S.B. (3 visits to track): J. Cameron only one score, 10/10, in first visit; T. Anderson, R. McCarthy, C. O'Donnell, 9/10. C. O'Donnell only possible, second visit, 10/10; P. Russell, D. Webb, J. Downer, 9/10. D. Webb only possible, third visit, 10/10; T. Anderson, J. Downer, C. O'Donnell, 9/10. C. O'Donnell, 1st, 28/30; D. Webb, 2nd, 27/30; J. Downer, T. Anderson, 3rd, 26/30.

Perfect weather conditions were experienced on Sunday for our shoot of 30 birds single barrel. The ducking and diving of clays, usually noticed on this ground, was absent, so returning the best score card at 28 birds.

Only three possibles were achieved, however, being Jim Cameron, Charles O'Donnell and David Webb, each with 10/10. Quite a few but after post-mortems everyone knew why shooters returned off the track with 9/10, the vital bird wasn't shot.

The trophy shot for on the 15th was donated by Mr. and Mrs. Leo Blair, this being a lovely table lamp, which these people had made themselves. Thank you.

Winning place was once again taken by our new member, Charles O'Donnell, scoring 28/30, 24 of these kills being shot consecutively. David Webb was second with 27/30, and John Downer and Tom Anderson, 26/30, taking third place. These placings will once again alter the club handicaps. As well as a keen competition for first placings, I believe it has been suggested that there should be a trophy for last placings, as the score board is just as closely watched.

All competitive shooting was completed before the ladies served the welcome afternoon tea. It was then decided that the shoots will in future start at 2 p.m., as things have been finishing early. This later start will also help the shooters and their wives who have to travel any distance.

(Mrs. Jean M. Lubeke, Sec.)

**ARAMAC (Qld.), 17/5/66.**—Weather conditions: ideal. Attendance: 23. Results: No. 1, 5 birds: J. Dickson, O. G. Hill, I. Brown, C. McClymont, W. J. Bailey, 5/5, div. No. 2, 15-bird S.B.: I. Brown, 1st; W. J. Bailey, 2nd. No. 3, 20-bird D.B. Kills: O. G. Hill, 1st; E. Ellem, 2nd; J. Rodgers, 3rd. No. 4, 30-bird D.B. Kills: J. A. Rogers, 1st; W. J. Ferguson, 2nd.

Pleasant weather made conditions ideal. Feature of the day was the shooting of O. G. Hill, who shot 120 straight.

**AZZURRI (Perth, W.A.), Sunday, 20/3/66.**—25 birds D.B. Down-the-line. Attendance: 13 shooters. Results: N. He had been after that for some time. Second place, T. Yozzi, 24/25; equal 3rd, A. Tatasciori, A. Di Lanzo, 23/25.

Sunday, 17/4/66. — 5-bird Walk-up, 30-bird D.B. D.T.L. — Club D.B. C'ship. Weather: mild and sunny. 15 shooters present—visitors 2: T. Colandro from N.S.W. and J. Philiphoff from Perth G.C. Welcome visitors. Results: J. Yozzi took top honours for the day with 40/40 after shoot-off with myself, 39/40, to win the first ever club sash and trophy; 3rd, T. Colandro, 33/35; equal 4th, L. Totino, J. Philiphoff, 31/35.

A very pleasant afternoon was enjoyed by everyone. President A. Delcaro made a very nice speech—thanked all shooters and visitors, then made the presentation.

Sunday, 1/5/66. — 10-bird D.B. D.T.L., 10 prs. D. Rise Pts. 14 shooters attended. Results: Weather was fine for best part of the day, but deteriorated, with heavy rain falling in late afternoon (lot more to be expected in the coming months). 1st, R. Mordini, 35/36, after shoot-off with A. Di Lanzo, 34/36, in 2nd place; equal 3rd, J. Yozzi and D. Sidari, 24/30.

After the shoot most members enjoyed refreshments at the West Australian Italian Club.

No. 5, 10-bird D.B.: 1st, div. B. Scanes, L. Venables, F. Williams, R. Sands, W. Mackay, W. Ryall, 10/10. The High Gun for the day was won by G. Tilyard after shooting off with three other shooters.

Shooting conditions were excellent and a good display of shooting was watched by all in the shoot-off of the D.B. C'ship, where O. Feilen finally out-shot W. Mackay in an "all-out battle". We were all very pleased to see Denis Byrne at the club once again after his accident, which has not discouraged his shooting spirit at all. In the D.B. he shot 20/20 and the handicap sweep 15/15.

Thanks, all, for the support from the visiting club members. We look forward to seeing you all here again one time.

Perfect day and conditions could not produce a possible in the main event. Three shooters with 19/20 had it on their own. The attendance is still on the increase and the good programmes and trophies in the future should maintain our attendance. A start has been made on our new shooting ground, etc.

Thanks, Les Hirt, for the scones, and ladies for the afternoon tea.

We had perfect weather and a most enjoyable day's shooting. Once again we were very pleased to see our regular Barcardine and Longreach visitors.

Preparations for our championship shoot in September are well under way and members are confident of having the grounds in good condition.

(George Patterson, Hon. Sec.)

BROKEN HILL (N.S.W.), May Shoot, 1966. — Once again our many friends from our sister clubs gathered to enjoy a very pleasant week-end of shooting during our May championships. A very satisfactory surprise for our hard-working committee was the number of shooters attending, and this was repayment for their earnest planning beforehand. We were fortunate to enjoy a visit from Newton Thomas and Don Glover. Newton demonstrated the art of clay pigeon shooting when he won the West Darling D.B. C'ship after a very fine shoot-off with our club stalwart Peter Harvey. Peter made Newton go to 103 birds before the championship was decided—a very fine effort by both shooters. Third place went to Bert Watson, who made no mean effort by reaching 72 birds before leaving the other two to battle on. Bert is also to be congratulated for winning his 75-break badge. One of our promising young shooters, Ivan Wakefield, showed his future in winning the yardage prize.

On Sunday Peter Harvey decided he would really take home a sash when he won the

West Darling S.B. C'ship; he was closely followed again by Bert Watson, who shot well to deserve the second trophy. Phil Mules from Adelaide was only just behind Peter and Bert and took a hard-earned third trophy. Another of our new shooters, Richard Warren, showed promise when he took out the yardage prize. To support these two events we had three other handicap events. First of these was the I.C.I. trophy, which went to one of our consistent supporters, Ron Wakefield, who went on to be in most shoot-offs throughout the programme. Ron had Lionel Campbell on his heels in the shoot-off, with Lionel taking out the second trophy. Only one bird behind Ron and Lionel was Jack Vigar, who filled the third placing.

For our night event we held the Myra Gift. This was won by one of the district's consistent back-markers in John Caskey. John was hard pressed by Warren Maddocks, who will be another force to be reckoned with if he continues his present form. Ron Wakefield continued to worry the winners by taking out the third placing, despite the extra handicap of a worrying nose-bleed during the afternoon, which required him attending the hospital and prevented him from participating in the shoot-off for the D.B. C'ship. To complete the programme we had a \$11 Handicap, in which it was decided to shoot off to a finish. This proved most satisfactory for Alan Pearson, who finished 60 dollars better off. Following Alan was Rick Lehman with 30 dollars, and Phil Mules kept on the trophy list with 10 dollars.

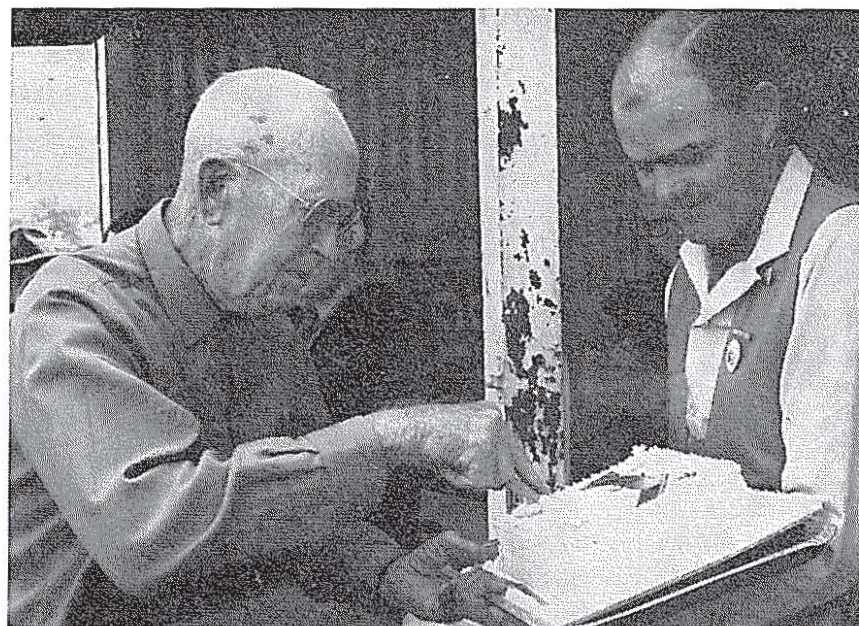

One of the most important trophies on the

programme, the High Gun, went to a shooter who shot consistently throughout the complete programme without winning any of the major trophies. Jack Vigar missed only one bird to eliminate all other shooters and took out a well-earned High Gun trophy.

# HOW WOULD YOU LIKE AN OVER & UNDER THAT SENDS YOUR SCORES SOARING?

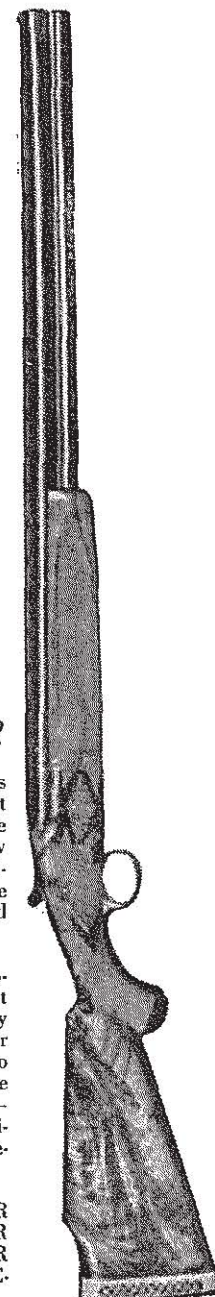

**Winchester**  
*gives you just that*

## **... with its new** **Model 101 Trap Gun!**

In recent years the over and under has become Australia's most popular gun at trap shooting meets. And among the over and unders now competing, the new Winchester 101 with 30" barrels—modified and full chokes—is going to be the one that gives its owners more busted targets, higher scores.

How so? Well to start, the receiver-to-muzzle ventilated rib with metal front and middle sights makes the 101 unusually fast sighting. Its single selective trigger and fast-swinging balance—essential to high scores—make the 101 Trap Gun the finest in the field. Good-looking, too—its fluted Monte Carlo stock of beautifully grained walnut and beavertail forearm are finished to satin smoothness.

Kolstad). \$100 H'cap, McKean Shield: winners, Broken Hill (L. Campbell, P. Harvey, A. Pearson, N. Drumgold, B. Murphy). High Gun: J. Vigar, 89/90.

A very pleasant task for our President, George Hoskins, was the presentation of the Coombah Cup to the Menindee team. This very fine cup was donated by Ron Wakefield and his good wife, and each team member receives a replica of the main cup to keep. Our thanks to our donors for their generous presentation. Much interest was taken in both team events, with eight teams being nominated.

Again the success of our shoot was due to our many visitors, to whom we extend our thanks and we trust they all enjoyed the shooting we offered. This year we missed our marshal of old, Cal. Hollow, who unfortunately was not able to attend due to his recent change of cities. Every best wish for your future, Cal. However, Cal's absence gave us the opportunity to seek Rollo Treloar's services in this capacity. I am most pleased to be able to say that Rollo more than filled our requirements. We ran him off his legs with the office work and trust he has fully recovered by now. My sincere thanks, Rollo, for your untiring effort—without assistance such as this I am sure our shoot would not be the success it was.

Many of our visitors, as well as our club members, worked very hard to ensure the smooth running of the shoot, and there are far too many to thank individually. However, our sincere thanks to each and every person who assisted us over the week-end. Not the least of this assistance was from our excellent ladies' committee. Although not very strong in numbers, the efforts to cope with so many visitors was not wasted, as they received many compliments for their tasty catering. Our sincere thanks to you ladies.

This shoot was staged under near-perfect weather and attracted 147 shooters. A record field of 130 participated in the Ballandean Thousand. Visitors came from all over the State and a number from interstate.

Our organisation worked very smoothly, as evidenced by the fact that nearly 20,000 targets were thrown over the two days.

We were very pleased to see our local members doing well in competition with the State's best shooters. We were particularly happy to see Stafford Smith, Eddie Anderson and Neville Smith in the Qld. team. Neville Smith in particular had a field day. Not only did he make the team, he shared in both money events.

Our congratulations go to Keith Cameron (Roma) for winning the High Gun trophy for the Qld. team, and to J. Farrow for his winning the High Gun over the whole shoot. (Noel Smith, Sec.)

**BOORT (V.), 21/5/66.** — Weather conditions: fine and cold. Attendance: 20. Results: No. 1, 5-bird Pts.: J. Piccoli, R. Ferrier, R. Peacock, 15/15 pts., div. No. 2, 5-bird S.B., 5-bird D.B. A very cold day didn't stop 20 shooters competing for the main trophy. A very good performance by young Darrel James placed him second behind Rex Peacock, with Alf Richmond coming in third. Rex Peacock performed consistently all afternoon to cut all sweeps and only miss one bird.

**BENALLA (V.), 14/5/66.**—Weather conditions: fine and warm. Attendance: 23. Results: No. 1, 10-bird D.B.: G. Walker, A. Harrington, W. Ford, D. Suter, V. Bussell, V. Walters, cut. No. 2, City of Benalla and Dist. C'ship (shot in conjunction with City of Benalla and Dist. Intermediate C'ship): C'ship: 1st, V. Bussell; 2nd, W. Ford; 3rd, F. Crawford; Intermediate C'ship: 1st, M. Lourie.

Perfect weather, two championships, and a small but experienced muster of shooters

were the perfect foundation for a good day's shooting at Benalla. The Back-markers' C'ship was won in convincing style by Vic. Bussell. Vic again proving his consistency as a top-grade trap shooter. Club Vice-President Wal Ford took second honours, with that gentleman of the tracks Fred Crawford taking third. Mike Lourie proved to be the champion of the day, winning the Intermediate C'ship outright from G. Walker and A. Harrington. Mike went on to take the High Gun Trophy for the day with an excellent display of good trap shooting and sportsmanship.

**BRISBANE (Qld.), 29/5/66.**—Weather conditions: excellent. Attendance: 53. Results: No. 1, \$50 H'cap (20 birds D.B.): div. R. Corbett, A. Griffiths, A. Gordon, B. Deignan, J. Farrow, 20/20. No. 3, Winchester Western Trophy (30 birds D.B.): 1st, A. Griffiths, 35/35; 2nd, R. Hogarth, 34/35; 3rd, B. Hooker, 33/35; best 12/16 yds., J. Bradbury, 32/33. High Gun over day: A. Griffiths.

Our final shoot at the old Tingalpa grounds

was a happy and eventful day, and it was very fitting that John Tyquin, in the role of A.C.T.A. President and Brisbane Past President, should fire the last shot. John is remembered by what he did as a Brisbaneite, and we were delighted to see him and his wife.

It also happened to be our Patron Alf Thurlow's 82nd birthday, which called for a celebration. Alf was not shooting badly, either—18/20 in the first event and 19/20 in the second. Alf has been a tower of strength to the club since it has been formed, and has our gratitude.

Congratulations to Arthur Griffiths, who had a "field day" and literally took everything during the day. Firstly he was one of the five who shared in the \$50 Handicap, then he was High Gun in the Martin-Wardrop Shield, and thirdly, won the Winchester Western trophy, which added up, as well, to winning the club's High Gun silver mug.

The South Coasters had it over us in the Martin-Wardrop Shield again (by one point), and they were so confident that they would win it that they did not even bring it up! Next time they won't be so lucky!

President Bill Edwards welcomed the visitors and thanked F. W. Green for the very nice trophy.

COWRA (N.S.W.), 1/5/66 (Sunday). — Weather conditions: fine and mild. Attendance: 25. Results: No. 1, 5-target E.O.: K. Oldfield, R. Gittoes, E. Field, L. Alexander, D. Thompson, M. Cass, D. Heilman, J. Nash, F. Chudleigh, J. Forsythe, W. Manning, L. Bird, 5/5, div. No. 2, G. H. Elliott Shield and Trophy: Elliott Shield: L. Goodacre, 15/16; Trophy: 1st, L. Alexander, 39/39; 2nd, B. Martens, 38/39; F/M., M. Cass, 29/30. No. 3, Lachlan Valley D. Rise C'ship: 1st, C. Harries, 19/20; 2nd, J. Nash, 24/26; 3rd, D. Toshack, 23/26; F/M., M. Cass, 6/20. No. 4, S'take: K. Oldfield, C. A good roll-up of shooters were fortunate in enjoying almost ideal weather conditions. Although shooting commenced on schedule, the day closed in quickly and the final event had to be abandoned. The Elliott Shield, restricted to residents of the Wangoolia Shire, resulted in a surprising win for Lloyd Goodacre, a 16 yarder, who nevertheless downed the local champions. The trophy which was run in conjunction with this event, was won by L. Alexander; 2nd, B. Martens, and F/M., M. Cass. C. Harries secured an outright win in the Lachlan Valley D. Rise C'ship; 2nd and 3rd, J. Nash, R. Toshack; F/M., M. Cass.

A vote of thanks to the ladies for providing afternoon tea, which was up to its usual high standard. Thanks also to the volunteers who give so generously of their time to the maintenance of the club house, ground and traps, etc. All using these facilities agree they are in excellent condition and a credit to the club.

Please note dates of our main forthcoming shoots: August 6/7, Lachlan Valley D.B. C'ship, plus \$300.00 H'cap; October 1/2/3, C'wealth D.R. Night C'ship, Lachlan Valley S.B. C'ship, plus \$300.00 H'cap.

CROYDON (V.), 27/4/66. — Weather: cold and foggy. Attendance: 22. No. 1, Yarra Valley Mixed Bird Night C'ship: 1st, M. Hamilton, 24/25; 2nd, J. Walls, 43/45; 3rd, G. Carroll, 41/45; 12/14 yds., Dick Thornton, 28/33; 15/16 yds., G. West, 37/51.

Well, what can I say about this event other than praise the co-operation and sportsmanship of those shooters present on the last night shoot at our grounds until September? It was so foggy at times that every available shooter was out on the ground assisting the referee. Nevertheless some very fine scores were recorded, and congratulations go to Mick, Jim and Graham for their good shooting, which earned them 1st, 2nd and 3rd respectively, also to Dick and Graeme for their wins in their respective yardage groups.

Keen visitors made up the number for the club's annual May week-end shoot, which turned out a great success. The club was favoured by the attendance of Merv. Berry, A.C.T.A. Secretary. Mervyn is always a welcome sight at Frankston. The President, Keith Pretty, welcomed another new member in George Inge. The club is still progressing.

(C. D. Wilson, Hon. Sec.)

GERALDTON (W.A.).—On Sunday, May 15, members took part in two events under ideal shooting conditions. Some of our members were visiting Narrogin to compete in the Commonwealth and State titles being conducted at that club, but we managed to gather up a couple of squads. This was due mainly to the return of some of our fisherman friends from the Abrolhos Islands, and we look forward to seeing them on the tracks more often from now on. Jack Keene was back with us after his spell in hospital and we hope he retains his present good health.

The first event was a D'ville Doubles, and we decided partners by the old-established method and pulled them out of the President's hat! Joe Costantino and Sam Zorino were the aces for the day and had a clear win with the only 15/15, with Jack Keene and Ray MacDonald, 14/15, filling second place. Next came Jim Boyes and Taffy White with 13, with Harry Finlay and Bill Heath fourth.

In the 20 birder D.B. H'cap, top honours went to Harry Finlay and Jim Boyes, each with 19, with Eddie Daw sharing the money after killing 18/20. Taffy White recorded 17, Sam Zorino 16, Ray MacDonald and Jack Keene 15, Joe Costantino and Frank Bombara 14 each.

Afternoon teas were prepared and served by Mesdames Heath, Bombara and Keene, and this rounded off a very pleasant afternoon. Many thanks, ladies, we greatly appreciate your efforts.

On Sunday, 22/5/66, members took part in a Handicap Skeet event, with some very good scores resulting. Jim Boyes, Lou Pember and Chris Russell each recorded possibles of 25/25, including handicap, and a shoot-off was necessary to decide the place-getters. A half-round was shot and Jim Boyes killed them all to record a possible, with Lou Pember down two and Chris Russell down one. With their handicaps they both secured possibles as well, and so another half-round was fired, with the same result: Boyes clean, Pember down two, Russell down one. In the third half-round Boyes slipped up, and as he was shooting on a nil handicap, he was unable to equal Russell and Pember with their handicap advantage, and filled third place. A further "miss and out" shoot-off was held, and this was decided in favour of Chris Russell, with Pember second. "Off the gun" honours went to Jim Boyes with a total of 57/61, including a run of 35 straight, followed by Pember with 57/66 and Russell 56/66. In the initial 25 good scores were put up by Dick Burton, Eric Boschetti and Jack Keene.

An impromptu 10-bird D.B. was conducted and shooters participating were Jack Meadows, Lou Pember, Eric Boschetti, Jim Boyes, Dick Burton, Jack Keene, Frank Bombara, Sam Zorino, Joe Costantino, and Chris Russell.

Dick Burton presented the trophies and remarked on the high standard of shooting enjoyed during the afternoon.

GANMAIN (N.S.W.), 14/5/66.—Weather conditions: clear and calm. Attendance: 17. Results: No. 1, 5-bird D.B.: H. Cox, B. McPherson, A. J. Graham, G. Graham, J. Whittaker, L. Graham, R. Hall, G. Lymberry, D. Taylor, A. Sheather, div. No. 2, 10-bird D.B.: H. Cox, A. J. Graham, G. Graham, L. Graham, R. Hall, div. No. 3, 10-bird Pts.: H. Cox, L. Graham, div. 1st and 2nd; E. Hands, 3rd. No. 4, 15-bird D.B.: B. McPherson, A. J. Graham, J. A. Graham, div. No. 5, 5-bird S.B.: J. A. Graham, L. Graham, R. Hall, div.

A near-perfect day, but attendance a little disappointing, mainly owing to recent rains keeping farmers busy. H. Cox, a new shooter, shot very well to get a cut in most events.

Ray Hall of Wagga, perhaps one of our most popular visitors, is retiring and going for a tour of most of Australia, but we hope to see him back and often. A special welcome for Ernie Hands of Junee, who lost his son in a tragic car accident one week ago. Ernie brought his lovely daughter Julie to her first shoot, and we hope to see them at our next shoot.

## *meet these top shooters*

When it comes to shooting, these three top Australian shooters really know their subject. We'd like you to meet them (that's if you haven't already)—from the left, Don Scowcroft, Newton Thomas and Doug Cumming. Three shooters who, with ICI, devote a tremendous amount of time and effort in promoting clay target shooting generally, running shooters schools, and assisting clubs in many ways.

Newton Thomas, probably one of the best known back markers in Australian clay target shooting for many years, and winner of practically every Australian major title, concentrates his efforts to the promotion of the sport in Victoria and South Australia, and other parts of Australia as well as New Zealand.

Don Scowcroft is better known for his activities around N.S.W., Queensland, and the Pacific Islands. Recently he returned from New Zealand where he conducted 11 shooting schools during a five-week visit.

Doug Cumming is our man in the West, constantly devoting his energy to the development of clay target shooting in Western Australia.

These shooters, along with all discerning shooters, choose ICI 'TARGET'—the cartridge specifically developed for Australian trap and skeet shooting. ICI 'TARGET' features hot primers, clean burning powder, hard even shot, gives dense even patterns with consistent velocities, all with a low recoil factor.

# 14 TOP CHAMPIONS BUY BROADRIBS

It is easy to see that most top Champions have realised that the seven major benefits of Broad Ribs are both real and important. Of the 27 yarders or Commonwealth Title winners who have purchased Broad Ribs, 12 have chosen STIRLING for these important and exclusive features.

1. Other Over and Unders with single selective triggers have a noticeable difference in pull between the hammers. And even the most expensive makes are subject to misfiring or "doubling", but with STIRLING this problem does not exist, as both hammers travel the same distance, resulting in identical lock time.

2. The barrels of the STIRLING are not merely chrome-plated, but are made of solid nickel-chromium alloy steel throughout, bored to a mirror finish. That's the best way to prevent leading.

*Most Champions are quick to take advantage of the best equipment available. Shouldn't you act quickly, too, before your standard gun is considered out-of-date and unwanted as a trade-in?*

STIRLING Broad Ribs are available in the trap grade 'D' at \$270, or for those who wish to share their sport with wives and sons the Standard 'A' grade is available in 20 gauge or 12 gauge Special Skeet at \$198.

If you have any difficulty in obtaining your STIRLING, write to us and we will let you have the name of your nearest AUTHORISED dealer.

The programme had to be cut short owing to a loss of time caused by a shoot-off for the monthly trophy. The sparrows event was finished in the dark, with the scores for this event not quite up to the standard of the afternoon.

**HUNTLY (V.), 7/5/66.**—Weather conditions: windy. Attendance: fair. Results: No. 1, 5-bird Pts.: G. Ashman, F. Doyle, N. Carboon, O. Dowker, 15/15. No. 2, Club D.B. C'ship: 1st, J. Cumming, 20/20; 2nd, H. Birchall, 38/39; 3rd, T. Baldwin, 37/39; F/M., F. Doyle, 18/20. No. 3, 15-bird D.B.: 1st, W. Makeham, 23/23; 2nd, D. McKay, 22/23; 3rd, G. Ashman, 19/20; 12/14 yds., L. Huntly conducted its monthly shoot, with the Club D.B. C'ship the main event, with a northerly wind blowing. Shooters found the targets very elusive, J. Cumming being the only shooter to return the full score 20/20 to take the sash and first trophy, H. Birchall, having his first shoot for a few

The 15-bird Trophy event was won by Kerang shooter W. Makeham from D. McKay and Geoff. Ashman; these shooters were the only ones to shoot 14/15. The final event, 5 pair D. Rise at sparrows, saw J. Cumming to the fore again with 9/10, 1st; W. Makeham, 8/10, 2nd.

**HORSHAM (V.), 14/5/66.**—Weather conditions: fine, slight wind. Attendance: 29. Results: No. 1, 5 birds: 11 shooters div. No. 2, 15-bird D.B. \$100 H'cap: A. Tucker, W. Oliver, R. Hudson, 15/15, div. No. 3, 10-bird D.B. H'cap: S. Childs, K. Hart, B. Robinson, L. Egginton, W. Drendel, 10/10, div. No. 4, 5-bird S.B.: A. Tucker, R. Krause, B. Schilling, G. Strauss, W. Drendel, 5/5, div.

A good muster for our monthly shoot, but the scores were not quite as high as usual; the wind seemed to make the birds play up a bit. Allan Tucker, Wally Oliver and Roy Hudson divided the main event and earned themselves another yard further back for their effort.

Thanks to the ladies for their usual first-class afternoon tea, which was appreciated by all.

(Bert Robinson, Hon. Sec.)

**HAMILTON (V.), 21/5/66.**—Weather conditions: cold and showery. Attendance: 25. Results: No. 1, 5-bird S.B.: 6 shooters div. No. 2, 20-bird S.B. C'ship: 1st, N. Hinneberg (Horsham); 2nd, S. Thompson (Hamilton); 3rd, D. Mayfield (Hamilton). No. 3, 15 birds Mixed Bird Events: No shooter shot possible, 6 shooters with 14/15 div. the event.

Shooting conditions not very favourable for trap shooting. Shooters travelled far for our championship (Hamilton and District S.B.). Three only shot the possible. Hamilton always treats the Hinneberg brothers, John and Norm; this was Norm's turn to take home the sash. Next shoot, June 18 — 5 trap trophy shoot.

Mesdames Arnold and Beaumont turned on their usual afternoon tea to warm everybody. Thank you, ladies. Our twelve months' shoot programme is available on request. Secretary, K. Ilsley, 210 Rippon Road, Hamilton.

**HAY (N.S.W.), 22/5/66.**—Weather conditions: sunny and warm. Attendance: 20. No. 1, Evans & Balfour Novelty (in two divisions of 20 targets): First Div. (off 15 yds.): J. Houston, 20/20, 1st; J. Skene, 2nd; C. Gibson, 3rd. Second Div. (off 18 yds.): J. Headon, 1st, 34/34; H. Cox, 2nd, 33/34; Maurice Gibson, 3rd, 19/20. 10 targets Pts. (Assoc. h'cap marks): V. Cox, W. Ronald, L. Booth, J. Houston, 30/30, div.

A more perfect autumn day could not be ordered, and seeing it was the start of the club's shoots now to be shot on a Sunday, it appears to be most popular with 98 per cent. of the club members. Our thanks go out to Messrs. Evans and Balfour in the gift of the six lovely trophies, which were admired by all. The local champ. was far too good off the 18-yard mark in his division; however, popular Marshal Harry Cox took him to the 33rd target before quitting to take second place, with Maurice Gibson third.

Patron of the club, John Houston, collected his division quickly due to him, being the only one to notch up 20/20, with six others

right behind him on 19/20. Final result being that T. Skene took the minor place, with Col. Gibson third after a shoot-off.

**14/5/66.**—Weather conditions: good. Attendance: 18. Results: No. 1, 5-bird D.B.: A. Mitchell, R. Waldron, G. Cavanagh, J. Ponton, R. Rolfe, N. Pennington, N. Campbell, 5/5, div. No. 2, 10-bird Pts.: G. Cavanagh, A. Mitchell, J. Ponton, 20/20 — shoot-off, J. Ponton. No. 3, 15-bird Col. Smith Trophy: N. Campbell, 15/15. No. 4, 5-bird D.B. Walk-up: L. Kennedy, H. Thomas, 5/5.

The conditions were very good, with the new shooters doing very well. In the 10-bird Points they were all 12 yds. in the shoot-off.

Any visitors to Inverell on the third Saturday of every month are very welcome to the club.

(N. Campbell, Hon. Sec.)

**KOJONUP (W.A.), 1/5/66.**—Weather conditions: cloudy and mild. Attendance: 20. Results: 30-bird D.B. Pts.: T. Cusack, 86/90; D. Webb, 73/90; K. Anderson, N. Beeck, P. H. Crossley, 72/90.

Shooting under almost ideal conditions. Tony Cusack was untroubled to come home an easy winner for the Glen Pritchard Trophy. Good to see Phill Crossley shooting in fine style to win the forward-markers' trophy, which was donated by Fergis Mainwaring, and to take out equal third place. The Albany boys proved that they came for more than just the ride by David Webb shooting into second place.

(Keith Anderson, Hon. Sec.)

**KEMPSEY (N.S.W.), 8/5/66.**—Weather conditions: fine day, high wind. Attendance: 23. Results: No. 1, 5-bird D.B. G.W.: J. Smith, B. Smith, G. Harris, T. Dick, W. Harris, J. Haigh, E. Hassal, S. Marsh, 5/5, div. No. 2, 15-bird S.B.: B. Gillett, J. Haigh, 15/15, div.; 8 div. 3rd. No. 3, 15-bird D.B.: J. Goodsell, B. Gillett, B. Smith, G. Harris, Mrs. Gates, W. Darley, 15/15, div. No. 4, 15-bird Pts.: Dr. S. Marsh, H. Kemp, 45/45; T. Dick, J. Haigh, W. Darley, 44/45. No. 5, 15-bird D.B. Trophy: J. Haigh, 58/58; J. Goodsell, 57/58; G. Harris, 48/49. No. 6, 20-bird Pts.: J. Haigh, H. Kemp, 60/60; T. Dick, A. Neill, 59/60.

This open shoot was organised too quickly to put in the "News". It was the first open day on our new ground and was very successful, and very good shooting was witnessed. Four breaks were made: J. Goodsell 114, J. Haigh 95, W. Darley 71, and G. Harris 59. Shooters from Bourke, Sydney, Newcastle, Taree, Dorrigo and Lismore attending. Several trophies did not arrive in time to be included in the programme. The R.S.L. trophy was won by J. Haigh, 58/58; J. Goodsell, 57/58; G. Harris, 48/49, from seven other shooters who got the possible.

About five hundred people attended the shoot and all commented how well our ground looked.

Weather perfect, attendance very good. First event went to Bill Copeland from H. Weitzel, and Bob Hunter 3rd. The Keilor Plains S.B. C'ship was won by Les Hendra (Werribee) with a clean score 20/20; 2nd, F. Burns, 36/37; 3rd, C. Northey, 35/37; 12/15 yds., L. Phillips, 17/20. The Teams event was a keen contest, with seven teams competing, which was won by the Victorian Gun Club. Les Beer, the President, was very happy with the result. The Handicap in this event was won by T. Spence, 1st, 30/30; 2nd, J. Platten, 29/30; 3rd, D. McSparron, 26/27; 12/15 yds., G. Baker, 19/20.

LAE (T.P.N.G.), 24/4/66. — Weather conditions: gusty wind towards trap. Attendance: 12. Results: No. 1, 5-bird D.B. Kills: H. Dunstan, 5/5; MacFarlan, Osborn, Welsh, 4/5, div. No. 2, 10-bird S.B. H'cap: H. Dunstan, 12/12; N. Osborn, 11/12; G. Welsh, 9/10. No. 3, 5-bird D.B. Pts.: "Snow" MacFarlan, 13/15; T. O'Bryan, 12/15; Osborn, Kramer, Dunstan, 11/15. No. 4, 10-bird S.B. H'cap: "Snow" MacFarlan, 9/10; W. Hall, 8/10; T. O'Bryan, 7/10.

Only a practice shoot and our first for six weeks because of extensive flood damage to the club's access road. Considering our recent weather conditions, this was a good roll-up, and we are very pleased to welcome a new member in "Snow" MacFarlan. "Snow" shot extremely well for a new-comer and we predict that in the not too distant future he will be able to whisper "pull" for release of targets. Tony Harrington and Col. Benton also acquitted themselves very well.

Sincere thanks to the un-named members who made the day possible and to those who have co-operated towards making 1st May (our official opening day) one of our most anticipated programmes. We look forward to welcoming visitors from Port Moresby, Rabaul and Mt. Hagen for the I.C.I. Trophy and Morobe S.B. C'ship.

11/5/66. — Weather conditions: good. Attendance: 32. Results: No. 1, 5-bird D.B. H'cap: V. Sandr, J. Ruge, T. Hammersley, G. Zoghaib, A. Hall, G. Boulter, N. Camps, 5/5, div. No. 2, 10-bird S.B. H'cap: E. Kennedy, 10/10; V. Sandr, D. Wright, J. Ruge, G. Boulter, div. 2nd and 3rd, 9/10. No. 3, 20-bird S.B. H'cap for I.C.I. Trophy: 4 shooters tied with 13/20 — shoot-off: G. Zoghaib, 23/25; J. Ruge, 22/25; T. Hammersley, 21/25. No. 4, Morobe Dist. S.B. C'ship: 1st, E. Kennedy, 20/20; 2nd, G. Zoghaib, 18/20; shoot-off for 3rd between A. Hall and N. Osborn went to A. Hall, 18/21. No. 5, 10-bird D.B. H'cap Pts.: 1st, J. Ruge, 30/30; 2nd, V. Sandr, 32/33; 3rd, H. Dunstan, 31/33. High Gun Trophy went to E. Kennedy (Port Moresby).

A very good attendance for our opening day at Markham Point, with visitors from Mt. Hagen, Port Moresby, Rabaul and Goroka. Our Patron, Dr. Bryan Todd, very creditably despatched the first clay and declared the club open. With the exceptions of Gary Owen, Boulter and Harry Dunstan, the visitors swept all events before them. Congratulations to all for an excellent day's shooting, and we hope to see you at the T.P.N.G. D.B. C'ship on June 12. Thanks go to all who assisted in making the day a success by assisting with refereeing, scoring, etc. Thanks to the ladies who assisted with the presentation barbecue at Tamila Plantation in the evening, and to our President, Norm Osborn, for making his home available for a very enjoyable conclusion to the day.

The \$600.00 Lottery was won by J. Lowein of Mt. Hagen.

(G. F. Welsh, Hon. Sec.)

LILYDALE (V.), 14/5/66. — 50 shooters. No. 1, 10-bird Pts.: R. Dinsdale, Bill Gresselle, 30/30 pts., div. with the possible from 5 with 29/30. No. 2, Metropolitan D.B. C'ship (20 birds off 16 yds.): 1st, N. J. Thomas, 75/75; 2nd, N. Kneebone, 74/75; 3rd, G. Robinson, 68/69; 12/14 yds., K. McKay, 19/20; 15/16 yds., D. Clay, 38/39; 17/18 yds., W. R. Johns, 48/49. No. 3, 6 pair D. Rise (off 16 yds.): N. Thomas, T. Delorenzo, A. D. McCulloch, N. Kneebone, 5/6 pairs, div.

The Australian champ., Newton J. Thomas, again paid us a visit and duly took off the main event, the Metropolitan D.B. C'ship, with a fine break of 75, unfinished — a fine performance under the trying conditions of a very strong cross wind and dull light; also sharing in the D. Rise event. Nice to see Ray Dinsdale and Bill Gresselle share the first event with the only possibles from five shooters with 29/30. Doug. Clay, after a spell away from shooting, demonstrated that the rest did not impair his ability at all by putting up a break of 50 odd all told. Norm Kneebone was another, after a long spell, to shoot over 80 straight and run the Australian champ. to a close finish in the main event.

The ladies put on a fine afternoon tea which was much appreciated.

28/5/66. — No. 1, 10-bird S.B.: div. B. Douglas, V. Nicholas, W. Carlson, G. Robinson, R. Henwood, 10/10. No. 2, Club S.B. C'ship: 1st, G. Robinson, 20/20; 2nd, R. Henwood, 24/26; 3rd, B. Douglas, 23/26; 12/14 yds., L. Dingley, 18/20; 15/16 yds., R. Greenwood, 24/27; 17/18 yds., Bill Carlson, 22/25; ladies' trophy, Mrs. W. Gresselle. No. 3, 20-bird H'cap: div. G. Robinson, K. McKay, A. Ferguson, 20/20. Merv. Landers won the Special Event for a case of Blue Stars with a possible (the only one).

As usual, the ladies put on a fine afternoon tea, which was really very much appreciated by all.

Geo. Robinson is really shooting extremely well. He never missed a bird all day. It was very nice to see a few of the new shooters partake of some of the prize money. Both A. Ferguson and his pal L. Dingley are now really showing very much improved form over the last few weeks, and I am sure will in future keep all the other shooters on their toes in any of the events. Keith McKay also is now a vastly improved shooter. Merv. Landers was the lucky shooter for the case of Blue Stars.

The club has now three traps installed and soon hope to erect more shelter and do up the roadway into the club grounds.

(W. R. Johns, Hon. Sec.)

Rise: Darcy Powell, 10/10; Dick Powell, D. Worrall, 9/10. No. 8, Box Sweep: R. J. Powell.

A small roll-up and windy conditions, but scores were good and competition keen. "Yours truly" had a field day, using no second barrels until Event 7, when our worthy President, Darcy Powell, proved to be the expert. Bill Anderson took first prize in the trophy event. As there were only two possibles, and 1st and 2nd trophies were similar travelling rugs — no shoot-off neces-

sary for these very welcome trophies. Dick Powell, Len Sharpe, Harley Roberts and Don Mount all scored 29/30 and entered into a spirited shoot-off for third place, and Dick took the "money" after only 7 targets. Aggregates for the day were: David Worrall, 44/45; Dick Powell, 42/45; Roy Shepherd and Darcy Powell, 41/45.

All were delighted to see Andy Chapman along for the first time in 12 months — hope you come along next month, too, Andy, and can fire a few shots. Stephen Anderson, home from University, was also a welcome visitor and "held his end up" well. Pleased, too, to welcome Keith De Saxe of Ballina as a new member — hope to see you regularly now, Keith.

Miss MARG. WARREN, Hon. Sec.,  
"Whurle" Station,  
via Wentworth, N.S.W.

Our first Easter shoot was a financial and social success, with shooters competing from Dubbo, Narromine, Gilgandra, Boggabri. Our congratulations go to Mr. Reg Yeo of Mendooran Club on his well-deserved win in the main trophy event, and Mr. G. Rich of Dubbo, who came second.

Dubbo also won back the D. Rise Shield with a score of 77/100. Gilgandra won the 20-bird D.B. Permewan Shield with the record score on this particular shield of 97/100.

High Gun, donated by I.C.I., was won by J. Scott with 61/65, and the 12/15 yds. was won by J. Baxter, 59/65, and 12 yd. trophy, donated by Whitney and Son of Dubbo, was won by G. Hall, 56/65.

We would like to thank all those shooters who helped through the day, with scores, refereeing, pulling, etc. Thanks also to the ladies who provided the morning cup of tea which was much appreciated by everyone.

A very small attendance of members this month. Owing to a very brief fall of rain, most members were busy sowing wheat. Barney Collins shot very well to win the round for the .222 rifle for this month, with a score of 31/32, from J. Nott, who was very unlucky, with a score of 30/32. Barney also shared in three other events.

Hope to see more shooters next month, when our Club C'ship will be contested, for which Mr. R. Marchant has donated a very nice trophy.

(D. Smith, Hon. Sec.)

Ducks weather once again for our open shoot, but shooters are becoming used to it (well, almost). The response to our advertising was the best yet, in that we had the most successful shoot since the club began. The shoot went very smoothly all day, not stopping for lunch, but darkness fell before the shoot ended. The last two squads had night conditions, lights on and white clays.

The club management wishes to thank all shooters for the sportsmanship they showed at the closing stages of the day. Thanks to

Alan Gull for his untiring work on the tracks most of the day in the rain.

Congratulations to all winners and place-getters, especially to Bill Hughes, winner of District S.B. C'ship and High Gun.

P.S. — Thanks to Noel Massey for driving 500 miles down to attend the shoot. Readers: beware of traffic police here. Ask Noel.

missed his first bird and took the second placing. The third trophy was much harder to decide; E. Sharman, G. Roberts and A. Bowering went to the 18th bird before Allan was declared the winner. Front-marker trophy went to B. Lee with a score of 17/20. Brian shot well all day and also scored his possible in the Handicap. Some excellent shooting was seen in the Handicap and no fewer than 11 shooters came up with the possible. Among the top scores was young shooter Byron Bott; Byron scored well for his maiden shoot, this being his first outing; he looks like going places.

The President, Mr. S. Roberts, welcomed visiting shooters and presented the trophies. An excellent afternoon tea was served by the ladies' committee. Thank you, ladies.

(H. C. Neville, Hon. Sec.)

**METROPOLITAN (V.).**—Splendid attendances during May and shooting of a high standard.

7/5/66.—This day preceded Mothers' Day and on this occasion trophies for the main 30 birds Handicap were all suitable for ladies. It provided keen competition and high scores.

Graham White, 55/55 (shooting very well at present), was flat out to beat Arch Gosling, 54/55, while Max Day (76/77) had a long grind to take third prize. The front-mark trophy was won by D. Mooney with a well-compiled 52/55.

In the preliminary 10 birds Points, Tony Buskauskas and Ray Lacey were the dividers with 30/30. Graham White and Arch Gosling, each 29/30, split the remaining cash. The Skeet was operating, and six shooters divided.

21/5/66.—This programme commenced with a 6 pair Deauville Doubles, and in this 12 pair finished with a clean score and divided. Then followed the Metropolitan Deauville Doubles Championship, in which 28 pairs took the field. Shooting was not too easy and performances were highly creditable. The winning pair were Alan Harrod and Eugene Colautti with 45/45. This pair combine well and have enjoyed good wins in this type of event.

Second place went to the brothers Sam and Rupert Henwood, 44/45. They took a lot of shaking off.

A 15 birds D.B. Handicap concluded the programme and attracted a large field. Tom Spence, Vin Nicholas, Ray Maybury, Anthony Tie, Arthur Giddons, Lin Phillips and Sam Henwood each scored the possible and div.

Nine shooters divided the first Skeet and seven the second.

Incidentally, Skeet operates EVERY shooting day, starting at 12 o'clock.

D.B. Conditions were ideal and there were many good scores. 1st, R. Bailey, 30/30, after a shoot-off with K. Barker, 30/30. A marathon shoot-off for third place saw F. Durbridge take the honours from Jules Steiner; both these shooters, who have figured in interesting tussles before, were perhaps unlucky in scoring breaks of 73, but Jules is happy with his brand-new "50" badge. Others scoring 29/30: D. Secker, G. Bailey, R. Witcombe, T. Di Lanzo, J. Philiphoff, A. Anderson.

Sun., 29/5/66.—Stormy conditions detracted from attendances. The value of practice was shown in good scores under the difficult conditions in a 25-bird Skeet H'cap, nine shooters reaching or exceeding 25 with their handicaps. Best scores off the gun were 24/25 from E. Metcalf and R. Bailey. After shoot-offs, placings resulted: 1st, B. Sharp, 20 plus 9 h'cap (23/24 in shoot-off); 2nd, J. Steiner, 21 plus 5 (also 23/24); 3rd, W. Shields, 20 plus 9. F. Durbridge and M. Taylor also recorded good scores, but their lower handicap marks kept them out of the money. 10-bird D.B. (comp. div.): G. Larsen, W. Shields, J. Philiphoff, R. Bailey, 10/10.

Our ladies provided a welcome afternoon tea in their usual good style.

Our membership continues to increase, with some 20 new and enthusiastic shooters joining up this year. Attendances at practice

on Saturdays is also attracting good attendances, generally 18-20, but on one Saturday recently we had 30.

POONCARIE (N.S.W.), 30/4/66.—Weather conditions: fine and warm. Attendance: 51. Results: No. 1, 10-bird D.B. (off h'caps): 8 possibles — M. Sims, R. Warren, R. Wakefield, F. Barnes, K. Wakefield, R. Scherger, G. Wakefield, D. Gates. No. 2, 10-bird D.B. Trophy (off h'caps): 1st, N. Wakefield; 2nd, S. Scherger; 3rd, G. Wilkinson. No. 3, 20-bird D.B. \$100 H'cap: 6 div. — M. Sims, W. Maddocks, J. Doyle, R. Garraway, F. Barnes, S. Barnes. No. 4, 20-bird D.B. Pooncarie Dist. C'ship: 1st, J. Doyle; 2nd, C. Barnes; 3rd, F. Barnes.

This was our first shoot for the year and was a very pleasing success, with shooters coming from a long way to attend. Congratulations to John Doyle on his winning of the District C'ship with the good score of 41/41. The minor placings were keenly fought out by Clarrie and Frank Barnes, with finally Clarrie taking off second and Frank third, 50/51 and 49/51. The front-markers' trophy for this event was won in fine style by N. Wakefield. The Peppora trophy was won with excellent shooting by Neville Wakefield with a good score of 33/33. Second trophy went to Stuart Scherger, and third was Graeme Wilkinson.

## Birchip and District Day and Night Double-Barrel Championships

M. CONNELLY, President. H. G. TAYLOR, S. FRASER, Secs.

Congratulations to the following six shooters who divided the \$100 H'cap: Mick Sims, Warren Maddocks, Bob Garraway, John Doyle, Stuart Scherger and Steven Barnes. In conjunction with the \$100 Handicap, teams from six clubs keenly contested for the McKean Shield. The winning team was from the Wyrama Club with the very good score of 97/100. Congratulations to the following team members: M. Sims, R. Warren, Dick Warren, W. Maddocks and R. Wakefield.

The High Gun was won in fine style by Graeme Wilkinson; congratulations, Graeme.

On behalf of the club I would like to thank all those who attended to make this shoot a great success.

Last, but by no means least, I would like to thank the ladies for their excellent catering on the day.

(J. H. Trask, Hon. Sec.)

**PUCKAPUNYAL (V.), 29/5/66.** — Sunday, May 29, was an extremely pleasant day at Pucka., with a good attendance of 64 shooters, a large number of wives and children, and a pleasant, sunny day. Shooting started punctually at 12.45 with the D'ville Doubles E.O.: 13 pair shot the 8 pair and cut the spoils. Pucka. Club retained its reputation for the unexpected, as against the 100 pair shot at the last D'ville Doubles C'ship by Colautti-Harrold, 24 pair took it out this time. Only three combinations weathered the 20 releases, namely Gooly - Stone, Wilkinson - Dixon, Delorenzo - Franklin. The third pair in the shoot-off proved too much for Gooly - Stone, the scratch pair. Delorenzo - Franklin dropped the fourth, leaving Wilkinson - Dixon the winners.

The five-trophy handicap event proved very popular and was keenly contested, with shooters off all handicaps from 12 to 26. Fourteen shooters stayed the distance with 20; the shoot-off was completed in very poor light. Max Day (Pucka's keen supporter) took home the dinner set, with 51/51; second with 50/51 was Fred Reade, who now owns a Sportco rifle; third was Terry Wilkinson with 49/50; fourth, Jim Birch, 44/45, and fifth, Trista Delorenzo with 37/38.

Ladies' trophy was won by Mrs. Edmunds. High Gun: Max Day.

Our thanks go out to all the clubs that were represented; we saw shooters from Ballarat, Wangaratta, Benalla, Euroa, Seymour, Metro., Australian, Victorian, Harcourt, Huntly, Kerang, Lilydale and Keilor, to name some; also lovely to see Mr. Bill Gresselle, who turned in a very commendable score.

At the conclusion of the trophy presentation the Patron of the Pucka. Gun Club, Major T. J. Poole, installed the new President, Warrant Officer Kevin "Junior" Ramsdale, who now replaces the very popular Jim Summers, who has retired from the Army. Major Poole went on to wish Jim a long and prosperous future in his ventures in "Givvy Street", and in recognition to the tremendous assistance given the Puckapunyal Gun Club over his seven years of membership, almost five of which he served as President, Jim was bestowed as an Honorary Life Member to the club. Good luck, Jim.

Feilen, 17/18 pair; 2nd, B. Hall - D. Turbit, 16/18 pair.

Good shooting and some exciting shoot-offs were the order of the day. The last event (D'ville Doubles), after going back to 26 yds., found 6 pairs of shooters still competing, shot for shot. The final shots of this fine shoot were made after dusk in the rapidly falling twilight.

7/6/66. — Weather conditions: gusty winds. Attendance: 17. Results: No. 1, Half Skeet: div. D. Taylor, S. Marshall, J. R. Tubb, 12/12. No. 2, Teams Skeet Elimination: P. Marshall, 24/25; D. Taylor, 23/25; G. Pinner, D. Perry, 22/25; R. Ward, 24/25 (Tas. team). No. 3, Teams Shoot (scores sealed). No. 4, 25 Skeet H'cap: div. 22 plus 5; V. Mitchell, 21 plus 7; E. Johnson, 21 plus 7; G. The main event of the day brought forward some excellent shooting by the Tasmanian team. The actual team's score (being sealed) was well below Tasmania's effort last year. The team is to be congratulated for handling such shocking conditions for skeet shooting as they did.

Luck was not with us, as the gusty winds played havoc with the targets. The weather improved shortly after the teams shoot, and we saw some excellent shooting by all.

G. Percival, W. Langdon, L. Sim, A. Baker, 5/5. No. 3, 5-bird S.B.: S. Gaul, T. Harris, H. Wellham, B. Mayo, L. Sim, A. Baker, 4/5. No. 4, 10-bird D.B.: B. Mayo, W. Langdon, H. Wellham, B. Grady, 10/10.

In most enjoyable conditions a good squad was present for the first shoot over the new trap. Unfortunately the trap did not function as well as it should have and the shooting was very slow. Too many broken birds made shooting more difficult. Congratulations to B. Grady, who won the shoot-off in the D.B. event from the consistent W. Langdon. H. Wellham also shot well.

14/5/66. — Weather conditions: cool. Attendance: 13. Results: No. 1, 5-bird D.B.: B. Mayo, G. Percival, A. Baker, W. Langdon, L. Sim, 5/5, div. No. 2, 10-bird D.B.: B. Mayo, G. Percival, R. Good shooting in good conditions, with the trap functioning a little better than the previous shoot. G. Percival won the shoot-off in the single-barrel event, and it's good to see this shooter "killing" them again. L. Sim and W. Langdon had a great day, with W. Langdon shooting 39/40 for the best shot of the day.

Thirty-four shooters turned out for this C'ship, even though it was a cold night. Ray Morrison shot well to win the sash from Ron Evans. Third went to Tom Rosewarne, and front-markers' to Ugo Giannini.

A good night's shooting was enjoyed by all, and the old kero. heater was keenly sought, after a visit to the traps.

The hot dogs seemed popular with the usual cup of tea, and the ladies must be thanked once again for their efforts in serving same.

A very good night's shooting was enjoyed by all and we are pleased at the popularity of the club, as shown by the excellent attendances.

Rise C'ship (15 pairs): 1st, L. Hendra, 26/30; 2nd, D. Glover, 27/32; 3rd, T. H. Powell, 26/32; F/M., K. Laird, 20/30. No. 3, 10 birds Tower (comp. div.): F. Burns, A. Coleman, T. This shoot, which was a novelty afternoon, was held in fine conditions and attracted 30 shooters. A feature of the afternoon was the number of local members who featured in the prize list. The D. Rise C'ship is always an attractive event and draws the really good shooter — and this event was no exception. The last two events were put on as a prelude to the Commonwealth Tower next month — and results indicated that we can expect some very high scores in that event.

Once again many thanks to the visitors who helped to make this afternoon such a pleasant occasion.

How would you like a  
shotshell that keeps  
the powder  
gases  
where they  
belong?  
Winchester-Western gives  
it to you — the strongest  
shotshell on the market.

It's called the Winchester-Western Double AA. But let's get too confused by the name. Very simply, it's a break-through in a shotshell design which you won't want to miss. It's a rugged, low-brass shell that's built for perfect performance where a heavy load is not needed. Best of all, this great shotshell has a hard, slick plastic tube that won't scuff or swell. Feeds faster, chambers faster — assures you jam-free extraction . . . shot after shot! So if you've a yen to try something new in target loads, go see your shotshell supplier. See what we mean when we say this is the best news in target shells.
