REGISTERED SHOOTERS

Article 49 of the Articles of Association of the Australian Clay Target Association states: (a) The Association shall keep a register of shooters and no person may enter or compete at any Association competition or event conducted by a member Club of which a Delegate is a member of the Association unless such person is registered with the Association and is not in arrear with his subscription.

(b) Each member Club and each member who is the Delegate of an unincorporated Club shall BEFORE the THIRTY-FIRST DAY OF JANUARY IN EACH YEAR supply the Secretary with a full and accurate list of all members and shooters registered with such club for the year commencing on the first day of January of such year and shall at the same time remit to the Secretary the subscriptions of such Club members and shooters. Each member Club and each member who is the Delegate of an unincorporated Club shall also promptly forward to the Secretary of the Association the names and subscriptions of any persons joining such club or registering as shooters after the thirty-first day of January in any year.

The above information is given for the benefit of secretaries and shooters alike. In the past, the cost to the Association of the preparation and mailing A.C.T.A. Shooting "News" to unfinancial shooters has been far too heavy. MARCH 1967 "NEWS" WILL BE MAILED ONLY TO SHOOTERS FINANCIAL (ACTUALLY RECEIVED BY THE A.C.T.A.) AS OF FEBRUARY 17, 1967.

NOMINATIONS FOR 1966 OFFICES IN A.C.T.A.

All interested shooters are hereby notified that nominations for all offices in the Association close at 5 p.m. on Friday, December 30, 1965. Nominations must be lodged with the Secretary, A.C.T.A., G.P.O. Box 2038 S, Melbourne, C.I, Victoria. Any nominations received after this hour or date will not be accepted. Nomination forms are available from the Secretary, A.C.T.A.

Those lodging nominations are reminded that such nominations must be lodged in accordance with Article 27 of the Association Constitution, which reads, "Nominations for all offices in the Association and membership of the Executive Committee must be in writing, signed by the Secretary of the member club or by the delegate member of an unincorporated club making the nomination, and must reach the Secretary of the Association on or before the 31st December in each year prior to the Annual General Meeting."

It is advised that private nominations will be rejected. Nominations received must have the official backing of the club and be approved by the committee of the member club concerned.

1967 OPEN CHAMPIONSHIPS

The official allocation for the 1967 Open Championships, as allocated by the A.C.T.A. Executive Committee at its recent meeting, is published in this issue. This official allocation as printed should be accepted by all interested and shooting dates applied for on the prescribed forms. No further advice in this regard will be issued.

A.C.T.A. 1967 NATIONAL CHAMPIONSHIPS AND INTERNATIONAL MATCH

will be conducted at the grounds of the Gold Coast Gun Club (formerly the South Coast Gun Club), Queensland, commencing at 8.00 a.m. daily over the five days, Saturday, June 10, until p.m. Wednesday, June 14, inclusive. The programme (which includes the Queen's Birthday holiday on the Monday) has been amended to avoid a carry-over of events and will progress as follows, with the provision that, subject to time permitting each day, a \$300 Cash Handicap event will be added. The first day, Saturday, will see the winner of the coveted Champion of Champions Cup (1966 winner was M. Burgess of Cobar, N.S.W.). On the second day, Sunday, the National Intermediate Championship (1966 winner, T. Holmes, N.S.W.) will be shot in conjunction with the National Double-Barrel Championship (1966 winner, V. Ryan, Vic.). The third day, Monday, will commence with the National Single-Barrel Championship (1966 winner, D. Glover, Vic.), followed by the National Double Rise Championship (1966 winner, W. Charlton, N.S.W.). On the fourth day, Tuesday, from the Australia - New Zealand Championship, the six top scorers will comprise the Australian team for the Australia - New Zealand Teams' Match. A \$300 Handicap event is then scheduled to take place. For the

fifth and final day, the Twenty-first International Teams' Match will be conducted (Australian Team to be the 30 highest aggregate scorers in the Aust.-N.Z. Championship and the Aust. Nat. S.B. and D.B. Championships — of which only the best 25 scores are to count. Final scores are to be withheld pending complete results from overseas). The last scheduled event is to be the Eighteenth Grand Australian \$550 Handicap. The High Gun Trophy will be a B2, Grade (d), Special Trap 2 model Under and Over shotgun, the broad-rib type with 30-inch barrels, donated annually since 1966 by the makers, Fabrique Nationale of Belgium and Gollin & Co. of Sydney (as agents for N.S.W., Q'land and S. Aust.), with the provision that it may be won only once by any shooter. This will be competed for over the programmed events numbered 1 to 7 inclusive.

During the programme all New Zealand shooters will shoot two yards back from their New Zealand handicaps and ALL SHOOTERS MUST SHOW CURRENT HANDICAP CARDS WHEN NOMINATING FOR EACH EVENT.

On Saturday night, June 10, 1967, after the presentation of trophies, a buffet dinner, free to all shooters, will be available at the Gold Coast Gun Club.

TEN (10) REFEREES are required for the 1967 A.C.T.A. National Championships — see advertisement for applications for consideration.

The official photographer at the A.C.T.A. National shoots will be F. LANG of P.O. Box 40, TWEED HEADS, N.S.W.

Trophies will be presented daily from a dias after each event.

ACCOMMODATION — All requests should be directed as soon as possible to Dolby & Rankine (Accommodation) P/L, P.O. Box 64, Gold Coast Highway, Surfers Paradise, Queensland (Telephone: 9 2151).

Attention is drawn within this issue of A.C.T.A. Shooting "News" to:—

1. Rules and Championship Conditions
2. Skeet Rules
3. Handicapping Formula

NOTE: THESE RULES WILL NOT BE ALTERED FOR TWO YEARS. These are applicable as from January 1, 1967, and will also be supplied to clubs in broad-sheet form for notice-board display. In the interest of clarity, a number of amendments have been made so that the interpretation is simpler to follow. Copies in brochure form may be ordered through club secretaries as follows:—

- (a) A.C.T.A. Rules and Championship Conditions — 50 cents.
- (b) A.C.T.A. Skeet Rules — 25 cents.

It is the responsibility of all shooters to now read these Rules and Conditions and to follow them, BUT there is one further responsibility—that of enforcing the Rules and abiding by the Conditions and the Handicapping Formula as laid down—this rests with the men elected or chosen, by clubs and by shooters, to run these clubs.

Club Secretaries are advised:—

1. That A.C.T.A. Shooting "News" advertising rates will be increased as of January 1, 1967.

2. And all shooters are reminded that CURRENT HANDICAP CARDS MUST BE PRESENTED AT ALL SHOOT.

3. Club secretaries must enter the correct handicap yardage on handicap returns, otherwise shooters may be penalised unnecessarily.

4. All Commonwealth, State and District Titles, plus any event over \$100, must be applied for ON THE PRESCRIBED FORM.

5. Break badges in cloth form are available free to shooters, but ONLY where the HANDICAP RETURN and SCORE SHEETS as submitted ON THE PRESCRIBED FORM to A.C.T.A. Secretary, clearly show the shooter has earned this right. Break badges are for 50, 75, 100, 150, 200, 250 and 300 breaks (see Rule No. 91). Such a badge is also available free, on application by club secretaries, for shooters who have attained the handicap of 27 yards.

6. Enamelled car badges are available at \$2.50.

7. Enamelled metal badges are only struck by the makers against firm orders by this, your Association office. Club secretaries only may request these badges ON THE PRESCRIBED FORM, which will be of the standard A.C.T.A. insignia with the surround, containing the year, the championship title, the winner's initials and name. Such lettering on the surround will be in the following colours:—

Commonwealth Championships

- Blue
- State " — Red
- District " — White
- Club " — Green

Clubs are charged \$2.50 for each badge ordered.

8. Championship Sashes only may be ordered direct from the makers by club secretaries. Recommended and official makers are W. FLATTELY & SON, 11 ORR STREET, CARLTON, N.3, VICTORIA. Colours for the respective gradings of championships are as for BADGES as shown above.

9. ANNUAL SHOOTER REGISTRATION FEE of \$3.00 is payable via club secretaries. Any shooter attempting to by-pass the club by mailing direct to A.C.T.A. will NOT receive his handicap card or any copies of A.C.T.A. Shooting "News" until the club secretary signifies to the A.C.T.A. that the shooter's club membership is financial.

10. The method of allocating trophies and prizes is:

(a) First, second and third trophy winners cannot take part in yardage prizes.

(b) Yardage prizes are a separate entity and are virtually a bonus for the respective best scorers within the groups concerned.

11. Some clubs have attempted to run "graded shoots" with graded or yardage prizes only. This is quite contrary to the Rules, which require a 1st, 2nd and 3rd trophy, THEN yardage prizes may be given.

12. Handicapping —

(a) The Formula commences "Cash or Trophy value wins and divisions obtained in one day"—this includes yardage prizes. Thus, a

shooter may be handicapped after his results in, say, the first event, but, unless that plus his results in the following events do not total in excess of \$101, then only one yard per day can be applied to the shooter.

(b) Championships —

(i) A shooter winning a championship which is shot from in front of his current A.C.T.A. handicap receives no alteration to his recorded handicap.

(ii) A shooter winning a championship which is shot from behind his current A.C.T.A. handicap receives an immediate handicap alteration to that of the championship.

(iii) A shooter winning a championship which is shot from his own current A.C.T.A. handicap receives an immediate adjustment according to the Handicapping Formula and the prescribed Championship Trophies.

Referees are reminded to watch all shooters and to observe the types of ammunition being used, as, under the varying conditions of light, the plastic wads as inserted by some manufacturers may be mistaken for a chip of the clay target.

All are reminded that when a target is broken, then the target usually deflects slightly one way or the other—either up or down, left or right.

DUTIES OF A REFEREE

1. A Referee should wear his badge at all times.

2. When wearing such badge a Referee may be requested, by the club concerned, to referee the shoot and is obliged to assist accordingly.

3. He should check all traps for correct heights and angles.

4. He must only referee the event, but may release the targets where electric release is provided.

5. He should never score, as this distracts his attention.

In 1967 the New Zealand Championships conducted by the New Zealand Gun Clubs' Association will be held in Hamilton, N.Z., during the period April 2 to April 8 inclusive. The team to represent Australia in the Australia - New Zealand Team shoot during this series shall be the six highest scorers in the New Zealand Single Rise Championship.

The Australian Team shall consist of six shooters who will shoot against six New Zealanders at twenty (20) targets per shooter for the Tom Glenn Trophy. Air fares to New Zealand are \$158.70 return (from Sydney) and hotel accommodation is slightly cheaper than comparable accommodation in Australia. It is advisable to book well ahead, as accommodation generally in New Zealand is a little harder to get than in Australia. The visit can be recommended to A.C.T.A. registered shooters who must show their handicap cards when nominating, thence they will shoot from two yards IN FRONT of their Australian handicaps. A cordial invitation comes from the New Zealand Gun Clubs' Association to registered Australian shooters to attend this shoot. Accommodation requirements should be directed to Mr. I. K. Stewart, Secretary, Hamilton Gun Club, P.O. Box 281, Hamilton, N.Z.

SEASONAL GREETINGS

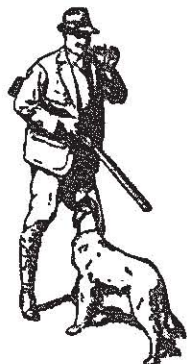

The President, Executive Committee and all officers of the A.C.T.A. officially extend Seasonal Greetings to all registered shooters and affiliated clubs throughout the Commonwealth and Mandated Territories.

The new year of trapshooting is full of promise — and for many it will be a year of fulfilment. Many shooters have been struggling to become champions for some time, and in the coming year a number will succeed. From time to time, the current champions come up with this answer to learning how to be a good shooter: SHOOT. There is no substitute for trial, error and experience. Soon it will become trial, error and accomplishment. To those shooters who join the ranks of champions, those who are just beginners, those who have shot for years and have received their rewards through enjoyment of the sport and of their friends in it—we wish you a most happy and rewarding new trapshooting year.

A.C.T.A. office will be closed over the period December 23, 1966, to January 10, 1967.

"Tips and Tails"

As DUBBO recently became a city within New South Wales, the Dubbo Gun Club was requested to put on an exhibition of clay target shooting at the Golf Club under floodlights, as part of the city celebrations.

At this shoot, the Mayor of the city addressed the public and presented K. Heywood, on behalf of the A.C.T.A., with the 500-break badge, commending him on his outstanding performance in the sport.

For the further information of all concerned, shooter K. Heywood, at Parkes Gun Club on Saturday, Oct. 8, 1966, shot a further consecutive 481 targets over the three championship events, one of them being the New South Wales State Double - Barrel Championship.

This splendid record, in addition to the 501 successive targets recorded in the one day by this shooter at Cobar G.C. (N.S.W.) on Sunday, Aug. 14, 1966, is indicative of the type of shooter we have in Australia, in that a number of other outstanding shooters, including Mal Burgess of Cobar and Don Scovcroft of Sydney, have pushed shooter Heywood to such record performances.

WELLINGTON (N.S.W.) are re-forming and soon will be shooting—Keith Winstanley, Central Hotel, Wellington (N.S.W.).

VICTORIAN (V.) have an interesting method to assist shooters in Tower shooting at night, in that the underneath portion of the clay is sprayed white at the club, thence each shooter has maximum opportunity to gain the total targets.

NEW ENGLAND (N.S.W.) advise their new ground location — 8 miles north of Glen Innes, New England Highway 7½ miles, turn left. Normal

club shoots will be second week-end monthly, on Sundays, for a trial period.

BENALLA (V.) — In 1957 Mr. C. F. Whitla, as Principal of the Wangaratta Technical School, conceived the idea of formally training the youth in his area in the methods of clay target shooting, with emphasis on "SAFETY FIRST". As a registered shooter of long standing in the A.C.T.A., Mr. Whitla has brought all this to fruition, and, now as Principal of the Benalla Technical School, he has arranged with the Benalla Gun Club to conduct the fifth such annual shoot on Wednesday, December 14, 1967, when some 100 boys, representing seven schools in the area, shall compete.

MOUNT HAGEN (T.P.N.G.) issue a "Challenge" to Australian shooters to visit them during the Australia Day long week-end in January 1967. The Territory shooters consider they will put up a good showing over the two-day social shoot and Australian visitors would be able to count on some good competition as well as an enjoyable visit. All intending visitors should contact, as soon as possible, Mrs. J. M. Sandr, Secretary, Mt. Hagen Gun Club, c/o District Office, Mount Hagen, T.P.N.G.

KEILOR GUN CLUB (V.) is going into recess as of December 1, 1966, until further notice.

Changes in Club Secretaries are amended as follows:—

Bathurst G.C. — A Rosconi, 1 Macquarie Street, Bathurst, N.S.W.

Hay G.C. — R. J. Neale, Macauley Street, Box 342, Hay, N.S.W.

Macarthur G.C. — R. Trigger, High Street, Macarthur, Vic.

Quambatook G.C. — J. Wallis, P.O. Box 7, Quambatook, Vic.

South Australian C.T.A. — D. N. Prescott, 417 South Road, Keswick, S.A.

Winton G.C. — L. Cowell, P.O. Box 229, Winton, Q'land.

These Rules shall remain in force until January 1, 1969, without amendment.

COMPETITION.

Rule No. 1.—Wheresoever the word "competition" may be used in the following rules, it is to be understood to refer to each particular event, and must at all times be so construed by the management, in whose charge the carrying out of such "competition" has been entrusted.

THE MANAGEMENT.

Rule No. 2.—The management of any club holding a tournament, or other competition, under these rules has the authority to reject any entry in the said tournament, or other competition, without giving any reason therefore, and to disqualify in whole or in part, any competitor who acts in an ungentlemanly or disorderly manner, or who handles his gun dangerously.

COMPETITOR.

Rule No. 3.—A competitor is one who has nominated for the particular event and whose name appears on the official score sheets or score board. A competitor can only compete once in each event. Each competitor shall carry his Handicap and Registration Card at all shoots.

Rule No. 4.—A competitor must be at the firing point within two minutes after having been called by the official referee, scorer or a member of the club management. Failing therein, he may be disqualified or be penalised with loss of targets.

Rule No. 5.—A competitor shall hold his gun in a position of safety, with breech open at all times.

Rule No. 6.—When at the firing point ready for competition, the competitor shall distinctly give the command, "Pull", to the puller, and thereafter the competitor is in the competition.

Rule No. 7.—When firing, the competitor's feet must be behind the firing mark assigned to him, and he must stand with both feet within eighteen (18) inches on either side of the centre of this mark. Should the competitor fail to observe the above rule, a "lost target" will be declared.

Rule No. 8.—Shooting on the grounds at any place other than the firing point at legitimate targets only is prohibited except where a pattern plate is installed.

Rule No. 9.—No competitor shall make, negotiate or discuss any bet (either on his own shooting or that of any other competitor) while he is at the firing point or shooting tracks, nor shall he leave the firing point or shooting tracks for the purpose of making, negotiating or discussing any bet. If any competitor infringes this rule, he may be disqualified by the referee.

Rule No. 10.—When it is his turn to shoot, a competitor shall close his gun only when at the firing point and facing the traps. He must remove the cartridge or cartridges from his gun before turning from the firing point on No. 5 track and proceeding to No. 1 track. The cartridge or cartridges must be removed from any magazine gun between each track.

Rule No. 11.—It shall be the responsibility of the competitor to check his score with the score sheet before leaving the shooting track. Any protest on his score must be lodged with the referee immediately, i.e. before leaving the shooting track. Such protest can only be made against incorrect score.

Rule No. 12.—All such protests must be confirmed in writing within 15 minutes, accompanied by \$2 forfeit.

Rule No. 13. — A competitor is duly notified to compete when his name is called out by a referee, scorer or other person authorised to do so by the management, or when his name appears on the score board. If a "squad hustler" is furnished, it is a matter of courtesy only, and does not in the least relieve the competitor from responsibility. It is the duty of each and every competitor to be promptly on hand to compete when called upon to do so.

THE REFEREE.

Rule No. 14. — The Referee's decision in all cases coming under his jurisdiction as set forth in these rules, shall be final. Referees must wear their official badges at all shoots.

Rule No. 15. — The Referee, besides attending to special duties set forth in these rules, shall adjudicate the competition, he shall distinctly and loudly announce the result of each shot by calling out "Kill" when the target is broken, and "Lost" when the target is unbroken, except in Double Rise shooting and point scoring. He shall decide all other issues which arise in relation to the direct competition.

Rule No. 16. — If the Referee is negligent or inefficient, impairing thereby the equity of the competition, the management may forthwith remove him. This rule applies also to scorers, pullers, trappers and any other of the staff.

Rule No. 17. — The Referee is empowered to challenge the ammunition used by any competitor.

Rule No. 18. — The Referee shall insist that no competitor is permitted to shoot from other than his A.C.T.A. handicap mark, except in Eye-openers preceding a Championship, and shall be shot from the same yardage as the Championship. These eye-openers are restricted to 5 targets per shooter, per trap, or 10 targets when only one trap is used. All clubs are permitted to run one Pre-International shoot per annum, when the clubs at their discretion may shoot any event from 16 yards, providing such shoot is held no more than 30 days prior to the advertised date of the International. Prizes, cash or trophies not to exceed \$100 on any one event.

Rule No. 19. — The Referee has power to alter his decision.

Rule No. 20. — All members of a squad shall automatically change lanes as soon as the next shooter has shot, and not wait until all shooters have shot. All members of a squad shall remain at the firing track until the last shot of the squad is fired.

THE SCORER.

Rule No. 21. — The Scorer shall keep an accurate record of each shot. Accordingly, the Referee call "Kill", or "Lost". He shall mark the figure 1 for "Kill" and 0 for "Lost".

Rule No. 22. — The Puller shall pull the trap, or traps, instantly in response to the competitor's call of "Pull".

Rule No. 23. — The Puller shall have an unobstructed view of the competitors at the firing points.

BROKEN TARGET.

Rule No. 24. — A "broken target" (kill) is one which has at least a visible piece or pieces, or the centre section, broken from it, or which is completely reduced to dust, or which has a visible section broken from it, even though such section is broken into dust by the competitor's shot while in the air.

Rule No. 25. — A "dusted target" is one from which more or less dust is detached by the competitor's shot, but which shows no visible diminution in size therefrom. A dusted target is not a broken target, and is a "Lost" target.

Rule No. 26. — The score of a competitor in double target shooting shall be shown as one (1) point for each "kill" as broken by the competitor's shot. Two barrels must not be fired at one target.

BAULK.

Rule No. 27. — Any extraneous occurrence which, in the opinion of the Referee, materially interferes with the equity of the competitor after he calls, "Pull", constitutes a baulk. Under no circumstances will a baulk be granted unless claimed by the competitor immediately it occurs. Only the competitor directly interested can claim a baulk, which, if allowed by the referee, restores him another target.

Rule No. 28. — In double-barrel shooting, jarring back denotes that from the concussion of the first shot the safety has been slipped back to "safe". Whatever may be the cause of slipping the safety back to "safe", the competitor must abide by the result.

Rule No. 29. — Simultaneous discharge is one wherein, from any cause, both barrels are discharged together or nearly together, and shall be declared "No target".

NO TARGET.

Rule No. 30. — After a referee declares a "no target" it is thereafter no part of the competition, and is irrelevant to it.

Rule No. 31. — "No target" shall be declared when a trap is sprung at a material interval of time before or after the call of "Pull".

Rule No. 32. — "No target" shall be declared when the trap is sprung without the call of "Pull".

Rule No. 33. — "No target" shall be declared when, in single-target shooting, two targets are thrown at the same time.

Rule No. 34. — "No target" shall be declared when the target is thrown at a widely different angle (see diagram).

Rule No. 35. — "No target" shall be declared when a competitor shoots out of turn, or from the wrong track.

Rule No. 36. — "No target" shall be declared when two competitors, or when a competitor and a non-competitor, shoot at the same target.

Rule No. 37. — "No target" shall be declared when there is a misfire, in either barrel, caused by the competitor's gun, or a misfire of the cartridge, due to no neglect on the shooter's part.

Rule No. 38. — In the event of a misfire with the second barrel, the competitor must fire a live cartridge in the general direction of the target, and is permitted to score with the second barrel only.

Rule No. 39. — "No target" shall be declared (whether shot at or not) when a broken target is thrown.

LOST TARGET.

Rule No. 40. — "Lost target" shall be declared when the competitor fails to break the target.

Rule No. 41. — "Lost target" shall be declared when the competitor fails to shoot because his gun was unloaded or uncocked, or because the safety was faultily adjusted or jarred back, whether from his own oversight or not, or because of any other cause chargeable to his own oversight or neglect.

Rule No. 42. — A competitor having a misfire or apparent misfire, will, forthwith call the referee for his decision, otherwise the referee shall declare it a "lost" target. The competitor must not turn around, must not open his gun, and must keep his gun pointing in the direction of the traps.

Rule No. 43. — "Lost target" shall be declared if a cartridge after it has once misfired in the competition, or a gun after it has twice misfired in the competition, is used by the competitor.

Rule No. 44. — "Lost target" shall be declared if in single-barrel shooting the competitor loads two cartridges. (A competitor is only allowed to load one cartridge and is not permitted to load an empty shell or dummy cartridge.)

Rule No. 45. — "Lost target" shall be declared if a competitor shoots from his wrong handicap mark.

CHALLENGE AND PROTEST.

Rule No. 46. — A competitor may challenge the load of any other competitor, such load shall not be greater than one and one-quarter ounce weight of shot struck measures nor larger in size than No. 6. On receipt of a written challenge, with \$2 forfeit, the management shall obtain a cartridge from the challengee, and if, after public examination of it, the management finds the challengee has violated the above requirements, he may be disqualified or not, accordingly as the offence was wilfully committed or otherwise. In case the challengee is wholly innocent, the forfeit shall be paid to him, otherwise it shall be returned to the challenger. The management of any club, or of any tournament, has the

power to examine any competitor's cartridges at their discretion, without involving themselves in any penalty.

OFFICIAL SCORE.

Rule No. 47. — The official score must be kept on a score sheet and be available for inspection by the competitor.

Rule No. 48. — Every competitor in a squad shall be permitted to examine his score sheet before the score sheet is sent to the Secretary's Office. The individual scores shall be totalled before being placed on the score boards.

WIDELY DIFFERENT ANGLE.

Rule No. 49. — When a target is thrown either way outside the prescribed limit of the angles, height and distance in single target shooting, it shall be deemed to be thrown at a widely different angle and "No target" shall be declared.

MAGAZINE GUN.

Rule No. 50. — The term "magazine gun" applies alike to automatic guns, pump guns (so called) and other guns not directly dependent on hand loading and are permissible for clay target shooting.

SHOOTING FOR TARGETS ONLY.

Rule No. 51. — Shooting for targets only, is a term which shall be held to define the status of a competitor in any given event, or events, or in an entire tournament programme, and shall signify that a competitor who is "shooting for targets only" has no interest in any trophy, or trophies (unless he is entitled to do so by a specific announcement in the programme), nor any interest in any money, or moneys, the division of which depends on the scores made in said event, or events, or in the entire programme. "Shooting for targets only" shall not be allowed at open shoots or by any shooter who has attained the mark of 14 yards.

GUNS AND LOADS.

Rule No. 52. — A competitor shall not use a gun whose bore is LARGER than a twelve gauge.

Rule No. 53. — A competitor shall not use a load of shot greater than one and one-quarter ounce weight,

struck measure, nor may a larger size of shot than No. 6 be used.

TARGETS, TRAPS, FLIGHTS, AND ANGLES, PITS AND SCREENS, FIRING POINTS.

Rule No. 54. — No target shall measure more than four and five-sixteenths ($4\frac{5}{16}$) inches in diameter, nor more than one and one-eighth ($1\frac{1}{8}$) inches in height.

Rule No. 55. — An automatic trap must be used at all open shoots.

SERGEANT SYSTEM.

Rule No. 56. — Five single traps, four feet apart, constitute the Sergeant System. The targets are thrown from unknown traps, at unknown angles. Maximum throw of traps to be 55 yards, minimum 30 yards. Limit mark to be 16 yards. Shoot from centre track.

FLIGHTS AND ANGLES.

Rule No. 57. — Targets, whether singles or doubles, shall be thrown not less than 45 yards nor more than 55 yards, with a flight of 9 feet high at a point 10 yards from the trap, with a margin of tolerance of not more than 18 inches, above or below. Except in double target shooting, the flight of targets shall be at unknown angles, thrown within an area of 45 degrees right and left of an imaginary straight line drawn through the centre of number three firing point and prolonged through the centre of the central trap, or through the centre of the single trap when only one trap is used.

Rule No. 58. — To arrive at the proper height at which targets should be thrown as set forth in Rule 58, due allowance should be made according as the ground in front of the trap rises or falls away, and the flight of the targets 9 feet high at a point 10 yards from the trap is judged to be from an imaginary horizontal straight line drawn through No. 3 firing point through the single trap, or through the centre trap if the Sergeant System be used, and prolonged indefinitely.

Rule No. 59. — In single target shooting, to aid in distinguishing between target within and without bounds, two stakes (see Diagram II) not less than 3 feet in height shall be placed in the arc of a circle whose

radii are 50 yards and whose centre is the centre of the single trap, or the centre of the central trap when three are used. Respectively, right and left at 45 degrees of the aforementioned imaginary straight line, two stakes shall be placed upright (see Diagram II).

PITS AND SCREENS.

Rule No. 60. — Trap houses shall be used to give full protection to the trappers. These houses shall be 3' 3" high in front, tapering or sloping to 2' 9" at the back, and shall be 6' 0" from front to back, 8' 0" wide. A

tolerance of 3" either way is permissible on these dimensions. All height measurements shall be taken from the level of the centre lane. The trap shall be mounted in a manner which will bring the top centre oscillation of the throwing arm 14" above the level of the centre lane. A tolerance of 1" either side of this dimension is permissible.

FIRING POINTS.

Rule No. 61. — Firing points shall be three yards apart in the circumference of a circle whose radii are 16 yards (see Diagram I).

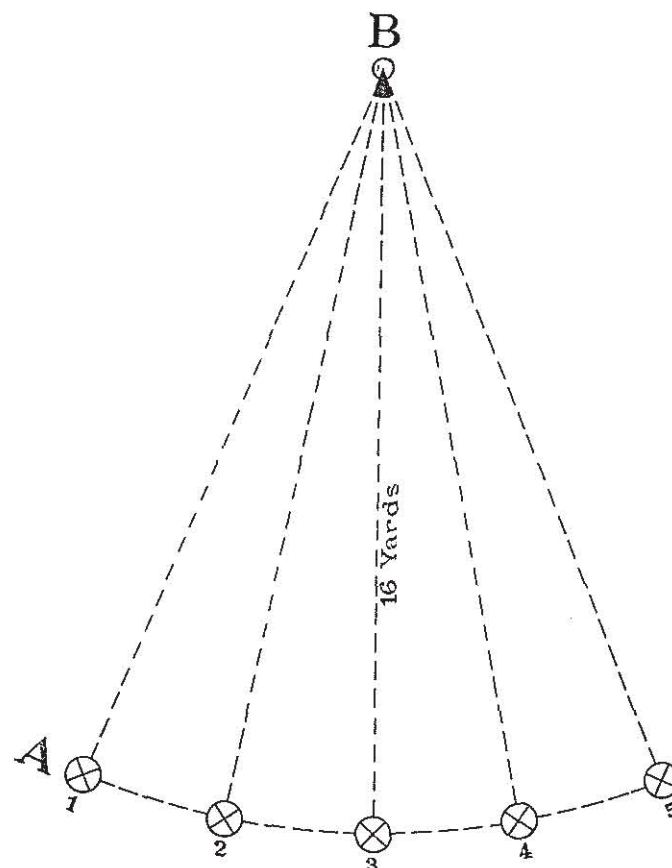

DIAGRAM I. STANDARD FIRING POINT LAYOUT.

This shows the standard layout for the Automatic Angle Trap. The trap is located at point B and directly behind it at a distance of 16 yards

is firing point No. 3. Points 1, 2, 4 and 5 are also 16 yards from the trap, whilst the distance between adjacent points is 3 yards.

DISTANCE HANDICAPS.

Rule No. 62. — The distance handicaps, when used, shall be on prolongations of the lines given in Diagram I, commonly known as "fanshaped". The distance between the firing points, 16 yards, shall then be three yards (see Diagram III).

SQUADS.

Rule No. 63. — Competitors shall shoot in squads of five or six, except when there are less than five competitors available for the last squad of any programme event, or when there are withdrawals from a squad or squads after the competition has begun.

DOUBLE TARGETS.

Rule No. 64. — In double-target shooting, there shall be squads of

five or six shooters at 16 yards. Double-rise shooting may be off handicap marks or such marks as the club may decide, except in the case of championships, and shall be scored and called by the Referee, 1-1 or 0-1 or 1-0 or 0-0, whichever the case may be, each target to count as one point. In the event of a tie, to be shot off squad system first miss-out, best of each pair until finality.

Rule No. 65. — Each double shall be thrown as a right and left quarterer whose flights shall be limited to the angles D.D.B. (Diagram IV) right and left of an imaginary straight line drawn through the centre of No. 3 track, as shown at C. on Diagram IV. To aid in distinguishing whether targets are within bounds, four stakes 3' 0" high shall be placed in a circle

This shows the layout of the "fanshaped" tracks used for distance handicap shooting. The 16-yard

marks are 3 yards apart as in Diagram I, whilst the other marks are at one yard intervals along the tracks.

whose radius shall be 50 yards, the centre of the trap shall be the centre from which the radius shall be struck. Two stakes shall be placed upright at 20° either side of the centre line C, and two stakes shall be placed upright at 45° either side of the centre line at C (Diagram IV). All stakes shall be placed in the said 50-yard radius arc.

The shooter must shoot at a complete pair of targets on every occasion, each kill shall score one (1) point.

When there is a misfire in either barrel or when there is a mal-function so that either shot is not fired, the Referee shall declare "no targets"; in the event of a misfire or mal-function on the first barrel, the Referee shall declare "no targets" and another pair shall be thrown. In the event of a misfire or mal-function on the second barrel, the Referee shall declare "no targets"; the result of the first shot shall be scored "Kill" or "Lost" as the case may be, and

another pair of targets thrown; the shooter must shoot at both targets and the result of his second shot shall be added to the score.

Rule No. 66.—"No target" shall be declared when only one target is thrown.

Rule No. 67.—"No target" shall be declared when both targets are broken by one shot.

Rule No. 68.—"No target" shall be declared when one target is a broken target or both targets are broken targets when thrown from the trap or traps.

Rule No. 69.—"No target" shall be declared when both barrels of the competitor's gun are discharged simultaneously, or near simultaneously.

Rule No. 70.—"No target" shall be declared when one target follows the other after a material interval of time, instead of the two targets taking flight simultaneously.

Rule No. 72.—Competitors shall be in squads of 5 or 6 shooters, No. 1 shooter in each squad shall always start the shooting. The club, at its discretion, may require shooters to change starting lanes on each trap as follows: No. 1 shooter shall commence shooting from Lane No. 1 on Trap No. 1, Lane No. 2 on Trap No. 2, Lane No. 3 on Trap No. 3, and so forth over all the traps. Preserving the continuity of lane changing on each visit to the traps. This Rule shall also apply to double-rise.

UNFINISHED COMPETITION.

Rule No. 74.—Should darkness, bad weather, or other cause, interfere with the competition, the management shall have the right to decide how and when the competition shall be continued, provided that it is not postponed longer than 14 days. Any competitor who defaults in respect of such postponed competition forfeits all his rights and standing therein.

OFFICIAL DECISIONS.

Rule No. 75.—Every person entering competitions agrees to accept all official decisions, and to abide by the rules controlling the competition.

ALTERATION TO TRAP.

Rule No. 76.—Any member of the Executive Committee of the Association or official referee attending any shoot under A.C.T.A. Rules shall have authority to adjust any trap immediately should it not be throw-

ing regulation targets. Immediately any such alteration has been made, a target to be thrown and the competition to continue.

STANDARD EQUIPMENT.

Rule No. 77.—Concrete blocks and measuring sticks for measuring height of targets are required to be standard equipment for all clubs. A peg at least 2 feet high is required to be placed, dead centre in front of trap at 50 yards, as an aid to determining distance targets are being thrown.

Rule No. 78.—Club handicaps must be not less than Association Handicaps.

SWEEPSTAKE DEDUCTIONS.

Rule No. 79.—Permissible deduction from sweepstakes by clubs, in club contests, shall be not more than 50 per cent. (inclusive of targets).

Rule No. 80.—No deduction is permitted by clubs in optional sweepstakes.

OWNERSHIP OF UNBROKEN CLAY TARGETS.

Rule No. 81.—All clay targets—broken or otherwise—at all times remain the property of the club and not the shooter. The shooter only pays for the privilege of shooting.

SHOOTING AT PIECES.

Rule No. 82.—Unless, in the opinion of the referee, it is contrary to the equity of the competition, a competitor taking part in a competition may shoot at the pieces of HIS OWN TARGET, if he so wishes.

SHOOTER'S ENTITLEMENT.

Rule No. 83.—If a shooter withdraws or is disqualified from a competition, he forfeits all rights to resume. When a competitor has withdrawn, during any part of a competition, the tracks to be at once closed up.

Rule No. 87.—Targets in all competitions to be thrown at a height of 9 feet 10 yards from the trap, with a margin tolerance of not more than 18 inches, either way.

BREAK RECOGNITION.

Rule No. 91.—The A.C.T.A. will recognise breaks in sequences of 50, 75, 100, 150, 200 and 250, and so on, providing same are shot over an automatic trap under double or single-barrel conditions and in regular competition on one day only, excepting the case where a club is conducting a programme extending over two or more successive days. No practice be-

tween events is permitted and breaks must be continuous. To shoot in other than double or single-barrel events immediately concludes the break. Actual score sheets, clearly marked, showing where break occurred, must be produced to the A.C.T.A. before recognition can be granted. Break badges, once they have been obtained, will not be repeated.

ASSOCIATE REFEREE.

Rule No. 92.—An assistant referee, for Deauville Doubles and double-rise competition, is permitted. The Chief Referee to give his decision following the call of the assistant referee.

DEAUVILLE DOUBLES.

Rule No. 94.—Deauville Doubles shall be shot with four shooters on the ground at one time, the first pair using tracks 1 and 5 and the second pair using tracks 2 and 4. After shooting first round of 5 pairs, shooters then change tracks, first pair taking tracks 2 and 4 and second pair taking tracks 1 and 5. Tie shoots shall be conducted first miss-out from tracks 2 and 4, one team at a time. The competitors may arrange between themselves which track they will take, and who will call for the release of the clay targets, which will be released on the call of pull. In the event of a false call by either competitor they must abide by the result. Only pairs will count, and as one point. Either shooter can help his partner after he has broken his own clay target.

Rule No. 95.—Any misfire or mechanical failure in Deauville Doubles does not entitle the shooters to another pair of targets and they must abide by the result.

WALK-UP.

Rule No. 96.—Walk-up events shall be shot double barrel from No. 3 track, squad system. The competitor

shall load his gun at the 22-yard mark; when ready in this position he commences to walk at a normal walking pace, holding his gun in any position of safety. The puller will release the target between the 20-yard and 15-yard marks inclusive, the mark being unknown to the competitor, having been previously determined by an indicator or dice. No. 1 shooter shoots at one target, he then returns to the rear of the squad, each shooter doing the same in turn.

Rule No. 97.—Walk-up. A loaded gun shall be deemed to be in a position of safety when it is the shooter's turn to shoot and he faces and points the gun in the general direction of the trap house, having the gun either mounted on the shoulder or in the gun-down position.

OPEN CHAMPIONSHIPS AND OPEN COMPETITIONS.

Rule No. 98.—Open Championships, that is Commonwealth, State and District Championships, and open competitions (cases where more than \$100 is allotted for distribution in any one event), must have the approval of the A.C.T.A. before being advertised or conducted. (This Rule applies both to the actual event and the proposed date of holding.)

Shells used in all championships (Commonwealth, State, District and Club) are restricted to 1½ oz. of shot, struck measure, or equivalent, No. 6 size or lighter. Shells marked by a reputable manufacturer as complying with this regulation are approved.

Rule No. 100.—Clubs running any event have the right to divide the number of targets by the number of traps available, shooting 6, 7 or 8 targets per visit per trap. Illustration: 15 targets, two traps, one visit. No. 1 shooter shoots 8 targets on Trap No. 1, finishing on Lane No. 3. No. 1, shooter now starts on Lane No. 4 on Trap No. 2, and shoots 7 targets, finishing on Lane No. 5. Illustration No. 2: 30 targets, 5 traps, 6 targets per trap, one visit. HIGH GUN.

Rule No. 103.—The High Gun for a shoot shall be over the advertised programme or such events as the club, at its discretion, has advertised. In the event of a tie for High Gun, where such programme includes both championship and handicap events, it shall be shot off squad system, first miss-out from handicap marks—International Teams and State Teams High Gun excepted.

INWARD MOVEMENT

Shooters who compete and shoot right through four consecutive FULL PROGRAMMES, and receive no trophy or division of any description, may be recommended by Club Secretaries (except in case where the shooter concerned is the Secretary, then the President or Club Handicapper) ONLY, for inward movement, if proof can be provided that the shooter is over-handicapped. Such recommendations must be accompanied by fullest details on the Official Handicap Return Form. No recommendation of more than one (1) yard on each recommendation, unless the shooter is suffering from some physical disability, will be accepted.

Recommendations from individuals or personal requests will not be entertained — by order of the Executive Committee.

GENERAL

Club Presidents and Secretaries are instructed that during any shoot, the management must immediately re-handicap each and every shooter who, for any of the reasons prescribed in the A.C.T.A. Handicapping Formula, qualifies for backward movement off his handicap. Such adjustments are to strictly comply with the Formula.

No shooter is to be permitted to compete in another event should he refuse to accept his new mark. Handicap cards and relevant details concerning on-the-spot adjustments are to be forwarded, within **two days**, to the A.C.T.A. official Handicapper for ratification. Should the shooter ignore his latest handicap, irrespective of mark shown in "News", he will be penalised a further yard if he shoots inside his latest handicap.

Only the Association Handicapper has authority to amend shooters' Handicap Cards. Cards should be posted direct to the Association for handicap amendment immediately such amendment is recommended (or notification appears in "News"), together with Handicap Return Form, clearly outlining the reason for the amendment of Handicap. Club managements will NOT alter a shooter's card.

Club managements have the right to re-handicap any obviously under-handicapped shooter immediately, providing the Association is notified within **TWO DAYS** and the reason given on a Handicap Return Form. If these details are not completed, such handicap movement cannot be ratified.

Handicap Cards and all relevant details concerning on-the-spot adjustments, to be collected by club Secretaries, are to be forwarded, within (2) days, to the Official Handicapper at the A.C.T.A. office for confirmation and notation.

Club when registering a shooter for the first time must clearly indicate whether the shooter is a complete novice gun handler, or has had field or other experience, before a 12-yard mark can be approved. Failure to provide this information will result in the shooter being placed on 16 yds.

No handicaps are assessed on Tower, Deauville Doubles, Double-Rise, Walk-up and Mixed Birds. All other novelty contests to be handicapped in accordance with this Formula.

Club managements are informed that a Handicap Return must accompany every result sheet forwarded to the A.C.T.A. and same is required to reach the A.C.T.A. office within **SEVEN DAYS** of each shoot being held. (Handicap Return Forms are available on application to the A.C.T.A., Box 2038 S, G.P.O., Melbourne, C.I.)

Official Skeet Shooting Rules and Regulations

These Rules are effective as from January 1, 1967, and shall remain in force without amendment until January 1, 1969.

SECTION I FIELD LAYOUT—TARGETS

1. A Skeet field shall consist of eight shooting stations arranged on a segment of a circle of twenty-one (21) yards radius, with a base chord (exactly one hundred twenty (120) feet, nine (9) inches long), drawn six (6) yards from the centre of the circle. The centre of the circle is known as the target-crossing point and is marked by a stake.

Station 1 is located at the left end of the base chord, and Station 7 at the right end when facing the centre while standing on the periphery of the segment. Stations 2 to 6, inclusive, are located on the periphery at points equidistant from each other (the exact distance between Stations 1 and 2, 2 and 3, etc., is twenty-six (26) feet, eight and three-eighths (8 $\frac{3}{8}$) inches. Station 8 is located at the centre of the base chord.

Shooting Stations 1 to 7, inclusive, are a square area, 3 feet on a side, with two sides parallel to a radius of the circle drawn through the station marker. Shooting Station 8 is a rectangular area 3 feet wide by 6 feet long, with the long sides parallel to the base chord. The location of each shooting station shall be accurately designated by a suitable marker, not easily removable, not more than 30 inches high and so constructed as not to interfere with the free swing of a shooter standing on the shooting station. The marker for Shooting Stations 1 to 7, inclusive, is on the centre of the side nearest the target crossing point. The marker for Shooting Station 8 is on the centre point of the base chord.

A shield should be installed at the target opening of each traphouse so that the trap operator is not visible to the shooter when he is firing at Station 8. This precaution is desirable as a safety factor for the pro-

tection of the trap boy from possible injury from direct or ricocheting shot.

As a safety precaution there should be a barrier (wire or rope) located 7 to 10 yards behind the shooting stations 1 to 7, and roughly following the course of the semi-circle on which these stations are located. No spectators should be allowed within this barrier and the referee should be responsible for the enforcement of this rule.

One target should emerge from a traphouse (called High House) at a point three (3) feet beyond Station Marker 1 (measured along the base chord extended), and ten (10) feet above the ground level. The other should emerge from a traphouse (called Low House) at a point three (3) feet beyond the Station Marker 7 (measured along the base chord extended), and two and one-half (2 $\frac{1}{2}$) feet from the base chord extended (measured on side of target-crossing point), and three and one-half (3 $\frac{1}{2}$) feet above the ground.

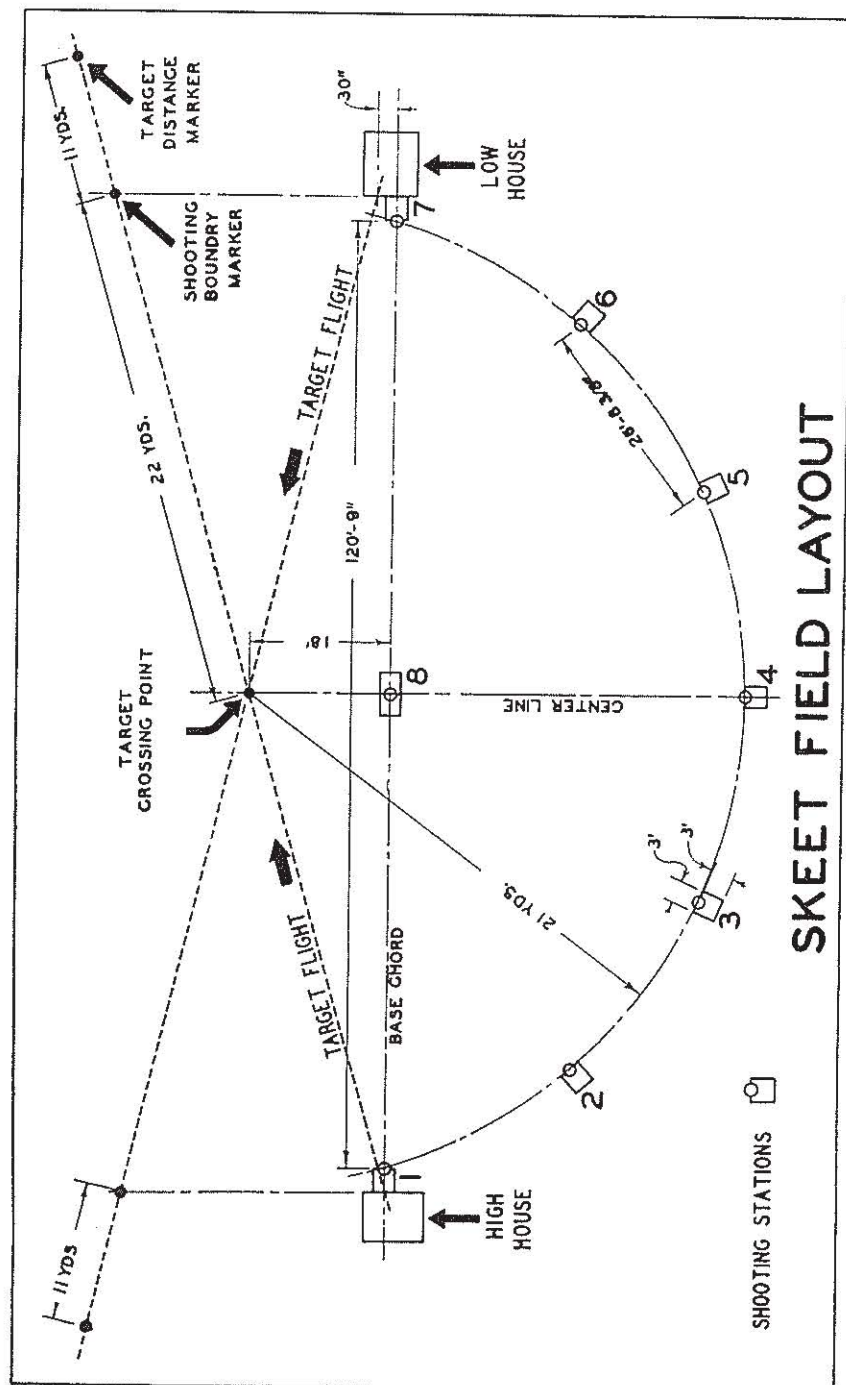

Suitable markers shall be placed at points forty-four (44) yards and fifty-five (55) yards from both the High House and the Low House, to indicate the shooting boundary limit (44 yards). These distances shall be measured along a line and the flight of a regular target (55 yards) from the opening (where target emerges) in traphouse through the target-crossing point.

SECTION II SHOOTING PROCEDURE

1. Definition of Terms.

(a) Shooting Position.

Standing with both feet entirely within the boundary of the shooting station.

(b) Gun Position.

Any position which is comfortable or satisfactory to the shooter and is consistent with safety.

(c) No Bird.

(i) A No Bird shall be called in the event of a mal-function or misfire at the second target when double loading.

(ii) Any target thrown for which no score is recorded, or failure of a target to be thrown within the prescribed time limit of one second. This permits the throwing of "instant" targets, but gives a short time period in order to prevent a contestant from refusing a target which does not appear immediately after his call. If a shooter fires upon a target which appears after one second has elapsed between his call and the emergence of the target, and also before the referee calls, "No bird," the result of his shot shall be scored. If he withholds his shot after such an alleged "slow pull," the referee may declare the target, "No bird," provided he, in his sole judgment, decides that the delay exceeded the one second time allowance. The pull is not required to be "instantaneous."

(d) Interference.

Any circumstance beyond the shooter's control which unduly affects his opportunity to break any particular target. The appearance of a target, or a piece of a target, from an adjoining field shall not be ruled as interference, unless such target, or piece of target, strikes or threatens to strike, the shooter or his gun, and provided that such interference occurs after the shooter has called for his target and before he fires upon it.

(e) Regular Target.

A regular target is one that appears after the shooter's call and within a period not to exceed one (1) second, and which passes within three (3) feet, horizontally or vertically, of a point fifteen (15) feet above the target-crossing point. This target, in still air, must carry to a distance equivalent, on level ground, to fifty-five (55) yards from the trap-house, but under no conditions exceed sixty-five (65) yards.

(f) Irregular Target.

(1) An unbroken target that has

not conformed to the definition of a regular target.

(2) Two targets thrown simultaneously in singles.

(3) Target thrown broken. Under no circumstances shall the result of firing upon a broken target be scored.

(g) Regular Double.

A regular target thrown from each traphouse simultaneously.

(h) Irregular Double.

Either or both targets of a double thrown as irregular targets. Only one target is thrown.

(i) Proof Double.

A repeat of a double.

(j) Shooting Bounds.

For Stations 1 to 7, inclusive, an area forty-four (44) yards in front of the traphouse from which the target is thrown. For Station 8, the distance from the traphouse to a point directly over a line with Stations 4, 8, and the target-crossing point.

(k) Balk.

Failure to shoot at a regular target or double.

(l) Malfunction of Gun.

Failure of gun to operate or function through no fault of the shooter. A gun doubling shall be considered a malfunction for the second shot.

The "fan-firing" of the second shell in doubles, caused by a shooter holding back the trigger after the firing of the first shot, shall be considered as the fault of the shooter and is not an allowable malfunction.

(m) Defective Ammunition.

Failure of ammunition to fire or function due to structural deficiency.

(n) Dead Target.

A target from which a visible piece is broken as a result of having been fired upon and seen by the referee.

(o) Lost Target.

A target from which no visible piece is broken as a result of having been fired upon.

(p) Doubles, First and Second Shot.

The first shot shall be the first shot fired. The second shot shall be the second shot fired.

(q) Optional Shot.

The shot fired after the first twenty-four targets have been scored dead in any one round.

(r) Shooting Procedure.

In shooting single Targets, except from No. 8 Station, a competitor may load two cartridges if he so desires, using one cartridge for each target.

2. General.

A normal skeet squad is composed of five shooters. The squad shall start shooting singles at Station 1 in the order in which the names appear on the score sheet, and shall proceed through the singles at stations as numbered, shooting the high-house target first and the low-house target second. Each shooter shall shoot at both targets before leaving the shooting station, except at Station 8, where each shooter shall shoot at a target from high traphouse before any member of the squad shoots at a target from low traphouse.

Doubles shall be fired upon at Stations 1, 2, 6, and 7 in that order, shooting the first shot at the target emerging from the nearest traphouse and the second shot at the target from the farthest traphouse. However, the shooter shall have the option of reversing the order of the first and second shot, in which case the referee must be notified before shooting. If a double is not completed before any reason beyond the control of the shooter, another double shall be fired upon, and is known as a proof double; except, however, if a shooter fires upon the first target of a regular double and fails to fire upon the second target because of the fault of the shooter, the result of the firing upon the first target shall be scored and the second target shall be scored "lost."

A round of Skeet for one person consists of twenty-five (25) shots, the object being to score the greatest number of dead targets. Twenty-four shots are fired as stated above. The first shot scored lost in any round shall be repeated immediately and the result scored as the twenty-fifth shot. Should the first shot lost occur in a double, the lost target shall be repeated as a single with the result of this shot scored as the twenty-fifth shot. If the first shot scored

"lost" should be the first target of an irregular double, then a proof regular double shall first be fired upon to determine the result of the second shot, and then the first target scored "lost" shall be repeated as a single and scored as the twenty-fifth shot.

Should the first twenty-four targets of a round be scored "dead," the shooter shall have the choice ("optional") of trap and station for this twenty-fifth shot.

In the interest of conserving time, the shoot management may elect to have shooters fire upon their doubles at Station 1 immediately following the shooting of singles at that post and follow the same procedure at Stations 2, 6 and 7. When this policy is adopted, shooters who have not missed a target after having fired upon doubles at Station 7 shall then take their optional shots at that station (7). The squad will finish out the round by shooting singles in the usual manner at Station 8. Taking the "optional" shot by all "straight" shooters while they are at Station 7 is intended to prevent confusion and cross traffic that would result in taking the twenty-fifth shot after finishing at Station 8. Clubs adopting this speed-up policy, in the interests of uniformity, require all squads to follow the same procedure.

At the beginning of each round, when the squad is assembled at Station 1, the squad shall be entitled to observe one (1) regular target from each traphouse and shall have the option of observing one regular target after each irregular target, except where said irregular target was fired upon.

No member of a squad shall advance to the shooting station until it is his turn to shoot, and until the previous shooter has left the shooting station. No shooter shall order any target or shoot at any target except when it is his turn. The penalty for shooting out of turn without permission of the referee shall be to score all targets so fired upon as "lost."

No member of a squad, having shot from one station, shall proceed toward the next station in such a way as to interfere with another

shooter. The penalty for wilful interference in this manner shall be disqualification from the event.

No shooter shall unduly delay a squad without good and sufficient reason in the judgment of the referee in charge of his squad. A shooter who persists in deliberately causing inexcusable delays after receiving a first warning from the referee shall be subject to disqualification from the event.

Broken Gun. When a gun breaks in such a manner so as to render it unusable, the shooter has the option of using another gun if such gun can be secured without delay, or dropping out of the squad until the gun is repaired and finishing the event at a later time when a vacancy occurs or after all other contestants have finished the event. Nothing shall prohibit the shooter from missing one round because of a broken gun, having the gun repaired and then rejoining the squad for all later rounds that the squad have not started. In that case the shooter will finish any or all rounds, starting with the shot where the breakdown occurred, that were not shot because of a broken gun, on the proper fields and in the first vacancy that may occur, or after the event has been finished by all other contestants.

Shooting Up. Where a shooter has entered but does not show up to start an event with his squad, he will not be permitted to shoot up after the first man in the squad has fired the first shot at Station 2. He may join the squad for all later rounds, but the round missed because of lateness must be shot on the proper field in the first vacancy, or after all other contestants have finished.

3. Scoring.

(a) The score in any one round shall be the total number of "dead" targets.

(b) Targets declared "no bird" shall not be scored.

(c) One "lost" target shall be scored on:

(1) A balk or failure of gun to fire due to fault of shooter. Should this include both targets of a regular double, it shall be scored as first target lost, and a proof double shall

be thrown to determine the result of the second shot only.

If a balk should occur, or his gun fail to fire because of the shooter's fault, when a proof double is thrown and the result of the first shot has already been scored, the second target shall be scored as "lost."

(2) Each excessive malfunction or malfunctions of the gun.

(3) Doubles fired upon in inverse order without notifying referee of intention.

(4) Target broken after it is outside the shooting bounds.

(5) Each target fired at when shooter fires out of turn without permission of referee.

(6) Each target fired upon and allegedly missed because the shooter's gun had a bent barrel, or a bent compensator, or any other bent tube or accessory.

(d) No claim of irregularity shall be allowed, either on singles or doubles, where the target or targets were actually fired upon and the alleged irregularity consists of deviation from the prescribed line of flight, or because of an alleged "quick pull" or "slow pull," unless the referee has distinctly called "no bird" prior to the firing of the shot in the event of the "quick pull," or prior to the emergence of the target from the traphouse in the event of a "slow pull." Otherwise, if the shooter fires, the result shall be scored.

4. Repeat of Target for Malfunction of Gun or Defective Ammunition.

Only two malfunctions of any one gun in the same round shall be allowable. The third and all subsequent malfunctions of the same gun shall be excessive. Provided, however, that when more than one person is using the same gun in the same round, this rule shall apply to each of said persons separately.

A shot shall be repeated for each instance of defective ammunition. If a shell having once misfired is used again, and fails to fire, the result shall be considered a fault on the part of the shooter and scored "lost."

5. Double or Proof Double.

(a) (1) If the first target of a double is thrown irregular as to deviation from the prescribed

line of flight and is NOT shot at, a proof double shall determine the score for both shots, whether the second target is fired upon or not. The referee shall be the sole judge of irregularity.

(2) If the first target emerges broken, the double shall, in all cases, be declared "no bird" and a proof double shall be thrown to determine the result of both shots.

(3) If the shooter fires at the irregular target described in (1) above, then the result shall be scored for the first shot and the following rules pertaining to the second shot shall apply:

(b) In shooting doubles, if the shooter is deprived of a normal second shot because (1) the second target is thrown broken, or (2) the second target is thrown irregular as to deviation from the prescribed line of flight and is not shot at, or (3) the second target is not thrown at all, or (4) the second target is not thrown simultaneously, the result of the first shot shall be scored, and the second target only shall be declared "no bird" and a proof double shall be fired to determine the result of the second shot. If the shooter fires at the irregular target described in (2) above the result shall be scored.

(c) If a double is thrown but the targets collide, before the result of the first bird is determined, it shall be declared "no bird," and the result of a proof double shall determine the score of both shots.

(d) If a double be thrown but the shooter is deprived of a normal second shot for any of the following reasons, the result of the first shot shall be scored, and the second target only shall be declared "no bird," and a proof double shall be fired to determine the result of the second shot only.

(1) Both targets are broken with the first shot.

(2) The wrong target is broken with first shot. (For proof double ruling, see par. F. below.)

(3) The first shot is lost and a collision occurs before the result of the second shot is determined.

(4) The second target collides with fragments of the first target, properly broken, before the result of the second target is determined.

(5) The result of the first shot is determined, and interference occurs before the second shot is fired.

(6) An allowable malfunction occurs on the second shot. If such malfunction is excessive, not allowable, the second target shall be scored "lost."

(e) If a double is thrown and an allowable malfunction occurs on the first shot, it shall be declared "no bird," and the result of a proof double shall determine the score of both shots. If such malfunction is excessive, not allowable, the proof double shall be thrown to determine the result of the second shot only.

(f) There shall be no penalty for withholding the first shot when either target of a double is irregular. A proof double shall determine the score of both shots thereafter.

(g) In shooting a proof double after the first target (of a double) is "lost," if the shooter fires at, or breaks the wrong target first, said proof double shall be declared "no bird"; but, if this same procedure is repeated at the same station by the same shooter, it shall be scored as both targets "lost." If, in such a proof double and the first target (of a double) is "dead," the shooter fires at, or breaks, the wrong target first, said proof double shall also be declared "no bird"; but if this same procedure is repeated at the same station by the same shooter, it shall be scored as first target "dead," and second target "lost."

SKEET CHAMPIONSHIPS. Conditions for all open skeet championships (Commonwealth, State and District) are one round of 25 targets, nomination in each event \$5, \$4, and \$3 respectively.

Skeet Tie Shoot Rules—Skeet Tie shoots shall be a half-round of Skeet, taking alternative singles from Stations 1 to 7, shoot high trap from No. 8, and a pair each from Stations 2 and 6.

*'I went on to shoot
501 and then 481 straight after
changing to a Stirling Broadrib'*

says **KEVIN HEYWOOD**

Miraging cost me the first Championship at the Cowra Shoot. By the 61st round the heat haze over my standard rib made accurate shooting impossible. For the second Championship I changed to a Stirling Broadrib, and I went on to win. The next week at Cobar I shot 501 straight, and the following week shot 114 straight at Dubbo, winning the Championship. At Parkes I broke 481 straight, winning 3 championships in one day. In all this shooting there was no sign of heat-wave distortion using my Stirling Broadrib.

Suddenly, with a Broadrib, I became a good second-barrel shot, which is perhaps the most important factor in winning Championships. The Broadrib certainly improved my first-barrel shooting, but improved my second-barrel shooting dramatically.

I believe that there are at least 7 reasons for shooting a Broadrib and that any one of these would make the change worth while. You have only to shoot 100 shots through a Broadrib to know what I mean.

Since changing to a Stirling Broadrib, I have won 6 out of 7 double-barrel Clay Championships with an aggregate score of 1020 out of 1021. Without doubt the Stirling Broadrib has made all the difference to my shooting.

# Fire this shotgun and you'll have no kicks coming!

## the 'pigeons' get them all!

No more trigger freezing. No more flinching. The new Remington gas-operated 1100 shotgun has 40% less kick than any other automatic and up to 55% less than other shotgun operations. All the power is there. It's just that you don't feel it. But the target does—especially when you use exclusive Remington "Power Piston" cartridges. That's a combination you should try. Soon! **Remington wins Winchester Trophy!**

The new Remington 1100's excellence was dramatically underlined at Cowra, on September 1, when it won the coveted Winchester Trophy. This was followed by other Remington

victories in Metrop. District D/B Championship, Sept. 17, Terrey Hills; N.S.W. Double Rise Sparrow Championship, Deniliquin, Oct. 14; Metrop. D'ville Doubles Championship, Terrey Hills, Oct. 15. Remington 1100 will be a winner for you, too!

AZZURRI (W.A.), 10/7/66.—Weather conditions quite mild, with a light south-westerly blowing for most of the afternoon, but became a little on the chilly side as the day progressed. Attendance was good. Sixteen shooters took part in the two events (10-bird S.B., 10 pr. D'ville Doubles). Two shooters, M. Doyle and K. Vincent, both Eastern States boys, being new members of this club and new to the trap-shooting field, both shot very well; in fact, Kevin Vincent went on to take top honours in both events of the day by outclassing all shooters who shot the possible. Congratulations for his mighty effort.

Results: No. 1, 10-bird D.B. D.T.L.: K. Vincent after shoot-off with D. Brunini, G. Corica, T. Yozzi, L. Totino, 10/10; T. Yozzi, 2nd; L. Totino, 3rd. No. 2, 10 pr. D'ville Doubles: K. Vincent—L. Totino after shoot-off with F. Tenaglia and A. Tatasciuri, who also shot the possible; D. Sidari, G. Corica, 3rd.

Incidentally, I might add that Kevin, who is now back in his home town of Wangaratta, was trying out a brand-new Browning 12 gauge under-and-over. What do you think? He finished up buying it. Congratulations to you, Kevin, and looking forward to seeing you back one day.

24/7/66.—Weather conditions overcast, with strong, gusty winds and very cold. As our members are not all shooting members, we are pleased to see about the usual number of enthusiasts who like the smell of burning gun powder. Sixteen shooters attended the afternoon shoot (10-bird D.B. and 10 pr. D. Rise).

Results: No. 1, 10-bird D.B.: D. Brunini, G. Corica, 10/10; A. Delcario, F. Tenaglia, 9/10. No. 2, 10 pr. D. Rise: G. Yozzi, F. Tenaglia, 16/20; D. Sidari, G. Corica, T. Yozzi, 14/20. Over-all winners: F. Tenaglia, G. Corica, D. Sidari, 1st, 2nd and 3rd respectively.

7/8/66. — Weather conditions very good. Sunny and warm — too good to be true for August, which is one of our wettest months. Attendance: very good. Twenty-one shooters turned up for the club's D. Rise C'ship, which was 20 pr. D. Rise. Winner of this shoot was L. Verini, 31/40; T. Di Lanzo, 29/40; T. Yozzi, 28/40. Congratulations to Luigi for his first championship and sash win with this club.

21/8/66. — Weather conditions very good — sunny and warm, with a light breeze — seems like summer again. Attendance rather small (most people, I think, took the opportunity for a drive in the country — I did — glorious day for it). Eleven shooters took part. Events: 10-bird S.B. and 20 sparrows D.B.

Results: No. 1, 10-bird S.B.: F. Tenaglia, D. Sidari, 8/10; D. Brunini, T. Di Lanzo, 7/10. No. 2, 20 sparrows: G. Ioppolo, 15/20; G. Corica, F. Tenaglia, T. Di Lanzo, 14/20. Over-all winners: F. Tenaglia, G. Ioppolo, D. Sidari.

As the programme went rather smoothly and the event finished quite early, another 20 birds D.B. Club H'cap (cash division) was enjoyed by most shooters. Results: 1st, T. Yozzi, after shoot-off with F. Tenaglia, and G. Ioppolo, 3rd.

BOURKE (N.S.W.). Annual Shoot, 1st and 2/10/66. — Last week-end saw a roll-up of shooters from Cunnamulla, Cobar, Brewarrina, Tullamore, Echuca, Broken Hill, Warren, Sydney, Hungerford and Newcastle, as well as our local shooters, to test their skill for a choice selection of trophies and State and District C'ship titles. Saturday opened on fine weather which deteriorated on Sunday to a most unpleasant and difficult

shooting day of strong winds, dust and squally rain showers. However, the shooters being undeterred, the programme was completed and all in all everyone seemed to have an enjoyable time — culminating in a terrific shoot-off by a large number of contestants at the Oxley Club on Sunday evening, where, if the shooters were to be believed, the handicappers could have had a field day.

However, the official results were as follows: Bourke & Darling River D.B. District C'ship: 1st, T. Hegarty (Brewarrina), 49/49; 2nd, J. Bye (Bourke), 48/49; 3rd, P. Williams (Tullamore), 35/37.

N.S.W. Night Sparrows S.B. C'ship: 1st, D. Scowcroft (Sydney), 26/30; 2nd, G. Williams (Bourke), 27/37; 3rd, J. Long (Bourke), 26/37. 10-bird D.B. H'cap (extra event): 1st, P. Williams (Bourke), 13/13; 2nd, "Tiger" O'Mally (Bourke), 15/17; 3rd, R. Long (Bourke), 14/17.

Sunday, under most adverse conditions: The Fred Warmoll Memorial H'cap (20-bird Pts.): 1st, J. Manns (Cobar), 75/76; 2nd, L. Newton (Bourke), 72/76; 3rd, R. Long (Bourke), 64/66; best F/M., D. Davidson (Brewarrina), Bourke & Darling River S.B. C'ship: 1st, J. Manns (Cobar), 20/20; 2nd, I. Laing (Tullamore), 23/24; 3rd, K. Williams (Bourke), 22/24. \$400 H'cap (40 birds D.B.): 1st, D. Cutting (Broken Hill), 39/40; 2nd, K. Williams (Bourke), 48/50; 3rd, D. Hunt (Warren), 47/50.

Wednesday, the 19th, was the night of the Qld. Night Mixed Birds C'ship, which South Coaster Ray Hogarth won. Congratulations, Ray.

BROKEN HILL (N.S.W.), 9/10/66.—Weather conditions: fine. Attendance: 24. Results: No. 1, 10 birds: D. Hammett, B. Murphy, A. Pearson, P. Harvey, L. Kolstad, R. Wakefield, I. Wakefield, A. D. Ind, P. Edwards. No. 5, 10-bird Trophy: possibles, N. Siemer, P. Harvey, B. Murphy, R. Wakefield, W. Maddocks, H. Mellowship, L. Zaniol, B. Anderson — 1st, B. Anderson, 44/44; 2nd, W. Maddocks, 43/44; 3rd, B. Murphy, 35/36; F/M., H. Mellowship, 25/26. No. 6, 10 birds: R. Heuzenroeder, A. Langsford, D. Hammett, R. Wakefield, I. Wakefield, A. Pearson, G. Gleeson, D. Johnston. No. 7, 5 birds: R. Heuzenroeder, E. Owens, S. Maddocks, D. Dow, P. Harvey, W. Maddocks, P. Howard, H. Mellowship, J. Sweetapple, H. McLeod, P. Edwards. No. 8, 15-bird Night Trophy: possible, W. Maddocks, 15/15; R. Heuzenroeder, R. Wakefield, P. Howard, A. Pearson — 1st, W. Maddocks, 15/15; 2nd, P. Howard, 21/21; 3rd, A. Pearson, 20/21; F/M., H. Mellowship, 21/22.

Our other trophy event was the Night Trophy, and in this Warren Maddocks showed me how lucky I was during the day. Warren was the only shooter able to attain the possible and had a comfortable win. Second placing was taken by Pat Howard, who shot extremely well, especially considering he has not been shooting very often. Alan Pearson was chasing Pat closely, but had to be content with the third trophy. Again Harold Mellowship was able to keep the others out and won the yardage trophy.

Peter Harvey was a very busy man during the day and night and was a tired but pleased man after the shoot. This man will enable one of the less fortunate children in our vast outback enjoy a better education than would otherwise be his or her lot.

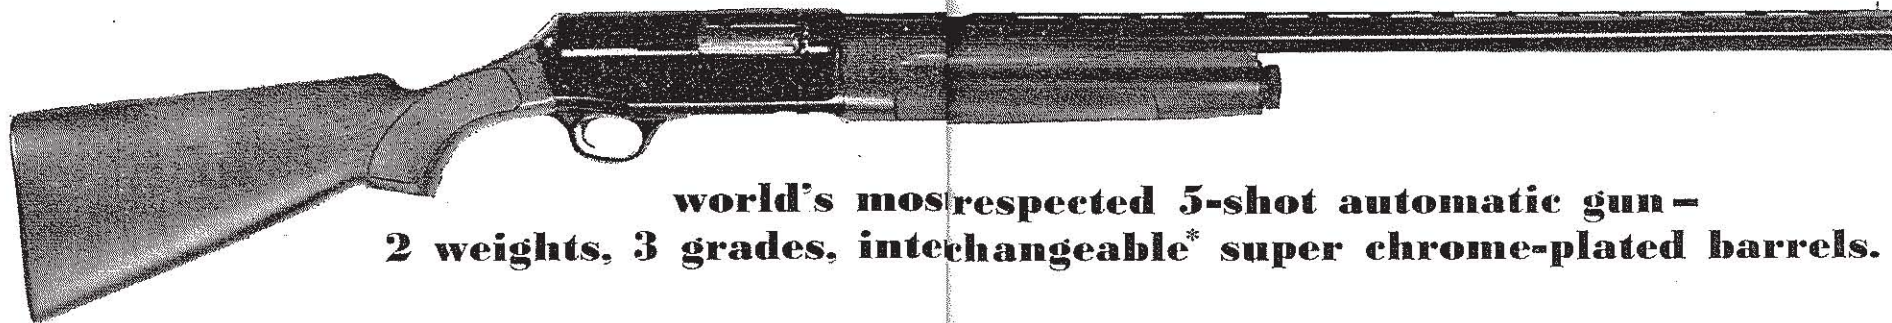

As this will be the last results for the year, it is my most pleasurable duty to offer the compliments of the season. From the committee and members we extend greetings for a very happy and enjoyable festive season and every good wish for a successful year during 1967 to all our shooting friends. Happy Xmas and a prosperous New Year to all.

## Just arrived, first shipment of Luigi Franchi

What do you say about a gun this good? A page of superlatives wouldn't begin to describe the thrill and pride of actually owning this magnificent shotgun.

Luigi Franchi is made in Italy by Antica Fabbrica D'armi Da Caccia who have been making the world's finest shotguns since 1868. On the Continent and in America, where availability has been good, Luigi Franchi has become top seller just as fast as supply

would permit. From time to time, a few Luigi Franchi shotguns have come into this country, but this is the first real shipment that gives you a chance to secure one.

The 5-shot Automatic (shown above) is unique in that it offers you 2 weights — light and welterweight — and both are in 3 grades of finish. There are also 3 types of barrel — Hollow matted rib, ventilated rib and plain barrel — and all are super chrome-plated

The degree of precision finish in a Luigi Franchi is such that parts as well as barrels are interchangeable — requiring no adjustment or fitting!

**COLAC (V.) for W.D.C.T.A., 15/10/66.** — Weather conditions: fine. Attendance: 30. Colac Gun Club's First Shield Win for Two Years: Colac was host to member clubs of the Western District Clay Target Association on Saturday, when competition took place for the I.C.I. Shield.

Team members were: D. Corstorphane 29/30, E. Osborne 30/30, M. Sutherland 27/30, S. Bennett 28/30, C. Bath 30/30. Full teams scores were: Colac No. 1 144/150, Cobden 137/150, Noorat 130/150, Geelong 129/150, Colac No. 2 127/150, Dundernell 115/150.

In the main Handicap event, at 20 targets, which was marred to some extent by a strong south-westerly which blew up late in the afternoon, Murray Sutherland recorded a fine win. He was followed closely by veteran Jack Ford of Geelong, and in third place came new shooter Stan Hamill, shooting for the first time in competition and acquitting himself really well. The consistent Ernie Osborne came in fourth, with Colin Bath fifth and Robbie Manifold sixth. The high-gun trophy for the best score over 30 registered targets went to Jack Ford, 30/30.

Main results were: 5-bird Pts.: div. D. Grummett, L. Reicha, N. Davis, D. Corstorphane, A. Blain, M. Pascoe, K. Garrett, 15/15. 20-bird D.B.: M. Sutherland, 21/21, 1st; J. Ford, 24/25, 2nd; S. The N.S.W. C'ship was dominated by Cowra shooters, with Kevin Heywood and Jim Scott running in third position. Les Goodacre and Bert Martens missed their bird in the 32nd pair of the shoot-off to give the C'ship to Len Bird and Bob Gittos.

The standard of shooting was very high, as can be seen by the excellent scores. This standard is well illustrated by the fact that 17 shooters shot 30/30 in a points-score event. Jim Forsyth and Harry Mohr finished with 45/45 for the High Gun, with Harry taking the honours after a shoot-off.

**COOTAMUNDRA (N.S.W.), 16/10/66.** — Weather conditions: calm and overcast. Attendance: 15. Results: No. 1, 5-bird D.B.: K. Oldfield, J. Forsyth, T. Johnson, Clare Peadar, div. No. 2, 10-bird D.B. The Commonwealth D. Rise C'ship went to Ernie Hawkins of Hawkesbury with the excellent score of 38/40. Runner-up in this event was another Sydney shooter, Geoff Kable, with Dubbo champion, Kevin Heywood, in third place. Possibly one of the best performances was put up by front-marker M. Cass, who shot 28/40 in his first effort at double-rise shooting.

This was Cowra's first Commonwealth title, and we were very pleased with the results.

(Mrs. M. Ryan, Hon. Sec.)

**COWRA (N.S.W.), 2/10/66.** — Weather conditions: wet and miserable. Attendance: 87. Results: No. 1, Gun Warmer: div. J. Scott. G. Kable, A. Leahey, M. Brown, D. Thompson, J. Nash, E. Hawkins. No. 2, Trophy: 1st, A. Leahey; 2nd, J. Nash; 3rd, L. Bird.

The Lachlan Valley S.B. C'ship resulted in a win for the only shooter who was capable of scoring 20 single-barrel kills under the prevailing conditions. We congratulate Jim Scott of Dubbo on his effort; second was D. Rumble of Queanbeyan, with third place-getter Les English, Winchester representative, from Sydney; front-marker, D. Thompson of Cootamundra. The trophy event was won by Alan Leahy of Nowra, who recorded his first 50 break; second place, J. Nash (Cowra); third, Len Bird (Cowra).

The main event of the programme, the Winchester Handicap, was won convincingly by Geoff. Kable, 52/52, from D. Stephenson (Manildra), 51/52, and D. Heilman, 35/36; front-marker was D. Rumble (Queanbeyan). The first trophy was a Model 101 Winchester gun. This event was shot in heavy rain with cold winds, which made conditions very hard for all competitors.

(Mrs. M. Ryan, Hon. Sec.)

Keith, J. Webster, H. Anderson, G. Catt, N. Nicholson, C. Harries, J. Tilse, C. Rowe, 5/5.

A successful shoot, with visitors from Sydney, Cowra, Queanbeyan, Sutton Forest and Gunning-Dalton. Thirty-four shooters were present and conditions were ideal. Len Bird of Cowra won the main afternoon event, State N.S.W. D.B. Sparrow C'ship. Len and local Noel Nicholson were the only two to break the possible 30/30. The shoot-off went to the 92nd bird before Nicholson missed, leaving Len Bird the winner, 92/92. Counting the previous sparrow sweep, this meant that both these shooters had broken over 100 sparrows straight. Another shoot-off was necessary for third place, when G. Tilyard and D. Rumble of Queanbeyan and local Harry Anderson all finished with 29/30. D. Rumble eventually took third place with 73/74.

The main event at night, the Central and Southern Gun Club Council S.B. Night C'ship, was won outright by Geoff. Kable of Sydney, 20/20. Five locals, Ken Ridley, Noel Nicholson, Chas. Harries, Robt. Churchill and Roy George, with 19/20, shot off for 2nd and 3rd, resulting in C. Harries 2nd, 36/37, and Robt. Churchill, 3rd, 35/37. The I.C.I. High Gun Trophy was won by Geoff. Kable after a shoot-off from Len Bird.

A good attendance and a fine day resulted in several shooters scoring the possible. Bill Dalzell and Sam Henwood, two very consistent shooters, staged a great exhibition of shooting to score 155/155 and 154/155 respectively to fill first and second placings, with Clarrie Daish, 105/106, a worthy third. Congratulations to all place-getters, including Harold and Bob, for their yardage wins.

**EASTERN GOLDFIELDS (W.A.), 11/9/66**—Weather conditions: good. Attendance: 10. Results: 10 pr. D.R. Club C'ship.

A poor attendance for our Club D. Rise C'ship, but nevertheless a very keen shoot. Three members shot 17/20 and the shoot-off resulted in a win for Len Nangle, Len has been shooting particularly well of late and thoroughly deserved his first club championship win. Runner-up was Noddy Ovens. Jim

Lithgow, with 17/20, easily won the Intermediate C'ship from Murray McDonald, runner-up.

(W. Montgomery, P/O.)

**EASTERN GOLDFIELDS (W.A.), 25/9/66**—Weather conditions: windy. Attendance: 14. Result: 20-bird D.B.: 1st, J. Lithgow. Quite a good attendance to our 20-bird D.B. from club handicap marks. The gusty conditions made the birds a little difficult at times, but did not affect Jim Lithgow and Doug. Martin, who both shot possibles. Jim won the shoot-off to take the trophy.

(W. Montgomery, P/O.)

**EASTERN GOLDFIELDS (W.A.), 9/10/66**—Weather conditions: very windy. Attendance: 9. Result: 20-bird S.B.: D. Martin.

Conditions were very bad, with gusty winds which played havoc with the scores in this S.B. event. Doug. Martin emerged the winner with a well-shot 17/20. Others shooting well in the wind were Jasper Bright and Noddy Ovens.

(W. Montgomery, P/O.)

**ECHUCA (V.), 8/10/66**—Weather conditions: fine. Attendance: 20. Results: No. 1, 10-target H'cap: div. J. Wickham, T. Berryman, V. Yeaman, L. Scriven, F. Jones, F. Bradley, A. Murray, E. A smaller field than anticipated to shoot for the W. Pitty Perpetual Cup, Mr. Pitty having been a member of the club since it was first formed. The Cup was run in conjunction with a trophy event and attracted only 19 entries. Five possibles, 20/20, were returned and resulted in a stirring shoot-off and being won by Trevor Berryman, 85/85, a lifetime neighbour of Mr. Pitty's, from Jeffrey Wickham, 84/85, and Eric McCullough, 46/47.

Trevor completed a break of 104 straight, Jeffrey with 94. The following trophy event was won by club President, L. Gibson, 34/34, from Bill Wickham, 33/34, and Jim Kissell, 23/24, being the only possibles returned.

**GERALDTON (W.A.), 11/9/66.** — Perth Gun Club member, Roy Alexander, proved too good for the opposition when he won the trophy for first place at the Geraldton Club on Sunday. Roy's win was the result of a shoot-off with Dick Burton and Narogin shooter Norm Brown. Each had killed 17/20 in the single-barrel event. Perth shooter Doug. Cumming was unlucky not to be in it with his score of 16. Jack Meadows and Joe Costantino killed 14 each. Scores were generally low, this being mainly due to the rain during this event.

Scores improved greatly in the second event, a 10-bird D.B., and possibles were shot by Jim Boyes, Dick Burton and Doug. Cumming,

with Sam Zorino killing 9. Taffy White, Roy Alexander, Lou Pember and Joe Costantino each killed 8, with Jack Meadows and Norm Brown 7.

(J. Boyes, Pub. Officer.)

**GERALDTON (W.A.), 18/9/66.** — John Glass, undeterred by the gusty conditions, shot brilliantly to record the only possible in the Club Skeet C'ship on Sunday last. He proved the correctness of the pre-war adage: "It don't mean a thing if you ain't got that swing!"

Jim Boyes filled second place with his 23 kills, whilst Frank Bombara and Joe Costantino div. third with their 20's. Lou Pember shot 19, Sam Zorino 18, and Eric Boschetti 17. In the 10-bird D.B., fired from handicap marks, Jim Boyes and Frank Bombara posted the only two possibles, and div. the sweep-stake monies. John Glass was the lucky third place-getter with his 9/10 and took home a nice shiny 10-cent piece as his share of the sweep! Those with 8 were Eric Boschetti and Sam Zorino, with Joe Costantino, Lou Pember and Jack Meadows each killing 7.

**GERALDTON (W.A.), 25/9/66, Gun Club Mixed Birds C'ship.**—The last (and largest) Championship for the Geraldton Gun Club's 1966 season was contested in tricky conditions last Sunday. Fired in both back-marker and intermediate sections and consisting of D.B., S.B., Walk-up, Double-rise and Skeet, it was a fitting event to decide the club's all-round champion.

Consistent shooting by Jim Boyes put him in first place with a total score of 44 kills, whilst Lou Pemher took out the intermediate with 39. Second in the back-markers' went to Eric Boschetti with his 38, with Joe Costantino second in the intermediates'. Other good scores were Noel Burton and Bert Boschetti 37, with Sam Zorino 34.

(J. Boyes, Pub. Officer.)

**GERALDTON (W.A.).**—Conditions were far from favourable on Sunday (9/10/66) last, when shooters competed for the President's Trophy, the trophy being donated by club stalwart, Bill Heath. This was the last programmed day shoot for the season and consisted of 30 birds D.B., fired from handicap marks.

Most shooters found the conditions made the targets fly erratically and scores were generally not as good as would be expected under normal conditions. However, the bleak conditions did not affect both Eddie Daw and Alec Wann when they both recorded the scores of 29/30, both having shot very deliberately during the event. After the shoot-off had ended, Daw came out the winner by killing an additional 21/23, with Alec filling second placing with his 21. Bert Boschetti was unlucky not to be in it after scoring 28 in the initial round, and he was closely followed by Stan Gratte. 26's were recorded by Taffy White, Harry Finlay, Joe Costantino and Sam Zorino, with Noel Burton 25. Jim Boyes, Jack Meadows and Eric Boschetti each killed 24.

(J. Boyes, Pub. Officer.)

**GERALDTON (W.A.), 17/10/66.**—On Sunday, Oct. 16, members of the Geraldton Gun Club took part in an "un-programmed" round of skeet, and no less than nine shooters recorded possibles after their handicaps had been added. The shoot-off, consisting of a further half-round, was decided in the favour of Eric Boschetti, with Alec Wann runner-up. Others to compete in the shoot-off were Lou Pemher, Taffy White, Eddie Daw, Frank Bombara, Bill Heath, Dick Burton, and Jack Meadows. Best scores "off the gun" were put up by Dick Burton 24, Eddie Daw 23, Jim Boyes 22, Taffy White and Lou Pemher 21 each. The southerly breeze was somewhat of a problem and caused very irregular target flight, so these shooters were quite pleased with their efforts.

Webb, 15/15; 2nd, P. Overs, 17/18; 3rd, M. Stanmore, 21/23.

A good roll-up of shooters for the first night shoot of this summer, the wind making some of the birds a bit tricky to shoot. Shooting was not of a high standard, only two shooters shooting the possible, L. Dow in event 2, and M. Webb in event 3. L. Dow won the high gun with a score of 28/30, only missing two birds for the evening.

Enjoyable day's shooting, with visitors from Yarram, Foster, Sale, Warragul and Melbourne. The eye-opener saw only 5 possibles, but the 15-bird D.B. Budge Shield, 10 possibles; 5 were out at the end of 5 birds and only 2 remained at 10. N. Gannon dropped his 11th, but had a lucky let-in when R. Barlow did the same. Neil went on to win at 34/35; Ray a little unlucky, 33/35. M. Kenny shot well to get 24/25 to take the 12-16 yard trophy. The same shooter was unlucky on the day, having shot 29/30 in Pts., 24/25 in D.B., and 13/14 in the S.B.—above trophy only win. In the 10-bird S.B. "Yours truly" out-did the consistent N. Conditions were far from being easy or pleasant this afternoon. It was the year's windiest day, with a strong, gusty head wind making many birds almost impossible to shoot. Even so there were several possibilities in each event except the 20 Points-score trophy, when Dick Powell drew upon his vast experience of "bad-weather" poaching to show some excellent shooting, breaking 20 birds on the first barrel to score the possible 60/60. Congrats, Dick — under any conditions that was good shooting, but today it was outstanding!

We were pleased to welcome Frank and Mrs. Paget from Stanthorpe and Tom Haurwitz and Allan Clark from Kingaroy. Mesdames D. S. and R. J. Powell, J. Hudson and K. de Saxe officiated at afternoon tea in the usual very fitting manner.

The biggest surprise of the day was when 17-year-old Perry Hasted won the I.C.I. Trophy with a creditable 33/33, single barrel. Perry then went on to shoot 49 birds straight, which is very good for a lad who has only been shooting this year. Congratulations, Perry, hoping to see you again next year in McKinlay.

The main event of the day was the N.W. Qld. D'ville Doubles C'ship, which was won by two Mt. Isa shooters. Good on you, Gus and Charley.

Excitement in the rifle event again, won today by John Ellery with the only possible. Gerard Blackman has three wins, Noel Smith and John Ellery two each, so the November club shoot will be very interesting. The Sheehy Shield was finalised for this year today, Gerard Blackman being the winner for the fourth time out of the five years it has been competed for. Gerard had a perfect score, 80/80, the runner-up being Barney Collins, 74/80. The High Gun trophy for the day was also won by Gerard; the 12-15 yard trophy went to our newest member, Eric Yeo.

**METROPOLITAN (V.),** — Two good shoots were held during October, and at each the attendance was large.

On October 8 the main event was a \$99

D.B. H'cap, shot over 20 releases. Shooting was of a high order and 10 finished with a clean score. There was an objection to a cut, so the finalists shot on. The elimination was gradual until three remained. They were Dick Thornton, Merv. Landers and Jack McAllister. When the score reached 44/45, Dick never saw it and dropped out, assured of third placing. The remaining two went on to 58/58 and they then decided to divide. Over-all it was an interesting event.

The first event was a 15 birds Points, and this was cut by Allan Harrod, Bob Williams, Bill Delaney, Don Nicholls and Dick Thornton, each with 45/45 pts.

The down-the-line programme concluded with a 20 birds D.B. Handicap. Six finished without a miss and the spoils were divided. The recipients were Bruce Roberts, Bob Williams, Jim Sliger, Chris Gynnell, Des Mooney and Jack McAllister.

A 20 birds Tower followed, and in a large field there were only four possibilities. In the shoot-off Keith Paterson ran out the winner with a score of 27/27. Ray Lacey (26/27) was second and Roy Johns (23/24) third. The front-mark trophy was won by Jack Ashcroft (21/22).

With pairs only counting, it was not long before a decision was reached. Roy Fallshaw was the only shooter to score a possible (10/10), and, of course, took first trophy.

Terry Wilkinson (14/15) was second, with Pat Ford (13/15), a new shooter and one of great promise, doing well to take third prize. Jack Ashcroft (7/10) got the 12/15 yards trophy.

A good afternoon of shooting in a variety of events, with J. Wilkinson and C. L. Barnes winning the North West District Deauville Doubles C'ship. The only shooters to shoot the possible, 20/20. E. Bruce and G. Wakefield were second in a shoot-off with 36/37.

**MORWELL (V.), 21/8/66.** — Weather conditions: gusty S.W. wind. Attendance: 18. Results: No. 1, 10-bird Pts.: W. Pryde, No. 2, 15-bird D.B. H'cap: Balcombe, Jongbloed,

A. Hance. No. 3, 10-bird D.B. H'cap: W. Ferris, B. Brown, J. Balcombe.

Gusty, south-west winds prevailed for our monthly shoot. This, however, did not affect Bill Pryde, who won the first event outright. This seems to be a habit of his. So Bill now has the nom-de-plume of "Points Decision" Pryde. No. 2 was won by Jim Balcombe, with congratulations from all for his fine effort for a 50-break badge. Good shooting, Jim, and may you go on to win many more here. No. 3: 5 possibles, with visitor Bob Ferris taking honours in the last event. Congratulations, Bob, hope to see you again.

(R. Kingsley, Hon. Sec.)

MORWELL (V.), 17/9/66. — Weather conditions: cloudy, S.W. winds. Attendance: 10. Results: No. 1, 10-bird Pts.: R. Kingsley, D. Bremner, W. Ewert. No. 2, 15-bird D.B. H'cap: J. Balcombe, K. Davidson, R. Kingsley. No. 3, 10-bird D.B. H'cap: D. Bremner, B. Ferris.

Again gusty south-west winds made shooting rather difficult, with low scores being shot by all present. No. 1 was div. R. Kingsley, D. Bremner and W. Ewert, who is rapidly improving at every shoot. In No. 2 Jim Balcombe won the main event outright, with disregard to the gusty conditions. With seven shooters to shoot for minor placings, K. Davidson defeated Russ Kingsley for second place. No. 3, 10-bird D.B. H'cap (comp. div.), was div. Bob Ferris and Alec Bremner, who once again handled the adverse conditions well.

(R. Kingsley, Hon. Sec.)

MORWELL (V.), 15/10/66. — Weather conditions: perfect. Attendance: 11. Results: No. 1, 10-bird Pts.: R. Kingsley, H. Duff, L. Mitchell, W. Pryde, W. Ewert, J. Balcombe. No. 2, 15-bird D.B. H'cap: J. Nieuwburg, J. Balcombe. No. 3, 10-bird H'cap (C.D.): H. Duff, L. Mitchell, W. Pryde, W. Ewert, J. Balcombe.

A perfect day for shooting, with many high scores being registered. With six possibles in the first event, shooters seemed to be on the bird. No. 2, 15-bird D.B. H'cap: shooters were once again to the fore, with five perfect scores, and good scores seemed assured. Congratulations to John Nieuwburg and also to Jim Balcombe on such a magnificent shoot-off, 128 and 127 respectively, also good shooting on the part of Bill Ewert, and to Mr. Harry Duff, "the shooting gentleman" who gained third, 75 and 100-break badges. No. 3 was conducted after a long shoot-off in No. 2. Once again Mr. H. Duff, L. Mitchell, "Points Decision" Pryde, N. Ewert and J. Balcombe.

(R. Kingsley, Hon. Sec.)

MOUNT GAMBIER (S.A.), 8/10/66. — No. 1, South Aust. D. Rise Night Clay C'ship: 1st, M. Sullivan, 27/30; 2nd, W. C. Allison, 26/30; 3rd, J. G. Campbell, 23/30. Kentish, S. L. Durbidge, A. McSween, E. R. Medhurst, 9/10, div 40%.

Only 14 shooters were in time to nominate for the South Aust. C'ship, and this, naturally, was a disappointing attendance. A few more shooters were present to compete in the two cash handicaps.

The High Income trophy was won by Les Earl of Mt. Gambier; this trophy was donated by the part owner of the horse "High Income".

Falkiner with a second, a first and the High Gun. Congratulations, Gus, keep it up now you have got going.

A well-contested programme, with interest centered around the N.S.W. State D.B. C'ship, where the shoot-off went to 231 before Kev. Heywood clinched the title from Mal Burgess. It was really Kev. Heywood's day, as he won all three Championships on the programme. In the Mid-West Day the shoot-off went to 97 before Robert Ellison dropped out into second place, while in the Night Ch'ship Ross Henry returned to shooting after many years' absence and stayed with Kev. until the 37th bird of the shoot-off. Mal Burgess managed to reduce Kev to second place in the Trophy event, where he scored 90/90 after a shoot-off. Local shooters, however, were not to be completely out-done, as Cliff Bradley, with a score of 130/135 over entire programme, was winner of I.C.I. High Gun Trophy.

**PUCKAPUNYAL (V.), 25/9/66.** — A glorious day on Sept. 25 welcomed the 45 shooters and families to Pucka, for the Club D.B. Sparrow C'ship and the Mob Siding Shield event for teams.

In the championship event only Ron Maybury, Fred Crawford and Tom Spence weathered the storm; in the shoot-off for final honours, Ray dropped his 31st rise and Tom failed to take the 39th, leaving Fred to capture the sash at 39/39. Congrats., Fred Crawford.

**PUCKAPUNYAL (V.).** — Sunday, 30/10/66, was a dull, mild day at Pucka, with 31 shooters from all over turning out for the Seymour District D.B. C'ship and the Club Trophy H'cap. Although the weather was dull, the shooting was the brightest ever witnessed over our traps, with several centuries being recorded.

No. 1, 10-bird Pts. (off 16 yds.): 4 shooters turned in the possible 30 points. No. 2, The Seymour Dist. D.B. C'ship left 15 shooters fronting up for the shoot-off, and a marathon shoot-off it was to be: after 75 birds, 7 shooters were still slugging it out: Max Day, Kev. Sarre, Vern Lawford, Bill Williams, Alf James, Tom Spence and Rex Piastri, and this was to be the order of fall-out. Max dropped his 78th, Kev the 95th, Vern the 119th, Bill the 145th, Alf the 149th. Leaving Tom and

Rex to prove the issue, finally Tom failed on his 212th rise, leaving Rex to take the sash and trophy with a splendid 212/212. No. 3, the Club Trophy H'cap: Again we saw a good standard of shooting, with Alf James out-shooting the opposition to win the transistor clock with a 48/48 from Ray Maybury 47/48, with D. Brown 28/29 running third. No. 4, the final event, Novelty S'takes, was tied by Ray Maybury and D. McGuiness Snr., 10/10. High Gun of the day went to Alf James with 50/50.

Throughout the day the following shooters recorded new breaks: Rex Piastri 200, Tom Spence 200, Bill Williams 150, and Kev. Sarre 100. Congratulations to these shooters.
