13. Agreed that the Brisbane Gun Club may install a sixth down-the-line trap for use as a practice trap for the 1971 Australian National Championships.

14. Resolved that all Referees be reminded that they must keep abreast of the rules particularly those Referees not actively participating.

Strubel, patron of the Gold Coast Gun Club, Queensland, and donor of the Austral Pacific Trophy for the 1970 Commonwealth Night Skeet Championship, has handed the trophies to the winner, Doug Smith, of Brisbane, Second placegetter Bill Stevens of Ipswich, and third Fred Lang of Gold Coast. Fred Lang also won the Warana Skeet Championship at Brisbane G.C., 25/25.

The Executive Committee then decided that the following amendments to rules be effective as of January 1, 1971:—

### DOWN-THE-LINE — TRAP

Rule 2 — add section "2 (b) — the 12 yard mark is to be measured from the top centre pivot point of the trap."

Rule 5 — both lines 7 and 10 — amend words "line" to read "lane."

Rule 5 — delete "oscillation" from the second last sentence. Sentence now to read — "The trap shall be mounted in a manner which will bring the top centre pivot point of the throwing arm 14 inches above the level of the centre line."

Rule 6, line 4 — amend "line" to read "lane."

Rule 6 add section 6 (b) — "where practical, three minimum distance pegs shall be placed at 45 yards."

Rule 45 — existing rule to be designated Rule 45 (a) and a further section 45 (b) be added "written examinations and tests may be arranged for down-the-line trap referee candidates in distant areas. Only clubs in areas without access to trap referee examiners may apply to the Secretary A.C.T.A., submitting names of registered shooter candidates."

Rule 56 — amend to read "The target shall be released instantly in response to the competitor's call of 'PULL'."

Tower — Rule 94 — delete first paragraph and substitute.

### TOWER

94. Tower events shall be shot double barrel, both barrels equal value, 5 to 10 targets per competitor per visit to the tracks, squad system, competitors in a straight line left to right, with centre (No. 3) competitor standing in front of the centre of the tower. Whilst at the firing point the competitor must not turn towards the tower, but must face directly to the front throughout the competition.

Shooters stand nine feet apart at the rear of the concrete track, as for down-the-line trap shooting. The track is five feet from front to rear and each shooter must stand at the rear of this track until it is his turn to shoot. He then steps forward up to, but not over, the leading edge of the track which then puts him five feet in front of a vertical line from the centre pivot point of the trap. After shooting, he empties and breaks, or opens, his gun and returns to the rear of the track.

When Number 5 shooter has shot, he walks to the rear of the tower, around to number one station. (This takes no longer than an 18 yarder, on a down-the-line track, walking around the other shooters and also gives protection from the muzzle blast).

Rule 95 amend to read — "Possible deduction from sweepstakes by clubs in contests, shall be not more than 50% (inclusive of targets)."

Rule 149 amend to read — Team 15 members. 10 highest scores to count. 50 targets per member from 18 yards double barrel, kills to count. 5 track, squad system, to be shot in two stages of 25 targets per visit, over one or two traps but two traps where possible. 5 targets from each track per member before changing tracks. In the event of a tie for High Gun, to be shot-off squad system, first miss-out. International load shells, 1½ oz. shot, No. 6 size or lighter, only

manual automatic or electric oscillating traps to be used.

158 (ii) Points Score Championships — (to be renumbered later). Commonwealth Points Score, State Points Score, District Points Score and Club Points Score Championships are available on application by clubs under Trap Rule 27 and shall be allocated in rotation, commencing with a State that does not already have other similar championships.

The events are to be conducted as for double barrel events with two barrels permitted. A first barrel kill scores three points, a second barrel kill scores two points, and no points are scored for a miss.

Rule 158 (iii) Continental Championship Rules — (to be renumbered later). Continental Championships shall be shot single barrel and double barrel and shall be shot from the same yardage and rules as set out for Commonwealth, State and District Championships, EXCEPTING that the trap shall be set as follows:

### HEIGHT OF TARGETS

Low target shall be thrown 5 ft. above the level of the centre lane at a point 10 yards from the trap, with a tolerance of 6 in. above or below.

### HIGH TARGET

Shall be thrown 16 ft. above the level of the centre lane, at a point 10 yards from the trap, with a tolerance of 12 in. above or below.

### DISTANCE

The low target shall be thrown a minimum 50 yards and a maximum 55 yards.

### ANGLES

The flight of targets shall at unknown angles be thrown a maximum 45 deg. and minimum 35 deg. right and left of the centre line.

Rule 196 amend to read — "All rules and conditions are applicable to both standard target and mini target events."

Rule 201 amend to read — CHAMPIONSHIP TROPHY VALUE (inclusive of badge or sash) for Commonwealth Championships is fixed by the Association at minimum \$50 retail value. Similarly, with State Championships, the amount fixed for trophies (inclusive of sash or badge) is fixed at minimum \$40 retail value. In District and Club Championships, the minimum retail value is left optional and at the discretion of the club conducting the event.

TRAP Rule 203 (handicapping formula) at commencement after "effective," add, "with the exception that, at any shoot, if there are less than twelve shooters and thus, only small events can be conducted, then such programme is not to be counted for handicapping purposes."

Rule 203 (handicapping formula) amend bold heading to read:—

**"CASH OR MINIMUM RETAIL TROPHY VALUE WINS AND DIVISIONS (Obtained in ONE EVENT OR AS A TOTAL IN ONE DAY)."**

Rule 204 — before the final DEFINITION add:—  
The following will apply to all yardages:

A win or division or equivalent trophy value of \$101 to \$300, 2 yards back.

A win or division or equivalent trophy value of \$301 to \$400, 3 yards back.

A win or division or equivalent trophy value of \$401 or more, 4 yards back.

## SKEET

Rule 71 amend to read — If the first target lost be the first target of an irregular double, when the 2nd target is released broken or when the competitor is deprived of the opportunity of shooting at a 2nd target then a proof double shall first be fired upon to determine the result of the second target, and then the first target lost shall be repeated as a single and scored as the 25th target.

Rule 74 — delete existing rule and substitute "no target shall be called when one of a pair is thrown broken OR when only one target is thrown instead of a pair."

Rule 84 — existing rule to be designated Rule 84 (a) and a further section 84 (b) added "written examinations and tests may be arranged for skeet referee candidates in distant areas. Only clubs in areas without access to skeet referee examiners may apply to the Secretary, A.C.T.A., submitting names of registered shooter candidates."

Rule 101 — CHAMPIONSHIP TROPHY VALUE (inclusive of badge or sash) for Commonwealth Championships is fixed by the Association at minimum \$50 retail value. Similarly, with State Championships, the amount fixed for trophies (inclusive of sash or badge) is fixed at minimum \$40 retail value. In District and Club Championships the value of trophies is left optional and at the discretion of the club conducting the event.

Rule 103 amend to read — Conditions for all open skeet championships: Commonwealth, two rounds of 25 targets (= 50 targets). State = minimum one round of 25 targets (= 25 or 50 targets). District = one round of 25 targets.

Rule 104 amend to read — Maximum nominations shall be: Commonwealth = \$5 per shooter. State = \$4 per 25 targets OR if 50 targets are used then nomination shall be \$5. District = \$3 per shooter.

Rule 107 — line two, insert "minimum" before figure 25 and again insert "minimum" inside the bracket, becoming "(minimum one round)."

A.C.T.A. Rules require that all Commonwealth, State and District Titles, plus any event exceeding \$100 value, must be applied for on the prescribed form. The lodging of only a proposed advertisement merely holds up the procedure and involves return mails.

Enamelled metal championship badges are struck by the makers only against firm orders by A.C.T.A. office. Club Secretaries only may request these badges, using the prescribed form. The badges will be of the standard A.C.T.A. insignia with the surround, containing the year, the championship title, the winner's initials and name. Such lettering on the surround will be in the following colors:

Commonwealth Championships = Blue;  
State = Red; District = White; Club = Green.  
Clubs are charged for each badge ordered.

Championship SASHES only may be ordered direct from the makers by Club Secretaries. Recommended and official makers are W. FLATTELY & SON, 11

Throughout all sports in all countries, some contestants must move on to greater achievements or scores than others, BUT, all have one common happening — the practice which developed these skills was developed and made available at a small club. Each small club is an essential part of our being and each club provides and contributes to the heart throb of our Association. My club may be smaller than yours but we enjoy our visitors as we trust they enjoy our visits. We shoot well and we shoot happily.

A.C.T.A. President Mr Gordon Hall and his fellow Executive Committeemen wish the compliments of the season to all and happy shooting for 1971.

# 1970 AUSTRALIAN INTERSTATE SKEET TEAMS' MATCH

Both the Queensland and New South Wales teams shot 470/500, but on a countback under Skeet Rule 113, the winning team is Queensland who clearly won the first 15 targets.

Originally teams of 5 but now teams of 10 members, 10 scores to count, 50 targets per member, shot in two rounds of 25 targets. In the event of teams scoring ties then the countback system is applied to achieve a decision.

Team members with tie scores are positioned after applying the countback system.

Results since the inception of this Interstate Skeet Teams' Match have been:—

## LETTER TO THE EDITOR

October 26, 1970.

Mr C. M. Berry,  
Secretary,  
A.C.T.A.,  
37 Swanston Street,  
Melbourne, Vic., 3000.  
Dear Mr Berry,

Wangaratta Technical School again sponsored the North East District Schoolboy Single Barrel Clay Target Championship on the North Wangaratta range on Saturday, October 24, 1970. This is the third year of the competition and the number of entries continue to grow. This year, 47 students competed, coming from as far away as Corryong.

The event this year was won by Brian Reid of Wangaratta Technical School, with a score of 15 out of a possible 15. Second place went to N. Hendy of

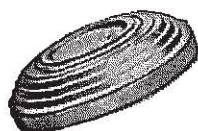

Wangaratta Tech on a shoot-off from I. Read of Benalla High, after each boy scored 14 and F. Brack of Benalla High, was placed 4th, after shooting-off against four other boys, all with a score of 13.

The standard of shooting was very high with 20 of the boys shooting 10 or more targets. Trophies and sash with a total value in excess of \$40 were donated by Wangaratta Tech, N.E. Gun Clubs' Council, Wangaratta Gun Club, Nolan's Sports Store, Wangaratta and I.M.I. Australia Limited.

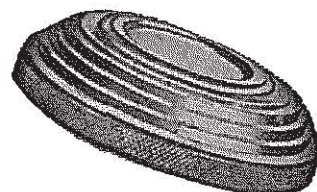

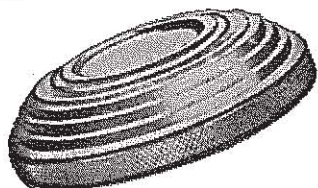

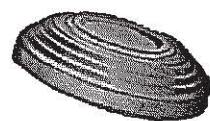

If the above could be included in your next issue of Clay Target News and a copy forwarded to the winner, I would be grateful.

Yours faithfully,  
L. R. SIMPSON,  
(Organiser.)

# Open season for protected game shooting throughout the Commonwealth during 1971

Today, in all civilised countries, the taking of fauna is a controlled privilege, not an inherent right. Native fauna is at all times the property of the Crown and is (a) permanently protected, (b) protected, or (c) pest fauna.

The sale of wild game is forbidden in most States and eggs must not be taken for any purpose.

Complete information is available from the various State departments as listed. Licences may be obtained from these addresses or from the various police stations.

## Western Australia

Department of Fisheries and Fauna, 108 Adelaide Terrace, Perth, 6000, from whom a free guide is available.

All visiting interstate or overseas shooters should present handicap cards, identification papers and firearms at the first police station encountered in Western Australia for licensing.

Quail — two open seasons for Stubble Quail but all other species of quail are protected.

(c) traps, nets, snares, nooses are prohibited.

Gun licences cost \$2 annually to those over 18 years. A firearms licence for persons under 18 years must be obtained from a Police Station. Gun licences do **not** authorise persons to shoot without the consent of the owner or occupier.

Dates awaiting confirmation and gazetting are:—

Duck Season — 5 a.m., Saturday, February 20, until 10 p.m., Saturday, June 26, 1971.

Bag limit 12 ducks per person per day of the following species only — Wood Duck (Maned Goose, Black, Mountain, Grey Teal, Blue-Winged Shoveller, Pink-Eared, White-Eyed, Chestnut.

# Huge Savings for Reloaders

**World famous S.S. POWDER cuts powder costs by 40 per cent**

***Here's why . . .***

- (1) Because our price at \$10.50 per 5 lb. tin is 20% below all other brands.
- (2) You only need 19 grains per cartridge. Compared with other brands, this means you reload 20% more cartridges per pound of powder. Despite the reduction in grains per cartridge the additional bulk of this powder enables normal plastic wads to be used.

The 1970 Victorian Skeet Team, after qualifying at Melbourne Gun Club, Lilydale, on November 7. Front (from left): Ray Burrill, George Biggs, Bob Buchan, Russell Fox and Mick Hehir. Back: Frank Johnson, Ray Maybury, Lyle Mitchell, George Paul and Bill Dalzell.

This cheerful group of skeet shooting enthusiasts at Melbourne G.C. (Vic.), 7/11/70, made the long journey from Mildura to compete in the qualifying event for the Victorian section of the Interstate Skeet Teams shoot for 1970. From left: John Doyle; Mildura Gun Club Secretary, Laurie Connors, and Mrs Connors; Gordon Wakefield, Carstairs Station; and Mildura Vice-President, Les Dunn.

Western District grazier Howard Durbidge, of Warrnambool G.C., Vic., takes aim during a shoot at Melbourne G.C. Royal Show shoot on 26/9/70. His Corriedale sheep fleeces had just won another prize at the famed Melbourne Royal Show.

Do you know my daddy Ken Patterson? He shot the highest skeet score to date of 154 straight targets at the Melbourne Gun Club, Victoria, on September 26, 1970, says daughter Robyn.

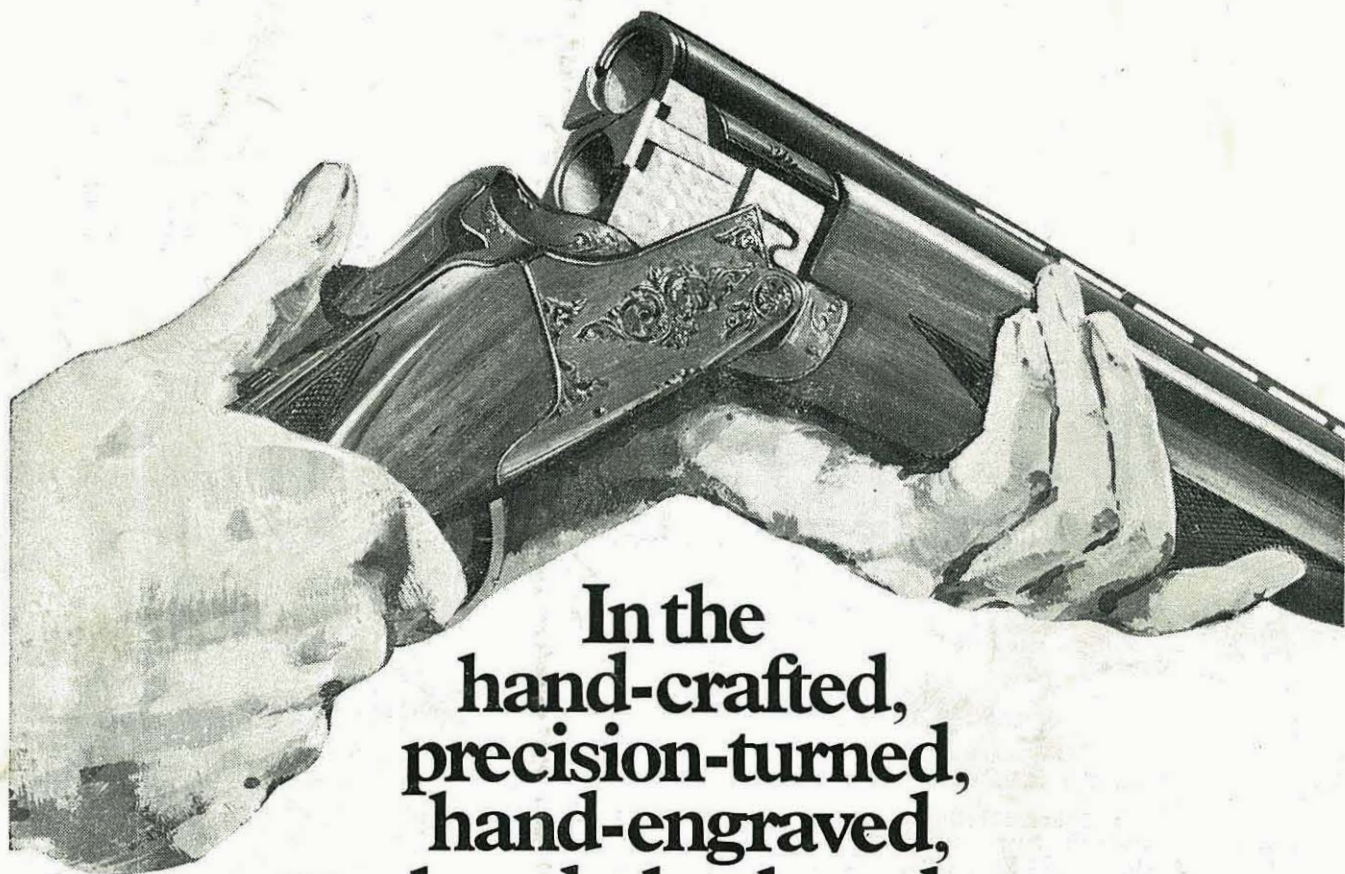

Melbourne G.C. Vice-President Bill Delaney presents the High Gun trophy for the Victorian Interstate Skeet Team shoot to Club President Bob Buchan. Bob's score was 100 straight—50 in qualifying and 50 in the teamshoot.
