## REGISTERED SHOOTERS

Article 49 of the Articles of Association of the Australian Clay Target Association states: (a) The Association shall keep a register of shooters and no person may enter or compete at any Association competition or event conducted by a member Club of which a Delegate is a member of the Association unless such person is registered with the Association and is not in arrears with his subscription.

(b) Each member Club and each member who is the Delegate of an unincorporated Club shall BEFORE THE THIRTY-FIRST DAY of JANUARY IN EACH YEAR supply the Secretary with a full and accurate list of all members and shooters registered with such club for the year commencing on the first day of January of such year and shall at the same time remit to the Secretary the subscriptions of such Club members and shooters. Each member Club and each member who is the Delegate of an unincorporated Club shall also promptly forward to the Secretary of the Association the names and subscriptions of any persons joining such Club or registering as shooters after the thirty-first day of January in any year.

## FEES

Club secretaries are reminded that club 1972 affiliation fee of \$10 is due and payable on January 1, 1972.

All club members are reminded that their 1972 Association fees are due and payable through their club secretaries on January 1, 1972.

These club member fees are \$5.90 for the 1972 year and are—

1. \$5 under articles 14 and 49; plus
2. 90 cents insurance premium (read on for full details).

Only subscribers to A.C.T.A. "Shooting News" may send \$5 direct to the Secretary for "Shooting News" publications.

AUSTRALIAN CLAY TARGET SHOOTING NEWS

No pro rata rates are accepted and such fees are for the calendar year concerned.

March 1972 "Shooting News" will be mailed only to those financial — that is, those whose fees are actually received by the Secretary as of February 15, 1972.

## NOMINATIONS FOR 1972 OFFICES IN A.C.T.A.

All interested shooters are hereby notified that nominations for all offices in the Association close at 5 p.m. on Friday, December 31, 1971. Nominations must be lodged on the prescribed form with the Secretary, A.C.T.A., G.P.O. Box 2038S, Melbourne, 3001, Victoria. Any nominations received after this hour or date will not be accepted. Nomination forms are available from the Secretary, A.C.T.A. Nomination forms are only available on application.

Those lodging nominations are reminded that such nominations must be lodged in accordance with Article 27 of the Association Constitution, which reads: "Nominations for all offices in the Association and members of the Executive Committee must be in writing signed by the Secretary of the member Club or by the DELEGATE member of an unincorporated club making the nomination, and must reach the Secretary of the Association on or before December 31, in each year prior to the Annual General Meeting."

It is advised that private nominations will be rejected. Nominations received must have the official backing of the club and be approved by the Committee of the member club concerned.

These nominations will be published in February 1972, A.C.T.A. "Shooting News."

## PUBLICATION A.C.T.A. "NEWS"

Advertisers and clubs are reminded that, due to the printing industry vacation, no publication of A.C.T.A. "Shooting News" will be made for January, 1972. Copy for December "News" closed at A.C.T.A. office

December, 1971—1

on November 1, 1971 (this includes publication of shoots scheduled through till early February). Copy for February 1972, "Shooting News" must reach A.C.T.A. office NOT later than December 9, 1971.

**The 1972 New Zealand National Championships** will be conducted at Timaru between April 8 and 15.

**The final section of the 1972 International Teams' Match** for the Mackintosh Trophy will be held at Corntown Farm, Ewenny, Bridgend, Glamorgan, South Wales, on Friday, July 21, 1972, and the conditions will be unchanged up to and including the year 1975. A cordial invitation is extended to any Australian shooter to attend and more particularly any Australian team shooter.

The attention of all registered shooters is drawn to A.C.T.A. Rule 20 plus the Firearms Acts of each of the States of the Commonwealth of Australia. Advice has been received that shooters concerned may be named so that appropriate action can be taken.

(Rule 20 states — Registered competitors who shoot at unregistered or unaffiliated clubs render themselves liable to disqualification.)

As has been published in A.C.T.A. "Shooting News" from time to time, the Association has been seeking insurance coverage for shooters, and visitors, whilst attending any A.C.T.A. registered shoot within the Commonwealth of Australia and Papua/New Guinea.

This has stemmed from general shooter questions apropos modern-day thinking, from the unanimous

feeling of our 35th Annual General Meeting held in Brisbane on June 14, 1971, to the recent A.C.T.A. Executive Committee Meeting in October 1971.

Many insurance proposals were considered and the best coverage fully suited to our requirements has been obtained at Lloyd's of London and will be applicable for the first year as from January 1, 1972.

Each club member must be a party to this overall policy and club secretaries are asked to accept from each member and forward to A.C.T.A. as laid down in Association Article 49, \$5 registration fee, plus 90 cents insurance fee, totalling \$5.90.

The policy stipulates that the premium is based on and shall be reconcilable to the actual shooter handicap card list each year which must be declared by the Association when making the agreed period premium payments.

The premium rate has been established after exhausting research into clay target shooting, into the company registration of the A.C.T.A., into the entire general administration of the Association, into the shooting rules as published, and, each member club must have a copy of its written and duly accepted club constitution, lodged and accepted by the A.C.T.A. as in Article 34.

The policy being issued to the Association covers:—

#### **Public Liability**

- (a) Limit of liability \$100,000 any one accident.
- (b) Unlimited liability in any one period; and would

1. "Indemnify the Insured Association and/or its members against their legal liability for accidental bodily injury to persons and/or damage to property whilst participating in an organised activity or acting as individuals, at a closed range anywhere in the Commonwealth of Australia and PNG including liability of one member to another."

2. Include a food and drink poisoning clause (with provisions).

3. Be subject to radioactive contamination exclusion clause.

4. Be restricted to Association-approved and/or properly licensed ranges only.

It is suggested that all clubs continue their visitor's book procedures by recording all honorary members for any particular day. This would then cover patrons and visitors.

President Mr Gordon Hall and his fellow Executive Committeemen send your club their compliments with the message that they feel a forward step has been made by the Association.

**The A.C.T.A. Executive Committee at its recent meeting:—**

1. Congratulated the Canadian Team for its winning score of 7314/7500 points for the International Teams' Match for the Mackintosh Trophy.

2. Congratulated the South Australian Trap Team with its first ever perfect score 500/500 broken targets to win the 1971 Interstate Trap Teams' Match. This is the first such perfect team score established in these highly rated team matches.

## **LEAD PRICES DROP**

4. Decided that in the current 1971/1972 Winchester Tournament that:—

(a) In any section of this tournament, that if shooters shoot in front of their handicaps, then no handicap penalty would be applied.

(b) That the existing Rule 203 handicapping procedure be used for this event.

5. Decided that the A.C.T.A. Championship roster be amended to a six-year cycle from 1973 onwards, this shall be published later and shall include events within section 10 herein of I.S.U. methods.

6. Decided that the 1973 Australian National Clay Target Championships will be conducted by the Association at the South Australian Gun Club, at dates yet to be decided.

7. (a) Decided that the 1972 Australian National Clay Target Championships will be conducted by the Association at the Griffith Gun Club, New South Wales, over the seven successive days of March 11 to 17.

(b) The 1972 National programme will proceed in the sequence of:—

Saturday, March 11 — 23rd Grand Aust. H'cap. (1971 winner, W. Garraway of Geraldton, W.A.), followed by if possible a \$300 value handicap.

Monday, March 13 — 18th National Single Barrel Championship with the 3rd Intermediate SB Championship in conjunction. (1971 winners respectively were R. McDonald of Geraldton, W.A. and R. Simpson of Brisbane, Qld.)

Thursday, March 16 — 12th National Double Rise Championship with the 3rd Intermediate DR Championship in conjunction. (1971 winners were D. Cosgrove of Warren, N.S.W. and G. E. Buchanan of New Zealand, respectively.)

**Special Note:** The 3rd National Skeet Championship will also be commenced during this day. (1971 winner was B. Anderson of New Zealand.)

Friday, March 17 — 3rd National Skeet Championship will be continued and finalised.

**Special Note:** The 1972 Australia/New Zealand Trap and Skeet Teams' Matches will be hosted by, and

conducted during the New Zealand National Championships, by previous alternate-year arrangements.

(c) The method and sequence of 25 targets from each of two traps, per squad, as carried out in Brisbane, be repeated at the 1972 Nationals at Griffith, to maintain complete shooter equity at all times. Six traps shall be used for the down-the-line events.

(d) Decided to adopt a trophy voucher system. The trophy voucher scales have been increased but are dependent upon the number of entries in each Australian National Championship. For the major events of the National D.B., S.B., A.N.Z. Champ. of Champ., D.R. events, the trophy vouchers will be based on a proportion of the nominations received — e.g., a 250 entry — 1st — \$100 value, 2nd — \$50, 3rd — \$25 and 4th to 15th places inclusive \$12.50 each. For the Intermediate events and the Skeet events, based on a 50 shooter entry, trophy vouchers would be 1st — \$30 value, 2nd — \$15, 3rd — \$10, 4th and 5th placegetters \$7.50 each.

Each event has provision for a \$10-trophy credit for the best lady shooter, if any.

(e) Specially selected and branded cartridges will be sold by the Association in packets of 25 cartridges at \$2.60 by means of individual tickets OR in case lots of 500 cartridges at \$50 per case. (Note: Using specially distinctive case lot tickets, the cartridges will be sold at \$2.50 per packet of 25 cartridges.) Shooters shall use only those branded cartridges as sold by the Association for the National Championship events.

(f) Empty shotshells on the ground become the property of the A.C.T.A.

(g) Clay targets throughout the programme will be colored black.

(h) A gunsmith shall be operating with full facilities on the ground. He may sell cartridges available within the rules, for the handicap events only.

(i) That the Nationals Marshals and Referees, as selected and advised, meet a selected Sub-Committee at the Griffith Gun Club at 2 p.m. Friday, March 10, for procedure instructions.

(j) That the 1972 National Championship Shoot Marshals be Mr H. Williamson of Apsley, Victoria and Lieutenant W. Murphy of H.M.A.S. Cerberus.

(k) That the names be adopted — Browning Trap High Gun Trophy and J. Newton Thomas Overall High Gun Trophy respectively.

(i) The shoot-off procedure for the Browning Trap High Gun Trophy to be the best of 30 targets from 5 targets in the method and sequence of each of the main programmed events—

5 targets H'cap;  
5 targets D.B. from 16 yards;  
5 targets S.B. from 16 yards;  
5 pairs D.R. from 16 yards;  
5 targets D.B. from 20 yards;  
Total = best of 30 targets.

(ii) The J. Newton Thomas Overall High Gun Cup shall be presented for the second time to the high gun winner of the seven principal events who shall hold it until the 1973 National Championship series when it must be returned to the A.C.T.A. for further competition. Annually the name of each winner, with his score, shall be engraved on the cup. The trophy dates from 1966. Holders of this cup may not necessarily be "Browning Gun" high gun scorers because of any previous such wins.

(l) Noted with appreciation that Commercial Marketing Co. P/L of Sydney, agents for Fabrique Nationale of Belgium, will again offer a Browning Under-and-Over shot gun as the Trap High Gun Trophy to the highest gun scorer over the six principal events of the programme (Gd. H'cap, D.B., S.B., A.N.Z., Ch. of Ch., D.R.) but that in the case of a tie, that the shoot-off procedure be as in (l) above.

Previous winners of a similar such high gun trophy in Australia or New Zealand are excluded from competing for this high gun trophy. The A.C.T.A. has passed its acknowledgement to the makers and their agents for this fine trophy.

(m) Noted with appreciation that Fuller Firearms P/L of Sydney, will donate a Stirling Broadrib Under-and-Over shot gun to the first New Zealander winning the A.N.Z. Trap Championship when the event is hosted in Australia.

(n) Decided that first, second and third places in the main events of the programme be shot to finality.

(o) Decided that the event nominations and sweepstakes for 1972 be as for the 1971 Nationals.

(p) Nominations will be accepted between 1 p.m. and 3 p.m. on Friday, March 10, for the Grand Australian Handicap event of the first day of the programme Saturday, March 11. Further nominations for this event will then be accepted on the Saturday morning from 8.30 a.m. until 10 a.m. only.

All payouts will be between approximately 4 and 5 p.m. daily — depending upon the day's event(s).

These hours of nominating and payouts will be maintained throughout the programme.

8. Confirmed previous such decisions, that no dates are permanently allocated to any club, and, that it is the agreed practice for clubs to apply annually for projected shoot dates.

9. Decided after considering a unanimous motion at the 35th Annual General Meeting in Brisbane on 14/6/1971 to seek, obtain and implement the best possible shooter insurance policy for coverage as from January 1, 1972.

(Note 1: See August A.C.T.A. "Shooting News" Page 2, column 2.)

(Note 2: A full explanation is as above.)

10. Decided after considering the unanimous motion at the 35th Annual General Meeting "that in

December, 1971—4

addition to our existing rules, that I.S.U. (International Shooting Union) Shooting Rules for Trap and Skeet, be incorporated in our rules and that these be a part of our annual championship allocations."

11. Decided that the "Shooting News" publish the **countback system**. This is:—

The object of clay target shooting is to break as many targets as possible and to shoot as many as possible with the first barrel as this is the reason for points scoring.

The next best shooter is the one who has shot and broken all the targets with a minimum of second barrels used, that is, scoring single barrel with a bonus for second barrel success.

The order of preference is:—

1. All who shoot and achieve all targets broken, after using first barrels only.

2. A shooter(s) who shoots and achieves all targets broken with a minimum of second barrels used.

3. A shooter who misses a target irrespective of whether he breaks the remainder of the targets with his second barrel.

#### Examples:

If Jones shoots and breaks 50/50 targets using single barrels only and Maloney shoots and breaks 49/50 targets using single barrels then the winning person or score is quite clear.

But if both Jones and Maloney shoot and break 50/50 targets and both have pulled one second barrel, NOW the **countback** is used to discover the shooter who has broken the most targets using single barrels only. Thus, Jones has 50/50 to his credit, with one 2nd barrel as a points score, which he pulled on his last target, totalling 49 first barrels. Maloney also with a 50/50 score, pulled his second barrel on his 10th target. On a **countback** system Jones is the winner of the tied scorers.

**Explanation:** Some schools of thought consider that Jones and Maloney should have shot on, points scoring, from their common 149/150 scores to break their tie, BUT, this would then be "shooting to finality, points scoring" and not employing the recognised countback system to break the tie.

12. Decided that effective as of January 1, 1972, numerous major changes and adjustments be made to the trap and skeet shooting rules and handicapping formulae.

(Note 1: The respective amendments to A.C.T.A. Trap and Skeet Rules are listed separately herein.)

(Note 2: The I.S.U. rules are available on application at this date of publication, BUT, as amendments, effective world-wide, are being adopted by the I.S.U. governing body early in 1972, that publication in A.C.T.A. "Shooting News," of the full I.S.U. rules are delayed until the newly-amended rules are available.)

(Note 3: Attention is drawn to the publication herein of the I.S.U. Amateur Rules and the Schedule

"A" individual shooter declaration required to be lodged with A.C.T.A. within these rules.)

(Note 4: **Schedule "A"** is published twice — (a) as a record for each shooter reader's reference; (b) as a **tear-out** section to be completed by each shooter concerned, then **lodged** with his club secretary at the time of paying his 1972 fees, for forwarding to A.C.T.A. for **national record statistics**. Thus, referring to the 1973 world I.S.U. Moving Target Championships in Perth from October 15, 1973 (see August "Shooting News" Page 2, column 2), registered shooters who have signed Schedule "A" and have two such years of reference should be eligible to compete for entry into any such Australian teams.

(Note 5: Under I.S.U. and Olympic Shooting Regulations, all shooters must — (a) have signed and lodged a Schedule "A" for which each shooter alone is responsible for the declaration; (b) be covered by a recognised insurance policy for his shooting.)

13. Decided that a late advertising fee in addition to the current rates, be charged as of 1/1/72, to club advertisers lodging late copy.

14. (a) Appointed Mr J. O'Connor of Queanbeyan/Canberra (N.S.W.) Gun Club as a Skeet Referee Examiner.

(Note: Mr O'Connor is already a Trap Referee Examiner.)

(b) Appointed Mr R. H. Bailey of Perth Gun Club (W.A.) a Referee Examiner both Trap and Skeet.

(c) Appointed Mr W. E. H. Rainbird of Tasmanian Gun Club (Tas.) a Skeet Referee Examiner.

(Note: Mr Rainbird is already a Trap Referee Examiner.) He is a most active 74 years of age, a capable 17 yard shooter, who does not need glasses and has been an Executive Committee member of the Association since its inception.

15. Decided that if no club advertising material has arrived two months before a Commonwealth Title Event, then the Secretary/Editor is empowered to insert an appropriate advertisement and to charge the club concerned.

16. (a) Decided that clubs allocated State Title Events are expected to advertise these State Events in A.C.T.A. "Shooting News."

(b) Decided that clubs not advertising Interstate Teams and similar major events, will not receive such consideration in the future.

17. Decided that clubs are urged, in the interest of saving expenditure and of avoiding long shoot-offs, that points scoring decisions be used, as for the event itself.

18. Common Mark Shooting:—

(i) Shooters are to be classed into three grades by their performance excluding shoot-offs, over each 500 targets from 16 yards, double barrel, single barrel or points score with kills to count.

(ii) Handicapping procedures are applicable in cham-

pionships and graded events, in accordance with Rule 203, to shooters who are competing on or behind their handicap marks.

(iii) Shooters may compete in one grade only. Any shooter may nominate in any grade higher than his own, but by doing so he forfeits the right to compete in his own grade.

(iv) The grades are to be:—

	Initial Conversion from yardages
Australian A class = 95 to 100%	21-27
Australian B class = 91 to 94% ....	17-20
Australian C class = 90 and less ....	16-12

(v) Therefore a small club would provide one top trophy for the overall winner as at present procedure; then, depending on numbers attending, a smaller trophy for the winner of each class, as the overall winner automatically be in one of the classes, the top trophy could include the class trophy or an additional trophy, as the club desires.

In most cases, this would involve the club in no more expenditure than providing 1st, 2nd, 3rd and front marker's trophies as in the past.

During and after the year 1972, Intermediate Trapshooters will be Class C trapshooters.

19. On Friday night, March 10, at 7 p.m., will be a "get together" dinner in a large private room, at the Ex-Servicemen's Club for shooters to meet and renew acquaintances.

(b) Dinner at 8 p.m. to be then available in the adjoining Ex-Servicemen's Club Dining Room for any delegates — each to pay his own meal cost.

(Editor's Note — the club menu is excellent, reasonably priced and perfectly served.)

21. On Tuesday night, March 14, from probably 8 p.m., a "wine-tasting barbecue" will probably be at a nearby winery at a nominal all inclusive price — more details later.

22. Expressed thanks to A.C.T.A. Secretary and Staff.

It is noted with pleasure that visitors to our 1972 Nationals at Griffith will include a party of American trapshooters and their families who are scheduled to fly halfway round the world in March via Pan American's 747 jumbo-jet aircraft.

Tour conductors will be Mr and Mrs Roy Foxworthy and Mr and Mrs Hugh McKinley — Mrs Foxworthy is the Editress of the A.T.A. magazine "Trap and Field;" Mr Hugh McKinley is the permanent manager of the A.T.A.

The party will include at least one past-President of the A.T.A.

Departing Los Angeles on March 7, the 19-day trip will include Hawaii, Honolulu, Sydney — where a one-day stop will include a harbour cruise, shopping, and a shoot at the New South Wales Gun Club, before

continuing on to Griffith (to compete in the March 13/14, Championships), on to Melbourne thence Geelong, for a shoot with Winchester before proceeding to Auckland for tours, troutfishing and trapshooting, thence to Tahiti and return via Honolulu to Los Angeles on March 26.

With our expected New Zealand visitors, the shooting at Griffith should be most competitive. Many friendships will be made and renewed.

A.C.T.A. Rules require that all Commonwealth, State and District Titles, plus any event exceeding \$100 value, must be applied for on the prescribed form. The lodging of only a proposed advertisement merely holds up the procedure and involves return mails.

Enamelled metal championship badges are struck by the makers only against firm orders by A.C.T.A. office. Only Club Secretaries may request these badges, using the prescribed form. The badges will be of the standard A.C.T.A. insignia with the surround, containing the year, the championship title, the winner's initials and name. Such lettering on the surround will be in the following colours:

Commonwealth Championships = Blue;

State = Red; District = White; Club = Green.

Clubs are charged for each badge ordered.

Championship SASHES only may be ordered direct from the makers by Club Secretaries. Recommended and official makers are W. FLATTELY & SON, 11 ORR STREET, CARLTON, 3053. Colours for the respective gradings of championships are AS FOR BADGES as shown above.

Break badges in cloth form are available for \$1.00, as submitted by the Club Secretary on the prescribed form. Break badges are for 50, 75, 100, 150, 200, 250 and 300 breaks. (See amended rules in this publication.)

Available on request by Club Secretaries at nominal prices are:

- A.C.T.A. pocket insignia on navy cloth background;
- A.C.T.A. ties with embroidered insignia on navy background;
- A.C.T.A. tie bars;
- A.C.T.A. metal car badges;
- Club shoot record books;
- Club shoot report forms (padded) for "News;"
- Trap (D.T.L.) score sheets (padded);
- Skeet score sheets (padded);
- A.C.T.A. trap (D.T.L.) and skeet shooting rules.

# TIPS AND TALES

**Geraldton (WA)** — had their end-of-year shoot on 16/10/71 with a successful roll up of 42 members and their families.

**Taree-Wingham (NSW)** — 5/10/71 annual meeting elected as office bearers President, Terry Rumbel; Secretary, Ron Sky; Treasurer, Leonna Sky; Vice-Pres., Allan Carlyle and Bruce Reid.

**Cunnamulla (Qld)** — will conduct the Queensland section of the Interstate Trap Teams' Elimination and Match over April 29/30.

**Wagin (WA)** — 6/10/71 annual general meeting elected as office bearers President, A. J. McKenzie; Sec.-Treasurer, A. Jackson; Committee, D. Mercuri, A. J. Blight, K. N. Smith, P. C. Becker.

**VALE — W. R. Gartner (Bill)** — a foundation member, Past-President and Life Member of the Darwin Gun Club, Northern Territory. Passed away on September 22, 1971. Bill who devoted much time to the development of the Club will be greatly missed by all members.

**Cowra (NSW)** — will conduct the New South Wales section of the Interstate Trap Teams' Elimination and Match over the weekend of May 6/7.

**Coffs Harbour (NSW)** — at their January 8/9 shoot will be their now regularly accepted Sea Food Barbecue. When Referee Examiner Don Scowcroft decided to retire in 1968 from driving some 50,000 or more road miles annually in New South Wales on business, he chose fishing on the continental shelf as his occupation. (Doubtless this was strongly influenced by Dick Burton of Geraldton, WA.) Don Scowcroft and his wife Barbara, over these succeeding years, have established this sea food barbecue and the club is indebted to them. The club also is grateful for their annual high gun trophy as provided by I.M.I. Australia Ltd.

(Editor's Note: Many clubs throughout the Commonwealth are famous for these personal effort offerings and from time to time it is good that these be recorded.)

**Toowoomba (Qld.)** — proudly announce their installation of a skeet layout, and, as this is the only skeet ground at the moment in the Darling Downs, they feel very elated. A 28/10/71 committee meeting elected President, J. S. Collins and Secretary, G. McKean.

**Port Macquarie (NSW)** — the club's new grounds adjoining the airport will be ready for shooting by

Xmas. The clubhouse may even be erected in time for the opening day and night shoot in mid-January.

**Bunbury (WA)** — office bearers elected at 27/10/71 annual general meeting were President, V. Harney; Secretary-Treasurer, J. B. Perkins; Club Captain, E. Hough; Handicapper, F. Ward. A special vote of thanks was recorded for Immediate Past President N. Sullivan.

**Field Test Report as submitted, with compliments, by Nick Harvey** — The 12-gauge Bentley Pointer auto shotgun owes its existence to the old, reliable Browning auto of which it is a copy. The new Bentley might be an old design, but the way it stands up to work is hard to beat. So is its price!

A few weeks previously in Sydney, Mal Fuller had asked me if I'd like to review the latest addition to his line of firearms. "I'll send it up," he promised, "in time for the start of the duck season. I think you'll be surprised when you see it."

I was: this Bentley Pointer is almost an exact copy of the old reliable Browning 12-gauge auto, not only in its superior finish, but also workmanship. This is obvious not only in its superior finish, but also in the machining of the receiver and fine attention to detail. For all intents and purposes, this gun is a Browning . . . one the inventor wouldn't be ashamed to own.

Utilising a time-proven design, the Bentley auto is a superb gun selling at the modest price of \$149. It comes only in 12-gauge, but offers a choice of five barrel lengths with four different chokes. It is available in a full-choke model with either 28 or 30 inch barrel, modified 28 inch, improved 26 inch and skeet 26 inch.

The receiver on the Pointer is all steel, in fact there is no alloy used anywhere in its construction. Blueing of the metal parts is a real deep black with no objectionable tool marks in evidence.

Fitting of the tiny set-screws, which are retained exactly as in the original, is indicative of a high degree of quality control. The barrel has a vent rib, matted to reduce glare and a silver bead to aim with. Tang straps which strengthen the pistol-grip in the original are missing; more's the pity.

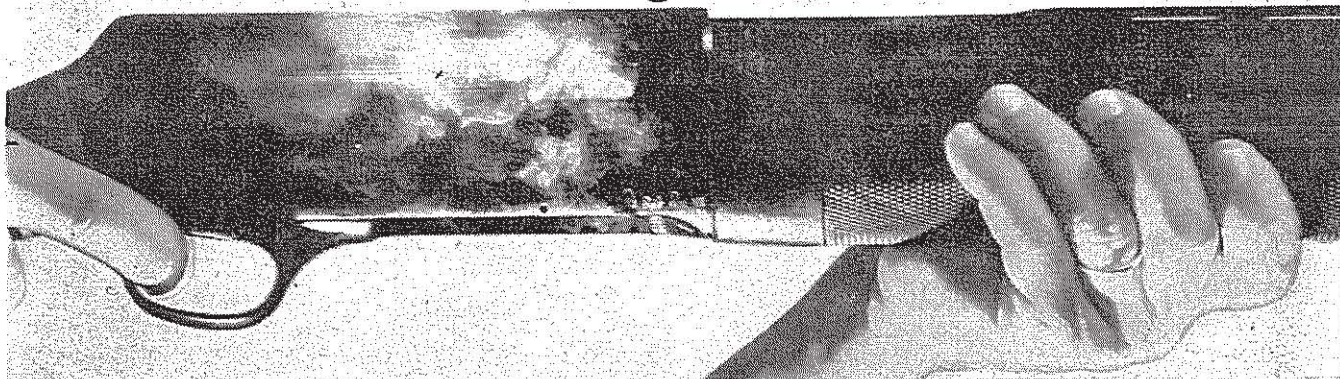

Ideally, the sample gun had a 28 inch full-choke barrel chambered for 2½ inch shells. Since its arrival coincided with the opening of the duck season, plenty of field testing was assured.

.22 rifles and shotguns has been delayed and will probably not come before State Parliament until the autumn session next year, the Chief Secretary (Mr Hamer) said yesterday.

He wanted to consult the NSW Chief Secretary (Mr Willis) and interested bodies in Victoria before the bill was put to Parliament.

The bill will bring .22's under Government control for the first time and require the registration of shooters rather than the firearms.

(Editor's Note — the original submission to the State Government by various bodies, differed in its intentions according to the rights of the common man, as interpreted by many A.C.T.A. shooters. Briefly, the legislation was designed to control .22 rifles and shotguns to "responsible people," to register the many firearms themselves and to also charge for special shooting licences for all furred or feathered game. This Association was disturbed at the inference by the sponsors as to responsible people and wrote to the Victorian Chief Secretary that the principle of obtaining shooting licences and using them for game conservation was quite understood but that any licence, if applied, should be for a "general" overall licence and that shooters and not their guns be licensed — various obvious reasons for this were submitted, with an obviously successful consideration by the Chief Secretary's Department. Victorian shooters now await the New Year's findings.)

# Letters to the Editor

October 25, 1971.

Mr C. M. Berry,  
Secretary,  
A.C.T.A.,  
37 Swanston Street,  
Melbourne, Vic., 3000.

Dear Sir,

On Saturday, October 23, 1971, the Wangaratta Technical School, assisted by the Wangaratta Gun Club, conducted the 4th Annual North Eastern District Single Barrel Clay Target Championship for school students at the North Wangaratta grounds.

Conditions for shooting were not ideal because of the very gusty wind that blew throughout the day. Nevertheless a record number of 50 entries were received and the shooting standard was very high. This year, for the first time, we had a female entrant from Mansfield who performed very creditably. Other entrants came from Shepparton, Wodonga, Yarrawonga, Albury, Wagga, Corryong, Myrtleford, Benalla and Wangaratta.

Event No. 1: 5 target Single Barrel Eye-Opener — 53 entries. 1st J. Blair of Corryong; 2nd M. Nolan of Wangaratta. The placegetters being determined only after a shoot-off among seven entrants who shot the possible.

Event No. 2: 15 target Single Barrel N.E. Student Championship — 50 entries. 1st Peter Ashford, 13, Yarrawonga High School; 2nd Neil Hendy, Wangaratta — for the second year in succession. These two boys and J. Haeusler of Wangaratta, shot 13/15 thus requiring a shoot-off. After two shots, J. Haeusler missed his third making his score 15/18. The other two carried their score to 17/19 when both missed the 20th. Neil Hendy missed again on his 21st and when Peter Ashford hit the 21st it took his score to 18/21 and the championship. A fine performance for one so young.

Event No. 3: 10 target Double Barrel — 45 entries. Registered section winner J. Haeusler from three other shooters on a shoot-off.

Unregistered section winner J. Law, Wangaratta from five other shooters on a shoot-off.

If the above could be included in your next issue of "Clay Target News" and a copy forwarded to the winner I would be grateful.

Yours faithfully,

L. R. SIMPSON,

(Organiser.)

Edmonton,  
Alberta,  
Canada.

The Secretary,  
A.C.T.A.,  
Melbourne.

Dear Sir,

I was an active member of your Association prior to my departure in 1967 and am anxious to keep abreast of the shooting scene at home via the journal.

Edmonton Gun Club is a stronghold in the Canadian trapshooting scene, having a comprehensive layout of trap, international trap, international skeet and ordinary skeet.

Shooting here is governed by the American Trapshooting Association — headquarters in Vandalia, Ohio.

Shooting programmes are something of a marathon compared with Australian shoot programmes. A typical programme comprises 200 16 yd. singles, 200 handicap singles, and 50 pairs of doubles, making five events. Only one shot is allowed per target. It appears that these programmes limit the number of active competition trapshooters to those who can afford several thousand practice targets during the summer season. You could imagine the curiosity of some of these Canadian shooters when they view the variety of Australian shoot programmes.

A prominent Edmontonian trapshooter, John Primrose, is at present domiciled in Sydney. He is the current Canadian "International Trap" Champion. I am hoping he arrives back in Canada suitably impressed with our Aussie shooting scene.

At present I have completed two years of a four-year degree course in Civil Engineering at the University of Alberta so will see another couple of duck seasons here. The upland game and duck hunting here in Alberta is excellent — quite the highlight of the year to my way of thinking.

Yours faithfully,

LAWRENCE G. SIM.

## Preliminary Notice

### COWRA GUN CLUB (N.S.W.)

MAY 6 and 7, 1972

NSW DIV. INTERSTATE D.T.L.  
TEAMS' MATCH

Wodonga,  
21/10/71.

Mr C. M. Berry,  
Secretary,  
A.C.T.A.

Dear Sir,

Thursday, December 2, 1971, will be the 10th Annual Field Day at Benalla (Vic.), representative teams from 12 Victorian and Albury, High, Technical and Public Schools will take part. For the first time teams of girls from Wodonga, Corryong, Mansfield and Benalla High Schools will compete. This is the only event of its kind in Australia, where schools must field at least a team of five to be eligible.

These competitors shoot for their schools as teams, not as individuals and the winners hold a cup for the following twelve months.

They compete under two categories namely:—

- (a) New students consisting of pupils who have joined the class at their school this year.
- (b) Old students who have been in the class over 12 months.

These students have been under instruction, many during their sport period, in school time.

They are taught "safety first with firearms" both in theory and practice of clay target shooting. In many schools they are also shown films and talks are given on conservation of wildlife, laws of trespass and the fundamental principles of being a good sportsman.

This field day is the culmination of the year's tuition, where each display their teachings in a practical manner. If at any time a shooter is careless with a

firearm, he would lose all points for his school, together with a severe reprimand. At all times during the day, competitors are under strict supervision.

As co-ordinator of this day from its inception, I feel it has always been well worth hours of preparation and when considering this as a lesson in self-discipline, tremendous satisfaction must come individually. There is nothing more rewarding for me than to accompany some of my own lads on a day's outing, where I associate with them as fellow sportsmen, indulging in a healthy, clean outdoor activity.

Yours faithfully,

CHAS. F. WHITLA.

P.S.: I am no longer an employee of the Education Department. I retired last February after 45 years to my credit.

October 27, 1971.

Dear Mr Berry,

We regret to announce higher prices for sporting ammunition to become effective on November 1, 1971, particularly as prices were increased earlier in the year.

This latest price rise has been forced through a combination of circumstances, all leading to higher costs beyond the company's control.

- (1) IMIA has a substantial number of female employees on the factory payroll and as from January 1972, all females will be paid at male wage rates.
- (2) Although not a member of the Metal Trades Industries Association, the company has had to pay its employees in accordance with the higher Metal Trades Award recently handed down by Commissioner Hood, and this alone has lifted the factory payroll by some 10%, completely nullifying the benefits which resulted from the price increases made earlier in the year.

Whilst lower metal prices have offered some relief over the last few months, wage increases have more than offset the benefits from lower metal prices. (IMIA has never passed on the full impact of high metal prices which prevailed in 1969 and 1970).

One consoling feature of the new price list is the fact that prices of clay targets and reloading components remain unchanged. In fact during the year we were able to make a substantial price reduction on lead shot. This was possible because wages are a minor item in making shot and a favorable movement of metal prices was passed on to the benefit of the consumer.

No company can foresee with any degree of accuracy the trend in labor and material costs but it is our belief and hope that no further price increase will be necessary in the next 12 months.

Yours sincerely,  
(IMI Australia Ltd.)

# Open season for protected game shooting throughout the Commonwealth — 1972

Today in all civilised countries, the taking of fauna is a controlled privilege, not an inherent right. Native fauna is at all times the property of the Crown and is (a) permanently protected, or (b) protected, or (c) pest fauna.

The sale of wild game is forbidden in most States and eggs must not be taken for any purpose.

Complete information is available from the various State Departments as listed. Licences may be obtained from these respective addresses or from the various police stations.

## Western Australia

Department of Fisheries and Fauna, 108 Adelaide Terrace, Perth, 6000 (phone 23-4431) from whom a free guide is available.

All visiting interstate or overseas shooters should present current handicap cards, identification papers and firearms at the first police station encountered in Western Australia for licensing.

The only game which may be taken in this State are ducks and quail.

There are two different open seasons for duck shooting:—

1. Throughout the inland and northern areas, there is a continuous season.

2. In the south-west and Eucla Land Divisions, the season may be varied from year to year depending on biological conditions. The season dates and bag limits are announced as soon as a decision is possible each year — and this has not been achieved at the date of going to press. (Not only that but there was a bag limit of eight ducks per shooter per day during the period 6 p.m. 18/12/70 till 8 p.m. 10/1/71.)

The open season for Stubble Quail only is January 1 to June 30 each year — all other species are protected.

## South Australia

Department of Fisheries and Fauna Conservation, G.P.O. Box 901E, Adelaide, 5001.

Note — at the time of going to press, no information had been received from the Department, however the following information, as applicable for the 1971 year is published as a guide.

No person shall—

(a) shoot at animals or birds on any Sunday;

(b) have a gun in his possession on any Sunday for the purpose of shooting at animals or birds on that day;

(c) traps, nets, snares, nooses are prohibited.

Gun licences cost \$2 annually to those over 18 years. A firearms licence for persons under 18 years must be obtained from a Police Station. Gun licences do **not** authorise persons to shoot without the consent of the owner or occupier.

Dates awaiting confirmation and gazetting were:—  
Duck Season — 5 a.m., Saturday, February 20, until 10 p.m., Saturday, June 26, 1971.

Bag limit 12 ducks per person per day of the following species only — Wood Duck (Maned Goose, Black, Mountain, Grey Teal, Blue-Winged Shoveller, Pink-Eared, White-Eyed, Chestnut).

**Note:** Musk, Blue-Billed and Freckled Ducks must not be taken.

Quail Season — 4 a.m., Saturday, April 3, until 10 p.m., Saturday, July 24, 1971.

Bag limit 25 per person per day.

Snipe Season — The Australian (Japanese) Snipe Season opened October 3, 1970 and closed 5 p.m., Saturday, March 6, 1971.

**Special Note:** No ducks of the species listed above may be sold at any time and all ducks, quail and snipe taken alive during the open season must be released when the season closes.

## Northern Territory

Administration — Arid Zone Research Institute, Animal Industry and Agriculture Branch, P.O. Box 291, Alice Springs, 5750.

All shooting laws within Northern Territory are unchanged from 1971 and these were:—

All firearms must be declared at the nearest police station into Northern Territory for licensing and/or registering within two days of entry.

Ducks and Geese (except Magpie Geese, Burdekin Ducks and Pigmy Geese) — open season in all of Northern Territory, north of the 18th parallel of south latitude, from July 1, till October 30, annually.

Magpie Geese—open season in all of Northern Territory north of the 18th parallel of South latitude from August 1, to December 30, each year.

Buffalo and marine crocodile or red kangaroo are now protected over the entire Northern Territory and may be shot only under licence.

Other partly protected animal species may be taken after procurement of special licences.

Pests which may be destroyed at any time, other than in sanctuaries, include Feral (wild) rabbits, donkeys, pigs, camels, cats, goats, foxes, dingoes, wedge-tailed eagles and snakes of all species.

## Tasmania

Animals and Birds Protection Board, 127 Bathurst Street, Hobart (G.P.O. Box 422E, 7001), (soon to be the National Parks and Wild Life Service).

The Snipe open season has been set from October 2, 1971 till January 31, 1972, with no bag limit and there will be no seasons for Brush Possum or Cape Barren Geese.

As game seasons are reviewed annually and no further decision is likely until the New 1972 Year, the following 1970/1971 decisions are listed hereunder, however:—

No open season is expected during the 1972 year for Cape Barren Geese, Brush Possum or Black Swan.

Male Deer with branching antlers — February 27, 1971—March 28, 1971. Licence \$5; bag limit, one per day; seasonal limit, five.

Wild Duck — 6/3/71 to 31/5/71. Licence \$2; bag limit, 12 per day.

Note: North and South are designated by a line running from Sandy Cape on the West Coast to Eddystone Point on the East Coast. Birding on Petrel Islands, Bass Strait restricted to Day Licence only.

# Rule amendments effective January, 1972

The A.C.T.A. Executive Committee has directed that the following rule amendments are effective as of 1/1/1972:—

### D.T.L. TRAP SECTION

Add (b) to Rule 4 — (see also Rule 35). “(b) However provided his front foot is as close as possible to the forward edge of the shooting square a shooter with a wide stance will not be penalised if his back foot extends beyond the rear edge of the shooting square.”

Rule 13 — add “and Interstate Teams’ Matches.”

Rule 29 — delete and replace “All guns carried on or about the shooting ground shall be held in a position of safety, with the breech open and unloaded at all times.”

Rule 32 — add new section “(b) Empty shells on the ground must not be collected by anyone whilst the shooters are on the tracks. Only those people directly associated with the competition will be on the ground whilst the shoot is in progress.

32 (c) Shooters must not attempt to mount the gun to the shoulder until the result of the previous shot has been called by the Referee.”

32 (d) During any event, competitors must remove all cartridges from their guns immediately upon the red flag signal at the traphouse, or if any official approaches the traphouse concerned.”

Rule 35 — (see also Rule 4) add (b) “However provided his front foot is as close as possible to the forward edge of the shooting square a shooter with a wide stance will not be penalised if his back foot extends beyond the rear edge of the shooting square.”

Rule 36 — after the word “PULL” add “or a similar command” and amend the word “puller” to be “referee/puller.”

Rule 40 — to be deleted.

Rule 42 — add additional paragraph — “In events of more than twenty (20) but not more than fifty (50) targets, managements of the clubs with multi trap facilities may start squad No. 1 on trap No. 1, squad No. 2 on trap No. 2, squad No. 3 on trap No. 3, etc., and shoot up to half the number of targets in the event per trap. For the second round squad No. 1 will advance up to half the number of the traps available.

### Examples:

- (1) For a three (3) trap layout, squad Nos. 1, 4, 7, etc., will shoot their first round from trap No. 1 and will advance to trap No. 2 for their second round — squads 2, 5 and 8 will advance from trap 2 to trap 3.

- (2) For a four (4) trap layout, squad Nos. 1, 5, 9, etc., will shoot their first round from trap No. 1 and will advance to trap No. 3 for their second round — squads 2, 6 and 10 will advance from trap 2 to trap 4.”

Rule 43 — Delete and substitute — “All competitors in a squad automatically change lanes, but not before the next competitor has shot, excepting shooter on Lane No. 5. All members of a squad must remain at the firing track until the last competitor has shot.”

Rule 47 — delete “kill” — substitute “one.”

Rule 53 — amend to read — “The scorer shall keep an accurate record of each shot, according to the referees call. He shall mark the figure 1 for the call of ‘one’ or the figure 0 for the call of ‘lost’ for either single barrel or double barrel shooting. Double barrel denotes that two shots are allowed per target, each shot of equal scoring value. Double barrel ‘Points’ denotes three points for a ‘score’ on the first barrel, two points for a ‘score’ on the second barrel, and no points for ‘lost.’ These points scores will be called by the referee and scored by the scorer accordingly.

All malfunctions must be recorded on the score-sheets as ‘M’ for malfunction.

For Double Rise scoring see Rules No. 79 and 81.”

Rule 56 — delete and substitute — “The puller or referee shall release the target instantly in response to the competitor’s acceptable call.”

Rule 58 — amend to read — “A ‘Broken Target’ is one which has a visible piece or pieces broken from it, whilst in the air, by the shot from the competitor’s gun.”

Rule 61 — amend to read — “‘No target’ shall be called when—

- (a) a target is released without the competitor’s call; or  
(b) a time interval occurs before or after the competitor’s call.”

Rule 67 — insert “occurs” after “malfunction” on second line.

Rule 70 — substitute “for his target” for the word “pull.”

Rule 80 — delete and substitute — “Break badges will be recognised in sequences of 50, 75, 100, 150, 200, 250 and so on, provided these are shot over automatic traps under double or single barrel conditions and in regular competition on one day only excepting over programme of two or more successive days.

Non-oscillating traps are not acceptable within this rule.

Break badges may also be similarly earned in continental down-the-line events, or tower events provided that the break is achieved from events of the same nature.

No practice between events is permitted and breaks must be continuous.

Shooting at programmed sighter targets (not to count) prior to the commencement of an event does NOT terminate a break in progress.

To shoot in other than a specific type of event, as named above, immediately concludes the break.

Clubs must submit form number 17, duly completed, to the A.C.T.A. Secretary, together with \$1 for each requested badge, before recognition can be considered, or granted. Break badges once they have been obtained, will not be repeated. Badges for '27 yards' will also be available to those attaining this as their registered handicap."

Rule 81 — amend the last sentence to read — "In the event of a tie, to be shot-off first miss-out, best of each pair until finality, from the centre lane."

Rule 82 — (i) Substitute the words "target broken by the competitors shot" for the word "kill" in the first paragraph.

(ii) Substitute the words "no targets both" for the words "no targets" in the second paragraph.

(iii) Amend the third paragraph to read — "In the event of a misfire or malfunction on the second barrel the referee shall declare 'no target on the second barrel;' the result of the first shot shall be scored '1' or '0' as the case may be and another pair of targets thrown; the competitor then shoots at both targets, in the same order as the previous pair in which the misfire or malfunction occurred, and the result of his second shot shall now be added to the score."

(iv) Add a new paragraph — "Prior to each call and before the gun is mounted to the shoulder the competitor must indicate to the referee which target he is going to shoot at first, by clearly stating the word 'left' or 'right.'" (Thus, referee does not release targets until he has received this advice.)

Rules 83, 84, 85 — amend to "no targets both."

Rule 86 — Amend to read — "no targets both" shall be declared when a target is released without the competitors call, or a material interval of time before or after the competitors call.

Rule 93 — delete the words "either mounted on the shoulder or."

Rule 98 — amend the Double Rise definition to read — "First miss-out, best of each pair until finality, from the centre lane as in Rule No. 81."

After the Mixed Targets section, add, "In all shoot-offs, competitors shall shoot in the order in which they qualified."

Rule 99 — after the first sentence amend the rest of the rule to read — "In the event of a tie for High Gun, where such programme includes varied types of events, the shoot-off shall consist of rounds of two of each type of target on the High Gun programme, all to be shot-off from the centre lane with the highest scorer, over the full round, to be the winner."

Rule 123 — Delete the phrase — "kills only to count" from the second sentence.

Rule 124 — Delete the second sentence and substitute — "using one barrel only, the competitor shall load one cartridge in his gun." (This rule will only remain in force until classes are established for common mark shooting.)

DB SS: 8 divided 10/10.

It was pleasing to see so many visiting shooters and local spectators at this shoot. This was the first shoot over our two trap layout and our shelter shed was put to use for the first time. A novice event, attracting some 20 men/boys was held during the morning with clays supplied by the Club and Winchester supplying cartridges. Top score in this event was 3/5. Good to see our friends from Gloucester, Dungog and Port Macquarie with us again as well as visitors from Cessnock, Newcastle, Tamworth and Hawkesbury Clubs.
