1972 Interstate Trap Teams' Matches — Papua-New Guinea will field a team for the first time in this prized event and host club may be Rabaul Gun Club over a two-day match September 17/18, 1972.

Northern Territory may also field a team — details later.

The **Katanning Clay Target Club** will commence 1972 on the new ground which is now fully operational with all major works completed. The ground has three layouts, with provision for a fourth and a double skeet layout.

Only a few chains from the former site, a change became necessary when further expansion was not possible because of lack of space. After some negotiation the present site was acquired by the club and the transition completed during 1971.

The site is on high ground on the eastern edge of the town with a clear view to the Stirling Ranges some sixty miles to the south-east.

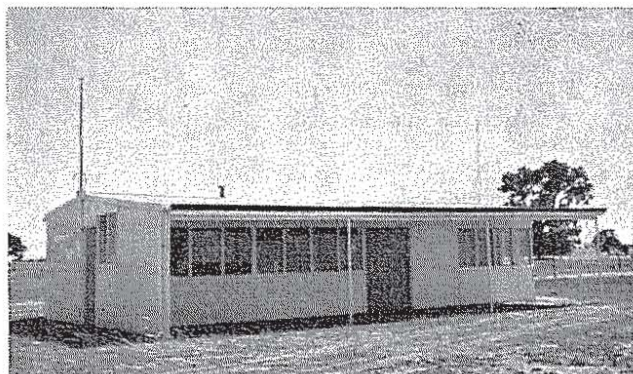

The moving of the clubhouse from the old ground to the new, all in one piece, was in itself quite a feat, albeit with some exciting moments.

After many long hours of work, members can now enjoy their shooting on what is proving to be a very fine ground.

Beautification of the area has been put into effect with the planting of a large number of trees which will provide shade and shelter in the near future.

Much favorable comment came from shooters who attended the State Championships held on the ground late last year.

Generous assistance in the project was given by I.M.I. and Katanning Engineering.

Perry 22/23.

Power restrictions did not mar the night's events as club members came along with an assortment of portable generators and our able President and Electrician, John Pola, made things work.

Winchester DB Pts. proved very popular. Due to the lateness of the night the last event was reduced from a 20-tgt. to 10-tgt.

ECHUCA, 12/2/72.—Perfect. Attendance: 32. Results: Winchester Tournament: V. Ryan 170/170; A. James 170/170; G. Norris 169/170; J. Pola 69/70; F. James 68/69. FM's: G. Mackenzie 28/30; F. Burgess 27/30.

A great day for shooting but a very poor attendance, possibly due to the power restrictions (State-wide electricity strike) for those who attended they saw a great tussle in the shoot-off between Vin Ryan, Alf James, Greg Norris. Greg dropped out at 169, Alf and Vin both shot their next targets, which then gave Vin the 1st trophy as Alf had already won 1st prize at Geelong's Tournament earlier in the month.

Our thanks to Winchester for the opportunity to run this event again for the second time.

Visitors from Yarram, Morwell, West Gippsland, Korumburra and Foster.

Our new President, Mr Charlie Arnup, who joined our club at about the same time as our late President, Ted Cripps, said, "We were all very sad to lose such a valuable member, as over the years he helped, with the 'other few,' to keep the club going — and no-one realised just how much he had done."

Before presenting the trophies — asked, all to join with him for a minute's silence. Ted was well known and was a frequent visitor to many clubs, many miles away and was at Echuca only last September. Cards and expressions of sympathy have come from his numerous friends and club members over a very wide area, to his wife and family.

P. Hunter shot exceedingly well to take out the SB C'ship, being the only possible for the night.

The Victorian G.C. sends apologies to all members and shooters, for the inconvenience caused on the nights of 9/2/72 and 16/2/72. Due to State electricity power ban and electricity faults through heavy rain, shoots could not be held even though many attended.

WANGARATTA, 16/2/72.—Wet and windy. Attendance: 42. Results: 10-tgt. DB H'cap SS: 11 div. 10-tgt. DB H'cap Trophy Event: K. Frankling 20/20; K. Maurey 19/20; J. Steer 13/14. FM: J. Riley 10/11. 10-tgt. DB H'cap SS: K. Maurey, A. Smith, L. Coulston div. High Gun: K. Maurey 40/41.

The annual pre-duck opening shoot was held on 16/2/72, with 42 shooters in attendance. The first event was shot in daylight, thanks to the one hour of summer daylight saving. Just before dark, down came the rain and most shooters withdrew. K. Frankling won the trophy event from a field of 21 who braved the wet conditions. Only 15 shooters stayed to shoot the last event. Disappointing to see the shoot washed out, but Wangaratta has been fortunate over the past two years.

WERRIBEE, 13/2/72.—Fine and mild. Attendance: 35. Results: 5-tgt. Tower Pts. CD: R. Birrell, T. Zagorc, W. Abbott, P. Radoa, M. Italia, J. Henwood, M. Rushford 15/15 each. Club Tower C'ship: R. Birrell 53/53; D. Munro 52/53; N. Mollica 22/23. FM: M. Beaton 17/20. Club Mini Tgt. C'ship: F. Burns 33/33; A. Bradshaw 29/33; R. Sadler. 10-tgt. Tower (Skeet): R. Birrell, G. Spagnola, A. Chandler 9/10 each.

A very enjoyable shoot aimed at giving duck shooters some pre-opening practice. The fourth event, which was introduced by this Club some years ago as a novelty event was still very popular.

Special Shooting Glasses

**It's good common sense:
When you see more clearly
you shoot more birds!**

The sharper, clearer vision with Stirling shooting glasses will surely lift your score because they contrast your target against the background. The large lenses give undistorted vision from centre to edge, and properly fitted Stirling glasses won't fog or obscure your vision because they ride high on the face.

YELLOW LENS: *For medium to poor light conditions, they brighten the background yet accentuate the black. The difference is amazing, look for yourself.*

GREEN LENS: *These eliminate the glare and squinting caused by bright sunlight, keep your eyes fresh all day and contrast black against the background.*

**In the
hand-crafted
Winchester
Model 101 shotgun**

Winchester has built new Under and Over guns especially for the Australian Shooter. The result is two new Model 101 trap guns, with two new ribs, each wearing a stock slightly lower in drop at comb, much lower at drop at heel (with fuller toe to heel dimensions), and modified length of

pull. What about these new ribs? One is full, broad 15 mm width with central sighting plane, and the other a modest 10 mm, also with central sighting plane.

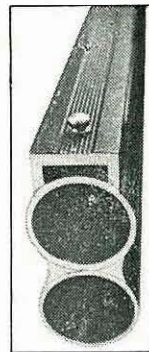

Now you can own and shoot the very best in Trap guns.

WINCHESTER

New 10 mm
medium rib.

New 15 mm
wide rib.

You can choose either 28" or 30" barrel lengths
in either rib width — modified & full chokes
