OUR COVER . . .

Action shot of skeet shooting at the Australian National Clay Target Championships, Brisbane, June, 1971. Note both the broken target and also the ejected empty cartridge.

Editor's Notes

The Xth British Commonwealth Games will be held in New Zealand over the period Thursday, January 24 to Saturday, February 2, 1974, with the clay target shotgun section at Yaldhurst, the Christchurch Gun Club's range. The trap to be used will be a Winchester Continental Oscillating Head, Style Number V1581. New Zealand is the first host country for trapshooting at a Commonwealth Games.

In the September and October 1971 publications of A.C.T.A. "Shooting News," it was announced that thanks to the personal submissions of Mr Jules Steiner at the August 1971 meeting of the International Shooting Union in Western Germany, the 1973 I.S.U. World Moving Target Championships were allocated to Australia, to be conducted at the Perth Gun Club during October 1973.

Since then, various circumstances led Perth to relinquish this honor in favor of the Melbourne Gun Club (Victoria).

At the time of going to press, no further details are known but more news should be available in our next publication.

A.C.T.A. EXECUTIVE COMMITTEE MEETING

The next scheduled meeting of the A.C.T.A. Executive Committee will be held in Melbourne, Victoria, at the Naval and Military Club, 27 Little Collins Street, on Monday/Tuesday, October 9/10, 1972.

Some clubs have been conducting shoots during 1972 with trophies for the first, second, third and front marker placegetters in their events off 16 yards.

December 1971 "Shooting News," page 5, column 1, stated that Common Mark shooting, with shooters classed into three grades, was applicable for 1972, and that during and after the year 1972, "intermediate" shooters would be Class "C" shooters.

Thus, 1972 was to be a transitionary year to permit the completion of all allotted Intermediate Championships.

AUSTRALIAN CLAY TARGET SHOOTING NEWS

Clubs are requested to commence common mark shooting and consequent trophy/sash allocations as in rule 100 (k) as soon as possible during this 1972 year — this is in line with overseas developments and the outcome of Australian discussions on uniformity with the end desire of maximum benefit to the shooters.

Thus we have two types of shooting, neither of which has reference to the other for individual grading. These are:—

1. Handicap events which are considered under the handicapping formula (this is shooting skill at a particular time).

2. Common mark shooting which automatically indicates a class grading (this is shooting skill over a period and is the most equitable).

Each shooter is required under rule 100 (f) to progressively mark his own card with his 16 yard results, and, after 500 programmed targets and at November 30 (annually when re-registering), the card must be submitted to the club secretary for correct classification and verification and reporting to A.C.T.A. central records.

Photographs of shooting interest frequently arrive in the mail and we prefer plain black-and-white gloss photos for best reproduction. The problems then are (a) what space is available; (b) do the photos achieve justice with clarity.

Most submissions attempt to include too much detail, thus 'they 'obscure the wood with the trees.' Clubs and shooters alike, all love to see themselves, or their efforts, duly recorded if and when this is possible.

The actual shooting dates and sequence of events for our 1973 National Championships in Adelaide will be made known in our December 1972 publication. At our 1972 Nationals at Griffith, we had a two-day invasion of North American shooters. Latest information is that they may be with us at Adelaide — sounds as though they enjoyed us as we enjoyed them.

1972-73 Winchester clay target tournament

THE EVENT

The event will consist of 50 targets double barrel from 16 yards, broken targets to count, shoot-off to determine places under first miss-out conditions; overall high gun at each location will qualify to shoot a long run break which will be judged against other locations to determine the overall Tournament winner. Host clubs have the choice of shooting the event to best suit the clubs layout as:—

- (a) the number of traps;
- (b) the number of visits.

Letters to the Editor

IMI MELBOURNE METROPOLITAN SHIELD

The Frankston and Peninsula Gun Club, the present holders of this shield advise that this will be up for competition at their shoot on Sunday, October 29, 1972. It will be shot in conjunction with their 20 Target DB Handicap event.

Since this shield was introduced in 1959, with the object of bringing the metropolitan clubs closer together, it has been shot for on 16 occasions, with the following results:

Australian Gun Club, 1 win; Frankston and Peninsula Gun Club, 6 wins; Camberwell, Croydon, Lilydale (now absorbed as Melbourne Gun Club), 9 wins.

This prior notice of the competition is designed to help the clubs concerned to field a team on this occasion.

Teams are of five from any club to shoot the main event of any day and a win is thus established.

Yours faithfully,

IMI AUSTRALIA LTD.,

F. W. Bennett,

Victorian State Sales Manager,
Ammunition Division.

Indiana, USA.

September 8, 1972.

C. M. Berry, Secretary,
Australian Clay Target Association,
Melbourne, Australia.

Dear Mervyn,

At the Grand American in August, some 45 members of the South Seas Trapshooting Safari, 1972, assembled in re-union to relive some of the memorable events of our visit to and with our Australian friends.

Since our return in March, the comments and questions directed to me regarding another such trip have been so positive that I have already made reservations in Adelaide for a similar size group. This time we will start shooting on Friday and shoot through the following Thursday. All last March, agreed they would like to have shot more of your Nationals.

I would estimate that perhaps 20% of last year's travellers will repeat and the other 80% will be newcomers to your country. We have all commented that a repeat trip can never equal the magic that seemed to be ever present on the first but to the new people it will be a first time adventure.

As plans become more firm I will keep you informed. Best regards to all our friends met last March in Griffith, Geelong and Sydney.

Sincerely,

(Signed) ROY FOXWORTHY.

AUSTRALIAN CLAY TARGET SHOOTING NEWS

THE CLAY PIGEON SHOOTING ASSOCIATION OF SOUTH AFRICA

Natal,
August 8, 1972.

The Secretary,

The Australian Clay Target Association,
2038 S. G.P.O.
Melbourne, 3001,
Victoria, Australia.

Dear Mr Berry,

Many thanks for your letter of July 27, 1972, which I will bring to the attention of the Executive Council at our next meeting which will be August 16, 1972.

Your remarks re lack of response in the past are well understood. This does seem to have been pretty general and probably is the reason why they have now decided to appoint me as Secretary to see if I can do any better. Rather nerve wracking as, I don't know about Australian Clay Pigeon Shooters, but South Africans as a whole don't altogether approve of women in business.

It is very interesting to note that your Association is a registered company and your membership is quite awe inspiring. Although our Association has figuratively speaking been in existence since 1953, it is still in the embryo stage and our sum total of members is 135. You can see we still have a long way to go.

On behalf of all South African shooters I would like to extend our congratulations on your fine achievement in winning the 1972 Mackintosh. We live in hopes of being able to give you a good go one of these dyas.

In my capacity as Winchester Agent I have been associated with the Clay Pigeon Clubs for many years and I'm pleased to say that, without exception, every Club in South Africa uses the Western White Flyer Down-the-Line Trap. Skeet shooting is very popular here, but Olympic Trench is regarded as the up and coming sport. Largely because we are affiliated to the I.S.U. and, as I'm sure you know, this Union only sponsors Skeet and Olympic Shooting. If any of your members are attending the Olympic Games in Munich, please ask them to contact our Mr Wim Peeters who will be over there, unfortunately not shooting — you know why. Anyway, Wim will be only too pleased to meet any of your chaps.

I will write you further after the meeting, but in the meantime, kindest regards.

Yours sincerely,

(Signed) Joan P. Taylor (Mrs.)

TIPS AND TALES

Alice Springs (NT) — four trap referee candidates recently travelled 700 road miles to Mount Isa in Northern Queensland to shoot and to undergo an examination by Referee Examiner, Mr R. H. (Bill) Moyse, who himself had to travel 548 miles from Blackall, Central Queensland, and a like amount on the return, to meet them. These are credits to personal enthusiasm all round, and put to shame some of the grizzles that some shooters bring forward. Some 40 odd shooters gathered for the two-day shoot. Mount Isa is an interesting city of 27,000 people with good wide streets and first class hotels/motels.

Melbourne (V) — conducted one of their prospective referee candidate meetings on Monday, August 7. Attendance was 37 including two very interested school children. Two shooter candidates from Mansfield, some 70 miles away attended. Commencing at 8 p.m. all the shooting rules were explained and discussed simply and easily by the meeting leaders both of whom are trap and skeet referee examiners — Club President, Bob Buchan and Executive Committeeman, George Biggs. All types of shotguns were discussed and demonstrated in front of the meeting. The club provided a supper, then films on trapshooting, skeet shooting and field shooting were shown with the compliments of the two manufacturers IMI Australia Ltd. and Winchester Australia Pty. Ltd. The descriptive films were most interesting and are available on request from the companies, subject to normal provisions. This rules and shoot procedure explanation will be continued, on other nights to be arranged, before any of the candidates are considered for possible practical then oral examinations.

Deniliquin (NSW) — as was stated on page 6 of September, "Shooting News" had their clubhouse damaged by fire when no-one was in attendance and had very little insurance coverage on the building. Consequently the club has CANCELLED their 1972 Grand Prix which had been scheduled for October 13/14 — see "special announcement" in the New South Wales section of this publication.

Queanbeyan/Canberra (ACT) — the 1972/1973 Committee is President, M. D. Lyons; Vice-Pres., P. Papps, W. Beavan; Secretary, W. Thompson; Treasurer, W. Jordan; Shoot Marshal, G. Baxter; Directors, D. Edwards, J. O'Connor, H. Tankey.

Sydney (NSW) — Secretary is now Alan Vidler.

Kyneton (V) — Secretary now is Brian Fleming. Club's next shoot is September 10.

Australian Showmen's (somewhere on the road,

south from Northern Territory) — the big event of the Northern Run for showmen is the annual contest between Don Davenport and Frank Foster for the Best Damper Maker. The only winner will be a well known charity. Frank Foster always wants judges of his own choosing when in the North Queensland area. Don Davenport put on a trial run damper recently and according to reports "the Foster chap can get his cheque book out, for sure — he's beaten before he mixes the dough." Don and Frank are keen trapshooters and visit shoots as they are near clubs. (Acknowledgments to "The Outdoor Showman.")

Kavieng (PNG) — VALE — John Stanfield, aged 41, died on June 28 and was buried at sea. John, a foundation member of the Kavieng Club and owner of our shooting grounds put a great deal of time and expense into getting our Club started. Missed by all.

Bothwell (Tas.) — Secretary now is K. Waddell, 544 Churchill Avenue, Sandy Bay.

Wallerawang (NSW) — Secretary, Alex Blackadder, has been keeping the surgeons in business lately but now writes "all seems to be OK now." (All are happy to have him back on deck.)

Werribee (V) — owing to a delay in obtaining the new grounds, the club is in temporary recess and all news information will be published as soon as possible.

Burdekin (Q) — Secretary now is Miss S. Gifford of P.O. Box 584, Ayr.

Charleville (Q) — will conduct District DB and SB Championships on Sunday, December 3.

Champion of Champions — this is one of the highest possible awards in the Australian National Clay Target Championships. It is an open event shot from 20 yards and consequently, it means what it says "Champion of Champions." However, some clubs appear to aspire to strange senses of value by including "Club Champion of Champions" events in their programmes. Such event names over-rate the circumstance of purely local competitions.

Australia's Shotgun Competitor at the 1972 Olympic Games at Munich — Sperry Marshall, 41, of Hobart Gun Club, who in practice at Munich on 23/8/72, shot and equalled the previous world record of 198/200 trap targets with a Browning Under and Over. In the actual Olympic competition his 186/200 score placed him 9th in the world field of 175 contestants. Winner Scalzone of Italy, 199/200, a new world record. Used many second barrels dropping only one.

Australian shooters at Singapore 'Little Olympics'

The Singapore Gun Club invited the A.C.T.A. to field two six-man teams to participate in International Skeet and Trench Competition during August 10 to 13 at the 1972 Singapore Pesta Sukan Festival of Sports. The Singapore Sports Promotion Board also invited Australian pistol and rifle shooters to attend. Fourteen shotgunners and ten rifle and pistol competitors flew to Singapore on August 6, to compete. They returned on August 17. Four wives also accompanied the shotgun shooters. The group flew by Qantas at group fare rates and were met at the Singapore Airport by several members of the Singapore Gun Club. One of the members of the Singapore Gun Club, Peter Ho is security officer at the airport and made the clearance of shotguns and other firearms much easier. His assistance both arriving and leaving made the travel extremely easy and he is to be complimented.

All had been flying for eight hours at high altitude and on arrival at Singapore Airport, during the normal customs inspection, the shotguns, pistols and rifles were found to be saturated from condensation. The Singaporeans voluntarily stripped, cleaned, oiled and reassembled the lot before placing them into the security magazine. Later, after each daily shoot the firearms were cleaned, again by Singapore Gun Club, ready for use the next day.

The team travelled to Seaview Hotel in buses provided and all firearms were placed in security magazines.

Singaporean Lieut-Colonel Peter Law also was of immense assistance in clearing the pistols and rifles for the pistol and rifle teams and made their stay most enjoyable.

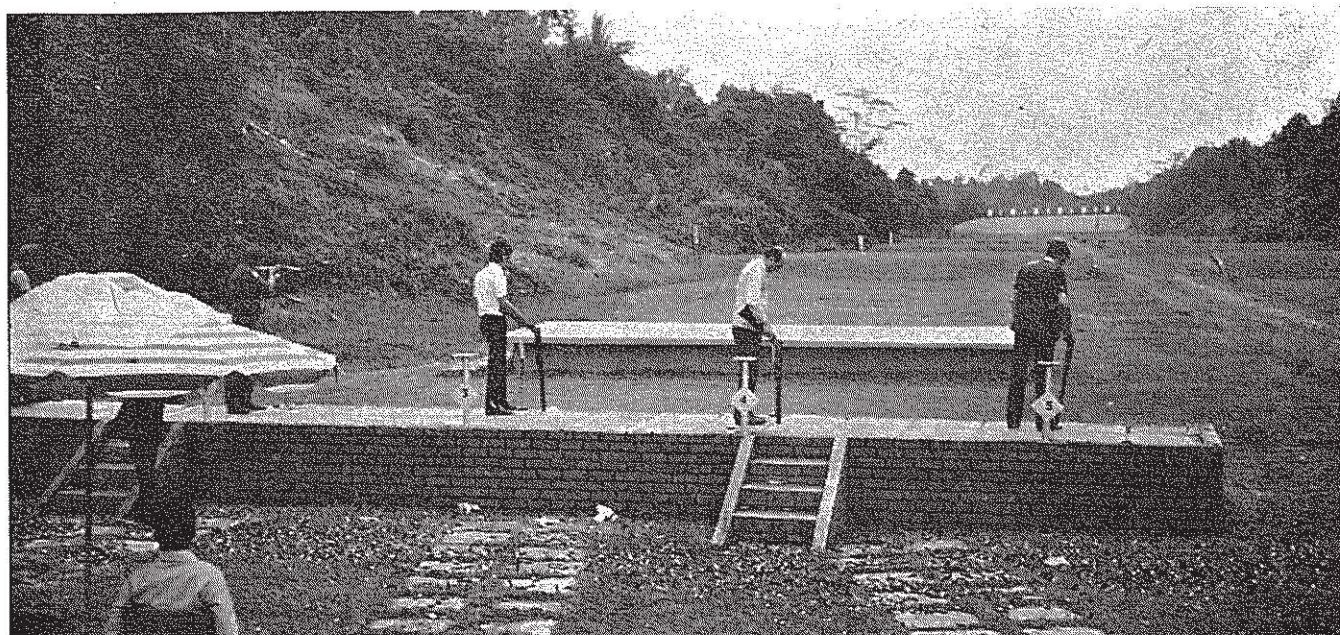

All members attended the National Day Parade on August 9, but did not march, on the suggestion of local friends, because of the oppressive heat and humidity.

Practice shooting was made available at the Bukit Timah range prior to the events. Skeet was shot on 11th and 12th and trench on 13th and 14th August.

New Zealand was represented for the first time and although they did not fare too well in awards, did shoot extremely well and kept the other countries on their toes.

An A.C.T.A. plaque showing the Australian Crest was presented by Executive Committeeman Mr Donald Taylor of Hobart.

Mr Taylor also bestowed a banner of the State of Tasmania on behalf of the Tasmanian shooters present.

View down the trench range at Singapore showing the raised shooting pad in the foreground and the trench machine enclosure in the background.

Mr W. (Bill) Delaney presented a Melbourne Gun Club banner and received in exchange an autographed banner from the Singapore Gun Club.

A prize giving dinner was held on the night of August 14, and Australia really scooped the pool in most shotgun, pistol and rifle events. Australian pistol shooter Terry Anderson won a silver medal whilst an Australian pair won the team gold medal.

The prizes were given out most charmingly by the Honorable Mrs E. W. Barker, wife of the Minister of Law and National Development.

The team captains were invited to be seated at the official table and were unanimous in their praise of the vivacious Mrs Barker, who, together with our old friend Milton Tan and Chairman of the Singapore Rifle Association Mr Fung Lok Nam, entertained them royally.

Many of the shooters were entertained privately by Singapore members and among the hosts were David and Frank Oh, Lt. Col. Peter Law, Dr. Peter Wong, Dr. E. G. Leonard and Dr. Sonnie Ng.

As in 1972 His Highness the Tunku Mahkota of Johore invited the Australians, New Zealanders, Singaporeans and Malaysians to shoot at his private range in Johore and then entertained them in the evening at the Palace where the Johore shoot prize-giving ceremony took place. This is a complete I.S.U. layout with 15 trench traps each with German Nimrod traps plus an I.S.U. Skeet Layout.

Her Royal Highness was a perfect hostess and made all present feel perfectly at ease at the palace. Her Highness graciously wore both an opal pendant and an opal ring which were presented to her as tokens of

the teams' appreciation of her kindness during the 1971 visit.

His Highness was also presented with an autographed personal Melbourne Gun Club banner as a memento of the visit.

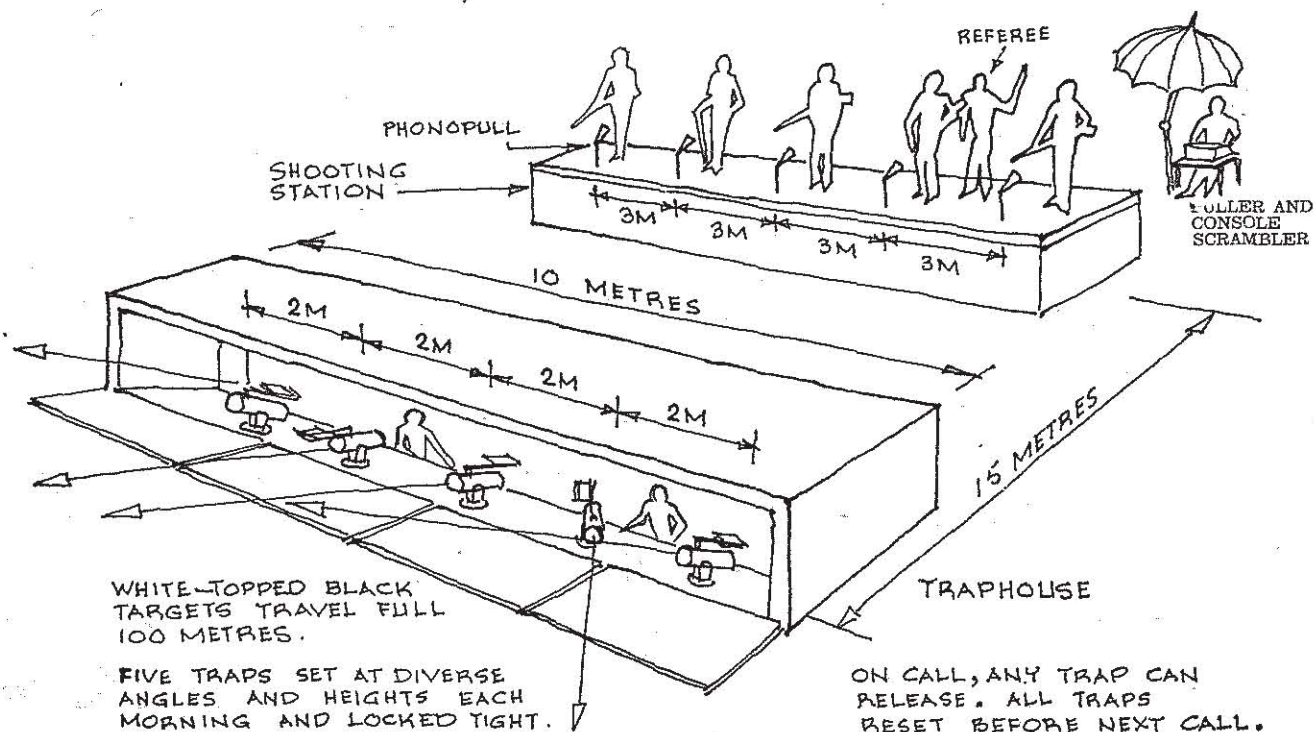

The Australians were also guests at the Mt. Vernon Range for a Chinese dinner and at the Singapore Gun Club for a Chinese and Malaysian dinner.

The shotgun teams experienced the same tough conditions found at Singapore in 1971 where humidity, sun, some rain and difficult backgrounds made good scores extremely hard to achieve. Clay targets again were observed bouncing unbroken after hitting the ground and earthen banks on either side. Dusted targets were common in spite of 14 oz. loads used in trench shooting.

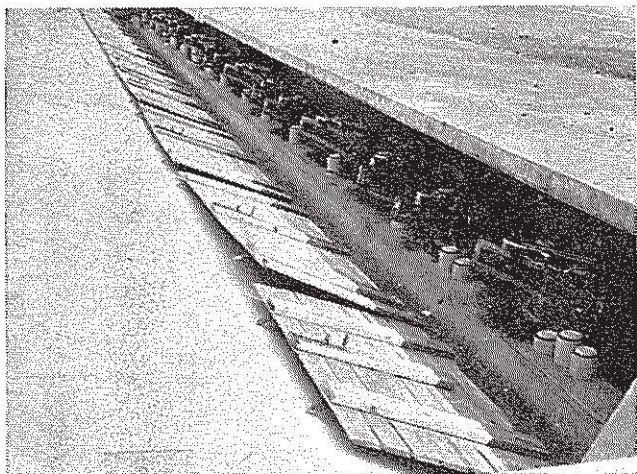

Dr. Graham Carroll shot the only 25 straight at Skeet (or trench) in Singapore and Christopher Carroll, his 19-year-old son, shot the only 25 straight at Johore.

The Skeet was shot under the International Shooting Union method, that is, with a time delay of up to three seconds after the call of "Pull" whilst the gun butts must be touching the hip. Each of the six shooters in each team to shoot 150 targets of which only the highest four scores were to count, then the best two scorers from each team to shoot on, to compete for the individual prizes, which would be for 200 targets.

The trap section was shot consisting of six shooters in each team, with the four highest scores to count. Each team to shoot a total of 150 rounds and the two best scorers from each team to then shoot on, to compete for the individual prizes which would be for 200 targets.

Singapore trench layout.

Close-up of Standard Olympic trap layout.

At Singapore, the trapshooting (or trenchshooting) ground is simplified single I.S.U. layout.

Graham Carroll at Singapore and Chris Carroll at Johore received 25 break awards and Graham Carroll won high gun at Singapore.

Australian shotgunners won the Singapore-Australian Skeet Team Badge awards but Singapore won the Trench Team Badges.

Dr. Graham Carroll's 173/200 won the gold medal from Singapore's Peter Ho 172 and Malaysia's Ally Ong 166, whilst Australia's Don Taylor with his 172/200 just missed out as one country can win only one medal. A dejected Peter Ho said, "Dr. Carroll won the day with his steady nerves in the closing stages of the competition." Frank Oh who had a three point lead halfway through said, "I was over confident and this was my biggest mistake."

High Gun was Dr. Graham Carroll and a 25 break badge also to Dr. Carroll.

At Johore the results were:—

1. Skeet Team Section—
Dr. Graham Carroll, Christopher Carroll, Bill Delaney, Don Taylor.
2. Skeet Individual — Barry Howe 46/50 and a 25 break badge to Chris Carroll.
3. Trench Team Section won by Selangor from Australia whose team was Jack Henwood, Bill Henwood, Bill Abbott, John Mollica, David Rubock, Tom Lucas.
4. Trench Individual — Australia was not placed.

As a token of appreciation for the many kindnesses received, Melbourne Gun Club Life Membership Badges were presented to His Highness the Tunku Mahkota of Johore, Mr Milton Tan of the Singapore Gun Club and Mr Yap Pow Thong of the Malaysian Gun Club.

No Pesta Sukan is expected in 1973 as the South-East Asian Championships are scheduled for that period, however, Australia may possibly be invited to field another team in 1974.

A very cold windy day gave the illusion that targets were flying low. While a check revealed that this was not so, it was truly remarkable what could happen after a target passed the measuring stick.

A really good attendance considering the weather and other events on the night before. Among our 18 visitors was a Miss Dianne Pelling, from Sydney, who shot extremely well and with a little perseverance will be an extremely good shot. Also we had a Miss Julie Ohlsen, from Barellan.

We sincerely thank the visiting shooters who travelled quite some distances in spite of the acute shortage of petrol due to the oil strike.

LISMORE, 30/7/72.—Cloudy, windy. Attendance: 23. Results: 10-Tgt. DB: Eight divided. 10-Tgt. SB "Mug" Trophy: M. Taylor, 15/15. 10-Tgt. Walk-up Trophy: R. Melling, 11/12; M. Taylor, 10/12; R. J. Powell, 12/14. 10-Tgt. SB H'cap: Two divided. 10-Tgt. DB Cash H'cap: Nine divided.

Two visitors — one from Victoria, the other from Canada, being our past secretary home for a visit, the first shooting with a shot gun since leaving four years ago. Shot well to show his past form.

LISMORE, 27/8/72.—Fine. Attendance: 16. Results: 10-Tgt. DB Pts.: R. Hamilton, 29/30; R. Shepherd, W. Durham, 28/30. 10 Mini: T. Shelton, 10/10; J. Heiman, R. Hamilton, J. Brown, W. Durham, 8/10. Club SB C'ship: H. Threlfo, 20/22; R. Shepherd, 19/22; W. Durham; 3rd, K. Gibbon, 12-14 yds. 10 White Tgts. DB: R. Hamilton, K. Gibbon, J. Brown, H. Threlfo, 10/10.

An unusual days shooting with six of our members at Coffs Harbour and a shipment of clays not arriving. White clays were washed, which looked like magpies, made high scores hard to achieve, then, to fill in and save the large clays, minis, and to finish the day white targets were used, which were easy to see until they reached the white clouds.

We have just registered our 40th member which is by far the most Lismore has ever had, proving the worth of special novice days.

Congratulations

to the winning 1972

Australian International Team

on their Grand Mackintosh

Trophy win

It was also a success for Winchester shotshells which were used by the greater part of the scoring team. 16 out of 25 in fact chose Winchester shells to register the winning score. With such a clear lead would we be too forward in claiming that:—

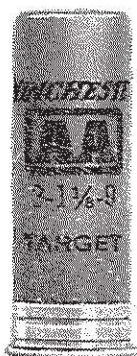

NOW MOST OF THE CHAMPIONS CHOOSE WINCHESTER

In the 1972 State teams matches to date 48 out of 70 shooters used Winchester to register team scores.

Some notable 1972 Championships won with Winchester shells are:

National Double Barrel, National Single Barrel, Commonwealth Single Barrel, Commonwealth Night Skeet and many other Commonwealth; State and district titles.

These are the winning shells:

AA TARGET
3 dram
equiv.

NEW RANGER
3 1/2 dram
equiv.

SUPER RANGER
3 3/4 dram
equiv.

EACH PROVEN IN THE TOUGHEST CHAMPIONSHIPS

Winchester is the only manufacturer to make target shells available in a variety of power ratings. One to suit each shooters' need with the best performance and lowest recoil for each power rating.

ONE WILL SUIT YOU BETTER THAN ANY OTHER SHELL

Benefit by using Winchester like most of the Champions.

Owing to petrol shortage attendance was limited, but visitors from Victoria, Orange and N.Z. were present. John Worley and Bill Thurlow had a great tussle for the trophy.

We were very pleased to have President of Lae Gun Club (Papua New Guinea), Daryl Haynes, and his wife Diane, at our shoot this month and hope they enjoyed their afternoon (and evening). Also pleased to see visiting shooters from Gloucester and Port Macquarie Clubs. Following the shoot some 50 people gathered at the Gun Club to celebrate the coming of age of Club President, Terry Rumbel. Among the many gifts received by Terry perhaps the one treasured most, will be a collection of cartridge shells given to him by Mr Jack Goodsell. This collection was started in 1886 by Mr Goodsell's grandfather and contains some very rare shells.

Winner of the monthly high gun was Gordon Hogno.

Front Marker Bruce Wetton shot well and looks as if he won't be a front marker for long.

The teams competition for the Katanning Shield run in conjunction with the State elimination was most convincingly won by the Katanning team, so it looks as if that over-grown cartridge will rest peacefully at home for another 12 months.

**MAKES
IT EASY.**

There are 101 reasons to choose Winchester. One of them is the Winchester Model 101 over and under shotgun. Equally at home in the field or on the range, the 101 has perfect balance, natural point and flawless swing. It's a gun you can depend on—one that gives you a feeling of confidence. And that's important.

Something else that'll give you added confidence is Winchester Double A Target Loads. Their exclusive one-piece wad protects the shot, reduces recoil. You get most shot energy, better patterns. On the reloading bench, Winchester Double A compression formed hulls give you more reloads than any other shell. Ask your Winchester dealer for Double A. Available in 12 and 20 gauge.
