# Editor's Notes

This is the last appearance of the above photograph in A.C.T.A. Shooting News as some two months ago, notice in writing of resignation was lodged by the Secretary/Editor.

More traffic has been processed over the last eleven years than is commonly known.

Of the Association's member clubs, only six had written constitutions or club rules. The explanations of legal requirements to remedy this, and to safeguard and protect club managements and club members alike, took several years to guide and assist clubs to fruition, with the assistance of our legal advisers.

It has not been completely understood that the Association is a Limited Company, registered within the State of Victoria. The members of the Association are the currently affiliated clubs.

On numbers of occasions, member clubs have obtained legal assistance from A.C.T.A. records when their own constitutions have been mislaid or lost.

During these years, National President Mr John Tyquin — an accomplished business executive — was of immense practical help to the association in immediate decisions as to rules and procedures. He was followed in 1969 as National President by Mr Gordon Hall who soon updated the rules into modern word flow and enjoyed the complete confidence and approval of clubs and shooters alike, with his manner, actions and bearing.

Up to 1965, A.C.T.A. central handicapping records consisted only of an annual list of shooter registrations as published in our "Clay Target Shooting News". Changes of handicap were noted on this list by alterations in coloured inks until the next published annual list. These copies containing the lists are held in the office safe as prized possessions.

At end 1965 a card for each individual shooter was commenced.

In 1968 this system was extended by recording each shooter with both a name and a number but this numbered system was discontinued in the same year by direction of the committee.

On October 31st, 1975, an executive sub-committee decided that a new set of cards be produced and contained on rotary files, with the cards showing a different number as allocated to each shooter. This new stationery and equipment arrived in December 1975 and the directed change-over of records then took place.

On June 25th, 1976, in A.C.T.A. office the sub-committee met a representative of a bulk mailing company.

When the A.C.T.A. Executive Committee gathers for its next scheduled meeting in Melbourne on September 13, 14 and 15, a detailed proposal will be tabled, which a computer company believe can provide a more efficient and economical system of shooter recording which could be operative by December 1976, and, the progressive updating of handicap records and the mailing of A.C.T.A. Shooting News.

Now, your Secretary/Editor has called a stop after eleven years of often being required seven days a week for long periods regardless of the ever increasing quantity of outstanding holiday breaks.

The records are in the hands of an acting assistant secretary as appointed by National President Mr Allan Pedersen and the financial and banking records are completed and audited in accordance with the schedule.

To all member clubs and shooters of this, our chosen sport — good shooting.

Tony Laspina of Burdekin Gun Club, who shot at Burdekin (Ayr, North Qld.) a tower break of 296 on August 7th-8th, then ran out of opposition.

## NEWS AND VIEWS

**KORUMBURRA (Vic.)** — Mrs M. Hamblin has been elected Secretary.

**PERTH (W.A.)** — Secretary now is Ross Arlow.

**ARARAT (Vic.)** — Secretary now is Rod Leisfield.

**ECHUCA (Vic.)** — Frank Burgess passed away suddenly aged 49 years. Frank was President and Shoot Marshal at the time of his death. He has been a member of the club since 1969. He will be sadly missed by all who knew him.

George Dobson passed away after a short illness aged 80 years. George was a foundation member of the club and an active member for many years. He is the father of Kevin, Fred and Art who are well-known all over Australia. His passing will be mourned by all who knew him.

Due to the untimely death of club president Mr Burgess, the club has appointed Mr John Pola to the position until the next annual meeting.

**NORTH EASTERN (Tas.)** — New club formed at Scottsdale. Secretary is Alan A. Styles.

**TAMBO (Qld.)** — Was in recess from 1973 but has now reformed. President is T. Jarvis. Secretary is L. Jillett.

**HOBART (Tas.)** — Shoots 4th Sunday monthly.

**BURNIE (Tas.)** — Have a novel idea of trap installation, mainly administered by President Bob Young and Secretary John Hall. The trap is a Winchester "Continental", BUT, to cover both night shoots and safety against vandalism, the trap is set within a steel shell which is the traphouse, but, all is hydraulically mounted so that when shooting down-the-line events, the steel traphouse shell is raised by pumping to "X" height, or, if shooting under I.S.U. conditions, the traphouse shell is depressed or lowered. At the end of any day's shooting, the traphouse is lowered even further so that the trap roof is at ground level. The lock is then placed and the club officials walk away finished with their day's efforts, but satisfied all is well. The main advantage is that this is only a twenty second changeover from regular down-the-line to an I.S.U. event.

**WAGGA (N.S.W.)** — Situated three miles east of the town on the Sturt Highway, now have 4 D-T-L layouts, with 2 skeet layouts plus an Automatic I.S.U. Single Trap layout. The club shoots I.S.U. on the fourth Saturday monthly in conjunction with a skeet programme.

**PARILLA (S.A.)** — Moving to new grounds 2 km South Highway 12 at Wilkawatt using 1 Gillarm mains electric trap, and grounds are fitted for night shooting.

**ACT INTERNATIONAL (A.C.T.)** — 26-7-76 Annual General Meeting elected as office bearers: President Brian Prosser, 1st Vice-President Barry Scanes, 2nd Vice-President Alan Sohler, Secretary Sharmon Simms, Treasurer Norm Simms, Public Officer Alan Freebody, Committeemen Vic Abbondante, Lou Notte, Barry Dunn, Joe Johnson.

**GYMPIE (Qld.)** — New club forming — Chairman M. Mengel, Secretary P. Tramacchi, Secretary L. Stolberg, Committeemen B. Stolberg, J. Cavanagh, J. Delaney, J. Logan, T. Walker, J. Andrews, G. Brown, D. Young. (No details as to ground location or shoot days as yet).

**ARNHEM (N.T.)** — Secretary now is D. P. Craigie.

**TAREE-WINGHAM (N.S.W.)** — July annual meeting elected as office bearers: President Vic Flower (former president for three years, Terry Rumbel, did not seek re-election), Secretary Ron Sky (re-elected), Treasurer Leonna Sky (re-elected), Vice-Presidents Terry Rumbel and Ron Hinshelwood, Club Captain Paul Thompson (former Captain Alan Carlyle did not seek re-election), Publicity Officer Maureen Hinshelwood (former Public Officer Carol Bronger did not seek re-election).

**KAVIENG (New Ireland)** — Shooting regularly with good attendances.

**GLADSTONE (Qld.)** — New club forming 3.5 km along Tondoon Road, shoots fourth Sunday monthly. Office bearers: President Dave Ukena, Secretary Graham Dickey, Treasurer Ross Meirendorff, Committeemen Les Moor, Ray Shuager, Lindsay Dalton, Ian King.

**NEWS FLASH** — Who used what at the 1976 Montreal Olympic Games — 1st Trap Haldman U.S.A. - Kreighoff. 2nd Trap Marques Portugal - Browning. 3rd Trap Balti Italy - Beretta. 1st Skeet Panacek Czechoslovakia - Browning. 2nd Skeet Swinkels Belgium - Browning. 3rd Skeet Gawlikovski Poland - Browning.

**JABIRU (N.T.)** — New club formed one mile west of township. Office bearers and club shoot dates not yet available. Secretary is Mrs Janet Collar.

**WALGETT (N.S.W.)** — At July meeting the club name was amended to read Walgett and District Gun Club.

**HUONVILLE (Tas.)** — Tasmanian State D.B. Tower C'ship will be conducted on Sunday, 3rd October.

## CONDITIONS OF TAIWAN PERPETUAL SHIELD LADIES TEAM SHOOT

1. Teams of ladies from any club in Australia, Tasmania and New Guinea (A.T.C.A. members).
2. Event — 20 targets off 16 metres, kills to count, recorded points score to be used in case of tied score.

# EDITOR'S MAIL BOX

BOULDER HILL GUN CLUB  
P.O. Box 297, Pietermaritzburg. 3200.

24th June, 1976.

The Secretary,  
Australian Clay Target Association,  
2038-S G.P.O. Melbourne. 3001.

Dear Sir,

re. **GRAND TRAP INTERNATIONAL CHAMPIONSHIPS**

Following our having sent out preliminary enquiries to all countries in the world which participate in "Trap" shooting, a very encouraging response was forthcoming. Various preliminary arrangements have been made and we are pleased to advise that the Trap International event will be held in October.

This letter is just a short note to let you know the dates. A full program will be sent out shortly with details of prizes, etc. Awards will include Gold Kruger Rands.

The team events will be contested by four man pre-selected teams from participating countries. The same or different teams may be selected for the single rise and double barrel events. The individual events may be contested by any shooter in the world on an "open" basis.

The Trap Single Rise "200" bird event and the Trap Double Rise "200" bird event which take place on Monday, Tuesday and Wednesday will be followed by a five hundred bird program. Two of these events are International Skeet and Trench, the others being daily 100 bird Trap events. The full program is as per the attached Schedule.

Arrangements are in hand for caravan rest facilities for each international team and for other facilities to make the shoot enjoyable for competitors, officials and spectators.

A meeting will be held on the first practice day at which each international team may be represented by its chosen delegate or team captain. This meeting will determine a uniform set of rules where any discrepancy occurs in the rules as followed by the various countries.

If your country would like to supply a referee or jury member (not being a competitor in the two international events), your association will be welcome to do so.

We will be contacting you again shortly with further details. At the same time we will supply you with information on hotel, and holiday facilities, hunting and other amenities available.

Yours sincerely,

A. P. AUSTIN SMITH,

Boulder Hill Gun Club Organising Committee  
Grand Trap International.

## A MORNING IN HONG KONG

From Hong Kong Island it's only a short drive up route Twisk to the very imposing Hong Kong Gun Club.

The club's layouts and facilities have been built on a site which has been excavated from the side of a mountain which overlooks Kwi Chung, the grounds are 1200m above sea level and boast a magnificent view.

A two storey club house with many of the facilities so sadly lacking in their Australian counterpart dominates the whole layout. The grounds are protected by a formidable security fence and five rather ferocious looking dogs roam the premises.

The full time live-in caretaking staff have separate quarters on the grounds.

The equipment provided consists of one automatic I.S.U. skeet layout furnished with Spieth Traps and a single trap I.S.U. trench which has been converted from a five trap layout, this is equipped with a Spieth Turrent trap.

The Gun Club also caters for those shooters who participate in running boar and pistol and a range for both is provided.

The skeet and trap layouts are each on a separate terrace on the side of the hill, the running boar and pistol ranges are in a somewhat similar situation.

The aspect to the left of the I.S.U. trap layout is the Container Terminal of Kow Loon - 1200m below, to the right the elevated skeet layout, in front is a very deep gully heavily wooded on the far side. Surprisingly enough the trap targets are quite easily visible. However the skeet targets are a somewhat different proposition with the high house targets smashing into a rock face just past the shooting limit boundary, the contrast of target and hillside make it a difficult task to bring in a good score.

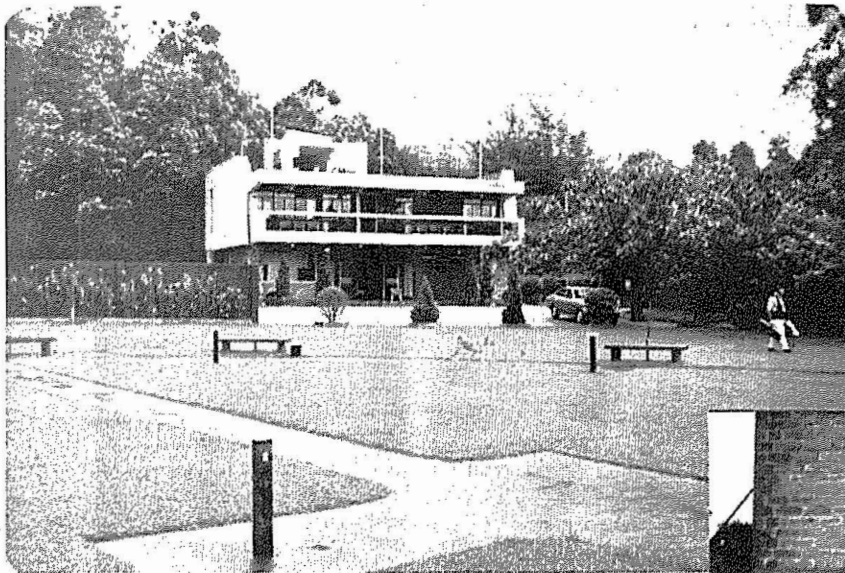

The club membership which is cosmopolitan at present stands at approximately 300.

Targets are imported from Taiwan and their cost is comparable to those locally produced in Australia.

After spending the morning shooting and looking around the impressive layouts we were happy to adjourn to the clubhouse with our host, sit back and sample some of the amber fluid which passes for beer, discuss the targets both broken and lost, look at the impressive array of trophy heads which adorn the walls and wonder when we could get back to shoot some more.

The "Duke Of Gloucester Cup", presented to Australian Gun Club (formerly Nobel Club, which was one of the first clay target clubs in Australia) by the Duke Of Gloucester (formerly Governor of Victoria) in 1934 as a perpetual trophy. The Duke Of Gloucester was the brother of King George VI and was the son of King George V. This is a solid silver cup believed to be the largest shooting trophy in Australia. (1975 holder of this cup is Gordon Morgan of Australian Gun Club)

Dear Shooter,

Due to repeated demands, Winchester Australia Pty Ltd, utilizing our up to date research & testing facilities, (The most modern in the Southern Hemisphere) are proudly presenting two new shotshells for the Australian Shooter.

The W.P. (Wide Pattern) shotshell has been designed to give you just that, **WIDER PATTERNS!**

Not wanting to bore you with technical data, I can assure you that shooters who know, have just completed exhaustive tests under A.C.T.A. metric conditions, and they are as excited with the performance of these shells as we know you will be.

Available in shot sizes 7, 8 & 9 for trap & skeet, and for those right shooting field guns 4", 6" & 10".

Ever been sore after a long days shooting? So have I!

The world wide resources of Winchester have developed the right shotshell for long shootoffs, Lady or Junior Shooters.

Our new L.R. (Low Recoil) shotshell in sizes 6, 7, 8 & 9 delivers perfect patterns, at the right velocities to continually break those elusive clays. As a mate of mine said, "I only knew it went off when I heard the bang, and the Clay went to dust".

Both shells are fully reloadable 2 $\frac{3}{4}$ " plastics with 8 star crimp.

We now not only invite you to test our two new products, but also offer you an exciting contest as encouragement to try them.

The Rules & Conditions are set out on the opposite page

Best of Luck and good shooting

# The magnificent Franchi's

**Quality/Accuracy/Dependability/  
Durability. Custom quality since 1868.**

A full range of the more popular gauges and types.  
All normally carried in stock. Ask to see our list for full details of the range available.

A panel of Europe's top designers studied hundreds of manufactured products of all types for aesthetic excellence in design. And the first choice for the "Golden Compass" Award was a Franchi. Franchi's: Tough. Full of character. Very personal.

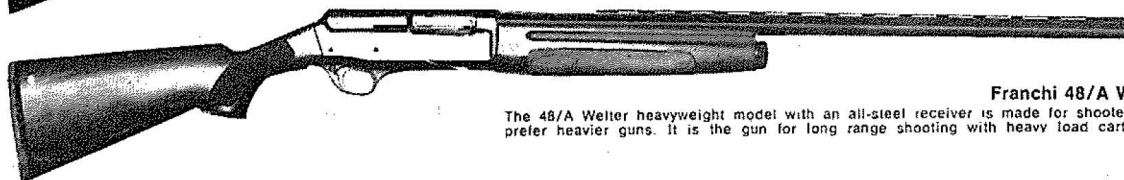

#### Standard

Lightweight, long recoil, automatic shotgun. Available in a variety of barrel lengths and chokes. The barrels on all Franchi automatics are interchangeable.

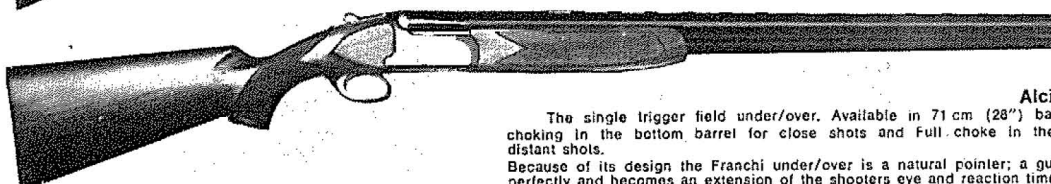

#### Franchi 520 gas operated

Smooth silent action with minimum recoil which reduces fatigue. Fires up to five shots. Magazine extension gives two additional shots.

#### Franchi 48/A Welter

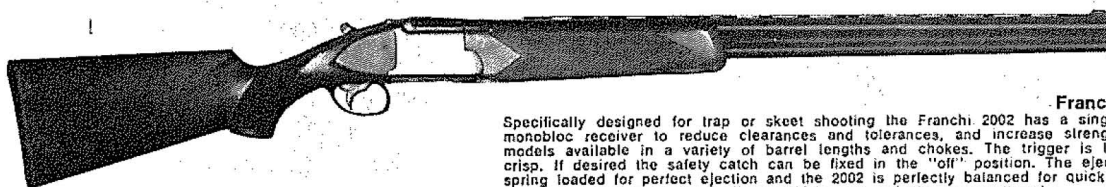

The 48/A Welter heavyweight model with an all-steel receiver is made for shooters who prefer heavier guns. It is the gun for long range shooting with heavy load cartridges.

#### Alcione Diamond

The single trigger field under/over. Available in 71 cm (28") barrels with Mod. choking in the bottom barrel for close shots and Full choke in the top barrel for distant shots.

Because of its design the Franchi under/over is a natural pointer; a gun that shoulders perfectly and becomes an extension of the shooter's eye and reaction time.

#### Franchi 2002

Specifically designed for trap or skeet shooting the Franchi 2002 has a single piece monobloc receiver to reduce clearances and tolerances, and increase strength. Both models available in a variety of barrel lengths and chokes. The trigger is light and crisp. If desired the safety catch can be fixed in the "off" position. The ejectors are spring loaded for perfect ejection and the 2002 is perfectly balanced for quick pointing and perfect aiming. To top it off the 2002 has an exclusive new recoil pad.

#### Franchi 3003

The 3003 has all the features of the 2002 and in addition has a "polished silver" finish on the action. The walnut stock is supplied with brass disc insert to enable the purchaser to engrave his initials.

These are some of the popular Franchi models. Details of other models available on request.

## Accessories

Franchi gun oil in the spray can is ideal for easy maintenance of your firearm. Franchi single and double web recoil pads make shooting more comfortable.

There is a story about an irate sub-editor on a Glaswegian newspaper summoning for reprimand a copy-boy that everyone called "Thrummie" —

"D'ye know why they call ye Thrummie, lad?"

"Aye, it's because I come frae Thrums!"

"Ye're wrong laddie. It's short for Thrombosis — and ye know what that is. It's a bloody clot that gets in the way of the circulation!"

Those whom the gods wish to destroy they first make mad."

# **WARRNAMBOOL NORTH TECHNICAL SCHOOL (Victoria)**

On Thursday, 27th May, 1976, members of the gun club had their first organised shoot for the year at the grounds of the Warrnambool Gun Club and invited Winchester Australia Pty. Ltd. to permit their Victorian Sales Manager Mr Ken Lowry, and their District Representative Mr Bob Schwartz, to attend and demonstrate safe gun handling.

We had 29 boy students, 1 girl student and three masters, Messrs Harry Brooksby, Mervyn Goldsmith and Bill Richards. The school has only one girl student this 1976 year and Lyn Irvine was most desirous of joining the gun club.

Mr Ken Lowry is one of Australia's foremost shotgun shooters and, being a most presentable person, has a lot to offer as an instructor.

Mr Bob Schwartz was the A.C.T.A. Trap Mechanic at the 1975 National Championships at Launceston, where the Tasmanian Gun Club's seven down-the-line and two skeet trap machines were in his very capable care.

Mr Harry Brooksby is a very well-known and capable shooter member of the Warrnambool Gun Club.

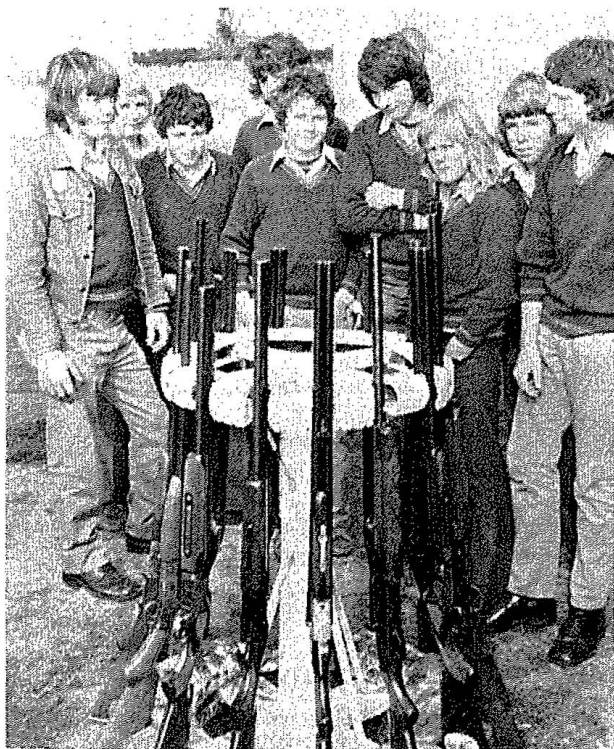

For the forenoon, the School Principal, Mr Jim Looney, allowed the use of the school conference room, and Mr Lowry showed and demonstrated to the students his various types of guns and rifles, pointing out the safety features and safe gun handling before showing a film called the "Showman Shooter" (where the late Mr Herb Parsons of U.S.A. shot and broke seven clay targets in the air from the one throwing).

Immediately before the luncheon, the students were taken by bus some four miles to the gun club for a barbecue.

The afternoon was spent on actual instructional clay target shooting where some 900 clay targets were used under single barrel conditions.

Ken Lowry and Allan Habberfield..

Right to left: Mark McKenna, Alan Habberfield, Wayne Jenkins, Stephen Holloway, Bob Schwartz (Winchester), Bill Richards (W.N.T.S.) on the shooting lanes of number two ground.

# BIG NEWS for the reloader

**... Now you can buy  
Winchester-Western Ball Powder®  
for nearly all handloading requirements**

The Ball Powder we use in our own factory-loaded ammunition is now available from your components dealer . . . in a variety of types that will make it possible to reproduce factory load ballistics and achieve other performance criteria.

As the leading ammunition manufacturer selling its own powder to reloaders, we have long felt an obligation to provide nearly everything the reloader might want in Ball Powder as well as other components. The dream became a reality when our new Ball Powder plant, the most advanced in the world, went on stream at St. Marks, Florida. Now you can buy many of the excellent powders used by Winchester.

**Color Coding:** To help the reloader spot the Ball Powder type he wants for a particular load, each of our new types will have a separate and distinct color on the label.

**Ball Powder** is a superior smokeless propellant that meters evenly, packs properly and burns cleanly for controlled ignition, progressive burning and fast barrel times with highly uniform ballistics. It's smooth, rounded grains, carefully graphited, flow smoothly and easily through powder measures, resulting in precise charges that settle uniformly in the case.

### 4 new types\*

**452AA** for 12 gauge, trap, skeet and field loads. The powder used in our 12 gauge AA target loads. (Replaces type 1450LS.) Available in 1 lb canisters, 3 lb quarter kegs, 6 lb drums and 10 lb kegs.

**473AA** for 12 and 20 gauge skeet and field, the same powder we use in our 20 gauge AA. Ideal for heavier 12 gauge loads. (Replaces 1500 HS). Available in 1 lb canisters, 3 lb quarter kegs, 6 lb drums and 10 lb kegs.

**571** for 12 gauge magnum shotshells. Will also give superior performance in 20 gauge shells. 1 lb canisters, 3 lb quarter kegs.

**296** for 410 bore, magnum pistol and 30 caliber carbine. The powder used for these applications in our factory loads. In magnum pistol cartridges, it requires heavy bullets and heavy crimps. 1 lb canisters, 3 lb quarter kegs.

### 6 improved types\*

**540** for heavy shot charges in 12 and 20 gauge. A really excellent performer. Higher density permits easier crimping of heavy loads, 3 lb quarter kegs, 8 lb drums, 12 lb kegs.

**231** for target and standard velocity handgun loads. A very fast, high energy performer used in many factory loads. Available in 1 lb canisters, 3 lb quarter kegs.

**630** for high velocities with standard weight bullets. A moderately slow but very high energy pistol powder. Ideal for a variety of handgun calibers, and some rifle loads such as 45/70 and 30M1 carbine. Available only in 1 lb canisters.

**680** for small rifle cases. A very fast powder for small capacity rifle cases such as the 22 Hornet and 256 Winchester. 1 lb canisters.

**748** for centrefire rifle. Excellent for a variety of cartridges including 222 Remington and 458 Winchester Magnum. Popular with bench rest shooters. 1 lb canisters.

**760** for medium to large cartridges. Broad range of proven applications in medium to large calibers and cases. 1 lb canisters.
