### ● Front Cover

Cunderdin Gun Club President (and 1980 Australian Olympic Trench Champion) John Harris welcomes guests to the National Championships conducted at his club.

In background, from left, are Geoff Hayward (President of W.A.C.T.A.) Mr Norm Baxter (M.L.A.) who performed the official opening, and Laurie Connors (A.C.T.A. Vice-President).

**Contributions:**

Club or shooter contributions are welcome, either manuscript or photographs, or both. Preferred photos are black and white glossy prints.

# Executive Director's Notes

Happy New Year — on behalf of the staff unit of the Australian Clay Target Association, I wish each reader all the success you are seeking during the year.

If one looks at economic pointers, it could be claimed that 1981 will be a difficult year. Yet, we said the same at the beginning of 1980, but clay target shooting survived and even prospered during that period.

Still on the subject of economies and progress, 1981 is the third successive year in which the Association has NOT increased registration fees. In that time — that is 1979, 1980 and now 1981 — inflation has done the usual nasty things to operating costs with the results that it appears certain that the Association just broke even in a financial sense in 1980.

Furthermore, a quick look at the financial plan for 1981, which is printed on page 64 of this issue, will show that we are treading a financial tight rope this year.

Your Executive Committee has undertaken an exhaustive study of the Association's finances, and in co-operation with the Finance Sub-committee, has decided that an increase in registration fees must be sought for 1982.

The mechanics of such a recommendation require a decision to be made at the 1981 Annual General Meeting. It will be at this meeting, to be held in Melbourne on April 21, that your club representative will be asked to vote on an Executive proposal that the standard registration fee be increased from \$20 to \$30, to become effective in 1982. The recommendation will also make provision for increases in the concessional registration fee with the exception of juniors, where the annual fee will remain at \$1.

Generally, the reaction to the news of the fee increase has been one which reflects the current attitude towards all price rises — they are an established fact of life!

There is also a relatively small but important number of registered shooters who are opposed to the increase. In the main, the opposition is based on a questioning attitude — one which says "it is all very well to ask the rank and file to pay more, but tell us why."

This is a healthy and productive approach, and one which management applauds. Hopefully, the answers to the question WHY? will be found in the 1980 financial report (to be circulated to clubs early in 1981) and the financial plan for 1981.

Readers are asked to analyse these documents if they have an urge to know what is happening in the expenditure of members' funds. The Executive Committee these days is following a policy of "open management" which gives all registered shooters a voice through the Club-Zone-State-National structure.

Perhaps you feel that money is being spent on projects that are not producing sufficient benefits — if this is so, tell your club committee!

No matter what other factors may apply, the one thing that is certain is that the ACTA will require additional income during 1982 to enable it to continue its development projects, especially the coaching program.

It is in the area of coaching that the Australian Government has shown its confidence in clay target shooting, and is providing an annual grant of \$22,000 to support the full time employment of a Director of Coaching. The Government has also made a grant of \$5000 this year to assist in the funding of specific coaching projects.

The real issue is that every club member — THROUGH HIS CLUB — has the right to voice an opinion on matters relating to the Association's policies. He (or she) must also recognise that members of the Executive Committee have been elected to the decision making area.

Getting back to the fee increase it can be explained in practical terms as the equivalent to less than one cartridge a week. That's right — if each shooter saved one factory loaded cartridge a week for fifty weeks, he would have the equivalent to \$10 which is the amount that the recommendation says the fees should go up. Not a lot, is it?

Anyway, the good news is still around us. Planning for the National Championships is well advanced, and the supporting trade display looks like being most extensive.

• • • • •

The new rules are to be introduced this month. There has been a great deal of input from a variety of sources and the set of rules, in general terms, looks pretty good.

The trap handicapping formula is attracting plenty of attention, and you are asked to give the system a chance to settle in. Any fine tuning that may be necessary can only be undertaken after the bugs have been found.

We hope 1981 is a good year of shooting for you.

NOEL J. SOUTHEY.

## FROM THE (VACANT) DESK OF THE NATIONAL COACHING DIRECTOR

(Noel J. Southey)

Most readers will have noticed that the December issue of "Clay Target Shooting News" carried an advertisement calling for applications for the position of National Coaching Director.

It can now be announced that the Association's first full-time Director, Newton Thomas retired officially on December 31, 1980.

Newton's health has deteriorated in recent months, and in early December he underwent major heart surgery to replace a faulty valve.

It is pleasing to report that Newton is recuperating and showing good progress. However, under the circumstances,

he felt that he should slow down, and there was no way that he could do this, and still work in Australia's booming sport.

Consequently, the Association now must fill the vacancy. The position has been advertised nationally and overseas, and the Management Committee is hoping to announce the name of the new appointee shortly.

Meanwhile, Newton's performance will be a hard act to follow, and in his term of office (the first few months in an honorary capacity and the balance as a fully fledged staff member) has effectively implemented a novice training program which has now been accepted at level one in the National Coaching Accreditation Scheme. This is a scheme administered by the Australian Government and the Confederation of Australian Sport Coaches Assembly.

State Coaching Directors have also played a major role in the development of the Association's coaching schemes.

Newton brought public attention to clay target shooting early in 1980, when he was awarded an ORDER OF AUSTRALIA MEDAL for his services to sport.

There are few people in Australia who can match Newton's broad experience in the shooting sports, and his contribution over many years, first during his long service with Eley and more recently with the ACTA, has been enormous. ○

# W.A. GOLD FIND

(Staff Writer)

The sandgropers have struck GOLD! On November 9, Cunderdin Gun Club President John Harris won the 1980 Australian Olympic Trench Championship with a world class score of 191-200 — and won it AT HIS OWN CLUB.

On the same day, at the same location, Ian Hale (of Victoria) won his second successive Australian ISU Skeet title — his score was 194 to give him a clear victory over second place-getter John Summers, also of Victoria.

A total of sixty two competitors contested the two matches — forty in the trap, and twenty two in the skeet. Quite possibly, the match would have attracted more interstate visitors, but the effects of the airline refuellers strike not only were sufficient to deter people from attending BUT ALSO SERIOUSLY DELAYED THE RETURN of those who did travel from the eastern states.

However, for those who were stranded, the hospitality of the Western Australians was a real bonus.

The matches were held at the Cunderdin Gun Club where the facilities and equipment were of world standard. The club members have put in an enormous amount of time, money and effort, and now have a facility valued at over \$80,000, and one of the best in Australia.

The National titles (Olympic Trench and ISU Skeet) were programmed to span three days — November 7, 8 and 9. Practice was available on Thursday, November 6.

Interstate visitors who arrived early had made their way to Cunderdin from Perth (a distance of 160 kilometres) by varied means including the use of a ten passenger bus kindly made available AT NO CHARGE by the Ford Motor Company of Australia.

New South Wales was represented by Deserie Huddleston, Cliff Bailey and Vic Flower (Vic was in the last stages of a round Australia holiday); ACT was represented by Jim Ellis; Jim Briggs attended from Hobart, Tasmania; National Vice President Laurie Connors, John Summers, Ian Hale and Billy Iles travelled from Victoria; South Australia was represented by Ross Ritchie, and the balance of the field was made up by Western Australian shooters.

(Probably the travelling highlight was created by the colourful Billy Iles, who, with wife Michelle and family drove from the east to Cunderdin for the tournament — at least Bill didn't have any worries over aircraft delays!)

Practice day was hot, with the club being a hive of industry as the last touches were put to the first-rate preparation of the facilities.

• John Harris walks off the Cunderdin shooting ground, having just won the 1980 Australian Olympic Trench Championship.

# THE ELEY REPORT

## DUCK SEASON 1981

Everyone seems to be concerned about the coming Duck Season, especially as there will be shortages in northern and western New South Wales, but the scene in Victoria and South Australia is much brighter.

ELEY has always been, obviously, vitally involved in the Season as our Blue Star No. 4 has been, for many years, the top-selling duck cartridge.

For 1981 our major theme will be responsible shooting. If the sport is to continue as it should, it is important duck shooters are all educated as to gun care and duck recognition — particularly protected varieties.

Consequently, a "Know Your Duck" poster has been prepared in conjunction with the Fisheries and Wild Life Department. This will be printed in full colour and is available upon request.

As well, a series of double page advertisements, in two colours, are to be published to encourage duck recognition in half-light by outline and shape.

Then there will be sets of 12 Drink Coasters on sale at subsidised prices. For \$5 or less, 12 different ducks are featured in full colour. On the other side will be printed their names and full descriptions. This way shooters can test their ability to recognise the difference between legitimate or protected species at a glance.

△ △ △

## FRANCHI

Antonio Crovato, Merchandising Director for Franchi in Brescia, Italy, was in Melbourne recently and was able to confirm Franchi's continuing strength in the world market. He came here from U.S.A. via Japan and New Zealand, was off to South Africa, back to Italy and then on to Denver, U.S.A., all in the space of four weeks. The news from Japan was the failure and subsequent closure of SKB there. Attempts are being made to re-establish the name in a completely new and smaller operation. Meanwhile, Mitsui have been left with 50,000 units of various firearms whilst everybody waits to see where and when these will be disposed.

The Franchi Automatic 500's and 520's shotguns, with the disappearance of SKB, will be unchallenged as the ideal value-for-money gun for field shooting, and we will be making certain all ELEY stockists will have large supplies of these.

## MORE SUCCESSES

In the November Australian Olympic Trench and ISU Skeet Championships in Cunderdin, W.A., shooters using ELEY Trap and Skeet cartridges again won both titles. The success of the new ELEY cartridges in pattern, velocity and "feel" was tremendous, and all the experienced shooters who used them commented favourably. There were no misfires.

△ △ △

## NEW RANGE

All shooters should look for the new packets and range which will be introduced during January and February 1981. These are the result of many months of intense research and tests, both in the laboratory and at the Clubs.

Quick Skeet and Olympic Skeet are being renamed Special Skeet and Super Skeet respectively to fit into the general range alongside Special Trap and Super Trap.

△ △ △

## PRICE RISES

As is now almost inevitable with costs continually rising, ELEY prices shall be following suit in 1981. This is well overdue, especially in shotshell where prices have virtually remained the same for two/three years — especially in trap/skeet loads.

All the more reason for us to join the fight with the majority of the Shooting Associations and Traders to prevent the I.A.C. from accepting the submissions of our main competition, who are seeking general rises from 21% to 30%. This is an expensive sport already. We should all be doing our utmost to keep prices down, especially against artificial rises caused by government taxes via tariff protections.

# ELEY

152 years of excellence

## W.A. GOLD FIND (Cont'd)

• Enthusiastic Jim Briggs travelled from Hobart for the Cunderdin match. Here, he is checking his gear in the Transit bus, kindly provided by the Ford Motor Co.

Scores were moderate during practice with most of the locals watching the interstate "imports" very closely. Trap shooters Billy Iles and Jim Ellis added a bit of life to proceedings, and also provided some entertainment on the skeet field.

### OLYMPIC TRENCH MATCH

Friday, November 7 was the first day of the championships and the trap match was due to start at 8.30 a.m. Shoot Marshal Kevin Hopkins assembled the O.T. (Olympic Trench) shooters at the appointed hour, and showed them a full series of targets.

One target in particular drew a sharp intake of breath from the shooters as it sped left and high extremely sharply. It was obvious that "program five" was not regarded as one of the easiest available.

The first squad consisted of National Vice-President Laurie Connors, C. Hyder, T. Harris, J. Hopkins, R. Herridge and S. Wilson. Herridge was quickly into stride and scored 22, while Harris mustered a 21.

Other creditable scores in the first round included Geoff Hayward's 24 (Geoff is WACTA President) Billy Iles 23, Jim Neve with 24, John Harris (23) and Roy Holtfreter (24).

Three rounds (75 targets) were completed on the first day, and at the close of shooting, local hero John Harris was one target ahead of international star Jim Ellis, Billy Iles and Roy Holtfreter, who were tied on 69.

Ellis had shot the only 25 of the day, and even 24's had proved to be most elusive.

The second day of the OT match, Saturday November 8, was again very hot with a light breeze. Some competitors in early squads had difficulty in seeing the target exit from the trench because of sun glare making the target blend into the stone-dust background.

The difficulty occurred only at a particular time and on only one or two targets in the program — all connected with the angle of the sun.

Overnight leader John Harris produced a 25 in his first visit of the day, and extended his lead to two targets over Ellis, who could manage only a 24. Iles and Holtfreter slipped to 21's and this lapse cost them any real chance of challenging the leaders.

Kalgoorlie competitor Jim Neve was providing pretty tough competition and added three 24's to his first day aggregate of 67 to have 139 against his name at the 150 mark.

Harris added 24 and 23 in the next two rounds to close on 142 at the end of the second day. Iles shot a brilliant 25 in the

third round for an aggregate of 138, and Ellis had 140 on the board.

Executive Committee member Robin Bailey who was competing in both matches, was showing remarkable stamina, and shot 70 (23, 23, 24) on the second day for a progress score of 137, with Executive colleague Roy Holtfreter on 135. At this stage Roy was leading in "B" grade, while in "C" grade, a great tussle for the lead was developing between T. Harris (Cunderdin) on 129 and Ross Ritchie (South Australia) on 127.

By the end of the second day, visiting competitors were starting to feel the combined effects of the marathon match AND the heat, and it was expected that the final 50 targets would provide some surprises.

Many of the "experts" were saying that the greater experience of some of the interstate competitors would overshadow the early "luck" of the locals.

Cont'd on page 8

• The 'heavies' review the match. National Vice-President Laurie Connors (left) is telling Roy Holtfreter (member of Management Committee) how the Cunderdin facilities compare with other grounds in Australia.

## W.A. GOLD FIND (Cont'd).

To completely wreck such predictions, John Harris shot 24, 25 on the third day to completely demolish the rest of the field and chalk up a winning score of 191/200.

Jim Neve shot 23 in the second last round to total 162 with one round to go. With a strong chance of a 1-2 result for W.A. Billy Iles also turned into the last stanza with an aggregate of 162, so the minor placings were to provide an exciting finish.

To add further excitement, all were in the last squad so a real cliff hanger was guaranteed. Iles showed unusual brittleness when he dropped his first TWO targets, and in a most uncharacteristic display, Ellis allowed his first target to escape unscathed. (Whoever wrote the script for this finish would rival the genius of Alfred Hitchcock!).

• More 'heavies', this time from W.A.C.T.A. President Geoff Hayward (right) chats with President-Elect Murray Alexander.

James Neve missed his eighth and eleventh targets — this made his chances of filling second place pretty remote, but he was still showing remarkable talent.

Ellis had another lapse on his fourteenth and was followed by Iles whose fifteenth target joined the earlier two he had missed.

Then, the whole world caved in on the youngster, Neve, who lost five of his last ten targets, while Ellis and Iles steadied to run home without further error.

So the overall placings finished as:

1981 Australian O.T. Champion and Gold Medal Winner	John Harris	191-200
Runner Up and Silver Medal Winner -	Jim Ellis	187-200
Third and Bronze Medal Winner -	Bill Iles	184-200

In "A" grade, Jim Neve (180) had been edged out to first place by the consistent Robin Bailey, who aggregated 181 for the match. Vic Flower was third on 175, after recovering from a disastrous first two rounds of 19, 20.

The "B" grade section had been a most exciting contest throughout the whole match, and resulted in a win to the hard-working Roy Holtfreter, who scored 175, Second was Murray Alexander, 173, and third was the popular President of WACTA, Geoff Hayward on 171.

Young T Harris had looked safe in "C" grade until the last round when his 21 let the experienced Ross Ritchie in, and his 24 was good enough to snatch victory.

## I.S.U. SKEET MATCH

The Australian 1981 I.S.U. Skeet Championship attracted a field of twenty-two competitors. The entry list included the two Eastern States "hotshots" Ian Hale and John Summers. However, tremendous support came from local shooters, and it was encouraging to see the level of enthusiasm for this extremely difficult form of clay busting.

As was the case with the trench match, 24's were difficult to find, and only five clean rounds appeared on the score board during the whole match.

Young enthusiast Jim Neve started well with a 21 in the first squad of the match, and in the second, Grant Hyder carded 23. Robin Bailey racked up a 21, then Summers and Hale shot in squad three to both record 23's. David Kevill got

• Medallists in the skeet title — from left: John Summers (Silver), Ian Hale (Gold) and David Kevill (Bronze).

## W.A. GOLD FIND (Cont'd)

away to a shaky start with a 19 but made a great recovery to score 23 in his second round.

However, the first day undoubtedly belonged to Jules Steiner. First, he saw a life-time dream reach fruition when the first shot of an Australian Olympic discipline clay target championship in Western Australia was fired. Secondly, he saw it all happen on a club that he has maintained an interest in.

Thirdly, Steiner scored 21, 23, 22 to aggregate 66 for the day and found himself in equal third slot with Grant Hyder on the progress scoreboard.

Ian Hale shot 25 in his second round, and John Summers carded a clean sheet in his third, and the two hot-shots ended the day just one target apart — Hale on 72 and Summers on 71.

David Kevill overnighted on 64, one target behind Clayton Hyder. Jim Neve failed to hold his starting form and crashed to a 17 in the second round, followed by a 22 to aggregate 60 for the first day.

Bill Kennamer, Clayton Hyder and Kevin Hopkins comprised a short first squad on the second day. All three had performed very creditably the previous day, but had difficulty coping with the early start. All scored less than 20, to greatly diminish a chance of a placing.

• John Summers waits for a high three skeet target.

Hale moved two targets further ahead of Summers in their first 25 of the day, and then each shot 24 and 25 in the next two rounds.

After two more good rounds, Steiner apparently allowed the excitement of the official opening to upset his concentration and could manage only 16 in the third round for his aggregate at the 150 mark to be 123.

David Kevill was looking good with 23 and 24 but a 19 in the third left his aggregate showing as 130. W. Jones showed excellent poise for a C grader when he shot a 23 in his first detail, and added 18 and 19 to be sitting on 116 going into the last day.

Jim Neve had a more consistent day, recording 22, 21 and 20 to have a progress total of 123. Popular local, Bob Thompson, who was acting as host to some of the Eastern states visitors, started the day well with 21, but faded to 15 and 18 in the next two rounds.

John Kevill was performing very consistently in B grade, and at the last turn, was tied with Clayton Hyder, who had a commanding margin of nine targets.

In "C" grade, Jim Neve was well clear (123) of Kevin Hopkins (120) and W. Jones (116).

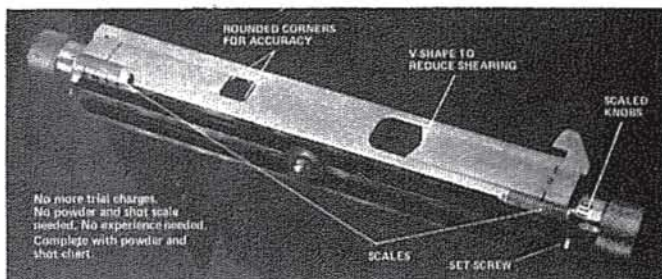

Going into the final 50, Hale had a break of four targets over rival John Summers, and was shooting brilliantly. It would have taken a miracle for John Summers to have any

## INTRODUCING: 2 ALL NEW, ALL METAL UNIVERSAL CHARGE BARS

MODEL "D" — for the MEC 650 and Grabber Models

MODEL "C" — for the MEC 600 Jr., 700 Versamec, Sizemaster 77, MEC 600, 400, 250 and 250 Super Reloaders, and the Texan LT, GT and FW Models.

The Model "C" and Model "D" are fully adjustable charge bars for powder and shot; shot capacity from 18oz. to 2oz. (with No. 4 low antimony shot) and powder capacity from 10grs. to 55grs. They come complete with a powder and shot chart with 480 settings for 23 powders. Both Models are for field and target loads, and for all gauges.

### MAJOR CHANGES COMPARED TO PREVIOUS MODELS

1. ALL METAL construction (made of high precision diecast zinc)
2. Definite BOTTOM GUIDE for powder and shot-valves (no floating valves)
3. Highly SIMPLIFIED method to read scales and to adjust knobs.

4. UNIFORMITY of construction; models are completely interchangeable

5. NEW MODEL INTRODUCTION: There has never been a fully adjustable Charge Bar for the MEC Progressive reloading machines — Now there is! The Universal Charge Bar, Model "D" is made for the MEC 650 and Grabber — Reloading Machines

The Universal Charge Bars can save you the purchase of many powder bushings and standard charge bars. ALL one needs is one Universal Charge Bar for single stage reloading machines, or one for the progressive reloaders. Each Bar comes with a five year guarantee.

Available From:

### MULTI-SCALE CHARGE BARS

357 Great Western Highway  
(P.O. Box 314)  
WENTWORTHVILLE NSW 2145

**PRICE: \$25.00**  
(plus postage \$1.50)

## DO YOU HAVE A GUN FIT PROBLEM?

- Don't suffer the effects of a poorly fitting gun.
- Bruised cheek and sore shoulder.
- Excessive recoil and headache.
- To say nothing of the inconsistent shooting results.
- Lady shooters especially need special fitting.

**PERSONAL GUN FITTING SERVICE

## W.A. GOLD FIND (Cont'd).

show of winning. Each shot 24 in the second last round, then Hale wrapped the match up with a clean last round — match aggregate of 194 and a world class score.

David Kevill continued his steady performance, and his final day score of 21, 23 gave him a match aggregate of 174, good enough to secure third place overall.

"B" grade was still tight for the minors, although Grand Hyder's total of 170 had given him victory, John Kevill eventually conceded second place to Clayton Hyder, whose score of 167 was two targets better than John's.

Jules Steiner finished a clear winner in "A" grade with a match score of 160, having recorded 19 and 18 on the final day.

The enthusiasts in "C" grade continued to fight it out, and the final scores showed Jim Neve (166) four targets ahead of Kevin Hopkins (162) with W. Jones filling third place on 152.

It had been a most exciting match, with the facilities and targets of international standard. Very hot weather had had a debilitating effect on many of the contestants, especially in cases where the shooter was competing in BOTH matches.

### OFFICIAL OPENING

The official opening of the 1980 Australian Olympic discipline championship was performed by Member of Parliament Mr Norm Baxter.

In a ceremony which was staged in the afternoon of the second day, and which attracted strong support from local council and other dignitaries, Mr Baxter reminded the audience that the Cunderdin Gun Club had re-located on land which originally belonged to his family. As a consequence he felt a close affinity with the club, and was delighted to have the chance to open the first ever Nationals (in these disciplines) in Western Australia.

It was obvious from Mr Baxter's address that he had researched his subject well, as he traced the history of the club from its start in 1952. Mr Baxter placed heavy emphasis on the club's self help programs and highlighted the fact that few

• John Harris, President of the host club, welcomes the official guests. At rear (from left) are Geoff Hayward (Pres.-Elect), Mr N. Baxter MLA, and Laurie Connors (ACTA Vice-President).

other sporting clubs in Western Australia could emulate the Cunderdin Gun Club's performance.

Other guests in the official part included Mr Ray McPharlin M.L.A. (Club Patron), Mr Laurie Reynolds (Cunderdin Shire President), Mr Laurie Connors (Vice President. Australian Clay Target Association) and Mr Geoff Hayward (President, Western Australian Clay Target Association.)

As the match ended, and the presentation of trophies was taking place, competitors and spectators realised that they had just been part of a history making occasion. Many firsts were recorded, and the Committee and members of the host

## THE FABULOUS FABARM IS COMING

IF YOU THINK SOME ITALIAN GUNS ARE GOOD - WAIT UNTIL YOU'VE SEEN THIS ONE:—

WITH THE CHOICE OF THE FOLLOWING DIFFERENT MODELS

### 4 SHOT AUTO

The most advanced gas operated system yet - guaranteeing perfect functioning, with quick detachable chokes or standard barrel plus the choice of a 3" magnum barrel which allows you to shoot standard or magnum cartridges without any adjustment.

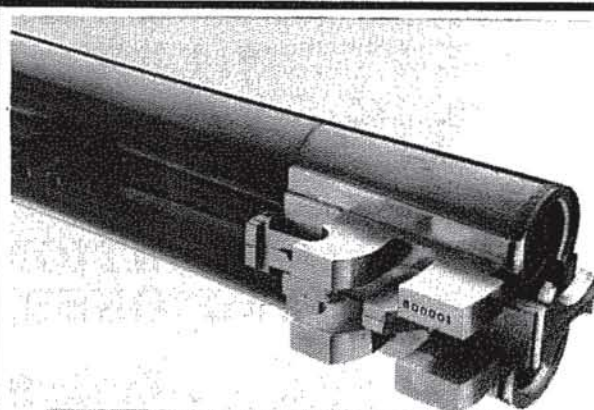

### UNDER & OVERS

Trap or Field, single selective or double trigger, all in a magnificent walnut oil finish. The only shotgun with a computerised design that allows you to buy and fit spare barrels at any time with a minimum of fuss.

PLUS, THE MAGNIFICENT, 100 YEARS AHEAD OF ITS TIME:—

### SIDE-BY-SIDE

With the unique double lug mono-block system which keeps the gun tight virtually for life (plus the same spare barrel option as the Under & Over).

"Detail of double-lug mono-lug system"

All barrels are manufactured in the ultimate quality of steel - 30 Cr Mo 4 - and are chrome lined, which guarantees uniform distribution of lead balls and the best pattern.

AVAILABLE SHORTLY (Already sold extensively throughout Canada, Europe and the U.S.A., and now for the first time in Australia)

# HOW TO FUN YOURSELF SILLY IN NEW ZEALAND.

## FUN BUS HOLIDAYS.

Winner  
of 1980  
"Hoover"  
Marketing  
Award

### **air new zealand**

If you like to let the good times roll and you like a good rage, you've found your kind of holiday. A holiday where you can get up to... well just about anything. Anything from Mt. Tongariro to Coronet Peak.

And it all happens on Fun Bus Holidays. It's sort of a coach tour. Only better. You can camp out in tents or shack up in cabins.

You'll singalong in the bus, play games or whatever else in the bus.

There's a range of tours available that cover both the North and South Island.

So if you'd like to fun yourself silly in New Zealand, talk to your Travel Agent or Air New Zealand.

**The Pacific's  
Number One**

Dalkey/AP869

## N.S.W. STATE CARNIVAL — "A BEAUTY".

The N.S.W. State Carnival was held at the picturesque Cowra Gun Club over the 4th, 5th and 6th October 1980.

The ground had been beautifully prepared by the Club President, Noel Dwight and his Committee and many shooters commented on the way in which the shoot was presented.

The Western Zone Colours and also Cowra Gun Club Colours of green and gold were everywhere — green & gold bunting stretched right across the ground, over the light towers and to the boundary gates, also — areas were closed off with bunting and chairs were placed under the avenue of plane trees for competitors to relax. The Cowra Club flag flown from one light tower and the Western Zone flag was flown from the adjoining tower — to add to all this colour balloons & green and gold streamers were hung from the shade trees and entrance gates. The whole area presented a splash of colour and the Cowra Carnival was certainly held in a carnival atmosphere. The scorers and trappers were suitably attired in green and gold jackets, which also added to the colour spectacle.

Congratulations must go to the trap maintenance officer, Garry (Gazza) Brunton as no break-downs occurred and shooting was continuous over the three full days of competition. Also, Dick Kiss did an outstanding job on the squad marshalling as he had score sheets and squads waiting to commence shooting immediately the previous squad ceased.

The office staff of Secretary Jenny Mould, Joy Dwight and Margaret Povey were all dressed in gold blouses and green skirts or slacks which drew comment from many observers. The office duties can only be described as "perfect" as there were no delays at any time and all sweeps were paid out by 4 p.m. Monday. Congratulations on a perfect achievement.

A feature of the Carnival was the Presentation Dinner Dance held at the Cowra Golf Club when the "Cowra Cuties" put on their turn. The team of "Cuties" were Lanky Les Venables, Peter Mould, Dick Piotrowski, Doug (Yack) Heilman, Shane Simeon, Mick Crowe, Rod Venables and Bill Coady who were "trained" by Gwen Toshack. These "Cuties" were dressed in green and gold as "marching girls" (complete with wigs) and put on a suitable presentation which will be remembered for a long time. We have been told that Rex Northcott laughed that much that he had to go "walk-a-bout". Presentation time was kept to a minimum and a band provided music for dancing during dinner and until midnight.

Cont'd on page 16

• The 'Cowra Cuties' brought the house down, and were the highlight of the social activities associated with the NSW Trap Carnival, held at Cowra Gun Club.

## GUNSMITH

We have on our staff a newly arrived English gunsmith with 27 years experience in the trade, he is Ex Atkin, Grant, Lang and Churchills of London. Best English guns a speciality but fully competent in all other facets of the trade.

## N.S.W. STATE CARNIVAL — "A BEAUTY" (Cont'd)

Once again the hall was decorated in green & gold and, while the presentations were made, the Cowra Flag was held aloft on stage by the two mascots, Jane Piotrowski and Marilyn Dwight, also dressed as marching girls in green and gold.

This was "CARNIVAL '80" and the Cowra Club must be congratulated on the effort that they made — it was a full team effort and the full team performed their duties to perfection. Congratulations and thanks to all the Cowra Club from all the shooters who were fortunate to be present.

We were fortunate to have the two National Executive Committeemen from the Northern Territory (Kevin Bowring and Bill Horner) in attendance as well as John (Tiger) Turner from Balfour Gun Club (N.Z.) — Thanks for your attendance and we trust you enjoyed your visit.

• Jim Hunter, Location Winner of Winchester Tournament, which was conducted as part of N.S.W. Trap Carnival at Cowra Gun Club.

### WINCHESTER TOURNAMENT.

165 Competitors... Conditions:- Strong North wind in morning turning to gale force south wind in afternoon.

Overall:-	J. Hunter.	182/182.
11-14 metres.	1st: B. Louwick.	62/64.
	2nd: R. Elliott.	61/64.
15-18 metres.	1st: L. Jenkins.	70/71.
	2nd: D. Zevan.	62/63.
19-21 metres.	1st: J. Vella.	50/50.
	2nd: P. Mould.	69/70.
22-25 metres.	1st: J. Hunter.	182/182.
	2nd: J. Ellis.	181/182.
Ladies:-	L. Jenkins.	50/50.
Junior:-	G. Osborne.	47/50.
Veterans:-	A. Turner.	46/50.

### HIGH GUN.

O/A High Gun:-	J. Ellis.	226.
"A" Grade:-	B.G. Smith.	244.
"B" Grade:-	J. Dunn.	216.
"C" Grade:-	B. Underhill.	214.

Total number of competitors that competed at the Carnival:— 236.

A special thankyou must go to Charlie and Rosie Fabbri, who supplied the daffodils used for decorations. Also to Clyde Hawkins for the excellent job he did in keeping the High Gun Board up to date.

The Official Opening, on Sunday, was conducted by Ernie Hawkins, Past National President, a very welcome and popular person at the Cowra Club, and we would like to thank him for officiating.

## AUSTRALIA SUCCESSFUL IN THAILAND INTERNATIONAL MATCH

Australia's skeet and trap team has just returned after successfully competing in the first Thailand International Clay Target Championships.

The match was staged at the Hua Mark sports stadium, located about seven kilometres from the centre of Bangkok.

The official team was headed by Bob Buchan (Melbourne) and included Graeme Boyd (Albury), John Maxwell (Woolongong), Ray Collinson (Townsville) and Greg Long (Melbourne).

Other Australians to compete in the match were Alex Crikis, Peter Blackmore, Tom Lucas, Graham Ash, Bill Iles (all of Melbourne) and Stan Collins of Bairnsdale.

A "scratch" skeet team was formed, and consisted of Alex Crikis, Graeme Boyd, Peter Blackmore and Bill Iles. These four shot brilliantly to win the Gold Medal with a score of 561/600, eight points ahead of Japan which won the Silver Medal.

Alex Crikis went on to win the Gold Medal in the individual event, scoring a world class 192. Boyd finished on 190, and Blackmore on 188.

In the trap match (Olympic Trench), an official Australian team, consisting of John Maxwell, Greg Long, Ray Collinson and Graeme Boyd, was beaten for the Silver Medal by a team, entered by Frankston-Australian Gun Club after a countback was used to break a tied score of 490.

The Australians found difficulty in shooting consistent scores under tricky conditions.

The Trap Teams' Match was won by Japan (524/600), second was Frankston-Australian Gun Club, and, because of a regional policy restricting medal awards to one per entrant nation, the Bronze Medal went to Thailand which scored 477.

The results of the individual match were:

Gold Medal — M. Obara, Japan 186/200

Silver Medal — Lee Kum Cheuk, Singapore 179/200

Bronze Medal — John Maxwell, Australia 176/200.

Despite the inconsistency of the trap team members' scores, the project seems to have been a total success. Manager Bob Buchan said on arrival back in Australia that he was extremely proud of his "boys" performance, and went on "in addition to being great competitors, they have been very active ambassadors for our great nation!"

It was a weary but happy squad that arrived at Sydney Airport late on Monday December 15, after a series of frustrating setbacks had delayed their return by twenty four hours.

A complete report will be a feature of the February issue of "Clay Target Shooting News."

## EDITOR'S MAILBOX

Dear Noel,

I would like to take this opportunity in sincerely thanking those Western Australian shooters and wives for giving the Eastern States shooters accommodation and a really friendly welcome. Special mention to John and Faye Harris, who besides being so helpful, provided a super barbecue on Saturday night which was enjoyed by all.

Also, many thanks to Bob and Lea Thompson who provided first class entertainment for almost a week. Especially the Sunday night pool party and barbecue, where the Victorians, headed by Billy Iles, were playing a game called "drown the Pom." To finish with a favorite quip of Bob Thompson's, we all had a "real smooth" time.

Cliff Bailey  
Sydney Gun Club.

# GUM TREE 1980

4 - 5 OCTOBER

## Walton Makes It Three in a Row

Gilgandra shooter Brian Walton continued his domination of the prestigious Gumtree shoot when he took out his 3rd consecutive championship on the Sunday.

Walton won the 14th Annual Eastern States Gumtree with the brilliant score of 48 out of a possible 50. He missed only 2 targets, one in each round to defeat Newcastle shooter Bobby Boggis who shot 45.

Gumtree, regarded as the biggest shoot outside the National Championships, attracted 248 shooters, one less than last

year, from throughout the Eastern States. Shooters from as far as Gladstone in Queensland to Corio Bay in Victoria, lined the banks of the Namoi River near Boggabri for the two day event. Walton, picked up \$1000 worth of o/u shotgun and accessories for his effort.

Congratulations must go to the Rotary Club of Boggabri for the fine catering they provided and also the Boggabri Lions club who did all the trapping for the gun club. The shoot would be near impossible to run but for the help from these service clubs.

Results — Saturday October 4, 25 Tgt E/O Cash Divide 11-12m B. Reid, B. Finlay, J. Moskins; 13-15m J. Nichols, B. Daniels, A. Devine; 16-17m D. Cassin, J. Carter, P. Tattam; 18-25m A. Hayes, B. Walton, R. Clark, R. Leham. All shared Group Divisions.

50 Tgt Trophy Event — Outright winner R. Boggis 1st, R. Davis 2nd. Group Trophies 11-12 D. McDonald, 13-15 C. Bardon, 16-17 P. Tindal, 18-25 B. Walton.

Sunday October 5, 25 Tgt C/D E/O — 11-12 B. Finley, J. Brian, C. Cookson, J. Hoskins, T. Huggins; 13-15 P. Morran, K. Wilson, R. Lawman; 16-17 C. Dorman, J. Morran, C. Fuller, S. Tydd, M. Wilson; 18-25 P. Clarkson, B. Walton, D. Colwell, R. Boggis, G. Baylis.

50Tgt Gumtree Championship — 1st B. Walton, 2nd B. Scanes 18-25, D. Colwell 16-17, S. Tydd 13-15, B. Jakes 11-12, B. Finlay. Best Lady shooter in the championship was Sue Siddons from St George.

Walton made a fine double by taking out the overall high gun trophy for the weekend, winning the Eley Trophy with a score of 134 out of 150. High Gun winners in each group were 18-25 B. Boggis, 16-17 S. Tydd, 13-15 D. Osborne and 11-12 B. Finley. Ladies H/c Fay Quirk.

The ACT International club won the Bush Shield with 207 out of 250. Runner up was Hawkesbury No. 2 team with 202. The Duck Station Handicap for the Alan Devine trophy of two mounted ducks went to Hawkesbury shooter A. Hayes who defeated Brian Walton in a shoot off after both men had shot 17 out of 18 birds.

○

## SHOOTING DOWN SHOOTING A LINE

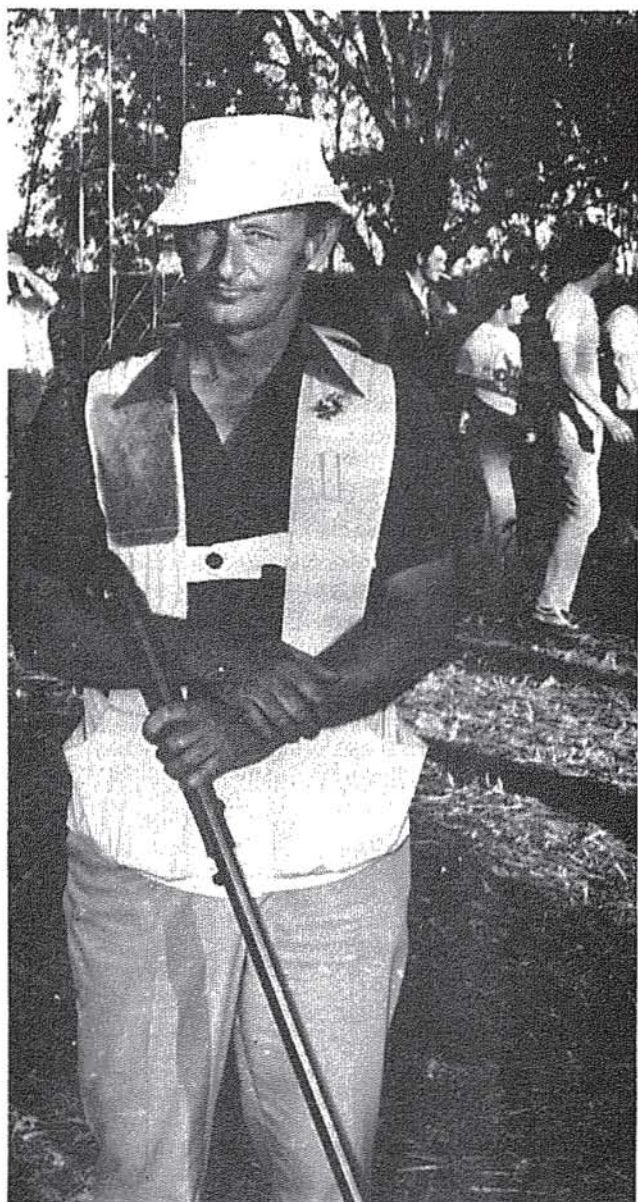

(Staff Writer)

Things are tough when CTSN writers are caught arguing amongst themselves. However, this is the situation between Pat Browne and the editor, because of a reference in "Shooting A Line" in December issue which may have left some readers with a false impression.

In his column, Pat referred to the unfortunate resignation of Mr Hawkins in mid-1980. His statement reads "It seems incredible to me that some insignificant decision at a zone level could unseat the chief of the largest shooting organization in Australia".

Readers will be well aware that Mr Hawkins' decision to resign was purely a personal one and had no direct connection with any zone decisions. The highest office in the Association is constitutionally protected from such occurrences and CTSN apologizes to Mr Hawkins and the Southern Zone of the NSWCTA for any embarrassment that may have been caused.

ideal for shooting**

## SOLE AGENT IN AUSTRALIA— SCORPIO CARTRIDGES

12 Roseberry Street, Balgowlah 2093  
Phone (02) 94 6607

● The Cosmi auto-shotgun is hand made by specialised craftsmen.

● The Cosmi is the only auto-shotgun in the world featuring an opening barrel, just like a double shotgun. Hence you find advantage from this and furthermore your aim is better by a single barrel. It retains in addition an external hammer in relation to its bolt-ing system, so being like hammer shotgun.

With a cartridge in its chamber and the full magazine, if the hammer in uncocked, the Cosmi is the safest gun on earth, just like as if there were no cartridges in it.

● By keeping the shells' magazine within its stock, the most weight is found backward, thus allowing an extremely fast aim and a very easy barrel swinging.

● The Cosmi's barrel is on the recoil system. From this feature comes an absolutely accurate aim, for the barrel is free to move and is not fixed by a lump and consequently does not bend on firing.

● Thanks to the finest steel used and the Cosmi patented action, every kind of cartridges can be fired, no matter for their case length or powder charge, and this is possible by no preliminary regulation of the weapon.

● The steel of the barrel is the famous Boehler Antinit and all the internal parts, like its action body, are made by special nickel-chromium steels.

● The Cosmi auto-shotgun is always like the first we made, which was built in 1930. This means the Cosmi is the expression of a bright idea and perfection is its nature.

## RAAF RETAINS ARMED FORCES TRAP SHOOTING SHIELD

(by Sqn. Ldr. Stan Harding)

On Thursday 13 November 1980, the RAAF played host to the Navy and Army trap shooting teams at the RAAF Gun Club, RAAF Base Point Cook, Victoria. The occasion was the 1980 Inter-Service trap shoot for the IMI Shield, a perpetual trophy originally donated by the now ELEY AMMUNITION organization way back in 1935. Due to the efforts of the groundsmen and the Gun Club Committee members, the picturesque shooting grounds and surrounds were in immaculate condition. Unfortunately, nothing could be done about the weather and the squads lined up for the first round on the hottest November day for 14 years and in a strong northerly wind gusting up to 35 knots. Practice in the morning had indicated that the targets were going to be quite difficult and conditions had worsened by the afternoon.

At the end of the 5 target eye-opener, it appeared that home ground familiarity would favour the RAAF when they turned in a score of 29/30 to Army's 24/30 and Navy down to 20/30. However in round two, the start of the IMI Shield Competition, both Navy and Army served notice that they were not about to give in easily and all three teams carded a 26/30. Round three showed Navy beginning to trail a little when they dropped seven targets but Army and RAAF kept the pressure on with a 28/30 each to remain level. It was not until the final round that RAAF eventually drew clear with another very well shot 28/30. Army could not improve on 25/30 and Navy continued to trail with a struggling 24/30.

At the end of a very tense and well fought competition, RAAF came out winning with a total of 82/90 to retain the IMI Shield for another year. Army were second with a fairly close 79/90 and Navy were third on 72/90. These were not record scores but all shooters are to be commended on a very fine and consistent performance under extremely difficult conditions.

Only two possibles were recorded and after a short shoot-off Warrant Officer John Powell managed to regain some prestige for the Army team, and the Individual High Gun award for himself, by holding off Corporal Allan Ford of the RAAF.

In the final event of the day, an invitation handicap for all shooters and guests, the Navy too claimed some of the kudos when Chris Carroll, long time Navy shooter and now ex-Service manager of the Navy team, won over Sergeant Phil Baldock and Corporal Jim Crosbie, both of the RAAF, with a very respectable 37/38 considering the still very blustery conditions. A fitting end to a fine day of competition highly enjoyed by both the competitors and the quite large crowd of spectators and supporters. This report would not be complete however, without recording the sincere thanks of both the participants and the guests for the fine efforts of the Point Cook Base catering staff and the individual contribution of Mr Rob Schwarz of WINCHESTER AUSTRALIA who served as the official referee for the entire competition. ○

• Members of the winning team in the Interservices Shield — from left: (Back row) SGT Phil Baldock, CPL Jim Crosbie, Mr Rob Schwarz from Winchester Australia (Team Coach), LAC Jack Briskey, LAC Ray Church. Front row: PLTOFF John Dawson, CHAPLAIN Dave McLeod, SQNLDR Stan Harding (Team Captain), CPL Allan Ford.

## TRADE TOPICS

### MICHAELIS BAYLEY TRADING

Late in 1980, one of Victoria's longest serving gunsmiths retired. He was Eddie Garnett of Michaelis Bayley Trading, the Australian group for SKB shotguns and other firearms.

Eddie started in the gun trade with Evans & Balfour in 1936, when his main tasks involved cleaning barrels prior to re-blueing.

During his 37 years with Evans and Balfour, he worked alongside such industry notables as Joe Harle, Dick Sharp, Spiros Teboneras, Fred Shearer and George Biggs.

Eddie Garnett joined MBT in 1973 and has been a tremendous acquisition with his extensive knowledge and ready smile.

• Popular Eddie Garnett, at his retirement function.

Other news from MBT shows that Product Manager George Rath and Marketing Manager Brian Shakes are not long back from a visit to the SKB factory in Japan.

Reports suggest that the factory has been experiencing troubled times in a financial sense, but that didn't prevent George from getting a great deal of enjoyment from testing latest competition shotguns on the factory's lavish Olympic Trench layout.

• George Rath (centre) Firearms Product Manager for Michaelis Bayley Trading, is accompanied by two executives of the S.K.B. Firearms Company during a recent visit to Japan.

## LIBERAL/COUNTRY PARTY POLICY INITIATIVES IN SPORT

In the period leading up to the recent election, the Government proposed a number of major initiatives in sport which would add to the already proud record it had in this area. The present Government had already stamped itself as having done more for sport than any other previous Federal Government.

The Minister for Home Affairs, Mr Bob Ellicott, in a recent statement, said, "The implementation of these initiatives will mean that there is a comprehensive program at the Federal level designed to promote excellence in sport. These initiatives would build on to and extend the impact of the Government's other sport programs. Of particular significance in this regard are the Australian Institute of Sport, The Sports Development Program and The National Coaching Accreditation Scheme."

### International Standard Sports Facilities

Mr Ellicott said that, as announced in the Prime Minister's speech, the Government would provide over the next three years, \$25m on a dollar for dollar basis towards the development of international standard facilities for the States and Territories. These facilities will be planned and constructed in co-operation with each State or Territory Government concerned.

On the basis of what the Government believes are the existing priorities of those Governments, these facilities would include:

New South Wales — a multi-purpose indoor sports hall;  
 Victoria — an equestrian centre and a hockey field;  
 Queensland — a shooting complex  
 South Australia — an indoor aquatic centre;  
 Western Australia — a ballistics complex;  
 Tasmania — a rowing and canoeing course;  
 Northern Territory — a multi-purpose indoor sports hall.

The Government will also construct the track for an international standard motor racing circuit in the Australian Capital Territory.

Mr Ellicott said that the lack of adequate international standard facilities had been drawn to the Government's attention by the Recreation Minister's Council, the Sports Advisory Council and the Confederation of Australian Sport.

"The provision of these facilities will enable our athletes to train on a similar basis to their overseas competitors and avoid situations

where they compete in international competitions with equipment or in localities they are unused to. Moreover, it would enable Australia to be more successful in attracting international competitors." Mr Ellicott said.

## Australian National Games

Mr Ellicott said that it was important that Australian athletes engage in high level competition within Australia. To facilitate this objective the Government would provide funds in co-operation with the States for the holding of Australian Games with a view to their commencing in 1983 on a biennial basis.

It is envisaged that the Games would rotate between the States and Territories. The Government would continue discussions with the States and Territories and sporting bodies on how the Games will be organised and run.

In 1981 the Government would, as a forerunner to Australia Games, provide \$200,000 for the holding of special games at Brisbane using the facilities constructed for the 1982 Commonwealth Games. This will enable the facilities at Brisbane to be given a trial run and also present potential members of the Australian Commonwealth Games team with an opportunity for top level competition.

### National Athlete Award Scheme

Mr Ellicott said that the National Athlete Award Scheme is designed to help our athletes to stay at the top. It will provide awards which will reimburse them for the costs of such things as training and competition, travel and living expenses, and the costs of specialised coaching and equipment. It will be restricted to world ranked athletes.

-Mr Ellicott said that up to \$150,000 would be made available in 1980-81 for the scheme.

"The actual grants to be made each year will depend upon the number of athletes who have attained world ranking, the training programs each athlete submits, and the funds available."

Mr Ellicott said that recently he had made the first award under this scheme to top Australian swimmer, Michelle Ford.

### Pre-Event Training Funds

Mr Ellicott said that the provision of pre-event training funds by the Government for the Commonwealth Games and the Olympic Games had proved to be successful in raising the performance standards of Australian athletes in such events.

"The Government would provide further funds for pre-event training for the Commonwealth Games in 1982 and the Olympic Games in Los Angeles in 1984."

Mr Ellicott said that in 1980-81 the Government would provide \$115,000 to assist Australian athletes in pre-event training for the Commonwealth Games. Further funds would be provided in 1981-82 for this purpose.

## THE EDITOR'S MAILBOX

Dear Sir,

It was with great interest that I read the letters from a Shooters Daughter and J. Brennan, in the October news with their suggestions for Veterans (over 60 years) getting half nominations — which I readily agree with.

The only thing they have missed is the real veteran of 70 years and over. At the Nationals held in Griffith there were a lot of comments about 60 years as a veteran, stating that the boys had been let in. There were a lot of suggestions put in the suggestion box regarding this matter.

If the ACTA and Sponsors of shoots must have 60 years as Veterans, why not a Super Veteran 70 years and over, as these shooters have been the real back bone of the shooting fraternity, and most of these shooters have held office in clubs, represented Australia in the National and State teams.

So what about it all shooting organisations, will you give the real veterans a little thought in the future.

Yours sincerely,

One Of Them.  
A.R. Jamieson

Dear Noel,

Due to the interest you showed in our recent "invitation single barrel" programme, I have set out below the results of that with a few relevant comments.

Firstly, although we sent out some 200 personal invitations, only 38 shooters attended. However this did not prevent us from having a successful even if small shoot.

The attendance leads us to believe that single barrel events from 15 metres are not very popular with many people.

### RESULTS:

100 Targets s/b. 15m. Gunmakers Perpetual Trophy.

Sponsored by Derek Granger.

2-11-80

OA & 1st A grade	Rod Hayes	96/100
2nd A grade	Bill Mackay	92/100
3rd A grade	Steve Balogh	
1st B grade	Terry Mooney	91/100
2nd B grade	Garry Batho	88/100
3rd B grade	Allan Cramp	87/100
1st C grade	Adrian Jones	87/102
2nd C grade	K. Clarke	86/102
3rd C grade	Tony Eames	79/100
best 11m shooter	Ian Pror	78/100
Best lady shooter	Doreen Newcombe	

I have also enclosed a photograph of the donor of the gunmakers trophy presenting the cup to the winner. On the left Derek Granger and on the right Rod Hayes.

Kindest regards,

(Rob J. Parker President)

# ELEY STUDENT TOURNAMENTS

## South West Zone: ELEY Schoolboys'/Schoolgirls' Championships

Held at Warrnambool on 23rd October, 1980.

On the previous day, the weather was 30 degrees, beautifully sunny, tremendous day for shooting; however, on the day the shoot was to be held, they had bucketsfull of rain, wind, howling gale and, altogether, an absolute disastrous day weatherwise. All this taken into account, there were 105 students from 10 schools which attended, and excellent scores considering the weather was shot.

The results are as tabled below:—

### Individual winners—

S. Dignan, Colac, Overall High Gun with a score of 10/10; M. Dignan, Senior High Gun, Lake Bolac, with a score of 11/13 after a shoot-off with S. Loquet from Warrnambool High School with a score of 10/13 who came in second; T. Ubergang, Warrnambool Technical School, Junior High Gun 10/12 and Anthony Benallack, Camperdown High School with a score of 9/12 after a shoot-off, who came in second.

### Winning Team Scores

Senior Team: Terang High School 35/50

Junior Team: Colac High School 34/50

The five highest scoring students on the day then shot for the ELEY Regional Team for the South West division. They shot a score of 31/50 which was an excellent score and the weather had really closed in at that time. The students who qualified for the team were:—

S. Dignan; T. Osborne; S. Loquet; M. Dignan and G. Aldred and we congratulate them on their excellent effort.

ELEY Ammunition would like to thank Harry Brooksby and principal, Jim Leany, from Warrnambool North Technical School for organising the activities for the day and the actual shoot. We would like to thank the president, committee and Angus McSween for their tremendous effort in running the proceedings on the day. And I would especially like to thank George and Betty Biggs for making their time available as State Coach, to give the students, so requiring, tuition on the day.

All things considered, we had an excellent day under very trying conditions.

## RESULTS OF ELEY VICTORIAN REGIONAL SCHOOLBOYS' CHAMPIONSHIPS:

We have now completed the ELEY Victorian Schoolboy Championships qualifying rounds and its unfortunate that the North West zone had to be cancelled, but the results of other zones team scores were as follows:—

North East Zone: 37/50

South West Zone: 31/50

North Central Zone: 37/50

Therefore, we have come up with a tie.

As we are not in a position to hold a shoot-off (this being a postal match), it has been decided that both teams will be forwarded Regional Schoolboys' Champions badges for 1980, and that both teams' names and scores will appear on the schoolboys' shield.

ELEY would like to take this opportunity to congratulate all the participants in the ELEY Premier Series for 1980, and especially the winners. And also thank you to all those teachers, schools, gun clubs and their representatives for the way in which they've conducted these championships.

Details of next year's venues and dates will be advised at a later date.

Bruce Southgate  
Victorian Sales Manager

# CUNDERDIN — CAPITAL CITY OF AUSTRALIA'S INTERNATIONAL DISCIPLINES

(Staff Writer)

The 1980 Australian Championships in Olympic Trench and ISU Skeet were held at Cunderdin Gun Club (known as CMT Gun Club — which stands for Cunderdin, Meckering and Tammin) over November 7 to 9.

Cunderdin is a relatively small but very active farming community about 160 kilometres east of Perth. The population is less than 2000 people.

The championships were an exciting experience for all concerned, particularly the Western Australians. Not only was the tournament the culmination of ten years of solid work by some dedicated people, but a number of Western Australian names appeared in the results summary.

Early in the 1970's, Jules Steiner (well known in international shooting circles) started trying to convince people that a need existed in Western Australia for a top standard Olympic Trench and ISU Skeet facility.

His vision was not shared by too many others, so in 1976, Mr Steiner created a new club known as the International Skeet and Trap Club, and proceeded to look for a suitable site for a range.

Meanwhile, he had become a valued adviser to the Cunderdin Gun Club committee, which was showing a deep interest in expanding the club's facilities.

Consequently, late in 1977, a decision was made to completely remodel the club's layout, which then consisted of two DTL fields and one standard skeet field.

The new layout was to include an Olympic Trench, two DTL fields, and two ISU Skeet fields. While this may seem lavish for a club with such a limited potential "market", the courageous committee showed a remarkable faith in its ability to attract visiting competitors, provided that the facilities were of the highest standard.

An order was placed overseas for Spieth equipment, and working bees were organised to commence the site works.

Some unbelievable things happened during the next few months. The Kevill brothers supplied a portable concrete batching plant, some of the biggest earth moving plant in the area "mysteriously" appeared at the gun club, and club's small but effective band of workers dug and spread and carried and poured, and did all the other things that must be done whenever a club is being established.

President John Harris kept a firm eye on progress, and ensured that expenditure was controlled within budget. Substantial funding assistance had been obtained from the banking system, for which club members had provided guarantees.

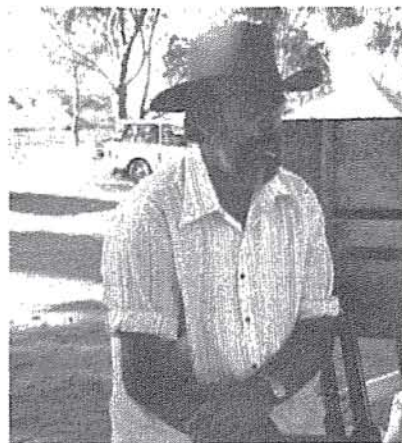

Then in 1978, the next piece of the jig-saw fell into place when the equipment arrived from overseas. Valued at around \$27,000 the order included seventeen self cooking hopper fed O.T. traps (the two spares can be used on a skeet field) and two hopper fed, auto loading skeet traps, plus scrambler timers and ancillary equipment.

The trench is fully concreted with a semi-cantilevered roof, with the traps located on two slotted rails, which makes for quick change-over when necessary. The skeet trap houses are fully bricked and can be used for either standard or ISU skeet.

The Spieth equipment has proved to be so satisfactory that the club has recently bought more traps to be used in the conventional DTL fields.

When it was announced that the 1980 Olympic discipline nationals were to be held at the club, a new phase of the development was triggered off.

This stage included the spreading of 1000 tons of crushed metal to fill the ground, carpeting of the roomy clubhouse, provision of a canopy over the trench shooting stations and erection of a verandah, complete with concrete floor, on the clubhouse.

• Club Secretary, Bruce Hopkins. (He is not as wild as he looks — is he??)

• Club President, John Harris.

All of this work was done in the six weeks leading up to the dates for the nationals.

That the National titles would run smoothly was never in doubt and the record is now on the board.

In an earlier comment in CTSN about the CMT Gun Club facilities, the writer used the expression "supposedly the best in Australia". Just prior to the Nationals, Jules Steiner and the club committee made a point of "encouraging" the writer to remove the conditional word "supposedly". Having now seen it all in action and the quality and evenness of the targets, there is NO doubt that the CMT Gun Club facilities are the best available in Australia for the international disciplines.

I dips my lid to you, fellas!

Directly resulting from the success of the Nationals Tournament the club committee intends to press the Western Australian Clay Target Association for the establishment of a State Training Squad.

Initially, the squad will cater only for Olympic Trench and ISU Skeet and will be based at Cunderdin.

John Harris and David Kevill are certain to be amongst the first shooters to be invited to join the squad.

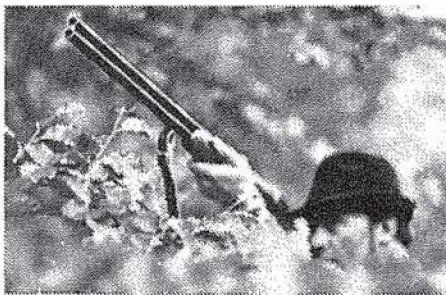

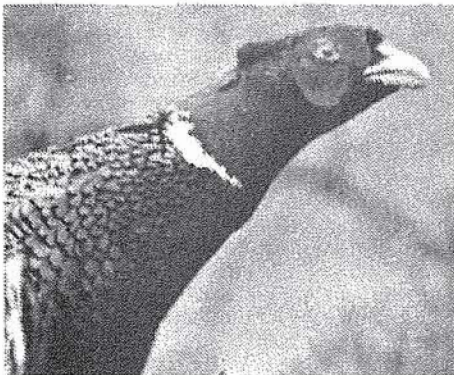

## The Hunting Guns of Suhl

...400 years of traditional craftsmanship

With typical German precision and thoroughness in craftsmanship, the hunting guns of Suhl have earned a very special reputation among sportsmen the world over. Whether the choice is side-by-side or over-&-under shotguns, combination shotgun rifles, double rifles or drillings, the inherent quality and craftsmanship of a gun from Suhl is your guarantee of easy handling and consistent accuracy — whatever your chosen sport. Your local retailer will let you feel the difference 400 years of tradition can make in the hands of a competent marksman.

*If you have difficulty in finding the Suhl gun of your choice, phone or write direct to the Australian distributors:*

# THE WORLD CHAMPIONSHIP UNIVERSAL TRENCH — A WORM'S EYE VIEW.

(by Dr R. Young)

This is my fourth attempt at an article which always turns out not only giving the impression that I am 'knocking' the Australian system but that I also qualify for the appellation 'been shooting five minutes and he knows it all'.

It is somehow comforting to know that no-one knows more about his opponents' clout than the horizontal heavyweight, and being a perpetual 'canvas-back' myself, there can be no doubt that my perspective will be different. To continue in the 'stumblebum' theme and throw some muck about with a 'bloody shovel' might just help fertilise the odd seed.

F.I.T.A.S.C. organises a world championship in Universal Trench which is open to all visitors and the hosts eliminate to make up a comfortable number. This Championship pays good dividends down to the 30th. place and I anticipated that many top shots would shoot for themselves thereby leaving places in National teams for the 'bleeding' of some new talent. For once I was right and Giovanetti, the Olympic champion and Baldi, the defending champion appeared on their own. Similarly Peter Croft was not in the British team and a couple of youngsters were given a go. (In a couple of cases they got a right bloody bleeding to boot.) Other than a certain amount of fear, no — terror, conjured in my mind by the name Montecatini, wrecker of Australian Trap teams, I was quite unprepared for what I found.

About 250 seemed a comfortable number for the Italian Federation who undertook the organisation. About one hundred places were filled by visitors and the balance made up of Italians whose depth of talent I had erroneously been led to discount a little. The Italians had eliminated upon scores from the 'Grand Italia' held at Montecatini the week before and the scoreboard still stood unchanged. Dr. Rossi led me to it and sadistic as most medicos are, enjoyed my gulps and squawks.

In short, some thirty odd squads with a 190 and several 180's in each of them. I cheerfully pointed out that Universal Trench was more difficult and anyway no-one could keep up that standard two weekends running. In fact, Italians filled twentyfive out of the first twentyseven places and pound for pound knocked hell out of their guests. On the average, scores were some 2% down of the O.T. results — which is exactly what Peter Wray has said for years.

As all Australians know it is impossible to convert O.T. to Universal Trench. Someone should have told the Italians because in about thirty minutes by pulling ten traps out of each bunker and inserting a small printed circuit board the change was made. Spring tensions were not altered and angles set on the beautifully maintained hopper fed traps which threw a pretty solid, yellow target the full legal distance.

The 'Maestro' was called in to adjust one trap in each bunker so as to produce the '24' maker'. This target required malevolent genius to set up and is very hard indeed to hit (of course you get it 5 times on Universal) as evidenced by the red devil who pinched my cheek when some hot shot (no less than Baldi) dropped three in a row in practice.

Perhaps my expression 'Red Devil' should be explained. The Italian 'National Executive' are poured into magnificent red shooting jackets by a good tailor. They commanded respect like a Master of Fox Hounds, refereed tirelessly and unobtrusively, yet still found time to make friends and enjoy life. Never to hear a voice raised or a loudspeaker bleat was bliss and prompted me to tell Ivo Gotini that his brains were only exceeded by his beauty. Gotini backed towards the wall until he realised that I was both married and hysterical. Quite seriously, I was really impressed, the referees knew the Federation rules as if they used them all the time — which they do of course.

So many shooters towered over my mediocrity that I really lost track for a time. The Olympic Champion clearly meant business and many national groups, unable to compete in Moscow, were all set to knock him off. They did not make it. My money was on one Silvano Basagni, bon vivant, human and from my viewpoint the greatest shooter in the world (as distinct from a clay busting machine). As it happened, Basagni and Giovanetti were tied after 275 targets and 90% of those present were disappointed to see Basagni tie for third place with their National Champion Danna and Marocchi after a difficult last round. Naturally the Italian team destroyed all opposition in spite of a junior shooter having a torrid time.

All this was happening on Universal Trench which is classified as a 'novelty event' and 'dead duck' in Australia. Somehow the message has not reached all those poor Italians who are currently pouring the concrete for even more shooting stands to accommodate both Universal and Olympic Trench. These Northern Italians must be a really wierd lot — they actually enjoy their daily practice and in Bologna alone there are sixteen clubs which own at least one Olympic Trench.

One fully equipped Olympic Trench and two extra bunkers allows three Universal Trenches for a medium size shoot. A simple matter of supply and demand. Probably this is why our teams fail in the inclement Italian environment — they are just not good enough. All this saddens me because I have hit many targets whilst being carried by the great Basagni shooting on my left. This Italian Master nearly impressed me as much as Neil Berry at the 1st. Pacific's; the day Neil picked himself up and shot 147 straight in filthy weather conditions. However there is not a group of Knight errants who will magically and unpractised carry Australia to the Gold medals. Of course we can take the Russian/American alternative and make soldiers of our stars — at the expense of the masses.

Italians are not rich and they only shoot Trench, Universal or Olympic, at a cost that must be minimal and based upon bulk purchases. The main difference is at a fundamental level of shooting philosophy. Italians seem to use their club in its fullest sense by calling most evenings to shoot a round or two and meet their friends. This is a true example of shooting for fun where the only man to beat is the 'Maestro' who sets up the traps. Thus, every day, they practice what George Biggs preaches and programme their mental computers until the vast majority become very good shots indeed.

By contrast, Australians are offered Trench, Skeet, D.T.L. and even exotica; the same day but at substantial expense. (Practice is relatively neglected.) Such is the price of affluence — to be a Jack of all trades and master of none.

To add insult to injury, a controversial team selection is made each year and misery is a subsidised shooter who fails.

The possibility exists that shooting must be accepted for shooting's sake and like most other amateur sports, be rewarded by nominal trophies. Perhaps this might be the key to having fun?

A few hours after leaving Italy we were honoured to be the guests of the Chevalier David de Lossy, President of the Belgian Association who is the inventor of the ZZ's. His ground is meticulously maintained — that word again — and placed on the most windy part of his estate. The fascination of this true Z.Z. shooting was only matched by the Chevalier's 300 year old Chateau which was used by both William of Orange and Louis 14th. when commanding their armies in the field.

The Chateau contains prominent photographs of Mackintosh who is spoken of in the same breath as King George V. There is a reloading device 'temporarily' fixed to a casement after presentation by Mackintosh about a century ago.

When shooting at these Z.Z.'s, I was unusually and spectacularly lucky mangling a considerable series of helices with 36 gram Maionchis. No one was impressed, it was expected — and Mackintosh would have done it better! Yet I felt no resentment, present Australian travellers live on the goodwill built up by Mackintosh and his compatriots.

Again speciality is seen, again the shooting for a name written on the club list of Champions and perhaps a little flack from the multi-nationals who see small future from a full fun day on one box of shells.

In England, thanks to the good offices of the C.P.S.A. I attended the preparations for the Grand Prix (Parcours de Chasse). The course was to be entirely new for equities sake and the Trap siting was by Bob Armistead, father of Parcours in England. The day was spent in this expert company with England's National Coach Clarrie Wilson acting as safety officer. Setting up such a course is a specialist occupation. Guaranteeing safety is very difficult and yet again the idea of one or two nearly impossible targets at every station; the key to a happy conclusion.

I was particularly impressed by one constant factor in all these countries. No excuses! There is no dishonour in being beaten by a Trench target at full chat, a Z.Z. on a windy hill or a tree weaving 'battue' target at Parcours de Chasse which travels nearly 200 yards.

In contrast, we Australians must find an excuse when a 'dolly dropper' is clearly missed. **Where are we going?** Handicap shooting is no longer profitable. Several clubs have the courage to experiment with the apparently retrograde step of A.T.A. shooting. Indeed, the challenge of the 80's is for D.T.L. to survive. On the subject of D.T.L.: Italians: 'what is that?' Clarrie Wilson: 'For old ladies and little boys.' Famous English Gun: 'Shot 100 straight again last week and came no-where (for the last time.)

Belgian view: 'I remember D.T.L. a few years ago'. A Frenchman: 'D.T.L. — What is this?'. C.P.S.A. salaried executive: 'D.T.L. persists as a function of overall growth in new areas. Generally the percentage of D.T.L. adherents is dropping as the beginners mature to accept the challenge of a difficult discipline.' Naturally, all these people except the last mentioned, were biased either by genuine ignorance of D.T.L. or by the commitment to a speciality.

Perhaps most rewarding for me were the regular meetings with the international administrative leaders of our sport. Naturally, very high level talent is retained by both the I.S.U. and F.I.T.A.S.C.; on the shot-gun council of the former and the directorate of the latter. I was very impressed by the altruism and patience devoted to the theme of international unity whatever the flag. Olympic or non Olympic, being 'trooped' at the time. Unfortunately interdiscipline respect, like charity, begins at home.

Pat Browne once wrote along the lines that international shooting was a lusty infant in Australia. This is journalistic licence of course. Actually Australian international trap-shooting is a cranky teenager — just look at its parents! I have only been interviewed once by a journalist upon the subject of Trapshooting. My published opinion was that Australia should not send a team of shooters to the next world championships (U.I.T. or F.I.T.A.S.C. — the management is the same) but rather a team of administrators; perhaps selected by the shooters! Perhaps it behoves good 'parents' to go to enormous lengths to establish the true interests of their charges. Perhaps there is even a case for the 'National Ground' — dozens of them.

"Maybe I shouldn't tell you this but word's going around town that your boss chases girls. And at his age yet. He's about eighty, isn't he?"

"That he is," replied his secretary. "Let him chase girls. Dogs chase cars all the time but when they catch one, can they drive it?"

# RIGHT ON TARGET

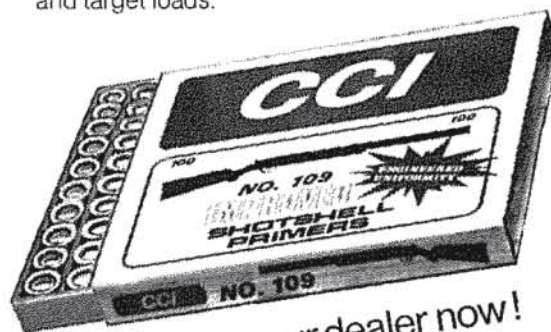

## CCI SHOTSHELL PRIMERS

TAKE THEM FOR GRANTED.

A very special primer mixture developed by CCI chemists gives these primers a longer, hotter burning flame to thoroughly ignite all of today's shotshell powders.

This makes for consistent velocities and uniform patterns, time after time. This boring consistency makes for some exciting shooting.

Available for hunting loads and target loads.

Get them at your dealer now!

Get the whole shootin' match  
CCI primers and ammo, Speer bullets and  
RCBS reloading tools.

# 1980 VICTORIAN TRADE DAY DISAPPOINTS

(Noel Southey)

The annual trade day staged by the enthusiastic committee of the Firearms Traders' Association (Victoria) was held at the Lysterfield shooting ground of the Victorian Field and Game Association on November 17.

As has been the pattern in the past, the day followed a weekend during which major suppliers of firearms and shooting accessories present a trade fair for members of the Association.

In the past, these promotions have been most successful. However, such was not the case this year, and the attendance during the fair was poor.

• The Remington 'camp' at the Vic Trade Display — from left: Firearm Traders' auditor (name unknown), Terry Roberts, Mike Third and Ross Levinsohn, all of Boustead Trading, the Remington agents for Australia; and Rob Brewer of Alcock & Pierce.

• From left: Clive Whelan (Glen Waverley), Greg Mueleman (Clayton) and Brian Clark enjoy some Eley hospitality. Brian Clark has been appointed Tournament Director for the 1981 Australian Trap and Skeet Championships.

Event 2.

TROPHY - 25T SR

The Australian Clay Target Association has arranged group movements of competitors and families (and friends) to depart from Brisbane, Sydney or Melbourne. Prices include return air fare, nine nights accommodation on a twin-share bed only basis and transfers from Auckland to Hamilton and return. Ex Melbourne \$420, Ex Sydney \$390, Ex Brisbane \$410. All enquiries should be directed to Mrs Jan Brunt at the ACTA office, P.O. Box 198, Blackburn, 3130. Phone (03) 878 2533.

• John Fuller, of Fuller Firearms, demonstrates a new Miroku 3800 series shotgun.

Even worse was the apathy shown by dealers who literally stayed away in droves from the Firearms Traders' project.

This active group was founded two years ago, having developed originally as a non-autonomous division of the Sportsgoods Federation of Victoria.

One of the major aims of the group is to provide a discussion forum directed to protecting the interests of firearms dealers, particularly in relation to the introduction of restrictive legislation in firearms controls.

Those who did make the effort to install displays included Alan Ball Agencies, Boustead Trading, Eley Ammunition, Winchester Australia, Gunrunna Trading, Alsafte Industries, Fieldman Firearms, Stewart and Allwood, Neil Pendock Agencies, D.W. Custer, Alcock & Pierce and Whelan International.

Retailers were represented by John Ivey, Darryl Freeman and Colin Tannahill (Dandy Sports Store), Geoff Kelton (gunsmith), Dick Sharp (gunsmith), Greg Meuleman (Clayton Firearms), Fred Shearer (of Malvern), Sheila and Noel Thompson (The Basin Gun Shop), Geoff Hartley (Bendigo), Max Arstall (Pioneer Arms), Ron Spark (Sparky's of Cranbourne), Rob Harris (L.T. Harris), Roger Bale (McEwans), Wayne Clapham (Highett Firearms), Fred Klimek (The Shooters' Shop).

Rod Bowman represented the Victorian Field and Game Association, and presented the "best display award" to Winchester Australia Pty. Ltd.

After a barbecue tea, which was very well prepared and presented by ex Melbourne footballer "Big Bob" Johnson, the annual meeting of the traders' group was held.

This further illustrated the lethargy of the trade generally, when there were no nominations to contest the various executive positions. Consequently, the retiring office bearers were obliged to continue in office.

The 1981 Executive of the Firearms Traders' Association of Victoria is:

Neil Pendock (Chairman), Fred Klimek (Vice Chairman), Rob Brewer (Secretary), Doug Allen (Treasurer). The committee includes Ian Hale, Gary Howard, Noel Thompson, Gary Raymond, Lindsay Douglas, Merv Naughton, Rob Harris and Greg Meuleman.

Before the meeting closed, Ron Clarke (General Manager of Eley Ammunition) presented an address in which he shared with the small attendance some of the excitement of the recent Moscow Olympics.

If firearms dealers in Victoria are concerned about the future of their business, they will have to provide more support for the FTA (Vic).

As Rob Brewer said rather grimly at the end of the promotion "It is to be hoped that the trade gets behind this committee, as, if any industry in Australia needs a strong association for protection, it is the firearms industry. The shooting sports are under constant threat".

The committee meets monthly, and enquiries should be directed to Neil Pendock (03) 543 4633.

## SUPER DISCOUNTS

# A.S.A.'s BATTLE SCARS ON MEND

(Staff Writer)

After six months of bloody battle, the Australian Shooting Association is on its way back to health.

At the 1980 Annual General Meeting of the Association, which was held in Canberra on November 29, many of the divisive issues which have arisen in recent months were addressed by delegates in a frank and responsible way.

Chairman, Peter Papps, maintained a tight control over the meeting at which the Australian Clay Target Association was represented by its National President, Ron Porter and the Executive Director.

Papps was first elected as ASA President in 1976, after representing clay target shooting for a period! At the election of office bearers at the recent meeting, he was returned unopposed after having made it clear to delegates that he would require a much greater level of support and assistance if he was to continue.

The position had become very demanding, especially in view of the Olympic Games boycott (which came perilously close to destroying the ASA), the continuing problems connected with the shooting section of the 1982 Commonwealth Games program, and the natural growth which has occurred in the administrative work load of all shooting disciplines.

Much of the early part of the meeting was consumed by efforts to untangle the mess created by actions taken earlier in the year by the Australian Small Bore Rifle Association. Although that body obviously believed it was acting in the best interests of its members, there seemed to be remarkably little control over what some of its leading administrators and athletes said publicly.

Interestingly, the ASBRA has had a change of chief executive, and Mr Clay Frederick of Sydney has taken the place of the previous incumbent Mr David Hillan.

Probably, the greatest disappointment to come out of the meeting was to find that the sub-committee which was created to look into the possibility of restructuring the ASA to reflect the opinions expressed at the 1980 Shooting Sports Discussion Workshop, had no report to present.

Even worse was the fact that the sub-committee, which is headed by Clay Frederick, had not held its first meeting. This rather disinterested attitude is a serious rebuff to the 110 delegates representing ALL facets of the shooting sports, who, at the Discussion Workshop, caused a unanimous resolution that a broadening of the base was not only necessary but URGENT! Obviously, the sub-committee didn't get the message.

As a consequence of this set-back, the Council of the ASA has formed a Management Committee which consists of the President, Vice President (Mr David Watts of the Amateur Pistol Shooting Union of Australia), Secretary (Mrs Carolyn Anderson) and one other member (for 1981 it will be the ACTA's Executive Director). The first task that has been allocated to the Management Committee is to complete the task of defining a possible restructure plan. A deadline of January 25, 1981 has been set.

Another subject, on which a great deal of spirited debate occurred was the matter of funding the upgrade of the Brisbane shooting facilities in readiness for the 1982 Commonwealth Games.

The scenario has become so complex that it is now very difficult to define areas of responsibility. About the only certainty is that time has defeated the shooting sports, in the sense that every effort was being made to have the revamped facilities ready for an international match, originally planned for October 2, 3 and 4, 1981.

The match will still be held, but on a vastly reduced scale, and on the comparatively primitive equipment which is currently installed. Naturally, the invitation list will have to be severely pruned.

On the subject of overseas competition, Government financial assistance has been made available, which is sufficient to allow the nominated 1980 Olympic shooting squad (excluding small bore rifle shooters, as this discipline was represented at the Moscow Olympics) to compete in Mexico in March as an alternative competition to the Olympics.

The match that has been selected will be held in Mexico City, and is known as the Benito Juarez Tournament. It is a match that attracts a large international entry and has the reputation of being one of the best shooting tournaments in the world.

The squad will train at the American Army Advanced Marksmanship Unit of Fort Benning, for a week before the match.

An exciting future now lies ahead of the Australian Shooting Association, PROVIDED THAT ALL AFFILIATES PRODUCE A GREATER EFFORT. The opportunity to appoint a full time administrator must be taken up (the Australian Government has made a \$49,000 grant to facilitate such an appointment over the next two years).

## CLUB NEWS

### Port Lincoln Gun Club (S.A.)

Dennis Lyman, a Port Lincoln Gun Club member from Wudinna has been given the Le Hunte Sportsman of the Year Trophy. This remarkable achievement is a tremendous boost for clay target shooting in the whole of this area, and has already created intensive interest in the sport. This has resulted in the Port Lincoln Gun Club having many visitors coming to find out what the sport is all about.

Due to the response, the club is looking forward to an increase in membership during 1981.

In the competition, Dennis competed against a footballer, cricketer, basketball player, golfer and a show jumper, all of whom were assessed by a panel of 6 judges.

Dennis was sponsored by the Port Lincoln Gun Club.

### Wagin Gun Club (W.A.)

Advice has been received that the Wagin Gun Club now has a new Secretary. He is Mr Ray Pederick of "Woolgarre", RMB 92, Wagin W.A. 6315.

### Edgehill Gun Club (W.A.)

The Annual General Meeting of the Edgehill Gun Club was held on November 14, at which the following officers were elected: President Geoff Hayward; Vice-President Gary Poller; Secretary Mrs Barb Smith of 17 Francine St., Australind, W.A. 6232.

Mrs Smith has also been given responsibility as the club's press secretary.

### Narrandera Gun Club (NSW)

The Narrandera Gun Club held its Annual General Meeting on November 14. Mr Alan Walker was re-elected as President, and the new secretary is Lyn Ludwick, of "Glenburnie", Narrandera.

### Bordertown Gun Club (S.A.)

At its Annual General Meeting held on November 17, Bordertown Gun Club elected Brian Growden as President.

The incoming Secretary is Mr Tom Mock, whose address is P.O. Box 158, Bordertown, 5268.

### Bairnsdale Field Sportsmen's Association (Vic)

On October 24, this enthusiastic group held its Annual General Meeting.

Mr David Luelf has been elected President for the forthcoming season, and widely known Bruce Hall has been elected as Secretary.

### Hawkesbury Gun Club (N.S.W.)

The Hawkesbury Gun Club is widely becoming known as one of the most progressive clubs in Australia. Some weeks ago, it conducted a major sponsored shooting tournament which attracted television coverage throughout the Sydney area, and which was judged by most to be a resounding success.

The following letter has been received from the club's publicity officer Mr Peter Hunter, and tends to emphasize the enthusiasm which is currently being shown around the club.

It reads: "The first Friday night of the month, the club holds its 30 target H/c graded 11-15, 16-20 & 21-25m, and offers top prizes. The turn up of 10 squads, 69 shooters, for three television sets, attests to how popular these monthly events are. Noms are well priced at \$15 for 30T for trophy value.

The Winchester Hawkesbury Champion of Champions event held recently was a great event. Adrian Hayes, one of the country's best shots, and a true gentleman, took out the honors and the goodies, with Louis Abela making the task of winning considerably harder. Charles Grima of Marconi, and Fred Taylor of Wakehurst made their presence felt by being that one or two targets closely behind. Pictures and story later.

Talking of pictures, our recently held Toshiba-Normans Discount Grand Handicap hasn't been reported because Barry Smith of N & S Gunsmiths has taken off with the photos of the event — last seen somewhere in the mountains of Victoria — if anybody sees B.J. please tell him to come home or send photos via carrier pigeon!!

A thought for the New Year "Your club depends on you."

## MIROKU — HERCULES — FEDERAL THE MATCH WINNING COMBINATION

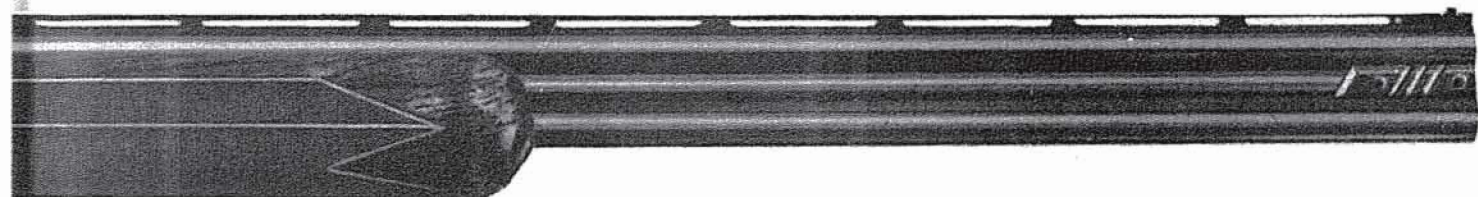

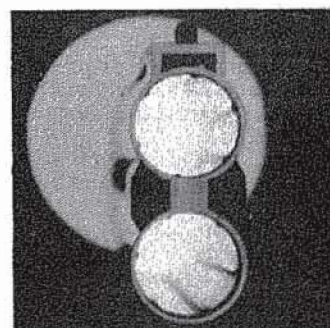

Traditional craftsmanship in shotgun-making since 1893, plus modern precision machinery and chemical technology, have established the magnificent MIROKU OVER AND UNDER SHOTGUN range. Demi-block constructed barrels and receivers forged and milled from a solid block of high strength steel are fitted by highly skilled gunsmiths. All critical parts are machined from steel, heat treated and hand fitted. Because of its durability as well as beauty, FRENCH WALNUT is used for the stock and forearm which are tailored to the metal.

## NEW SOUTH WALES

### NEW SOUTH WALES CLAY TARGET ASSOCIATION REPORT

As from 1982 the NSWCTA will be conducting all State Carnivals (i.e. Trap, Skeet and I.S.U.) in conjunction with various clubs. The N.S.W. Executive feels that the State Carnivals should be under the direct control of the State Association, similar to all other States in Australia. This is the accepted practice in most sports and will lead to bigger and better conducted carnivals. A sub-committee has been formed to recommend a set of conditions for the conducting of these carnivals.

Also, as from 1982 the carnival is to be held during the Easter holiday period — this will mean that all Zone Teams will have to be selected in the early months of 1982; would Zone Committees please note this and organise your Carnivals accordingly.

The NSWCTA is approaching various motel chains to try to arrange a discount on accommodation. If successful, each shooter will be issued with a card which, on presentation, will automatically entitle them to the discounted cost.

A Committee is to be formed at Taree-Wingham Gun Club in January to be known as the I.S.U. Sub Committee. This Committee will consist of one Delegate from the State Association and six elected delegates who will advise on the I.S.U. Training Squad and all other I.S.U. matters.

Phone (069) 226640.

 **AIR NEW ZEALAND**  
We fly the Pacific.

SECRETARY: D. F. Clout  
112 Grove Street,  
KOORINGAL, N.S.W. 2650.  
Phone (069) 226631.

The N.S.W.C.T.A. is quite distressed at the clashing of shoots on adjacent grounds. It is discussing several ways in which to try and correct this, and a final decision will be made at the February meeting. One of the features that is quite apparent is the fact that no system can work without the co-operation of the actual clubs and this is the basis of the whole problem.

(Len Bird)

## N.S.W. RESULTS SUMMARY:

**ALBURY-WONDONGA, 16-11-80** — Hot (28). 30T Hcp 5m Groups: 11-13 m T. French 30-30, 14-16 m L. Mitsch 28-30, 17-19m P. Birch 29-30, 20-22 A. Collins 28-30, 23-25 K. ## QUEENSLAND

# QUEENSLAND CLAY TARGET ASSOCIATION REPORT

Due to the vast geographic size of this State — for instance, Queensland has a total area of 667,000 square miles compared with the total area of NSW, Victoria and Tasmania of 423,543 square miles — this Association plans to write an article each month to let the Queensland shooters know what is happening. Hopefully, this will bridge the communications gap between the Association and its members.

The Q.C.T.A. consists of registered clubs in Queensland. The State has been divided into four zones. Each zone has its own Executive elected from clubs within its zone — three delegates from each zone make up the State Executive.

All Commonwealth and State Championships are allocated to the zones. The zone council then allocates these to the clubs, (usually at a meeting). Clubs must make an effort to have a delegate attend all meetings, putting forward your ideas or constructive criticism. In this way, it is brought to the attention of the Zone and State Executives, thus obtaining the maximum benefit from the Association.

Throughout the year, we will briefly discuss various sections of what the Association is doing for the shooter. If you have any interesting news, please forward it to the State Secretary.

In January, both the Sunshine Coast and Gold Coast gun clubs hold their major shoots.

**DID YOU KNOW?** • In 1963 a club was formed on the Sunshine Coast — it was known as the Maroochy Club — the secretary was K.T. Henebery. The present club was formed in 1975.

• In 1951 the South Coast Gun Club was affiliated — the Club Captain was Cliff Whitney who was an active committee member till 1977 when he passed away — the present Club is known as the Gold Coast Gun Club.

BEV GRICE

## QUEENSLAND RESULTS SUMMARY:

**BARCADDINE, 25-10-80** — Fine - slight breeze (32). 10T DB SS: E. Hannan (Blackall) P. Delahunty (Muttaborra) 10-10. E. Delahunty, D. Gleeson, J. Webber (Blackall), W. Frith, P.C. Rudd, P. ## WEST AUSTRALIA

**AZZURRI, 23-11-80** — Warm, Clear, Light Wind (27). Chp. of Chps: W. Pilkington, P. Melvin, R. Bailey.

Robyn Bailey fresh from his Perth Champion of Champions win looked good early on. However with pressure from Wayne Pilkington and Phil Melvin, Robyn wilted to eventually come 3rd with 43-48. Wayne and Phil both shot 44-48. Lack of match practice told against Phil in the shoot-off leaving Wayne Pilkington Champion of Champions for 1980.

**BUNBURY, 16-11-80** — Fine & Windy (20). Dist DB Chp 50T: Max Cubic (Collie) 49-50. Clayton Hyder 48-50, FM John Griffiths 44-50.  
J. Roach 21 2085.

**EDGEHILL, 29-10-80** — Pleasant (37). Edgehill held its annual Telehelp Appeal night shoot recently. 37 shooters contested the 5 DB Eyeopener and 10 DB event. Very pleasant conditions prevailed with good scores being recorded. Many thanks to all our visitors especially those who travelled from Wagin.

Overall winner with a score of 10-10 was Geoff West of Wagin. A shoot-off between, Brian McCrystal (Collie), Ted Atkinson (Edgehill), John Fry (Edgehill), Barb Smith (Edgehill), Larry Ferris (Edgehill), Garry Poller (Edgehill), Bill Rudler (Edgehill), Alex Harvey (Bunbury), Colin Roach (Bunbury). All with 9-10. A short shoot-off followed with Alex Harvey being the winner.

Telehelp Co-ordinator Marisha Sidelnik assisted our president in presenting the trophies, which were donated by Peter's Creameries. On conclusion Geoff Hayward presented Marisha with a cheque being all proceeds from the night's shoot, our donation to the 1981 Telehelp Appeal.

**ESPERANCE, 9-11-80** — Fine (20). Skeet Sixth & Final stage 1980 Aggreg: B. Wilson, H. Burchard, G. Bedetti. 1980 Aggreg: E. Gorrett, L. Giles.

**ESPERANCE, 23-11-80** — Fine, warm (24). Club DR Chp: E. Gorrett 25-32, D. Neal 24-32.

M.H. Tester 090 711094.

**KAMBALDA, 9-11-80** — Hot & Windy (6). 5 W-U EO: T. Vodden 5-5, B. Vodden, J. Posta 3-5, 20 W-U Club Chp: L. Fraser 17-25, B. Vodden 16-25, T. Vodden 20-30. 10 DB Pts 16m: T. Vodden, T. Mason 29-30. 20DB Hcp: L. Fraser, B. Vodden, J. Posta 19-20.

**KATANNING, 31-10-80 & 1-11-80** — Fine Hot, (100). 25DB Cash Grd Event: 'A' R. Anderson, B. Nicholls, G. Holly, 'B' S. Gibson, B. Kowlad, D. Leach, B. Baker, 'C' C. Stade, D. Burchard, S. Leach. 25Skeet Dist Event: S. Gibson, R. Bailey, R. Nottle, 0-2 hcp T. Trethowen, 3-5 hcp S. Leach, 6-10 hcp J. Clegg. 25DB Pts Dist Event: O.A. P. Humphrey, 'A' R. McDonald, P. Peacock, 'B' P. Humphrey, S. Gibson. 25DB Rifle Hcp: R. Nottle, G. Way, B. Steel, M. Green, 11-12 M. Green, 13-15 R. Federick, 16-19 D. Anderson, 20-25 S. Gibson, 'C' A. Pobjoy, G. West. Ladies High Gun N. Catling. Miss.

**KATANNING, 2-11-80** — Cool, cloudy (183). Cherry Tree Pool Field Chp: first & OA Winner: G. Featherstone, C. Hinley, T. Catling, T. Rose, V. Marney, W. Kennamer. Intermediate Chp: M. Green, S. Clint, Veterans Chp: K. Norrish, D. Medlen. Ladies Chp: C. Ireland, B. Smith, Jnr Chp: A. Charleson, D. Burchard. Unplaced Trophies: 11-12m R. Nottle 13-15m C. Stade, 16-18m C. Hyder, 19-21m M. Cubic, 22-25m D. Wiese. Unplaced A.M. Rnd: G. Holly. Unplaced P.M. Rnd: D. Stee.

**KATANNING, 16-11-80** — Fine - windy (34). Closing shoot - Novelty Shoot. Rob Bessen Trophy - 25 ATA SB: G. Featherstone 33-33, T. Catling 32-33. DD: R. Ritchie, B. Kowald 12-12. Triples Sweep: M. Hawley, B. Catling, D. Leach 8-6. High Gun: J. Catling 26-26.

Secretary: E. Forward.

**NEWMAN, 2-11-80** — Fine & Hot (9). 20T Silent Rise: Rod Jenkin 18-20, John McKay & H. Drane 17-20. 25W/U Chp: B. Pickard 21-25, R. Jenkin 19-25, P. Robson 18-25.

**NORTHAM DISTRICTS, 16-11-80** — Fine (20). Marc Bristow-Stagg had the job in front of him on Sunday at Island Farm, as he was the only member in a position to wrest the Aggregate Competitio from Kevin Hopkins, who in the closing stages of this years competition had gradually tightened his grip on the title through consistent and accurate shooting.

Unfortunately for Marc he was unable to gain more than 2 points for the day while Kevin Hopkins overcame a minimal handicap and scored 3. This boosted his score for the year to 29 and gave him the Annual Aggregate title for 1980 on the final day of the competition, 4.5 points in front of Marc Bristow-Stagg.

Laurie Reynolds was the overall winner on the day followed by John Kevill, Kevin Hopkins, Marc Bristow-Stagg and Joe Wansbrough.

High Gun for the day was won by John Kevill after a shoot off with Laurie Reynolds.

John Kevill was the A Grade section, Laurie Reynolds the B Grade and Joe Wansbrough the C Grade.

**PERTH, 16-11-80** — Fine, overcast, light S.W. wind (60). 100T Eley Skeet Grd: 'A' S. Gibson 96, A. Yozzi 96, W. Kennamer 94, 'B' C. Stickland 90, T. Harris 89, D. Ayres 88, 'C' P. Dyer 87, M. Mascio 81, J. Creed 70.

Congratulations to the winners and place getters in the various grades.

Scottie Gibson from Katanning won after a shoot off. Carl Stickland won his first sash after many years of skeet shooting. Also some new faces in the C grade winners circle.

**PERTH, 22-11-80** — Fine, warm, light, wind (25). 65T Mixed Club Chp of Chps: R. Bailey 62, J. Eddy 61, W. Pilkington 60. Night Event 38T Mixed Club Chp of Chps: R. Bailey 44-48, A. Yozzi 42-48, M. Green 39-48, Intermediate M. Green.

A very poor attendance greeted these two prestigious events. Robin Bailey returned to his best form and showed the champion he is by taking off both events. Congratulations to him and the other place getters. New comer Mark Green gave indications that he will be one to watch by taking off the Intermediate sash in the night shoot.

Lohrey 23-25, 'C' P. Thomas 21-25, 11m L. Faulkner, 10 pr DR: K. Campbell 19-20, L. Viney 17-20, W. Kerrison 14-20. 10T Mixed: P. Thomas 18-20. High Guns: 'A' K. Campbell 74-80, 'B' R. Meile 65-80, 'C' P. Thomas 62-80.

**TASMANIAN, 9-11-80** — Ideal. 25T Olympic Trench Grd: 'A' AA Styles 23-25, 'B' J. Murphy 24-25, 'C' N. Curbishley 25-25, 'D' G. Woodberry 22-25. 25T ACTA Skeet Grd: 'A' N. Curbishley 31-31 (Shoot off), 'B' A.N. Taurian 25-25, 'C' R. Meikle 23-25, 'D' P. Manion 21-25. 10T Rotarian DB DTL: R. Cains 10-10, J. Boer 10-10, R. Wilkie 9-10. Rotarian Team Shoot Various teams 10T DTL: North Leunceston Rotary Club, Michael Blake Mem 20T DTL 16m Grd: 'A' J. Murphy 100-100 (Shoot off), 'B' H. Kerrison 28-28 (Shoot off), 'C' M. Maroney 31-31 (Shoot off), 'D' D. Powell 18-20. High Gun N. Curbishley 68-70.

The Michael Blake Memorial DTL event was most keenly contested & resulted in 14 shooters of various grades with perfect scores having a great shoot off. A great battle developed between John Murphy & Alan Styles with the former eventually scoring 100/100 for a great win.

## NORTHERN TERRITORY-

**DARWIN, 26-10-80** — Raining (23). Budget Rent-A-Car trophy 50T Grd 16m: 'A' W. Horner 50-50, 'B' C. Smith 49-50, 'C' N. Waugh 46-50. Sweeps 20T DB 16m: G. Chan 25-25, G. Joiner 24-25.

Thanks to Budget for their support. Good to see Noel Wanh winning 'C' Grade & a metre.

**DARWIN, 6-11-80** — Warm (26). 10T PS Hcp: H. Brown 30-30 Sweeps. Club Trophy 20T PS Hcp: Pam Horner 59-60, Col Smith 59-63, Peter McAndrew 58-63. Congratulations to Pam Horner on her first trophy win in even company.

**DARWIN, 9-11-80** — Overcast & Hot (27). 20 pr DR 16m: K. Bowring 33-50, P. McAndrew 34-42, C. Smith 36-46, 20T 16m: G. Joiner 73-73, 20T Hcp: K. Selwood 20-20, 1 rnd Skeet: B. Munt 25-25.

Today was the Darwin Gun Club AGM — Congratulations (or comiserations) to those newly elected committee mena. The best shoot off all year took place today with Scrubby Tower taking out the second event 73-73 but failing to make his 75 break by missing his 75th target.

**KATHERINE, 2-11-80** — Hot (17). Dist Title 20T DB 16m: Ian Rowbottom, Des Jones, Allan Hobbs, 10T Cont. 16m Pts: Mary Stacey, Kay Hobbs, 10T Cont 16m Pts: Ian Winstanley, John Bailey, Allan Hobbs. Novelty "Round the Trap": Ernie Rayner, Gill Collins, John Bailey.

The club had a visit from John Bailey from Belmont club in Brisbane & he did well for himself. Expected an exciting shoot off for 1st, 2nd & 3rd as Ian, Des & Allan all had 19-20 in the district title — but they had a spate of misses resulting in "Rowie" taking out the title.

*The teacher, after discussing the punishments harshly meted out in former days, asked: "Who can tell me what kind of people were punished in the stocks?"*

*"A young voice volunteered the information: "The small investors."*

# SHOOTING'S HAPPIEST COUPLE

• Deserie Huddleston (nee Wakefield, of Mildura) and husband Bob (known to his many friends as "Yogi Bear") pictured on their wedding day in September. The couple who have been well known clay busters for many years, have settled in Griffith (N.S.W.).

(Photo by courtesy of Don Turvey).

## CLUB NEWS (Cont'd from page 31)

### St Helen's Gun Club (Tas)

The first match at the new location of the St. Helens Gun Club is programmed for January 18, 1981.

The club is now located at Humbug Recreational Reserve, and is the result of many hours of voluntary labour.

The opening program has been designed to appeal to everybody — from novices right through to family groups.

Lunch and afternoon tea will be available and there will be "refreshments" after the match is completed.

Remember St Helens' big day — January 18, 1981. All welcome!

### Young Solferino Gun Club (NSW)

At the recent Annual General Meeting of this club, Mr Michael Ricketts was elected President.

The club's new secretary is Craig Hardy, of Cowra Rd., Young (P.O. Box 516), 2594.

### Port Pirie Gun Club (S.A.)

A new secretary has been appointed at Port Pirie Gun Club. He is Mr T.W. Wood, and the mailing address is P.O. Box 266, Port Pirie, 5540.

## S.K.B. CHAMPIONSHIP AND TEAM SHOOT

(from Rob Cartledge)

Sebastopol Gun Club provided a hot windy day for the South West Zone S.K.B. Team Shoot and Championship. Colac, Ararat, Geelong, Hamilton and Sebastopol Clubs contested the right to host this event in 1981.

The Hamilton Team, R. Duthie, C. Kneebone, L. Howlett, A. Flack and T. Nash carded 120/125 to hold out the defending Sebastopol Team, R. Cartledge, N. Paterson, G. Ludbrook, W. Calaby and R. Mark by 2 targets.

Rob Duthie shot 37/37 to win the S.K.B. Championship from David Paterson 36/37 and A. Flack 34/35. "B" Grade went to Neil Cracknell 35/36 from John Close 34/35 and G. Leslie 26/27. Geoff Hodges won his first sash in the "C" Division with 30/32 from Ray Walsh 29/32 and Norm Watts 29/33.

Miss Karen Williams won the Ladies trophy scoring 22/25, Dean Crouch the Junior's trophy with 23/26 and Jack Hughes the Veterans trophy with 24/25.

A Grouped Handicap event shot from 15 metres was won by Harvey Eldridge with a fine score of 90/90. The 11-15 metre winner was junior Steven Dignan 20/20 from Tony Jolly 22-23. Phil Graefe took the 16-19 metre group 89/90 from Norm Paterson 63/64. The 20-25 metre division winner was Harvey Eldridge 90/90 from Bob Cartledge 79/80.

*The bald man called at a chemist to get some hair restorer and said: "Just how effective is this hair tonic?"*

*"Well," replied the chemist, "early this morning I spilled some of it on my comb and now it is a brush!"*

# TWENTY-SECOND N.E. VIC. STUDENT FIELD DAY

Staff Writer

For the 22nd successive year, Charles Whitla (retired school-teacher now living in Wodonga) arranged a "field day" or inter-school clay target competition for students from schools in the north eastern division of Victoria.

The project attracted 156 competitors from 12 schools, and was held at Wangaratta Gun Club.

The weather was not very kind, and frequent rain squalls swept the ground. However, this did nothing to dim the enthusiasm of the young clay-busters who put on a faultless display of safe handling of firearms.

One of the highlights of the day was the "return to the scene" of five of the first group of students, who were trained by Charlie Whitla at Benalla in 1956.

Robert Hammond, Phillip Gribben, Tom Little, Noel Cheshire and Warren Sanderson made a special effort to attend, and put on a demonstration of DTL shooting for the students, prior to the commencement of the match.

Ian Hale and Graeme Boyd of the Australian Skeet Team, accompanied by Ray Lawford, President of Wangaratta Gun Club, put on a demonstration of top class skeet shooting, which almost over-awed the youngsters.

In an interesting experiment, VCTA President Robert Buchan provided a shot by shot commentary of the skeet display, which really created some interest.

The standard of shooting throughout the inter-school matches was very high, and some very creditable scores were recorded.

Eley Ammunition is the traditional sponsor of this annual match, and was represented by Geoff Kilgour and Ian Hale.

Late in the day, Robert Buchan commended the organisers for their dedication, especially in view of the serious community need to ensure that young people are trained to handle firearms with respect.

The final highlight was the presentation of a special citation to Newton Thomas for his untiring efforts in training people. Unfortunately, due to ill health, Mr Thomas was unable to attend, and the ACTA Executive Director, Noel Southey, accepted the award on Newton's behalf.

• Ian Hale (left) Eley sales rep. is welcomed by VCTA President, Robert Buchan. The occasion is the 22nd student's field day, held at Wangaratta Gun Club.

At a recent trade conference an executive was speaking on the intake of junior workers. He dwelt on the danger of neglecting the clever boy in an attempt to bring along the duffer, and concluded with the words: "Don't let us curdle the cream in trying to coddle the clot."

# 1981 FINANCES

To enable registered shooters and other interested parties to be better informed on the Association's forward planning, we are printing the financial plan adopted by the Executive Committee for 1981.

It clearly demonstrates the point that the twelve months will be a difficult period, but tight controls on all expenditure will pull us through.

## FINANCIAL PLAN — 1981

# You & Browning. The ideal pair.

In a few seconds you will call for your "clay", and once again you will be appreciating the perfect balance, the ideal weight and the efficiency of your Browning gun. A gun carefully built by experts and designed to give you years of trouble-free shooting pleasure, even under the most demanding conditions.

MONTREAL

FOUR MEDALS :

GOLD - SILVER - BRONZE (SKEET & TRAP)

**SPECIAL SPORTING—Nos. 205 & 206.**

A gun specifically designed for Field and Game type simulated shooting. Available in two models—27½" or 30" barrels with a 12 mm Rib.

**SPECIAL SKEET—No. 105.**

The natural choice for American or I.S.U. Skeet, with title winning balance, swing and patterns. 27½" barrels, 12 mm Rib.

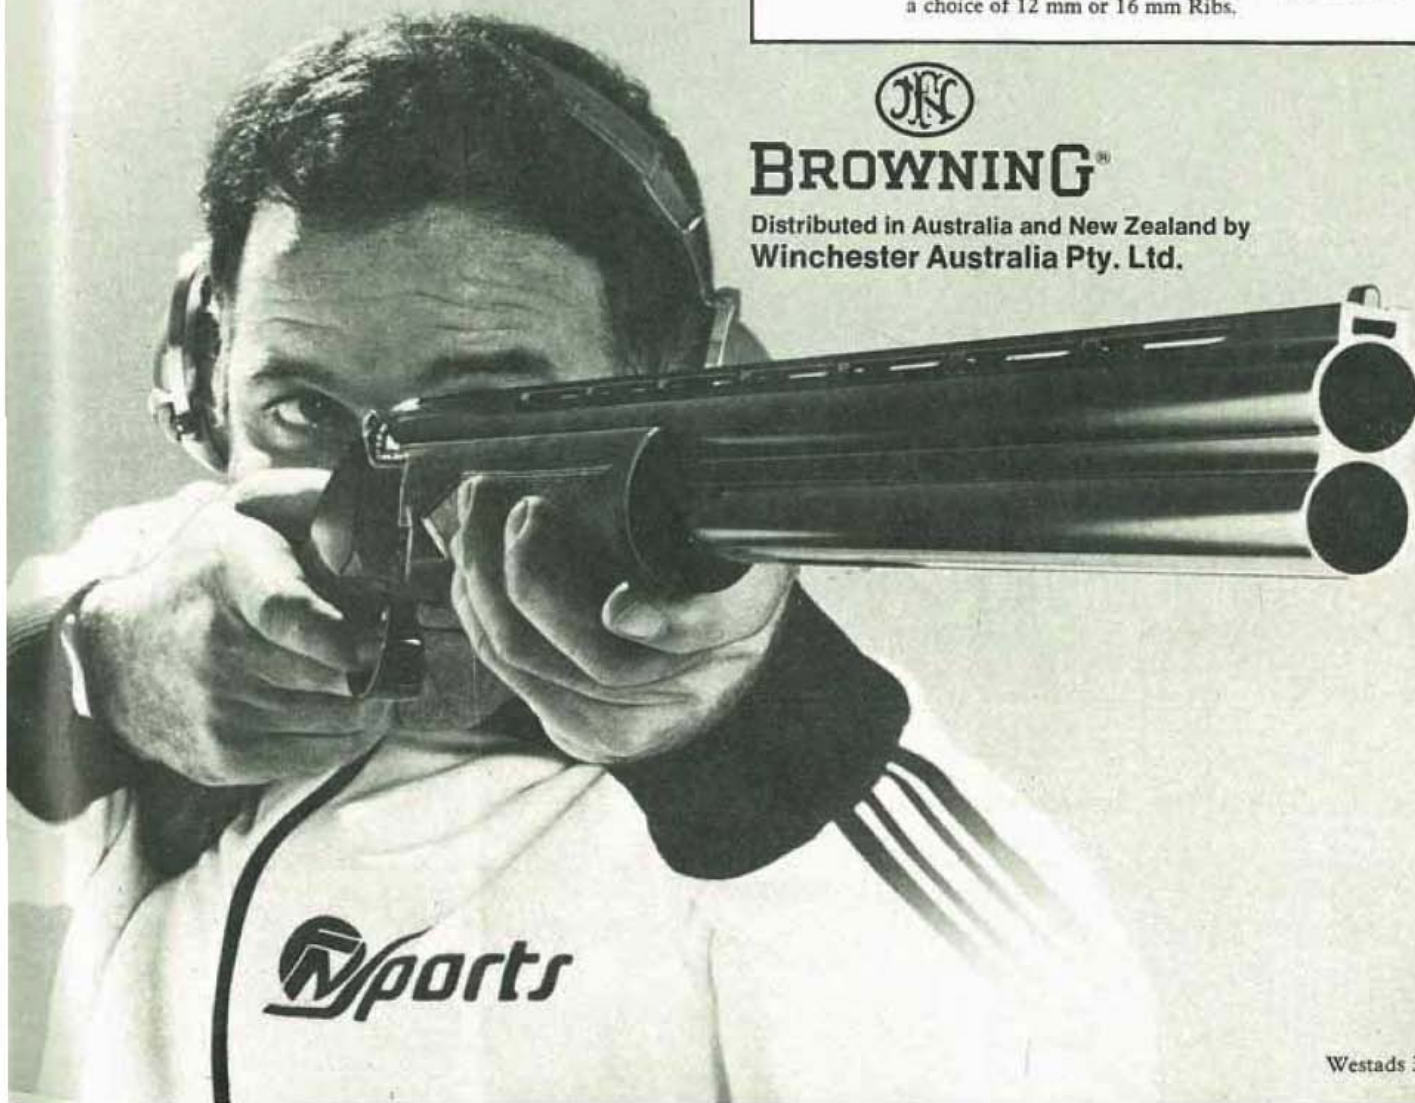

**SPECIAL TRAP—Nos. 6 & 2.**

The ultimate for Trap or Trench. 30" barrels with a choice of 12 mm or 16 mm Ribs.

## BROWNING®

Distributed in Australia and New Zealand by  
Winchester Australia Pty. Ltd.

# Shoot with the accurate Australian.

Surprised? You shouldn't be. Winchester rimfire cartridges are made right here in Australia. Have been since 1967. Winchester knows what an Australian shooter demands. Power. And accuracy. The groupings below of comparable field rimfire rounds show that Winchester delivers just that. Five-10 shot groups were fired under laboratory conditions at 50 yards, with no room for human error.

(Under field conditions, of course, absolute accuracy is subject to human error.) Representatives were present from Sporting Shooters' Association of Australia, Victorian Field and Game Association, Small Bore Association and The Police Department, and verified all aspects of the test. Winchester was clear leader in both average and best 10 shot group (as illustrated).

When you specify Winchester, the accurate Australian, you give yourself an edge before you even start shooting.

**WINCHESTER.**  
The accurate Australian.

The Winchester group is the only group that can be completely contained within the diameter of a one cent piece. Superimposed targets are shown in the top illustration. At left is an enlargement of the Winchester group.

The test relates to field load, solid high speed .22 ammunition only, from the following manufacturers: Winchester (Super Speed), Remington (Hi-Speed), Federal (Hi-Power), CCI (Mini Mag), Eley (Civic High Speed), Eley (Hy Score Supersonic) and Stirling (Super High Speed).
