# Why miss vital shoot-off targets?

Beat heat haze *distortion*  
with a

30" and 32"  
BARRELS

## Raised Floating Rib

### IT'S MIRAGE FREE

Don't let "miraging" spoil your shoot off chances when you can have the Superior Sight picture of the MIROKU 10 mm raised floating rib. The same rib was used to win the Grand American at Vandalia. A floating rib does not cause the point of aim to alter as barrels become hot, because it is designed to expand independently of the barrels. The special floating design prevents heat haze distortion so common with standard Vent Rib guns.

Rec. Retail  
Price Only

Here's why you should use

## NEW MIROKU 3800 C

Sighting along this high post rib keeps your head erect so that your eyes are centered in their sockets and not squinting through your eyebrows. If you wear glasses you look straight through the lenses and avoid the parallax that occurs when lenses are oblique to your line of sight.

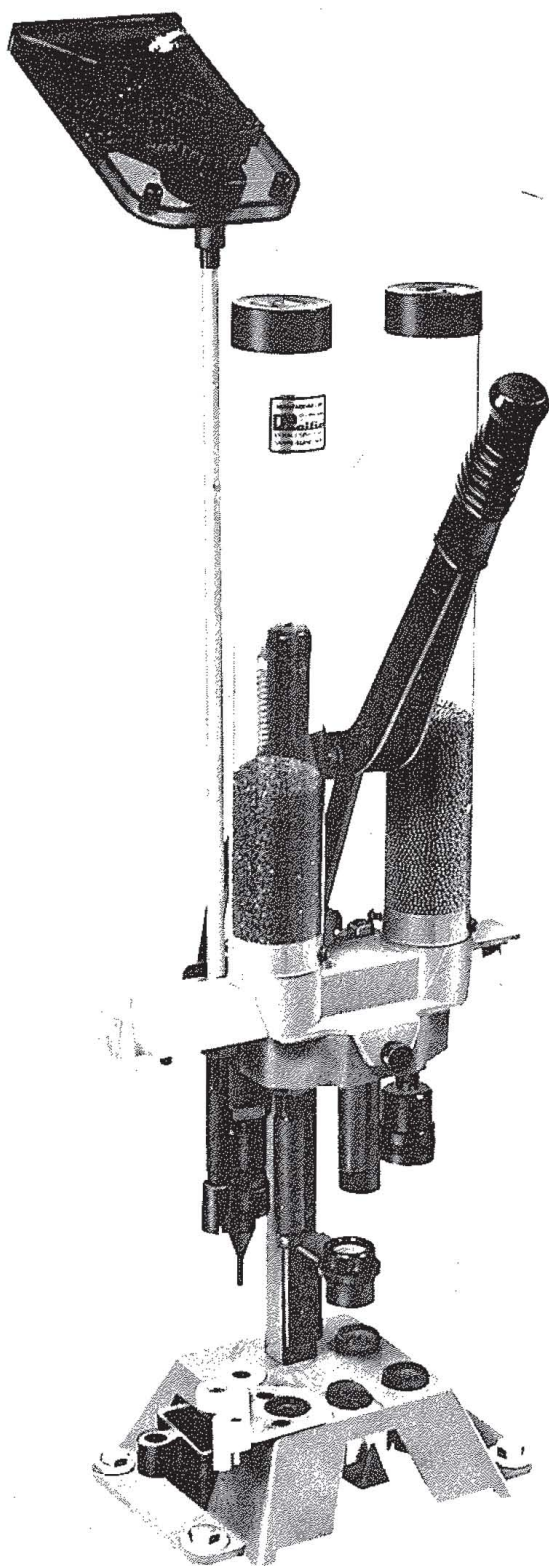

Miroku 3800C's high post rib lifts the line of sight so that your head and eyes are positioned for best vision. Any tendency to lift your head is greatly reduced because high targets don't disappear behind your eyebrows.

# Div of Hornady Pacific155APFSHOTSHELL RELOADER

Pacific's 155 is designed for the average shooter, but the only thing average about this reloader is its price. When you compare all reloaders in the 155's price range, you'll rate the 155 tops in all-around performance.

Shooters who reload everything from 12 gauge 'goose loads to 410 gauge skeet loads will find plenty of versatility in the 155, in addition to fast, easy operation. Pacific's 155 is a top-quality reloader, carefully manufactured of finest materials to provide many years of heavy service.

- Produces factory-like reloads. Resizes entire length of shell, including head and rim. Spring-loaded finish die produces perfect tapered crimp.
- Versatile—113 interchangeable shot and powder bushings give you a wide selection of loads (see page 38). The 155 handles both plastic and paper shells of all base wad types and all brass heights. Quick-change Die Sets let you load everything from 3-inch 12 gauge shells to 2½-inch 410 gauge shells.
- Top-quality materials and workmanship. Dies are polished steel with deep blued finish (no decorative chrome plating to flake and peel). Base and die head are large, heavy-duty castings.
- Foolproof charge bar. Bushings cannot be accidentally reversed in charge bar, and powder-shot charging sequence cannot be unintentionally interrupted.
- All operations end on a positive stop, including fully adjustable wad seating. Clevis-type ejector effortlessly ejects shell from resize die.
- In-line Automatic Primer Feed (APF model pictured) is safe and jam-free; includes Primer Tube Filler. APF Conversion Unit may be added later to 155.
- "Floating" crimp starter automatically seeks out original crimp folds. Interchangeable crimp starter inserts (8-point, 6-point, and paper roll crimp) furnished with loader.
- Large-capacity hoppers keep you loading without interruption. Wide mouth allows quick refilling. Unbreakable primer catcher is standard equipment.

# EXECUTIVE DIRECTOR'S NOTES

A big thank-you to those who have written, or phoned, to welcome me to the Association.

The level of co-operation and willingness to help I am receiving from the Honorary Officers of the Association. Staff, and registered shooters, is very encouraging. I am looking forward to meeting many more shooters as time goes by.

\* \* \* \* \*

I thought it might be useful to list the girls in the office, together with their responsibilities. This may help if you have need to phone with particular queries.

Mrs Jan Brunt — Accounts, C.T.S.N. Advertising and Winchester Trap parts.

Mrs Pam Jacobsen — Coaching Accreditation, Referee Processing, Typist.

Miss Leanne Day — Computer Operator, Processing registrations, Handicaps, etc.

Miss Gail Tudor — Receptionist, Mail Orders, Break Badges etc.

\* \* \* \* \*

There are some very big events scheduled in the next few weeks.

The I.S.U. Nationals at Melbourne Gun Club on September 4, 5 and 6. It seems that these championships will be very successful, with competitors from all States.

John Harris from Cunderdin, W.A., will be defending his Trench title, as will Ian Hale the skeet crown.

The I.S.U. Nationals take on particular importance this year with the Commonwealth Games in view.

The N.S.W. Trap Carnival will be held this same week-end at Tamworth Gun Club. It promises to be bigger than ever, and late reports indicate all is in readiness for the big influx of shooters.

September 5 and 6 will see Cairns & District hold their Annual Shoot, incorporating the Air New Zealand event and the Northern Zone Winchester Tournament.

Tasmania too, has a big one, the Eley Classic, at Tasmanian Gun Club, Evandale, on August 30.

A busy and exciting time in clay target shooting, with big events from one end of the land to the other.

\* \* \* \* \*

Mail delivery problems still plague us. From our observations, Victorian deliveries improve, then South Australia or W.A. drop behind, then Queensland or New South Wales. It seems that similar difficulties exist in all States, but at different times. I can only ask that particularly with C.T.S.N. advertising, plenty of time be allowed to get copy to us in Melbourne. We do not want to disappoint, but deadlines have to be met.

\* \* \* \* \*

By the time these notes are printed, 1981 National Champion of Champions, Ken Lowry, will have left for New Zealand to take up his post as General Manager for Winchester, New Zealand. Ken goes with the best wishes of clay target shooters, and we look forward to receiving material from him for these pages. He has promised to send us news from the "Land of the Long White Cloud".

Enjoy your shooting,  
IAN C. HILL

# COMMITTEE COLUMN

Dr. Paul Cains leads a very busy life. As he was supplying the Committee Column for this issue of Clay Target Shooting News, we were prompted to ask him for a list of his "titles"

Here they are:

A.C.T.A. EXECUTIVE COMMITTEE MEMBER  
A.C.T.A. MANAGEMENT COMMITTEE MEMBER  
A.C.T.A. INTERNATIONAL SUB-COMMITTEE MEMBER  
A.C.T.A. DEVELOPMENT SUB-COMMITTEE CHAIRMAN  
A.C.T.A. DELEGATE TO THE A.S.A.  
VICE-PRESIDENT OF THE A.S.A.  
A.S.A. MANAGEMENT COMMITTEE MEMBER  
A.S.A. RE-CONSTITUTION COMMITTEE MEMBER  
A.S.A. DELEGATE TO THE AUSTRALIAN COMMONWEALTH GAMES ASSOC.  
PRESIDENT OF THE TASMANIAN AMATEUR SHOTGUN ASSOCIATION  
PRESIDENT TASMANIAN SHOOTING ASSOCIATION

\* \* \* \* \*

## LEGISLATION

"Around the Traps" is the title of the President, Laurie Connor's column. My column could well be titled "Around the Committee Meetings", but it wouldn't be half as interesting! However, these meetings have a great relevance to all of us when the subject of legislation for the control of fire-arms is raised. Such a situation now exists. As you will have seen from the past two editions of the C.T.S.N., the Sherbrooke Shire Council is trying to stop our friends from the Field & Game using their Lysterfield range because of the noise. Now if the range happens to be set up in the vicinity of a housing estate, you could understand the problem, but this is far from the case. It appears that just a few people are trying to stop the legitimate recreational pursuits of many. Now, just consider your own gun club. How would you cope if your local Council decided to close you down? To defend any such action, funds would be needed — lots and lots of money. Now, if the Lysterfield problem can be overcome in shooters' favour, then your Council and mine would be far less likely to take us on — ratepayers don't like seeing their money wasted.

So this particular court case is a test case, and the results of it will affect us all. The A.C.T.A. has already given \$1,000.00 to the Field and Game to support them, but we don't have any funds set aside for legal battles, whether they be against local councils or State Fire-arms legislators. Because of the lack of money specifically for this purpose, the Management Committee came up with the idea of a \$5.00 levy on all adult registered shooters. In other words, the money collected by the levy would be invested and would be used ONLY to protect shooter's interests. This suggestion has been circulated to the Executive Committee and will be discussed at the meeting at the end of October. Now it is up to you to let your State representative know how you feel about kicking in \$5.00 to this fund, or maybe drop a line to the National office — YOUR OPINIONS ARE NEEDED.

## A.S.A.

Protection of shooters interests was very much on the agenda at the July meeting of the Australian Shooting Association. The A.S.A. is the umbrella organisation for all competitive shooting, but until the last meeting was pretty well just a travel agent for international representatives. The A.S.A. decided which competitors should represent Australia, and made the arrangements. Following the "SHOOTING IN THE EIGHTIES" workshop in Canberra last year, the A.S.A. has re-organised itself. The meeting in July agreed unanimously to re-structure the whole organisation to allow it to promote shooting in every way and defend shooters rights wherever they may be challenged. Standing Sub-Committees will be formed to look after each area of interest, such as INTERNATIONAL COMPETITION, PROMOTION, LEGISLATION. On behalf of the A.C.T.A., I submitted a proposal for an A.S.A. Legislative Fund, similar to the one suggested for the A.C.T.A., and all the affiliates to the A.S.A. thought it was a worthwhile idea and it will be one of the first items on the Agenda for the Legislation Committee.

The A.S.A. is to get a new Constitution to allow any shooting organisation to join, and the first and biggest to do this should be the Field and Game Association. The A.S.A. intends to offer representation to any fire-arms organisation, so that

competitive and recreational shooting can speak with one voice. The benefits of a strong united body are obvious.

## INTERNATIONAL SUB-COMMITTEE

Re-organisation and re-structuring are all the go at the moment. The International Sub-Committee of the A.C.T.A. has needed a face-lift for some time. In the past, many criticisms have been levelled at it by the "I.S.U. Contingent" and the standard DTL shooters, and to some extent the criticism has been justified. So it was decided to re-structure the International Sub-Committee, giving it more authority and more responsibility to run its own affairs. To accomplish this, I made a proposal to that Committee at its June meeting, and the other members added their ideas and changed a few things around and now it will go to the full National Executive for further discussions and alterations, if necessary, before it is given the final seal of approval.

It is most important for everyone to realise that the National Executive has the final say so on anything to do with clay busting. A bit like the Federal Government. Everyone on it has been elected by you, through your club, your Zone and your State. It is designed to be a democratic group and everyone on it has an equal vote and equal say.

The guidelines for the Management Committee are laid down in the constitution, but the International Sub-Committee has never had clear cut instructions to follow. The proposal for the National Executive to vote on in October suggests that there be five members on the Committee. One of them would be the National Training Squad Manager/Coach, who, although selected by the International Sub-Committee, must be confirmed in the job by the full Executive. The other four representatives on the Committee will be elected directly by the Executive and will consist of two members nominated by State I.S.U. Sub-Committees, one member to represent "standard" clay busting and one member from the Management Committee. The Chairman would be selected by the members of the International Sub-Committee.

The most important new job for the Committee would be preparation of a budget for the next year and the Financial Statement for the previous year. I believe that it is vital that this committee, which is responsible for spending a fair amount of money, show ALL shooters what funds it wants and exactly how it spent the funds it was given.

Letting people know what's going on, COMMUNICATION, is a big problem for any organisation, so it has been suggested that the details of all the meetings be sent not only to all Executive members, but also to the State Associations and State I.S.U. Sub-Committees. To make quite sure no-one thinks the Committee has any secrets, it is suggested that observers be allowed to be present at meetings. Now this proposal will be discussed by the Executive and afterwards the full details will be published in this magazine.

## TALK BACK

Talk back radio is very popular, communication is a two-way business which is why I suggested this "Management Committee Column" back in January, I believed, and still do, that you, the reader, should get to know more about what is happening from the people on the Management Committee who are trying to run the sport. We are all shooters, like you, and we all love the sport, and want to do the right thing for it. Sometimes, we get the feeling that this magazine is like talk back radio, but everyone else has their sets turned off! This is YOUR sport and YOUR magazine, so why not make the communication two way, write to the C.T.S.N. and give your opinion, your suggestion, your criticism.

## PHONO PULLS

One of the matters the Executive would like to know about from individual shooters and clubs is Phono Pulls. It has been suggested the A.C.T.A. buy enough sets for use at the "Nationals", but we want to make the best buy, so we would like to hear your experience of them. We need to know who made them, what they cost, and any problems with their use. Send your replies to the National office.

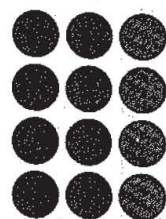

I have tried to keep this column straightforward and about topics that interest the shooters all over Australia. A big fat "Editors Mailbox" in the next magazine will tell me if I have succeeded.

○

# THE ELEY REPORT

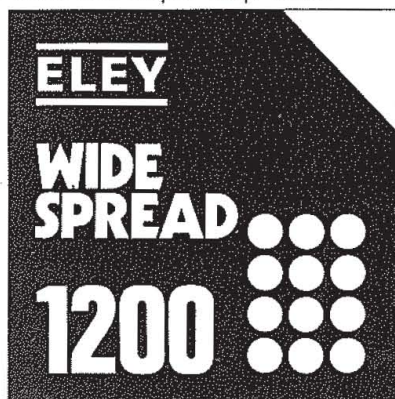

FROM RON CLARKE

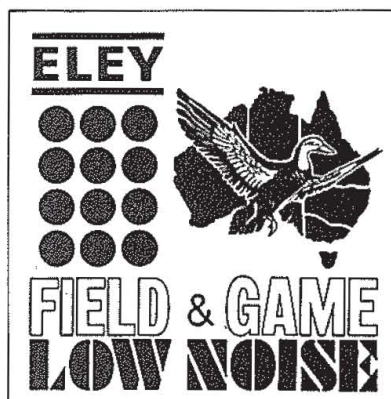

## NEW PRODUCTS

"WIDE SPREAD 1200" — we have now developed a new cartridge with reduced velocity and wider spread to compliment our range of trap shells.

At this stage, they should be available around November, and sell for the same price as Special Trap 1250 and Super Trap 1350.

"FIELD & GAME LOW NOISE" — because of the pressure placed on some shooting grounds, ELEY decided, with the F & G Federation's approval, to manufacture a reduced recoil low noise cartridge in an attempt to stem the flow of complaints. These will arrive in Australia during October, and be available at your retailer shortly after.

The ELEY organisation is a part of a larger sportsgood group which includes the Lyrebird range of sports balls, cricket gear from Turf and Grasshopper, and now the Bob Simpson label, Grays of Combridge squash racquets, Karachi King hockey sticks and a number of other top sports brands.

Now we are launching the Le Coq Sportif footwear range. Le Coq Sportif is one of the more famous sports brands in the world, featuring a triangle surrounding a fighting cockerel. The footwear range is manufactured under a technical agreement with Adidas France, and features a number of innovations in design not yet seen in Australia.

They are being distributed in Australia on a limited franchise basis so, if you have any trouble locating a Le Coq Footwear store near you, just 'phone us toll-free at 008-136004, and we shall be delighted to advise you of its address.

One marketing first, which is being offered with the shoes, is a free insurance cover. Every purchaser will be covered, at no cost, against any accidents or mishaps which may occur whilst wearing the footwear. We're confident the balance and design of Le Coq make our shoes the safest on the market. Nonetheless, accidents do happen anywhere, anytime and, in those

instances, our \$1,000 towards hospital expenses could be very handy — after all, it hasn't cost a cent.

\* \* \* \* \*

Our much-travelled comrade, Ian Hale, has returned recently from another sojourn to the United States, where he shot particularly well. His results were:—

U.S.A. International ISU Skeet & Trap Nationals  
1st Visitors' Section 292/300  
5th Overall US International Skeet 386/400

Talking about the States, ELEY is being well represented in this year's Grand American, with four of the five-man Australian team being ELEY shooters, plus Jon Whittakers, another top ELEY man, on a private tour, joining them for the event.

# ELEY

## 153 years of excellence.

# CLAY SHOOTING TERRITORY STYLE!

Staff Writer

The social atmosphere of Clay Shooting was never more evident than at the Katherine Gun Club's Annual Charity Shoot for the Katherine School of the Air, held at "Ballongilly" over the long weekend in June.

For those who have yet to venture to the top end, read on and envy those who were at the shoot in the glorious Northern Territory sunshine and clear skies.

The Katherine School of the Air is a unique style of teaching for children in outback Northern Territory, where students operate in classroom style over their radio sets. This annual shoot is one of their main fund raising events on the calendar and the efforts of their staff, particularly the convenor of their shoot, Pam Crellin, along with some parents, made sure we were all well fed, watered and suitably tired the whole weekend.

Ballongilly is the station property of Ern and Pauline Rayner, situated some 40 km from Katherine township. The Rayner's turn over their property, home and Gun Club facilities to the K.S.A. for this event.

For the uninitiated, it must surely be one of the most enjoyable times you could ever have and the events of the weekend could not be accurately described in writing. Ask any of the many interstate visitors who now plan part of their annual holidays to come visit "Ballongilly" and you too, will front up one day. The challenge is out now. Next winter come up and see us.

The three day shoot commenced on Saturday, June 6th at 10 a.m. Over two traps fronting onto the most glorious expanse of N.T. bushland you could imagine. The fully equipped two lay out Club is from an elevated position about 8 km from the homestead upon which everyone descended at nightfall to camp on, in and around in a unbelievable assortment of tents, swag rolls and in fact, in many instances, on nature's mattress (the ground). They breed 'em tough in the Territory.

Event 1 was a 10 target single barrel eye opener and was won outright by Mick Milera, carding the only possible.

Event 2, a 25 target S/B, saw the N.T. past National Single Barrel Champion, Max Leaford, show that he has lost none of his touch winning from Horrie Mills and G. Gall.

Event 3 was won by the 'Nooka' Kid, Paul Farnam, with an impressive 101/102 points from 'dead eye' Allan Hobbs 100/102 and Darwin Gun Club president Bill Horner third with 71/75.

Shooting finished just before dark and a spirited session at the 32 metre mark (similar to the 19th hole) worked up an

• A group of happy winners at "Ballongilly" receiving some of their trophies from Ray Mack.

appetite for the voluminous dinner that was provided free as were all the meals for the weekend, back at the homestead.

Most shooters had travelled some distance to get there that day and headed off to their various camping places for the night early. However, enter Lockie McKinnon the station manager, who not being a shooter, had ventured to the Katherine races for the day and had suitably fleeced the local book-makers and rocked back at about 1 a.m. and wanted to 'kick on.' Finding all in bed, he busied himself around the kitchen emptying another dozen or so tinnies and nobbling the sweet curry chilli powder which surely must have been administered with a coal miners shovel.

Concurrently, the cool of the evening nurtured a host of tired bodies into a happy dream of a hearty 8 a.m. breakfast and a next day's shooting at clays that looked like red tractor tyres against the perfect blue background but . . . 5.20 a.m. heralded the first of a barrage of shots fired into the air followed by several others trying in what has become tradition now, to outdo each other.

All up and finished breakfast early, everyone in convoy style makes their way back up the escarpment to commence day two.

After a 10 target handicap eye opener, divided by five shooters the premier event was started with some 75 entrants. The K.S.A. Charity 2000 sponsored by Eley Ammunition yields three Franchi Automatic Shotguns and 2000 Eley cartridges in three metreage divisions with prizes for lady and junior shooters.

The help that Eley Ammunition and in particular, the S.A. and N.T. Sales Manager, Ray Mack gives to the K.S.A. contributes in no small way to the continued success of this event.

Franchi shotguns were won by: 11-13 metres, Tony Hare; 14-17 metres, Ian Rowbottom; 18-25 metres, Peter Smith.

Minor placings were filled in 11-13 metres by second, P. Lang, third D Arstall; 14-17 metres second Des Barnes, third Elliott Crowsan; 18-25 metres, second Des Mills, third Jim Walls. The Ladies trophy was snared by Kay Hobbs and the Junior trophy by Tony Pfitzner who incidentally worked tirelessly over the three days in the Trap House when he wasn't called out to shoot.

Day two events were followed by a series of novelty events including the unique Tower Shoot. The trap houses have been built perilously close to a cavernous drop off the side of the hill and by carefully picking your way down on to a ledge, the Tower event is shot off the fully operating DTL trap and

• Winners of the Franchi Shotguns, from left to right: Ian Rowbottom, Tony Hare, Peter Smith, Ray Mack (Eley S.A. Sales Manager).

## AUSTRALIAN SHOOTING ASSOCIATION CHANGES WILL PROVIDE STRONGER SUPPORT FOR AUSTRALIAN SHOOTERS

Staff Writer

Over two million shooting enthusiasts and sportsmen are to receive stronger organisational support for their activities due to a re-structuring of the Australian Shooting Association.

The re-organisation was agreed upon by delegates during a General Meeting of the ASA held in Canberra on the weekend of July 3 and 4, 1981. The changes will safeguard the autonomy of the five original shooting associations, while providing a stronger national framework for the efficient implementation of the Association's pursuits.

The decision came as a result of recommendations from Gleeson and Power, Management Consultants, after an in-depth review of the structure of the ASA carried out with the help of Federal funding.

Major changes will include a new Constitution providing for the admittance of all competitive and recreational shooting bodies into the ASA and the appointment of an Executive Officer to provide administrative leadership and assistance on a full-time basis. Provision is also being made for the employment of professional assistance in the area of public relations. In addition to Government assistance, it is expected that the Association will be funded by industrial concerns.

The meeting also witnessed the election of David Watts as ASA President, Dr Paul Cains as Vice-President, and Don Brook as Secretary.

Mr Watts is a Sydney Managing Director with considerable experience in the administration of shooting sports. For some time he has been president of the Amateur Pistol Shooting Union of Australia and is past president of the New South Wales Amateur Pistol Association. Dr Cains is a Tasmanian physician with a long-standing interest in skeet and trap shooting. He is a keen competitor and administrator.

Don Brook is well known as a small bore rifle shooter and has been involved in competition and administration for many years.

Commenting on the ASA re-organisation, Mr Watts said, "The changes will allow all shooters to enjoy the benefits of a professionally run Association. For too long we have lacked the strength that only a unified voice can provide. This re-structuring provides us with a base from which the interests of shooting sportsmen and women can be projected and, where appropriate, protected."

In addition to assisting with the organisation of such well known events as the shooting sections of the Olympic and Commonwealth Games, the ASA, through its affiliates, provides advice and facilities for all types of shooting and actively promotes the recognition of wild life management and the conservation of game animals. It promotes and assists in the education of young people in the art of safe shooting, firearms etiquette and the law as it affects shooters and hunters. ○

## HALE DOES WELL IN U.S.

Staff Writer

Top I.S.U. Skeet shooter, Ian Hale, has recently returned from Salem, Oregon, where he competed in the U.S. International Championships. These Championships were used as the final try-out to select the U.S. team for the World Moving Target Championships in Argentina, in November.

Ian finished fifth overall, shooting 386/400 and won the International Trophy. In winning this trophy, Hale defeated Chilean, Iruarizaga, who was the Bronze medal winner at the Benito Juarez Tournament, in Mexico.

Shooters from the U.S. Army Marksmanship Unit at Fort Benning, Georgia, finished 1, 2, 3, in the championship, again highlighting the excellence of methods and training at Fort Benning.

At the end of day one, Ian was in ninth place with 96/100. Day two with a great 98, jumped to fourth, and another 98 over the next 100 targets had him in third spot, going into the last day. Feeling the strain a little, Hale shot 94 to end up fifth overall, a truly fine performance.

Ian Hale is a man dedicated to his shooting, who believes that Australians will only do well internationally by competing overseas as often as possible.

All claybusters say "well done," Ian Hale. ○

# VICTORIANS TAKE SIX OF SEVEN PAPUA NEW GUINEA NATIONAL CHAMPIONSHIPS

by Stan Collins

Victorian Bill Iles and Stan Collins travelled to Kavieng — New Ireland to take part in the 7th Papua New Guinea National Clay Target Championships, held at the Kavieng Gun Club on 12th, 13th and 14th of June 1981.

The hospitality of the Club as extended to the shooters by President Trevor Hodge and his fellow committee members was magnificent to say the least.

Many of the shooters are ex-patriots from Australia and New Zealand who are currently working in the Papua New Guinea area. Some of those who are better known "on the tracks" are Frank Berry from Bendigo Victoria, Graeme Norris from Tasmania and the current President of Papua New Guinea Clay Target Association, and Bob Sadd and Win Spurr from New Zealand.

Winchester shells were used exclusively throughout the programme.

Two shooters who provided plenty of entertainment for participants and spectators alike were Billy Iles and David Parker (David named by Billy and affectionately known as the "grass parrot"). David is also hailed as the Bougainville Dart Playing Champion and back marker shooter for Papua New Guinea.

On Friday evening the 12th, shooters were treated to a smorgasboard dinner at the Malanga Lodge where host "Shane" put on a treat with tropical fish, crays and other local delicacies. Malanga Lodge is situated about 30 feet from the quiet waters edge where you dine under the white painted corrugated roof, the coconut palms or the stars.

Saturday 13th a smorgasboard was held at the Kavieng Hotel and followed by a Calcutta Sweep on the Papua New Guinea National Handicap.

Fish and rice dishes were again in plentiful supply.

At 9.00 p.m. bidding for shooters began in order of handicaps. By 11.00 p.m. all shooters were sold and a large purse was on hand. Iles and Collins made in excess of K120 each (\$150 Aus.).

Sunday 14th there was a magnificent smorgasboard and joint Presentation Ball at the Kavieng Club. Trophies were presented to Clay Target Shooters and winners of the Annual Rabaul-Kavieng Yacht Race. A highlight of the evening was the presentation of two "almost" identical wood carvings to Billy Iles and Stan Collins by Club Secretary Roger Pocock.

While Billy Iles exposed his to the cheering crowd — Stan Collins stood in the corner clutching his — desperately thinking of a response and how he would explain such a gift back home.

The temperature at Kavieng is a constant 25-30° C. throughout the year, with a rainfall up to 82 inches per annum. Humidity is between 75-80°. The only rain experienced during this period was a light shower on the first day and 2½" one evening.

At the completion of the shoot Billy Iles and Stan Collins stayed on for four days as guests of committee members. They were shown over copra, coco and rubber plantations and taken deep sea fishing. And of course Stan had to inspect the logging operations and three sawmills to be made to feel at home.

A very enjoyable time was had by all.

• Picturesque Kavieng Gun Club — host to P.N.G. Nationals 1981.

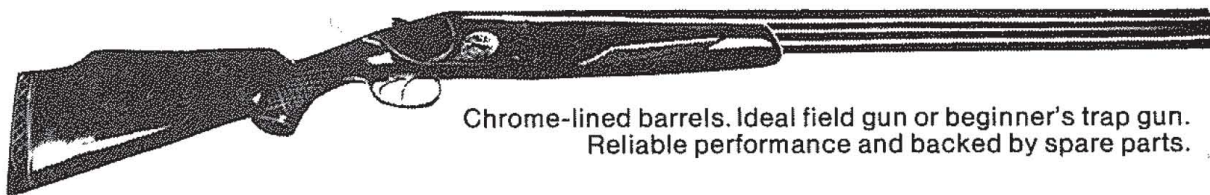

## Papua New Guinea National Clay Target Championships

# HOW TIGHTLY GAME WILL SIT

(by Tom Gannon)

A fox would not budge out of a 10m. by 20m. patch of blackberries last July. Yet 50 metres away two shots had been fired and three of us were talking and tossing 4-kg. rocks into the patch.

Only when terriers, picking their way under the blackberries, barked at the fox did he bolt.

Later, a fox trotted over a hill, and heard and saw us 400 metres away on another hill, on farm land. It quickened speed and disappeared in a gully. A shot fired in its direction did not put the fox to flight, so it was presumed to have slipped into a hole.

I was relieved to be asked to keep watching for the fox while my mates walked 800 metres down and up awfully steep hills, and got it with the terriers.

The caution of this fox is typical of "red men" in a frequently-hunted patch where the shutting of a car door will make them bolt.

Yet at times they sit so tightly that they won't move until a dog lunges at them.

Game birds are the same. A duck will occasionally not break cover with the first burst of shots. Other times they take wing when hunters are hundreds of metres away.

Quail and snipe can be just as jumpy. Yet at times they have to be kicked up.

Fellow Korumburra (V.) GC member Ken Bell recalls the time that foxhounds had gone away on a deer. To kill time, Ken and a companion strolled through a ferny patch where a deer was often roused. Nothing moved. They were in mountainous Walhalla country and rolled a boulder through the patch. It cut a path within three metres of a stag. Not until the dogs returned and the patch was checked for a third time did he break.

Hog deer are noted for taking off after a hunter has walked past.

# AROUND THE TRAPS

L. G. Connors

## Monday 1st June, 1981.

Along with Western Australian Executive member, Mr Roy Holtfreter, I attended a Memorial Service for the late Mr J. Newton Thomas at St. James Anglican Church, Glen Iris. A fitting ceremony to honour a man who left many memories.

## Friday 5th to Monday 8th June, 1981.

Mildura Gun Club conducted a four day Skeet Carnival for the devoted Skeet shooter over this weekend. Seventy-four competed, in the various events for top honours. They came from S.A., N.S.W., Victoria, with a contingent from Tasmania, led by Brian Sidnel, a regular attendee to the club's major tournaments. High praise was extended to the organizers by many in attendance with a strong request for the club to put in a similar tournament again in 1982. For those interested I can advise you, through this column that because of the success of this years Carnival, Mildura Gun Club administrators have programmed a skeet tournament that will appeal to all dedicated skeet shooters for the same weekend in 1982. Be there, it will be bigger and better than the 1981 venue.

## Wednesday 10th to Wednesday 17th June, 1981.

These days were spent in Melbourne at the A.C.T.A. office. It was during this period, Mr Ian Hill, our new Executive Director, commenced to take over administration responsibilities of the Australian Clay Target Association. His first introduction to our sport was to minute a meeting of the International Sub-Committee, that was held on Saturday and Sunday.

Because of my election to Presidency of the A.C.T.A., I resigned as Chairman of this Committee. Bob Buchan, Victorian Executive member, well known for his involvement in International shooting has been elected as the Committee's new chairman. Dr Paul Cains, Executive member from Tasmania is also a new face on this Committee. Peter Quire, the S.A. State Coaching Director has been given the responsibility of another title and that is National Training Squad Manager Coach. Peter has the responsibility of assisting in the formation of our National Training squad. No doubt those interested will read more about the actions of this group as things develop.

## Thursday 25th and Friday 26th and Saturday 27th June 1981.

Along with N.S.W. Executive member, Robbie Parker, I journeyed to Port Macquarie to inspect land that had been recommended as a possible site for our national ground headquarters.

A meeting had been arranged to take place with the Shire of Port Macquarie on Friday 26th June 1981. After discussions with Shire Clerk, Mr Ron Bray, Port Macquarie Mayor, members of his Council and representatives of the existing

Port Macquarie Gun Club, Ken McWhirter, Col Cross and Mrs Greta Yabsley a physical inspection was made of land available in the area. All parties concerned were most co-operative and assisted to their fullest with our investigation, the result of which will be reported to the full Executive for their deliberation and action. There is no doubt in my mind, that shooting has become of age in Australia, where a need exists for a ground with adequate facilities and first class back up amenities to conduct our major annual shooting tournaments. The possibilities are there, but we must act in the near future, if this is to become a reality. Only the sport of shot gun shooting will gain from such a project.

#### Sunday 28th June, 1981.

The weather, as it has been over most of Victoria for some weeks now, was wet and cold, but still I ventured out to Frankston Australian Gun Club, where there were plenty of events being conducted for the hard core competitor. Sixty-two shooters were there to enter the trench, trap and skeet competition. Bricklayer, Tony Rowe, who is well known to many for the support and encouragement he gives to the development of Olympic trench shooting, entered the 20 targets Points Championship, and won it with 59/60. L. Marabella won the Single Barrel Championship 15/15. S. O'Connor from N.S.W. won the Double Barrel Championship 49/49.

Ian Buchanan shot 64/75 to win the 50 target Trench Championship, and Alex Crikis from Melbourne Gun Club, who was having a day out with his family, shot 47/50 under difficult conditions to win the 50 target Skeet Championship.

**Monday 29th, Tuesday 30th June, 1981.**

Both of these days were spent at the A.C.T.A. office, in consultation with Ian Hill, our Executive Director.

**Wednesday 1st July, 1981.**

As has been customary for many shooters in past years, and this year being no exception, shooters took their usual "sickie" from work and attended the popular first Wednesday in July, Cosgrove shoot. Some must have been a little too ill to attend as numbers were down slightly on previous years, but still, the shoot was favoured by the patronage of seventy shooters. Bob Deveries from Frankston Australian Gun Club, was there to try and make the 1981 Cosgrove D.B. Championship a hat trick in his favour. Bob won the title in 1979 and 1980. The title eluded him this year and was taken out by that well known gentleman of our sport, Vin Ryan, who hails from the host club. Vin shot 63-63 to win the title. The handicap event was taken out by Robert Weaver from Moulamein N.S.W. 30/31 Norm Lipple also from Moulamein collected the High Gun over both events 59/60.

**Thursday 2nd July, 1981.**

Attended the North West Zone Council meeting held at the residence of John Clark in Warracknabeal. The Council made final preparations for the 1981 two day Zone Carnival to be conducted at Kerang on the 7th and 8th November, 1981.

Firearms Legislation and Lysterfield Shooting School came in for considerable discussion. The Council recommended that clubs and shooters from within the Zone, support the fund raising scheme suggested by the State Council to assist the Lysterfield Shooting School with their expected Court costs of some \$80,000 to \$100,000. The North West Zone will donate Shooting and Gun books to the value of \$200 to a school library. They will go to the school with the five highest individual scores at the North West Zone Eley Schoolboy-girl

## AROUND THE TRAPS (Cont'd)

Teams Shoot, to be held at Jeparit Gun Club on the 17th September, 1981. The tournament is being fully sponsored by Eley Ammunition and hosted by Jeparit Gun Club.

**Sunday 19th July, 1981.**

Commencing at 10 a.m. a General meeting of North West Zone clubs was held at the Jeparit Gun Club prior to their afternoon shoot. The main purpose of the meeting was to organize listing of all Zone clubs 1982 shooting programs. It was gratifying to see the number of clubs present. This enables better programming and eliminates the possibility of the clashing of major shoots during the ensuing year. John Clark one of the North West Zone Councillors, has the responsibility of setting out the State programme booklet, in preparation for printing. John does an excellent job and deserves credit for the time he devotes to his unenviable task.

**Sunday 19th July, 1981.**

A field of eighty-four shooters competed in the events that followed the meeting. Those to do well were Ray Scott from Horsham, who won the Hindmarsh Hotel D.B. Championship with 42/42. The Point Score Club Teams Championship went to Jeparit. The team consisted of Robert, Frank and Ted Pitt, David Flavel and Jim Gawith. "C" Grade shooter Peter Kay from Ouyen collected a sash as well as a trophy in the Rhonda Smith, Miss Victoria Charity Event.

**Wednesday 22nd July, 1981.**

Received an invitation to attend the H. Pettit Memorial Shoot at St. James Gun Club, Victoria. A son, Phil Pettit is the club's President, and one of the main organizers, with plenty of willing helpers to assist in running the shoot. The weather was cold, wet and windy and did not make it easy for shooters to be on target. Wheat, sheep and dairying are the main forms of primary production in this district, so no one was heard objecting to the weather. On my arrival and travels to St. James, there was evidence of recent heavy rains from Echuca through Shepparton to St. James. Flooding was predicted of all creeks and rivers from within these areas, including Benalla. The wet conditions certainly did not worry the locals, as the shoot was in full swing when I arrived. Sixty shooters turned up to enter the event. Retired gent, Dick Toner and his wife from Melbourne were having a run around the countryside and called in for a shot.

• Jeparit top shots, left to right: Roger, Frank and Ted Pitt, David Flavel and Jim Gawith. Winners Points Score Teams event Jeparit Gun Club 19th July.

• Seventy five year old, Alex Jamieson (on left), High Gun winner at St. James shoot, being presented with the H. Pettit Memorial Trophy.

Victorian State President and Executive member, Bob Buchanan had taken a leave pass and attended with Ned McDonald, a mate of his, from Shepparton. Ned was the gentleman in charge of the refreshment bar at the 1981 Nationals. It was a great day with plenty of hot soup, hot dogs, an open log fire and hospitality. Top shot of the day was Alex Jamieson from Corowa N.S.W. who at 75 years of age, and under tough conditions, won a double, by winning the St. James Championship and the H. Pettit Memorial trophy.

**Saturday 25th July, 1981.**

The North East Zone conducted their Zone Carnival at the Bendigo Gun Club. The day was overcast with heavy rain disrupting the shoot on occasions during the afternoon. John King from Euroa is the Zone President. The shoot was being conducted by the Bendigo Gun Club. By reports around the ground there was disappointment expressed on the numbers in attendance. A greater number was anticipated by organizers. Victorian Executive member Bill Abbott and his wife Marj were in attendance. Top shots Bill Iles and Mal Hastie from Melbourne. Alf James, Maryborough and Graham Willett, who is now stationed in the Ballarat area in his employment, were among competitors. The firms of Eley Ammunition and Winchester Australia were represented by Bruce Southgate and Ray Lowry, respectively. Eighteen year old Andrew Harrington from Shepparton was the only shooter to register a possible 90/90 in the Zone Points Score Championship and won the event outright. Zone President, John King captured the High Gun trophy. Bendigo Gun Club took the honours in the club Premiership team event.

**Sunday 26th July, 1981.**

With funds being required to fight the Court action, problems facing the Port Philip Region of the Victorian Field and Game Association shooting and training range at Lysterfield, Victoria, the Frankston Australian Gun Club conducted a fund raising shoot. Profit from the shoot was donated to the defence of the Victorian Field and Game Association Range at Lysterfield. It is estimated that if action proceeds, it will run into approximately sixteen days at \$4,000 per day. This puts the cost around \$80,000. I believe with the expenditure

• Winners at Frankston-Australian Gun Club Fund Raising shoot, from left to right: Ian Hale, Domingo Diaz and Ian Buchanan.

• Top I.S.U. Skeet Shooter, Alex Crikis and daughters, Lisa, Tania and Sandra, pictured at Frankston Australian Gun Club.

• Right, Laurie Connors, A.C.T.A. President, presents a cheque for \$1000 to Graham Clarke, Lysterfield president, on behalf of Frankston Australian Gun Club.

already paid by the Port Philip Region, the total cost could exceed \$100,000. It is obvious the Lysterfield Gun Club need all the financial assistance it can get. Ninety shooters competed in the four event programme. Ian Buchanan, Frankston Australian shot 97/100 to take top honours in the 100 target Trench Championship.

Ian Hale from Melbourne Gun Club shot a remarkable 100/100 to take top honours in the 100 target Skeet Championship. Domingo Diaz, Frankston Australian collected a double by winning both 50 target D.B. and S.B. Championships. After the conclusion of the programme and presentation of trophies were made to the winners, I had the pleasure on behalf of the Frankston Australian Gun Club of handing over a cheque for the total sum of \$1,000 to Graham Clarke, President of Lysterfield Gun Club. This was a great effort by all concerned and congratulations must go to the Frankston Australian Gun Club and all those that attended for their magnificent effort.

Worth reading, "To cease to think creatively, is but little different from ceasing to live".

See you where there is shooting

○

# MODEL 375

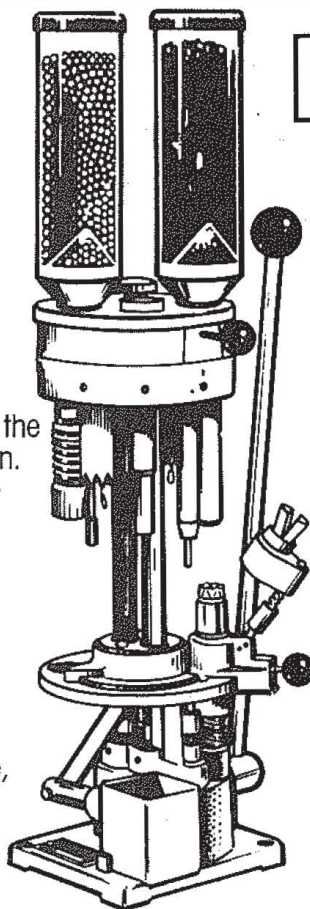

Features include:

- Absolute resizing during the entire reloading operation.
- Removable spent primer box.
- Baffled shot and powder reservoirs.
- Ball bearing lined crimp starters.

## PLUS

Quick access for changing bushes – tip out wad guide, double post construction.

\*(Powder measure & dies illustrated optional).

# Du-O-Matic\*

Precise reloading for field, trap or skeet.

A very versatile reloader which can hold tooling for one or two gauges simultaneously. This press is capable of reloading factory perfect shells at a very impressive rate (8-10 b x s per hour).

It incorporates desirable features also found in other P.W. shotshell presses.

# PETER QUIRE — AN INTRODUCTION

**NATIONAL TRAINING SQUAD MANAGER/COACH, PETER QUIRE, GIVES US SOME INFORMATION ABOUT HIS SPORTING BACKGROUND**

I have been asked to tell you, the shooters of Australia, a little about myself and will do my best, as talking about oneself is not an easy task.

I grew up in Bordertown, South Australia, and my father and grandfather were keen hunters and shooters. Dad was a great duck shooter with eyes like a hawk, and a depth of knowledge of game and their habitat. He was a live bird shooter, and watching him introduced me to competitive shooting. I did not myself shoot live birds, but did sense the enjoyment and excitement of competition. So to shoot well, for me, began with wanting to be as good a shot as my Dad.

I was introduced to clay target shooting in early 1960 by Don Fleetwood of Adelaide, and even though I had played football and most other sports, clay target shooting seemed to me to be the ultimate. It has everything, skill, stamina, concentration and determination are all involved, and it is a sport where there are no limits, even if shooting by yourself, you have yourself to better. To add to this, there is the great spirit of comradeship amongst the shooters. My love of the sport has never diminished.

There were no coaches in those days, but with the help of people like Bob and Keith Mules, Cal Hollow, Mr Lawson Senior and Hilary Baynes, I reached a fairly high standard and won my share of championships. Luck made it possible for me to shoot 338 straight in competition, most of it against Ray Kimber. I say luck because not everybody has the opportunity.

Teaching shooting and safety with the Field and Game Association made me aware that it is necessary to be more than a good shot to give people the confidence in their own ability to do something, and at the same time discovered the pleasure of helping someone else to enjoy my sport.

When the South Australian Clay Target Association appointed me as State Coaching Director, I started coaching in earnest, and have since applied my energies and talents to becoming as good a coach as is possible.

Newton Thomas was a most important influence on my enthusiasm, and as a friend and mentor, gave me the benefit of his great knowledge of shooting at international, national and local levels. He encouraged and inspired me.

My appointment to manage and coach the National Training Squad gives me an opportunity to help those squad members to reach their potential. In doing this I will be serving my sport, you the clay target shooters of Australia and ultimately, Australia itself. Australian shooters are, I believe, as good as or better than any in the world, and with your support, the National Training Squad members, the International Sub-Committee and myself will serve you well.

# GOING DEAF — GRADUALLY

(by Tom Gannon)

Not all deaf people are trap shooters. But a LOT of shooters go deaf. Or, more accurately, suffer loss of hearing. Like fellow Korumburra (V) committeeman Ken Brown.

His hearing was tested with other employees of a milk factory last spring.

Ken's hearing was so far down in his left ear that the tester said: "You're a shooter".

(The loss is greater in the ear OPPOSITE the shoulder on which the gun is mounted).

Ken is nudging 50 and has reached the age at which hearing and sight recede.

I am 56 and have always used ear muffs. The last three years I have simultaneously used ear plugs. Even in the field cotton wool is stuffed in my ears. Despite that, there is a slight drop in hearing for the next two days. Then it picks up.

A cold aggravates the condition.

The problem could be lessened if one were to give up shooting. **But does an alcoholic give up grog?**

The other night the wife said TV was too loud, and turned it down. I didn't catch what she said to me, but the last two words were HERRING ATE.

# ISU SKEET

Ian Hale

Part 3 of the ISU Skeet column is a step-by-step explanation of how best to shoot each station. I am afraid I cannot claim any points for the wording of the following text, as it is, in the main, directly from the U.S. Army Marksmanship notes on how to shoot ISU Skeet. And we thank the unit for making these notes available to us.

Before I go into the text, I would like to take a small space and talk about practice.

First of all, practice is where confidence is bred: practice is most important — not just time to fill in. Some people feel that, if they practice ten hours per week, they have to be a champion. It is no use practising unless it is constructive, because the technical sports require so much practice to bring out that excellence required for high scores. Boredom can enter into the practice session. It is imperative that you set goals for yourself at each practice session — you will certainly enjoy it more, and your technique will benefit from this.

Now, down to practice. For the novice, shoot 50 targets. Do not take any repeats. After the 50 targets are completed, work

on stations, checking gun position, feet position, etc.

For the more experienced shooter, shoot 100 targets, putting pressure on yourself to attain as high a percentage of hits as you can. You should have the practice goal to beat your previous practice score. If you shoot 100 straight, improve on the hits, improve on your technique.

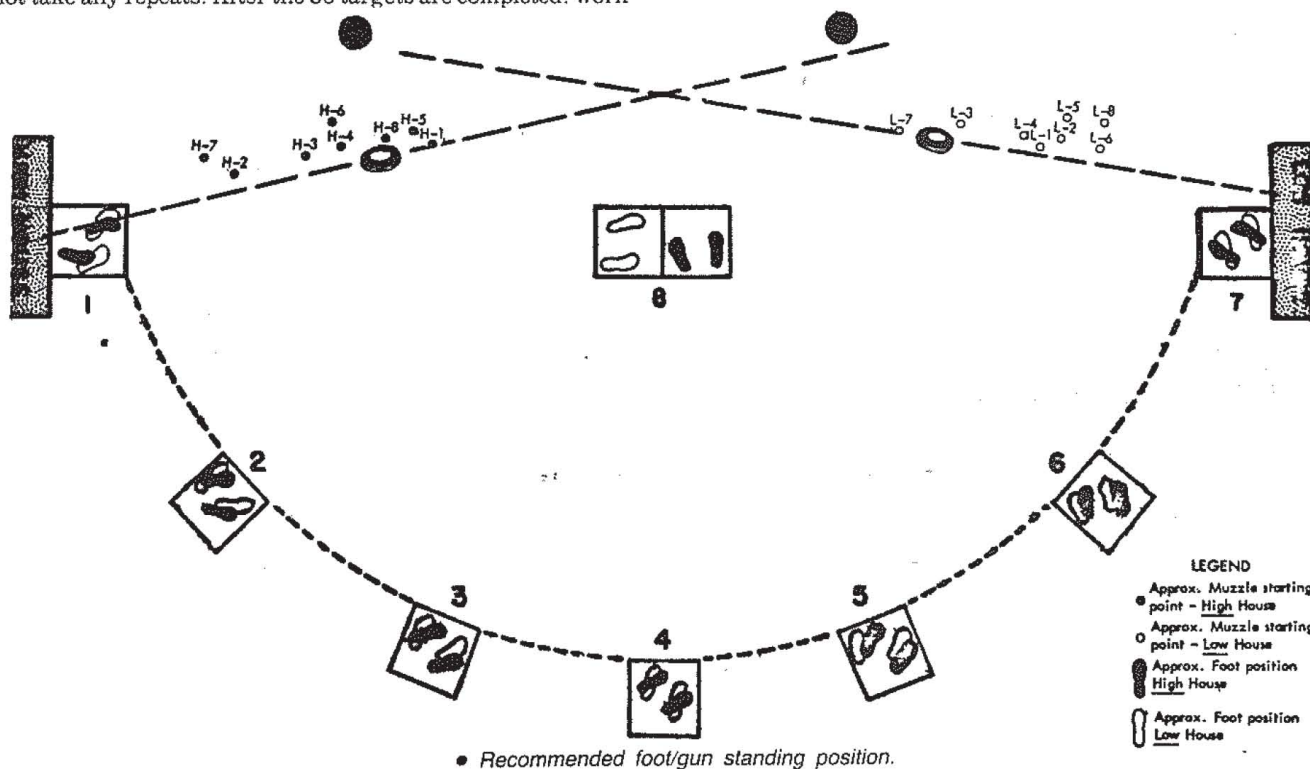

After you finish practice on the 100, shoot stations, working on gun positions, check yourself that you are not getting away from the basics of good shooting.

If you have disciplined practice sessions, you will cut your learning time down, and you will have a disciplined approach to competition.

Don't forget you are quite welcome to write in to this column and ask any questions you might have on skeet, and we will try to answer them for you.

See you at the 1981 ISU Nationals, Melbourne Gun Club, September 4th, 5th and 6th.

Good luck and good shooting..

## INTERNATIONAL GUN CLUB PRESIDENT TEAM SHIELD SHOOT A TOTAL SUCCESS

**B. Mudge**

The first annual Peter and Camilla Marcoionni Team Shield was held at the International Gun Club grounds on Sunday, June 21st, 1981.

The event attracted some 84 shooters for the day with representation by clubs such as Barmera, Alexandra, Port Augusta and South Australia, competing for a superb Team shield with individual trophies.

Despite the rough weather conditions the International Gun Club won the event shooting 118/125 with a close follow up of South Australian Gun Club 117/125.

Other events included Skeet won by J. Burrows 22/25. 2nd P. Caddy 21/25. The Winter Trench Championship won overall by P. Marcoionni 25/25. A grade J. Byrnes 23/25. 2nd D. Oliviero 21/25. B grade P. Marcoionni 25/25. 2nd B. Hansen 23/25. C grade R. Bisi 31/35. 2nd E. Stramare 29/35.

• *Winners of team shield from left: J. Finis, F. Agostino, D. Stefanato, D. Oliviero and P. Marcoionni. Photo: Filippo's Studios.*

• *M. Bisi, winner of the Junior Eley Championship, being congratulated by Ray Mack of Eley. Photo: Filippo's Studios.*

The Metro Martini Shield for a handicap event was won by J. Finis 22/22. 2nd M. Bisi 21/22. 3rd B. Aloï 20/22. Front Marker went to R.W. Harris. Ladies trophy went to Mrs S. Byrnes 16/25 Individual grades in the Marcoionni Team Shield Winter DB Championship won Overall by A. Dallemolle 33/33. A grade P. Marcoionni 27/28. 2nd J. Finis 26/27. B grade A. Dallemolle 33/33. 2nd E. Boldrin 29/30. C grade I. Newell 25/25. 2nd C. Verbis 24/25. Ladies trophy went to Mrs S. Byrnes 21/25. High Gun went to Mr J. Finis. The Junior Eley Championship was won by M. Bisi 23/25.

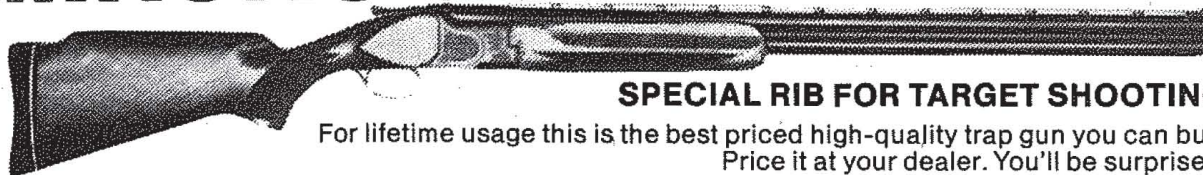

It was pleasing to see a contingent of new and junior shooters participating in the sport and congratulations go to M. Bisi and B. Aloï for their fine shooting.

Club president Peter Marcoionni and his wife Camilla are pleased with the interest shown in the team shoot and hope it will attract further clubs to compete in future years. Peter and Camilla are thanked by all shooters participating in the Shield for their wonderful donation.

Special congratulations are given to Arte Dallemolle and his wife on their 25th wedding anniversary and Metro Martini who was presenting with his Club Coach certificate by State President Leighton Martin.

The International Gun Club would like to thank all clubs in attendance and look forward to seeing them compete again next year.

## A CASE FOR 400

Ian Hale

400 target events to pick International teams are being used in some countries.

After just having competed in the U.S.A. National tournament in ISU Skeet, I came into contact with a 400 target event. It was with interest that I spoke to Herb Chambers, field representative for the N.R.A. and John Hunt, U.I.T. representative, so I could find out why the most successful country in ISU Skeet teams in the world used a 400 target match. The answer was that the 400 target match simulates the time, acclimatisation and pressure of world championship. This, they feel, can bring out the four best people to represent the United States. The formula must be good — the U.S.A. holds the world record for team scoring and many gold medals for teams in international matches.

Because the U.S. is about the same size as Australia, they have the same problems as we do, in so much that travelling to major shoots out of State is restrictive, so they hold Elimination matches in each State, and the winners of these matches have the right to compete in the final tryout. This is the fairest possible way to each competitor. Naturally, the U.S. has a lot more ISU shooters than we do at this time. But a 400 target match would certainly give everybody a feast of ISU. Also we could enjoy other countries coming to our country to compete for the same reasons other countries go to the U.S.A. to compete in their 400 target match.

Let's face it; if someone is going to travel 20,000 miles, they want to press the trigger more than 200 times.

The U.S. keeps the National ISU title strictly for U.S. citizens, but a Visiting Countries Match is also incorporated within the event. They have a 4-man team match and also a 2-man team match, so this is to maintain more interest within the event.

The teams are picked at the end of the 400 targets and are the first 4 past the post in Men's Open, Ladies' Open, and Junior, taking into account that in ISU rules junior's stop at 21 years.

The 400 target match is an excellent one, and it will be interesting to see what the comments are after this year's Victorian ISU carnival, where there are 3 individual 100 target matches occurring, with a High Gun over the 300 targets. The V.C.T.A. is to be complimented on giving ISU shooters a feast of ISU shooting; but it also gives the aspiring ISU shooters the chance for a greater introduction to the ISU sports. I hope we get a great roll-up. It will certainly be a great warm-up for the National ISU titles that will be held a week later at same Gun Club (Melbourne Gun Club).

## CLAY SHOOTING TERRITORY STYLE (Cont'd from page 6)

throwing anything from beer cans to the odd rock. Almost shell shocked and another session against the rail, all headed off back to the homestead for dinner and the Calcutta draw.

Officiated over by the last of the wild men of the north, Gil Collins, he showed his expertise as an auctioneer, and what a great exponent of the Australian language he is, as well as a devastating exponent of what is known as "bundy bashing." Some of his auctioneering quotes will be long remembered.

Dawn of day three was greeted in a little more gentle nature with again the food being supplied in copious quantities. The Ballongilly Invitation Stakes proved to be the undoing of a number of the hot favourites and more than one syndicate of buyers were relegated to the bar. The astute buyers of the only two shooters to shoot the 30 straight were more than happy with the 1500 good reasons each for making so much noise the night before.

• Shooters at "Ballongilly", left to right: Jim Robertson, Ern Rayner, Ray Mack and Horrie Mills.

The shooters were John Jeremiah from the 'Top End' Gun Club and on the last shot of the three days, Peter Lang from Alice Springs. After short shoot-off the name of Peter Lang will be inscribed on the KSA perpetual trophy for 1981. Third place was filled by Ian Rowbottom after a shoot off with Mike Milera and Peter Donolley.

After this event finished, around lunch time on Monday, a short presentation was held when Mr Mike Forster, as principal of the Katherine School of the Air, thanked all who attended and promised an even bigger and better shoot for the June long weekend in 1982.

The overall High Gun for the three days, was Peter Lang with 166/180, the Ladies High Gun, Mary Stacey 151/180 and the Junior High Gun, Tony Pfitzner 140/180.

A special encouragement award was kindly donated by Gill Collins and the delighted recipient was Marta Laskowski from Jabaru.

Sadly, all good things must end and at the conclusion of the presentation, many of the long distance travellers departed for home. One thing is sure though, and that is, they will return next year to participate in some more clay target shooting 'Territory Style' — Will you be there?

## NOVICE DAY, A.C.T. INTERNATIONAL GUN CLUB

In response to active campaigning through Radio station 2CC, CTC Channel 7, and the "Canberra Times", nine future? claybusters enjoyed the comforts of the clubhouse of A.C.T. International Gun Club.

Club President, Norman Simms, gave an introductory talk on the sport of clay target shooting, giving a brief account of the various clay target disciplines, shooting aids, gun safety and shooting etiquette.

Mr "picture show" man, John Taylor, entertained the visitors and club members with the appropriate shooting films, courtesy of Business Films Pty. Ltd.

Trapshooting techniques were then demonstrated by club members, followed by some coaching by Mr. Alan Freebody.

In next to no-time the "novices" were "smoking" clay targets and if the scores were any indication, we shall soon be seeing their names in the "Clay Target Shooting News".

## EDITOR'S MAILBOX

Dear Ian,

It is now just 12 months since a trip we had to Norfolk Island and in the December issue of the A.C.T.N. a letter was published of my trip back to help set up their first permanent ground and also coach the shooters. We were there again during February this year to shoot off cement tracks and over a regulation trap house and an electric trap.

I have just received a letter from the President of Norfolk Gun Club advising that their club house is completed and a second trap layout underway ready for a two day shoot during February 1982. It will be a 7 event program including Points, Single barrel, Double barrel, Double rise, Deauville double and Ball trap. There will be a Cliff top BBQ (you need a helper to just taste all the foods at these BBQ's). A presentation dinner on Sunday night at which all the trophies will be presented. There's prizes on all except one event and that is the eye opener. Prizes will range from Wines, silver goblets to a Ladro figurine.

The Club has been offered a pair of Skeet Traps if they care to put in the layouts. I think the Club has done very well in just over 12 months. They have a unique way of raising money for the club, a couple of members have boats and take others and the catch is sold and the profit deposited in club funds. Like all clubs they have their troubles, the secretary and her husband came from Sydney and have been transferred back and the club is finding it hard to replace her.

I will contact Norfolk in the near future so an add can be placed in the C.T.S.N. for the February shoot in the meantime if an A.C.T.A. member would like more information I would be pleased to advise.

Yours Faithfully,  
R.D. Shepherd

## TRADE TOPICS

### GUN EXPERT ON THE MOVE

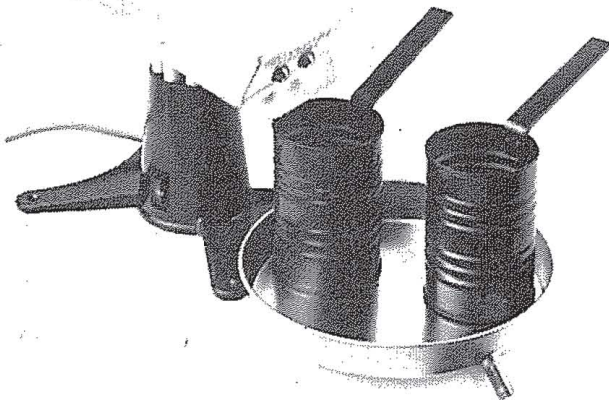

Mr Larry Larsen travels the world developing the modern sporting gun. He was in Geelong recently, telling overseas guests of Winchester Australia about trends in the sporting gun field and new products that would be available in the mid 80's, for, as well as testing guns. Mr Larsen is Director of Arms Development for Winchester's world-wide operations.

His responsibilities include the actual design of new guns, including details down to selection of timber, creation of mock-ups, building of proto-types, field testing, and manufacturing of guns.

Larry's discussion of modern trends in the sporting gun market was one of the highlights of a recent seminar held at Winchester's Geelong plant. ○

### SHOTMASTER SHOTMAKER

At last there is a machine that will reduce substantially the seemingly ever increasing costs of the trap, skeet and field shooter.

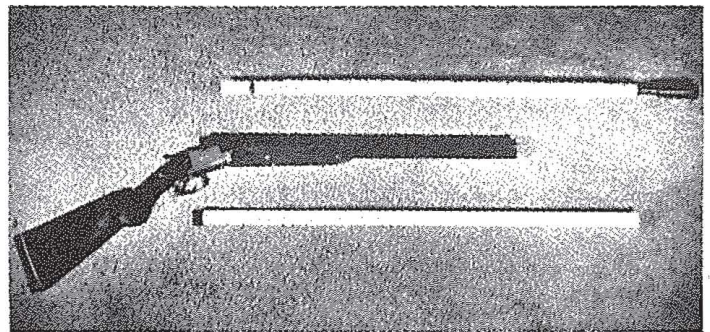

The serious shotgunner, who previously has had to bear alarming fluctuations in the price of lead shot, now can easily make factory quality lead shot from such things as old wheel weights, and effectively remove himself from the whimsies of the world lead market.

The machine called the "Shotmaster" Shotmaker will make No 7 shot at the rate of 12 kg per hour, cut shot costs by 50 per cent, and best of all, pay for itself in the first 7½ hours operation!

With the ability to make shot sizes 4, 5-6, 7, and 8-9 the Shotmaster is destined to be a winner and is already available in most major gun stores. **RECOMMENDED RETAIL PRICE \$89.90.**

For a free informative brochure write to Boustead Australia Limited, P.O. Box 148, Ermington, N.S.W., 2115. ○

### THE TICO TOOL

A hunting trip for ducks or pigeons, or a day busting clays is great fun, but the time consuming chore of gun cleaning can make you wonder if it is all worth it.

The Tico Tool was designed to reduce this time down to a tolerable 60 seconds.

The 34½" cleaning bar made of hundreds of thousands of Dynel/nylon fibres, brush the inside of the shotgun barrel, polishing it free of dirt and grime. A few short rotary strokes clean and polish the entire barrel. On the last stroke the oiling bar is attached, producing a uniform oil coating as the cleaning bar is withdrawn through the barrel.

Suitable for 12 and 16 gauge shotguns and selling for about \$14, the Tico Tool is available from most major gun stores, especially for those people for whom one minute is all the time they wish to spend to thoroughly clean their shotgun. ○

TRADE PRACTICES ACT

The attention of advertisers is drawn to the Trade Practices Act 1974 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. and Waterwheel Press reserve the right to refuse any advertisement without stating the reason.

## RULES CORNER

Arch Rowe

There seems to be some confusion among referees as to the procedure of conducting an event where six shooters in a squad are allowed a sighter target not to count.

To clarify the situation, number six shooter commences by shooting his or her sighter target first followed by number two, then three, four and five.

Number one shooter then shoots the sighter target, reloads and commences the competition.

A further recommendation for referees when being asked to view a target prior to the commencement of an event by number one competitor, is to ask the competitor to call for the target.

This enables the competitor to ascertain the type of release he can expect from the Referee.

This may be of some assistance to Referees and shooters in general.

There still seems to be some confusion with the wording of Trap Rule 74 in relation to the recording of scores for eye openers by some clubs.

Even though Rule 74(c) states, "All standard targets fired upon in competition etc.." this does not over-ride Rule 74(A) where eye-openers are noted as not being included, so to avoid any further confusion on this rule, do not include eye-openers in common mark classifications.

## AIM AND SHOOT! Holdover for bullet drop is automatic in these new *Burris* scopes.

The **ARC** scope has a **Dot** adjustable out to a 500 yard zero and a **Crosshair** that remains zeroed at 200 yards. Make that long shot by aiming off the **Dot** and for that close shot aim off the **Crosshair**.

The **RAC** scope has a **rangefinder** and a **dot**. The dot moves to an automatic zero when the magnification is changed. No knobs to turn. Just fit the deer between the rangefinder wires, put the dot on the target and shoot.

Three calibrated rings are supplied with each ARC scope for all popular rifles, plus a blank one for special calibres.

The ARC and RAC scopes have Burris super bright **HiLUME LENSES** and are available in 3X-9X models.

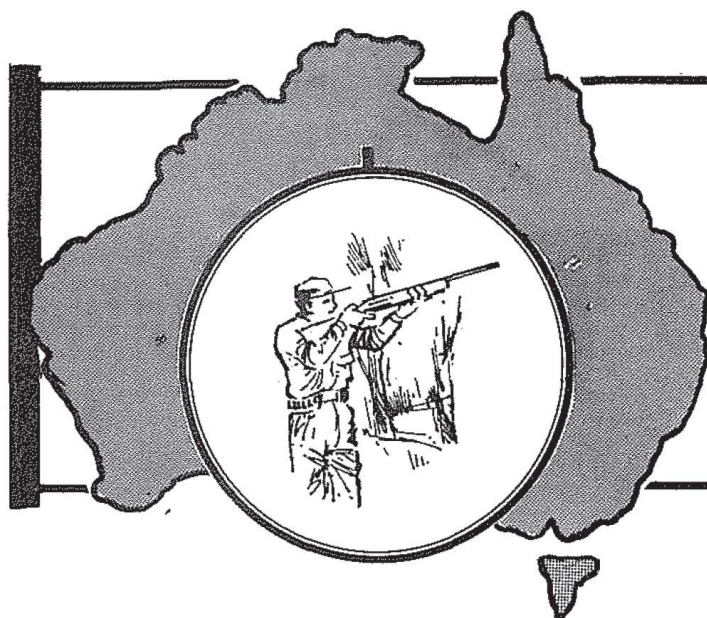

For further details **SEE YOUR LOCAL GUNSHOP**

or write **Boustead Australia Ltd.**  
P.O. Box, 148, Ermington, N.S.W. 2115. Branches in all States.

## CLUB NEWS

### BENDIGO CLAY TARGET CLUB (VIC)

At the recent Annual General Meeting of the Bendigo Clay Target Club, Mr Bernie Harrington was elected President, with Glenn Woodhatch being re-elected as Secretary.

The club wishes to pass on their congratulations to Dean Woodhatch on being selected by the Bendigo Sportsmans Association as their quarterly Junior Sports Star for his efforts in clay target shooting.

### CENTRAL BURNETT GUN CLUB

All the work of the last few months finally paid off at the weekend. The grounds, the traps, the kitchen, the clubhouse and the bar were all in perfect condition.

The shoot was the occasion of the club's twentieth anniversary and forty seven shooters arrived on Saturday to help us celebrate.

Local business people opened their wallets to us and enabled us to provide top quality trophies yet still keep our nominations to a minimum.

The first event was shot for sweepstakes, and was 30 target medley, 10 S.B., 10 D.B. and 10 Continental. Moneys were divided in meterage, and P. Shaw shot brilliantly to record his first possible and the only possible in this event.

Event Two was the Central Burnett Single Barrel Championship and Peter Shaw, Maryborough was there again to record the only possible winning A Grade and overall. B Grade was Q. Pofiri, and C Grade J. Johnson.

There being plenty of time left we shot an extra event which was 30 Target Points shot off 15m in grades for Sweeps.

On Saturday evening we retired to the Shire Hall where our caterers turned on the usual excellent meal, while the local Rotoract Club looked after dispensing the liquid refreshment.

When everyone was duly satisfied our Auctioneer proceeded to extract all remaining capital in the purchase of shooters for the Calcutta.

Jim Hayne of Murgon Gun Club stood in for our regular auctioneer and to say he was brilliant is an understatement. Our Calcutta finally closing at just over \$3,000.

Sunday morning came far too early for many, to judge by the bleary eyes and low hung heads. However, shooting commenced at 9 a.m. sharp. In the Double Barrel Championship six possibles were returned and in the shoot off J. Paul, W. Francis and N. Wilson dropped out to leave R. Rehbein A Grade, R. Duffy B Grade and overall and W. Kimber C Grades Champs.

The \$1,000 Black Stump Cash Handicap was next and W. Davis shot the only possible which not only made him happy, it lit up the faces of a couple of serious punters.

The final event was 30 Target Double Barrel Points shot off 15m. Trophies on this event were three Franchi Automatic Shotguns. The 11-14 metre winner was H. Harman after a shoot off with A. Thorpe. W. Scarborough took the 15-18 metres from B. Hopgood. In the 19-25 metres bracket Peter Ellem won from local firearm merchant Rob Rehbein.

The Golden Mile Orchard Team Shoot was shot in conjunction with this event.

Last year's winners the Downs Team forgot to bring the shield back, so not to disappoint everyone, Stow Kentish arranged the charter of a plane and had the shield flown in from Toowoomba.

They needn't have bothered because they went on to retain it. The team members were R. Hedger, R. Golden, W. Francis, P. Ellem and S. Kentish.

Ten original members attended the shoot, these were club members between 1961 & 1965, and a special trophy was supplied for them. It was also shot in conjunction with the Points event. The shooters were not told of this trophy and a very surprised Don Taylor was called to the table to receive it.

The Front Marker trophy was donated by Burns Drapery and was won by G. Hockey. The High Gun trophies were top

quality leather shooting jackets, donated by B. Lowry and A Twentieth Anniversary sash. The 11-16 metre winner was A. Thorpe after a shoot off with H. Harman. The Back Marker winner was R. Rehbein.

Special thanks must go to National Mutual Insurance and Willsons Garage for their assistance.

New shooter and this year's Captain Les Harris did a top job keeping the shoot moving. There were no trap breakdowns which is probably sufficient praise for armourers John Hile and Henry Harman.

The ladies as usual supplied sufficient food to feed half the world. And our bar staff Bill and Dale ensured no one died of thirst.

We particularly thank all the shooters who made this shoot the roaring success it was, see you all next year.

#### **COHUNA GUN CLUB (VIC)**

The Cohuna Gun Club would like to advise that they are running a Club Aggregate in conjunction with their regular Friday night shoots. The Aggregate is open to all shooters and it's the championship and handicap events that are to be taken into account.

The club also advises a change of address — all correspondence to be sent to Box 211, Cohuna, 3568.

#### **DYSART GUN CLUB (QLD)**

The new office bearers for the Dysart Gun Club are Mr Neville J. Low, President, and Mrs Ruth Low, Secretary. All correspondence to be sent to 1 Spring Cresc., DYSART, 4745.

#### **BURNIE GUN CLUB (TAS)**

The Burnie Gun Club held its Annual General Meeting during July and Ivan Elliott was elected as the President. The

past President, Dr. Paul Cains continues as Vice-President, and in his Annual Report, Paul congratulated the members on further improvements to the club-house facilities. Mr R. Dawkins was elected Secretary, and his address is 13 George Street, Chasm Creek, Burnie, 7320.

#### **WANGARATTA GUN CLUB (VIC)**

Friends of Kevin Law, Secretary of the Wangaratta Gun Club, will be pleased to know that he is now well on the road to recovery after his recent illness.

#### **WEDDERBURN GUN CLUB (VIC)**

At a recent General Meeting of the Wedderburn Gun Club, new office bearers were elected, due to the resignation of President R. Cross and Secretary/Treasurer C. Rose. Mr R. Ross was elected President and Mr N. Stewart as Secretary/Treasurer.

The club would like to thank Mr R. Cross and Mr C. Rose for their time and effort put in to run the club so efficiently.

#### **ARARAT GUN CLUB (VIC)**

The Ararat Gun Club recently held their Annual General Meeting and the following members were elected to office: Mr G. Leslie, President; Mr G. Coburn, Secretary.

The club will shoot on the first Sunday of the month as from January, 1982.

#### **NOARLUNGA GUN CLUB (S.A.)**

At the Annual General Meeting of the Noarlunga Gun Club, held on the 22nd June, the following members were elected to office.

Mr N. Harper was re-elected as President and Y. Shand was elected as Secretary. ○

## **FLETCHER JONES AND A.C.T.A.**

### **Staff Writer**

Arrangements have recently been made whereby registered shooters can obtain official Association blazers from Fletcher Jones & Staff Pty Ltd.

The blazers, in a colour commonly known as Olympic Green, will be available for both ladies and gentlemen. Bearing the Association pocket, and manufactured from the finest fabric, these blazers will be available from all 35 stores throughout Australia. Delivery will be six to seven weeks.

Shooters should deal direct with their local F.J. store.

Official Association ties and new pockets for existing blazers will shortly be available from the National office. Watch for details in C.T.S.N. ○

That was the finest meal I have ever had anywhere. If you ever get to Hobart, do try to dine there. Friday and Saturday nights require a two or three month advance reservation.

We very much appreciate your hospitality at the Melbourne airport, and also at the nationals. Thank you for the personal treatment in getting us cleared thru customs, and for booking our seats to Hobart. We enjoyed a chance to relax and talk with you, and get a crash course in the rules. Friday night's party was superb!

This was our first trip on our own, so we were a little unsure of what to expect. It is very assuring to see some friendly faces on your arrival on the other side of the world. You folks Down Under really gave us the Royal Treatment. Art and I hope to see you in Brisbane!

Kindest regards,

Art and Judy. ○

## **EDITORS MAILBOX**

Art and Judy Wegner  
5419 N. LaPorte Ave.  
Chicago, Illinois 60630

Dear Sir,

Art and I arrived home here at the MAD RUSH, and we scrambled thru a bushel basket full of mail and one hundred things to do. Now that things have settled down, we have some time to think about our friends we left behind. I wish we could catch the next plane out of here.

Our three week trip involved a lot of moving around and problems with planes and motels. It was our good fortune to be shepherded by a Kiwi, a Tassie, and an Aussie. We had a WONDERFUL time.

Our flight from Fiji to Auckland arrived at midnight, and we were met by Pat and Daphne Pope. They guided us thru the New Zealand formalities, then to our car, then to the motel, and then to the bar (HOORAY!).

In Hobart, Ken Coppleman escorted us for 3 days. He and his wife Julie made reservations for us at Mure's Fish House.

The Editor,

Clay Target Shooting News.

Dear Ian,

This is a quick note to advise readers of C.T.S.N. that, although there is a continuing ache in my heart for clay-busting and most of its people, I am now happily employed by the Confederation of Australian Sport.

You have my best wishes. With the staff you have supporting you and if you are given the opportunity, success will be yours.

Since my resignation, I have received numerous messages of goodwill and take this opportunity to express my sincere thanks to all concerned.

(Signed) NOEL J. SOUTHEY ○

## EDITORS MAILBOX

55 Murray St.  
WAGGA, WAGGA, NSW.

Dear Mr Hill,

I am a registered junior clay target shooter and having shot my first Nationals at Melbourne Gun Club in 1981. I would like to suggest for your consideration and to hopefully have included in the future National program the following changes:

1. That a junior and ladies overall High Gun be included in the National program, including the skeet, this would then highlight the one won by the best junior and lady.

2. That in all events, there are juniors, ladies and veterans trophies of first, second and third (as I personally think that there are sufficient numbers now attending in all these sections), again this would only be in line with other gradings.

3. That nominations for juniors and ladies (mainly juniors) be at half nominations or at a greatly reduced price. My reason for this is that in nearly all cases, a junior is the son or daughter of a registered shooter (and the lady being the wife or young daughter) and it does become a financial burden on parents to have to pay full nominations for themselves and

their children. Also the majority of clubs in my area charge half nominations for juniors and ladies where the parent is also a shooter.

It seems to me that if clubs can encourage juniors and ladies (and new shooters) this way, that our National Association should do the same. After all, juniors of today are your future clay target champions.

I hope to be attending the Nationals in Brisbane and this would be my last year as a junior. I would like to see my suggestion included in the Brisbane and future Nationals.

I would also like to make it clear that these are my own ideas, formulated by talking to other juniors and shooters at the Melbourne Nationals and around my own area and I believe that it would greatly increase the number of juniors shooting at our Nationals.

I enjoy my shooting with many other juniors and ladies, and would like to see these suggestions put into effect.

Yours faithfully,

(Signed) Maree Rooke. O

## LATE NEWS AUSTRALIA WINS MACKINTOSH TROPHY

Australia was again successful in the Mackintosh Trophy Postal competition for 1981. Results are as follows:

AUSTRALIA	7342/7500
SCOTLAND	7304
ENGLAND	7300
IRELAND	7241

This brings Australia's tally of wins to 9 in the last eleven years. O

# QUEENSLAND CLAY TARGET ASSOCIATION

Bev Grice

The Association has conducted a series of elimination events for the State I.S.U. shooters. From this series a State I.S.U. Training Squad will be formed. This has been made possible by a grant from the State Government. At the time of writing, we are still awaiting some of the scoresheets, so next month we should be able to name the State Team. The association takes this opportunity to thank the clubs who conducted these series of eliminations, and also to the shooters who participated.

The Association is conducting its First State Skeet Carnival this year and we hope that all those keen skeet shooters in the State will attend to make it a most successful weekend. Advertisement for this will appear in the next C.T.S.N.

Referee examiners have been busy throughout the State re-examining referees. If you have not yet been re-examined, please contact your nearest examiner and arrange to do so. If you don't know who your nearest examiner is contact the State Office. There has been some confusion over the badges etc, but the National Office assures me they will check into this and sort it out.

The 1982 Nationals Planning Committee have held three meetings so far, and advise that preliminary plans are underway for a most successful Nationals in 1982.

Major shoots in Q'land this month are: Cairns & District; Warwick; Toogoolawah; St. George; Scrubby Creek; Mary Kathleen; Central Zone Carnival at Barcaldine; Maryborough.

Did you know: Cairns is 1865 km north of Brisbane. They held their first annual meeting in 1950 when the club affiliated with A.C.P.T.S.A. In May 1950 some keen shooters from this club drove to Atherton for the State S.B. C'Ship. 53/4" of rain fell overnight flooding the area and the Kurandah Highway. In 1953 the late Mr T. Jones from Tully won two major events the Cairns Walk Up C'ship and the Nth Q'land D. Rise.

WARWICK GUN CLUB also affiliated in 1950. This club is 159 km from Brisbane. Clive Evans a well known name in the shooting world is in his nineties now and still attends the club occasionally. Warwick is known as the Rose City of the Darling Downs.

Toogoolawah situated in the Brisbane Valley, affiliated in 1955. The club is situated in a section of the showgrounds. Clarry Kassulke the President of the club assures us that this years Annual will be the best ever.

Scrubby Creek: Not a lot known about this club other than what the guys from Scrubby have told me. Its situated on a recreational block of land which includes a tennis court, 3 hole golf course and a good swimming hole. They are attracting several shooters to their monthly shoots, and having met these guys its no wonder, great promoters of this sport.

Maryborough: This club officially opened in May 1962 situated on the Harvey Bay Rd. Due to the road being widened the club moved to new grounds on the airport.

Mary Kathleen: Affiliated in 1958. This club is 1795 km from Brisbane. Bernie Riley of Mary K is currently producing a newsletter for the northern zone. This guy is enthusiasm plus, and from advice received the newsletter is going strong. Congratulations Bernie and best wishes for a successful shoot.

ST GEORGE: Formed and affiliated in 1937, was one of the first to affiliate outside of Melbourne. Situated 523 km from Brisbane on the Moonie Highway. The first Queensland D.Barrel Championship was held in St George in 1939. Messrs J.C. & H.T. Thompson "Roseneath" presented a Challenge Cup for teams affiliated through clubs within 300 miles of St. George.

# QUEENSLAND SOUTH EASTERN ZONE CARNIVAL

Josie Chizzoti

Members from 13 clubs attended the Carnival which was staged at the Gold Coast Gun Club on June 27 and 28. Some very fine shoot-offs were witnessed over the two days.

Event One saw eight shooters qualify for the shoot-off, which was won by G. Newey (Warwick) 92/92. Event Two was ably won by Veteran shooter, K. Cameron. In Event Three there were thirteen possibles, eventually C. Burt (Tamworth) emerged as the winner.

Again thirteen possibles commenced the shoot-off for the Eley Event, which resulted in the highest ever ground break being shot at the Gold Coast Gun Club. Congratulations to C. Witt. Overall Winner. 187/187.

In Event Five, M. Swale was the winner. 108/108.

J. Porter was the winner of Event Six. 33/33.

After finishing second in three events, R. Dean proved to be the most consistent shooter over the week-end, dropping only four points to win the Overall High Gun Trophy donated by Winchester. Intermediate High Gun winner was G. Davison. and Lady High Gun, T. Meadows.

Many thanks to all sponsors and also to the committee of the Gold Coast Gun Club. Special thanks to all who refereed and scored.

JOSIE CHIZZOTTI  
SOUTH EASTERN ZONE SECRETARY ○

## TOOGOOLAWAH GUN CLUB HOSTS Q'LD DAY CHAMPIONSHIP

This year, for the first time, the Queensland Government set aside Saturday June 6 to be celebrated as Queensland Day.

As part of these celebrations, Toogoolawah Club agreed to host a Queensland Day Double Barrel Championship event. Although the day was overcast, cool and windy, a keen bunch of shooters arrived and competed with enthusiasm.

Clubs represented were Ipswich, Kallangur, Sunshine Coast and Toogoolawah.

Shoot offs were required in both A & B Grades with Greg Woodbine and Roger Knapp contesting the "A" Grade, John Burlison, Ross Spencer and Clarrie Kassulke the "B" Grade shoot off. The winners of this very new Championship were:

"A" Grade Roger Knapp — Toogoolawah G. C.

"B" Grade John Burlison — Kallangur G. C.

"C" Grade Greg Toms — Toogoolawah G. C.

High Gun for the day was won by Greg Woodbine. ○

## SUCCESSFUL COACHING DAY AT MT. ISA GUN CLUB

Bev Grice

On the Monday following the Mt. Isa Open shoot a coaching day had been organised for the members of the Mt. Isa and neighbouring clubs. Bill Stevens the State Coaching Director was present and with assistance from accredited coach Bernie Riley, and the Mt. Isa Coach Noel Kuskopf the shooters were able to ask all types of questions.

A good discussion developed on reloading and on the importance of gun fit, and the shooters and novices who attended, 37 in all, gleaned many valuable points from these discussions.

Members of the Gunpowder Gun Club, Macarthur River Gun Club, Mary Kathleen Gun Club and Richmond were there, making it a really worthwhile project for the Association.

When the theory had been discussed the coaches took the shooters out onto the tracks where the practical coaching took place on both D.T.L. and Skeet.

Mt. Isa Gun Club is to be commended for their hospitality, and the friendliness that is found there among their sportsmen. A great weekend, and I'm sure a very informative one for many shooters in our far North West. ○

## VIC. COACHING DIRECTOR VISITS TASMANIA

(from Margaret Mason)

• George Biggs in earnest conversation with Paul Cains. Coaching Seminar Evandale Gun Club.

Sunday March 29th. was the day chosen by the T.A.S.A. for a visit by Victorian Coaching Director George Biggs to conduct a coaching Seminar at the Tasmanian Gun Club, Evandale. Perfect weather was enjoyed which made for ideal shooting conditions and the grounds of the Club were well suited to the contingent of Senior Scouts and the 60 shooters and their families who attended, to learn all about the art of Clay Busting.

Upon George's arrival at the grounds and after a pleasant coffee the Seminar commenced outside the Club house in a bright and friendly atmosphere with the President of the T.A.S.A., Dr. Paul Cains, welcoming George to the Club, and saying how lucky we were to obtain a man of George's ability and experience to come and give old and new shooters help with their problems.

In reply George thanked Dr. Cains and said how pleased he was to come to Tassie, he hoped everyone would find some benefit from his visit.

He then proceeded with the help of diagrams to explain the fundamentals of shooting moving targets and the importance of correct gun fit and most important of gun safety.

Questions were asked by members and George was able to sort out their queries. Gun fitting was explained in detail and with the help of members of the audience was able to demonstrate what was wrong with their gun and stance.

After the lecture concluded, a break was taken for lunch with refreshments being prepared by the ladies which was very much appreciated.

The afternoon commenced with State Club Administrative Co-ordinator, Ray Mason, giving help and advice to Club Secretaries and officials on the running of a successful Club and out on the tracks shooting began under coach instruction at both trap and skeet.

Many of the experienced old shooters were keen to have their guns checked for proper fit and correct gun mounting technique. Photographs and video films were taken throughout the day and shown later in the Club house, these proved most interesting and at times humorous.

Thanks go to the assisting coaches Ray Mason, Jack Blake and Steve Johnson, and also to the many people who helped organize and make this day a success. ○

Start 9.30 am

TOTAL NOMINATIONS FOR Secretary: Mrs C. Toms  
TWO DAYS \$58.00 9 Dingyara Street,  
(including sweeps) TOOGOOLOWAH 4313

## EDITOR'S MAILBOX

Dear Ian,

The shoot conducted by the Frankston Australian Gun Club 26.7.81, for the Lysterfield Fighting Fund was a great success. However it was most disappointing that we did not have a greater attendance from Victorian Field and Game Association members, who when all said and done, were the main reason for the shoot being held.

For those who did attend, and see the beautiful trophies and sashes that were made available. I thank you. A day like this does not just happen, it is the result of a lot of hard work and organization, and I am sure that the committee of Frankston Australian Gun Club would have liked to have seen a better representation from the Victorian Field and Game Association.

We were able to present Lysterfield President Graham Clarke with a cheque for \$1000.00 which was made up by profits from the shoot and donations previously received by the club. A great deal of this profit was obtained because of the generous donation of targets by Kevin Seymour, and Olmptyc Targets for which we are sincerely grateful.

The attendance of National President L. Connors and executive members Bob Buchan and Bill Abbott was very much appreciated, and also a pointer to how seriously they regard the present situation.

Last but not least thanks to all those who refereed and scored in such cold windy conditions and raspberries to those, who, when asked to do so refused.

Graham Ash,  
Frankston Australian Gun Club. ○

## TENNANT CREEK CLAY TARGET CLUB

**NEWMAN, 22-6-81.** — Fine, cold. (15). 5 Pr DBR CD: T. Stingel, J. McKoy, G. Harper 8/10, 20 Pr DBR: 'A' T. Stingel 33/40, 'B' J. McKoy 27/40, 'C' D. Rasmussen 22/40.

**NEWMAN, 5-7-81.** — Fine, mild. (21). 10 SB Hcp: 10/10 D. Hiltz, J. McKoy, 40 SB Hcp: G. Harper 38/40, J. McKoy 35/40, B. Harper 35/40.

**NEWMAN, 12-7-81.** — Fine, windy. (11). 50t Skeet Hcp: R. Churchill, B. Pickard, T. Stingel.

Handicap put a lot of shooters in contention of first place but Jeff & Bob shot off. Jeff won a good first place. Well shot, bad luck Bob.

**NEWMAN, 19-7-81.** — Fine, mild. (24). 25t DB CD: M. McSwain, T. Stinger 25/25, J. McKoy, N. Boyle, G. Harper 24/25. 25t DB Chp: 'A' T. Stinger 39/40, 'B' R. Churchill 26/27, 'C' J. Moore OA 27/27.

Ross Churchill shoot-off for overall champion. Jeff Moore won out and took home his first sash. Congratulations.

**NORTHAM & DISTRICTS, 27-6-81.** — Fine, sunny. Joe Wansbrough lifted his performance on Sunday to take off the Aggregate 50t event at Island Farm. John Harris won the A grade trophy and Marc Bristow-Stagg the B grade, while in second place the overall result was Merv Madew followed by John Harris. John Harris left no doubt as to who was best off the gun with a fine 49 out of a possible 50.

Nigel Way still leads the annual aggregate competition.

**NORTHAM & DISTRICTS, 12-7-81.** — Sunny, fine. (17). Conditions were ideal on Sunday at Island Farm when the Northam Gun Club conducted its fortnightly event. David Kevill from Quairading scooped the pool by winning both the handicap section and the Best Off the Gun section. G. Beard came second in the Aggregate followed by K. Lupton, J. Fissoli and J. Kevill. Second place was filled by John Kevill followed by R. Holtfreter, K. Lupton, and B. Bristow-Stagg.

A grade was won by D. Kevill, B grade by Bristow-Stagg and C grade by K. Lupton.

**PERTH, 27-6-81.** — Cold, showery, fresh SW wind (30). Capt v VC Skeet teams match: VC M. Wells team, M. Wells 25, W. Kennamer 24, N. Jackson 21, M. Alcock 20, J. Eddy 24, C. Stickland 19 (133/150), VCD Fracaro team 131. Capt R. Bailey team 125.

**PERTH, 11-7-81.** — Cold, wet. (49). 50 trap gr: 'A' W. Pilkington 79/80, C. Shepherd 78/80, 'B' T. Stelling 52/54, R. Eamer 51/54, 'C' J. Coci 48/50, R. Carstairs 46/50.

A good turn out of shooters for such a cold wet day. Several visitors from out of state and country towns were welcomed. A favourite member was missed by all. George Tomlin, who is seriously ill in hospital. We all wish him a speedy recovery.

The highlight of the shooting was a very competitive shoot off between Wayne Pilkington and Clive Shepherd. Congratulations to all the winners and thanks Bailey Sports and Kitchens by Fracaro, for their generous trophy donations.

**PERTH, 11-7-81.** — Cold with some showers. (49). 50t Trap DB gr: 'A' W. Pilkington 79/80, C. Shepherd 79/80, 'B' T. Stelling 52/54, R. Eamer 51/54, 'C' J. Coci 48, R. Carstairs 46.

## QUEEN'S BIRTHDAY WEEKEND AT ILLAWARRA

• Eley Classic winner Rex Northcott receives his trophy from John Maxwell on behalf of Eley.

140 shooters representing 30 clubs from N.S.W. Qld, A.C.T., Victoria and Tasmania, faced the traps to attempt to win "their" share of the \$10,000 trophy array at Illawarra Gun Club on 6 and 7 June.

Saturday dawned cold and windy and soon deteriorated with rain as well, as shooters battled the worst competition conditions the club has seen.

In **Event 1**, 20T PS, L. Abela (Marconi) shot the only possible to beat J. Maxwell 62-63 (Illawarra), K. Perkins 61-63 (Illawarra) FM J. Caruana 54-60 (Hawkesbury).

In **Event 2**, 30T Illawarra Grand Trophy, B. Walsh 29-31 (Royal Aero), A. Blease 29-30 (Melbourne), B. J. Duncan 35-35 (W. Wyalong) and J. Maxwell 37-37 (Illawarra) won their meterage groups and a Browning Auto, while V. Spiteri 28-31 (Royal Aero), A. Collins 27-30 (Bairnsdale), J. Vella 34-35 (Hawkesbury) and S. Collins 36-37 (Melbourne) collected 200 shells.

**Event 3**, 30T Illawarra Gift, was shortened to 20T because of conditions, and B. J. Duncan (W. Wyalong) won the Sany microwave oven with 30-30. Trophies were awarded for 1-1C OA, FM, Jnr and Ladies (see State results for details).

Saturday night was a family event with a BBQ tea, followed by a bonfire and fireworks display, in which some of the "Big Kids" had more fun than the "Little Kids".

Sunday's weather improved (the rain stopped) but the cold wind continued to play tricks with the targets.

**Event 4**, 30T Illawarra Open, saw K. Maxwell 30-30 (W. Wyalong), H. Warner (Melbourne), L. Scott 30-30 (Illawarra) and W. Jones 64-64 (Illawarra) win Winchester Pigeon Grade Guns in their groups, with J. Caruana 30-32 (Hawkesbury), B. Powell 29-30 (Hermidale), C. Bailey 29-30 (Royal Aero), and J. Ellis 63-64 (A.C.T. — International), picking up 250 shells each.

**Event 5** the **ELEY CLASSIC** resulted in a win for Rex Northcott (Royal Aero), who went on to shoot a long break of 52-53, from W. Jones 42-43, and K. Bosanko 39-40 (Hawkesbury). F. Quirk 26-30 (Sutton Forest) won the Ladies Section, and C. Warren 28-30 (Boorowa) won the Junior.

An additional 20T event was run and gun cases were won by V. Elliott 29-30 (Sutton Forest), R. Hartwig 20-20 (W. Wyalong), C. Bailey 20-20 (Royal Aero) and W. Jones 53-53 (Illawarra).

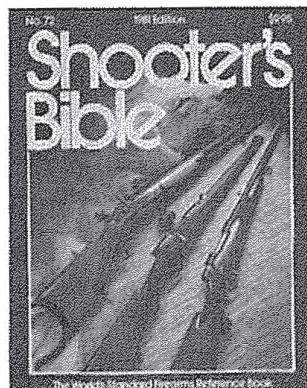

The High Gun trophy (a Browning Auto) was presented to John Maxwell (166-170) by the Lord Mayor of Wollongong, Ald. Frank Arkell.

The Committee would like to thank Eley Ammunition, Winchester Australia, Blue Dot Targets, and Ern Webb's Sports Store, for their support. ○

## SHOOTERS BIBLE - 1981

Edited by Robert F. Scott

Published by  
Stoeger Publishing Company

Distributed by  
Begonia Book Supply

Price \$12.95 (Recommended Retail)

The 72nd. Edition of this evergreen firearms reference book is now available. The 1981 version is 576 pages packed full of shooting information.

As well as the normal extensive catalogue section which is updated each year, the 1981 edition carries some interesting articles on a diverse range of subjects.

For the collector and historian and the front loading school there are stories on the West Point Museum, Muzzle Loading Shotguns, Collecting Guns for Investment and The Immortal Luger. There is more history in Flint, Frizzen and Steel, an in-depth story on ignition systems and a close look at Finland's Lahti Pistols.

For the airgunners, James Greismer looks at the latest in air powered rifles and handguns and Chuck Adams discusses the role of Trajectory in hunting with longun and bow. For the tinkers there is a superb article on the do's and don'ts of Home Gunsmithing with an excellent set of tables and charts telling you what is within your capabilities for various weapons.

Jack Earl is in print on the subject of Cold Blueing and Frank Hanenkrat tells the story of the 25 years of the U.S. Army Marksmanship Unit at Fort Benning. R.A. Steindler talks about starting off in reloading and there is a great section on Game Cookery by Alfredo Foffe, a New York chef.

The usual Reference and Specification sections are all there together with a comprehensive Index. So, for those who collect 'The Bible' and for those who just like a good read on subjects related to the shooting sports, the 1981 Edition is now on the bookshelf.

## RESULTS 1981 BRITISH GRAND PRIX I.S.U. SKEET

GOLD	JOHN WOOLLEY	NEW ZEALAND	193+24
SILVER	PAUL BENTLEY	ENGLAND	193+23
BRONZE	P. OLDRNG	ENGLAND	192+24

Weather conditions were fair with a little wind. Targets did however vary from trap to trap. ○

# SEBASTOPOL GUN CLUB CELEBRATES SILVER ANNIVERSARY

Mervyn Pickford

• B. Rafferty, winner overall A Grade receives his trophy from Sebastopol Mayor, Max Power.

The Sebastopol Gun Club reached a milestone on Sunday, June 21st, when 64 shooters braved the cold and windy conditions to compete in the Club's Silver Anniversary shoot. Sebastopol is hard to shoot at any time, and under the windy conditions, all events seemed like Continental, with winds blowing up the gully below, as targets are thrown out over a hill.

The 50 target Anniversary Championship was won by B. Rafferty taking Overall and A grade with a score of 75/75 from G. Willett 74/75.

B grade saw a win to N. Cracknell 48/50 from P. Baldock 47/50.

**SEBASTOPOL GUN CLUB**  
(Cont'd from page 70)

• N. Cracknell winner of B Grade Trophy. Sebastopol Mayor.  
Max Power in background.

C grade was won by C. Nelson 45/50 from L. Williams 44/50.  
The 20 target Anniversary Handicap saw a good win go to a local junior shooter G. Hudson 28/28, from D. Durbridge 27/28 and G. Willett 32/33.

• The back marker trophy went to the Club's only Life Member in N. Paterson, who shot 22-24.

A good day was had by all and some fine scores were shot under difficult conditions. ○

## DO WE DEFEND?

by David Watts

### NOTE

Mr David Watts is the National President of the Amateur Pistol Shooting Union of Australia. He is most concerned at the growing strength of the attacks being made on the rights and privileges of the responsible firearms user — that is, the hunter and competitive shooting sports people.

The following message was prepared for inclusion in the magazine "Pistol Shooters' Bulletin". However, it makes a lot of sense for readers of CTSN also.

As shooters you must all be aware of two important matters that may affect your enjoyment of our sport.

First, you will all have noticed the constant media harping for more stringent firearms laws, as if by passing more laws our society will become less violent. Second, there is a real (and quite logical) call for uniform firearms regulations.

As pistol shooters we are already governed by strict, but in my view generally fair, Acts and Regulations that both licence and register the shooter and the pistol. In short, we as pistol shooters, are already bound by the strict laws that pro-regulators seem to want (short that is, of those who favour total prohibition).

There is certainly some logic in aiming for uniform firearms Acts and Regulations throughout the country — particularly if the uniform laws follow those of some enlightened States.

Where then is the problem? Where is the danger to our sport?

The danger, friends, is that while we sit back and hope that reason will prevail, it may not. We may indeed have uniform laws, and they may not be to our liking at all.

Many of you are also rifle shooters or shotgunners, and in that capacity you have an interest in any changes in laws relating to these areas.

It is my strong opinion that we, as shooters, are not taking these matters seriously. We tend to wait and hope that there will be no change that will affect the enjoyment of our sport, and we will only begin to agitate for effective collective action after the event. Then it may well be too late.

There are nearly 50,000 members of the Australian Shooting Association to which the APSUA is affiliated. Hopefully this number will be even greater soon when the ASA may be enlarged to embrace other disciplines. I believe that if we were each prepared to contribute financially, say \$1 per year, we would be able to engage the appropriate experts in public relations and in the processes of government, to effectively monitor the situation and to counter the anti-gun propaganda with reasonable argument.

Please think about it. Do you like the situation as it is now?

Are you prepared to leave the entire work of dealing with future firearms laws and with the anti-gun section of our society with the few dedicated individuals who continue to raise their voices in alarm at the merest mention of regulation of any sort.

Think about it.

Would you be prepared to increase your capitation fees by a \$1 per year to provide for professional help? I think we should. I also think that the time is now.

The ASA management is studying the matter and will be putting a strong recommendation to the ASA Council comprised of delegates from each affiliate. How should your delegate vote?

You are the APSUA. It is your view at the grass roots of our Union that really matters. Please communicate your opinion on this very important matter to either your State Association and/or directly to the Bulletin.

I am hoping for a large and positive response. ○

# The rewards of a serious shooter.

Top: Grand European Skeet Gun  
Below: Grand European Field Gun  
At left: Grand European Trap Gun

Year after year, you've worked hard at your sport. Better trophies, harder competitions. Constantly looking for the edge that keeps you ahead of the rest. Now it's time for the rewards. Winchester Grand European, the finest gun we make. Carefully crafted, elegantly tooled, with the luxury of its own solid leather carrying case. Truly a just reward for a serious shooter.

**WINCHESTER.**  
*Grand European*  
More than a gun.  
A legend.

# Reloading the legend.

You can duplicate the high standards of our factory ammunition with this special equipment. Components include:

- WINCHESTER BALL POWDER which gives you perfect burning and even metering.
- WINCHESTER primers, cases, projectiles, shot and wads
- MEC Shotshell reloaders
- LYMAN centrefire reloading presses and dies

We've had more than a century's experience, and we know what you want.

And what you should expect. Write for the free 72 page reloading booklet which tells you about the 500 different loads for Shotshell, Rifle and Pistol ammunition.

**WINCHESTER**  
More than a gun.  
A legend.
