ALL 747's ARE NOT CREATED EQUAL

There is no such thing as an All Purpose Powder!

THAT'S WHY HERCULES MAKES RED DOT specially for Clay Target Competition

IMPORTANT MESSAGE Fight Rising Prices

Keep down the cost of shooting by getting to know and buy the best value available. Don't leave it to the other guy. He may be half asleep!

Get to know all about BAIKAL Shot, VIHTAVUORI Primers, ECLIPSE Traploads, and HERCULES Powder. You'll help to keep prices down for everyone and save a great deal yourself.

If you reload to save money, you use HERCULES for the cost saving. Isn't it just as important to use the very best clay target powder available?

INSIST ON RED DOT

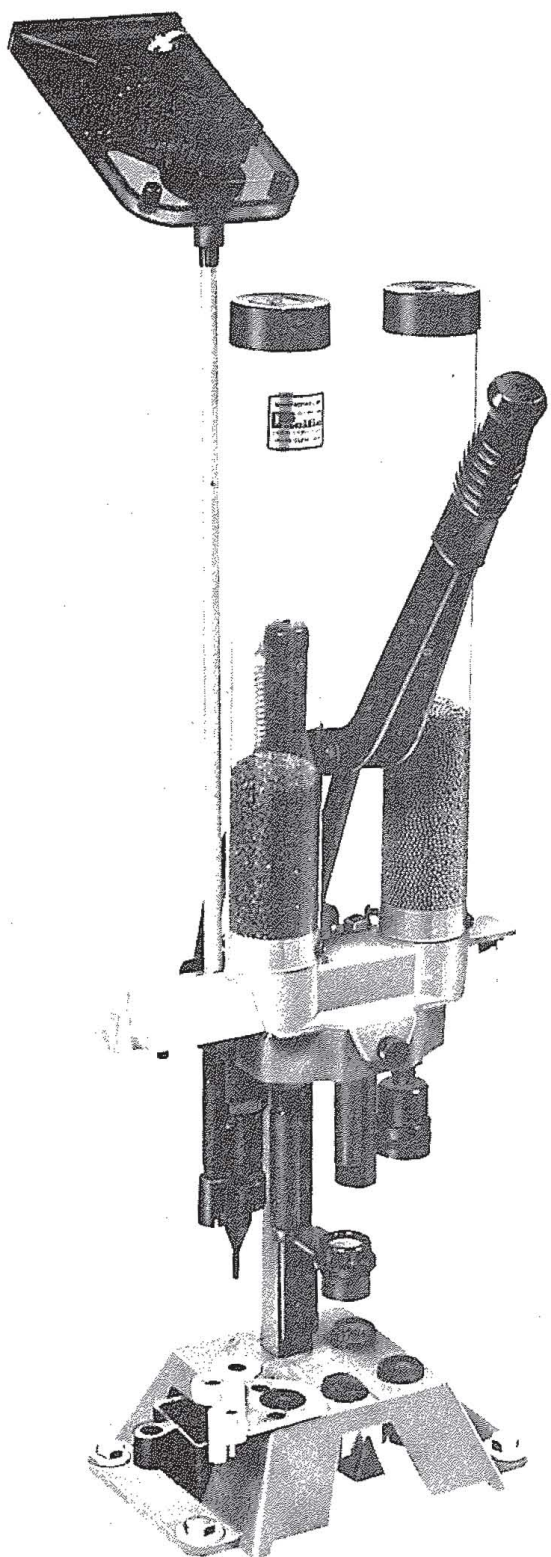

It's made precisely for target competition and priced to give you up to 50% More Shots for your Dollar.

HERCULES Powders are stocked by selected retailers in all States. If you have a problem getting supplies or require the HERCULES Reloaders Guide, contact:

155 APF SHOTSHELL RELOADER
(pictured)

Div of Hornady Pacific 155 APF SHOTSHELL RELOADER

Pacific's 155 is designed for the average shooter, but the only thing average about this reloader is its price. When you compare all reloaders in the 155's price range, you'll rate the 155 tops in all-around performance.

Shooters who reload everything from 12 gauge goose loads to 410 gauge skeet loads will find plenty of versatility in the 155, in addition to fast, easy operation. Pacific's 155 is a top-quality reloader, carefully manufactured of finest materials to provide many years of heavy service.

- Produces factory-like reloads. Resizes entire length of shell, including head and rim. Spring-loaded finish die produces perfect tapered crimp.
- Versatile—113 interchangeable shot and powder bushings give you a wide selection of loads (see page 38). The 155 handles both plastic and paper shells of all base wad types and all brass heights. Quick-change Die Sets let you load everything from 3-inch 12 gauge shells to 2½-inch 410 gauge shells.
- Top-quality materials and workmanship. Dies are polished steel with deep blued finish (no decorative chrome plating to flake and peel). Base and die head are large, heavy-duty castings.
- Foolproof charge bar. Bushings cannot be accidentally reversed in charge bar, and powder-shot charging sequence cannot be unintentionally interrupted.
- All operations end on a positive stop, including fully adjustable wad seating. Clevis-type ejector effortlessly ejects shell from resize die.
- In-line Automatic Primer Feed (APF model pictured) is safe and jam-free; includes Primer Tube Filler. APF Conversion Unit may be added later to 155.
- "Floating" crimp starter automatically seeks out original crimp folds. Interchangeable crimp starter inserts (8-point, 6-point, and paper roll crimp) furnished with loader.
- Large-capacity hoppers keep you loading without interruption. Wide mouth allows quick refilling. Unbreakable primer catcher is standard equipment.

155 APF SHOTSHELL RELOADER.....

12 & 20 Ga.....	
16 & 410 Ga.	

Complete with standard charge bushings.

EXECUTIVE DIRECTOR'S NOTES

How good it's been to meet so many shooters over the last few weeks.

Since last month, I've visited South Australian Gun Club for the Silver Anniversary Shoot, Frankston/Australian Gun Club in company with the Management Committee, and Melbourne Gun Club for the Victorian I.S.U. Championships.

A meeting in Brisbane of the Nationals '82 Organising Committee enabled me to get up to date with the planning for May next year, and to see the progress being made by the Public Works Department to ready the Belmont complex for the Commonwealth Games.

Major works at the Brisbane Gun Club will be completed within a month, the second trench needs only the front wall pouring for completion, before the traps are added.

I've enjoyed the opportunity to meet so many people, in different States. By the way, I've decided to stick to bowls, after one futile attempt to hit clay targets from track 3 with the trap throwing straightaways.

.....

The Federal Budget has been in most peoples thoughts during the last few weeks.

Sporting Associations are generally saddened by the allocation of \$2.885m to the Sport Development Program. This is identical to last years allocation, so inflationary pressures reduce it by 10 percent in real terms.

Added to this, the dramatic increases in domestic and international travel costs in the last year, effectively reduce the allocation by as much as **40 percent**. The 2½ percent across the board increase in sales tax hasn't helped either, so all in all, a very ordinary budget for sport.

.....

The Association's Management Committee met in Melbourne, August 22 and 23. A very long agenda was worked through, with many recommendations coming out of this meeting, to be put to the full Executive when it meets at the end of October.

.....

I'm completing these notes after another week-end involved with the sport.

Friday morning it was out to Melbourne Gun Club to see the start of the I.S.U. Nationals, before going to Tamworth to witness the New South Wales Trap Carnival.

Over one hundred shooters at Melbourne for the National Trench and I.S.U. Skeet Championships, with a strong contingent of nine shooters from Western Australia making the long journey to Melbourne.

Congratulations to Terry Rumbel and Graeme Boyd, winners of the Trench and I.S.U. Skeet titles. A full report will appear in next months issue of Clay Target Shooting News.

Picturesque Tamworth Gun Club at Loomberah outside Tamworth, was the site for the 1981 New South Wales Trap Carnival. About 200 shooters attended each of the three days.

It was a great opportunity to meet many shooters from interstate. A full report of the Carnival will appear next month.

Enjoy your shooting.

RIGHT ON TARGET

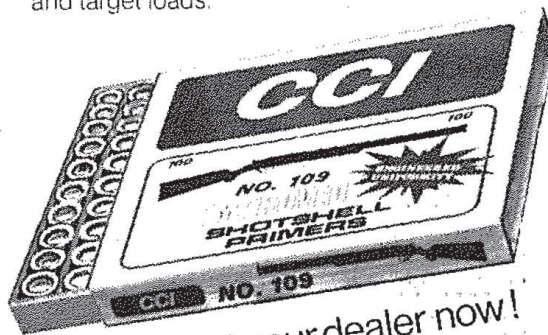

CCI SHOTSHELL PRIMERS

TAKE THEM FOR GRANTED.

A very special primer mixture developed by CCI chemists gives these primers a longer, hotter burning flame to thoroughly ignite all of today's shotshell powders.

This makes for consistent velocities and uniform patterns, time after time. This boring consistency makes for some exciting shooting.

Available for hunting loads and target loads.

Get them at your dealer now!

Get the whole shootin' match
CCI primers and ammo, Speer bullets and

OUR GREATEST GAME BIRD

By Tom Gannon

Charlie Milner, 60, drained his whisky glass and said: "As far as I'm concerned the season could close tomorrow. I've shot enough — 55 in three months."

We were having a Christmas drink at Charlie's home on the outskirts of our town of Wonthaggi in Victoria.

A few days earlier, Charlie and his 32-year-old son, home for Christmas dinner, had barrelled another three snipe 200 metres beyond Charlie's back fence.

NO WAY could I go along with Charlie's closure of the October through February season at the end of December.

There is still the challenge of finding snipe around permanent water such as springs, estuaries, tidal swamps and on inlet islands. They shift to them when swamps dry up.

Charlie overlooks 300 acres of farm land favored by snipe and matched only by 300 acres on the opposite side of town.

These localities are known to every snipe shooter in a town of 5,000 where EVERY shooter seems to go after snipe.

There were 200 birds over Charlie's back fence 300 acres on opening day. He and two mates bagged 30-odd.

The town's keenest snipe shooter Joe Gheller, 56, had the daily bag limit of 15 by 8 am.

By the time the season was a fortnight old, the district had copped 11 inches of rain in six weeks.

It seemed that all the snipe in the world — claimed by a Japanese conservation group to number only 20,000 — were in our district.

They were not, because 200-mile distant SW Victoria was also having the greatest season in memory.

I learned this on suggesting to our state Fisheries and Wildlife body that the opening day be altered from the first DAY of October to the first SATURDAY of October.

Work prevents many shooters from going out on a week day. But the F & WL says snipe could not stand the pressure; and that for a few years yet, opening day will remain on the first DAY of the month.

I had the first fortnight of the season off work, and went out each Monday, Wednesday and Friday.

At 55 years of age, one needs a day to recover from plodding around in mud for a few hours.

There were two to five of us on those opening fortnight shoots, and we topped the 200. 45, 44 and 38 were our best tallies.

On one of the days, the ACTA's since-dead director of coaching Newton Thomas and his mate, Keith Mueller, both of Melbourne, were with us.

Police checked us out that day.

A well-intended Field and Game Association member saw mobs of ducks in the air where we were shooting snipe. Police turned up to investigate a complaint of ducks being shot out of season.

We were in the clear.

Newton had shot game all over Australia, NZ, New Guinea, the UK, America and Europe. But not until he shot near a South Gippsland hamlet that day, had he been checked by police or wildlife authorities.

Incidentally, like all of us, Newton used to miss.

He used 8s in a full choke pump. To not damage a close bird, he shot down the side of it. **Fancy being THAT good!**

He did not better the snipe shooter's average of one bird every three shots.

I got a few of our town's keenest snipe shooters — Italians — together one night and, despite bottles of home-made wine, crystal clear in my mind were their conclusions that snipe are

- less difficult to hit when approached down-wind,
- NOTHING spooks them more than a voice,
- 8s are the ideal size shot,
- you are over-gunned at anything tighter than half-choke (modified).

I was out with one of them one day and did not bother to shoulder my ¼ and ¾ Browning game gun on a snipe that seemed out of range as it got out of a drain.

But Ugo Andrighetto, 50, brought it down at 30 metres with 10s from an open skeet gun.

• A Double Rise ... A German Shorthair Pointer retrieves two snipe.

The bird was only winged, but it showed what can be done with light shot and an open boring.

During November I ran out of No. 8 shot; and for a few outings, used 7s loaded for trap. They were too heavy; they knocked birds about.

Sevens are great for long shots, but most snipe are taken inside 20 yards.

Smother him as he rises, and he's yours!

Earlier, I mentioned that our Italian "forum" stressed the importance of not talking. Not even to your dog. Whistle him, wave to him, shake your fist, BUT DO NOT TALK UNLESS YOU WANT TO RISK FLUSHING A BIRD OUT OF RANGE.

Snipe take so little notice of a dog that they invariably resettle within 50 yards. Besides, such birds would probably not be put up by the shooter.

Because we use dogs, we always walk INTO the wind. That way the dogs warn of birds ahead. Occasionally they set them.

THE ELEY REPORT

FROM RON CLARKE

1. National ISU Championships 4-6 September.

ELEY would like to congratulate all the competitors on some excellent, closely-fought matches - results as listed below:

Skeet

Overall	1st	Graham Boyd
	2nd	Ian Hale
	3rd	Alex Crikis
A Grade	1st	Peter Blackmore
B Grade	1st	Graham Guy
C Grade	1st	Alan Blackmore
Juniors	1st	Craig Meuleman
Ladies	1st	Carol Ogden

Trench

Overall	1st	Terry Rumbel
	2nd	Ian Buchanan
	3rd	Jack Henwood
A Grade	1st	John Maxwell
B Grade	1st	Danny Parsell
C Grade	1st	G. Brown

From ELEY's point of view, these results reflected the quality of our product and our competitiveness in the market place, as 9 out of the 14 shooters, who obtained placings, used ELEY Ammunition.

2. ELEY Classic - Tasmanian

On the 30 August, 1981, Tasmanian Gun Club hosted Tasmania's first ELEY Classic. 79 shooters competed on one of NorthernTassie's wettest afternoons for years, where the attendance was almost certainly affected by the closure of many of the access roads due to flooding.

However, for those who braved the conditions, some excellent scores were recorded.

Winners:

Overall	1st	J. Murphy	124/125
A. Grade	1st	J. Murphy	124/125
	2nd	B. Schott	123/125
	3rd	R. Elmer	113/115
B Grade	1st	J. Briggs	98/100
	2nd	S. Johnson	157/160
	3rd	I. Aylett	156/160
C Grade	1st	R. Berry	97/100
	2nd	W. Richardson	95/100
	3rd	L. McCallum	94/100
Ladies	1st	Nannette McCallum	93/100
Veterans	1st	H. Kerrison	118/124
Juniors	1st	M. Burling	90/100

We would like to congratulate those who were successful, and we sincerely thank the Tasmanian Amateur Shotgun Association, and the Tasmanian Gun Club, for their assistance in preparing this event.

3. ELEY Regional Schoolboys/girls Championships
On Wednesday, 19th August, Corio Bay Gun Club played host to the first Geelong Zone ELEY Regional schools' championships. As you are probably aware,

these championships have been going on for the past 21 years, with the first shoot run at Wangaratta, and then spreading to the present 5 zones:—

North West - Jeparit
North Central - Bendigo
South West - Warrnambool
Geelong/Werribee - Geelong
North East - Wangaratta

Next year, we expect Gippsland and South Eastern Victoria to form a zone, and also Ballarat looks as though it will join the Geelong zone. This year alone, we will attract around 800 schoolboys and girls to this event in the various parts of the State, and we will be advertising the results through the "ELEY REPORT".

The results from the Geelong zone are as follows:—

Senior Team — Colac Technical School

T. Osborne
A. Holloway
S. Male
G. Marwo
D. Duvall

Junior Team — Geelong Technical School

A. Hodgson
A. Box
D. Spicer
G. Larcombe
B. Mathews

Senior High Gun — Stephen Dignan - Colac High

Junior High Gun — Randall Kelynack - Bell Park High

The Regional team is made up from the 5 highest scores for the day; these shooters then shoot 10 targets each, and the score is entered for a postal match against the other zones, to find the Premier Team for Victoria.

The Geelong team was:—

A. Box - Geelong Technical School
S. Dignan - Colac High School
R. Kelynack - Bell Park Technical School
M. Cobb - Geelong East Technical School
D. Kilfoyle - Colac Technical School

We would like to thank the Corio Bay Gun Club for making available the facilities, and congratulate the many individuals who made the day such a success.

ELEY

153 years of excellence.

OUR GREATEST GAME BIRD (Cont'd from page 4)

• A whisp of snipe about to land.

A dog also saves legs and time by retrieving; and time in tracking a wounded runner.

A dog covers MANY times more territory than a shooter. And 90 per cent of snipe shooting time is spent in locating birds.

A snipe will often run at right angles to a shooter. But this diversion will not elude a dog. Snipe run up to 60 yards.

A snipe's skylark coloring makes it as hard to see on bare ground as a stubble quail; but here again, a dog proves its value by scenting the bird.

A dog is also indispensable when, after the initial burst of shooting, snipe tend to hide in heavier cover.

If a lone shooter approaches a hatch of cover where a snipe landed, the bird will go out the other side.

But with a dog to put it out, and a shooter each side of the patch, one generally gets a shot.

Besides, shootin' ain't shootin' without a dog and a mate!

Snipe return to the same spots year after year. In growing holiday resorts around our South Gippsland coast they are in edge-of-town housing developments. Where the development embraces THEIR land, they feed in backyard drains.

A couple of hundred are spread through a sub-division at the entrance to Cowes on Phillip Island.

There are a dozen resident birds in the industrial estate where my bird dogs are exercised morning and evening.

It is advisable to not shoot every bird in a patch. If a few are left, they call in others for NEXT time.

While snipe are waders, they often congregate a mile from water. Ferny, sandy rises are favorite places for a snipe camp.

We have been hitting such a locality about five times a season for 10 years. We've even come upon them there, taking dust baths. They arrive there about a month after the season has opened, and stick around for three months.

The most favored place to find them is in waist-high scrub. Then their rise is accompanied by audible wing-flapping against the scrub.

If there are also trees in the scrub, the snipe can easily bring you undone with their aerobatics to avoid a tree.

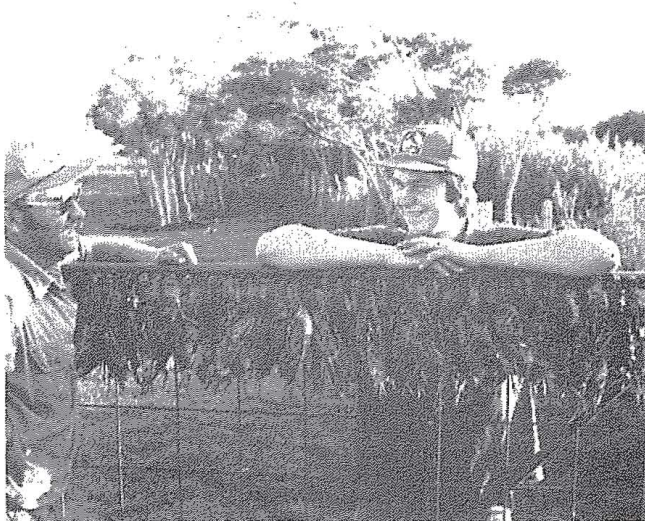

Incidentally, they perch in trees, on windrows and occasionally on fence posts. And when they launch from these "pads" they have a LOT in their favour.

For the first month last season we weighed birds. They ranged from juveniles of 120 gms (4-oz) to mature birds of 190 gms (7-oz). Most were juveniles. One had been banded in Japan four months earlier when seven months old.

The signing of the Japanese-Australian Migratory Bird Agreement put the current season in doubt.

But a F&WL drafted questionnaire circulated among Victorian Field and Game members showed that birds were so numerous and so widespread that a closed season was not justified.

Snipe shooters would be serving their own cause by filling out a similar survey this season.

• The opening of the 1981 Snipe Season in Victoria coincided with a sports day at Chris Green's school. The 16-year old "nominated" snipe shooting as his sport that day, and finished up in this photograph with his father, John. With two other hunters they got 44 snipe.

Beretta
dal 1680

S680 trap & skeet

These exciting new
"Competition" Grade guns
offer many new and
unique features
to the clay target
shooter.

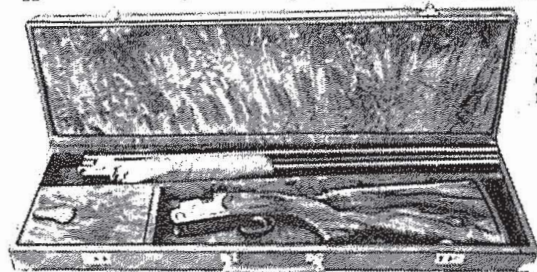

TRAP

Barrels: 29½" (75 cm).
Chokes: Modified and full.
Grip: Features palm swell.
Rib: New 10 mm raised ventilated.
Stock: Regular trap with vent recoil pad.
Receiver: New design with replaceable hinge pins and barrel lugs.
Trigger: New inertia system offering extra short lock time and fine crisp pulls.

SKEET

Barrels: 28" (71 cm).
Chokes: "Special skeet" cone bore wide spread.
Grip: Features palm swell.
Rib: New 10 mm raised ventilated.
Stock: Skeet with solid pad.
Receiver: New design with replaceable hinge pins and barrel lugs.
Trigger: New inertia system offering extra short lock time and fine crisp pulls.

Both models come
complete with this
fine custom gun case.

COMMITTEE COLUMN

by Rob Parker

Lengthy discussions are carried out at every A.C.T.A. Executive meeting on how we can encourage a greater input from shooters to assist in making decisions within our administrative structure. These talks usually finish up back at square one, leaving most of us just as much in the dark as ever.

We try desperately to formulate policy which will have your blessing, only to find that you are not overly satisfied anyway.

Just how to create a form of communication which is acceptable to all parties concerned, for the present, escapes me.

Perhaps one area which gains more shooter criticism than any other at the moment is that of the rules. There is no doubt that the rule book is the chronicle which has the most direct and all-encompassing effect on all shooting members within the A.C.T.A.

With this in mind, Jim Scott, Executive member for New South Wales, has presented a draft of a "Referee's Association" to the A.C.T.A. Executive Committee. Jim has placed a great deal of thought and effort into this proposal with the equity of competition for all clay target shooters paramount at all times.

By presenting this to you now through the C.T.S.N., we are offering you a classic opportunity to help in the policy making of your chosen sport.

Basically, the draft proposal for the formulation of a "Referee's Association" calls for an end to over-complicated rules and regulations, and for them to be replaced with competition law, convenient to both interpret and implement.

Jim has come to this conclusion after very careful study of the trials and tribulations being experienced by shooters, referees and club administrators in carrying out their respective sections of our current system.

The proposal put forward for consideration does not just criticise and ask for action to be taken. Jim has provided a "suggestion style" list of objectives and actions on which to base the entire project.

Briefly, these are:

(1) Inform all A.C.T.A. members through Clay Target Shooting News of the "Referee's Association" discussions, thereby permitting input from the shooters who are most directly affected.

(2) State Associations to convene a meeting of their Rules Supervisors, Referee Examiners and Referees for discussions on the situation.

(3) From these meetings, one delegate from each State to be elected to the "Referee's Association".

(4) The seven men to constitute a new rules Sub-Committee to meet more regularly, and to canvas the feelings of the members more often than is at present practicable.

(5) This group to be responsible for all facets of:—

- (a) New Rules
- (b) Rules Changes
- (c) Appointment of Rules Supervisors
- (d) Appointment of Referee Examiners
- (e) Referees instruction clinics

Recent investigations have found that more and more of our present referees are becoming more disillusioned than ever

with our system, and why not? Difficult, complicated and controversial rules to interpret; some juries not backing referees decisions; some shooters who are not referees themselves sniping and snarling; these are all factors which go towards disheartening the volunteers already in service and preventing others from taking on the job.

There you have it. Now, how about your bit! Jim and I would be only too happy to hear from you on this subject, just as soon as you are able to see your way clear to put pen to paper.

The next subject which I wish to talk about grieves me deeply, for it indicates the unfortunate state of affairs our communications system is in.

At present we have a situation where our I.S.U. Nationals dates clash with the N.S.W. State D.T.L. Carnival 1981 and 1982. We are at present carrying out an investigation into this "state" of affairs in the hope it will be rectified.

However, there is no doubt that such a clash should never occur, placing competitors in the position of having to choose between disciplines and in future, if anything of this nature rears its "ugly head", I can assure you that the National Executive will not permit the conflict. ○

COUNTRY EDUCATION PROJECT SPONSORED CLAY TARGET SHOOT

• The boys in the Under 15 Shoot-Off take positions on tracks.

In what was a first for the Country Education Project, Mallee Track, thirty nine school boy and girl shooters from Hopetoun, Murrayville, and Ouyen High Schools competed in a clay target shoot at the Ouyen Gun Club on August 18th.

Sponsored by the Sport and Recreation Program Committee of C.E.P. and initiated by Mr Peter Stonehouse of Murrayville High School the day concentrated on all aspects of gun safety and training for inexperienced young shooters. A set of rules that all shooters had to be completely familiar with was distributed to participants well before the day of the shoot and all fire-arms were inspected at the club to ensure that they were in a sound condition.

Shooters and members of the A.C.T.A. that were present to supervise the shoot were Mr Peter Kay, President of the Ouyen Gun Club, Mr Brian Loxton, Secretary of the Ouyen Gun Club, Mr Bill Bourke, Club coach of Patchewollock Gun Club and Mr Doug Alford of Hopetoun Gun Club. These people not only supervised the shoot but they provided coaching and assistance throughout the day. The Ouyen Gun Club also provided, tea, coffee and BBQ facilities for the shooters to cook on if they required it.

To provide an extra highlight for the day the shoot took the form of a 20 target, single barrel competition with divisions in

Cont'd on page 71

VALE

It is with deep regret that the CTSN announces the death of a well respected shooter in Mark Edgar.

Mr Edgar aged 65 years was honoured by approximately sixty shooters at a service held on August 8, 1981 at the Springvale Crematorium.

Mr Edgar was a past member of both the Frankston/Australian Gun Club and the Korumburra Gun Club where he was past President.

He was a Clay Target Shooter for many years and to his credit, Mr Edgar won 37 sashes during this time.

The Association expresses its deep sympathy to his family in their great loss.

AROUND THE TRAPS

L.G. Connors

Monday July 27, 1981

Because I received verbal invitations to attend a couple of functions that were to be conducted during this week, and as well as being involved with A.C.T.A. Affairs at office, it seemed a good and viable proposition to stay in Melbourne until the end of this particular week.

Tuesday July 28, 1981

Spent part of the day at A.C.T.A. office with our Executive Director, Mr Ian Hill. I also attended a dinner at Villa Borgese in the evening, organized by Melbourne Gun Club, in honour of Ken and Sue Lowry, who were leaving Australia to reside in New Zealand. Ken has been transferred by his firm and will be in New Zealand for the next two or three years. I believe he has the responsibility of further development in the manufacture of Winchester products in that country. We are sorry to lose their patronage at our many shooting tournaments in Australia, but wish them well in their new venture in New Zealand.

• Larry Dimasi, Mildura, being congratulated by Bob Mules, president of the S.A. Gun Club. Larry was the winner of the Trench Championship and Overall High Gun for the weekend.

Wednesday July 29, 1981

Considerable hours of my time were again spent at the A.C.T.A. office on this day. You may also be pleased to read our Executive Director, Ian Hill is settling into his new job exceptionally well, and attending to a heavy work load. One thing I have come to observe during my many visits to the office, is the efficiency and dedication in general, shown by all staff employed at the office. They are a credit to our Association and show a willingness to work at their duties with great enthusiasm, something that is often lacking in a work force these days. Wednesday evening I attended a meeting of Sporting Equipment Retailers, held at the Sporting Shooters Association. Executive Director, Ian Hill and Victorian Executive member, Bob Buchan also attended.

• Frank Agostino receives his sash and congratulations from Shirley Mules, wife of president Bob Mules, after winning the 25th Anniversary Double Barrel Championship.

Those present participated in small bore, running boar and pistol shooting. The facilities provided here for these sports are of excellent high standard. Gun legislation was a major topic and came in for considerable discussion amongst the group.

Friday July 31, 1981

After a short visit to A.C.T.A. office in the morning, I left Melbourne and headed North where I had responsibilities to attend to.

Saturday August 1, 1981

A visit to Kerang Gun Club, and the reason was an invitation to attend a testimonial shoot, conducted by Kerang Gun Club on behalf of Frank James. Frank was being honoured by shooters and his club, for twenty years as President of the Kerang Gun Club. A Testimonial Championship was conducted by the club in Frank's honour, as well as he was presented with a recliner chair valued at \$300.00, as a token of appreciation for his services to the club. Frank as well as being President of Kerang Gun Club, is also the North West Zone coach and referee examiner. Frank spends many hours of his time coaching novice and junior shooters. It was great to see he was rewarded for his services to our sport whilst he is still around to receive the pats and to personally know his efforts are appreciated. Ninety shooters attended the shoot organized for Frank, and passed on their congratulations for a job well done. Ken Burton, Vice President to Frank was one of the main organizers and instigators of the shoot, and also the social that over 100 shooters and friends attended that night in Frank's honour. My personal congratulations Frank for your contribution to our sport.

Sunday August 2, 1981

Paid a visit to Downside International Gun Club in N.S.W. this day, to attend their afternoon club shoot. I was there in 1979 when they conducted the National Trench Titles. Those in attendance will remember the classic shoot off between Doug Smith and Terry Rumbel. Further development has taken place in their shooting facilities. They now have four layouts of D.T.L. trap and two skeet. N.S.W. is also facing problem gun laws and legislation, similar to Victoria. The possible alterations were getting plenty of action from shooters I was talking to at the Ground. They also mentioned

• Mr. and Mrs. Trevor Reschke being farewelled by Laurie Connors at Adelaide Airport, on their way to Sydney to fly out with the Air-New Zealand Trap Team for Vandalia.

the fact, they had been in contact with their Government representatives and lodged their objections to the possible alterations.

Saturday & Sunday August 15 & 16, 1981

The South Australian Gun Club conducted their 25th Anniversary Shoot over this weekend. Our Executive Director, Mr Ian Hill and myself had the pleasure of being their guests. Well known shooter, Bob Mules is the President and has held this position for twenty-three of the twenty-five years the club has been in existence. His wife, Shirley has a better record, in that she has worked and organized the catering at all club shoots for the full twenty-five years the club has been operating. Clay target shooting in general throughout S.A. has gained from Bob's effort and the time he has contributed, not only to his own club, but to many others he has visited and assisted in that State. A great number of original members were there who started the club. It was interesting to hear them remark in conversation, how the sport of clay busting had grown over these years. One gent I spoke with informed me he was one, who was involved in the purchase of the existing land to establish the gun club. He admitted to me, he never expected to see the site used to its full extent as it is today. S.A. Gun Club has great potential for many years to come, and no doubt, correctly administered will play a major role in the future development of clay target

• Deep in concentration at Waterwheel Press preparing C.T.S.N., from left to right, Jan Brunt, Ian Hill and Agnes Connors check the paste-up.

shooting in S.A. At the end of the two day shoot, a barbecue tea with refreshments was provided for all by the club. It was a tremendous wind up, with a special 25th Anniversary cake, supplied and made by Mrs Joan Ellis, for the occasion. Thanks Peter and Barbara Quire and S.A. Gun Club for your great hospitality.

Thursday August 20, 1981

Travelled to Melbourne via Shepparton this day, and took the opportunity to call at Waterwheel Press to see the final paste-up of our September Shooting News, before it went to press. Our Executive Director, Mr Ian Hill gave me a run down on final procedures and an insight into the amount of work involved in producing our magazine. There is no doubt in my mind that we must endeavour to get this journal on to the shelves of all newsagent stands as soon as possible.

Friday August 21, 1981

My time was spent at the office in preparing for the Management Committee meeting that followed on Saturday and Sunday.

Saturday, Sunday & Monday, August 29, 30 & 31, 1981

The Victorian Clay Target Association conducted their I.S.U. Championships at Melbourne Gun Club over this weekend. The titles were a fore-runner to the National I.S.U. Championships that were to follow the next weekend. Forty-eight shooters entered the Victorian Trench Championship. They came from N.S.W. and W.A. It was apparent the event was being used as a training run. Jim Ellis, A.C.T. won the title after a shoot-off with Greg Long, Frankston Australia. Jim's score 144/150. Twenty shooters competed for the Victorian I.S.U. Skeet title, with a shoot-off being required to decide a winner for this event also. Crikis and Summers were the two to do battle, with Crikis being successful in winning the title. Over the three day Carnival, Ian Buchanan, Frankston Australian Gun Club was showing the best early form. A full report of result will be published at a later date.

"One of the difficult tasks in this world, is to convince a woman that a bargain costs money".

See you where there is shooting.

MENTAL DISCIPLINE

The three ingredients that make a winning performance are confidence, ability and mental discipline.

The three are so closely aligned that, unless they are interlocked, the competitor's performance is certainly impaired.

Confidence. All the confidence in the world is worth very little if the competitor has not the ability to perform the task. On the other hand, if the competitor has all the ability, but is not confident enough to put that ability into motion, then again, that performance is impaired. This is where mental discipline enters the game.

I find that confidence and ability are arrived at by positive practice. If you practice a skill correctly, you will become efficient in that skill or skills, and confidence in yourself will become greater as your efficiency increases. The competitor must mentally train himself to practice correctly. And I find the easiest way of doing this is by goal setting.

Here is an example. Your goal is to win the 1500 metre race at the Olympics. You know that, to win the race, your time will have to be, say, 3 mins. 50 secs., but you, at this time, are running 4 mins. 10 secs. — 20 seconds over the required time. If you go out to practice and try and run 3:50, then you will be sadly disappointed. And possibly your confidence will be

Ian Hale

dampened. The correct way to obtain that 3 mins. 50 secs. is to make yourself an objective. If your best time, so far, is 4:10, then tomorrow's training should be 4:08, and the next day 4:6 and so on. This makes your training more positive and interesting and, as your time gets lower, your skills improve.

If you find you have not the ability required to perform your objective, go to the coach, find out what you have to do to improve your ability and make that your objective. To improve your technique, will help you get to your objective time, thus getting you closer to your goal-time.

Some people call this brick-building: slowly building brick by brick, improving your technique, improving your confidence. And, with the daily challenge, making you mentally tough.

This daily routine holds you in good stead at top level competition because of the mental toughness to go out and make yourself excel day after day. On the big day, if you are mentally tough enough to go out and do better, you will find you will reap the reward.

Winning — is the reward for correct positive practice and the mental discipline to put all that hard work into perspective.

AUSTRALIAN CLAY TARGET SHOOTING NEWS—OCTOBER 1981

Page 15

TRADE TOPICS

THE BEGONIA BOOK SUPPLY STORY

Geoff Mark, almost from the time he could walk, was destined to follow in the footsteps of his grandfather. Bill Mark of Rainbow Victoria, recognised in the north west of the state as one of the most knowledgeable bushman ever born, and his father, Brian Mark (Winchester Australia's Advertising and Sales Promotion Manager) as an avid outdoors man.

As a young boy he was found on every school holidays with his father and brothers hunting and fishing the far western region of NSW, particularly around the Paroo Channell, Wilcannia, Menindee, Ivanhoe and Hay areas.

His love for the great outdoors was cemented with lifetime friendships established with the locals who were only too willing to educate him of the ways of the bushman.

He was educated at Ballarat East High School and on graduation joined the Victoria Police Force in 1972. 6 years later and by now a Senior Constable of Police he decided that he would like to pursue the opportunity of owning his own business.

Being an accomplished shooter in his own right, winner of an Australian National Clay Target Championship at age of 13 and having represented Australia at International level before he had turned 20, his thoughts of business opportunity lay in the shooting direction.

Geoff, like many thousands of eager sportsmen had found it difficult through the normal outlets, bookshops, sports stores and newsagents to obtain books from overseas on hunting, shooting, fishing and other outdoor related subjects. Like most Australians he would drool over publications obtainable overseas that were in most cases either difficult or impossible to obtain here.

He made his first overtures to Winchester Australia to ascertain the viability of distributing the Winchester Press Range of outdoor books. On receiving the green light he left the Police Department and acquired the sole distribution rights for Australia, New Zealand and the Pacific.

With Ballarat being the location of his business, and known affectionately by the hundreds of thousands of visitors to the Annual Begonia Festival as the Begonia City, the choice of a name for a company was easy.

The business was launched in November 1977 in a 40' x 30' shed at his parents home. Initially Geoff was doing the major part of the selling and his Mother Joan and wife Sue did the packing and secretarial duties. All the family took part in the administration of the business.

His foresight in taking this step forward has been justified by a growth rate that has now, only 3 yrs later, shifted into a 5000 square foot warehouse in Ballarat city.

There is now a full time sales representative. Neville Purdue, who with his wife Marcia are enthusiastic Big Bore and Small Bore shooters and in addition Queensland is serviced by Bob and Ken Oldfield of Hy Gun Products. South Australia has Ian Campbell and W.A. has Shane Moad. In all the entire team is well known amongst the shooting fraternity in this country.

New Zealand is handled by Don Marsden of Christchurch.

Two full time storemen/packers are employed in Ballarat and to service the over 800 outlets the business has now been fully computerised. An idea of the growth can be ascertained by the fact that in addition to Winchester Press and Lyman there are over 20 major overseas publishers that Begonia Book Supply represent. Included are John Olson, DBI/Stoeger, Paladin, Wolfe, Borden, Blacksmith and NRA. Also included are 6 major Australian publishers.

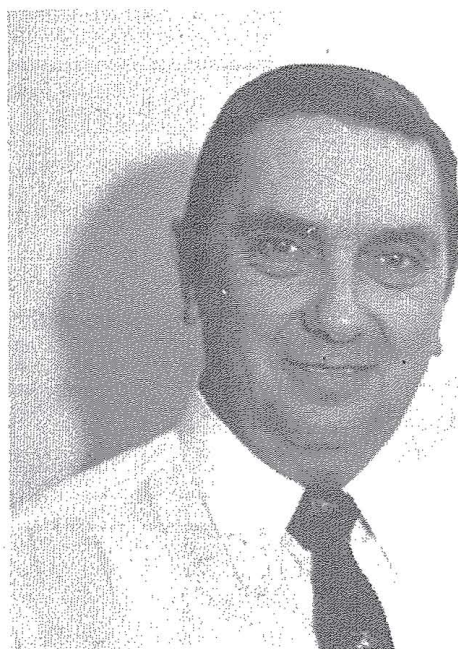

Specialising in the outdoors BBS has over 300 different titles on Firearm related books in stock. General sports are catered for with over 50 fishing titles, golf, tennis, Arts & Crafts, cricket, dogs and much, much more. Each month new titles arrive to give the best possible up to date service to the

Australian outdoors readers. More and more overseas publishers have now heard of Begonia books and have offered distribution rights for their books. Being selective of U.S. Publications, Geoff has said, "The Americans have the money, the population and the technology to produce first class, well informed, practical work that can be easily adapted to our conditions."

Sportswriters, avid book readers, collectors and the like have applauded his foresight in this venture as attested by the hundreds of letters he has received from all over Australia by grateful and satisfied customers. Begonia specialise in dealing with hard to get titles and their success rate here has been most rewarding.

Begonia Book Supply Warehouse and Administration is now located at 7 Porter St., Ballarat, Vic. 3350 & P.O. Box 335 and Telephone 053 316 466.

BILL LEAVES THE BIG W.

• Bill Shelton leaves Winchester Australia Pty. Ltd. after nine years.

Bill Shelton, Winchester's Industrial and Law Enforcement Manager, is going home.

Back to Sydney to take up a new business opportunity. During the 9 years that Bill has been with the Big W he has made thousands of friends throughout the shooting fraternity and the Firearms Industry.

Prior to coming to Geelong he was Regional Manager for NSW and Queensland and prior to that he managed the NSW operation.

Although Bill is saying goodbye to Winchester he assures all his trap shooting mates that he will be continuing to bust clays, mainly at his old home Club, Royal Aero, where he will also continue his interest in flying.

Bill has been shooting competitively for over 20 years and probably holds a unique record at National Championships. He has been runner up on 3 occasions in the Grand Australian Handicap.

He has a spot reserved at the bar at his favourite watering hole and looks forward to meeting all his old mates.

Be warned that as he grew older, his grasp on a glass of Scotch (Dewars of course) tightened up to the extend he has now had to have a release trigger fitted to his under and over. ○

AUSTRALIAN SHOOTING ASSOCIATION

Applications are invited for the positions of:

GENERAL TEAM MANAGER ASSISTANT GENERAL TEAM MANAGER

For the 1982 Australian Shooting Team to compete at the World Shooting Championships, Caracas, Venezuela, 1982.

Why Not Give Us A Go.

RECLAIMED SHOT

Just released onto the market with this issue of the Australian Clay Target Shooting News is what is believed to be the first commercially available reclaimed shot in Australia.

Probably many people sitting waiting for their turn to shoot have thought about reclaiming the shot which was being systematically deposited onto the ground. If any of their thoughts were carried further they would have found that reclaiming shot from Clay Target shooting grounds is not as easy as it first seems.

A Sydney company, NAKUBA PTY. LTD., has developed a system for reclaiming shot, removing all the dirt in the process and then grading it into sizes 7, 8 and 9. The company claims that all oversize, undersize and badly deformed shot is discarded in the grading process.

A spokesman for the company, Mr John Watson, says that either wet or dry separation can be used depending on the ground conditions and the clubs locality. For most clubs the first step is to take off the top 5-7 cms. prior to the separation process.

When the shot recovery is complete the ground can be topsoiled and replanted in accordance with the clubs needs. A recovery rate of 90-95 percent is claimed for this method.

If for some reason the top 5-7 cms. cannot be taken off another process which picks the shot off the ground can be used. However, the company says that this method is much slower and a recovery rate of only 40-45 percent can be expected.

The reclamation program of NAKUBA PTY. LTD. promises to be a boon to Clay Target shooting in Australia providing a source of money for the clubs and much lower priced shot for the shooter.

At present the company is on site at the New South Wales Gun Club and is prepared to travel anywhere in Australia to work gun club grounds. Interested clubs should contact Nakuba Pty. Ltd. in Sydney.

QUEENSLAND'S WESTERN ZONE CARNIVAL

by Richard Dean

• Left to right: Jim Mahoney (president, Charleville G.C.), Don Turnbull (Western Zone D.B. Champion), Roley Zeisemer (W.Z. S.B. Champion), Garry Webster (W.Z. Points Champion) and Richard Dean (W.Z. Champion of Champions).

The Western Zone of the Q.C.T.A. held their yearly Carnival on July 18 & 19, at the Charleville Gun Club in Queensland.

It was a most successful shoot with the grounds in excellent condition thanks to the President Jim Mahoney and his merry band of helpers.

It was certainly the weekend for Gary Webster from Cunnamulla who showed in every event bar one and succeeded in taking out the Carnivals High Gun. Listed below are the results of this mighty shoot:

Event 1. Western Zone Carnival Double Barrel C'ship.

Overall: Don Turnbull (Charleville) 42/42

A. Grade: A.D. James (Wandoan) 41/42

B. Grade: R. Hedger (Charleville) 31/32

C. Grade: A. Schmidt (Cunnamulla) 33/34

Event 2. Western Zone Carnival Single Barrel C'ship.

Overall: R. Zeisemer (Condamine) 30/30

A. Grade: G. Webster (Cunnamulla) 29/30

B. Grade: H. Cameron (Roma) 29/30

C. Grade: N. Marks (Scrubby Creek) 33/36

Event 3. Western Zone Carnival Points C'ship.

Overall: G. Webster (Cunnamulla) 90/90

A. Grade: J. Raleigh (Charleville) 89/90

B. Grade: R. Hedger (Charleville) 84/90

C. Grade: D. Colley (Roma) 88/90

Event 4. Eley Event.

Overall: G. Webster (Cunnamulla) 38/38

A. Grade: J. Raleigh (Charleville) 37/38

B. Grade: A. Flegler (Dalby) 29/30

C. Grade: A. Schmidt (Cunnamulla) 37/38

Best Lady: B. Grice (Brisbane) 26/30

Best Junior: L. Taylor (Tambo) 21/30

Event 5. Western Zone Carnival Champion of Champions.

Overall: R.A. Dean (Roma) 30/31

A. Grade: G. Webster (Cunnamulla) 27/31

B. Grade: D. Dundson (Cunnamulla) 29/31

C. Grade: I. East (Charleville) 28/30

Event 6. Western Zone Handicap.

3 Possibles: A. Schmidt, I. East and D. Colley.

High Gun: G. Webster 231/240. Intermediate High Gun: D. Colley 216/240. Ladies High Gun: B. Grice 203/240.

Western Zone Team 1981: G. Wester, J. Raleigh, R. Dean, D. Turnbull, T. Akers & R. Hedger.

Next year the Carnival will be held at the Condamine Gun Club and here's hoping for a good shoot. ○

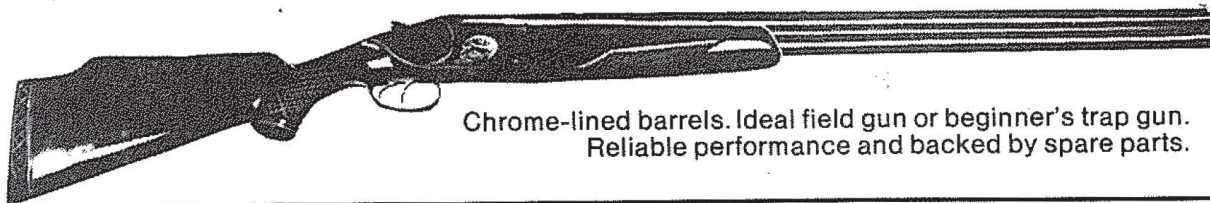

• The Eley Event: left to right — L. Taylor, best junior; I. East, 2nd C Grade; Gary Webster, Overall Winner; Tom Pascoe, Eley Ammunition; Bev Grice, Best Lady; John Raleigh, 1st A Grade.

Ansett.

TASMANIAN AMATEUR SHOTGUN ASSOCIATION

By Kaye Woods

Report on Eley Classic

Despite the grounds being flanked by floodwaters and rain falling for most of the day the Eley Classic held at the Tasmanian Gun Club Evandale on Sunday 30th August was a great success. Seventy nine shooters took part in the event and competition was keen in all grades. Apart from a brief period mid-afternoon when shooters preferred the comfort of the clubhouse to the heavy rain on the tracks the program was kept flowing smoothly. Thanks must go to the shooters who, armed with brooms, tried to keep the lanes on trap 3 above water level.

The A Grade section saw four shooters — R. Elmer, J. Murphy, B. Schott and I. Rist with a score of 99-100. The shoot off created much interest, especially among those shooters who, having put their guns away for the day were watching from the comfort of the bar. T. Rist missed his first target and retired to the club house to watch with the other spectators, the three remaining shooters do battle in the heavy rain. J. Murphy showed that he could best handle the conditions and emerged as the overall winner with a score of 124/125. Congratulations John.

In B Grade J. Briggs was a clear winner and S. Johnson and I. Aylett showed that they too could handle the conditions in a shoot off for second and third. After many trips to the car to restock up on shells S. Johnson took out the trophy for second with 157/160 with I. Aylett third 156/160.

Congratulations to C Grade winners R. Berry, W. Richardson and L. McCallum. N. McCallum once again proved that she is the best lady shooter in the State with a score of 93/100. D. Groves and D. Aylett took out second and third placings respectively.

A shoot off was needed to separate H. Kerrison and R. Abblitt in the veteran section of the competition. H. Kerrison emerged as winner with a score of 118/124. Juniors M. Burling and M. Conlan shot very well to take out first and second placings in their section of the event.

C. Conlan made the presentation of trophies on behalf of the Eley company. The State Association is very grateful to Eley for their support of clay target shooting. The line-up of trophies for the event was most impressive and brought favourable comment from all competitors.

SOUTH AUSTRALIAN GUN CLUB SILVER ANNIVERSARY SHOOT

Staff Writer

The week-end of August 15/16 saw a very successful shoot to celebrate 25 years at Bolivar.

The grounds and facilities were in top shape, thanks to hard working S.A. Gun Club President, Bob Mules and his Committee.

The weather was fine for the two days, with a strong wind blowing from the North. Shooters were well looked after with a varied program, and some fine shoot-offs were witnessed.

Bob Mules and his wife Shirley amazed with their absolute dedication to the Club. Bob was never still for the two days, either checking targets, traps, the office or out on the tracks performing well with his old side by side. I'm not sure what Bob uses for reloading, but his gun sounds quite different! The colour coding in marker pen on the cartridges used for different events interested me greatly too, but despite many questions I was unable to break the code.

Bob has been President of the South Australian Gun Club for twenty-three years, and can feel justifiably proud of the progress made by the Club during his term.

Shirley Mules has been running the canteen for 25 years, just think of the countless cuppas dispensed in that time, not to mention the food purchased, heated, and presented. She has a band of willing helpers, one of whom, Joan Ellis, made the special birthday cake to mark the Silver Anniversary.

Many of the "old brigade", original members of the Club who had worked tirelessly for it in the early days, were welcomed warmly and enjoyed reminiscing and meeting old friends, during the excellent barbeque which wound up proceedings on the Sunday evening.

Shooters travelled from as far away as Mildura and Mount Gambier to attend the shoot. The Mildura contingent were quite successful, National President Laurie Connors winning the Double Barrel Championship on the Saturday and Larry Dimasi the Saturday Trench Championship and High Gun for the week-end.

TASMANIAN AMATEUR SHOTGUN ASSOCIATION NEWSLETTER

by Kaye Woods

Clay Target shooting in Tasmania is once again experiencing an upward trend after being in the doldrums for the past few years.

Statistics show that "country" clubs are attracting more shooters to their programmed shoots whilst "city" clubs are still experiencing a downturn in numbers. There must be a reason for this trend and the former "big" clubs must be wondering what that reason is. Is it the friendly atmosphere experienced at country shoots, or perhaps the programs are more attractive to shooters? Do the clubs with bar facilities promote the social side of their club to the detriment of the competitive aspect?

These questions can only be answered by Club Administrative Personnel and if clubs wish to continue as viable sporting clubs they must examine their priorities and take action to rectify their decline in popularity. This is a competitive world and unless clubs are prepared to compete at all levels they will not attain the success they desire. Shooters will not attend clubs where they are not made welcome and feel that perhaps they are not wanted.

Isolated clubs continue to experience a fall off in numbers and one can feel some sympathy for these clubs because with the increase in costs of travelling, shooters are not prepared to travel great distances to attend shoots. The population of such areas is usually small with many sporting bodies seeking to attract the local sportsmen and women to their particular sport. Once again the word compete is to the fore and clubs in isolated areas must implement recruitment drives in an endeavour to attract members.

The administration of some clubs could be improved with little effort — remember the smooth running of shoots in itself is an attraction to shooters. Who wants to sit around for hours day or night, whilst club management sort out their problems. Breakdowns in equipment occur and this has to be expected, but not shoot after shoot at the same club. Mechanical maintenance prior to shoot day and having spares on hand would alleviate many problems.

Finally a reminder to all shooters, if you have any grievances at either Club, Zone or State level don't hesitate to contact your club delegate, or the State Association directly so that your problem can be discussed, and if necessary action taken to remedy the situation. If it is deemed necessary you will be invited to attend a meeting to present your case. Don't grumble to other shooters or friends at the local bar because unless you are prepared to bring your problem to the notice of your club or State Association it will continue to exist. Problems don't go away without some form of action.

The time is opportune for shooters to pull together in an endeavour to keep our sport of clay target on the upward path and hopefully raise it to an all time high. In the words of Calvin Coolidge "We cannot do EVERYTHING at once, but we can do SOMETHING at once".

DIRECTOR OF COACHING

The Australian Clay Target Association, is seeking a National Coaching Director.

Duties will include the creation and development of coaching and education programs, aimed at improving standards of performance of existing and potential clay target shooters.

Knowledge of the shooting sports is not essential but an ability to communicate and work closely with State Coaching Directors is vital.

The position will be located in Melbourne and an attractive remuneration package is offered.

Written applications giving full details of coaching experience and background should be addressed to:—

The Executive Director
Australian Clay Target Association,
P.O. Box 198,
Blackburn, Victoria 3130.

"TAIPAN" PERPETUAL SHIELD

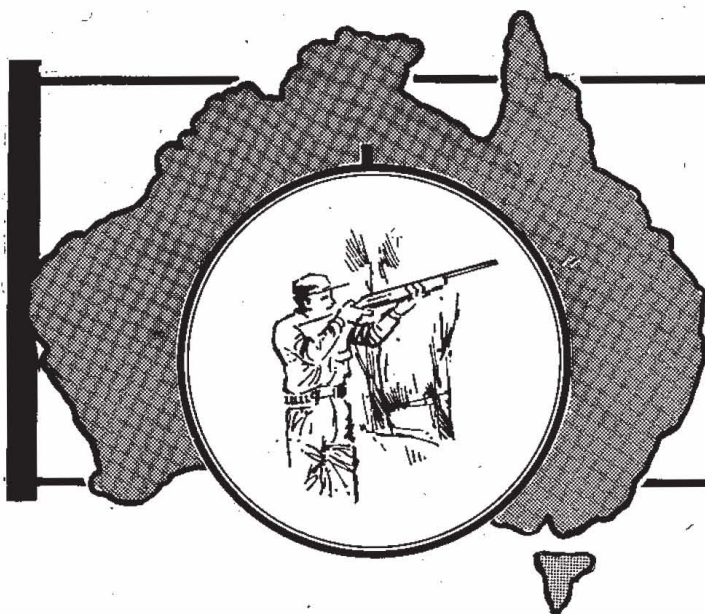

Sponsored by Mr & Mrs S. Churches of 945 South Road, Edwardstown, S.A. 5039.

Johnson and the position of Secretary/Treasurer went to Mrs J. Robert, 45A Hammond Ave, Normanhurst, Phone: 487 2795.

MACMAHON CLAY TARGET CLUB (N.T.)

At the Annual General Meeting of the Macmahon, Clay Target Club, the following members were elected to office: President, Mr A. Kolstad; Secretary, Mrs M. Briggs. Mrs Briggs can be contacted as 52 Smith Street, Alice Springs. O

EDITOR'S MAILBOX

Dear Ian,

Could I please use the pages of 'Clay Target Shooting News' to express my deep appreciation to the many shooters throughout Australia and overseas who have sent expressions of sympathy to my family and me following the loss of my husband, Newton.

The response has been a wonderful source of strength to Jane, Newton Jnr. and me over the past few months and will continue to sustain us.

Yours sincerely,

Audrey E. Thomas.

GUNPOWDER — BACK IN ACTION

by Club Secretary

• Picturesque new grounds, Gunpowder Gun Club.

The A.C.T.A.'s latest member club Gunpowder has been back in action in 1981, and held a highly successful shoot on the first and second of August in support of the Gunpowder State School P. & C. Association. Situated 130 km North of Mount Isa, Gunpowder is a copper mining town that supports the Mammoth mine owned by Gunpowder Copper Limited. The original Gunpowder Club folded up in 1977 when low copper prices forced closure of the mine, but recent developments have given the town a new lease of life and a new club was formed in late 1980.

Since its reformation, the club has conducted several successful shoots, the latest commencing under lights at the new shooting grounds. Despite the 80 km of unsealed road, shooters from Mary Kathleen and Mount Isa arrived to compete for over \$1,000 worth of prizes shot over four events, commencing with a night event shoot on Saturday.

• Wally Onton, congratulated by Gunpowder Gun Club president Graeme Jory on winning the night handicap.

The Gunpowder Night Handicap was won by Wally Onton 21/22, with second place to Mrs Kay Kuskoff 20/22 and third to Elio Sebastiani 18-20. Front Marker trophy was won by R. Magdics with 20/22.

After a champagne breakfast the Simon Carves Championship got underway. Overall and A Grade went to Elio Sebastiani with 26/26, John Hart coming in to second place with 26/27. B Grade went to Doug Pope with 25/26 ahead of Phil Leddick 21/22. C Grade went to Bill Kawau with 27/29 just ahead of K. Joyce 26/29. Event 3, the Samuel Allen 15tgt S/B Handicap went to Paddy Baron 22/22 from Keith Joyce 21/22 with third to Martin Ackland 27/28. The Front Marker prize was won by R. Magdics with 26/28.

The final event, the Gunpowder 15 Tgt. E/S Continental Cash Divide Handicap, was shared between Ernie Young, Kay Kuskoff, Ron Kitching, Paddy Baron and Keith Joyce. Overall High Gun was won by Paddy Baron with 70/75 and the Front Markers High Gun Keith Joyce with 69/75.

At the prize giving Ron Kitching who has returned to shooting after a break of fifteen years admitted that during the Continental he could not work out why no one complained about erratic clays. Being a gentleman Ron continued to shoot, not wishing to complain about high and low birds and managed a 15/15. On later making an enquiry about the clays he learned of a style of shooting that he had not experienced in his past. Had he known what to expect, he stated, he may not have been so relaxed!!

The shoot and catering activities raised in excess of \$1,200 for the State School P & C, as well as add to the competition round in North West Queensland. Catering and bar facilities provided by the Gunpowder P & C were excellent, and a shooting gallery, knock em down and a darts game were provided for the children, and any larger kids who had not shot the clays to their normal form.

The Gunpowder Club acknowledge the generous support given by Simon Carves (Australia) Pty. Ltd., Samuel Allen & Sons Ltd and Mrs Mary Lanskey, and the catering services by the P & C Association.

QUEENSLAND NEWS

by Bev Grice

The State Training Squad consists of D. SMITH; J. PORTER; R. DEAN; G. STEVENS, these shooters are now in full training with the State Coaching Director.

B. Nelis also recorded the highest I.S.U. Skeet score in the State.

Accredited coaches who attended the seminar in May have now received their Coaching Techniques Manual, compiled from information obtained from our guest speaker.

The coaching seminars to be held this month are:— CENTRAL ZONE at the ETON-MACKAY GUN CLUB on October 10th - 11th and NORTHERN ZONE at the CAIRNS GUN CLUB on the 24th - 25th October.

There has also been a coaching day organized at Sunshine Coast for the Students, both the State Director the Zone Coach will be in attendance using the A/V equipment.

All accredited coaches will receive their manuals following their seminars. We look forward to meeting you all again, and hope that you the coaches will attend.

Congratulations must go to Rhonda Porter who shot very well at the Brisbane Gun Club exhibition shoot, to win the ladies high gun as well as other trophies. A lovely surprise for her mother Muriel, who has arrived home following a month in Canada.

I attended the Gemfields Gun Club for their Annual shoot, and opening of their new grounds. What a superb team effort. They have a large club house, very modern amenities, good camping facilities, (12 powered van sites, and any amount of unpowered camping areas) fully equipped kitchen and bar.

QUEENSLAND NEWS (Contd from page 51)

Most importantly of course good shooting background. They have three layouts in and operating, and have made provision to include another two layouts. The club was opened by the local member of Parliament, who when speaking with him later expressed his surprise in the complex, and in the sport in general. It was a tremendous shoot, and the members are to be congratulated on their hospitality to all.

Sunshine Coast Gun Club members had a Farewell Dinner for Brian & Sandy May who are leaving the area. The Mays are moving to Hampton near Toowoomba. Brian commenced the Student Coaching at the Sunshine Coast Club.

Bernie Riley of Mary Kathleen has advised me that his newsletter has finished, what a pity — when with more co-operation from fellow shooters this would not have happened. My condolences Bernie, but keep promoting the sport.

MAJOR SHOTS THIS MONTH ARE:— RAVENSHOE: BUNDABERG: BURDEKIN: HERBERT RIVER.

RAVENSHOE: This club was affiliated in 1959. The secretary then was S. Campbell. This club is approx 97 miles from Innisfail in the Nth Zone.

BUNDABERG: Is approx 320 miles north of Brisbane. The club is situated on the Bert Hinkler Airport and was affiliated in 1961. Mr W.J. Walk fired the first shot when night shooting was introduced to the club.

BURDEKIN: Approx 90 miles south of Townsville. This club affiliated in 1950. Over the years some large breaks have been shot at the club. Including R. Falco, J. Scalia and D. Bannister who shot a 100 Towerbreak. This club is nestled in between the sugar cane farms and is very picturesque.

HERBERT RIVER: This club was affiliated in 1953. ○

DALBY GUN CLUB ANNUAL SHOOT

by Janet Thygesen

Our club held it's Annual Shoot on 22-23rd August. Our thanks go to Dalby & Toowoomba business people for their generous support. Thanks also to Winchester for the trophy that they donated, and for the attendance of their representative Trevor Schultz. We were also honoured by the presence of Sir Leslie Price and Lady Price who arrived from Melbourne on Saturday afternoon.

Despite windy conditions, 56 shooters lined up for event 1 on Saturday, the DALBY & DIST. D/B C/SHIP, which was won by B. Pearce O/A. G. Watson (A), R. McAuliffe (B), D. Osbourne (C), Front Marker went to Mrs B. Cairns.

Mrs J. Roach, Sec. 21 2095.

ISLAND FARM NORTHAM TWO DAY SHOOT

by Club Publicity Officer

• Tim Catling explains to his wife Beth, "The only way to hit 'em is to keep both eyes firmly closed".

The Northam & Districts Gun Club held a two day shoot on August 15 & 16 which gained high attendances both days despite the windy and showery conditions.

Under the difficult conditions Tim Catling heavily underlined his entitlement to the New Zealand Air Fare which he had won previously and due to unusual circumstances forfeited, to be shot for again over the first three events at Island Farm at the August Championships.

The first event being the 25T District DB C'ship was won by G. Ferrara, with W. Kennerer, Doug Morgan and D. Bosenberg winning the three grade trophies.

Two possibles were shot in the second event which was the 25T Dst SB C'ship by Maro Bristow-Stagg and Tim Catling.

ISLAND FARM NORTHAM TWO DAY SHOOT (Cont'd from page 55)

• Ken Holman (right) receives trophies from President Barry Bristow-Stagg with Roy Holtfreter assisting.

The shoot off resulted in the unusual sight of Tim dropping his first target. Marc being second shooter made no mistake and quite suddenly won his first Championship sash, leaving Tim Catling with the A Grade, Karl Schinzig the B Grade and S. Johnson the C Grade.

The third and final event to count for the Air New Zealand Air Fare went to Tim Catling outright which stitched things up rather convincingly, leaving no other really serious contender.

The first event held on Day 2, District Continental C'ship was also won by Tim Catling. Not before however having to survive a quite prolonged shoot off with Northam member from York, Brent Humphrey, who has recently made a return to Clay Target shooting after nearly a two year absence. Ken Holman took off the A Grade, Colin Hinkley the B Grade and Brent the C Grade.

The fifth event, a graded Cash event was won by: A Grade Tim Catling, B Grade Colin Hinkley and C Grade Merve Madew.

AUSTRALIAN CAPITAL TERRITORY

COUNTRY EDUCATION
(Cont'd from page 10)

• A. Hoffmeyer of Hopetoun High, winner of the High Gun and Over 15, being presented with his trophy by shoot organiser, Mr Peter Stonehouse.

the Under 15 boys, Over 15 boys and girls section. Conditions were difficult with a strong wind blowing across the shooters causing the clays to jump at strange angles when the shooters least expected it. Nevertheless some excellent scores were recorded from the more experienced competitors with A. Hoffmeyer of Hopetoun winning the High Gun event, shooting 19 out of a possible 20 clays. As it turned out it was Hopetoun's day with G. McCarthy recording a score of 15 in the under 15 event and Jenny Ey also of Hopetoun hitting 15 birds in the girls section. It was generally agreed that this was excellent shooting in the conditions. Mr Brian Loxton donated several fine trophies for the event including the High Gun and the teams event trophies (the five highest scores from each school) also won by Hopetoun High School. The Under 15 event proved the closest for the day with five students in a sudden death shoot off for the runners up trophy. They were G. Appleby and I. Powell of Murrayville, G. Steele, M. Lynch and S. May of Ouyen. Mark Lynch of Ouyen High shot his first two birds to take out second prize.

RESULTS:

Over 15

W. A. Hoffmeyer	Hopetoun High 19/20
R/U P. Hart	Hopetoun High 15/20

Under 15

G. McCarthy	Hopetoun High 15/20
R/U M. Lynch	Ouyen High 13/22

Girls

J. Ey	Hopetoun High 15/20
R/U L. Kalms	Murrayville High

High Gun — A. Hoffmeyer (Hopetoun High)
Teams Event — Hopetoun High School

1981 AIR NEW ZEALAND TRAP TEAM

DALBY GUN CLUB ANNUAL SHOOT (Cont'd from page 52)

Event 2 \$400 Medley was shared by the following shooters in their various divisions, R. Price, R. Cairns, B. Cairns, G. Jensen, W. Daniells, N. Edlington, R. Knapp, G. Bourke, E. Hass, Sir Leslie Price, A. Flegler, M. Hass & W. Maryska.

At the end of the day all shooters and their families and friends were entertained by our usual complementary Beer & Pork Bar-B-Q and drinks.

Sundays program started at 9am with 58 shooters. Not all were 100 percent recovered from the night before, especially the secretary. The first event was the inaugural DALBY BULLION SHOOT which will be a feature of Dalby Annual in the future. Winners were as follows 11-16 metres W. Daniells (1), R. Cairns (2), 17-21 metres M. Donald (1), C. Witt (2), 22-25 metres J. Duyker (1), V. Tipman (2).

Event 4 was \$550 cash event. O/A with the only possible was C. Reid. The balance was shared by, B. Cairns, C. Mutch, W. Daniells, F. Pope, E. Hass, B. Pearce, J. Mott, W. Maryiska, H. Tanish.

Event 5 Presidents Trophy was won after a shoot-off by W. Maryiska, 2nd C. Reid, 3rd E. Hass.

The Fred Flegler Memorial Shield which was run in conjunction with the 40 target Cash event, was won by the team of E. Hass, W. Stevens, C. Reid, R. Knapp and D. Connolly.

High Gun over the 2 days was won after shoot-off by E. Hass with a very creditable score of 151/155 Intermediate High Gun went to W. Daniells 125/135 and the Ladies High Gun was won by Mrs B. Cairns with 107/135.

Visitors came from as far afield as South Aust. Melbourne. Sydney, Mt Isa, Tennant Creek and many other places too numerous to mention.

A special thanks must go to "Gundy" Manning (T'mba) for his help in the office, and also to Bill Stevens for providing us with clays, despite a transport strike. A special thanks, as always, to our ladies and our staff (what would we do without them) who fed the multitude and kept the demand thirst at bay, and also to the visitors who pitched in and helped by way of refereeing etc. The co-operation of all helped make the shoot a great success, and we look forward to seeing old friends and making some new ones next year. ○

Win With Winchester

Make your mark with Winchoke!

Now one gun
can give every
choke combination
you need.

Fixed choke trap guns
are designed for a certain range.

Shoot inside, or outside
that range and your chances
of a hit decrease.

To remain competitive,
every time a shooter improved
and moved back a mark, he
really needed a new gun with different chokes.

But Winchester offers a different suggestion —

interchangeable chokes.

Six different Winchoke tubes:
skeet, improved cylinder, modified,
improved modified, full and extra
full; giving every grade of shooter all
the flexibility needed.

No matter whether you're a
front marker, or back, you can
now get the choke combination
you need — from the one gun!

See the full range of
Winchester Winchoke Over
and Under Shotguns, for trap
and field, at your nearest gun
dealer now. There's one just
right for you.

WINCHESTER
More than a gun. A legend.
