MODEL 6000
TRAP
GRADE 1

\$890

... give you a
winning
advantage

High floating rib is the latest technological advance towards higher scoring. The 6000 TRAP gives you a superior sight picture because the raised rib keeps your head erect and your eyes naturally centred. The greater comfort means better concentration, which makes targets easier to pick up and break.

In the heat of a shoot off the 6000's raised rib expands independently of the barrels and your point of aim is not altered by expansion.

**Many top U.S.A. shooters have changed to
high or very high ribs for these well
proven advantages.**

A COMPLETE STABLE OF EUROPEAN THOROUGHBREDS

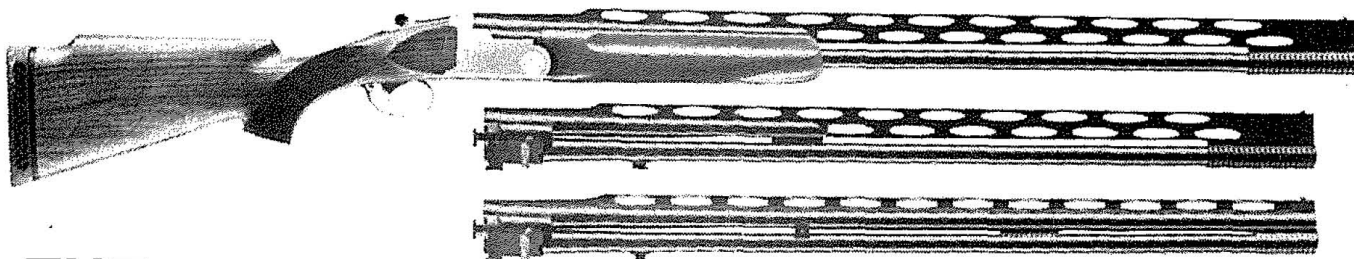

THE *Rottweil* MONTREAL TRAPGUN

and *Rottweil* OLYMPIA SKEET GUN

AND THE ULTIMATE OF THEM ALL

THE *Rottweil* AAT

Next to skill, and a good gun, the most important factor in successful shooting is cartridge quality. The trick, of course, is to select the degree of cartridge perfection you need at the price you want to pay. And that's where you can score with Rottweil. Our top competition and game cartridges are internationally acknowledged as world leaders, good enough, for example, to have won Olympic gold medals. Buy some. Compare the price and their performance. Like thousands of European shooters you could find that your score goes up and your expenditure is down.

Our comprehensive range includes all popular trap and skeet loads, various field and hunting loads, including the famous Brenneke rifled slug.

We have all the angles for shooting better trap scores!

The angles are in the ROTTWEIL 72 adjustable American Trap (A.A.T.) and its revolutionary idea, Infinitely Variable Point of Impact.

IVPI enables the trapshooter to adjust in a matter of seconds the point of impact of the single barrel according to his individual requirements.

Single barrels are available in 34in. (86 cm) full choke and 32 in. (81 cm) improved modified versions.

The 32 inch (81 cm) over-under barrel, of which lower barrel is free floating, is choked improved modified and full.

Like all ROTTWEIL shotguns, barrels, stocks, firing pins, springs and bolts are interchangeable.

ALL ROTTWEIL 72 AAT combination guns come with a fitted gun case.

For the complete story on the AAT and other ROTTWEIL shotguns see your local gun dealer or obtain information from the Australian importers.

Club or shooter contributions are welcome, either
manuscript or photographs, or both. Preferred photos
are black and white glossy prints.

EXECUTIVE DIRECTOR'S NOTES

Nationals month, and most things seem to be in readiness for the Big one. The trophy list too is a big one, with some changes being made to the list from last year.

As examples the 1982 Skeet Champion will walk away with an elegant Grandfather wall clock. The Double Rise winner will be presented with a **Technics** Hi-fi system.

The Champion of Champions will receive a **National** remote control Video Recorder. The Trade is again supporting the Championships in a big way with plenty of guns being made available.

Grade winners are not forgotten with prizes such as 400 day mantle clocks, microwave ovens, Stereo Cassette AM/FM radio recorders and quality dinner services.

Two new Perpetual Trophies will be presented for the first time in Brisbane. These are the **Ron Porter Remembrance Trophy**, very kindly donated by Mrs Muriel Porter and the Porter family to perpetuate the memory of late husband and father, former National President Ron Porter. This valuable trophy and replica will be presented to the competitor with the highest aggregate score over the six trap events.

The second is the **June Gawith Perpetual Trophy**, for presentation to the winner of the 2nd Australian Womens Double Barrel Championship. Mrs June Gawith of Jeparit, Victoria, was the winner of the 1st Australian Womens Double Barrel Championship, conducted at last years Nationals in Melbourne and has very kindly donated this trophy for perpetual competition.

* * *

After 27 years of Liberal rule, Victoria now has a Labour Government. Just when new firearm legislation will be introduced is not known, nor are the changes to be made to the current laws. It is likely that a Committee will be set up to examine in detail the proposed legislation before it is drafted. We hear that people involved with the shooting sports will be invited to sit on this Committee.

It is my view that the average John Citizen regarded firearms legislation as a non-issue in the Victorian election, particularly in Metropolitan Melbourne.

Enjoy your shooting and see you in Brisbane.

IAN C. HILL. ○

HELP FOR NATIONAL TRAINING SQUAD

Staff Writer

Australian shotgunners chances of winning Gold in Brisbane in October have received a great boost from the generosity shown by two of clay target shootings biggest supporters.

Winchester Australia and **Eley Ammunition** have both donated high grade shotguns to be used to raise funds for the Squad. Approximately \$15,000 will be required to fund training camps prior to the Commonwealth Games, to ensure that our shooters are in peak form.

All shooters attending the Nationals will have an opportunity to help the Squad and perhaps be the owner of either a Browning B O Trap Gun or a Franchi Barrage Under & Over Shotgun. Watch the A.C.T.A. Information Centre at the Nationals for details.

Assistance for the Squad is also coming from the **A.N.Z. Banking Group Ltd.** and **Carlton & United Breweries Pty. Ltd.**

The Association's International Sub-Committee is most grateful for the support shown, particularly by our friends **Winchester and Eley.** ○

AROUND THE TRAPS

Wednesday 3rd March 1982

It is nearing A. G. M. time, and because of some changes in our administration system, by the engaging of independent accountants to advise, and assist in compiling our balance sheet and accounts for year ending 31st December, 1981, I spent most of this day at A.C.T.A. office in consultation with Bill Hall, accountant from Deloitte Hoskins and Sells, and our Executive Director, Ian Hill. From discussions I feel member clubs and shooters in general will be advantaged in the way it is intended to compile and furnish annual meetings. Part of this day I spent at Melbourne Gun Club with Ian Hill and Bob Buchan. The T.V. cameras were there making a documentary on shot gun shooting for viewing on A.B.C. Stars for the show were members from Melbourne Gun Club. Victorian State coach George Biggs seemed to be playing the leading role, with Melbourne Gun Club President, Bob Buchan looking after action effects.

Thursday 4th March 1982

Travelled to New Zealand to attend the New Zealand National Championships that were being held at Christchurch Gun club, Yaldhurst. Amongst the four hundred and fifty competitors were forty Australian shooters. The total

• George Biggs and the A.B.C. camera crew. Bob Buchan directing in background.

numbers was down slightly on last years Nationals held in Hamilton, New Zealand, so I was told, however, they were conducted under ideal weather conditions and appeared to be very successful for the organisers. The Championships commenced on Saturday 6th March with the 1982 New Zealand I.S.U. Ball Trap Championship being the first event on the card. The result was a draw after a three round shoot off between John Woolley, (Christchurch) and Gavin Searle (Belfast), both shooters along with two others carded 49/50 in the event. A tie was declared when after three further rounds Woolley and Searle were still even with three clean rounds of twenty-five. The drawn result was a first in the history of the New Zealand Championship. The 1982 New Zealand Skeet Championship attracted 230 entries, with 1982 Australian Champion, Adrian Cousins being amongst the field. Adrian was keen to add the title to his list of major wins, however the shooting machine John Woolley of New Zealand was in great form to win his second title in a row, scoring 68/68 for the Championship. Only eight possible fifties were scored in the event. Henry Weitzel, Australia was the only shooter to offer any opposition to Woolley and finished second with 67/68. The New Zealand Clay Sparrow title went to Murray (Gunner) Cameron, New Zealand 45/45. Out of the

305 Entries only nine shooters carded clean scores. John Woolley, went close to winning this title by finishing second in the event 44/45. In the Double Rise title only two shooters scored possible thirties to qualify for the best of five pair shoot off. They were Bill Iles who was referred to as the "burly Australian" by the New Zealand press, and Gavin Patin, Papakura. Iles was untroubled to shoot five pair in the shoot

• Ivan Boyce, President N.Z.C.T.A. with A.C.T.A. National President, Laurie Connors.

off, while Patin missed two targets. There were 285 entries in the event. The New Zealand Single Rise Championship, which is known as Double Barrel event by Australians, saw three hundred and thirty three shooters enter the event, with it taking a two and a half hour shoot off to reach a result. The practically unbelievable happened, when John Woolley, the

THE ELEY REPORT

FROM RON CLARKE

FOB — Cartridges from France

Shot size 7½ Trap Match cartridge, 2¾ case.

These arrived in Australia early in April, and have now been distributed to all of our regular outlets. From all of our early reports, all shooters who have tried them have commented on them very favourably.

At present, these are only available in limited quantities, and with the selling price under \$110.00, we don't expect stocks to last very long.

ACTA Nationals — Brisbane, 1982

ELEY has again produced a Commemorative Port to mark the occasion. This will only be sold on the ground, at \$4.00 per bottle and, as with last year, only a limited quantity will be available.

We will also have a similar display bag with quite a few goodies available on the stand, so come and see us early to avoid disappointment.

UGO GERI — the Export Sales Manager for Luigi Franchi — will also be attending, and we have arranged for two brand new models to be on show, including a Combination Single Barrel/Double Barrel under and over (see Nationals program advertisement).

12g Widespread 1200 Cartridges

These have finally arrived, and are now on sale at your local ELEY stockist; we apologise for the delay, but we are sure you will agree, once you have used them, that they were worth waiting for.

Those shooters who have been reloading with the Widespread had have reported outstanding results.

We realise that you probably won't get much of a chance to try them before the Nationals, but because they give such excellent results, we decided to have some branded and made available at the Nationals anyway. (Shot sizes 7, 8, 9).

Le Coq Sportif — shooting shoes

These will also be sold on the ground at the Nationals by Queensland's leading dealers.

There will be 2 models available:

1. Tornado (\$28.95) complete with toe rest.
2. Mica (\$36.50)

New Australian DTL Long Break Record

Our congratulations go to Larry Dimasi of Mildura Gun Club, who shot 536/536 during the Easter shoot, at Mildura Gun Club.

Larry shot 144/144 in the day/night program on Easter Saturday, and 392/393 in the 'shoot off' in the 'ELEY CLASSIC' on Easter Sunday against 5 other shooters who shot the possible 100/100. Jim Finis from Mildura finally won the 'shoot off' on Monday morning, with the excellent score of 393/393.

Our congratulations also go to all the winners in the 'ELEY CLASSIC'.

Overall —	Jim Finis	393/393
A. Grade —	Jim Finis	393/393
B. Grade —	R. Meaney	139/140
C. Grade —	D. Edney	97/100
Ladies —	H. Dittmer	93/100
Veterans —	Rex Peacock	97/100
Juniors —	R. Jaksic	99/100

We, at ELEY, thank Laurie Connors, and the Mildura Gun Club, for the excellent way in which they conducted the program, and for the time and effort put in by the members to ensure that the weekend was successful.

ELEY 'NAME THE GAME' COMPETITION RESULTS

1st Suzuki 4-wheel Drive — Mr. Colin Sutherland, Shepparton Vic.

2nd Suzuki 500cc Trail Bike — Mr. Ross Evans, Bundoora, Vic.

3rd Suzuki 250cc Trail Bike — Mrs. Debby Johns, Narrogin, W.A.

4th Suzuki 185cc Trail Bike — Mr. Grant Jewkes, Queanbeyan, A.C.T.

5th Duck Punt — Mr. Dennis Francis — Gepps Cross, S.A.

The competition was a tremendous success, with over 20,000 entries received. We congratulate the winners (photos of winners with their prizes will be in next month's C.T.S.N.) and thank all the people who entered the competition.

ELEY

153 years of excellence.

Cont'd from page 4 'Around the Traps'

• Australia's Glen Cup Team at New Zealand Nationals.

• New Zealand Skeet Champion John Woolley being congratulated by Henry Weitzel, Runner-up.

magic skeet shot, laughed and smiled to himself, as twenty-seven shooters dropped out of calculations, leaving him the winner, with a score of 241/241, Murray Cameron, New Zealand was second 240/240, with Australian Michael McVicar, third 237/237. Three hundred and twenty-eight entries in the New Zealand Single Barrel Championship, and Ray Black from Timaru emerging a winner. There were only eight possibles in the fifty targets qualifying round with Iles and Whittakers being contenders. Only a short shoot off of eleven targets required to select placings with Ray Black, New Zealand first 61/61. John McMillan, New Zealand, 60/61 second and John Whittakers, Australian third 59/60. Joan Longmore, Australia had some success when she won the New Zealand Ladies Single Rise Championship. The last event on the programme, the New Zealand Point Score Championship went to New Zealanders, L. Coppins first, M. Cook second and John Wolley third. The Australian team, consisting of Kevin Longmore, Jon Whittakers, Bill Iles, Stephen Philips, Peter Flack and Michael McVicar, were not good enough to win the Glen Cup for Australia, and were beaten by the New Zealand team, who shot the possible 120/120 against Australia's 118/120.

It was a great New Zealand Nationals thanks for your "Kiwi" hospitality. The "Aussies" will be back next year.

After the New Zealand Nationals, I took a trip around the New Zealand South Island, to view their beautiful scenery. I visited and shot at the Ellesmere and Banks Peninsula Gun Club in my travels.

Wednesday 24th, Thursday 25th, Friday 26th March 1982

Having been away for some time, it was necessary to attend the office and catch up on some general activity in our administration. Ian Hill and our accountants were busy preparing our financial affairs, ready for audit and publication in May C.T.S.N. Deadlines had to be met, putting our administration under pressure. However the end result should prove to be well worth while.

See you where there is shooting
LAURIE CONNORS
National President.

THANK YOU NOTICE

On behalf of my daughter Carol and son Keith I would like to convey my sincere thanks for the many messages of condolences that were received from association members and officials in the passing of my late husband Ross Baillie.

It was indeed most comforting to receive the many kind messages and as a large part of Ross' life was centred around the shooting fraternity these kind thanks were of great help to the family during the difficult period after Ross' death.

We would like to offer our best wishes to your association for the future and trust that our family can continue our association and meet with many of you in the future.

Sincere thanks.

Pat Baillie ○

PETER QUIRE IN TASMANIA

Paul Cains

The week-end of the 20th — 21st March saw the final round in Tasmania for the National Training Squad eliminations. The State Association was lucky enough to persuade Peter Quire, National Coaching Director and Training Squad Team Manager, to come to Hobart for the week-end. It was a good opportunity for Peter to see top Tasmanian shooters in action and to talk about coaching.

Tasmania, with less than 400 registered shooters, is lucky enough to have two trench and three I.S.U. Skeet layouts. In recent years interest has fallen off in these events, but with the introduction of the National Training Squad eliminations, Trench fever is running high in the Apple isle. The Fairness of the selection procedure obviously appeals to shooters all over Australia. It is scores and only scores that count to make the Top Squad.

• Ian Rist Admiring the scores and the scorer.

In the two previous eliminations, Ian Rist of Burnie had already carded a 94.25% average, and Alan Styles from Scotsdale was in close contention with 92.25%. John Murphy and Robbie Elmer were also in the low nineties, proof of the strength of Tasmanian shooting. During the week-end, Peter Quire was closely questioned on the performances of Mainland competitors, and he was able to confirm how near the top the Tassie battlers are getting at their first attempt.

Conditions on both days were ideal although certain traps were prone to release broken targets. A previous attempt to

hold this elimination in Hobart was called off because of a serious broken target problem. It is to the credit of the newly formed Tasmanian I.S.U. sub-committee that they were not prepared to slow down the traps, but postponed the event to shoot better quality, harder targets thrown the full distance.

The first day saw a nervous start to the proceedings with some unforgivable targets being missed. There seemed to be a lack of concentration amongst the squads and whilst individuals expressed confidence in themselves, they were not completely convincing. The quiet arrogance found in champions seemed lacking. At the end of the day, the most improved competitor of the series Stewart Browning of Hobart lead the field with 93, Alan Styles put in a solid performance with 92, but Ian Rist could only manage 89. "Risty is nursing a nasty stone an inch or so below his left

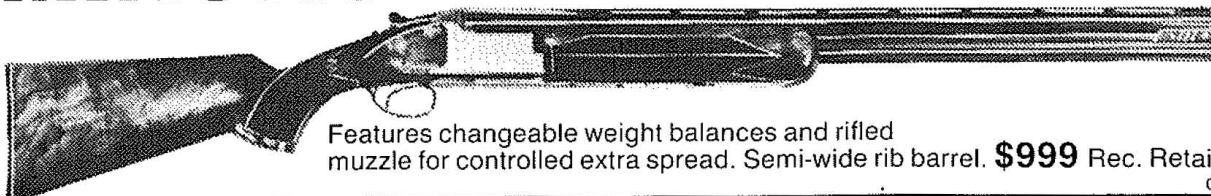

• Robbie Elmer after a successful round at Hobart.

kidney, but he had his personal personal physician on hand giving professional advice on how a change of foot position would result in the painless breaking of the left swingers. To his credit, Rist ignored this advice completely and didn't miss a left hander all week-end — it was the high straight-aheads that caused the problem!

At the end of the first day, the video equipment was set up and Peter Quire showed his tape, "The Psychology of Winning". This is a tremendous motivational tape and must

be compulsory viewing to anyone who is prepared to accept the challenge of Life. It is as necessary for Olympic Champions as it is for business men, trade unionists or housewives. It tells us how we can all 'win' in whatever we do, provided we have the right attitude. Copies of this tape (V.H.S) will be available from Peter through the National Office for a nominal charge in the near future. Get it!

• Roy Garwood coaching one of the trap boys after I.S.U. eliminations in Hobart.

Conditions on the second day were just as good as the first. The warm sun persuaded the delectable lady spectators to don the briefest of shorts and, far from distracting the competitors, inspired them to greater things! Our heartfelt thanks for bringing them go to the "Italian taxi-driver", although "Ex-Army" from down South did nearly have a coronary!

There was a new confidence in the air. Old rivals dared each other to win. This was to be a good day. Targets were broken cleanly and concentration was absolute on the firing line. As it turned out, all the leaders improved their scores. Stewart Browning shot as to finish with 188 and the outright win. Alan Styles also improved by two targets making 94, to finish second on 186. The best score of the day was a beautiful 96 shot by Ian Rist, seven up on the first day, to take third spot on 185.

However, Rist's 185 did not improve his 400 target percentage which stayed on 94.25%, sixth overall in the Australia wide eliminations. Styles gained one percent to finish on 93.25% and Stewart Browning made a big jump to end with 92%. John Murphy put in another work man like performance scoring 183 on the day to also average 92% whilst Robbie Elmer fell into a hole breaking only 173 to maintain his 91.25% average.

Tasmania can be proud to have five competitors averaging over 90% in this elimination series, and of course there's always the Marshall brothers, Graham Appleby and Jack Blake in reserve. If only we had a State Coaching Director.....!

After the presentations, the video was again brought into action, this time showing the competitors in action. Peter Quire was able to show clearly obvious mistakes of some competitors and also point out some good techniques. The video-camera is an invaluable tool in coaching and certainly the National Association should have a unit for the Coaching Director. There is an old Chinese proverb "A picture is worth a thousand words" — how true!

The week-end was a total success and T.A.S.A. and its I.S.U. Sub-Committee is very grateful to Peter Quire for his help and advice. The National Coaching scene is in good hands, and with Peter's help coaching will start again in Tasmania. ○

CLAY TARGET

EDITOR'S MAILBOX

Dear Ian,

Election Result Commentary

It is to be hoped that the 430,000 licenced shooters of Victoria do not have cause to regret their failure in many cases to register their protest against the Labor Party policy on firearm registration.

The Anti-Gun group has already cost shooters in excess of \$65,000 in **legal fees** in a fight to save **one** shooting ground at Lysterfield.

Although that outcome was to a degree a victory, it was very costly and can only be classed as hollow victory.

Labor has already stated it has a 'MANDATE' from the people of Victoria to implement its platform policies and included are —

Registration of all firearms and the limitation of number of firearms a shooter may own.

You were made aware that registration of firearms in Great Britain originally required an annual charge of half-a-crown and it is now twenty five pounds plus an additional twenty pounds for every firearm purchased from time of initial registration of firearms by owner.

Once registration of firearms becomes law, the charge can be escalated to cover administration costs (or provide revenue) and the police force in Great Britain claim the charges now being made are **not in excess of administration costs for registration.**

The unfortunate part is that registration does not affect the number of firearms in the hands of criminals and that was the "reason" given by the Labor Party for requiring gun registration.

You were aware that strictly registered and controlled pistols which make-up only 3% of all firearms are used in 40% of all armed hold-ups.

Obviously, the "reason" is suspect.

From the out-come of the election, it would appear that the bulk of shooters have that universal Australian attitude of "she'll be right mate!" or do they intend to be law-breakers and not register their firearms.

If it is to be the latter, this will result in a pool of firearms for the criminal which can be stolen with little chance of ever being reported.

The fight that the Shooting Sports Council of Victoria put up to protect **your** civil rights was obviously not recognised, and it is hoped the shooters and firearm owners who represent in **excess** of 20% of all voting public do not have cause to regret their apathy.

Obviously there were other issues than your sport to be considered and you have registered your vote.

Maybe dedicated firearm owners and shooters will now be deprived of their favorite sport by legislation or cost or both.

I cannot imagine dedicated football supporters allowing their sport to be gradually taken away by stealth - can you?

It is now your problem.

S680 trap & skeet

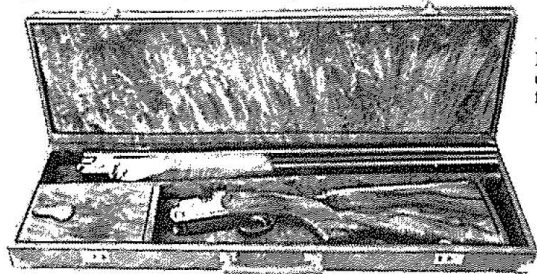

These exciting new "Competition" Grade guns offer many new and unique features to the clay target shooter.

TRAP

Barrels: 29½" (75 cm).
Chokes: Modified and full.
Grip: Features palm swell.
Rib: New 10 mm raised ventilated.
Stock: Regular trap with vent recoil pad.
Receiver: New design with replaceable hinge pins and barrel lugs.
Trigger: New inertia system offering extra short lock time and fine crisp pulls.

SKEET

Barrels: 28" (71 cm).
Chokes: "Special skeet" cone bore wide spread.
Grip: Features palm swell.
Rib: New 10 mm raised ventilated.
Stock: Skeet with solid pad.
Receiver: New design with replaceable hinge pins and barrel lugs.
Trigger: New inertia system offering extra short lock time and fine crisp pulls.

Both models come complete with this fine custom gun case.

MEDIA TO BE SHOOTING'S TARGET.

Staff Writer

The Australian Shooting Association is planning to appoint media consultants to promote all aspects of the sport. The first steps were taken at the A.S.A. Council meeting late in February. The A.S.A. is blossoming into an effective organisation to represent both competitive and recreational shooters. A constitutional conference before the Council meeting produced a draft constitution acceptable to all Affiliates. The hard work and good will shown by the Delegates is most encouraging.

The Council meeting the following day decided to conduct its affairs according to the guide-lines of the new constitution, which will be ratified after legal advice is given. Most significantly the Field and Game Association were welcomed as a full Affiliate of the A.S.A., completing the representation of the major shooting bodies.

During the course of the meeting standing committees were created in the areas of Legislation, Finance and Promotion and Public Relations. For too long shooting has been the "secret sport". The achievements of shooters are only known to their fellow competitors. Under the Chairmanship of Dr. Paul Cains (ACTA), a position paper has been drawn up for discussion with several media consultants. It is hoped that by seeking professional advice, shooting may take its rightful place in the media. It is proposed that effective communication channels will be set up at National and State level.

The shooting sports will make a significant contribution to Australia's medal tally at the Commonwealth Games and shooting must be ready to publicise these achievements.

EDITOR'S MAILBOX

Dear Ian,

As one of the many trapshooters who shoot skeet only at Nationals or shoots where skeet is included in the High Gun, I write the following which I think could only benefit the Skeet Nationals if they were to be separated from the Trap. We all must agree that skeet got its big shot in the arm when it was included in the J. Newton Thomas High Gun.

If and when we do get our National Ground or as the system is today we run two weeks of Nationals, one of Skeet and one of Trap or any part thereof, we would not require any more skeet layouts than we already have at National Grounds.

This is a double barrel attack on our expenses. (1) We would only have to move our National staff to the one location, not to two different venues. (2) It is the working men and women who keep this sport alive, so if they wish to shoot both this must be the most sensible answer. I believe the sport would suffer if we were to adopt two different venues and shooters would find it very difficult and expensive to attend two venues, i.e. Brisbane - Trap, Melbourne - Skeet.

Yours in shooting,

Robbie Smith,

EDITOR'S MAILBOX

Dear Ian,

I have read your various correspondent's comments for improving the sport and I must say I'm mildly surprised at Reg Clarke's dislike of single barrel shooting. Well Reg you're a top skeet shot and skeet is all single barrel shooting and Reg, when you miss a target, you've blown it and the attitude should be the same toward trap shooting for the shooter who consistently gets his targets with the first barrel is the better shot and the double barrel shooter is hanging in there with a bit of luck.

I agree that with the costs of shooting rising something should be done about reducing the long boring shoot-offs and so I agree with Ray Melville that if we're going to persist with double barrel shooting, then make them points score events. The Americans shoot all single barrel events and they still shoot big scores, so I believe if we concentrated more on single barrel events, we'd become better shots.

I support Ray's remarks on common mark shooting, years ago I suggested that all trap shooting should be common mark and handicapping or grading should be by percentages out of 100 similar to skeet. The Americans don't have a handicapping system as we know it, but are graded on

percentages which seems to work very well. Is there any reason why trap shooting shouldn't be run the same?

O.K. Ray, lend me your flak suit!

Regards to all,

Cecil Herbert,
 58 Links Road,
 GUNNEDAH N.S.W.

EDITOR'S MAILBOX

Dear Sir,

I am in full agreement with Mr Bob Ridler in his letter to the Editor's Mailbox re Issue Vol. 35 No. 4 1982.

As a father with four other Shooters in the family, due to the inconsistencies of the Handicap System, A.C.T.A. will no doubt be four Shooters short next year. All being young Shooters, it has got to the stage where keenness is no longer a factor in the art of Clay Busting.

Trophies are now non-existent as they cannot compete with the present Handicap System, i.e. A grade 14 metre Shooters when these four Shooters are still C Grade 14 metre Shooters. One son in particular has been shooting for 3 years winning only 1 Trophy, which put him back from 11 to 12 metres. Another son not having won a Trophy since the new system came in, has, like many others, had a gut full.

I feel that if the present Handicap System is to continue, yearly A.C.T.A. Fees will have to rise in compensation for Shooters we will lose from the sport.

Mr Bob Ridler's letter stated the facts as most Shooters see them and I would urge the A.C.T.A. Rules Committee to act and act quickly before the Sport becomes strictly professional, as only top Shooters will be able to participate.

We need new Shooters into the sport to carry on as the older Members drop out. Under the present system young Shooters participate for maybe six months or so and in lots of cases give the game away as everyone likes to win once in a while. If no encouragement is given to new participants in this regard, they will find some other sport without the high cost involved in Clay Busting.

Yours faithfully,

W. J. BURLISON, J.P. M.Q.J.A.
 17 Rogers Road,
 CLONTARF. 4019

ROCKHAMPTON GUN CLUB

The Rockhampton Gun Club hosted a Firearms Safety Training Day for 67 Students from St. Brendon's College on Saturday 6th March. Pictured is grade 10 student, Martin Crappa under the watchful eye of Club Coach, Mr Arthur Atcheson.

The club proposes to hold further introductory sessions for college students in the Rockhampton area. ○

TRADE TOPICS

Mr Les Turner, Managing Director & Evans & Balfour Pty. Ltd. has recently returned from a visit to the Perazzi factory in Italy.

Whilst in Europe, Mr Turner visited the Gun Trade Fair in Nuremburg, West Germany for three days. Perazzi, Brown-ing and Winchester were well represented at the Fair, and Mr Turner was shown wonderful hospitality by the major manufacturers.

Perazzi are in the process of building a new factory, which, when complete, will be the most modern shot gun manufacturing facility in Europe.

Perazzi will in the near future be looking to promotion in Australia, directed mainly at the National Championships. These promotional programs have been delayed due to the building of the new factory. ○

THE SCIENCE OF FIRING A SHOT GUN AT MOVING TARGETS

Barney Rooke,
N.S.W. Director of Coaching

Whether we are shooting at fast flying ducks or trying for a 25 straight at trap or skeet, the top shooter is relying heavily upon **natural** sighting equipment and that is his eyes. In shooting, your eyes are the windows to your brain. They are the sensors that set the target image in perspective, relative to speed, distance and angle of flight, all of which is conveyed to your brain to cause the mental and physical reflex functions that lead to firing.

The actual sequence of shooting involves five functions:

- (1) Locating and/or target recognition.
- (2) Estimating the angle of target departure.
- (3) Estimating the apparent speed of flight.
- (4) The shooter's response to mental signals relayed by the eyes to the brain.
- (5) The firing of the gun, a complicated procedure involving the movement of the body before and after firing, and finishing with a proper follow through.

It should be obvious that the above procedures take place in a very short time by the excellent natural reflex action that your body is capable of producing the ability to quickly locate and shoot a fast moving target.

Done properly, everything takes place in the space of two seconds or less.

Let me state at this time that if the shooter actually understands what is involved with helping his eyes and brain to work properly, if you understand the methods used by the champion shots to blend learned physical skills with natural reflex ability, and if he or she understands the true nature of pointing a firearm, you will become a better shot.

Now to understand your eyes. One basic assumption is required at this point. We must always assume that the gun is always used and fired from the same shoulder as your master eye. In shooting with both eyes open, one eye will normally take over the actual alignment and co-ordination of the aiming weapon. This eye is the master eye, proper aiming begins with excellent natural or **corrected** vision.

Binocular and Monocular Vision.

Your eyes serve in two particular functions, binocular and monocular viewing. When we line up one object for sighting on another, or when we place one object in relationship to another using **one** eye, we are sighting with monocular vision. Imagine you are closing one eye and sighting through a rifle scope. Now, in binocular vision you would be using both eyes, not just one.

Examples of mechanical sporting devices that require two eyes are range finders and binoculars.

With both eyes open, you are best equipped for sensing and estimating apparent speed and direction. In short, your eyes serve as range and direction finders for your brain. The human eye is particularly unique. It can serve in either a monocular or binocular function whenever you wish. This is why top shooters constantly advocate using both eyes for shooting. There is nothing available anywhere that can help you better than your own two eyes. Today, many of our leading champions at bench, silhouette and pistol shooting use both eyes open. They have learned that using your natural equipment to its best advantage leads to better scores.

Sighting and Focus.

If you've used a camera you would realise that when the lens is set for normal distance viewing, the very close objects get fuzzy and are not outlined clearly. The same applies to your eyes. They will not give sharp vision very close and at a distance at the same time. Try this by holding up your finger at arms length, now focus your eyes at 20 yards and you will notice that the tip of your finger is not clearly in focus, but the distance will be.

Here's the trick to what to do with your shotgun to allow your eyes to do their best work in pointing. Move all the sighting apparatus that is clear and sharply defined into your sighting area and ignore everything else that is out of focus or fuzzy. For this reason, the top shooters do not use the centre bead of their shotguns for sighting at a target. Instead, they ignore the middle sight and shoot off the tip of the gun exclusively. In short, their own eyes serve as the rear sight and the tip of the gun becomes the front sight.

Doing this brings your natural binocular vision into play. With both eyes open and ignoring the centre bead, the left eye of right hand shooter sees under the barrel even though both eyes are viewing over the barrel. It's no trick, it's just that this eye is a true work horse in shooting, even though it's not the master eye. Also, the left eye has no barrel blocking its vision and the eye has a clear view for estimating critical speed, angle of departure, and most importantly, initial target viewing.

Conversely, if you use the middle bead of your shotgun for anything other than initial alignment or gun canting, you are defeating the easy method of learning to point a shotgun. When you drop your vision when sighting at a moving target to the centre bead, you cause the barrel to turn solid for the master eye. This can easily see the centre bead true, but now with a solid, it can miss viewing the target leaving the trap from the right side. Most important, if vision is sharp up close, it can't be sharp at target distance. Also, the left eye becomes confused by its nature of being located to the left of the rib of the shotgun. It is incapable of ever doing a good job of seeing the centre bead. The result is that the right eye looks at the centre bead and the left eye somewhere else and neither are fully concentrating on the moving target. You must have both eyes on the moving target at all times to correctly shoot using both eyes.

PORT AUGUSTA GUN CLUB

C. Bentley, Club Secretary

• Brenton Worden being presented with Life-Membership badge by the State I.S.U. President John Byrnes.

• D. Lymn — Overall winner Commonwealth Ball Trap Championship being sashed by Mayoress, Mrs J. Baluch.

The following are the results of the Port Augusta Gun Club Commonwealth Ball Trap 200 target events, held over two days on the 6th and 7th of March, 1982, with 100 targets each day.

The overall winner was Mr D. Lymn with a fine score of 190-200.

'A' Grade:	1st W. Moritz	184-200
	2nd B. Worden	182-200
'B' Grade:	1st J. Finis	183-200
	2nd G. Worden	201-225

'C' Grade:	1st C. Bentley	181-200
	2nd S. Rosetti	175-200

This was the first Commonwealth Ball Trap event held in Port Augusta and congratulations to the winners of the events with local members taking out four of the seven places.

The Mayoress of Port Augusta, Mrs J. Baluch, presented the prizes, and Mr B. Worden was officially presented with a Life Membership badge for his fine services to the Club, by the I.S.U. President, Mr. J. Byrnes.

Australian Clay Target Association

(A Company Limited by Guarantee)

ANNUAL REPORTS BALANCE SHEET AND ACCOUNTS 31st DECEMBER, 1981

PRESIDENT'S REPORT TO THE 1982 ANNUAL MEETING

During the many years of my involvement in the administration of clay target shooting, from club to Executive level, I never anticipated I would achieve the honour of becoming President and submitting a Presidential report to an Annual Meeting of this Association.

My Report is being presented with the intention of informing members of the major decisions and actions made by your Executive since my election to Presidency on April 25, 1981.

The 1981 Annual General Meeting, at which I was Acting President, proved to me, by the attitude and questions asked by delegates present, that there was discontent with the administration of the Association in general.

The most significant of these was the fact that a \$10 fee increase, recommended by your Executive, was defeated. Whether the increase was justified or not, it proved we must at all times administer the affairs of the Association in a most professional way, and to the satisfaction of the majority of the members we represent.

I feel, up to the time of preparing this report, in areas that were of grave concern, changes have been instigated. Most importantly, the Melbourne based firm of Deloitte, Haskins and Sells was engaged by us to investigate and report on the Association's computer operation and costs.

Their report and recommendations of operation were accepted by your Executive and are now being implemented in an attempt to reduce excessive costs that had been proven within this area.

You will be pleased to know their services have also been retained as independent advisers to the Association for future development of our computer processing service.

Our accounting system, which also had come in for criticism, has been restructured, and the services of independent outside accountants obtained to assist and advise on our administration procedure.

The long term benefits from this will be fully evident by end of year 1983.

Moving on to other sectors of our sport, the formation of State and National Training Squads in the Olympic Disciplines has increased the interest of many shooters, State Associations and administrators alike within this discipline, so much so, we witnessed a restructure of the International Sub-Committee.

It now carries representation from a number of States, with all States being given equal opportunity to be involved.

Gaining the services of National Training Squad Manager/Coach, Peter Quire from South Australia, as our full time National Coaching Director, will prove to be of immense benefit to further develop the general growth of our sport.

Hereto, I must congratulate Jim Ellis from A.C.T. on attaining a Silver Medal at the 1981 World Championships in Argentina. Also Terry Rumbel from Taree-Wingham in NSW for his sixth placing in the same championships.

Because of their performances at world class level, both of these shooters were recipients of Federal Government training grants in 1981 and again in 1982.

Let us hope all of this will assist in bringing Gold medals to Australia in the shot gun sports at the 1982 Commonwealth Games in Brisbane.

National Ground

To me, this has been a somewhat disappointing project since the idea was first envisaged in 1979.

Several promising possibilities have been investigated with no firm decision yet being made. It could well be that by the time this report is being read, there may be further information available on a National ground. The reason being, your Executive, at the October 31/November 1, 1981, Executive meeting, recommended a feasibility study to be instigated into National grounds, using the Dubbo site for the collection of the necessary data. Let us hope from this feasibility study, definite decisions on a National ground will be made in 1982.

A.C.T.A. Referees Association

State Associations have been requested to assist in forming a seven man A.C.T.A. Referees Association. These seven men forming our new A.C.T.A. Referees Association would meet at the 1982 National Championships and after that, at regular intervals subject to budgetary considerations.

They will be responsible for all facets of refereeing, rules changes, appointment of Rules Supervisors, Referees Examiners, organising referee instruction days at State and Zone level, and arranging speakers for such days.

This Committee will be responsible for the training and general up-grading of our Referees.

Legislation Levy

In my travels around the clubs, and discussions with a great number of shooters throughout Australia, I am pleased with the way the Legislation Levy has been accepted and supported.

We need to stand united and fight against any gun laws and legislation that might effect us, as responsible firearms users, and/or, our civil rights as law-abiding citizens. It is essential funds be readily available from our Association for use by States to combat any unrealistic legislation. Do not be deluded into thinking changes in gun control in one State will not necessarily affect you in your State. Gun legislation is a National problem.

During the course of this meeting, the 1981 balance sheet and financial affairs of your Association will be submitted for your approval. An attempt has been made to present this to you, giving details of income and expenditure so that it can be easily understood by Mr Average Shooter. Normal accountancy practice has been used in compiling costs and detailing them respectively. All registered shooters and delegates throughout Australia would have had the opportunity to study the financial statement, as it has been published in the Shooting News for perusal, prior to this meeting. This is a first for your Association which no doubt will be general practice in the future.

The 1983 registration fee increase is another agenda item in which you will be asked to give support.

Again, every attempt has been made to inform and communicate with members, by publishing the suggested increase in Clay Target Shooting News for members perusal and deliberation, long before this meeting. It can also be noted the services of independent accountants have been engaged to assist in collating our anticipated administration and development costs for the next three years.

1981 National Championships

The unexpected high shooter attendance created problems for the organisers in conducting and administering the Championships. Notwithstanding all this, our gratitude must be extended to the Committee and members of Melbourne Gun Club for the way in which they presented their facilities for the running of the tournament. All this assisted in creating an excellent overall profit, which has been well covered in the administration report.

In closing, I extend my personal thanks to my Executive colleagues for their assistance and dedication to the development and progress of our sport in general throughout Australia during 1981.

Thank you,

Laurence G. Connors

Laurence G. Connors

ANNUAL REPORT 1981

The year under review has been one of marked contrasts, which has seen some low and high points.

The tragic death of National President, Ron Porter in March, followed by that of Newton Thomas in May, had a marked effect on the whole of the sport for some months afterwards. These two men had made an enormous contribution to the Association over the years, their knowledge and enthusiasm will be missed.

Laurie Connors was elected President of the Association at the April meeting of the Executive Committee. He came to the top post with a deal of experience after twice being Acting President of the Association.

The coaching arm of the Association has suffered during 1981 due to the lack of a National Coaching Director. Some of the momentum created had run down, but happily this has been put right by the appointment of Peter Quire as National Coaching Director from January 1, 1982.

Financially, 1981 has been satisfactory in that the budgeted surplus was exceeded, largely due to the success of the National Championships. The Management and Executive Committees kept a close watch on expenditure throughout the period to ensure that tight budgetary controls were maintained.

With registration fees remaining the same for 1982 following the decision of the 1981 Annual Meeting not to grant an increase, even tighter housekeeping will have to operate, to maintain current reserves.

Traditionally this report addresses itself to certain specific areas of activity, this year does not differ.

1. INTERNATIONAL COMPETITION

Australia featured in eight International competitions during 1981.

1.1 Benito Juarez Tournament — Mexico

Jim Ellis, Terry Rumbel and Ian Hale were members of an Australian Shooting Association team to compete in this tournament in March.

This trip was arranged by the Federal Government to compensate shooters who had withdrawn from the Moscow Olympic Team in 1980. The Benito Juarez Tournament ranks third in the World behind the Olympic Games and World Championships.

Jim Ellis of the A.C.T. was successful in the Olympic Trap event winning the gold medal from Ernie Neel of U.S.A. in a shoot-off. Terry Rumbel shot very well to finish in sixth place, while Ian Hale finished tenth in I.S.U. Skeet.

1.2 Mackintosh International Teams Match

Australia was again successful in this postal match with a score of 7342-7500. The eighth consecutive win for Australia.

1.3 Glenn Cup

This match for D.T.L. teams from Australia and New Zealand was won by New Zealand by one target.

Representing Australia were: Benny Scotta (Victoria), Dick Piotrowski (NSW), Peter Lorman (NT), John Maxwell (NSW), Richard Dean (Qld), and Barry Kable (NSW).

1.4 Grand American Tournament

An Australian team was selected during the Nationals to compete in this the world's largest D.T.L. tournament. The five man team comprised Trevor Reschke (S.A.), Graham Willett (Vic.), John Maxwell (N.S.W.), Peter Lorman (N.T.) and Greg Woodbine (Qld). This team was known as the Air New Zealand Trap Team, and the Associations Executive Committee would like to thank Air New Zealand for their considerable assistance in making this project possible.

1.5 International Trap Teams Match

This was conducted during the Australian Trap and Skeet Championships. Competing Nations were USA, New Zealand and Australia. Australia was successful with a score of 244-250.

1.6 International Skeet Teams Match

This too was conducted during the Nationals and resulted in Australia being too strong for New Zealand. Competing for Australia were Bill Attwood, John Summers, Adrian Cousens, Steve Balough and Ken Lowry.

1.7 New Zealand South Island Championships

An Air New Zealand Trap Team competed for the Air New Zealand Trophy at these Championships held at Christchurch Gun Club.

Australia was represented by Tim Catling (WA), Adrian O'Connell (Vic), Garry Bollen (SA), Keith Woods (Tas) and Ian Sleigh (Qld). New Zealand were victors by three points. The Executive Committee again expresses its appreciation for the assistance received from Air New Zealand to make this event possible.

1.8 World Moving Target Championships

The 1981 World titles were contested at Tucuman, Argentina. Jim Ellis and Terry Rumbel were assisted by the Federal Government and the Association to compete in these Championships. In the best ever performance by an Australian in World Championships, Jim Ellis won the silver medal in Olympic Trap. Terry Rumbel finished in sixth place, just three targets behind Ellis. A wonderful performance, two Australians in the top six of the World. Alex Crikis went to these Championships on a private basis and finished 44th in I.S.U. Skeet.

A very busy year internationally, topped off with fine performances in World Championships.

2. NATIONAL COMPETITION

The biggest Australian Trap and Skeet Championships ever held were conducted at Melbourne Gun Club in April. The usual contingents from U.S.A. and New Zealand made the journey to compete. More than 1000 individual shooters took part, some problems were experienced due largely to the enormity of the tournament. The Victorian Clay Target Association is to be commended for the job done in arranging these championships. The Executive Committee extends gratitude to trophy donors for their strong support.

Melbourne Gun Club was also the venue for the National Olympic Discipline Championships in September. This tournament too attracted record entries.

National Champions for 1981 are:

Olympic Trap	Terry Rumbel, NSW
I.S.U. Skeet	Graeme Boyd, NSW
Standard Skeet	Adrian Cousens, Vic
Double Barrel	Trevor Byrne, Vic
Single Barrel	Jon Whittakers, NSW
ANZ Trap	Benny Scotta, Vic
Double Rise	Adrian O'Connell, Vic
Womens Double Barrel	June Gawth, Vic
Junior Double Barrel	Russell Mark, Vic

The Champion of Champions was Ken Lowry, Victoria, and the winner of the 1981 Grand Australian Handicap was Ralph Dellar of Victoria.

3. EXECUTIVE COMMITTEE

Mr Ray Mason (Tasmania) resigned during the year. His place was taken by Mr Fred O'Brien.

Mr Len Bird and Mr Arch Rowe (NSW) retired at the April meeting of the Executive, replacing them were Mr Jim Scott and Mr Robert Parker. Mr Rowe was awarded an Honorary Life Registration for his services to the Executive Committee. This same honour was bestowed upon former National President and member of the Executive for nine years, Mr Ern Hawkins. Mr Robin Bailey (WA) retired in April and was replaced by Mr Daryl Wiese. Mr Kevin Bowring (NT) resigned in April.

The Executive committee met twice during 1981, during the National Championships in Melbourne, and at the end of October in Sydney. All members of the executive are to be commended for their untiring efforts on behalf of all registered shooters, to develop the sport.

4. GOVERNMENT GRANTS

Grants totalling \$15 800 were received from the Sport Development Program during the year under review.

- (a) Administration Grant \$3000.
- (b) National Coaching Director appointment costs \$1800
- (c) Coaching Projects \$6000
- (d) Overseas Team Travel \$5000

Management thanks the Minister responsible for Sport, the Hon. Ian Wilson, and the Sport and Recreation Division Officers in Canberra for their considerable assistance during the year.

5. NATIONAL COACHING COUNCIL

This Council, which is made up of State Directors of Coaching, met in Melbourne in September. At this meeting, it was agreed to seek Accreditation at Level 2 of the Australian Coaching Council Accreditation Scheme. Work is now proceeding towards this aim. As mentioned previously, coaching did suffer somewhat during 1981 due to the lack of a National Director.

6. ADMINISTRATION

A complete review of the Association's data processing services was undertaken during the year. It was found that processing costs were too high in relation to the level of service received. The Consultants Deloitte, Haskins and Sells, have made recommendations that will be implemented after the bulk of 1982 registrations have been processed.

Trading has continued to make a worthwhile contribution to the Association's income during the year.

Management would like to take this opportunity to thank Mr M. T. Hastie of the Finance Sub-Committee for his advice and help with investment of Association funds.

7. MEMBERSHIP

Cost pressures continued to affect clay target shooting during 1981. However, despite increases in the price of shot-shells, re-loading components, travel and accommodation, membership was slightly ahead of 1980.

The major increase was again in second family registrations, highlighting the family involvement in the sport.

The number of clubs affiliated during 1981 was 282. New clubs welcomed during the year were: Walcha, Norfolk Island, Mandurama District, Orana, Blue Waters, Bundella and Condobolin Lions, all from New South Wales and Springsure, Goondiwindi and Mungungo Social from Queensland.

8. STATE ASSOCIATIONS

Per capita grants to the value of \$9946 were returned to State Associations during 1981.

Most states are receiving assistance from Government to fund various projects. The Northern Territory Clay Target Association has been particularly successful in obtaining funding assistance for the development of the new complex in Darwin.

9. NATIONAL TRAINING SQUAD

The first National Training Squad in the Olympic Disciplines was selected during 1981. Under Manager/Coach Peter Quire of South Australia, the Squad has been hampered somewhat by lack of funds.

The Squad has been training to a program laid down by Peter Quire, who is monitoring reports closely.

The 1981/82 Squad comprised:

Olympic Trap	I.S.U. Skeet
Terry Rumbel, NSW	Graeme Boyd, Vic
John Porter, Qld	Alex Crikis, Vic

Doug Smith, Qld
John Maxwell, NSW
Jim Ellis, ACT
Greg Long, Vic
John Hall, SA

Ian Hale, Vic
John Summers, Vic

10. LEGISLATION

So seriously do the Executive Committee regard legislation matters, that at the Sydney meeting in October, it was decided to levy adult registered shooters \$5, to establish a Legislation Fighting Fund. The money collected would be invested at 24 hour call and would be available to combat unfair actions by any strata of Government or other body towards our registered shooters, and their clubs, in pursuit of the sport of clay target shooting.

A grant of \$1000 was made to the Victorian Field and Game Association to help in their fight to remain at the Lysterfield complex.

The Victorian A.L.P. proposed policy on firearms control is restrictive in parts to the point of being extreme. Shooters in some States feel that this is not a National problem, however, the Police Federation and the Bank Officer's Association are speaking with one voice, and a National voice, and are advocating that all States have similar legislation. 1982 is sure to be a year of much concern in this area.

11. PROMOTION

National President, Laurie Connors, has continued the tradition of extensive travel to most parts of Australia to ensure that Association policy is promoted to as many clubs and shooters as possible. He has visited most States since coming to the Association's top office.

12. AUSTRALIAN SHOOTING ASSOCIATION

Progress was made during 1981 towards the re-structure of the A.S.A. Graham Fell was appointed Executive Director and commenced duties in December. A new constitution is being prepared, which if adopted, will make the A.S.A. truly representative of all the shooting sports in Australia. The Association is represented on the A.S.A. Council by Mr R. F. Buchan (Vic) and Dr Paul Cains (Tas).

13. NATIONAL HEADQUARTERS

Selection of a site suitable for use as a National shooting ground still eludes us. Discussions took place with the Shire Council at Port Macquarie during the year, investigations showed that the land available was not suitable. The Executive Committee decided at the October meeting that a feasibility study should be initiated into National grounds, using the Dubbo site for the collection of the necessary data, with reference to the study made by the A.C.T. Shooting Association. This study will be carried out in 1982, and hopefully a decision made.

14. INTERSTATE TEAMS MATCH RESULTS

Open Trap		Open Skeet		Ladies Trap		Ladies Skeet	
VIC	1470	VIC	493	VIC	350	VIC	113

15. ACKNOWLEDGEMENTS

Many people and organisations have been of great assistance to clay target shooting during 1981.

The list includes the following:

National President, Laurie Connors
Management Committee
Executive Committee
International Sub-Committee
State, Zone and Club coaches
State Associations
Zone Councils
Club Secretaries and Committees
Registered shooters
Federal Government
State Governments
All commercial sponsors.

Particular mention must be made of Air New Zealand and Ansett for their continuing support of clay target shooting. Both these Companies have assisted greatly, with movement of overseas teams in the case of Air New Zealand, and travel for Executive Committee and sub committee members in Ansett's case.

16. SUMMARY

In many ways, 1981 has been a difficult year for clay target shooting. A continuing worry must be the high turn-over in registered shooters from year to year. Just why do shooters register for one or two years and then disappear? Is it because they don't win anything, are club programs attractive, do the hotshots win all the trophies?

I believe this is a serious problem that must be solved before any real gains in membership can be achieved.

It is my hope that you will all enjoy your shooting in 1982

IAN C. HILL

Executive Director.

EXECUTIVE COMMITTEE REPORT

The Executive Committee presents herewith the Statement of Assets and Liabilities at 31st December, 1981, and the Statement of Income and Expenditure for the year ended on that date, and report as follows:

The Executive Committee in office at the date of this report is as follows:

Mr L.G. Connors
Mr R.M. Holtfreter

President
Vice President

Mr W.G. Abbott
Mr R.F. Buchan
Dr P.F.T. Cairns
Mr K.F. Coppleman
Mr R.A. Dean
Mr N.T. Hardy
Mr W. Horner

Mr R.C. Mules
Mr R.J. Parker
Mr T.S. Reschke
Mr J.K. Scott
Mr D.L. Wiese

The Principal activities of the Association are:

To promote, develop and encourage the sport of clay target shooting.

The surplus for the year ended 31st December, 1981, was \$20 623. No provision for income tax was necessary.

An amount of \$8540 was transferred during the year to General Travel Fund Reserve and \$1483 was transferred from this reserve for funding participation in the 1981 World Championships. An amount of \$1517 was transferred from I.S.U. Travel Fund Reserve for funding participation in the 1981 World Championships.

With these exceptions and apart from normal amounts set aside for depreciation, no other material transfers to or from reserves or provisions have been made during the financial year.

No shares or debentures were issued by the Association during the financial year.

The Memorandum of Association of the Association forbids the payment of a dividend to members.

The Executive Committee took reasonable steps before the Statement of Income and Expenditure and Statement of Assets and Liabilities were made out to ascertain what action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts, and to cause all known bad debts to be written off and adequate provision to be made for doubtful debts.

At the date of this report the Executive Committee is not aware of any circumstances which would render the amount written off for bad debts or the amount of provision for doubtful debts inadequate to any substantial extent.

The Executive Committee took reasonable steps before the Statement of Income and Expenditure and the Statement of Assets and Liabilities were made out to ascertain that the current assets of the Association other than debtors were shown in the accounting records of the Association at a value equal to or below the value that would be expected to be realised in the ordinary course of business.

At the date of this report the Executive Committee is not aware of any circumstances which would render the values attributable to the current assets in the accounts misleading.

No charge on the assets of the Association has arisen since the end of the financial year to the date of this report to secure the liabilities of any other person.

No contingent liability of the Association has arisen since the end of the financial year to the date of this report.

No contingent or other liability of the Association has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which in the opinion of the Executive Committee will or may substantially affect the ability of the Association to meet its obligations as and when they fall due.

At the date of this report the Executive Committee is not aware of any circumstances not otherwise dealt with in the report or accounts which would render any amount stated in the accounts misleading.

The results of the Association's operations during the financial year were not in the opinion of the Executive Committee substantially affected by any items, transaction or event of a material and unusual nature.

Since the end of the financial year and to the date of this report, in the opinion of the Executive Committee, no item, transaction or event of a material and unusual nature that would affect substantially the results of the Association's operations for the next succeeding financial year has occurred.

No member of the Executive Committee since the end of the previous financial year, has received or become entitled to receive benefit by reason of a contract made by the Association or a related corporation with the Executive Member or with a firm of which he is a member or with a company in which he has a substantial financial interest.

For and on behalf of the Executive Committee by authority of a resolution of the Executive Committee made on the 16th day of April, 1982.

L.G. CONNORS
Executive Committee Member

R.M. HOLTRETER
Executive Committee Member

STATEMENT BY EXECUTIVE COMMITTEE

In the opinion of the Executive Committee,

(a) the accompanying Statement of Income and Expenditure is drawn up so as to give a true and fair view of the results of the Association for the year ended 31st December, 1981, and

(b) the statement of Assets and Liabilities is drawn up so as to give a true and fair view of the state of affairs of the Association as at 31st December, 1981.

For and on behalf of the Executive Committee by authority of a resolution of the Executive Committee made on the 16th day of April, 1982.

L.G. CONNORS
Executive Committee Member

R.M. HOLTFRETER
Executive Committee Member.

STATEMENT BY PRINCIPAL ACCOUNTING OFFICER

To the best of my knowledge and belief, the accompanying Statement of Assets and Liabilities and Statement of Income and Expenditure give a true and fair view of the matters required by Section 162 of the Companies Act 1961, to be dealt with in the accounts.

I.C. HILL
Principal Accounting
Officer

AUDITOR'S REPORT TO THE MEMBERS

In my opinion:

(a) The attached accounts which have been prepared in accordance with the historical cost convention and are properly drawn up in accordance with the provisions of the Companies Act 1961 of Victoria, and so as to give a true and fair view of:

(i) the state of affairs of the company at 31st December, 1981 and of the results of the company for the year ended on that date; and

(ii) the other matters required by Section 162 of that Act to be dealt within the accounts.

(b) The Accounting records and other records, and the registers required by that Act to be kept by the company have been properly kept in accordance with the provisions of that Act.

R.W. FOX
Public Accountant

NOTES TO AND FORMING PART OF THE ACCOUNTS FOR THE YEAR ENDED 31st DECEMBER, 1981

NOTE 1. Statement of Accounting Policies

- (i) The Balance Sheet and Income & Expenditure Statement have been prepared in accordance with the Historical Cost Convention.

- (ii) Fixed Assets

Depreciation, except on computer software, is based on the diminishing value method and the rates are adjusted so as to write off the asset over its estimated useful life. Depreciation on computer software is based on a straight line basis so as to write off the asset over its estimated useful life.

NOTE 2. Donations

In 1978 the Association first received travel grants from its travel agent. A separate bank account titled A.C.T.A. Travel Grant Account was opened and grants when received were credited to this account.

Where applicable grants were, (a) refunded to members, (b) used for the benefit of A.C.T.A either by payment of expenses or by transfer to A.C.T.A. General Account as donations. Not all of the operations of this bank account were reflected in the Association's Annual Accounts in prior years. This bank account was closed on 3rd September, 1981, the balance being credited to the Association's General Bank Account.

An amount of \$1,590, being travel grants received, is included as donations this year. This income relates to prior years.

NOTE 3. Commonwealth Government Sports Development Program

General Administration Grant	\$3,000
National Coaching Director Appointment Costs	1,800

CLUB NEWS

LEINSTER GUN CLUB (W.A.)

The Leinster Gun Club held its Annual General Meeting on March 15, 1982, and the following were elected to office: Mr J. E. Matthews, President; Mr K. E. Taylor, Secretary, Mr Taylor can be contacted at Box 80, Leinster, 6437.

SUTTON FOREST GUN CLUB (N.S.W.)

At the Annual General Meeting of the Sutton Forest Gun Club, the following members were elected to office: Mr F. Twarloh, President; Mr F. Quirk, Secretary.

The Club has experienced difficulties in finding new grounds for the Club, however, they hope to be operational again very soon.

LISMORE GUN CLUB (N.S.W.)

The Lismore Gun Club have advised that their President Ray Holder has resigned and at a meeting held on March 12, Mr V. Lavelle was elected as their new President.

The Club would like to thank Ray Holder for the effort he has put into the Club for the last 2 years and also say congratulations to Mr V. Lavelle.

PORT MACQUARIE GUN CLUB (N.S.W.)

At the recent Annual General Meeting of the Port Macquarie Gun Club, Mr B. P. McLaren was elected President and the previous Secretary, K. G. McWhirter was re-elected for a further term.

DYSART GUN CLUB (Q'LD)

At a recent Annual General Meeting of the Dysart Gun Club, the following members were elected to the Executive: Mr N.

Low, President; Mr A. Goodbun, Secretary and Mrs A. Goodbun, Publicity Officer.

GULGONG GUN CLUB (N.S.W.)

At the Annual General Meeting of the Gulgong Gun Club held on February 26, the following members were elected to office: President, Mr Don Mackie, Secretary, Mrs Pauline McIntosh.

COHUNA GUN CLUB (VIC)

The Cohuna Gun Club held its Annual General Meeting on March 1st, and the office bearers for season 1982 are as follows: President, Mr B. Reade; Secretary, Mrs C. Lee.

The club has been running two graded championships at their regular shoots for several months now, and as they have proven popular with shooters, they are to be continued throughout the season. The club is now having a grouped metreage handicap and if this proves to be successful, it will also be continued.

BANDIANA AREA ARMY GUN CLUB (VIC)

After the Annual General Meeting on February 28, 1982, the Committee of the Bandiana Area Army Gun Club consist of: President, W.O.2 Angus, Vice-President, Major Csihar, Secretary, Sgt. Clark, and Treasurer Cpl. Tanner.

As from April, the Club will not shoot on the third Sunday of the month.

ALL WELCOME.

Williams 10-29, 25T Cont Chp ABC 15m: 'A' A. Clark 25-25, 'B' L. Williams 24-25, 'C' M. Smith 23-25. High Gun B. Cameron. Jnr High Gun C. Cameron.

Cont'd from page 18 'Science firing at Moving Targets'

Only when the eyes define the target sharply can they both together clearly estimate range, angle of departure and speed. If you can understand all this, you're on your way to better scores.

All this means that the human eyes are intended to work together. They've learned that closing one eye when aiming lowers the efficiency of the other. The lesson here is that both beginners and experienced hunters and competition shooters should strive to shoot with both eyes open at all times. There are of course normal exceptions to this and that is people with defective vision.

I make the claim now that I can improve your scores by special practice methods of dry firing, this will improve the co-ordination between your eyes and your brain and muscles. Our aim is to teach the eyes to point with the tip of the gun and give you confidence in your ability to sight quickly and accurately via an instinctive method of only watching the moving target.

To make this method work to the best advantage, the gun should mount easily for you. If it fits correctly, strive for a balance of motion carrying the stock to your cheek, not your cheek to the stock. Sight over the tip at some moving object. The trick is not to look at the tip of the gun, just let its image float into your field of sight. Keep the tip of the gun on the beak of a flying bird or try to follow a butterfly if moving clay targets are unavailable. Your goal is to simply concentrate on the target 100% with the tip of the gun. This is the same concentration you should use to pick up a moving clay target, it's relaxed concentration with attentive binocular viewing. It's important to keep the eyes relaxed. Tight eyeballs lead to jerky motion and body tension, and your aim is to be smooth as well as fast. Proper sighting involves a minimum of motion, keeping it simple for your eye-brain computer.

Remember, do not sight along the full length of the barrel or look directly at the bead or muzzle, but focus both eyes on the target. You will notice immediately that you will be a faster and instinctive shooter.

A tip for those shooters that have to wear prescription glasses. Make sure that the frames come high enough to look out of the centre of the prescription lens. People that make special shooting glasses will build the prescription a little higher than centre.

HANDICAPPING NATIONALS 1982

As I have been appointed Handicapper for the Brisbane 1982 Nationals, I thought it necessary to advise you of the following which will be strictly enforced.

1. **ALL** current 1982 Handicap Cards regardless of your Grade, along with your 1981 Card will be required by me for checking **before** you nominate.
2. All Handicap Cards will have to be stamped by me before Nominations will be accepted.
3. **NO** nomination will be accepted if your handicap card is unavailable unless your Grade, Handicap Trap and Skeet is confirmed by your Club Secretary on a Statutory Declaration Form.
4. If a Statutory Declaration Form is signed you will be allowed to shoot, but any trophies won will remain with the ACTA until your handicap and grade is verified by the Executive Committee.
5. Unless you are a new shooter or haven't shot for a long period and you present your handicap card not filled in or only with the club stamp and no score (event or targets shot) your handicap will be A Grade 0 Skeet and 25 Metres. (This is your responsibility. Make sure your Club Secretaries fill in your cards correctly).
6. Any crossouts or errors on cards will not be acceptable.
7. If an error is made on your card have your Club Secretaries neatly rule out the error, rewrite it in correctly and sign it.
8. Any **obvious** low score entered on Handicap Cards just prior to the Nationals that enables a shooter to be down graded, will not be taken into consideration. (Rule 106).
9. Please watch the Handicap Board. If your name appears on the board, report to me.
10. If you happen to be down graded and you don't wish to be, please advise.

Ken Holman,
Nationals 1982 Handicapper

ALBURY WODONGA GUN CLUB

Sunday May 9 — 1.00 o'clock start

ST. JAMES GUN CLUB

M. Murphy, Secretary.

The St. James Gun Club conducted its January shoot on Saturday 30th, and there was a good attendance of shooters (80) for the last shoot on the temporary ground. The first event was the St. James Graded Championship — 20T D.B. and the winners were 'A' Grade V. Ryan 'B' Grade P. Pettit Snr., 'C' Grade D. Williams. The second event was the St. James Grouped Metreage 20T D.B. Handicap and the winners were 20-25M V. Ryan, 17-19M P. Pettit Snr., 14-16M K. Plum. At its next regular shoot, Saturday May 29th, the Club will shoot at its new ground, 200 yards west of the temporary location.

The Club also held a very successful pre Duck Opening Shoot at its new location with 43 shooters starting at 4.00 p.m.

It was the intention of the Club to get as many prospective new shooters and juniors in attendance and the response was good.

Results were as follows:

1st Event — Compulsory Division 10T, with 11 shooters scoring the possible.

2nd Event — Trophy event donated by Owen Laffin of Wallan, won by K. Parish.

High Gun over 2 events — K. Parish.

Novice Trophy shot over 2 events — J. Leary.

Bradman Trophy shot over 2 events — P. Ryan.

At the presentation of the trophies, Club President Mr P. Pettit thanked all members for their support at working bee's in building the new trap houses and concrete shooting tracks.

LATE NEWS COMMONWEALTH I.S.U. CHAMPIONSHIPS

The Commonwealth Championships in the I.S.U. disciplines were conducted at Brisbane Gun Club on April 15 and 16. These followed a two day training camp for the National Training Squad which was held after the National Olympic Discipline Championships over the Easter weekend.

Jim Ellis A.C.T. made it a fine double, winning the Commonwealth Olympic Trap Championship from John Maxwell, with Terry Rumbel in third spot. Jim had won the National Championship on the previous Monday.

Ian Hale was successful in I.S.U. Skeet winning the Gold Medal from Alex Crikis with Craig Mueleman performing very well to take the Bronze Medal.

A Full report will follow in next month's C.T.S.N.

STOP PRESS NEW NATIONAL BREAK RECORD

Larry Dimasi of Mildura smashed the long break record recently set by Jon Whittakers, during Mildura Gun Club's Easter shoot.

In perfect conditions Larry shot 536 targets to set the new mark. Perhaps the Brisbane Nationals will see this beaten, although Brisbane can be a tricky ground with light changes and wind variations.

Congratulations to Larry Dimasi, a top shot and a fine sportsman. ○

Win with Winchester

WINNING WITH THE POWERFUL AUSTRALIAN **WINCHESTER®**

As we've been saying:
"If you can't win with these,
you can't win."

The results tell the story. Every major title at the 1981 ACTA Nationals, except one, was won by a shooter using Australian-made cartridges. Cartridges they themselves chose. Because they were there to win.
