EXECUTIVE DIRECTOR'S NOTES

It's been a wonderful Commonwealth Games for shooting, with success after success. The chance has been created for all of us to capitalise on the success at all levels of Government, the media and society generally.

Despite some adverse publicity in one newspaper, the written media generally gave shooting a good run, particularly when Gold Medals began to come Australia's way.

Unless you were a night owl, it was hard to see any shooting on the television highlights early in the Games. I remember one night seeing five minutes of Olympic Trapshooting in highlights at 1.15 a.m. The situation did improve after strong representation was made to the host broadcaster.

It is known that the A.B.C. crews who spent many hours each day at the Belmont Complex were disappointed that more material did not go to air.

• • • • •

Peter Quire must be commended for the job he has done in preparing his team for the Games. He has a wonderful relationship with the squad, so apparent in Brisbane when things were tight. I know he is delighted with the Team's performance in Brisbane and is looking to top performances in the World Championships in Caracas, Venezuela, in November.

All Clay Target shooters join me in congratulating Terry Rumbel, Jim Ellis, Ian Hale, Alex Crikis and Peter Quire on their success in Brisbane.

We also wish them well in Caracas, as they are joined by Graeme Boyd, Ian Buchanan and Greg Long.

Enjoy your shooting,

IAN C. HILL ◉

NOTE OF THANKS

Several businesses have generously sponsored the National Training Squad, many thanks must be extended to them.

Olympic Targets supplied the clay targets for the eliminations held in Brisbane, Shooting Accessories Pty. Ltd., supplied shooting glasses for the squad, Eurocut Pty.Ltd., also supplied glasses for the Commonwealth Games Team. The cartridge companies have been most generous. Their support is essential to enable team members to train for the Commonwealth Games and the World Championships. ◉

AUSTRALIA'S SHOOTERS STARS OF COMMONWEALTH

Staff Writer

• Victory Ceremony — Olympic Trap Teams. Jim Ellis and Terry Rumbel Gold.

7 GOLD 4 SILVER 5 BRONZE

In the best performance ever in Commonwealth Games history, Australian shooters captured 16 medals in the 20 shooting events. The sixteen person team amassed the highest medal tally of any nation competing in the shooting events, to easily lead the table.

The four shotgunners won at least one medal each in a marvellous performance of skilled dedicated shooting.

SATURDAY OCTOBER 2 TRAP TEAMS 200 TARGETS

It was a magnificent start to shotgunning events with Ellis and Rumbel taking Gold for Australia.

Conditions were good at Belmont for the 11am start, thirteen teams entered for this new event at the Commonwealth Games. The wind was variable but mainly light, fine,

sunny conditions ensured good light. Facilities at Brisbane Gun Club had been upgraded to help spectators. Temporary stands were erected behind ground one, which gave an excellent view of all the action.

Jim Ellis was the first of the Australian pair to commence. He looked in top form and had been training exceptionally well, winning the badge match the previous week.

A hard right-hander was Jim's only problem in the first round as he scored 24. Terry Rumbel followed Jim onto ground 1 and immediately showed that he too was in good form. Some doubts had been expressed about his training form, but like all true champions, Terry has the ability to lift his game when it matters, in top competition. He looked like running the round clean, so well was he shooting, however the very last target got away, to give him a solid 24.

After round 1, Australia led with 48/50 from Scotland and England 46, New Zealand 44, and Canada 43. Other 24's in round 1 came from Peter Croft of England, and Martin Girvan, Scotland. Nobody had shot the 25.

F17/882

Australia stretched the lead in round 2 when Ellis ran them all for a fine 25. Terry Rumbel had trouble with one target for Australia to score 49 in the round and total 97/100. Scotland moved into second spot on 93, England 92, and Zimbabwe fourth on 90. Canada had disappointed dropping 13 targets in the first 100, former World Champion John Primrose starting with two 21's and George Leary 22 and 23.

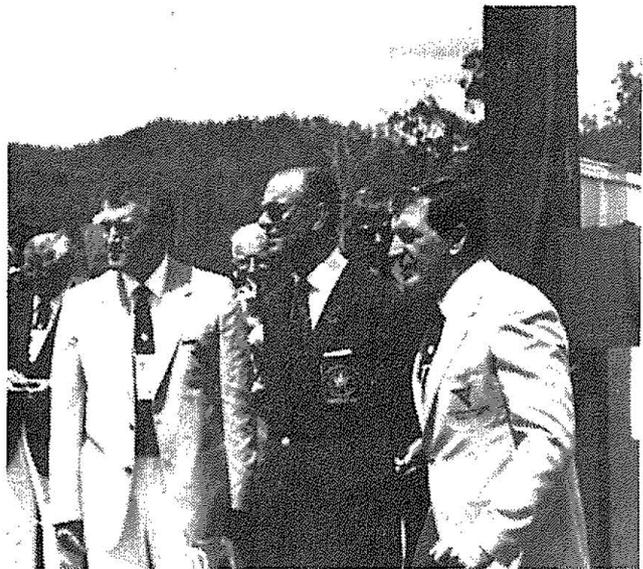

Australia increased the lead in round 3 to 5 targets, with both Ellis and Rumbel shooting solid 24's. Scotland were still in second spot on 140 and England a target back on 139. George Leary of Canada, Ian Gordon Zimbabwe, and Graham Geater New Zealand, all shot perfect 25's.

It looked at this stage, how far Australia, with one round to go, and both shooters in top form. Jim Ellis seemed to relax a bit in the last 25 and dropped three. James Young of Scotland in the same squad as Jim, faired even worse letting four go by. Peter Croft of England shot 23 in his last round to move England into second place with one round of 25 targets left to complete the match.

Terry Rumbel went at the task with his usual rhythm and though he dropped 2, was very solid.

Peter Boden ensured Silver for England with 24 and the second Scot Martin Girvan carded 22 to give Scotland the Bronze, one target ahead of Canada.

Gold for Australia, the first ever in Commonwealth Games competition by the fine margin of 4 targets from England, and Scotland a further 3 targets back for Bronze. Enormous

cheers echoed around the Belmont complex as Ellis and Rumbel were announced the winners. Coach Peter Quire's grin was from ear to ear after a tough day spent shooting every target with his charges.

The hard work, the money, the time spent training, all the self discipline, the result was worth it, Australia's first Commonwealth Games shotgunning Gold medal.

Both Ellis and Rumbel had shot 95/100 to total 190/200 for the Gold. Canadian George Leary after a slow start, shot the last 50 straight to also card 95. Welshman Denis Brown, suffering from flu started badly with 18 and 21, but then shot 49/50 in his last two rounds.

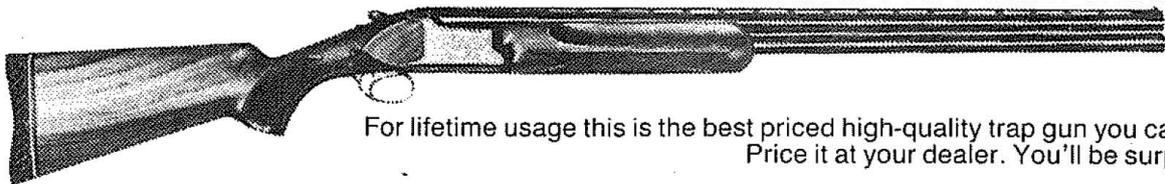

H.R.H. Prince Phillip, The Duke of Edinburgh paid a visit to the ground during the morning, taking a keen interest in the shooting.

SUNDAY OCTOBER 3

SKEET TEAMS — 200 TARGETS

Eleven teams lined up for the start, two fewer than in the trap event. Weather again fine, light breeze, could Australia make it two out of two in the teams matches. The competition looked tough, Canadians Altmann and Gabriel, Englishmen Sheffield and Sykes. Altmann had won the badge match with 99/100, Woolley New Zealand with young teammate Paul McGowan were also expected to do well.

Hale and Crikis had been training well, coach Peter Quire was confident.

• Ian Hale, top performance in Individual Skeet.

Alex Crikis was the first Australian to visit, quickly settling down after missing his first target, to shoot a solid 23. Ian Hale followed with a brilliant 25 to have Australia tied on 48 with Canada and Northern Ireland. New Zealand were one away on 47 with England 46.

25's had been carded by Gabriel Canada, Hale Australia, Woolley New Zealand, and Willis Northern Ireland.

Round 2 was again very tight with Crikis and Hale shooting 24's. This totalled 96 for the half way stage and had Australia still tied for the lead with Canada and Northern Ireland.

Canada's Fred Altmann, and England's Jim Sheffield shot the 25 in this second round.

Altmann the Canadian is known as the executive skeet shooter because of his habit of taking a brief case to the layout with him.

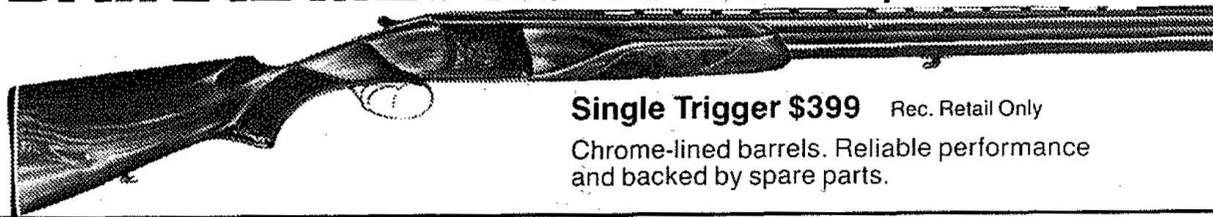

A quick peep showed the brief case to be almost packed with shooting glasses of all colours, which are changed often to suit the light conditions. He carries more glasses with him than Tom Lucas takes duck shooting. This observer saw Altmann change shooting glasses three times during the first two rounds.

Into round 3 with Crikis shooting 23, Hale 24, Canada ran 47 to still tie Australia, with England making it a three way tie going into the last round, after a 48 total. This 48 from England was to eventually clinch the Silver medal as Silver and Bronze were decided on countback.

Perfect 25's were shot in the third round by Sheffield of England, Woolley New Zealand, and Clague, Isle of Man.

To say the match was tight at this stage was understating it, very tense and nervous faces were to be seen getting ready. Altmann was checking glasses, packets of shells were nervously emptied into pockets. Altmann Canada 23, for 166, Sykes England 24 for 167, and Alex Crikis Australia, a brilliant 25 to put them one target ahead on 168.

Gabriel Canada, Sheffield England, and Hale Australia were all in the last squad to shoot to decide the medals.

Hale dropped an early target to tie England, Sheffield dropped one too to put Australia back in front. Gabriel was working very hard and was still clean. Station five saw real drama when Sheffield dropped another. Tragedy struck when Ian Hale missed the double on this station to put Canada in front with England and Australia tied. In one of the best pressure performances seen at Belmont, Brian Gabriel completed a magic final 25 to clinch the Gold medal for Canada, with a team total of 191. Tied on 190 were England and Australia, the Silver going to England on a countback.

To decide the placings, individual scores are added together for each round, beginning with the final 25.

Both England and Australia had scored 47 in the final round, but in the third, it was England 48 to Australia 47 to win Silver.

TRAP INDIVIDUAL — 200 TARGETS

The twenty nine shooters in the field included a European Champion and a former World & Commonwealth Champion.

This event was to be shot over two days, 100 targets each day. After Australia's gold medal win in the Team Match, hopes were high that Ellis or Rumbel would win the gold.

Terry Rumbel attacked the targets right from the start in a very positive way, carding a brilliant 25 in his first round. The wind was quite strong and Terry was shooting his targets very quickly. This was the only perfect score in Round 1,

• Victory Ceremony — Skeet Teams. Canada, Fred Altmann and Brian Gabriel Gold Medal. England, Sykes and Sheffield Silver. Australia, Crikis and Hale Bronze.

The skeet teams match had been a mammoth struggle with Canada being just too good.

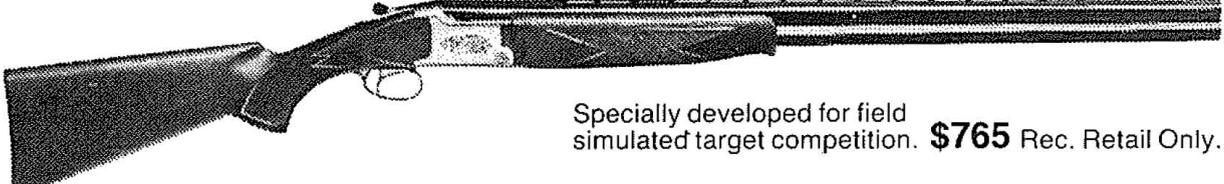

John Woolley had given notice of what was to come with an individual score of 99/100. Gabriel Canada, and Sheffield England, had both shot 97's to be next best. The Australians shared their 190 on 95 each.

• Peter Boden, Gold Medal Olympic Trap Individual Match.

Peter Croft — England, George Leary — Canada, Denis Brown — Wales, Robin Collins — New Zealand and Shu-Ming Cheng — Hong Kong, all on 24, Peter Boden — England 23, Jim Ellis a disappointing 22.

Terry Rumbel again shot a perfect 25 in Round 2 to lead on 50, followed by Croft England 49, Ellis who shot the lot on 47, with Collins New Zealand, Boden England, Brown Wales and Connolly Zimbabwe, all together on 46.

Another clean round saw Rumbel two targets in front at 75 targets from Croft on 73, Peter Boden and Denis Brown, Wales on 71. Jim Ellis clearly upset by a newspaper report, dropped further behind with another 22 to be on 69.

The last round of Day 1 had Terry Rumbel dropping two targets to reach the half-way mark on 98/100, three clear of Boden and Croft England. One target further back on 94 was Denis Brown Wales, now recovered from flu, with Jim Ellis and James Young Scotland on 93.

Overnight leader Terry Rumbel dropped one target in his fifth 25, to still lead by three, from Boden and Croft. Round six, another solid 24 from Rumbel totalled 146 which put him 4 targets ahead of the Englishmen Boden and Croft, with Ellis two further back on 140.

The strain of leading all the way started to take its toll in Round 7 when Rumbel let 4 targets go by without breaking. Boden and Croft shot solid 24's to be only one behind with the last 25 coming up. Ellis carded 23 to be three behind the Englishmen.

Rumbel was the first of the top three to finish his 200 targets shooting 23/25 in his last round to total 190. This meant that both Croft & Boden could win outright by shooting the 25. Croft was next to finish dropping one target to tie Rumbel on 190.

All eyes were on Peter Boden as he began his last round. Very deliberately, with great concentration, targets were demolished one by one. One or two were scratchy, but all were broken.

A fine performance, running the round clean under enormous pressure, knowing he had to shoot the lot to win the Gold Medal.

Peter Boden is 35 years old, comes from Bedworth in Warwickshire and has been shooting for 15 years. Asked about the pressure in the last round he said there was plenty, but that he had won before from the same position and knew he was capable of doing it. I also commented that he didn't seem to watch targets other than his own. Was this deliberate, apparently fixing his eyes on the grass two to three metres in front between shots, deep in concentration. Whilst it wasn't deliberately done, it was a habit he had developed. He believes that the 10 to 12 seconds between closing his gun and shooting, is ample time for his eyes to adjust to the light and background.

A shoot-off was necessary to separate Terry Rumbel and Peter Croft in second place. Rumbel dropped two targets, but it was good enough to win the Silver Medal. Jim Ellis shot a very nice 25 in his last round while watching Terry Rumbel in the shoot-off with Croft, to finish in fourth spot on 188.

A great victory to Peter Boden, who scored two 25's in his eight rounds and no tally worse than 23.

No excuses are offered but this observer believes Jim Ellis was affected by the critical report published in a southern newspaper prior to the Individual Competition.

• Victory Ceremony — Olympic Trap. L. to R. Terry Rumbel Silver, Peter Boden Gold, Peter Croft Bronze.

• Deep in concentration, John Woolley, New Zealand, waits his turn to shoot.

SKEET INDIVIDUAL — 200 TARGETS

After the Teams Match it was clear that the Individual Event would be keenly contested.

A top field of 23 included the Defending Champion, John Woolley of New Zealand, Canadians Altmann and Gabriel, Englishmen Sykes and Sheffield and Australians Hale and Crikis. Others to impress in practice were Dunlop of Scotland and the youthful Indian Hari Sandhu.

One hundred targets were to be shot each day, four hours of intense concentration on each of the two days. Five 25's were recorded in the first round, by Sykes, Woolley, Hale, Dunlop and Altmann. Crikis had problems with two targets and was one behind Sheffield on 24.

Sykes and Altmann again shot clear rounds to lead on 50 from Woolley and Sheffield 49, with Hale, Dunlop, Crikis and Sandhu all locked together on 48.

In Round Three Sykes again went clear to lead on 75 from Woolley 74, Sheffield and Altmann 73, Hale 72, Gabriel 71 and Crikis who was disappointed with his 22 for a total of 70.

Day 1 of the skeet ended with Sykes and Woolley tied on 99, Hale after a good 24, three targets back on 96 with West of Northern Ireland. Crikis was in equal sixth place carding 94. Altmann of Canada had faltered with a disastrous round of 18. The stage was set for the final 100 targets with ten shooters within 5 targets.

Prime Minister Frazer had watched intently, taking a great interest in the skeet. Another visitor to the complex was

Premier of Queensland Joh Bjelke-Petersen, who is Patron of the Queensland Clay Target Association.

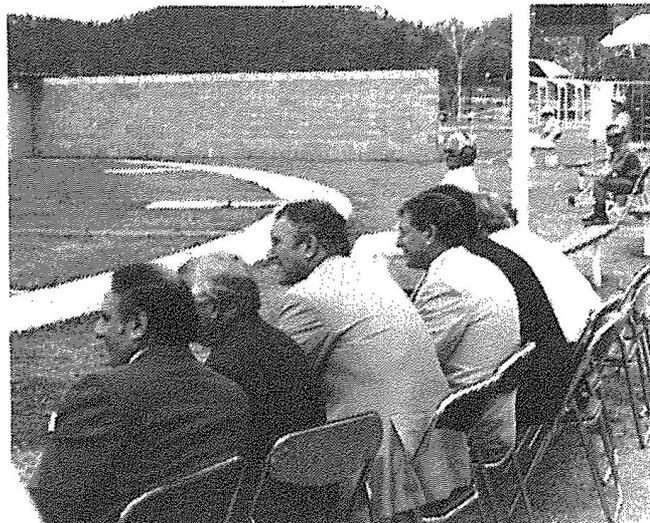

Friday October 8 will long be remembered as the day Ian Hale shot the lot under enormous pressure. Hale was bitterly disappointed with his last round in the Teams Match the previous Sunday and was out to prove a lot to the critics.

Joint overnight leader Woolley went merrily on breaking his first 50 on the final day to lead on 149. Wally Sykes, the quietly spoken Suffolk man had shot two 24's to be in second spot 2 targets behind with Hale shooting his 50 brilliantly, to be one further back on 146.

West Northern Ireland, Gabriel Canada and Crikis Australia, were tied on 143. Crikis had shot 49 of his 50 targets in this morning's session.

To everyone's surprise Woolley dropped a target in his second last round to lead by two on 173. Sykes too had trouble with one to also card 24 and put him on 171 with the last round coming up. Ian Hale went relentlessly on, breaking his 25 to tie with Sykes. He had shot the 75 straight, could he make the perfect score 100/100 for the day and perhaps take the Silver Medal from Sykes.

John Woolley meanwhile in an earlier squad was all concentration as he shot his last round. He dropped one but cruised in typical Woolley fashion to tie up the Gold Medal with a new Commonwealth Record score of 197/200. A very elated John Woolley accepted the plaudits of the crowd as he left the layout, successfully defending the title he had won in Edmonton four years earlier. A hush descended over the ground as Wally Sykes and Ian Hale began their final round. They traded target for target until Sykes missed high five in the doubles. Hale negotiated this station successfully to lead by one with eight targets to go. They both shot the rest to give Ian Hale the Silver Medal with 196, just one behind John Woolley and one ahead of Wally Sykes. A real gutsy performance from Hale to create a new record in Commonwealth Games by shooting the 100 straight.

• Prime Minister, Malcolm Frazer, watches intently as the Skeet Match goes on.

• Ian Hale with delighted wife, Heather, after shooting 100 targets straight to win the Silver Medal in the Skeet Individual Event.

Ian's wife Heather was first to congratulate him with tears streaming from her eyes, a very moving moment.

All three medal winners had broken the old games record of 194. It was a wonderful contest over the two days and a great finale to the shotgun events.

Organization at the ground had been excellent right through the three weeks of practice and competition. Competition Director Brian Lowry, Chief Range Officer Bob Buchan, all the referees, line referees, scorers, and other workers are to be congratulated on a job well done.

• Chief Range Officer, Bob Buchan, worked hard throughout the series.

• National Squad Coach, Peter Quire, with Ian Hale and Alex Crikis.

• Brisbane Gun Club was in good condition for the Games Shotgun Events.

• The crowd enjoying the Queensland Sunshine as they watched the Trap Teams Match.

Looking back over the week of competition at the Shooting Complex, it can be said that all ran smoothly. Any hassles with equipment or personnel were quickly sorted out.

After arrival in Brisbane some difficulties were experienced by the shooting team with accreditation and uniform supply, but these too were soon put right.

Media coverage of the shooting events improved dramatically after strong representation was made by Team Management and other interested persons.

Shooting's contribution to the overall Australian medal tally was recognised by the fact that a shooter was selected among the three athletes to march in the closing ceremony. In addition, shooters formed the ring around the Royal car for the lap of farewell at this ceremony.

All Australian shooters can feel proud of the job done by the shooting team.

Well done Terry Rumbel, Jim Ellis, Ian Hale, Alex Crikis and Peter Quire.

holiday in New Zealand is full of many pleasant surprises.

Did you realise for example, that the Australian dollar is now worth about forty cents* more in New Zealand?

So instead of a delicious fare of bluff oysters and succulent steaks costing NZ\$14, to you they're down to an appetizing A\$10.

A family car like the Honda Civic costs NZ\$34 a day.

You drive away with a bargain at A\$25. And if you fancy four legs instead of four wheels, you ride your pony off for a couple of hours having paid A\$10 not NZ\$14.

These astonishing savings also apply to fishing, skiing, golfing, boating and the 101 other activities available in one of the most beautiful countries on earth.

And if this wasn't incentive enough, Layzaway Holidays are offering twin share

accommodation for adults at only A\$9.50 each a night—and the kids stay free!

Layzaway accommodation ranges from friendly pubs to International class hotels and there are over 23 locations to choose from in both the North and South Islands.

1982 VICTORIAN SKEET CARNIVAL

By Staff Reporter

• Korumburra shooter Ray Beaton and his wife Kim enjoying the social evening organised by the Mildura Gun Club at the State Skeet Carnival.

Only 63 shooters attended the 1982 Victorian Skeet Carnival hosted by the North West Zone at Mildura Gun Club, over the weekend of the 13th - 14th and 15th August.

This was some 40 shooters less than when the same event was conducted at the club in 1980.

The program attracted skeet shooters from S.A., N.S.W. and Victoria, however, because of a clash with a major shoot in S.A. the usual contingent from this State was unable to attend.

The industry support by Winchester Australia and Eley Ammunition with the assistance of trophies was greatly appreciated by the State Association.

Even though numbers were down, it was a great carnival with good scores being recorded, in the individual Championships. Results were as follows:

Eley Skeet Championship.

Overall Adrian Cousens, Melbourne	50/50.

The State were unable to field a ladies or juniors team because of numbers, however all State team shoots were conducted to establish a State High Gun. Karen Williams (Melbourne) 23/25 was High Gun in the ladies team and Peter Tobin (Mildura) 25/25 was junior High Gun. The North West Zone won the recognition of being Zone premiers for 1982 by winning the Zone Premiership title. The team consisted of all Mildura Gun Club members Peter Scott, Laurie Connors, Jim Finis, Peter Tobin and Larry Dimasi. Their score 240/250.

The George Biggs Club trophy was also captured by Mildura Gun Club. The team consisted of Peter Scott, Laurie Connors, Len Croughan, Peter Tobin and Larry Dimasi 709/750. Shooters to qualify for the State open team were, Adrian Cousens, Paul Krumins, Alan Blease, Roger Christopher, Alan Blackmore, Graeme Boyd, Merv Whitelaw, Karen Williams, all from Melbourne Gun Club, Peter Torok, Geelong, Graham Roberts, Korumburra, Gordon Wakefield, Peter Scott, Jim Finis, Larry Dimasi and Laurie Connors, from Mildura Gun Club. Team high gun went to Roger Christopher Melbourne, 61/61.

The N.S.W. Vs. Victorian Challenge was won by the Victorian team of Mal Hastie, Adrian Cousens, Peter Tobin, Paul Thomson and Graham Roberts. Their score of 963/1000 was just one better than N.S.W. a very close contest between the States with Paul Thomson knowing he had to shoot 50 in the last event to beat N.S.W. by one point.

Adrian Cousens and Paul Thomson won the best pair trophy by shooting the combined score of 489/500. The individual High Gun went to Adrian Cousens who shot a brilliant 247/250, over the program.

From the National Coach and Team Manager.....

Peter Quire

Every Clay Shooter in Australia has reason to be proud of the efforts of their representatives competing at the 12th Commonwealth Games in Brisbane.

Our team of Jim Ellis, Terry Rumbel, Alex Crikis and Ian Hale had the best results of any Clay Target team competing in Brisbane. This was no mean feat as the English team included the European Champion, the Canadian team included a gold-medalist and World Champion, New Zealand had the Commonwealth Games gold-medalist. So you can see the competition was stiff and numerous. Previously the best Australia had done was a bronze at the Commonwealth Games.

In Brisbane our four man team won gold in the Olympic Trap Teams event, silver in the Individual Olympic Trap event, bronze in the I.S.U. Skeet Teams Event and silver in the Individual I.S.U. Skeet event. What a wonderful result.

Each team member represented the Clay Shooters of Australia with pride and courage. The 100 straight by Ian Hale on the last day of competition, was a first in the Commonwealth Games. It won him the silver medal and made me wish many more of you could have been present to see his gutsy wholehearted performance.

The other countries competitors and coaches were full of praise for our shooters. In this world that seems full of double-dealing and self-interest where it is hard to be proud, I am not ashamed to admit to the emotion of pride in our country's success due to the efforts of athletes such as Jim Ellis, Terry Rumbel, Alex Crikis and Ian Hale.

VICTORIAN I.S.U. SUB-COMMITTEE

Brian Clark

The Victorian I.S.U. Sub-Committee has decided upon the following dates and venues for the Victorian Eliminations for the National Training Squad:

1. Frankston/Australian Gun Club
27/28 November, 1982
2. Melbourne Gun Club
22/23 January, 1983
3. Melbourne Gun Club
State I.S.U. Championships
26/27 February, 1983

Please note that the above Elimination dates relate to I.S.U. Trench shooting only, as it has been decided to run I.S.U. Skeet Eliminations on separate dates, in order that shooters may compete in both disciplines.

FIREARMS LEGISLATION AND THE VICTORIAN GOVERNMENT

By: Jim Kennon M.L.C.

The policy of the Victorian Government in relation to firearms has been the subject of considerable discussion, and no small amount of distortion. Now that the Government has been in office for some six months, it is time to set out the fundamental points of the proposed legislation and the steps taken by the Government so far.

At the outset, it must be understood that the proposed legislation is a package of reforms designed to: —

- (a) Ensure that owners of firearms have some understanding of the safe use and safe-keeping of firearms.
- (b) Ensure that owners of firearms have a proper use for those firearms.
- (c) Ensure that owners of firearms are, and feel responsible for each individual firearm in their ownership.

To this end the Government proposes to legislate to require that applicants for shooters' licences pass a test (in question and answer form) in relation to firearms and the safe use of firearms. Applicants will also be required to give an assurance of safe-keeping of firearms when they are not in use. This will **not** involve police carrying out a search of the house of every applicant for a licence but is to be seen as an educative measure and as a condition of the licence, the future breach of which should it be found to occur, may be relevant to action in respect of the licence.

Importantly, there will be a cooling off period between the time that an applicant satisfies all the conditions necessary to obtain a licence and the time of the acquisition of firearms. Such a cooling off period will ensure that persons applying for a licence have a serious and continuing interest in owning a firearm and are not just obtaining a firearm on an impulse.

Persons will have to show a good reason for obtaining each additional firearm but there will **not** be any absolute limit on the number of firearms. It is understood that sporting shooters often need a number of different types of firearms or for that matter more than one firearm of one type.

Finally, each firearm will be registered. Registration will be in the form of a notation of the details of the firearm on the licence.

To assist the Government to implement the new laws, the Government has appointed an interim Firearms' Consultative Committee. The Committee is made up of Mr. Bob Buchan, the President of the Victorian Clay Target Association and the Melbourne Gun Club, Mr. John Phillips, Q.C., a barrister with extensive experience in criminal law and Chief Superintendent J. Ibbotson of the Victoria Police Force.

The committee has met on a number of occasions and has considered carefully submissions from interested persons. It has also considered detailed estimates in relation to the new administrative arrangements required.

The new legislation will contain provision for the establishment of a permanent Firearms Consultative Committee made up of representatives of shooters, lawyers and police officers.

That committee will have two broad functions: —

- (a) To act as an appeal body to which applicants who have been refused licences or registration at the first instance, can appeal.
- (b) To advise the Government in relation to any particular difficulties in the administration of the new legislation and as to any changes which may be required.

The Government has been particularly fortunate to have the expert assistance of experienced shooters such as Mr Bob Buchan, Mr. George Biggs and Mr. Ian Hicks, in developing an appropriate safety test instruction booklet. There has also been input from representatives of the Hunter Safety Committee which has been most valuable.

I have also had the privilege in recent months of presenting trophies at the Victorian Schoolboys and Schoolgirls Clay Target Championships at the Melbourne Gun Club and opening the Victorian Clay Target championships at Echuca. In company with Mr. Bob Buchan, I have also visited the Winchester factory at Geelong and we have spoken to firearms dealers in Melbourne, Geelong and country areas.

I would hope that the above outline of the Government's proposals and the consultation which has been carried out, will indicate that responsible shooters have nothing to fear from the Government's proposals on the manner in which the new laws will be administered.

Everyone in the community should support the strong emphasis on the safety and responsibility aspects of the new laws. I must say that I have been most impressed with the excellent conditions at clay target clubs in relation to safety procedures. Target shooting is a fine sport and the Government does not propose to do anything which will unduly impinge on target shooters. Rather, it hopes to be able to ensure that a greater percentage of firearms owners are as competent in the handling of firearms and as responsible as the average member of the clay target clubs. ○

AROUND THE TRAPS

Friday 3rd September, 1982

I attended the A.C.T.A. office to prepare for meetings that were to take place over the next three days. The first was to be a meeting of all State Presidents and Secretaries on the Saturday. In my opinion this meeting turned out to be very valuable, to those present, and gave the opportunity for all States, to share their overall operational problems, and gain knowledge of how best to improve any shortcomings that may exist within individual States. State Associations play a major role in the success of our operation at a National level, and as well are responsible for the control and development of the sport in general, within their separate States. The pleasing part of this meeting, was the fact that all States had representation at this venue. A recommendation to the Executive from this meeting, was for a State and Club administration manual be compiled and made available for clubs throughout Australia. This was ratified by the full Executive and will be available to clubs in due course.

• National Vice-President, Roy Holtfreter, all smiles after receiving Honorary Life Registration of the Association, at the recent Executive meeting.

Sunday 5th and Monday 6th September, 1982

An Executive meeting followed the State Presidents and Secretaries meeting with, for the first time ever, the State Presidents and Secretaries being permitted to sit in on the Executive meeting as observers. State Associations will no doubt be advantaged by their officials having witnessed the National Body in operation. Details for the running of the 1983 National Skeet Championships, to be held in Victoria, at Melbourne Gun Club, were fully discussed and finalised. The tournament is to be conducted in November over four days,

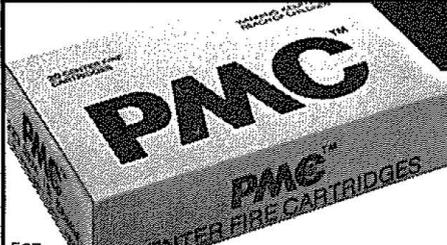

commencing on Wednesday and finishing on Saturday. The format of the program will be four fifty target events over the first two days, followed by two one hundred target Championships, a total of four hundred targets in all. This should please the skeet enthusiasts. Ladies and junior teams are to also be selected at the 1983 Trap Nationals for postal competition, as now exists with the Mackintosh trophy. Arrangements for this to be implemented, were finalised by our Executive Director, Ian Hill, while in Great Britain, with our four man team.

The rules changes as submitted and recommended by the newly formed Referees Association, were fully discussed, ratified and approved for operation from 1st January, 1983. Some of the rules changes are quite different from anything that has been operating in Australia up until now. However, I personally believe, that the changes recommended, once operating will be beneficial to competitors and all concerned. An essential part of the new rules will be the education of referees, club managements and shooters on their interpretation and operation. This will be the responsibility of all State Associations, in conjunction with the referees Association and rules supervisors. A print out of the new rules will be included, as a lift out section in C.T.S.N. for the advantage of all registered shooters. An opportunity will exist for every shooter throughout Australia to be familiar with the new rules, well prior to 1st January, 1983. The green light was given by the Executive to make the change in our computer operation. Your Executive accepted a report and recommendations, as submitted by Deloitte, Haskins and Sells, regarding our future data processing plans. The new system and equipment will be put into operation and ready for 1983. By making the change from our present system, it is evident, after the initial cost outlay, great savings in our annual expenditure in this area, will be made. A new face appeared on the Executive Committee, in Brian Growden. Brian is from Bordertown S.A. and was elected to fill a vacancy created by the resignation of S.A. delegate, Bob Mules. Prior to his resignation, Bob had the honour of being the most senior member of the Executive in length of time, and represented S.A. for past eighteen years. Another member of the Executive to receive recognition for services rendered, was Roy Holtfreter. Having represented W.A. on the Executive for the past ten years, Roy has been awarded the honour of life Registration. Congratulations Roy, I am sure that would be the sentiments of the many shooters you represent throughout Australia.

Thursday 9th September, 1982

The Victorian Junior Championship was conducted at the Echuca Gun Club, prior to the State Trap Carnival. One hundred and thirty entries were received with the over fourteen section going to Peter Wilson, Shepparton 18/20, under fourteen years Rohan Penn 15/20, and the girls section being won by Trish Connolly, Kyabram. The event consisted of twenty targets S.B. It was for this time of the year, a rather cold day with a strong wind blowing, making it very difficult for good scores to be recorded by competitors. I believe, after witnessing the success of this day, the Victorian Clay Target Association has the opportunity to develop even further, the education and training of students in the use of firearms, whilst they are attending and participating at this annual event. Advanced and novice coaching should be included on the program of future venues.

• Victorian State Junior Champions — L. to R. Rohan Penn under 14 years, Trish Connolly junior girls, and Peter Wilson over 14 years champion.

Friday 10th, Saturday 11th, Sunday 12th September, 1982

The Victorian State D.T.L. Carnival conducted at the Echuca Gun Club attracted a record attendance of more than 300 individual shooters over the three day shoot. Saturday recorded the greatest number of entries in any one event with 230 shooters competing in the Victorian Double Barrel and Point Score Championships.

Weather conditions were unusual for Echuca at this time of the year, as they were extremely cold. The club rooms, which under normal circumstances, would be ample to accommodate the shooter attendance, were fully pressed, when shooters, along with the many spectators, endeavoured to keep out of the cold wind. Because of the conditions, high scores were not shot and records not broken. However the cold conditions did not deter the performance of the "top shots". Bill Illes, after having just returned from representing Australia in Great Britain, and a shooting tour of Italy and America, won both titles on the program the first day. Larry Dimasi, a member of the overseas team with Bill, also performed well over the program, and proved his ability with the shot gun. It was great to see Kevin Perkins make the trip from Sydney with his wife Judy and family and attend the shoot. Kevin was also in the Great Britain team, and took the opportunity to meet with his other co-members, including Team Manager, Ian Hill, who attended the Carnival in an official capacity. Kevin's wife, Judy, produced photo albums of the Great Britain trip, and proudly showed them to all interested. With shooting being reported as slightly on the down turn everywhere, it is pleasing to report this Carnival as being a great success for the Victorian Clay Target Association both in attendance and financially.

After the Trap Carnival w/s over, it was brought to my notice, the fact that the North West Zone have achieved several honours during 1982. The Zone produced the 1982 Australian Double Barrel Champion, the National Trap High Gun and Overall Trap and Skeet High Gun. A club in the Zone also collected the Alan Brown trophy at the Nationals. At the Victorian Skeet titles, the North West Zone won the Zone Skeet Premiership title, as well as a club from the zone captured the George Biggs perpetual inter-club cup. At the Trap Carnival, shooters from the Zone collected the High Gun in the State open and ladies team, won Carnival overall High Gun, and the honour of winning and being recognized Zone D.T.L. Premiers for 1982.

The South East Zone with the assistance of shooters from a top club in that Zone, have in the past dominated most of the major team and individual titles in clay shooting in Victoria. However, results show over 1982 this Zone has lost it's grip. Maybe, their top club is overdoing the ingredients used in their "fruit salad".

• "My Grandpa is well known Victorian Kevin Dobson, and I can't wait to get one of these". Ricky Dobson displays the ribbon won by his father Peter at the Victorian Trap Carnival.

Winners at Frankston Australian Gun Club. L. to R. Keith Mayze and Peter McGregor, Morwell, Robbie Brand, Korumburra, and David Horn, Morwell.

Sunday 19th September, 1982

Frankston-Australian Gun Club attracted forty shooters to their afternoon shoot. Talking to Club President, Graham Ash, he informed me numbers were down slightly at their club shoots. Even though numbers have dropped, this club is still encouraging the development of Olympic Trench shooting. Two of its members, Ian Buchanan and Greg Long, are in the team representing Australia in this discipline later this year.

Tuesday 21st September, 1982

The North West Zone Council met at the home of Terry and Kaylee Scott in Horsham. It was disappointing to learn at this meeting that Zone President, Ken Miller, and Secretary Kaylee and Treasurer Terry Scott, will not be available for re-election to the Council at the next Zone Annual General Meeting.

Ken has been President since the formation of the Zone, and has been an excellent leader. Both Terry and Kaylee have also given great service. Their combined efforts and contribution will be sadly missed.

 NATIONAL PRESIDENT

FROM THE DESK OF NATIONAL COACHING DIRECTOR

by: Peter Quire

In the mail this month I received a letter from a shooter with a problem common to many shooters, so I will publish a copy of my reply in the hope that it may help other shooters as well.

The shooter has been shooting for 14 months and has received help from local Coaches with good results, he is shooting regularly 17 or 18 out of 20. The problem is that he just can't crack 20 out of 20. By the sound of the letter the shooter is keen to do better and practices regularly, but is doubting his own ability to do so. The following is the reply sent.

Dear Shooter,

Thank you for your interesting letter, yours is a problem shared by many, after an initial rapid improvement as a learner, that improvement slows and reaches a plateau, the fact that you are shooting 17 or 18 out of 20 indicates that you are mastering the skill of Clay Shooting.

Without actually seeing you shoot, I cannot comment on your gun mount, stance etc., and you don't mention any particular target, say right swinger, left swinger or straight away, or that it is on any one particular lane that you are having trouble.

This being so, it is my view that you may be helped by some of the following.

Many of our best Clay Shooters do certain things, and think in certain ways, they do it naturally as part of their performance — some without realizing that they do. This occurs in all sports and is not only my observation.

The more skillful we become the slower the improvement, so we must maximise the skill that we do have, this can be done in many ways, one is to view each clay as an individual complete contest, don't be thinking, 'I must shoot 20', as you prepare to shoot, think positively and aggressively that you will break the next clay.

If you can monitor yourself when shooting well, note the way you feel and how you prepared yourself for the successful shot, and try to repeat that each time you shoot.

Perhaps you breathe deeply to relax between shots or stretch, or look away and then at the appropriate time, mount your gun and then push your mind, your thoughts, excluding all else out to where the clay will appear, see it, and then kill it.

It is the ability to create a ritual and repeat it to the exclusion of all else that enables big scores to be achieved. Make each clay shot an achievement and tell yourself so, give yourself a mental pat on the back, talk to yourself, encourage yourself.

Once you have acquired the skill of clay shooting, and it appears that with the aid of the Club and Zone Coaches you have done so, and you have decided that you want to be good at it, not just average, it is important that you develop mental attitudes which are positive and confidence building, and that you develop and practice rituals or strategies and repeat these each time you shoot.

Mental rehearsal also helps, but this has to be practiced as well to be effective. Firstly visualize yourself at the Club where you are to compete, see the layout and the tracks, see yourself perform your ritual or strategy of say deep breathing or talking to yourself, or what ever it is that you do, then see yourself looking down the barrel, see the Clay pull the trigger and see it break. Mental rehearsal is no good if you are just visualizing some impersonal movie-like sequence in your mind, you have to be there, you have to prepare, you have to shoot the clay.

In our sport, partly because it is an individual sport, it is easy not to develop the competitive, aggressive feelings necessary to produce winning performances, that is why it is necessary to talk to yourself, to think positively, tell yourself you can shoot that clay. Set yourself goals, even when practicing, if you don't expect to shoot your average or better even in practice, it is a waste of time and money.

To summarize my suggestions are —

1. Practice your skill, learn to know the comfortable feel of stance, gun mount, follow through etc. when you successfully break a Clay, and if you miss, learn to monitor yourself, perhaps the follow through was not correct, perhaps you lifted your head, or held it too high. If you learn to monitor yourself you will then be able to consciously try and recapture the correct procedure and the feel of successfully breaking a clay. Also check your own monitoring with the Coach.
2. Develop a personal strategy or routine that suits you and that you practice along with the actual skill of clay shooting. This will help you when the pressure of competition is on. If you go through your routine, the importance of the competition, or the distractions about you won't intrude as much.
3. Make each target a complete competition, if you miss one, you then can start again with the next, forgetting what went before or what comes after
4. When you are ready to fire, concentrate to the exclusion of all else on the clay, when you have shot, relax until you prepare again.
5. Mentally rehearse before a competition and practice that mental rehearsal at home. This is useful too, if you drop two or three in a row, stop yourself mentally and see yourself breaking a clay.
6. Handle your gun regularly, it must feel like an extension of yourself. Use your gun to increase the strength in your arms and chest and shoulders by raising and lowering it.
7. Try to be physically fit, I don't mean that you should embark on any intensive training, but stamina is important, if you practice your skill of clay shooting regularly this certainly helps, but the concentration required in Clay Shooting uses much energy and it is often tiredness that causes us not to perform well. As we become physically tired, so we have to increase the mental control, being fit then is important.
8. The sports scientists have identified three distinct components of a successful sports performance they are:
 1. Skill
 2. Scientology
 3. Biology

They have concluded that it is possible to put in excellent performances if we are strong in only two of these three areas and there will be occasions when people will win who are only strong in one of these, but how much better are our chances if we develop all **three**. All my preceding suggestions are aimed at just that.

9. Lastly as you appear to have been shooting for 14 months continually have a break, perhaps 2 or 3 weeks from actual competition. You can handle your gun and practise mental rehearsal, but don't over do that. Do something else you like doing and come back refreshed, with your aims and routines firmly in your mind, start again with **confidence**. ○

DIAMOND GRADE

Winchester Division, Olin Australia Pty. Ltd

Have just received their first shipments of the new Winchester Diamond Grade Series of Under and Over shotguns.

Geoff Salmon the Advertising and Sales Promotion Manager commented the new range which comprises three basic models trap, skeet and a sporter with winchoke barrels looks very promising and that the Company was most excited with the guns. He feels they will most certainly compliment the already extensive range of quality Under and Over shotguns presently available in the Winchester range.

The trap gun comes in two models — regular stock and monte carlo with two barrel lengths — 30" and 32".

Both models have a winchoke bottom barrel. ○

BLUE BOOK SUPPLIES.

Only 18 clubs have advised the number of Shoot Program books that their club requires for 1983. We are left to presume that the rest will be happy to receive and pay for the number of books as per the A.C.T.A. computer print out for this year. This information was originally requested to be forwarded to the State Secretary by the 1st August, 1982. (\$1 per book for 1983).

STATE & ZONE BADGES. (C'SHIP)

The State Association now has a supply of badges for State & Zone Championships for the price of \$3.50 each.

The State C'ship badge is a gold plated map of N.S.W. with the States new badge attached.

The Zone C'ship badge is a silver plated circle with the States badge attached.

Club Secretaries, when ordering please advise if badges are required for State or Zone C'ships so that the appropriate ones can be forwarded.

I.S.U. SHOOTERS.

ISU shooters wishing to qualify for the State Training Squad MUST compete at the State ISU Carnival and a minimum of two other 200 target matches.

For more comprehensive details please note C.T.S.N. September issue, page 17, presented by B. Buchan.

REFEREES ASSOCIATION.

At the second meeting held in Melbourne 23rd & 24th August it was decided all clubs MUST have a rubber stamp, for stamping the club name on all handicap cards. The A.C.T.A. Executive have now passed the new rules.

Nationals. There will be an Australian Ladies Team & a Junior Team (selected same as Mackintosh Team) at the 1983 National C'ships in Adelaide. Five team members per team to shoot 100T.

The Skeet Nationals will be held in November 1983. There will also be an Australian Ladies & a Junior Team at these Nationals.

State Executive Meeting: The next will be at Dubbo on 23rd October.

Happy days,

EDITOR'S MAILBOX

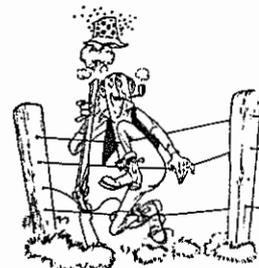

Dear Ian,

It's good to see letters written, like Wayne Calaby's (page 8-October-CTSN) Let me just concur: I have noticed that in many sports and pass times, you will find people who are very insensitive; I'm sure that without making excuses for them, many of their actions are as a result of this lack of sensitivity. In many cases people are so wrapped up in their own area of competition "mania", they fail to notice others, or the good manners and expressions offered them. Then Wayne, you have the other dreaded pailasse jealousy. Most of us know what effect this can have on any gathering. So you see Wayne, these are some things you have experienced, like many have before you, and no doubt will after you.

You have aptly explained in your text how "The general shooting fraternity feasts on shooting gossip—the appetite seems insatiable." Once more you're quite correct in that area, Wayne. In some ways it's very bad (God knows some of us have experienced enough of it in our time) However, the "bad" soon stands out from the rest, and it's of little value with EDUCATED men. You can always use litigation, if it becomes right out of line. You would be happy to know this works wonders. While the other gossip, the not so bad, is often quite funny. It's this funny side that gives the sport it's character. Shall we say a part of the make up of Clay Target Shooting, with a history of some 100 years (actual use of clays) ... give or take a foot or two.

Yes Wayne, I'm in complete agreement with all your very valid points. Let me just conclude by saying: Wait until you become a shooting celebrity, then you will not be able to separate the REAL from the legend. "Then Wayne, when this happens, you will be able to say you have arrived. Good shooting, and keep your ear muffs on. Also remember, you will meet a lot of good men along the way.

Yours faithfully,
Roger DARWON ○

COWRA WIN ELEY PERPETUAL TROPHY

by Peter Mould

• Cowra No. 1 Team after winning the Eley Perpetual Trophy. L. to R. Glen Sinclair, Peter Mould, Noel Dwight, Gary Brunton and Mick Sinclair.

The Cowra Gun Club conducted a most successful open shoot over the 4th and 5th of September, with shooters attending from all parts of the State.

However the local shooters dominated results, winning both major events on the program, these being the Eley Perpetual Teams Trophy and the Cowra Gold Cup.

The Cowra number 1 team consisting of Noel Dwight, Peter Mould, Glen Sinclair, Mick Sinclair and Gary Brunton shot 93/100 to easily take out the Eley Perpetual Trophy by 2 targets from the illustrious Royal Aero and Hawkesbury teams. This result was much to the disgust of Rex Northcott!!!

It is interesting to note that this was the first Cowra team to win the event since its inception in 1969.

The local boys came to the fore once again in the Cowra Gold Cup. Eleven shooters shot the possible 30/30, but the shoot off soon dwindled this number down to four, all being locals. Dick Piotrowski, Jim Smith and Peter Mould of Cowra and John McCann of Greenfell. Peter dropped his 91st target, John dropped his 149th and Jim dropped his 159th leaving Dick Piotrowski the overall winner with 159/159. Dick went on to gain his 200 break as well as the high gun over the weekend's program.

All in all an excellent weekend of busting targets was enjoyed by everyone, and it is believed that the Royal Aero boys will be back in February to take home the Eley Perpetual Trophy. I can assure them now that the Cowra squad will not give up without a fight!

Confederation of Australian SPORT NEWS

CAS SURVEY

At the 1981 Annual General Meeting of the Confederation of Australian Sport, it was resolved that a survey should be conducted with the objective of determining how people perceived the objectives and performance of the Confederation.

The task has been given to Fitsport, which is a division of the Physical Education unit at the Footscray Institute of Technology (Melbourne).

Over 1800 carefully designed questionnaires have been distributed, and the survey controllers plan to present their first report at the 1982 AGM of CAS.

The target "audience" chosen to receive the survey forms has been selected from the following categories — National Sporting Federations, State Sporting Federations, Federal and State Government Departments, media, members of the Confederations Coaches Assembly, and coaches accredited through the National Coaching Accreditation Scheme.

The results of the survey will provide a useful base on which CAS Directors can develop policies.

SPORT AUSTRALIA AWARDS

The closing date for nominations in the 1982 Sport Australia Awards has passed and the tremendous performances recorded by Australia at the Commonwealth Games appear to have swelled the numbers.

Voting procedures will commence shortly, and the finalists in the eleven categories will be invited to the Presentation Dinner, to be held at the Ballroom of Melbourne's Southern Cross Hotel on December 15.

The presentations will be televised live on Seven Network.

The Confederation's Sport in Schools Committee has been restructured under the Chairmanship of Mrs Wendy Ey of Adelaide. The Committee includes representation from the Australian Council for Health Physical Education and Recreation (ACHPER) and its first objective is to produce a policy statement in the form of a widely distributed leaflet.

At the recent Confederation Board Meeting, it was decided that the "sport in schools" campaign is to have foremost ranking in CAS priorities.

Performances recorded during the successful staging of the Commonwealth Games have re-established a degree of confidence in Australia's sporting abilities.

A combination of the pageantry of opening and closing ceremonies, and the regular playing of Advance Australia Fair to signify medal wins brought a lump to the throat of literally millions of Australians.

Who said patriotism and national pride were no longer fashionable?

The Games results should provide a springboard from which a campaign for medals at the 1984 Games can be launched.

More importantly, the Commonwealth Games success has concentrated the media spotlight on sport generally, and has proved beyond doubt that sport remains the most effective means of bringing diverse community interests together.

NARRABRI GUN CLUBS OPEN SHOOT

• Placegetters in the Steiger/N.V.I. Double Barrel Championship. L. to R. winner Brian Walton, second S. Stanley, third A. Devine, and Front Marker winner T. Atkinson.

On Sunday the 25th July, Narrabri Gun Club held its Open Shoot. The attendance was very pleasing with a roll up of 58 shooters from as far as Queensland and Victoria as well as from all over New South Wales including some from Grenfell, Moree, Gunnedah, Tamworth, Boggabri and Cooma. The conditions were ideal with just a slight breeze.

The first event a 10 target double barrel cash divide enabled 10 shooters to come into the money early in the day and set the scene for a good days shooting.

The second event 10 pair double rise saw only mediocre scores being recorded. Not one possible was shot in this event. Paul Tattam of Moree was the lucky winner in this event with a score of 16. S. Long scored 15 and came in second while Stan McMaster of Gunnedah was third with a score of 14.

The third event a 25 target N.V.I. Steiger double barrel championship was a little more fiercely fought for with Brian Walton scoring a very pleasing possible to win the event. Stuart Stanley and Allan Devine both scored 24 in this event and after a short shoot off Stuart was declared the second place getter with Allen taking home third. Trevor Atkinson was front marker.

The Ken Honess Tyre Service 20 target point score event was then shot. This event was keenly contended with a beautiful silver tea service being the trophy. K. Frazer from Tamworth was the winner with 57 points out of a possible 60. Col Loughrey and Allan Devine shot off for second and third and Col was successful in winning second prize.

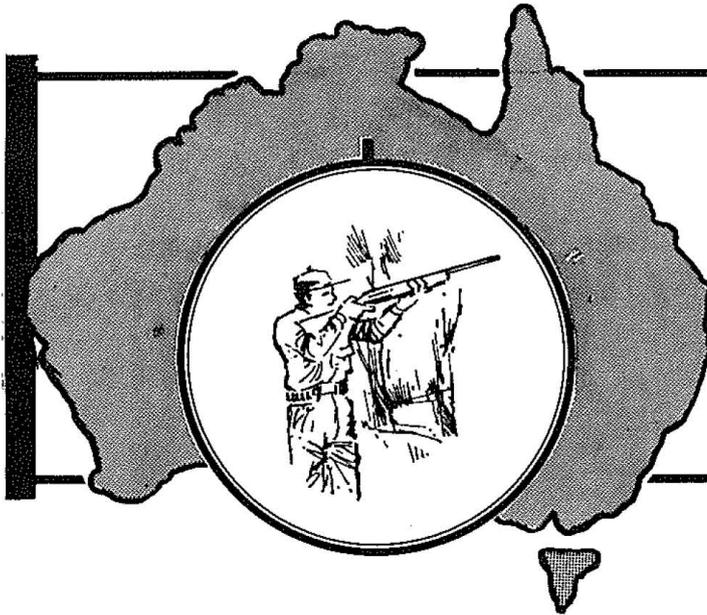

The final event a 25 target single barrel championship which was also sponsored by N.V.I. Steiger was then shot. Popular Narrabri shooter Doug Neal was successful in this event after a shoot off with Ross McPherson. Stuart Stanley

took home third after a shoot off with Ross Drain who became front marker winner.

The high gun was won by K. Frazer, Col Loughrey was intermediate high gun. Peter Fox took home the novice prize with a score of 92.

• Doug Neal, winning the Steiger/N.V.I. Single Barrel Championship.

BIG TURNOUT AT VICTORIAN TRAP CARNIVAL

Staff Writer

• Echuca Gun Club — Victorian Trap Carnival.

Echuca Gun Club in Rich River country was the venue for the 1982 Victorian Trap Carnival.

Conducted over the three days, September 10, 11 and 12, the Carnival attracted shooters from four states.

The grounds were presented in first class condition as shooting got underway on the Friday morning. First up was a 25 target Points Championship which was won in fine style by Bill Iles. Bill had not long been back from an extended tour of Italy and America, following his visit to the U.K. with the Trap Team.

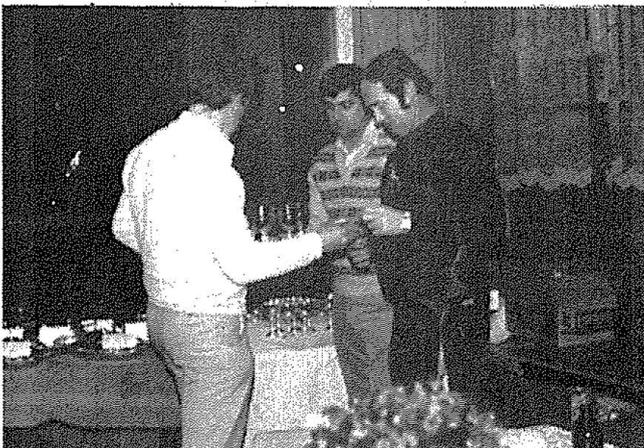

The second event on the Friday was also taken out by Bill Iles. This was a 50 target Double Barrel Championship which went to 163 targets. Bill defeated his old rival Tony Bradshaw to take the overall. Deserie Huddleston made it a double, winning the Ladies Division of both events.

Saturday morning saw the State Double Barrel Championship get underway. Conditions were difficult, with a cold wind blowing from the south west right into the faces of shooters.

Entries totalled 227 for the Blue Ribbon event on the State calendar, it soon became clear that many of the fancied shooters would not make the shoot-off.

At the end of 50 targets only four shooters had the possible. First to drop out was Vin Ryan of St James, followed by Tony Bradshaw of Werribee who let his 67th go.

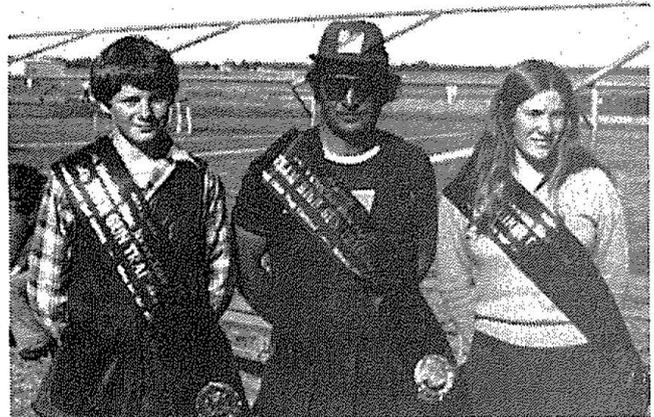

Veteran Jack Shellcot from Korumburra and Bernie Griffin from Shepparton settled down to fight out the title. These two traded target for target until Jack had trouble with his 80th,

• Bernie Griffin, Victorian Double Barrel Champion.

leaving Bernie the winner of his first major Championship. It was a very emotional Bernie Griffin who accepted the plaudits of the crowd as he left the tracks. Tim Reade was successful in the Ladies Division with 48/50, and Junior C. Parkinson won his Division with 49.

The Official Opening of the Carnival took place after the Double Barrel Championship. Mr Kennon, M.L.C., Chairman of Labor's Firearms Legislation Committee, which is responsible for framing the new legislation for Victoria, opened the State Carnival. Mr Kennon spoke of the proposed legislation, assuring shooters that it would in no way interfere with their right to enjoy their sport. Also in attendance for the Official Opening were Mr Eddie Hann, Member for Rodney, and the Shire President.

• State Team High Guns. L. to R. Junior Peter Wilson, Open Jim Finis, Ladies Christine Wakefield.

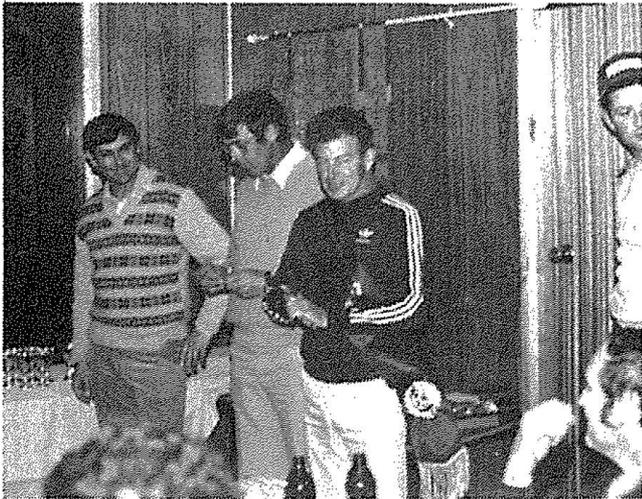

It was back to the shooting for the Victorian Points Score Championship. A shoot-off was necessary to decide overall and A Grade, between Neil Berry, Snowy Bruns and Jack Henwood. The shoot-off wasn't to last long with Neil Berry winning with a score of 153/156. Deserie Huddleston was again successful in the Ladies Division, as was Jack Shellcot in the Veterans. Peter Wilson from Shepparton started a run of victories in the Junior Division which went right through the rest of the program.

It was fine and again cool on the Sunday as 190 shooters entered the State Single Barrel Championship. At the end of the 50 targets, three 49's were to shoot off. These were team mates in the U.K. Trap Team, Bill Iles and Larry Dimasi, and Larry's Mildura club mate Jim Finis. Jim was first to go, followed by Larry, leaving Bill the winner on 55/56. Fay Taylor was delighted to take the Ladies Division with 46/50, Peter Wilson again beat the Juniors with 44/50, and the top Veteran was L. Gibson 47/50.

The Victorian Double Rise Championship was won outright by Larry Dimasi with a score of 39/40. Thelma Meadows, all the way from Brisbane was successful in the Ladies Division with 31/40, Peter Wilson made it a treble of wins in the Junior Division with 37/50 and Bill Henwood was the top Veteran, carding 33/40. Larry Dimasi took out the overall High Gun with 283/290. Deserie Huddleston was top Lady on 250/290 and Peter Wilson the best of the Juniors, 260/290.

NORTHAM & DISTRICTS GUN CLUB

• Chas Riegert — Leader of both High Gun Competition and Aggregate Handicap.

New shooter Rod Patroni opened his account in style on Sunday at Island Farm when the Northam & Districts Gun Club conducted a 100 Target Skeet event.

Rod came equal first on handicap with John Fissioli, was fourth off the gun, and won the C Grade section in the morning round. He followed this up in the afternoon by winning the C Grade, and the handicap sections, thereby serving notice that here is a shooter to be watched, certainly by the handicapper.

David Kevill running true to form took off the overall High Gun honours with a 95 of 100 score, while Chas Riegert was High Gun for the afternoon round. Shot in conjunction with Sundays events was the annual Cunderdin V's Northam Skeet competition which was once again ably won by Cunderdin with a score of 230 out of 250. The Northam President did indicate in his address that 1983 will see the Shield safely back in the Northam Club House!

Chas Riegert still leads the High Gun competition by only .7 of a point from David Kevill. They have 24.7 and 24 points respectively. Robert Herridge is next, but well down the list with 9.5. The annual Aggregate competition is, however, much closer. Chas Riegert also leads this with 15 points, only one in front of Peter Humphrey who has 14, followed by Joe Wansbrough 13, John Fissioli 11.5 and Merv Madew 9.8. There is only 5.4 points separating the top six contestants. The 1982 Aggregate could be anyones event.

• John Fissioli — Aggregate winner of the day.

SEPTEMBER CARNIVAL SHOOT PERTH GUN CLUB

by: Bill Morrow

• State Double Rise Champion, Tim Catling with Perth President Rod Franklin.

After several days of rain and wind Saturday 25th Sept. dawned fine and sunny with light winds for the start of competition. The always immaculate Perth Club grounds were in magnificent condition, thanks to many hours of hard work by Club members.

The state coaching director gave one more of his masterly displays to win the first event, the state double rise outright with 35/40. Tim said after the event that he couldn't shoot double rise by the book, so he shoots the right hand target first on all stations. A grade was won by Robin Bailey with 33/35, B grade by Tony Disilvio and C grade went to Don Dovidio with 30/35.

One hundred and seven shooters turned out to hear shoot marshal, Robin Bailey explain the procedure for shooting the 75 target Commonwealth Skeet Championship. The weather conditions were ideal for skeet shooting but no one shot the magic 75/75.

After the final 25 targets were shot we had two shooters tied on 74/75 for first place and four with 73/75 tied for for third.

The shoot off for first between David Kevill and Nick Jackson ended at station 2 when David missed his seventh target, high house of the doubles and walked off the station thinking all was lost, but Nick missed the first target high house single and it was David Kevill's Commonwealth Skeet title.

The third place shoot off was between Lloyd Brockman, Clem Bertini, Max Cubic and Adrian Cousens, who had made his second trip to Perth this year in search of a Skeet title.

Within five targets it was down to Max and Adrian, they shot the remainder of the twenty five and went into the next round. All was well until station four, where Max missed the low house target. Adrian made no mistake and third place was his. The ladies title went to June Roach with 59/75 and 63/75 gave the junior prize to G. Mezzatesta.

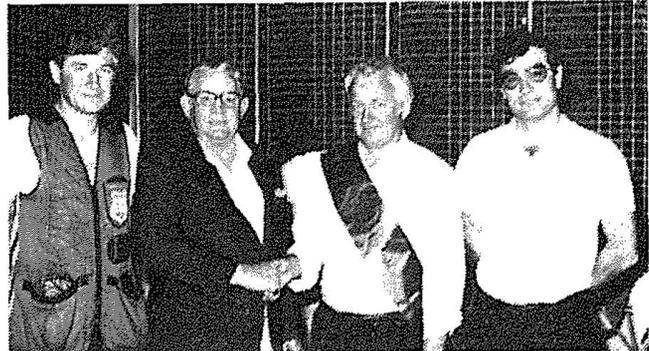

Sunday once again gave us perfect weather for the trap shooting events. One hundred and twenty five entrants being the greatest number of shooters for any W.A.C.T.A. event other than the Nationals.

First up was the City of Perth D/B Championship graded, for the Parmelia Hilton trophy. Sixteen shooters shot the possible and shot off for the championship.

The final two, Ross Eckersley and Chas Reigert gave a fine display of shooting. The end came when Chas let number 98 fly away unbroken, leaving Ross the winner with 99/99. A grade went to John Harris 48/49, B grade to Chas Reigert 98/99 and C grade to Colin Roach 25/25.

The Winchester Tournament of 50 targets had everyone on their toes, keen to win one of the many fine trophies donated by Winchester for this prestige event.

Only two of the big field managed to shoot 50/50, Brendan Vodden and Scotty Gibson. The ever steady Scotty prevailed with 63/63 to win the sash for overall.

• Commonwealth Skeet Champion David Kevill being congratulated by Rod Franklin. Nick Jackson, second placegetter on right, Adrian Cousens who finished third is on the left.

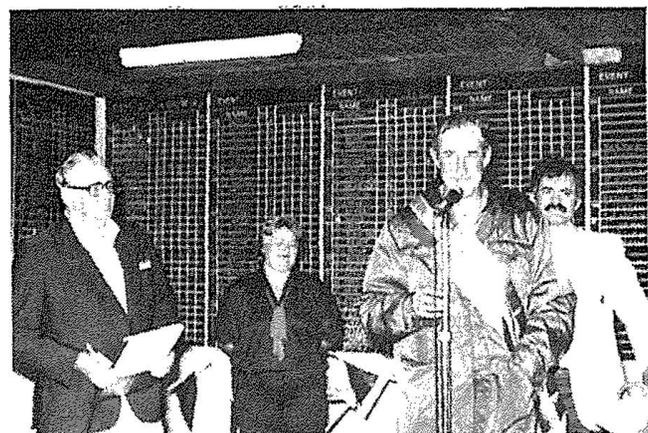

Batmasterson Winchester rifles in meterage divisions went to Chas Riegert 49 and 4/4 for the 14-15m. Brendan Vodden in 16-19m with 50/50 and John Harris in 20/25m with 49 and 21/21 in the shoot off. Colleen Ireland with a 42/50 won first place in the ladies competition. The Junior Division went to Elliot Harris with a 45. Jack Philiphoff followed his good form in the previous event to card 47/50 to take out the veterans trophy. The Winchester auto shotgun for the club team's event was well won by Cunderdin. The family pair trophy went to Tom and Brendan Vodden.

Our thanks to Winchester and their able State Manager, Lex Shipp for their support and assistance in running this popular event.

The State Junior Trap Championship sponsored by Roy Alexander (himself) and sons resulted in a win for Elliot Harris who shot 25/25 with Rodney Vidackovich taking second place with 23/25.

The final event for the weekend was the Grand Koojan Handicap. This event has been part of the September Carnival for many years. This year first place went to a shooter who had tried on many occasions to win it. Wally Johns emerged from the shoot off to win the Mazzucchelli trophy with 39/39. Second place to Jeff Hopkins 38/39 and third to Ron Baker 35/36. Julie Neve with 24/25 won the ladies trophy and the back mark trophy to John Harris.

The only prize yet to come was for the winner of the high gun, the top scorer would take home a superb gold nugget pendant donated by Perth member, Bob Collins.

• Scotty Gibson, overall winner Winchester Tournament.

An exciting and lengthy shoot off for B grade on event 2 between Max Curtis and Graeme Docking. The shoot off went for 47 targets before a winner was decided. This left the winner Graeme Docking only three targets short of his 75 break, so club members agreed to hold an extra event to allow him the chance to get his 75 break. Nerves were showing at this stage and tension was high with all eyes on Graeme willing him not to drop his first three targets. He hit the 1st target clean, but next two were heart stoppers as he missed with his first shot but luckily scored with his second. Therefore, Graeme will now be the proud owner of his 75 break badge.

PERTH GUN CLUB Cont'd from page 62

Consistency pays off and as he started right with the first event the state coaching director, Tim Catling boosted his already high rating by scoring 202/215 to win the pendant for Beth to wear with pride.

So that was it for another September. Write it down for next year, if you thought this was good wait till you see what we have in store for next year, its even bigger and better.

WESTERN ZONE Q.C.T.A. CARNIVAL REPORT

From President Gordon Watson

• W.Z. Double Barrel Championship. L. to R. W. Francis B. Grade, D. Smith Overall, R. Rehbein A. Grade and N. James C. Grade.

The Annual Western Zone Carnival was held at Condamine Gun Club on 18th and 19th September 1982.

The weather was cloudy and windy but no rain; this didn't deter the shooters that shot over the two day period. Many of the states top shooters were there to try their shooting skill and as the results show, they were successful.

The first event to be decided was the Western Zone Double Barrel Championship. After a shoot off the Overall finally went to Doug Smith, Capalaba 62-62. With a score of 61-62, Rob Rhebein of Bundaberg took the "A" Grade; 2nd in A grade, D. Turnbull of Charleville 40-41. "B" Grade went to Bill Francis of Condamine 30-31, 2nd in B Grade P. McLaughlin of Beenleigh 31-33. Wandoan shooters dominated "C" grade with N. James on 29-30 winning from G. Mason 28-30.

Next came the Western Zone Single Barrel Championship which was won by Doug Smith, Capalaba 30-30. A Grade Richard Dean, Roma 29-30, 2nd A Grade R. Rehbein, Bundaberg 42-44. "B" Grade went to B. Cameron, Wallumbilla 29-30, 2nd A. Hughes, Gladstone 34-38. "C" grade G. Mason Wandoan 26-30 and N. James, Wandoan 29-34 took 2nd place.

The third event, W.Z. Points Championship was won in a fine display of shooting by Bill Stevens, Richlands 90-90. After a short shoot-off Richard Dean, Roma won A grade 101-102, and 2nd in A grade went to Gordon Watson, Chinchilla 100-102. B grade, B. Cameron Wallumbilla 86-90, 2nd R. Hohn, North Star 84-90. C grade L. Hohn, North Star 87-90 and 2nd in C grade N. James Wandoan 86-90.

The Western Zone Team was then selected; C. Reid, Roma, R. Bain, Roma, G. Watson Chinchilla, R. Dean Roma, G. Kocho Condamine and N. James Wandoan. The team then shot 30 targets points with the top five shooters scoring 433-450.

The Western Zone Champion, Cliff Reid of Roma was then presented with a sash and a cheque for \$200 to assist him to the next Nationals at Adelaide.

• We all say goodbye to Matilda at the Closing Ceremony. •

numero uno

What else can you say about one of the finest pieces of engineering excellence in the world today - crafted in a 300-year-old Italian tradition that is truly and uniquely Beretta.

The Beretta A 302 Mobilchoke is well-balanced, superbly finished and reflects the mystique of this tradition.

This gas-operated semi-automatic shotgun features a pistol grip; hand-chequered stock; four shot capacity; a receiver that's machined out of solid forged alloy; gold bead sight; high, wide vented rib; and four interchangeable chokes - Improved Cylinder, Improved Modified, Modified and Full.

With the chokes removed and the barrel collar in position, the A 302 may be used as Cylinder Bore for Skeet. That's five variations from the one Gun! No wonder we call it... Number One.
