NEW!

MIROKU

Low profile Skeet Gun

Revolutionary Low Profile of stock, action and barrel enables you to shoot better because aiming is quicker. The improved fit into your shoulder reduces recoil sensation and a faster, more careful second shot may be fired. Miroku 3000 is a lightweight gun of great strength and character.

3000

WITH
BROWNING
INVECTA CHOKE

With Invecta choke there is no interference to distract your aim or deter the balance of the gun. The tubes screw right into the muzzle . . . practically invisible. The versatility of the Miroku 3000 with its choice of 6 chokes and ease of exchange means the gun adapts perfectly to any situation. An elegant gun of great versatility.

EXECUTIVE DIRECTOR'S NOTES

At long last the rules are printed in this issue for all to see. It's taken a long while to get them to this stage. The Referees' Association pondered over many rule changes for some months, and had them ready for the Executive Committee by the Wagga Nationals. The Executive Committee ratified them with minor amendments and then the task fell to Queensland Executive member Neil Hardy to arrange the rules into easily understood sections in both trap and skeet, before printing. Neil has done an excellent job in arranging the sections in logical sequence and is to be congratulated.

It is clear that the rules had "grown like topsy" over the years and had lost all semblance of natural order or progression, as new rules were added. The suggestion to divide them into sections first came from John Farrow of Burleigh Heads; thank you John for your suggestion. It is hoped that many more shooters will want to become referees now that the rules have been made easier to understand.

The major changes come in the handicapping and grading sections of the trap rules, and I urge all shooters to read carefully rules 2.3(e), 2.3(f), 2.3(g) and 2.3(h). This latter one will correct anomalies that have existed where shooters have been AA grade 14 metres.

No set of rules for any sport is ever perfect, however, I hope that these rules, to become effective August 1, will be a little nearer the mark.

New rule books are printed now and will also be available from the Nationals Office by August 1.

Enjoy your shooting,

IAN C. HILL

LETTER FROM SIR HENRY BOLTE

Following his serious accident, a letter was written to our Patron, Sir Henry Bolte, wishing him a speedy recovery. We reproduce below his reply which will be of interest to our readers.

"KIALLA",

MEREDITH, 3333.

June, 1984

Dear Mr Hill. Executive Committee Staff of the Australian Clay Target Association

I have been overwhelmed by the messages of goodwill of which yours was a valued contribution and I am now progressing well along the road to recovery.

It goes without saying that I am most appreciative of your concern.

With best wishes
yours sincerely
Henry Bolte

WINCHESTER

OUT OF THE PAST

— George Biggs

Since his appointment as Official Historian to the Association, George has been researching the early days. This is the first of a regular series of articles which will appear in C.T.S.N. George can be contacted at 4 Hugh Street, Knoxfield 3180, should any readers have material which may help in his research of the early days of clay target shooting.

GUN CLUBS IN THE EARLY DAYS

Lilydale Gun Club in the 1880s

It's amazing what we find when we dig into history. The above picture is from the Lilydale Shire History Archives. Unfortunately very little detail is available. The only wording that goes with it is a brief description as follows: Lilydale Gun Club 1880's. Lilydale a change in pace. Education Department of Victoria 1982. Audio-visual resources Branch. From information I've been able to gather it would seem that the club was located on private property, east of the town along the Healesville road.

My guess is that this club was one of many around Australia in the early days, before the turn of the century when live pigeon shooting was the only form of gun club

competition. It was an extension of the English and European shotgun sports. A good number of our own older clubs had their beginning in this era. It was not until the early 1920's that Australian Gun Clubs began shooting clay targets.

The Australian Clay Target Association was formed in 1936.

A close look at the style of gun the shooters in the picture are using reveals that all are the early design of breach loading hammer action. A few appear to be the earlier design of under lever action first used about 1860. This action was the forerunner of today's top lever opening action. The hammerless gun made its appearance in England just prior to 1880. Unfortunately time and space does not permit me to relate the story of the hammerless gun's development.

Note the gentleman in the back row standing fourth from left; he's the only one smiling, perhaps he had a win this day!

(Beginning next month, our history in words and pictures.)

“Shooting Shorts” by Roger Darwon

“Perfected from a Dream”

Shotgunners who have enjoyed a successful shoot may well ponder what if anything they have to thank Bristol plumber William Watts for. This was the man who perfected the perfect round shot, used in the loading of today's shot shells. William Watts, according to Bruce Perry, got the idea in a dream one night, and jumped out of bed in a flash to put his dream idea into practice.

Watts lived just across the road from the city's world-famous St. Mary's Church with its high tower. The church and its tower would play an important part in helping William Watts and his dream of perfecting perfect shot come true.

In his dream Watts imagined that if he could pour molten lead through a sieve from a height of more than 100 feet, it would turn into beautifully shaped globules by the time it had reached the ground. He leaped from his bed in the dead of night, burst into his kitchen, took his wife's colander and with a ladle of molten lead rushed across the street to the top of the church tower to test his dream-theory.

Bingo, it worked . . . and Watts was in business. Thus

• Well-known Clay Buster (in the Bad Guy hat) Brian Samuels, being given the good oil from Eric Schutte on the outstanding points of interest, as to why his favourite shotgun, a Merkel, never misses . . . well almost! According to Eric, shooting a Merkel is like driving a Rolls Royce.

started the age of perfectly rounded lead shot. Later he built a shot tower on the side of his house and the business carried on and expanded at the premises until the tower was demolished, for road widening, in 1968.

The manufacturing process started from William Watts' dream, to perfect the way to produce perfectly rounded lead shot, remains, to this day, much the same as Watts' "invented" procedure. Watts' contribution to the sport was rewarded when he was made a Freeman of the City of Bristol, and in the year 1820 he was summoned to Windsor by the King, who congratulated him on the excellence of his product.

Today, the business that started in a few moments of a dream over 200 years ago, is carried on by the Sheldon-Bush company, who took over Watts' business when he retired and the family of Ernest Thomas still produces shot for the shotgun sports of today.

R. SAGGERS

THE ULTIMATE
IN REDUCED RECOIL
AND MUZZLE JUMP!

A MUST FOR ALL SHOTGUNNERS

Suitable for any modern shotgun barrel, the patented E.D.M. process assures the gun owner of a smooth incision of exact dimension. There is **no damage** to the metal surrounding the ports, nor to any finish on the barrel.

It should be noted that Pro-Porting a Shotgun • does NOT reduce velocity • does NOT affect inherent accuracy • does NOT raise the noise level. • does NOT change shot patterning.

PRO-PORTING

- DOES reduce muzzle lift • DOES reduce perceived recoil.
- DOES increase the value of a firearm.

EDITOR'S MAILBOX

Dear Ian,

Having read the NEWS for May, many shooters were of the opinion that I had been empowered to press on with the "Tentative Set of Rules" arrived at after months of research and being unanimously accepted as an ideal compromise by over twenty clubs.

Indeed, to everyone's disappointment, such was not the case; my task would have been to merely rearrange the old rules, together with the latest submission from the rules committee meeting, March 13th. These submissions indicate that no overall revision has been carried out by the Referees Association, and indeed, as in the case of the existing rules, they also contain contradictions.

As a moral obligation to "get behind" the new President, and at the same time make a last-ditch stand as co-ordinator, I phoned the President and forwarded all relevant literature. Believing it to be for the benefit of shooting, I tendered my willingness to co-ordinate suitable suggestions of the rules committee with the old rules and those arrived at by the research group.

After due consideration President Roy phoned back to inform me that my participation was being sought, not for this latter offer, but for rearrangement only, with NO changes. I have declined that request for the following reasons:

1. Perpetuating a set of rules which are hopelessly worded, contradictory, over-complicated and inequitable will not help shooting.
2. Lending my name as the "rearranger" would appear to many shooters as my acceptance of them.
3. Participation would result in my losing the credibility I now enjoy.

During the research the intense discussions with many participants gained me many staunch friends for "honesty of effort and preparedness to compromise for the benefit of shooting". To change my position now would be a betrayal of principles — a betrayal of those who participated.

I would like to publicly thank Roy for the courteous audience and attention given me, and assure him that, if in the future it is deemed advantageous to bring clarity and equity to the rules, I and my band of helpers would, with enthusiasm, be willing to proceed with the assignment.

Yours in friendship,

JOHN FARROW

LETTER FROM NATIONAL PRESIDENT

Dear Shooters,

After a successful series of eliminations this association placed the names of four shooters who had been part of our training squad, had the necessarily high qualifying scores and world-class experience, before the A.S.A. and Olympic Federation for their approval. For the first time all four nominations were accepted, and as you know our Trap team in Jim Ellis and Terry Rumbel with our skeet team Alex Crikis and Ian Hale are now in Los Angeles with Peter Quire our National Coaching Director, who was appointed Coach of the shooting team as a whole. The run up to these Olympics must have been the best ever and everything possible has been done by this association's staff and officials to see that the team arrives with only one thing to concentrate on and that is the task ahead.

I am sure we are all behind them in their quest for "gold", and if successful in attaining any Olympic honours, they can only but enhance the future of this sport of ours.

Several new faces are in the present National training squad and I command any aspiring exponent of the Olympic Discipline to have a go if at all possible. Unfortunately, time, cost and distance rule out many potential shooters under the present system, but I am sure the international shooting committee which has been reconstructed so as to be more representative of shooters generally would be glad to hear from you if you have anything constructive to offer.

Meanwhile, our standard skeet team, which was selected at the 1st Skeet Nationals, left for the U.S.A. on July 14th to compete at San Antonio.

The team Manager/Coach is Bob Buchan who is well qualified to handle this assignment and he has taken with him Reg Clarke, Adrian Cousens, Bob Dower, Kevin Perkins and Brian Thomson. All are expected to do well on present form and on behalf of all shooters I wish them well.

Yours sincerely,

R. M. Holtfreter, President A.C.T.A..

Ansett.

National Office,
P.O. Box 198, Blackburn, 3130.

Superior 209M shotshell primers are competitively priced to save you even more on handloading.

Two years ago, the Good Ol' Boys in Research and Development started fooling with the idea of a "hotter" shotshell primer. Dozens of variations and thousands of tests later, the results prove they weren't just fooling around.

Now the new 209M primers let you assemble more sensitive handloads with more uniform ballistics. Using less powder.

The 209M is truly a "hotter" primer. Its heavier primer pellet weight requires you to reduce the powder charge up to 10%.

We know you understand and appreciate these subtle differences. Otherwise, you wouldn't take the care to load your own. And we know the Good Ol' Boys in R. & D. would appreciate it if you put this new shotshell primer to the final test. In your handloads.

WAGGA GUN CLUB

Please note the name of the new club secretary is Mr G. Tuck, phone B/H (069) 23 2425, A/H (069) 22 3334.

EDITOR'S MAILBOX

Dear Ian,

On the 22nd and 23rd September, 1984 at the Cowra Gun Club I will be conducting the final evaluation of the N.S.W. Level 2 coaches in association with our National Coaching Director, Peter Quire.

The course will cover the work that each coach has done over the past 12 months and they will be evaluated over their live-in weekend last year and their work at the Cowra weekend.

Could you please have this printed in the A.C.T.A. News.

I leave on the 26th June for U.S.A. with Tony Salafia and Noel McDermont of Leeton accompanying me. We will return to Australia on the 5th August. We will be doing some fishing and hunting in Wyoming to start with and then travelling by car to San Antonio stopping to shoot skeet at Gun Clubs on our way south.

Kind regards,

Barney (S.E.) Rooke
N.S.W. State Coaching Director

K. Calder 27-28; C. C. Heinze 27-28, D. Quick 26-28. Well shot Carl Heinze and Darin Quick (both juniors) for "C" Grade.

RAAF POINT COOK 1-6-84 — Calm (26). 15 Pts C/D: R. Mark & R. Spicer 45-45; C.A. Chandler & R. Sadler 44-45. 15T DB C'ship C/D: R. Spicer 19-19, C.A. Chandler 18-19, D. McLeod, R. Clifton, G. Gauci, G. Grant, C. Newsome, A. Bradshaw, W. Iles all 14-15. 10T Hop C/D: G. Grant, C. Newsome, G. Freeman, W. Iles all 10-10.

RAAF POINT COOK 17-6-84 — Calm (58). 15 MTS C/D: C.A. Chandler, A. Chandler, R. Spicer, D. Trembath, P. Torok, R. Sadler 45-45. 20T Brian Mark Real Estate C'ship: A. P. Torok 50-50, B. Mark 36-37, D. Trembath 35-37; B. P. Baldock 49-50, E. Yewers 34-35, L. Spiteri 33-35; C. J. Gauci 18-20, R. Blackwell 22-26, R. Palandro 21-26; Best Lady: T. Beade 18-20; Best Novice: M. Bravin 16-20. 15T Hop: 11-15m: R. Sadler 16-16; 16-19m: L. Spiteri 18-18; 20-25m: R. Spicer 13-15.

SEBASTOPOL 17-6-84 — Calm & cool (31). 10 PR DR EO CD: S. Haberman, C. MacPherson 18-20; G. McKenzie 16-20. 20 PR DD C'ship: N. Paterson, D. Paterson 22-23; G. Ludbrook, J. Close 21-23. 30T DB off 16m: A. S. Haberman 31-31, A. O'Connell 30-31; B. G. Veitch 30-30, N. Paterson 29-30; C. G. McHenry 31-34, A. Cook 30-34. 10T-12M 10T-20M Novelty: D. Cooke, C. MacPherson, G. Veitch all 20-20. Jnr HG: G. McHenry 41-54; Vet HG: G. Kirkpatrick 38-50. As you can see by the above results, a couple of shooters had a good day's shooting but what I would like to say is that it's good to see the juniors doing well. The shoot-off for C Grade in the 30 Target Double Barrel was between two juniors and that was a delight to see.

SHEPPARTON 3-6-84 — Cool & overcast (50). 20T Graded D/B C'ship: OA & A: R. Allen 110-110; B: A. Schmiedge 38-39; C: A. Sims 19-20. 15T Grouped Hop: OA: B. Bright 29-29; 14-16m: D. Rachele 28-29; 17-20m: G. Robinson 17-18; 21-25m: R. Allen 14-15. 15T Graded P/S C'ship: OA & A: G. Robinson 75-75; B: B. Armstrong 71-75; C: B. Perks 40-45. 15T Graded Continental C'ship: OA & A: A. Spence 25-25; B: G. Sanders 24-25; C: To be shot off at a later date. Owing to poor light the C Grade shoot-off for event 4 will be shot at next shoot.

ST ARNAUD 8-6-84 — (night) — Fine, cool (59). 10T E/O O/A S/S: P. South, M. Barratt, C. Rogers, G. Tallis, R. Mark, T. Bourcher, N. Lindrea, G. Young, R. Lehman, D. Freeman, all 10-10. 20T Newell C'ship DB Graded 15M O/A S/S: OA & A: R. Lehman, L. Dimasi; B: J. Lowe, J. Kelly; C: G. Balz, M. Balz. 20T P/S 15M O/A S/S: G. Young 53-60 60%; L. Brown, C. Kelly, G. Taylor 52-60 40%. Biggest roll-up of shooters since club re-formed in January '84. Special thanks to Ron Newell of Warracknabeal for trophies for championship. Some shooters expressed concern regarding hard left and right (which were legal under rule 6(a)). Club management has altered trap so trap angles be reduced to promote better scores. Shooters are invited to Sunday shoot July 1st to see for themselves.

SWAN HILL-NYAH 26-5-84 — Perfect (32). 10T SS incl. Nov. Hep: W. Upton, L. McFarlane, C. Bonnici, R. Ridgeway, P. Hutchinson all 10-10. Novice winner: S. Maxwell 9-10. 20T DB TR Poole Cup in conj. hep: F. Taylor and G. Hofmier both 20-20. G. Hofmier 25-25, F. Taylor 24-25, D. Afford 33-34. Winners of the Poole Cup were the Hopetoun team 88-100. Equal on 82-100 were Swan Hill 1 & 2 and Kerang. Hopetoun team: D. Afford, G. Hofmier, W. Upton, P. Hart, L. McFarlane. 10T DB SS 15m: W. Upton, P. Hart, R. Ridgeway, P. Hutchinson, F. Taylor, A. Mills, K. Burton all 10-10.

SWAN HILL-NYAH 9-6-84 — Perfect (18). 10T DB SS 15m incl. Nov.: W. Upton, P. Hutchinson, A. Mills, G. Young all 10-10. Novice winner: M. Robins 7-10. 20T Winter C'ship: A & OA: A. Mills 20-20, R. Ridgeway 29-31; B: R. Williams 22-23, R. Dunn 21-22; C: L. McFarlane 22-24, W. Hall 21-24. 10T SB SS: R. Ridgeway, R. Williams both 10-10.

TATURA 17-6-84 — Fine (35). Mid Winter D/B C'ship: A. Spence 102-102, B. Koopman 101-102, R. Stackhouse 62-63, Mid Winter Silent Rise: W. Eagle 21-22, H. Hawking 23-25, P. Wilson 22-25. 15T Hep Grouped: 11-15m: D. Haydon 22-23(OA); 16-19m: R. Stackhouse 21-22, B. Treloar 22-22; 20-25m: A. Spence 17-18; Best Lady: Linda Wilson 13-15. 20T SS: Div.: T. Calandro, W. Eagle.

TOOLONDO 3-6-84 — Showers (24). Club A & D C'ship: OA & A: R. Papst 27-30, G. Eagles 26-30; B: R. Scott 18-20, R. Black 17-20; C: H. Mitchell 17-20, F. Margetts 15-20. 20T DB 15m SS: G. Eagles, J. Gawith, I. Taylor, J. Blythman, B. Papst all 20-20. 8T W/B SS: A. Cameron, R. Papst, R. Duthie, G. Hair, J. Blythman, B. Papst all 8-8.

TYRENDARRA 2-6-84 — Overcast & windy (31). 20T Club SB C'ship: OA: R. Duthie 21-22; A: R. Millard 19-22; B: N. Manson 20-22; C: C. Smith 18-20. 20T Continental PS C'ship: OA: R. Duthie 60-60; A: F. Taylor, C. Kneebone, M. Sullivan all 59-60; B: N. Manson 55-60; C: C. Smith 56-60. 5 Pair DR CD: D. Grummet, T. Smith both 9-10; C. Kneebone, W. Wombwell, G. McLeod, P. Green all 7-10.

VICTORIAN 16-5-84 — Cold (61). 15T Points: C. MacPherson 51-51, C. Vella 50-51, W. Iles 47-48; FM: J. Gilopidis 42-45. 15T D/B Graded: A: R. Mark 65-65, R. Morrison 64-65; B: W. Vella 31-32, M. Plant 26-27; C: M. Shale 43-44, G. Freeman 17-18.

VICTORIAN 23-5-84 — Cold, few showers (55). 15T D/B Graded: A: M. Smith 56-56, R. Spicer 55-56; B: G. Vardouniotis 44-45, V. Bonett 31-32; C: C. Went 35-36, M. Shale 20-22. 16 Pair D/D: R. Morrison & W. Pilkington 24-24, C. Zerafa & V. Bonett 23-24. 10 Pair D/R: R. Mark 18-20, W. Vella 17-20, E. Vercillo 25-30.

VICTORIAN 30-5-84 — Fine, cold (68). 15T Continental: J. Vella 19-19, W. Vella 18-19, M. Smith 24-25; FM: C. Vella 15-16. 15T D/B Graded: A: R. Morrison 25-25, D. Trembath 19-20; B: R. Chamberlain 18-19, E. Yewers 17-18; C: G. Scalisi 19-20, C. Went 19-20.

NEW RULES D.T.L. AND SKEET

Effective August 1, 1984.

TRAP SHOOTING RULES

Section 1

(See page 50 for Skeet Shooting Rules)

Any reference in these rules pertaining to "him" will also mean "her".

1.1 SAFETY

- (a) All guns must be **immediately** opened upon removal from a gun rack or car to determine that they are indeed empty.
- (b) All guns carried on or about the shooting ground must be held in a position of safety, with the breech open and unloaded at all times.
- (c) Shooting on the grounds at any place other than the firing point at legitimate targets only is prohibited except where a pattern plate is installed, and then only with permission of club management.
- (d) Shooting, holding the gun in any position other than orthodox i.e. to the shoulder, is prohibited (with the exception of a physical disability). Any shooter acting in this way will be immediately suspended by Referee or Management, and reported to the Executive Committee in writing. Minimum penalty three (3) months suspension.
- (e) The shooter will not close his gun until the result of the **previous target** has been called. The shooter must immediately open the gun upon having fired at his target, and must not attempt to turn around or move back up his shooting lane until his gun has been opened.
- (f) Shooters experiencing a misfire or malfunction must remain with their gun pointed in the direction of the traphouse until the referee arrives to adjudicate.
- (g) During any event, competitors must remove all cartridges from their guns immediately upon the red signal at the traphouse, or if any official approaches the traphouse concerned.
- (h) No competitor shall close his gun to fire until all persons on the shooting tracks have withdrawn to a handicap mark at least equal to his own.
- (i) Release trigger guns shall not be left in gun racks or in positions where they can be mistakenly handled but shall be constantly under the control and supervision of the user, and shall be labelled as per Rule 4.11 (b) (iii). The user of a release trigger gun shall notify the Referee at each visit to the trap and skeet layout.

1.2 PROCEDURE

- (a) A competitor must be at the firing point within two minutes after having been called by the official referee, scorer or a member of the Club Management. Failing therein, he may be disqualified or penalised with loss of targets and may be re-squadded in the last squad at the discretion of the Club.
- (b) A target must be thrown for No. 1 shooter on his call at his first and subsequent visit to each

trap, or after a break in shooting.

- (c) When at the firing point ready for competition, the competitor shall distinctly give the command "pull" or a similar command to the referee and thereafter the competitor is in the competition.

- 1.3 (a) When it is his turn to shoot, a competitor shall close his gun only when at the firing point and facing the traps, he must remove the cartridge or cartridges from his gun before turning from the firing point on No. 5 lane and proceeding to No. 1 lane and shall not reload until standing on No. 1 lane. The cartridge or cartridges must be removed from any magazine gun between each lane.

- (b) Provided he is standing on the mark from where he is going to shoot, and there is no person on a more forward mark a competitor using a semi-automatic or magazine type gun may drop a cartridge into the breech whilst he is waiting his turn to shoot. The breech shall be left open and the gun muzzle shall remain pointed in the direction of the trap-house. The competitor may only close the breech and load the second cartridge into the magazine when it is his turn to shoot.

- (c) Shooters must not close or attempt to mount the gun to the shoulder until the result of the previous shot has been called by the Referee.

- (d) All competitors in a squad shall automatically change lanes. Once having fired his shot, a competitor may move back along his own shooting lane but he may not move off his shooting lane until the next competitor has fired his shot, excepting the shooter on number five (5) lane who having removed the cartridges from his gun before turning round may proceed to number one lane and not reload until on that lane. No competitor shall close his gun to fire until all persons on the shooting tracks have withdrawn to a handicap mark at least equal to his own.

- (e) Unless, in the opinion of the referee, it is contrary to the equity of the competition, a competitor taking part in the competition may shoot at pieces of his own target, if he so wishes.

- (f) Empty shells on the ground must not be collected by anyone whilst the shooters are on the tracks. Only those people directly associated with the competition will be on the ground whilst the shoot is in progress.

- (g) No competitor shall make, negotiate or discuss any bet (either on his own shooting or that of any competitor) whilst he is at the firing point or shooting tracks, nor shall he leave the firing point or shooting tracks for the purpose of making, negotiating or discussing any bet. If any competitor infringes this rule, he may be disqualified by the referee.

- (h) All members in a squad must remain at the shooting tracks until the last competitor has shot.

- (i) The officiating Referee or the Management **MUST** adjust the trap immediately if it is not throwing regulation targets. Immediately following such alteration a target must be thrown and the competition continued.

1.4 SQUADS

- (a) Competitors shall be in squads with a maximum of 6; where there are withdrawals from a squad or squads after the competition has begun, squads will be closed up before each run over any trap. No. 1 competitor in each squad shall always start the shooting. The Club, at its discretion, may require competitors to change starting lanes on each trap as follows: — No. 1 competitor shall commence shooting from lane 1, on Trap No. 1, Lane 2 on Trap No. 2, Lane 3 and so forth over all the traps. This rule shall also apply to Double-rise.
- (b) Managements have the right to divide the number of targets by the number of traps available, shooting 6, 7 and 8 targets per visit per trap. Illustration No. 1: 15 targets, 2 traps, 1 visit. No. 1 competitor shoots 8 targets on trap No. 1, finishing on Lane 3. No. 1 competitor now starts on lane 4 on trap No. 2 and shoots 7 targets, finishing on Lane No. 5. Illustration No. 2: 30 targets, 5 traps, 6 targets per trap, one visit. Clubs must preserve equality by lane changing between traps.
- (c) In events of more than twenty-five (25) targets, managements of the clubs with multi-trap facilities may start squad No. 1 on Trap No. 1, squad No. 2 on Trap No. 2, squad No. 3 on Trap No. 3 etc., and shoot up to half the number of targets in the event per trap. For the second round squad No. 1 will advance up to half the number of traps available.

Examples:

1. For a three (3) trap layout, squad Nos. 1, 4, 7, etc., will shoot their first round from trap No. 1 and will advance to trap no. 2 for their second round — squads 2, 5, and 8, will advance from Trap 2 to Trap 3.
2. For a four (4) trap layout, squad Nos. 1, 5, 9 etc., will shoot their first round from Trap No. 1 and will advance to trap No. 3 for their second round — squads 2, 6 and 10 will advance from Trap 2 to Trap 4.

- (d) Events of 25 targets but not greater may be shot in a visit to a trap.
- (e) Club managements shall have the option of shooting 5 targets per lane in 25 target event. Squads to be a maximum of 5 shooters.
- 1.5 (a) The referee shall release the target instantly in response to the competitor's acceptable call. If a shooter fires at what is considered to be an irregular target or a fast or slow released target, he must abide by the result.
- (b) Club managements have the option of conducting events using separate Button Pushers, Referees and Scorer(s).

The Referee shall have an uninterrupted view of the competitors at the firing points.

1.6 BROKEN TARGETS

A "broken target" is one which has a visible piece or pieces broken from it, whilst in the air, by the shot from the competitor's gun.

1.7 DUSTED TARGETS

- (a) A "dusted target" is one from which more or less dust is detached by the competitor's shot, but which shows no visible diminution in size therefrom. A dusted target is not a broken target and is a "Lost target".
- (b) A whole target when fired upon is to count even if it falls outside legal limits because of wind or some other factor.

1.8 NO TARGETS

After "No target" has been called by the Referee under any of the following conditions it thereafter plays no part in the competition and is irrelevant to it.

No target shall be called when a target is refused for the following reasons.

- (a) A target is released without the competitor's call and the target has not been fired at.
- (b) A time interval occurs before or after the competitor's call unless the target is fired at.
- (c) A target does not conform to the definition of a legal target as regards height, distance or angle thrown and the target has not been fired at.

Note: If in the opinion of the management, an excess of refusals is recorded, the management has the right to check the shooter, Referee and equipment.

If in the opinion of the referee legal targets are being refused, the referee may call "lost target". All refusals must be recorded on the score sheet as "R".

"No Target" shall be called when:

- (d) A broken target is released.
- (e) In single target shooting, two targets are released at the same time.
- (f) When a competitor shoots out of turn or from the wrong lane.
- (g) Two competitors, or a competitor and a non-competitor shoot at the same time, at the same target.
- (h) A misfire or malfunction occurs in either barrel caused by the competitor's gun or misfire of a cartridge due to no neglect on the competitor's part. In the event of a misfire of the second barrel, the competitor must fire a live cartridge in the general direction of the target, and is permitted to score with the second barrel only. If the competitor accidentally breaks this target with the first barrel, "No target" shall be called and another thrown; if he again breaks this with the first barrel, "Lost target" will be scored. If in the opinion of the Referee the first shot was fired before the target was visible, "Lost target" shall be scored.

- (i) A simultaneous or near simultaneous discharge occurs, i.e., from any cause both barrels are discharged together or nearly together. Simultaneous discharges shall be recorded as a malfunction.

The following are considered malfunctions of ammunition:

Failure to fire when firing pin indentation is clearly visible;

When only the primer fires;

When the powder charge has been omitted;

When the powder charge is not ignited.

Components of the load remain in the barrel.

THE REFEREE MUST DECIDE.

All misfires and malfunctions must be marked on the score sheet as "M".

1.9 BAULK

- (a) Any extraneous occurrence which, in the opinion of the referee, materially interferes with the equity of the competitor after he calls for his target constitutes a baulk.
- (b) Under no circumstances will a baulk be granted unless claimed by the competitor immediately it occurs, or if, in the opinion of the referee, a baulk has occurred, he may restore the competitor's target.

1.10 LOST TARGET

Lost target shall be called when:

- (a) A competitor fails to break the target.
- (b) The competitor fails to shoot because his gun is unloaded, or because the safety was faultily adjusted or jarred back whether from his oversight or not, or because of any other cause chargeable to his oversight or neglect. Should this happen in a double rise event, the first target only should be declared lost and a proof

pair shall be thrown to determine the result of the second shot only. However, a shot shall be fired at each target in the proof pair.

- (c) The competitor has an apparent misfire or malfunction and attempts to open the gun before the referee examines it. A competitor having an apparent misfire or malfunction will forthwith call the Referee for his decision. The competitor must not turn around and must keep his gun pointed in the direction of the traphouse until the Referee has given his decision. If a competitor's gun breaks down and it is necessary to seek a replacement the competitor is allowed five (5) minutes to do so. If this is not possible the competitor may leave the squad and finish the remaining targets of the round at a time decided by the Referee or when a vacancy occurs.

Should a gun malfunction occur during a shoot-off, the competitor has 5 minutes to repair or replace the gun. Failure to comply "Lost target".

- (d) In single barrel shooting the competitor loads two cartridges into the gun. A competitor is allowed to load one cartridge only and is not permitted to load an empty shell or dummy cartridge.
- (e) A competitor shoots from his wrong handicap mark, or the competitor's stance violates rule No. 4.
- (f) The fourth and subsequent malfunction in any one event occurs. However, at the end of each 100 targets in any one event, the malfunctions that have occurred shall be cancelled, and the count shall re-commence from zero.
- (g) A target is dusted.
- (h) A whole target was fired upon and missed, but was blown out of bounds or fell short of distance due to adverse weather conditions.
- (i) An illegal target or a slow or fast released target is fired upon and missed. A competitor may refuse illegal targets, but if he shoots, the result must be scored.

1.11 ABIDE BY RESULT

Should there be a faulty cartridge, misfire or malfunction in the first barrel, in any type of event, and the competitor fires the second barrel where this is possible, the competitor shall abide by the result and shall have no claim to a repeat target for the first barrel.

Where this happens in a points scoring event and the target is broken with the second barrel the decision shall be as follows:

- (a) If there was no detonation of either primer or powder with the first barrel the score shall be "3".
- (b) If there was a detonation of either primer or powder with the first barrel the score shall be "2".

In both cases if the target has been missed with the second barrel the score would be lost.

1.12 ALTERING A REFEREE'S DECISION

- (a) The Referee has power to alter his decision. If altering his decision on "Lost target" or "Baulk", etc., during the competition, this must be done before the shooter in question shoots his next target or the shooter leaves the traps should this be his last target.
- (b) A competitor may appeal against the decision of a referee in regard to interpretation and application of these rules. The competitor shall advise the referee before he leaves the shooting track that he intends to appeal, and, immediately upon completing his run over the traps the competitor shall lodge a written appeal and \$20 forfeit with the management.

The management shall enlist the aid of at least three, including any Executive Committee Members, Referee Examiners, Rules Supervisors, or official Referees on the grounds, to examine the matter, and should the competitor's appeal be upheld, his forfeit shall be returned and the correct ruling shall be applied to the target appealed against. Should the appeal be disallowed the forfeit shall be paid to the Club concerned. There shall be no appeal against a referee's decision in regard to whether a target is legal or whether it has been missed.

TYPES OF SHOOTING

1.13 DOUBLE BARREL

Double barrel shall be shot with two barrels permitted and a score on either barrel to be of equal value.

1.14 SINGLE BARREL

Single barrel the competitor is permitted to load one cartridge only in the gun.

1.15 POINTS SCORING

Points scoring shall be shot as double barrel where a score on the first barrel is scored three points, a score on the second barrel is scored two points, and no points for a loss with both barrels.

1.16 DOUBLE RISE

- (a) Double rise shall be shot squad system and may be off handicap or championship marks and called by the referee, 1-1 or lost -1 or 1 - lost or lost lost whichever the case may be, each target to count one point. In the event of a tie to be shot off squad system 5 pairs, total 10 points until finality.
- (b) A competitor must shoot at a complete pair of targets on every occasion, each target broken by the competitor's shot shall score one point, two barrels must not be attempted to be fired at one target.
- (c) IT IS "NO TARGET" and the referee shall declare "no target" and allow the shooter another pair under the following conditions:
 1. When only one target is thrown.
 2. When both targets are broken by one shot.
 3. When there is an allowable misfire on either shot.
 4. In the event of a misfire or malfunction on the second barrel, the referee shall declare "No target on the second barrel". The result of the first shot shall stand and a proof pair thrown to determine the result of the second shot only.
 5. Should a gun malfunction occur during a shoot-off, the competitor has 5 minutes to repair or replace the gun. Failure to comply "Lost target".
- (d) When one or both targets are thrown broken even though the shooter fires one or both shots.
- (e) If one or both targets of a pair are not within the prescribed angle or height limits, it is "no target" if the shooter does not fire either shot. If the shooter shoots at an illegal first target and the SECOND target is LEGAL, he must also shoot the second target. However, a shooter is not required to shoot at an illegal second target even though he shot at the first target which may have been either a legal or an illegal target. In this case the result of the first shot shall be scored, and a proof pair thrown to determine the result of the second shot only.
- (f) When both targets are not released simultaneously.
- (g) When one target or both targets are thrown at a wider or narrower angle or angles than is set forth, subject to the following conditions: Both targets shall be called "lost" if the shooter

deliberately shoots at the same target twice. This rule is not applicable to a gun "doubling" or "machinegunning", these are malfunctions and are not deliberate second shots.

- 1.17 A check Referee shall be employed for Deauville Doubles and Double Rise competition with the chief Referee to give the decision.

1.18 DEAUVILLE DOUBLES

- (a) Deauville Doubles shall be shot with four competitors on the tracks at one time, the first pair using lanes 1 and 5 and the second pair using lanes 2 and 4. After shooting first round of 5 pairs, competitors then change lanes, first pair taking lanes 2 and 4 and second pair taking lanes 1 and 5. The shoots shall be conducted first miss-out from lanes 2 and 4, one team at a time. The competitors may arrange between themselves which lane they will take, and who will call for the release of the clay targets, which will be released instantly on the competitor's acceptable call. In the event of a false call by either competitor they must abide by the result. Only pairs will count, and as 1 point. Either competitor can help his partner.
- (b) Any faulty cartridge, misfire or malfunction in Deauville Doubles does not entitle the competitors to another pair of targets and they must abide by the result.

1.19 WALK UP

Walk-up events shall be shot double-barrel from No. 3 lane, squad system. The competitor shall load his gun at the 22 metres mark; when ready in this position he commences to walk at a normal walking pace, holding his gun in such a position that the butt of the gun must be level with his hip and cannot be mounted to the shoulder until the target is released. The Referee/puller shall release the target between the 20 metres and 15 metres marks inclusive, the mark being unknown to the competitor, having previously been determined by an indicator or dice. No. 1 competitor shoots at one target, he then returns to the rear of the squad, each competitor doing the same in turn.

1.20 WALK UP POSITION OF SAFETY

- (a) A loaded gun shall be deemed to be in a position of safety when it is the competitor's turn to shoot and he faces and points the gun in the general direction of the trap house, having the gun in the gun-down position.
- (b) Having fired at the target, or in the event of a no target, the competitor shall open his gun and remove all live shells and fired cases before attempting to turn around and return to the rear of the squad or to recommence his walk.

1.21 MIXED TARGETS

A mixed target event shall be a combination of a series of double barrel, single barrel, points score and double rise targets. Shot squad system under rules applicable to the appropriate section with target numbers and shooting marks in accordance with the appropriate championship.

1.22 TOWER EVENTS

- (a) Tower events may be shot double barrel, single barrel, points scoring and double rise squad system, competitors in a straight line left to right, with centre No. 3 competitor standing in front of the centre of the tower. Whilst at the firing point the competitor must not turn towards the tower, but must face directly to the front throughout the competition.
- (b) Shooters stand 3 metres apart at the rear of the concrete track, as for down-the-line trap shooting. The track is 1.5 metres from the front to rear and each shooter must stand at the rear of this track until it is his turn to shoot. He then

steps forward up to, but not over, the leading edge of the track which then puts him 1.5 metres in front of a vertical line from the centre pivot point of the trap. After shooting, he breaks his gun and returns to the rear of the track.

- (c) When Number 5 shooter has shot, he walks to the rear of the tower, and around to the No. 1 station.
- (d) The trap shall be 10 metres above the ground, plus or minus 1 metre, mounted on a tower. Targets shall be thrown at standard angles, i.e., 45 deg. either side of the centre line. Tower targets shall be thrown within a minimum of 75 metres and a maximum of 85 metres, measured laterally along the base point of a vertical line from the centre pivot of the trap. The targets shall leave the trap as near to horizontal as practical.

1.23 CONTINENTAL

Continental events shall be shot double barrel, single barrel and points scoring with the traps set as follows:

- (i) low targets shall be thrown 1.5 metres above the level of the centre lane at a point 10 metres from the trap, with a tolerance of 15 centimetres above or below.
- (ii) high targets shall be thrown 5 metres above the level of the centre lane at a point 10 metres from the trap, with a tolerance of 15 centimetres above or below.
- (iii) distance — the low target shall be thrown a minimum 45 metres and a maximum of 55 metres.
- (iv) angles — flight of targets shall be thrown at unknown angles a maximum of 45 deg. right and left of the centre lane.

1.24 TIES

- (a) Commonwealth, State, Zone and District championships shall be shot off squad system, first miss out. All competitors to commence on the same trap, competitors shall be squadded in the order they qualified. Competitors shall close up when commencing at each trap or at the recommencement of shooting after a break for ammunition where the shoot-off is being solely conducted on one trap. Shoot-off competitors shall carry enough shells for a complete run over each trap or for at least 25 targets where the shoot-off is being conducted over one trap. Failure to comply, penalty "lost target". Competitor allowed five (5) minutes to replenish ammunition between rounds of shoot-off. Failure to comply "lost target". Competitors shall be re-squadded at the commencement of each run over a line of traps or immediately there is only one survivor of a run over a particular trap (i.e., no competitor shall be required to commence a run over a trap on his own unless he is the last competitor in the shoot-off).
- (b) Deauville Doubles. First miss-out shot from lanes 2 and 4 as per Rule No. 1.16 (a).
- (c) Double Rise. To be shot squad system as per Rule 1.14 (a).
- (d) Walk-up. To be shot squad system best of five targets until finality.
- (e) Mixed Targets. To be shot in any order from No. 3 lane, 2 double barrel, 2 single barrel, 2 points score, 2 pair double-rise. Total 14 points until finality.
- (f) Tower double barrel, single barrel and points scoring shoot-offs to be shot squad system, first miss out.
- (g) In all shoot-offs, competitors shall shoot in the order in which they qualified.

- (h) At the discretion of club management D.T.L. shoot-offs may be conducted in conjunction with the following event providing it is the same type of event.

1.25 HIGH GUN

- (a) The High Gun for a shoot shall be over the advertised program or such events as the club, at its discretion, has advertised. In the event of a tie for High Gun, where such program included varied types of events, the shoot-off shall consist of rounds of two of each type of targets (D.B., S.B., D.B. Points, D.R. two pairs off the prescribed marks where applicable) on the High Gun program, all to be shot from the centre lane with the highest scorer, over the full round, to be the winner.
Points score events **must** count as points to determine High Gun.
- (b) When Skeet is involved in a shoot-off for High Gun of a mixed target program, the targets will be a high and low from station 4 until the tie is broken.

HANDICAPPING/ GRADING

Section 2

2.1 COMMON MARK SHOOTING AND CLASSIFICATION

- (a) CLUBS SHALL HAVE THE OPTION OF RUNNING ALL CHAMPIONSHIPS OTHER THAN STATE OR COMMONWEALTH CHAMPIONSHIPS EITHER AS GRADED EVENTS OR AS ONE CLASS EVENTS with trophies for first, second, third.
All appropriate 15 metre scores shall be recorded for percentage performance classification irrespective of how the event is run.
Note: Recording for Grading does not apply to the following novelty events such as D.D., D.R., W.U., M.T., Continental and Tower, or to single barrel events.
- (b) A graded event is a competition common mark shooting event in which all the competitors shoot from the same mark and prizes are allocated for various classes of competitor.
- (c) Shooters shall be graded into four grades by their percentage performance at all standard targets fired upon in common mark 15 metre competition day or night, including shoot-off targets, in double barrel and point scoring events with broken targets to count.
Results in handicap events or off common marks other than 15 metres shall not be included.
- (d) Grades shall be:
A-A 97% and over; A 94% and under 97%; B 87% and under 94%; C 80% and under 87%.
Note: Club Managements have the option of shooting D Grade under 80%.
- (e) All shooters not previously registered with the A.C.T.A., and competing for the first time in common mark events, will be graded on the first 50 targets shot in competition, under the common mark classification.
- (f) Club managements have the option of running common mark events A-A, A, B and C; A, B and C; Overall, A, B and C and First, Second and Third.
Note: Club Managements have the option of shooting D Grade under 80%.

- (g) The grade earned by a shooter on his 15 metre results shall be his classification for all common mark events.
- (h) It shall be the responsibility of a designated club official to progressively mark the shooter's card with his 15 metre results and after each 200 targets regrade the shooter, if necessary.
Note: If the 200 targets fall during an event or shoot-off, regrading will not take place until the completion of that event. All targets to the end of that event and shoot-off targets are to be used in calculation of percentage. When he re-registers the shooter shall be placed in the allowable grading indicated by his percentage, at the conclusion of his last 200 targets. If he has not shot at 200 targets during the year he shall be graded on the percentage of the targets shot at up to the time of re-registration.
- (i) A shooter may have his grade increased after shooting 200 targets but must shoot two consecutive groups of 200 targets at a lower grade percentage to be down graded. All scores after the last grading must be carried forward onto new handicap card.
- (j) No shooter, other than those awaiting the issue of a card after registering for the first time, shall be allowed to enter in any competition unless he submits his card to the designated club official on each shooting day. However, if a shooter has lost his card he shall be allowed to compete providing he is registered with the A.C.T.A.
- (k) He shall be allowed to compete in his grade in common mark events and shall be allowed to compete in handicap events from the mark he claims to be his correct handicap mark. Should he win prize money or trophies they shall be retained by the club until such time as the shooter finds his card or obtains a new one and presents it to the club for marking.
- (l) Should it be found that the shooter has claimed the wrong handicap mark or grade, the State Association shall advise the nearest Executive Committeeman so that the matter may be investigated.
- (m) Should it be also found the shooter deliberately mislead the club management regarding his Grade and/or his handicap, the shooter be suspended for a period of three (3) months.
- (n) A shooter must not shoot in a grade higher than his best performance. Once having attained a grade he may elect to remain in a higher grade at the time of re-registering or reclassification. If a shooter elects to shoot in a grade higher than his percentage indicates after 400 targets, he must stay in the higher grade until he has shot at a further 400 targets to be downgraded.
Note: If the shooter elects to shoot in a grade higher than his percentage indicates, the club handicapper is to mark his card "prefer A Grade" etc.
Once attaining 'A' Grade a shooter cannot be reclassified as 'C' grade.
Once attaining 'A-A' Grade he cannot be regraded to 'B' Grade.
- (o) Any shooter re-registering after a period of non-registration shall be placed in the same grade and handicap as when he was last registered.
- (p) Managements conducting graded common mark events shall provide a minimum of one equal value prize or trophy for each grade.
Managements may award additional sashes, badges and/or trophies at their discretion provided the recognition given to the overall winner remains distinctive.

Unless the management clearly advertises otherwise, the optional sweepstakes on graded common mark events shall not be broken up into classes but shall be compulsorily divided over the whole field.

2.2 HANDICAP SHOOTING

- (a) No competitor is permitted to shoot from other than his A.C.T.A. handicap mark except in novelty events, common mark graded trophy events or common mark open championships or eyeopeners preceding common mark events which shall be shot from the same mark as the common mark event. All common mark graded events must be shot within the common mark rules.
- (b) All group handicap events must be shot from A.C.T.A. handicap marks.

2.3 A.C.T.A. TRAP HANDICAPPING FORMULA

- (a) Note: State Associations must elect State and Zone Handicappers, to advise and assist Club Handicappers, and re-handicap any obviously under-handicapped or over-handicapped, under-graded or over-graded shooter.
- (b) Each club must appoint a Club Handicapper to handicap and grade shooters, check to see that all common mark scores are entered on cards and check that handicap changes are recorded on cards. To re-handicap or re-grade any obviously under-handicapped or over-handicapped, under-graded or over-graded shooter. To advise Club Secretary of any changes in grading or handicapping for forwarding on to the A.C.T.A. office.
- (c) All shooters registering for the first time with the A.C.T.A. commence on 15 metres and are assessed for handicap by Club Handicapper after shooting their first 50 targets double barrel in competition.
- (d) Assessment of Handicap shall be 1 metre forward of 15 metres for every 5 targets lost on the 1st 50 targets double barrel taken to the nearest multiple of 5 targets, e.g. 48/50 handicap 15 metres, 47/50 handicap 14 metres, 42/50 handicap 13 metres, Minimum handicap mark 11 metres.
- (e) Any competitor winning first or second place in a handicap event will be handicapped 1 metre, providing he has shot the possible. All handicap events must be shot out to finality.
- (f) In a group handicap event shot from handicap marks, the overall winner and each group winner will be handicapped 1 metre providing they have shot the possible. Any competitor winning overall in any championship event from behind his A.C.T.A. handicap mark will be re-handicapped to that mark.
- (g) All shooters who shoot 50 targets straight from or behind their handicap marks and are not re-handicapped under rules 2.3 (e) or 2.3 (f) will be handicapped 1 metre. A shooter can only be handicapped 1 metre per event.
- (h) Grades will indicate minimum handicaps as follows: A-A 18 metres, A 17 metres and B 16 metres. If a shooter's grade changes, his handicap is still controlled by 2.4 (a).

2.4 INWARD MOVEMENT

- (a) Any shooter who has shot at 200 targets from his A.C.T.A. handicap without backward movement will be entitled to inward movement of 1 metre per year, when renewing his annual registration. If any backward movement has been recorded for the past year no inward movement is allowed.
- (b) It is the shooter's responsibility to record his handicap scores on his handicap card, and have them stamped and signed by the Club Secretary.

- (c) A competitor may apply through the State Association for inward movement due to proven physical disability.
- (d) In handicap events competitors must shoot from their approved handicaps. If the competitor shoots from any other mark the target is lost.

2.5 GENERAL

Club Management and Secretaries are instructed that after any event the management must immediately rehandicap each and every shooter, who, for any of the reasons prescribed in the A.C.T.A. Handicapping Formula, qualifies for any movement off his handicap. Such adjustments are to strictly comply with the Formula. No shooter is to be permitted to compete in another event should he refuse to accept his new mark. Handicap details concerning on-the-spot adjustments are to be forwarded within 14 DAYS, to the A.C.T.A. Official Handicapper for ratification.

- 2.6 If some clerical error appears on a shooter's handicap card, or if a shooter is re-handicapped after any event, it is the shooter's responsibility to have the mistake corrected and to shoot off the correct handicap mark.

Such errors and/or amendments may be corrected by the club Secretary or a member of the Executive Committee of the A.C.T.A. or by the Association Handicapper.

- 2.7 Club Managements, Rules Supervisors, State or Zone Handicappers, or a member of the A.C.T.A. Executive Committee have the right to re-handicap or re-grade any obviously under-handicapped or over-handicapped, under-graded or over-graded shooter immediately, providing the Association is notified within 7 days and the reason given on a handicap return form. If these details are not completed such handicap movement cannot be ratified.

- 2.8 Club managements are informed that a Handicap Return must accompany EVERY result sheet forwarded to the A.C.T.A. office within SEVEN DAYS for each shoot being held. (Handicap Return Pads are available on application to the A.C.T.A., P.O. Box 198, Blackburn, Vic. 3130.)

2.9 SWEEPSTAKES DEDUCTION AND CASH DISTRIBUTION

- (a) All handicap sweepstakes events will be shot compulsory division with a maximum nomination of \$5.00. No handicap penalty to apply. Clubs have the option of taking 60% and returning 40% to shooters in sweepstakes events.

- (b) No deduction is permitted by clubs in optional sweepstakes.

- (c) In all sweepstakes, the distribution shall be on the basis of 60% (1st), 30% (2nd) and 10% (3rd). A competitor scoring the only possible in the event wins only 60% first place.

All optional sweepstakes shall be compulsory division as in the above formula. The management shall clearly indicate on the official score sheet or score board those who have entered for the optional sweep.

- (d) Sweepstakes at State Carnivals on Championships may be decided by the State concerned. State Associations shall have the option of conducting either compulsory or optional sweepstakes at State Carnivals.

Note: TROPHY EVENTS — CASH OR OTHERWISE

In all Common Mark or Handicap events for cash prizes or trophies, other than sweepstakes, the placings shall be decided by shoot-off. The grading and handicap formulae will apply.

CHAMPIONSHIP CONDITIONS

Section 3

3.1 CHAMPIONSHIP CONDITIONS — MACKINTOSH INTERNATIONAL TRAP TEAMS MATCH

International Trap Teams match shall be shot under the conditions that apply at the time.

QUALIFICATIONS

- (a) Each team member shall be an Australian citizen of at least 12 months' standing. In the event of a member being unable to take his place in the team, his place will be filled by another shooter, agreed upon by the Organising Committee.
- (b) The necessary highest scores over the National Double Barrel of 50 targets; National Single Barrel of 50 targets; and the Australian and New Zealand Championship of 50 targets; point scoring 3 and 2, shall become Australia's International Team. In the event of a tie, to be shot-off in the order of qualification, squad system, at full rounds of 5 targets double barrel, 5 targets single barrel, 5 targets point scoring 3 and 2, for a possible score of 25, from 15 metres.
- (c) Highest scorer in the Australian team will hold the special International High Gun Cup (presented by the late J. M. Bauman, Esq., of Brisbane) for 12 months (or until the next International match) and will be awarded a special trophy and the International High Gun Sash. Second and third High Guns will also receive trophies.
- (d) Every member of the Australian Team will receive the special "International Badge".
- (e) Ladies and junior teams of five (5) shooters will be selected under the above conditions.
- (f) Only A.C.T.A. official Referees to officiate, scorer and check scorer to be provided, score sheets to be signed by scorers and Referees. The team members to be squadded in the order in which they qualify.

3.2 AUSTRALIAN NATIONAL DOUBLE BARREL CHAMPIONSHIP

To be an event which for the time being shall be shot under conditions as determined by the Executive Committee.

3.3 AUSTRALIAN NATIONAL SINGLE BARREL CHAMPIONSHIP

To be an event which for the time being shall be shot under conditions as determined by the Executive Committee.

3.4 AUSTRALIAN NATIONAL DOUBLE RISE CHAMPIONSHIP

To be an event which for the time being shall be shot under conditions as determined by the Executive Committee.

3.5 AUSTRALIA-NEW ZEALAND CHAMPIONSHIP

To be an event which for the time being shall be shot under conditions as determined by the Executive Committee.

3.6 CHAMPION OF CHAMPIONS CUP

To be an event which for the time being shall be shot under conditions as determined by the Executive Committee.

3.7 ENTRANCE FEES

Entrance fees and trophies for all National Championships to be determined each year by the full Executive Committee.

3.8 RON PORTER REMEMBRANCE TROPHY

Shall be determined from the highest overall scores in the six major trap events comprising Grand Australian Handicap, National Double Barrel, Single Barrel, A.N.Z. Double Rise and Champion of Champions. "The actual overall scores to be counted, with the results of the points scoring event to be counted as a figure within the overall result." In the event of ties, to be shot-off in the sequence of the program, five of each type of trap target on the high gun program.

3.9 J. NEWTON THOMAS OVERALL HIGH GUN TROPHY

Shall be determined from the highest overall scorers in the six major events of Grand Australian Handicap, National Double Barrel, Single Barrel, A.N.Z. Champion of Champions, Double Rise. "The actual overall scores to be counted with the results of the points scoring events to be counted as a figure within the overall result." In the event of ties, to be shot-off in the sequence of the program, five of each type of trap target on the high gun program.

3.10 AUSTRALIA-NEW ZEALAND TRAP TEAMS' MATCH

- (a) Teams to consist of six shooters. Both teams shoot at 20 targets per shooter, double barrel from 15 metres. Each competitor to shoot from five lanes, squad system. In the event of ties, to be shot off ten targets per shooter until one team survives. Cartridges shall be the prescribed maximum 32 gram shot load as for all Championship series.
- (b) **Team Selection** — when conducted in Australia: the six top Australian scorers in the Australia-New Zealand Championship comprise the Australian team. When conducted in New Zealand: the Australian team will be selected in accordance with an Executive Committee decision.

3.11 **Venue** — the match to be hosted, alternately by arrangement, in Australia during the odd numbered years.

3.12 **Empty shells** — empty shells on the ground at the National Championships are the property of the A.C.T.A.

3.13 COMMONWEALTH CHAMPIONSHIPS

- (a) The Double Barrel Championship shall be shot at 50 targets from 20 metres.
- (b) The Single Barrel Championship shall be shot at 50 targets from 20 metres.
- (c) The Double Barrel Points Score Championship shall be shot 50 targets from 20 metres.
- (d) The Mixed Target Championship shall be shot as a graded event at 10 targets double, 10 targets single barrel, 10 pairs double rise and 10 points score off 20 metres except Double Rise, which is shot off 15 metres. Total 70 points.
- (e) The Walk-up Championship shall be shot at 25 targets.
- (f) The Double Rise Championship shall be shot as a graded event at 25 pairs of targets from 15 metres.
- (g) The Deauville Doubles Championship shall be shot at 20 pairs of targets from 24 metres. Conditions: The Management shall provide four trophies — two for 1st and two for 2nd.
- (h) The Tower Championship shall be shot at 40 targets. Double rise to be shot at 20 pairs of targets.
- (i) The Continental Championship shall be shot at 50 targets from 20 metres.

3.14 STATE CHAMPIONSHIPS

- (a) The Double Barrel Championship shall be shot as a graded event at 50 targets from either 15 or 18 metres.
- (b) The Single Barrel Championship shall be shot as a graded event at 50 targets from either 15 or 18 metres.
- (c) The Double Barrel Points Score Championship shall be shot as a graded event at 50 targets from either 15 or 18 metres.
- (d) The Mixed Target Championship shall be shot as a graded event at 10 targets double barrel, 10 targets single barrel, 10 targets points score and 5 pairs double rise from either 15 or 18 metres. Total 60 points.
- (e) The Walk-up championship shall be shot at 20 targets.
- (f) The Double Rise Championship shall be shot as a graded event at 25 pairs of targets from 15 metres.
- (g) The Deauville Doubles Championship shall be shot at 20 pairs of targets from 22 metres. Conditions: The Management shall provide four trophies — two for 1st and two for 2nd.
- (h) The Tower Championship shall be shot at 30 targets. Double Rise to be shot at 15 pairs of targets.
- (i) The Continental Championship shall be shot at 50 targets from 15 metres.

3.15 ZONE CHAMPIONSHIPS

- (a) The Double Barrel Championship shall be shot as a graded event at 25 targets from 15 metres.
- (b) The Single Barrel Championship shall be shot as a graded event at 25 targets from 15 metres.
- (c) The Double Barrel Points Score shall be shot as a graded event at 25 targets from 15 metres.
- (d) The Mixed Target Championship shall be shot as a graded event at 10 double barrel, 10 single barrel, 10 points score and 5 pairs double rise targets, total 60 points.
- (e) The Walk-up Championship shall be shot at 20 targets.
- (f) The Double Rise Championship shall be shot as a graded event at 15 pairs of targets from 15 metres.
- (g) The Deauville Doubles Championship shall be shot at 20 pairs of targets from 22 metres.
- (h) The Tower Championship shall be shot at 25 targets.
- (i) The Continental Championship shall be shot at 25 targets from 15 metres.

3.16 DISTRICT CHAMPIONSHIPS

- (a) The Double Barrel Championship shall be shot as a graded event at 25 targets from 15 metres.
- (b) The Single Barrel Championship shall be shot as a graded event at 25 targets from 15 metres.
- (c) The Double Barrel Points Score Championship shall be shot as a graded event at 25 targets from 15 metres.
- (d) The Mixed Target Championship shall be shot as a graded event at 5 double barrel, 5 single barrel, 5 points score and 5 pairs double rise total 35 points.
- (e) The Walk-up Championship shall be shot at 20 targets.
- (f) The Double Rise Championship shall be shot as a graded event at 10 pairs of targets from 15 metres.
- (g) The Deauville Doubles Championship shall be shot at 20 pairs of targets from 20 metres.
- (h) The Tower Championship shall be shot at 25 targets.
- (i) The Continental Championship shall be shot at 25 targets from 15 metres.

3.17 CHAMPIONSHIP TROPHY VALUES AND NOMINATIONS

- (a) Championship trophy values (inclusive of badge or sash) and nominations for Commonwealth, State and Zone Championships, are fixed by the Association from time to time and advised in C.T.S.N. In District and Club Championships, the minimum retail value of trophies is left optional and at the discretion of the Clubs conducting the events.
- (b) In all Championships where applicable the Management shall provide a sash or badge for the overall winner.
- (c) A surcharge fixed by the Executive Committee from time to time may be charged for all night events.

3.18 INTERSTATE TEAMS' MATCHES — D.T.L.

- (a) Team 15 members, 10 highest scores to count. 50 targets per member from 15 metres, double barrel points scoring, 5 lane squad system to be shot in two stages of 25 targets per visit, 5 targets from each lane per member before changing lanes. In the event of a tie for High Gun to be shot-off squad system, points scoring first miss out. International load shells 32 grams shot No. 6 size or lighter only. Manual — Automatic or electric oscillating traps to be used.
- (b) Ladies and juniors to comprise of 6 shooters to shoot at 25 targets, double barrel points scoring from 15 metres, changing after each shot, and 5 scores to count.
- (c) QUALIFICATIONS — each team member shall have registered in the State which he represents and may only represent one State in any one year.
- (d) State Associations shall choose their team on the results of an elimination shoot or series.
- (e) An appropriate High Gun trophy shall be provided and a souvenir badge shall be given to each member of the State Team (15) by the club conducting the event — badges are available on application from the A.C.T.A. The program and venue of the Interstate Teams' Match shall be advertised in the A.C.T.A. "Shooting News" at least two months prior to the State Teams' elimination shoot, and the State Teams' Match.
- (f) The club conducting the Elimination Match shall provide compulsory division prize money of \$150 or 40% of the total nomination, whichever is the greatest. Where there are no tied scores, the distribution will be 60% for 1st, 30% for 2nd and 10% for 3rd. (This rule does not apply where the selection is conducted over a series.)
- (g) Maximum nomination for the elimination match shall be as set by the Executive Committee from time to time.
- (h) Only official A.C.T.A. Referees to officiate, scorer and check scorer to be provided. Score sheets to be signed by Scorers and Referees.
- (i) No other major shoot is permitted in the particular State on the day or days when elimination and State Teams' Shoot is held.
- (j) Results of the competition which must be completed by December 31 must not be publicised until all teams have contested. These results, including the scoresheets signed by both the Referee and principal scorer, must be sealed and lodged with the A.C.T.A. Executive Director by December 31. Weather conditions during the match are required. A check scorer should be used at each set of tracks. Final

details of the Interstate teams' Matches to be published in the first available A.C.T.A. Shooting News.

- (k) Should a tie occur between competing teams then the score sheets shall be checked, points scoring, with a count-back for the 10 members of each team (or the 5 ladies and 5 juniors) to break the tie.

3.19 I.S.U. TEAMS' MATCHES

The qualifying event shall be conducted over either 50 or 100 targets. Teams are to consist of 6 shooters with the top 4 scores to count — the course of the team's event is to be 100 targets. I.S.U. Ladies and Junior teams to consist of 4 members with the 3 best scores to count, 25 targets per member.

3.20 QUALIFICATIONS

- (a) Each team member shall have registered in the State which he represents.
- (b) State Associations shall choose their team on the results of an elimination shoot or series.
- (c) In the event of a tie for placings it may be decided by the state association concerned.
- (d) An appropriate High Gun shall be provided, and a souvenir badge shall be given to each member of the State Team by the club conducting the event. Badges are available on application from the A.C.T.A.

3.21 I.S.U. CHAMPIONSHIPS

- (a) Commonwealth, State, Zone and District Championships may be conducted under International Shooting Union Rules.
 - (i) District I.S.U. Championships to be of 50 targets or 100 targets.
 - (ii) Zone I.S.U. Championships to be of 50 targets or 100 targets.
 - (iii) State I.S.U. Championships to be of 100 targets or 200 targets.
 - (iv) Commonwealth I.S.U. Championships to be of 200 targets.
 - (v) State or Commonwealth Ball Trap and Universal Trench (5 Trap) to be of 50 targets minimum.
- (b)
 - (i) All I.S.U. events shall be run as graded events and equal trophies shall be provided for each grade.
 - (ii) Shooters shall be graded into four classes by their percentage performance at all targets fired upon in competition, and shoot-offs, from 15 metres at either I.S.U. Trench or U.I.T. Trap.
 - (iii) The grades shall be: AA — 95% and over; A — 85% and under 95%; B — 75% and under 85%; C — under 75%.
 - (iv) It shall be the responsibility of a designated club official to progressively mark the shooter's card and after each 200 targets, regrade the shooter if necessary.

Note: If the 200 targets fall during an event or shoot-off, regrading will not take place until the completion of that event. All targets to the end of that event and shoot-off targets are to be used in calculation of percentage. When he re-registers, the shooter shall be placed in the allowable grading indicated by his percentage at the conclusion of his last 200 targets. If he has not shot at 200 targets during the year he shall be graded on the percentage of the targets shot at up to the time of re-registration.
 - (v) A shooter may have his grade increased after shooting 200 targets but must shoot two consecutive groups of 200 targets at a lower grade percentage to be down graded.

All scores after the last grading must be carried forward onto new handicap card.

- (vi) Shooters may compete in one grade only.
- (vii) Until such time as a shooter records his initial 200 I.S.U. or U.I.T. targets he shall be placed in the same class as his grading under A.C.T.A. Rules.

3.22 TARGETS ONLY

Shooting for targets only, is a term which shall be held to define the status of a competitor in any given event, or events, or in an entire tournament program, and shall signify that a competitor is "shooting for targets only" and has no interest in any trophy or trophies, nor any interest in money or monies in any specific event or events or in the entire program. The competitor's name shall be placed on the squad board, signifying that he is shooting for targets only. "Shooting for targets only" shall be allowed in any event at the discretion of the Club.

- (a) Open shoots, that is Commonwealth, State and District Championships and open competitions (cases where more than \$200 value is allotted for distribution in any one event), must have the approval of the State Association before being advertised or conducted. (This rule applies to the actual event and the date of holding.)
- (b) Clubs allocated Commonwealth Championships and Interstate Teams' Matches must advertise the event in the A.C.T.A. "Shooting News" at least once, two months before the actual shooting date.
- (c) Clubs allocated State Championships must advertise these events in the A.C.T.A. "Shooting News".

A manual, automatic or electric oscillating trap must be used at all open shoots.

3.23 SASHES

- (a) Sash colours for clubs to be any colour other than those designated for National, Commonwealth (both royal blue), State (red) and District (white) Championship sashes.
- (b) Any person or persons or organisations may donate a trophy or trophies for competition but must comply with A.C.T.A. rules.

ADMINISTRATION

Section 4

4.1 TRAP LAYOUT

- (a) A standard trap layout shall consist of five firing points arranged on the arc of a circle of radius 16 metres and whose centre is the trap, firing points to be 3 metres apart, numbered 1-5 from left to right when viewed from the firing points and facing the trap, with No. 3 firing point directly behind the trap.
- (b) A horizontal line joining No. 3 firing point and the trap and prolonged indefinitely will be known as the "Centre Line".

4.2 FIRING POINTS FOR HANDICAPS

- (a) These firing points are situated at intervals of 1 metre from 11 to 25 metres behind the trap on lines from the trap extended through the firing points for standard trap layout. These firing points may be referred to as "Handicap Marks" and each line of firing points shall be known as a shooting lane.
- (b) The 11 metre mark is to be measured from the top centre pivot point of the trap.

- 4.3 This collection of firing points and shooting lanes, forming a fanshaped pattern, shall be known as the

"Shooting Tracks" and on each lane distances should be clearly marked to signify the forward limit of each firing point.

4.4 SHOOTING SQUARE

- (a) When firing the competitor's feet must be behind any line indicating the firing mark assigned to him, must stand with both feet completely within 1 metre square; this square shall extend 50 centimetres either side of the centre of the shooting lane and shall extend backwards 1 metre from the assigned handicap mark.
- (b) However, provided his front foot is as close as possible to the forward edge of a shooting square a shooter with a wide stance will not be penalised if his back foot extends beyond the rear edge of the shooting square.

4.5 TRAP HOUSES

Trap houses shall be used to give full protection to the trappers. These houses shall be 1 metre high in front, tapering or sloping to 85 centimetres at the back, and shall be 2 metres from back to front, 2.5 metres wide. A tolerance of 10 centimetres either way is permissible on these dimensions. All height measurements shall be taken from the level of the centre lane. The trap shall be mounted in a manner which will bring the top centre pivot point of the throwing arm 35 centimetres above the level of the centre lane and 1.5 metres from inside back of traphouse and 30 centimetres left of centre. A tolerance of 5 centimetres either side of this dimension is permissible.

4.6 LEGAL TARGETS

- (a) Targets, to be legal, whether single or doubles, shall be thrown out not less than 45 metres nor more than 55 metres (measured horizontally at trap level) with a flight of 3 metres above the centre lane at a point 10 metres from the trap, with a margin of tolerance of not more than 50 centimetres above or below. Except in double target shooting, the flight of targets shall be at unknown angles, thrown within an area subtending an angle at the trap of 45 degrees right and left of the centre line.
- (b) As an aid in determining the legality of targets, where possible three pegs at least 1 metre high are to be placed on the arc of a circle (known as the "Distance Circle") of radius 50 metres and whose centre is the trap; one on the centre line — "The Central Peg" — and one other each 45 degrees to the right and left of centre line respectively. These two pegs will be known as the "Lateral Limit Pegs". Concrete blocks and measuring sticks for measuring target height are to be standard equipment at all clubs.
- (c) Where practical, three minimum distance pegs shall be placed at 45 metres.

4.7 LEGAL TARGETS DOUBLE

Each double shall be thrown as a right and left quarterer respectively into an area subtending an angle of 25 degrees at the trap; each area having as one boundary a line to the lateral limit peg as defined, and as its other line drawn 20 degrees to the left and the right respectively of the centre line.

- 4.8 There is a tendency among officials to set the trap at 3.5 metres and say that they are within the permissible tolerance. This is not so. The trap so set has no tolerance above and has 1 metre tolerance below the 3.5 metre bar. In all cases the trap should be set to throw targets 3 metres high when 10 metres from the trap and should be altered immediately weather conditions cause targets to be thrown outside these limits. All too few clubs set their traps so that they cannot lower them to cope with an oncoming wind.

- 4.9 The provisions of rules 4.6 and 4.7 shall apply to targets released in still air.

If a target was fired upon and missed, but was blown out of bounds or fell short of distance due to adverse weather conditions it shall still be classed as a legal target.

4.10 TARGETS

Standard targets shall measure not more than 11 centimetres in diameter nor more than 2.85 centimetres in height nor more than 110 grams in weight.

4.11 GUNS AND LOADS

- (a) The term "Magazine gun" applies alike to automatic guns, pump guns (so called) and other guns not directly dependent on hand loading and are permissible for clay target shooting.
- (b) Release trigger guns shall only be used on registered A.C.T.A. ground, subject to the following conditions:
 - (i) A.C.T.A. shooters suffering from some condition which would make the use of a release trigger gun desirable shall obtain a statement signed by the President and Secretary of the shooter's home club, that the shooter suffers from such condition and shall present the statement to a Referee Examiner who shall satisfy himself that the shooter understands the use of a release trigger device. Having been so satisfied the Referee Examiner shall forward the club statement to the A.C.T.A. Executive Director who shall keep the register of shooters authorised to use release trigger guns.
 - (ii) No A.C.T.A. shooter other than those authorised in Trap Rules 4.11 (b) (i) shall use a release trigger gun.
 - (iii) All release trigger guns used by A.C.T.A. shooters and overseas visitors shall be clearly labelled "CAUTION RELEASE TRIGGER" — in a conspicuous place near the breech. Such labelling to be consistent with 12mm width marking tape.
 - (iv) Release trigger guns shall not be left in gun racks or in positions where they can be mistakenly handled but shall be constantly under the control and supervision of the user.
 - (v) The user of a release trigger gun shall notify the Referee at each visit to the trap and skeet layout.

- 4.12 No gun which has a gauge larger than 12 gauge is permitted nor shall any barrel(s) length be shorter than 63 centimetres overall. No gun with a fitted compensator is permitted.

4.13 CARTRIDGES

- (a) For Championship events (Commonwealth, State, Zone and District), the load is limited to 32 grams struck measure or equivalent, shot size not larger than No. 6. Re-loads are permitted in all events except National Championships.
- (b) For handicap events, load is restricted to 36 grams struck measure or equivalent, shot size not larger than No. 6.

4.14 CHALLENGE

- (a) A competitor may challenge the load of any other competitor. On receipt of a written challenge, with \$20 forfeit, the Management shall obtain a cartridge from the challengee, and if after public examination of it the Management finds the challengee has violated requirements he may be disqualified or not

accordingly as the offence was wilfully committed or otherwise. In case the challengee is wholly innocent the forfeit shall be paid to him, otherwise it shall be returned to the challenger. The Management of any Club, or of any tournament has the power to examine any competitor's cartridges at their discretion, without involving themselves in any penalty.

- (b) A competitor may appeal against the decision of a referee in regard to interpretation and application of these rules. The competitor shall advise the referee before he leaves the shooting track that he intends to appeal, and, immediately upon completing his run over the traps the competitor shall lodge a written appeal and \$20 forfeit with the management. The management shall enlist the aid of at least three, including any Executive Committee Members, Referee Examiners, Rules Supervisors, or official Referees on the grounds, to examine the matter, and should the competitor's appeal be upheld, his forfeit shall be returned and the correct ruling shall be applied to the target appealed against. Should the appeal be disallowed the forfeit shall be paid to the Club concerned. There shall be no appeal against a referee's decision in regard to whether a target is legal or whether it has been missed.

4.15 MANAGEMENT

The Management of any club holding a tournament or competition under these rules has the authority to reject any entry in the said tournament or other competition without giving any reason and to disqualify in whole or in part any competitor who acts in an ungentlemanly or disorderly manner, or who handles his gun dangerously.

4.16 COMPETITOR AND COMPETITION

- (a) Wheresoever the word "Competition" may be used in the following rules, it is to be understood to refer to each particular event, and must at all times be construed by the Management in whose charge the carrying out of such "Competition" has been entrusted.
- (b) A competitor is one who has nominated for a particular event, and whose name appears on the official score sheets or score board. A competitor can compete only once in each event. Each competitor shall carry and present his current Handicap/Registration Card at all shoots before he is allowed to participate.
- (c) Every competitor entering competitions agrees to accept all official decisions, and to abide by the rules controlling the competition.
- (d) All competitors must be registered by the A.C.T.A. before taking part in competition. Unregistered competitors are not permitted to compete at any time.
- (e) Competitors must at all times use their correct names when entering a competition. Shooting nom-de-plumes are not permitted.
- (f) Any competitor who commences an event and withdraws or is disqualified from the competition forfeits the right to resume and to any refund from the event.

4.17 All clay targets — broken or otherwise — shall remain the property of the Club and not the competitor. The competitor only pays for the privilege of shooting.

4.18 Should darkness, bad weather, or other cause interfere with the competition the Management shall have the right to decide when and how the competition shall be continued, provided that this is not postponed longer than one calendar month. Any competitor who defaults in respect of such

postponed competition forfeits all his rights and standing therein.

4.19 SHOOTING UP

No shooter may be allowed to enter an event after the commencement of the second round of that event.

4.20 REFEREE

- (a) To become a registered referee, a candidate shall approach his Club Secretary and President, who (when they consider that the candidate has achieved a satisfactory standard) shall recommend in writing to the nearest Registered Referee Examiner on the prescribed form that the candidate be given a practical and oral examination. When the candidate has passed this examination to the Examiner's entire satisfaction the examiner will then submit his recommendation plus the form to the A.C.T.A. Executive Director, who will issue a Referee badge to the candidate. Any candidate who has failed and wishes to be re-examined must be re-examined by the same Examiner.
- (b) The Rules Supervisors will keep a record of all Referees in their State.
- (c) The Club Management complaint of any Referee or Referee examiner shall be referred to the nearest Rules Supervisor within the State for investigation. The Rules Supervisor has the power to suspend the person concerned until the State Association Meeting. If justified the State Association has the power to further suspend and recall the Referee or Referee Examiner's badge and shall advise the A.C.T.A. Executive Director of the action taken.
- (d) Referees shall be appointed for a period of five (5) years and are eligible for re-examination. Any Referee or Referee examiner who fails to register in any year will have his name automatically removed from the Association Referee and Referee Examiner list.
- (e) The Referee's decision in all cases coming under his jurisdiction as set forth in the rules, shall be final. Referees must wear their official badge at all shoots.

DUTIES OF REFEREES

- (f) The Referee, besides attending to special duties set forth in these rules, shall adjudicate the competition, he shall distinctly and loudly announce the result of each shot by calling out "one" when the target is broken, and "Lost" when the target is unbroken, except Points Scoring, he shall decide all other issues which arise in relation to the direct competition.
- (g) A check Referee shall be employed for Deauville Doubles and Double Rise competition with the chief Referee to give the decision.
- (h) If the Referee is negligent, or inefficient, impairing thereby the equity of the competition, the Management may forthwith remove him. This rule applies also to scorers, pullers, trappers and any other of the staff.
- (i) The Referee is empowered to challenge the ammunition used by any competitor.
- (j) The Referee has power to alter his decision. If altering his decision on "Lost target" or "Baulk", etc., during the competition, this must be done before the shooter in question shoots his next target or the shooter leaves the tracks should this be his last target.
- (k) The officiating Referee or the Management MUST adjust the trap immediately if it is not throwing regulation targets. Immediately following such alteration a target must be thrown and the competition continued.

- (l) He must have complete knowledge of the Rules of the A.C.T.A. and shall adjudicate the competition at all times as set by the management.
- (m) It is his responsibility to announce the conditions as set out in the Rules for each event before the competition commences, also to deploy shooters to their correct firing lanes.
- (n) As shooting proceeds he must observe that shooters are commencing on their correct mark, not shooting out of turn, are handling their guns with safety, and using the correct shells as laid down for each individual event.
- (o) The referee must be efficient and alert at all times and it is most important that he should gain the confidence and respect of each and every competitor.

4.21 DUTIES OF SHOOT MARSHAL

- (a) He must observe all the duties of the official referee.
- (b) He must be present at all shoot-offs.
- (c) He must see that all traps are checked for correct height and angles prior to shoot-off.
- (d) The shoot marshal shall be in charge of all operations and personnel including referees relating to the shoot and shall be responsible only to the management.
- (e) He must instruct and roster the duties of all personnel prior to the commencement of each day's shooting.

4.22 DUTIES OF REFEREE EXAMINER

- (a) To examine applicants for Referee in trap and or skeet, who have been recommended as required in the A.C.T.A. shooting rules.
- (b) To assess the applicant's temperament, fairness, his ability to control a situation and his personal behaviour on the shooting tracks as a shooter before considering an examination.
- (c) To observe the actions of existing Referees on the shooting ground and to discuss any problems or make any recommendations considered appropriate.
- (d) To make himself available when convenient to attend Rules discussions when required by clubs.

4.23 DUTIES OF RULES SUPERVISOR

- (a) To examine applicants, theoretically and practically, for the position of A.C.T.A. Trap and Skeet Referee Examiner and to advise the A.C.T.A. Office when the applicant is successful.
- (b) To demand a degree of ability, before authorising new Referee Examiners, that will ensure a high standard of Refereeing.
- (c) To observe the actions of existing Referee Examiners and Referees and to discuss any problems concerning their duties.
- (d) To investigate the written complaint of any club management or Referee Examiner concerning the ability of existing Referees and to report to the appropriate State Association when action is considered necessary, with full facts so that the State Association concerned may recommend the action to be taken as detailed in trap rule 4.20 (c).
- (e) To investigate the written complaint of any club management concerning the ability of any Referee Examiner and to report the facts to the appropriate State Association concerned, so that the State Association concerned may recommend the action to be taken.
- (f) To arrange or require the re-examination of any Referee examiner or Referee. (When investigating complaints concerning Referee Examiners and Referees every effort should be

made to correct the complaint by re-examination or re-training in preference to suspension.)

- (g) To control the number of Referee Examiners so that:
 - (i) Referee applicants cannot shop around for an easy examiner.
 - (ii) The principle of common interpretation is maintained — (the more examiners the more chance of interpretation becoming loose).
- (h) A Rules Supervisor should not generally carry out Referee examinations but may do so if requested or if there is no Referee examiner in the area.
- (i) To make himself available when convenient to attend Rules discussions when requested by clubs.

4.24 REFEREE AND SCORER

- (a) The scorer shall keep an accurate record of each shot, according to the referee's call. He shall mark the figure "1" for the call of "one" or the figure "0" for the call of "lost" for either single barrel or double barrel shooting. Double barrel denotes that two shots are allowed per target, each shot of equal scoring value. Double barrel "Points" denotes three points for a "score" on the first barrel, two points for a "score" on the second barrel and no points for "lost". These points scored will be called by the referee and scored by the scorer accordingly. If the scorer is incompetent at scoring the referee has the right to change the scorer before commencement or during the event.
- (b) All malfunctions, faulty cartridges or misfires must be recorded on the score sheet as "M" for malfunction, "R" for all refusals.
- (c) The official score must be kept on a score sheet and be available for inspection by the competitor.
- (d) It shall be the responsibility of the competitor to check his score with the score sheets before leaving the shooting tracks. Any protest on his score must be lodged with the referee immediately, i.e. before leaving the shooting tracks. Such protest can only be made against incorrect score.

4.25 BREAK RECOGNITION

- (a) Break badges will be recognised in sequences of 50, 75, 100, 150, 200, 250 and so on, provided these are shot over automatic traps under double or single barrel conditions and in regular competition on one day only excepting over a program of two or more successive days. Also for ball trap and double rise i.e. 25 pair, 50 pair and so on.
- (b) Non-oscillating traps are not acceptable within the rules.
- (c) Break badges may also be similarly earned in Continental down-the-line events, or Tower events provided that the break is achieved from events of the same nature.
- (d) No practice between events is permitted and breaks must be continuous.
- (e) Shooting at not more than two sighter targets (not to count) prior to commencement of an event does not terminate a break in progress.
- (f) To shoot in other than a specific type of event, as named above, immediately concludes a break.
- (g) Clubs must submit form number 17, duly completed, to the A.C.T.A. Secretary, with the prescribed fee for each requested badge, before recognition can be considered or granted. Break badges once they have been obtained, will not be repeated. Badges for "25 metres"

will also be available to those attaining this as their registered handicap.

- (h) Distinctive break badges may also be similarly earned from the "25 metre" mark.

4.26 PENALTIES

Any shooter deliberately firing at any fauna on any shooting ground shall be immediately suspended by the club management and shall remain suspended until the incident is dealt with by his State Association.

SKEET SHOOTING RULES

Section 5

5.1 SAFETY

- (a) All guns must be immediately opened upon removal from a gun rack or car to determine that they are indeed empty.
- (b) All guns carried on or about the shooting grounds must be held in a position of safety with the breech open, and unloaded, at all times.
- (c) Shooting on the grounds at any place other than the firing point at legitimate targets only is prohibited except where a pattern plate is installed and then only with the permission of the club management.
- (d) Shooting, holding the gun in any position other than orthodox, i.e. to the shoulder is prohibited, (with the exception of a physical disability). Any shooter acting in this way will be immediately suspended by Referee or management, and reported to the Executive Committee in writing. Minimum penalty three (3) months suspension.
- (e) Any shooter committing an ungentlemanly or unsafe act on the shooting ground shall be liable to suspension or disqualification.
- (f) Any shooter deliberately firing at any fauna on any shooting ground shall immediately be suspended by the club management and shall remain suspended until the incident is dealt with by his State Association.
- (g) When it is his turn to shoot, a competitor shall stand on the shooting station, load and close his gun. He must open his gun and remove the cartridges before turning or leaving the shooting station.
- (h) Shooters experiencing a misfire or malfunction must remain with their gun pointed in the direction of the traphouse until the referee arrives to adjudicate.
- (i) The shooter will not insert a cartridge in his gun until he is on the shooting station, at his turn. All cartridges must be removed from a gun upon the red signal at the traphouse, or if any official approaches the traphouses on that layout.
- (j) Release trigger guns shall not be left in gun racks or in positions where they can be mistakenly handled but shall be constantly under the control and supervision of the user, and shall be labelled as per rule 8.5 (b) (iii).
- (k) The user of a release trigger gun shall notify the referee at each visit to the trap or skeet layout.

5.2 SKEET ROUND PROCEDURE

- (a) The squad shall start shooting at Station 1 in the order in which the names appear on the score sheet. The first competitor shall start shooting singles, firing upon the high house

target first and the low house target second. Then he shall proceed to shoot doubles, firing the first shot at the target emerging from the high house and the second shot at the target from the low house, before leaving the station. The second shooter shall then proceed likewise, followed by the other members of the squad in turn. Then the squad shall proceed to Station 2 and repeat the same sequence as on Station 1. The squad shall then proceed to Station 3 where each competitor will shoot at a single target from the high house first and then a single target from the low house before leaving the shooting station.

The same procedure will be followed at Station 4 and 5. Upon advancing to Station 6 the first competitor will shoot singles in the same sequence as at the previous stations and then he shall shoot doubles by firing at the low house target first and the high house target second before leaving the station. The other competitors will follow in their turn. The procedure to follow at Station 7:

The first competitor shall start shooting singles firing upon the low house target first, and the high house target second. Then he shall proceed to shoot doubles, firing first shot at the target emerging from the low house and the second shot at the target emerging from the high house, before leaving the station. The other competitors will follow in their turn.

The squad will advance to Station 8 where they will stand in their shooting order behind the referee on an imaginary line drawn between the centre of Station 8 and Station 4. The first competitor, loading one cartridge only, shall shoot at one target from the high house. If the competitor has broken his first 23 targets he shall then turn and load two cartridges to shoot his 24th and 25th targets from the low house. The other competitors will then follow in order the same procedure.

A shooter must stand on the station, position himself, load his gun and call for his target within 15 seconds after the shooter preceding him has completed his firing or after the referee has given the signal to commence firing or to resume firing.

Non-compliance with the above will draw a warning from the referee. Subsequent occurrences during a 25 target series will be penalised one target each.

- (b) A round of skeet for one person consists of 25 targets. The object being to score the greatest number of broken targets.
- (c) The first target lost in each round shall be repeated immediately and the result scored as the 25th target and recorded in the 25th column on the score sheet.
- (d) Should the first target lost occur in a double, the Lost Target shall be repeated as a single and scored as the 25th shot.
- (e) On station 1 to 7 two cartridges must be loaded to shoot single targets with the exception of users of release trigger guns, one cartridge only to be fired at each target.
- (f) During single target shooting with the gun loaded with cartridges, the shooter must not open his gun after shooting the first of the two singles. (After 2 warnings failure to comply, penalty "Lost Target").
- (g) A HALF ROUND OF SKEET consists of 13 targets as follows:
Station 1 = a single high house target = 1
Station 2 = a single low house target + = 2

and one pair of targets (H & L) + 2 = 4
 Station 3 = a single high house target + 1 = 5
 Station 4 = a single low house target + 1 = 6
 Station 5 = a single high house target + 1 = 7
 Station 6 = a single low house target + 1 = 8
 and a pair of targets (L then H) + 2 = 10
 Station 7 = a single high house target + 1 = 11
 Station 8 = a single high house target + 1 = 12
 and a single low house target + 1 = 13

- (h) Club managements have the option of conducting events using separate button pushers, referees and scorers.

5.3 PROCEDURE AND DEFINITIONS

- (a) A competitor must be at the firing point within two minutes after having been called by the official referee, scorer or a member of the Club Management. Failing therein, he may be disqualified or penalised with loss of targets or may be re-squadded in the last squad at the discretion of the Club. A competitor is duly notified to compete when his name is called out by the referee, scorer or other person authorised to do so by the Management or when his name appears on the score board. If a "squad hustler" is furnished it is a matter of courtesy only and does not relieve the competitor from responsibility. It is the duty of each and every competitor to be promptly on hand to compete when called upon to do so.

5.4 SHOOTING POSITIONS

The competitor must stand with both feet entirely within the boundary of the shooting station.

5.5 GUN POSITION

The competitor may hold his gun in any position consistent with safety.

5.6 SQUAD

- (a) A squad for shooting skeet shall have a maximum of six (6) competitors. Under safety requirements this number must not be exceeded.
- (b) The officiating referee or management MUST adjust the traps immediately if they are not throwing regulation targets.
- (c) The competitor whose turn it is to shoot must observe a Legal Target from a traphouse where the trap has been adjusted or repaired or where several non-legal (irregular) or No Targets have been released.
- (d) No competitor shall unduly delay a squad without good and sufficient reason in the judgement of the referee in charge of the squad. A shooter who persists in deliberately causing inexcusable delays after receiving a first warning from the referee shall be subject to disqualification from the event.
- (e) At the beginning of each round when the squad is assembled at Station 1, the squad must observe a single target from both the High and Low Traphouses.
- (f) No member of a squad having shot from one station shall proceed toward the next station in such a way as to interfere with another shooter. The penalty for wilful interference in this manner shall be disqualification from the event.

However, when in the opinion of the referee it is done unobtrusively the first competitor in a squad should be allowed to move across and stand at least three metres behind the next station from Station 2 to 6 inclusive.

5.7 BAULK

- (a) Any extraneous occurrence which, in the opinion of the referee, materially interferes with the equity of the competitor after he calls for his target constitutes a baulk.

- (b) Under no circumstances will a baulk be granted unless claimed by the competitor immediately it occurs, or if, in the opinion of the referee, a baulk has occurred, he may restore the competitor's target.

5.8 BROKEN TARGET

A "broken target" called by the referee as "1", is one which has a visible piece broken from it, whilst in the air and within the shooting bounds, by the shot from the competitor's gun.

5.9 DUSTED TARGET

- (a) A Dusted Target is one from which dust is detached by the competitor's shot, but the target shows no visible lessening in size therefrom. A Dusted Target is not a Broken Target, and is a Lost Target.
- (b) A whole target when fired upon is to count even if it falls outside legal limits because of wind or some other factor.

5.10 NO TARGET SINGLES

After "No Target" has been called by the referee under any of the following conditions it thereafter plays no part in the competition and is irrelevant to it.

No Target shall be called when a target is refused for the following reasons

- (a) A target is released without the competitor's call and the target has not been fired at.
- (b) A time interval occurs before or after the competitor's call. Unless the target is fired at. Note: If in the opinion of the management an excess of refusals is recorded, the management has the right to check the shooter, Referee and equipment.
- If in the opinion of the referee, legal targets are being refused, the referee shall call lost target.
- (c) A broken target is released.
- (d) In single target shooting, two targets are released at the same time.
- (e) A target does not conform to the definition of a legal target as regards height distance or angle thrown and the target has not been fired at.
- (f) A misfire or malfunction caused by the competitor's gun or a misfire of the cartridge occurs due to no neglect of the competitor.
- (g) If when double loading while shooting single targets a misfire or malfunction should occur preventing the competitor from shooting at the second target.
- (h) A simultaneous or near simultaneous discharge occurs: i.e. from any cause both barrels are discharged together or nearly together. Simultaneous discharges shall be classed as malfunctions.
- (i) The following are considered malfunctions of ammunition, i.e. failure to fire when firing pin indentation is clearly noticeable:
- (1) When only the primer fires.
 - (2) When the powder charge has been omitted.
 - (3) When the powder charge is not ignited.
- Components of the load remaining in the barrel shall be considered as evidence of defective ammunition. The referee must decide.
- (j) All misfires or malfunctions, faulty cartridges or refusals must be recorded on the score sheet as "M" for malfunction or "R" for refusal.

5.11 NO TARGET DOUBLES AND PROOF DOUBLES

- (a) No targets (both) shall be called when either target in doubles is released broken.
- (b) No targets (both) shall be called in doubles when both targets are not released simultaneously.
- (c) No targets (both) shall be called when only one target is released in doubles.
- (d) No targets (both) shall be declared if any

allowable malfunction occurs on the first shot in doubles, and a proof pair shall be thrown to determine the results of both shots. If such malfunction is excessive the Referee shall declare "first target lost, and no target on second barrel", and a proof double shall be thrown to determine the result of the second shot only.

- (e) No targets (both) shall be declared if the targets of a double collide before the result of the first shot is determined, and a proof double shall be thrown to determine the result of both shots.
- (f) If the first target lost be the first target of a regular double, when the competitor is deprived of the opportunity of shooting at a second target then a proof double shall be fired upon to determine the result of the second shot and then the first target lost shall be repeated as a single and scored as the 25th target.

5.12 If a double be thrown but the shooter is deprived of a normal second shot for any of the following reasons, the result of the first shot shall be scored and the second target only shall be declared "no target", and a proof double shall be fired to determine the result of the second shot only:

- (a) Both targets are broken with the first shot.
- (b) The wrong target is broken with the first shot. The competitor must notify the Referee on each occasion he elects to shoot at the incoming target while shooting doubles.
- (c) The first shot is lost and a collision occurs before the result of the second shot is determined.
- (d) The second target collides with fragments of the first target, properly broken, before the result of the second shot is determined.
- (e) The result of the first shot is determined and a baulk occurs interfering with the equity of the second shot.
- (f) An allowable malfunction occurs on the second shot. If such malfunction is excessive, not allowable, the second target shall be scored "lost".

Note: If the shooter shoots at an illegal first target and the SECOND target is LEGAL, he must also shoot the second target. However, a shooter is not required to shoot at an illegal second target even though he shot at the first target which may have been either a legal or an illegal target.

5.13 LOST TARGET

Lost target shall be called when:

- (a) A competitor fails to break a legal target.
- (b) When the competitor fails to shoot because his gun is unloaded, or because the safety was faultily adjusted or jarred back from his own oversight or not, or because of any other cause chargeable to his own oversight or neglect. Should this happen when shooting doubles the first target should be declared lost and a proof pair shall be thrown to determine the result of the second shot only.
- (c) The competitor attempts to open the gun before the Referee examines it. A competitor having an apparent misfire or malfunction will forthwith call the Referee for his decision. The competitor must not turn around and must keep his gun pointed in the direction of the traphouse until the Referee has given his decision. If a competitor's gun breaks down and it is necessary to seek a replacement the competitor is allowed five (5) minutes to do so. If this is not possible the competitor may leave the squad and finish the remaining targets of the round at a time decided by the Referee or when a vacancy occurs.

- (d) On the fourth and subsequent malfunction in any one event. However, at the end of each 100 targets in any one event, the malfunctions that have occurred shall be cancelled, and the count shall re-commence from zero.
- (e) When the competitor breaks a target outside the shooting bounds.
- (f) If the first target lost be the first target of a regular double, when the competitor is deprived of the opportunity of shooting at a second target then a proof double shall first be fired upon to determine the result of the second shot and then the first target lost shall be repeated as a single and scored as the 25th target.
- (g) If when shooting a proof double the competitor accidentally breaks the wrong target first the result shall be NO TARGET and a further proof double shall be released. If no result is obtained after three attempts both targets shall be scored lost.

5.14 The referee has power to alter his decision. If altering his decision on "lost target" or "balk" etc., during the competition this must be done before the shooter in question shoots his next target or before he leaves the tracks, should this be his last target.

- 5.15** (a) Every competitor entering competitions agrees to accept all official decisions, and to abide by the rules controlling the competitions.
- (b) A competitor may appeal against the decision of the referee in regard to interpretation and application of these rules. The competitor shall advise the referee before he leaves the shooting tracks that he intends to appeal, and, immediately upon completing his run over the traps the competitor shall lodge a written appeal and \$20 forfeit with the management. The management shall enlist the aid of at least three, including any Executive Committee members, Rules Supervisors, Referee Examiners or Official Referees on the grounds to examine the matter and should the competitor's appeal be upheld his forfeit shall be returned and the correct ruling shall be applied to the target appealed against. Should the appeal be disallowed the forfeit shall be paid to the club concerned.
- There shall be no appeal against a referee's decision in regard to whether a target is legal or whether it has been missed.
- (c) All competitors must be registered by the A.C.T.A. before taking part in competition. Unregistered competitors are not permitted to compete at any time.
 - (d) Competitors must at all times use their correct names when entering a competition. Shooting nom-de-plumes are not permitted.
 - (e) If a competitor who commences an event withdraws or is disqualified from the competition, he forfeits the right to resume and to any refund from the event.

5.16 CHAMPIONSHIP EVENT TIES

- (a) All tie shoots in Championships must be shot off squad system first miss out.
- (b) At the discretion of club management, skeet shoot-offs may be conducted in conjunction with following events or as doubles from Stations 1 to 7.
- (c) Commonwealth, State, Zone and District Championships shall be shot off squad system, first miss out. Shoot-off competitors shall carry enough shells for a complete run over a Skeet layout. Failure to comply "lost target".
- (d) Competitor allowed five (5) minutes to replenish

ammunition between rounds of shoot-off. Failure to comply "lost target".

- (e) When shooting doubles in a first miss-out shoot-off, both targets shall be fired upon and recorded even though the first target may have been missed. The score on the second target shall be considered to be part of the competition and shall be used to arrive at a decision when the tied competitors all miss the first target of the double.

Examples:

- (i) Shooter A scores 0-1 in the doubles and shooter B scores 1-0. Shooter B is the winner.
- (ii) Shooter A scores 0-1 and shooter B scores 0-0. Shooter A is the winner.
- (iii) Both shooters score 0-1 or both shooters score 1-0. The shooters are equal and, if this was their first miss, both would return to the station and shoot at a pair of repeat targets.
- (f) Should a gun malfunction occur during a shoot-off, the competitor has five (5) minutes to repair or replace the gun. Failure to comply "Lost Target".

5.17 HANDICAP EVENT TIES

- (a) Each competitor will commence the shoot-off with a handicap allowance equivalent to the surplus of his A.C.T.A. handicap remaining after qualifying for the shoot-off and will continue in the shoot-off until he has lost one target in excess of the handicap allowance irrespective of the length of the shoot-off.

Examples:

- (i) 25 target event. A competitor whose A.C.T.A. handicap is 5 shoots 22-25. He will commence the shoot-off with a handicap allowance of 2 and will be eliminated immediately he loses one target in excess of the allowance. Should he shoot 23-25 in the first round of the shoot-off he will commence the second round with an allowance of 0 targets.
- (ii) 50 target event. A competitor whose A.C.T.A. handicap is 5 shoots 42-50. He will commence the shoot-off with a handicap allowance of 2 and will continue in the shoot-off as in (i) above.

SKEET HANDICAPPING/ GRADING

Section 6

6.1 SKEET HANDICAPPING FORMULA

- (a) A skeet shooter with no past performance or handicap rating shall shoot his first round on a zero handicap to establish a handicap.
- (b) For his second round his handicap allowance shall be the difference between his score in the first round and 25.
- (c) For his third round his handicap allowance shall be the difference between the average of his first two rounds and 25.
- (d) For his fourth round his handicap allowance shall be the difference between the average of his first three rounds and 25.
- (e) For his fifth round his handicap allowance shall be the difference between the average of his first four rounds and 25.

- (f) After shooting five rounds the lowest score of the five shall be discarded and the difference between the average of the other four rounds and 25 shall be his handicap allowance.

- (g) GRADES. After shooting the next 200 targets and each successive 200 targets the shooter's handicap and grading shall then be adjusted according to the handicap and grading formula. A shooter may have his grade increased after shooting 200 targets but must shoot two consecutive groups of 200 targets at a lower grade percentage to be down graded. All scores after the last grading must be carried forward onto new handicap card.

A-A Grade 97% and over — Handicap 0; A Grade 94% and under 97% — Handicap 1; B Grade 87% and under 94% — Handicap 2 or 3; C Grade 80% and under 87% — Handicap 4 or 5.

Note: Club Managements have the option of shooting D Grade under 80% — Handicap 6.

- 6.2 Note: No shooter shall have a handicap greater than 5 except when Club Management programmes D Grade (handicap 6) and then for that event only. A shooter must not shoot in a grade higher than his best performance. Once having attained a grade he may elect to remain in a higher grade at the time of re-registering or reclassification. Once attaining 'A' Grade a shooter cannot be reclassified as 'C' Grade. Once attaining A-A Grade he cannot be re-graded to B Grade.

- 6.3 After shooting the first five rounds the shooter's handicap shall then only be adjusted after each successive 200 targets as in 6.1 (g).

- 6.4 All full skeet rounds of 25 targets are to be recorded and used for handicapping (championship events, handicap events and any shoot-off full rounds).

Note: Practice rounds are not to be used for handicapping. See rule 8.7 concerning "targets only" scores that are to be used for handicapping.

- 6.5 It shall be the responsibility of the designated club official to progressively mark the shooter's card with his full round scores and after each 200 targets to calculate his new handicap. Any handicap adjustments as a result of these rules shall be notified, on the club return, to the A.C.T.A. Secretary within seven days.

- 6.6 Shooters should retain and be able to produce their handicap card of the previous year so that scores for the previous six months are readily available. Decreases in handicap or grade will not be granted unless these records can be provided.

- 6.7 Any shooter re-registering after a period of non-registration shall be placed in the same grade and handicap as when he was last registered.

6.8 COMPETITOR

- (a) A "competitor" is one who has nominated for particular events and whose name appears on the official score sheet or score board. A competitor can compete only once in each event. Each competitor shall carry and present his handicap and registration card to all shoots and shall present it to the nomination office before being allowed to participate. It shall be the responsibility of the club to enter the competitor's scores on his card and to calculate his handicap at the appropriate times.

However, if a shooter has lost his card he shall be allowed to compete provided he is registered with the A.C.T.A. in the Grade or Handicap he claims to be correct.

- (b) Should he win prize money or trophies they shall be retained by the club until such time as the shooter finds his card or obtains a new one and presents it to the club for marking.

- (c) Should it be found that the shooter has claimed the wrong handicap mark or grade, the State Association shall advise the nearest Executive Committeeman so that the matter may be investigated.
- (d) Should it be found the shooter deliberately mislead the club management regarding his Grade and/or his handicap, the shooter be suspended for a period of three (3) months.

6.9 SKEET SWEEPSTAKES

- (a) The normal method in a Skeet Handicap is to divide the sweepstakes amongst those shooters attaining twenty-five broken targets, with handicaps included:
Example:
Smith 25-25, handicap 3 total = 25-25
Jones 22-25, handicap 3 total = 25-25
Brown 20-25, handicap 5 total = 25-25
- (b) The normal method in skeet championships is to divide the sweepstakes using off the gun scores.
- (c) All sweepstakes must be divided 60%, 30% and 10%.
- (d) Possible deduction from sweepstakes by Clubs in contests shall not be more than 60% (inclusive of targets). In optional sweepstakes no deduction may be retained by clubs.
- (e) Sweepstakes at State Carnivals on Championships may be decided by the State concerned. State Associations shall have the option of conducting either compulsory or optional sweepstakes at State Carnivals.

SKEET CHAMPIONSHIPS

Section 7

- 7.1 Club Managements have the option of running all Championships either as graded events or as one class events with placings of 1st, 2nd and 3rd. When run as graded events the grades shall be: A-A, A, B and C; A, B and C; Overall A, B and C. Note: Club Managements have the option of shooting D Grade under 80% — Handicap 6.

7.2 COMPETITION

Wheresoever the word "Competition" may be used in the following rules, it is to be understood to refer to each particular event, and must at all times be construed by the Management in whose charge the carrying out of such "Competition" has been entrusted.

- (a) Open Shoots, that is Commonwealth, State and District Championships and open competitions (cases where more than \$200 is allotted for distribution in any one event), must have the approval of the State Association before being advertised or conducted. (This rule applies to the actual event and the proposed date of holding.)
- (b) Clubs allocated Commonwealth Championships and Interstate Teams' Matches must advertise the event in A.C.T.A. "Shooting News" at least once, two months before the actual shooting date.
- (c) Clubs allocated State Championships must advertise these events in the A.C.T.A. "Shooting News".

CHAMPIONSHIP CONDITIONS

7.3 AUSTRALIAN SKEET CHAMPIONSHIP

To be an event which for the time being shall be

shot under conditions as determined by the Executive Committee.

7.4 AUSTRALIAN/NEW ZEALAND SKEET TEAMS MATCH

The five top scorers in the Australian National Skeet Championship will comprise the Australian Team. Both teams will shoot at one round of 25 targets per shooter. In the event of tie scores, the result to be a tie. When the match is conducted in New Zealand, the Australian team selection policy will be determined by an Executive Committee decision.

OTHER SKEET CHAMPIONSHIPS

7.5 NUMBER OF TARGETS

Commonwealth — 100 targets or 200 targets
State and Zone — 50 targets or 100 targets
District — 25 targets or 50 targets.

7.6 I.S.U. CHAMPIONSHIPS

- (a) Commonwealth, State, Zone and District Championships may be conducted under International Shooting Union Rules using standard targets only.
- (b) Trophies for I.S.U. Championships should be limited to sashes, badges and similar. Clubs may provide additional trophies at their own discretion.
- (c) Number of targets shall be:
Commonwealth — 200 targets; State — 100 or 200 targets; District — 100 or 50 targets; Zone — 50 or 100 targets.

7.7 CARTRIDGES

- (a) Standard shell for Championships. Shells used in all open championships (Commonwealth, State, Zone and District) are required to be restricted to 32 grams of shot, struck measure, or its equivalent, No. 7 shot size or lighter. Shells marked by reputable manufacturer as complying with this regulation are approved. Reloaded cartridges are permitted.
- (b) Home-loaded or reloaded cartridges may be used in all events excepting National skeet Championships.

7.8 CHAMPIONSHIP TROPHY VALUES AND NOMINATIONS

- (a) Championship trophy values (inclusive of badge or sash) and nominations for Commonwealth, State, and Zone Championships, are fixed by the Association from time to time and advised in C.T.S.N. In District and Club Championships the value of trophies and nominations is left optional and at the discretion of the club conducting the event.
- (b) In all Championships where applicable Management will provide a sash or badge for the overall winner.
- (c) Sash colours for clubs to be any colour other than those designated for National, Commonwealth (both Royal blue), State (Red), and District (White) Championships respectively.
- (d) A surcharge as fixed by the Executive Committee from time to time may be charged for all night events.

7.9 INTERSTATE TEAMS MATCH

- (a) Team 15 members. Best 10 scores to count, 50 targets per member, to be shot in two rounds of 25 targets. In the event of a tie for High Gun, to be shot off squad system, first miss-out. Standard load shells not to exceed 32 grams of shot, No. 7 size or lighter.
Ladies and Juniors teams to be 6 members with 5 best scores to count, 25 targets per member.
- (b) QUALIFICATIONS — each team member shall have registered in the State which he represents and may only represent one State in any one year.

- (c) State Associations shall choose their team on the results of an elimination shoot or series.
- (d) In the event of a tie, to be shot-off squad system, first miss-out.
- (e) An appropriate High Gun trophy shall be provided and a souvenir badge shall be given to each member of the State Team (15) by the club conducting the event — badges are available on application from the A.C.T.A. The program and venue of the Interstate Skeet Teams' Match shall be advertised in the A.C.T.A. "Shooting News" at least two months prior to the State Teams' elimination shoot, and the State Teams' Match. The competition to be completed in each State not later than the thirtieth day of December of each year.
- (f) The club conducting the Elimination Match shall provide compulsory division prize money of \$150 or 40% of the total nomination, whichever is the greater. Where there are no tied Scores, the distribution will be 60% for 1st, 30% for 2nd and 10% for 3rd. This rule does not apply where the selection is conducted over a series.
- (g) Maximum nomination for the Skeet elimination match shall be \$10.
- (h) Only official A.C.T.A. Referees to officiate, scorer and check scorer to be provided. Score sheets to be signed by Scorers and Referees.
- (i) No other major skeet shoot is permitted in the particular State on the day or days when elimination and State Teams' Shoot is held.
- (j) Should a tie occur between any of the respective State Skeet Team scores, then the count back system is to be applied to achieve a decision.

SKEET ADMINISTRATION

Section 8

8.1 FIELD LAYOUT

- (a) A skeet field shall consist of eight shooting stations arranged on a segment of a circle of 19.2 metres radius, with a base chord 36.8 metres long, drawn 5.49 metres from the centre of the circle. The centre of the circle is known as the target-crossing point and is marked by a stake.
- (b) Station 1 is located at the left end of the base chord, and station 7 at the right end when facing the centre while standing on the periphery of the segment. Stations 2 to 6 inclusive, are located on the periphery at points equi-distant from each other (the exact distance between stations 1 and 2, 2 and 3, etc. is 8.13 metres.) Station 8 is located at the centre of the base chord.
- (c) Shooting Stations one to seven inclusive, are a square area one metre on a side, with two sides parallel to a radius of the circle drawn through the station marker. Shooting station eight is a rectangular area one metre wide by two metres long, with the long sides parallel to the base chord. The location of each shooting station one to seven, shall be accurately designated by a suitable pad one metre by one metre with the front edge on the periphery of the circle. However, the pad for shooting station eight is placed lengthwise on the centre point of the base chord and is two metres by one metre.

- (d) A shield should be installed at the target opening of each traphouse, so that the trap operator is not visible to the shooter when he is firing from any station. This precaution is desirable as a safety factor for the protection of the trap operator from possible injury from direct or ricocheting shot.
- (e) One target should emerge from a traphouse (called high house) at a point 99 centimetres beyond the front of pad one (measured along the base chord extended) and 3.05 metres above ground level. The other should emerge from a traphouse (called low house) at a point 91 centimetres beyond the front of pad seven (measured along the base chord extended), and 76 centimetres from the base chord extended (measured on side of target crossing point) and one metre above the ground.
- (f) Suitable markers shall be placed at points 40.23 metres and 50 metres from both the high and low house measured along the flight of a regular target. The first marker shall indicate the shooting boundary limit and the second marker shall indicate the minimum distance a target shall travel in still air.
- (g) As a safety precaution, a safety fence should be erected running parallel with the base chord line and at least 3 metres behind No. 4 Station, extending from the High to the Low Traphouse. No spectator to be allowed in front of this fence.

8.2 SHOOTING BOUNDS

For Stations 1 to 7 inclusive, to be an area 40.23 metres in front of the traphouse from which the target is released. (These bounds must be clearly marked on the skeet field with a suitable marker) — see field layout. For No. 8 Station, to be from the traphouse from whence the target is released to a point defined on the field layout as the centre line. Note: Targets shot at and broken after they pass the centre from No. 8 Station are lost targets.

8.3 TARGETS

- (a) Standard targets shall measure not more than 11 centimetres in diameter, nor more than 2.85 centimetres in height, nor more than 110 grams in weight.
- (b) A legal target is one that is released instantly in response to the competitor's acceptable call, and passes "within 50 centimetres" horizontally or vertically of a point 4.51 metres above the target crossing point. The target in still air must carry to a distance equivalent on level ground to 50 metres and not exceed 60 metres.

8.4 REGULAR DOUBLE

Two legal targets released simultaneously (one from each traphouse).

8.5 GUNS AND LOADS

- (a) The term "Magazine Gun" applies alike to automatic guns, pump guns (so called) and other guns not directly dependent on hand loading and are permissible for skeet shooting.
- (b) Release trigger guns shall only be used on registered A.C.T.A. grounds, subject to the following conditions:
 - (i) A.C.T.A. shooters suffering from some condition which would make the use of a release trigger gun desirable shall obtain a statement, signed by the President and Secretary of the shooter's home club, that the shooter suffers from such condition and shall present the statement to a Referee Examiner who shall satisfy himself that the shooter understands the use of a release trigger device. Having been so satisfied the Referee Examiner shall forward the club statement to the A.C.T.A. Office which shall keep a

register of shooters authorised to use release trigger guns.

- (ii) No A.C.T.A. shooter other than those authorised in Skeet Rule 8.5 (b) (i) shall use a release trigger gun.
 - (iii) All release trigger guns used by A.C.T.A. shooters and overseas visitors shall be clearly labelled — CAUTION RELEASE TRIGGER — in a conspicuous place near the breech. Such labelling to be consistent with 12mm width marking tape.
 - (iv) Release trigger guns shall not be left in gun racks or in positions where they can be mistakenly handled but shall be constantly under the control and supervision of user.
 - (v) The user of a release trigger gun shall notify the referee at each visit to the trap or skeet layout.
- (c) No gun which has a gauge larger than 12 gauge is permitted nor shall any barrel(s) length be shorter than 63 centimetres overall. No gun with a fitted compensator is permitted.
- (d) For all Skeet shooting, the load is limited to 32 grams struck measure or equivalent, shot size not larger than 7 to be used. Re-loads are permitted in all events except National Championships.

8.6 Should darkness, bad weather, or other causes interfere with the competition, the Management shall have the right to decide when and how the competition shall be continued, provided that this is not postponed longer than one calendar month. Any competitor who defaults in respect of such postponed competition forfeits all his rights and standing therein.

8.7 Shooting for targets only, is a term which shall be held to define the status of a competitor in any given event, or events, or in an entire tournament program, and shall signify that a competitor is "shooting for targets only" and has no interest in any trophy or trophies, nor any interest in money or moneys in any specific event, or events or in the entire program. The competitor's name shall be placed on the squad board, signifying that he is shooting for targets only. Shooting for targets only shall be permitted at the discretion of the Club. In any event in which any competitor is shooting for a sweepstake or prize the scores of these competitors in the event who are shooting for targets only shall be used for handicapping purposes.

8.8 All clay targets — broken or otherwise — at all time remain the property of the club and not the competitor. The competitor only pays for the privilege of shooting.

8.9 TRAPS

In all open events any trap which throws a Legal Target may be used, provided the target is released from a position in the field by mechanical or electrical device (NOT released from within the traphouse).

8.10 SHOOTING UP

Where a competitor has entered but does not present himself to start an event with his squad, he will not be permitted to shoot up after the first man in the squad has fired the first shot at Station 2. He may join the squad for all later rounds, but the round missed because of lateness must be shot on the proper field in the first vacancy, or after all other contestants have finished.

8.11 REFEREE

- (a) To become a registered referee, a candidate shall approach his club Secretary and President, who (when they consider that the

candidate has achieved a satisfactory standard) shall recommend in writing to the nearest Registered Referee Examiner on the prescribed form that the candidate be given a practical and oral examination. When the candidate has passed this examination to the Examiner's entire satisfaction the Examiner will then submit his recommendation plus the form to the ACTA Office which will issue a Referee badge to the candidate.

Any candidate who has failed and wishes to be re-examined must be re-examined by the same Examiner.

- (b) Rules Supervisors will keep a record of all Referees in their State.
- (c) A club management complaint against any Referee or Referee Examiner shall be referred to the nearest Rules Supervisor within the State for investigation. The Rules Supervisor has the power to suspend the person concerned until the next State Association meeting. If justified the State Association has the power to further suspend and recall the Referee or Referee Examiner's badge and shall advise the ACTA Secretary of the action taken.
- (d) Referees shall be appointed for a period of five (5) years and are eligible for re-examination. Any Referee or Referee Examiner who fails to register in any year will have his name automatically removed from the Association Referee and Referee Examiner list.
- (e) The Referee's decision in all cases coming under his jurisdiction as set forth in the rules, shall be final. Referees must wear their official badge at all shoots.

8.12 SCORER

- (a) The scorer shall keep an accurate record of each shot, according to the Referee's call. He shall mark the figure "1" for the call of "one" or the figure "0" for the call of "lost", for each target.
- (b) The official score must be kept on a score sheet and be available for inspection by the competitor.
- (c) If the scorer is incompetent at scoring the referee has the right to change the scorer before commencement, or during the event.
- (d) It shall be the responsibility of the competitor to check his score with the score sheet before leaving the skeet field. Any protest on his score must be lodged with the Referee immediately i.e. before leaving the shooting track. Such protest can only be made against incorrect score.

8.13 BREAK RECOGNITION

- (a) The A.C.T.A. recognises BREAKS in sequences of 50, 75, 100, 150, 200, 250 and so on, provided the break is shot in competition on one day only excepting over a program of two or more successive days.
- (b) Break badges may be earned provided that the break is achieved from events of the same nature.
- (c) No practice between events is permitted and breaks must be continuous.
- (d) Shooting at not more than two sighter targets (not to count) prior to the commencement of an event does not terminate a break in progress.
- (e) Clubs must submit form Number 17, duly completed to the A.C.T.A. Secretary, together with the prescribed fee for each requested badge, before recognition can be considered, or granted. Break badges once they have been obtained will not be repeated.

Team Shoot D/B C/S: A: B. Wedd 29-29, J. Johansen 31-32; B: C. Wohlfeil 27-27, C. Thomas 28-29; C: C. Baxter 22-25, A. Keen 23-28; Wilkawatt No. 1 Team 114-125; OA: B. Wedd 29-29, 10T P/S 10T D/B C/D: A: D. Beelitz 38-40, I. Hein, P. O'Connell, L. Martin all 37-38; B: T. Famigletti 36-40, T. Heinzel 35-40, F. Keen, A. Keen both 34-40; C: T. Smart 37-40, R. Mueller, S. Hattam, J. Rundle, R. Sandowall 32-40. Veteran: R. Hill 79-90. Ladies: W. Newell 68-90. HG: L. Martin 87-90. It was very pleasing to see eight lady shooters amongst the competitors at this shoot.

MOUNT GAMBIER 9-6-84 — Excellent (35). 25T Continental C'ship: OA & A: M. Whitehead 35-35, T. Reschke 34-35; B: L. Sims 24-25, N. Manson 31-32; C: C. Smith 23-28, C. Elliott 22-28. 25T District D/B C'ship: OA & A: K. Holmes 269-269, T. Reschke 268-269; B: A. Famiglietti 34-35, B. England 32-33; C: C. Smith 23-25, A. Moody 22-25. 15T Hop: C. Elliott 15-15, N. Manson 24-25, M. Medhurst 23-25. Open HG: M. Medhurst 63-65, Junior HG: B. Reschke 43-65. The club wishes to thank the sponsors of the day, expressly the Trident Tyre Centre and Morrison Motors. Congratulations to the many possibles shot on the day, and to the fine shoot-off in the feature event. Congratulations to Max Medhurst on winning the open high gun for the second month in a row.

NOARLUNGA CITY — Cold (52). 10T D/B E/O C/D: R. Wilhurst, J. Gerogles, K. Polst, M. Martini, P. D'Aleandro, A. Dunn, D. Oliviero, P. Marconi all 10-10. 25T D/B C'ship: A: D. Oliviero 26-27, J. Johansen 25-27; B: R. Smith 25-25, I. Shand 44-45; C: D. Wilton 23-28, S. Gerogles 22-28. Novice: B. Jackson. Ladies: A. McVicar 22-25. Jr Winchester: D. Wilton 20-25. Ladies HG: A. McVicar 30-35. HG: D. Oliviero 47-48. 20 Pr Zone D/D: 1st Metro Martini, D. Oliviero 16-20; R. Dean, J. Johansen 15-20; Best C: Barbara Wallace & Marie Martini 11-24. Best Ladies: C. Reilly, S. Gerogles 9-25. Ray & Pat Mack trophy: R. Smith 25-25.

PORT AUGUSTA 17-6-84 — Fine — strong head wind. State Ball Trap: A & OA: Gary Bollen 91-100, D. Lymn 90-100; B: R. Bisi 85-100, J. Muscio 83-100; C: J. Holder 75-100, L. Trebilcock 74-100. Event 2: A: Gary Bollen 23-25, R. Pitt/G. Bollen 23-25; B: R. Bisi (OA) 24-25, D. Lymn/C. Bentley 23-25; C: T. Dipalo 21-25, R. Surfield 20-25. Zaniol Shield: Whyalla 139-165, Port Lincoln 138-165, Port Augusta 100-125. HG: Gary Bollen 114-125.

PORT LINCOLN 6-5-84 — Fine (26). 10T D/B E/O: J. Curtis, R. Surfield, B. Puglisi, I. McCallum, R. Pitt, D. Woolford, D. Lymn, T. Stratford all 10-10. 100T D/B Graded: A: Grant Bollen 135-136, R. Pitt 134-136, W. Moritz 96-100; B: C. Woolford 97-100, I. McCallum 91-103, G. Docking 90-103; C: A. Woods 92-100, K. Parker 90-100, P. Myketasch 88-100. OA HG: Roy Pitt 109-110. Roy also earned his 100 break badge, D.T.L.

PORT LINCOLN 9-6-84 — Cold & windy (25). 100T Skeet: A: J. Sumner 98-100, G. Bollen 89-100; B: T. Stratford 95-100, G. Docking 90-100; C: J. Thompson 87-100, T. Heard 83-100. This was the first time the club has held 100 Tgt Skeet event and it was a great success. The same event will be held in June next year.

PORT LINCOLN 10-6-84 — Cold & windy (27). 5T E/O: A. Woods, K. Heard, J. Curtis, R. Surfield, L. Moia, A. Innes, J. Innes, T. Kloeden, A. Suter, D. Lymn, G. Lymn, Grant Bollen, J. Thompson, T. Stratford all 5-5. 25T P/S 15M: A: D. Lymn 75-75, R. Surfield 83-87; B: Bob Britcher 76-75, Kim Parker 74-75; C: A. Suter 71-75, A. Phillips 73-84. 50T D/B 15M: A: D. Lymn 50-50, R. Surfield 55-58; B: T. Kloeden 48-50, T. Heard 47-50; C: J. Averis 48-50, A. Phillips 55-58. OA HG: Dennis Lymn 130-130. Shoot off for 2nd A Grade in point score event won by Ron Surfield 83-87 from Trevor Stratford 82-87. Shoot off also for 2nd C Grade: A. Phillips 73-84 from J. Thompson 72-84. Shoot off for 2nd A Grade in D/B event: R. Surfield 55-58 from T. Stratford 54-58. Shoot off for 2nd C Grade: A. Phillips 55-58 from P. Myketasch 54-58.

ROBE 10-6-84 — Fine (19). 25T Cont C'ship: A & OA: C. Kneebone 25-25, V. Beyer 25-26; B: A. McIntyre 24-25, G. Dinning 23-25; C: C. Brammer 23-25, D. Rehn 22-25; FM: D. Moore 21-25. 20T Cash Hep: C. Brammer 21-21, T. Denardis 20-21, D. Moore 19-20.

SAGC 3-6-84 — Perfect (57). June Skeet C'ship: OA & A: R. Dower 48-48, G. Giles 47-48; B: I. Campbell 24-25, T. Gurr 23-25; C: B. Hansen 28-29, J. Johansen 27-29. June Skeet Hep: B. Hansen 96-100, T. Shoot off for 2nd and 3rd in Hep event as above.

Zone competitions are usually shot one event to each club in the zone. This year it was decided to have a zone carnival and shoot all zone events over one weekend to try to cut down on travelling expenses for shooters. The host club was Whyalla Gun Club and the weekend was such a great success that the zone committee has voted to hold the carnival again next year, at Whyalla Gun Club again, as this is the most central club for all travellers. Shooters travelled from Ceduna, Wudinna, Port Lincoln, Ungarra, Port Augusta, Port Pirie and Adelaide.

WILKAWATT 10-6-84 — Cool, cloudy (34). 20T Whelan Family Grd Hep: 11-14m: L. Schubert 22-24, F. Miller 21-24; 15-18m: T. Pfeiffer 20-20, G. Sparrow 32-33; 19-25m: D. Beelitz 22-23, J. KOJONUP GUN CLUB CHANGE OF DATES

Sunday August 19

Club mixed targets championship

Sunday October 28

A. R. Anderson Memorial and zone D/B Point
Score championship

Darren Lithgow (Jnr) 96-100, T. Simpson 94-100. 25T DB ACTA Hop: A. Hocking 51-51, A.J. Cole 50-51, A. Quadrio 39-40; 11-13m: C. Pobjoy 28-27; 14-15m: J. Dowsett 35-36; 16-19m: R. Baker 33-34; 20-25m: N. Johnson 29-30. 25T Points Dist C'ship 15m (Graded): A: M. Callaghan 87-87, G. Couzens 84-87, M. Alexander 83-84; B: L. Coster 74-75, J. Dowsett 73-75, E. Hoggard 72-75; C: L. Della Bosca 72-75, B. McShaner 70-75, I. Jones. 25T Continental Dist C'ship 15m (Graded): A: N. Johnson, M. Alexander, T. Vadden; B: A. Watson, W. Bridges, A. Hocking; C: I. Jones, T. Simpson, B. Edgar. OA HG: M. Callaghan; OA Ladies: J. Neve; OA Juniors: D. Burchard. EGCC wishes to thank business people of Kalgoorlie for sponsorship received and also donors. Events on both days finished in good light. Presentation and barbecue held on Sunday evening. Visitors from Geraldton to Esperance attended although C.M.T. Club was conspicuous by its absence of representation this year — obviously due to work commitments. Nevertheless an enjoyable weekend for all.

EASTERN GOLDFIELDS 10-6-84 — Fine & mild (12). 25T Skeet: Jim Neve, M. Bell. 25T Skeet Club C'ship: Jim Neve, M. Bell, D. Nowland. 10T Tower Points: Jim Neve, M. Bell, W. Edgerton. 25T ACTA Trend Mug: W. Edgerton, L. Normington.

EASTERN GOLDFIELDS 24-6-84 — Fine & cool (18). 30 DB Tower Pts Club C'ship: Jim Neve 89-90, Jeff Neve 85-90, N. Johnson 81-90. 15T DB Sweep: 5 possibles.

EDGEHILL 2-6-84 — Drenching rain (20). 30 DB Cont: Despite the drenching conditions, scores were of a high standard, with Garry Poller shooting a fine 29-30 to win the Back Mark trophy while Errol Poller shot 28-30 to win the front mark.

EDGEHILL 19-5-84 — Fine (21). 25 Skeet 10 Cont 15 DB: A lengthy shoot off was necessary to decide the winner of the skeet but Ron Wilson 22-25 showed the field his true form. Well done Ron. Back Mark went to Max Cubic 25-25. Front Mark went to Neil Dowey 25-25.

ESPERANCE BAY 24-6-84 — Fine & mild (22). Skeet Hop: J. Locke, E. Burchard, D. Shenton.

GERALDTON 27-5-84 — Windy & wet (29). 50T D/B: After the first round of 25T there were just two possibles, these shot by R. Baker and A. Filgate. The second round of 25T saw J. Chandler come in with the only possible. The HG was R. Baker with 48-50. Most improved went to S. Hocking. An extra event of 10T D/B was held to finish off the day. This saw only two possibles and resulted in a shoot off between D. Wellington and A. Hocking. The winner was A. Hocking with 11-11.

GERALDTON 20-5-84 — Cool & windy (24). 50T Skeet C'ship: The first round of 25T saw two possibles. These were shot by B. Chandler and J. Bunter. The second 25T saw J. Medhurst and S. Johnston come in with possibles. A shoot off between D. Wellington and B. Chandler saw D. Wellington take out the sash, leaving B. Chandler second. Intermediate champion was E. Daw. To finish the day a half round of Skeet was shot resulting in one only possible shot by J. Bunter.

GERALDTON 11-6-84 — Warm & sunny (34). On Sunday 11th June 34 shooters contested the Geraldton Gun Club's Champion of Champions Club Championship. Ray McDonald was the winner with a very good score of 75-78. A close second was E. Daw with 74-78. Carlo Zorino was the Intermediate Champion. It was good to see Ray return to the club after being at the Islands and in such top form.

GERALDTON 24-6-84 — Cold & cloudy (28). 25T Skeet: A. Hocking 25-25, M. Watson, R. Baker, O. Bunter all 24-25. 25T Skeet: A. Hocking 25-25, O. Bunter, F. Bombara both 24-25. High Gun was A. Hocking with 50-50. A shoot off for most improved between J. Hartley and T. Harris resulted in a win for J. Hartley.

NEW SOUTH WALES

ALBURY WODONGA 10-6-84 — Fine (50). Keith Hodge Memorial D/B C'ship: OA & A: R. Glenn 48-48, B. Lierson 47-48; B: C. Mason 24-25, G. Pinner 33-35; C: J. Clarke 26-27, P. Mason 25-27. Junior Trophy: R. Bulle 13-25. Winning team on Event 1: Albury 119-125 — F. Plas, I. McGeoch, K. O'Brien, A. Collins, G. Agnew. 20T Hop: OA: R. Cugley 30-30; 11-14m: T. Matthews 27-28; 15-19m: K. numero uno

What else can you say about one of the finest pieces of engineering excellence in the world today - crafted in a 300-year-old Italian tradition that is truly and uniquely Beretta.

The Beretta A 302 Mobilchoke is well-balanced, superbly finished and reflects the mystique of this tradition.

This gas-operated semi-automatic shotgun features a pistol grip; hand-chequered stock; four shot capacity; a receiver that's machined out of solid forged alloy; gold bead sight; high, wide vented rib; and four interchangeable chokes - Improved Cylinder, Improved Modified, Modified and Full.

With the chokes removed and the barrel collar in position, the A 302 may be used as Cylinder Bore for Skeet. That's five variations from the one Gun! No wonder we call it... Number One.
