**Precision Mating of Barrels.** The mating of barrels of any over and under shotgun is one of the most critical aspects of the gun's construction. Each set of barrels is precisely fitted to the breech block system on the Athena. Then the breech block itself is hand fitted to the receiver for the closest tolerances possible. All models of the Athena are equipped with matted, double ventilated top and side ribs and bead front sight.

**Stock and Forearm.** The Athena stock is carved from specially selected Claro walnut. Each stock has fine line hand checkering. The durable high lustre finish serves to protect and preserve the beauty of the Athena for years to come. To complete this beautiful shotgun Weatherby has added a rosewood pistol grip cap with white line spacers and the famous Weatherby diamond inlay, and a full recoil pad. The forearm is full sized with finger grip channels on each side.

**Trap model Athena shotguns** are available only with Monte Carlo style stocks. The trap gun features a wider rib, a centre brilliant bead and a front white bead, and a curved recoil pad. This special trap style pad is designed to fit the shooter's shoulder in a manner that enables him to return the shotgun to the same position for shot after shot consistency.

A plus for the trap and skeet reloader who wishes to retain his fired cases, Weatherby offers a unique feature not found on all shotguns. By merely removing the ejector and ejector spring, and then replacing the ejector only, the fired cases may be extracted manually, rather than ejecting automatically and falling to the ground when the gun is broken open.

The Athena ... truly the summit of achievement in the gunmaker's art.

## EXECUTIVE DIRECTOR'S NOTES

The Australian Sports Commission has advised us that the Minister of Sport, the Hon. John Brown, has approved a total grant of \$45,000 to the Association from the Sport and Recreation Development Program for 1984/85.

This is made up of \$5,000 for general administration, \$25,000 towards funding the National Coaching Director, \$5,000 for coaching projects, \$5,000 for attendance at the World Skeet Championships, and \$5,000 for development projects, specifically the conduct of referee seminars to upgrade the standard of refereeing.

This represents an increase of \$10,000 or 29% on our grant for the previous year.

The shooting sports received a total of \$167,000, made up as follows:

Australian Shooting Association	\$58,000
A.C.T.A.	45,000
Pistol Shooting	29,000
Field and Game	13,000
Small Bore Rifle	12,000
Big Bore Rifle	5,000
Sporting Shooters	5,000
Total	\$167,000

The Hawke Government continues to honour its commitment to develop sport with these hefty increases, and the Minister is to be congratulated on the strong stand he obviously takes in Cabinet, on behalf of sport.

The Skeet Nationals are but a few weeks away, and again interest is building up among the dedicated skeeties.

Melbourne Gun Club will be in readiness and have seven layouts in operation.

Enjoy your shooting.

# OUR HISTORY IN WORDS AND PICTURES

— George Biggs

The formation of Nobel Clay Bird Club in 1927 was the signal for other clubs to do likewise, firstly in other parts of Victoria and then Tasmania. During the several years that followed many shooters expressed their liking for clay bird shooting. At the expense of the live bird clubs the new shooting sport also attracted a different type of shooter who was not interested in live birds, but saw the clay bird as an opportunity that would give them more shooting and at less cost, as well as a greater enjoyment.

During the early years of our sport the words clay bird was used to describe the target. However, it was changed to clay pigeon some years later, and finally to clay target in order to remove any reference to live birds. Our first National Association was known as the "Australian Clay Pigeon Trap Shooting Association". The title was also later changed to "Australian Clay Target Association". It was formed in 1937 and Mr Jock Wilson was appointed President of the new National Association.

In the years between 1927 and 1936 clay bird shooting continued to grow. Numerous small clubs were formed wherever there was an interest created. Their programs were mostly a fun shooting day for small trophies. An afternoon shoot would consist of a five bird and a 10 bird event. More often than not the club was in a corner of someone's paddock, where you had to be careful not to step in fresh pancakes left by the cows.

The trap house often consisted of bales of hay or railway sleepers placed around a stump, to protect the trapper. The trap itself being one of the early I.C.I. Plus type that must be cocked by hand and angled by the trapper at his discretion. You can imagine how slow the target release was. (Fortunately there were no temperamental shooters in those days, you simply took what you got and stayed happy).

Unfortunately, because clay bird shooting equipment was simply not manufactured in Australia prior to World War Two, most clubs could only program shoots when clays (which mostly came from England), were available, likewise cartridges also were imported.

For quite some time the Nobel Club had the only automatic angling trap, it was an American made competition trap known as a Black Diamond. Many of these traps were imported and used throughout Australia until well into the 1950s. The Black Diamond trap was completely automatic angling that could throw targets through a 90 degree angle. However, it had to be handcocked and released

ed by hand. This was done by having a tube and rod underground from the trap to a fixture at the rear of the centre shooting track. An upright lever provided the puller with the means to cock the trap and by pulling the lever backward would release the target when each shooter called pull. Result was that most releases were inconsistent.

As I have mentioned earlier, I.C.I. Nobel Company were instrumental in establishing the Nobel Club. They also supplied the ground and equipment.

By early 1929, membership of the Nobel Club had increased and several other clubs had formed both in the city and country. Generally these clubs had been live bird shooters and decided to go over to clays. Obviously a situation was developing whereby registered live bird club members were shooting at clay bird clubs, that were not affiliated with the Gun Clubs Association, who were becoming increasingly concerned by the possibility that they could be outnumbered and loose control of trapshooting and registration fees. This prospect brought about several months of verbal discussion and correspondence with Nobel Club Committee and members for very little gain.

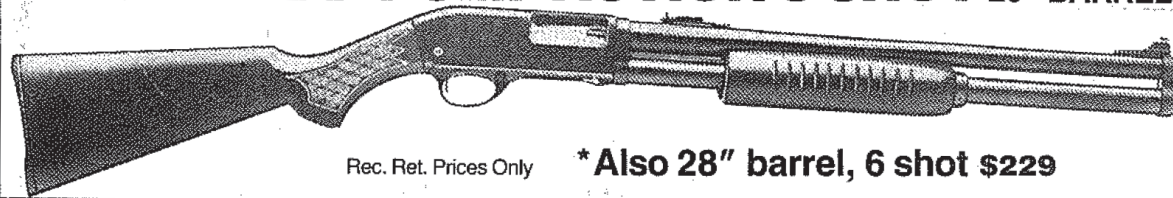

The following copy is a quotation from the original Minute book of the Nobel Club during late 1928 and early 1929.

• Jock Wilson, first A.C.T.A. National President, served in this position for 20 years, 1937-1957. Jock was the longest serving president. The picture shows him in his 1956 Olympic Games uniform.

● Jock Wilson today at the age of 88 with his daughter, with whom he lives, Mrs. Clover Glover. Also pictured is former A.C.T.A. President Tup Pedersen.

18/9/28 — Annual meeting Nobel Clay Bird Club a recommendation was made by Mr A.C. Robinson to hold a Clay Bird Championship of Australia. Mr H.G. James supported the motion — unfortunately almost two years passed before this Championship was finally staged.

24/10/28 — Committee meeting, deals with a letter from the Gun Clubs Association. Mr Sutherland explained that he had a word with Mr Turner who thought it would be advisable to compromise with the Gun Clubs Association and ask them to accept 2/6 per each member of the Nobel Clay Bird Club.

Mr Turner, Mr Hall and Mr Bloom all discussed the question and it was finally resolved that we would not join the G.C.A. — but would like to harmonise with them wherever possible.

Mr Hall and Mr Bloom were elected delegates to the G.C.A. meetings. The two delegates were instructed that they were not to advise the G.C.A. meeting of our attitude re: joining the G.C.A., but were to listen to what the meeting had to say and bring back their report.

8/11/28 — Committee meeting. Nobel Clay Bird Club, Mr Turner spoke on the G.C.A. Report and thought that it should be made known to all members.

The Secretary maintained that the Committee had power to deal with the matter of the G.C.A. request and the Committee should give a decision immediately.

Vice President Mr F.C. Cliff spoke to the meeting with much feeling on the conduct of the club and was disgusted at the open betting of several men and one man, who was the worse for drink, being allowed to shoot.

Mr Hall informed the Committee that his impression of the G.C.A. meeting was that they only wished our Association with them and control us later and further no reason why we should join.

Mr Bloom also spoke similar to Mr Hall, at this point much discussion had taken place and every member had spoken on the matter.

Mr Cliff then moved, seconded Mr H. James, that the matter of affiliation be deferred to our next General meeting. The Secretary was instructed to advise the Gun Clubs Association re: the outcome of the meeting.

Over the next several months, further discussions were held and finally 22/1/29 a special ballot meeting was held to finalise the issue — result of the ballot — declared 44 against joining Gun Clubs Association; 30 for joining Gun Clubs Association.

Mr Jack Sutherland proposed a vote of thanks to Mr Pool and Mr Miller for the manner in which they handled the ballot.

Unfortunately this ballot was not to be the end of the matter. And sure enough, the problem surfaced again at the next committee meeting of the club.

Mr Guthrie, Manager of Nobel's was present and wished to address the meeting to explain his attitude towards the club and that he wished Nobel Club to join the Gun Clubs Association as his company's policy was to foster all kinds of shooting and he would like to hold Championships on the Nobel ground. While he realised there was a great number of the members who were against joining, he did think it could be overcome by forming two clubs and the second club be called another name and not have to register with the G.C.A.

A great deal of discussion took place by the members of Committee and visitors. Mr Hall very clearly defined the position of the Nobel Club, stating that the club must abide by the majority vote taken at the special meeting called, and asked Mr Guthrie if his company was willing to allow the club to carry on as usual. Mr Guthrie said decidedly yes. It was then agreed to allow Mr Guthrie to take the name of "Nobel" from the present club and that they would rename the club and carry on without joining the G.C.A.

At this point, Mr H. James resigned as Club Secretary. It was then moved and seconded that the name of the club would be Melbourne Amateur Clay Bird Club (Carried).

Mr E.B. Turner Vice President and Mr F.C. Cliff then tendered their resignation which was accepted with much regret.

5/3/29 — Next Committee meeting. Club President Mr Evans, explained to the meeting that he had had an interview since the last meeting was held with Mr Guthrie whose wish it was now that this club retain the name of "The Nobel Clay Bird Club". It was then moved by Mr Bloom, seconded by Mr Hall, that the motion passed at the last meeting relative to renaming the club be rescinded, and that the club's name be "The Nobel Clay Bird Club" as originally — Carried.

A motion was then moved and seconded that the secretary write to the Gun Clubs Association of Victoria advising it that Nobel Clay Bird Club had decided not to affiliate with the G.C.A. The Secretary was also instructed to send a circular letter to all members of the Club advising them of the result of the ballot re: affiliation with the G.C.A.

● Jock Wilson and Bill McCullough pictured at the Australian Gun Club during the 1950 National Championships. Bill McCullough, the first A.C.T.A. Secretary, was appointed to the position in 1938. Bill worked from his home until 1946. During this period he received 10/-, or \$1 per week, which later was raised to 30/-, or \$3. He did have other employment during this time with the Victorian Dairy Corporation. Bill retired from his position in 1965.

## AROUND THE TRAPS

A club membership analysis taken at the end of June, 1984, has shown a decrease in A.C.T.A. registrations, as against the same period last year. This is disappointing for our organisation, and a responsibility rests with all members and club administrators to try and rectify the problem. There is evidence of clubs allowing shooters to compete in open events without producing current handicap cards.

In some cases, on investigating a shooter's complaint, that he had not received his handicap card, and his copy of C.T.S.N., it has been found the complainant had paid his A.C.T.A. fee to his club secretary, but it had not been forwarded to A.C.T.A. for processing. Through no fault of their own, these shooters compete in events, win grade trophies, and yet do not have a card to produce for recording their 15m performances. This is not good enough for our sport.

● At the Victorian Junior Titles, sons and daughter of top Australian shots — L. to R.: Christopher Iles, Ryan and Keiva Lowry.

**Saturday September 2, 1984.** The Victorian Clay Target Association conducted their Victorian School Boy/Girl Championships at Bendigo Gun Club. Thirty entries were received with competitors receiving plenty of support from Mums, Dads, Aunts and Uncles. Robert Small, Ryan Lowry, Wayne Vella, Brett Woodhatch, Glen McKenry and Daryl Burton shot 10/10 in the Victorian Double Barrel title. Glen McKenry from Geelong, to the delight of his Uncle Graham, outlasted the field and won with 84/84, from Kerang boy, Daryl Burton on 33/34. Jason Ross, Brett Woodhatch and Glen McKenry, all carded possibles in the Single Barrel.

Glen McKenry, Geelong, made it a double by taking the honours in this event also, with 12/12. Jason Ross from McArthur, was second. Michael Huehn, Julian Kean, Wayne Vella and Peter Wilson put possibles on the board to make the shoot off in the Points Championship. Julian Kean from Tasmania, was too strong for the field and shot a splendid 78/78 to win the title. Michael Heuhn 75/78 was

second. Brett Dunstan and Daryl Burton on 95/100 won the best pair honours. Wayne Vella, Julian Kean and Brett Woodhatch 47/50 had to shoot off to decide overall High Gun.

Wayne Vella, Melbourne, was too good in the shoot off and finished with 83/90 to win, and take the Bill Attwood High Gun Trophy. The State Association is appreciative to the Bendigo Gun Club, Olimpyc Targets and Bill Attwood for their support and sponsorship given to these titles. At the club shoot that followed the School Boy titles, Leigh Knight 45/50 won Overall and "A" grade in the State Mini Target Championship, "B" grade went to Julian Kean from Tasmania 43/50.

Suitable for any modern shotgun barrel, the patented E.D.M. process assures the gun owner of a smooth incision of exact dimension. There is no damage to the metal surrounding the ports, nor to any finish on the barrel.

It should be noted that Pro-Porting a Shotgun • does NOT reduce velocity • does NOT affect inherent accuracy • does NOT raise the noise level. • does NOT change shot patterning.

#### PRO-PORTING

- DOES reduce muzzle lift
- DOES reduce perceived recoil.
- DOES increase the value of a firearm.

The Points Score Championship on the program was won by Ken Lowry, being the only shooter to card a possible 75/75. "B" grade went to Angela Johns 74/76 and "C" grade to Anthony Jolly 72/75.

**Friday September 7, 1984.** Took a trip to St. Arnaud Gun Club, one that is new on the list of clubs registered with the A.C.T.A. This was my first visit to this club and I must compliment the management on its enthusiasm and ability to organise and run a shoot. John McVitty is club President, and showed his capabilities as number one, by keeping things moving and under control. The club, even though only new, attracts excellent attendances.

Coaching of new and novice shooters was organised prior to the program commencing. Well known shot, Alf James gave his time and knowledge to those who took advantage of this service. In the 15m graded trophy shoot on the program, "A" grade went to Graham Young, "B" grade to David Bertalli and "C" grade to Greg O'Shannassy. The Double Rise Championship went to Graham Young 25/30 after a shoot off with Alf James.

**Saturday September 8, 1984.** With another promising wheat harvest showing in the Wimmera area, Horsham Gun Club had little trouble attracting sixty-three shooters to its monthly shoot. This club is fortunate in being centrally situated and in reasonable travelling distance to many keen shooters.

Jim Taylor, as well as being competent with the shot gun, is club President and carries out his responsibilities with great enthusiasm. He is also a member of the North West Zone Council and works towards improving the sport for all. To prove his prowess with the gun, Jim won the Double Barrel Continental Title on the program, scoring 32/32. Kim Holmes from Mount Gambier carded 45/45 to win the Marine Double Barrel Championship.

**Sunday September 9, 1984.** The Victorian Clay Target Association conducted a Club Presidents and Secretaries

● Daryl Smith on left, Pooncarie 20th Anniversary Champion, and Larry Dimasi, High Gun winner, being congratulated by Club Vice-President, Ted Smith.

Seminar at Horsham Gun Club. The venue was patronised by clubs from both the South West and North West Zone areas within the State. It was disappointing to note that officials from clubs that could have been advantaged by this Seminar, were noticeable by their absence. It is important for us to improve our communications level, right through our administration.

A Seminar such as this gives the ground work for that to happen, whilst also assisting club administrators in general knowledge of club management. State President, Bob Buchan chaired the meeting and introduced speakers. Executive Director, Mr Ian Hill explained to the meeting, the structure of the A.C.T.A., from club to National level.

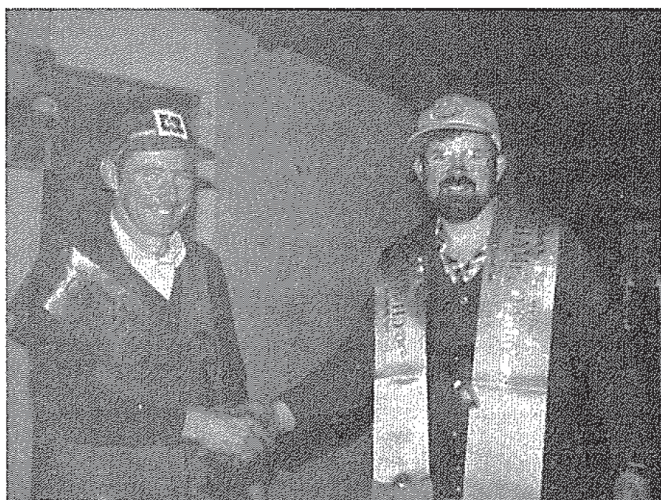

State Secretary, John McElvogue addressed the meeting on Government Subsidies, Firearms Grant, Sports Assistance Grant, Coaching and Victoria's 150th Anniversary Celebrations. Mr Harry Brooksby, Victorian State Coaching Director, explained the role of the club coach as well as introducing the level two coaching format. Melbourne Solicitor, Mr Brian Clark, advised on Club Incorporation procedure and implementation.

State Vice President, Robbie McDonald, State Treasurer Jack Matthey, and State Secretary John McElvogue, spoke on importance of club committees and communication with emphasis on the responsibilities of club Presidents, Secretaries and Treasurers. For those who were unable to attend the seminar, another of its type will be run at the Melbourne Gun Club at a later date. It is a service provided free by your State Association and well worth attending.

**Saturday September 15, 1984.** Pooncarie Gun Club in N.S.W. celebrated its 20th year of operation with 35 shooters and families attending from Broken Hill, Menindee, Mildura, St. Arnaud, Stawell and Ouyen. Although several of the original members of this club have long since given up the sport, and opted for other interests, there is still a keen following from the younger generation to keep the club going.

Being one who assisted in installing the traps when the club first started twenty years ago, I was most anxious to attend this shoot and join in the celebrations. Well known names in the shooting world like Barnes and Wakefield, who originally came from, and have assisted in developing the club and sport in this area, appeared on the squad

sheets. The club is situated just out of the Pooncarie township, adjacent to the race course and air field.

Ted Smith held the position of club President for the first eleven years, and along with the Barnes, Wakefields, Nugget Smith, Lamberts and Reids, assisted in establishing the club. Because of the absence of club President Dave Lambert, Vice Presidents Ted Smith and Frank Barnes were hosts to all in attendance. The social atmosphere seems to be something this club has always been able to excel in.

No doubt some of this is attributed to the efforts of the women folk, who provide top class meals during the tournaments. Keep up the good work Pooncarie, you are a unique club. It will be a sorry day for our sport and shooting if this club is ever lost from the shooters calendar. Weather conditions were excellent for the celebrations as well as shooting. Results of the events on the program were: the Point score trophy shoot, 1st Laurie Connors 45/45; 2nd Larry Dimasi 56/57 and 3rd John Caskey 55/57. Rick Tassone was best front marker 42/45.

The major event, the Club Twentieth Anniversary Championship, went to local club member, Daryl Smith 46/46 with Larry Dimasi 45/46 second. "B" grade 1st Kevin Nichols 32/32 and 2nd Danny Curran 30/31, "C" grade 1st Adrian Loxton 23/25 and 2nd Bill Crozier 30/33. Col Dooley from St. Arnaud shot 35/35 to win the Handicap trophy shoot, with Adrian Loxton 34/35 2nd and Arnold Lambert 25/26 3rd.

The Pooncarie Shield team shoot went to the Mildura team of Kevin Nichols, Rick Tassone, David Farnsworth, Clarry Barnes and Ron King with a score of 88/100. Larry Dimasi from Mildura captured High Gun Honours with 58/60. Thelma Smith scored 38/39 to win the Ladies shoot with Margaret Smith 37/39 2nd and Helen Every 17/18 3rd. Congratulations Pooncarie on your contribution to the sport over the past twenty years, and my personal thanks for your hospitality on this day.

• Winners at Geelong, L. to R.: Clem McHenry, Allen Davis and Walter Robinson.

**Saturday September 22, 1984.** Geelong Gun Club featured a Double and Single barrel championship, as well as a handicap event on its clubs shoot program. Thirty-eight shooters attended, with the weather overcast and light showers. Double Barrel honours went to Walter Robertson 62/62 with Allen Davis taking 2nd 61/12 and Peter Torok 41/42 3rd.

Glen McHenry won the front marker trophy 18/20. The Single Barrel, shot as a graded event went to "A" grade shooter Allen Davis 29/30, "B" grade, Carl Butcher 19/20 and "C" grade, Glen McHenry 19/21. In the 20 target grouped handicap, Glen McHenry won the 11-15m group, Ray Sadler 16-20 and Allen Davis 21-25 group.

**Saturday September 29, 1984.** Sebastopol Gun Club was host to the South West Zone Trap Carnival. Seventy-one shooters entered the events. This was by far the best attendance ever, since the Carnival's inception. The organisers, the South West Zone Council, were most delighted with the Carnival's overall success.

State President, Bob Buchan attended with many visiting shooters from the South East Zone, being attracted for the event, particularly members of Werribee Gun Club. Weather conditions were cold with intermittent showers, making it a little unpleasant for shooting.

Trever Smith recorded 46/46 to win overall honours in the Zone Double Barrel title, with Ron Clark 45/46, "A" grade first, and Len Cook second. Jeff Holloway 36/37, "B" grade first and Bob Lenton 25/26 second. Bob Rundell 39/40, "C" grade first and Frank Crimmin 25/27 second. Jan Owens won the best ladies honours with Scott Cook taking the Junior's trophy and Howard Durbidge 23/25 being best veteran.

In the Zone Points Score Championship, Garry Went was the only shooter to record a possible 75/75 and so won "A" grade and overall honours outright, Terry Greed 77/78 second, "B" grade first, Bill Abbott 71/75 with Mal Cox 69/75 second, Craig Gray 69/75, "C" grade first with Les Harnden 69/78 second. Frank Crimmin won the Handicap event with 22/22, Glen Walter 21/22 second, and Colin Crawford 20/21 third. The back marker's trophy went to State Treasurer and South East Zone Councillor, Jack Matthey 22/24.

Scott Cook won the Junior High Gun trophy 110/135 with Terry Greed recording the best score over all events and taking overall High Gun honours with 110/135.

**Sunday September 30, 1984.** Universal trench shooting was installed at Colac Gun Club several years ago, and it has had its highs and lows in popularity to shooters in the area, with it taking a low over recent years.

The club is under the presidency of Mal Cox at the moment, and every attempt is being made by Mal and his committee to increase shooter activity in this discipline. In my discussions with Mal, he indicated they were having great success, and the club was at present reaping the benefit of good entries in trench events.

In the 100 target Grade Championship, organised for this day, Ray Parker won overall honours with 84/100, "A" grade, D. Neilson 82/103, A. Kinnear 81/103, "B" grade D. Vitkus 74/100, F. Didgan 70/100, "C" grade L. Harnden 69/100, D. Pengelly 45/100.

See you where there is shooting.

# "SHOOTING SHORTS"

by Roger Darwon

"I AM OFFENDED"

As this paragraph goes to pen, I am right in the midst of the N.S.W. press, radio and television barrage, regarding anti-gun-histrionics. To your columnist, this is nothing new, as over the past twenty years, at some time in some place, this writer has been right in the thick of this well worn media WAR-HORSE, sensationalism. To the various forms of media, there is nothing quite like a bit of murder, rape and mayhem to stir up the wild imagination of "Mr Joe Public's" dull existence (mine included) by wetting his appetite with well worn cliches, in order to stir up newspaper circulation, attract radio listeners and prime time television rating. It sure beats lotto-games and bingo raffles as an added incentive to whack down thirty-cents for the daily thunder-sheet.

At the same time, to be fair to the news-houses in all three systems, that's what they sell in the market place. In effect, it's their best commodity. One must concede, that's also free enterprise. One famous Newspaper Editor Douglas Pringle, once put it best this way: "Do newspapers always print the truth?" He answered his own question in one word. "NO". Then went on to say, "Newspapers in effect in most cases, print what people say, per their quote." The paper relies on the given quote.

What offends your columnist, in no uncertain terms is the newspaper that sends out a reporter to cover a story, and he or his paper SLANT that article their way. The radio talk back show that interviews a person on a special subject, then like a cunning lawyer in court, prevents him or her from completing their point of view. Then you have the television reporter who calls by, tapes five or ten minutes of interview, then cuts out or re-splices parts thereof from the REAL interview, in such a distorted ver-

sion, all fairness and continuity of the interview is out of text, and slanted their way. When challenged, their CLASSIC answer is, "We have to cut owing to time, etc, etc!" Good stuff if you believe them.

LASTLY, what does offend me, is the ongoing NONSENSE of COPS & ROBBERS television shows and VIDEO copies of same, of pure TRASH and RUBBISH of helicopter gun ships shooting up towns and cities and more mayhem, murder and rape allowed to PASS the CENSOR and be thrust down the GULLIBLE minds of not only today's YOUTH, but some of the BIG-KIDS as well. Ones who ride around on motor bikes, kidding themselves their Brando from "Waterfront", another movie cult seed that poisoned too many young minds, from just one stupid film allowed into the minds of today's "youth" in the 30 to 40 years age bracket. What are we coming to? "Are we a society ruled by ill-informed Governments and Deadbeats . . . or are we still our own PERSONS?" Yes I am OFFENDED, you bet.

Then to top it all off, normal people in N.S.W. are subjected to the ongoing contrivances of a handful of egregious drug saturated zombies who think N.S.W. is some fool's paradise in which they can re-enact all their favourite movie and T.V. heroes exploits and nonsense anytime they like. As your scribe has penned enough material over the years to fill enough space to fill a small novel, calling time and time again to those in authority, to clamp down hard on the law breakers, and not to DREAM up new laws, (like discount price tickets in an end of season sale) I guess it's not much use even covering that QUESTION one more time. "But yes, I AM OFFENDED, and you can quote me!!" What about you; fellow law abiding SPORTSPEOPLE, are you offended?

## MORE ON THOSE MITCHELL CHOKES

The following is adapted from articles which appeared recently in Ross Williams' column in the sporting pages of the Weekly Times.

Readers may be interested in the progress of the Mitchell choke system, first reviewed in this column in May last year. At last count some 90 guns had been fitted with Mitchell chokes—an average of more than one a week and a pretty impressive record for a specialised custom operation.

The interchangeable tubes are individually made and fitted, the customer specifying the choking he requires. Workmanship is first class. The evenness of the patterns continues to attract much favorable comment and there is no shift in the mean point of impact when tubes are swapped around.

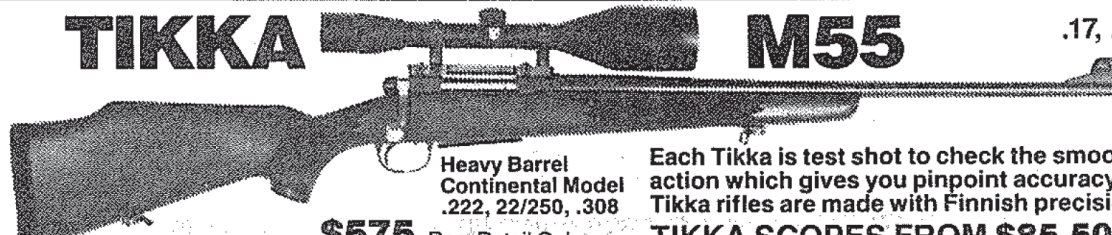

Recently Bob Mitchell altered the design of his tubes in a couple of respects.

One of the changes is, in Bob's own words, "a bit of insurance". Instead of ensuring an exact match between bore diameter and choke entry diameter, which is what he used to do, he now makes a deliberate step down from bore to choke entry. The step is small (about 0.05mm) and any conceivable effect on pattern percentages can be countered during the reaming and honing processes.

Admittedly it doesn't look as nice as an exact match,

Compulsory levy to fund Skeet team to U.S.A.*

# "SKEET NATIONALS COP SOME FLAK"

I feel, once elected to the National Executive, we work in the interest of all shooters Nationally, as well as for those within our own State, with a heavy responsibility to management of A.C.T.A. affairs, particularly its finances.

This being so, it is important, Executive, State and club administrators encourage and develop the sport of clay shooting within their States, to comply with what is happening Nationally and Internationally.

When changes are made, they are usually created by pressures from shooters on delegates who represent them around the Executive table. Changes are not possible unless supported by a majority of those voting. Also any major issues are well publicised, and all Executive have the opportunity to discuss fully any items at their State level, prior to casting their vote.

This was born out in the recent change of separating the skeet from the trap Nationals. After all States deliberated this contentious issue, and the vote finally taken, only one State, using its democratic right, fully opposed the move. To my knowledge, that State accepted the umpire's decision and now fully supports the change, as we all should.

Having the above in mind, it was rather surprising for me to read in October 1984 C.T.S.N. under the sub-heading "SKEET NATIONALS COP SOME FLAK", "Nominations too high", "Why the Skeet was separate from the D.T.L.", "Attendances would improve if the two were rejoined etc".

Regarding nominations, the organising committee arrived at these charges for events by formulating a budget on ex number of skeet shooters they thought they could expect to attract to the 1984 Skeet Nationals. The budget circulated to all Executive for ratification indicated from an expected income of \$12,900 and expenses totalling \$8,516, a profit of \$4,384 would be appreciated to A.C.T.A. funds.

To reach this sort of return, the labour content to run the tournament had to be all voluntary, with the exception of trappers, a trap mechanic and one office staff. This in itself creates a saving of approximately \$1,600 to \$2,000 on expenditure. Remembering too, if we reduce nominations, we reduce profit, but not the work load. I believe the volunteers want to see reasonable profits from their labours, and the shooting fraternity benefit as a whole, not just individual shooters receiving cheap shooting at the voluntary worker's expense.

I feel sure the same applies to those who donate trophies to our tournaments. The first ever Skeet Nationals received support to the value of \$4,000 in this area. The 1984 Skeet Nationals will receive similar support. Profit from the 1983 venue, around \$6,500 was channelled into A.C.T.A. funds, thus assisting top Skeet shooters from Victoria, N.S.W. and South Australia, plus a manager, with a trip, all expenses paid to compete in America. The sport should further gain from their experiences. I doubt if any of this would have been possible without the running of separate Skeet Nationals.

As to "Attendances would improve if the two were rejoined". What a backward step this would be. I wonder if that is really what is needed to improve attendances at D.T.L. Nationals??

Six thousand five hundred dollars profit from the first ever Skeet Nationals in 1983, with a good shooter attendance. The 1984 Skeet Nationals, looking every bit as promising. The possibility of top skeet shooters from America being in attendance.

Could any of this eventuate or be possible if our National Skeet Championship was run in conjunction with the D.T.L. Nationals?

Fifty targets over two days, a profit of approximately \$300 gained, if you are lucky, "I doubt it".

The 1984 D.T.L. Nationals at Wagga did not need skeet to attract satisfactory shooter attendance. It will also be interesting to read their final financial results.

As a keen administrator of our sport, I believe the time has arrived for individual D.T.L., American Skeet and Olympic Trench and I.S.U. discipline Nationals. All must be self supportive, and if possible, a sensible profit margin accrued from each one.

As all States now have the necessary facilities, they should do likewise and organise similar carnivals, to suit their own requirements within their State. This is the only way we have any hope of developing the sport and our shooters throughout Australia.

So come on administrators, stop giving our sport "THE KISS OF DEATH", "STOP THE FLAK WITHOUT THE FACTS", and give the sport and shooters the support they deserve.

Laurie Connors.  
Keen Administrator.

despite its titchiness, yet it is intentional and controlled — much different from the exposed edges left by lazy workmen.

Why has Bob made the change? Well, the advantages of screw-in tubes are obvious, but they are all susceptible to damage during handling — like when you drop them or walk on them. Also it is possible to fail to screw a tube all the way home, either through momentary carelessness or omitting to keep the muzzle recess clean.

If for one or more of these reasons there remains a small gap betwixt the inner end of the tube and the bore, it is possible for gas to force its way into the joint. It may also be possible for wad petals to catch on the lip of the tube. If either happens, the result is likely to be a ruined tube and possibly a split muzzle. Some well-known brands have been subject to this kind of mishap, though one couldn't say it's common.

Bob has always machined an overlapping joint to minimise the chances of wad catching and gas invasion. As I understand it, he hopes that the recently added step will combine with the overlap to make his design even more accident-proof.

Whether the tiny undercut ledge will catch any fouling is something I don't know.

The second change is mostly for looks. The tubes remain the same length as before (51mm) but they sit deeper in the barrel, thus allowing a narrower external collar. In some instances, however, Bob may recommend the older 10mm collar width.

## 1984 GERALDTON CRAYFISH CARNIVAL

Well the day was finally here. After weeks of preparation, the club was ready for its two day carnival.

Saturday saw 100 shooters from all over the State contesting for a magnificent array of trophies which were carefully chosen by our Treasurer, Leslie Watson.

Event 1 was the 25T Cash Graded. The A Grade shooters to take off the money by shooting possibles were: T. Catling, C. Hinkley, G. Holly, J. Harris, R. Burton, N. Hyder, R. Eckersley, M. Alexander, R. Pickard, G. Beard.

The only shooter in B Grade to shoot a possible was C. Hyder resulting in him taking out the best part of the money. The rest was divided between T. Harris, G. O'Brien, B. Boschetti, W. Bridges, J. Lowe and W. Johns.

Again there was only one shooter that shot a possible in C Grade. This resulted in Shirley Hocking taking out the big one. The rest was divided between V. Adams, K. Scadden and Mil Hatch.

Event 2 was the 50 T State Handicap. There was only two shooters to come in with a 49/50 so out they went to shoot it off for the coveted red sash and prestigious title. These two shooters were our own Jean Bunter and visitor C. Riegart.

Jean made history by being the first woman in W.A. to take off a State title (Congratulations go to Jean). This left C. Riegart 2nd Overall. A shoot off for 3rd Overall between C. Hyder and J. Lowe saw C. Hyder come out on top. Unplaced meterage trophies in 11-14 metres went to: 1st J. Dowsett, 2nd G. O'Brien. 15 metres 1st S. Johnston, 2nd W. McSharer. 16-18 metres 1st J. Lowe, 2nd L. Shipp. 19-25 metres 1st C. Hinkley, 2nd T. Catling. The ladies went to Shirley Hocking. Juniors to Glen Watson.

Event 3 was the 25T Crayfish Carnival Graded. Those to take off the Crayfish in A Grade were: 1st J. Harris, 2nd R. Burton, 3rd M. Hatch, 4th V. Bunter. B Grade honours went to: 1st D. Wellington, 2nd B. McCrystal, 3rd P. Wood, 4th M. Watson. C Grade winners were: 1st D. Wetherall, 2nd C. Zorino, 3rd B. Pearse, 4th W. McSharer. 1st Ladies

was S. Edgerton and 2nd was J. Roach. 1st Junior was G. Watson and 2nd was O. Bunter.

Sunday dawned another lovely day. 7.45 am saw many shooters lining up for barrel warmers. It held the promise of a good day's shooting to come.

The first event for Sunday was Event 4 of the program, the 25T National Mutual T&G P/S. This saw D. Wiese, M. Alexander, J. Harris, C. Hyder, T. Holly and C. Hinkley all with 74/75. A shoot off resulted in C. Hinkley taking off the overall. 1st A Grade was D. Wiese and 2nd was M. Alexander. 1st B Grade was C. Hyder and 2nd was T. Holly. C Grade was won outright by G. Kelly with 73/75. 2nd C Grade went to Mil Hatch. Ladies was won by Shirley Hocking. Juniors was won by Owen Bunter.

Event 5 was the 50T S/B W.A. State Championship. This saw E. Dickinson, C. Hinkley and C. Riegart all come in with 47/50. E. Dickinson took out the honours in this one. This left C. Riegart 1st A Grade and C. Hinkley 2nd A Grade. A shot off for B. Grade resulted in D. Wellington taking out 1st place and G. O'Brien second. C Grade was won outright by Glen Watson and 2nd went to C. Zorino. Ladies went to June Roach and Juniors to Owen Bunter.

Well, the Carnival was nearly over, with one event to go and we had C. Hinkley on 218/225, C. Hyder 214/225, C. Riegart and T. Catling on 213/225. WHO will win the overall High Gun.

The last event was the Crayfish Carnival Handicap. Possibles were shot by W. Bridges, C. Riegart, J. Fissioli and M. Tester. This resulted in W. Bridges taking out 1st in 11-14 metres. 2nd went to J. Hickling and 3rd to B. Kowald. 15 metres, G. Kelly was 1st, H. Drane 2nd, and V. Adams 3rd. 16-18 metres saw M. Tester 1st, C. Riegart 2nd, J. Fissioli 3rd. 19-25 metres T. Catling 1st, J. Harris 2nd, R. Pickard 3rd. 1st Ladies went to Mich Alexander and 2nd went to Shirley Hocking. 1st Juniors went to Michael Boschetti and Glen Watson was second.

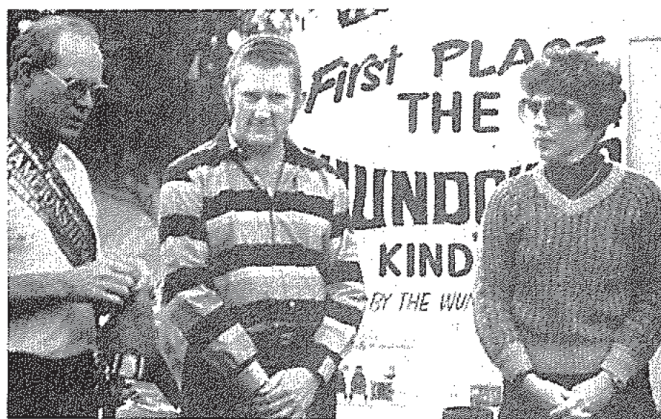

The last event saw Chas Riegart come out on top as High Gun for the weekend and he will take home to Cunderdin the coveted Silver Crayfish Badge and Sash. The veterans trophy went to Stan Joseph. It was good to see the Ladies High Gun go to Shirley Hocking from our own club. Also the Junior High Gun which went to Glen Watson.

# NORTHAM & DISTRICT GUN CLUB BAILEE FARM FIELD CHAMPIONSHIP REPORT

Attendance: 140

At last we had fine weather for the Bailee Farm Hills Shoot and shooters who have experienced both extremes know what a fantastic venue Bruce and Pam Smart's property is, under good conditions.

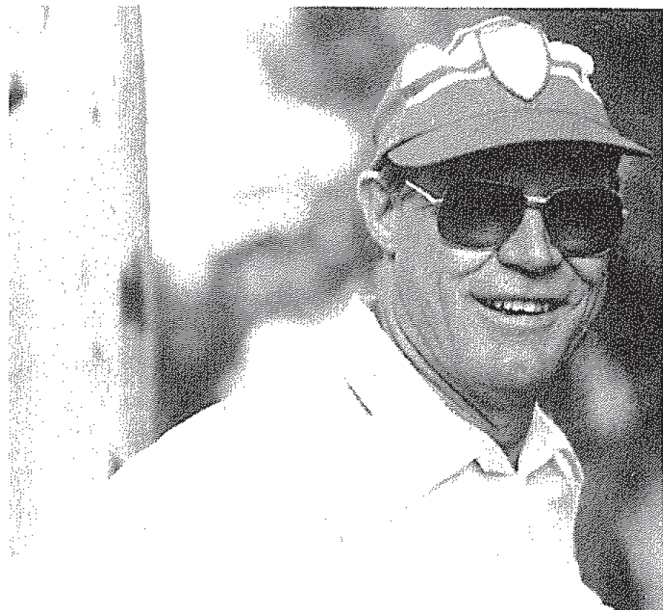

● Overall winner and recipient of the "Wundowie", Robin Bailey (left), responds after presentation by Wundowie Foundry Manager Bill Pearce, and Mrs Pearce.

Chas Rigiart won A Grade. Phil Hodgson once again won B Grade and Paul Dyer the C Grade. 0 to 1 Skeet went to G. Howard; 2 to 3 Skeet, Ted Rose and 4 and Over to Tony Sputore, after an interesting shoot off with Northams' new shooter, John Blechynden.

Ladies trophy was won again by Jean Bunter with her son, Owen, winning the Junior trophy. Merv Madew again took off the veteran trophy. These three also won the overall sash for the two days.

The club's thanks once again goes to Bruce and Pam Smart for the use of their property and to all trophy donors. In particular, Wundowie Foundry and R.A. Lister & Co.

We hope 1984 Bailee Farm was an enjoyable shoot and look forward to seeing you all again next year.

● A winner's smile — Robin Bailey, overall Bailee Farm winner, 1984.

The conditions obviously suited Robin Bailey who turned in four very good scores to win the "Black Boy" badge outright, he also won the "Wundowie Foundry" pot belly stove, something Wundowies' General Manager, Bill Pearce, said on presenting it, "he could really get fired up about."

John Fissioli from Cunderdin won the Winchester trophy for the best morning round, while Roy Holtfreter won the afternoon round.

A Grade was won by M. Neve; B Grade: P. Hodgson; C Grade: J. Lange. 0-1 Skeet section, D. Knight; 2-3 M. Thomas; 4 & over, G. Beard.

The best lady for the day was J. Bunter, Junior, R. Hollier and veteran Merv Madew.

On the second day, Steve Clint from W.A. Field and Game Association proved unbeatable turning the only 25 possible recorded during the two days and won the R.A. Lister trophy. Bill Nottle from Albany took off the P & M Machinery trophy for the best morning round, and Darryl Wiese from Narrogin won the afternoon round and the M. Cooke & Son trophy.

● Tony Sputore, winner 4 and Over Skeet section at Bailee Farm.

# BOOK REVIEW CARTRIDGES OF THE WORLD

(Completely Revised 4th Edition)

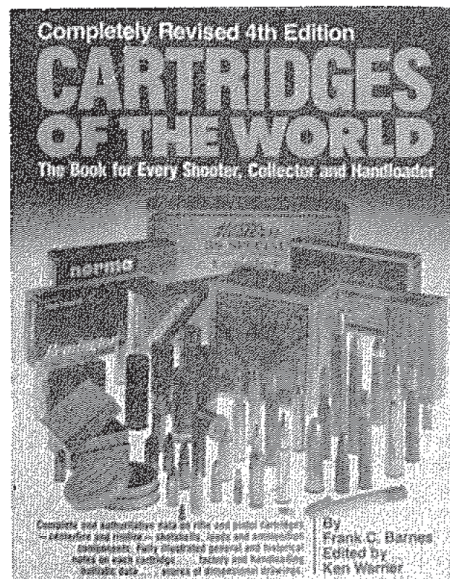

by  
**FRANK C. BARNES**

**384 8½" x 11" pages**

**Retail Price \$22.95**

In the past 15 years, this book has become the standard general-purpose reference work on cartridges worldwide, for which scientists, technicians and laymen alike reach first for answers to cartridge questions. It's a basic book, setting down the dimensions, performance parameters and physical characteristics for over 1000 different cartridges, all in a single, well-organized volume. With Barnes' commentaries on each cartridge listed, it is more than a catalogue. It's an encyclopedic reference work, now completely up-to-date with this new edition.

Complete and authoritative data on rifle and pistol cartridges — centrefire and rimfire — shotshells (current and obsolete — blackpowder and smokeless), loads and ammunition components. Fully illustrated general and historical notes on each cartridge. Factory and handloading ballistic data with scores of dimensional drawings.

# 1984 N.S.W. SOUTHERN ZONE I.S.U. CARNIVAL

By GARRY WEBSTER

## SATURDAY: N.S.W. GUN CLUB I.S.U. CHAMPIONSHIP

What a weekend. Unbelievable weather, good targets and keen shooting. Just the right ingredients for a successful shoot.

10 a.m. sharp — Rex Northcott officially opened the carnival by welcoming all guns to the two-day shoot.

### 100 TARGETS TRENCH:

The weather for shooting was perfect — a fine day with little or no wind. The targets were thrown (No. 3 program) and it was all systems go for what was to turn out to be a very successful shoot.

### MEDIA COVERAGE:

In this, the Olympic year, it was indeed excellent publicity for our sport to have Channel Nine turn out to take considerable footage of both Terry Rumbel and Jim Ellis, in what was an important shoot for our Olympic representatives in their final build-up to the L.A. Olympics.

The Channel Nine people were pleasantly surprised to learn of their high international ratings and consequent chance of a medal at L.A., particularly in comparison to other sports who enjoy considerable press and almost unlimited media coverage with far less medal prospects.

The trench targets on Saturday were fast. It was a testing program with a great deal of variation, particularly in target speed.

The program was the undoing of many shooters. Several people found that the program targets were just "too quick".

However, Peter Politi from the Marconi Gun Club was one person who wasn't complaining.

Peter was the only shooter to successfully handle the targets.

In such perfect conditions, there wasn't one 25 recorded. The first round saw Peter card a 24 (missing his last target). Jim Ellis recorded a 22, with Terry Rumbel on 21.

Round two saw Peter going further ahead, shooting another 24. Jim improved one target on his first round to record a 23.

At the half-way mark Peter had a 3-target advantage over Jim, with the remaining shooters struggling to get into the low 20s.

The final two rounds saw Peter shoot a pair of 23s.

Jim managed to pick up one target on Peter in the final two rounds shooting 23 and 24.

### Final Scores:

Peter Politi overall and first in A grade on 94.

Jim Ellis second overall and first in AA grade on 92.

Terry Rumbel finished second in AA grade on 89.

Another Marconi shooter in Vince Gatt shot very consistently to take second place in A grade on 88.

Congratulations to Malcolm Fuller in taking B grade with a score of 86 from I.S.U. State President David Menk on 84.

The C grade went to Ted Warner defeating myself 71 to 70.

### 100 TARGETS SKEET:

Although the skeet event did not draw in the number of competitors in comparison to the trench, it certainly did not lack in keenness of competition.

The overall badge was fiercely sought by two well known 'all rounders' in N.S.W. Gun Club member Guy Beddington and N.S.W. Field and Game committee man Len Norman.

The first round saw Len shoot a solid 23 and Guy a 21.

At the half-way mark Len was still 2 targets up on Guy, as both shooters recorded a brace of 23s.

In the third round, the competition was more than warming up. Both shooters matched each other shot for shot, to record 24 each.

The final round saw Len drop 3 targets to Guy's one, forcing a shoot-off.

And what a way to come up a winner. Guy shot a brilliant 25 to Len's 22, taking the overall badge by 3 targets, and shooting 73-75 in the last 50 targets plus 25 targets shoot-off. Congratulations to both shooters.

Christian Naudin shot a very good score of 89 to take B grade.

John Pethybridge was successful in winning C grade with 82.

## SATURDAY NIGHT: STATE NIGHT SKEET CHAMPIONSHIP

Many thanks to Marcia Bruce and Margaret Richardson who put on a great spread of food prior to the commencement of the State Night Skeet Championship.

A good roll-up of skeet shooters saw John Worley add another State title to his collection, winning the overall sash and A grade, by shooting 47-50 (24 and 23).

Hank Theunissen was one target back on 46 (24 and 22), winning AA grade. Guy Beddington was second in AA grade on 39.

Chris Naudin ran second in A grade with 44.

B grade went to Barry Casey with 38 from John Pethybridge on 37.

C grade went to John Harris with 41 from Craig Davenport on 39.

## SUNDAY: SOUTHERN ZONE I.S.U. CHAMPIONSHIP

The weather was again perfect, the conditions for shooting could not have been better.

### MEDIA COVERAGE:

This time it was Channel 10 who turned out to video both Jim Ellis and Terry Rumbel.

Concerning media coverage — it is more than clear that there are benefits to all clay target clubs when the I.S.U. disciplines are supported — not only in terms of publicity — but more importantly, in terms of survival.

Support of government bodies at National, State and Municipal levels are paramount.

In an era where many lobby and pollution groups (this or that) threaten our existence, there is not one better form of protection to our sport, than the active support and growth of the I.S.U. programs (so much for politics).

### 100 TARGETS TRENCH:

The Sunday program (No. 7) was not as extreme or as quick as that of Saturday's.

The first round saw Hank Theunissen snatch an early lead by recording the first 25 of the carnival.

Jim Ellis was one target back on 24, while Terry Budd and Terry Rumbel shot a pair of 23s.

## More on those Mitchell Chokes

cont'd from page 16

I should add that another article by yours truly on the Mitchell choke system is scheduled to appear in the *Shotgun Annual*. Since the forthcoming piece was written before this one, it refers to the exact matching of diameters and does not mention the recently incorporated step.

Over a period of 18 months or so, I have written about Mitchell chokes five times, progressively updating the information from earlier articles and repeating some of the basics for those who may not have heard about the system. I've done this because Bob is doing in Australia what precious few around the world have managed to achieve: at last count, two blokes in the U.K., and five in America.

Many people fit choke tubes of one kind or another. Few of them do it properly, for reasons discussed elsewhere. VERY few can manage a true custom-made and custom-fitted job like Bob's. I've heard that someone else is importing American tubes and fitting them here, but the Mitchell system would appear to be unique, at least in this country. If we are talking about the fine details of design and pro-

## EDITOR'S MAILBOX

Dear Sir,

Per medium of the A.C.T.A. monthly advertising journal, may I be given sufficient space to express the feelings of just one who as recently as August 10, 1984 made the effort to be present at, and assist in the running of the Annual Victorian School Students Championships.

In doing so may I ask why? Why so many coaches and club officials who would expect the majority to believe that they are wholeheartedly absorbed in the activities of their fellow shooters, and those of tomorrow which I hasten to add, include the training of those in safety in handling of our chosen firearm from student level up, were absent.

Their absence displayed an exhibition of inexplicable disregard for those requiring that all important direction and leadership, let alone the ideals of both the State of Victoria and that of the Australian Clay Target Association.

All coaches from club level to Zone and State status have an obligation to everyone associated with, and those interested in shotgun shooting to avail themselves at all times necessary. I firmly believe the 10th of August was one such time.

I firmly agree with the consensus of opinion that due to the very apparent lack of self-denial by many who wear the badge, but shirk the responsibility, the number of those registered at this point of time with the A.C.T.A. is markedly lower than previous years.

Evidence of such a lack of interest, is borne out by the non-existence of Zone Seminars and/or State orientated seminars for reasons known only by those who have the means of convening such meetings, which of course would cause a restructuring of that occasional weekend. Too much to expect I suggest.

Are we to be made to appear so complacent and disinterested as those who supposedly carry the flag or can those of us who genuinely care about the plight confronting us, depend on and receive from our State Executive Zone Committees and State Coach above all the urgent necessary action to relieve a potentially destructive situation we find ourselves in, to retrieve the sport so hard fought for and so precariously ours.

In closing may I extend the appreciation of those from within my Club, who gave of their time and the lads who competed, to Winchester for their promotion, Melbourne Gun Club for the facility, and of course the few who repeatedly carry out the task of organising the whole competition from which so many derive so much enjoyment and pleasure.

Yours in shooting.

## A 100 MILE DRIVE IN SECOND GEAR 4WD

All the roads which lead to the Mossgiel Hall in western NSW are dirt, and when it rains, only a four wheel drive vehicle will SOMETIMES get you back to the bitumen and home at your designated time of return.

It had been raining every three days for weeks in the Hillston, Ivanhoe, Hay district in which Mossgiel is situated, so it was with some trepidation that the Ivanhoe Branch of the Isolated Children's Parents' Association organised their annual Bush Clay Target Shoot and Picnic Day, for August 19, 1984.

The members of the Griffith Clay Target Club who had volunteered to travel the 120 miles to the Mossgiel Hall with traps and clays, left the final decision to the last minute. "If you don't hear from me by 5.30 tomorrow morning to say we're not going, then IT'S ON," was the night-before instruction. No phone call came, so after the usual last minute hitches of some being later to load up than

others, the ten members rendezvous at Hillston, filled up with petrol and headed out over the 60 miles of dirt.

The weather had fined up, their sleeping bags were packed and they were looking forward to a good shoot, relaxed evening get-together and return home next day.

The day was an enormous success with 72 shooters taking part in the 45 target program, plus a five target Ladies championship with seven competitors, several coaches, and many offers of advice from the on-lookers. Competition between the referees came to the fore here with John Evans of Griffith, and Brian Salomon of Foster, Vic., scratching each other's name from the card and substituting his own!

While the adults and teenagers contested the shooting events over the two trap lay-out, the younger children and non-shooters were entertained down at the Hall. The Broken Hill Mobile Pre-school Kindergarten Unit provided paint-ins and other fun activities, the Pony Club members gave pony rides and the mini golf course was used extensively. Members of I.C.P.A. ran the guessing competition, provided refreshments and manned trading tables and barbecues.

Trophy sponsorship was tremendous with about \$800 worth for the day coming from Elders-Pittson-AML, Dalgety Winchcombe, Gras Mowers, Ray Longfellow, V.P.C. Hay, Rawlinson & Brown, John Caskey, Danson Bros., Rundell's Butchery, Evans Sports Store, D.S.M. Estates and the Booligal Hotel.

Visiting shooters travelled from as far afield as Foster and Ouyen in Vic., and Menindee in the Far West of N.S.W. The rain which had held off for the weekend, began at about 4 o'clock Monday morning, and those who had been planning a leisurely trip back made a hurried start over the 60 miles east, 100 miles south or 173 miles north-west to the bitumen road home.

Most of the Griffith contingent had taken heed when the locals started shaking their heads the previous evening, and had forgone their sleeping bags to trek home the night before.

On Monday morning Brian Salomon took four hours to travel 100 miles in second gear 4WD, while Jeff Pagett's fingerprints will be forever imbedded in the framework of Glen Castellaro's ute after their spectacular 60 mile "dash" back to Hillston!

# NEWS FROM SOUTH AUSTRALIA

## ISU SKEET LOOKING UP

Monarto Clay Target Club is doing its bit to get the ISU disciplines moving in SA again.

They were hosts on September 1 for a Coaching Seminar conducted by the National Coaching Director, Peter Quire. He was assisted by the State Coaching Director, Hillary Baynes.

John Ellis, Zone Coach and Clinton Wohlfeil, the Club Coach, were also on hand to lend support and help with instruction.

Some 25 shooters took advantage of the seminar and followed up in the evening with a discussion workshop on the new DTL and Skeet rules.

It was a most informative day.

### DOWNER TOPS IN STATE ISU SKEET

Monarto was also host on September 15 to the ISU State Skeet Championship, a 100 target event which drew a good attendance.

Observers commented that over half the competitors were new to ISU Skeet. This would seem to indicate a resurgence of interest in the discipline.

Bob Dower, a leading Skeet shooter in SA was the overall winner and was No. 1 shooter in the SA State Team.

Other team places were filled by Graham Mitchell, Peter Quire, Peter Caddy, Don Beelitz and Ken Jarvis.

### SACTA NEWS

State President Leighton Martin expressed his satisfaction at the turn that ISU had taken when he presented trophies and State Team badges at the end of the shoot.

### ISU COMMITTEE RE-FORMED

Hard on the heels of all this ISU activity comes the news from State President, Leighton Martin, that the ISU Sub-Committee had been reformed.

There were indications some months ago that it had collapsed.

The new committee will be headed by Jim Finis as Chairman. Secretary will be Ray Harris. Craig Bentley, Renmano Bisi and Greg Worden from Pt. Augusta and Joe Richards, Graham Michell and Ken Jarvis from Monarto make up the Committee.

Their first task is to organise with the National Coaching Director a schedule of training facilities and a coaching program.

This is in hand at the moment and developments will be reported in this column in the near future.

### HAPPY BIRTHDAY ALEXANDRA

It was like a birthday present for new Alexandra Gun Club president, John Fleetwood and his wife Lee. The same could be said for Ray Meaney, a visitor from Queensland.

John and Lee have put a lot of time into the re-organisation of Alexandra Gun Club, one of the oldest in SA with a lot of tradition. And it paid off at the annual Birthday Shoot on September 22 and 23.

Over 100 shooters attended over the two days and results can be seen in the shoot report section.

A delighted visitor, Ray Meaney was High Gun at the Carnival and managed a 75 break badge. It was a long way to come, but he reckons he will return!

### MARTIN WHELAN GOES OFF WITH A BANG

Stalwart clubman, softspoken Irishman and general all-round good-guy, Martin Whelan, was farewelled from the Wilkawatt Gun Club at their shoot on September 8 and 9.

A foundation member of the club, Martin was presented with 'Foundation Life Membership' in a moving ceremony.

He is moving to Kangaroo Island and they must have known he was coming, they opened their first Gun Club on the Island just a few months ago.

Good luck in your new venture Martin!

# SPRINGSURE GUN CLUB

● Station No. 1, Trap 1.

Springsure Gun Club held its first simulated field shoot on August 12, 1984. The course consisted of eight traps with six shooting points set out along an approximate 1 km long trail. Two rounds of 25 targets made up the program which tested out the skill of the top guns around the area as there were no possibles scored.

Traps and targets were varied to extreme limits to keep the shooters on their toes.

At one station the shooters received two pair of double rise which looked as if you could knock them out of the air with a stick but after both barrels had been fired at them, many a shooter was seen to be shaking his head at the still flying targets.

At another station if you didn't pick up the clays quickly, they were soon lost amongst the trees.

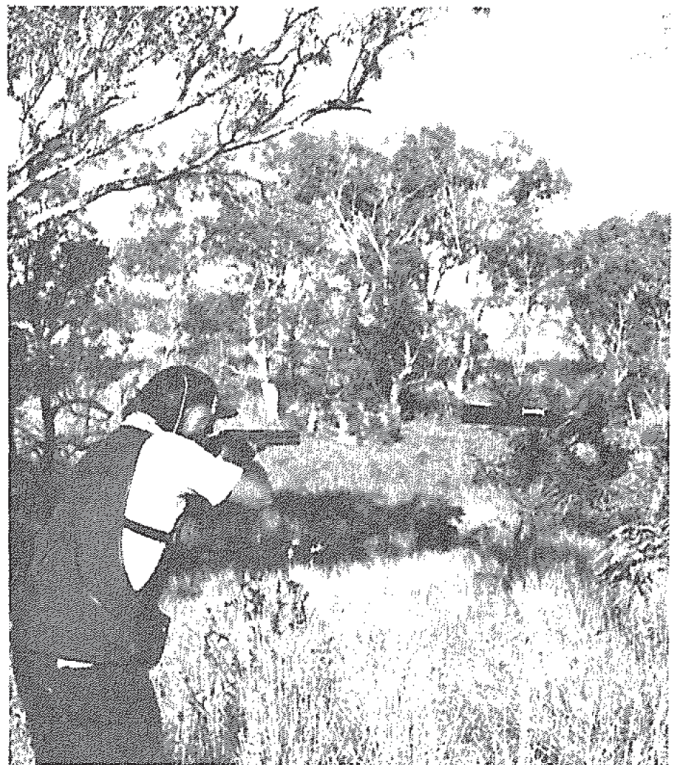

The layout was designed to be as similar to shooting in the field as possible. Springsure Gun Club is fortunate to have enough land to run this type of shoot.

A few of the comments from some of the visiting shooters were: L. Denton (Injune): Tops! Be back next year with reinforcements; G. Cross (Gemfields): Bloody terrific! C. Grimshaw (Gemfields): Really enjoyable day.

There were surprisingly few hold ups for an inaugural shoot of this type and good credit should go to the organisers and workers who helped make the shoot a reality.

If any travelling shooters are in this area around August next year, drop in for the field shoot. I think you'll find it worthwhile.

## INVERELL R.S.M. — DOES IT AGAIN!

The staging of the Inverell R.S.M. Gun Club's annual two-day shoot held on August 18th and 19th attracted 64 shooters on Saturday and 69 shooters on Sunday.

Sunny but windy conditions prevailed over the two days and this was reflected in scores (just ask Mick Wade and Rodney Loy). However, every championship had ended up in a shoot-off to determine the winner and grade winners.

Shooters from Guyra, Moree, Cessnock, Walcha, Hawkesbury, Dorrigo, Illawarra, Ballandean, Goulburn, Goondiwindi, Lismore, Callawadda-Stawell, Glen Innes, Coffs Harbour, Gold Coast, Richmond River, Tamworth, Texas, and Kingaroy clubs participated and competition was very keen.

In the \$1000 cash divide event winners were — AA grade section: 1st A. Cramp, C. Varley, 2nd R. Hohn; A: 1st P. Jensen, 2nd C. Burt, B. Sweeney; B: 1st E. Redman, 2nd J. Fenwicke, R. McKay; C: 1st P. Redman, 2nd F. Redman, P. Wright.

All in all 'A' great weekend's shooting with great companionship.

**Rodney Loy, Secretary**

### RESULTS:

**McIntyre District PS:** OA: J. Kent (Inverell); A: 1st T. Schneider (Richmond), 2nd A. Cramp (Goulburn); B: 1st E. Redman (Inverell), 2nd H. Von Herten (Coffs Harbour); C: 1st R. Robinson (Goondiwindi), 2nd J. Cunningham (Coffs Harbour).

**Sapphire City SB:** OA: R. Hohn (Goondiwindi); A: 1st R. Sweeney (Guyra), 2nd J. Kent (Inverell); B: 1st K. Farrell (Inverell), 2nd J. Newby (Inverell); C: 1st S. Cox (Coffs Harbour), 2nd H. Von Herten (Coffs Harbour).

**McIntyre District DB Continental:** OA: P. Sbrinovski (Illawarra); A: 1st R. Hohn (Goondiwindi), 2nd D. Ellis (Guyra); B: 1st N. Duncum (Hawkesbury), 2nd J. Fenwicke (Walcha); C: 1st J. Cunningham (Coffs Harbour), 2nd L. Kent (Inverell).

**McIntyre District Grand Classic:** OA: P. Sbrinovski (Illawarra); A: 1st R. Hohn (Goondiwindi), 2nd R. Hammond (Guyra); B: 1st B. McKay (Moree), 2nd J. Fenwicke (Walcha); C: 1st F. Redman (Texas), 2nd S. Cox (Coffs Harbour); Veterans: R. Young (Stawell, Vic.).

**R.S.M. Club Ltd Trophy:** A: 1st C. Varley (Guyra), 2nd P. Sbrinovski (Illawarra); B: 1st E. Redman (Inverell), 2nd M. Duncum (Hawkesbury); C: 1st P. Wright (Glen Innes), 2nd P. Redman (Texas).

**High Gun:** Russell Hohn (Goondiwindi).

## PRE NATIONALS WAGGA

A notice to the many shooters who have enquired as to the whereabouts of sweep monies owed to them from the 1984 Pre Nationals held by Wagga Gun Club.

The Wagga Gun Club is presently forwarding these monies so you may expect to receive such in the near future.

### NSW Southern Zone ISU Carnival

cont'd from page 20

At the half-way mark Jim Ellis was 48-50, one target clear of Terry Budd, Terry Rumbel and Hank Theunissen. One target further back was Ted Warner on 46.

Round three saw Jim move into another gear, shooting the next 50 targets clean.

#### Final Scores being:

Jim Ellis overall and first in AA grade shooting 98.

Terry Rumbel shot 92 to take second in AA grade.

Terry Budd shot consistently to take A grade with a score of 92, defeating N.S.W. Gun Club director and I.S.U. committeeman Cliff Bailey on 90.

B grade went to Hank Theunissen on 90, with Chris Naudin taking second place with 86.

Ted Warner won C grade shooting 82, with second place going to Geoff Lamb from the A.C.T., beating Ian Anderson in a shoot-off 97-125.

#### 100 TARGETS SKEET:

Excitement was again the order of the day as Guy Beddington and Eugene Kavanagh literally matched each other target for target, over each of the four rounds.

Round one — Both Guy and Eugene shot 22s.

Round two — Both shot a pair of 23s.

Round three — A brace of 24s.

Going into the final round, Guy and Eugene were even at 69 targets each.

What a climax — both shooters recording 25s in the final round, forcing another skeet shoot-off for the second time in as many days.

The shoot-off did credit to the championships.

Eugene shot the 25 targets clean (his last three rounds being 74-75) defeating Guy by 2 targets.

#### Final Scores being:

Eugene Kavanagh overall and first in AA grade 119-125.

A grade and second overall was won by Guy Beddington with 117-125.

Mike Banicek shot very well to take B grade with 83.

Well known field and game shooter Steve Subonj took C grade with 72.

High gun winners over the two days were: I.S.U. Trench Saturday and Sunday — Jim Ellis 190-200; I.S.U. Skeet Saturday and Sunday — Guy Beddington 186-200.

Summing up — the carnival was a great success. Full marks to Rex Northcott and the N.S.W. committee and members for an extremely well run shoot.

As for sponsorship — a special thanks to Terry Budd who very generously donated 4 high quality Smith and Wesson hunting knives. These were won by the very fortunate shooters who ran second in their respective grades in the final day's trench competition.

I.S.U. footnote — congratulations to John Maxwell, who at the time of this two-day carnival finished sixth overall in the Canadian National Trench Championships. Well done, John.

The Southern Zone I.S.U. team to represent their zone in the 1985 State carnival at West Wyalong (at a date to be published) in January, will be: TRENCH — Terry Rumbel, Cliff Bailey, Hank Theunissen, Peter Politi; SKEET — Eugene Kavanagh, Guy Beddington, Len Norman, Christian Naudin.

# ST VINCENT DE PAUL CHARITY SHOOT

ETON MACKAY CLAY TARGET CLUB, SUNDAY

# SPRING CLASSIC — SHEPPARTON CLAY TARGET CLUB

September 2nd saw the first ever Spring Classic which is to be held at the Shepparton Clay Target Club as an annual event. The highlight of the day was the second event with a Miroku 6000 U/O Field gun as trophy for overall. Although the weather was rather cool and rain threatened, 81 shooters were there to try their hand at winning the gun.

Event one was a 25 target Cash prize event with first and second prizes in each grade. Overall and 1st in "A" grade was Jon Whittakers 70/70. 2nd in "A" grade was Mike Leonard with 69/70. "B" grade results were: 1st Bill Cakebread 49/50 and 2nd Don Rachele 40/41. The "C" grade winner was Keith Moorehead 29/31 and 2nd was Steven Walker 28/31.

• Jon Whittakers with sashes won in D/B and Points Score Championships at Shepparton Spring Classic.

• Neil Berry collects Miroku 600 Under and Over for winning the main event in the inaugural Shepparton Spring Classic.

The 2nd event was 25 target Double Barrel shoot, "A" grade off 18 metres; "B" grade off 16 metres and "C" grade off 14 metres. The Overall winner of the gun was Neil Berry with a score of 86/86. Jon Whittakers was close behind and 1st in "A" grade with 85/86 and Colin Saxton was 2nd with 54/55. "B" grade winners were 1st Bob Lendon 28/29 and 2nd Julian Kean 49/50. "C" grade saw Steven Walker take 1st with 38/39 and 'Shorty' Decker with 29/30 get 2nd in that grade.

The last event of the day was 25 target Point Score and the results were: Overall and 1st "A" grade: Jon Whittakers 93/93; 2nd "A" grade: Trevor Burns 92/93; 1st "B" grade: Julian Kean 77/78; 2nd "B" grade: Wayne Vella 76/78; 1st "C" grade: Ted Godfrey 73/81; 2nd "C" grade: Reg Walter 72/81.

There were High Gun trophies for Ladies, Veterans and Juniors but as we didn't have any ladies competing on the day, there was no winner in this section. The Veterans High Gun was won by Bill Mann with a score of 100/125 and the Junior High Gun was won by Julian Kean of Tasmania with 123/125.

Sue Saxton,  
Publicity Officer.

## NEWMAN GUN CLUB

### SEPTEMBER TWO DAY CARNIVAL

Fifty shooters travelling from as far South as Busselton, North from Derby and East from Leonora competed in the eight event, two day Carnival. Newman turned on excellent weather, and shooters excellent scores to record a most enjoyable weekend.

All events were strongly contested, as the following scores will show.

EVENT 2: 50T DB Whaleback Championship Graded: 1st O/A and A Grade, G. HOLLY 73/73; B Grade R.B. WATTS 69/69; C Grade G. WATSON 58/61.

EVENTS 1 & 5: 10T DB Compulsory Division events.

The High Gun, scored over events 2, 3, 6, 7 and 8 was won by V. Bunter 282/295. Local High Gun was P. Robson 272/295. Ladies High Gun to S. Hocking 260/295. Junior High Gun went to G. Watson 253/295.

Congratulations to all the winners and a special thanks to all the shooters for making our Carnival a success. We would also take this opportunity to once again thank the many sponsors whose support is most appreciated.

# NARROGIN SENIOR HIGH SCHOOL

## GUN SAFETY AND AWARENESS COURSE, 1984

During term 2 of this year, a Gun Safety and Awareness Course was undertaken by some 25 year 11 and 12 students from the Narrogin Senior High School from early July to mid August, covering a period of some seven weeks.

The course was initiated through combined efforts of Clay Target member and coach Darrell Wiese and Field and Game member and coach Chris Johns. A unique situation was created with the combination of Field and Game and Clay Target interests.

Senior students were contacted and preliminary details were outlined. There was a great deal of initial interest and enthusiasm shown by the students. Many of the students at the school live on or come from farms where firearms are a normal part of their recreation, but whether they understand all safety procedures and the wide range of interesting sidelines is open to debate.

With this initial interest, the fine detail of the course to be offered was still to be finalised. A meeting was conducted with all aspects of the course discussed.

The final course outline was printed but, before the course could proceed, permission had to be granted by the Education Department of Western Australia. A submission was prepared by the principal Mr Brian Walters, highly recommending the course on the basis that it was both educational and practical in nature. It is now history that approval was given to run the course during time allocated to Physical Education and Recreation.

When it was announced that the course had received the "green light" 25 upper school students, all boys, signed up with their parents' consent.

The course itself included the following student activities:

(a) A video on Clay Target shooting;

- (b) Reloading instruction;
- (c) Ammunition manufacture;
- (d) Safety procedures in shooting, reloading and carrying;
- (e) Cleaning procedures;
- (f) An address by the Police;
- (g) An address by a member of the Fisheries and Wildlife Department;
- (h) An address by Mr Malcolm Higham on the History of Firearms and a display of Malcolm's private collection;
- (i) A Field and Game instruction and competition;
- (j) A full Clay Target instruction (in Trap and Skeet) and competition.

The reaction from the students participating in the course was fantastic. During the week, many students would constantly ask about arrangements of the future sessions and the 19 students in the session two course, were always early for the bus.

As a culmination to the course, students were given a written test and their shooting scores were recorded each week in order to assess the overall performance of each student. It was pleasing to note that the standard was very high in both the written test and the shooting scores.

At the final days' presentation ceremony, the dux and runner-up for each year was announced and awards were presented.

Achievement certificates were presented to all the students who satisfied the course requirements.

In reflecting over the course, I was particularly pleased with the extent of Media coverage given to this course as it definitely assisted the overwhelming success that this course achieved.

Finally, sincere thanks to Darrell Wiese and Chris Johns for their time, expertise and enthusiasm and their initiative is an example for others to follow. Our appreciation also goes to Mr Lex Shipp of "Winchester Australia" for supplying reloading components and trophies for the course.

**Bruce Wheatland.**  
Physical Education Master.

# INTERNATIONAL GUN CLUB — SOUTH AUSTRALIA

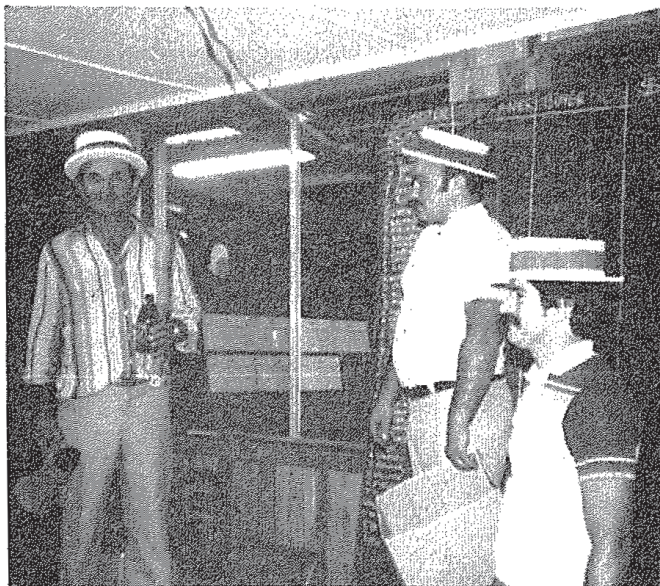

**BIRTHDAY SHOOT, NOVEMBER 26 & 27, 1983**  
D. Oliviero

The International Gun Club started its birthday shoot with a good attendance (89 shooters) including a team of shooters from the Marconi Gun Club, Sydney, who under the watchful eye of Leni Crema (coach) joined us in a weekend of good shooting (and in particular to compete for the Marconi vs International Team Shield).

Our sincere thanks is expressed to all the members of the Marconi Club for their attendance, their company was enjoyed by all.

The first event contested was the Jim and Annette Finis 50T Olympic trap event. Apart from the individual trophies the event was open to any team of four shooters (three registered and one club member). The excellent shield donated by Jim and Annette was won by the S.A.G.C. and our congratulations are extended to the team.

Saturday evening and 120 people enjoyed a night of great fun, food, singing and dancing as we all toasted the club's birthday. The calcutta was enjoyed by all, especially our chief auctioneer Metro Martini, who needed to be watered continuously in order to ensure plenty of volume.

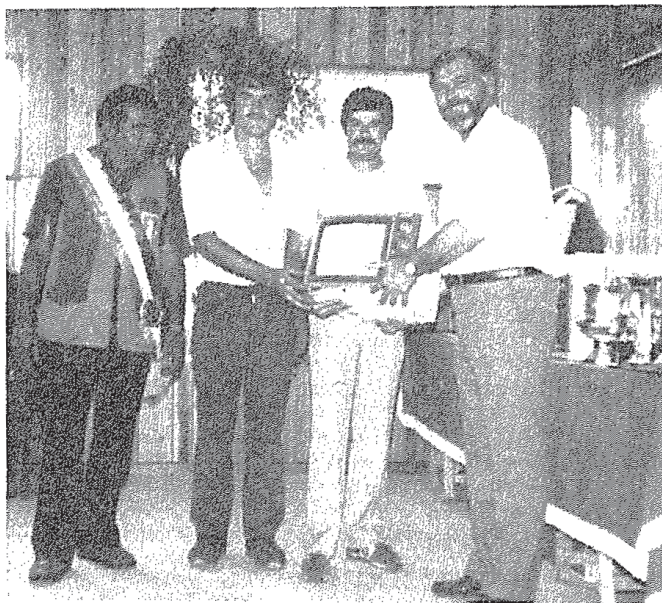

● Chief Auctioneer Metro Martini, with assistants Jim Finis and Dino Oliviero.

The main event shot on the Sunday was the Scotta Interstate Transport Television Shoot. The club again expresses its sincere thanks for the tremendous sponsorship provided each year by Barry Lewis (prop. Scotta Interstate Transport). Barry presented three very happy winners with a portable coloured television. The club was happy to see one of the visitors from Marconi Gun Club, J. Godwin, take home a portable coloured television on winning "B" grade.

On Sunday the Marconi vs International team shoot was contested and for 1983 the shield was won by the International Gun Club. It was all fun and we thank our Marconi friends for their participation.

Our birthday shoot was well supported and the club extends its thanks to all those who attended. A special thanks is extended to the ladies in the canteen and all others who helped make the inter birthday shoot a great one.

The results of the shoot are as follows: (26/11/83): 50T Anniversary TR: O/A & A — P. Marcoionni 46/50, J. Byrnes 54/60, B — D. Martini 45/50, D. Foster 44/50, C — R. Smith 41/50, B. Greenshields 39/50.

# N.S.W.C.T.A. CENTRAL ZONE TRAP CARNIVAL

West Wyalong was the venue for the inaugural Central Zone Trap Carnival which was held on Saturday, September 15, 1984.

The Executive of the Zone was very pleased to have in attendance the N.S.W. State President, Mr Rob Parker, A.C.T.A. Executive member, Mr Jim Scott and State Executive member, Mr Len Bird.

Sixty five shooters participated in the three major Zone Championships and all were hotly contested with several shoot-offs being the order of the day. The Overall High Gun, which was very kindly donated by Winchester Australia, was won by John Curran of Sunny Corner with a great score of 122/125.

• John Curran, winner of the Central Zone Single Barrel Championship and High Gun, with Zone President Noel Dwight.

Another very fine shooting display was given by Guy Evans of Boorowa Gun Club who was chosen as a member of the Junior Trap Team as well as the Open Central Zone Team to compete at the State Carnival at Cobar. Congratulations Guy.

All who participated at the Carnival had a great day and thoroughly enjoyed themselves. The hospitality shown by the members of the West Wyalong Gun Club was outstanding.

• Two members of the Central Zone Junior Trap Team, Guy Evans and Marilyn Dwight.

## RICE ONE, NOEL! <sup>Bernice Britain,</sup>

Noel McDermott, immediate past president of the Leeton Gun Club, won two of the three Rice Bowl Festival Championships held at the club on Easter Sunday.

Competition was keen with all events going to shoot offs for all major placings.

President Fred Schmetzer won the High Gun trophy for the highest score over all competition targets, being only two points down for the day.

Lady shooter, Marie Odewahn of Leeton, showed her style in carding the possible 25/25 in the single barrel championship, only to lose out to Colin Shields, president of the Coleambally club in the shoot off.

Sam Catena of the further Riverina Zone club at Finley, was victorious in the handicap event winning both the major trophy and another metre to his handicap mark.

The all-day program had attracted several visitors from outside the Zone, with Tom Davis travelling from "The Forest" Gun Club near Mittagong. Allan Cramp from Goulburn Workers' Club, Ian Crisp from Boorowa, and Stephen Foster from the West Wyalong Club, now included in Central Zone, NSW. Large, clearly marked signs showed the way from the main road into the Merungle Hill site, so eliminating the confusion for visitors of trying to find the right turn-off in unknown country.

Murdoch and Gaffey, and the M.I.D. Co-op were very generous in their sponsorship which was much appreciated by the club and 57 competitors.

Barbecue lunch and a feast of sponge cakes at afternoon tea-time, added to the keen competition to make the Rice Bowl Festival Shoot an unqualified success.

# DOUBLE TAKE

Diamond Grade™. One look at the dramatic rib design, internationally dimensioned stock and the anatomically contoured trigger will show you this is one serious shooting machine. A whole new breed of Winchester.

Diamond Grade. Take another look. Distinctively engraved frame and carefully

selected American Walnut stock inlaid with ebony diamonds is proof that superior performance can be beautiful. Offered in a wide range of Trap and Skeet models, these are the guns that serious competitors asked for. We listened.

Be sure to see this "jewel" at your local Winchester dealer.
