## PASSING OF A PRESIDENT George Biggs

Australian Clay Target Association inaugural President, Mr. Jock Wilson, passed away on May 16 in his 90th year.

For the past several years, Jock has lived with his daughter, Clover, in the Wonthaggi district. His other daughter Robyn, is now living at Echuca.

Born in Scotland, Jock saw service with the Scottish Black Watch in World War I. He came to Australia as a young man in 1921. In the following several years he was involved in various activities, finally establishing himself in the wholesale and retail meat industry. It was around 1930 when he first became interested in Clay Target Shooting at the noble Clay Bird Club. Clay Target shooting was then in its infancy but starting to grow. It was here that Jock became involved in our sport. He was elected to the Club Committee in 1933 and became very dedicated to the sport of Clay Target Shooting.

Jock was instrumental in Clay Target Shooting being established on a National scale and in 1936 a meeting was called to discuss the matter. Up to this time Clay Target Shooters were controlled by the Live Bird Association. The special meeting decided that an association be formed to be

known as "Clay Target Shooters Association of Victoria" — Mr. Horrie James was appointed President with Mr. J.M. Wilson, Vice President. A short time later the name was changed to "Australian Clay Pigeon Shooting Association", as the sport was developing on a National level. At this time Jock Wilson was elected President. He continued to serve in this position until his retirement in 1957. His 21 years of service as President is without equal. During this period, Jock's dedication and hard work were responsible for the development of Australian Clay Target Shooting. I first became associated with Jock in 1939 when I first took up Clay Target Shooting. However, War closed everything down until 1945.

Jock visited England and America in 1956. He brought back valuable information that was applied to the development of our sport. He was also a tower of strength as we prepared for Australia's first attempt at staging the 1956 Olympic Games Clay Pigeon Shooting event.

There is no doubt that Jock Wilson's contribution to our sport of Clay Target Shooting is without equal.

# AROUND THE TRAPS

With Laurie Connors

Saturday March 30 and Sunday March 31, 1985. The North East Zone conducted their annual Zone Carnival at the Echuca Gun Club. Shooter attendance was well below previous years and would no doubt be disappointing to the organizers. Although the carnival was over the two days, shooting did not commence until 12 noon each day, and maybe this contributed to the low attendance. Ideal shooting conditions prevailed and good scores were recorded by competitors.

• Winners in the North East Zone Double Barrel Championship. L. to R.: "C" Grade Hughie Nihill, O/A and "A" Grade Mark Rogers, "B" Grade Howard Hawking.

Top Victorian junior shooter, Mark Rogers, showed his prowess with the shot gun by capturing the first event on the program, the Zone Double Barrel title with 91/91. One of the gentlemen, and a top competitor in our sport, Vin Ryan scored 75/75 to win the Zone Points title.

Bill Cakebread shot 58/60 to take the honours in the Zone Skeet Championship. Darren Kay, with 126/190 collected junior High Gun. Norm Lindrea, from Bendigo was overall High Gun 183/190.

Worth reporting. I was speaking with Constable Glen Woodhatch from Bendigo during the North East Zone Carnival and he informed me the Police National Titles will be hosted at the Brisbane Gun Club 13th and 14th of November, 1985. Glen was also proud to mention the fact that Rank Xerox will be sponsoring the venue by the grand sum of \$25,000. It is obvious someone has been able to sell the sport of clay shooting to advantage all concerned.

Esperance Bay Gun Club's 23rd Annual Easter Shoot, April 1985. Esperance Bay, a holiday resort on the West Coast has a gun club its forty or so members can be most proud of. For 23 Easters the committee and its members have been conducting a two-day shoot for the benefit of shooters wishing to pay the club a visit.

This year was no exception and a program was organized to coincide with the National Titles at Perth. Twenty five Easterners including several Taswegians enjoyed the club's hospitality, giving Esperance Gun Club their record

• North East Zone High Gun winners — L. to R.: Norm Lindrea and Darren Kay.

attendance of one hundred and two competitors for an Easter program.

Amongst the Eastern visitors were well known shooters, "Pud" Burgess and son Victor, Arthur Turner, Allan Cramp, George Steele, Trevor Reschke, Tup Pedersen, Dennis Lynn, Brian Growden and, of course, the Tasmanians Kevin Aylett and Shane Yates, both of whom were able to win Gold nuggets in the Gold Nugget Handicap event. Kevin, to the delight of all present, captured first placing and the major nugget, and his travelling companion, Shane, having to be satisfied with second placing.

Other overall winners were District Double Rise Championship, Allan Cramp, Goulburn N.S.W., Night Deauville Double Championship, "Pud" Burgess and son Victor, Cobar N.S.W., District Double Barrel Championship, John Fissoli, Cunderdin W.A., District Continental Championship, Trevor Reschke, Mount

• Gold Nugget winners at Esperance Gun Club. L. to R.: Shane Yates and Kevin Aylett, both from Tasmania.

Cont'd from page 4

• Winners in the Graded Gun event — L. to R.: Keith Sherman, Trevor Reschke and David Browning.

Gambier, S.A., District Single Barrel Championship, Victor Burgess, Cobar, N.S.W. In the graded gun event, Trevor Reschke, Mount Gambier, S.A. won A Grade, Keith Sherman, Southern Cross, W.A. B Grade and David Browning, Salmon Gums W.A. C Grade. Ken Cross, Gemfields Qld, won the veteran High Gun. David Burchard, Esperance, Junior High Gun. Julie Heve, Kalgoorlie W.A., Ladies High Gun. Alan Cole, Southern Cross, W.A. Intermediate High Gun and David Kevill, Cunderdin W.A. taking overall High Gun honours. The tournament was well run and a credit to the organizers. Through this column I extend thanks from all visitors to the Esperance Gun Club committee and members for their friendship and hospitality over this weekend.

National Championships — West Australian Gun Club Perth. No doubt, many shooters who did not attend the recent 1985 Trap Nationals in Perth, W.A. will be awaiting both written and verbal reports as to their success or otherwise. Whilst it is far too early to assess their actual financial success, it is obvious by the number of entries in all events going over budget, a satisfactory result should be achieved. As for the facilities, ten D.T.L. layouts, ten American skeet layouts, three Olympic French and three I.S.U. skeet, all complete with concrete aprons and walks to international standards are what one may call, a clay shooters paradise. The club rooms are not finished as yet, however one could visualise what they will be like when completed.

These too are a standard unequalled anywhere in Australia. Some 1.5 million dollars are being spent on the complex and all construction work is, and has been carried out, by contractors.

It was reported around the grounds that credit for the achievement of such a shooting facility in W.A. would have to go to the late Jules Steiner, whom many of us knew as a dedicated shooter and a great worker for our sport. The end result of this complex will prove that.

Two clubs, previously known as Azzuri and Perth Gun

Clubs have amalgamated and intend to operate on the new complex, and be known as the West Australian Gun Club.

On the lighter side, flag poles were provided for all States to raise their State flag during the opening ceremony at the Nationals. One conscientious State President was afraid his flag would be souvenired, so at the end of each days shooting, he removed it from the pole and placed it in his car boot and returned it each morning to fly again.

It was not until the last day, when folding the flag to place it safely in the car boot he noticed a label bearing the trade mark, "Made in Tasmania".

Thinking that was strange, he checked the flat further and found to his dismay he had been looking after the Tasmanian flag. His State flag, made in N.S.W., had actually been moved to another pole after the opening ceremony on the first day without his knowledge.

How embarrassing. Another well known administrator of our sport forgot to renew his shooting licence before expiry date.

Attended Perth Nationals without one and had to borrow a gun, and get his mates to purchase cartridges for him. He could not pull any strings to get his licence renewed either. He has to go through the full process he and his colleagues set for all future gun licence applicants, even to the three week waiting period.

Southern Cross Gun Club, W.A. On my way home from the Perth Nationals, I passed this club as a shoot was nearing an end. The club is situated on the Great Eastern Highway, just out of Southern Cross. Like most clubs these days, they are keen to encourage shooters to improve their ability with a shot gun. I was rather impressed to see a coaching session under way at the end of the days shooting program.

Whyalla Gun Club, S.A. Sunday April 28, 1985: By coincidence, this club was also having a shoot as I was passing on my way home from the Perth Nationals, so I pulled up for a shot. Roy Pitt and Gary Bollen shared the first event, a 25 target skeet cash divide, both shot the possible 25/25. Robert Walker shot the only possible 25/25 to win the handicap event and a metre penalty. Bob Puglisi 24/25 was second, with Bob O'Brien taking third trophy. In the last event on the program a 50 target graded event from 15m. Merve Star won A Grade with 71/73. B Grade went to Lee Trebilcock 47/50 and C Grade to Steven Thomas 43/52.

Having arrived in Adelaide and staying for a few days, I had the opportunity along with our National Coaching Director, Peter Quire, to attend the S.A. Olympic Council Fund Raising Dinner. The guest speaker, was the Hon. John Brown, Minister for Sport, Recreation and Tourism, Minister for Administrative Services.

It was an excellent evening and great to hear of the Minister's success in abstracting funds from the Government departments to channel into the development of sport throughout Australia.

Let's hope he has continued success in this area and our sport reaps some of the benefits.

See you where there is shooting.

"I regret any inconvenience that the VCTA may have experienced from a statement I made at the Melbourne Gun Club during the Victorian State Trap Carnival 1985".

# FIRST SHOOT AND HE IS \$2600 BETTER OFF WITH THE COMPLIMENTS OF WINCHESTER

Peter Jackson of Bendigo receiving his prizes from Gary Matchan Australian Sales Manager Winchester.

This year the Winchester Duck opening promotion was a resounding success with thousands of shooters receiving Camouflage cooler bags and entering the draw for the major prize.

The lucky winner was Mr. Peter Jackson of Bendigo Victoria.

It was a pleased and excited Peter who arrived at Winchester Geelong to take possession of the grand prize.

For Peter the 1985 duck opening was his very first field shooting experience. This followed a number of sessions of safe gun handling tuition from his father and clay target practice shooting over a dam using a hand thrower.

For the opening Peter accompanied his father and a group of shooting friends to Lake Buloke, where they enjoyed a successful shoot with most of the group achieving their bag limit.

Peter used Winchester Super X Shotshells on advice of his father an experienced and keen shooter. Ammunition was purchased locally in Bendigo from Reube Hartleys Sports Store.

Until his win Peter did not own a shotgun. Now with his prizes Peter is well equipped for many a trip. Valued at \$2600 the prize consists of:—

Winchester Model 101 Waterfowl winchoke U/O shotgun, Case (500) Super X shotshells, Case (500) Super Range shotshells, Case (500) Ranger shotshells, Case (500) Duckload shotshells, Deluxe Winchester gun cover, 12 x Winchester Black Duck Decoys, 4 x Nylex (Winchester) Utility Boxes.

# KEVIN "GRUMPY" LAW RETIRES

Kevin "Grumpy" Law, as he is affectionately known by friends and acquaintances alike has finally called it a day as secretary of the Wangaratta Gun Club. Since joining the club in the early seventies, he was never away from the action and served as secretary for more than twelve years.

Never shy to support whatever cause he believed in, his direct approach won him many friends in the sport, not to mention the assistance he has given shooters over the years with gun fit and shooting techniques.

The club wishes Kevin well in his retirement and all look forward to his early return to the tracks.

J. Paulus, Sec. Wangaratta G.C.

## EDITOR'S MAILBOX

Dear Ian,

In answer to Tim Catling CTSN March, 1985, and Les Johnston April 1985. I would NOT like to see D/B shooting reduced by 50%. I agree, it is a pleasure to watch a good shoot off. Others can learn by watching good techniques.

I disagree with Tim Catling's No. 2. I believe that using the second barrel helps many shooters to see where they went wrong if they missed on the first.

Regards Points; there is nothing more disappointing to a new shooter than to lose three points for one lost target early in an event. We need to encourage new shooters not discourage them. In our zone we shoot a good mixture of events, including Points Score both off 15m and handicap.

Les Johnston would have us delete Rule 2.1(b) AND do away with common mark shooting. He insults the intelligence of "C" Grade shooters and "B" Grade shooters too, when he suggests that they are not worthy of the same value trophies as "A & AA" shooters who are already favoured with the overall trophy and sweepstakes as they are the Top Shots.

However I DO agree that we should shoot a balance of common mark and handicap events.

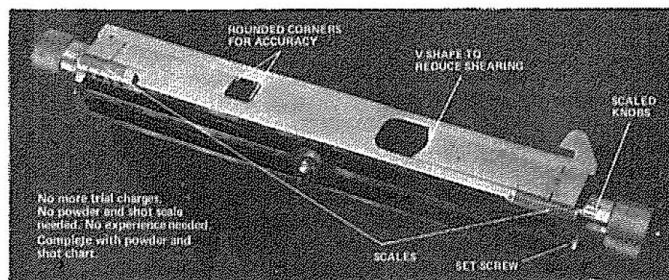

I also believe that if all shooters acted as true sportsmen and women the present grading and handicapping systems would work beautifully, and the sport of Clay Target Shooting would really BOOM, because new shooters are being put off by good shooters cheating to remain in lower grades and on forward marks to take trophies and sweepstakes from beginners.

Sincerely, L. Charles. R.M.B. 1A. Grong Grong, 2652.

# GOODOOGA GUN CLUB

March 16th and 17th, 1985.

What a beauty. Seventy shooters on the tracks at Goodooga for what can only be termed as the greatest shoot in the west.

Shooters travelled from Cobar, Dubbo, Gulgong, Warren, Cessnock, Newcastle, Singleton, Kempsey, Bollon, St. George, Moree, Cunnamulla, Guyra, Brewarrina, Grafton, Yamba, Coonamble and Lightning Ridge, to enjoy the shooting and hospitality at Australia's Most Boring Town.

Whoever named Goodooga Australia's Most Boring Town give these shooters a lot to think about.

Shooters started arriving on Tuesday the 12th of March, with the last leaving on Friday the 22nd. Kevin Steue, Artie and Ray had a great deal of fun and were a great assistance in cooking the wild pig.

Max and Frank were in a hurry on Friday to be back in Newcastle as they were very worried that Julie had forgotten to turn on the electric blanket for Frank's dog. Wonderful relationship Frank has with his canine.

Many birthdays were celebrated this year and many a sore head to be seen on the tracks.

The Cobar boys once again were of great assistance cleaning the gun club on Sunday morning. Thanks mates, great show.

The ladies, again what can be said. Happy faces really showed how great the food was. Beautifully presented and greatly appreciated.

Garry again great show in the bar. To you and Vicki many headaches, happy memories and many thanks, a job well carried out.

Saturday, not a really good start. Trap problems from the start didn't help, but however things were sorted out and the shoot ran as smoothly as could be expected.

Some very good scores started to show on the board very early which indicated that the targets were shootable. Even the secretary could manage to get amongst the dollars in the first event.

Eight possibles shared the meterage money in the first.

Event two and only five possibles were amongst the money.

Event three. Twenty five targets double barrel off 15 metres. Graded event. AA Grade went to Jim Hunter from Warren with a fine 76/76. A Grade Colin Betts from Brewarrina with 26/26. B Grade went to Mark Stewart from St. George with a fine 42/42. C Grade went to Alan Taylor from Cobar with a great 40/40. Front Marker went to Murdo Crombie from Bollon with 21/25.

Event Four. Twenty five Targets Point Score. Graded. AA Grade went to the old fox, Brian Walton, with a perfect score 75/75. A Grade went to Bill Buchanan from Kempsey after a short shoot off with Ross Scott from Goodooga 83/84. B Grade went to Kevin Pearce from Cessnock with a perfect score while C Grade went to Terry Ramien from Dubbo with 71/75. Front Marker went to Ross Cameron from Bollon with a 61/75.

A beautiful dinner and calcutta followed at the Bowling Club. Our old mate Terry "Flach" Flanagan from Brewarrina again honoured us with his assistance in the auctioning of the shooters. Seventy Shooters were sold and some very spirited bidding saw the calcutta close at \$3635. A great show and maybe some lighter pockets the next

morning. The top shooter being sold for \$270. Geoff Lancaster from Guyra who at this time was leading the high gun was brought by Max and Frank.

Sunday again saw us a bit late taking the tracks. With the assistance of Geoff Betts and Pud Burgess from Cobar we were able to have the other trap back in operation. Many thanks to Geoff and Pud for their assistance. Also to Sid Kinsey from Warren for all his assistance.

Twenty five targets Single Barrel welcomed the shooters for the Culgoa Championship. Kevin Pearce was once again in the winners circle taking Overall. AA Grade went to Rex Lehman from Lightning Ridge. A Grade went to Colin Betts from Brewarrina, B Grade Vic Eather from Boggabri, and C Grade to Artie Wilkinson from Cessnock. Front Markers went to Murdo Crombie again.

Event six the big money event. One thousand dollars prize money and \$3635 on the calcutta had many shooters and spectators alike on their toes.

Forty Targets from A.C.T.A. Handicap marks saw only three shooters have their score on the board in the red colours.

Alex Youman from Guyra, Jim Hunter and Peter Fitzalan from Warren made the buyers from the previous evening very happy. Each syndicate shared the total prize money taking \$1212 each.

After a short shoot off for the overall Alex Youman taking first place with all shooters also taking a step backwards, in their handicap.

The final event to sort the men from the boys saw one man only shoot the possible. Rex Lehman from Lightning Ridge came in with a perfect 20/20. This I can assure you, I will hear about it all the way across the Nullabor.

Graded High Guns, Overall Veterans, and juniors were the main winners this year.

AA Grade went to Pud Burgess from Cobar with 227/235; A Grade went to Kevin Walton with 219/235; B Grade went to Grahme Haig from Cunnamulla with 217/235; C Grade went to Artie Wilkinson from Cessnock 221/235; Veterans went to Vic Eather from Boggabri 210/235; Juniors went to Darren Walton from Gilgandra 187/235.

The Overall High Gun this year went to Kevin Pearce from Cessnock with a great score of 229/235. Kevin advised last year when Jim Scott took home the Kentucky Muzzle loader that 1985 would be his year. Great shooting Kevin.

Again many thanks to all who assisted to make this shoot a memorable one. Trappers, Refs, Scorers, Ladies, Cleaners, Assistant Secretaries, Bar Assistants. Great show friends.

To conclude the weekend a small presentation was made to Michael and Greg who are leaving Goodooga from their friends.

## VALE

The Terranora Lakes Gun Club regret to advise the passing away suddenly on the 26th March of our President Mr. Bob Ridler. Bob was still a young man but he used those years to work for others in many facets of community work, he will be a great loss to our club and sadly missed.

# GUIDELINES FOR REFEREES — TRAP & SKEET

1. Read shooters names from squad sheets and ensure competitors are on correct tracks and marks. For safety reasons ask all shooters to check for obstructions in barrels.

2. The Referee must stand where he has a clear view of targets and competitors, preferably between lanes 2 and 3, approximately 2 metres behind the competitor's shooting mark. If there is excessive back-ground noise, the Referee may move between lanes 2 and 4 in order to hear the competitors call so as to give all competitors equity of competition.

3. Describe the event and procedure for conduct of the event. E.G. "25 Target Single Barrel Championship, shot from 15 metres, 13 targets from trap 1 and 12 targets from trap 2."

4. The referee should ask his scorer to stand close enough to him, so that the Referee can see the score sheet, and the scorer can observe the target as a check referee.

5. Target to be shown by Referees.

(a) When the competitors are all in position, the Referee must release a target for number 1 shooter to look at on his call.

- (i) At the beginning of all events.
- (ii) After any breakdown or delay
- (iii) At the commencement of all shoot-offs.
- (iv) On each trap used for a shoot-off.
- (v) After any break for shells etc. during a shoot-off.
- (vi) If a competitor received two broken targets in a row, the Referee should ask the competitor "Would you like to see a target."

(b) If it is a six man squad and there is to be 1 target per shooter eye-opener, number 6 shooter must move up to take the first target, but he must still be shown a target, on his call, before he shoots at his eye-opener target.

6. The Referee must at all times release the target immediately on the competitors call.

7. The Referee must clearly call the result thus: one, lost, three, two, no target, as appropriate.

8. Lost targets must be called immediately, and the referee can change his decision if the target breaks before it hits the ground.

The Referee is to see that the next shooter does not close his gun until the result of the previous shot has been called, and should not release the next target if the competitor calls before the result has been called. Refer Rule 1.1E.

9. At all times ensure that no competitor leaves a cartridge(s) in his gun, after a red signal from the traphouse (breakdown etc) and when moving from lane 5 to lane 1, or anytime competitors or other personnel are in front of him.

10. The Referee must speak to a shooter **immediately** on any breach of the safety rules. If the rules of etiquette are broken, the Referee should speak to the shooter concerned after the squad has finished, depending on circumstances.

11. Providing a shooter does not obstruct the Referee in the execution of his duties, the shooter may walk in front of the Referee when changing from lanes 1 to 5.

12. In Single Barrel competition the Referee must ensure that the second barrel in Double Barrel guns remains clear.

13. The Referee must not restore a target if the competitor opens his gun after a malfunction, unless he has been instructed to do so by the Referee.

14. In the case of a malfunction the Referee shall firstly

check that the safety catch is not in the on position, he shall then check that the action is closed, enquire of the competitor how the action operates, i.e. whether mechanical, or inertia triggers, and then test fire the gun once only.

If the shooter is using a release trigger gun, the Referee will ask the shooter to test fire the gun once only. Under no circumstances will the Referee attempt to test fire it in this case.

15. The Referee should be mindful of the rule regarding squad members disturbing the competitor shooting.

16. A Referee will not call no target to deny a shooter the opportunity to shoot at a whole target, unless a safety hazard exists.

17. Interpretation of refusal rule:

A shooter may refuse to shoot at any target which he considers to be too high, too low, too wide, too quickly released, too slowly released, at any target he considers to be illegal. There is no limit to the number of targets the shooter may refuse as long as the Referee agrees with the reasons. Obviously, if too many targets are refused for illegality, the Referees must inspect the trap, find the cause, and correct it. If the Referee does not consider that the target refused is illegal, he will ask the shooter why he refused the target. If the Referee is not satisfied with the reason, he will tell the shooter. He will also state that any further targets which are refused, and are considered by the Referee to be legal, will be scored "lost target". If the above situation seems likely to arise, it is preferable that a third party, qualified if possible, adjudicates subsequent refusals. The foregoing procedure in no way discriminates against Referees using their judgement, it is meant to assist in equity of competition. A major point missed by older style Referees is that although a shooter may refuse to shoot at an illegal target, he is equally entitled to accept an illegal target, and shoot at it. However, if he shoots at, and misses an illegal target, the only decision open to the Referee is "lost target."

Similarly, if he hits it, "three", "two", or "one" as the case may be is the only decision to be given.

A Referee should not call "No Target" for a fast or slow released target nor if the target seems to him to be too high, too low, or too wide. "No Target" should only be called in the case of a broken target, a pair of targets emerging instead of a single (or vice versa), or where a safety hazard exists if a shooter elects to shoot at the target.

The shooter must be the only person to decide if the target is acceptable to him.

Many older style Referees consider that this rule takes away too many of their decision-making powers. The fact is that the rule puts the decision whether to shoot or not with the sole person who should have to decide — the shooter concerned.

The Referee must leave the "No Target" decision where it belongs — with the shooter. If the shooter breaks the target, illegal or not, he is credited with it, if he misses an illegal target, he must equally accept the "lost target" decision.

Referees are to ensure that "R" for refusal is entered on scorecards. Every refusal must be called either "No Target" or "lost target" by the Referee.

18. The Referee is to see that all competitors remain as a squad until the last shooter has finished.

19. At the completion of each visit to a trap, the Referee must say, "unload your guns and check your scores."

20. In Skeet, the Referee is to ensure that the competitor's feet are within the 1 metre square at each station.

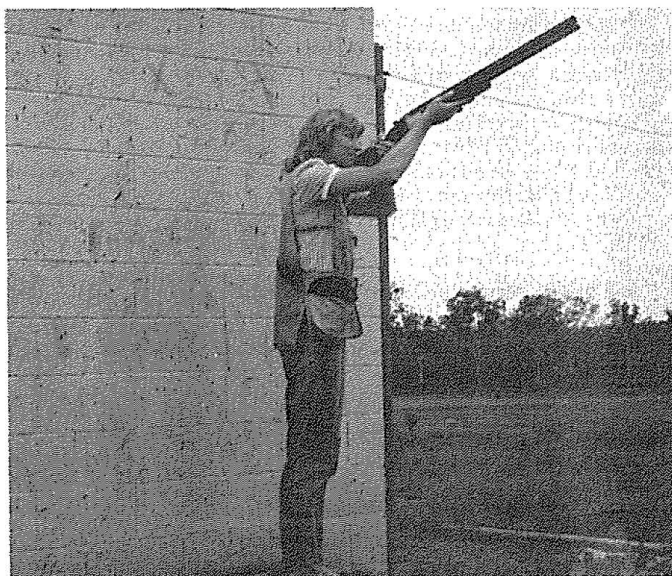

21. The Referee should take up a position as recommended in the accompanying diagram for each station.

## BRISBANE GUN CLUB

The Brisbane Gun Club had its first two day Skeet shoot for some time on the weekend of March 23 and 24. The numbers were quite pleasing but we're not sure what happened to the squad from Tamworth. The table of trophies was something to behold thanks to some kind donations from Kev Reedman on behalf of Chandlers Electrical Stores, Neil Dimmick for the two h/guns including a beautiful silver pocket watch and Ray Porter for the ladies H/G. The standard of shooting was very high with 9 shooters being upgraded over the weekend including Larry Hottes who went home to Mt Isa a very pleased A1 shooter (very nearly AA), after coming down a C5 shooter. Michelle Siggs shot herself into A Grade with a 188/200 and Dave Dundon shot a 149 break. The first event, a cash divide A Grade was shared by J. Baker, K. Madsen, D. Wells and B. Wenban. All 49/50 B Grade Michelle Siggs, G. Redmond and R. Donovan, all 48/50 and C Grade L. Hottes 47/50 C. Sordhan 44/50 and Rhonda Porter and Noeline Herbert 39/50.

• Dave Dundon, High Gun winner 194/200.

• Michelle Siggs, Ladies High Gun 188/200.

Event 2 was the Chandlers H/cap Trophy event and after a marathon shoot off, Larry Hottes came through in 1st place from Dave Dundon with Neil Dimmick in 3rd place.

Event 3 on the Sunday, A Graded Trophy event, was won overall by Mike Swale from the Gold Coast who edged out Alan Latch from Coffs Harbour. With a 60/60 Alan picked up A Grade, Michelle Siggs the B Grade with 49/50 and John Mitchell C with 44/50.

The final event the City of Brisbane Championship was won in fine style by Jim Wilberforce with a 50, Ray Porter picked up A Grade with a 49 and everybodys mate Ces Herbert picked up B Grade with 48 and Russ Giles C Grade with a 45. Dave Dundon won the high gun with 194/200, Michelle Siggs the ladies high gun with 188/200 and Gary Redmond the H'cap High Gun. A Novelty two man team shoot event with shooters drawn from a hat, also created some interest. Special thanks to Dawn Reedman in the office and to Kirsten Madsen and Margaret Baker in the kitchen and behind the bar and thanks to all the shooters who made the journey and we'll see the next two day shoot won't be too far away.

## EDITOR'S MAILBOX

Dear Ian,

Through your magazine may we take this opportunity to thank all Clay Target Shooters throughout the South East Zone.

We often hear of generosity that clubs and individuals can give, and often we hear about them sometime throughout the year. When this generosity and kindness and thoughts were bestowed upon us last October we were overwhelmed.

Due to my illness and a two week stay in hospital for treatment, the South East Zone Clubs rallied together to give myself and family a holiday and a chance for me to convalesce.

There are a thousand and one words in the dictionary and there are many ways to express thank you, but all of them are not enough to express our thanks.

Thank you Dave, Norm, Wilma and Val. Thank you Morwell G.C., Korumburra G.C., Foster G.C., Bairnsdale G.C., Melbourne G.C. and the South East Zone Association.

Just to know that there are shooters and friends throughout the clubs wishing me well makes my fairly tough battles for health ever so worthwhile now and in the future.

Thank you, Jenny and John White and Family.

P.S. I am progressing very well and so far have had no further treatment since October. Thanks mates, Jenny.

Dear Editor,

Regarding the controversy of the relative merits of double barrel shooting as opposed to single barrel, I feel I must support Tim Catling in his argument.

I have long felt that the second barrel is only a consolation prize and should never be worth as much as the first barrel for the shooter has already missed the target, if you watch the good shots they don't dirty their second barrel very often.

In America it's all single barrel shooting and they still shoot big scores. Yes, I believe we should shoot double barrel events but make them point score to keep the tyro in the game otherwise you might break his heart and lose a member.

Regards,

Cec Herbert, Gunnedah.

# SUCCESSFUL CHARITY SHOOT

The Gympie Gun Club and the Gympie Cooloola Rotary Club conducted a Charity Shoot at the Gympie Gun Club on Sunday, 31st March, 1985.

The co-ordinator of this shoot was Ross Chapman who did a mammoth job in organizing it.

There were 30 squads of shooters. The squads were made up of four team members from various businesses and organizations from the Gympie district, with one registered shooter in each team. Shooters from Murgon, Kingaroy Maryborough and Sunshine Coast rallied to assist the local members.

The day commenced at 9.00am with the President of Gympie Gun Club welcoming all to the Charity Day. This was followed by an introduction to Mr Greg Nissen, President of the Gympie Cooloola Rotary Club, who explained that the funds raised were for the Gympie branch of the Leukaemia Foundation. Then Lex Stolberg, club coach at Gympie, gave all a talk on "Gun Safety" and a practical demonstration of clay target shooting. The squads were then put on the board, and all registered shooters looked after their squads for the day.

The teams shot at five target S.B. to get used to firing the guns and to know what clay shooting was about, and then they shot at two more events of ten targets S.B.

The two clubs had combined together to purchase a beautiful perpetual trophy plus trophies for the winning team members plus the second placegetters.

The winning team was: "MADILLS BODYLINERS", the team consisted of: Stan Greenbury, Lou Cleary, Bob Gottke, Craig Mayfield, Alan Haberkorn. Their score was 72/100. Second placegetters were: "Gympie-Cooloola Rotary Club No. 1" team members: Bruce Russell, Gene Barker, Tony Cook, Brian Wesener, Bev Grice.

• Ross Chapman (left) presenting the trophy to the winning team.

The announcer for the day was Gene Barker — who when he wasn't shooting himself kept up a running commentary of the scores, who was leading etc. — this kept the interest alive all day long.

In keeping with the Ross Chapman sense of humour, I was not surprised when the four lowest scorers for the day were presented with a "Stuffed Duck" to practise on for the next twelve months till the next charity shoot.

The Rotary members had the barbecue going all day and there was also plenty of cakes, coffee etc. The bar was also well patronised.

On reflection of the day I was very impressed with the fact that this club had raised \$2000 for a very worthy cause, but had also achieved great advertising for the sport, with the competitors and their families, who went away knowing what clay shooting was all about, but also that although it is a sport using firearms, it is done in a responsible way and can be enjoyed by young and old alike.

My congratulations to Ross and the other Gympie members, a great success.

Bev Grice, Secretary Q.C.T.A.

## ALICE SPRINGS GUN CLUB EASTER SHOOT

APRIL 6 to 8, 1985

The Alice Springs Gun Club saw shooters from the Northern Territory, Queensland, New South Wales and South Australia competing for a truly magnificent display of trophies. As a result there was excellent performances on the walks with competition bringing out quite a few personal bests, D.T.L. saw Ron Winter go from "B" grade to "AA". P. O'Grady with his first ever 50 break. Skeet provided Jim Niland and Steven Lorman with their first 25 breaks.

Old friendships were renewed, along with many new ones developing as the program unfolded, with past and present accounts being revived over a cold tinnie.

The night State Championship shoot saw all shooters again taking to the walks for what turned out to be a Northern Territory affair in all grades with T. Kirby (S.A.) taking out 2nd place, "A" grade and providing the sideline entertainment. Not only was the shooting excellent throughout, but our ladies as always, provided all present with a truly marvellous spread of food.

The Committee would again like to take this opportunity to thank all involved with trophies and donations and the hard work before, during and after, which culminated to make this very successful event, for all in attendance.

To quote an Interstate Shooter, "You would literally travel miles to find trophies to compare with those every year at Alice Springs, not to mention the food supplied as well as the organisation."

So next Easter bring yourself and a friend to the fixtures in the centre, you won't be disappointed. See you on the walks.

See shoot report section for scores.

## COWRA GUN CLUB

Cowra Gun Club held its monthly May shoot with practically a full handicap programme.

The attendance of 52 shooters who travelled from Goulburn, Cobar, Dubbo and surrounding Central Zone Clubs.

The main event — the Cowra Gun Club Grand Handicap was won by 16 year old Cowra Girl, Marilyn Dwight with a score of 43/45. This is the first sash that Marilyn has won and the win was the most popular at Cowra for many years.

• Club President Noel Dwight presenting his daughter Marilyn with the winner's sash in the Cowra Gun Club Grand Handicap. Score: 43/45.

The NSW D.B. Continental Night Championship was won by Arthur Turner Jnr. of Cobar who also won the High Gun.

A break-down of the handicap event showed that 20 shooters were on handicaps between 18m and 24m — 15 shooters on 16m & 17m and 13 on 15m or forward. This proves that shooters will shoot handicaps if the club programmes the event and makes the trophies and money attractive.

• Arthur Turner Jnr. accepting the sash and trophy from Peter Mould and Noel Dwight — winner of the NSW D.B. Night Continental Championship.

## I.S.U. REPORT

**Masters Games — Toronto Canada.** 19-26 August '85.

To compete you must be 55 plus on Dec. '85. You must compete in either the Olympic Trap or Skeet Events to be eligible to shoot in the American Trap and Skeet events.

The games actually start on 9th August and already 300 Australians will be competing in 22 sports. To date only one Australian Shooter is going, Barney Rooke. There must be plenty of 55 plus and I.S.U. Shooters about. Entry forms can be obtained from Judy Lebash from the Confederation of Australian Sport. Return air fare is about \$1850.

### Sports Award.

Congratulations to Dino Oliviero for his Sports Award from the South Australian Government for his services to clay target shooting. Well deserved.

### New ISU Layouts.

Both Guyra and Illawarra will have new trench layouts operating by the time this report goes to press. Both the N.S.W. and Victorian ISU sub-committees seem to be really on the ball. Haven't heard much from other States. Don't let the South Eastern States dominate the ISU Scene.

### U.S.A. News

Whilst at the N.R.A. recently I spoke to the Directors of the Olympic Committee and observed a number of similarities. Participants in ISU Sports find the cost to shoot themselves. (Many fire over 50,000 rounds per year). Donations to the International Shooter Development Fund are tax deductible. There are only 10 ISU layouts within the U.S.A., so we are not doing too badly.

### Stop Press

Pleased to see young brother win the Singapore Open by 5 targets and tentatively finish in 12th position at the Grand Prix of Nationals in Italy.

### Colac

Anyone interested in some very difficult shooting over the 5 trap system should venture to Colac. Mal Cox and his club members will really look after you and a very inexpensive day.

## TRADE TOPICS

Les Turner of Evans & Balfour, the Australian agents for Perazzi, informs us that the factory have now available a new under + over gun (Pirazzi MX5).

The gun in three versions is recommended for game and simulated field, and no doubt skeet shooting.

It features for the first time a single selective trigger 27½ inch barrels but non detachable trigger group with coil springs.

Three models are featured, all have Schnabel forends barrels with flat vent rib.

MX5 C with both barrels featuring interchangeable screw in chokes 12 gauge ST.

MX5 Normal chokes 12 gauge ST.

MX5 20 Gauge ST on a 12 gauge action.

Price is expected to be much less than the MX8 models, delivery January/February 1986.

## HERMIDALE GUN CLUB

Jack Edgell (left) is presenting Bob Fitzalan with a trophy and sash on winning the prestigious J.E. Trophy. Jack is a patron of the Hermidale Club and also a well known identity around many Sydney and Western N.S.W. Clubs, the trophy is shot for on a monthly basis; monthly winners winning a badge and the 12 monthly winning shooters then shoot off in a final at the end of the year for the J.E. Trophy.

Jack now at the age of 80 years is a grand old man of Clay Target Shooting and is only too happy to pass on some of his valuable knowledge to any younger shooter. On many occasions he still shoots a full programme of 100 birds.

## CANBERRA WEEK FESTIVAL, OLYMPIC TRAP CHAMPIONSHIP SATURDAY — 16th MARCH, 1985

Shooting began in typical Canberra autumn conditions. Calm and a warm 25°C.

Local shooters Lou Notte, Jimmy Ellis and popular club president, Steve (Os) Osborne were off to a good start.

Each carded twenty-fives to demonstrate to all, that it really was quite easy. It took Os several years of practice though, to record his first clear round.

To show that he truly is a fine sportsperson, Os let a target go in the next round to be one down over fifty.

As the sun set on day one, Clifford Bailey on ninety-eight was one target clear of the "fast shooting" Jimmy Ellis. Jim had reverted to his "old" shooting style for this

particular title. Go back to your "new shooting style" Eli. Incidentally, Clifford and Eli finished the day on twenty-fives!!

Frederick Twarloh, the great improver, led A Grade with ninety-five followed by Aiden (Irish) Kavanagh on ninety-two.

David Menck led B Grade on ninety-two and Lou Notte C Grade, on ninety-one.

Fillipo Petriella, the outstanding junior and fanatical Beretta user, led the talented Junior field on eighty-nine, including a twenty-five in his last round of the day.

### SUNDAY — 17th MARCH

My word, what an exciting day this turned out to be!

Eli had to hurry to make his squad, but still strode to his shooting mark with a certain degree of belligerence.

Bailey was not at all composed. Yes, he too was late. By two squads.

He then suffered the indignity of having to shoot next to his tormentor. Yes, he had been re-squadded.

Ellis gained the upper hand in this round and he never relinquished his stranglehold on the title, despite the apparent closeness of the final scores.

It was all too easy for Lou Notte. He had to leave the shoot for a personal reason and won C Grade without having to shoot his final round.

#### FINAL PLACINGS

## VALE

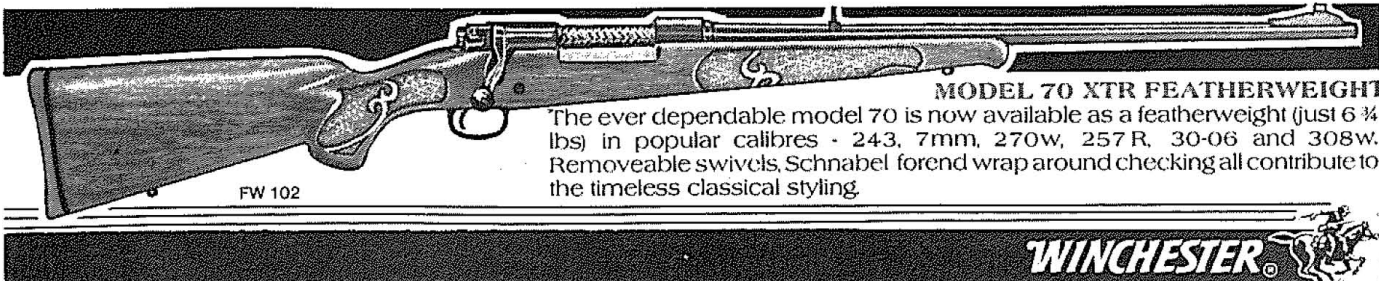

In friendly memory of John Glanford, Past President and Vice President of the Shepparton Clay Target Club who passed away suddenly at the age of 28 years.

John brought shooting for pleasure to the fore and his friendly helpful attitude made it easy for all around him.

His presence will be sadly missed by the shooting fraternity and the Shepparton Clay Target Club.

Our deepest sympathy goes to his wife, Debbie, and family.

# TAMWORTH — 4-WAY COMPETITION

For the past four years a challenge competition has been staged between the Clay Target Club, Rifle Club and Sporting Shooters with all shooters competing at each discipline. This year the Pistol Club also competed.

The day commenced at the Pistol Club, with all shooters receiving four "sighters" followed by four shots in 20 seconds, again twice. The highest scores were by Pistol shooters, K. Pearce, T. Smyth, 38/40, W. Cameron 37.5, W. Johnston 37.5.

The 70 shooters then moved onto the Sporting Shooters range, and shooters received 8 shots from 25m off hand, followed by a further 8 shots from 50m, sitting position. Scores here were Laurie Mangan (rifle) 32.5/40; Finn Fensbo (gun) 31.5/40; Tony Smyth (pistol) 30.5/40; Terry Mooney (sporting) 30/40; John Holmes (pistol) 29/40; W. Cameron (P) 28/40.

The Rifle shooting was next on the program with shooters receiving 10 shots from the 300m mound. Versatile shooter Galvin Martin, who competes at all four clubs regularly, returned 39/40, Laurie Mangan (rifle) 37/40, W. Cameron (P), B. Chatfield (P), D. Lomas (P), D. Carwadine (R), T. Orr (R), G. Drain (G), R. Drain (G), E. Johnson (R) all returned 36/40; R. Ware (P), L. Cameron (P), K. Randall (P), K. Frazer (g) 35/40. After lunch all shooters travelled to the Clay Target Club to receive two targets to look at or shoot at, followed by 20 targets scored two or one, to bring scoring into line with the total of 40 as in each other section.

The highest score was recorded by Clay Target shooter Ross Drain with 40/40; Col Barton (G) 39/40; Col Burt (G), G. Martin (P), R. Whitten (G), T. Mooney (R), all recorded 38/40; Finn Fensbo (G) 37/40.

The highest individual score recorded on the day was 135 by Galvin Martin, from Terry Mooney on 134 and Tony Smyth with 132.5.

The Berela Homes Perpetual Shield went to the Pistol Club No. 1 Team comprising Tony Smyth, John Holmes, Galvin Martin, Bruce Chatfield and W. Cameron with a score of 629.5 from the Clay Target Club's No 1 team of Col Burt, Col Barton, Ross Drain, Ron Bright and Rex Whitten with a score of 572.

Also, for the first time this year, the host club donated all remaining funds to a charity of their choice. The Peel Valley Tamworth Rifle Club elected the Crippled Childrens Association.

The day was highly successful with all shooters expressing favourable comments, and marking their diary with the date for 1986.

Jenny Etheridge, Publicity Officer, Tamworth Clay Target Club.

# TOOWOOMBA GUN CLUB OPEN SHOOT

Over the weekend 9/10 March the Toowoomba Gun Club held their annual two day shoot. Knowing too well the unpredictability of the Toowoomba weather ears and eyes were tuned to all weather forecasts as well as older tricks of crossed fingers.

Saturday was very pleasant with a slight wind and cloudy skies. 84 shooters competed in the three events and the first event, 25t Darling Downs DB Championship set the scene for the weekend with 19 shooters shooting the possible. The shoot-off resulted in overall winner R. Rosenberger, A Grade G. Redmond, B Grade J. Box, and C Grade M. Adamson.

The second event, 25t Sweepstakes, saw 25 shooters sharing the money.

The final event for Saturday, 25t Darling Downs DB Continental Championship ended, after the shoot-off, with a fine win to G. Redmond with R. Hohn, A. Robinson and C. Jackman taking A, B and C Grades respectively.

A good number of people remained at the Clubhouse for the evening meal and participated in the Calcutta draw and auction.

The auction, conducted by local real estate identity, Greg Barlow was very spirited and saw a record amount go into the pot.

Sunday was dismal; strong gusty winds with low clouds and rain showers on and off all day blowing directly in the shooters faces. The scores were a reflection of the conditions, after Saturday's effort of about 50 possibles in 3 events.

The 25t Darling Downs Points Championship saw Col Varley and Greg Stevens into the shoot-off as the only two possibles.

The shoot-off was of the shortest duration (one target) and Col took out the overall with Greg A Grade, Joe Box B Grade and young R. Graham, C Grade.

The main event, 50t DB Calcutta, with shotguns as trophies for each grade, saw only three possibles on the board. The shoot-off resulted in A Grade J. Porter, 1st, R. McKay 2nd, B Grade J. Withers 1st, R. Brook 2nd, C Grade M. Adamson 1st, M. Heslin 2nd.

The final event of the weekend, 25t DB Handicap President's Trophy, was a fine win to G. Nofke with the only possible, B. Ross 2nd and R. Hammond 3rd.

The Overall High Gun trophy, a Browning gun case donated by Greg Newey, was won by Col Varley with 219-225, a very find performance considering the shocking conditions on the Sunday.

Overall the weekend was a great success for the Club and the few willing workers. Our thanks to the many visitors who contributed greatly to its success and who came from as far afield as Kempsey, Guyra, Roma, Coffs Harbour to name a few. More detailed shoot results under Qld Club notes.

I wish to sincerely thank our Sponsors for the forthcoming State Carnival to be held at Tamworth.

Most of us realize that all sporting bodies (be it crowd pleasers like football and racing, or sports like ours that are not so crowd orientated) must receive assistance from sponsors to remain alive and attract competitors.

We have approached various business houses and have received excellent support and total sponsorship of all our Championships at the State Carnival.

Our Sponsors are:

- NSW Double Barrel Championship — Sergio Zuffo of Olimpyc Targets.
- NSW Single Barrel Championship — Joe Chiappetta of Gambarms.
- NSW Point Score Championship — Peter Abela of Horsley Park Gunshop.
- NSW Champion of Champions — Cadbury-Schweppes Pty., Ltd.

We also have additional sponsors for the various High Guns etc — these will be fully publicised when finally organised.

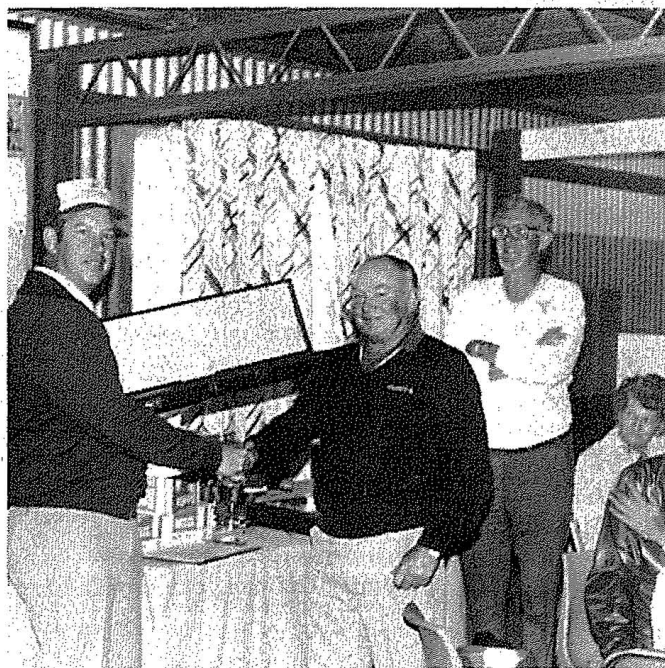

## PROGRAMMES AND RULES

Once again — I appeal to all Club Executives to carefully study the rules **before** they programme a shoot. We are still finding many clubs placing advertisements in the "News" which include group handicap events to be shot off 15m — Rule 2.2 (b) states:

"All group handicap events must be shot from ACTA handicap marks".

Please ensure that your programmes are within the structure of the rules.

## GREG HOLLY WINS CLAY TARGET TITLE

The inaugural 'National Classic', sponsored by the Wagin branch of the National Australia Bank was shot at the local club over last Sunday, March 31. The weather was somewhat unkind wind-wise, though the skies remained bright throughout the shoot.

Some 26 shooters contested the events and vied for the valuable trophies. They travelled from as far away as Narrandera, South Australia, Bunbury, Katanning, Kojonup, Albany and Perth.

The program commenced with a cash-graded 10 double barrel eye opener target shoot. 50 double barrel targets were then launched for the National Classic — the main event of the day. To wind-up, a 25 double barrel handicap event was shot.

A grade money was won by Greg Holly (Koj) with a perfect 10/10. B grade local Jim West shot a great 10/10. C grade winner was another local, Lindsay Potts, with a 9/10.

The National sash and trophy also went to Greg Holly for his fine 48/50. Tim Catling (Kat) shot 47 to be A grade runner-up.

Local shooter Gary Painter collected the B grade event trophy with a kill of 45 (big as mounties, these targets, he reckons) while another local in Graeme Riseborough shot 42 to be runner-up.

Lindsay Potts (Wagin) led the C grade shooters with 44 from Charlie Holly (Koj) who shot 36 (much to the 'disgust' of two locals who sat planning a shoot-off with their meagre 35's).

The handicap event of 25 double barrel targets saw a win for Lindsay Potts with 24 from Pas Carbone 23 while R. Wendt (Kat) shot 22 and Jim West (Wag) 21, after a shoot-off.

High Gun Sash and Trophy was won by the ever green 'Lougee' yarn spinner Greg Holly with a 78/85.

Lucky number score was won by Charlie Holly — a family affair it seems!

President Gary Hamersley thanked all shooters for attending the day. Special thanks were given to the ladies and trapper boys. Particular mention was made of the generous sponsorship by the National Bank which made such a successful shoot possible.

# WHY I USE AN AUTOMATIC

By George Biggs

The following article was published in the first official A.C.T.A. News magazine 1949. At this time Clay Target Shooters had very little choice in the selection of a shotgun. World War 2 had caused production to stop for several years from 1939.

English Double Barrel side by side guns were most popular in the immediate post war years. In fact, there was really nothing else except the Browning automatic 5 shot which had been available for many years. It was an inexpensive gun compared to English doubles. I well remember buying my first "Greener" double side by side that cost me around £36 (\$72) compared to this, we could buy a Browning Automatic for £14 = \$28. Was it any wonder the auto became popular? Of course neither type of gun was really designed for Clay Target shooting. They were in fact a field gun and had to be modified stock wise, for Clay Target Shooting. It was at this stage of my shooting career I became very much aware of the importance of stock fit.

Many times I have been asked why I use and how I like the automatic shot-gun? A discussion of this subject resulted in the Editor of our Australian "News" seeking a story on what may be termed a subject not without interest to many shooters.

The history of my association with shooting goes back to my earliest youth when a small boy on my father's cattle property in Queensland. In that particular part of Queensland game and wild life abounded in plenty. Every boy is veritably born with "a rifle in his hands" and as his age advances, whether on foot or horse back, his rifle is always close at hand. Naturally under these circumstances I learnt to use the rifle with a fair amount of success. At fast moving game with an automatic rifle we seldom missed. This brings to my mind, an often repeated statement, that to be outstandingly successful in shooting either in the field or over traps, one must take up the gun early in life. The younger one is the easier it becomes to judge distance and speed. As instancing this point I recall many occasions of riding after kangaroos and shooting from the saddle at this fast moving target. It will be noted that a keen sense of distance and speed is essential when shooting in this fashion, otherwise you shoot well behind the target.

Returning to live in Melbourne I acquired by first contact with the shotgun about 1938 — a very light double barrel job. How well I remember the "kicks" this one gave me. I found that I was never happy looking along "two barrels" — I much preferred the single line straight to the target. Late in 1939 I decided to try my hand at clay pigeons — using a double barrel gun. After a season or two I felt it was the Browning Automatic single barrel gun for me.

My shooting improved immediately. If you take the time to read over what I have already said you will observe that I am leading up to my main points and these are, (1) my early days of shooting were done with a rifle — which meant looking along one barrel only, (2) I consider that the single barrel weapon is much easier to handle and a much quicker gun to aim accurately, (3) the automatic gun is a

single trigger job, therefore the grip does not have to be relaxed for the second shot, (4) with a single barrel one does not have the tendency to "cross-fire" (which often happens when shooting with a double barrel gun), (5) the killing range and the patterns are usually exceedingly good, (6) the recoil which is taken up by the snubbing device lessens the sore shoulder and headache, (particularly in long events over traps).

I have heard the automatic gun coming in for a lot of criticism from time to time — some say the mechanism becomes faulty and other complaints. Against this I mention that 95% of the American shooters use the automatic and pump gun (and these boys generally can shoot) also it is important to remember that automatic weapons must be kept clean, lightly oiled and re-loaded shells should not be used. I consider that most of the faults lie with the man behind it and not the gun. I have been told that my own shooting would be better if I dropped the idea of the automatic, but the foregoing is my experience and my own opinions.

In concluding let me say that no matter how good your gun is, if the stock does not fit the shooter concerned he will never put together a good scoring string. He will lack co-ordination with body, head and eyes and fast timing is impossible. The shooter should always remember to keep his cheek down on the comb, not as we often see a shooter lift his head to watch the bird and forget to take the gun along with him.

## BROKEN HILL GUN CLUB CLAY TARGET SHOOTING

West Darling Championships 11th 12th May, 1985.

A milestone and a proud episode in the history of Broken Hill Gun Club. Surpassed only, by Charles Rasps discovery that Broken Hill was a lead producer.

Record attendance of 139 shooters, competing the two day programme in ideal conditions.

In recent years, a decision was made, (not without a great deal of misgiving) by the executive, to extend to activities of the club. Major expansion was centred around two important events of the year, the West Darling Championships held in May and the Silver City Championships in September. The enormity of this venture was the increase in trophy value from \$100 to the incredible amount of \$6,000. Considering the isolation factor of Broken Hill, with Mildura the nearest shooting centre at a distant 300 kms, this venture was undertaken with a lot of opposition. Contrary to gloomy speculation, it was an immediate success, a gamble that paid off. Shooting attendance accelerated from an average of 20, to around the 100 mark, with a culmination of a record of 139 shooters, at the recent carnival.

Broken Hill is now firmly established as a leader in Clay Target competition.

This determination to succeed was demonstrated prior to the 1983 Centenary Championships. With just two weeks to the shooting date, the Club-house was razed by fire, Consternation! Yes. Panic? No. The hastily convened meeting of club officials was adamant the shoot must proceed. A concerted effort by members to clean up the

debris and erect temporary premises, plus outside assistance from organisations foreign to Clay Target Shooting, enabled the club to conduct a successful meeting.

The only comments from shooters as they were presented with their Trophies, amid the smoke blackened ruins, was praise for the dedication, guts and determination of the people concerned, to commit chaos to harmony at such short notice.

Let us briefly glance at some individual performances.

Undoubtedly, **Russell Mark** took top honors. A long break of 530. Outright Handicap Winner from 21-25m, with a 20/20 score, overall & A, west Darling Gift & West Darling D/B Championship with respective scores of 350/350 & 94/94 & High Gun Trophy award 194/195.

**Fay Taylor**, Winner Ladies Trophy (5 events) 25/25, 24/25, 23/25, 30/31, 23/25.

**Jenny Ey**, Winner Ladies Handicap 23/25.

**Lionel Campbell**, Veteran Broken Hill Shooter 2nd B. Grade Handicap 29/30 3 Veteran Trophys 20/20, 24/24, 25/25, Veteran High Gun Award 180/195.

**Russell Young**, Veteran shooter from wayback, 2 Veteran Trophys 24/24, 26/26. Excellent shooting by Juniors, D. Burton, S. Powell, G. Dunstan, S. Baynes the latter shooter winning the Junior High Gun with the A score of 188/195. Such was the Standard of shooting, that breaks of 70, 80, 90 & 100 plus went almost unnoticed.

Did you Notice When shooting in adjacent lanes, the sympathetic glance to Greg Cowie by Darryn Nicholls, when Greg missed his 138th target, Seconds later when Darryn emulated Gregs feat, they walked off the track consoling each other. Congratulations to Greg, winning B. Grade in Broken Hill Gift with a score of 135/136. Greg who had previous to this occasion, never carded a 50 break, carried on to compile a long break of 190, a rapid transition from Musician to shooter.

The astounded look on the face of Len Baker, after shooting 24 1st barrels in P/S Championships, missing the 25th target & forgetting he still had the services of a second barrel. The resultant score was still sufficient to give Len the Veterans trophy for the event.

The tireless action of shoot marshal Bob Davis, shepherding the stragglers from the boundary fence to the shooting tracks. Reminiscent of Bob's station round-up days.

So much for the shooters.

We now pay tribute to the unsung heroes. The referees, scorers, trapper boys, shoot marshalls & all those people who volunteered their services to make a successful shoot. The chefs, ladies committee, whose untiring efforts to provide those wonderful meals to keep us content.

These are the people who deserve the trophies. Without our ladies committee, the club could not function.

A presentation ceremony of a life membership badge donated by Mrs. Nell Hoskins, wife of the late Past President George Hoskins, to B.H.G.C. secretary Sandra Johnston, was greeted by a standing ovation. A worthy tribute to Sandra's capabilities.

A message to our visitors. We thank you for your attendance. If you have enjoyed our company just half as much as we have enjoyed yours, then we are content. We look forward to your return.

# NORTHERN ZONE TRAP CARNIVAL TAREE/WINGHAM

• L. to R.: Doug Ellis — Zone Single Barrel Champ; Judy Barton — Ladies High Gun; Kel Primmer — Zone Point Score Champ; Bruce Smith — Zone Double Barrel Champ and O/A High Gun.

The weekend of the 27th and 28th April, saw the Northern Zone Trap Carnival conducted at the Taree/Wingham Gun Club. The whole of the eastern side of N.S.W. had been deluged with rain for the 10 days preceding the carnival and the weather continued in the same vein on the Saturday with approximately 2 inches of rain being recorded. Still the numbers were excellent despite the conditions. 60 shooters attended on Saturday and 55 on the Sunday.

The first event on Saturday was a 25 target double barrel cash divide. Those to record a possible were R. Humphries, J. Kent, C. Barton, J. Tanish, D. Redman, A. Futter, M. Wade, P. Turner, J. Fenwick, R. Vidal, J. Farrell, G. Lancaster and D. Ellis all returned 24/25.

The first championship to be contested was the 25 target East Coast double barrel. The overall winner after a strong shoot off was Guyra shooter Geoff Lancaster with 50/50, from John Kent of Inverell on 49/50 who was awarded "AA" grade. Local member Vic Flower was successful in "A" grade with 38/39. Gerry Blackman returned 37/38 to take out "B" grade and Gerry McNulty received the "C" grade trophy with 25/28.

The first of the Zone Championships was next, being the 25 target double barrel. Singleton shooter, Bruce Smith was the overall winner with 39/39, from R. Cangiano on 25/26 taking out "AA". Tamworth shooter Col Barton received the "A" Grade trophy also after a shoot off, with the score at 38/39. Grahame Wyatt was successful in "B" Grade with 25/26, with R. Humphries receiving the "C" grade trophy with a score of 24/25.

The final event on the Saturday was the 25 target Zone Single Barrel Championship. Doug Ellis from Guyra recorded the only possible 25/25 to receive the overall trophy. R. Cangiano was successful again in "AA" grade with 29/31. Bill Buchanan's 30/31 saw him receive the "A" grade division, and 24/25 from Bill Neill was the highest score in "B" grade. A strong shoot off was needed to deter-

mine the winner of the "C" grade division, with the 3 shooters standing in 2" of water! The eventual winner was Ann Wyatt with a score of 21/29.

Sunday morning was overcast and the sky very threatening, however there were only light showers during the day. The first event was a 20 target point score cash divide. John Kent returned the only possible 60/20, from Neil Nugent, Col Burt and Bruce Smith with 59/20, followed by Vic Flower and Bruce Noll on 58/20.

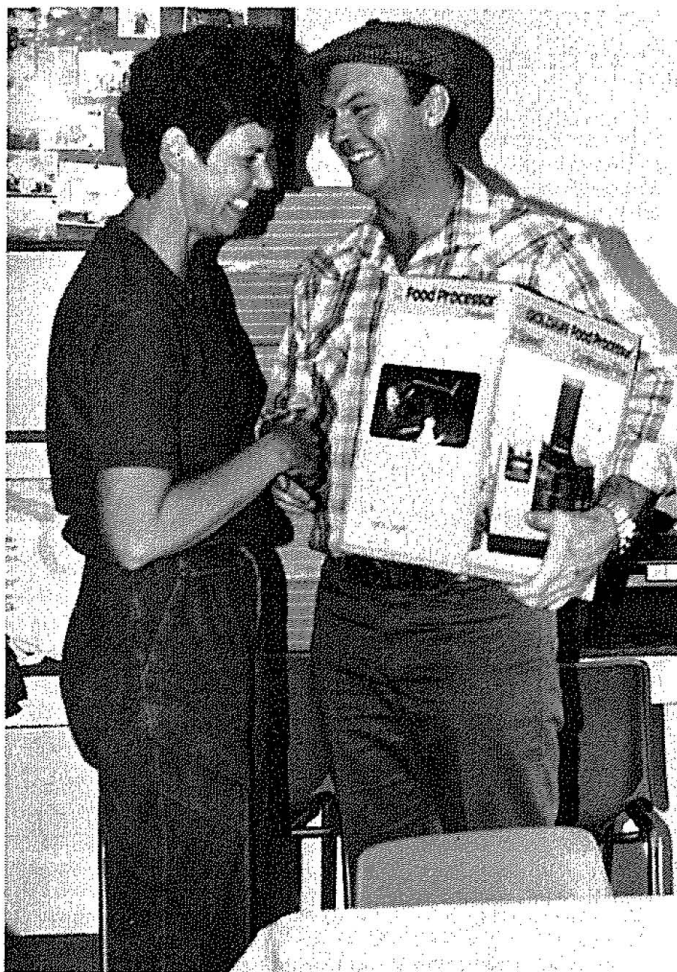

The 25 target Zone Point Score championship was the second event. The overall winner was Kel Primmer with 74/75, from Doug Ellis on 72/75 to win the "AA" grade trophy. Newly elected Zone Delegate, Andrew Futter from Glen Innes was the winner of the "A" grade section also with a score 72/75. Bill Neill picked up another trophy in the "B" grade ranks with a score of 69/75 and Cameron Moxey was the winner of "C" grade with 63/75.

A 25 target double barrel trophy event was the next staged. Results were; 1st "AA" Neil Nugent 25/25, 2nd "AA" Col Burt 24/25, 1st "A" Bruce Smith 29/29, 2nd "A" Robert Reeves, 1st "B" Ken Frizell 25/25, 2nd "B" Bill Neill 57/58, 1st "C" Gerry McNulty 26/30, 2nd "C" P. O'Brien 25/30.

The day ended with a 20 target handicap cash divide. Col Burt shooting from the 21 metre mark returned the only 20/20, from Judy Barton (14m) 19/20, Bruce Noll and R. Cangiano also 19/20. Bruce Smith capped an excellent weekend of shooting by taking out the High Gun with 269/280. Ladies High Gun went to Tamworth shooter Judy Barton with 211/280 and Michael Buchanan won the Junior High Gun with 217/280.

The Northern Zone Trap Team was also selected and the members are Bruce Smith, Doug Ellis, Andrew Futter, Bill Buchanan, Col Burt, Bill Neill, Col Barton, John Farrell, Neil Nugent, Michale Wade, Kel Primmer and Grahame Wyatt. The Ladies Zone Team comprises Judy Barton, Alice Harrison and Helen Finch.

Also finalised during the point score championship was the Inter-Divisional Competition. This competition was

• L. to R.: Ann Wyatt, "C" Grade Zone S/B winner, being congratulated by Taree-Wingham President Bruce Noll.

commenced 3 years ago and was aimed at attracting more shooters to the Zone Carnivals.

The first section being conducted by post and the highest score from each of the 3 sections of the Zone — that club then attends the carnival with their 6 member team to shoot for a trophy and badges. The final teams this year were, Inverell, Grafton and Taree/Wingham. The local team were the winners with a score of 368. Team members were V. Flower, B. Noll, J. Quartermain, G. Hognio, R. Humphries and P. Thompson.

The Carnival was certainly a great success, despite the rain, with the small band of local members working extremely hard to accommodate the shooters and provide their usual hospitality. All in all — a great weekend.

Jenny Etheridge,  
Northern Zone Secretary.

## SPRINGSURE GUN CLUB

Are looking forward to hosting their Annual Simulated Field Shoot in August.

Distance around the course will be approximately 1 km with 7 shooting stations, set up in the ideal field surroundings.

Last year's Top Shot was Peter Comino from the Gemfields.

The Club has recently completed building a new amenities block and further improvements are planned.

This year the programme will include a Saturday afternoon event and social evening, with the Field shooting held on the Sunday.

A cash jackpot prize of \$500 is offered for a possible score, and a sash for the Top Shot.

Trophies will be presented to junior and Non A.C.T.A. class winners.

Visitors will be most welcome and are assured of a terrific weekend.

Yours faithfully

Ian Hartree,  
Vice-President.

# NEW SOUTH WALES POLICE GAMES — A.C.T.A.

• Ted Warner shows two gold medals and a confident grin.

The annual New South Wales Police Games were held over the weekend of 20 and 21 April, 1985 and Wakehurst Gun Club again played host to the Trap and Skeet shooters. Law men from Walcha, Orange, Blaney and Cobar joined the City Cops to decide the top guns of the Force.

It was however, an old prospector — sorry, that should have been Prosecutor—who struck gold. Ted Warner, in top form, took all four Gold Medals as he proceeded to clean up the field in Trap and Skeet events. He shot a creditable 48/50 of wind affected targets in the Championship event. He was hotly pursued by Silver Medalist, Warren Timms — 47/50 and Bronze Winner, Dennis Morton — 46/50.

• Police shooters with Assistant Commissioner Bob Shepherd, who presented the medals.

In the Trap Handicap event, Ted shot a perfect 25/25; the Silver going to Geoff Wright and the Bronze to evergreen Police Superannuee, Cliff Brown, after a shoot off. A further shoot off, in the rain, decided the 50 Target Skeet event in favour of Ted Warner; Ken Beck and Cliff Brown gaining the Silver and Bronze respectively. The overall winners were: Gold, Ted Warner — Silver, Ken Beck — Bronze, Max Gregory.

• Police shooters: Ray Constable, Dennis Morton, Geoff Wright, Warren Timms and Ted Warner. Referee, Fred Taylor.

The contest between Wakehurst Gun Club and the Police Gun Club for the Colin Sim-Eric Stanno Shield was put over from Saturday afternoon to the following morning, at the request of certain Wakehurst members. Had police wire taps been legalised in this State, they would have discovered that certain telephones were running hot during the night. For as the Cops prepared to do battle next day, they were surrounded by many formidable members of the Wakehurst Gun Club, who were intent on robbing them of their precious trophy.

The Cops, who had warmed up with a couple of practice rounds, were firmly entrenched on the tracks, and Ted Warner, Jack Kelland and Terry Cunningham all turned in possibles. The final result — The "Cops" had defeated the "Robbers" by three targets.

• Ted Warner receives the Sim-Stanno Shield from Deputy Commissioner Barney Ross while Wakehurst Gun Club President Ray Cerny looks on.

Ted Warner said something about "More gold in them thar' hills" and was last seen riding westward into the sunset. It is believed that he meant Broken Hill as it is known at the time of this report, that there is a big shoot coming up out there, and if Ted shoots as well as he did at Wakehurst, he will be looking for a miner's barrow to bring home his trophies.

# A CONDENSED HISTORY OF CUNNAMULLA AND THE CUNNAMULLA GUN CLUB

By Jenny Webster

\*(special thanks to Reg Barden for his assistance and recollections)

Major Thomas Mitchell discovered the Warrego River in 1846, however it was Kennedy who followed the River lower in 1847 and described the superb river frontage country as equal to the best he had seen in Australia.

In 1859 Samuel Smith settled the area, calling his spread "Cunnamulla Station". The outstation "Burrenbilla" became the main station when, in 1868, a reserve was created for the town of Cunnamulla. Purchased in 1913 by Carl Schmidt, Burrenbilla is still owned by younger members of the Schmidt family although much has been resumed. Many shooters who have travelled to Cunnamulla to shoot have stayed at Burrenbilla not realising it is Cunnamulla's oldest property.

Cunnamulla is the main centre of the Paroo Shire which covers an area of more than 47,000 sq.km. It is linked to Brisbane by road, rail and air services. Wool growing is the main industry of the district and the area is known for its high lambing percentages, and quality wool. Beef cattle are also raised but the unreliable rainfall prevents farming.

The Australian gemstone, the opal, is mined at Yowah to the west, and many tourists visit each year. The opal festival and lizard race promote the district, becoming more popular each year.

Cunnamulla offers a wide variety of sporting amenities, golf, tennis, bowls, cricket, basketball, pistol shooting and of course Clay Target Shooting.

Over 60 years ago, before clay targets were used, live bird shooting using starlings and galahs was in vogue.

A trapped bird was put in a drop sided cage and placed in the centre of a large circle and on signal the sides dropped. The rules were simple: (i) The bird must be in the air before a shot was fired (ii) The shot bird must fall within the circle (iii) Wounded birds had to be retrieved before they flapped over the circle or they were "lost". Young lads were paid a halfpenny or one penny to retrieve wounded birds for the shooter before they were "lost". Clay Targets were introduced in the early 20s, but the club was abandoned during the big drought of the late 20s and the depression of the early 30s.

In 1935, the late Wally Scheiwi and Col McDonald formed enough support and the Cunnamulla Gun Club was re-opened, and shot on the edge of the sandhill at the southern end of Wick Street. All the shooting in the early

days was done from one plus trap with one track straight from the centre of the trap and marked from 12 yards to 16 yards and later back to 19 yards. Bookmakers were an integral part of every shoot and they would call the odds about every shooter. You could back yourself for either every shot, each event or the whole shoot, as could anyone and many spectators were there just to bet.

During the war, the club did not shoot but Reg Barden, being keen on shooting, kept the club open and paid all affiliation fees. He obtained clays and cartridges from Melbourne so the club could start shooting when the war was over. Renamed the Cunnamulla Diggers Gun Club after the war, and given permission to shoot on the Race Track enclosure, the gun club moved to its present site. Races were held in the afternoons, having been preceded by a morning shoot.

In the early days when you joined a gun club, you would be affiliated with the Australian Clay Pigeon Club and they'd send you a badge with your registered number on it. Numbers got so large the idea was abandoned. Reg Barden still has his original badge no 868, so there weren't many shooters about in those times. Mr Barden remembers being invited to shoots in Dubbo, Parks and Orange. He was a back marker on 19 yards and shot at many different clubs.

Buster Schmidt, (Life Member and former President of Cunnamulla Gun Club) and Rolf Arthur have had continuous membership since 1938. Dave Webster also joined in 1938 although his membership was broken with war service. Foundation member, Reg Barden is still a strong club supporter.

# AUSTRALIAN RECORD SET AT Q.C.T.A. 1985 STATE TRAP CARNIVAL

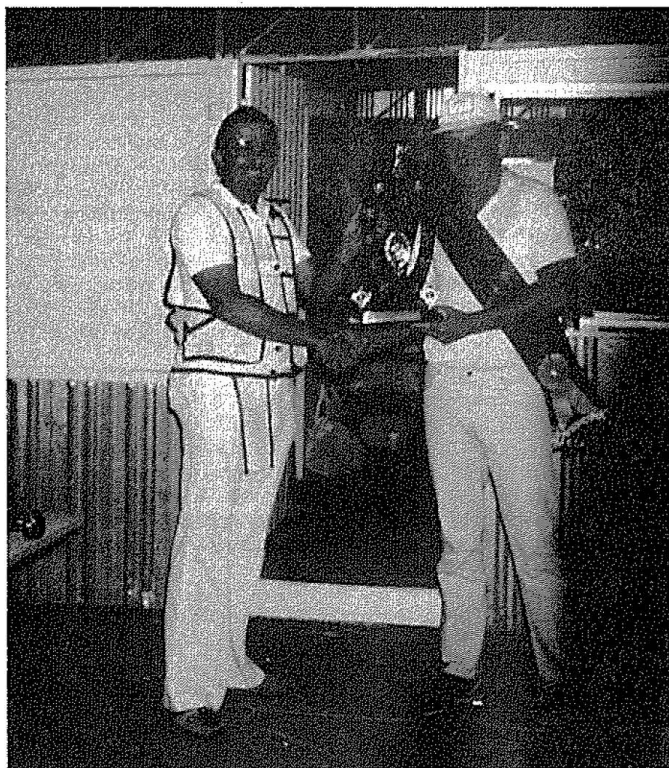

After weeks of preparation the Roma Gun Club grounds were in immaculate condition — the weather was fine — making the ideal conditions for a successful State Trap Carnival, 4th - 5th - 6th May 1985.

204 competitors vied for the various State Championships, and for prizes and trophies valued over \$7000.00.

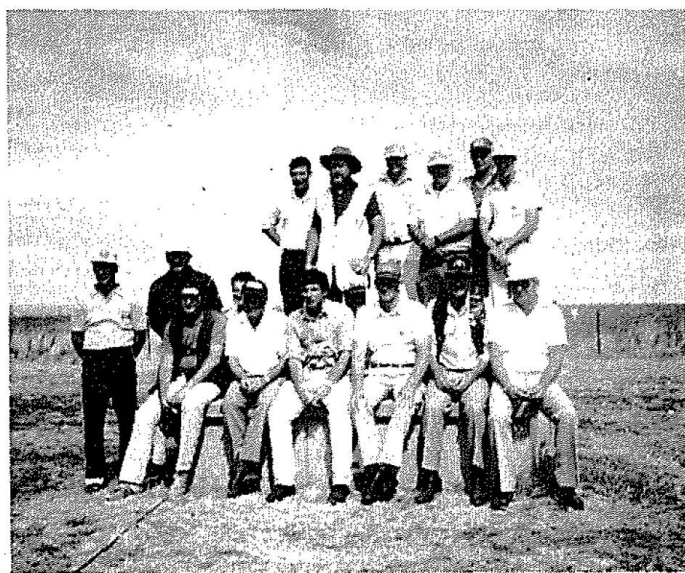

Sponsors once again contributed towards the success of this carnival, these being:— NIOA TRADING : WINCHESTER AUSTRALIA : CASTLEMAINE PERKINS : OLIMPYC TARGETS : FULLER FIREARMS : STEVENS & SONS SPORTS: M.I.M. HOLDINGS per the kind favor of H.J. Smith and the Roma Gun Club, for their support we are truly grateful.

Campers started to arrive as early as Thursday and by Saturday evening the grounds looked like a caravan park. This kept the Roma Gun Club catering section very busy, and with all the friendly talking going on the bar did a roaring trade to quench the thirsts.

SATURDAY the first event a 25 target D.B. — 15m sponsored by Winchester Australia. 32 possibles were shot, with Bruce Goodrich of Callide-Dawson gun club emerging as the eventual winner with a score of 144/144.

# Every Day Someone Wins with Beretta 682. Why Not Join Them!

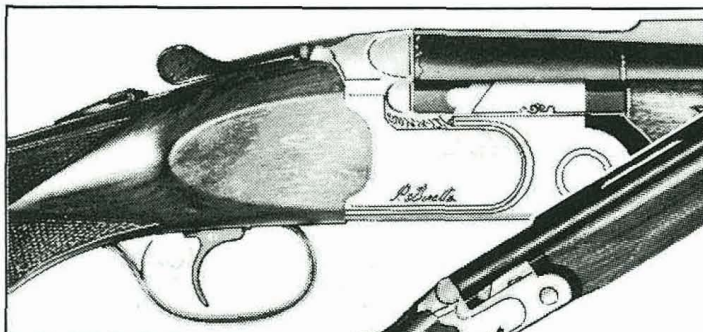

## TRAP SKEET & SPORTING MODELS

Born from Beretta's dedication to sporting achievement, this new breed of competition gun features many mechanical and functional innovations providing dedicated shooters with what could be described as the world's most advanced production over and under shotgun.

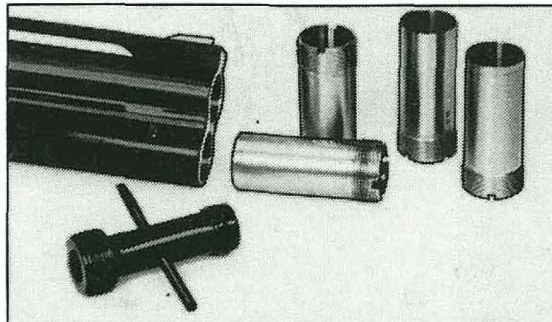

**3 Position adjustable trigger allows 8mm of variation with ultra-fast lock times giving you that split second advantage when it counts.**

new gun fit forever, unlike other over and under shotguns which require expensive gunsmith attention should they wear loose following the rigors of extensive competition. In all they add up to a gun that's made to last in heavy competition.

**The low profile receiver with elegant engraving highlights the stylish easy to change barrel shoulders.**

Features such as adjustable trigger giving you the length you need regardless of shooting attire. Medium high ventilated top rib with greatly improved sighting plane and full length ventilated side ribs for better cooling during extended competition. Matte finished Teflon 'Bruniton' coated barrels gives exceptional resistance to weather and abrasion, while the internal hard chrome lined bore provides the ultimate corrosion resistance. Yet another exclusive Beretta feature is the user replaceable barrel shoulders and hinge pins. Only Beretta 682 owners can inexpensively maintain

**New flush mounting choke system that does not alter line of barrels. 4 chokes imp. cyl., mod., imp. mod., and full. Key/thread cleaner come with guns featuring the mobilchoke system.**

To complete the story the new '682's come with Beretta's internal flush mounting mobilchoke system giving you infinite variations to suit both your style and type of shooting, in all a great case for Beretta.

And speaking of cases, the new 682's come in what can only be described as the greatest step forward in gun case design for over 20 years.

# WINCHESTER COMPONENTS.

Handloaders are very particular people. They know exactly what they want—precision, uniformity, and dependability. They ask for Superexcellence. They demand high quality and know where to get it...Winchester.

The reason for Winchester's popularity with handloaders is Superexcellence in every component. **Only we have total control over all brass case raw materials.** Our patented BALL POWDER<sup>®</sup> brand smokeless propellants give handloaders precise control because it meters more accurately than anything else on the market. Our primers provide the ultimate in predictability and, when combined with our wads, permit near duplication of factory load performance. Winchester Superexcellence reflects the concern of handloaders everywhere.
