WINCHESTER

Two masterpieces from Belgium

New Browning B125

A perfect combination of exotic walnut and forged steel wrought into classic sporting and old English game guns.

The B125, crafted with traditional Browning skill, is the direct descendant of one of the most beautiful and robust guns ever created — the legendary masterpiece John Moses Browning invented in 1926.

The Superb decoration is a tribute to the Belgian engravers.

The whole action is finished in "Old Silver". Beautifully designed Game Scenes depict pheasants and ducks on either side.

It is complemented by fine hand cut checkering on the grips.

Complete with Browning's exclusive Invector Choke.

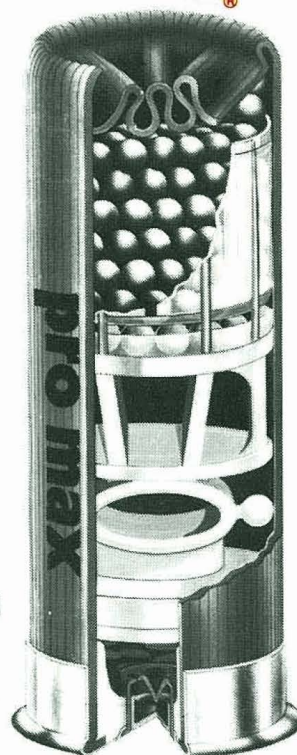

This interchangeable choke can be changed in seconds yet is invisible from the side. Perfect sighting without distraction. Five chokes available.

Game model features English Gooseneck stock and also available in 1/4-3/4 and 1/2-F, fixed choke.

NEW
BROWNING
pro max
SHOTSHELLS

Browning Promax are again available in Australia, imported from the famous Belgium works.

- The Wad is unique; designed for perfect seal. Shot collar gives consistent patterns.
- The extra hard Shot is highly polished and graphited to ensure excellent penetration.
- The Powder is selected for optimum ballistics and high velocity.
- Very competitive price.
- Popular shot sizes for trap and field.

Ask at your gun dealer.

EXECUTIVE DIRECTORS NOTES

Only days remaining before the last of the 1985 National Championships are conducted, with the many comments abounding about the Skeet Championships it appears as though there will be an excellent roll up at the Melbourne Gun Club.

The V.C.T.A. Organising Committee have been very active over recent months and I am certain that they will, along with the Melbourne Gun Club Committee, provide a well organised and memorable Skeet National Championship.

The Skeet Carnival also brings the A.C.T.A. Committees together and your elected representatives will be putting in a busy few days with the various meetings that have been scheduled.

The International Shooting Committee chaired by Laurie Connors will be the first meeting held and it will, if other meetings are any guide, probably be an all-day affair. Both this meeting and the Development Committee meeting will be followed by meetings of the Management and Executive Committee.

There is, as should be the case, a lot on the agenda for all of these meetings and the matters discussed and decisions arrived at, be of great importance to all members of the A.C.T.A.

Hopefully there will be an opportunity to report further in next month's issue of the C.T.S.N. which will include the results of all events held at the Skeet Carnival. Will your name be listed as a winner!! The opportunity is there for you, only if you enter and compete.

At the time of writing I am looking forward to attending the carnival at Tamworth where I will be an interested onlooker at the N.S.W. Trap Championships. This will be my first opportunity to witness a trap Carnival and I thank the N.S.W.C.T.A. for their kind invitation to attend their Championships.

The Australian Sports Commission have advised of their decision on our application for funding for 1986. Unfortunately their decision to reduce our overall grant by \$10,000, while not totally unexpected in view of recent announcements, is not a welcome one. Nevertheless, we will, as an Association, continue to place our members' interests first at all times and when making application for funding at a future date we will make every effort to having our sporting grant returned at least to the level of that from which we have been reduced.

On behalf of the Executive and members of the A.C.T.A. we pass on our deepest sympathy to National President, Roy Holtfreter and his wife Kath on the tragic loss of their only son Colin, who died as a result of a motor vehicle accident on Sunday, September 30.

Roy and Kath, our thoughts are with you.

BROKEN HILL GUN CLUB

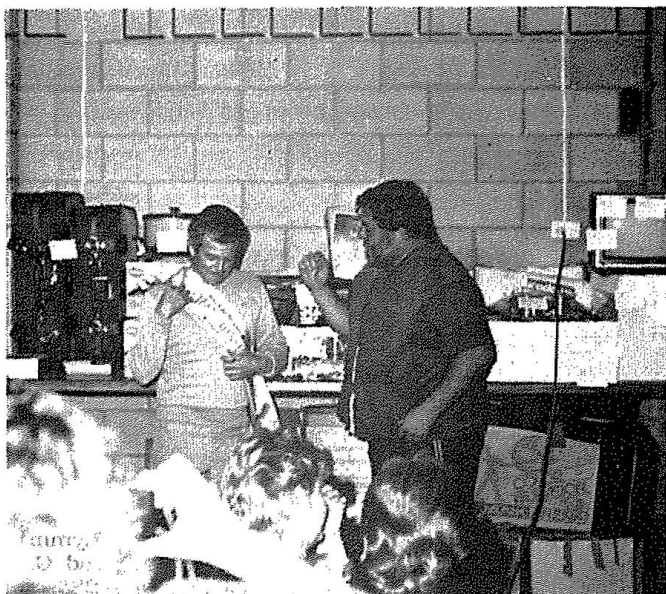

On 7th and 8th September, 1985 B.H.G.C. was host to 110 shooters who travelled from all corners of Australia. Old and new acquaintances were welcomed to contest the annual Silver City Championships. Excellent weather conditions, two beautiful sunny days, and a light breeze contributed to the success of the shoot.

Congratulations to secretary Sandra Johnston for her selection of some of the grandest trophies ever to grace a presentation table. Microwave ovens, TV sets and automatic shotguns etc, were there to be won if you were good enough on the day. An excellent shooting standard was maintained by practically all shooters over the weekend.

One example of this consistency was an event with no less than 44 shooters with possible event targets, and many shooters who shot 24 out of a possible 25 targets. Such was the standard of shooting we apologise to people who really shot well and are not mentioned in this article.

Some individual performances:

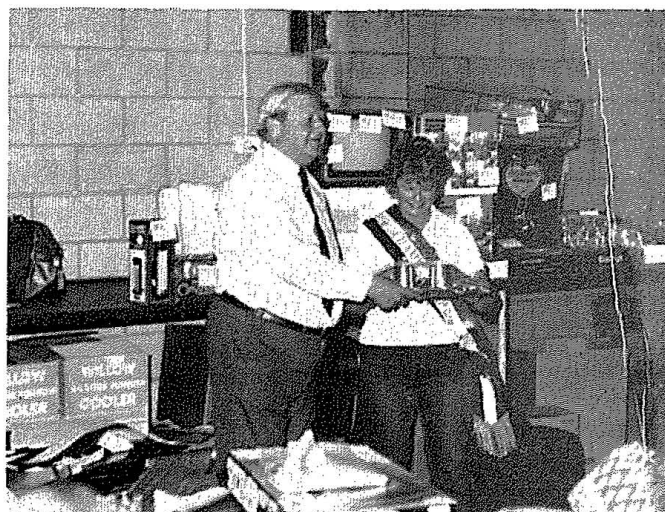

Dennis Lymm (S.A.) overall winner Silver City Handicap 20-25m group 20/20, and Single Barrel Championship 35/35. **Greg Hipwell** (Cohuna) 1st Silver City Gift 163/163. **Neil Berry** (Shepparton) 1st Silver City D/B Championship 122/122, 2nd West End P/S Championship 87/90, 2nd B.H. Gift 122/123. **Jim Finis** (Mildura) 1st B.H. Gift 123/123, 2nd S/B Championship 34/35.

Merv Ward presents Joe Vella (Melbourne) with High Gun sash and trophy.

Did you hear loud and clear the Faye Taylor victory call when Roger Duthie missed his target, to give Faye the Overall sash and B Grade trophy in the West End P/S Championship? Faye was also the recipient of six ladies trophies from seven events with respective scores of 37/38, 24/25, 37/38, 75/75 P/S, 25/25, and 20/25. Congratulations to a fine sportswoman.

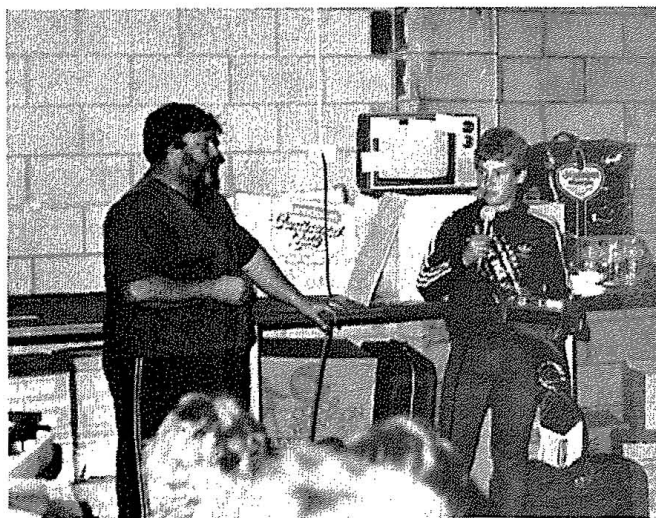

Clarrie Copping (Mt. Gambier) Winner Veterans High

Peter McLaughlan, Broken Hill Manager West End Brewing Co., presents Faye Taylor (Kerang) with trophy and sash — West End P.S. C'ship.

Gun 189/195, just five targets behind the overall High Gun winner, plus veterans trophy Night D/B Championship 37/38 & West End P/S 113/117. **Bob Ross** (Cohuna) 1st AA West End P/S Championship 95/96. **George Steele** (Mt Gambier) 1st A Grade Silver City Gift 99/99. **Roger Duthie** (Hamilton) 1st A Grade West End P/S 113/114, 2nd Silver City D/B Championship 84/85. **W. Horne** (Ballarat) 1st A Grade Silver City D/B Championship 106/107.

A feature of the shoot was the excellent father and son combination of J. & A. Vella (Melbourne), Joe the Overall High Gun winner with the almost perfect score 194/195, B Grade winner Silver City Handicap 47/47, Broken Hill Gift 78/78, S/B Championship 30/31 & 3rd Silver City Gift 51/52. Joe's 14-year-old son A. Vella dominated the Junior ranks with victories in five events with scores 25/25,

Broken Hill shooter David Stephenson receives Junior High Gun sash and trophy.

BSA METEOR AIR RIFLE

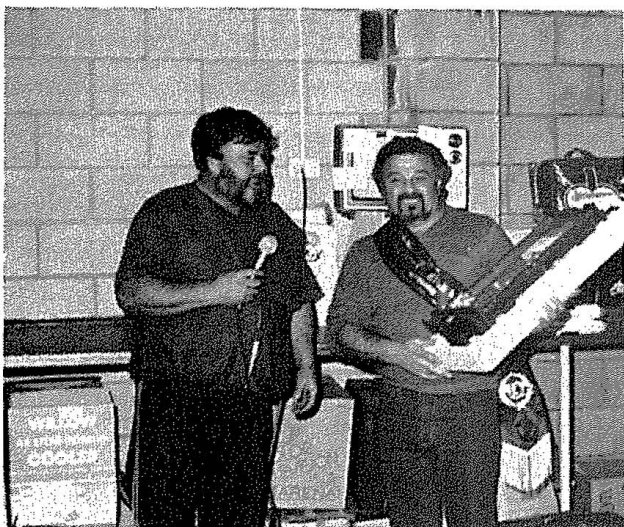

Standard Model \$135
Super Model \$149

These famous air rifles (.22 or .177) are gift boxed with pellets, targets, target holder and lubricant.

AND BSA AIR SPORTER WITH KIT \$249 Rec Retail Prices Only

F19/685

Merv Ward presents Neil Berry (Shepparton) with Overall sash and trophy — Silver City D/B C'ship.

24/25, 25/25, 25/25, 29/33. A splendid performance from the lad.

A. Ford (Victoria) 1st A Grade B.H. Gift 107/107. C. Bentley (Adelaide) 2nd AA Grade Silver City Gift 162/163, 3rd B.H. Gift 82/83. F. Berry (Echuca) 1st A Grade S/B Championship 30/31. P. Akkerman (Bendigo) 2nd AA Grade Silver City D/B Championship 121/122. Russell Mark, because of business commitments, unfortunately could only attend the Saturday shoot, where he compiled 151/151 to win the Night D/B Championship from ex B/Hill shooter Peter Forner 150/151.

It is rumoured that the specific reason for the visit of Hamilton shooter Harry Vaughan, winner B Grade Silver City Gift 61/61 score, was to obtain reinforcement for his concrete paths. We believe Harry made a satisfactory transaction. Did you notice Colin Crawford of Hamilton posing for pin-ups in front of his TV set which he won in the B.H. Gift? Indications are that Col's gramophone is now on the market.

Congratulations to B/H shooter Geoff O'Connor and the brothers Evan and David Stephenson, who contested the shoot-off in the 11-16m handicap group. Eventual winner Geoff O'Connor 36/36, 2nd Evan Stephenson 35/36.

Brother David however made amends by winning the Junior High Gun Sash and Trophy 179/195. Other B/H shooters to do well were Lionel Campbell, Veterans trophy Silver City Gift; Lew Smanniotto 2nd C Grade Silver City D/B Championship 35/36; "Mannie" Pedergrana Veteran Trophy Silver City D/B Championship 25/25. Geoff Johnston 2nd B Grade Night D/B Championship & S/B Championship 36/37 & 28/30. David Murphy Junior trophy West End P/S 68/75, 3rd B.H. Gift 25/27.

Broken Hill Gun Club members wish to express their appreciation to secretary Sandra Johnston and assistants Sue Vincent and Sharon Cowie for their untiring efficiency in the office. Many thanks to shoot marshal Bob Davis for his assistance over the two days, to ensure that no hold-ups occurred to delay the programme. Words cannot portray the work effort of chef Bob Snell and our dedicated

ladies, who exhausted themselves preparing and serving meals over the weekend.

B.H.G.C. wish to thank West End Brewing Co. for their generous trophy and cash donation. We thank you Peter McLaughlan. To our visitors, we thank you for your attendance. It is great to meet old friends and new acquaintances. We sincerely hope you had an enjoyable time and look forward to your return next year. To Len Baker and wife Gwen (Boort) the shoot wasn't the same in your absence — make sure you attend in May 1986.

RESULTS

Silver City Handicap: 21-25m D. Lymm 20/20, 2nd P. Fitzallen 28/30; 16-20m J. Vella 47/47, 2nd F. Berry 46/47; 11-15m G. O'Connor 36/36, 2nd E. Stephenson 35/36; Lady F. Taylor 37/38; Veteran C. Keith 32/33; Junior A. Calandro 22/22.

OUR HISTORY IN WORDS AND PICTURES — THE WAY IT WAS

BY A.C.T.A. HISTORIAN GEORGE BIGGS

THE YEAR 1956:

Was our 20th Birthday and we celebrated the event in a number of ways. Possibly the staging of the Olympic Games Trench Shooting event was the outstanding effort. In this event we fielded a two man team for the first time. All States took part in the eliminations to find the final two shooters, namely John Bryant and Clem Mudford of Victoria.

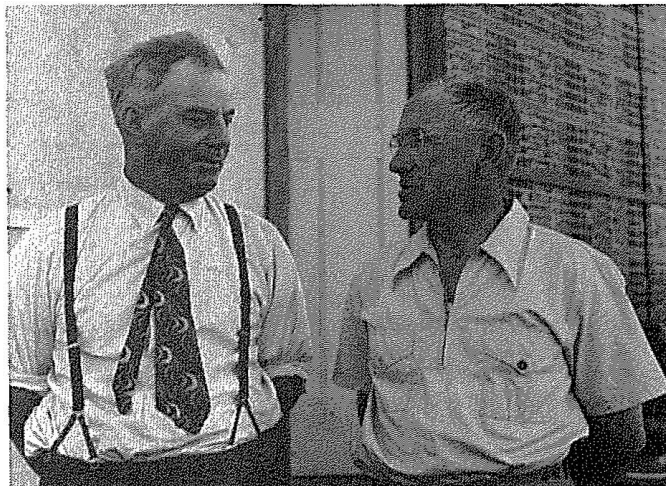

At this time, Australia wide, there were approximately 280 Gun Clubs affiliated with the A.C.P.T.S.A. A list of Association Handicaps for all registered shooters published in "news" — March 1956, shows there were in excess of 5000 registered shooters throughout Australia.

There were also 151 registered Referees. (Not a bad effort really for the first 20 years considering that during this period we suffered the great depression of the 1930s and World War 2 of 1939-45.)

1956 NATIONAL CHAMPIONSHIPS

Were held at Bankstown Aerodrome — the first occasion the series had been held outside Victoria and was quite successful in every aspect, except for weather conditions. The shooting grounds, the normal rendezvous of the Royal Aero club of N.S.W. (gun society), were in a somewhat unsettled state just prior to the start of shooting, chiefly because officials were unable to spend anything but brief periods in preparation for the big shoot, for one reason the inclement weather.

The night prior to the opening it poured rain and continued throughout the next day. It was decided to defer the opening event, The National Single Barrel Championship, for a period, hoping the weather would clear.

Champs of the 1950s Fred Black (TAS) and Dave Watson (Melb). Dave used the shooting nom-de-plume of "Dock-and-Doris", possibly because of his Scottish upbringing. He won the first post war Champion of Champions in the most unusual conditions. It was 1947 and the last occasion that the event was shot on Kings Birthday weekend. The weather on the day was described as the vilest in the history of the event. The venue was the old Coburg Club's grounds at North Coburg. After the 1947 experience the series was switched to the usual March period, which has proved so satisfactory ever since. Dave won the event with a score of 49/50.

The rain continued, therefore, a late start was the result. However it did not prevent over 160 shooters from nominating. In the hazardous conditions some good shooting resulted. Victory went to Sid Lamb, Goulburn Gun Club secretary and N.S.W. Executive committee member, who came in with the only 50 straight.

The Premier event of the program, the Champion of Champions cup, contested over 50 targets from 20 yards and resulted in several possibles, Clem Mudford, of Melbourne, finally came out the winner with 94/95.

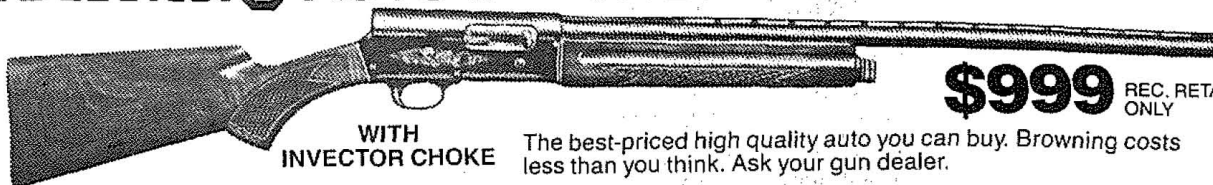

Joe Raleigh of Charleville, Queensland, shooting in great style, took out the National Double Barrel Title for 1956. Joe had to content with heavy rain that came down all day. 233 shooters lined up for the title which was shot under the points score system of 3 & 2 his score was 117/120 from W.N. Bullen Vacluse N.S.W.

THIS IS A TRUE STORY

Quote from A.C.P.T.S. News, February, 1955.

Recently an Australian Club member shooting at East Burwood, scene of the forthcoming National Championship series was anxious to secure information of who "won the Holden Motor Car at Rainbow". He accordingly rang a Melbourne daily newspaper. The Newspaper switchboard

BROWNING AUTO 5 — THE ARISTOCRAT

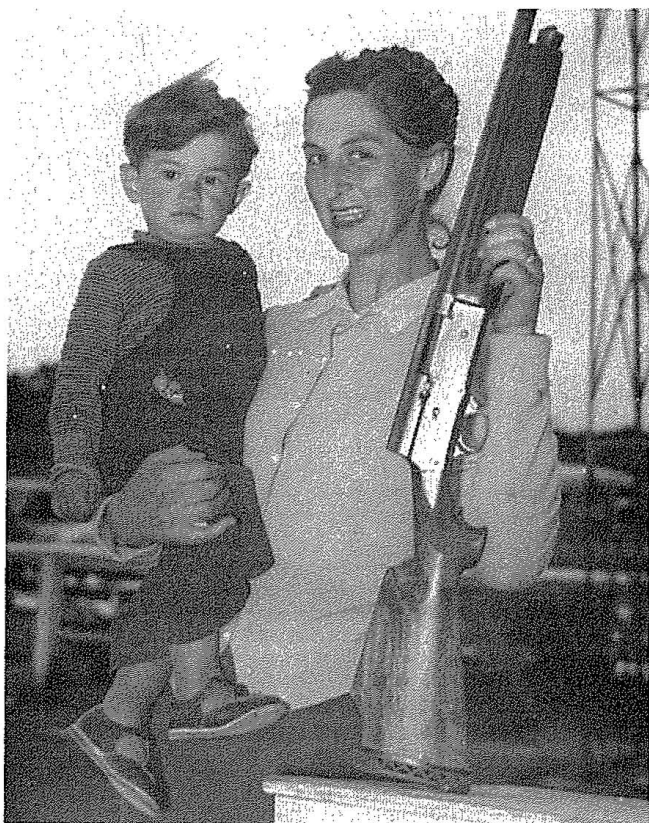

\$999 REC. RETAIL ONLY

The best-priced high quality auto you can buy. Browning costs less than you think. Ask your gun dealer.

B2/685

answered, and the enquirer said, "Have you any news of the shooting at Rainbow?" The switchboard operator replied, "Hold the line, please, I'll switch you over." Another voice answered, "Hello, Russell Street Police here — no there is no report of anybody being shot at Rainbow, I'll switch you back to the paper office."

Mrs Cecile Daly of Deniliquin, N.S.W. 1955 winner of the Women's Trophy in the National Single Barrel Title. Sitting up and taking notice is young son John. Cecile Daly was a frequent visitor with her husband Gary and family to the Nationals each year. Gary was for many years President of the Old established Deniliquin Gun Club in Southern N.S.W.

Former A.C.T.A. President "Tupp" Pederson presents his wife Enid with the Ladies trophy, after having been presented with his championship sash by Australian Gun Club President George Biggs. 1957 "Tupp served as a member of the A.C.T.A. Executive for some 20 years.

On Target

Superior 209M shotshell primers are competitively priced to save you even more on handloading.

Two years ago, the Good Ol' Boys in Research and Development started fooling with the idea of a "hotter" shotshell primer. Dozens of variations and thousands of tests later, the results prove they weren't just fooling around.

Now the new 209M primers let you assemble more sensitive handloads with more uniform ballistics. Using less powder.

The 209M is truly a "hotter" primer. Its heavier primer pellet weight requires you to reduce the powder charge up to 10%.

We know you understand and appreciate these subtle differences. Otherwise, you wouldn't take the care to load your own. And we know the Good Ol' Boys in R. & D. would appreciate it if you put this new shotshell primer to the final test. In your handloads.

BAILEE FARM 2 DAY FIELD CHAMPIONSHIPS

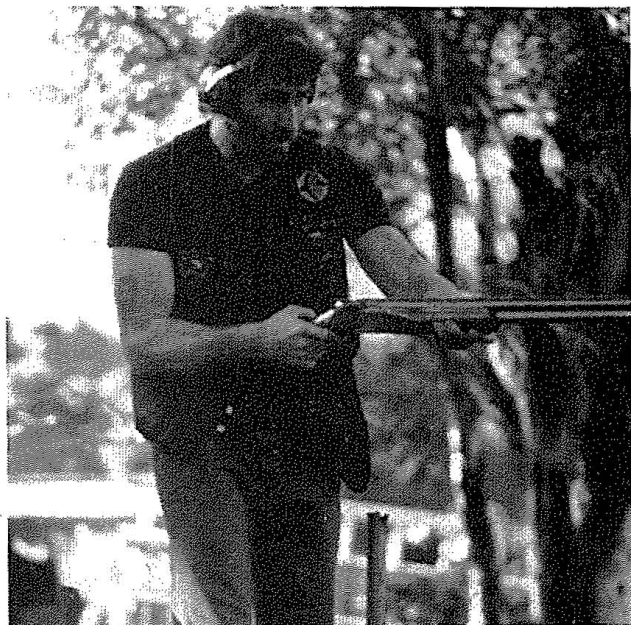

• National President Roy Holtfreiter (left) presents on behalf of CIG, the winner's trophy to Robin Bailey.

Robin Bailey did it again at Bailee Farm to win the 1985 Field Championship for the second time in succession.

Consistent shooting placed him in first place on both days which added up to a convincing win over all.

John Eddy, Steve Clint, Max Cubic and Lex Shipp were all possible contenders at various times throughout the weekend, however could not match Robin's consistency over the four rounds and had to be content with minor placings.

Conditions for the weekend were ideal on Saturday with some light showers on Sunday afternoon, all in all, this

• Max Cubic on the Shoot-off Station.

• Amanda Shipp, Overall Lady Winner.

added up to an enjoyable weekend's shooting.

Attendance was in the order of 130 shooters. Amanda Shipp put in an outstanding performance to win the ladies' trophy.

Shane Merkotter won the Junior Award and Keith Norrish the Veterans. Sub Junior top scorer was D. Phillipe.

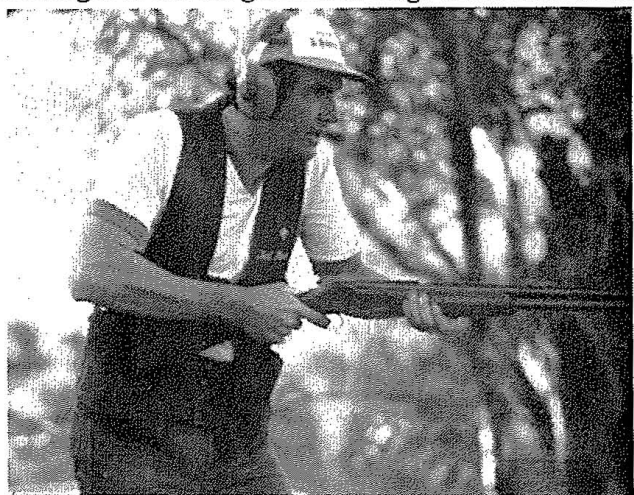

Best Morning Round on Day One was won by John Eddy, with Steve Clint taking off the Afternoon Round.

These two shooters repeated this programme on Day Two.

The Northam and Districts Gun Club wish to express appreciation to the trophy donors and in particular to C.I.G. who sponsored the main trophy.

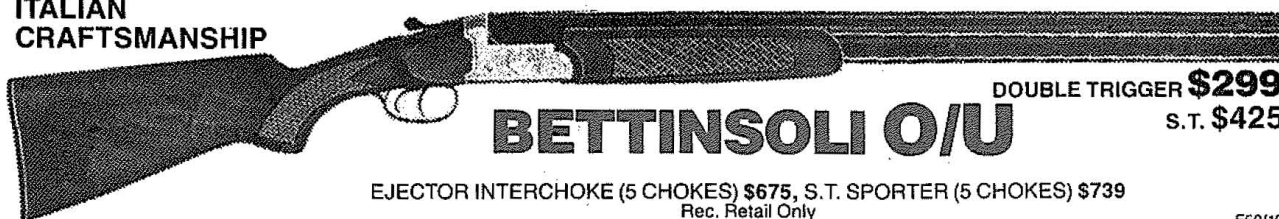

Bailee Farm is known among shooters throughout Australia for its picturesque setting.

The President and members of the Northam and Districts Gun Club wish to thank the Smart family for allowing it to use the grounds to stage this annual event.

• Ted Rose (already the proud owner of a Bailee Farm Field Blackboy Badge) during a shoot-off for the 2-3 Skeet Section.

NORTHERN TERRITORY INAUGURAL STATE SKEET CARNIVAL

The Northern Territory's 1985 Skeet Champion is John Doyle who, with Tom Weis and the evergreen veteran(?) Kev Bowring scored the possible 50/50. In the ensuing shoot off, KB dropped his 91st clay to let Doyle in for the trophy. Tom performed like a seasoned performer to take his tally to 86 before missing.

● Col Joy and his Remington 1100.

● Overall High Gun winner, Kevin Bowring, relaxing between events.

However, in the high gun, Bowring with consistent scoring, took out the high gun award with 267/275, from Doyle two targets away. Mount Isa shooter, Mick McCann came third, also two targets away from Doyle.

John Pope, now of Katherine, won the Commonwealth Night Skeet Championship after a shoot off with Doyle, after both had recorded 47's.

Paul Witte won the Gorge Trophy with the only other possible shot in the Championships.

The Territory Interstate Skeet Team shot an all-time high score when it recorded 478/500.

Ron Winter won the Calcutta Handicap event after a two round shoot off, after six had scored the possible.

Conditions were hot, with gusty winds keeping targets erratic all weekend. Only 29 shooters attended, but both quality of shooters and shooting were ever-present, the series being adjudged by most who attended as being in the highest tradition of shooting and sportsmanship.

Full results will be given in next month's issue!!

● Jim Bitossi refereeing the Ladies' Team — Margaret Osmond, Pauleen Rayner, Jenny Fabian, Jan Bitossi and Sandy Farnan.

● 1985 NTCTA Interstate Skeet Team. Back: J. Doyle, R. Winter, I. Winstanley, S. Lorman, J. Pope, P. Witte, 'Oz' Osmond. Front: P. Weis, T. Weis, M. Weston, K. Bowring, P. Williams, G. Dunstan, J. Bitossi, G. Fabian.

INVERELL R.S.M. GUN CLUB'S — TWO DAY OPEN TRAP SHOOT

The Inverell R.S.M. Gun Club, for the last three years have staged a highly successful two day open Trap shoot. It was quite a big step on behalf of this Club's committee, after extensive redevelopment works, which included new trap houses and traps, and a reconstructed clubhouse facility.

The weather conditions on the Saturday were perfect for the 48 shooters in attendance.

The first event was the Inverell R.S.B. Club 25 target double barrel trophy event. Trophies were awarded 1st and 2nd in each grade. The winner in "A" Grade was Col Burt with 51/51, from Doug Ellis on 50/51, who took out 2nd in "A" Grade.

In the "B" Grade division, Len Hohn returned 27/27 to finish ahead of Peter Maguire on 26/27. Paul Wright from Glen Innes was successful in taking out 1st in "C" Grade from Peter Baxter on 25/27.

The next event was the 25 target McIntyre District Point Score Championship. The overall winner being Peter Campbell who returned the only 75/75.

Ray Sweeney was engaged in a shoot off to win 1st in "A" Grade with 86/87, 2nd in that grade was Don Redman with 82/87. Coffs Harbour visitor, Barry Finch returned 71/75 to win 1st in "B" Grade from Les Kennedy on 70/75.

Paul Wright was again successful in "C" Grade with 72/75 from Grafton Club Secretary, Alice Harrison on 64/75.

The third event was the 25 target McIntyre District single barrel Championship. Roger Vidal was the overall winner with 26/26, from Rodney Loy on 25/26 who was 1st in "A" Grade, 2nd in "A" Grade was Doug Ellis on 28/29.

Max Harrison made sure his wife wasn't going to out-do him, and was the winner in "B" Grade with 29/30, 2nd in "B" was Terry Varley on 28/30. Sydney visitor Rex Brown was the "C" Grade winner with 26/30, from Paul Baxter on 25/30.

The last event for the afternoon was the Sapphire City 25 target double barrel continental Championship. Ten possibles were recorded and what a shoot off it was. The overall winner being Col Burt with 88/88, from Geoff Lancaster 87/88, who took out 1st in "A", 2nd in "A" went to Bob McKay with 81/82.

In "B" Grade John Fenwicke was the winner with 55/56, from Barry Finch 45/46. A very popular win was that of Lance Kent with 21/25 in the "C" Grade section, close behind was Alice Harrison with 20/25.

With the main events for the day completed, a few minds were ticking over regarding who to buy in the Calcutta auction, that was to be held that night, and how much to pay!!

Sunday morning dawned with sunny conditions which turned cloudy and quite cold. The 60 shooters in attendance for the first event, being the McIntyre District 25 target double barrel Grand Classic. The overall winner was Ray Hammond with 55/55, from Roger Vidal 54/55, who took out 1st in "A" Grade, 2nd in "A" grade going to Doug Ellis on 51/52. Local member, Allan Jennings was successful in "B" Grade with 40/41 from Max Harrison on 30/31.

Charlie Hidden was the winner of the "C" Grade with 27/27, from Terry Bagnell on 26/27. The Calcutta event was next up, being the 40 target Point Score off 15m. Delungra garage owner, John Ponton was second time lucky, when he purchased Col Burt at the previous night auction.

John also purchased Col last year but was out of luck — however Col returned 119/120 to win the Calcutta. Other results were: "AA" Rodney Loy 118/120, Geoff Lancaster 116/120, Col Varley and John Farrell 115/120. "A" Grade: Col Burt 119/120, Peter Holmes 118/120, Mick Wade 116/120. "B" Grade: Terry Varley 115/120, Barry Finch 114/120, J. Ryan 113/120. "C" Grade: Rex Bown 110/120, R. Rolfe and Lance Kent 98/120.

The last event for the weekend was a 20 target double barrel continental cash divide, those to return 20/20 were Terry Varley, Barry Cameron, Chris Hohn, Ray Hammond, Doug Ellis, John Kent, John Farrell, Ray Sweeney, Peter Jensen, Mick Wade, Peter Duncan and Roger Vidal.

The High Gun winner for the 2 days was Moree shooter Petr Holmes his total being 324/339. It was certainly a very proud day for Peter, as it was the first open high gun that he had ever won.

For anyone who has not yet attended this shoot, keep it in mind for next year, because it is a very well run and friendly shoot and the catering is second to none.

SPORT FOR ALL PHILOSOPHY

Believing that a Sport For All philosophy attuned to the present-day demands of society is needed and that sport itself has the capacity to be a powerful catalyst towards international peace and goodwill, delegates to Sport International '85 in Kobe, Japan did on Tuesday 3rd September, 1985, call on the International Assembly of National Organizations of Sport and all sports governing bodies to adopt and propagate the following SPORT FOR ALL creed: We believe:

SPORT is an enjoyable physical activity conducted in accordance with rules established by participants. It exists for their enjoyment and satisfaction. SPORT in its different forms

- is a major contributor to the culture and traditions of nations;
- belongs to the individual and is personal;
- belongs to all peoples and is universal;
- has no boundaries;
- contributes to the wellbeing of individuals and to the lifestyles of nations.

The TRUE SPIRIT of sport lies in its sharing. Encouragement of individuals to participate in the SPORT of their choice at the level of competence they wish is the obligation of all sportspeople and sports organizations.

Participation in SPORT is the right of all individuals and the sporting organizations of the world exist only to enable groups of participants with common aspirations to seek fulfillment.

SPORT FOR ALL is

- the sharing of a common philosophy and of resources;
- the upholding of the virtues and values of sport and deploring the denigration of them by word or deed;
- the defence of the right of every individual to participate in sport;
- dedication to the creation of opportunities to pursue personal fulfillment not only through achievement of excellence but for health, fitness, social fellowship and the sheer enjoyment of sporting activity in all its forms.

SPORT FOR ALL — SPORT FOR THE COMMON GOOD.

The Sport For All philosophy has been adopted in principle by the Confederation of Australian Sport.

It anticipates that this philosophy will be confirmed by the 1985 Annual General Meeting.

VALE

Mr Keith Williams passed away suddenly at his Engleburn home N.S.W.

Keith, of Royal Aero Gun Club, in latter years didn't shoot much, but early on he was the first man to win the Valiant Regal car at Deniliquin club.

In 1964 Keith taught me a lot about life and shooting, he was a great person to be with at all times.

He had shot in several National Titles in the 1970s and beat names like Pud Burgess, Geoff Kable, Newton Thomas on occasions.

His brother, Frank Williams from Wagga Wagga, was also a great shot in the 1950s, 60s and 70s, and was a 27 yard shooter.

Keith was 65 years old, about 25 years my senior, and I respected him like a father.

Bob Maso.

VALE

Texas Gun Club wishes to convey their deepest sympathy to the family of Mr Maldon Kuhn. Mal has been a member of our club for many years. He died after a short illness.

AROUND THE TRAPS

With Laurie Connors

● Shooters from Kangaroo Island enjoying the Wilkawatt Shoot. Front row, left to right: Boof Colvert, Tony Geyer, Peter Hendy, Liam Whelan. Back row, left to right: Gordon Warner, Terry Booker, Rodney Smith, Martin Whelan and Eddie Smith.

Saturday September 7, Sunday September 8, 1985

It was the 10th Anniversary of the Wilkawatt Gun Club, and 72 shooters turned up to help celebrate the special occasion. The club committee under the Presidency of Richard Wilcox and its members can be congratulated on the hospitality extended to all who attended. One household was expanded by 17 over the weekend to help accommodate the many visiting shooters. Nine shooters, eager to get into the competition, arrived from Kangaroo Island Gun Club. This club has just recently affiliated with A.C.T.A. We will see and hear more as it becomes established on the island.

A pig and lamb spit evening meal with liquid refreshments on Saturday night at Wilkawatt Gun Club put everyone in the right spirit for the drawing of the Calcutta, to be conducted in conjunction with the events on Sunday over 50 targets.

The first event on the program, the Whelan Family Grouped Handicap, 11 to 14m section, went to Peter Hendy from Kangaroo Island with 26/26. The 15 to 19m section was won by T. Pfeiffer 20/20. Phil Johncock shot 20/20 to win the 20 to 25m section. The Anniversary Championship was won by Don Beelitz 87/87, with the Lameroo Hotel Championship going to W. Haywood 68/68. Ruth Richell captured the Ladies High Gun 78/90. T. Pfeiffer shot the score of 89/90 to take open High Gun honours over the two-day program.

● Winners at the Wilkawatt Gun Club display their sashes they won over the two-day carnival.

● Left: Norm Hinneberg and Jim Taylor, both winners at Horsham Gun Club.

Saturday September 14, 1985

On my way home from attending meetings in Melbourne, I broke the journey by calling at Horsham Gun Club for a shot at their monthly club shoot. North West Zone Councillor, Jim Taylor, won the Double Barrel Championship 48/48. Norm Hinneberg only had to shoot 25/25 to win the Club Continental Championship on the same program.

Sunday September 15, 1985

Boinka, a club I had attended for the first time just recently, had organized its second Birthday Celebration Shoot on this day. Having previously sampled their hospitality I returned to compete and enjoy yet another great day with the club. I even managed to win the Mallee Building and Electrical Supplies Championship on the program 32/32. Charlie Dalton won "B" Grade 23/30 with Charlie Jones 34/35 winning "C" Grade. The Single Barrel Handicap event went to Hedley Parker, Ken Parker and Charlie Jones, in that order.

● Lining up for the cameraman after their wins at the Boinka Gun Club. From left to right: Hedley Parker, Charlie Jones, Laurie Jones, Laurie Connors and Ken Parker kneeling.

Saturday September 21, Sunday September 22, 1985

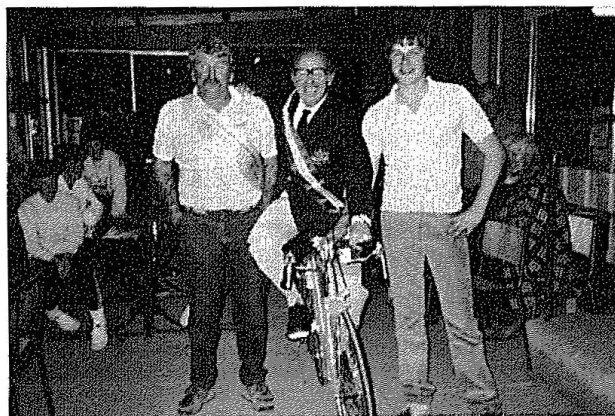

Callawadda Stawell Gun Club conducted their Annual Charity Shoot over this weekend. They had very little trouble attracting over 100 shooters to their program. The tournament was well organized and a credit to the club. It was a perfect weekend for shooting as far as the weather was concerned, and naturally helped to keep everyone in high spirits. This club is one that is out to please the shooters, and makes caravans available at the grounds for shooters wanting to stay and enjoy a little of the camping spirit. There were a number of shooters from Geelong who took advantage of this, so much so it was well into the a.m. hours of the morning before they called it a day. It was no wonder for some breakfast was a "Panadol" sandwich washed down with lemonade.

● Callawadda Stawell Charity Shoot winners. From left to right: Phil Scott, Laurie Connors and Mal Cox.

Bill Iles and Russell Mark, two top shots from the Melbourne area, arrived to add tough competition to an already strong field. Russell set a new club break record by breaking 276 targets straight. With this performance he captured the "A" Grade section in the main trophy event on the program, the Garlick Retravision Graded trophy shoot, and won a microwave oven with 119/119.

Norm Patterson won "B" Grade 39/39 and Ken Kay "C" Grade 20/21. The Motor Way Tyre Championship went to local colt Phil Scott 33/33. Phil was a strong competitor on his home ground, and also won the David Jones Single Barrel Championship 41/41. Laurie Connors won the Richard D. Granger A.M.P. Insurance Points Score Championship 63/63. Mal Cox shot 50/50 to win the Goldfields Motor Inn Double Barrel Championship.

● A ten-speed pushbike was the High Gun Trophy at the Callawadda Stawell Gun Club Charity Shoot. Here Bill Iles, left, assists Russell Mark, to give the winner, Laurie Connors, a push-start for home.

Bill Iles had a tough tussle with Russell Mark to win the North West Zone Night Points Score title 140/141. Bill also had to do battle with Russell to win the last event on the program, the Stawell Brix Hotel Double Barrel Championship 158/158.

High Gun winners over the program were Junior — Anthony Smith, Ladies — Pauline Clark, Veteran — Russell Young and Open — Laurie Connors.

With the presentation of trophies over, it was obvious all in attendance had enjoyed the tournament, and hospitality of the Callawadda Stawell Gun Club, in particular the meals provided by the cheerful and friendly ladies.

My personal thanks, Callawadda Stawell, for a great weekend.

See you where there is shooting.

THE GREAT FRED BURNS

by John Monk

It was my very great fortune to spend a lot of interesting time with Fred Burns, certainly one of the greatest shot-gunners Australia has ever seen.

Fred was always cheerful, always willing to spend time talking of shooting either traps or hunting in the field. He was always willing to explain anything in the shooting line, whether you were a competitor or not.

And he was as excited about shooting toward the end of his life as he must have been as a boy at Werribee, where his parents had a farm and Fred learned to shoot.

As a boy of 9 years of age, Fred learned to shoot, and to hunt, with a .410 shotgun, on his parents' farm at Werribee, Victoria, and he provided a great deal of the family fare in those days. The Werribee Plains were renowned for their game potential, and Fred had plenty of game on which to practise.

At the age of 12 years, Fred was overjoyed to be presented with his father's precious double-12 gauge Bonehill.

These were pretty lean times for everyone but the wealthy and the most fortunate, and every penny that came Fred's way was spent in ammunition. Though these were the days when rabbits could be sold and skins also brought in a little money.

Fred managed to get a job with I.C.I., where he was an ammunition tester for the factory in Deer Park. In this job he gained a lot of experience and knowledge which no doubt aided him a great deal in later years.

At the age of 25 he took the Victorian Sparrow Championship. This was the beginning of the big time, and 8 years later Fred was one of Australia's top gunshots.

He became assistant and protegee to I.C.I.'s technical officer, Jack Sutherland, who in those days shot under the name of "Calrossie". (Shooting names were popular in those days, and Jack took his from the small South Gippsland town of that name where he once managed a creamery.)

It is of interest that Newton Thomas followed in this position, and also credited Jack Sutherland with teaching him the skills he so thoroughly learned.

Prior to 1938, Fred Burns was commissioned to the Rhenwest Cartridge Company (a great cartridge in their time!), on a highly remunerative basis. This lasted about 4 years and was a great job for a man of Fred's bent and ability. He was their top representative and attended all country and local live bird shoots.

And he was shooting in great company. Names like Bill Downie, Jack Sutherland, Sam Snipe, "Elenara" Harrison and many other great gunners.

About this time he was loading his own cartridges — most difficult to obtain during the years of the 1939-45 war — and his service with I.C.I. certainly helped in this.

Somewhere about this time he became the owner of a progressive and profitable gun shop in Barkly Street, Footscray, Victoria. I don't have an exact date on the time of starting this shop, though I remember it very well.

Fred kept on his winning way, and I frequently met him at the old Melbourne Gun Club, at Tottenham, Melbourne, along with many other guests — Newton Thomas, Sam

Snipe, Keith Veal, and a very young — and very good — Peter Wray, among others.

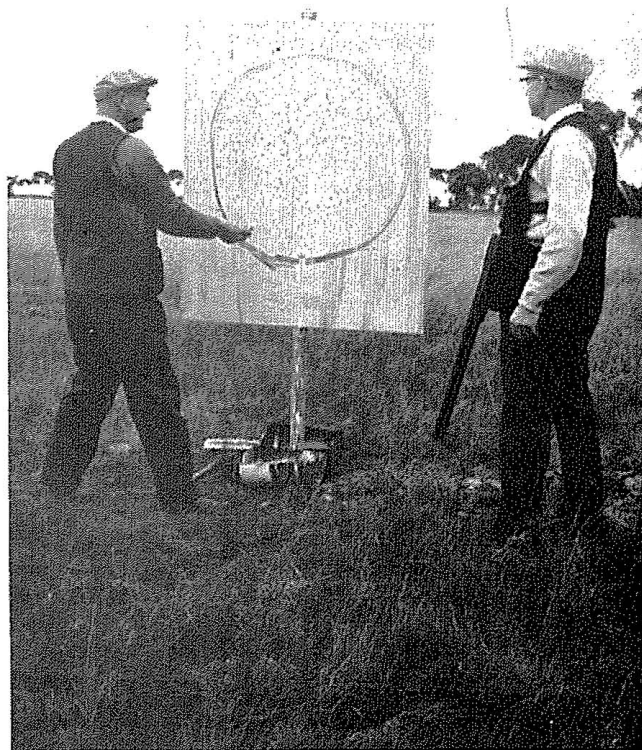

By 1958 all live bird shooting was illegal, and Fred kept shooting with clay targets and field shooting. This was the trend until Fred Burns finally retired from business.

But it didn't stop his interest in shooting or shooters, and he began a shooting school for both beginners and experienced shooters. Three days per week, and by appointment only. Some fine shooters went through that school.

Finally Fred retired to Shepparton, Victoria, where he died some years later.

More than 260 championships, and a great life of hunting and competition shooting throughout Australia. Fred's wife Mollie had been by his side always, shot with him, travelled to the shoots, and must surely have been a wonderful companion, and no thumbnail sketch of such a great man would be complete without mention of Mollie, her charm and friendliness.

The ACTA expresses sincere thanks to the writer, John Monk.

● Fred and a shooter check the pattern of a gun on the pattern board. A rather slow and tedious process, but the best way to find where the gun is shooting, and the worth of gun and cartridge.

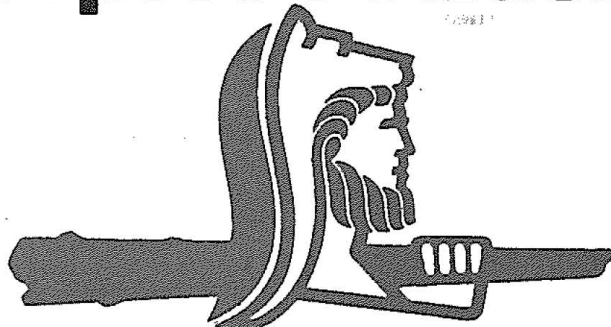

WINCHESTER BALL POWDER

- Double based for greatest chemical stability ● Meters more accurately than any other product on the market for consistency in thrown charges
- The lower flame temperature prolongs barrel life
- High accuracy and ballistic uniformity ● Less muzzle flash.

ST. PIUS X COLLEGE CADET UNIT

● Ray Cerny, instructing skeet shooting procedures.

1984-85 was a very interesting cadet year for the members of the St. Pius X College Cadet Unit. The specialist platoon "Small bore, Shooting" had an exciting year despite the failure of the planned highlights of a bivouac and the annual May Camp which was forced to be cancelled due to the drenching rains.

Yet despite these setbacks the platoon maintained high morale, mainly due to the nature of the training program. This encompassed the use of small bore air-rifles, .22 calibre rifles and the use of the shotgun. Of all these the skeet shooting proved most popular.

On a Friday afternoon the cadets of three platoon would board the school's bus and head for Narrabeen Sport and Recreation Centre's skeet and trap range. Here the platoon would be met by Ray Cerny and under his expert guidance and supervision the cadets learned about the sport of skeet shooting.

Ray instructed us on all aspects of the sport. This included the handling, maintenance range procedure, safety and the technique of shooting skeet. Ray instructed the platoon then would help each cadet as he shot. Ray patiently answered questions and helped each cadet develop his technique.

● Pictured above are the appreciative Cadets from St. Pius X College.

By the end of the cadet year several cadets had become quite good (in terms of beginners) and began shooting at two targets. Several cadets began to achieve credible results as was demonstrated at the unit's traditional passing out parade.

On behalf of the officers and cadets I would like to thank Ray for his time, effort and expertise and we appreciate all that he has done for us.

J. Prociuk, (C.U.O. 3 Platoon).

EDITOR'S MAILBOX

Nice to receive a short note from one of our shooters who competed at the World Championships in Italy.

Dear Sir,

I am writing to say thank you to the Australian Clay Target Association for the opportunity you made available for a junior shooter to compete at the World Championships.

I enjoyed being with the other members of the team in Italy and feel I have gained a great deal from this experience.

A special thanks to Peter Quire for his help and encouragement.

**Yours sincerely,
Brett Dunstan.**

The experience that Brett speaks of is certainly difficult to measure and therefore we look forward to Brett continuing his progress and becoming one of our most accomplished shooters.

NSWCTA BULLETIN (NOVEMBER NEWS)

STATE CARNIVAL 1985

Tamworth — '85 — all those attending must appreciate the tremendous job that the Tamworth Gun Club have done in the preparation of the ground and facilities. I'm sure that you will agree that you "only get out what you put in" — and Tamworth have proven that their Club is one of the most active and progressive Clubs in NSW. On behalf of the State Association and all the sportsmen and sportsladies attending, I wish to say "THANKS TAMWORTH".

PHOTO-COPYING MACHINE

The State Association have a Sharp SF205 photocopier for sale — this machine is "As New" and in perfect order. If any Club wishes to acquire a cheap machine at \$350 o.n.o., please contact Jim Scott "Yuulong" — Dubbo 2830. Phone (068) 82 5757.

MEMBERS — OLD & NEW

Recently I had the pleasure of visiting my old Club of Cowra — and what a surprise.

After 26 years of active participation with Cowra Club I thought it would be the same on my visit. Old friends were missing and quite a large proportion of the shooters were "strange faces" to me — one even said, "who's Len Bird?" — try that to make you realise what a little cog we are in the life cycle.

Cowra Club is active in the promotion of new members and this is the reason for their success — we cannot continue if we close our eyes to the fact that "old members are dying". Every club MUST really get organised and encourage new members if they wish to continue and not "die with the oldies"!

BIRDIES PROVERB

"The man who rests on his laurels is wearing them in the wrong place."

DRESS CIRCLE

Once again — in addition to our Official Blazer and Tie — we now have an official jumper.

Royal Blue in colour — long sleeved — with the red Waratah Emblem on the chest, and very attractive. These are for sale (either male or female) at \$35 each.

Procedure is, send \$35 with order to Robbie Smith, 3 Cleveland Place, Bonnett Bay, 2226, together with your chest size. We order these in batches of 10 so place your order and it will be delivered as soon as possible.

RULES DISCUSSION AND INTERPRETATION

Noel Dwight, one of our Rules Supervisors organised a

Rules Discussion and Interpretation day to be held from 10am to 4pm on Sunday, September 15, at Dubbo. This day was to give every Club in the Western area of NSW an opportunity to clarify any rule or rules, and to freely discuss any suggestions that could benefit the sport.

We had the great number of four registrations: Noel Dwight and one other from Cowra — Peter Hayman (State Executive), Sunny Corner and Pudge Burgess (State Executive) Cobar — the result — Cancellation. Out of the four registrations three were State Executive Committee-men and one other who were prepared to travel in excess of 450km each to assist, and **not one person from any club in the Western area** were interested enough to avail themselves of this opportunity to clarify the rules of their chosen sport.

I have a current print-out of Referees and some of these Clubs **do not have one registered referee** so it amazes me when we are approached and asked, "What is the State Association doing?"

"You only 'get out' what you 'put in' and if you — the shooter or Club Executive — put nothing in, don't cry about 'bad rules' or any other problem."

A THOUGHT

One man said he'd like to drown his sorrows, but he couldn't get his mother-in-law to go near the water.

**Len Bird,
President.**

LADIES BREAK RECORD

The recent New South Wales State Skeet Carnival successfully conducted at Griffith, produced a new break record for a Lady Shooter.

Ms Carol Ogden of the Melbourne Gun Club recorded a record break of eighty-one (81) in the Skeet Carnival.

Congratulations Carol, from all Shooters, Skeet in particular, for your record achievement.

Murray River Gundogs

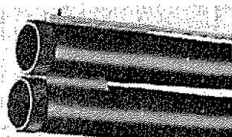

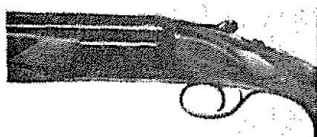

have available a litter of German shorthaired Pointers whelped 8th Sept., and a litter of Labrador Retrievers whelped 16th Sept.

These pups are bred from parents with exc working ability, good temperament and intelligence. I can demonstrate parents working.

Trained dogs from these litters also available Feb 86.

Phone: Keith Oakley (057) 44 3606 A.H.

PERAZZI MX 5 NEW MODEL ARRIVING

Specification: 12 gauge Field or Skeet Gun with 5 screw in choke tubes, flat 7mm rib, firing mechanism coil springs, single selective trigger, stock standard pistol, schnabel forend. Delivery after Christmas 1985, price expected to be in the vicinity of \$2250. Send 66 cent stamps for pamphlet and details.

1985 MASTERS GAMES — TORONTO (Canada)

Report by Barney Rooke — Wagga

The world's first Masters Games were held in Toronto (Canada) from August 7th to 25th. These were a multi-sports festival for mature athletes and catering for some 22 sports. 283 Australians in all made the trip to Toronto and of these only four shotgun shooters — Max Vipond of Melbourne, Kevin Constable of Pillaga N.S.W., Barney Rooke of Wagga Wagga and Roy Randell of Brisbane, who was representing the S.S.A.A.

The shotgun events were Olympic Trench, Olympic Skeet, North American Trap and Skeet. The first events were the ISU Trench and Skeet both 200 target events and shot over two days.

Barney Rooke was the only Australian to shoot the Skeet and the other three shot the Trench. The Trench resulted in a win by R. Shask of Canada. Max Vipond finished 9th, Kevin Constable 13th and Roy Randall 16th.

The ISU Skeet was ably won by A. Harris of USA who shot brilliantly to finish with a 190/200 shooting a 99 in the second 100. Harry Willsie of Canada, a Commonwealth Games Gold Medallist in 1974, was third after a shoot-off with O. Schmid who carded a 24 in the shoot-off to Harry's 23. Barney Rooke finished fifth.

The next event was Northern American Trap and this was won by Tom Orlick, Canada, shooting 97/96 — 193/200. Barney Rooke finished fourth with a 97/90 — 187/200, Kevin and Roy both 184/200 and Max 169/200.

The final event, the North American Skeet, was won with a perfect score of 200/200 by Harry Willsie of Canada, second place was Frank Csascar with 198/200 and the Bronze Medal to Barney Rooke with 196/200 and he shot 99/100 in the second 100.

The Masters Games were the greatest event on the world calendar where mature athletes were able to compete in their age groups, and shooting was 55 years or older.

It was a great experience to be able to mix with former Olympic medallists, Commonwealth and National medallists from the world over.

Some 8300 competitors participated in the first World Masters Games including Dawn Fraser and Judy Pollock. The next Masters Games are to be held in Denmark during 1989. It is sincerely hoped that many more of our Australian Clay Target shooters would plan to compete in Denmark. I can assure them of a great time.

• Nth. American Skeet placegetters (L to R): Frank Csascar (Canada), Silver Medal 198/200, Harry Willsie (Canada) Gold Medal 200/200, Barney Rooke (Aust.) Bronze Medal, 196/200.

SOUTHERN ZONE CARNIVAL REPORT

Robbie Smith

The N.S.W.C.T.A. Southern Zone held our Zone Carnival at Goulburn Gun Club on Sunday 8/9/85. Some 78 shooters attended in perfect conditions.

Shooting began with a 15 target E/O, followed by the Southern Zone Double Barrel C'ship. This was won in style by Mark (Dutchie) Holland with a personal best of 273/273. The runner-up in this event was Michael Diamond with 272/273, a thirteen-year-old with what must be the best Australian score ever shot by a shooter of his age (a N.S.W. Junior record?).

The standard of shooting maintained its high level in the Zone Point Score C'ship with Alan Cramp showing Jimmy Smith the way with a brilliant 231/231 points.

Jim Ellis emerged the winner of the Zone Single Barrel C'ship with a fine 38/38.

Michael is a 13-year-old and was no doubt the star of the carnival, his achievements being: 15 Tgt E/O Score 15/15; 25 Tgt D/B Score 272/273; 25 Tgt P/S Score 25/25; 25 Tgt S/B Score 25/25; 74/75 pts. Total for the day 337/338 tgts.

The standard of shooting on the day belonged to the Goulburn Gun Club as they threw the best targets I have seen for years, and if you thought that the shooting standard was brilliant with shooters only three points down shooting off for a place in our 12-man team, then the trophy table would have left most shooters breathless. Thanks again Goulburn Gun Club.

To those shooters who made the Zone Team, may I wish you all the best at Tamworth and hopefully we can bring back the three team trophies.

• Thirteen-year-old Michael Diamond, setting high standards for junior shooters.

100 SKEET BREAK AT 81 YEARS OF AGE

Guyra Gun Club's veteran shooter, Bert Campion, had the most successful day of his shooting career when he shot a 100/100 in skeet at the Club's monthly shoot last Sunday.

Only 3 squads were in attendance to see the veteran "Bert" shoot the possible at the afternoon shoot, but all present appreciated the casual but precise way in which Bert stood to the task of shooting the Possible.

Bert, who turns 81 years of age in October this year, was a foundation member of the Guyra Gun Club and is presently the Club's Patron. Bert also received his Life Membership to the Club in 1983.

There is still some doubt as to the actual date of Bert's birthday. According to Bert his birth certificate indicates he was born in September, although he prefers to believe his parents who say he was born in October, 81 years ago.

The skeet shoot on Sunday started at 2.00pm in the best sunny weather conditions Guyra has ever offered. Event 1 of the afternoon was a 25 target handicap cash divide and winners were H. Campion, M. Blenman, N. Howe, J. Poole, M. Thrift, R. Hammond Jnr. and R. Varley.

Event 2 being the monthly 50 target Championship. (Bert) H. Campion was the overall and B Grade winner with 50/50, Doug Jackes won A Grade with 48/50 and C Grade was won by R. Hammond Jnr. with 45/50.

The last event of the day's shoot was a 25 target Handicap cash divide and winners were G. Watters, H. Campion, M. Blenman, G. Hall, M. Thrift and R. Hammond Jnr.

The High Gun for the afternoon's event was won by Bert Campion with a score of 100/100.

Our Club also advises that we are currently building an international trench shooting facility. The total cost of the complex will be approximately \$20,000, and has been funded by Club funds and donations from Members.

The completion date for this facility will be late November and the official opening of the complex will be held on the 7th and 8th of December and will be officially opened by a prominent member of Parliament.

The State ISU Committee has allocated the above dates as one of the official elimination rounds. Over the 2 days State and Interstate shooters will participate in a 200 Target program.

Recently a shooter from Lee: a gun club shot on the Club's grounds and commented on the location of the Club's facilities by saying he had never seen any other Club with the superb view and conditions offered by the Guyra Gun Club.

M.J. Blenman, Publicity Officer, Guyra Gun Club.

• Pictured is Bert Campion (right) receiving one of his many trophies from Guyra Gun Club Secretary Rex Varley.

VALE

It is with deep regret that we of the Benalla Gun Club, Victoria announce the passing in hospital suddenly on the 7th August of Ted Moore, aged 67 years.

Ted was an extremely active life member of our club, right up until his death. Ted will be very much missed around our club with his enthusiasm and spirit.

Condolences are extended to his wife Flo and Malcolm and Sheryl his children.

TRADE PRACTICES ACT

The attention of advertisers is drawn to the Trade Practices Act 1974 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. reserves the right to refuse any advertisement without stating the reason.

1985 N.S.W. STATE SKEET CARNIVAL — GRIFFITH

Yet again another successful State Skeet Carnival has been staged. The week leading up to the 9th-10th-11th August, brought showers, and overcast conditions — however on the Friday morning the rain stopped and the his Skeet shooting.

The carnival got under way with the presentation of the N.S.W. State Flag to the Griffith Clay Target Club by the local member.

Shoot marshal Col Burt read the rules of the tournament and the 55 shooters for the first event prepared to commence competition.

The first event was the 50 target Qld/NSW/Vic Challenge Championship. Ray Melville and Graham Guy went into the shootoff after returning 50/50. Ray came out the victor with the score of 93/93. Henry Weitzel's 61/63 returned him the "A" Grade trophy.

In the "B" grade section, Gary Sanders' excellent result of 49/50 was the winner. Charles Hlavaty finished ahead in the "C" Grade ranks with 47/50, and Melbourne lady, Carol Ogden started off the weekend with a great 48/50.

Saturday morning saw an increase in the number of shooters to a record 70. Again this year the Friday's event was not included in the High Gun Trophy. Which certainly made the carnival still attractive to those who just could not make it on the Friday.

The 50 target N.S.W.C.T.A. Championship was first up. Hawkesbury shooter, Reg Clarke took the honors with a fine 72/72, from John Woolley. 1st in "A" Grade was Alan Bleas with 50/51, from Roger Patterson on 49/51. Carol

Ogden showed that she was going to be a force to be reckoned with by taking the "B" Grade division with 68/69. Kevin Weatherall's 49/50 earned him 2nd in "B" Grade.

Field and Game shooter, John Pethybridge was the winner in "C" Grade with 49/54 from Charles Hlavaty. The junior section went to local Griffith lad, Glen Evans with a very creditable 38/50. The ladies section went to Carol Ogden with her 50/50.

The second event on Saturday was the "Griffith — The Wine and Rice Country" Championship. This event received sponsorship from the local business houses in Griffith.

The overall winner and 1st in "AA" Grade was G. Robinson with 67/68, from Paul Krumins with 66/68. Roger Patterson took another trophy with 53/55 to be 1st in "A" Grade from J. Stamp.

Carol Ogden was again to the fore with 61/61, after a shoot off with Barry Kable for 1st and 2nd in "B" Grade respectively. Hay member, Mike Callanan was the winner in "C" Grade with 47/50, from John Pethybridge on 46/50. Glen Evans returned an excellent 45/50 to receive the "C" Grade trophy and the ladies went to Carol Ogden with 49/50. (Which gave her a 99/100 for the day — had a few male shooters with the bottom jaws on the ground!!!)

Sunday morning had everyone on deck for the N.S.W. State Skeet Team to shoot their 50 targets from 8.00am. The morning was just what the doctor ordered in the line of conditions.

• Ray Melville, Cec Herbert, Carol Ogden, G. Robinson, Jim Wilberforce, Cliff Brown, Bob Wilson. Front (L-R): Glen Evans, Adrian Cousens, Reg Clarke.

The team being — after the 100 targets qualifying the previous day — Reg Clarke, Ray Melville, Bill Clark, Barry Kable, Roger Patterson, Warren Charlton, Cec Herbert, John Worley, Bob Wilson, Kevin Weatherall, Jim Wilberforce, Col Burt, Geoff Walters, Steve Subonj and Bobby Smith.

(I will probably be accused of being biased — but it was very pleasing to see the 5 shooters from the Tamworth club who attended the Carnival all make the State Team.)

At the conclusion of the 50 team targets the 5 Man Shoulder to Shoulder team was announced. Here again — a new selection process was used for the first time this year. The combined total of the 100 targets to qualify and the 50 team targets made up the 5 man Team, those shooters are, Reg Clarke, Ray Melville, Bill Clark, Bob Wilson and Barry Kable.

• 1985 NSW State Skeet Team.

The main or most prestigious event for the carnival was first up on Sunday, being the N.S.W. STATE SKEET CHAMPIONSHIP. Overall and 1st in "A" Grade went to Hawkesbury shooter, Jim Wilberforce with 57/57. A very fitting reward for Jim, who has been working very hard on this Skeet shooting.

Allan Blease took 2nd in "A" Grade with 54/55. In the "AA" Grade ranks, Bob Wilson and Ray Melville staged a strong shoot off before Wilson was the victor with 85/86, Ray taking second in "AA". Carol Ogden was again successful in "B" Grade with 56/57, from Chris Hughes with 55/57.

Great to see one of the other Melbourne ladies, Val Hanson, hit the front of the "C" Grade with 48/50 from R. Campbell on 53/58. Junior section of this event went to Glen Evans with 43/50 and Carol Ogden's 49/50 gave her the ladies division.

The weekend finished with the 50 target Tasman Championship. Here, two Sydney shooters battled it out for top honors, Cliff Brown and Jim Wilberforce. Brown being the overall winner and 1st in "A" Grade with 118/118, Jim took second in "A" Grade with 116/117. In the "AA" section, John Woolley was 1st from Adrian Cousens.

Past State President, Rob Parker received the 1st in "B" Grade trophy from Guyra shooter, Mick Blenman. Past National President, A. (Tup) Pederson's 45/50 was a very popular winner in "C" Grade, from Mick Callanan. The ladies trophy went to Marie Rooke with 45/50 and Glen Evans the Junior with 42/50.

The 2 Man Teams competition was conducted over event 2, 3, 4 & 5, and the "Edgewood Park Trophy" went to Adrian Cousens and John Woolley. Also conducted over the same events was the 5 Man Teams competition, which was taken out by the Victorian Team of G. Guy, B. Thomson, G. Robinson, J. Woolley and A. Cousens.

The Hawkeye Shield for Inter Zone Competition in N.S.W. was over event 4 and the Southern Zone Team of J. Worley, R. Clarke, R. Smith, J. Wilberforce, B. Kable and C. Hlavaty returned 279/300 to beat the Northern Zone by one target.

The High Gun Trophies for the Carnival went to Glen Evans — Junior 168/200, Ladies — Carol Ogden 191/200, Veterans Ray Melville (after a recount) and Overall, the trophy being donated by Col Burt and Jenny Etheridge — to Adrian Cousens with 199/200. The State Team High Gun Trophy went to Bob Wilson with 108/108 (after a shoot off).

I know it has been said before, but this was the best ever State Skeet Carnival, and these just don't happen. There is a multitude of people to thank and first must be the Executive and Members of the Griffith Clay Target Club — there only appeared to be a very small number but they all worked enough for three people each.

The Skeet Shooters of the N.S.W.C.T.A. Executive — here again, only a few but everyone pulled together, and last but by no means least, the shooters who attended from N.S.W., Qld and Victoria and it would be very remiss of me not to say thank you to our National President, Roy Holtfreter, who came across just for the carnival — so another one draws to a close — mark 8th-9th-10th August, 1986, in your little books for the next one — which will be conducted at the New South Wales Gun Club at Terry Hills in Sydney. See you all there.

Jenny Etheridge,
N.S.W.C.T.A.,
State Secretary.

THE BRISBANE GUN CLUB ANNUAL SHOOT

The Brisbane Gun Club held its Annual Shoot on the 10th and 11th August in near perfect conditions with over one hundred shooters attending both days. 23 shooters shot the first 25 targets, the Brisbane Exhibition Championship, with Doug Smith eventually running out winner with 104/104.

Event 2 the Winchester Points Championship saw only 3 possibles with John Porter holding out in this one after a fine shoot off with 168/168. The Exhibition Handicap was next on the program. Brisbane shooter Garry Redmond won this event with 31/31. 2nd place went to C. Groves, an outstanding effort from this shooter as he is unfortunately confined to a wheelchair. A fine performance indeed.

Bob Donovan dropped his third shoot off target to finish 3rd. Event 4 the Brisbane Single Barrel Championship saw only 5 possibles. But the shooter off didn't last long with Doug Smith finishing on top with 30/30.

On Saturday we enjoyed a nice steak compliments of Garry Redmond in preparation for the Calcutta draw and auction. The first event Sunday, the Fruehauf Trailers D/B Championship saw 22 possibles. Rob Liebergang ended up overall winner shooting 128/128 from young Nick Aird. Congratulations to Clem Sorohan who shot his first 25 to take "C" Grade. The Stevens & Sons 30 target D/B Championship was next.

Doug Smith won his 3rd event shooting 141/141. Young Nick Aird kept Doug honest for the first 120 or so of these. A fine display from Nick but unfortunately Nick won't be able to shoot for the rest of the month. I think he well and truly used up his August supply of shells in these last two events.

The final event, the Calcutta event, the Meadows Transport Medley 15 target points and 15 target handicap produced only 2 possibles, Vic Hyde down from Rockhampton and local shooter W. Daniels, Richard Brook and myself.

Are certainly glad Vic. made the trip down. Doug Smith high gunned the shoot with 259/265. Kay Rehbein the ladies, Peter Anderson the Veterans and Paul Rehbein the junior high guns.

Special thanks to all the sponsors, the ladies in the kitchen, the office staff, the trappers and the folks behind the bar, and anybody else who helped make this an outstanding shoot.

And a special thankyou to Geoff and Dorothy Potter who unfortunately finished up as the Club's Manager/Caretakers after this shoot. The club wishes them all the best for the future.

And thanks them for the fine job they have done over the last couple of years.

STOP PRESS

Irrespective of current rumours, the township of Echuca still has available hotel, motel and on-site caravan accommodation for the duration of both Pre-National and National Championships to be held in April 1986.

ACTA TRAP NATIONALS
1986 TRAP NATIONALS
ECHUCA GUN CLUB, VICTORIA
ANNUAL GENERAL MEETING: FRIDAY, APRIL 4

Competition dates:

Saturday April 5 to Thursday April 10

Pre-Nationals — April 2, 3 & 4

11 TRAPS

MOTEL GUIDE & CARAVAN PARKS — SEE SEPARATE LISTING

Competitors must be in possession of a current State (any) licence.

• Pictured at the Benalla Toyota D/B C'ship is (L-R): 'C' Grade Winner Rod Bain, David Wilson, 'A' grade & O/A Winner Reg Walker, Ted Moore, 'B' Grade Winner Bill Bennett and Junior Winner Jeff Haydon. (Photo courtesy of Robert Berry Photographics, Benalla).

GREAT GUNS OF OLD — Roger Darwon

ROGER DARWON* takes us through the evolution of both the firearm and the sporting shooter, from the first shoulder gun to the beginnings of the breech-loading age.

The smell of gunpowder is an ancient obsession.

Firearms in competition form can be traced back to Europe, to around AD1400.

Early competition target clubs can be found on record, as the sport advanced from bow and arrow competition to the new wonder: the shoulder firearm, the Matchlock gun.

The first firearms, actually shot from the shoulder, were developed from man's first attempt at firearms — the cannon.

The inventiveness of early man's ideas on firearms is exemplified by Leonardo da Vinci, who made a compilation of sketches, illustrating some fantastic firearms, many of which even today are still only on the drawing board.

By da Vinci's time (around AD1500) guns had become very much a reality, and the skills and experience of the armourers were employed to produce the art of the gunsmith. While we can trace the existence of guns to around AD1300, it took a while before they gained wide personal use.

It reputedly took years, for instance, before some genius figured out that the touch-hole belonged on the side, not the top, of early muskets.

The hole on top, with its open ring, held loose priming powder.

It also collected rainwater! And if the water didn't put the early musketeer out of business, sometimes a good breeze would.

With the advent of hand-held "guns" or mini cannons, man progressed to the firearm known as the Matchlock.

From this arm, man was on his way to the personalised firearm, even though it had its limitations.

These early mechanical forms of shooting gave us the forerunner of the shoulder-gun, with the shooter sighting along the barrel — thus controlling his own marksmanship and the trajectory of his shot.

As a result of this development, the "new" shooting sportsman could now use both hands to support the gun, while it gave him freedom to use the fingers of the right-hand to squeeze-off his shot.

The early trigger (or serpentine) held the burning wick called the match, and when the shooter pulled on it, the "S" shaped serpentine was brought into contact with the cup or touch hole of finely ground gunpowder, setting off the shot.

The match "ignition system" was cotton, linen or woollen cord soaked in a solution of wet gunpowder or saltpetre. It was often lit at both ends as a precaution against going out. Varying requirements later led to the development of both slower and fast-burning matches.

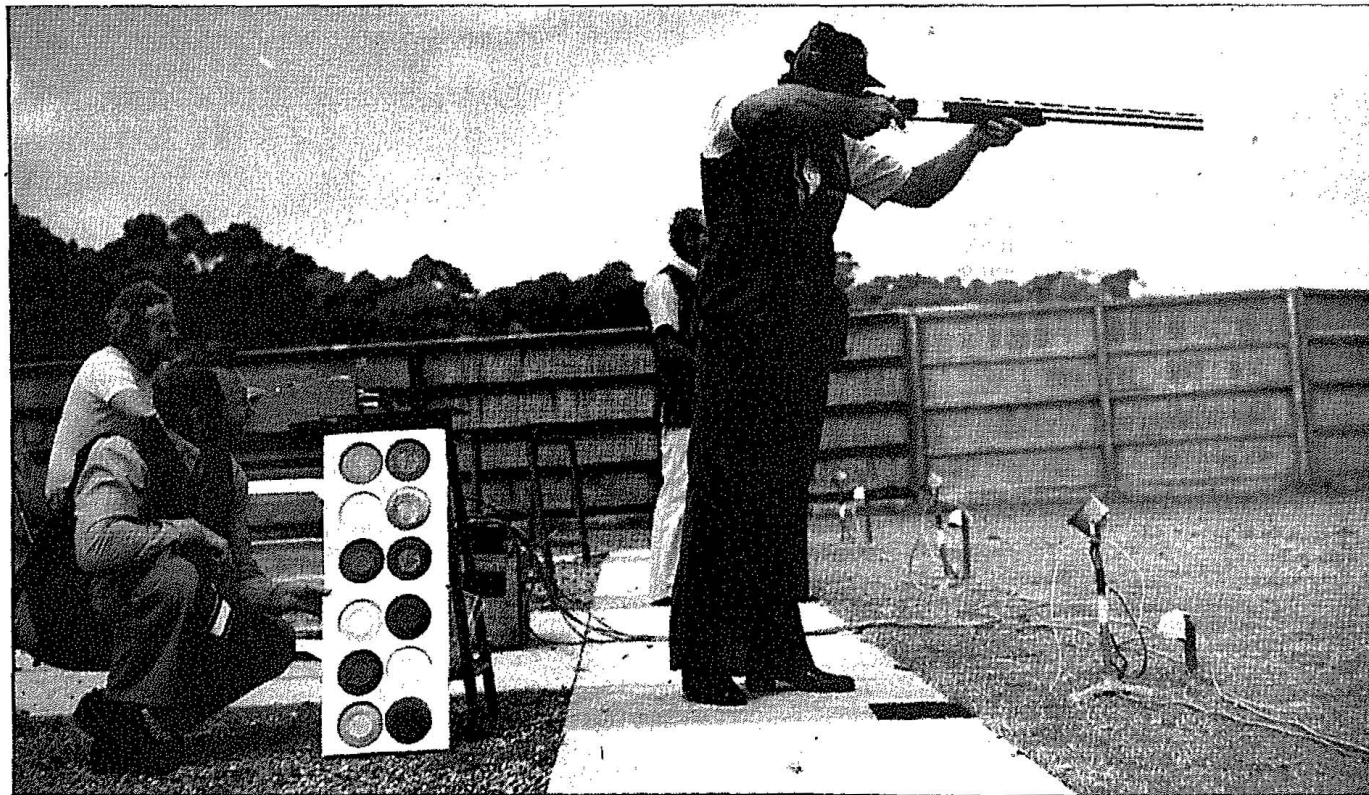

These original matchlock firearms had no springs. The serpentine was attached to the gun stock by a centre-pin, which served as a pivot.

So when the shooter pulled the trigger, the "S" shaped serpentine would come down with the burning wick coming into contact with the primed touch hole, and thus the shooter had "fired" his shot (obviously the origin of the shooting term).

This early form of shooting, with wicks and primed touch holes, was not recommended on wet days.

From this point in history, with the shooting sportsman's need for refinements, the gunsmiths of the day came up with stage two in the evolution of the sporting arm — the wheel-lock firearm, credited to the Germans in 1517 at Nuremberg.

The wheel-lock's mechanism was a logical evolution from the mechanical matchlock firelighters of the time.

The modern trap target shooter with multi-coloured clays (see display behind shooter), and phone-pull sound systems to release the speeding target, on instant call.

Around the 1860s, pheasant hunters were armed with Rigby, Bonehill or Bland firearms — and they bagged plenty of game. Picture from NSW Gun Club.

With the introduction of the new wheel-lock came the practical adaptation of the sidearm or pistol, and at the same time provided man with a hunting arm to rival the cross-bow.

The wheel-lock used a stone or flint to ignite the powder charge. When the trigger was pulled, it allowed a main spring to activate the rapid rotation of a steel wheel. The serrated edges of this wheel rubbing on the flint threw a shower of sparks into the pan. With some degree of luck it fired the shot.

The original concept of the wheel-lock firing mechanism is associated with clockmakers, and there are many examples of clocksmith and gunsmith who combined to produce the intricate workings.

The wheel-lock gave the hunter mobility, firepower, speed of shooting and control: plus the element of surprise and concealment.

For the first time he could now move around with his loaded gun, minus the tell-tale "bonfire" of a burning match, needed for 'fire-ing' each shot.

With the wheel-lock also came the shooting sportsman's first brush with the law of the day, over the "right to bear arms".

The Emperor Maximilian forbade manufacture of the wheel-lock in AD1517.

Further bans were placed on the use of wheel-lock firearms within the city limits of Ferrars in 1522, and similar bans ensued at Modena, Milan and Florence.

However, these bans were no more effective than those of an earlier Chinese emperor, who had tried to impose on the cross-bow in the dim distant past of AD1200.

The wheel-lock had its historical span from 1517, when

the German Kiefuss invented it in Nuremburg, until about 300 years later, when the Paris gunsmith Le Page built a wheel-lock on special order for a German customer in 1829.

Any surviving wheel-lock firearms today are works of art. The plainer weapons went to the scrap heap, as no one thought of collecting obsolete firearms until into the early 19th Century.

It's open to conjecture whether the English ever built wheel-lock firearms. King Henry VIII did, however, import German gunsmiths, as had his predecessor, Edward III. It is recorded that the German gunsmith C. Kalthoff came to London with his family patents in 1658.

The wheel-lock, while being a great improvement on the clumsy matchlock was still a complicated and expensive arm to make. It was difficult to maintain and required constant service by a skilled gunsmith. The need for a less complicated and expensive arm, finally led to the Dutch invention, the "Snaphaunce".

This arm was generally applauded as an advanced instrument which could function for years without much service.

The pinning down of the definition of "Snaphaunce" is a recent one. Only about a century ago it was defined by the French version of the name, meaning any kind of gun (or arm) with a gun-lock mechanism that went "snap" when fired.

It worked on much the same system as a wheel-lock. When the trigger was pulled a connecting rod opened the pan covers, letting the flint-stoned spark into the powder and "presto", ignition. And still with lots of luck, it fired.

The sporting shooter of the day was now moving into the more advanced age of firearms: not so cumbersome, with better 'combustion' quality.

For the gun to fire still required the spark to fire the gunpowder mixture. But the Snaphaunce could be loaded and primed in advance.

Once loaded, with the pan cover closed to retain the primed charge, and also to keep out moisture, the firearm was ready for instant use.

By the use of flintstone to ignite the charge, the old method of the burning match was now eliminated, and speed of use was increased tenfold.

Having turned this major corner, the development continued through various stages and systems, including Miquelet, flintlock and percussion.

There's an element of charm associated with the names given to some of these early firearms. In the case of the Dutch Snaphaunce, the name was derived from the demise of a chicken thief, shot while raiding the farm of one Pieter de Vroom, on the outskirts of Zutphen, in 1551.

History records that de Vroom shot and killed the poacher. The thief was an army deserter.

The authorities viewed the shooting as justifiable homicide (probably because of the victim's record). They accepted de Vroom's claim that the man had died of wounds inflicted by pecking hens, which in Dutch was Snaphaunce. The name stuck to the new firearm.

Another firearm of the period, the Miquelet, derived its name from the Spanish or Portuguese waterfront gangsters who no doubt gave the arm plenty of use.

The Miquelet (or Mediterranean lock): It was once said Spanish gunbarrels were essential for shooters who preferred guns that did not blow up! The typical Spanish or Miquelet lock became the standard for the Arab Empire (this is how they beat the Russians and Italians) and parts of Italy. Miquelets even found their way into South Russia and the Cossack tribes.

Even today, some Russian miquelets survive in the Kremlin armoury. The firing system is similar to earlier guns. When the hammer shifts, the flint in the hammer's jaw strikes a spark into the powder pan — thus ignition and the shot is fired . . . fingers crossed!

Cont'd over page

Great Guns of Old

Cont'd from previous page

Flintlock: This arm is more correctly termed the French lock. The French played perhaps the biggest part in firearm development, but in many cases other nations beat them to getting prominence for their effort.

When the trigger was engaged, the pressure of the sear spring released a tumbler allowing the cock (holding flint) to fall — showering sparks into the ignition pan which uncovered via the fall of the hammer. Presto, it fired (hopefully).

From here, firearm invention went into a transitional phase, Gunpowder had been improving over the centuries from a weak and often unpredictable propellant — to the point where it could be manufactured to do a specific job.

First came the corning of powders for more uniform explosion. Next, powder was glazed with ground graphite, which resisted moisture and kept the charge usable for longer.

By the late 1800s, powders were getting to the stage where it was possible to calculate how long it would take a batch to burn and ignite its charge.

The time was ripe for the arrival of the percussion system.

According the UK history, the first percussion firearm was built by the legendary English gunsmith Manton — possibly against his better judgement — to a design by Col. Hawker.

Other weaponers are believed to have constructed similar devices, but Hawker and Manton brought it to commercial reality.

Powder and shot were loaded down the barrel by ram-rod, as in previous systems. But instead of firing the shot with sparks on to powder, Hawker and Manton used a percussion cap.

Set off by the impact of the hammer, the cap detonated the charge in the barrel.

The cap was the forerunner of today's primed cartridges: shotgun shells, rifle-bullets, etc.

From this point, the earlier flint and wheel systems faded into obscurity. Today they're collector's items worth sometimes thousands of dollars.

As the gunsmiths advanced to further development for the armies and sporting shooters of the time, we find early instances of breech-loading firearms: single-barrel arms, still combined with the flintlock ignition system.

The royal gunsmith to the Saxon Court in Dresden built an eight-groove, tip-down breech-loading flintlock around 1700. This gun was opened by pushing a convenient lever in front of the trigger-guard.

It used a cartridge-case made of steel, which was expensive to make and never thrown away but recharged for repeated use. This cartridge-case came complete with its own primer pan and steel.

By now the gunsmiths were well on the way to today's true breech-loading modern arm, which had developed into the diverse range of rifles, shotgun and pistols available to sporting shooters.

With the coming of the true breech-loading arm, thanks to the French gunsmiths like Samuel Johannes Pauly and Le Fauchaux, the renaissance shooter now had a firearm that would give him speed of use, and eliminate all the worry of flint, ball, ram-rods, powder flasks and wet-weather problems encountered with such systems.

The shooting sportsman was now set to enter the 20th Century on a scale that would have astounded the shooters of some 500 years before.

Throughout the various stages of both the guns' and the sporting shooters' development, we can trace their part in the social and economical development of each period in history.

For many it's part of the romance, the mysteries and also the skills of men through the renaissance ages. Today, men pit their skills to acquire rare examples of the early gunmaker's art.

By 1790, flintlocks, pin-fires and percussion-operating firearms were the order of the day. Picture from the NSW Gun Club.

Besides the collection value, it's also historical evidence. That reminder of the tangible reality in a passage in man's history, which has nearly vanished from us.

One wonders what kind of expression would be on the face of the shooter from 600 years ago, brought by time machine for a look at firearms and the sporting shooter of today.

One thing he would find, besides the advanced technology, is a loss of individual freedom for the firearm enthusiast. The modern sporting-shooter faces a more complex set of delusions and restrictions than at any other time in history.

But man's reliance on the firearm for personal security and sport — and his fascination for the adventurous days of old — will be hard to break.

Ansett.

BUNDABERG GUN CLUB COACHING DAY

Bundaberg Gun Club held a Coaching day on Saturday 31st August at the club grounds at the Airport. The coaching day was well attended with shooters travelling from Maryborough and Gladstone as well as Bundaberg Club members.

A total of sixteen shooters attended the coaching day.

The coaching day began with the shooters in the club house receiving pointers on Gun fit and Safety from Mr Martin Gough, an accredited level 2 coach and Mr Gerry Chizzotti.

Then it was out to the tracks to receive on the spot coaching. We shot a few targets with Martin watching each shooter as he or she shot. He gave each shooter advice on obtaining better shooting. He pointed out our faults and bad habits that some of us seem to acquire from somewhere.

To aid the shooter further Gerry was in the background shooting Video Tape to capture all angles of the shooter shooting.

After all had shot and had been coached, it was back to the Clubhouse to view the videos.

As we viewed the video, Martin pointed out certain faults of most of the shooters and pointed out the better stances of several shooters. Then it was back to the tracks for more on the spot coaching and video shots.

This time Gerry took individual shots from behind and from the side of each shooter, this was excellent as you could see if you lifted your head or had the gun mounted too high or too low and if you followed through on your shot.

Once again we were back in the clubhouse to view the video. At this point Martin answered any questions put to him from the shooters. Martin once again commented on the shooters, giving more information on each shooter.

By this time, our time had run out and our president, Gino Sergiacomi thanked Martin and Gerry for coming.

All that attended went away much more informed on their shooting, even the more experienced shooters learned something. Any new shooters that missed the coaching day missed a very informative day on shooting.

I, for one, thank you for putting in your time and knowledge in helping us, the shooters, go on to be better shooters (we hope).

The video is the only way we can see for ourselves our faults. Martin and Gerry, thank you.

K. Rehbein.

WAGGA GUN CLUB 2 DAY SKEET CHAMPIONSHIPS

• Barney Rooke and Christian Naudin, prominent skeeties at the two-day shoot.

Wagga Gun Club held their skeet Championships on the weekend of the 14th and 15th September.

A good roll up of shooters, though a little disappointing with many shooters attending a 2-day Field and Game shoot on the same weekend.

Saturday Results:

50t Pre-National Skeet C'ship.

O/A Barney Rooke, Wagga 50/50; AA Reg Clarke, Sydney 48/50; A Jack Stamp, Wangaratta 49/50; B Charles Hlavaty, NSW GC 47/50; C Cliff Ferguson, Newcastle 42/50; Ladies Maree Rooke, Wagga 46/50.

50t Jupiter Motors Skeet C'ship.

O/A Ian Hale, Frankston 50/50; AA Barney Rooke 57/58; A Cliff Brown, NSW GC 70/72; B John Cobley, Wakehurst 46/50; C John Lugton, Downside 47/50; Ladies Maree Rooke 44/50.

O/A High Gun for the Day: Barney Rooke 99/100.

SUNDAY:

50t Wagga City Skeet C'ship.

O/A Christian Naudin, NSW GC 79/79; AA Reg Clarke 78/79; A Allan Blease, Melbourne 49/50; B Chris Hughes, Newcastle 48/50; C Cliff Ferguson 41/50; Ladies Maree Rooke 47/50.

50t Customs International Skeet Doubles C'ship.

O/A Allan Blease 54/58; AA Paul Krummins, Melbourne 53/58; A Bob Kennett, Goulburn 41/50; B Jack Stamp 44/50; C Kerry Shanahan, Wagga 38/50; Ladies Maree Rooke 43/50; O/A High Gun for the Day: Christian Naudin 96/100; Encouragement Award: Frances Dare, Newcastle; Ladies High Gun: Maree Rooke 180/200; O/A High Gun: Barney Rooke 217/226.

Congratulations to Frances who hasn't been shooting long.

Weather was fine, though a bit windy on the Saturday. An enjoyable weekend for all those who attended and we thank all those supporters who travelled long distances to attend the Championships.

Jack Stamp celebrated his birthday over the weekend taking home something other than his trophies!

Thanks to Rita Ferguson and Edith Stamp for their much appreciated help in the kitchen.

Cont'd from previous page

The shoot ran well, and those who shot with the 28 gauge enjoyed themselves as well as surprising themselves.

Media coverage was excellent, with TV reports each night, radio lead ups and newspaper coverage.

Thanks to all those who assisted in any way, you really help things run smoothly.

Keep up the skeet shooting.

Maree Rooke,
Publicity Officer.

• Mrs Stamp, Jack Stamp, Charles Hlvarty, Steve Subjon, Christian Naudin, Alan Bleace, John Cabley, Barney Rooke, Ian Hale, Jim Wilberforce, Cliff Brown, Paul Krummins, Cliff Ferguson, Maree Rooke, Reg Clarke, Kerry Shanahan, Rita Ferguson, Frances Dare.

THREE GENERATIONS

Regular shooters at the Bordertown Gun Club, three generations of the Pallant family from Naracoorte, all won a trophy at our last shoot held on September 9, 1985.

L to R: BERT PALLANT — Veterans Trophy, Grandson BRUCE — Fisher Firearms metre group 11-15m second place with 17/20 and 25t District Single barrel second place C grade with 19/25.

His father REG — Second place B grade in the 25t District Single barrel.

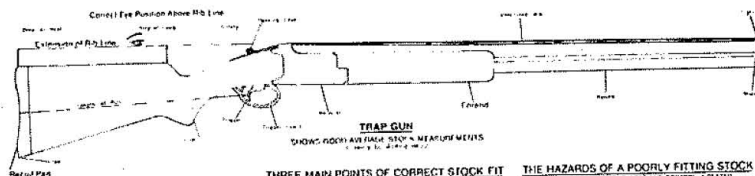

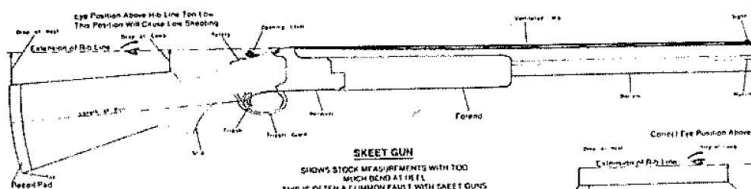

It was coaching day at Croydon Gun Club mid 1960s. Croydon and Camberwell were merged to form the Lilydale Gun Club at Lilydale and finally became the Melbourne Gun Club as it is today. People in the picture are (L to R) George Biggs, Christine Johnson, Jack Henwood, Les

Shilling, Rub Henwood. Jack Henwood is the holder of the Winchester promotion tournament, long run break of 732 straight conducted in one day. The tournament was an Australia wide event with all states conducting their section on the same day. The year was 1963.

SPORTING SHOOTERS ASSOCIATION

1985 NATIONAL SHOTGUN CHAMPIONSHIPS

GEELONG CLAY TARGET CLUB

SAT. 23rd. & SUN. 24th. NOVEMBER

The shoot is open to all S.S.A.A. members and memberships will be accepted at the event. Sashes, gold, silver, bronze medals will be awarded.

(Range open for practice on Friday 22/11/85.)

SATURDAY 23rd. NOV.

Event 1	30 Target field shotgun double barrel	Nom. \$10.00
Event 2	50 Target skeet	Nom. \$12.00
Event 3	30 Target tower double barrel points to score 3.1	Nom. \$10.00
Event 4	30 Target double barrel handicap	Nom. \$10.00

SUNDAY 24th NOV.

Event 5	30 Target double barrel of 15 metres	Nom. \$10.00
Event 6	30 Target single barrel of 15 metres	Nom. \$10.00
Event 7	30 Target points to score 3.1	Nom. \$10.00
Event 8	15 Pair of double rise of 15 metres	Nom. \$10.00
		Total Noms. \$82.00

Ladies and Juniors and Veterans will be half nomination. All events will be graded with the exception of event 1 and 3 and 4

A state team event will be shot on Sunday, 20 target DB points.

All events sashes overall and ribbons for places as well as medals.

The committee has the unchallengeable right to alter or change the programme at any time.

The gradings are as follows AA.93-100 A 83-92 B 72-82 C 0-71 and Juniors stay as Juniors until they turn eighteen. Handicaps are C grade 12 metres, B grade 14 metres, A grade 16 metres, AA grade 18 metres.

The National shotgun sub committee meeting will be held straight after the shoot on Saturday.

For information on any matter such as motel or caravan park accommodation contact Ted Drane (03) 795 7053 B.H. (03) 795 9090 A.H.

SPONSORS WINCHESTER

Who are supplying for high gun a Winchester Ranger vent rib win choke pump action shotgun valued at \$469 retail. For junior high gun Winchester have donated a Beretta Royal lite gun case valued at \$170. Each member of the State teams will receive 100 Winchester AA325 shotshells. Other sponsors are Blue Dot and XXXX breweries.

HUONVILLE GUN CLUB, TASMANIA

At this year's T.C.T.A. State Carnival the Huonville Gun Club will honour the founder of the club in the State Points Score Championship.

On the closing down of the Huonville Gun Club the committee and members decided that the assets of the club should be put to use for the betterment of our sport.

The club was founded in the late 1960s by R.V. Conlon and his partner, having put up the initial finance to get the club underway. He never missed a working bee and was a very keen member until his death.

Robert Vale Conlon (Vale to all who knew him) was born 23rd September, 1901, and passed away 16th January, 1982.

He never fired an angry shot at a clay target until January 1st, 1966 at the age of 64. As it took him 20 shots at 10 targets before he finally broke one, he decided that the sport held a challenge he could not resist.

Over the next fourteen years Vale mastered the art of clay busting and went on to win many championships in Tower, Olympic, Trap, D.T.L. and Skeet.

The most notable of these achievements was the State Tower Championship at Hobart Gun Club with a score of 126/126 in 1974 at the age of 75 years.

Single Barrel Championship Mersey Gun Club
South Pacific Regional Championship — 1970
Air Fare to Nationals — 1969
Southern District Olympic Trap — 1975
Hobart Gun Club Skeet Championship — 1974-1975
Tasmanian State Skeet — 1975
Interstate Skeet Teams — 1975-1976
Southern Districts Skeet Championship
100 Straight Tower Break
50 D.T.L. Break

Successful Deauville Doubles Championship at Bothwell Gun Club with veteran shooter George Richardson on 21st August, 1968.

Vale was a life member at the Huonville Gun Club of which he was co-founder.

After his death the club ran into difficulties and, due to the downturn in the economy, was closed down. However with the introduction of the R.V. Conlon Perpetual Trophy we hope his contribution to the Huonville Gun Club and Clay Target shooting in Tasmania in general will remain forever in our minds.

Vale made many contributions to Clay Target shooting but the one that stands at the forefront in my mind is the lesson that with determination and practice and a desire to achieve a goal, even late starters can be very successful in our sport.

Vale Conlon was honoured and respected by all Tasmanian shooters as a gentleman and great sportsman. (Information supplied by: Claude Conlon, Huonville.)

R. Cannell, President,
Huonville Gun Club

NSW RIVERINA ZONE CARNIVAL

On August 31 a fine and mild day with an attendance of 81 competitors, Downside International Gun Club was the ideal setting for the first Riverina Zone Carnival to be run by the zone at a host club.

Bob Blake is to be congratulated on having the grounds in top condition, and the traps set to throw good targets, as the scores proved by being generally higher than last year. There were 27 possibles shot in the 10T CD off 15 metres.

Albert Povey shot 88/88 to win the Zone DB C'ship after shooting off with 18 shooters who shot the possible of 25/25.

K. Maurey won the points score with 81/81 from J. Blain 80/81.

C. Mason shot off with K. Woodbridge to win the Single Barrel.

Shooters and visitors were well catered for with a delicious barbecue lunch and afternoon tea served by Lyn Blake and her helpers.

Thanks go to Winchester for the attache case presented to the High Gun for the day, also to the other sponsors who gave trophies.

The 1986 Zone Carnival will be hosted by the Albury-Wodonga Gun Club.

RESULTS

10 Tgt D/B off 15m C/D: There were 27 possibles shot in this event.

Riverina Zone D/B C'ship: OA & A: A. Povey 88/88, R. Fox 72/73; AA: R. Piotrowski 87/88, W. Charlton 69/70; B: D. Wallace 41/42, C. Mason 34/35; C: I. Maslin 25/25, B. Murphy 23/25; D: G. WANGARATTA 22-9-85 — Sunny & fine (62). 50T Skeet: A & OA: J. Woolley 59-59; B: R. Stamp 49-50; C: B. Old 47-50. 25T Skeet President's C'ship 10T E/O: A & OA: G. Guy 36-37; B: P. Asher 35-37; C: B. Old 24-25. 12 possibilities. 20T President's D/B C'ship: A & OA: G. Robinson 58-58; B: P. Gibb 38-39; C: J. Bale 22-24. Skeet Wangaratta Team: G. Robinson, G. Sanders, A. Penney, J. Stamp, R. Stamp scored 359-375. Melbourne 356-375. DTL Wangaratta Team: G. Robinson, G. Sanders, A. Penney, T. Plum & B. North scored 98-100. Melbourne 93-100. The Melbourne Club once again pitted their shooting skills against Wangaratta in both Skeet and DTL and for the first time in many years Wangaratta won both the Skeet and DTL teams shoot. In fact it is the first time ever Wang has won both events. The Melbourne team was represented by John Woolley, a skeet representative for Australia in the Olympic Games, and Graham Guy who holds the Australian Skeet National title.

WARRANBOOL 14-9-85 — Very windy (18). 50T Southwell C'ship: O/A: A. Kinneer 48-50, M. Cox 45-50, T. Grummett 46-52. FM: M. Brooksby 38-50. 15T Hep: M. Brooksby 13-15, G. Kavanagh 12-15, D. McKenzie, R. Millard, T. Smith, M. Cox all 11-15.

Game!

**Winchester Ranger Pump Action
and Semi Auto Shotguns with
Winchoke Versatility give it to you.**

Performance tested in the field where it counts these Winchester shotguns give hunters superb value with unbeatable features and styling. Winchester Ranger shotguns feature the original much imitated Winchoke interchangeable choke tube system to cover the widest range of shooting situations, quickly and efficiently.

28" Ventilated rib barrel for easy quick sighting, front locking rotating bolt for ultra-strong, secure lock-up into the barrel, selected American timbers for stock and forearm feature a protective satin finish. And weighing in at around 7½lbs they are lighter than many "lightweight" models. Game! You'll get it with Winchester Ranger.

Ranger 5 Shot Pump Action Shotguns feature a self opening action for fast follow up shots, have antibind twin action slide bars for slick fast operation, black cushioned recoil pad and traditional ribbed forearm. Ranger pump action guns are also available with plain 28" barrel with fixed modified choke and 30" plain barrel with fixed full choke.

Ranger Semi Automatic Shotguns have a gas operated action for speed, dependability, reduced recoil and ease of handling.

Features include a convenient carrier release and ultrafast, reloading, black serrated non slip butt plate, finger grooved forearm and deep cut checkering.

Ranger semi auto is available with 28" Ventilated barrel and Winchokes.

WINCHESTER

Any Shotshell that claims to be as good as Winchester is shooting off it's mouth!

Don't Confuse the Imitators with the Innovators

Our patented Australian made Winchester Shotshell Cartridges are designed and manufactured to the most rigid and exacting specifications. Every component gives you a winning edge and that's what makes Winchester the worlds most popular Shotshell. One piece compression formed plastic Case - for superior longitudinal strength and reloadability. Non corrosive Primer - for quick sure ignition in all climatic conditions. Olin Ball Powder - Clean progressive burning for consistent power. Winchester Wads - for superior gas sealing and improved patterns. Winchester Shot - polished alloy hardened for truer flight. When you're looking for Ammunition that's above and beyond all others, look towards Winchester - and don't confuse the imitators with the innovators.
