## EXECUTIVE DIRECTOR'S NOTES

Results to hand have determined that Australia has won the Mackintosh International Teams Competition for both the open and Juniors (fourth successive year) with our ladies team finishing second, despite their magnificent score. Full details are shown elsewhere in the magazine.

Visitors to head office will notice the magnificent trophy cabinet built and installed by Laurie Connors. The trophy cabinet will ensure that all of our coveted trophies are on display at all times and we look forward to having on display the Mackintosh Trophy which will be returning to Australian at an early date.

Planning is under way for the 1987 D.T.L. and Olympic Discipline Championships not forgetting of course the remaining National Championship for 1986 when the Skeet shooters by all accounts will be out in force at Wagga in November.

Details on accommodation etc are included in this issue for your information.

Great to see that Adrian Cousens has performed so well in the U.S. with his second, on 250/250 at the U.S. World Skeet Championships. More on the results once the team have returned.

Not so good however are the Commonwealth Games results, where we have been found wanting, no reflection on those involved as I am certain that they have given of their best, once again more on this once the team has returned.

The World Shooting Championships are under way as this issue is being posted to you. All eyes will be on the team as they will be anxious to do well and record some good performances for Australia.

On a more serious note, there are still some clubs who have not yet paid their 1986 affiliation fee of \$30. The problems that would be encountered should an insurance claim arise are monumental as until the affiliation fee is received at the A.C.T.A. office, no insurance cover exists.

If your club is one of those mentioned in last months C.T.S.N. do yourself a favor and check out the current position with your club Secretary.

Make certain that the protection that you believe you have as a club member really exists.

Good shooting.

Alan J. Maher

## EXECUTIVE COMMITTEE APPOINTMENT

Following the Northern Territory Annual Meeting Mr Dexter Barnes of Casuarina N.T. has been appointed to the National Executive Committee.

Dexter is also occupying the N.T. position of Secretary/Treasurer.

We wish him well in these duties and look forward to a successful involvement at National Level.

## STOP PRESS

Adrian Cousens a member of the A.C.T.A. Five Man Team at the World Skeet Championships has finished in second place following a shoot off.

Adrian recorded a score of 250/250 + 6, to finish second to R. Ukanalis after four rounds of doubles in the shoot off. Congratulations Adrian.

The Australian Team of Cousens, Iles, Thomson, Kavanagh and Dower also performed admirably to finish in seventh place in the teams event. A full summary will be included as the details eventually come to hand.

AUSTRALIAN CLAY TARGET NEWS — SEPTEMBER 1986

## A.C.T.A. PRESIDENTIAL MEDAL

Nominations for this prestigious award are now open and should be forwarded to reach the Executive Director no later than October 31, 1986.

The following guidelines are to be taken into account by persons intending to lodge a nomination for consideration.

**Presidential Medal:** Awarded to a person or persons for their contribution to the development of the sport.

**Judging Panel:** A.C.T.A. Executive Committee.

**Maximum Awarded:** Three — subject to favourable consideration.

**Closing Date:** October 31 — P.O. Box 198, Blackburn, Vic. 3130.

**Note:** The receipt of any nomination does not necessarily relate to the awarding of a Presidential medal.

Nominations received will be placed before the Executive Committee for their consideration and decision.

No correspondence will be entered into regarding any nomination received.

### PREVIOUS RECIPIENTS:

# PIONEERS OF OUR SPORT OF CLAY TARGET SHOOTING

## CHAMPIONS OF THE PAST

By George Biggs,  
A.C.T.A. Historian  
**DONALD MACKINTOSH — World Champion  
Australian Shooter.**

Well before those of us who are shooting today were born, Donald Mackintosh was making a name for Australia on European Shooting Grounds and at the leading Gun Clubs of England in the 1890's.

The following story is a personal sketch of Donald Mackintosh by an un-named Australian Journalist of that time and was published in a leading Melbourne daily newspaper and magazines.

No branch of trade is more interesting than that of the manufacture and sale of guns for use in sport, personal amusement, and the encouragement of shooting skill. In the world of sport many individual marksmen have gained worthy distinction, but I venture the opinion that amongst them all there has been no more picturesque or noteworthy personality than that of Donald Mackintosh, the Australian native, who, for a quarter of a century, held front rank in shooting circles, and for over 10 years shot with marked distinction at Monte Carlo, Paris, London, Rome, Madrid and other European centres. By dint of natural aptitude, keen study, and persistent effort, he lifted himself up from small beginnings into the very foremost grade of the world's marksmen, and eventually gained a name equal to the best of the world's best in the use of the shot gun, both in the field and in International competitions.

In shooting, as in other things, there is nothing like an early start, and "Donald", as he was for many years known in the Australian shooting world, learned to handle the gun when very young — not more than 6 years of age at the most. Although not an exceptionally strong lad, he took to the gun "like a duck to water". His earliest effort were devoted to getting the best results he could from a flask of black powder, a few pounds of lead, and an old-time muzzle-loader, which could be adapted either to bullets of the old spherical kind or shot. With this outfit he set out, a not ambitious boy, with his gun under his arm, and the world before him. His "first shot" was at a flock of crows, at the other end of a plough furrow, the alignment of which, at that time, rather assisted his "sporting aim". He took careful sight at long range, and sure enough there was a "dead bird" accounted for, and gathered in as a result of a well-directed effort. After that he had plenty of practice on parrots, snipe, wild duck and other feathered

species, as well as rabbits and hares. "Donald" did not make the acquaintance of a gun club until about 16 years of age. The first he joined was the Bacchus Marsh Club, and his first success was taking second prize in a shoot for a trophy presented by Mr J. O. Inglis, who was at that time one of our foremost amateur riders, and later the owner of the Melbourne Cup winner, Malua.

At 23 years of age he was a member of the Melbourne Gun Club, which has, for many years, been the leading Gun Club in Victoria, if not Australia. Entering the club, virtually as a "Novice", he was, at the end of the first six months, back to what was then the handicap limit, 30 yds, at pigeons. Once on that mark he has never stood nearer up to the present day.

Amongst Mr Mackintosh's first notable successes was winning the Melbourne Gun Club £50 Challenge Cup three times and taking final possession. In doing this he had shooters of the first order of skill to defeat.

Later on he had much success in open pigeon matches, for valuable stakes, at the Melbourne Gun Club, the Sydney Gun Club and various country meetings. With the true love of an Australian native for game shooting, he spent much time in the leafy forests, and soon gained a widespread reputation as a crack shot on quail, snipe, wild duck, etc.

One episode remains fresh in Mac's memory of an outing he had with the renowned American wing shot, Dr Carver, in the Yarrowonga District, when the two cracks were out after snipe and any other attractive "live target" offering. Mac winged a galah, and Carver chased down a beautiful young swan. As the doctor was anxious to take away to his American home something purely Australian, they exchanged birds, and the great record-holder ever afterwards cherished that galah as a domestic pet. He told "Mac", when the two sports met at Monte Carlo many years afterwards, that it was still living and flourishing in its Kentucky home — and "talking like a bullock driver". As-for the swan; that also still survives.

Donald Mackintosh

It is not so much on his Australian doings as on those at Monte Carlo and the other great European shooting grounds and at the leading gun clubs of England that "Donald's" reputation has been built up. As a single man he first visited England and the classic rendezvous on the shores of the Mediterranean, ruled over by the Prince of Monaco, in 1896. After a two years' tour, he came back to Australia, having made good impressions in Europe and England. He returned to the shooting world's great centres in the year 1900 a married man, taking his Australian wife with him. For nine years thereafter "Donald" worthily represented the Australian democracy in European and British shooting circles, gaining much prominence as a successful competitor in the most important shooting events in the old world.

A reference to the splendid array of gold medals, illustrated on page 31 of this catalogue, will give an idea of the success which attended "Donald's" gun whilst abroad. Words cannot speak more eloquently than that collection

and the photos of valuable Challenge Cups, won at London, Paris, and Melbourne, as shown on page 32.

Some of "Donald's" more conspicuous wins in Australia, the continent and in England and their value are as follows:—

1. First in Melbourne Gun Club £1000 Cup Handicap, 1890, killing 33 birds straight 30 yds.
2. Melbourne Gun Club £50 Challenge Cup, won three times in succession. Won Cup and £150.
3. London Gun Club £100 Challenge Cup, won three times in succession. Cup and £250.
4. Paris Gun Club £100 Challenge Cup, won three times in succession. Cup and £150.
5. Grand Prize of Italy, Florence £800.
6. Grand Prize Aix les Bains, £800.
7. Championship Belgium Ostende, £200.
8. Grand Prize Monte Carlo, divided first £1000.
9. Championship London Gun Club, £130.
10. Grand Prize Milan, divided first £800.
11. Grand Prize Madrid, divided first £600.
12. Grand Prize Monte Carlo, divided first £1000.

On his return to Australia, a few years ago, Mr Mackintosh, yielding to a natural inclination to assist others to gain successes in a sphere which had proved so fascinating to himself, decided to go into the business of the importation and sale of shot guns, rifles, revolvers and all sporting requisities. He started at 400 Bourke-street West, close to that historic sporting rendezvous, Kirk's Bazaar, where he quickly secured a following, and rapidly "caught the eye" of the local shooting world.

When in England, Mr Mackintosh took special steps to acquaint himself with all the details and processes of the manufacture of shot guns and other sporting weapons, and by personal inspection and interview, acquired a knowledge of all particulars and peculiarities in the London, Birmingham and Continental gun trade, both as regards original manufacture and the conditions of the export of guns, etc., to Australia. The knowledge thus gained he concentrates upon his business, which he is thus enabled to conduct so as to bring all costs and charges to his customers to the desirable minimum, consistent with quality and efficiency. By a careful system of selection and adaptation of the latest methods, he is able to stock guns, ammunition and all sportsmen's requisites suited to the requirements of all classes of purchasers.

## SOME FOREIGN PRESS NOTICES

These cuttings may interest Australian shots as showing how one of their countrymen was received, and what was thought of him in Europe.

### SHOOTERS AND SHOOTING

The "Daily Mail" Special, London, concludes an article on Australian, English, Russian and Italian shots by saying:

"Monte Carlo claims attention in winter. Perhaps the finest shot that has ever competed there is the Italian shot, Guidicinni, but at the present time the best shot in the world is probably Mr Mackintosh, the Australian."

"The Jockey", Paris, in a long and interesting discourse on shooting, winds up by contrasting the performances of the world's famous shots who have contested at Monte Carlo as follows:

"Mr Mackintosh's performances at Monte Carlo, together with his records made in England and Australia, are such that, in a word, we declare him the Champion of the World."

From "Diana", Florence: "On the 23rd September, 1908, Mr Donald Mackintosh, the famous shot, left for Australia, after an absence from that country of many years. He, who had so many victories, and who made so many friends, being as he was, the prototype of the correct sportsman, has left everybody regretting his departure, and with a sincere desire to see him again. We voice the sentiments of every Italian shooter in wishing him a pleasant voyage and great future happiness."

The "Grand World of Sport", Madrid, in an article, discusses the most extraordinary shots of the world, and sums up as follows:

"The grand programme of events, shot at Monte Carlo in fees for the various items total about an equal £10,000.

"The competitors at the series of events are of all nationalities. But those who stand out most prominently are Guidicinni and Grasselli, representing Italy; Count O'Brien, Spain; Mackintosh, Australia; Robinson, the United States; and Roberts, England. These gentlemen are considered by those best qualified to judge to be the leading shots of the world.

"Among all the shooters who demand public notice by their extraordinary performance, the one who stands out most conspicuously from the rest is D. Mackintosh, whom we have no hesitation in proclaiming the best shot in the world at the present time."

In giving these cuttings from many Press notices Donald Mackintosh received while abroad, the object is to show that the hand of good-fellowship is extended to visiting shooters most freely and cordially in Europe.

## HINTS ON TRAP AND GAME SHOOTING

By Donald Mackintosh.

In giving the following "Hints" to shooters, I do so at the request of a number of sportsmen throughout Australia, who have been good enough to state that my many years' experience in shooting undoubtedly enables me to speak as an expert, remembering that, coupled with my personal experience, I have come in contact in my travels with all the world's champion shots, and have had the benefit of their experience as well.

As a native Australian, I feel that my fellow-countrymen are as pleased at my successes abroad as I was to secure them. The present and rising generation of shooters have an equal chance, by patience and perseverance, to secure all that and more than I attained in my shooting career. I have come back amongst you more an Australian than when I left for distant lands. I come back fonder of this dear old land of gum leaves than ever, and with the fervent wish — "Advance Australia".

Always treat firearms as loaded. Disregard of that rule is dangerous. More people have been killed by the gun thought to be unloaded than by any other weapon. A careful regard for this will always ensure you welcome among your companions in the field.

Kipling says in one of his ballads about the soldier's rifle — "You treat her as human; she'll treat you as such".

## AROUND THE TRAPS

Sunday June 15, 1986. Jeparit Gun Club, a popular haven for many shooters attracted fifty competitors to their monthly tournament. This club is one of the few that has been able to hold female interest in their club activities. It has been very noticeable at the many clubs I have visited over the last couple of years, just how much female support for our shooting has dropped off, particularly in the spectator area.

George Steele from Mount Gambier S.A., and rather a regular visitor to clubs along the Victorian, S.A. border, managed to win the Hindmarsh Hotel Double Barrel Championship 65/65. George teamed with his mate Bob Schleter, also from Mount Gambier, to win the Club Deauville Doubles titles on the same programme. They were the only pair to shoot the possible 20/20.

Winners at Jeparit Gun Club being congratulated by Victorian State President Robbie McDonald. From left to right, George Steele, his son Philip and popular lady competitor June Gawith.

Saturday June 28, 1986. The South Australian Clay Target Association hosted their State Skeet titles at the S.A. Gun Club. Good fields were attracted to the tournament including two of Victoria's top skeet shooters, Adrian Cousens and Brian Thompson. Adrian Cousens won the City of Adelaide Championship 87/87 and also the Australian Shooting Championship 54/54.

Brian Thompson also from Victoria won the Festival City title 64/64 and followed it up with the major title on the program, the South Australian Championship 133/133. South Australia's top skeet shooter Bob Dower shot 247/250 to win the honor of being his state's top scorer over the program. Peter Caddy from Barmera won the Veteran's High Gun 167/200. Brigitte Dower won the Ladies High Gun 166/200. Adrian Cousens with 208/210

South Australian Ladies Skeet Team. From left, Mary Waugh, Brigitte Dower, Ruth Michelle, Mary Pinter and Sandy Applecamp.

captured overall High Gun honors.

Saturday July 26, 1986. Maryborough had its challenge shoot against Mount Gambier Gun Club. These two clubs have an annual competition between a team of four shooters from each club, over a set program. One hundred dollars is the spoils for the winners plus a sash for each team member. The Mount Gambier team of Trevor Reschke, Tom Megaw, Phil Green and Bill Hetherinton were too good for Maryborough, and won the money along with the sashes at this challenge.

Trevor Reschke also won overall honors in the points title on the program. Local lad Brian Rafferty won the Double Barrel Championship, and was top performer on the day, winning High Overall honors.

Alf James and Neil Cracknell, after a long battle into the dark, with Adrian O'Connell and Terry Cogall, won the Deauville Doubles Championship.

See you where there is shooting.

Laurie Connors

## BUNBURY HOSTS DISTRICT TITLES

Bunbury Clay Target Club recently held a day of district championships in Tower Points, Continental and Double Rise, from which were also incorporating club champions of each discipline.

The first event of 25 Tower Points, Kurt Schinzig outclassed the field to shoot the only possible of 75/75 to take out the title and also club champion. Max Cubic of Collie was second with 72 and third was John Carbone of Edgehill scoring 71.

The District Continental was won by Brad Day of Edgehill, again with the only possible of 25/25, to take out the A Grade Division.

B Grade winner was Michael Griffiths with 24 and Paul Lange took off C Grade also with 24.

A shoot off between Michael and Paul for the club champion was eventually won by Paul.

In the District Double Rise Championship, Colin Roach was the overall winner and B Grade winner with 17/20, defeating Max Cubic with 16/20, Colin also taking off the title of club champion.

Paul Lange made it a double when he won the C Grade trophy in this event, and at only 14 years of age, shows he has the ability to become a challenge to many experienced shooters.

The overall high gun for the day was won by Max Cubic with a total of 111/120.

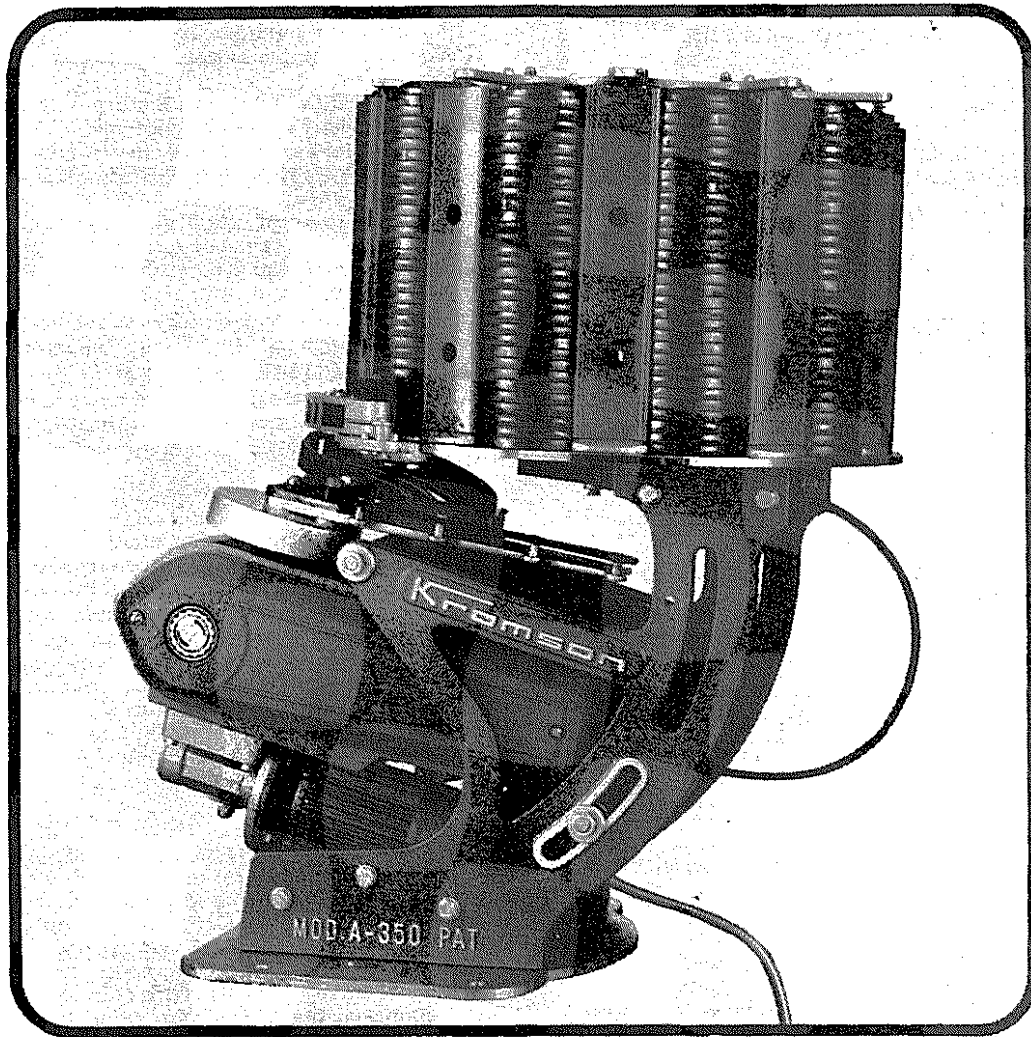

"District Day Winners", left to right, Colin Roach, Max Cubic, Brad Day, Kurt Schinzig.

# OLIMPYC TARGETS

Introduces the new Kromson Trap —  
Model A-350 and A-350 Robot, for D.T.L.

# WARATAH STATE NOTES

## CONTRIBUTIONS WELCOME:

Each month as we endeavour to bring items of interest to all shooters who read our "Waratah State Notes" — we sometimes feel as if we are repeating ourselves — at this point I would like to appeal to any shooter/reader who may have something of interest — share it with us all. The 15 State Delegates cannot get to every club every month, therefore we rely heavily on information being sent to us, e.g. outstanding performances at shoots, promising juniors, break records, coming events, etc etc. It's a FREE way to advertise YOUR CLUB!!

## MARKET PLACE:

The N.S.W.C.T.A. have various items for sale, namely a new badge commemorating the A.C.T.A. Golden Jubilee costing \$3.50 plus \$1.00 packing and postage, also — A.C.T.A. Car Badges — \$10.00 plus \$1.50 pack and post. N.S.W.C.T.A. Car Badges — \$10.00 plus \$1.50 pack and post. N.S.W.C.T.A. Ties — \$12.00. N.S.W.C.T.A. Jumper — \$40.00 (made upon receiving order). A.C.T.A. Jumper — \$40.00 (made upon receiving order). N.S.W.C.T.A. Pockets for blazers can also be ordered.

## REGISTERED REFEREE:

Does your club have any registered referees? I'm aware that there are some clubs who do not have any referees. How about obtaining a rule book and becoming a referee.

## FROM THE NORTHERN ZONE:

The Annual Guyra "COOL 100" was conducted the last weekend in July, and the winner with a perfect 100/100 was Guyra shooter, "Bud" Sweeney. Congratulations. From all accounts the weather was certainly appropriate for the "COOL 100"!!

## INSURANCE:

One phase of our sport which is probably more confusing than the rules is the old phobia of "Insurance".

To assist to clarify the position:

## WORKERS COMPENSATION INSURANCE

This is a policy which is compulsory at law and is effected by the club to **cover any person who is employed by the club** — simply, it covers all employees who are injured on the way to work, at work, or on the way home from work. This cover is compulsory and any employer who does not insure faces a fine of \$400 for every day that his employees are not covered.

## PUBLIC RISK or PERSONAL LIABILITY

This is the policy effected by the ACTA to cover its members — it is a **liability policy** and not, I repeat **NOT** a **personal accident policy**.

The cover offered by this policy is one whereby some person or the club has been **negligent** and, as a result of this negligence, another person is injured or killed. Before a claim can be paid, full particulars must be lodged with the Insurance Company and usually will not be settled until a judgement is awarded by a court. In 99% of cases the injured party (or his or her next of kin) must sue a person or a club and, after the due process of law is finalised, an award will be granted.

This cover is automatic for **all registered persons and visitors under certain circumstances**. Each club must have a visitors book and obtain the signature of any visitor — then, and only then, are the visitors covered. Further to this — certain persons, such as ladies working at the club etc, are covered if the club registers their names at the ACTA office. This is most important and is quite simple for the club secretary to enclose a note to the ACTA with each monthly shoot return.

**DON'T FORGET** — this is a **LIABILITY POLICY** and **NOT** an **ACCIDENT POLICY**.

## ACCIDENT POLICY — CASUAL WORKERS

This policy is really important but very few clubs do anything about it. The names tells the story — it is a policy to cover any casual worker (such as working bees etc) **who is not an employee** and is working for nothing. If they are being paid they would be covered under the Workers Compensation policy.

I'm not sure of the current premium cost as it varies with the numbers of club members — recently, a club with 25 members took out a policy covering anyone injured for an amount of \$300 per week (up to a total of \$10,000 for any one accident) and the total premium was \$121.40.

I personally feel that this is a most important policy and should be effected by every club — it would be a great relief to any president to know that, if any person is injured whilst working for the club — then that person would receive \$300 or any other amount that the club insures for.

If the club cannot afford the cost, ask your members and I'll guarantee they would pay \$5 or so for the cover.

In conclusion you have —

1. **Workers Compensation Insurance** — to cover all employees.
2. **Public Risk or Personal Liability** — to cover you or your family for any acts of negligence.
3. **Casual Worker Accident Insurance** — to cover you against injury if you are working for the club and are not a paid employee.

I feel that this may clarify the situation, if not, contact your nearest reputable insurance company and they will clarify the matter for you.

## A THOUGHT

"Never miss an opportunity to make others happy, Even if you have to leave them alone to do it".

## CLUB FACILITIES

Once again, I stress the importance to club executives — presidents, secretaries and committee etc, to do everything in your power to entice visitors to attend and return to your club.

Some clubs put on afternoon tea, consisting of dry biscuits and a cup of tea and charge 50 cents or \$1, whilst other clubs put on a beautiful afternoon tea and also charge 50 cents or, in some cases, no charge at all. I have heard many shooters talking and saying "you should go to X club — they put on a terrific meal and make you feel welcome". I have also heard shooters say "Don't go to X club — they charge \$1 for a cup of tea and a couple of dry biscuits".

Another avenue that doesn't cost one cent — walk up to a visitor with your right hand out, a smile on your face, and say "Welcome, thanks for visiting our club, I hope you enjoy your visit". This will make you feel good and I'll guarantee the visitor will tell others how friendly you were — try it and see.

## STATE CARNIVAL

Only one month to the Trap Carnival at Griffith and what a carnival it promises to be — all events have been sponsored and, with this guarantee, the carnival will be a carnival to remember. Griffith has ample accommodation (the Citrus Motel is one of our sponsors) and a visit to a winery is an excellent way to spend a "blotto" few hours. Most of us have shot at Griffith Gun Club and we all know the hospitality that "Simbo" and his boys can turn on — See you at GRIFFITH.

## ANNUAL GENERAL MEETING

Don't forget the Annual General Meeting will be held at the Griffith Ex-Services Club on FRIDAY, October 3, 1986. Mark this date and attend as it offers you the opportunity to have a say in the running of your Association.

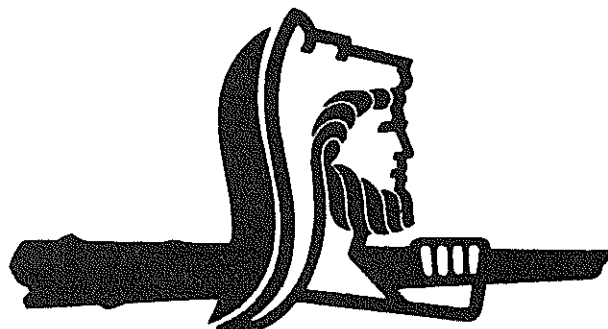

## BIRDIE'S PROVERB

"Some people climb mountains, Before they are even in sight".

N.S.W.C.T.A., P.O. Box 836, TAMWORTH.  
(067) 65 9386 (AH).

# There is no such thing as an All Purpose Powder!

## THAT'S WHY **HERCULES** **MAKES RED DOT** specially for Clay Target Competition

### **HERCULES RED DOT**

#### Calculate the savings yourself

17.5 grain loads	880	22 grains loads	699
18 grains loads	853	23 grains loads	668
18.5 grains loads	831	23.5 grains loads	653
19 grains loads	809	24 grains loads	640
20 grains loads	770	26 grains loads	591
21 grains loads	732	27 grains loads	569

The above table shows approximate number of reloads per kilo for grains used. \* 18.5 grains of RED DOT gives a 3 dram equivalent. 17.5 grains of RED DOT makes an excellent 2¾ dram equivalent load.

#### **OTHER GREAT HERCULES POWDERS**

- **GREEN DOT** — Use is 12G medium and field loads
  - **RELODER 7** — Bench Rest grade rifle loads
  - **BULLSEYE** — For pistol and revolver use
  - **UNIQUE** — An all-round shotshell powder
  - **2400** — Some rifle and shotgun loads
  - **BLUE DOT** — Magnum shotshell and heavy pistol loads
  - **HERCO** — Heavy shotshell or handgun loads
- USE ONLY AS PRINTED IN THE HERCULES GUIDE.

If you reload to save money, you use HERCULES for the cost saving. Isn't it just as important to use the very best clay target powder available?

### **INSIST ON RED DOT**

It's made precisely for target competition and priced to give you up to 50% More Shots for your Dollar

HERCULES Powders are stocked by selected retailers in **ALL STATES**. If you have a problem getting supplies or require the HERCULES Reloaders Guide, contact:

# LET'S IMPROVE THE STATUS OF OUR CHAMPIONSHIPS

Harry Brooksby

At a recent Coaching Seminar, I was asked by a well known Victorian Shooter, what could we do to improve the standard of our shooting. The shooter was not referring to the practical, physical and psychological side of our sport, but was indicating that we should be shooting against tougher competition.

I could not agree more, and for this to occur, we must all try to compete with others whose standard is equal to or much better than ourselves.

Over the past few years, Clubs in our state appear to hold too many Championships with the nett results, the shooter is only a champion for one day. This lowers the value of the term CHAMPION.

A few years ago, I remember attending a Club in Victoria which was given a Commonwealth Championship. Fifteen shooters attended, so the winner (good luck to him), was crowned Commonwealth Champion in that discipline for one year.

Knowing the winner of the event personally, he did not feel he had really earned the title, because of the conditions under which the title had been won.

To improve the image of Clay Target Shooting, we could take a leaf out of the book of other sports disciplines, where it is necessary to determine the best Competitor for the year. The car racing fraternity set out certain races that each driver must compete in to qualify for points to see who is the best and most consistent driver for the year. Our sport determines the top shooter for the year in a particular discipline on one performance in one location on one day. A true indication? I believe not.

The question now arises, why can't Clay Target Shooting use a similar system to determine its State Champion?

Let's say we want to find out who is the best Double Barrel DTL Shooter in our State for 1986. This in my opinion should not be determined by one performance in one location on one day.

If each Zone still conducts its Zone Double Barrel Championships at different periods throughout the year, and points are allocated as to where the shooter finished in the event, by the end of the year, we would have determined the most consistent and best shooter. This person is certainly worthy of laying claim to the State Title.

## Example:

If the N.W. Zone hold the Zone Double Barrel Championship as a qualifying shoot for the State Championship and the shooter finishes third, he or she

receives 8 points. The same shooter then attends the S.W. Zone and finishes first, then he or she now receives 10 points; a total of 18 points. All eligible shoots are aggregated towards the Championship.

To be eligible for the Title, the shooter must compete in 3 out of the 4 Zone Shoots. The highest points achiever for the year is then the State Champion. By using this system, Clay Target Shooting can only benefit.

## Benefits of this System are:

- (i) The true State Champion is determined.
- (ii) Better competition between shooters.
- (iii) A willingness by competitors to extend goals beyond one event will be fostered.
- (iv) A better standard of shooting between individuals will occur.
- (v) A greater awareness of our sport in the public sector will be fostered.
- (vi) Better interaction between Zones will occur.
- (vii) Participating Clubs will benefit from experience and support from other Clubs.

## Some possible arguments against this System are:

- (i) More work involved in co-ordinating the scores.
- (ii) Why should we visit other Zones, they don't come to us?
- (iii) Fuel is far too dear etc, plus a host of other excuses. We can all generate if we want to.

But if we want the standard of shooting to improve as well as individual performances to be upgraded, we must take some sacrifices.

Let us all work together to give our top Titles the prestige, credibility and honor they rightly deserve.

**Harry M. Brooksby**  
State Coaching Director

## VALE

Mrs Helen Ward. Wife of Merv, passed away suddenly. Helen was a member of our ladies committee for many years.

## VALE

Mrs Nell Hoskins. First lady life member of the club, Nell served on the ladies committee for approximately 20 years. Wife of the late Mr George Hoskins.

## VALE

Mr Greg Cowie, passed away suddenly aged 22 years. Vice President of our club, affectionately known as "The Coach", Greg spent many hours working at the club particularly after the fire in 1983, when the club was rebuilt.

These members will be sadly missed by members and friends.

**Broken Hill Gun Club**

## EDITOR'S MAILBOX

I read with great interest Len Bird's "Thoughts" on page 9, July '86 issue.

I believe that my club is going one step backwards by introducing a 50 target of (25 Hcp & 25t 15m) for their \$1000 event during the June Carnival Shoot. Previously this event was a 30 target Handicap.

When questioned on their wisdom I was told that the backmarkers, "have to be given a change". Now the 'D' & 'C' grade shooters shoot 25 targets beside a person with 50 and 100 breakbadges all over them. This year we had approximately 50 shooters and other years approximately 100 to our Carnival.

What are your thoughts?

Faternally Yours, R. R. Harrison. Mt Isa.

# NEW ZEALAND CHAMPIONSHIPS — 1987

*The following confirmed dates should be of assistance for those who may be contemplating a visit to New Zealand in '87.*

## I.S.U. CHAMPIONSHIPS

Sole direct factory representative and distributor for West Australia for Perazzi firearms and ammunition — Saga ammunition — Kromson 240V electric clay target traps for clubs — American trap and skeet and for ISU trap — skeet & trench.  
Also excellent 12 volt hand operated traps for simulated field shooting and/or personal use.  
Latest illustrated coloured catalogues available.  
Genuine trade enquiries welcome.  
All enquiries and orders immediately attended to irrespective of state.

# TASMANIAN CLAY TARGET ASSOCIATION

The Annual Meeting of the Tasmanian Clay Target Association was held on Saturday June 28, 1986 and the following office bearers were elected for the forthcoming year.

**PRESIDENT:** John Sturzaker — Tasmanian Gun Club.

**VICE-PRESIDENT:** Rod Cannell — Hobart Gun Club, Jock Bryan — Devonport Clay Target Club.

**SECRETARY/TREASURER:** Kaye Woods — Cressy Gun Club.

**MANAGEMENT COMMITTEE:** Robbie Elmer — Devonport Clay Target Club, Stuart Browning — Hobart Gun Club.

**I.S.U. SUB-COMMITTEE:** John Murphy, Stuart Browning, Leon Gray, Roy Garwood, Robbie Elmer, David Ride and Kaye Woods.

## PRESIDENT'S REPORT — 1986

Looking back on this past year, from an outsider's view, it would seem to have been a period of steadiness without a lot of noticeable steps being made — but as is usually the case, a great amount of work has gone on behind the scenes.

The most important step for Tasmanian shooters has been the decision to stage the 1990 Trap Nationals at the Tasmania Club. The meeting with the Division of Recreation was successful in ensuring the State Government's assistance with this venture. The success of this venture depends upon the consolidated support of all Tasmanian Clubs — in putting aside any differences and joining forces to work as a team and not just as individuals.

The second major project is the staging of an Association backed tournament — run along similar lines to the Darwin Gun Club. While this has only been agreed to in principle, I feel confident it could easily become reality as the general feeling seems to be in favor of such a venture and, as previously stated, this type of event is the best way the Association could use the funds it now has on hand to benefit the full spectrum of Tasmanian shooters.

The State Carnival was once again a great success as has been the case for the past few years — and once again due to the sterling work carried out by members of this Association.

The financial situation of this organisation has continued to improve — mainly due to the Carnival's success. The benefits gained by the running of such a venture is proof that a sponsored shoot can be viewed as being successfully viable.

The professional way in which the duties of Treasurer have been carried out by Kaye Woods has been, without doubt, the major reason why the Tasmanian Clay Target Association now finds itself in a very sound financial position.

On the subject of Coaching — which we have all pondered on and discussed for many hours — I believe that the ability of the Coaching Director, Robbie Elmer, in this important field is highly commendable and despite the fact that Robbie's efforts are not always fully appreciated, I hope that he continues in this position.

The one sad feature of this past year has been the decision by Keith Woods to terminate his involvement as an official of the Association. Keith has been a major contributor in this organisation for many years and it will be strange for all not to see him at the meeting table. I trust this Association can show its appreciation in some way for Keith's contribution towards keeping the Clay Target movement going in Tasmania over the years.

On the plus side — it was great to see an old face return — "D.R." (Don Taylor) has so much knowledge about shooting, his presence is invaluable.

Reflecting on my three years as President of the Tasmanian Clay Target Association makes me proud to

have served in this office — the number of people I have met and worked with during this time are too many to name. I feel that this Association has stabilised its operation during my term and has gained a reputation of being well run and is respected by its own members and other shooting bodies throughout Tasmania and the mainland.

I wish to thank all those who have helped me in so many ways — with a special thanks to Kaye Woods. Without Kaye's expertise and support the Association would not be in the position it now finds itself. Thanks, Kaye!

Finally, I would like to wish all the Clubs and the Association all the best for the future and I feel the sound base now established will lead to greater stability and success in years to come.

## TRAVELLING TO W.A.?

If you are and wish to have a shoot at the same time, all you have to do is contact one of the following people who will be pleased to give you the opportunity.

## 49 YEARS A TRAP SHOOTER

The Gippslander with the longest association with the Australian Clay Target Association has died.

He was Les Mitchell, 73, a retired farmer of Trafalgar. Started in '37

ACTA historian George Biggs of Knoxfield recalls Les's shooting trap at Blackburn in 1937.

Friend, Tup Pedersen, of Drouin, a former ACTA president, said Les laid off shooting during the war, and soon after he left Melbourne for an orchard at Trafalgar.

The pair met at the since defunct Moe gun club in the 50s.

(Clubs at Sale, Yarram and Leongatha have also disappeared).

Les was a good single barrel shot.

But a Les Mitchell Second was a term for a frightfully late shot.

As Les entered his 70s, and successes grew fewer, he took up skeet.

His age and years of tracking a down-the-line shooting made it difficult for him to achieve the zip that is required to skeet.

Nevertheless he went to the National skeet carnival in Melbourne last spring, and on one of the several days of shooting won an over-65 veterans' section with 47/50.

He was a most agreeable competitor, he never complained or made excuses.

He was one of the few who closed a gun correctly . . . by raising the stock rather than the barrel.

He is survived by his wife, two sons who live at Trafalgar and Traralgon and six grandchildren. He is also survived by three brothers and a sister.

Tom Gannon

# NORTHERN NOTES

## N.T.C.T.A. NEWS

The N.T.'s second State Skeet Carnival will be held this month in Darwin, with a full complement of events. As at the time of writing, the programme had still not been finalised, so consult this month's advertisement for details.

Alice Springs Gun Club hosts the Masters' Games in October, and a combined trap and skeet programme is offered for a nomination fee of \$50 for the shooting and an entrance fee of \$50 for Games organisation. Trophies are in the forms of sashes and badges only, but it is hoped that the office can arrange some reasonably attractive optional sweepstakes also.

## COURTESY CORNER

The writer was involved in the following incident. A new shooter at the club, on hearing his name called for a squad, picked up his gun, closed it, with cartridges in the barrels, and proceeded to walk across the grounds to the second layout in use. He reached the walks before being accosted. Luckily, the rounds were empties. The writer arrived at the club, and was asked to take the shooter 'under his wing' post haste. Understandably, the 'newchum' was a bit tense (to say the least), and after a low-key, but concentrated lecture on safety, unwound and started breaking a few clays. He finished the round reasonably confident and composed. As we walked back to the clubhouse, we were accosted, first of all, by the gentleman who was going to 'see him right' at the shoot, and then by another shooter who was all set to tear strips off the returning novice for his earlier unsafe efforts.

This type of incident reflects no credit on the club, its officials (who should have spotted the novice and allocated a 'buddy' to look after him), the person responsible for inviting the shooter (who should have advised squadding officials if he was unable to look after the novice), or the shooter who saw the safety breach, and did not immediately attempt to correct it. Fair is fair, we must encourage new shooters, and it is for the benefit of everyone if we smother these shooters with attention from the time they get to the club until the time that they become safe and proficient. Let's get it right next time, fellows!

## DUCKS AND DRAKES DEPARTMENT

August the first was the beginning of the duck season, the announcement coming a bare three weeks before the opening, from the N.T.'s Conservation Commission. New regulations have been promulgated (again!) regarding shot size and gauge of guns (10 gauge being allowed for geese).

If you're not sure of the regulations for this session, it would be advisable to contact the nearest C.C. outlet for details.

## "THERE'S NO RULE LIKE AN OLD RULE" CORNER

Top End shooter, Phil Crute has had in his possession for many years, a copy of an 1860 British book on shotgun shooting called 'The Dead Shot', written by a shooter with the pseudonym of 'Marksman'.

It covers the many facets of the gunning arts, giving a wealth of detail on all topics. The style of writing, although obviously of another age, is still engrossingly readable. Chapters include those of selection of a gun (explaining why a muzzleloader is a much harder hitting gun than a breechloader — 'those new fangled ideas will never take on'); duck, quail, snipe, grouse and partridge shooting ('the French partridge is a much inferior bird to the native British bird'); selecting a gundog; courtesy and etiquette; etcetera.

The chapters that particularly took my attention were those on safety and rules for live pigeon shooting. Their wisdom has been untarnished by time. In recent months, we have debated the 'Refusal Rule', sometimes

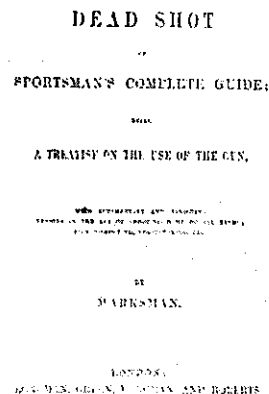

Illustration and Title Page of "The Dead Shot", an 1860 Shooting Manual.

ferociously, and it was most refreshing to read what rules our counterparts of a century ago shot under. Clay targets were not mentioned, whether from not being in widespread use, or from being beneath the author's dignity to comment on. With live birds, a field stance was required. On his mark, the shooter was not allowed to either sight the gun, or to have the butt above his elbow. On refusal, "miss-fires", etcetera, consider the following rules —

11. If the trap be pulled, not at the time of the signal, the shooter shall have the option of calling "No Bird" and refusing to shoot, but if he shoots, the bird will be deemed a fair one, and scored for or against him as the result may be.
12. If the bird does not rise immediately, after the trap is pulled, the shooter is to have the option of calling "No Bird", but if he shoots on its afterward rising, it will be considered a fair bird. If he advances beyond the footmark, shoots at the bird on the trap or on the ground before it rises, it will be scored against him as a "Lost Bird" and this is whether he kills it or not.
14. If after giving the signal "Pull", the gun should be found uncapped, without a tube, or improperly loaded; or if the shooter, through negligence, is unable to fire, and the bird flies away, it will be scored against him as a lost bird.
15. But in the case of a miss-fire, through the cap or tube not exploding, or failing to ignite the charge or other accidental circumstances not attributable to the shooter's negligence, he may call "No Bird" and claim another.
16. In single bird matches, if two or more birds be liberated at the same time (whether accidentally or otherwise), the shooter shall have the option of calling "No Bird" and refusing to shoot at either; but if he shoots, the birds will be scored for or against him, as the result may be.

There are many more rules, and I was struck by these century-and-a-quarter-ago-compiled laws, and the commonsense approach. The shooter was the person who decided whether he would shoot at any particular target or targets. Officials were present at the shoots to determine sportsmanship, observance of rules, legality of shot and charges (which section was also reasonably detailed), but the shooter was master of his destiny when it came to choosing his targets. We seem to have forgotten quite a lot over the last 126 years.

## HERE AND THERE

No news is good news, so it's good news from Jabiru, Katherine, Alice Springs, Gove and Macarthur River. Are you still out there???

## DARWIN DIARY

After a working bee to finalise preparations for the Annual Shoot, workers were treated to a couple of hundred free targets. The catch was, that they were a mixture of colors collected over a three month period on the grounds. Fluorescents, magpies, yellows and whites intermingled with the old standby, blacks. Also, to make things more difficult, many had been warmed by "the hot tropic sun" into shapes their maker had not intended. Strange to remark, few targets found their way unbroken to the ground, and no shooter was unduly surprised by the color (or lack thereof) of the target. Point of the story is, that if you're aware that any color will emerge from the trap, it's no big deal. And, if you get the wrong colored target in competition, it shouldn't be a problem, either to break the target, or to refuse to shoot at it. It's your choice.

The ladies are showing good form on practice days, with Laney Grove and Vlasta Weis excelling.

Geraldton visitors Jack and Laurel Hartley are also practising for the Annual Shoot. Many locals remember their epic Double Rise shoot off three years ago, when Laurel took the grade trophy away from Jack.

Phil Baldock is still scratching his head over the wiring system used in a skeet layout at the club. After re-siting a set of traps, test-firing gave shooters the choice of; singles only, doubles only, or one trap firing regularly with the other one firing continuously. Anything for a chance, I guess. After all, it's only skeet!

After a trip to Adelaide with wife Vera, long-time club member Steve Lorman became ill, and is now convalescing at his Stuart Park home. Here's for a speedy recovery, Steve. We hope it's not too long before you're out on the walks again.

Resident "Trenchologist" Dexter Barnes took another trophy recently after a shoot off with Ken Selwood, both scoring 48/50 in the event. The usually fiercely competitive 'B' graders took fright at the 'A' graders' scores, and left Joe Bell top of the pile with 35/50. Bob Fox, shooting in 'C' grade (how did you manage that, Foxy?) slaughtered both his grade and the 'B' graders with a fine 42/50, which Bob reckons should have been 45/50 at least. Well done all!

Until next time.

Inkball

## MACKINTOSH INTERNATIONAL RESULTS

Advice has just been received of the 1986 Mackintosh International Trophy results.

A win in the open section to Australia by 19 points over New Zealand with Canada a further 13 points away in third place.

A quadrella to the Juniors who have streeted the nearest opposition by a mammoth 75 points.

Not quite the same in the ladies' section where we have finished in second place behind Canada who scored 1440 as against our ladies' 1429.

Congratulations to all concerned for the magnificent scores recorded for 1986.

### FULL RESULTS

Senior — 7500	Ladies — 1500	Juniors — 1500
Australia 7382	Canada 1440	Australia 1472
New Zealand 7363	Australia 1429	New Zealand 1397
Canada 7350	New Zealand 1418	Wales 1359
England 7255	Scotland 1355	Scotland 1355
Scotland 7190	England 1296	England 1333
Ireland 7133	Wales 1270	Ireland 1325
Wales 7130		
Zimbabwe 6833		

We look forward to the return from New Zealand of the coveted Mackintosh Trophy.

## W.A.C.T.A. REPORT

The month of July has been very busy for attending carnivals of many clubs. The quarterly W.A.C.T.A. Executive meeting was held on June 28, 1986, and a new venture was commenced whereby I invited the Presidents of 3 clubs to our meeting as observers. I was pleased to welcome David Adams, President of Albany Club, and Grant Hyder, Vice President of Bunbury Club.

It was disappointing that Boyup Brook Club was unable to be present. Also we were without the presence of our National President Roy Holtfreter, as he was chairing a meeting in Melbourne, prior to his trip to the United States as manager of the Australian team.

This W.A.C.T.A. meeting was something of a marathon, as we had a great deal of business to attend to — next years State programmes to allocate, which includes two Nationals, W.A.C.T.A. Carnival in October to organise, plus many lengthy reports to receive.

One report from Reg Wagland, Complex manager, concered the sale of clay targets to clubs, and after six months seems to be running well. I am pleased to see that you are keeping our State Coaching Director, Murray Alexander, very busy. He tells me that he is barely finding time to do any work. He has country coaching trips planned for Southern Cross, Koolan Island — Derby, and Esperance. We thank you Murray for the tremendous job you are doing.

Cont'd over page.

Cont'd from previous page.

Vice President John Fissoli is organising an I.S.U. training squad with the help of John Harris as coach. If you are interested in improving your skills in this type of shooting, see either of those two, A. Forsberg, Bob Thomson, Vince Marney, Lex Shipp or Joe Coci.

At the W.A.C.T.A. meeting I was proud to be wearing my new State Blazer at last. It was a long wait, but well worth it. These are now available as you are aware. Also jumpers are now available, black with a yellow logo. The first 30 sold quickly and more are now on order.

On July 5 and 6, I travelled to Leonora for their Carnival which included two State events. I must congratulate Jim Neve for winning the State Tower D/B Pts and Neil Johnson for the State Walk Up. The weekend was a little chilly to say the least, but with the help of some Scottish Distillers some of the cold was kept at bay along with a great deal of hospitality from the local members, and a very pleasant time was held by all.

President Ken Winters and his committee are to be congratulated on a well run shoot, with a fine array of trophies including some gold nuggets.

Next on to Narrogin on July 19 and 20, where again the trophies (mostly sponsored) were of a very high order. I was also impressed with the expertise of Ross Eckersley, President and his committee in running a most successful carnival. Also I must thank them all for the hospitality shown me and the W.A.C.T.A. Secretary Ross Arlow; incidentally it was very nice to see Ross at Narrogin taking an interest in something of country carnivals as well as the paper work of the Association. Don't forget to phone me or send copy of anything that may be of interest to members to read in C.T.S.N.

I am indebted to Brad Day, Delegate for Zone 6 for the following report: This zone covers Bunbury, Edgehill, Boyup Brook and Collie clubs and this report covers the period up to June. The club's programmes are arranged so that members can attend each club programme, and there is a zone champion award over the year. The first shoot of the competition was at Boyup Brook. The Woolcombers Handicap was won by Carl Knipe with 25/25, and the Rural Services S/B was won by Ross Silvester. The Zone Team competition was won by Bunbury with 285/300.

Next zone shoot was held at Bunbury on 25/5 and again Bunbury club was successful. Leading the Zone Championship as at that date are Colin Roach and Bruce Whiteaker. Earlier the Zone D/B Championship was held at Bunbury and won by Ross Silvester 50/50. Collie Club conducted the Chris Bastow Shield 50 Skeet, which is a much sought after trophy in this area. David Fox of Collie won it after a 75 target shoot off with Max Cubic.

On June 6, Edgehill Club held the Souwest Firearms Club Trap Champ. The shoot was well supported by Edgehill members and many visitors (48 shooters). This was 50 H/cap event and won by John Fry (18) of Edgehill 49/50. At Bunbury on June 15, the District D/R was won by Colin Roach 17/20; District Cont won by Brad Day 25/25; District Tower D/B Pts won by Kurt Schinzig 75/75.

The Zone Coach Vince Marney has conducted a coaching clinic at Boyup Brook, and he proposes to do similar clinics at other clubs as soon as possible. My congratulations to all members of Zone 6 for getting behind the Zone shoots to make them a success for all the four clubs. With this kind of friendly competition between clubs, with a bit of luck one of these days, Boyup Brook, Collie or Edgehill may just out-shoot Bunbury.

Good shooting and hope to see you around the traps.

**Ross Silvester — President**

## CAIRNS HOSTS STATE TRENCH CHAMPIONSHIPS

*To the Victors the Spoils, in other words, age and treachery will always overcome youth and skill. L to R: Bill Ingledew, Jim Laws, Don McKay, Terry White, Steve Butcher, Brian Bell, Bob Simpson, Peter Stockwell, Nimmo Bruce.*

The winter weather was fairly ordinary by Cairns standards: 18 to 28 degrees, plenty of sunshine and just enough wind to make difficult the low left handers of Sunday's Programme 3.

Local shooters were joined by Jim Laws from Townsville, Peter Stein and Terry White from Brisbane and Greg Newey from Warwick. Their attendance sets a good example and was greatly appreciated.

Bob Simpson recorded the only 25/25 on Saturday July 12, but at day's end had to share the lead with Terry White who had also put 93 together in his own quiet fashion. Both swabs proved negative except for slight traces of Vitamin R.

They were closely pursued by Peter Stein on 87, Bill Ingledew and Greg Newey on 86, Joe Marino leading B Grade with 85 and Peter Stockwell C Grade on 83.

Despite an enthusiastic effort to sabotage the visitors at the Colonial Club (The Last Resort — bit of a plug there), they emerged on Sunday morning doing a reasonable impersonation of fit and well. How The Stein can pig so much seafood and still shoot . . .

Fortunes varied on Sunday, and most recorded erratic scores. "Balfang! Balfang! Malfissed the balfastard!" was a common cry. Terry put one 25/25 together before the wheels fell off and at the end of this spirited competition the scoreboard showed thus:

HIGH GUN	Bob Simpson	184/200.
A GRADE		
First	Bob Simpson	
Second	Terry White	180/200.
Third	Bill Ingledew	177/200.
B GRADE		
First	Steve Butcher	152/200.
Second	Jim Laws	143/200.
Third	Brian Bell	138/200.
C GRADE		
First	Peter Stockwell	149/200.
Second	Nimmo Bruce	145/200.
Third	Don McKay	141/200.

## WORLD CHAMPIONSHIPS JUNIOR FUND

*I am pleased to advise that a grant of \$1000 has been made to a fund designed to have juniors representing our sport compete at World Championships.*

*Subject to juniors fulfilling a selection criteria determined from time to time by the International Shooting Committee, it is envisaged that two junior teams would be selected to attend World Championships which are held every second year.*

*Should you wish to subscribe to the Fund which has commenced with a \$1000 grant from the Australian Clay Target Association, I am certain that it would be appreciated by our junior shooters.*

*All donations to the fund will be recognised in the C.T.S.N.*

*Alan J. Maher*

**The Executive Director  
A.C.T.A.**

**PO Box 198,  
Blackburn, Vic. 3130.**

**Please find enclosed a donation of \$  
towards the World Championships Junior Fund.**

**Signed: .....**  
**I do/do not wish my donation to be published in the  
CTS.N.**

WAGC Shooting Grounds, Beechboro Rd Nth, Whiteman,  
W.A.

Match 21-25. HG: D. Wellington 49-50. Most improved after shoot off: H. Harmer 41-50.

**GERALDTON 13-7-86** — Cloudy & cold (39). 25T DB: The only possible shot by G. O'Brien. 25T DB: M. Watson, R. McDonald both 25-25. HG: R. McDonald. Most improved: D. Shea. 10 PR DD winners after shoot off G. Kelly and T. Holly.

**GERALDTON 27-7-86** — Fine & cold (43). 6 PR D/D EO: B. Boschetti & M. Boschetti 6-8. W. Johns & A. Ferreo 6-6. 20 PR DD C'ship: Outright winners G. Houghton & D. Lorking 20-20, runners-up after shoot off M. Boschetti & B. Boschetti. 10T DB: Possibles shot by G. Kelly, D. Wellington, D. Hirsch, H. Harmer, B. Chandler, M. Boschetti, E. Toomey, P. Miragliotta, G. O'Brien, C. Zorino, G. Houghton, A. Hooking, M. Watson. Winner after shoot off E. Toomey. HG: C. Zorino. Most improved: S. Horo.

**NEWMAN 29-8-86** — Cold & windy (4). S.M. & J.A. Horo 100 Skeet: M. Stone 37-100.

**NEWMAN 13-7-86** — Fine, cold (6). 10T E/O: W. Meyle, D. Mason, T. Genge all 9-10. 25T DTL Grd: A: D. Mason 23-25; B: M. Stone 19-25; C: T. Genge 24-25. Tower 10 DBP: M. Stone 30-30, T. Stingel 29-30, W. Meyle 23-30.

**NEWMAN 27-7-86** — Very windy, cold (8). 5T DBP Tower: T. Stingel 15-15, T. Genge, P. Robson both 14-15. 25T DBP Tower C'ship: T. Stingel 73-75, P. Robson 71-75, T. Genge 69-75.

**NORTHAM & DISTRICTS 14-7-86** — Overcast & windy (19). Trevor Smith had a day out on Sunday at Island Farm to win the club shoot by a comfortable margin from David Kevill of Cunderdin. Trevor also achieved his first 25 Break and took off the C trophy. David Kevill won the A and Roy Holtfreter the B. Shot in conjunction with Sunday's event was the Inter Club Teams Match. The members who were successful in selection were: Roy Holtfreter 50, Peter Morrison 48, John Gentle 46, Bruce Maley 45. Activity at the club is reaching a high point as members prepare for the three-day c'ship on August 22nd, 23rd and 24th. The main events to be decided over that weekend will be: Town Council Sesqui Centennial C'ship, Hannagan Rheem Perpetual Hop, State Continental C'ship, State Champion of Champions. Following that, only a fortnight later, another major shoot will be conducted. The Baile Farm Field C'ship on Bruce Smart's property, on the Toodyay Road.

**NORTHAM & DISTRICTS 27-7-86** — Fine & sunny (9). Conditions were ideal on Sunday at Island Farm for the club shoot conducted by the Northam & Districts Gun Club. Ken Dew won the hop section and the C trophy. After an indifferent start in the DB segment he lifted his performance in the following SB section, so that the combined score was good enough to earn him first place. Geoff Way won the A section and was HG on the day, while Peter Morrison took off the B trophy. Peter Morrison leads the hop competition with 17.5 points to his credit, followed by John Fissoli from Cunderdin, Bruce Cook, Northam and Roy Holtfreter also of Northam. There being only four points separating these shooters, this could be anyone's event. The HG competition is in a similar situation with David Kevill from Cunderdin in the lead having 18 points to his credit. He is followed by John Fissoli, Roy Holtfreter and Peter Morrison, there being only 4.5 points separating these shooters. On August 10th the club will be conducting its Champion of Champions event. This is shot over 100T and will commence at 10.00am.

**WAGC 29-8-86** — Cold & bleak, windy, occasional showers, 17°C (46). 100 Trap Grd: A: M. Cubic 99-102, K. Anderson 98-102; B: C. Pobjoy 98-100, A. Disilvo 118-125; C: D. Richter 94-100, S. Copeland 92-100.

# Beretta Nuova

(NEW FIELD OVER AND UNDER SHOTGUN)

## Gamma S686L

...backed by 4  
Centuries of  
skilled  
craftsmanship

Interchangeable Mobil choke tubes are screwed entirely inside the barrel. 4 chokes and choke key / thread cleaner are supplied with the S 686 L (Imp Cyl., Mod., Imp. Mod., Full)

Cutaway section illustrates barrel line and tube to barrel fit.

The blending of contemporary Italian design and manufacturing techniques with centuries old traditional craftsmanship, give the new Beretta over and under's a degree of elegance normally reserved for custom-made guns costing many times more.

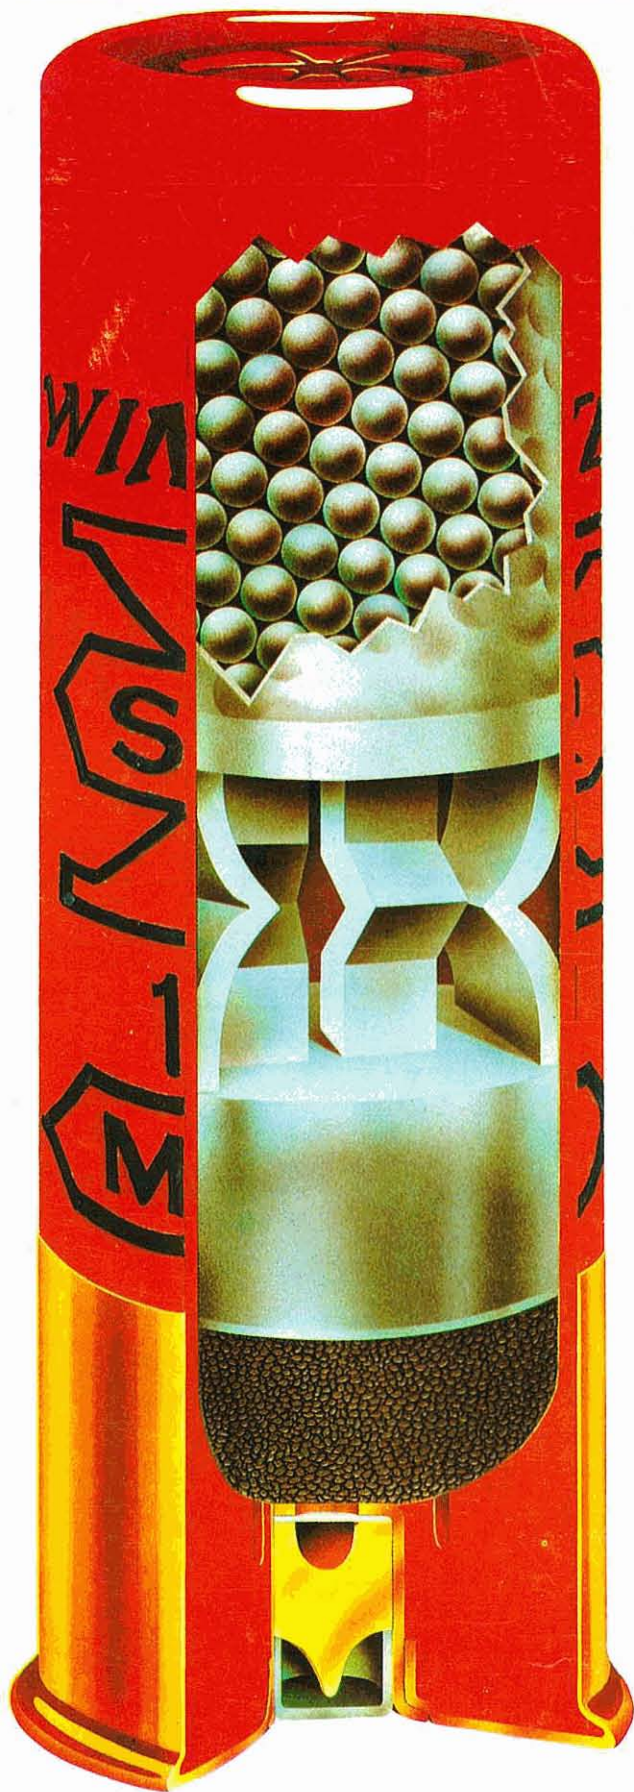

Distinguished by its low profile action new intricate floral engraving, new stock dimensions, and quality selected European Walnut with fine cut checkering, the new Beretta establishes further the tradition of providing you with a field gun that can be handed down from generation to generation.

# LOADED IN YOUR FAVOUR

Technically the odds are in your favour when you use Australian made Winchester patented Shotshell Cartridges with matched components. Every component is scientifically designed and manufactured to exacting rigid specifications to give you the winning edge. One piece compression formed plastic case - for superior strength and reloadability. Non corrosive **Primer** - for quick sure ignition in all climatic conditions. **Olin Ball Powder** gives clean progressive burning for constant power. **Winchester Wads** - for superior gas sealing and improved patterns. **Winchester Shot** - polished alloy hardened for truer flight. When you add it all up how could you use anything but Winchester Shotshells - Loaded in your favour.

**WINCHESTER**
