EXECUTIVE DIRECTOR'S NOTES

At the time of writing, preparations are well under way for the Olympic Discipline Championships in Brisbane from February 28 - March 5, as well as the Oceanic Regional Championships in New Zealand.

The Nationals competition should be full of interest for it will produce the shooters who will be competing at Seoul during September. Olympic Games representation is dependent on the number of quotas secured and with Jim Ellis securing a trench quota at the Seoul World Cup, Australia is assured of representation in that discipline.

Other quotas are being competed for in New Zealand at the Oceanic Regional Championships and we hope to do well enough to add to the quota already secured. Our opposition in New Zealand also have their eyes on the available quotas so the Australian contingent will need to be at their best.

We look forward to the team achieving results for Australia in New Zealand and trust that their efforts will produce additional quota positions for the Olympic Games. We can rest assured the team will as always give of their best. Good luck boys.

The Wagga Trap Nationals hold promise of being one of the best yet. Firearms problems have been encountered, as is well-known to us all; however this will not affect the N.S.W. Nationals in April.

On the matter of firearms legislation, despite what some feel, the A.C.T.A. is working towards achieving a solution to suit all concerned. This issue of the C.T.S.N. carries a notice to that effect. All that we ask for is your support to allow the State Associations and other groups working on behalf of us all to achieve their goals.

We certainly have a problem, the problem is being faced and we are confident of achieving some success with our combined efforts.

The new rules appear to have been well-received and we will shortly be producing a pocket-size rule book. Once this has taken place, advice on availability will be provided.

Alan J. Maher
Executive Director

FIREARMS LAWS AND THE A.C.T.A.

With the problems that are being encountered particularly in N.S.W. and Victoria, our registered shooters would no doubt be expressing concern over the stand taken by the Association.

The Association does and must at all times consider the best interests of its members, however, it must be remembered, and recognised by all, that the laws governing firearms are administered at State level and consequently there is no uniformity in the existing laws that apply nationally.

As our members are over the seven States/Territories, all of which view the firearms situation in varying degrees, a National solution to the difficulties we have been confronted with is not practical.

Members have contributed over the years to a Legislation Fund to be used to combat threats to our sport, such as the threat we are now facing. With the need for such a fund being recognised many years ago, calls are now being made for the use of these funds and in this regard, the National Association through Member State Associations is working on your behalf.

We are confident of achieving some success, however the degree of success is relative to the time that you as members expect us to achieve it in. Patience is a virtue and in this instance we must show our patience and allow for success to be achieved.

Patience will not be easy for many, particularly those persons and clubs who are affected now. We must not lose sight of the fact that we are endeavouring to correct the situation in the long term and not just be concerned with short term compromise.

For the good of our sport and shooters in general, please allow us the opportunity to produce everlasting results. If this opportunity is not given to those working on your behalf at all levels, the end result will not be overly difficult to forecast.

We are as concerned as you are and we are working towards obtaining a solution that is equitable to all concerned. Your support of our combined efforts will assist us to achieve our goals which will then in turn reflect on you and the sport of Clay Target Shooting.

While we are doing our best for you, our members, you in turn must also play your part. Let your feelings be known to your local politician, write a personal letter and also be ready to throw your support behind those working on your behalf if called upon to do so.

We have a fight on our hands and together we must win the battle.

Alan J. Maher
Executive Director

FIREARMS EXEMPTION — N.S.W.

Following approaches made by the A.C.T.A., the following exemption has been approved and is applicable for the year of 1988.

PLEASE READ CAREFULLY

REGULATION 1C — Firearms and Dangerous Weapons Regulations

(Extract) New South Wales Government Gazette No. 33

(1C) Any person, not being a resident of New South Wales, who is a member of a firearm or pistol club situated outside New South Wales and approved by the Commissioner is exempt from the requirement of section 25 or 40 of the Act to hold a pistol licence or a shooter's licence —

- (a) While the person is carrying or possessing a firearm in the course of travelling to or from, or carrying, possessing or using a firearm in the course of participating in, a target shooting event conducted during 1988 at an approved pistol range or approved firearms range in New South Wales.
- (b) While the person is carrying or possessing a firearm in the course of travelling to or from a target shooting event approved by the Commissioner and conducted during 1988 at a pistol range or firearms range outside New South Wales.

and, while exempt from that requirement, is also exempt from the requirement of section 40a of the Act that the firearm be registered.

Effectively, this exemption applies to all Interstate (other than NSW) and Overseas shooters for the year of 1988, and will allow for freedom of movement both within and through N.S.W. for the remainder of 1988.

Shooters who must be able to produce evidence of their being a bona fide member of the Australian Clay Target Association (1988 Handicap Card) must also carry with them and be able to produce on demand, documentation issued in their home state (not applicable Qld., Tas., Overseas visitors) that allows them to possess and use a firearm.

SHOOTING TRAP

WITH GEORGE BIGGS

THE TECHNIQUES OF CLAY TARGET SHOOTING

It is easier and more enjoyable if everything is done right. The recipe for good shooting is simply a good knowledge of the basic fundamentals involved in shooting moving targets and a complete application of them at all times.

Gun fit, gun handling, gun mounting to shoulder, are vital statistics that should concern the shooter.

Trap shooting calls for a complete application of the basic principles. Swing with the target, lead and follow through is exactly what we should do.

Ground layout sketch number one shows the shooter facing the trap house from lane one. In preparing for this shot, it becomes very important to have our stance and gun point correct.

Proper stance is one of the most important basics. We should remember to avoid an unnatural stance such as feet too far apart or too close together which will result in being out of balance. Try to adopt an unstrained and not tensed up position. In other words, stand easy but alert and ready to swing after the target right or left or anywhere in between with ease.

Let's assume we are having problems with our left angle target from number one lane at sixteen metres and keeping in mind what we've been discussing. Our diagrams will serve to illustrate the trap field lay out. Here we show maximums left and right as well as a straight away target angle.

Let's look at the left angle target from lane one: The trap house shown in the sketch is marked with five black dots which indicate a suggested approximate gun holding point on the front top of the house. By holding our gun at this point we are able to focus our gaze over the known area of target release. In other words we will quickly catch on to target/angle of flight.

Stance and feet position is most important on this station. Remember not to expect only a left angle target because we stand on number one lane. We could, in fact, receive a maximum right which would appear to us as a straight away from number one lane; hence the need to adopt an easy tension-free stance, ready to swing through 90° of target travel if necessary. Further study of our sketch and photos will highlight the pointing positions for the other lanes. The dotted line is line of gun travel through to trigger let off ahead of target.

Finally, when the target appears, latch on to it and never lose sight until your gun has caught up to and broken it.

The successful and most difficult shooter to beat in competition is the one who does his own thing. Target after target, he refuses to be hurried or pushed into shooting faster than he normally shoots. He does in fact, continue on with his own deliberate style. This style of competition shooting is one I have personally used over the years. It's a good way to keep concentration working — so don't allow other shooters in your squad upset your style!

Gun pointing positions on the trap house is another important detail. This is where we look for and pick up the target for correct sight alignment. The proper gun holding position on the trap house will enable us to sight the target leaving the trap house at the earliest possible moment. If we can see our target within the first eight to ten feet of flight, we have a much better chance of catching and breaking it. If we don't catch up to it until it is half way out, our chances of swinging through and breaking it are very much less indeed.

Position of feet will need to vary from lane to lane. Body weight should be shifted to your left foot and lean your shoulders and upper body slightly forward from the waist. The left knee can be bent just a bit. In this position we are leaning just slightly forward into the recoil of the gun. We are also better positioned to follow through with gun swing and target lead.

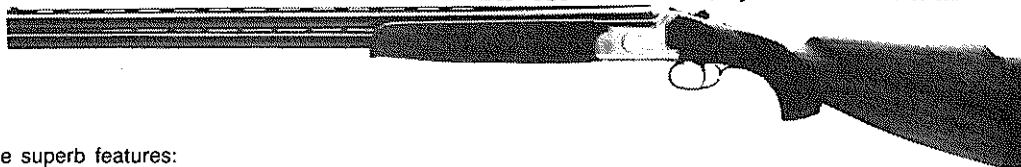

If you watch a squad of shooters firing in their order on the trap field, you will quickly become aware of the fact that the targets are leaving the trap house at many different angles over an area of approximately 90°. For this reason we cannot have our gun swing direction cut and dried. However, we can be prepared for any angle, by our mental approach to each shot, simply by positioning our gun and stance so that we move smoothly and quickly after the target as it leaves the trap house.

Station five is really the opposite to station one. The left

Why pay more in today's difficult financial times?

We can offer you the unbeatable, for value.

Italian made FABARM GAMMA TRAP for around \$1,250 rec. retail.

Some superb features:

- Excellent balance. • Quick point. • Crisp trigger pull.
- Ejector. • 10mm ventilated antiglare rib and ventilated side ribs. • Fluorescent front sight and optional mid sight.
- Chrome lined barrels. • Monticarlo stock. • Good quality walnut oil finished stock and fore-end. • Amongst

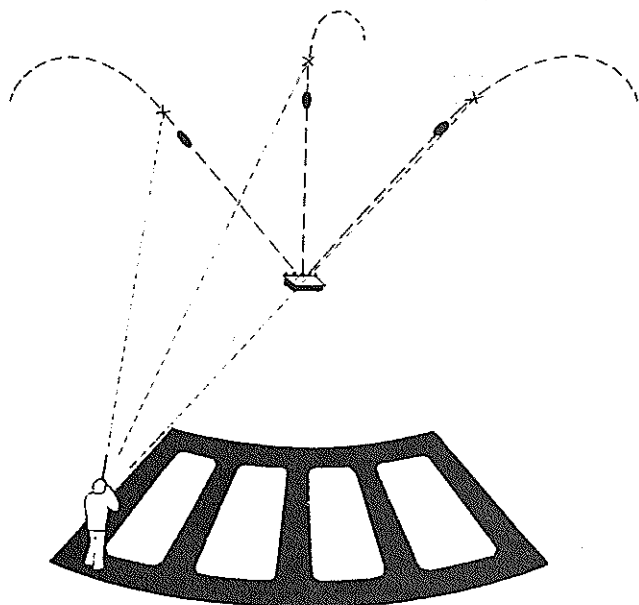

other c/ships, winner of 1986 Victoria state mini target night c/ship, score 49/50. Proof of excellence uniform pattern. • Available in skeet too. • New model with inner stainless steel interchangeable chokes. Supplied with six chokes \$1,865 rec. retail.

angle target becomes a straight away target and the straight away from number one is now a right swinger.

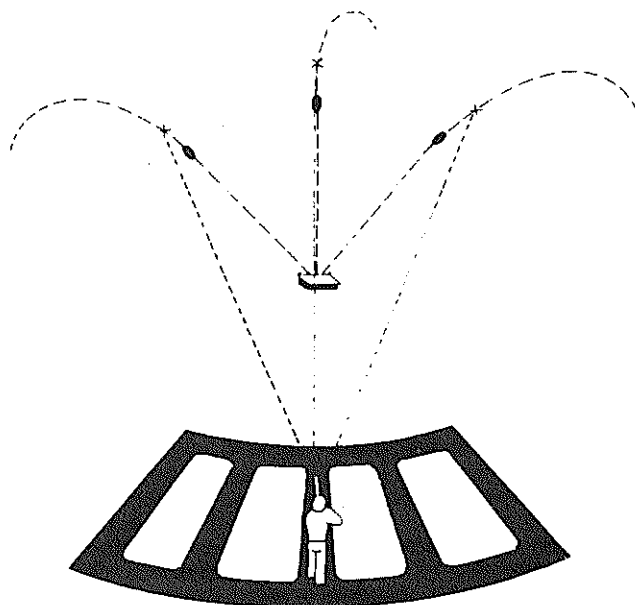

Proper feet position is very important. Gun handling, cheeking and shouldering of the gun is also vital. Stock position on the shoulder must be right. If the butt is allowed to rest on one's upper arm it will be too far from the shooter's face. This position causes the shooter to stretch his cheek across to rest on the comb behind the barrel rib. The tendency is then for your face to leave the comb as the gun swings to the right after the target.

- Lane One: Note how feet are placed to swing left or right using the left leg as a pivot point depending on angle of target travel either right or left or in between. The shooter may prefer either of the two outside left gun holding points according to his preference.

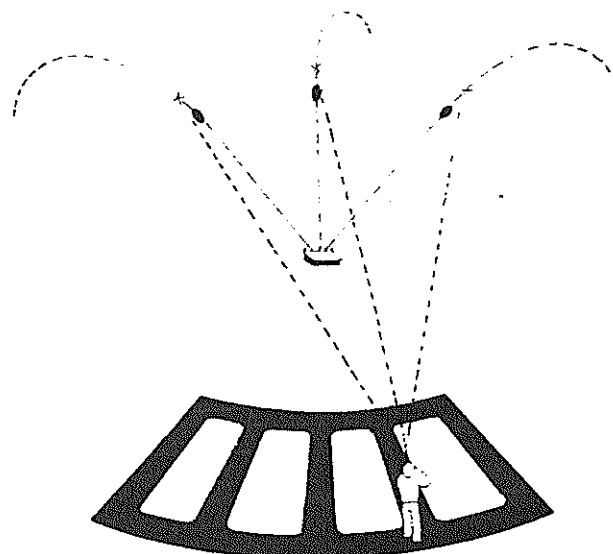

- Lane Two: Position feet in a similar position to Lane 1. Again using the left leg as a pivot, feel perfectly free to swing with the target whatever the angle. Gun point on the trap house for this shot should be the third position on the trap from your left.

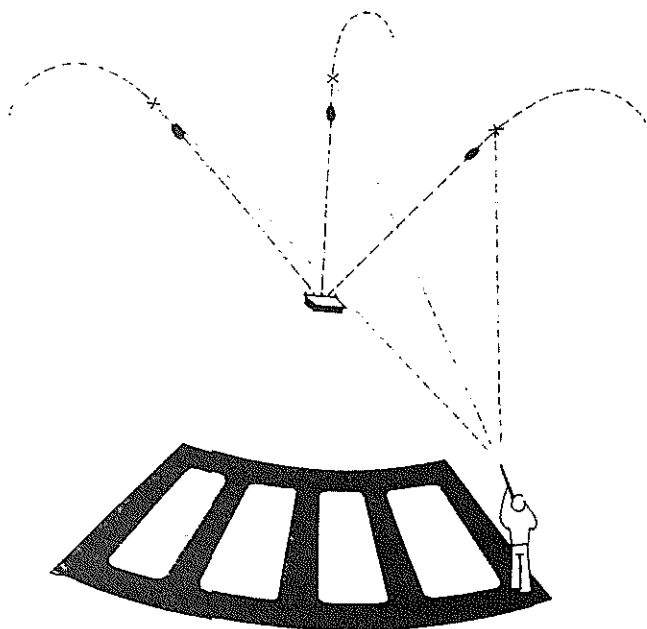

- Lane 3 is accepted by most shooters as being the easiest to shoot from but unfortunately a lot of targets are also missed from this position. You simply cannot afford to ride this target out in order to make sure of it — if you do you will shoot high because it has levelled out and is no longer a rising target. Likewise if you snap at the straight away chances are you'll shoot under.

- Proper gun fitting and gun mounting will bring your gun and eye into alignment. You will then be pointing where you are looking. And, if you keep your eye on the target, you should then have no problem — hitting the target!!

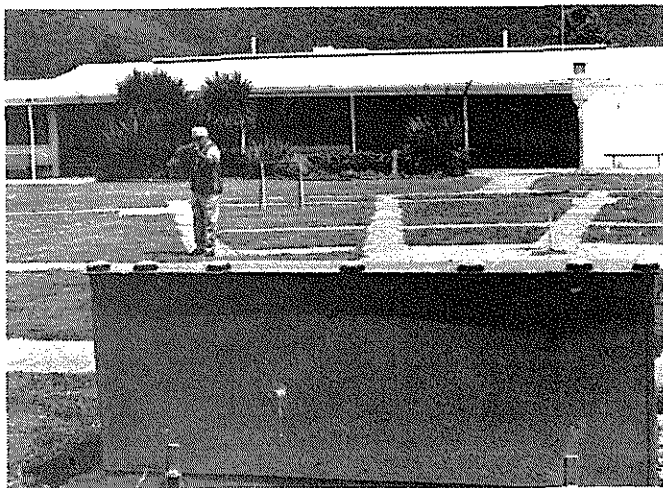

- Lane 4 becomes a similar shot to Lane 2. However your feet position will need to vary a little in order to keep in balance. Gun point should be the third position inside the right hand trap corner.

Cont. from previous page

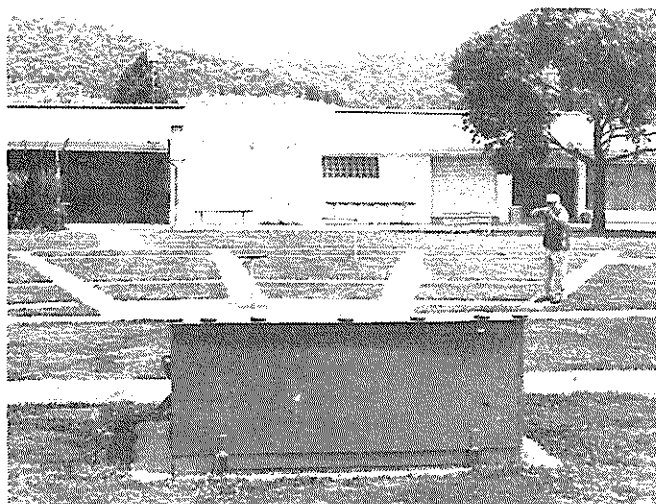

• Lane 5 can be a problem for the right-hand shooter if he does not position himself properly — An extreme right-angle from Lane 5 can frighten hell out of the new shooter and a lot of not so new shooters if they are not prepared for it — So make sure your stance is right and that the gun and cheek position is right. Be careful not to let the stock get away from its position under your cheek as is often the case. Keep cheek and gun stock together always. You will then be pointing the gun where the eye is looking.

• The next time you miss a target think for a second and ask yourself: "Did I really see the target leaving the trap?" The answer will be for sure: "Well no — not really. I only saw it after it got out a bit further causing me to make a hurried shot. That resulted in a miss."

• The remedy for this problem is, after mounting the gun and establishing a gun point on the trap house, pause for a second to properly focus your eyes over the area in which you know the target will appear. Now, completely disregard everything else while you form a quick mental picture of correct procedure for shooting the target. When this mental picture is complete, call for the target. You will find that the whole action of tracking the target, lead, fire and follow through, becomes easier and more of an automatic action — provided you keep your eye on the target all the way out until it is broken. This technique is one of the basic fundamentals of shooting clay targets either trap, trench or skeet.

• A lot of trap shooters will prefer the front top edge of the trap house as a gun point position prior to calling for the target — however, we have an increasing number of shooters showing preference to hold higher over the house and watch for the target leaving the trap under the barrels.

• This style does not have a lot going for it in that it cuts down on gun movement and tends to make the shooter watch more intensely for the target leaving the trap and this is what we want. Unfortunately, it is only the shooter who shoots two eyes who can adopt this style. Because when the left eye is closed the view of target leaving the trap is lost. To overcome this problem the one eyed shooter would have to wait for the target to rise above his gun. In so doing, he cancels out the advantage he would otherwise have.

KNOW YOUR EXECUTIVE

JAMES BITOSSİ

Jim was introduced to shooting in 1983 with the Katherine Gun Club. Being such a small club, all members were involved in the management of events and Jim became an Executive Member immediately. He was then elected to President in 1984, Secretary in 1985, President again in 1986. In this year of 1986 he also became President of the Northern Territory Clay Target Association. Due to the pressure of business commitments, this year Jim has stepped down from the Executive posts and holds the esteemed position of Bar and Catering Manager!

During his term as President of N.T.C.T.A., Jim visited each of the gun clubs in the Territory. This was most rewarding as it gave him the opportunity to meet with and listen to many of the shooters. From these visits he gained an appreciation of the diverse nature of shooters, their problems and aspirations as regards to shooting and their club involvement.

In 1987 Jim was elected by the Northern Territory to be the Executive Member for the A.C.T.A.

He has been a member of the N.T. State Teams for D.T.L. and Skeet and hopes next year in Wagga to make the Mackintosh Team.

Jim feels that Clay Target shooting is a most relaxing and rewarding sport and the shooters that you meet on the walks are a fantastic bunch of people.

SHOOT MARSHALS MESSAGE

1988 National Trap Championships.

To those shooters attending the Nationals in Wagga may I wish you good shooting throughout the days of competition.

As the attendance at Wagga will be large, the need for the running of a smooth shoot will be essential.

I will be enforcing the **one target penalty** on any shooter who misses his/her squad or does not referee or score when it is their turn.

On the reverse side of your entry form will be the terms and conditions of entry to these Nationals . . . PLEASE READ THEM.

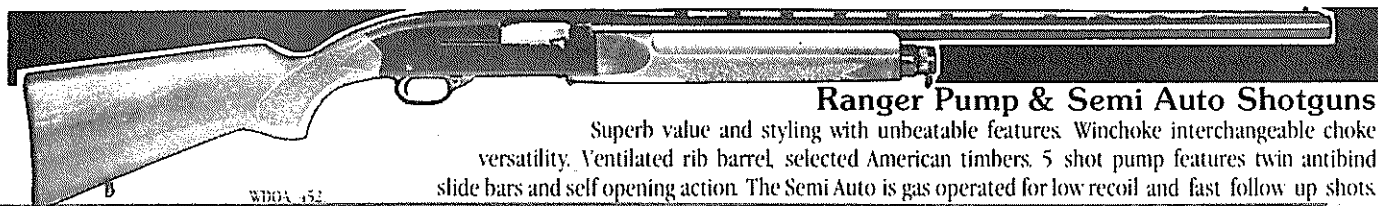

Robbie Smith

AROUND THE TRAPS

Firearms legislation has been a major topic amongst clubs and shooters over the past few months. The changes being implemented by both the N.S.W. and Victorian Governments has done very little to complement our sport of clay shooting.

The Victorian Clay Target Association has been active and is continuing to organize meetings around Victoria to inform shooters and to discuss the proposed legislation that the Cain Government is endeavouring to bring into operation. The first of these meetings was held at Bendigo Gun Club on the 10th January. It was very successful with some 300 shooters turning up to air their views on the legislation. Other meetings took place at Frankston Australia Gun Club on Friday 12th February, and at Lismore Public Hall on Friday 19th February. Shooters should make every effort to attend these meetings, as it is in their interest to know exactly how the changes will affect them and their sport. Should information be required on the proposed legislation I would suggest you contact our Firearms Legislation Officer, Glen Woodhatch at Bendigo, or Bob Schwarz, Geelong. Along with myself, these gentlemen are our representatives on the Victorian Shooting Sports Council. This body has direct liaison with the consultative committee set up by the Government to advise on the proposed gun legislation. Robert Buchan, President of Melbourne Gun Club, and a member of the Victorian Clay Target Association is a Government appointee to this committee who can also be contacted for any information required re the gun legislation. The Firearms Consultative Committee is also setting up a Firearms Safety Education and Training Scheme for future gun licence applicants. Gun Clubs will be expected to play a major roll in this program. After our next State Council meeting to be held at Ballarat on Sunday February 21st, 1988, more information regarding this will be made available to clubs.

See you where there is shooting,
Laurie Connors

Ranger Pump & Semi Auto Shotguns

Superb value and styling with unbeatable features. Winchoke interchangeable choke versatility. Ventilated rib barrel, selected American timbers. 5 shot pump features twin antibind slide bars and self opening action. The Semi Auto is gas operated for low recoil and fast follow up shots.

WINCHESTER

FRANK JAMES WE SALUTE YOU

A record entry for the Kerang Clay Target Club's Presidential Silver Anniversary Championship was a magnificent testimony to Frank James for the tremendous contribution he has made to the sport.

Twenty-five years of leadership of the club led to the inauguration of the event on New Year's Day and there were 148 entries from throughout Victoria and interstate, including Darwin.

The modern clubhouse near Quambatook Road was crammed with well-wishers when the president of the Victorian Clay Target Association made surprise presentations of a commemorative plaque and a gold watch to Frank James.

He also read a letter of congratulations from the executive director of the Australian Clay Target Association, Alan Maher.

ZONE COACH

Mr Connors said Frank's quarter century of service as president of Kerang club and his additional role as zone coach for eight years made up a fantastic contribution to the sport.

The entry of 148 shooters was itself an indication of the esteem in which Frank was held among fellow shooters, he said.

Responding, Frank James thanked the club and visiting friends for their congratulations and support, and the anniversary gifts.

He said Kerang was a wonderful club and it was the great people on the committee over the years who had advanced the club. He had been fortunate to have been leader during the 25 years and he had enjoyed the friendships made through the sport.

More than \$2000 worth of trophies were presented to the winners of the Presidential event in the various grades.

With the huge entry it was a marathon with a thrilling elimination shoot-off.

118 STRAIGHT

Eventually the calm nerves and unerring aim of Shepparton champion, Neil Barry triumphed as he finished with 118/118 to win from Richard Allen of Kyabram with 117.

Fittingly Frank James also had a silver sash to take home as he won the veteran's grade.

Frank, 61, has been a member of the Kerang Clay Target Club for 33 years.

His father, Harry, "a good bush shooter" introduced him to shooting at the age of 10 years.

As a young man, Frank joined in live bird shooting at the showgrounds, but when he married Audrey and was earning only seven pounds 10 shillings a week, he could not afford the sport.

He recalled when the club had only an open shed and no SEC power in marked contrast to the modern building of today.

In a long competitive career he has won several State championships and a host of lesser events. He was the 16th shooter in Australia to be handicapped to the 27-yard mark.

In 1962 Frank tied with five other shooters in a shoot-off for a car. "We decided to sell it and share the proceeds," he said.

"My biggest thrill was when I was appointed zone coach covering some 24 clubs and more than 600 shooters in the region," he added.

"I have made fantastic friends in shooting all over Australia.

"I am proud of the achievements of the Kerang club which are due to the work of the committee and members in constantly improving facilities and attaining a high standard of competition.

"Naturally I believe it is the best club in Australia."

There was also praise for the support Audrey James has given to the club and Frank and she was presented with a sheaf of flowers by club official and top lady shooter, Faye Burton.

A proud moment for Frank James and Audrey James at the Kerang Clay Target Club on New Year's Day as the president of the Victorian Clay Target Association, Laurie Connors presented Frank with a gold watch and silver plaque to mark his 25 years as president of Kerang club.

● Audrey and Frank James receive just deserts from State President Laurie Connors. Major prizes "IBIS TRAPS" pictured in the forefront.

Frank showed he hasn't lost his shooting skill by taking out the veteran's sash for the Presidential Silver Jubilee Championship staged in his honor.

Wife Audrey received a sheaf of flowers and with other members of the James family shared in the congratulations.

● Last but by no means LEAST 10 trophy donors and sponsors who have helped out so well to make things such a success.

Trophy donors were: MSD AG. VET — Ballarat, Sky high Travel — Kerang, Australian Air Lines, Launceston Federal Country Club Casino, Winchester Australia, V. & N. Disposals — Deniliquin, Deni Discounts — Deniliquin, Ibis Traps (K. & F. Burton) — Kerang, Phil Jost — Blue Dot Targets — Gympie, NSW, Down Town Motor Inn — Kerang

WINCHESTER BALL POWDER

- Double based for greatest chemical stability ● Meters more accurately than any other product on the market for consistency in thrown charges
- The lower flame temperature prolongs barrel life
- High accuracy and ballistic uniformity ● Less muzzle flash.

W.A.C.T.A. REPORT

This past year, 1987, has been perhaps the busiest year that our sport has ever seen in W.A. with two National Championships being hosted and no less than 17 major carnivals held all over the State, the majority of which I was able to attend. Whilst attending these carnivals I have found all clubs have done their utmost to ensure the visitors to their clubs have been well catered for, not only in the spirit of sportsmanship, but also in hospitality and professionalism, which we know is needed to run carnivals successfully. For the odd critic that one hears sometimes, I would ask those individuals to bear in mind it is done in the name of the sport and without the odd mistake or two, things would become rather dull.

Perhaps it is fair to say that if as much constructive criticism was offered rather than destructive remarks, our sport would benefit.

It was most gratifying to receive a number of letters from visiting Eastern States shooters, congratulating the State on how well the Nationals were run and full of praise over the Whiteman Park shooting complex — a tribute to your Executive and many other hard working members of clubs. Thank you all.

To our State Teams for 1987 in all disciplines, including Ladies and Juniors, congratulations to you all. To those that did not make it, hang in there and you will get your chance before many years are past.

I would like to pay tribute to Roy Holtfreter for many years of devoted service, not only to A.C.T.A. but to W.A.C.T.A. Roy, without your input to our sport over the years, it would not have been so easy to overcome problems with rules and other administrative matters. Also the knowledge of years you readily share with us from time to time, will never be forgotten.

To another quiet achiever, the Shooting Complex Manager, Reg Wagland, I extend my thanks. To those of us fortunate enough to see Reg perform his many tasks, it is impressive to say the least, in the manner he has coped with all asked of him plus numerous tasks beyond the call of duty, resulting in the showplace for shooting sports anywhere in Australasia.

Without a doubt the biggest threat to our shooting sports is the possible change to our gun law legislation. However, it must be said that we in W.A. are indeed fortunate to have the legislation already in place that I personally believe could solve many of the Eastern States' problems. I have had a number of meetings with the Police Minister's office along with other kindred shooting sports representatives and the Firearms Dealers Assn. in a supportive manner to declare our interest in relative areas. Hopefully there will be a satisfactory resolution, and you will be kept informed.

To the 1987 Executive Council members I extend my wholehearted thanks for their constructive and supportive action through the last year. I believe we have accomplished a great deal for our sport in that time. Needless to say there is still a long way to go. Also to our State Secretary Ross Arlow, who never lets me wander far off the track for long. Thank you all.

To the incoming Executive Council at the A.G.M. on 20/2/88 along with the entire membership of the State, I wish you all the success needed to guide our sport to even greater horizons than exist today.

Good luck and good shooting.

Ross Silvester

SUNSHINE COAST GUN CLUB SUPERSHOOT

The Sunshine Coast Gun Club was well supported over the weekend of 9th and 10th January. Fine, hot weather and a cool breeze were perfect conditions for the two-day shoot, with visiting shooters from New Zealand, NSW, Victoria, Mt Isa, Rockhampton, Townsville, Toowoomba, Bundaberg, St George, Gympie, Maryborough, Brisbane and clubs from far and near. Seventy-six shooters competed with the intention of taking home one of the many fine trophies available.

Results:

Event 1: 20T Double Barrel — 15m Graded Sweepstakes — divided amongst 21 shooters.

Event 2: 25T Corbould Park Double Barrel: AA: R. Dean 77-77; A: G. Johnson 61-62; B: R. Wilson 25-25; C: D. Sullivan 25-25.

Event 3: 25T Single Barrel Lighthouse Special: AA: D. Casagrande 27-27; A: P. Rehbein 24-25; B: P. Porfiri 24-25; C: Gay Burns 22-27.

Event 4: 25T S.E. Zone Night Single Barrel Championship: AA: W. Stevens 29-30; A: P. Rehbein 24-27; B: R. Monument 21-25; C: J. Yanko 21-25.

Event 5: 25T Sunshine Coast Points Championship: AA: D. Casagrande 114-114; A: D. Burns 74-74; B: J. Burlison 75-75; C: J. Yanko 69-75.

Event 6: 30T Supershoot Double Barrel — Sid Jackson Memorial Event: OA: R. Dean 136-136; AA: G. Dixon 135-136; A: R. Maroske 93-94; B: Paul Anderson 33-34; C: N. Green 30-30. Ladies: Carol Zagor. Juniors: Scott Dixon.

Event 7: 25T \$1000 Cash Handicap — Double Barrel: 11-15m: N. Green, D. Crossley, J. Wilson; 16-19m: J. Yanko, F. Hall, K. Rehbein; 20-25m: R. Brook, P. Rehbein, M. McGill.

The Overall High Gun (free nominations to 1988 State Trap Carnival, Townsville) was hotly contested by Danny Casagrande, Rod Fett, Richard Dean and Ken Stevens throughout the weekend. Ken Stevens was the High Gun with a score of 220-225.

Grade High Guns: AA: D. Casagrande (Rockhampton) 219-225; A: N. Deeley (Gemfields) 211-225; B: Bev Grice (Sunshine Coast) 198-225; C: J. Yanko (Mt Isa) 195-225. Ladies High Gun: Bev Grice 198-225.

On behalf of the committee, members, friends and visitors, sincere thanks go to the small percentage of hard-working local bodies who do their utmost to make this shoot a successful and memorable event.

Grade High Guns — donated by Winchester Australia (Sash & Trophy): Left to right: J. Yanko, Bev Grice, N. Deeley, D. Casagrande and our pal from Winchester — Bob Dupuy.

VALES

JOE RICHARDS

Members of the South Australian Gun Club were recently saddened by the death of one of their most loved shooters, Mr Joe Richards, who, at the age of 62 years, hadn't done any shooting over the last 12 months because of sickness. Joe was a most enthusiastic club member and always willing to help any new shooter out.

He lived for his shooting and will be sadly missed by members and friends. The committee and members extend their deepest sympathy to Mrs Jan Richards and family. We will miss you Joe.

GEORGE LESLEY DOW

Members of the Barellan Clay Target Club Inc. were saddened by the recent death of their oldest club member, Mr Les Dow aged 91.

Les was a foundation member and his father was foundation President of the Barellan Club when it commenced in 1927, and was a life member at the time of his death.

He was widely known throughout the Riverina shooting fraternity, being a dedicated shooter and a gentleman of the sport.

Not only do Barellan and Leeton clubs owe their very existence to Les, he has also sponsored and coached several young shooters and taken them to competitions throughout the Riverina. A number of his proteges have won numerous trophies and championships and attained handicaps in excess of 17 metres.

Les competed regularly at shoots until his early 80s and for the latter part of his life resided at Assumption Villa in Leeton.

The committee and members extend their deepest sympathy to the Dow family and his many friends.

Honorary Secretary,
Barellan C.T.C. Inc.

1987 TAIPAN SHIELD

Following on from their success in 1986, the ladies from Kerang have again been victorious in winning the Taipan Shield.

With a score of 94/100 points score 274/300 the Kerang ladies were down slightly on their previous performance, however, their efforts are to be congratulated.

Final results for the Kerang ladies, Faye Burton 20/20, Jan Woodhatch 19/20, Angela Johns 19/20, Susan Rigney 18/20, Lisa Williams 18/20 — total 94/100.

The prestigious Taipan Shield will be held by Kerang for the 1988 year and each team member will be presented with a memento of their achievements.

Well done ladies and although there is only the one winner, all other entrants are to be congratulated for their attempt to wrest the shield from the Kerang Gun Club.

TRAP & SKEET SHOOTING VIDEO TAPES

(Availability — Skeet — Immediately)
(Trap — Early April)

- Two very informative and helpful 70-minute tapes for both trap and skeet shooters.
- Each tape takes the new and not so new shooter in a step by step demonstration and explanation of the correct procedure of shooting the skeet target.
- The trap shooting tape also demonstrates a step by step technique of shooting both single rise and double rise trap targets.
- Mechanics of trap shooting demonstrated by Adrian Cousens.
- A 20-minute talk by George Biggs on correct gun handling and the importance of gun fit.
- An all Australian video tape written and produced for the Australian shooter by George Biggs.

Cost of each tape, \$50 including certified mail and package.

**Write to: Mr G. Biggs, 4 Hugh Street,
KNOXFIELD, Vic. 3180.
Phone: (03) 221 2748**

PERAZZI

The Guns with the latest and up to date technology built into them:

Perazzi is the innovative gun that has done so much for so many in such a short time (in comparison with other manufacturers) since their introduction that it is obviously the quality gun of the present and very possible the gun of the foreseeable future. It is the gun that amazes shooters (beginners and experienced) with its most effortless speed and ease of handling to give you the scores. That score that makes you a winner — in fact if you take notice it is the gun that is making headlines up front more often most times for the percentage of guns used.

Now analyse this and you must surely convince yourself that value for money your first or next gun must surely be a PERAZZI. Their balance is superb. We have so many of the more popular models in stock that there must surely be a model to suit you. If not, it would only be a telex call away and remember they are easy to shoot and extremely soft on your shoulder.

Also you must surely appreciate the simplicity of its dismantling and reassembling quality system as the innovation of the century and second to none in gun design. If you haven't seen one, ask anyone who has one. He would be as proud to show it to you as he is to own it.

So now think positive — "PERAZZI FROM YOZZI".

**Tony Yozzi Sports,
460 William Street, Perth. 6000.

FROM THE DESK OF THE COACHING DIRECTOR

PETER QUIRE
1988

This year could prove to be a decisive one for the sport of Clay Target Shooting. The move to restrict gun ownership will more and more put the obligation on to the gun club members to act responsibly, and for the sport as a whole to see that its members do act responsibly. Safety has always been a vital part of our sport and I believe that we must show society that we are good and stable members of society with a lot to contribute. We should all try to invite friends or acquaintances to our clubs, we must, I believe, advertise the good social nature of our sport and we must try to show that the guns we own are not used to kill or maim people, they are not a threat to anyone. Our guns are a vital part of the performance of our sport.

It will be a great pity if the State Associations do not make their various State Governments aware of the excellent coaching scheme that we have. They should notify their Police Ministers and Sports Ministers of the role that our accredited coaches play in the teaching of gun safety. Association members where possible, should put forward the names of our accredited coaches as people who are competent and recognised teachers of gun safety. If Association members do not support their own coaches as being people eminently suitable to teach gun safety, the ability of clubs to attract new members will be up to those outside our sport. Our Coaches are excellent people who have, as part of their coaching courses, had to prove their ability as teachers of Gun Safety.

THE FLIGHT OF THE FROZEN PEECANS

I have received a very funny letter from Yves Tetreault, President of the Shooting Federation of Canada, on the World Championships just held in Venezuela. I would like to quote some of his letter for you:

"The skeet fields were tricky. Each field had a different background, and individual weather conditions, in fact lead was raining on field 3, not from God, but from the Trap field, sometimes birds would land on the skeet field, not birds with wings but birds of clay, unbroken from the trap field.

"The trap competition was even more tricky. Susan Natrass had to shoot her last round at 1730 hours, but the sun went down at 1700 hours. The start was so late that only two rounds instead of three were fired on the first day, so the next day some shooters had to shoot four rounds to catch up.

"Peter did you notice the line judges? They were either smoking a cigar or by their decisions, allowing the spectators to believe that they were either blind or drunk.

A joke went around that this time it would be the Judges that would be tested for drugs. So you ask, where are the PEECANS? Venezuela did not have a competent and UIT approved lab to conduct the urinalysis required after the drug test. The lab is in Montreal, so I got the privilege and opportunity to leave Venezuela with 54 cans of urine, frozen in a camping cooler. You have had experience with Customs, but imagine the questions, 'What is the nationality of this urine? Is it masculine or feminine?' I ask you Peter, who knows about the sex life of frozen peecans?? I nearly lost it though, as one zealous official thought it should be confiscated under the agricultural restrictions for PEECANS."

Yves was one of the officials who pleaded with me to try to have the World Championships here, you can see why.

Page 12

LEVEL 3 COACH ACCREDITATION

Learning is always a two way process, and Bill Stevens and Hillary Baynes who accompanied the World Championship team to Venezuela have both sent me their reports as part of their level three. Their suggestions, comments and observations will be most helpful. Greg Chan, Col Burt and Murray Alexander will be assisting at the Oceanic Games. The more elite coaches that we have the better it must be for the sport.

NATIONAL CHAMPIONSHIPS

The I.S.U. and Down the Line Championships will be held in March and April, so for those of you who will be attending this year, I hope that you have started to get yourself prepared for the events. Physical fitness is a great benefit to performance, and mental preparation is just as important. Remember to break up the competition into one target events. If you keep hitting that one target you will win. It is not the other fellow that you have to worry about it's the next target.

Good shooting, and good fellowship.

PETER QUIRE

ALL STATES TEAM — N.Z. NATIONALS

The Brisbane 1987 National Trap Championships produced an All States Team of seven members to travel to New Zealand for the N.Z. National Trap Championships.

The seven-member party will also provide the Glenn Cup Team and is captained by N.S.W. President Rob Smith.

Team members who secured their positions upon results achieved at Brisbane are:

Queensland	Bill Stevens
South Australia	Tony Rohrlach
Victoria	Ray McKenzie
Tasmania	Graeme Appleby
Northern Territory	Phil Grove
Western Australia	Max Cubic
New South Wales	Rob Smith

The seven members should produce a very strong team for the Glenn Cup and we wish them well for this annual competition with our New Zealand friends and also for personal success during the Nationals at Christchurch.

STATE POSTAL TEAMS 1987

The following scores have been received for the 1987 State Postal Teams Competition.

Overall Victoria with three winning teams have been the most successful State, followed by N.S.W. with two winning teams.

The 1987 J. Newton Thomas Medal for the best score recorded by a junior trap shooter has been won by Jamie Chem of Kallangur in Queensland. Jamie, with a score of 75/75 will be presented with the J. Newton Thomas Medal by a Queensland member of the National Executive Committee.

RESULTS:

Open Trap: Vic 1483; Qld 1479; N.T. 1461; S.A. 1444; N.S.W. 1438; W.A. 1436; Tas 1421.

Skeet: S.A. 490; Qld 485; Vic 482; N.S.W. 480; W.A. 478; N.T. 459; Tas 456.

Trench: Tas 383; N.S.W. 371; Vic 363.

ISU Skeet: Vic 366; N.S.W. 355.

Ladies Open Trap: Qld 349; Tas 335; W.A. 334; Vic 324; N.S.W. 309; S.A. 276.

Ladies Skeet: Vic 105; W.A. 98; S.A. 95.

Junior Open Trap: N.S.W. 342; Qld 341; Vic 335; W.A. 330; Tas 324.

Juniors Skeet: W.A. 80.

Juniors Trench: N.S.W. 64.

J. Newton Thomas Medal: Trap 75/75 J. Chem, Qld.

AUSTRALIAN CLAY TARGET NEWS, MARCH, 1988

SHOOTIN' SNAPS

Boorowa Gun Club's camera worked overtime at their annual day/night shoot held in October.

1. A magnificent display of trophies made competition fierce.

2. Glen Campbell accepts his trophy on winning the 25 Target Pointscore championship.

5. Darren Fairall accepting his trophy from President, Rex Murphy. Darren was outright winner of N.S.W. Pointscore Championship.

STURT PEA FROM S.A.

March already and we have had a few hot days to prove that summer is with us.

Our State D.T.L. Carnival will well and truly be over by the time this goes to print so our write-up will be in the April edition of C.T.S.N.

SECRETARIES

Coaching folders have been posted out or delivered by now. So that records are not lost may I suggest that you supply your coaches and delegates with a folder which can be handed on to new people taking these positions.

There have been some changes in office-bearers at some clubs. I would very much appreciate a list of those sent to me in writing (over the phone is not good enough). This information should be sent to me after your A.G.M. It is also necessary to send the same information to A.C.T.A. Alan Maher, Executive Director. We can then get correspondence to the correct people.

COACHES

I hope you have your coaching folders and can understand my letter of explanation. I look forward to receiving my copy from time to time.

As it is near time for me to send my report into Recreation and Sport (March), I would be grateful for your 1987 records if not already sent. Our grants greatly depend on those coaching records.

EASTERN ZONE CARNIVAL

This year held at Wilkawatt in weather conditions that could not have been better. This also goes for the grounds and the hospitality. The day ended with a delightful cold tea supplied by the Wilkawatt ladies and enjoyed by all. Then, thanks to Don and Lyn Beelitz, we had crayfish legs for afters which went down very well.

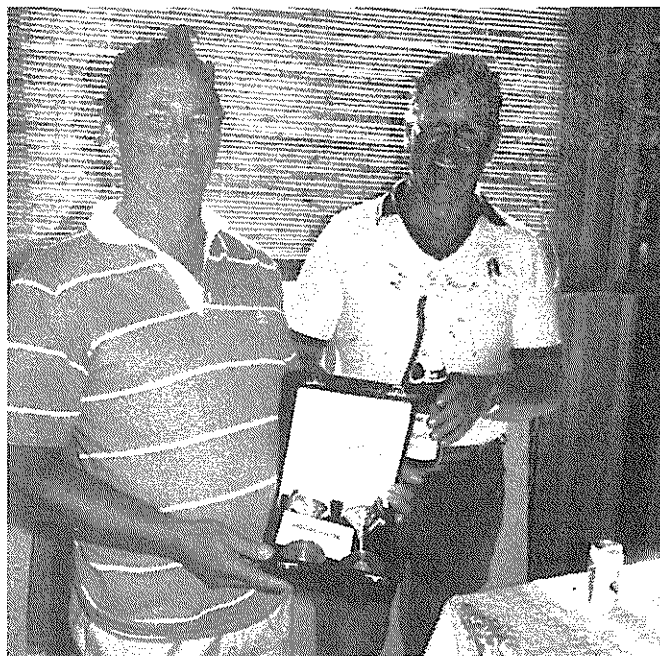

• L. Schubert — Overall P.S. Champion

The disappointing thing of the day was the lack of support from anyone further down than Bordertown.

Wilkawatt No.1 Team won the Reschke Team Shield event with W. Hayward, T. Heinzl, P. Rundle, J. Ramke, D. Beelitz 340-375. Bordertown were second with 332-375.

The Eastern Zone team to shoot at the D.T.L. Carnival is W. Hayward, B. Growden, L. Schubert, B. Andrews, D. Beelitz, J. Ramke. They were presented with S.A.C.T.A. shirts with EASTERN ZONE TEAM worked on them. These were courtesy of the Wilkawatt ladies who put the tea money towards them, a very nice gesture.

• Eric Hall — Overall High Gun 123/125

• Val Prentice — Secretary, Brian Growden — President, listen in earnest to Ladies High Gun winner Lynn Beelitz.

O/A High Gun winner was Eric Hall from Kaniva with 123-125. O/A Ladies: Lyn Beelitz 109-125. O/A Junior: Warren Lynn (Port Lincoln) 105-125.

Some other very good scores were attained on the day as you will see by the shoot results in the C.T.S.N.

We were very pleased to have the visiting shooters from near and far, Port Lincoln, Kaniva, Murrayville, Monarto, plus those from within E.Z. boundaries.

PORT LINCOLN BIRTHDAY SHOOT

It was their 10th Birthday Shoot held on Australia Day weekend Tunarama Festival.

Thirty-one shooters attended from as far as Adelaide, Broken Hill, Ceduna and Quorn. This year the weather let them down with 25-knot winds and overcast conditions which caused a bit of havoc with the targets. Six events were shot with a total possible score of 295 points.

Romano Bisi from Pt Augusta was the winner of the "Max Curtis Memorial Trophy" with a H/G score of 272.

Rob Muscio from Whyalla was the Junior winner 128-155. Warren Lymn and Jason Beale from the Port Lincoln club obtained scores of 127 and 126 respectively, a very close score between them.

Malcolm Fisher from Whyalla qualified for the "Mack Family Trophy" after a shoot-off with Dennis Lymn. The final is to be contested in Adelaide at a later date.

Even though the winds were rather strong some very good shooting and scores were attained in all events. Event six, the 25 Target D/B Handicap, resulted in a tied score of 24-25 between Warren Lymn, Jess Averis, Ian McCallum, Barry Pobke, Bob Britcher and Blue Fisher. After a lightning fast shoot-off the eventual winners were: 1st Jess Averis 27-28, 2nd Warren Lymn 26-28, 3rd Barry Pobke 30-33.

Visitors to the club commented favourably on the excellent shooting grounds and the hospitality extended during the weekend.

Other event scores in shoot results C.T.S.N.

NEW SOUTH WALES STATE I.S.U. CARNIVAL

On the weekend of 16th and 17th January, the West Wyalong Gun Club hosted the 1988 N.S.W. State I.S.U. Carnival in conditions typical of western New South Wales in the middle of summer.

Practice and a 50 target Olympic Trap Handicap event were conducted on the Friday before the Championships, in the hottest conditions anyone could want to shoot in. About five squads participated in the practice and the event, which was conducted on the basis that shooters received a certain number of targets 'start' depending on their grading. AA Grade shooters received 1 target per round, A Graders 3 per round and B Graders 5 per round, while C Grade competitors received 7 targets per round.

This equated out to the following percentages — AA Grade 96%, A Grade 88%, B Grade 80%, C Grade 72%.

In all, eight shooters, John Fryer, David Menck, Graham Boyce, Bill Jones, Peter Stein, Vic Elliott, and Reno Cangiano and Fred Twarlow recorded over the 50 mark with their handicaps added on. A good event and a good lead up to what was to follow during the next two days.

Cont. over page

● N.S.W. I.S.U. Skeet Team 1988 — Jim Wilberforce, Len Norman, Chris Milligan, Brian Prosser, Jerry Cole. (Missing Bruce Noll.)

● N.S.W. Olympic Trap Team 1988 — Kevin Perkins, Craig Tilley, Michael Diamond, John Maxwell, Robert Thompson and Jim Ellis.

Cont. from previous page

Extremely pleasing at the start of the weekend's championships were the number of competitors who travelled great distances to attend the carnival. In particular special mention must be made of Peter Stein, Keld Madsen and Ray Porter who travelled from Brisbane, as well as Ian Hale, Alex Crikis, Craig Meuleman and others who made the trip from Victoria. Disappointing was the absence of any Olympic Trap shooters from Victoria, perhaps the weather conditions and the competition were both expected to be too hot for them up West Wyalong way.

Eight squads of Olympic Trap shooters, and four squads of I.S.U. skeeties competed for the prestigious New South Wales State Titles conducted over the 200 targets over the two days, with the top six competitors in each discipline having the opportunity to be part of the 'Finals' squad at the end of the second day. These rounds proved to be the determining factor in both events, and were good 'tough' competition for our representative competitors.

Overall honours in the I.S.U. Skeet Championship went to Victorian Ian Hale, who had trailed fellow Victorian Alex Crikis by one target (94 to 95) at the halfway point overnight. Fellow Australian representative, Craig Meuleman, was also on 94/100 overnight, with Keld Madsen next on 91/100 and Len Norman leading the New South Welshmen on 90/100.

At the end of the 200 targets, Ian Hale and Alex Crikis were level on 188/200, with Craig Meuleman on 187, Keld Madsen on 181 and Jerry Cole and Brian Prosser on 174 and 173 respectively, making up the top six.

In the 'Final Round', Ian proved too strong carding a clean 25 to take the state title from Craig Meuleman and Alex Crikis.

Ian Hale	23	24	24	23	24	24	24	22	188/200+25=213/225
Alex Crikis	23	24	23	25	23	23	23	24	188/200+20=208/225
Craig Meuleman	21	24	25	24	24	23	23	23	187/200+23=210/225
Keld Madsen	21	23	23	24	24	23	21	22	181/200+20=201/225
Jerry Cole	22	22	23	22	19	22	23	21	174/200+25=199/225
Brian Prosser	23	21	22	20	21	22	20	24	173/200+21=194/225

N.S.W. I.S.U. Skeet Champion: Ian Hale 213/225; AA Grade: Alex Crikis 188/200; A Grade: Jerry Cole 174/200; B Grade: C. Branca 164/200; C Grade: W. Didovich 148/200; Junior: D. Perkins 133/200; Lady: D. Jones 133/200.

Amongst the many highlights of the I.S.U. Skeet competition, was the annual conducting of the Inter-zone I.S.U. Skeet Teams Match over the first 150 targets for three man teams. This event has been fiercely contested between the Northern Zone and Southern Zone for the past few years, and this year has been retained by the Southern Zone Team of Brian Prosser, Jerry Cole and Chris Milligan.

The Olympic Trap Championship also saw some extremely good competition, with current Junior World Champion Michael Diamond, proving too strong in the 'Final Round', to take the title from a class field of nearly

● N.S.W. I.S.U. Skeet Champion Ian Hale receives his trophies from I.S.U. Chairman, David Menck.

● Craig Tilley accepts the Cliff Bailey Perpetual Junior Olympic Trap trophy from Sub-Committee Chairman, David Menck.

50 competitors.

Michael finished the first day well on 98/100, only 1 target behind the leader Robbie Thompson of Cobarr who missed one target in his second round of the day. Next in the field after the first 100 targets was John Maxwell on 96, Jim Ellis on 95 and Pud Burgess and Kevin Perkins one target further back on 94. Sydney junior Craig Tilley was next in the field with a creditable 93/100.

At the end of the second day, Robbie Thompson held on to his lead despite one bad round of 20 to finish on 192/200, with John Maxwell on 191/200 and Michael Diamond on 190. Craig Tilley on 189/200, and Jim Ellis and Kevin Perkins both on 188/200, made up the six for the 'Final Round'.

● 'Final Squad' preparing to shoot at West Wyalong State I.S.U. Carnival.

● N.S.W. Olympic Trap Champion Michael Diamond receives his Sash and Trophies from David Menck.

Again, the 'Final Round' proved to be the important one of the weekend, with Michael Diamond completing a clean 25 to take the title and the spoils.

Michael Diamond	25	23	25	25	22	21	24	25	190/200+25=215/225
John Maxwell	24	22	25	25	24	23	24	24	191/200+24=215/225
Robbie Thompson	25	24	25	25	20	25	24	24	192/200+22=214/225
Jim Ellis	23	24	24	24	25	24	21	23	188/200+25=213/225
Kevin Perkins	22	24	23	25	24	23	22	25	188/200+22=210/225
Craig Tilley	21	24	23	25	24	23	25	24	189/200+21=210/225

N.S.W. Olympic Trap Champion: Michael Diamond 215/225; AA Grade: John Maxwell 191/200; A Grade: Robbie Thompson 192/200; B Grade: B. Liersch 176/200; C Grade: G. Boyce 173/200.

The Cliff Bailey Perpetual Junior Trophy: Craig Tilley 189/200.

The Annual Olympic Trap Inter-Zone Teams event and the Olympic Trap Club Teams event were also conducted over the first 150 targets of the weekend, with the Southern Zone Team of Jim Ellis, Michael Diamond and Peter Srbnovski taking home the Zone Cup, and the Illawarra Team of John Maxwell, Bill Jones and Michael proving too strong in the Club Teams event.

The State Teams in both Olympic Trap and I.S.U. Skeet were also selected over the weekend's 200 targets, the teams being: *Olympic Trap*: R. Thompson, J. Maxwell, M. Diamond, C. Tilley, J. Ellis, K. Perkins; *I.S.U. Skeet*: J. Cole, B. Prosser, L. Norman, J. Wilberforce, B. Noll, C. Milligan.

Following the first 100 targets, the state teams to record the scores for the Olympic Trap and I.S.U. Skeet Postal Teams match were also picked. The six man teams in senior sections were — *Olympic Trap*: Thompson, Maxwell, Diamond, Ellis, Burgess and Perkins; *I.S.U. Skeet*: Norman, Cole, Prosser, Banicek, Noll and Mark Barry. The three man junior Olympic Trap team was Diamond, Petriella and Tilley.

In all, the weekend was completely successful with the weather being a little kinder over the two days of the main event, and the equipment all working well apart from a few early hiccups at the I.S.U. Skeet on Saturday.

The committee and members of West Wyalong Gun Club, together with the ladies, trappers and helpers all went out of their ways to ensure that everyone was looked after over the weekend. And that we were.

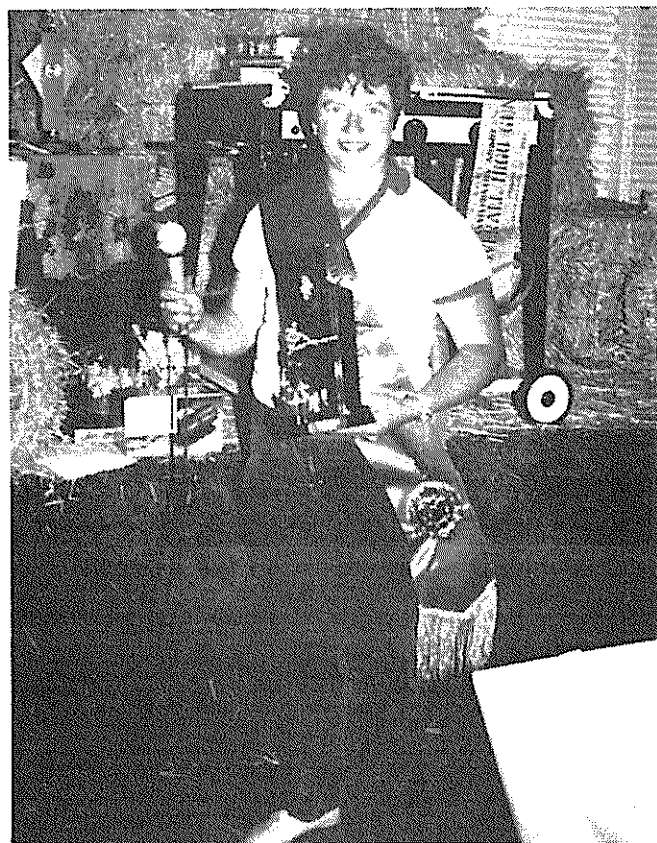

To the main sponsors of the State I.S.U. Carnival, namely Winchester, Blue Dot Targets and Horsley Park

Gun Shop the club and the I.S.U. shooters of N.S.W. would like to convey their sincere thanks. This thanks must also be extended to the ongoing sponsors of I.S.U. Shooting within the state including Olimpyc/Scorpio, Fuller Firearms, Mulwala Explosives, ACT Ammunition, Evans and Balfour, Lightning Shot and C.L.A.S.S.

David Menck,
Chairman, N.S.W.C.T.A. I.S.U.

HERMIDALE GUN CLUB ANNIVERSARY SHOOT

Shooters from as far afield as Cunnamulla, Sydney, Dubbo and Kerang turned up at Hermidale to participate in what turned out to be a very enjoyable and full day's shooting. From the outset it looked as if the quest for High Gun would be a close contest and that is exactly the way it turned out. Two Cobar shooters, J. Manns and D. Osborne Jnr led the way with the trophy going eventually to Jim Manns who won by a one target margin with a score of 142/145.

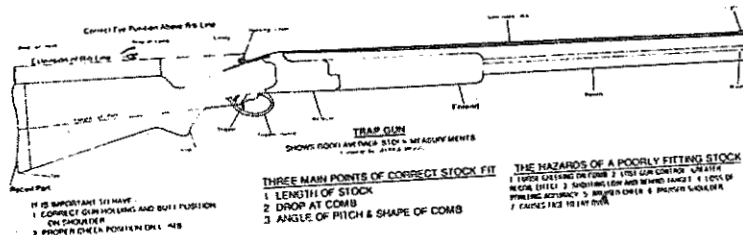

Faye Burton receiving the ladies sash at Hermidale Gun Club's Anniversary Shoot.

The Western Zone (N.S.W.) Night Deauville Doubles Championship also proved to be a very close contest with Victorian husband and wife team of Faye and Ken Burton winning a three way shoot off from father and son team of Button and Baden Powell.

Results of the shoot: High Gun J. Manns, Intermediate High Gun M. Fitzalan, AA Grade D. Osborne, A Grade Brian Manns, B Grade J. Currans, C Grade F. Higgins, Veterans F. Honeyman, Ladies Faye Burton, Juniors Baden Powell.

MOTORS SPONSORED SHOOT

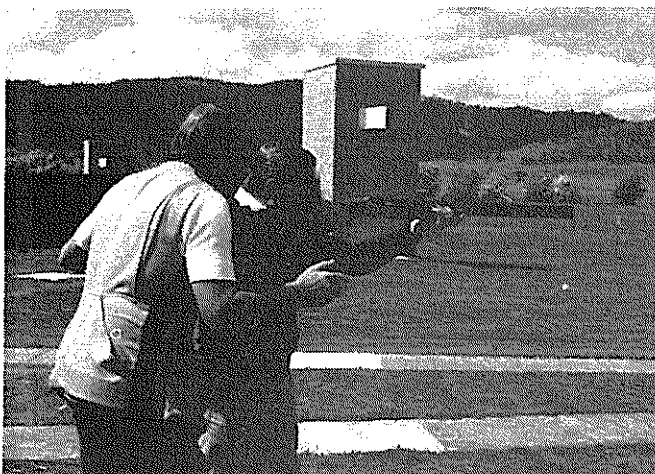

Motors Pty Ltd, Hobart, Sponsorship supported by a good turn out of shooters and spectators.

Hobart Gun Club recently conducted an open shoot consisting of common mark handicap and skeet shooting for all prepared to compete.

The program was designed to enable novice shooters to get in the winner's circle and thankfully this was achieved. To their credit, the more experienced shooters who were fair dinkum about real competition, accepted and supported the new innovative concept.

The sponsor, Motors Pty Ltd were excellent. They provided a display of cars and were represented by their senior sales representative, Reg Travers.

Reg was a credit to Motors and even tried his hand at clay

• Reg Travers, Motors Sales Rep, fires the opening shot.

target shooting for the first time.

We look forward to an even bigger display of cars next year from Motors. Many thanks to Motors and especially Reg Travers.

• Here Reg displays both the "Motors Sash" and "Motors Cars".

• L to R: Reg Travers, Carl Berry, Gary Prew, R. Webb and Glen Arnold.

RESULTS:

30 Target Double Barrel — 16 metres: A: S. Browning 35/35; B: G. Byers 29/31; C: G. Drew 28/30; D: R. Webb 35/30.

20 Target Handicap: 1st G. Byers 24/24; 2nd G. Drew 23/24; 3rd R. Webb 29/30.

50 Target Skeet: A: L. Gray 49/50; B: G. Arnol 50/50; C: G. Drew 48/50; D: C. Berry 45/50.

Every Day Someone Wins with Beretta 682. Why Not Join Them!

TRAP SKEET & SPORTING MODELS

Born from Beretta's dedication to sporting achievement, this new breed of competition gun features many mechanical and functional innovations - providing dedicated shooters with what could be described as the world's most advanced production over and under shotgun.

3 Position adjustable trigger allows 8mm of variation with ultra-fast lock times giving you that split second advantage when it counts.

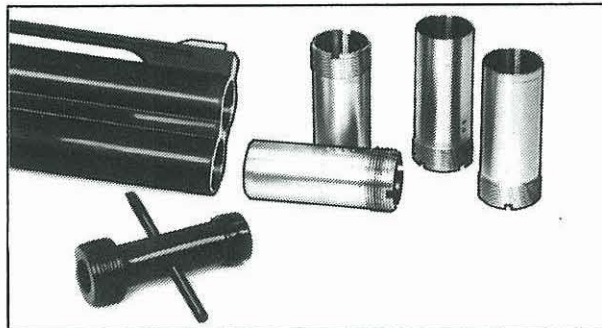

can inexpensively maintain new gun fit forever, unlike other over and under shotguns which require expensive gunsmith attention should they wear loose following the rigors of extensive competition. In all they add up to a gun that's made to last in heavy competition.

The low profile receiver with elegant engraving highlights the stylish easy to change barrel shoulders.

Features such as adjustable trigger giving you the length you need regardless of shooting attire. Medium high ventilated top rib with greatly improved sighting plane and full length ventilated side ribs for better cooling during extended competition. Matte finished Teflon 'Bruniton' coated barrels gives exceptional resistance to weather and abrasion, while the internal hard chrome lined bore provides the ultimate corrosion resistance. Yet another exclusive Beretta feature is the user replaceable barrel shoulders and hinge pins. Only Beretta 682 owners

Italian designed slim line high fashion deluxe gun luggage, with moulded inserts for maximum protection. Features rebated carry handle, quality combination lock and provision for choke tubes and other accessories.

New flush mounting choke system that does not alter line of barrels. 4 chokes imp. cyl., mod., imp. mod., — and full. Key/thread cleaner come with guns featuring the mobilchoke system.

To complete the story the new *682's come with Beretta's internal flush mounting mobilchoke system giving you infinite variations to suit both your style and type of shooting, in all a great case for Beretta.

And speaking of cases, the new 682's come in what can only be described as the greatest step forward in gun case design for over 20 years.

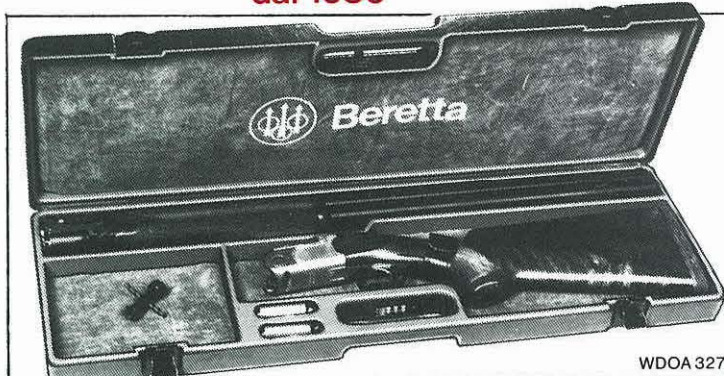

BERETTA 682 SERIES

- 682 Trap: 75cm Barrels. Fixed choke I.M./F.
- *682 X Trap: 75cm Barrels. Fixed or Mobilchokes.
- 682 Skeet 71 cm Barrels.
- * 682 sporting 71 cm Barrels Mobilchokes.
- * 682 Lightweight Sporting Deluxe 71 cm Barrels Mobilchokes.
