

# AUSTRALIAN CLAY TARGET SHOOTING NEWS

OFFICIAL JOURNAL OF THE AUSTRALIAN CLAY TARGET ASSOCIATION INCORPORATED.  
REGISTERED BY AUSTRALIA POST—PUBLICATION No. VBQ 0129

AUGUST 1988  
Vol. 41. No. 8.

**AUSTRALIA'S BIGGEST SPONSOR  
OF CLAY TARGET  
SHOOTING**

**WINCHESTER**

# There is no such thing as an All Purpose Powder!

**THAT'S WHY HERCULES**

**MAKES RED DOT  
specially for Clay Target Competition**

## HERCULES RED DOT

### Calculate the savings yourself

17.5 grain loads	880	22 grains loads	699
18 grains loads	853	23 grains loads	668
18.5 grains loads	831	23.5 grains loads	653
19 grains loads	809	24 grains loads	640
20 grains loads	770	26 grains loads	591
21 grains loads	732	27 grains loads	569

The above table shows approximate number of reloads per kilo for grains used. \* 18.5 grains of RED DOT gives a 3 dram equivalent. 17.5 grains of RED DOT makes an excellent 2¾ dram equivalent load.

### OTHER GREAT HERCULES POWDERS

- GREEN DOT — Use in 12G medium and field loads
  - RELOADER 7 — Bench Rest grade rifle loads
  - BULLSEYE — For pistol and revolver use
  - UNIQUE — An all-round shotshell powder
  - 2400 — Some rifle and shotgun loads
  - BLUE DOT — Magnum shotshell and heavy pistol loads
  - HERCO — Heavy shotshell or handgun loads
- USE ONLY AS PRINTED IN THE HERCULES GUIDE.

If you reload to save money, you use HERCULES for the cost saving. Isn't it just as important to use the very best clay target powder available?

## INSIST ON RED DOT

It's made precisely for target competition and priced to give you up to 50% More Shots for your Dollar

HERCULES Powders are stocked by selected retailers in **ALL STATES**. If you have a problem getting supplies or require the HERCULES Reloaders Guide, contact:

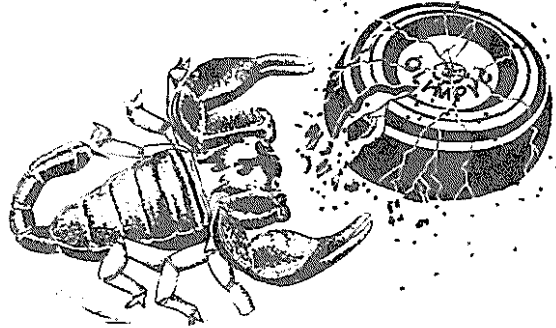

**FULLER FIREARMS GROUP  
PTY LTD**

# EXECUTIVE DIRECTOR'S NOTES

Planning is well under way for the 1988 National Skeet Championships which will be held at Melbourne Gun Club from November 17-November 20.

This time of the year generally produces fine weather. This, when coupled with the often heard comment that "Melbourne is the home of skeet shooting in Australia" augurs well for a successful and enjoyable competition for those who decide to shoot the Four Day Nationals Program.

One of the National titles, the Skeet Doubles Championship, will have a new trophy for perpetual competition. The actual trophy which was won in competition by the Inaugural Doubles Champion, Paul Johnson of Victoria, is very complementary to the trophies to be shot for and is a very welcome addition to the A.C.T.A. trophy cabinet. Paul is to be commended for his thoughtful gesture and will no doubt be endeavouring to have his name inscribed as the 1988 winner — thanks Paul for your contribution to this National Title Event.

Other happenings of recent times include the meeting of the various Committees of the Association and the all important election of office bearers to see us through another year.

With retiring President, Roy Holtfreter, having previously announced his intention not to seek re-appointment, Jim Scott from the Orana Gun Club in Dubbo, New South Wales, was unanimously elected to the position of National President of the Association.

Jim has been an active shooter and worker for the sport at both State and National level for many years and his commitment to the Presidency will quickly be noticed.

Following a ballot for the Vice Presidency, Leighton Martin from International Gun Club in South Australia was elected as Jim's Vice President and we wish them both well in the demanding positions they have been elected to.

Again a ballot took place for the two remaining positions on the Management Committee and elected to Management were Tim Catling from Katanning in Western Australia and Townsville Gun Club member, Neil Hardy.

Both Neil and Tim have a wealth of experience in the sport and will serve the Association well during their term of office.

With no less than five members attending their first committee meeting, one could have expected that the input to the meeting would not have been as great as on previous occasions. It is pleasing, therefore, to report that all new members settled in very quickly and without exception played a contributing role to the success of the meeting.

Those welcomed for their first meeting were John McVitty (Vic), Richard Brook (Qld), Jim Bitossi and Bob Fox (N.T.) and Ross Silvester (W.A.). Rejoining the Executive following the resignation of Victoria's two members L. Connors and R. McDonald was Jack Matthey from Beaufort.

All of these new members will be introduced to members in forthcoming issues of the C.T.S.N. and we wish them all well as they contribute to the development of the sport.

On a sadder note was the news that long serving Executive Member and Past President, Laurie Connors, was resigning from all positions at State and National level. Those who have come to know Laurie over the years will realise that his departure along with that of Roy Holtfreter leaves a gap in experience that will be difficult to fill.

For my part, Laurie was very supportive at my introduction to the sport as Executive Director. I shudder to think what those early months would have been like without his support and guidance and I thank him for the

part that he played in enabling me to come to grips with a sport that I was totally unfamiliar with.

Thanks Laurie, we all hope that you will still be seen "around the traps" to use your own words and look forward to receiving news from you for the C.T.S.N. if you are able to find the time.

Nationals dates for the next few years were decided upon and they are:

**TRAP:** 1989: Victoria, at Echuca; 1990: Tasmania, at Evandale via Launceston; 1991: South Australia at the Virginia Park Complex; 1992: New South Wales; 1993: Western Australia at the Whitman Park Complex.

**SKEET:** 1989: New South Wales — Wagga Wagga (to be confirmed); 1990: Victoria — Melbourne (to be confirmed); 1991: Queensland — Townsville.

**I.S.U.:** 1989: Victoria; 1990: Western Australia.

The A.C.T.A. Presidential Medal was the subject of review and the decision was taken to increase the number of medals which may be presented in any one year from one to three.

A recommendation to form a National Rules Committee was discussed at great length and subsequently approved. This Committee which is comprised of three members from the National Executive Committee, namely John Murphy (Tas), Robert Smith (NSW) and Tim Catling (WA) will assume the responsibility on recommendations that may be made to introduce or make alterations to the Shooting Rules.

This responsibility was previously in the hands of the Referees Association who were mainly responsible for the recent revamping of the Rules, a long and tedious exercise for which they have been congratulated.

The procedure that will now apply is that the Referees Association will operate as a consultative body to the Rules Committee and will advise of their thoughts on all matters pertaining to the Rules prior to recommendations being presented to the Executive — we believe the new system will work well for the sport.

Another Committee to be restructured was the National Shooting Committee which previously comprised two Executive members, National Coaching Director, Peter Quire, and three shooters representatives drawn from the total membership.

This Committee will now comprise two members from the National Executive, National Coaching Director, and three shooters representatives, each representing a distinct discipline and not elected from members of the National Executive.

Elected to the National Shooting Committee were Robert Smith (NSW Executive) Chairman, Tim Catling (W.A. Executive), David Menck (N.S.W. I.S.U.), Bob Dower (S.A. Skeet) and Peter Hayman (N.S.W. Trap), plus the appointment of Peter Quire in his capacity as National Coaching Director.

Should you, as a shooter, wish to have any matter raised at meetings of this Committee then these are the men to speak with. Please bear in mind that while as shooters representatives they will be acting on behalf of all members, David, Bob and Peter have been elected to represent a particular discipline which is in their field of expertise.

Correspondence that may be forthcoming will be forwarded to the members of this Committee through the National Office.

Another decision of great importance was the establishment of a property debenture program.

This program has been set in operation to ensure the long term stability of the Association with the eventual purchase of a property suitable to the needs of the sport.

Details of the debenture program are published separately in the C.T.S.N. and the early support that has been advised is more than just encouraging, it is an indication that the decision is a correct one and one that will serve members well for many years to come.

Please give it your fullest consideration and for those

Cont'd over page

Cont'd from previous page

who wish to become a part of the program, advice of your intentions will be welcomed.

Registration fees for 1989 were discussed at great length with the decision taken to accept the recommendation from the Management Committee to restrict any rise to a figure in keeping with the National C.P.I.

As from 1st December when registrations will be accepted for 1989, registrations will be Full Member \$37.00, a rise of \$2.00 or 5.7%, Second Family Members and Veterans over the age of 65, or 60 with 30 years of continuous service, \$21.00 which is an increase of \$1.00 or 5%, with no increase in Junior Registrations, remaining at \$10.00.

One of the major decisions taken was the one to introduce an Accident Insurance Policy covering all members. This insurance is in addition to our obligatory Public Liability Insurance and should be welcomed by all shooters.

Obviously there is a cost involved and in this case the cost is \$3.50 per member which will be met by debiting each and every club on a per member basis.

The policy is planned for introduction as from 1st August and will provide benefits within the policy conditions of \$40,000 in the event of a death occurring and \$400 per week whilst injured and not receiving weekly income.

Full details by way of a summary of the policy conditions will be published in the C.T.S.N. as soon as the policy has been finalised.

The decision to introduce this form of member protection was not one lightly made, clubs had been advised of the investigation that was taking place and requested to voice their opinions at the last Annual General Meeting.

With an almost 100% acceptance by member clubs at that time to introduce this form of insurance the matter of payment was the only contentious issue.

The per capita club membership was most favoured by the Annual Meeting and this is the method that has been adopted following the recommendation made at the Annual Meeting by member clubs to the National Executive Committee.

Club membership at 30th June will be the basis of club payment, this will be reconciled annually at 31st December with any new members registered after 30th June being debited to the club account.

The Executive believe that the introduction of an Accident Insurance Policy is in the best interest of all members. This view is shared by the fact that clubs have given an almost unanimous acceptance to the proposal since the idea was first promoted.

We certainly do not wish for a claim on the policy to be the contributing factor in receiving total unanimous acceptance — the lack of claims against the policy is what we are aiming for as this will ensure an accident free period for all clubs and leave shooters free and able to enjoy their chosen sport.

Another new innovation is the introduction of a facsimile machine, again a recommendation to the Executive from member clubs at the Annual Meeting.

The Fax Number is (03) 807 2716 and for those with access to a personal fax, the opportunity to use a commercial fax or even the Australia Post Public Fax facility, the ease of ensuring that your information is received at the National Office without undue delay will be a decided asset.

As far as the receipt of notices and the like for the CTSN is concerned, the fax will now allow a little more time for clubs to prepare their notices and still guarantee they have been despatched for delivery by the copy deadlines.

Please make use of this fax facility which has been installed at your request for your convenience.

I am pleased to be able to advise that Queensland

Executive Member, Neil Hardy, has been granted an Honorary Life Registration for his service to the sport and his service over the last 10 years as a member of the National Executive Committee.

Neil, a dentist by profession, has given freely of his time over his years at National Level and continues to do so. This is seen in 1988 by his election to the four member Management Committee where his judgement and experience will hold him in good stead as he continues his involvement on behalf of all shooters.

Congratulations Neil for the honour you have had bestowed on you and we trust that your Honorary Life Registration is enjoyed for many years.

Membership has continued to increase, due no doubt to the situation that existed in N.S.W. and to a continuing degree in Victoria and other states.

At the time of writing membership has passed the 10,000 mark and we certainly hope that the new members that we have received participate in the sport at all levels and remain with the Association for as long as they continue to be known as shooters.

If you see new faces around your club or wherever you may be, please make them welcome and share with them one of your greatest treasures, friendship.

A new member can be lost quite easily by not being made welcome and while we all believe that we make new shooters welcome at all times, experience tells us that this isn't always the case.

By helping a new shooter to enjoy his or her sport you will also reap the pleasure of their success, why not try it at your next opportunity?

Your attention is also drawn to one of the conditions of entry for all State and National title competitions. This condition has been the subject of review and change many times. At last it is felt that the correct mix has been achieved. Please be aware of the decision that has been made which in effect is:

The overall trophy can only be won by the payment of a full nomination. By winning the overall, a shooter shall then be declared ineligible for grade and or section trophies (Lady, Junior, Veteran).

For other than overall, shooters shall be eligible for grade and section trophies for all events providing a full nomination has been paid.

Shooters electing to pay a reduced nomination shall only be eligible for the section of the event entered.

In closing I must make mention of the recently formed Australian Skeet Shooters Association. The A.C.T.A. did receive a request from the solicitors representing the Skeet Shooters Association for permission to register the name "Australian Skeet Shooters Association".

This request was made following receipt of correspondence from the Corporate Affairs Department which pointed out the similarity in the name and objects of the Skeet Association to the Australian Clay Target Association.

As the matter had been formally brought to the attention of the A.C.T.A. it was the decision of the Executive that permission for use of the name requested could not be agreed to. This decision was made in the best interest of all members owing to the correspondence received from the Corporate Affairs Department in Victoria and for no other reason.

This information has been advised to the parties concerned who will now need to become incorporated under a different title than was contemplated.

A lengthy report of the involvement of members elected to represent you at National Level — their attention to the matter at hand is a reminder to all of their commitment to the sport.

Good shooting in the months ahead.

Alan Maher,  
Executive Director.

# 1988 SKEET NATIONALS MELBOURNE GUN CLUB

NOVEMBER 17-20, 1988

## RULE BOOK CHANGES

Please note the following amendments to the Rules as published in the Official Rule Book, printed effective April 1st, 1988

**Guidelines for Referees: Page 4 Number 9**

- (1) Delete the wording "or any time competitors or other personnel are in front of him".

**Trap Shooting Rules: Page 28, 2.3(f)**

- (2) The first sentence has been amended to read: "In a group handicap event shot from handicap marks, the winner of each group will be handicapped one metre providing they have shot the possible".

# DEBENTURE PROGRAM

AN INVITATION TO MEMBERS ONLY

A legal document is being prepared to allow for the implementation of a Property Debenture Program to allow the Association to purchase a building to establish a permanent home for the administration of the sport and to cater for the needs of its members.

The following clauses along with any other legal requirements will be included in the Debenture Document:

- A. Debentures to be of a minimum of \$1,000 or multiples thereof.
- B. In the event of a debenture holder's death occurring, the debenture to be immediately available to the deceased estate.
- C. In the event of a syndicated debenture holder's death occurring, the payment of any syndicated share will be the responsibility of the remaining syndicate members.
- D. Debentures to be for a maximum period of ten (10) years.
- E. Debentures to be repaid within a ten (10) year period (maximum) in accordance with annual results achieved by the Association.
- F. A maximum of 150 debentures be available at \$1,000 each or alternatively a total debenture issue of \$150,000.
- G. Interest to be paid annually at a fixed interest rate of 7.5% with 1st December being the effective date.
- H. Secured by floating charge.
- I. Assets constituting security, A.C.T.A. Building Fund Investments.
- J. Floating security to become a fixed security on the purchase of property for the purposes specified in the debenture invitation to members.

Applications from registered shooters, clubs, Zone and State Associations are now being received and will continue to be received up to and including 30th November.

For any further information on the issue of Property Debentures, please contact either your State's Representatives to the National Executive Committee or the Executive Director on (03) 807 7577, or complete the Debenture Application.

**The Executive Director,  
P.O. Box 800,  
GLEN WAVERLEY, VIC. 3150.**

## PROPERTY DEBENTURE PROGRAM

I wish to be placed on the list of Debenture Holders for a debenture amount of:

\$ .....

I understand that I will be contacted to exercise my debenture once all legal requirements have been attended to.

Please record my application under the following:

NAME: .....

ADDRESS: .....

.....

STATE: ..... POSTCODE: .....

I can be contacted on the following telephone numbers:

P..... B.....

SIGNED: .....

# OBITUARY MR JOHN HOUSTON

FROM GEORGE BIGGS

One of the best known personalities of the Hay district, Mr John Houston, of "Budgewah" and "Tongul" passed away on Wednesday, June 1 at the age of 87 years.

John Houston will be remembered by the many hundreds of clay target shooters that visited the Hay Gun Club over the years especially the very popular Annual Easter Shoot.

Shooters came from all over to shoot in the Easter Carnival, the grand prize for the main event being a motor car. The social event of the program was the dance on Saturday night and a wonderful barbecue on Sunday at "Tongul" on the banks of the Murrumbidgee River. John was the most gracious host.

One occasion I will never forget was shooting in the Car Shoot one easter. The conditions were 30 birds double barrel from handicap marks. My handicap was 27 yards and I missed my 30th target. Was my face red! I couldn't find a hole big enough to fall into. Over the years my family and I spend many enjoyable hours with John and his family.

John Houston was President of the Australian Clay Target Association from 1957-1961. His interest in clay target was keenly Australia wide. He was a much respected and popular person. He was a member of the Mackintosh International Team on several occasions and a honorary life registration member.

Photo shows John third from left, back row, with a group of Hay Gun Club members when they attended the National Championships in Melbourne, 1954.

John Houston was a foundation member of the Hay Historical Society and a long time President.

Many members of the A.C.T.A. will recall that he collected antique pistols and firearms for many years. It was his intention, since realised, for the collection to be housed and displayed in the Hay Museum, established in the old Hay Gaol.

Mr Houston was a member of the Committee of Management and an Elder of the Hay Presbyterian Church for many years, and also on the Council of the Hay Students Hostel, Cloughton House. He was a long serving President of the Hay Branch of the Far West.

His great love in sport was hunting, shooting and fishing in the bush. He re-established the old clay target shooting, Hay Gun Club, and presided for many years as it became one of the leading clubs in Australia. For three years he was the Australian President of the Australian Clay Target Shooting Association.

Mr Houston's civic activities earned him the distinction of being awarded the first citizen of the year award by the Hay Apex Club.

In a personal tribute, during the service at St Andrew's Presbyterian Church, Brough Gibson recalled some of the happy memories of picnics in the hopbush near

"Kangaroo", a tune on the mouth organ, a sing-song around the piano, his cooking breakfast for visitors and barbecues on the river, of finding a duck, quail, pig, yabby or kangaroo tail in the coolroom on Tongul.

He mentioned local graziers' interest in his legends about "grey birds" as a sign of rain, and "green pick on the sandhills at Lamorna by Queen Victoria's birthday, 24th May, as an omen for a good or bad winter".

Mr Gibson concluded by saying that "Jack" was one of the most unforgettable characters he had ever met, an opinion shared by many.

Mr Houston is survived by his wife, Dorothy, son David and grandchildren Lani and Rowan and sisters Miss Marjorie and Noreen (Mrs N.R. Smith) all of Hay.

Brothers, Hillis and James (Max) predeceased him.

The service at the church and graveside was conducted by Rev Jonathon Boyall.

Children of Cloughton House and Hay Gun Club members formed a guard of honor.

**WINCHESTER 9422 XTR CLASSIC RIFLE**

- Satin finished walnut stock with fluted comb & crescent steel butt plate
- Curved finger lever & undercut pistol grip with cap
- Extended forearm with barrel band
- Long 22½" barrel for long range accuracy
- Available 22 Long Rifle & 22 Magnum.

**WINCHESTER** 

## HANDICAP CARDS AND SCORE RECORDING

Rule 2.1(J) "No shooter, other than those awaiting the issue of a card after registering for the first time, shall be allowed to enter in any competition unless he submits his card to the designated club official on each shooting day. However, if a shooter has lost his card he shall be allowed to compete providing he is registered with the A.C.T.A."

This rule on producing a handicap card when competing is self-explanatory and further explained in 2.1(K)(L)(M).

Rule 2.1(H) "It shall be the responsibility of a designated club official to progressively mark the shooter's card with his 15 metre results and after each 200 targets, regrade the shooter if necessary."

Complaints are being received that in many instances these rules are not being complied with.

In the best interests of the sport, please ensure that you continue to comply with the shooting rules and if you happen to be an offender, please remember the rules are made for one and all and not all and one.

## UNREGISTERED SHOOTERS — RULE 4.16D

Club administrators and all registered shooters are requested to ensure that they comply with Rule 4.16D of the current rule book which reads:

"All competitors must be registered by the A.C.T.A. before taking part in competition. Unregistered shooters are not permitted to compete at any time."

Should this rule not be complied with any matter that may arise concerning insurance would be jeopardized owing to the non-compliance with the rules.

While this is one factor that must be addressed, the other important one is that registered shooters provide the backbone of the sport and unregistered shooters should not be able to take advantage of facilities etc. that they have not and are not contributing to.

If you know that you are shooting in a squad with an unregistered shooter who does not fit the categories covered by insurance, then he/she is placing you at considerable risk despite the fact that you are complying with the rules — it's worth thinking about isn't it?

## WAGGA GUN CLUB — NATIONAL TRAPPERS HAVE A SHOT!

The Wagga Gun Club extended an invitation to all the trappers who trapped at the Nationals in April for an afternoon of shooting.

The hard working trappers quite often go without a mention or thanks, so the Wagga Club provided the clays and Winchester the shells all free of charge.

The trapping was done by the Koorngal Rotary with assistance from the Wagga Army and RAAF Bases. It was a superb job done, with many working very long hours.

Most of us prefer to shoot at the targets rather than put them on the traps!

The afternoon was enjoyed by all the Army and RAAF boys. They may not have shot the top scores but they sure knew how to put the afternoon tea away!

A big thanks to those club members and accredited coaches who gave up their afternoon to assist, and to Winchester for the case of shells.

Maree Rooke  
Publicity Officer.

# STURT PEA FROM S.A.

## STATE SKEET CARNIVAL

This carnival was held on 28th and 29th May at S.A.G.C. in cool weather with an attendance of 63 over the two days, this being one less than in 1987. Nevertheless it was a very good carnival and we got through the events in good time, especially on Sunday. This was due to the excellent support from those running the shoot and keeping it going.

As you will see in the shoot report in this issue of C.T.S.N., the trophies were shared around a bit.

Kym Holmes from Mt Gambier came out on top over the carnival by the small margin of one point 185/191 after a shoot off for O/A winner. Well done Kym, but I don't think he dared to miss as his wife, Janet, had her eye on the O/A trophy which was a very lovely necklace and earring set.

Second in O/A was a visitor from Melbourne, David Cunningham, who shot 184/191 after shooting off with Kym. David shot extremely well over the weekend being placed either 1st or 2nd in AA in all events.

Brigitte Dower scooped the pool in the Ladies, winning the O/A of the Carnival. She was Ladies winner in all events except the 25T Skeet Doubles, when Sandy Appenkamp showed all that she liked this event and won the Ladies trophy 22/29. Congratulations and well done, Sandy.

Peter Caddy kept a point or two in front most of the time to eventually be the Veterans O/A winner 150/175.

There were no Juniors competing in this section.

Central Zone was the winning Zone team, 124/125, comprising R. Dower, D. Sparnon, B. Murphy, R. Kimber, T. Keane.

The top five scores of the Postal Team was D. Sparnon, R. Dower, R. Kimber, D. Burton, K. Holmes. This will be the State National Team if all are intending to represent their State by going.

All teams will be given a certain time to let me know their decision as to their intentions in competing at the National Titles. I will, in due course, do this by letter. The next Team Member in line will automatically be contacted if any of the five do not reply by the given time.

Photos of the Carnival will be available for the next issue.

## OLYMPIC TRAP

Held on the same weekend as the Skeet and attracting 41 shooters. Due to lack of time, the 100T on Sunday was reduced to 75T, otherwise the O/Trap was deemed to be very successful.

The O/A winner was C. Bentley 172/200; AA G. Mark 162/200; A F. Vella 167/200; B P. Green 167/200; C P. Hall 133/175.

The Postal Team High Gun winner was Phil Green 24/25. Having to work in the office as well as shoot didn't seem to upset his shooting ability.

Thank you to Mary Martini for doing the book work for the O/Trap.

I would now like to take this opportunity to thank S.A.G.C. for the use of their grounds which were in their usual excellent condition. To all the workers in the office and outside on the tracks, not forgetting the trapper boys, an excellent job done by all. We must also remember the ladies in the kitchen who feed the never-ending multitude of people all weekend.

Now, last but not least, thank you to the sponsors. MULWEX were again very generous and we thank them for their support by giving us four tins of powder of 2.5kg each, worth some \$80 each.

The company would be pleased to get some feedback on their product, so those winning a tin might be good enough to let me know so that I may be able to pass the message on.

THE GUN RACK — Les Charles also again gave

S.A.C.T.A. a donation towards the Skeet Carnival as he has done over the last few years.

## EXECUTIVE MEMBERS

Brian and Leighton were unable to attend the carnival due to it clashing with a National Executive Meeting in Melbourne that could not be changed.

Now after all that, Brian did manage to get a very early flight back to Adelaide to be able to attend on the Sunday. After borrowing everything to shoot O/Trap he managed to come first in AA on the 75T Sunday.

On behalf of the members in S.A. I would like to congratulate Leighton on being elected to the position of National Vice President.

## PROGRAMME CARDS

Hopefully, all cards have been returned to me, as the deadline was July 30th. Please be very quick if yours are not back, as I will very shortly be taking everything to the printer.

## COMPLEX

By the time you read these notes, development will have started on Stage One of the S.A.C.T.A. Clay Target Range at Virginia with International Gun Club being the resident Club. The building of the Range, as I have mentioned before, is under the guidance of Metro Martini.

## I.S.U. ELIMINATION

Moves have been put into motion for Zone Eliminations of 100 Targets I.S.U. to be shot over O/Trap and B/Trap at Mt Gambier and Pt Augusta and S.A.G.C. The top eight shooters from each Zone elimination will shoot a 100 target final at International or S.A.G.C. late in October to select a 5 man Training Squad and then a Shoulder to Shoulder Team to compete at the Nationals.

The elimination targets have been reduced to 100 for 1988 only due to lack of time. At the next Council meeting, a proper programme will be organised to be put into action for the 1989 year and these elimination dates and places will be programmed through the Programme Book.

## MAJOR TITLES FOR AUGUST

First of all I do believe an apology is in order to the Victorian shooter who travelled to Mt Gambier for the S/B Commonwealth Title on June 11. This had been changed to October 8th. It is advertised in Mt Gambier programme for that date, but was not changed at the front of the P/Book. So can you please take note of this error.

August Sat. 6 and Sun. 7 — S.A.G.C. I.S.U. 100 Targets Skeet; 100 Targets O/Trap.

August Sun. 14 — Wilkawatt State Night D/D.

Don't forget the winners of the above State Day and

The Aussie pastie that you can nearly see under the sauce, was good tucker for Don Beellitz at the D.T.L. Carnival.

Night Titles are eligible to shoot off for the Ray and Pat Mack Trophy at the D.T.L. Carnival. This is to be a perpetual trophy.

### RULE BOOKS

Available through me at a cost of \$3.50 plus postage.

### WESTERN ZONE CARNIVAL

Held on the 14th & 15th May at the Pt Lincoln Gun Club in cold and drizzly conditions with an attendance of 36 shooters. The Fisher Firearms Teams Shield was contested over the first 25 Targets on Event One, the W.Z. Skeet Championships of 50 Targets.

Pt Lincoln won the shield on a countback from last year's winners, Pt Augusta, by four points after both teams had a tied score of 119/125. The Zone Skeet Team was selected for the forthcoming State Titles, being C. Bentley, R. Bisi, L. Trebilcock, W. Fisher, A. Norman. The Zone Trap Team was also selected over this weekend's results, plus each club's D/B, C/S between now and the State D.T.L. Carnival.  
L. Trebilcock.

### BORDERTOWN GUN CLUB

Again hosted a fun day for the Mundalla Football Club on June 19. We have some promising shooters amongst the footy guys once they have retired from the game. There was a variety of events D/B, S/B, D/R, P/S and a D/D. The D/D was a Gun Club member with a footy member, causing a few laughs and much fun comment amongst everyone, won by Andrew Shuttleworth and Brian Growden. Everyone enjoyed a barbecue tea with wives and children. They then had a night D/B event to round off the day. Michael McGrice won the O/A out of the footy guys as he did last year. Soon to become a dad, his mates think he should stay home and baby-sit next year. Michael received a packet of cartridges and Andrew Shuttleworth, who is Michael's brother-in-law, got the booby prize — a nice white roll of toilet paper. The Gun Club looks forward to another day next year.

I.M.G.

## ATTENTION: S.A. I.S.U. SHOOTERS

**100 TARGET ELIMINATION ZONE  
SHOOT WILL BE HELD AT:**

**S.A.G.C. on August 7**

**Pt. Augusta on September 17**

**Mt. Gambier on October 10**

To select the top eight shooters from each Zone to shoot for team selection and S.A. State Training Squad.

A 100 Target final will be held at International G.C.  
Contact your Club Secretary for further details

**Brian Growden: President**

## STATE I.S.U. SKEET

Pleasant conditions greeted 27 shooters for the State I.S.U. Skeet titles at the C.M.T. Clay Target Club on the 18th and 19th June.

Club President, John Harris, welcomed all to the club, wishing the good shooting for the weekend. Although numbers were not high, John remarked on the quality of the shooters. The concentration and dedication to shoot this discipline is of the highest order. Edd Powell, Captain, wished shooters well, and asked all for promptness and gun safety.

Scores for the first day saw some excellent rounds. Leaders were: D. Kevill 92; J. Coci 91; J. Harris 90; A. Forsberg 90; J. Carboni 87.

Sunday saw overcast skies and strong wind. Scores declined with the conditions, with some shooters having trouble holding their balance on the pads.

After the 150, the State Team members were: J. Harris 134; D. Kevill 133; A. Forsberg 133; J. Carboni 131; J. Coci 129.

The final two rounds being shot in difficult conditions, the pressure was right on. John Carboni shooting the possible in the last round to edge out David Kevill for the silver.

Overall placings were: A. Forsberg — Gold; J. Carboni — Silver; D. Kevill — Bronze.

Overall grade winners: A Grade — J. Coci; B Grade — J. Harris; C Grade — K. Baker.

President, John Harris, presented medals and trophies to the winners. John also thanked the ladies for their work over the weekend. A barbecue followed the presentation with everybody seeming to enjoy themselves.

# WARATAH STATE NOTES

By the time that you are reading this month's report, our State Skeet Carnival is only a few days away. There are a couple of additions to the program that appeared in the July issue of C.T.S.N. — those being that a Perpetual Cup has also been allocated to event 2 — the N.S.W.C.T.A. Championship — this is in addition to the new Perpetual Cup on the State Championship — event 4. There will also be a veteran's trophy allocated on all five (5) championships.

## NOTES FROM THE LAST EXECUTIVE MEETING:

The State Executive Committee met on 25th June and the following matters are for our information:

- 1: All clubs in N.S.W. will be issued with a copy of the new Rules book — with the State Association's compliments;
- 2: All Clubs hosting any State Championships — commencing 1989 — will receive the overall sash and championship badge — with the State Association's compliments;
- 3: A complete re-organisation of Referee Examiners has been carried out — with new ones being appointed in some areas. All referees will be contacted in the near future — to arrange for re-examination to take place;
- 4: All Clubs be encouraged to have at least one registered referee — further details have been forwarded to all Clubs in the State;
- 5: State Carnivals have been allocated for 1989 as follows: I.S.U. — Illawarra; Skeet — Wagga; Trap — Moree;
- 6: Membership registration to the A.C.T.A. will rise by \$2.00 for 1989 per full member; \$1.00 per second family member and veteran members with no increase in junior registration fees;
- 7: That any club guilty of breaking ANY rules will not receive any championship allocation for the following year.

## FROM THE CENTRAL ZONE:

The Zone Trap Carnival is set down for the 30th/31st July — just about now — at the Grenfell Gun Club. From all reports the Club Committee have really worked very hard to bring everything up to scratch for this carnival. It's great to see the smaller clubs having a go at these bigger shoots.

Also in the Central — a new Club has been approved — Kenworth, which is at Bedgerabong — only on a small scale at this stage, however could develop in the future.

## FROM THE NORTHERN ZONE:

Our roaming Skeet reporter, Kevin Weatherall, supplied some interesting bits from the Zone Skeet Carnival which was held at the Coffs Harbour Club in June.

Coffs Harbour Club can be proud — they did it well. From a blustery and wet week, right up until Friday evening — then Saturday morning turned out tremendous. And that is the way it was all weekend — fine, warm and still — perfect conditions for good scores. However that was not the case for the average shooter on Saturday with scores being down. Sunday saw smiles as scores improved and "shoot-offs" went on.

A strong representation from southern Queensland — without their captain/coach Ray Porter, made their presence felt by cleaning up most of the events. Ray has been offered free accommodation and copious quantities of "Bundy" to accompany his team to the N.S.W. State Skeet Carnival in August at Tamworth.

Kevin finished by adding — weather perfect, food and hospitality tops, trophies first class, management excellent and there is no doubt that those who attended will return and those who missed it — don't miss it next year.

Some results were: Handicap won by Neal Dimmick; event 2 was taken out by Doug Siggs from Dave Dundon; the Zone Championship also by Doug Siggs with 86/86; and the last event — you guessed it — Doug Siggs again with 54/54. Doug also won the Overall High Gun trophy with a score of 197/200.

The Northern Zone Team comprises Ray Melville, Kevin Weatherall, Geoff Walters, Doug Jackes, Bill Clark and Cec Herbert.

Zone President, John Farrell reminds all clubs of the next Zone meeting which will be held at the Inverell Gun Club on Saturday, 20 August — to commence at 5.00pm or soon after the shooting has finished.

## FROM THE SOUTHERN ZONE:

The Majura Park Gun Club will be holding the Southern Zone Double Rise and Deauville Doubles Championship at their Club from 11.00am on Sunday 7th August. Further information can be obtained from P. Turner (062) 88 0077 A/H.

Plans are well under way for the staging of the Zone Trap Carnival and Team Elimination — this being held at the Illawarra Club on the 11th September.

## FROM THE WESTERN ZONE:

The Western Zone held their A.G.M. recently and all existing office bearers were re-elected — President: Peter Holmes; Secretary: Paul Tattam; Coach: Kevin Constable; Handicapper: W. Powell.

The West have also approved another Club — Roto which is near Hillston. More details on that one as they come to hand.

The Western Zone Trap team comprises: R. Jenkins, A.M. Burgess, P. Osbourne, R. Slacksmith, P. Holmes, B. Holcombe, G. Betts, K. Constable, D. Boyd, R. Fitzalan and J. Francis — reserves being J. Baldry, D. Osbourne, T. Hudson, W. O'Rourke, F. Higgins.

While still in the West — the Dubbo Gun Club have asked for permission to alter the date of their shoot in November from the 6th to the 12th — approval has been given — so would you all make the necessary alteration in your Blue Book — this also includes the STATE NIGHT DEAUVILLE DOUBLES CHAMPIONSHIP.

That's all for this month — good shooting — and don't forget to send in any information to help boost up this monthly report.

N.S.W.C.T.A.  
P.O. Box 836,  
TAMWORTH, 2340.

## LETTER TO THE EDITOR

Dear Mr Maher,

Just a few lines to let you know how things have gone for me since I was last in Australia, which was March of this year.

I certainly regretted missing the Nationals in Wagga Wagga. I suffered my second heart attack just a few days before leaving Gympie and wound up in the Prince Charles Hospital in Brisbane for three weeks. After stabilization I flew home and found that I had to have open heart surgery. This was done on May 24th and I am now recovering.

They say that I can go back to shooting by November. If so, I will again come to Australia in April for your Nationals. I have certainly enjoyed my association with the Australian shooters and hope I can continue to participate in the shoot. However, I am now seventy, so who knows how long one has left?

Thanks for your attention.

Very truly yours,  
Orion C. Shockley.

# PERAZZI

**The Guns with the latest and up to date technology built into them:**

Perazzi is the innovative gun that has done so much for so many in such a short time (in comparison with other manufacturers) since their introduction that it is obviously the quality gun of the present and very possible the gun of the foreseeable future. It is the gun that amazes shooters (beginners and experienced) with its most effortless speed and ease of handling to give you the scores. That score that makes you a winner — in fact if you take notice it is the gun that is making headlines up front more often most times for the percentage of guns used.

Now analyse this and you must surely convince yourself that value for money your first or next gun must surely be a PERAZZI. Their balance is superb. We have so many of the more popular models in stock that there must surely be a model to suit you. If not, it would only be a telex call away and remember they are easy to shoot and extremely soft on your shoulder.

Also you must surely appreciate the simplicity of its dismantling and reassembling quality system as the innovation of the century and second to none in gun design. If you haven't seen one, ask anyone who has one. He would be as proud to show it to you as he is to own it.

So now think positive — "PERAZZI FROM YOZZI".

**Tony Yozzi Sports,  
460 William Street, Perth. 6000.  
West Australia.**

**Ph. (09) 328 4981 A.H. (09) 271 2766**

All in stock now.

Also W. Australian importer of fine **BENELLI** auto and **F'GI GAMBIA** D.B. shotguns.

Latest illustrated coloured catalogues available.

Genuine trade enquiries welcome. All enquiries and orders immediately attended to irrespective of state.

# THE WINCHESTER 275

Ron Forsyth

I was pleasantly surprised to be advised by Winchester recently that the well known 275 has been resurrected in its familiar gold AA case, and is now back on the market.

The numerical designation of the 275, in case newer shooters are not up with it, indicates its power rating, and the cartridge has a 2¾ drams equivalent velocity. Most regular shooters will be aware of the rest of the graduated Winchester factory line up for target shooting — the 300, the 325, 350.

The 275 is by definition a load that gives a nominal 1145 fps to 1¼ ounces of shot, just as the 3 DE gives 1200 and the 3¾ gives 1255. The rating is based purely on speed.

The load is designated as a target proposition, and the samples I received from the factory spoke of the usual Winchester quality control in manufacture. For instance, the shot count in the number seven load averaged out at 384 per load, which is exactly the required nominal figure. In other words, it is accurately loaded, a good start.

The value of the low velocity cartridge for target shooting cannot be overestimated in the hands of average and highly competitive shooters alike. All around the world, trap has been shot successfully by cartridges producing velocities well under 1200 fps.

In looking at the 275, we are in fact now seeing two cartridges. There is little point in speculating on the actual powder used to load them, because Winchester has the facility to use blends that are unavailable to reloaders.

However, it doesn't matter in the least whether it's 452, or faster or slower in burning rate. What matters is that the factory can manipulate its blends for the consistency necessary for regular users to learn its performance in their own guns.

Testing indicated that the cartridge was loaded to 1150 fps, and a mean pressure of 9100 fps. This is moderate by SAAMI standards (of which I will write in detail in a future article). It is these, the American standards, to which Winchester adheres as a means of gaining worldwide quality control.

Why is it two cartridges?

As it comes in shot sizes seven and nine only, the two targeted buyer groups are obviously Down the Line and skeet shooters.

Consequently, it comes as no great surprise to find that the sevens come with the white AA wad and the nine use the AA wide pattern.

This becomes a complication, but not a bad one.

Modern skeet guns, anything other than those with a fairly positive degree of choke which they used to have many years ago, in my experience tend to pattern very similarly from one cartridge to another. Put another way, it's practically impossible to get a skeet gun with a retro choke, or a true cylinder bore, to tighten its patterns. It will resist efforts to tighten up because there is no constriction there for the shot to catch onto at all.

I have to add here that the skeet and cylinder are the only chokings that in my experience are so incapable of changing their patterns with a different diet of components. Now, if you shoot skeet with an improved cylinder, a gun with some small quantity of choke, however negligible it may be, then you do stand to benefit from the wide pattern wad, which will help to override it and give the rapid spread needed for the close ranging skeet targets.

In this way it is easy to understand Winchester's thinking in using the wide pattern wad in the skeet cartridge. There is nothing to lose, and there may well be something to gain, depending on the particular gun in use.

The advantage that this cartridge offers for skeet is that it is offering the lowest recoiling performance on the factory loaded market. In any competition this aspect is

just too often overlooked, but a lot less often by the winners than the losers.

Compare it with a faster cartridge. At the twenty metres' breakage of most skeet targets, the slightly reduced velocity of the 275 has no harmful effect whatever on the ability of the load to break the targets; at the same time it recoils less, and is probably going to pattern the same as a harder kicking cartridge. No contest. Among the current range of factory loads I'd use it for preference without hesitation.

It has a place in simulated field as well, just a couple in the loops of your shooting jacket to deal with the close, fast birds, particularly where you need quick recovery for the second barrel.

In looking at the number seven load, we have a different question to confront.

The trap shooter is not blessed with a choke that makes for high quality patterns regardless of what diet he feeds his gun on. If he has, say, an improved modified first barrel, he may have to do a little work in matching cartridge to gun, because such tighter than moderate levels of choking do get patterns to want to head into the area of overtight percentages and inefficient distribution — unless some preventive measures are taken in patterning to find the most suitable combination.

On the other hand, the fifteen metre Down the Line specialist is very much in need of a low recoiling first barrel load, and will benefit from the quicker realignment time if he has to use the second barrel. Just as much as the skeet shooter, he will benefit from the decreased pounding his nervous system has to soak up from recoil.

In the States, the demand for such loads has steadily increased, and extends to 12 gauge one ounce jobs at the same 1145 fps, and the reloading manuals are full of them. They do the work at fifteen metres without any question whatever.

Pattern testing of the 275s in sevens demonstrated that the cartridge when properly used is a delight. Only misuse by the shooter can interfere with their potential. And any cartridge can be misused.

Let me explain. The pattern efficiency scale is able to be broken down into what amounts to five sections — poor, fair, average, good and excellent. Remember, this has nothing to do with pattern percentage, which is a register of how tight the choke is. It is a measure of how well distributed a pattern is, regardless of choke.

Among the test barrels I used for this report, I selected three from different ends of the spectrum — .025", say improved modified, likely to be found in the first barrel of a trap gun; .014", say a light modified; and true cylinder. The last we have already covered. Patterns were just as I would expect from a cylinder — devastating. They always are. The skeet end is well and truly wrapped up.

The .025" improved modified barrel using sevens shot fairly tight (75%) full choke patterns with average to fractionally above average pattern distribution.

The .014" was a different story altogether. It shot to specifications, giving 58%, a light modified, and pattern quality improved noticeably to reach the high average bracket, enough to impart an advantage in the favour of the shooter.

Frankly, this surprised me. The shot used in the 275 is to my knowledge the hardest you can get in Australia, harder in fact than some Italian nickel plated that I compared it with. I rate it as the highest antimony content on our market, and this can mean the shot tends to centrally thicken the patterns.

The factory thinking here is not hard to work out. By reducing velocity to basic target speed they want to keep penetration to a maximum, and so use the hardest shot.

## NORMANTON GUN CLUB

### ANNUAL SHOOT 28th & 29th MAY

As always with shotguns, there is a trade off, and in this case it goes like this. Harder shot retains energy and patterns tighter down range, but if put through too much choke it will bunch the shot up in the middle. There is a perfectly easy way out of this — use less choke.

As a result of my testing I am very pleased to recommend the 275 — I think it is a boon to target shooting. However, if you simply swap over to it from, say 325s, there's a likelihood you may not get the best out of it because your patterns will be prone to tighten up.

In the States, they've recognised this phenomenon for years. It makes me wonder when Australian shooters will wake up to it. The way to go to get the very considerable benefits of this cartridge is to reduce choke to suit it. Any reader with a trap gun too heavily choked to give best results with these low recoiling moderate loads need only have a little choke removed to get the required pattern distribution. About .015" is getting close for good half choke patterns. If you're not confident about a gunsmith who can do a competent job, write to me here at the magazine with a stamped addressed envelope and I'll recommend a couple.

The other group in the shooting community who could readily adopt the 275 with some benefit is the simulated field shooters. Many folk these days have a set of choke tubes at their disposal. The 275 is ideal through an improved cylinder tube, and will give first class results on targets from 25 to 40 yards, which is where most simulated field shooting is done — and, once again, reduce recoil related fatigue, and allow a quick recovery for the second barrel.

At present the 275 has been reinstated in sevens and nines only. I would hope to see it come out in eights, with the standard AA wad, and feel this would increase its usefulness further, both for first barrel trap and particularly for first barrel simulated field.

And what's more, it comes in that tirelessly reloadable gold case. I hope the demand stays high. It's filling an entirely empty gap in the market.

#### TRADE PRACTICES ACT

The attention of advertisers is drawn to the Trade Practices Act 1974 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. reserves the right to refuse any advertisement without stating the reason.

Twenty-nine shooters competed in the night program which consisted of the North Qld Zone S.B. C'ship. The overall winner was Jim Edmonds (Mt Isa) with a score of 24/25. A Grade Rod Cusack (Mt Isa) 22/25; B Grade Peter Weder (Normanton) 19/25; C Grade Diane Reeves (Normanton) 22/31; D Grade John Wilkes (Karumba) 18/25; Best Lady Carole Weder (Normanton) 14/25; Best Junior Brenda Schneekloth (Normanton) 14/25. This event was sponsored by Pacific Dunlop Batteries, Townsville.

Event 2: Qld. State D.Doubles C'ship. This event was sponsored by Repco Autoparts, Cairns and was won by Jim Edmonds (Mt Isa) and Ron Keyes (Cloncurry). Second place going to Rod and Robbie Cusack (Cloncurry).

The weather continued to be pleasant with a strong breeze on Sunday morning with 26 shooters competing. Event 3: 10t DB Points Cash Divide saw Wayne Mann (Karumba) shoot the only possible and second place going to three shooters on 27/30 — Rod Cusack, John Wilkes and Junior, Brenda Schneekloth.

Event 4: Gulf Country Points C'ship — winner Jim Edmonds collecting his 3rd Overall Sash and Trophy for the weekend with a score of 73/75. A Grade Rod Cusack 72/75; B Grade Peter Weder 63/75; C Grade Gordon Bell (Charters Towers) 64/75; D Grade John Wilkes 62/75; Best Lady Diane Reeves 63/75; Best Junior Brenda Schneekloth 46/75.

Event 5: Carpentaria DB C'ship. Overall in this event went to our secretary, Diane Reeves 24/25; A Grade Kevin Pearce (Cessnock N.S.W.) 25/27; B Grade Ron Keyes 19/25; C Grade Gordon Bell 23/25; D Grade Kevin Robinson (Cairns) 23/25; Best Lady Brenda Schneekloth 19/25; Best Junior Rachael Sellings 17/25.

Event 6: Annual DB H'cap Event (Calcutta) was won by Rod Cusack 24/24 who also gained another metre for his win. Second went to Gordon Bell 33/35; third Chris Gillham (Normanton) 32/35 after a shoot off for 2nd and 3rd which involved five shooters. Front Marker prize (dinner for two at Christine's Restaurant, Karumba) was won by Brenda Schneekloth 23/25.

The Overall High Gun was won by Rod Cusack by one point from Jim Edmonds. The "Carpentaria Classic" ended in a tie between Rod and Jim on 118 points. After several rounds of shoot off targets Rod Cusack emerged the winner.

Other High Gun winners were: A Grade Jim Edmonds 164/180; B Grade Peter Weder 143/180; C Grade Diane Reeves 138/180; D Grade John Wilkes 151/180; Ladies Carole Weder 105/180; Junior Brenda Schneekloth 129/180.

This year saw the club able to use two layouts with identical trap houses and two Hitraps installed, both layouts under lights which speeded up the program and allowed travellers to leave for home on Sunday afternoon with plenty of daylight.

The club members and committee would like to thank all sponsors and trophy donors for contributing towards our annual shoot which boasted \$2,000 in prizes and trophies.

Visiting shooters for the weekend came from Karumba, Cloncurry, Mount Isa, Richmond, Charters Towers and Cessnock N.S.W. for which we thank you once again for your company.

The last section of improvements now completed at the grounds, we are in readiness for the Zone Trap Carnival to be held at Normanton in Easter 1989. We hope to see as many shooters as possible visit our club, catch a barra and break a clay in '89.

See you in the Gulf . . . WAYNE REEVES.

# W.A.C.T.A. REPORT

Over half the shooting season past, and time to reflect on the goals you set, and have you achieved these? Not only on the tracks, but also for your club. At W.A.C.T.A. level one of these goals was the formation of the five year forward development plan and the implementing of this. The first stage is underway with our submission to the Department of Sport & Recreation, for the July 1988-June 1989 season. D.S.R. invited all association presidents to a meeting for discussion on funding and the announcement of the D.S.R. country package approved by the minister. A very informative meeting and an indication from the government of their increased commitment financially and in all other aspects of our sport. Club secretaries should by now be well informed of what is available, and the avenues to take. If unsure contact your regional D.S.R. office.

The commitment by A.C.T.A. and release of a property debenture program is highly commended by your executive. One hundred and fifty one thousand dollar debentures with a maximum of term of ten years at 7½% is a means of raising the additional funds to purchase a property in a location best suited for its purpose. On a state share basis, 21 units is not much to ask from clubs or individuals to support a sport that has, and will continue to give you many hours of enjoyment. Your executive in support of this venture have purchased a debenture.

The executive meeting was held on the 11th June. All clubs should have the minutes. I urge all members to read these.

Exmouth responded to a request for a date change of their Coral Bay Championships. I personally pledged my support along with fellow competitors to this event when held at a later date.

We should know by the time this goes to print if the bid for the 1991 World Shotgun Championships is successful.

A promotional video compiled by the W.A.G.C. has been finalised. The executive previewed this and commends W.A.G.C. President, Mr T. Morony, his committee, and Mr R. Wagland in documenting a very professional video that all clubs should have. It is an excellent avenue for gaining new members.

Congratulations to Jim Scott on his election as A.C.T.A. President. Immediate past President, Mr Roy Holtfreter, announced his retirement from the W.A.C.T.A. Executive. A face we will certainly miss, not only for his wealth of knowledge, some 34 years of Clay Target involvement, but his sound reasoning at all levels of discussion. On behalf of the executive and all State Members, Roy, thank-you for your unselfish dedication. Welcome to Trevor Smith, Northam Gun Club President onto the executive.

## Around the Traps

I had the pleasure to attend the Kalgoorlie two day carnival on the 4th and 5th June. A most enjoyable weekend. A. Hocking proving too good for the field, winning A Grade 99/100 on the first day, and taking out the overall high gun in a field of 75 shooters.

C.M.T. were host for the state I.S.U. Skeet title. Twenty-eight shooters competed in the very trying conditions. The overall winner was A. Forsberg 201/225, with J. Carbone shooting 25/25 in the final round to draw within one target of the leader. State team comprises: J. Harris, A. Forsberg, J. Carbone, D. Kevill, J. Coci.

The inaugural inter zone W.A.I.S.U. Skeet Shield created added interest for all competitors. Thanks to J. Coci and B. Day for the donation of this magnificent shield. Congratulations to all the competitors.

The I.S.U. sub-committee has been active under the leadership of Chairman, Mr R. Thomson, and Secretary, Mr. P. Melvin. A meeting was held at Cunderdin on the Saturday of the State Skeet weekend. I attended this

meeting and I'm pleased to report the direction the committee is following, plus the enthusiasm of all competitors augurs well for the I.S.U. in the future.

It won't be long before our October Carnival is upon us. Sponsorship is an important part of our budget requisites. If you can assist, please contact myself, or our ever efficient State Secretary, Mr R. Arlow.

Until next month,

J. Fissioli,  
W.A.C.T.A. President.

# MARYBOROUGH TIT BIT

Local shooters to attend Townsville G.C. April 30/May 2, and to make an impression were Allen Harris who made the possible, but didn't continue. Bad luck Allen. Troy Harris (junior) shot equal third in Junior State Team and second in the Single Barrel . . . good shooting Troy.

From Bundaberg Rob Rehbein obtained fifth Qld State Team & 6th in Qld. His wife, Kaye, blazed her way to 2nd Ladies State Team, 1st Qld DE C'ships and places in the SB & Points C'ships. It is because of shooting like this that Bundaberg honored her with being sportsperson of the month, proudly sponsored by radio station 4UB and Crystal Gem.

After sending shooters to see local member with references to gun laws, we thought we had enough on our plate. However, watching local news on TV, a man came on with a 90 signature petition to have our club banned to the bush as he didn't like the noise. With the gun laws and the petition to shift us, we hit the panic button. Quick thinking by someone, we obtained the petition list and four shooters went off and interviewed them. Would you believe 98% said they didn't care and signed because they lived in the area and didn't want to make enemies.

Things didn't end there. That same afternoon our generator blew up. As our original coverage was well looked after with the help of AMP and a premium of \$16,000 we thought we were right, but no, we didn't have fusion, so I don't know what else you could cover a generator for. Thanks to the workers for getting the replacement motor in time for the next shoot which was May 22. This shoot saw visitors raid the cash box in the 100t Cont. CD. O/A: B. Gino Sergiacomi, C Grade 1st Frank Agius, Spencer Plath 2nd, Rob Rehbein O/A . . . all Bundy shooters.

Talk around the traps is that Hervey Bay is to build their own shooting complex, so I asked around to find out if it is going to be a floating complex like the hotel at Cairns. Reason being the lost bird wouldn't break on impact. Well that sounds alright now, but how would you pick them up?

Till next time see you around the traps.

Lost Bird.

## RIVERINA ZONE CARNIVAL 1988

Tumut Gun Club in conjunction with Riverina Zone attracted shooters from Cowra, Cooma, Canberra, Boorowa, Wangaratta and twelve Riverina Clubs to shoot in ideal conditions. There are 10 juniors vying for position and five lady shooters.

Tumut Bicentennial Sports Council generously donated eleven Bicentennial Sports Badges and a certificate to all shooters who nominated on the day.

The John O. Cox Memorial Shield, donated to the Zone by the Mangoplah Gun Club to be shot on the double barrel event by zone teams was contested by nine clubs. The winning team of T. Salafia, A. Paonne, S. Papisidero, N. McDermott and C. Salafia from Leeton shot a perfect 125/125 to win. What a score to put on it for starters! Congratulations guys!

Nineteen shot the possible in the Zone Double Barrel Championship. D. Fairall was the overall winner with 137/137. AA went to T. Salafia from J. Smith; G. Pinner won A Grade from S. Papisidero; B Grade went to P. Englebrecht from Grant Cleely second; A Sanders was second to I. Peacock in C Grade; A. Pearce and D. Willett were first and second in Juniors; the veteran winner was Bill Mackay. The Ladies Zone Double Barrel was won again by Maree Rooke with 25/25 from Joan Longmore second.

Zone Points Score Championship was won by R. Piotrowski from Cowra with 99/99. AA went to G.

AUSTRALIAN CLAY TARGET NEWS — AUGUST 1988

Thatcher from F. Schmetzer; A. Paonne took A Grade with Bill Mackay second; D. Blewitt won B Grade, K. Male coming in second; S. Polsen was second to R. Willett in C Grade; the top junior was A. Pearce and Lyn Blake was the winner of the ladies division.

Leeton's well known Chris Salafia was overall winner of the Zone Single Barrel Championships; J. Smith and P. Mason were first and second in AA Grade; A went to Bill Mackay from G. Pinner; Joan Longmore won B Grade from fellow clubman R. Schubach; M. Monteleone was second to M. Casnave in C Grade; Junior winner was B. Leonard; Maree Rooke won the ladies putting her one point ahead of Joan Longmore in the team score and two points ahead for the ladies high gun. The overall high gun was won by A. Paonne with 128/130. The veteran's high gun went to Bill Mackay and the juniors to D. Willett.

Qualifying scores were higher in all divisions this year. Keep it up shooters and let's hope for at least one winning team at the State Carnival at Sydney in October. Good shooting and good luck!

## SINGAPORE AIRLINES PERPETUAL TROPHY

Champion of Champions held at Wakehurst Gun Club, Narrabeen.

Seventy two enthusiastic trap and skeet shooters competed for the fifth year in succession to win Singapore Airlines' Perpetual Trophy "Champion of Champions".

This competition was held at the Wakehurst Gun Club on May 29 in cold and windy conditions.

The contest was shot over 55 mixed targets; 10t Single Barrel, 10t Double Barrel, 10t Pointscore and 25t Skeet. The popularity of this trophy caused some concern at Wakehurst, this being a one only down the line skeet layout. The club could not keep up with the demand of shooters wanting to take part and some late comers had to be turned away due to limited time available.

This year's Singapore Airlines Trophy for overall best marksman was won by an A Grade shooter, Nick Lougas with a score of 71/75. The A Grade prizes went to: 1st Ron Beer 67/75, 2nd A. Michael 66/75. B Grade prizes went to: 1st E. Stano 64/75, 2nd G. Petrou 60/75. C Grade was won by P. O'Hanessian 63/75 followed by P. Lewer 2nd with a score of 60/75.

On hand to present the trophies to the winners were Mr John Howse, Sales Manager N.S.W. for Singapore Airlines and Mr Charles Abela, District Sales Manager, Sydney, and a long time member of the Wakehurst Gun Club, together with Mr Ray Cerny, President of Wakehurst.

Back Row: R. Beer, John Howse (Sales Manager, Singapore Airlines), E. Stano, P. Lewer, P. O'Hanessian.  
Front Row: A. Michael, G. Petrou and N. Lougas — Overall Winner.

# IMPORTANT NOTICE

## 1989 NATIONAL CHAMPIONSHIPS

THE RICH RIVER ACCOMMODATION ASSOCIATION  
welcomes all competitors to ECHUCA and MOAMA for

### THE AUSTRALIAN NATIONAL CLAY TARGET CHAMPIONSHIPS

## CLUB NEWS

### MORWELL GUN CLUB

The Club held its Annual General Meeting 25.5.88 and the new office bearers are as follows: President — Bruce Webb; Senior Vice President — Gerry Petruska; Junior Vice President — Jim Hollands; Secretary — Fiona Firth; Treasurer — Malcolm Firth.

### WAGGA GUN CLUB

Annual General Meeting was held on 30th May, 1988 and the following committee elected: President — Barney Rooke; Vice President — Bruce Tingle; Secretary/Treasurer — Andy Sanders; Promotions Officer — Barney Rooke.

### SCRUBBY CREEK GUN CLUB

At the Annual General Meeting held on Sunday, 12th June, 1988 a new committee was elected: President — S. Picone; Vice Presidents — M. Doyle, A. McPherson; Secretary/Treasurer — R. Doyle; Shoot Captain — I. Peckett; Asst. Shoot Captain — W. Bryant, N. Johnston.

### KEMPSEY GUN CLUB

The following were elected at the Annual General Meeting held on 25.6.88: President — Bert Edwards; Vice President — Colin Crighton; Secretary — Jan Edwards; Treasurer — Edward Baker; Committee — Glen Baker, Frank Buchanan, Rowley Booth.

### KERANG CLAY TARGET CLUB INC.

At the Annual General Meeting of K.C.T.C. the following office bearers were elected: President — Frank James; Vice President — Bob Williams; Junior Vice President — Ken Burton; Secretary/Treasurer: Faye Burton.

### V.C.T.A.

The Victorian Clay Target Association notifies members of the change of Office Bearers resulting in: President — Glen Woodhatch and Vice President — Len Cook.

### VALE: RAY HERBERT BATH

Ray Bath, a Life Member of the Geelong Clay Target Club, passed away suddenly at home on 13 June 1988, at the age of 67.

Ray will be remembered for his cheerful disposition, his love of a good yarn and the fact that he was the longest-serving member of the club.

● He had not been in the best of health over the last few years and underwent a series of major operations, with the prospect of more in the future.

Ray won many trophies over the years, his best effort being 107 single barrels at Ballarat some years ago.

Ray will also be remembered for his skill as one of the world's fastest rabbit skinner. He could skin and peg a pair of rabbits to export standard in less than a minute.

He is survived by his wife Dorothy and son Colin, who are also Life Members of the club. Grandson Paul is also a member and is already showing some of the skill of his father and grandfather.

Ray will be sadly missed by friends, club members and the shooting fraternity.

# NORTHERN TERRITORY STATE SKEET CARNIVAL

**Venue: Darwin Gun Club**

**Date: September 17 & 18, 1988**

**Start: 9.00a.m.**

## EASTERN GOLDFIELDS GUN CLUB INC — ANNUAL TWO DAY SHOOT

The Eastern Goldfields Gun Club held their annual two day shoot over the long weekend, which proved a triumph for Geraldton marksman, Alan Hocking.

Hocking won the overall High Gun sash and trophy with a score of 218/225. Kalgoorlie's Julie Wood was overall winner in the women's division with a score of 201/225 and Scott Couzens took off the Junior High Gun scoring a total of 196/225.

A total of 85 clay target enthusiasts from throughout the Goldfields and other parts of the state, including Geraldton and the metropolitan area contested the annual shoot which opened Saturday with the 100 target Kalgoorlie Businessmen's Classic.

This event was shot over 15 metres in four lots of 25 targets and carried \$3000 in prize money. Hocking won overall and 1st in A Grade with a score of 99/100, 2nd was David Kevill (Quairading) 98/100 and 3rd in A Grade was Max Cubic (Collie) after a shoot off scoring 110/113.

Jack Hartley (Geraldton) won B Grade shooting 95/100. A shoot off was needed to separate 2nd and 3rd, Allan Brown (WA Gun Club) was 2nd with 99/105 from B. Edgar (Lancelin) 98/105. C Grade saw Bob Couzens (Southern Cross Gun Club) win with 93/100 from Dino Fracaro (WA Gun Club) and 3rd Toni Watson (Geraldton) 88/100.

Kalgoorlie's Julie Wood took off ladies with a score of 91/100, and Scott Couzens (Southern Cross Gun Club) won Juniors with a score of 87/100.

That concluded Saturday's shooting.

The first event Sunday was 25 targets Cartridge Handicap. A shoot off was needed to separate 1st and 2nd seeing Laurie Naylor (Esperance) winning with 34/34, 2nd was Gordon Cammock (Geraldton) 33/34 and 3rd Alan Hocking (Geraldton) with 35/36 after shooting off.

Unplaced meterage trophies went to 11-15 Mick Rowell (Kalgoorlie) 32/34, 16-18 Jack Hartley (Geraldton) 34/36 and 19-25 Neil Johnson (Leonora) 24/26.

A 25 target double barrel points score over 15 metres represented a district Championship and in A Grade and overall saw Lex Shipp (WA Gun Club) shoot the only possible 75/75, 2nd in A Grade went to Darryl Weise (Narrogin) 74/75. B Grade was won by Chad Johnson (Leonora) 72/75 and second B Grade Gordon Cammock (Geraldton) 71/75. 1st in C Grade was won by Leslie Watson (Geraldton) 66/76 and 2nd Scott Couzens (Southern Cross Gun Club) 80/90.

The final event was the Hungry Jacks Kalgoorlie Whopper 25 Double Barrel. Overall Laurie Naylor (Esperance) won after a shoot off which went for 126 targets, Naylor's score 126/126. 1st A Grade Darryl Weise (Narrogin) 125/126, 2nd A Grade Brendan Vodden (Kambalda) 58/59. Laurie Naylor also won his grade, being B Grade, 2nd was B. Edgar (Lancelin) 41/42, the C Grade winner was Joe Rayner (Kambalda) 24/25 from Gaye Shipp (WA Gun Club) 23/25. In this event there were initially 10 possible 25/25s shot.

The committee once again would like to thank all the local business people who have supported the club for this weekend.

Local members contest for their next club shoot 25 DB Trap ACTA and 25 DB Trap 15m to be held on the 19th June at 2.00pm.

## VENETO SOCIAL CLUB SHOOTERS

As part of his visit to Australia for the Australian Bicentennial Celebrations, Prof. Carlo Bernini, President of the Veneto Region, will attend a gala night in his honour at the Veneto Social Club, Bulleen on Saturday, September 3, 1988.

The President, for the occasion, has kindly donated trophies which he will present to overall and grade winners of the following combined events which will be shot at the Veneto Abruzzo Shoot to be held at the Melbourne Gun Club on: Sunday August 21, 1988. **Events: 25 Target Single Barrel; 25 Target Double Barrel; 25 Target Points.**

*Although these events are open to all shooters, only financial members of the club will be eligible to win these bicentennial trophies.*

# Every Day Someone Wins with Beretta 682. Why Not Join Them!

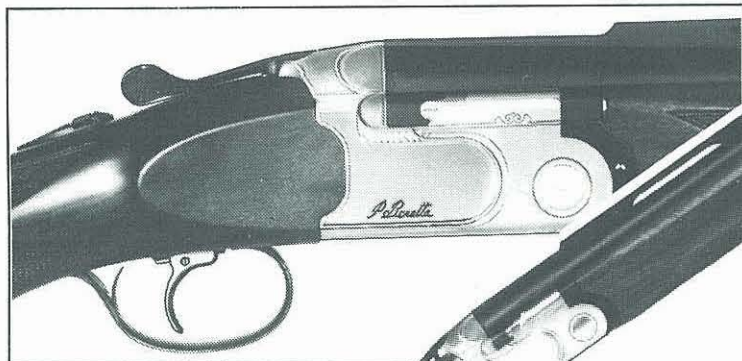

## TRAP SKEET & SPORTING MODELS

Born from Beretta's dedication to sporting achievement, this new breed of competition gun features many mechanical and functional innovations - providing dedicated shooters with what could be described as the world's most advanced production over and under shotgun.

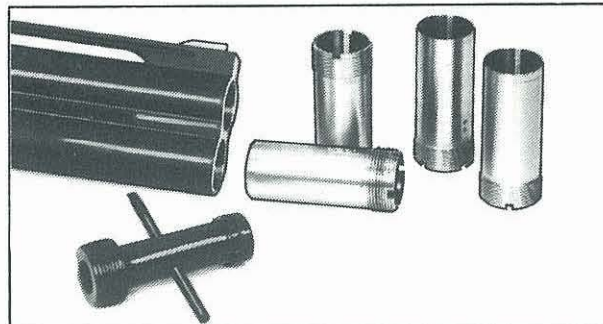

3 Position adjustable trigger allows 8mm of variation with ultra-fast lock times giving you that split second advantage when it counts.

can inexpensively maintain new gun fit forever, unlike other over and under shotguns which require expensive gunsmith attention should they wear loose following the rigors of extensive competition. In all they add up to a gun that's made to last in heavy competition.

The low profile receiver with elegant engraving highlights the stylish easy to change barrel shoulders.

Features such as adjustable trigger giving you the length you need regardless of shooting attire. Medium high ventilated top rib with greatly improved sighting plane and full length ventilated side ribs for better cooling during extended competition. Matte finished Teflon 'Brunitor' coated barrels gives exceptional resistance to weather and abrasion, while the internal hard chrome lined bore provides the ultimate corrosion resistance. Yet another exclusive Beretta feature is the user replaceable barrel shoulders and hinge pins. Only Beretta 682 owners

New flush mounting choke system that does not alter line of barrels. 4 chokes imp. cyl., mod., imp. mod., — and full. Key/thread cleaner come with guns featuring the mobilchoke system.

To complete the story the new \*682's come with Beretta's internal flush mounting mobilchoke system giving you infinite variations to suit both your style and type of shooting, in all a great case for Beretta.

And speaking of cases, the new 682's come in what can only be described as the greatest step forward in gun case design for over 20 years.

### BERETTA 682 SERIES

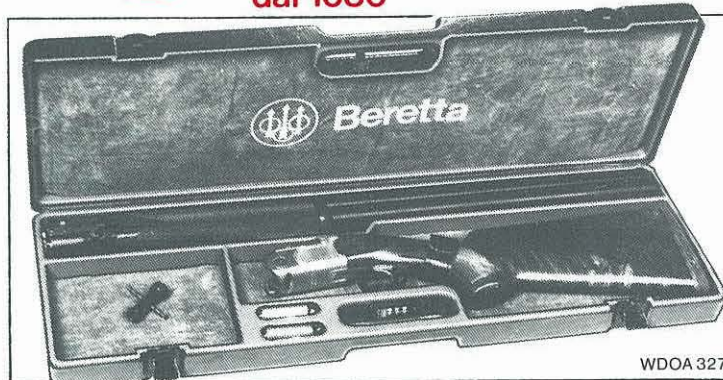

- 682 Trap: 75cm Barrels. Fixed choke I.M./F.
- \* 682 X Trap: 75cm Barrels. Fixed or Mobilchokes.
- 682 Skeet 71 cm Barrels.
- \* 682 sporting 71 cm Barrels Mobilchokes.
- \* 682 Lightweight Sporting Deluxe 71 cm Barrels Mobilchokes.
