EXECUTIVE DIRECTOR'S NOTES

Last month's CTSN advised of the composition of the team to compete at the World Shooting Championships in Moscow, this month's unfortunately advises of some changes that come about as a result of the lack of funds from the Australian Olympic Commission so far as all members of the initial team is concerned.

In the skeet team, all three members have advised of their unavailability to take their place on the team. Places were then offered to those next in line who were fully qualified. Two shooters, Brian Thomson (Vic.) and Alex Crikis (Vic.) have joined the team and will be participating at Moscow during August, we wish them well. A similar situation did arise in the trap team where owing to the unavailability of Bill Iles, 1990 Commonwealth Games Team member Russell Mark (Vic.) has been added to the team, being the next qualified person. Approaches to the Australian Olympic Commission has enabled the grant which was not taken up owing to the outcome of the elimination event to be re-directed to Craig Tilley.

The end result however for those who are not competing in Moscow was softened to some degree by the receipt of an invitation from Prince Haji Bolkia of Brunei for a trap and skeet team plus two officials to participate in the MSB Shooting Championships in late July on an all expenses paid basis to help him celebrate his birthday. The invitation was accepted with the team being:

Olympic Trap	Skeet
Bill Iles	David Cunningham
John Maxwell	Michael Inguanti
Philip Petriella	John Summers
David Menck (Official)	Ian Hale (Official)

The position of General Team Manager has been accepted by Davis Menck, ISU Shooters' Representative, National ISU Rules Supervisor and A Grade UIT Judge. No doubt the visit to Brunei will be full of interest for those involved and we wish them well, at the same time thanking Prince Bolkia for his very kind and generous invitation.

The Moscow team is also well advanced in its preparation with approximately 40 persons travelling under the auspices of the Australian Shooting Association through Shooting Team Manager Peter Quire. A very important competition for all involved and on your behalf I wish them well in their various events. Results will be well scrutinised by the Australian Olympic Commission and we trust that the shotgun competitors in particular feature well. Good luck to all.

VALE WILLIAM (BILL) TRILLO

It is with deep regret that I advise of the death of Bill Trillo. He passed away June 1990 aged 80 years.

Bill will be sadly missed by all, he continued shooting right up till his sudden death.

He was a great friend to many people and loved helping new shooters into the sport.

He will be in our hearts always, and not forgotten, a person could not have asked for a better friend. Rest in peace.

DUBBO GUN CLUB

Annual "Golden Fox" Shoot

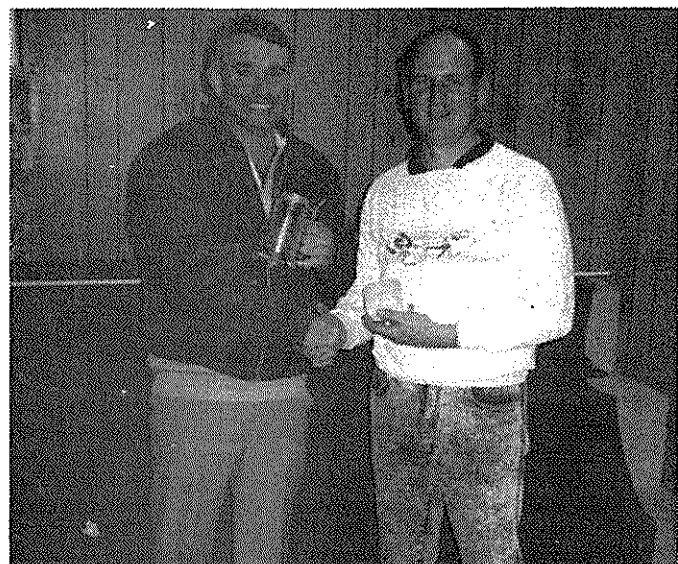

Dubbo Gun Club "Golden Fox" Clay Target Shoot was an outstanding success with 126 shooters competing each day. Shooters came from Melbourne, Geelong, Albury, Hay, Wagga, Newcastle, Sydney, Guyra, Tamworth, Narrabri and Gunnedah as well as local area clubs. All were trying to win the solid gold "Fox" which was hand-crafted by Dubbo's Master Jeweller Peter Keough.

For the second time in six years Dubbo Gun Club member Arthur Turner Jnr was the winner, only one point in front of Graham Boyd from Albury, this was after 225 targets. Arthur is the first shooter to win the prestigious "Golden Fox" twice.

The Golden Fox shoot has grown to be one of the major competitions on the NSW Clay Target shooting calendar bringing many visitors to Dubbo for the weekend competition.

Club officials estimated that over 26,000 targets were used with over 40,000 cartridges fired.

The club would like to thank all members for their help, with special thanks to Ramien, Turner and Jenkins families and Vic Smith for their superb effort in catering for over 200 hungry people each day.

● Graham Boyd (left) AA High Gun winner congratulates Arthur Turner Overall High Gun winner.

GUIDELINES FOR REFEREES TRAP & SKEET

1. Read shooters' names from squad sheets and ensure competitors are on correct tracks and marks. For safety reasons ask all shooters to check for obstructions in barrels.
2. The Referee must stand where he has a clear view of targets and competitors, preferably between lanes 2 and 3, approximately 2 metres behind the competitor's shooting mark. If there is excessive background noise, the Referee may move between lanes 2 and 4 in order to hear the competitors call so as to give all competitors equity of competition.
3. Describe the event and procedure for conduct of the event, e.g. "25 Target Single Barrel Championship, shot from 15 metres, 13 targets from trap 1 and 12 targets from trap 2".
4. The Referee should ask his scorer to stand close enough to him, so that the Referee can see the score sheet, and the scorer can observe the target as a check Referee.
5. Target to be shown by Referees:
 - (a) when the competitors are all in position, the Referee must release a target for number 1 shooter to look at on his call:
 - (i) at the beginning of all events;
 - (ii) after any breakdown or delay;
 - (iii) at the commencement of all shoot-offs;
 - (iv) on each trap used for a shoot-off;
 - (v) after any break for shells etc. during a shoot-off;
 - (vi) if a competitor received two broken targets in a row, the Referee should ask the competitor, "Would you like to see a target."
 - (b) If it is a six-man squad and there is to be 1 target per shooter eye-opener, number 6 shooter must move up to take the first target, but he must still be shown a target, on his call, before he shoots at his eye-opener target.
6. The Referee must at all times release the target immediately on the competitor's call.
7. The Referee must clearly call the result thus: one, lost, three, two, no target, as appropriate.
8. Lost targets must be called immediately, and the Referee can change his decision if the target breaks before it hits the ground.
The Referee is to see that the next shooter does not close his gun until the result of the previous shot has been called, and should not release the next target if the competitor calls before the result has been called. Refer Rule 1.1E.
9. At all times ensure that no competitor leaves a cartridge(s) in his gun, after a red signal from the traphouse (breakdown etc) and when moving from lane 5 to lane 1.
10. The Referee must speak to a shooter **immediately** on any breach of the safety rules. If the rules of etiquette are broken, the Referee should speak to the shooter concerned after the squad has finished, depending on circumstances.
11. Providing a shooter does not obstruct the Referee in the execution of his duties, the shooter may walk in front of the Referee when changing from lanes 1 to 5.
12. In Single Barrel competition the Referee must ensure that the second barrel in Double Barrel guns remains clear.
13. The Referee must not restore a target if the competitor opens his gun after a malfunction.
14. In the case of a malfunction the Referee shall firstly check the safety catch is not in the on position, he shall then check that the action is closed, enquire of the competitor how the action operates, i.e. whether mechanical, or inertia triggers, and then test fire the gun once only.
If the shooter is using a release trigger gun, the Referee will ask the shooter to test fire the gun once only. Under no circumstances will the Referee attempt to test fire it in this case.
15. The Referee should be mindful of the rule regarding squad members disturbing the competitor shooting.
16. A Referee will not call no target to deny a shooter the opportunity to shoot at a whole target, unless a safety hazard exists.

17. Interpretation of refusal rule:

A shooter may refuse to shoot at any target which he considers to be too high, too low, too wide, too quickly released, too slowly released, at any target he considers to be illegal. There is no limit to the number of targets the shooter may refuse as long as the Referee agrees with the reasons. Obviously, if too many targets are refused for illegality, the Referee must inspect the trap, find the cause, and correct it. If the Referee does not consider that the target refused is illegal, he will ask the shooter why he refused the target. If the Referee is not satisfied with the reason, he will tell the shooter. He will also state that any further targets which are refused, and are considered by the Referee to be legal, will be scored "lost target". If the above situation seems likely to arise, it is preferable that a third party, qualified if possible, adjudicates subsequent refusals. The foregoing procedure in no way discriminates against Referees using their judgement, it is meant to assist in equity of competition. A major point missed by older style Referees is that although a shooter may refuse to shoot at an illegal target, he is equally entitled to accept an illegal target, and shoot at it. However, if he shoots at, and misses an illegal target, the only decision open to the Referee is "lost target". Similarly, if he hits it, "three", "two", or "one" as the case may be is the only decision to be given.

A Referee should not call "No Target" for a fast or slow released target nor if the target seems to him to be too high, too low, or too wide. "No Target" should only be called in the case of a broken target, a pair of targets emerging instead of a single (or vice versa), or where a safety hazard exists if a shooter elects to shoot at the target.

The Shooter must be the only person to decide if the target is acceptable to him.

Many older style Referees consider that this rule takes away too many of their decision-making powers. The fact is that the rule puts the decision whether to shoot or not with the sole person who should have to decide — the shooter concerned.

The Referee must leave the "No Target" decision where it belongs — with the shooter. If the shooter breaks the target, illegal or not, he is credited with it, if he misses an illegal target, he must equally accept the "lost target" decision.

Referees are to ensure that "R" for refusal is entered on scorecards. Every refusal must be called either "No Target" or "lost target" by the Referee.

18. The Referee is to see that all competitors remain as a squad until the last shooter has finished.
19. At the completion of each visit to a trap, the Referee must say, "unload your guns and check your scores".
20. In Skeet, the Referee is to ensure that the competitor's feet are within the 1 metre square at each station.
21. The Referee should take up a position as recommended for each station.

COACHING DEVELOPMENT PLAN

The Australian Coaching Council (ACC) has recently issued a four-year development plan for the guidance of all National Sporting Organisations (ACTA is one) and all those who are accredited coaches or who are contemplating becoming sports coaches. Since the National Coaching Accreditation Scheme was established 10 years ago, over 68,000 coaches have completed some form of training and have been registered with ACC as accredited coaches.

The Coaching Development Plan is complex and comprehensive, so to summarise it briefly is difficult. The most obvious conclusions from the document include the following:

- with effect from July 1990, all accredited coaches will be required to update their qualifications; if not, they will lose their status after 4 years;
- standards for coaches are to become 'performance-orientated';
- at the State and National level, coaching directors will become training administrators rather than direct coaches of participants;
- the acquisition and retention of level 3 and higher coaching qualifications will be conditional upon the candidates working with "athletes of specified standard", i.e. elite shooters;
- the process of training a coach candidate will become both more flexible and more formal.

Your State Coach has a copy of this Development Plan and he or I would be happy to provide enquirers with more details.

CTSN COACHING ARTICLES

CTSN constantly aims to provide good quality coaching articles for the benefit of subscribers. This has placed a burden of inventiveness and composition on coaching directors. Perhaps we can improve the service if you, the subscribers and shooters, drop me a line at National Headquarters to propose future articles.

MARYBOROUGH TIT-BITS, QLD

Bundaberg 3.6.90 — Visitors on the day included R. King from Warrnambool, Victoria and the three Wellingtons, G., D. and T. who shoot Field & Game and have now joined the Bundaberg Gun Club, three shooters from the Showmans Gun Club also attended on the day. Bundy now has a membership of over 50 shooters and is popular amongst others as that friendly club to drop in for a shot. Rob Rehbein, one of the top shots of the club, was once again too good on this day and won the Overall High Gun, the Frontmarker's HG was won by R. King.

Gympie 10.6.90 — Rod Fett was in good form to take out the 25t CD, 25t SB, 15pr DR plus the Overall High Gun. G. Goding took A grade HG with D. Gardner taking B grade which also cost him a metre along the way.

Mundubbera June 16 & 17 — Good to see George Hogarth again, who dropped into Central Burnett Gun Club's two-day shoot while

WEST DARLING CHAMPIONSHIP

Well, the big weekend is over and it was a great success. May 12th and 13th saw the culmination of a lot of hard work and organisation, to hold our West Darling Championship Shoot. 110 shooters, many from interstate, fronted the traps to compete for a marvellous array of trophies and sashes, about \$10,000 total.

The weather over the two days was near perfect, with some terrific shooting taking place. It also resulted in some lengthy shoot-offs.

We would like to take this opportunity to thank our very generous major sponsors: SIG (Swiss Industrial Company Australia Pty. Ltd.), Samsung Electronics, Atlas Copco Australia Pty. Ltd., Broken Hill Community Credit Union, the Hoskins family. Also the rest of our sponsors: Beer Garden Gallery (in the Sportsman's Arms Hotel), Keith Ridley, Old Smithy's (buck knives), Silhouette Hair Salon, Silver City Guns and Ammo, Trudy Gasmier (Nutri-Metrics), Buttercup Bakeries, Ross and Jenny Walsh, Lodge Motel, Broken Hill Caravan Park, Old Willyama Motor Inn, Silver Haven Motor Inn, Johnston's Transport, Westpac Bank, Junction Hotel.

We would also like to thank Ray Mack for helping us out with our Calcutta Draw.

Thanks must go to the Committee and the trappers for a well-run shoot. The guys did a wonderful job at the bar, the ladies and gents in the kitchen who supplied everyone with excellent meals all weekend, the office workers and to everyone who helped in any way a great big "thank you". Special thanks once again to all our sponsors and, of course, all the visitors — without you there would not be a shoot.

Event 1 — West Darling Gift: AA Grade: 1st L. Knight, 2nd C. Bentley; A Grade: 1st R. Ross, 2nd C. Curtis; B Grade: 1st R.

Wiffen, 2nd John Haw; C Grade: 1st J. King, 2nd J. Pearce; Ladies: F. Burton; Junior: G. Hayden; Veterans: J. Blythman.

Event 2 — Atlas Copco Double Barrel Championship. This event was sponsored by Atlas Copco Australia Pty. Ltd. Overall winner and 1st AA Grade: L. Dimasi; AA Grade: 2nd S. Haberman; A Grade: 1st R. Glenn, 2nd C. Keath; B Grade: 1st T. Galkowski, 2nd G. Magaziarz; C Grade: 1st J. Pearce, 2nd F. Demasi; Ladies: C. Zagore; Junior: G. Hayden; Veterans: C. Keath.

Event 6 — West Darling Single Barrel Championship; Overall Winner: C. Caristo; AA Grade: 1st C. Bentley, 2nd M. Hocking; A Grade: 1st D. Stephenson, 2nd C. Cerchi; B Grade: 1st C. Caristo, 2nd T. Galkowski; C Grade: 1st T. Hudson, 2nd J. Headon; Ladies: D. Doyle; Junior: G. Hayden; Veteran: J. Blythman.

The High Gun Winners were: Overall High Gun: C. Bentley 203-205; Ladies High Gun: C. Zagore; Junior High Gun: G. Hayden; Veteran High Gun: J. Blythman. This event was sponsored by the Broken Hill Community Credit Union.

The overall High Gun winner's shooting was fantastic. He only dropped two clays over the whole two days. Congratulations.

The McKean Shield was won by the Broken Hill team — R. Walsh, D. Nicholls, M. Hocking, C. Bentley, G. Hipwell.

The Willyama Shield was won by the Geelong team — R. Wiffen, T. Nash, J. Cleary, C. Zagore, L. Dimasi.

REDCLIFFE CITY, QLD

Well shooters and friends, it is a couple of months since you had an update on Redcliffe City.

Last month (June) was another good competition day for Redcliffe City with the weather perfect so 36 shooters came along to have a go for the \$450 worth of trophies on offer.

It is a long time since I have seen a club put on a \$200 handicap on a normal monthly shoot. Well, many thanks to "Billabong Motors" of Redcliffe for their sponsorship.

They and many other Redcliffe firms have helped the club in different ways, and as I write, CMC Forklifts have offered sponsorship. Music to my ears.

We have gone back to the old ways of putting on 11-14 metre trophies for all events as well as three trophy events. This is what our shooters want, so as long as the numbers keep turning up we shall provide.

Amando Coco, our top Queensland junior, is back in the news again. He gave a good sight of what the future holds for him shooting 52/53 in the handicap and away goes another metre. He is moving backwards faster than I can run.

Good trophies make for good shooting and good sponsors help make a good club. Hank Hermans of CMC Forklifts, one of our sponsors just back into clay bustin' after seven or so years did not last long in C grade, 50 targets straight into B grade. Welcome to the new world Hank.

In closing I would like to remind shooters of our change of competition days. We now shoot competition on the first Sunday of every month with practice every Saturday afternoon.

Till the next time, keep both eyes open.

AUSTRALIAN CLAY TARGET NEWS — AUGUST 1990

EASTERN GOLDFIELDS GUN CLUB INC.

June 2 and 3 saw the Eastern Goldfields Gun Club hold their annual two-day shoot. On this weekend the club presented Merv Neve with a Life Membership. Merv has been with the club since approximately 1975, and has been on the committee for most of that time since. He has held positions of trap official, Club Captain, Treasurer and President. Over the last six or seven years he has been a zone delegate on the West Australian Clay Target Association Committee.

The shoot commenced on Saturday with the Kalgoorlie Businessmen's Classic. After the full day of shooting Laurie Naylor from Esperance was the outright winner with the only 100/100 shot. Julie Wood won the ladies' section from Helen Wiese after a shoot-off, with a score of 93/102.

The overall high gun winner over the two days was Daryl Wiese from Narrogin with a score of 244/250. Ladies' high gun winner was his wife Helen with a score of 233/250. Juniors winner was Adrian Rowell with 111/250.

With 60 competitors the shoot was successfully run and the committee would like to gratefully thank all sponsors for the weekend.

KNOW YOUR EXECUTIVE

PHIL GROVE

Northern Territory delegate to the National Executive Committee Phil Grove commenced shooting in Alice Springs in 1975, moved to Darwin in 1977 where he joined the Darwin Gun Club. Whilst at Darwin he has held positions of President, Vice President, Secretary, Treasurer or Committee member, since joining the club until this day. Obviously Phil is one of the hard workers behind the club. He is currently the Secretary of the Darwin Gun Club, as well as the Secretary/Treasurer for the Northern Territory Clay Target Association.

Phil takes the attitude that rather than give them "heaps" in the office for not doing things correctly, if you want the job done properly, then have a go at doing it yourself.

I am sure that his work is greatly appreciated by the Territorians.

FRED HILL REMEMBERED AT WONTHAGGI

On Saturday 5 May, Wonthaggi Gun Club held the Fred Hill Memorial Championship. Luck was on our side as far as the weather was concerned, although a little cold, the rain held off till after the shoot.

Fred Hill was a foundation member of Wonthaggi and a dedicated worker, always prepared to pitch in and help in any way at all. Our shoot this month was proudly sponsored by Fred Foon of "Wonthaggi Flexible Printing" and on behalf of the club I would like to thank Fred for his generous sponsorship. Fred Foon's reason for sponsoring this shoot is that he and Fred Hill were very close friends in the past and did quite a lot of fishing and shooting together. We were honoured to have Fred Hill's son Kevin come to the club and present the trophies on behalf of the Hill family and for this we are very thankful.

A regular visitor to the club is Ray Barlow (Foster GC). Ray shot the only possible in the 40T event and took home the much sought after "Fred Hill Memorial Championship" sash. Ray also won second place in each of the two other events. Congratulations Ray, that was good shooting.

Three events were held on the day with the results being:

- Event 1 — 20T Graded Cash: A: Wayne Parks 60/60; B: Neil Bull 60/60; C: Tup Pederson 56/66.
- Event 2 — 40T DB "Fred Hill Memorial" C'ship: B & OA: Ray Marlow 40/40; A: Bruce Webb 37/40; C: Gerry Brand 35/40.
- Event 3 — 20PR Double Rise: A: Wayne Parks; B: Ray Barlow; C: Shane Skinner.
- Monthly High Gun: Wayne Parks. Cake Shoot: Mitch Foon.

Bruce Webb from Morwell GC showed how to "lift it out of 'em" at Wonthaggi when he jagged the stress test and won \$102. Well done Webby!

Thanks as always go to the workers for their help and to the girls in the canteen — Bev, Chris and Angie. Thank you one and all.

If you are always reading about Wonthaggi but have never been there now is the time to change all of that. Come along, you'll have a good shoot and a great day and be made very welcome. We shoot on the first Saturday of the month.

Good luck and good shooting,
Keith Gray (President)

KNOW YOUR STATE COACHING DIRECTOR

COL BURT — NSW

Col commenced shooting at the Inverell Gun Club in 1970 and on moving to Tamworth in 1973 became involved with that Club and has held various positions including President and Secretary.

Col was a Delegate for the NSWCTA for 13 years and has served as State Coaching Director from 1985 until 1989 and was reappointed in 1990.

He has been an accredited coach since 1982, completing Level II in 1984 and Level III in 1988.

Col partakes in all disciplines of Clay Target Shooting on a regular basis.

VISUAL CONSIDERATIONS IN CLAY TARGET SHOOTING

Shooting a moving target is predominantly a eye-hand co-ordination task. The eyes visually direct the hand to position the gun, allowing for the target trajectory, so that when the gun is fired, the shot and clay target will meet at a pre-calculated point in space. The visual demands for such a task are complex and significantly different to those required to shoot a stationary target which only requires good central fixation and eyesight. In a moving target situation the shooter has to first detect the target's position, speed and direction, visually centre and track it while maintaining focus and gun alignment and then co-ordinate the signal to the hand to pull the trigger with the gun aligned with the visually projected position of the target. All this in a time frame of less than 3 seconds.

Main visual components are:

1. Detection of the Target:

The detection of a moving target is initially a peripheral retinal function. Retinal cells are organised into receptive fields which respond to a stimulus moving across it. In the peripheral retinae these fields are large and information from these fields helps direct the cortex to align the eyeball onto the target (central fixation). Peripheral field size is reduced under conditions of stress (fear, flight or fight responses). Hence the more relaxed or less excited/nervous the shooter, the better the peripheral awareness, the larger the peripheral field, the better the visual judgement of the target position and control of visual tracking skills.

2. Tracking the Target:

Tracking the target is a function of reflexes. The following reflex and the fixation reflex maintain the target position on the central part of the eye (fovea). This part of the eye is extremely sensitive and relays information back to the cortex about size, direction and speed of the target.

This tracking mechanism can fatigue as it requires the use of the extra-ocular muscles. However this is only under extreme conditions and it is unlikely to occur with target shooting.

The extra-ocular muscles are basically skeletal muscles (voluntary) but are unique from other skeletal muscles in the body in that they have a very high nerve to muscle fibre ratio (1:20). For every one nerve fibre there is only 15 to 20 muscle fibres. This gives the extra-ocular muscle one of the finest and most sensitive motor control of any muscle in the body.

Information from the neck, vestibular and extra-ocular muscle fibres is relayed along with fovea information to maintain fixation. Excessive head or body movement will interfere with good eye tracking. The skill of eye movement control will vary with individuals as does most fine motor skills. Jerky or slow tracking skills can be remedied by therapy.

3. Maintaining Focus and Depth Perception:

A clay target at 100ft would require eyesight abilities of about 6/12 vision. It is important in any target shooting that the refractive status of the eye be corrected to provide at least this visual acuity if the eye cannot do this by itself. Both eyes open (binocular vision) are required to give us the fine sense of depth (stereopsis). A shooter who closes one eye will not have accurate perception.

of depth or judge distance and speed clues as well as with both eyes.

Eyesight abilities can be fatigued, but again it is unlikely in the clay target shooting situation for this to ever occur as prolonged viewing (greater than 15 minutes) is not being maintained.

To improve tracking and eyesight abilities during clay target shooting, tinted lenses may be helpful to improve contrast of the target against a blue sky. Depending on the colour of the target, the tint to give best contrast is a haze muster yellow or green tint.

This article was presented by Mr Bob Hansen as part of his Level II accreditation. Mr Hansen, from the Bathurst Club, is an optometrist and his wealth of knowledge in this field has proven to be very beneficial to coaching in NSW.

SOUTH EAST ZONE TEAMS EVENT

The winter had definitely settled in just in time for this second round of the Premier event at the Mornington Clay Target Club.

This was the first big shoot held on the new location and the work done in setting up the whole layout and club house looked good, and is a credit to the president, Brad Johnson and all those who helped.

The day was cold and wet with a gusting south-westerly, which held the scores down to only five possibles in the Double Barrel. The shoot-off was won by Gerry Petruska, A grade & OA, with 32/32, 2nd Wayne Parks 31/32. Warren Roberts won B grade 30/31, 2nd Robert Hunter 27/28. C grade was won by Lynn Gray 22/25 with Ed Bertollo 2nd 23/27.

The wind was really interesting by the time the Handicap got underway. The honour going to Tony Tesoriero with Gerry

• Gerry Petruska, OA High Gun.

Petruska 2nd and Sergio Zotti 3rd. Graham Thomas was the best of the backmarkers with 26/29.

The High Gun for the day with one down was Gerry Petruska, Lynn Gray took out the ladies, and with nine juniors competing, Scott Rose scored the most broken targets, to be awarded the juniors' trophy.

Of the 11 teams participating, the home ground advantage was just too much of a start and the Mornington team of Ken Rose, Jack Stone, Brad Johnson, Steve Podd, and Warren Roberts accumulated the best combined scores.

WOMEN'S TALK

by JEAN WRAY

How do we get publicity for our sport? Be ingenious like one of our women from Tasmania, who being in the audience of Sale of the Century one recent evening, gave Tony Barber a badge from her club, which he wore on his lapel on national television. Great stuff.

Queen's Birthday weekend at Melbourne Gun Club gave two big days of shooting with 170 shooters attending on Saturday for the 3rd South East Zone Team Shoot. Monday's programme was sponsored by South Pacific Tyres (Goodyear) and thanks should also go to Al Hefner for his company's sponsorship of this day. 147 shooters competed for a great range of trophies, which included 1, 2 & 3 in each grade, 1, 2 & 3 women and 1, 2, & 3 juniors. The winner of each great receiving a set of 4 tyres suitable for the car they drive. Certainly no complaints about the trophies.

• Queen's Birthday at Melbourne Gun Club — Suzanne Wray, Carol Ogden and Ilona McJames.

• Melbourne Gun Club — Junior Invitation Shoot. Group winners: Jason Warner, Richard Light, Chris Iles, Matthew Howden.

Seventeen women and juniors participated (or approximately 12% if you prefer statistics), 9 Trap and 8 Skeet. Iona McJames took second trophy 'C' grade in the double barrel event as well as the women's trophy, with Carmel Carlon 2nd, but no 3rd women? Juniors in this event were 1st Glen Hayden, 2nd Mitch Foon and 3rd Jerry Horsburgh.

The skeet event No. 1 woman was Carol Ogden, 2nd Katie Light, and 3rd Suzanne Wray. Stewart McCulloch won 'B' grade also No. 1 junior, 2nd Katie Light and Ross Salpietro 3rd.

It was great to see the number of spectators who came along to support the shooter in their family, perhaps the long weekend contributed to this as well as once the fog lifted a good day.

My thanks to the women out there who responded to my request for information and photos, more needed please.

Until next time — T.T.F.N.

Tips and Tails from the Editors Page Clay Pigeon Shooting News

Vol 1, No. 1. 1947.

Secretary-Editor Mr Bill McCullough

"Bill" goes on to report:

The Australian Clay Pigeon Trap Shooting Association is pleased to introduce to shooting sportsmen this, the first issue of "Australian Clay Pigeon Shooting News".

The publication is the Association's initial essay at providing a regular monthly news bulletin covering clay pigeon shooting happenings throughout all states of the country.

The management of the Association gave careful consideration to the idea before agreeing to launch out in an enterprise which will require the fullest support of all to ensure its unqualified success. From soundings in all eastern states of the Commonwealth among representative shooting men the result was instantaneous approval.

Famous Clubs Amalgamate

C.P.S.N. Vol 2, No. 1. 1948.

The Blackburn club held its eighth annual meeting on Tuesday August 24. The meeting was well attended and several important matters were finalised. Chief among these was the approval of amalgamation with the Nobel Clay Target Club. The latter club — the mother of all clay pigeon shooting clubs in Australia — has been in recess since the early months of the recent war period. The committees of the two clubs through appointed delegates, then entered into negotiations with a view to joining forces. Both Blackburn and Nobel members unanimously agreed to the amalgamation and also to a new name — "Australian Clay Target Club", incorporating Blackburn and Nobel Clay Target Clubs.

The new club held its first meeting on August 28 at East Burwood. The Australian Gun Club's grounds from 1948 on to 1956 became the venue for the A.C.T.A. National Championships with a three automatic trap layout.

Tips & Tails

Vol 2. 1948.

Roma district shooters Qld are very proud of the fact that their Club President Keith Cameron, created such an impression down south, both by his shooting ability and his sportsmanship, and also by the fact that he was a member of the winning team in the Australian Teams Title, and was successful in winning a place in the 1949 International Team which shot for Australia at East Burwood on March 4. The locals at Roma feel that Keith's stature in the shooting world is now so great that he will require a concrete block back on the 25yd mark to give untravelled members a chance.

An increasing number of women shooters are being attracted to the sport of clay target shooting. One of the latest devotees is Miss Barbara Biggs, daughter of the well-known George Biggs. Barbara is still at school.

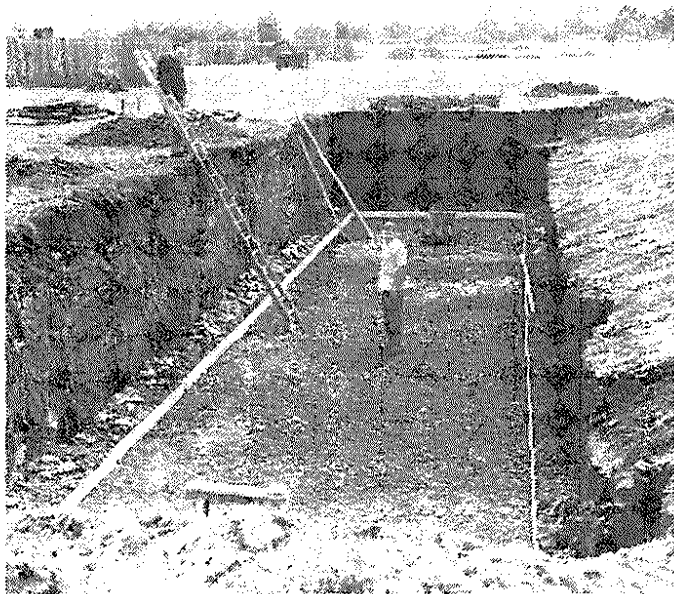

Competing as a partner with Jock Wilson — Association President, at the Australian Gun Club last month, this young sportswoman broke 9-10 of the targets released to her in the Deauville Doubles Event. As this was at least two better than her male partner, it was a first class effort. "Jock" was so impressed with his young partner's performance that he presented her with a special trophy to mark the occasion.

A proposal to a recent letter on "Pulling" by a Mr A. E. Haynes to this magazine, has kept Eddie Brenk busy, and with his inventive mind, has constructed a special electric release system, which was for the first time used at Burwood on April 23. Shooting was suspended for everyone to witness the operation. It was found that the shooter had hardly completed the call "Pull" before the bird was soaring through the air, and this merely by pressing a button. The new invention later became the standard installation at the Australian Gun Club.

Club President Bob Buchan inspects one of the two trench layouts installed for the event. 27 countries took part in the week-long event. Australian Team came in third for a bronze medal. This competition was Australia's first attempt at International Trap and Skeet shooting since the 1956 Olympics.

TRADE PRACTICES ACT

The attention of advertisers is drawn to the Trade Practices Act 1974 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. reserves the right to refuse any advertisement without stating the reason.

"Calrossie" J.W. Sutherland

There are many of our older shooters who knew "Cal" and would agree that he was one of the greatest trapshots Australia has produced. He retired after long service with I.C.I. Ammunition Co. at the age of 71 during which he had won over 100 Live Bird Championships both at home and abroad. He was an old friend of the great Donald Mackintosh and together they represented Australia overseas on many occasions. "Cal's" favorite gun was his "Greener" Double Barrel.

VISITING SHOOTERS DOMINATE

Shotgun shooters from Brisbane, Tamworth, Newcastle, Yamba, Moree and Sydney attended the Northern Zone Skeet Carnival at the Coffs Harbour Gun Club over the June 16 and 17 weekend.

With an excellent attendance of 38 competitors and almost perfect conditions for this time of year scores were surprisingly low.

Brisbane skeet specialists Neal Dimmick, Ray Porter and Dave Dundon won the three individual championships and Tamworth all-rounder Rob Boggiss outlasted the other shoot-off participants to take the major skeet handicap event.

The major prize for the carnival was the overall high gun donated by Coffs Harbour Gun Club President Roley Palmer. In a very tight finish Tamworth veteran Ray Melville took this honour by just one target from Neal Dimmick and Coffs Club Captain Ken Lowry.

A Northern Zone Skeet Team was picked over the shoot comprising Ray Melville, Geoff Waters, Mike Morgan, Ken Lowry, Bob Boggiss and Col Barton. This squad will compete against other New South Wales Zone Teams at the State Skeet Championships at Wagga Gun Club in mid-August.

QUEEN'S BIRTHDAY SHOOT AT WANGARATTA

The Wangaratta Clay Target Club has for many years held its main DTL shoot on the Queen's Birthday holiday.

This year's shoot on the 11th June was blessed with fine weather and attracted 100 shooters from a wide area of Victoria and New South Wales.

The major event was a 20 Target Handicap with a choice of a microwave oven, colour TV, video or a portable fridge/freezer for first prize, a dinner set valued at \$179 for second and for third a case of cutlery valued at \$120.

Our congratulations go to the winner, Steve Atkin of Echuca who after much deliberation chose the microwave oven for his prize. Two very popular Wangaratta Club Committee members Daryl Hunt and Bob Barron shot well to win second and third respectively.

Another well known shooter Tony Plum of Benalla had a most successful day winning the Double Barrel and Pointscore Championships.

Steve Atkin also won the High Gun trophy and thus becomes eligible to compete for the club's yearly High Gun trophy shot off in November. Hope to see you then Steve.

It was lovely to see our two elderly life members, George Walker and Don Suter present and having a yarn about old times.

Our thanks to the ladies who worked so hard to provide everyone with such a wide choice of eats and drinks over a long day.

Also the club wishes to thank all visitors for their attendance and help in making this a most successful shoot and hopes to see you all again at next year's shoot on Monday June 10th.

ENTRY

When you register for the Vic Health Masters Games you will pay the Masters Games Entry Fee and in some instances a Sports Fee. The Sports Fee where levied, entitles you to compete in your chosen Sport/s. The Games Entry Fee (\$30) registers you as a participant and gives you a MASTERS PASS which entitles you to:—

- Free Entry to the Official Welcome Ceremony.
- Your Free Masters Pack.
- Free Entry to the Masters Mile.
- Discounts at Stores, Restaurants & Tourist Attractions.
- A Masters Programme.
- The Official Farewell.
- Entry to Social Events.
- A Whole Lot of Fun.

IMPORTANT INFORMATION

1. EACH participant must complete a separate entry form including individual sports entry details.
2. TEAM ENTRIES — ALL team entries must be posted in one batch.
3. Every effort will be made to accommodate individuals who wish to enter team sports.
4. PROGRAM CLASHES MAY OCCUR. Please list sports choices in priority order. If unavoidable clashes occur, Games organisers may withdraw your entry from less preferred choices. Your sports fee will be refunded.
5. Withdrawals other than as in 4 above, are refundable only if effected prior to 10 September 1990.
6. Individuals accompanying participants may pay the Games Entry Fee (\$30) to receive the Masters Pass and free entry into the Masters Mile.
7. Confirmation of your entry will be forwarded within three weeks of receipt.

Beretta

It's tough at the top in competition shooting. You need dedication, skill and an edge in equipment. Beretta have the guns to get and keep you there.

The new range of Beretta's are the best built, best designed guns of their type. All available in Trap, Skeet and Sporter, all complete with a fitted gun case.

Proven winners in National, World and Olympic events, Beretta's unequalled advantages can work for you.

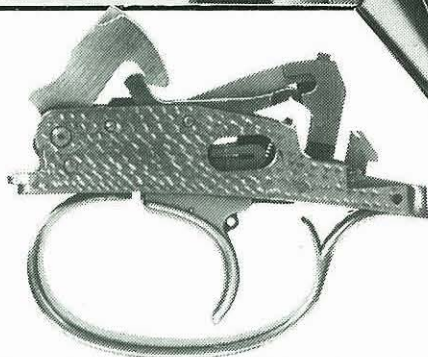

Features include:-

- * Low profile action for unsurpassed pointability.

682

Box lock action with dual self adjusting conical locking lugs. Ventilated side ribs. Sliding trigger adjustable for precise length of pull. Trap models offered with high and low rib, regular or Monte Carlo stocks, fixed or mobil choke, right or left hand.

ASE-90

The key feature of this exciting new model is the trigger plate lock assembly.

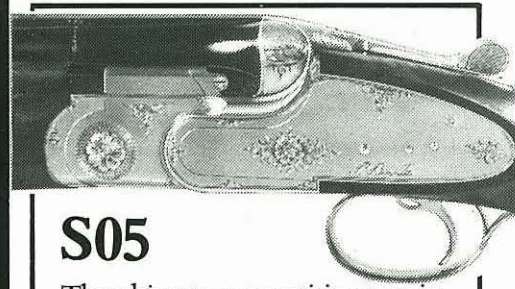

Field removeable in one, split second motion for quick inspection, cleaning or in the unlikely necessity, immediate replacement with the spare mechanism supplied with the gun. The trigger lock assembly is a shining example of Beretta's design and engineering excellence - and finished like a fine Swiss watch.

Tapered cross bolt breech locking. "Belled" breeches elegantly married to side mouldings and hand stippled, non-glare receiver top.

Specially selected barrels for perfect patterns. V-shaped mainsprings. Lightning fast lock times.

Available with traditional steel colour receiver (white) or blued receiver (black) with light hand engraving and gold inlay.

- * User replaceable barrel shoulders and hinge pins to inexpensively maintain new gun fit, forever.
- * Advanced dimensioned quality walnut stocks.
- * Tri-alloy receivers of nickel, chromium, molybdenum steel, totally sealed to prevent dirt or residue from entering action.
- * Barrels are cold hammered from pre-bored bars of highest quality alloyed steel for perfect patterns, great strength and durability.

S05

The ultimate competition gun in the classic tradition. True side-lock with cross bolt breech locking. Beautiful light scroll hand engraving. Presentation grade walnut, hand rubbed with fine line checkering.
