

AUSTRALIAN CLAY TARGET SHOOTING NEWS

OFFICIAL JOURNAL OF
THE AUSTRALIAN CLAY TARGET ASSOCIATION
INCORPORATED
REGISTERED BY AUSTRALIA POST — PUBLICATION No. VBQ 0129

JANUARY 1993
Vol. 46, No. 1

NATIONAL CHAMPIONSHIPS

1993 TRAP: State Shooting Park, SA March 27 — April 1

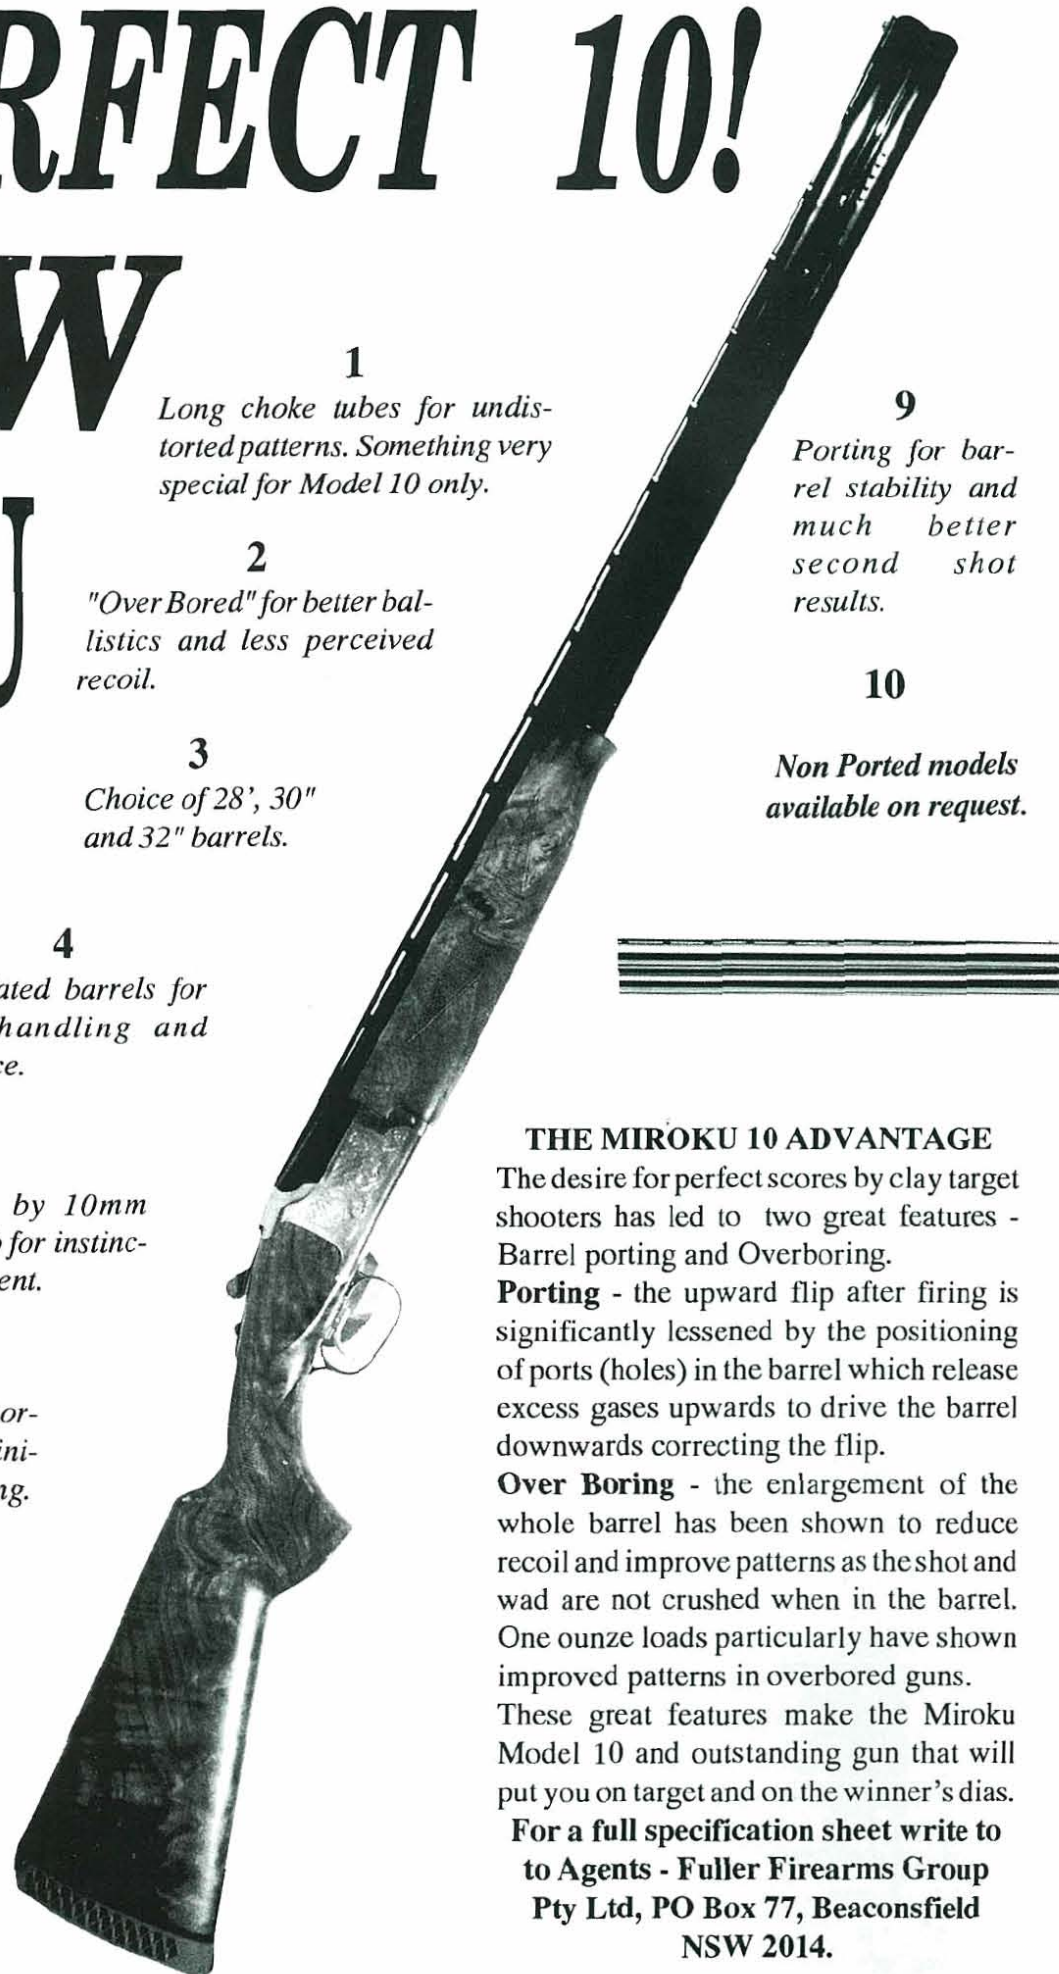

1993 O.D.: Darwin Gun Club, NT April 26 — May 2

A PERFECT 10!

NEW

MIROKU

10

1

Long choke tubes for undistorted patterns. Something very special for Model 10 only.

2

"Over Bored" for better ballistics and less perceived recoil.

3

Choice of 28', 30" and 32" barrels.

4

Ventilated barrels for fast handling and balance.

5

Tapered 13mm by 10mm raised floating rib for instinctive target alignment.

6

Adjustable trigger positions - correct for your hand only - minimises flinching, improves timing.

7

Palm swell for greater gun control.

8

Three Grades - I, V and Presentation in Trap, Skeet and Sporting models.

9

Porting for barrel stability and much better second shot results.

10

Non Ported models available on request.

THE MIROKU 10 ADVANTAGE

The desire for perfect scores by clay target shooters has led to two great features - Barrel porting and Overboring.

Porting - the upward flip after firing is significantly lessened by the positioning of ports (holes) in the barrel which release excess gases upwards to drive the barrel downwards correcting the flip.

Over Boring - the enlargement of the whole barrel has been shown to reduce recoil and improve patterns as the shot and wad are not crushed when in the barrel. One ounce loads particularly have shown improved patterns in overbored guns.

These great features make the Miroku Model 10 an outstanding gun that will put you on target and on the winner's dias.

For a full specification sheet write to Agents - Fuller Firearms Group Pty Ltd, PO Box 77, Beaconsfield NSW 2014.

OLIMPYC TARGETS

ARE VERY PLEASED TO HOLD THE RECORD FOR 1177 TARGETS
BROKEN AT THE TAMWORTH OPEN TRAP SHOOT
ON 5TH & 6TH SEPTEMBER, 1992

THIS IS THE LONGEST BREAK IN THE HISTORY OF THE ACTA.

FRONT COVER

1992 National Skeet Championships, Perth, November 5th - 8th. Left: Brian Thomson, National Skeet Doubles Champion, All States Skeet Champion, Commonwealth Skeet Champion and needless to say Overall Skeet High Gunner. Right: WACTA President Mick Watson congratulates 1992 National Skeet Champion in David Dundon. David shot the only possible to take the title.

EXECUTIVE DIRECTOR SAYS GOODBYE

It is with personal sadness that I am advising members that my role as Executive Director of this Association has been brought to an abrupt end by the decisions of the Executive Committee to terminate my contract of employment effective immediately - December 11th.

I do not wish to use the CTSN as a vehicle to express a personal view on the Executive decision, other than to say that the decision was certainly not unanimous and in my opinion made as the result of the actions of an aggressive minority, whose limited experience in the administration of a National Sporting organisation coupled with a quest for power continues to thwart the development and progress of clay target shooting.

In closing I would like to take this opportunity to thank the many people who have assisted me in my almost eight years with the Association, in doing so letting them know that the friendships made will not be forgotten and leave a message to those who have the responsibility for the sport, that the responsibility of a member of the National Executive Committee is to work for the progress and development of clay target shooting and not control it with forceful bully like tactics.

Thank you for your support over the past 7½ years and Goodbye.

Alan J. Maher

1993 OLYMPIC DISCIPLINE NATIONALS Darwin, NT

Most of the conditions for the 1993 Nationals will be as per previous O.D. Carnivals incorporating recent UIT rule changes. The purpose of this notice is to advise you of the aspects of attending a Nationals in Darwin that are different.

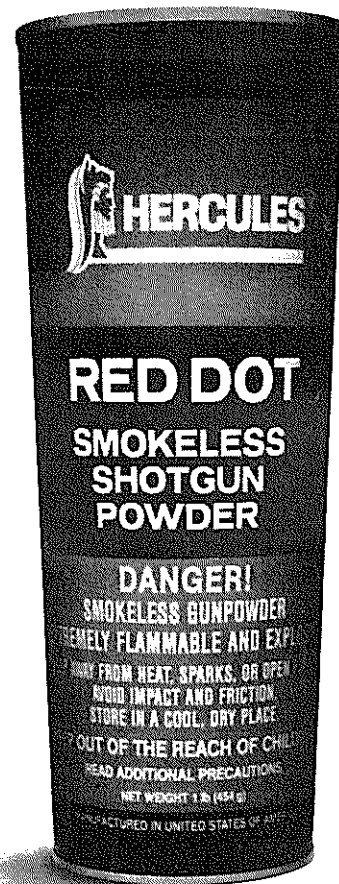

- Consider arriving a week earlier or departing a week after the carnival and make the 1993 O.D. Nationals a holiday destination - there is plenty to see and do in Darwin for the family while the Nationals are on.
- These Nationals are to be run in conjunction with the 1993 Arafura Sports Festival - a similar format to the Oceania Games in S.A. in 1991. Arafura Sport Festival competitors will be squadded separately from Nationals competitors. Teams from the Southern areas of Australia may not compete for Arafura Sports Festival medals. Arafura Sports Festival competitors will also be shooting in our National and Commonwealth titles.
- Due to the running of the Arafura Sports Festival, both accommodation and airfares will be in short supply - Book Early. You may book accommodation through the Arafura Sports Festival booking office, complete packages through the N.T. Government Tourist Bureau in all capitals except Hobart, or fares through your travel agent.
- The Darwin Gun Club has ample facilities for those wishing to caravan or camp. Hot showers, toilets, washing and BBQ facilities. They can cater for up to 30 caravans, some powered sites available. Further caravan sites are available in commercial parks - 2 minutes from Darwin Gun Club.

URNS CLAY PIGEONS INTO SITTING DUCKS

Shooters have achieved more '100 straights' at 27 yards with Hercules Red Dot than with any other powder. That kind of consistency is just one of the reasons to load with Red Dot. The fact that it's one of the cleanest burning powders on the market, and one of the cleanest handling, are others. Ask your Dealer for Red Dot or write to Fuller Firearms Group P/L, PO Box 77, Beaconsfield, NSW 2014 for a Reloading Guide.

GEELONG ANNUAL TWO DAY CARNIVAL

The Geelong Clay Target Club held its annual two day DTL Carnival on November 28th & 29th. A total of nearly 140 shooters competed over the two days of competition for \$15,000 worth of trophies and another \$6,000 in cash added to the Calcutta, purses and sweeps.

Numbers were slightly down on what was expected, but the standard of shooting was certainly high. The weather was very scattered with some heavy downpours, brilliant sunshine, (at times making the targets impossible to see, because of the reflection off Corio Bay), and also we experienced some strong winds on Sunday which kept this years possibilities in the Calcutta down to just one shoot-off squad, therefore providing some healthy purses to some fortunate buyers. The bidding for shooters at the Saturday night Calcutta Auction raised just over \$4,300, but with the Sunday forecast of strong winds prevailing, punters were not keen to outlay very much on individual shooters as the AA shooters were moved back to 19 metres for this years event to try and even out the competition. This proved to be a popular decision, but the highest price paid for any shooter this year was only \$200 instead of previous years, where in excess of \$400 has been paid.

At the dinner on Saturday night, Ron Green a former long serving Geelong Gun Club President and Life Member presented Graham Mahoney with an Honorary Life Membership to the club for the countless hours that he, his wife Maureen and family have put into the club over the past years.

As far as the competition was concerned the highlight of the weekend was Russell Mark winning every championship event on offer and along the way setting a new Geelong Gun Club long break record and a new Victorian State record with a total of 765 consecutive targets. This is the third time this year Russell has broken the old Australian long break record of 732 which stood for nearly 24 years previously. The Calcutta event was won by a 16 year old boy, Les Chant, who only three days previously started shooting with a new S05 Beretta Shotgun.

Office Ladies Marian Robinson and Lorraine Barber.

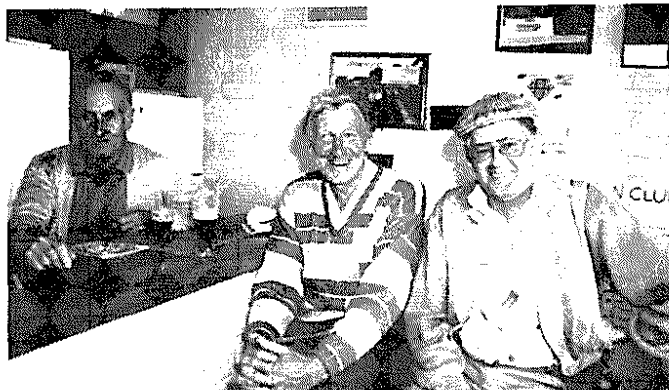

Shooting the Calcutta Event.

The 1993 two day carnival will be conducted on the fifth weekend in October which will be the 30th & 31st. Please note this on your shooting calendar now.

The full results for the weekend are as follows:

Event 1. 25t DB Geelong Gift: AA: 1st R. Mark 368/368, 2nd K. Wright 367/368, 3rd R. Christopher 246/247; A: 1st V. Mollica Jnr 201/201, 2nd T. Plum 200/210, 3rd I. McGeoch 72/73; B: 1st C. SKEET NEWS

Well 1993 is here. May I take this opportunity to wish all shooters and their families a healthy and happy New Year. This year should be good for Skeet, with a lot of good shots on the calendar. Now is a great time to get to the Gun Club and start some solid practice.

Quite often I am asked "How should I practice?," "How much practice should I have?," "What format should I take?," and so on. The amount of shooters I see with a problem, say on station 2 high, that go to practice and proceed to shoot round after round and still finish with the same problem, amazes me. What would be better is to work out how best you are going to shoot your problem target, then shoot that target until you are happy with the result. Shooting round after round is a waste of your precious practice time, so let's get down to 'tin tacks.'

First of all, set yourself a practice goal, e.g. on your competition day you may have had trouble with the high target on station 1 and the low incoming target on station 3, so, write down what you want to achieve or discuss the problem with your coach or training partner and work out a plan that is going to ensure a good hit on your problem target - do this before you actually go out to the shooting field.

Now that the season is about to start, go through a basic check list, check to see if you are mounting your gun correctly, get your coach or training partner to see if your gunfit is still correct, (you may have put on or taken weight off), make sure your forend grip is allowing you freedom to swing the gun smoothly, if the swing is 'jerky' then your forend grip may be too far forward. If the barrels bob up and down through the swing, the forend grip is too low.

Check to ensure that your stance is efficient and comfortable for you, remembering to slightly bend both knees, with a little more emphasis on the front foot. Try it out, stand on the pad, place your front foot over the target hitting area with your back foot placed about the width of your shoulders and pointing at about 2 o'clock in relation to your front foot, slightly bend your knees, push a little forward on your front knee, now swivel your hips. If you have a smooth action, practice that stance all the time. If you feel that you are 'tied up' then adjust your body and feet until you can swivel left and right comfortably.

Now the big one, and you will have to get your coach or mate to assist you. Most of the targets I see missed are the result of the shooter anticipating the target flight and release, in other words the shooter moves the gun when he/she calls. This results in a jerky unco-ordinated movement, so what you have to practice here is calling for the target and not moving the gun until you can see the target clearly. Have your coach or partner stand behind you and have him/her watch your barrel tip for early movement. I say to the people I coach, "As long as you shoot Skeet you will ALWAYS have to force yourself ABSOLUTELY not to move that gun until you see the target clearly."

Next, practice your target sighting, what you want to achieve here is a very clear target and a hazy barrel end. Learn to focus in front of the target and maintain your gun speed, don't worry about leading, just focus clearly in front of your target no matter which station you are on. This technique will help your concentration and allow you to be in control of any target no matter what it's speed may be.

Once you are happy you have checked out okay and you have fixed your problem on Station 1 & 3 you may proceed to shoot a couple of rounds. Keeping a record of your practice round scores and percentages keeps the pressure up and drives you to shoot better than your last session, this achieves a higher degree of positive practice and strengthens your mental discipline. REMEMBER it's your session, so tailor make it to get the very best out of the practice for you.

If you have a big match coming up, say the January shoot at Wagga, then your game plan should start now - three weeks prior to the shoot.

Here is a simple training format sequence that you may like to try.

WEEK 1

Check Basics

1. Stance
2. Gun swing
3. Target sighting
4. Not anticipating target flight
5. Station work, Problem targets
6. Repetition station work (6 x Stat 2 high, 5 x Stat 3 low, 5 x Stat 5 high etc)

If you had the time in this first week (and the resources) 400 targets would be good. If this is unachievable, then as many as you can.

Fitness

This is totally dependent on your age and fitness level. If you are a runner, then run. Long distance jogging is excellent for shooting, it will obviously give you excellent fitness, strengthen your mental attitude and give you good strength. If you can't run then walk, you will find this pastime relaxing, and provided you keep a good pace up you will increase your strength and fitness. Whilst you are walking think about your shooting technique, visualise yourself going through the correct method of shooting your target.

Visualise the target turning into dust, this will strengthen your concentrative skills, so needed when you are competing.

In the first week if you are already training, lift the run rate a bit, work a bit harder if you have not been training, don't be like a bull in a china shop. Come in slowly, start walking at a pace that does not distress you, get a squash ball and squeeze it 10 times each in the right and left hands. Keep this up for two or three minutes, this is good for wrist and lower arm strength. Do some deep breathing and stretching exercises each day.

Nutrition

If you are not already doing it, start getting good tucka into you, good breakfast cereals and plenty of wholemeal bread. Stay away from fried foods and McDonalds, drink plenty of water, get plenty of fresh vegies and fruit and just cut back on the size of the meals. It does not hurt to come into a match a little lighter.

WEEK 2

Shooting

Shoot rounds, keeping record of the score. Emphasise target clarity, do not think of anything other than staying still until you see your target clearly. (See the target, shoot the target - nothing else.) All the basic work you have done in the first week should allow you to concentrate solely on shooting the highest score you can. Shoot about 200 if possible, if not, don't worry. Make whatever time and resource you have available very positive.

Fitness

Same as Week 1.

Nutrition

Same as Week 1.

Try and get as much sleep as you can leading up to a big shoot, lack of sleep causes anxiety.

WEEK 3

Shooting

Virtually nothing! At the most perhaps 50 to 75 on the day before the shoot.

Fitness

Taper right off heavy work, concentrate mainly on stretching exercises.

Nutrition

Pretty much the same as week 1 & 2, however 2 days before the match get into some foods like pasta, baked beans, bananas - these are easy to digest and give plenty of energy without filling you up too much.

WAGGA GUN CLUB INC.
and the
Australian Skeet Shooters Association Inc.
present the

1993 ASSA SKEET OPEN

23rd - 26th January, 1993

ACTA Rules to Apply

\$10,000 Plus in Trophies

Event 1 Saturday 23rd January 9.00am Noms \$35
100 Tgt Wagga Motels Association Skeet Championship
(Sponsored by Wagga Motels Association)

Event 2 Sunday 24h January 9.00am Noms \$35
100 Tgt ASSA/Winchester Skeet Championship
(Sponsored by Winchester Australia and the ASSA)

Event 3 Monday 25th January 9.00am Noms \$35
100 Tgt ASSA OPEN
(Sponsored by Scorpio/Olimpyc and the ASSA)

Event 4 Tuesday 26th January 9.00am Noms \$35
100 Tgt ASSA Skeet Doubles Championship
*(Sponsored by Clayton Firearms Pty. Ltd. and
McGeoch's Hunting & Fishing Store)*
OA prize for this event BRNO .22 cal rifle & bag rec retail price \$489

High Gun Prizes for each grade AA, A, B, C & Junior each will receive one return air ticket
to attend Waitematta Skeet Carnival and New Zealand Skeet Nationals
plus \$500 cash and ASSA Shooting Jacket

Overall High Gun will receive sash and trophy

Daily lucky number shoot offs for Akubra hats sponsored by Sydney, Noble & Edwards

ASSA Open Skeet Team: Top seven in High Gun

Events 1, 2, 4 Overall sash & trophy AA, A, B, C, L, J, Vet

Event 3 Overall sash & trophy AA 1&2, A 1&2, B 1&2, C 1&2, L, J, Vet

The ASSA acknowledges the following sponsors:

Sydney Noble & Edwards, Mialls Gun Shop, Fuller Firearms, Bolle, Stewart Gillman
Internationale, McGeoch's Hunting & Fishing Store and Air New Zealand**

Tournament Director Tony Long - Shoot Marshall Col Burt

NOTE PRE OPEN 200 Tgts 21st & 22nd January Wagga Gun Club

Send \$50 pre nomination to: Australian Skeet Shooters Association,
PO Box 15, Ashburton, Victoria 3147. Phone 018 350 245, 018 545 116 or (03) 500 9624
The committee reserves the right to alter the program

So there you have it, a quick pre-match schedule, that of course you will want to tailor-make for yourself. A more detailed list would be prepared for the breakdown of training, shooting/fitness/nutrition. Make sure you do prepare a written schedule that you can keep as a record, plus when a schedule is written down you are more likely to stick to the format.

When you are shooting your match/tournament give yourself simple instructions, "SEE THE TARGET, SHOOT THE TARGET," and really that is all you have to do. Don't fill your head with all the mind destroying rubbish that shooters get themselves into. If you have prepared for the match and are confident of your ability don't stop the natural flow. Believe me, your brain is a wonderful computer and it will work out movement, leads, when to pull the trigger, when to shoot under a dropping target, when to swing fast or slow. So what triggers this wonderful instrument into action? Well, it's your eyes - so the bottom line is look hard at your target and let everything else take its natural course.

NATIONAL LEAGUE SHOOTING

I would like to make a suggestion to you all and to hear your views would be very pleasing. For some time I have seen team shooting declining for one reason or another. This exciting, social part of our sport is almost non-existent. I find it is near on impossible to get shooters to travel outside their home club boundaries, so, if the dog won't go to the biscuit, bring the biscuit to the dog.

Therefore here is my suggestion - a National Team Challenge that you won't have to leave your club to compete in. Here's how it works.

1. Teams of five people
2. Start February, end 31st May
3. \$20 per member, \$100 per team
4. You can be a member of as many teams as you like provided you pay \$20 for each team you are a member in.
5. The team shoots twice a month at 100 targets each per member, so the team will aggregate 1,000 targets per month.
6. Scores to be varified and signed by the scorer and club captain or secretary and sent to the ACTA promptly at the end of the month or sooner.
7. You can shoot at any time throughout the month, but you must shoot together as a team at any convenient time sorted out by your team and your club.
8. You don't necessarily have to form a club team, but you can if you want. It could be named for example the Hawksbury Gun Club Team or Reggie's Old Boys or Perth Wildcats - anything you want.
9. At the end of the season the computer is hit and the team with the highest score is the winner. In the case of tied scores, the teams are notified and they shoot off, still at their own clubs. If the teams were close to each other they may arrange to travel so they can shoot off together, but only if they want to. Also on the shoot off day it's bad luck if it's sunny and calm in Perth, normal in Melbourne (hissing down and blowing like the devil) and windy in Brisbane.
10. Hopefully with enough teams entering, a very good award would be achieved by the winners. Perhaps a trip to the NSSA World Championships for each member, or cash - any number of things.

If you wanted to form a team and your club does not shoot Skeet, then you could arrange with a club near you to be used as a base.

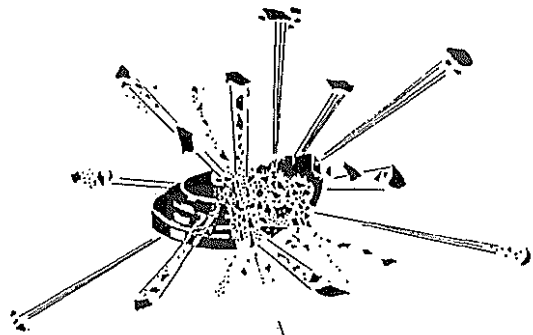

Well there you have it. Now remember this is only a suggestion, I think it would be a lot of fun and great for Skeet if you think it would be a goer. Please let me know your thoughts and suggestions and maybe we can get it started.

That's about all we have time for this month, remember Griffith is shooting early January. Good luck to everybody at the ASSA shoot in Wagga Wagga. Sorry I won't see you there as the ISU team is competing in Oceania at NZ as is a standard Skeet team. Don't know who's in that one yet, except for Clem Bertini, and he is already packed ready to go.

Happy shooting and bring a friend.

Ian Hale

NATIONAL DIRECTOR OF COACHING

BASIC COACHING MANUAL

On accepting the position of National Director of Coaching in January 1992, a review was undertaken of the material available to the ACTA coaches.

One of our front line manuals is the Basic Coaching Manual. This although twice reprinted and being changed from imperial to metric measurements, had not been reviewed since 1980.

A major investigation was therefore undertaken into the required data and knowledge that would form the basis of a revitalised edition. The proposed contents were discussed by the Coaching Council, compiled and forwarded to a selection of coaches.

Their task, as it was with the state coaches, to put on paper particular aspects and coaching methods used in the different disciplines, to be contained in the manual. The researched material that was then accumulated presented a mammoth task of collation.

An initial draft was produced and presented at the State Coaches conference and to several senior coaches, for comment and criticism. After further feed back a second draft was produced using the knowledge gained and incorporating necessary changes to the English language content. This draft was then returned to the participating coaches.

From these coaches and the many hundreds of hours accumulated in it's production, has come an up to date and informative Basic Coaching Manual that will be of benefit to all coaches and especially new coaches undertaking accreditation.

Because of the size of the project I would like to thank some of the coaches involved. By their unselfish attitude and being willing to give of themselves in time and knowledge, the quality of the ACTA Basic Coaching Manual has been greatly enhanced.

No insult is intended to any other person that became involved in some way.

Mr Peter Guire	SA

1993 AUSTRALIAN MASTERS GAMES

The 4th Australian Masters Games will be held in Perth next year from 24th April to 2nd May. The Masters Games concept was developed by the Confederation of Australian Sport as a Bi-annual multi sports event promoting friendly competition and participation by the mature age generation of Australia and neighbouring countries in our region. More than forty sports are on offer; shooting sports are conducting competitions in six disciplines: Pistol, Sporting Shooters, Practical Pistol, Smallbore, Fullbore and Clay Target. All shooting events will be conducted over the long weekend of 24th to 26th April at various venues throughout Perth.

The Masters Games are open to anyone able to meet the minimum age requirements set, i.e. shooters must be 35 years or older to compete. Entries can only be made on the individual registration forms and should be made prior to 28th February. Entry forms and information are available from the Masters Games office on (09) 441 8222 or from Reg Wagland, Whiteman Park International Shooting Complex on (09) 249 2013.

CLAY TARGET EVENTS

24th to 26th April

Whiteman Park International Shooting Complex, Perth

50 Continental, 50 Double Barrel, 50 Pointscore, 75 Champion of Champions, 50 Skeet
also ISU Trap and ISU Skeet

Sports Fees:

\$15 per 50T event
\$20 per 75T event
\$50 for 2 day ISU events.

Age Divisions:

35-44, 45-54, 55-64, 65+

All participants must be members of recognised shooting bodies
International and Australian Clay Target Association rules shall apply
Practice facilities will be available from 22nd April

The Whiteman Park International Shooting Complex is located on Beechboro Road
(2km south of Gnangara Road) in Whiteman Park.

SOCIAL PROGRAM

The Sports Fee entitles you to compete in your chosen sport/s.
The Games Registration Fee registers you as a participant and gives you a Masters Pass which entitles you to:

- Entry to the official welcome
- Entry to any Games special events
- Discounts at stores and restaurants
- Your free Masters welcome bag
- A Masters Games souvenir program and memorabilia
- The official farewell party
- The Accompanying Persons Fee covers all benefits available to competing athletes
- A 'happy hour' to form new friendships and renew the old

EARLY BIRD BONUS

Out of the first 1,000 entrants flying Qantas, one lucky participant will receive a free air fare. Flying Ansett Australia, two entrants will receive a free air fare.

OPENING CEREMONY

A spectacular and highly entertaining opening ceremony is being planned on Fremantle's popular Fishing Boat Harbour with its many restaurants, bars and tourist attractions. First class entertainment will include international jazz bands performing on huge floating stages. Refreshments will be plentiful and varied with numerous international cuisines. Games competitors will receive certain complimentary drinks and food from several sponsors.

CLOSING CEREMONY

The closing ceremony will be held at Perth's Superdrome from 5pm to midnight on May 2nd and will feature international food and beverages. The big party will be themed in Australiana, the fabulous 'thirties' and a piano bar and highlighted with performances by a Latin American formation dancing team and other performers.

HONDA MASTERS GAMES

Alice Springs Gun Club 1992

Lawns were mowed, traps were checked and full of clays. It was time once again for the interstate 'Mature Age' shooters to converge on the Alice Springs Gun Club to 'Shoot for Gold' in the Honda Masters Games - held bi-annually in Alice Springs.

Registrations were up 20% on the previous games, giving us a total of 45 nominations, from all over Australia and New Zealand.

Weather was its usual central Australian spring days, clear azure blue skies, warm sunny days with a northerly wind.

Events were graded A B & C in age groups of 35-49, 50-59, and 60+, with competitors in all events. Events included skeet, pointscore, single and double barrel, deauville doubles and a medley.

Our 'most mature age' shooter was Tup Pedersen from Victoria returning again for a swag of medals (and threatening to come back for more).

Good clean competition for medals was interspersed with good old fashioned rivalry . . . just ask Col Havers of Ayers Rock and Metro Martini of South Australia. (Metro did tell Col he hadn't shot this well for awhile . . . Col wished his adversarics abilities had held themselves off just one more week). The long and short of the competition had to go to Jesse Averis of South Australia who did point out it took a big man (6'6" New Zealander Henry Wagner) to pip him at the post for gold.

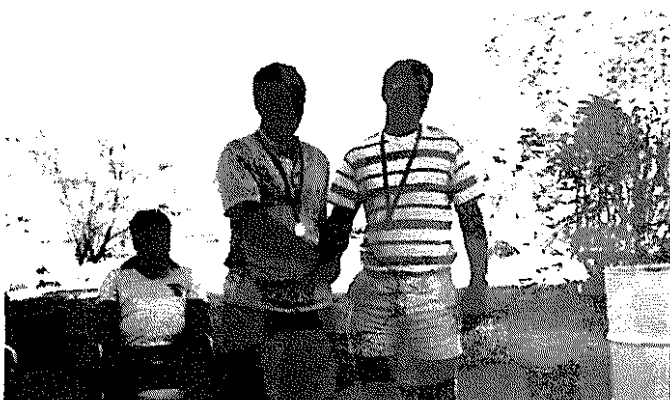

It was wonderful to see the ladies competing in the games and we are keen to offer local competition in this area in the next games. Looks like the Alice Springs men may be serving the sandwiches at the next games!

Overall High Gun for the four day shoot went to Metro Martini of SA and the Ladies High Gun went to fellow South Australian Barb Wallace.

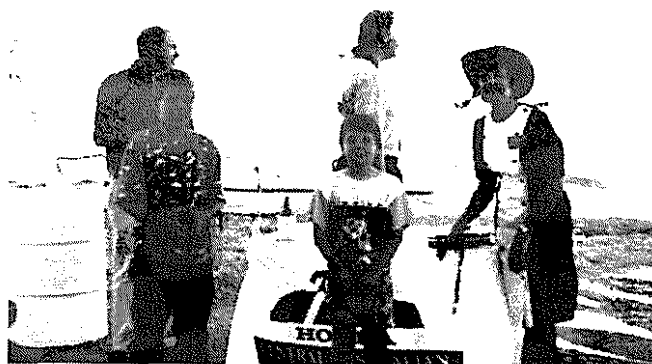

We were delighted with the response to this years Honda Masters Games and we are looking forward to the next 'friendly games.' Maybe Tassie Ray Mason and Hugh Wallace from Adelaide will be back for some of that apple pie. The Masters Games are billed as fun and friendship games and this certainly was evident, with good hearted comradry and companionship. Comments from fellow shooters, competitors and spectators were generous and welcome and serve to inspire us for a bigger and better shoot in 1994 (15th - 23rd October).

The last and final word, however, must go to the 8 year old son of a local shooter working at the club clearing away spent shells who, in his "Thank you for my pay cheque" speech raised a jolly response (and lowered an embarrassed Dad) with his "I've had a good weekend and I'm glad you have too . . . because usually it's boring out here!"

**Marlene Niland, Secretary
Alice Springs Gun Club**

Jim Niland of Alice Springs and John Beasy of Ayers Rock Gun Club, winners of the C grade Deauville Doubles.

The hardest working of the weekend, Jimmy and Robby Niland, Trapper and Shell picker-upperer!

STATE POSTAL TEAMS MATCHES

Provision is made in the shooting rules of the ACTA for interstate Postal Teams Matches in each discipline, which provide every member with the opportunity to gain State selection. A badge denoting team membership is presented to each team member.

DTL 15 Member Team
10 best scores to count, 50T/15 metre Pointscore.
Ladies & Junior - 6 Member Teams
5 best scores to count, 25T/15 metre Pointscore.

SKEET 15 Member Team
10 best scores to count, 50T shot in two rounds of 25T
Ladies & Junior - 6 Member Teams
5 best scores to count, 25T

ISU Six Member Team(s)
4 best scores to count, 100T
Ladies & Junior - 4 Member Team(s)
3 best scores to count, 25T

Selection procedure for each of the State Team Matches is contained in the Rule Book.

Further information on your State's elimination match can be obtained by contacting your State Secretary.

SOUTH EAST ZONE QCTA

Padua College

Up to 30 shooters from the College have been shooting for the last two years. Some have been going along to Wednesday afternoon shoots as an excuse to get away from school, but most are very keen to improve their shooting skills. There are several who can become Champions with time and training.

In late 1992 they formed themselves into a club, registered with the ACTA and the QCTA. Then they began to raise money by various means, to ensure their shooting was within the reach of their pockets. Their geography master Brett Harvey, assisted by the sports master Gary Hayden (brother of the cricketer), have been instrumental in the forming of the club, and getting these school boys into the shooting circles.

Last October at Redcliffe City Clay Target Club they beat a rival college by one point. Then in November a team of six contested the Winchester Schoolboys Championship. At the time of writing this report the results have yet to be finalised.

The New Year will see more changes as these boys become more proficient at their shooting, and hopefully, a National Champion is produced.

John Mitchell
S.E. Zone Coach

COMMONWEALTH TITLES 1992

DAY:

Tower at Bendigo Gun Club (Vic)
June 8 - R. Ross 124/124.

Double Barrel at Sebastopol Gun Club (Vic)

AUSTRALIAN'S VISIT THE GRAND

By George Biggs

The 93rd Grand American World Trapshooting Tournament, Vandalia, Ohio USA 1992

Eight of our trap shooters journeyed to America in August to shoot the 1992 World Trapshooting Championships. The tournament is referred to as the Grand American Handicap, and is in fact the worlds largest trapshooting tournament.

The Amateur Trapshooting Assoc has over 108,000 members and 1,250 gun clubs in USA and Canada. Over 5,500 registered shoots are held each year. Headquarters and tournament shooting located in Vandalia Ohio since 1923.

The economic impact of registered shooting exceeds \$150 million a year.

For every registered competitor there are nine other clay target shooters involved in trap leagues, hunting practices, private clubs etc. An estimated 600 million targets are thrown annually.

There are 100 trapshooting fields (see photo) stretching over one and a half miles at the ATA home grounds in Vandalia Ohio.

Over 4.5 million targets will be thrown during the 1992 tournament. 30,000+ entries are expected. A total of nearly \$150,000 in trophies, added money and prizes will be awarded during the ten day program. 650 camping spaces are available on the grounds. Over 120 tons of lead (average per year) are reclaimed from the shooting grounds.

An additional \$6 million+ will be spent in the area for food, accommodation, entertainment, car rental etc. It is claimed that the sport has never had a fatal firearms accident.

I am indebted to Merv Whitelaw (Melbourne) and Steve Atkins (Echuca) for the details of our group of Australian trap shooters

successes at the 1992 Grand American tournament held at Vandalia Ohio (see group photo).

Our Australian group (because they had no previous shooting performance in America) were obliged to shoot from 25 yards in the handicap events, and in spite of this penalty, shot very well. Steve Atkins relates the story, and remember all trap events are single barrel only, score is dead or lost.

Brett Dunstan, from 25 yards shot a long run of 220 straight, he also shared in handicap purses and won his yardage handicap.

Wayne Headon, a long run of 115 straight shared in quite a few purses in singles and handicap. He shot 49/50 in doubles.

Ian Headon, long run of 90 straight in singles. He always seemed to be picking up purse money. Ian scored a personal best on doubles with 49/50.

Ray (Leroy) McKenzie saved his money by not going in the purses and although he never shot the singles as well as expected, he shot handicap and doubles quite well every now and then.

We entered an Australian team in their State Teams shoot in the doubles and although we were along way off winning the event, we did actually beat five of their states.

Steve Atkins had a long run of 346 in singles and another run shortly after of 240 straight. Steve won the first 'A' events with 150/150 in each. Didn't shoot handicap well at all, but managed a 94/100 in the Grand American which meant \$170 purse money.

The overall winner of the Grand American Handicap took home \$35,000 US - not bad for one days work with a shotgun, actually it was the only possible.

In the Doubles Championship Steve shot a 98/100, and guess what, yes, there were 10 possibles with 100/100.

Steve also won the award for the best foreign shooter with a 198/200.

All the guys in the Australian crew had a great time and hopefully learnt quite a lot about shooting clay targets, which was the main purpose of their trip.

Transportation up and down the 1 1/2 mile trap line of 100 traps is provided by the service known as the 'People Carrier' of which there are several running each day.

Merv Whitelaw left and Graham Thomas far right have visited The Grand on several occasions in recent years and have many friends.

John Blackley and Merv on the verandah of the club's Hall of Fame. All who visit agree that to see and shoot The Grand is a most awesome experience.

Left to right: Graham Thomas, John Blackley, Pat Mack, Ray Mack, Merv Whitelaw, Ray McKenzie, Steve Atkins, Wayne Headon and Ian Headon.

SHOOTERS DICE WITH DEATH

Gippslander Norman Court admits that he is lucky to be alive. The 39 year old dairy farmer suffered a 120 stitch facial gash from the spinning steel blade of a brush cutter. An artery was severed.

So much blood was lost by the time Norman reached Dandenong hospital that he was given a transfusion.

He spent Christmas – six weeks after the mishap – worrying that the transfusion may have given him HIV. A cousin who is a doctor says the risk is very slight.

Norman's fiancée, Iona McJames of Mount Waverley, drove him to the 20k distant Leongatha hospital, which passed him on to Dandenong.

Norman was trimming a hedge from on top of the carport on his Pound Creek home. He pulled up on to the carport the ladder on which he had reached the roof. He slid the ladder out on to the hedge, as he had done many times previously. He walked out on the ladder, when he reached the hedge the ladder tipped and instead of stepping on to the solid hedge he fell into a gap. The cutting machine, revolving slowly, cut across his face from one eye-brow to his chin, through his lips. His dark glasses were cut in half.

Norman, an AA grade trap shooter, picked up a gun for the first time a month after the mishap. When the stock touched his cheek, soreness suggested that shooting was several weeks away.

Seven days before the accident he shot 132/132 to win A grade in a double barrel event at the Melbourne Gun Club.

Wonthaggi**

1993 OD NATIONALS UPDATE

As you will be aware, the 1993 OD Nationals in Darwin are being conducted in conjunction with the Arafura Sports Festival. This will be run along a similar format to the Oceania Games, in conjunction with our OD Nationals in Adelaide a couple of years ago.

Most Australian competitors attending the carnival will not be able to compete for Arafura trophies, a medals only competition. Entry will be restricted to teams and individuals from the north of Qld, NT, WA and Asian countries. At the time of writing, I expect overseas teams to attend from 6 to 8 countries.

However, the Arafura Sports Festival Organising Committee will allow, indeed encourage, Australian competitors in the OD Nationals to register as Arafura participants. The benefits of registering are: —

- Issue of a laminated identification badge.
- Free entry to the Arafura Sports Festival opening and closing ceremonies.
- Free bus travel to and from venue from accommodation.
- Competitive accommodation pricing.
- A meal voucher per day.

This is all available upon registration, at no cost. That's right something for nothing.

If you would like to take advantage of this offer, please contact the writer on (089) 46 4231, fax (089) 41 1012 or post to PO Box 3637, Darwin, NT 0801 after 1-1-93 when registration forms will be available.

**Phil Grove
Secretary NTCTA**

PERAZZI

The gun that has done and is doing more for shooters in 26 years, since I introduced them in commercial quantities into West Australia, than other guns that have been available over very long periods.

With the most modern and up-to-date technology built into them, it is designed to give you more value for far longer for the dollars you spend when you buy a Perazzi – no doubt about that.

It's a long-term investment for your enjoyment so why not join the very wise shooters who knew best to select Perazzi and when you also are ready to invest in a top gun, you immediately think to yourself "PERAZZI FROM YOZZI" the most favoured name and Perazzi centre in Australia since 1972. We now offer you for immediate delivery the following large range of models:

MX1	MX3 trap	MX5 sporter	MX8 trap with 28 ½" and 31 ½" barrels
MX2	MX3 skeet	MX4 trap	MX8 skeet
M2L	MX3C	MX4C trap, skeet or field	MX8 gold line trap
	MX3C sporter	DB81 special trap	
		SC3 trap and skeet	

We try to have for immediate delivery stocks of all above models, but apologise should at times we may be temporarily out of stock.

All orders including special orders get my personal attention in order to fulfil your personal satisfaction. What better could you wish for?

Now be positive and buy your "PERAZZI FROM YOZZI" (since 1972). It shoots as good as it rhymes. The rest is up to you. The wise or otherwise decision is yours. You can't say I haven't advised you. Now I thank all past clients and I look forward to giving my best assistance to all my past and future clients.

**Tony Yozzi Sports,
460 William Street (Cnr. Brisbane Street)
Perth, Western Australia 6000
Ph. (09) 328 4981 A/H (09) 271 2766**

SOLE FACTORY EXCLUSIVITY FOR WESTERN AUSTRALIA FOR PERAZZI FIREARMS AND ACCESSORIES. KROMSON CLAY TARGET MACHINES. ROBOT MODEL 350A – trap – skeet and personal models.

BENELLI FIREARMS MODELS 121, 123, 123-3" Mag., 121-3" Mag., Montefeltro, Super 90 in field, trap and interchangeable choke models. ALL ABOVE GOODS IN STOCK AND AVAILABLE FOR IMMEDIATE DELIVERY NOW FOR YOUR CONVENIENCE AND SATISFACTION.

SHOOTING SPORTSMAN OF THE YEAR

The NSW Firearms Safety Awareness Council, a subsidiary body of the NSW Shooting Association, sponsored the inaugural 1992 Shooting Sportsman of the Year awards with a presentation dinner held on Friday 27 November, at the home of Sports House, the Wentworth Park Greyhound Racing Complex in Glebe, Sydney.

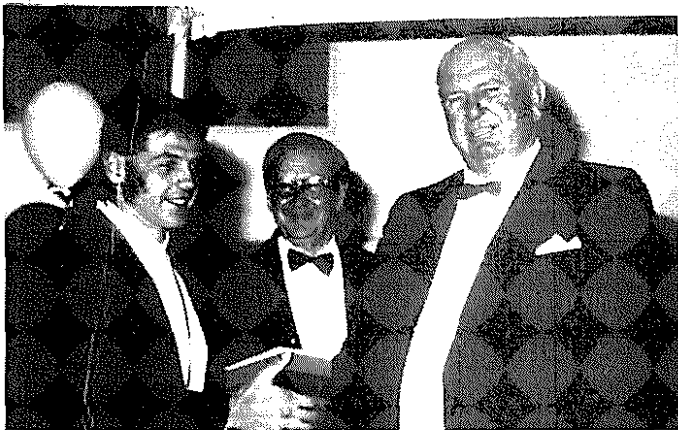

The evening was hosted by television personality, Ron Wilson, from Channel 10's Good Morning Australia program. This occasion was the first at which the best shooters from all disciplines in NSW were honoured together in a public forum. Over 300 shooters and their partners attended a very successful and popular awards presentation night. The awards were sponsored by the NSW Firearms Safety Awareness Council from proceeds received through the safety testing of new shooter licence applicants. The success of the scheme to date has seen around \$400,000 put directly into NSW shooting clubs.

Each discipline of the NSW Shooting Association nominated a finalist from their clubs throughout NSW. Three of the finalists nominated were under 21. They were NSW Field & Game shooter, 16 year old Barty Brighenti from Griffith, NSW Rifle Association finalist, 17 year old David Coleman from Orange and Michael Diamond from NSW Clay Target Association.

In all, nine finalists received a sterling silver medal and cash grant of \$200. They also included 1992 Olympian and Commonwealth Games Champion, Phillip Adams, from the NSW Amateur Pistol Association. Other finalists were Graeme Whatman from Adelong, a member of the Sporting Shooters Association of Australia (NSW), the 1992 Australian Champion in metallic silhouette rifle shooting, David Clifton, NSW Smallbore and Air Rifle Association and current NSW State 50 metre champion, Paul Duffy, from the Antique Arms Collectors Society of Australia, Tom Potter from the NSW Muzzle Loaders Association and Ron Thomas from the Joint Committee of Recreation Hunting Associations in NSW.

In what was obviously a close contest, Michael Diamond was also awarded the 'Sportsman of the Year' Gold Medal and Cash Grant of \$1,000. The award was presented to Michael by the Deputy Premier of NSW, Mr Wal Murray, who congratulated the Council and its supporters for helping to change the image of shooting in NSW and bring it to where its future lies, in a sporting environment.

The Chairman of the NSW Firearms Safety Awareness Council, Mr Charles Copeman, said that although he was not a shooter, he was very pleased to be a part of the development and promotion of all aspects of the sport of shooting. Mr Copeman also stated that he looked forward to the continuation of this prestigious award to encourage new and experienced shooters to develop their skills and the opportunity for their Associations to reward them for their performances.

Pictured left to right: Michael Diamond, Mr Charles Copeman, Chairman of the NSW Firearms Safety Awareness Council and Mr Wal Murray, Deputy Premier of New South Wales.

Also at the function, in recognition of the outstanding work performed by the police accredited firearms safety awareness officers in NSW, an award of "Firearms Safety Awareness Officer of the Year" was made by the General Manager of the Council, Paul Andrews. The award was presented to Jim Matthews of the Australian Deer Association (NSW) for outstanding achievement in several areas including the co-ordination of testing and assistance in recruiting officers in some remote areas of NSW.

MARYBOROUGH TID BITS, QLD

Rockhampton - October 16, 17 & 18

Attending the Queensland Skeet titles at Rocky, the Rehbeins were rewarded with Kaye taking out the ladies trophy in the 50t event and earning herself a place in the Qld ladies team, and Rob blazing his way into the Open Qld Team. Good shooting by both.

Bundaberg - November 1

After returning from the skeet titles Kaye & Rob took most of the trophies in the skeet events in the morning, then the trap. Lucky that Mike Tipman got in early in winning the 25t SB. The rest of the day was dominated by four shooters. Gino Sergiacomi and Pedro Peterson divided the B grade honours. Neil Berry tied up the Presidents & Patrons DB C'ship OA & A. Pts & Cont plus the Overall High Gun. Maryborough's new shooter Ken Shaw took all events in C grade, SB DB Pts & Cont to seal the frontmarkers high gun.

Bundy doesn't shoot on their usual first Sunday in January so check as they have a later picnic shoot.

3rd Gympie Gold Classic - November 8

Ray Maroske from Rocky is the proud owner of the first and second (1990 & 1991) Gold Nuggets but this time was pipped at the post and the 3rd Gold Nugget worth \$1,500 was taken by Neil Berry of Bundy. Though Neil is the current NZ DR Champion, he missed by a whisker to take the Qld State DR C'ship after a shoot off with Geoff Fett who came out the victor.

Ray Maroske left his mark on the day by shooting 107 in the 50t DB C'ship, to out shoot Gary Redmond. Ray also took the 25t DB Handicap. It was great to see so many high class shooters attend. High Guns for the day being OA & AA Neil Berry; A Shane Habermann; B Spero Stramano; C Ken Shaw; Junior Aaron Gardner. Thanks Gympie for a good shoot and thanks to the ladies for the tucker. Don't forget Gympie shoot one week later in January as Sunshine Coast take their days 9 & 10 January for their two day shoot.

Maryborough - November 22

Our AGM resulted in Dr Paul Anderson President and Peter Pagliarino Vice President. As Holly has done such a good job for ten years we didn't object to Holly doing eleven years as Sec/Treas. The rest of the committee is much the same. Thanks to Peter for the good job over the past years.

The draw of the trip to Norfolk Island was a popular win by new members Diane & Ken Shaw, with ticket No. 39 the lucky one. Hope you have a good trip, also the members going under their own steam.

Special welcome to visitors Steve Thompson and family who dropped in for a shoot from Wilcannia. Thanks also to Kaye & Rob, Wilma & Neil, Mike, John and Chris for making the numbers.

Best news for the club is Yvonne & Les Sidwell have taken on the kitchen full time, thank you.

Top guns for the day were Rob Rehbein, Neil Berry, K. Noffke and Diane Shaw.

Best of luck to our new office bearers and Happy New Year to all shooters and their families.

Good shooting to all, 'til next time see you at the shoots.

Lost Bird

WARATAH STATE NOTES

Shooting Sportsman of the Year Award

I was fortunate to be present at the Wentworth Park Function Centre when Michael Diamond was named as the NSW Shooting Sportsman of the Year on the 27th November.

This was the inaugural award, initiated by the NSW Firearms Safety Awareness Council, and supported by some 300 guests representing all the affiliated disciplines of the NSW Shooting Association.

Hon. Wal Murray, Deputy Premier, was the guest of honour.

Nine finalists were nominated by their respective associations, each receiving a silver medal for their achievement, with Michael receiving the prestigious gold medal.

Those present voiced their view that such a show of unity of the shooting fraternity could only be viewed as a positive move, as we need strength of numbers to confirm that shooters are just ordinary people pursuing the sport they choose.

On behalf of the State Association and the shooters of NSW, I congratulate you on your achievement Michael and wish you every success for your future, as I am sure the sky's the limit.

Sportswoman of the Year Award

I am also pleased to report that Desiree Huddleston was nominated by the State Association to the NSW Sportswomen's Association, as our nominee for the NSW Sportswoman of the Year Award.

This award, sponsored by the Daily Telegraph Mirror, culminated in a Presentation Dinner at the Resort Hotel, Brighton Le Sands, on the 5th November.

Desiree was among some very high profile sportswomen for this award, which was won by Michelle Jones, the worlds first female triathlon champion.

Congratulations to you also Desiree for your fine performances during 1992, and on behalf of the State Association and the shooters of NSW I wish you every success for the future.

1992 State Championships

The following results for State Championships were returned to the State Office - unfortunately only about 40% of those allocated. This is a requirement of hosting these championships, so please let me know the results within 14 days of the event being held.

State Night Double Rise C'ship - Rod Prior 43/50.
State Night Mixed Targets C'ship - Garry Tabain 59/60.
State Night Pointscore C'ship - Paul Lyons 147/150.
State Night Skeet C'ship - Christian Naudin 49/50.
State Double Rise C'ship - Fraser Roberts 46/50.
State Night Single Barrel Cont C'ship - Russell Williams 45/50.
State Night Pointscore Cont C'ship - Garry Tabain 135/150.
State Deauville Doubles C'ship - Garry Rootes/Ben Kelley 40/40.

Wishing you good shooting for 1993

1993 Handicap Cards

Shooters who were registered in 1992 are able to compete in 1993 (January only) by producing their 1992 Handicap Card plus proof of payment of their 1993 registration.

This exemption will allow sufficient time for clubs to forward applications to the National Office from where the current 1993 Handicap Cards will be issued with minimum delay.

As from February 1st, 1993, no person shall be eligible to shoot without first presenting their 1993 Handicap Card or proof of current registration.

DUTHIE 'TOP GUNS' VCTA TRAP CARNIVAL

Roger Duthie from the Hamilton Clay Target Club in Victoria took the opposition by storm in the Victorian State Double Barrel Championship held at Echuca on November 7th. Roger shot 468 straight to win the Championship and along with the advertised trophies, he collected a further 1,000 rounds of bonus shotshells from Winchester as a 'Top Gun' participant. The prizes didn't stop here though, as Roger went on to shoot a further 50 straight in the State Single Barrel Championship and whilst he did not win this event, his long run break went up in excess of 500, so a further 1,500 rounds of complimentary ammunition have been made available.

Rogers break of 528 is this years highest in the Winchester 'Top Gun' awards, surpassing Dino Oliviero's break of 512 in March at the International Gun Club. Success at Victorian Trap Carnivals is not new to Roger as he now has the remarkable record of winning all six titles, the Handicap, Double Rise, Single Barrel, Double Barrel, Point Score and Overall High Gun, in the past three years.

Roger chose to shoot the standard AA1250 load at this years carnival.

Another 'Top Gun' shooter who has been knocking on the door at many events this year is Dexter Barnes, who has now finally collected 500 free shotshells under the award scheme for his break of 326 in the State Double Barrel Championship.

In 1993 'Top Gun' year commences on January 1st with the awards covering far more events than the previous year. Please read the back cover of the CTSN for details and remember that entry forms must be received before January 31st to be eligible for awards.

Dexter Barnes (left) and Roger Duthie (right).

KEITH'S REWARD

Keith Robinson was awarded Life Membership of the Wangaratta Clay Target Club in November 1992.

Keith first served on the committee in 1982 and has given service to the club as a committee man and worker since that time.

Keith could be known around the club as 'Mr Fixit,' because whether it be the air conditioning, digging trenches, installing safety guards on the traps or co-ordinating the building of a new fence, he sets about doing it in his quiet way, but always producing top quality workmanship.

Over the years Keith has been an active ambassador for this club in that he has regularly attended other district club shoots, competing as a true sportsman at all times.

I believe a Life Membership was an appropriate reward in recognition of Keith's loyal service to the Wangaratta Clay Target Club. The nomination for Keith's reward was received from David Jackel.

Bev Penney, Secretary
Wangaratta Clay Target Club

FIREARMS LICENSING

Shooters travelling interstate are reminded of the need to comply with the licensing requirements of the state(s) visited. As requirements differ from state to state it is advisable to contact the relevant authority to ensure that no firearms regulations are breached. In addition shooters licenses are to be carried at all times.

A brief run down of state requirements is hereby given. Further information may be attained by contacting the firearms registry/section as detailed.

Victoria:

Reciprocal licences apply between states where state licenses are issued - otherwise a temporary permit is required.

Victorian Firearms Registry - GPO Box 2807AA, Melbourne, Vic 3000. Tel (03) 655 9327.

New South Wales:

Reciprocal licenses apply between Vic/SA/NT/WA. Qld shooters may travel on a Queensland shooters licence.

New South Wales Firearms Registry - Permit Office, GPO Box 2514, Sydney, NSW 2000. Tel (02) 288 8999.

Tasmania:

Reciprocal licences apply between states where state licences are issued.

Tasmanian Firearms Registry - PO Box 308C, Hobart, Tas 7001. Tel (002) 35 2533.

South Australia:

Reciprocal licenses apply between states where state licences are issued.

South Australian Firearms Section - 55 Hindmarsh Square, Adelaide, SA 5000. Tel (08) 223 6179.

Queensland:

All visitors to Queensland must apply for a visitors licence on the prescribed form. Current licences required - \$5.00 fee applies.

Queensland Firearms Registry - GPO Box 892, Brisbane, Qld 4001. Tel (07) 364 6464.

Northern Territory:

Visitors to the NT have three days to purchase a temporary visitors permit available from NT Police Stations. Current licence required.

Northern Territory Firearms Section - PO Box 39764, Winnellie, NT 0821. Tel (089) 22 3344.

Western Australia:

Visitors to WA must obtain a temporary permit from the nearest police station upon entering the state. If attending for the purpose of an organised event a free visitors permit will be issued.

Western Australia Firearms Division - Officer in Charge, 210 Adelaide Tce, Perth, WA 6001. Tel (09) 222 1203.

While the information provided is believed to be correct as at 1-1-1993, the ACTA takes no responsibility for its accuracy.

A SAD LOSS

The club was saddened to learn of the death this week of one of the club's most valuable members. Someone Else.

Someone's passing creates a vacancy that will be difficult to fill. Else has been with the club since its beginning. He did far more than a normal persons share of the work. Whenever there was a job to do, a social function to attend, funds to be raised, or a meeting to attend, one name was on everyone's lips. "Let Someone Else do it."

It was common knowledge that Someone Else was among the largest contributors of his time to the club; whenever there was a need for volunteers, everyone just assumed Someone Else would volunteer. Someone Else was a wonderful person sometimes appearing superhuman, but a person can only do so much. Were the truth known, everybody expected too much of Someone Else.

Now Someone Else is gone: We wonder what we are going to do. Someone Else left a wonderful example to follow, but who is going to do the things Someone Else did? When you are asked to help, remember - We can't depend on Someone Else.

VALE

Peter (R. R.) Payne

It is with sadness we report the death of Peter Payne on November 5, 1992.

Peter was a member of the New South Wales Gun Club for 25 years where he was an expert and keen shot, particularly at Skeet. He will also have been known to many shooters as a competent gunsmith, a trade he taught himself during quiet times on odd shifts in the Fire Brigade, encouraged by a lifelong interest in field and target shooting.

From the members of the New South Wales Gun Club and the multitude of other shooters who will fondly remember him, we tender our deepest sympathy to his wife Mona and daughter.

John Richardson
Hon Treas, NSW Gun Club

John William Fishlock

Members of Southern Gun Club were saddened by the sudden death of one of our longest serving members on 25-11-92.

John began his shooting in the days of live birds and competed at a number of events through the state.

After a period of non competitive activity he resumed clay target shooting in 1973. His quiet manner made him many friends and his company will be missed by many.

To his wife, family and grandchildren the club members extend their sympathy.

James Fredrick Warnes

Southern Gun Club members were saddened by the passing of one of our loyal members on 9-11-92 following a long illness.

Jim had served this club as Patron for 21 years. His shooting had brought him in contact with many clubs and members and his support to Legacy will be greatly missed.

To his family and grandchildren we extend our sympathy.

Charlie Budge

Charlie Budge, the Morwell butcher who donated the big Budge shield for trap competition in 1954, has died.

The shield is still contested annually by handicap teams of five from Gippsland clubs.

Mr Budge, 74, died in the Moe hospital on November 29. For twelve years arthritis restricted him to getting around by wheelchair.

At one stage he and two brothers had 11 butcher shops in the Latrobe Valley. Morwell Gun Club's land was bought from Charlie's brothers. The abattoirs that adjoin the land was Budges'.

Among Mr Budge's trap souvenirs is a photograph of his being congratulated on winning a night event at Wonthaggi in April '56, the year after Wonthaggi started on foundation president Bill Mile's farm, a kilometre east of the present ground.

Mr Budge is survived by his wife, son, daughter and two grandchildren.

Tom Gannon

PROFILE ON RUSSELL MARK

Interviewed by Alan Maher

Name: Russell Mark
Age: 28 Years
Profession: Land Valuer – self employed
Other Interests: Golfing – handicap 18
 Music
 Astronomy

Alan: Where and when did you start shooting clay targets?

Russell: Started in 1977 at Easter Carnival in Mildura. I was a footballer, playing for East Ballarat, but hurt my ankle at the start of the season – took up shooting and never went back to football.

Alan: When did you start shooting ISU – your greatest claim to fame at the moment.

Russell: In 1984 when the Olympics were on it aroused my interest and I bought a new Beretta 680 shotgun for \$800 and decided this was where my future in shooting lay. I have enjoyed it ever since. It's a form of shooting I have never mastered and think I never will, therefore it has held my interest for that reason.

Alan: Where did you start shooting ISU?

Russell: Melbourne Gun Club in particular. My father used to work for Winchester and I would come down to Melbourne from Ballarat with him.

Alan: Do you like Melbourne as a ground?

Russell: Melbourne Gun Club is a hard ground but certainly a very good ground to shoot on.

Alan: When did you last shoot there?

Russell: Unfortunately Melbourne don't shoot a lot of ISU any more so I have been shooting at Frankston and Werribee for the last 12 months. Werribee has a fully automatic trap range which is very handy for me.

Alan: Yes, being close to home, and is Werribee being well patronised at the moment?

Russell: Yes they are actually making quite a go of their Olympic Trap range. I wish there was more money to put in another layout.

Alan: What would you consider to be some of your biggest achievements in the sport? We all know that you have had two Olympic Games, Commonwealth Games and a few World Championships, but out of all of those which is the biggest individual achievement in the sport that you are particularly proud of?

Russell: Winning the World Cup in 1991 in Los Angeles was an individual highlight.

A memory that sticks in my mind more than anything was when John Maxwell, Michael Diamond and myself won the Grand Prix of Nations Teams Event in 1991 also, that's the thing with shooting, it's a very individual sport but when you win a team shoot, especially in a country like Italy it really makes you proud.

Alan: Yes I'm sure that would be an everlasting memory Russell. We have a large cup in the office here that the Australian Team, courtesy of John Maxwell, brought back to Australia. How many shooters would have been participating in that competition?

Russell: Well in excess of 120, the thing is that 120 over there means that they are 120 very good shooters. There might have been 20 teams in the competition.

Alan: What about disappointments. You must have some of those because with success comes disappointments and unfortunately there are usually more disappointments than there are successes.

Russell: You can't be successful 100% of the time, in fact if you are successful 30% of the time you are a fairly good shot in my opinion. I guess the biggest disappointment I have had was missing out on the Australian Team in 1985 when I was shooting very well. I thought that year I would make the team, but I learnt a lot from missing out.

Alan: What caused you to miss out?

Russell: I think I was a bit big headed to be honest, I really just thought I would walk into the team that year. I don't know why I thought that looking back now, but at that time I was probably shooting Olympic Trap as good as anybody coming up to the Nationals and when the Nationals started I think the pressure got to me.

Alan: Who made the team that year?

Russell: It was John Harris, Bill Iles and Terry Rumble. They all shot very well during those Nationals but they probably didn't shoot the scores I had been shooting the weeks prior to it – that's the disappointment I remember, and shooting poorly in the 1990 Commonwealth Games. I think that I have learnt lessons from these competitions.

Alan: You obviously have learnt lessons from those, as you have gone on to bigger and better things, finishing 9th in the Olympic Games in 1992 – a tremendous achievement.

Is having a big head a problem that a lot of shooters or sports people generally face?

Russell: It effects the young and inexperienced sportsperson generally. The top shooters you meet overseas are very aware of the realities in Trap shooting, very similar to those faced in a golf tournament. They are aware that there are 20 or more guys who could win and they accept that they are not going to win all the time.

Alan: In 1985 you would have been 21, we have a good shooter around that age at the moment in Michael Diamond. Do you have any advice for young shooters such as Michael in this regard?

Russell: Michael Diamond has a very good head on his shoulders. He is lucky enough to have parents who have closely watched him and never let him get a big head. This, in my opinion, is Michael's greatest attribute, not so much the fact that he is one of the best shooters I have ever seen, but also one of the best sportsman.

Alan: Getting off the ISU side for the moment, you are very well known in DTL shooting for that shoot-off that occurred over in Perth in 1980, the Double Barrel Championship, when you would have been 16 years of age. What can you tell us about that shoot off, which must have been quite dramatic. The one that Doug Smith was involved in with you.

Russell: A lot of people still ask about that to this day. I guess that was back in the days of tremendous rivalry between Eley and Winchester. There was Doug, who was a very heavily sponsored Eley shooter and myself, who Winchester were giving a few shells because my father worked for them. It got to the stage where the shoot off was approaching the Australian record, when unfortunately Doug had a third misfunction. The target was called lost, therefore the event was never really decided in my opinion. Doug took it like the sportsman that he is, but I have heard a lot of debate over the years as to who would have won it if it had gone on further. He was certainly the favourite. I have never had a chance to shoot off with Doug since.

Alan: What advice Russell would you give anyone aspiring to make an Australian team, whether it be a standard discipline or an international discipline?

Russell: I think you have to set yourself realistic goals and that is the problem I faced back in 1985. I didn't really give myself a realistic goal then, I decided that I would take up ISU shooting one year and the next year I would make the Australian Team. Well, that's unrealistic – you have got to give yourself probably four years to make an Australian ISU team, and maybe about the same to make a DTL team. At the end of every year you should

sit down and have a look at how you have performed for that year and then maybe write down three or four major events you want to perform well in for the following year. Then closely monitor how you go and if you achieve your goals aim a little higher - don't go too high all at once.

Alan: *You say that is what you should do, but do you do it yourself?*

Russell: I haven't always but now I do, there is no doubt there will be three or four events I would really like to do well in each year, and I certainly mark them on my calendar as the events that I will go flat out to train properly and do my best in. I certainly compete in more than three or four events per year, but you just can't compete at your best in all of those events.

Alan: *Apart from the obvious ones, like the Olympics which goes without saying, what event did you set yourself to win this year and how did you go?*

Russell: Well of course the Olympics was my major event this year, other than that I'd have to say the World Cup events overseas. In an Olympic year you have to make your goals the overseas competitions. Next year all my events will be in Australia and I don't know if I will be going overseas at all. Unfortunately for me at the World Cup this year, I missed my last target and lost a spot in the final. At the Olympics I finished 9th, but only two targets off the winner. Realistically, I don't think I have done too badly this year. I didn't win a medal as I would like to have done, but you can't win all the time.

Alan: *Out of the shooters who took part in both of these events, bearing in mind the standard they might have, what would you be able to tell us about the oldest shooter you have shot against at Olympic level who is competing at the very top of the sport?*

Russell: The oldest guy I have shot against is named Luciano Giovanetti from Italy. He has won two Olympic gold medals, the second one when he was 46. It's not a bad effort. I don't think age is a barrier, if you have got age with a lot of experience, you are often a lot better off than a very young person who is full of energy and reflexes with no experience at all.

Alan: *At 28 years of age and having shot in two Olympic games, it is conceivable that if you hold form and things go the way you'd like them to within the next 16 years you could compete at another four Olympics and still be at the level which you believe you could win, age not being the barrier.*

Russell: Desire becomes the big problem here, its how much you really want to keep going to the Olympic Games or how much time you want to keep spending overseas or training. The older I get I tend to have a little bit more money but a little less time each year. Time is really my biggest problem now. It's not so much the ability or the money, it's the problem of finding time to do all these things. Certainly with double trap coming into the next Olympic Games things might change. Both Michael and I have always shot double trap well and I think Australia will do very well in the next couple of years in all the major double trap events around the world.

Alan: *We'll get into the double trap a little later on, but just continuing on this same vein, what support have you received over your years in shooting, who or what companies have assisted you, whether it be with kind or whatever, to help you get where you are?*

Russell: I've been lucky as far as ammunition is concerned, and I guess ammunition is one of the biggest expenses. Originally, I was very well supported by Winchester when a guy called Ross Baillie was the managing director. I was very good friends with Ross's son, Keith. We did a lot of shooting around the place, and Ross used to look after us pretty well, but I guess that the budgets were drawn and I was made a pretty good offer from Maionchi Ammunition when their shells were being imported into Australia by Steve Balough from Canberra, so I took a deal with Steve for a couple of years and shot a fair amount of his cartridges which was very good ammunition, but the way the Australian dollar went, they just couldn't afford to keep importing them to Australia. Then, I had an offer from Sergio Zuffo, so I shot his ammunition for quite some time and did very well with it, winning many titles and made a lot of Australian Teams. Just recently I've been offered a position with Winchester as a Shooting Consultant there, and of course I'll get some ammunition as part of that, so I'm back shooting with their new range of ammunition. I've had a lot to do with the promoting and the marketing of their

new shells and the designing aspect of it which has been interesting. That's where my future lies in the short term anyway.

Alan: *Obviously then when Steve Balough, Winchester and Sergio Zuffo in days gone by assisted you with cartridges, it really was a promotional exercise on their part, but with what you're currently doing now you are much more involved because you are contributing to the development of the new shells and that type of thing, so are you enjoying that side at Winchester?*

Russell: Yes, that's the side of it that I had a little bit to do with Sergio but not as upfront as what I have been with Winchester, and it certainly keeps your mind very active when you see the other side of an industry which is interesting from my point of view.

Alan: *Both Sergio and Winchester have been and still are both very good to the A.C.T.A. They have been very good supporters of us and I know what your relationship is with Winchester now, that's well documented, but how's your relationship with Sergio Zuffo these days, now that you've gone from being a Scorpio cartridges user to shooting Winchester shells. How did Sergio take it, and how do you get on with him now?*

Russell: I guess probably the hardest decision I ever had to make, was to telephone Sergio and tell him that I had been made a fairly good offer from Winchester.

We had a long talk about it, Sergio could see that for my future that was the decision that I really had to take. I always have a drink and a meal with Sergio at every competition we end up at together, and I'd have to say I've still got a good relationship with him. From my point of view he's done me a lot of good favours over the years, as he has done the Sport. I can't knock his ammunition that's for sure, that's something I'll never do. It was purely a business decision, and as far as the personalities are concerned, Sergio and I still get on very well.

Alan: *That's an example of what you said early on about sportsmanship. You can have sportsmanship on the grounds, but you've also got to have a similar situation off the ground, and if you've got a good relationship with Sergio Zuffo now, bearing in mind that you are probably his greatest competitor with Winchester, well that's tremendous.*

Just getting on to Clubs Russell, you've shot at a lot of Clubs, you probably haven't shot at every one of the Clubs that we have, but you've probably shot at more than half I suppose. Where is your favourite, or which is your favourite Club in Australia for shooting, let's say DTL first.

Russell: I guess probably the easiest Club I have ever shot at, and the most picturesque Club would probably be Geelong which is the Club I'm registered with at the moment. It's got a tremendous background and the scores are always very high there. I've shot at a lot of Clubs around the place that I have enjoyed very much, particularly some of the Clubs that are in Northern Queensland such as in Townsville and Cairns.

Alan: *Conditions up there would be a little more difficult . . .*

Russell: Yes, it's a little bit hotter that's for sure, but I spent a lot of time there training before the Olympics at both of those Clubs and I found them also very picturesque and very well run. Townsville in particular.

Alan: *Yes, I think everybody has very good memories of Townsville. There's been some good shooting up there. What about ISU, Russell, where do you prefer to shoot the Olympic Trap?*

Russell: If I had my choice of where I would train before I go overseas, it would probably still be Melbourne Gun Club, but unfortunately I think the equipment at Melbourne Gun Club is now beyond being really competitive any more. It just doesn't seem to be the same as what it used to be. I guess my own Club in Werribee now has got the more sophisticated equipment, that's probably where I do the majority of my training now and we are trying to set that up as much as possible like a European Club.

Alan: *When you say your own club Russell, not so long ago you said that Geelong was your Club, does that mean your planning on transferring your registration to Werribee, or are you going to remain at Geelong?*

Russell: I'm an honorary life member at Geelong, that's something I'll always appreciate, they made me an honorary life member when I made the Olympic Team in 1988. I guess the reality is for my future I'll be doing a lot more of my shooting at Werribee . . .

(To be continued).

A TRIBUTE TO TWO GENTLEMEN

Athol Hicks & Keith Cameron

During the recent AGM of the Gold Coast & Albert Clay Target Club our President was reflecting on 'the year that was,' and two sad passings were remembered. Earlier this year the club lost not one but two of the finest gentlemen in our sport.

Athol Hicks was one of the first members of the then South Coast Gun Club. During the ensuing forty-three or four years of continuous membership, Athol literally did almost everything possible in a sporting club from promotion of the sport via membership drives (I am a product of this), through to cleaning of the traphouses. He even found time to represent his club successfully at State and National Championships.

For many years his lifestyle was moulded around the monthly requirements of the gun club. He was actively involved in two club relocations that I am aware of, the one to the Rifle Range Road, Pimpana, being heavily resultant of Athol's hard work.

A quiet unassuming man upfront, soon became a powerhouse behind the scenes. It is to be hoped his ideals, words and actions, displayed over many years are not lost in our sport. As the identity of our club will change from year to year the 'Grandfather' will always be known as Athol Hicks.

On a personal note I wish to pay tribute to Athol for his dedication to our club and the sport and for his much valued assistance and guidance to me as a beginner in the sport and then as Club President.

Our club was unfortunate in that Keith Cameron only joined in 1979-80 when he retired to the Gold Coast from the Roma district. Since his retirement to the Gold Coast he supported the sport of clay target shooting and our club in a style unique to Keith Cameron.

A gentleman at all times, yet a lovable rogue, with that twinkle in his eye while enjoying a cool drink. Keith together with his little mate (Jeff Palge) represented the Gold Coast throughout Queensland and wherever they went, that club was the better for it.

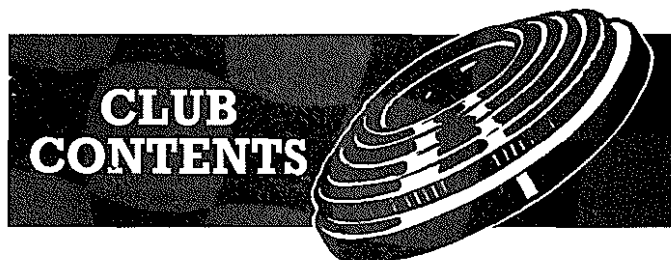

Keith competed at all levels of our sport right up to Olympic selection. He is probably better remembered however, for his deliberate style that just seemingly could not miss. A mistake made by many was that this old "b . . ." won't go far, only to find themselves packing their gear while Keith went on to win.

A fabulous shot, a true and sincere friend and a wonderful supporter of the shooting sports. His actions in giving his grandson his favourite shotgun and then watched him develop and prosper was only one of the many good things we remember him by.

To Athol and Keith, you were both unique in your individual styles and both gentlemen by pure definition.

We miss you!

The World's Toughest Auto Now Has **MOBILCHOKE** Versatility

Beretta 1200F

A totally new concept hi-tech auto shotgun - built to handle the roughest, toughest use and abuse you can give it. New processes and materials mean super abrasion and rust resistance.

With the 1200F, Beretta has rewritten the book on toughness and durability.

Purely and simply, this Beretta is the ultimate workhorse.

A lightweight, low recoiling five-shot auto that you don't have to handle with kid gloves. It can take anything you can dish out - whether it be in a cold 'n' wet Victorian duck punt or the back of a hot 'n' dusty Queensland ute.

The revolutionary technopolymer stock and forend fully meet severe ordnance specifications - providing greater strength and endurance than any conventional timber. Barrel and receiver feature a rust and abrasion resistant matching matte black finish.

Imp Cyl. Mod. Imp Mod. Full.
Key/Thread Cleaning Tool

The action is simplicity itself. Inertia-operated by harnessing the kinetic energy of recoil. It's self-compensating to handle any strength 2¾" load with ease, and delivers the fastest cyclic firing rate yet.

Mobilchoke models feature 28" barrel with ventilated rib and hard chrome lined bore. Supplied complete with four internal, flush fitting choke tubes providing the versatility you need to handle a wide variety of shooting applications.

● The option of a genuine walnut stock Mobilchoke version is now available - for those preferring a more traditional appearance.

Other 1200F Models available:

- 30" Ventilated rib fixed FULL choke.
- 20" 7 shot scrub gun, rifle type sights, cylinder bore.

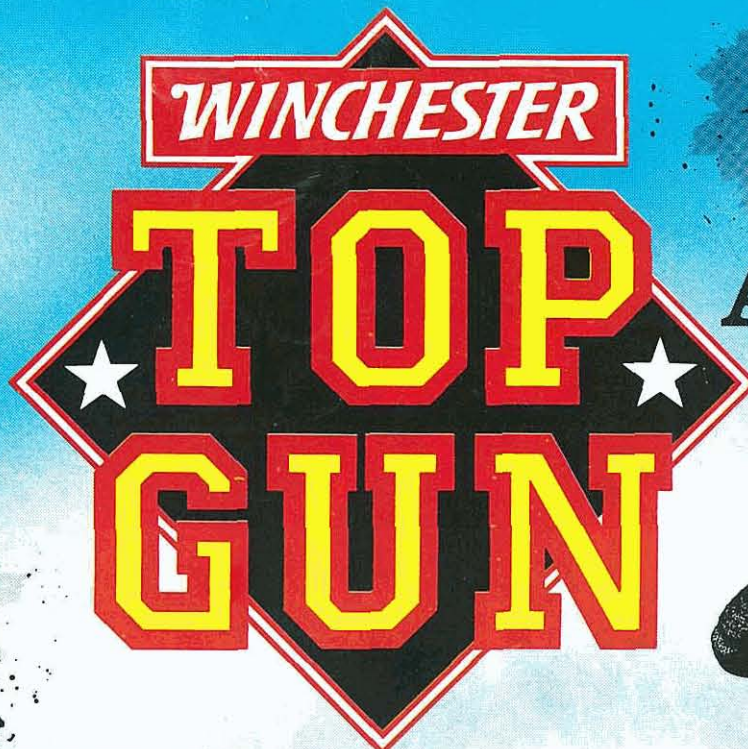

See your local Gun Dealer now for the lowest price on the toughest auto in the world.
