Miroku 10 Trap Grade 5 with or without  
Porting, 30" or 32" barrels

## *Why the Miroku 10 should be your competition gun*

The desire for perfect scores by clay target shooters has led to two great features - Barrel Porting and Overboring.

**PORTING** - the upward flip

after firing is significantly lessened by the positioning of ports (holes) in the barrel which release excess gases upwards to drive the barrel downwards correcting the flip.

**OVERBORING** - the enlargement of the whole barrel has been shown to reduce recoil and

improve patterns as the shot and wad are not crushed when in the barrel. One ounce loads particularly have shown improved patterns in overbored guns.

These great features make the Miroku Model 10 an outstanding gun that will put you on target and on the winner's dias.

## Rules . . . Rules . . . Rules

Undoubtably the most trying issue for your National Executive at the moment is the introduction of the proposed changes to our rules. In the past when changes have been introduced the Executive has been accused of rushing them through without due thought, and without the input of all. This time we called for input from everyone, Individual, Zone and State. The Rules Committee noted all submissions received, and duly made recommendations to the Management Committee. Your Management Committee then made its recommendations and now the full Executive is voting on the introduction of any changes.

In the June column I stated that the decision on the date of introduction would be made later this year. As at the printing of this magazine no decision has been made on this date, but as soon as it is, everyone will be notified of the changes and of the date of introduction.

I ask for all to bear with us in the introduction of changes we hope will be the right ones. Please do not introduce any changes at your club until you have been officially notified, either in the CTSN, or by newsletter from the National Office or State Association. As I have said previously, 'let's get them right'.

## Members Accident Insurance

Last month we published a summary of the Accident Insurance Policy. Please note that the members age limit should read '10 years to under 86 years.'

We apologise for any inconvenience which this may have caused and thank those members for taking the time to ring or write to us advising of their concern.

## World Masters Games

The World Masters Games being held at the Brisbane Gun Club will by all accounts be an outstanding success participant wise. There are 22,000 entries for the Masters Games competitions. To date over 160 Trap shooters, 100 Trench shooters and 85 Skeet shooters will take part in the seven days of competition starting on the 30th September and concluding on 6th October. The Queensland State Skeet Titles will be held immediately after the Masters Games.

## Welcome Karen

I would like to make welcome Karen Terry to our National office staff. Karen fills the position of receptionist/typist for 19 hours per week. I am sure Karen will enjoy her stay with the ACTA and soon become accustomed to the 'language' of the shooters.

## CTSN Advertising Rates

The new CTSN advertising rates as detailed in the club newsletter became effective as of this magazine. It is a minimal increase and your continued support of your magazine is very much appreciated.

## Thank You

To the person who very kindly forwarded me some very old Victorian badges without a hint as to who it was. Believe it or not, there was not even a visible post mark. There are some very generous people in our Association. Thank you again.

# HISTORY and RECORDS 1936-1992

*By George Biggs, ACTA Historian*

This informative book details our sport of Clay Target Shooting, its beginning and development. The origin of trap shooting can be traced back to the ancient pastime of popinjay shooting, a game practiced by the ancient Greeks.

You now have the opportunity to track back to the beginning of our Association, thanks to the enormous research the author has undertaken, to present the reader with an invaluable chronicle of the Australian Clay Target Association.

## — 3 DAY CARNIVAL —

The 'D' Day long weekend saw the WAGC hold a 3 day Trap and Skeet Carnival at the Whiteman Park International Shooting Complex.

Ian Ratcliffe, complex manager, did a superb job with the lawns and all that could be wished for was fine weather. Saturday alas saw rain and strong winds that reduced the expected shooters to about 65.

Event one, the Alan Brown Skeet Championship, was won by Marco Ponta from Scotty Gibson. Event two, the Winchester Skeet Doubles, saw John Dyas take Overall and set the pace for the State Championship. Event three, the WA State Skeet Doubles Championship was hotly contested and the favourites, Scotty Gibson, John Dyas and Robin Bailey were out gunned by Jim Lithgow with a fine 49/50. Congratulations Jim!

Event four was won by Nick Jackson with 85/85 from Laurie Hull 84/85.

Sunday morning saw blue sky and sunshine, the weather was kinder for the trap events and 100 shooters lined up for event five, a ten target double barrel pointscore cash divide. Event six, 25 Double Barrel District Championship was won by Colie shooter David Fox with 53/53 from WAGC's Andy Waschenko 53/54.

Event seven, 25 Double Barrel WAGC Championship was contested by the President and Vice President of the host club. President Geoff Faulkes, won 61/61 and Robin Bailey, Vice President, second with 60/61. Christine Pollitt, one of the club's up and coming lady shooters, took second place in C grade with a fine 24/25.

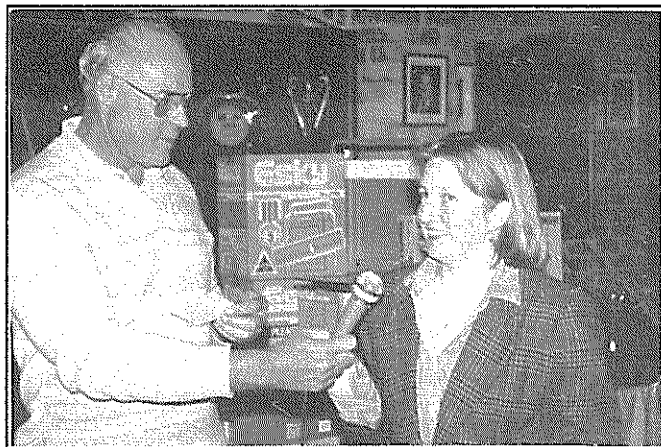

Event eight, 50 Double Barrel Stratco Challenge, saw a bundle of possibles and the shoot off would have continued far longer except for the wind gusts that arrived to ensure the targets were challenging. WAGC President Geoff Faulkes, was again on the firing line, but Jim Honey saw things a little clearer and won with 94/94, Geoff 93/94 and Roy Holtfreter 69/70.

Anita Dyas, a first year competitor won the Ladies with 43/50 and Alan Brown, our 83 year young veteran shot 49/50 to win the Veterans. Terry Morony, the State President of WACTA, sponsored the Stratco Challenge as Stratco General Manager.

Duncan Burnett had organised a spit roast and by 4.00pm the aroma of roasting pig and beef started to bring the odd pleading individuals begging for a piece of crackle. Duncan had to mount guards on the ovens until trophy presentations were complete. A bush band, ample liquid refreshment and fresh roasted pork, beef and chicken ensured all had a great evening. Many thanks to Sonja Dickinson, Gwenda Morony, Elizabeth Faulkes, Sue Bailey and the many helpers.

Monday morning was bright, clear and calm until 9.15am anyway, then the wind started its usual winter tricks. Event nine, the Life Members Double Barrel Championship, had WAGC Trap Captain, Rick Vivante all smiles with his top 67/67 win from John Dyas 66/67. Les Hall from Peel and Districts shot well to win A grade with 51/52. Chris Pollitt won C grade with 24/25 and Roy Holtfreter took out the Veterans.

Event 10 was a novelty event and not included in the High Gun, 25 Double Barrel Group Meterage. David Fox, the Colie Champion, again took the honours with 50/50. Graeme Parsons (Yogi) 49/50 was second. Event 11, the 50 Double Barrel Points President's Cup was the last event and Chas Riegert won with a superb 212/213 from John Dyas 209/213. Duncan Burnett with the spit roasts well and truly eaten shot well to take second in AA with 148/150.

Vice President Robin Bailey with C grade winner Christine Pollitt.

Joe Pintaudi, the High Gun sponsor with John Dyas (High Gun).

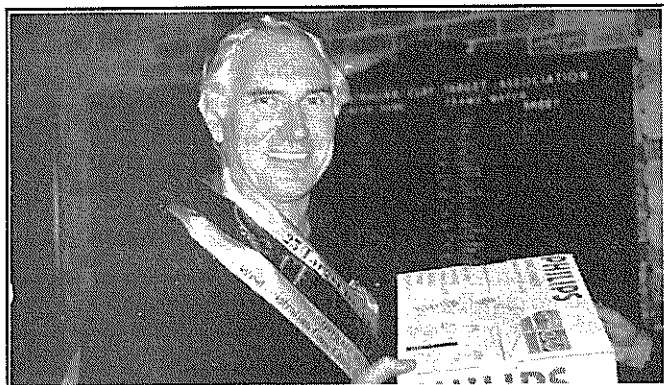

Stratco Director Terry Morony and 50 DD winner Jim Honey.

# Queensland ISU Carnival

## Townsville Gun Club

The fact that ISU Clay Target shooting is alive and well was confirmed at the State ISU Carnival held during late June at the Townsville Gun Club in far north Queensland.

In all, nearly 50 shooters from Queensland, New South Wales and Victoria plus the entire New Zealand ISU team including their Commonwealth Games representatives were in attendance, to make for one of the most enjoyable weekends of shooting had by many for some considerable time, in what were nearly perfect winter weather conditions.

Local shooters, together with shooters from as far north as Cairns and as far south as the Gold Coast, Brisbane, Warwick and the Sunshine Coast were extended the normal welcome by the Townsville management and members, and without exception, enjoyed the hospitality and facilities the club offered.

The Queensland State Olympic Trap Championship was well contested by six squads of shooters, with many good performances being recorded. The course of the event also saw the conducting of the State Postal Teams event with the Queensland team comprising — Grahame Wyatt, Andrew Larsen, Peter Stein, C. Scott, Bob Simpson and Greg Newey.

Following the good competition in the Olympic Trap event, Commonwealth Games team member Russell Mark, from Victoria, finished with the excellent score of 123/125. Brian Wistrand from New Zealand also performed exceptionally well, posting a very good 120/125, as did fellow Kiwis, Graham Ede on 117/125 and Bill Beecroft on 116/125.

Top Queenslanders, Peter Stein on 117/125 and Bob Simpson 115/125 made up the top six shooters for the weekend, and filled places in the 'final'.

Olympic Trap	OA	Russell Mark	123 + 25	148/150
	AA	Brian Wistrand	120 + 25	145/150
	A	Graham Ede	117 + 25	142/150
		Peter Stein	117 + 21	138/150
		Bill Beecroft	116 + 25	140/150
		Bob Simpson	115 + 23	138/150

Grade placings in the Olympic Trap Championship included Grahame Wyatt in B grade followed by N. Benson and Joe

Box, while C grade went to Garry Wessell followed by S. Poletto and P. Bonato.

Special mention must be made of the fine performance by Russell Mark in recording his excellent win, and also of the fine score recorded by New Zealander Brian Wistrand, whose 145/150 is the highest score ever recorded by a New Zealander.

The ISU Skeet Championship, the class field included former State Champions, Jim Wilberforce of NSW and Len Norman and Brian Prosser from the Sunshine Coast, New Zealand Commonwealth Games representatives, Geoff Jukes and Brian Thomson were also determined to make the competition tight.

At the completion of the 125 targets, Geoff Jukes and Len Norman were going into the 'final' on 113/125, followed by Brian Thomson on 111/125 and Brian Prosser on 109/125. R. Devine made up the six on 96/125.

Following the 25 target 'final', Len Norman emerged from a lean spell to be the 1994 Queensland ISU Skeet Champion by one target.

ISU Skeet	OA	Len Norman	113 + 23	136/150
Championship	AA	Brian Thomson	111 + 24	135/150
	A	Geoff Jukes	113 + 21	134/150
	B	Brian Prosser	109 + 18	127/150
	C	R. Devine	96 + 20	116/150

The Queensland Team for the ISU Skeet Postal Match was also chosen over the event, and comprised L. Norman, B. Prosser, R. Devine, R. Rogers, E. Reeves and J. Smaniotto.

Also conducted over the weekend was the 50 target Queensland Double Trap Championship, with Russell Mark again demonstrating his prowess by winning with a respectable 42/50. Brian Wistrand again performed well to take AA grade.

Other honours in the Double Trap went to ISU Skeet shooter Geoff Jukes in A grade, Louie Nuzzolese in B grade and Ann Wyatt in C grade.

The weekend also saw the conducting of the Queensland ISU Sub Committee's AGM, which saw Chairman Bob Simpson from Cairns, decline a further term as Chairman, with the new Chairman being David Menck of the Sunshine Coast.

A very successful weekend's shooting was conducted, and congratulations must go to well known Townsville administrators Tom Comerford, Daphne Leeds and Noel Beale, who along with Andrew Larsen and others, made the weekend enjoyable for the visitors and locals alike.

New Zealand contingent at the Queensland ISU Carnival — Bill Beecroft, Jim Elliott-Forster, Alan Stclair, Geoff Jukes, Brian Thomson, Graham Ede and Brian Wistrand.

Olympic Trap 'Finalists' — Bill Beecroft, Peter Stein, Bob Simpson, Graham Ede, Brian Wistrand and Russell Mark.

Following weeks of preparation and hard work by a dedicated team of members, the first day of our special open shoot dawned clear and bright with promises of fine sunny weather for the weekend.

All shooters nominating were in high spirits and happy moods in line with the perfect conditions, the grounds appearing their best in spite of the dry season and everyone looking forward to the competition ahead.

C grade 1st Doug Baker (Upper Hunter) 30/30, 2nd George Campbell (Boorowa) 30/31. Possible scores were also recorded by Errol Tucker (Dubbo) Garth Hosking (Gulgong) and Tom Turner Snr (Cessnock).

The final action for the day was about halfway through when the players appealed against the light which resulted in the Countrywide Industries Farm Machinery Manufacturers (Dubbo) 25t PS Championship being carried over to early Sunday morning. Fortunately, the day started off with light cloud cover which kept the morning sun from the shooters eyes. Possible scores were achieved by Rodney Wright (Juncie) Robert Dale (Showmans) Tom Turner Jnr (Cessnock) Arthur Turner (Warren). Final results were AA grade Tom Turner Jnr 129/129, Robert Dale 126/129, A grade Howard Smith (Cecil Park) 74/75, David Sultana (Cecil Park) 132/135, B grade Gleniss Lawrence (Canowindra) 74/75, Jack Barker (Upper Hunter) 73/75, C grade Adam Boyd (Warren) 72/75 and Ted Hudson (Hermidale) 68/75. Some excellent results on the first day, particularly from some newer shooters in the B and C grades.

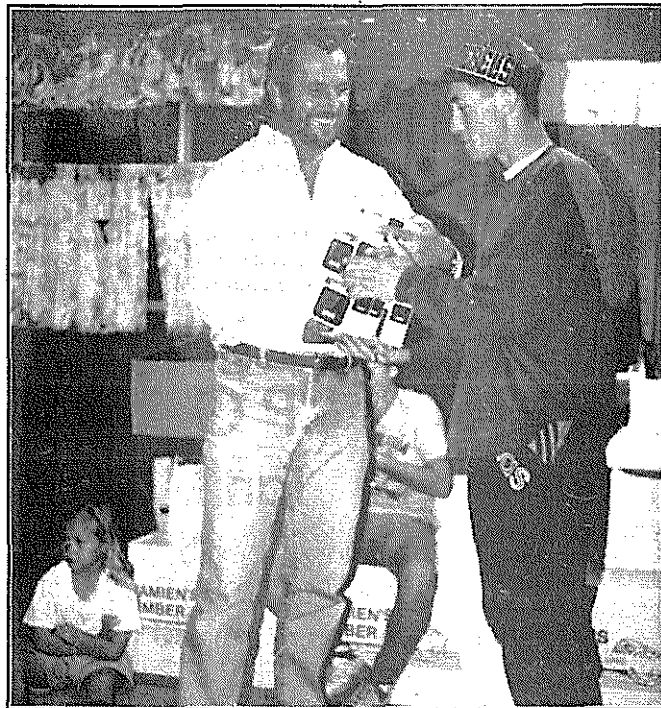

The clouds cleared away for another fine warm day. Morning and afternoon teas and lunches were provided by the Orana Heights school canteen ladies who did a great job. It was difficult enough trying to concentrate and compete against the high level of scores on the lanes without the drifting aroma of steaks gently sizzling on the BBQ.

David Sultana, Robert Dale, Tubby Blazely (Newcastle), Reece Ehlers (Albury) all marked up possibles in the 25t SB Cherlor Drillers Pty Ltd (Dubbo) competition. Shoot offs decided the results which were AA grade Tubby Blazely 35/35, Robert Dale 34/35; A grade David Sultana 25/25, Malcolm Stephens 24/25; B grade John Smith (Dubbo) 24/25, Philip Cauchi (Cecil Park) 23/25 and C grade George Campbell 25/28, Adam Boyd 24/28.

Event No. 6 sponsored by Club member Chris Cookson's Dubbo Tool Centre was the 50t DB Classic and carried trophies

High Gun winner Reece Ehlers with runner-up Robert Dale at Dubbo's 10th Golden Fox.

Winchester's Howard Smith presents Junior High Gun award to Les Chant at Dubbo's 10th Golden Fox Open Shoot.

and sashes totalling \$1,000. Possible scores were returned by G. Kennerson (Sydney) Brad Webb (Illawarra) Reece Ehlers and Arthur Turner. Some excellent shooting followed and the keeper of the scoreboard, Les Clarke who did a magnificent job of posting the results, recorded the following: AA grade Arthur Turner 102/120, Reece Ehlers 101/102; A grade Garth Hosking 56/58, 2nd Terry Ramien (Dubbo) 55/58; B grade John Coaker (Warren) 54/55, Justin Dale (Albury) 53/55; C grade George Campbell 50/55, Frank Honeyman 49/55.

The traps were set up for the 15pr DR Civic Hotel Championship and Reece Ehlers scored a fine 29/30 to take out AA grade only just ahead of Ray Jenkins with 28/30. It was great to see Kevin Heywood (who incidentally made a record 501 break at Cobar in 1966) win A grade with 27/30 and following a shoot off Ken Fuller (Dubbo) 2nd with 34/40. B grade Jack Barker 33/40 led from Philip Cauchi 31/40 with Marty Weir (Goulburn) taking C grade 26/30 with second place to Andy Davison (Hermidale) 25/30.

High Guns: Ladies Gleniss Lawrence 218/255; Juniors Les Chant 235/255; Veterans Young Jack Barker 227/255; C grade Adam Boyd (Warren) 224/255; B grade Philip Cauchi after a shoot off with Jack Barker 242/271; A grade Malcolm Stephens (Warren) 240/255; AA grade, the popular showman who turns up everywhere Robert Dale, who missed the overall by one point 288/295 after a shoot off with Reece Ehlers (Albury) who took home the Overall Golden Fox High Gun Trophy after his first visit to Dubbo Gun Club 289/295. Congratulations to all winners.

Dubbo Gun Club wishes to acknowledge the generosity of the sponsors and the support given by Hazelton Airlines, Carrington Firearms Dubbo and Winchester Australia.

# Australian Team Representatives

**World Down the Line Championships  
September 9-11, 1994**

## **Mark Crevatin**

Mark is a well known Sporting shooter and in this field has had utmost success, both in Australian and International competition. He commenced field shooting under the guidance of both his father and grandfather. To his credit he has applied himself to ACTA trapshooting and has become well known around the traps.

He has been notching up a large number of wins with some big breaks (his highest break is 550) in recent months, including the annual Central Grand Prix at Maryborough, his second win at this event. He has represented Victoria in State Trap Teams and figured amongst the runners up in State Titles.

Mark, a machinist aged 23, is a member of the Melbourne Gun Club, which is also his favourite club. He shoots a Beretta 682 loaded with Ballantine ammunition.

## **Roger Duthie**

Roger Duthie is 39 years of age and commenced shooting part time at the age of 20, five years later in 1980 he took up the sport full time with his preferred discipline being Down the Line.

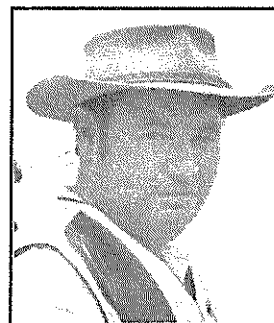

Roger started shooting with an A grade Browning, he now uses a Beretta SO5 which he loads with Winchester 1250 HA No. 7 in the first barrel and 1300 HA No. 7 in the second barrel.

Roger is registered with the Hamilton Gun Club in Victoria, his favourite ground to shoot at is the Echuca Gun Club, Vic.

His list of wins is impressive, with Mackintosh Team Representation achieved on seven times. His highest break is 680

which was shot at the Brisbane Trap Nationals this year, where he won the Blue Ribbon Event, the National Double Barrel Championship. In 1991 Roger was most successful in Perth at the National Trap Series being victorious overall by winning the Overall High Gun. Roger has made the Victorian State Shoulder to Shoulder 5 Man Team four out of five times, along with winning every State Title at the Victorian State Carnivals.

Rogers main shooting goal has been to represent Australia overseas, something wonderful that he has achieved. His other main goal concentrates on shooting to the best of his ability.

## **John Farrell**

John aged 50 commenced shooting in June 1981. As a teenager when living in Bourke NSW, he was first introduced to the sport of clay target shooting by his late father, Hugh Farrell, but it was not until 1981 when moving to Coffs Harbour that he began trap shooting on a regular competitive basis.

Down the line shooting has always been Johns preferred discipline, mainly because most neighbouring clubs in his district only offer down the line. However, if there were more closely located ISU Trap layouts within the area, he would certainly follow this discipline as he believes the challenge to be greater. However, John has continued with down the line and has achieved considerable success particularly over the latter years.

He shoots some skeet and enjoys doing so, with the past twelve months seeing his skeet shooting on the improve.

John shoots a Miroku 9000 Grade 5, 30" barrel, full and half chokes with extended forcing cones and ported bottom barrel for trap. For skeet shooting he uses his Browning A Grade. His tip to new shooters when purchasing their guns, is to stress the importance of the right advice on correct gun fit as this determines average or good scores.

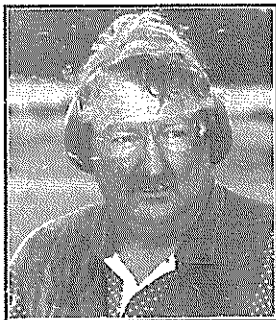

Ammunition fired is always Scorpio 7½ 28 gram since their introduction for down the line shooting and No. 9 for skeet.

Home club involvement: During the 13 years in his home club of Coffs Harbour John has held positions ranging from Club Captain (7 years), Armourer/Vice President, Club Coach and currently is President of the club.

His favourite shooting grounds are Coffs Harbour, Brisbane and Tamworth clubs. At Tamworth he has shot his highest breaks, being 292 and 376 in consecutive events. However Johns most outstanding performance having attended three Nationals, two in Brisbane and one in Adelaide, was this year at Brisbane where he gained equal 1st position in the Mackintosh team as well as winning AA grade gold medal in the Aust/NZ Trap Championship.

During John's years of gaining experience in down the line shooting he attributes most of his success from watching and observing performances of fellow shooters, namely Doug Ellis (Guyra), Ray Hammond (Guyra) and Roger Vidal (Inverell). Whilst observing these and other first class shooters, John looks at improving his technique and as well tries to excel at all times. This year he has enrolled in a Level 2 coaching course to enable him to help others as he has been helped.

John's main goal since competing at clay target shooting has been to represent his country, he has achieved this by determination and dedication to the sport.

### Bill Iles

Bill Iles of Hurstbridge Victoria, commenced shooting in 1976 at the Metropolitan Clay Target Club.

At club, zone and state level he has won in Trap DTL, Skeet, Trench, Tower and Ball Trap Championships. Overall events total 1350 plus.

Bill has to his credit the 1986 National Double Barrel Title, 1993 & 1994 National Single Barrel Titles, 2 National Double Rise Titles, Mackintosh Team High Gun honours and not surprising Overall National Trap High Gun honours on four occasions. His wins in Commonwealth Overall Championships total 54.

He has represented Australia in overseas competition in all three disciplines:

Trap Teams: England 82 shooting 300/300pts; New Zealand 1994; Wales 1994; A Mackintosh Team Member 12 times.

Skeet Teams: USA 1986; Skeet Team Member 3 times.

Trench: Italy 1985; Brunei 1990 winning Gold in the teams and individual.

Bill was the first Non American to shoot 200/200 at the Grand American, this was in 1982.

He has had much success in P.N.G. at their National Titles winning 5 out of 6 events.

Bills latest claim to fame came at the 1994 New Zealand Nationals where he shot 1827 to win their National Single Rise Title and record a break of 1927 there.

Bill shoots a custom Beretta 682 Trap Gun 32" with barrel porting top and bottom, backbored to 0.735 with the forcing cones done by Ian McGeoch. The stock is custom made to suit by Kevin Wright of Ballarat. The cartridges used are Champion made by Ballantine Ammunition. Bill has three 682 Beretta guns, one each for Trap, Sporting, Skeet & Trench, all have been given the McGeoch & Wright full custom works.

### Denis Lynn

Denis commenced shooting in 1979 on a Sunday afternoon when an Italian friend brought his hand slinger to Denis's farm and they shot a few clays among the sandhills. Prior to this he had never seen the sport in action, but he knew it was without a doubt the sport for him. This was despite the fact that it was necessary for him to travel over two hours to the closest club, that being Ungarra club, later he transferred to Port Lincoln, where he still remains.

Denis has attended 8 National Championships and made the Mackintosh Team 7 of those times, along with an International High Gun win. He has also brought home the National Double Barrel Title from one of those Championship series.

Denis prides himself on consistency, and gets the most satisfaction when representing his Country, State, Zone or Club in competition.

## How to shoot better scores at Trap and Skeet Shooting

This book by George Biggs explains and demonstrates the mechanics of shooting trap and skeet, and the importance of proper gun fitting and gun handling.

Also available are two video tapes one on trap and one on skeet shooting.

Each tape takes you round the trap and skeet fields step by step as the coach demonstrates and explains how and what to do, shot after shot.

It's like having the coach at your side instructing and explaining how and what to do shot after shot.

A discussion on proper gun fitting and gun mounting winds up the 95 minute tapes.

Book price \$20 (including postage and packaging)

Video price \$30 each tape (including postage and packaging)

# Maryborough Tid Bits

— QUEENSLAND —

*By Lost Bird*

With Neil staying home to look after the dog and garden, Wilma Berry in company with Auriel & Stafford Smith and Val & Bill Stevens are off to the World Championships in Wales, they most likely will be back before this is published, so we might get a story on their return.

Local club tried a new event with results of Vice President and President the two remaining shooters, with the Vice President taking his last target with only about three or four pellets, but the President admitted the Vice President won by three pellets (sorry readers you would have to be there to get the story).

## Bundaberg — 3-7-94

In very windy conditions Pedro shot well in the morning Skeet and shot from C grade (skeet) to A grade, good shooting Pedro.

With visitors Paul Anderson, Harry Walker and myself from Maryborough Gun Club it was nice to meet up with Tom Harris and wife from the Tumut club from down in the Snowys, they are making their way to Darwin on holidays. Thanks for shooting with Bundy Tom and have a safe and good trip.

Stafford turned up in family force with both sons Michael and Craig, they now have A, B & C all covered and took home enough meat to start a butcher shop. Good shooting both Michael and Craig.

First event as usual the 25t CD with too many to mention. The second event being the main event, 25 Mixed Tgts Championship: OA & AA: Rob Rehbein; A: Paul Anderson; B: Keith Palmer; C: Harry Walker. The 25t Handicap with 1st John Straughair winning a metre, 2nd Rob Rehbein and after a long shoot off with darkness coming and Dr Paul running out of ammo, submitted to let Brad Petersen take 3rd, good shooting Brad. Overall High Gun to Rob Rehbein, Front Marker Harry Walker. Another good shoot and arrived home safe and sound.

## Gladstone — 26-7-94

Pedro & Brad ventured to Gladstone with wins — Pedro, Skeet 1st-50, 1st 25t Hep in C grade and Brad took 15pr Qld Double Rise C'ship Tower B grade. Good shooting by both, Pedro shot himself to A grade so fast he didn't even see B grade.

## Gympie — Patrons Day 10-7-94

Gympie had two barrels going when they had both Mayor of Gympie and Mayor of Widge as Patrons and with the amalgamation of Gympie and Widge shires the new shire is now Cooloola. So with Joan Dodd ex Mayor of Gympie (still remaining a patron) Adrian McClintock Mayor of Cooloola and Len Stephan Local MP, the trophies were presented by very high quality patrons. Thanks to the patrons on their day (do you think Gympie will change to Cooloola Gun Club?).

Wilma Berry of Bundy says she will have to lift her game in the kitchen, when Wilma saw the extra special treatment to Harry and myself by the Gympie tucker ladies with special steak burgers topped off with free cake (I can hardly wait Wilma) and thanks for buying smoko, we won't tell Neil.

Visitors for the day being Neil Berry from Bundy winning 25t Pts & 15pr DR. Barry Power from Sunshine Coast going home empty handed but pushed a few shooters to earn their trophies.

The most distant visitor Gary Went from Werribee on holidays in the area and took out 25t DB & 25t DB C'ship. Good shooting Gary, nice to meet you, call again. New members Geoff Wilcox joining ACTA and club and won C grade 25t DB & 25t DB C'ship with Tony Clark joining the club.

Gary Carew shot the jackpot, good shooting Gary, if patron Joan hadn't pulled out the winning raffle ticket, being President George (the Fox) I would say again it looks a bit sus George; second draw Lee Beattie.

Shooters to pick up the crumbs were George the Fox B grade 25t DB & 15pr DR; Norm Dale B grade 25t PS; Garry Carew C grade 25t PS; Aaren Gardner B grade 25t DB C'ship and Bruce Lee 15pr DR C grade.

## Chinchilla — 2&3-7-94

Mike Tipman and Neil Berry attended the two day shoot with Mike taking 1st in AA 50t DB and shared in the 25t DB sweeps, while Neil took 2nd in AA grade in both 25t PS & 30t Cont events.

## Sunshine Coast — Winter Carnival 16&17-7-94

Bundaberg attended in force with seven shooters and in the 25t DB CD Neil Berry took AA, Gino Sergiacomi A grade and Keith Palmer B grade seems like it was a Bundy event. Craig Smith C grade was second in 25t SB and also 2nd in the 15pr DR. Neil Berry hung in there to take out Overall High Gun after a shoot off, good shooting Bundy. While club members were shooting clays Ted Turton Bundys groundsman slipped down to Sydney and in the Australian Masters Games grabbed himself a silver medal in the rowing eights. Congratulations Ted, rowing is a pet love to Ted.

# Waratah State Notes

## Northern Zone

The 'Cool 100' annual trap shoot at Guyra really lived up to it's name on Sunday 31st July. For the first time in a number of years, the weather really was cool. Travelling towards Armidale we were greeted by white powder looking stuff!! and yes, the grounds at Guyra had a very picturesque look about them, a light cover of snow with the winter sun shining. Very nice if one was to sit in front of the huge log fire and look out of the massive glass windows at the club. However, the purpose of the drive was to shoot and along with some 45 other hardy souls, shoot they did.

The Guyra shooters had the obvious advantage. Ray Hammond and Roger Vidal returned 99/100 and Mike Blenman and Col Burt returned 98/100 followed along by 97s 96s and so on. The Overall winner, after the long shoot off being Ray Hammond 106/107, 1st AA Roger Vidal 105/107, 2nd AA Col Burt 106/108. In A grade yet another Guyra soul, Bud Sweeney was the winner with 96/101, from Bob Atchison from Coffs Harbour on 95/101. Frank Hedley made the trek from Narrabri to take B grade with 93/100 from David McTaggart on 91/100. In C grade Bill McClenaghan was the winner with 88/100 from young junior Johnny Cunningham from Dorrigo on 83/100.

A great day all round, as always great hospitality from the Guyra officials and plenty of laughs and heart warming drinks.

A further reminder of the Grafton Annual Jacaranda Trap Shoot on the 8th & 9th October, a month earlier this year with a great program and plenty of targets. The Zone Double Rise Championship will finish off the shoot on the Sunday. Further information from Club Secretary Barbara Nash (066) 54 2296.

The Kempsey club are hosting the Zone Night Point Score Championship on the 17th September and Taree will follow along with the Zone ISU Carnival and Team Eliminations on 24th & 25th September — further details from their new Club Secretary Peter Ryan (065) 53 9173 AH.

The Zone Trap team members and reserves, for the State Carnival at Wagga 5th, 6th & 7th November comprises Jeff Nash, John Farrell, Roger Vidal, Col Burt, John Kent, Harry Yates, Geoff Lancaster, Les Kennedy, Ian Merrick, Arthur Vinc, Bud Sweeney and Peter McGuire — Reserves Peter Smith, Noel Campion, Angus Mitchell, Pat Young, Stan Godwin, Danny Davis, John Blazley, Jeff Roberts, Mal Moffatt and Mark Reinbott. Some members of the team have already indicated they are unable to attend, so reserves will be needed, please advise Zone Secretary Jenny Burt (067) 65 9386 of your intention as soon as possible.

## Central Zone

The Zone ISU Carnival will be conducted at West Wyalong Gun Club on September 25th commencing at 11am. The club management are trying very hard to encourage more ISU shooting in the area, and would like as many as possible to attend. There will also be Double Trap shot, for all those interested as well as any Women shooters who may wish to try their hand at the 'Olympic Discipline'. For further information contact President Graeme Fairman on (069) 74 1223 or Secretary Clive Foster on (069) 72 2593.

## Results

NSW Gun Club successfully hosted the Final of the Grand Prix Series on 9th & 10th July. The event was well patronised with 25 shooters attending. Michael Diamond was the Overall

Ben Kelley was first in the Juniors receiving \$750 while Damien Webster was second in Juniors receiving \$500. Deserie Huddleston won the Womens section with 116 and won \$500. The event was generously sponsored by the NSW Firearms Safety Awareness Council, and a director of the council was on hand to present the trophies.

Bathurst Gun Club has advised the results of the State Mixed Targets Championship shot on 17th July at their Mount Panorama range. Dick Piotrowski was the winner with a score of 76/80 after a shoot off with Ross Hibbert from Windsor.

## NSW State Carnival Trade Sites

The 1994 State Trap Carnival will be conducted at Wagga Gun Club over November 5th, 6th & 7th. Trade sites will be allocated by the State Association. All enquiries and applications for sites should be directed to Libbie Bunting, PO Box 121, Blayney 2799. There will be no charge for sites this year.

## Mount Isa Gun Club

The mild weather in evidence in early July made conditions quite pleasant for shooting clay targets and the members of the Mount Isa Gun Club and their visitors made the most of it.

Sunday morning at 9am the first shot was fired in the Ball Trap event to commence the monthly competition shoot. Fifty targets later Mick McGill emerged victorious with a score of 47/50. Rod Cusack filled second with 46/50 and Greg Matthews was third place on 45/50.

The second event of the day was 50 targets Skeet off handicap and at the conclusion of 50 targets seven shooters were sent back out to shoot off for the placings. Ron Power 127/133 beat Neil Sinclair 128/133 on handicap points and took first. Steve McDowall finished third with a score of 104/115.

The lunch break was then taken and shooters and spectators alike enjoyed the repast. Our thanks to Myrtle and her helpers for the effort they put into catering for us.

Straight up after lunch was 50 targets Points Score which saw Mick McGill claim A grade with 148/150. Ron Power made certain of B grade with his well shot 149/150 and new shooter David Ives won C grade with 126/150.

Next was the handicap event and much to the surprise of all 24/25 was the highest score recorded. Five shooters were sent out to battle out the placings with Wayne Reeves emerging victorious with a final score of 42/43. Second place went to Steve McDowall with 41/43 and Mick Coleman claimed third with 32/34.

The final event of the day, the 30 target Medley, saw Bruce Murphy hit the straps putting himself in first place with a perfect 50/50. Wayne Reeves came in second on 49/50 and Rod Cusack was third placed with 48/50.

With the Mount Isa Rotary Rodeo coming up next month our August shoot will probably be held later in the month than normal and in September the Mount Isa Gun Club will host the Jetset Tours shoot.

The avenues for clay target shooting in the North West have been boosted yet again with the Camooweal Gun Club reforming and with Gunpowder Gun Club well and truly up and running our sport is certainly a growing one.

## Barnes Dual Winner in July 'Top Gun' Awards

Dexter Barnes from Pakenham in Victoria has been dominant in the July Winchester 'Top Gun' awards by winning the Overall High Gun in two of the countries most prestigious annual DTL carnivals. Dexter won top honours at both the Darwin and Geraldton (WA) events. Besides the advertised prizes he receives 1,000 bonus shotshells for his efforts. For anyone who enjoys eating crayfish, then Geraldton seems to be the place to go with over 600 shellfish on offer as prizes over the weekend.

Another dual winner in July, is again, Queensland's Doug Smith with High Gun victories at Chinchilla and Goondiwindi Clay Target Clubs. He also receives 500 shotshells for each of his wins.

Glen Hayden, last years co-'Top Gun' of the year winner has continued his good form in the U.I.T. disciplines from last month, where he won 500 rounds for a 50/50 in Double Trap, by shooting a 75 break in Olympic Trap at Frankston and again receives a bonus case of targets loads. ## Volunteer Involvement Program

### SPORT & RECREATION

One in four people in Australia regularly volunteer in the areas of sport, recreation, community service, the arts, education, environment and heritage. It is estimated that there are 1.5 million volunteers in sport and recreation alone.

Volunteers are the backbone of sport and recreation in this country. They provide expertise, guidance and valuable time to coaching, committees, fund raising, officiating, first aid, transport, and team and event management. Volunteers provide the environment and the opportunity for so many others to participate in their chosen activity.

The Volunteer Involvement Program (VIP) has been developed by the Australian Sports Commission to increase the community's awareness of the valuable contribution volunteers make to sport and recreation.

The Australian Sports Commission is working with the Confederation of Australian Sport, the Australian Society of Sport Administrators and the various State and Territory Departments of Sport and Recreation, to emphasise the truly national approach and commitment to the VIP.

There are five major components of the VIP:

- **Volunteer Management:** the aim is to encourage sport and recreation organisations to appoint a person responsible for the co-ordination of volunteers.
- **Planning:** to develop an awareness within sport and recreation organisations of the real benefits of planning.
- **Recognition:** to provide a scheme that acknowledges the efforts of volunteers at all levels — club, state and national.
- **Training:** to provide courses and resources that will support, inform and help develop the skills of the volunteers.
- **Promotion:** to raise the profile and promote the importance of volunteers to sport and recreation.

1994 is the Year of the Coach, an ideal way to recognise the enormous contribution volunteers make to our community. Information on VIP has been forwarded to all state secretaries.

### \$20,000 thank you to sport & recreation volunteers

Volunteering is not usually synonymous with financial reward, but sport and recreation volunteers can look forward to a \$20,000 thank you for their efforts.

The Volunteer Involvement Program (VIP) has allocated more than \$20,000 worth of sporting equipment and clothing to recognise sport and recreation volunteers through the VIP Recognition Awards.

Without volunteers, many sporting organisations and clubs would struggle to meet the competing pressures of finding funding, providing adequate facilities, encouraging registrations, administering. These efforts can easily be overlooked in day to day management, and the VIP Recognition Awards will provide clubs and organisations with an added reason to say thank you to their volunteers.

Nominations for the VIP Recognition Awards are now open. Categories for the VIP Recognition Awards are as follows:

#### *Club/Community Organisation*

*The award will recognise clubs or community organisations which have fostered volunteer management with an atmosphere of team spirit, where the volunteer feels that they are making a worthwhile contribution to the planning and operation of the organisation.*

#### *State/Territory Organisation*

*The award will recognise State and Territory organisations which have encouraged their affiliates to embrace the VIP and have a co-ordinated approach to volunteer management.*

#### *National Organisation*

*The award will recognise National organisations which have a co-ordinated approach to volunteer management throughout Australia.*

One organisation from both the Club/Community and State/Territory categories will be recognised for Outstanding Achievement and receive \$1,000 worth of sport and recreation clothing and equipment.

Outstanding Achievement recipients from each State and Territory, together with the National Organisation category nominations will then be judged for National Awards to be presented in November 1994.

The Australian Sports Factory as official suppliers to the VIP are providing \$1,000 worth of sport and recreation equipment and clothing to the award recipient in each category at both the State and National level. This represents over \$20,000 worth of support to the sport and recreation volunteers in this country by the Australian Sports Factory.

## Atherton Tableland Gun Club

The weather is finally allowing work on the skeet layout to proceed. After months of wet weather club members were beginning to think the skeet houses would never be finished. The brick work has now been completed and another two or three weekends should see the layout completed. The shooting pads have been laid and the area filled and levelled, hopefully by the end of September the lawn will have covered the bare areas.

The Friday night social shoots and barbecue held twice a month are proving very popular and are helping the club to gain new members.

Planning is well in hand for the club's Annual on the 22nd & 23rd of October. The program will be over seven events with a total of 235 targets. This year's Annual will not include a night event, instead the Saturday night will be a social evening with local artists providing live entertainment. The club dinner will also be a part of the night proceedings, as well as the calcutta draw and auction. The business community of Atherton has shown its support for the club and the value of prizes and sponsorship for the Annual exceeds \$5,000.

## Cessnock Clay Target Club Inc.

By Jim Worthington, Treasurer

Recently Tom Turner (Senior) was presented with Life Membership of Cessnock Clay Target Club for his long and valuable service to the club and the sport of clay target shooting. Tom has been President of the club for some years.

Those shooters who have been around the traps for a long time would know Tom, who turns up at shoots all over the state (and quite often interstate). Tom's enthusiasm for the sport is well known, he is always encouraging new shooters. His easy going attitude and manner is an asset to the club and the sport.

Tom is contemplating retirement and Cessnock club members wish Tom and his wife Gwen well in the future and hope his association with the club continues for many years to come.

# Victorian ISU Grand Prix Series

The first of four 1994 Victorian ISU Grand Prix Series events was conducted at Mildura Gun Club over the June long weekend. A record number of entries were received with an unfortunate state where two squads of local shooters could not enter the Double Trap event. Laurie Connors and the members of Mildura Gun Club had the grounds most picturesque and a trouble free weekend was had by all.

Glen Hayden (who won both events overall) became the first Australian competitor to record a perfect 50/50 in a round of double trap. Charlie Galea recorded a 50/50 in the trap event and a large number of junior shooters competed. Results as follows:

# Rockhampton Clay Target Club Inc.

*By Dusted Bird*

A total of 50 keen clay target shooters shot over six events at the club's Annual Shoot on 11th & 12th June in absolutely perfect weather conditions and with excellent targets.

Surprisingly, only two possibles were shot over the weekend with all shooters being lulled into complacency by the 'too good to be believed' conditions. With perfect conditions, great targets and perfect weather this was very unexpected and did not mirror previous Annual Shoots which had several record breaking scores.

The shoot was opened by the Mayor of Rockhampton, Lea Taylor, who shot a clean round and acquitted himself well. We look forward to him joining the best clay target club in CQ and thank him and his council for their assistance in providing trees for the best presented clay target grounds in CQ.

The Mayor welcomed shooters from Rockhampton, Gemfields, Dysart, Gladstone, Bundaberg and the superbly outfitted

team from the Tambo Gun Club in their best orange livery. At the end of the two day shoot the following surfaced as the winners — often after gut gripping shoot-offs.

EVENT 1: 25t DB SS: AA: M. Warnock; A: A. Grimshaw; B: J. MacKenzie; C: D. Chippendale.

EVENT 2: 50t DB Capricornia C'ship: OA & A: A. Grimshaw; AA: P. Field; B: D. Wust; C: D. Chippendale.

EVENT 3: 25t SB Capricornia C'ship: OA & AA: L. Ferry; A: A. Grimshaw; B: J. MacKenzie; C: D. Chippendale.

EVENT 4: 25t Continental: AA: P. Field; A: B. Scarborough; B: J. MacKenzie; C: A. Scarborough.

EVENT 5: 25t PS Capricornia C'ship: OA & AA: N. Deeley; A: G. Whitfield; B: B. Becker; C: A. Scarborough.

EVENT 6: 50t Medley (25t DB & 25t Hcp): AA: N. Berry, 2nd P. Field; A: G. Whitfield, 2nd B. Scarborough; B: G. Darr, 2nd R. Kennedy; C: D. Chippendale, 2nd A. Scarborough.

The Overall High Gun was taken out by N. Berry. The A Grade High Gun by Graham Whitfield, B Grade High Gun by Rick Kennedy and the C Grade High Gun by Debbie Chippendale who also took out the Ladies High Gun Award. Gary Wright from the Gladstone Gun Club won the Handicap component of Event 6. Don Berrie won the Encouragement Award — a splendid decoy duck which we hope will bring him luck later in the year. The Fitzroy River Perpetual Trophy for the best front marker was taken out by Debbie Chippendale who acquitted herself extremely well over the two day shoot. Two 'old-timers', Col Warnock and Rick Hannah, donated a case of shells for up and coming shooters in C grade — this was apportioned between Don Berrie, Lil Jarvis and Debbie Chippendale. Also good to see was Ashley Scarborough from Gladstone Gun Club following in his father's steps — in a sporting fashion. Bill should watch out!

The Committee thanks all those who helped with the catering and in the office and also those whingers for their constructive comments — see you at the next meeting? I suppose every sporting club anywhere has these — more wind than tangible help. Every good club needs a solid backbone thankfully we have ours and we will endeavour to make visitors and members alike welcome and offer top facilities — including our new Sporting Clays layout.

Rockhampton, Qld. — Capricornia Championship winners from l to r: Alan Grimshaw, Noel Deeley and Lloyd Perry.

Debbie Chippendale, winner C grade High Gun, overjoyed by a table full of trophies.

## With Grateful Thanks

I wish to sincerely express my appreciation and heartfelt thanks to the members of the Whyalla Gun Club who have very generously supported my preparation for the Down the Line World Championships with monetary assistance and boxes of clays.

My grateful thanks to my shooting friends who have also personally contributed cartridges and money.

With humble acceptance

## The Broken Hill Gun Club Tower

*By Lost Target*

As many members of clubs would know there is usually a lot of talk that goes on before anything is ever done on major projects to improve their club facilities. It usually starts with someone bringing up the idea, then you get the for and against, knockers and those that just don't want their club to go ahead which usually means that the idea is lost for years or never comes to happening.

Well this is just what happened at the Broken Hill Gun Club, but with a different result. For as many years as I can remember, or about 10 years, there has been talk about building a Tower Layout, and yes I can hear you all saying, who wants a Tower, nobody will shoot it, it's too easy, it's going to cost too much, we can't afford it, it will never get used, the list could just go on and on, for about 10 years, or the members can think positive and get right behind the people wanting to put the work in.

Thanks to McLauchlan Motors and Engineering and the keen members of the Broken Hill Gun Club the Tower that is on the front cover of this magazine was built. From a monthly meeting in March 1993 to around April 1994 the Tower was up, just under 12 months. Not bad hey.

It is made from 4½ chute liners purchased from Pasminco Mining Broken Hill. The chute liners are 10ft long and 5ft in diameter, ¼" plate steel tubes. They are used on the mines to go between levels so miners can climb from level to level. There is ½ a section in the ground along with ½ a ton of reinforcing rod and mesh, all welded together. Approximately 10 cubic meters of concrete holds the base together. All sections are welded together and the whole lot is welded to the ½ section in the ground. There is 3 sets of ladder in the tower joining 3 landings. Housed in the top section is a Winchester White Flyer mounted on a bracket that can be tilted so as to throw targets downwards. The inside is completely lit with fluoros, with 4,500 watts of QH light on the top rail which is 13 metres high for shooting at night.

The Tower looks really good at night when lit up, and at night Double Rise Tower looks quite spectacular to watch and to my surprise very easy to pick up when shooting. It took about 50 litres of paint to paint the Tower after it was decided how we were going to paint it. There were quite a few letters written to various cartridge manufacturers to see if they were interested in painting it as a big cartridge, but there were no takers, I guess they couldn't picture how big it was going to be. It

would have looked quite a sight as a big cartridge on the cover, wouldn't it? Well we are still open for offers but I bags not painting it !!!

Well, that's a short story on how, what I think is the best Tower in Australia, came to be. It is used every monthly shoot and every Wednesday night for practice because it is easy to set up with volunteer trappers always willing to have a look from the top.

## Cartridges of the Past

A very popular cartridge of the 1930s was 'Rhenwest' brand loaded by Harvey Shaw Successors of 560-6 Lonsdale Street, Melbourne. They were loaded into German made empty cases with Walsrode powder, also of German manufacture.

Chandlers hardware were the Australian distributors, and this is evident by their trademark of the kangaroo on several packets.

There are several different case colours with yellow being the most popular, also in 16, 20 and 410 gauges. Blue was used for one ounce loads (nothing is new in the shooting world), and both high and low brass red was used. Some cases carried the additional case print 'Specially waterproofed for duck shooters'.

The accompanying photograph shows several of the many different Rhenwest packets produced. I would be keen to hear from anyone with different ones such as 'clay target load' or any other different colours of cartridges. Brown was possibly used and perhaps purple.

Harvey Shaw also loaded cartridges to order for various companies, similar to what Ballantine and Scorpio do today. These included Henry B. Smith, a woolbroker of Spencer Street, Melbourne; Speedite brand for Harris Scarfe Ltd of Adelaide; New Zealand Loan & Mercantile Agency of Melbourne; Pays Stores of Kerang Victoria and the Western Stores & Edgleys Ltd of Dubbo and other NSW towns. All of these brands loaded to order are rare today.

If any members want to know more about any old cartridges they have, or know of, please contact me direct. I am always interested to hear from members to buy or trade cartridges of all types as well.

## Badge Collecting

By Glenn G. Woodhatch

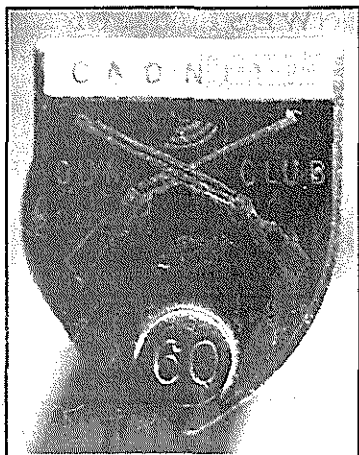

One of the interesting facets of badge collecting is that every now and again you come across a badge of a club that no longer exists, and despite inquiries, remains a little of a mystery. One such badge I have in my collection is that of the 'Cadnite Gun Club'.

I came across the badge at the Bendigo Swap Meet in 1989. The stall holder had no idea where he had obtained it, and his interest was limited to exchanging it for dollars.

It is often the geographical location that makes it difficult to find information re the club. That fact that the club may have existed in central Tasmania, and the badge turns up in Western Australia will present initial problems for the collector.

I consulted the Readers Digest of Australia and the only reference to Cadnite, is Lake Cadnite in South Australia. A couple of inquiries in this area drew a blank, so I remain still none the wiser. The badge bears a 60 year date, so it certainly existed in 1960. A perusal of the Clay Target News of that time failed to identify the club. Any information re this club would be greatly appreciated.

If you are in possession of a badge and the origin is unknown to you, please send us a photograph and we will endeavour to come up with its history.

'Dock-an-Doris' (D. Watson) Vic 49/50, A.F. Burns Vic 45/50, 'Duxbac' (H. James) Vic 44/50, J. McCraith Vic and J. Bryant Vic equal 43/50. Major General W. Bridgeford Vic, H.R. Donnelly and J. Berry NSW equal 42/50.

The Australian Teams Championship, decided in conjunction with the above event resulted: Coburg No.1. Team 68/80.

Affiliated clubs should make a point of having an official scorer in attendance at all shoots. A recent incident reported to the Association revealed an occasion where an actual outright winner of the main event was incorrectly scored. A state of confusion followed and he was restored among those in the shoot. Considerably upset, he missed out immediately. The reason for all this was that no fewer than four or five 'casual' scorers had a finger in the scoring 'pie' with the unfortunate result indicated.

Registered shooters at September 1947 numbered approximately 900 of which only 20 were on a handicap of 18 yards and over. No one was more than 20 yards. Almost all shooters resided in the eastern states.

In a letter to the then Association Secretary Mr 'Bill' McCullough from the great English trapshot Mr W.P. Grosvenor, Mr Grosvenor explains his experiences on his second visit to America to compete in their big events and the 1912 Olympic Games. His letter follows and is self explanatory.

*"I have twice visited the United States and competed under their 'one barrel 1 1/4 oz of shot conditions'. I have also had the pleasure of shooting against their best exponents at the Olympic Games on three occasions, 1912 when we finished second gaining silver medals.*

*If my considered opinion is of any value, I would again state emphatically that the USA trap shooters are outstanding in their ability and much above our best.*

*At Antwerp in the 1920 Olympic Games the Americans had in their team at least three shooters with the most wonderful averages and runs of several hundred straight".*

Mackintosh International Trap Team 1948. This was Australia's second International Teams Match. The event was shot at the Australian Gun Club grounds during the 1948 National Championships.

Mr Grosvenor goes on to say:

*"I have always considered that we in Britain and probably you in Australia have always followed the wrong line in using two barrels and short events. As I previously stated Canadian and USA shooters use mainly one barrel and run events to 25 targets and this accounts for their general superiority. When we reorganised clay target shooting after the first world war I did my best to get this style adopted here, but with only minor success. The bulk of the shooters, with their more limited experience, voted for the old style of two barrels and this stands today. I did convince them to run 100 target programs, of four 25 clay events. American and Continental style shooting of a 25 target event is shot through at nearly double the speed of our leisurely English events. Percy Stanbury, one of our best here is a deliberate style shooter. Enoch Jenkins, a Welshman, was high gun at Berlin in 1936 over the whole meeting of 500 targets. In the actual championship Jenkins finished fourth and registered 269/300.*

*In the Olympic Games the traps are set to beat the gun all the time, not to enable a high score to be made. The difficulties of this have to be seen and endured to be believed".*

### Jack Govett

The Loddon District Police Trap Club and Bendigo Clay Target Club have lost one of their strongest members and supporters with the death of Jack Govett after a short illness, aged 67 years.

The first gun club Jack joined was the Tandara and District Gun Club and their function was to organise hare and fox shoots in the pre World War II years. As well as his involvement with clay target clubs, he was a very keen field shooter and attended duck openings, without exception. In addition to his transport business, Jack also successfully conducted a farm at Tandara which happened to be right in first class quail country and it was quail that brought many shooters from clubs all over to shoot on Jack's property.

Jack joined the Huntly Gun Club (later to become the Bendigo Clay Target Club) when it was formed in the early 1950s and has been a continuous member since. When the Loddon District Police Trap Club was formed in 1981, Jack immediately became a member and rarely missed one of their shoots. He generously donated trophies each year for annual awards within the club. He often stated that his travels with the club throughout Australia and New Zealand, and his 'trip of a lifetime' to Canada and the USA, were the undoubted highlights of his shooting life.

As an added interest to his attendance at shoots, he fervently collected badges and patches relative to shooting and shooting clubs. He attended a number of Trap Nationals with his badges in a gun case where he would set himself up and begin his trading.

Jack was a Shire Councillor with the East Loddon Shire for 12 years as well as being a member of the Dingee Bowling Club. He was a community minded person who served in many positions with organisations in the Dingee area. He will be sadly missed by his large number of friends, and by the clay target shooting fraternity in general.

## Stewart Stanley

The members of Boggabri Gunnedah Gun Club were saddened by the sudden death of their member Stewart Stanley on the 7th August.

Stewart was a true sportsman in all aspects of gun shooting and a willing supporter in club affairs. He was a man who liked to travel and support neighbouring clubs. Our sympathy to his wife Nola.

## NOTICE TO ADVERTISERS

Clubs intending on advertising shoots being held very early in the month, are advised to advertise the details in an earlier edition to that of competition, to avoid disappointment of the material not reaching the reader in time.

Every effort is made by the office and printers to mail out our monthly magazine to arrive prior to or on the 1st of the month. This is not always a certainty as many factors are to be determined in reaching this deadline, some of which are beyond our control.

Early advertising will assist both your club and you the shooter.
