Shooters have achieved more "100 straights" at 27 yards with Hercules Red Dot® than with any other powder. That kind of consistency is just one of the reasons to load with Red Dot. The fact that it's one of the cleanest burning powders on the market, and one of the cleanest handling, are others. Ask your dealer for *American-made* Red Dot. Or write to Fuller Firearms Group, PO Box 6545, Silverwater, NSW 2128.

## Why should we change?

One of the most negative statements I often hear when new rules, regulations or changes in the day to day running of our association occur, is 'why should WE change?'

The greatest accolade for any sportsman/woman is to win individually, or to be part of a winning team in international competition. Australia enjoys a reputation world-wide as being a great sporting nation and is currently enjoying success in cricket, rugby, tennis, swimming, the list goes on. Our achievements at the Commonwealth Games were the best ever, albeit against limited competition.

Our success in shooting on the world stage in the past two years has been outstanding, but where do we go from here? What of the future.....

Governments and sports administration will not continue to fund sporting events and sports that are not truly International, nor will they continue to fund athletes that are not achieving results or improving with each event. Experts tell us that in 10 to 15 years Australian Rules Football will be a leisure sport only, and that the International codes will be attracting the competitors and funding, as well as the supporters.

We, as the major shotgun sport in Australia, must ensure that our representatives become more and more competitive and that we afford all with talent, the chance to represent their country.

Why should we adopt the type of shooting overseas?  
Why should we change our format of shooting?  
Why should we shoot five targets per lane DTL?  
Why should we change our coaching standards?  
Why should we change our cartridge loads?

These are just some of the questions I am asked continually ... I guess the best reason we should consider some of them is to allow Australia to win world recognition in the shotgun arena, to allow some of our fellow members the opportunity to wear green and gold, and to attract government funding and to attract corporate sponsorship ... and to survive.

## Skeet Team selection: Glenn Trophy

The five member Skeet Team to represent Australia in New Zealand to compete for the Glenn Trophy is Adrian Cousens, Ian Hale, Neil Dimmick, Reg Clarke and Scott Wright. These shooters were selected from the All Australian Skeet Team (400 targets), being the top five placegetters over the 1994 Skeet Carnival.

## Obligation to members: politically

An association such as ours has an obligation to all its members, in that it must respect each one's particular political pursuit, and that as an association, it does not align itself to a particular party.

Shooters, and shooter representatives in New South Wales are to be commended for their actions in establishing the Shooters Party, and in their strong endeavour to have a candidate

elected to state government solely on the issue of firearm ownership and shooters rights.

We, as an association, are in no way aligned, nor have we contributed as a body, to the Shooters Party. Our legislation fund is to fight the introduction of any legislation we believe to be unjust that is contemplated by any government. It is to ensure that we can shoot unencumbered by harsh regulations in the future.

Should we, as a result of being apolitical, be penalised in any way by restrictions or removal of sponsorship and advertising in this magazine, then we must question the concept and purpose of the particular party.

## New Zealand changes to import regulations

As soon as these new regulations come to hand we will publish same in the CTSN.

## Last minute Christmas gift

Still wondering what to buy as that last minute gift? Why not one of our new bags ... unbelievable the amount of accessories etc that can be carried in one. Great value at \$30 (plus \$5 postage). Don't forget our range of promotional gear, ideal, even for the mother-in-law.

## Christmas message

1994 gone already! Hard to believe, but what a great year for us and for shooting in general. This year has perhaps been the most successful ever for our international representatives, and our domestic achievements also have been exceptional. To single out individual success this past year would, no doubt, place me in a position where I would be criticised for overlooking someone.

I feel I must however acknowledge the following:

- Russell Mark - World Cup Trap Doubles, Munich
- Bill Iles and Michael Diamond for their unbelievable efforts in New Zealand.
- Our DTL Team (Wales) - Bill Iles, Mark Crevatin, Roger Duthie, John Farrell and Dennis Lymn.
- Les (Chippa) Chant - World Junior Title, Wales
- Ian Hale - Gold, Commonwealth Games
- Russell Mark, Steve Haberman and Stephen Atkins - Double Trap Team, World Cup, Italy

In addition to these outstanding achievements, many of our athletes won silver or bronze medals in international competition.

The 1st ACTA/SSAA Sporting Clays Nationals held in Queensland is the beginning of what I believe, is to be a successful venture with a fellow shooting organisation. The future of shooting in Australia may well rest with the establishment of shooting complexes in centres throughout Australia, and the coming together of associations and shooting bodies to administer them, whilst at the same time retaining their own identities.

My thanks to members of the ACTA executive for their work and contribution during the past year. They have at all times put the interest of the majority foremost, and if we continue in this vein, success must follow.

Personal thanks, as well as those of all, to Graeme, Leanne, Danni, Gina and Karen for their input during 1994 and we look forward to 1995 assured of their continued support and efforts.

Finally, Jan and myself wish everyone a very happy Christmas and a very prosperous and healthy 1995.

Dear Sir

The Bathurst Gun Club had its licence to operate revoked by the NSW Commissioner of Police – the grounds for this revocation was Public Safety.

Bathurst Gun Club decided to appeal this condition and the case was heard on 11th October 1994 at Bathurst.

Barrister Mr Peter Lever-Naylor (a clay target shooter) appeared for Bathurst Gun Club and I was called as an expert witness.

As a result of this appeal the licence was re-instated as from the 11th October 1994.

While this issue of Public Safety was resolved in favour of the Gun Club, the club still has difficulties to be resolved with Bathurst City Council. However these are separate issues.

This case has very important implications for clay target shooting in that I understand that it is the first revocation order issued in NSW against a gun club for this reason.

The basis for the issuing of this order was that under some conditions of high wind, shot from trap shooting was encroaching on a nature reserve and people visiting this nature reserve were reported to have complained.

In the defence, I submitted samples of factory ammunition and the shot that these contained plus SG and a solid slug. In addition I submitted test patterns shot on paper from a distance of 80, 100 and 120m. The cartridges used were Winchester 1200 in size 7½. At 120m it took 3 shots to get 1 pellet on a sheet approximately 1m square and this pellet did not penetrate – the gun used was full choke trap gun of top quality.

The reason for the use of 7½ shot (Winchester) for purposes of testing was that any thinking reasonable clay target shooter had long since given away the use of No. 6 shot for 28 gram loads. This argument was based on pattern density and pellet energy requirements for the breaking of clay targets. Both the Magistrate and Police Prosecutor accepted this position.

Let me make it very clear that this case would, in my opinion, have been lost if No. 6 shot had been nominated.

The argument I presented simply would not apply in the case of No. 6 shot and a very detrimental judgement could have been made against clay target shooting.

As I understand it the law tends to use previous judgement, unless overturned by a higher court, as precedents.

From this appeal a number of important principles are established.

- (a) Clay target shooters should, in any dealings with various authorities, be both firm but polite and educated in the subject.
- (b) Any appeal should be well prepared and devoid of emotion.
- (c) Witnesses should involve themselves in extensive preparation, some of which may be wasted effort, but must be prepared for any reasonable eventuality.
- (d) The court seemed to be impressed with actual evidence such as shot of various sizes, most people not familiar with shotguns seem only to think of shot being Buck Shot.

This experience, my first, extended my education and was well worth the hassle.

I believe from this case and any reasoned argument, that the ACTA should immediately ban the use of No. 6 shot, it is both unnecessary and its use has the potential to sow the seeds of our destruction as a sport.

For those unthinking enough to want to persist in its use, let them go elsewhere; there is no sensible reason for the sport to be put at risk for such a non issue.

Reg Clarke

To the editor

Over recent years there have been a spate of rule changes, which appear to have had no real benefit, and have succeeded only in confusing shooters, and spoiling the enthusiasm for DTL shooting.

Personally, I feel the following points should be addressed, before any further rule changes are implemented.

What are regulation targets? Can we have this clearly defined, so that all clubs, to the best of their ability, throw the same targets.

Further, if the angles of (targets to be thrown) are to be reduced from less than 45 degrees, left and right of centre, making it easier to shoot targets, thus lengthening shoot offs, then it seems obvious that a new approach to finding winners has to be found. Less than 5% of shooters at major tournaments are involved in very lengthy and expensive Double Barrel shoot offs. That's fine, the downside however, is that 95% of the shooters are being bored out of their minds.

The DTL World Championships in Wales was a real learning experience. It showed quite clearly, that if we are going to have reduced angles, then hand-in-hand with the reduced angles, we must adopt Single Barrel or Pointsoring shooting.

Wales also showed, that 5 man squadding, with 5 targets per lane before moving, is far quicker and much more satisfying. It enables the shooter to remain more focused, and certainly is an advantage to not only the older shooter, but to disabled and wheelchair shooters.

It is my firm conviction that the above matters should be addressed without delay, to help arrest, what I feel is an obvious decline in interest in the DTL discipline.

We need to put Australia in step with other countries of the world, so that we might more closely fit the criteria for holding the proposed World Championships in three years time; and more importantly to the DTL shooters of Australia, make the sport more interesting and challenging.

Sincerely  
Jeff Nash

Dear Graeme

I would like, through your editor's mailbox, to thank the ACTA management and staff for the arrangements and organisation that was required for me to represent my association and country overseas.

In addition I would like to thank my team members for their friendship and sportsmanship in sharing our success in winning gold! It was great to achieve this goal.

I would like to extend a big 'thank you' to our Team Manager, Glenn, for all his efforts and friendship whilst we were together as a team.

John Farrell

Dear Mr Meadows,

**World Masters Games: Brisbane Gun Club  
26 September 1994 - 8 October 1994**

May I take this opportunity to send my congratulations for your management of the above mentioned World Masters Games clay target shooting events.

It was without doubt, one of the most enjoyable competitions that I have entered, ever. If there were any problems over the period, then to my knowledge, neither any other competitor or myself were aware of such. The whole event appeared to flow as smooth as silk.

To effect this unblemished run of events, one does not have to be a genius to realise the amount of work and effort put in by yourself Mr Meadows, the Queensland Clay Target Association and the ground staff. Well done and thank you, it would be worthy of a World Championship event.

Should the 'Games' or any other World Championship event again be organised by yourself and the QCTA I will be there. You have done Australia proud.

Dear Graeme,

At the Sunshine Coast Gun Club Winter Carnival, on July 16th and 17th, of this year, my ACTA handicap card was mistakenly given to an unknown shooter.

I ask that all shooters who were at the carnival check their cards, and if they find that they have my card in their possession, that they return it to me as soon as possible.

## Executive Director's Notes

### ACTA merchandise

Over the past twelve months we have increased the number of items available through the national office. New items of late include a sportsbag \$30, green corduroy caps \$9.50 and striped t-shirts \$20. In future we hope to include wet weather gear. We try to obtain the best possible price so we can pass the savings on to you.

ACTA merchandise would make a great Christmas present for that shooter you know who has everything.

If you wish to order any of our products, credit card orders can be taken by phone by ringing Gina on (03) 807 7577. Alternatively you can send your order through the mail by ordering from the cover sheet enclosed with this magazine.

Support the ACTA by supporting our merchandise.

### Club directory

Enclosed in the centre of this magazine is a directory of all clubs in Australia. Every effort has been made to supply up-to-date information.

This lift out directory can be utilised by those shooters who wish to travel around Australia. Every club would be more than happy to have visitors from other clubs participate in their competitions.

### Office hour — Christmas

Please note that the ACTA national office shall close at 12 noon on Thursday 22 December, re-opening 9am Wednesday 28 December.

### CTSN deadline for January issue

Due to the Christmas period being upon us, the copy deadline for January 1995 cannot be extended and must close on November 30.

### Classifieds section

A poor response has been received so far to this new idea. Shooters requested that we had a cheaper 'classifieds' section, so let's see it supported. It is a very cheap way to advertise a product throughout Australia.

# Rule changes

Effective January 1, 1995

Should this happen in a double rise event, the first target should only be declared lost and a proof pair shall be thrown to determine the result of the second shot only. However, a shot shall be fired at each target in the proof pair.

# World Masters Games

## BRISBANE

September 26th – October 8th

The Fourth World Master Games held in Brisbane were a huge success. For all sports, a total of over 23,000 competitors had registered for the event. This was far in excess of the games organisers best estimates that had projected about 13,000 as the best entry level possible.

The clay target events were held at the Brisbane Gun Club starting on the 30th September and ending on 6th October and thanks to the superb efforts of the volunteers in the office and on the shooting ranges, were enjoyed by all. A total of 162 shooters registered for the clay target disciplines over the games.

Shooters in attendance were from all states of Australia, New Zealand, Canada, England and Denmark and all countries were successful in the medal race. Comments were received from the overseas shooters remarking on the hospitality and the wonderful reception they had been given by the Australian shooters. A shooter from England later wrote and commented in his letter that Australia had done itself proud by conducting the best event he had ever taken part in, of world class quality.

The first medal event was a 50 target Double Barrel Championship with 137 shooters vying to be in the first medal presentations. Medals were available in all grades AA-A-B-C and in age groups of 35-44 years, 45-54 years, 55-64 years and 65 years and over.

Monday was a lay day and shooters took the opportunity for Olympic Trap practice for the next event on Tuesday.

The fourth medal events was a 125 target Olympic Trap event. The games were contested by shooters with a tremendous spirit of sportsmanship. Many shooters told how they had enjoyed the atmosphere at the event, whether they were successful in winning medals or not.

The medal presentations were made by a number of local and national dignitaries. These included Mr Mark Stoneman MLA, State Member for Burdekin, Mr William Redmond, Honorary Consul for Columbia, Mr Christopher Featherstone, Honorary Consul for the Federal Republic of Germany, Councillor Barry Bolton, Mayor of Redcliffe City, Mr Alistair McPherson President ASA, Mr Noel Deeley, Member of Queensland State Council, Mr David Evans, Past President & Patron of Brisbane Gun Club, and Mr Roy Holtfreter, Past President ACTA.

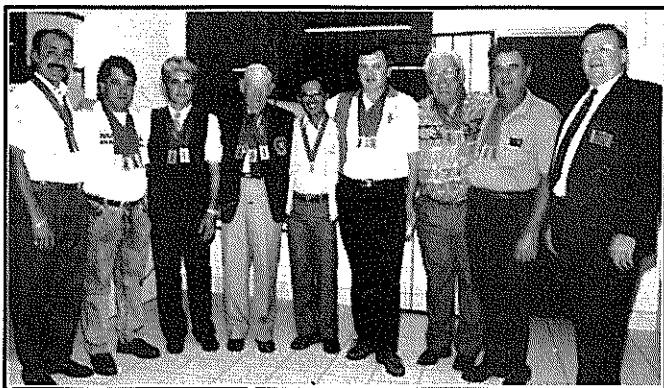

One of the most touching things about these games was to see Mr Christopher Featherstone present Mr Reg Strancks from England with a number of medals during the events. Mr Featherstone and Mr Strancks are cousins who had not seen each other for many years, and were brought together again by the games competition. This probably epitomised the spirit

of friendship so evident throughout the games. At the conclusion a barbecue meal was put on at the clubhouse where many of the competitors sat and talked.

The Fourth Masters Games were physically tiring for many of the participants but all remarked that they would do it again should the Masters ever come to Brisbane in future, and a number of shooters said they were planning to go to the Fifth World Masters, they had enjoyed themselves that much.

# 1994 State Coaches Conference

**By M. Alexander**  
**National Director of Coaching**

On October 16th to 18th, the annual State Coaches Conference was conducted, this time the venue being the Australian Institute of Sport, Canberra.

This year being the 'Year of the Coach' the conference was expanded to include those States Zone Coaches that were able to attend. The expanded conference was to include one day for the annual discussion making component and two (2) days with the A.I.S Sports Specialists.

The conference began at 8.45am on Sunday 16th with the 1993 minutes being confirmed. There were several points of business arising from these minutes and these were numbered for general business.

State reports followed with each State Coaching Director presenting their's to the assembled group.

**Qld** Mr John Mitchell had only been State Coaching Director for one week, however, coaching was continuing to flourish with a junior program being put into place.

**Tas** Tasmania has formed into four zones using the telephone codes as area designate.

**SA** Mr Phillip Mules has been the State Coaching Director for only six weeks. Junior school coaching is progressing well and the state has appointed a co-ordinator to assist the State Coaching Director.

**NT** Coaching was reported as steady with Level 1 courses in place and the profile of clay target shooting and coaching being boosted through the media.

**Vic** Mr Ian Hale has been the State Coaching Director for some six months. New zone coaches are being investigated and the schools program is gaining strength.

**NSW** A major junior development program has been instigated and receiving total support from the NSW executive. The program could be used as a role model for all states.

**WA** A promotional video tape for the introduction of juniors and novices into the sport was presented to the assembled coaches.

All state reports were accepted and Western Australian being congratulated for the video tape as were the other states for their commitment to coaching.

The meeting then proceeded with the agenda and following are these items and relevant comments.

## Level 1 Course Presenters Modules

A set of modules and overheads were presented to each state for use with their Level 1 course. These presenters kits now enable Level 1 courses to be conducted by each state with a uniform and standardised format Australia-wide.

## ACC/ACTA Accreditation Update Review

After discussion it was agreed to retain the current points system that is currently in place for accreditation renewals. However because of the confusion created by the 'ACC log book'

and ACTA's 'coaching report sheets' a new handicap style 'card' would be produced. This card would have only points on it and a list of Level 1 & 2 points, it will be introduced January 1st, 1995.

## National Junior Development Squad Selection Review

A lengthy debate ensued as a solution for perceived shortcoming of selection were discussed. The current selection criteria for the squad was discussed in length by all state and zone coaches in attendance. After much deliberation, the current form of selection was to be retained. This being from each disciplines National Titles, using the following guidelines, but with additional criteria.

1. DTL National DB, SB and DB Points
2. Skeet 3 events as shot, not including Skeet Doubles
3. ISU Trap 3 events as shot
4. ISU Skeet 3 events as shot
5. Double Trap 2 events as shot

Once selected the following criteria is to be adhered to:

- a. Must enter into his/her State Coaching Scheme.
- b. Shooter must reasonably comply with 'A'. If non compliance, then may be dropped from the squad and the next qualifier at the Nationals will take their place.
- c. Maximum age of Junior to be such that they can attend the next Nationals of that discipline as a Junior.

## Insurance

This ongoing subject was discussed in length, with a list of coaching specific queries being placed before the ACTA. After investigation a more defined interpretation should be available.

## Vision

As no suitable data or video's had been located it was agreed to begin investigation of clay target specific data with the A.I.S. and other optical avenues. Also a Sports Vision booth for the DTL Nationals would be investigated.

## Year of the Coach

An overview of the program was given and discussed. As it was viewed as a most worthwhile award several changes were agreed to, these were:

*That there be promotion of the award in the CTSN three times in the ensuing year, with the nomination form appearing in the August edition. Each club nominee would be forwarded directly to the National Director of Coaching. The National Director of Coaching to put all nominees before an independent committee for assessment. The winner to be announced in December CTSN.*

Following dinner the presentation of the ACTA Club 'Coach of the Year' was conducted with the winner being Mr Peter McBride of the West Australian Gun Club (article elsewhere). To conclude day 1, a video presentation on the Commonwealth Games (clay target component) was viewed showing Russell Mark and Ian Hale in action.

**Day 2** of the expanded Coaches Conference began with a welcoming address by Mr Lawrie Woodman, Director of the Australian Coaching Council. An overview of the ACC's 1994 Year of the Coach was given including that that had already taken place and what will still take place prior to years end.

After the welcoming address the ACC & AIS specialists took over to deliver their presentations.

# National Training Squad Camp

Adelaide ~ 21-25 September

By Graham Michell  
Chairman, Shooting Committee

## Wednesday 21st

**ATTENDANCE:** 34 shooters, 3 coaches, 3 judges, 2 managers.

Team members started arriving by air, bus and private car. Those arriving by air and bus were picked up at their terminals and transported to our accommodation, Jackson Motor Inn, Glen Osmond. This pick up started at 9.40am and continued on through the day until 10.00pm that night.

## Thursday 22nd

An early breakfast consisting of a hearty cooked meal – bacon, eggs, sausages, cereals and fruit (as much as you could eat) and served cheerfully by the motel staff.

8.30am departure by coach for the State Shooting Park, Virginia. The closer we got to the park, the windier it became.

After an introductory speech by Murray Alexander, the shooters were then split up into their respective disciplines, where they were encouraged to set up their traps and equipment with the assistance of the coaches and judges. Practice was then shot until the midday break.

Lunch and refreshments were served by the ladies of the International Gun Club.

Competition then started for the Trap and Skeet with Double Trap shooters continuing with practice.

Departed the grounds around 5.00pm for the motel. Pre-dinner social drinks were taken in the private bar, prior to the evening meal, served in the motel's restaurant. An extensive 3 course meal was supplied – the host making sure that nobody went hungry.

On the completion of the meal we then viewed a video that Murray Alexander had procured from Channel 10 of Ian Hale and Russell Mark shooting at the Commonwealth Games and Ian winning his gold medal.

Trench shooting by Training Squad at SA Shooting Complex, Adelaide.

## Friday 23rd

Following breakfast, shooters again assembled for the coach ride to the shooting grounds. Weather at the motel looked promising, however, upon arrival at the State Shooting Park the weather conditions had turned for the worse – bitterly cold and windy conditions again prevailed.

Skeet and Trap shooters again continued with their competition till mid-morning, with Double Trap practice and coaching continuing for the others.

It was extremely pleasing to see Steve Haberman and Steve Atkins out helping the coaches with the Ladies Double Trap team, also seeing the coaches/judges swapping disciplines from the previous day.

Following the lunch break, the Double Trap competition started with Trench and Skeet then being practiced for the remainder of the afternoon. Departure for the motel around 5.30pm.

Pre-dinner social drinks again were taken prior to the evening meal. Following dinner our guest speaker for the night was Neil Fuller, an amputee athlete who had just returned from the World Championships, winning 4 gold and 1 bronze medals. His inspirational talk was well received and it was quite amazing to think that a one-legged man could run the 100 metres in just 2 seconds slower time than World Champion Linford Christie.

## Saturday 24th

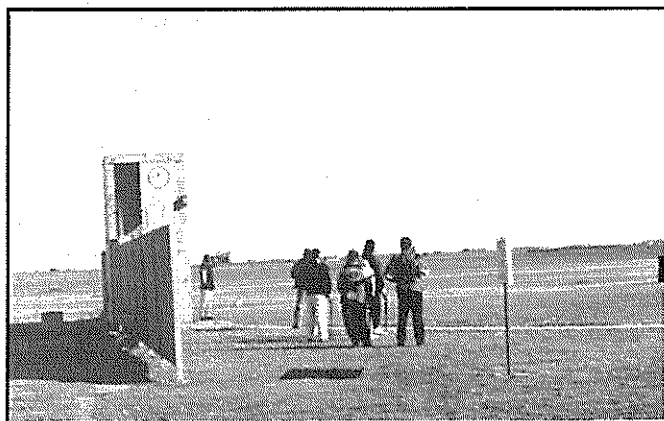

Up early for breakfast as this was an 8.00am start for the State OD Titles. Conditions again cold and windy.

The training camp competitors were squadded together for the competition in both Trap and Skeet. Double Trap not being shot this day saw some competitors still making the trek to the State Shooting Park, while others took advantage of their free day and took the opportunity to discover a little of what Adelaide has to offer.

Following a full day of competition the coach again headed back for the motel. Social drinks and the evening meal followed, leaving all competitors a free night to do anything of their own choosing.

## Sunday 25th

8.00am saw the squad climb aboard the coach for the final trip out to the State Shooting Park. Weather conditions – you guessed it – cold and windy.

Skeet shooting by Training Squad at SA Shooting Complex, Adelaide.

**National Training Squad in Adelaide.**

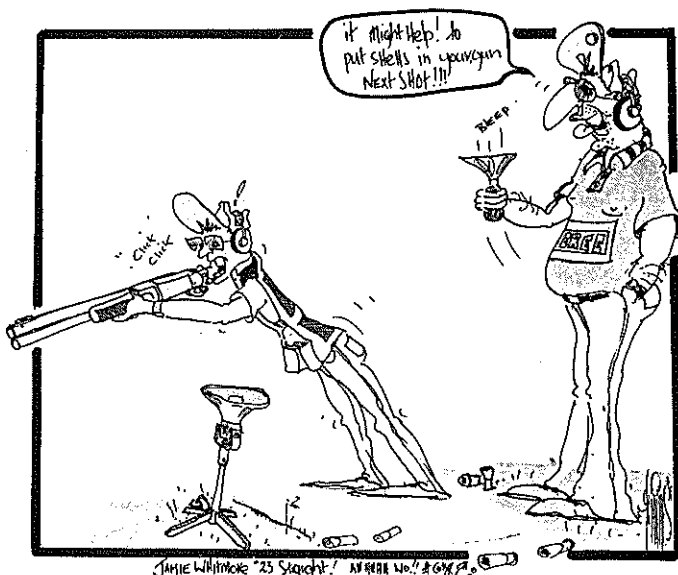

The final of the Skeet and Trap was held, with Adam Vella setting an Australian record and unofficially equalling world record by shooting 149/150 – great shooting under the conditions.

Double Trap competition started in the afternoon with weather conditions not conducive to seeing good scores. The Double Trap competition had to be shortened to 50 pair owing to the number of squads in both Trap and Double Trap (10 squads in each).

With the shooting finally completed presentation of trophies, etc, began at 6.00pm, but with the coach having to make a departure at 6.30pm to get certain members of the squad to the airport to catch their respective flights, their departure from the shooting ground was somewhat hectic.

... so ended a very successful training camp and elimination shoot. I would personally like to thank all the training squad members for their participation and eagerness to learn and help each other and especially to the Juniors who, I believe, have a wealth of talent and who will, given the right help and opportunities, make all ACTA members very proud of them - Good luck to you all with your shooting.

Finally, I would like to thank Murray Alexander, Peter Quire, Col Burt, Fred Schmetzer, Phil Mules, Peter Strike, Brian Prosser and Gary Hayden for all their assistance and expertise in coaching and judging and to Kevin Polst, trap mechanic, and to the International Gun Club for helping make this camp such a success.

# ACTA COACHING COUNCIL

## Coach of the Year award

*By Murray Alexander  
National Director of Coaching*

The Australian Clay Target Association Coaching Council wishes to announce the successful nominee of our own Coach of the Year in the Australian Coaching Council's '1994 Year of the Coach'.

Mr Peter McBride (Accredited Level 1 Coach) of the West Australian Gun Club, Perth, WA, has been judged as the coach most worthy of receiving this award for 1994.

Peter's coaching achievements read in part, has coached in excess of 300 hours during the assessed time. He coached 87 experienced and 283 novice, which include several corporate groups, ladies groups and one group of handicapped persons. From these novices, the West Australian Gun Club gained 21 members due directly to Peter's efforts.

Youth groups and schools also featured in the coaching program, along with Open Days in which Peter coached. The situation is now, that through the school groups, at least one major boarding school is promoting the sport and Peter is liaising to start a Junior Team or Teams.

Peter is an active promoter of the sport to the public and is always keen, patient, even-tempered and has never refused to coach anyone. He is always available, being at the club each Wednesday, Friday and weekends for experienced shooters and newcomers alike.

Peter is an excellent ambassador for the club and many newer shooters owe their success to his instruction.

On behalf of the Australian Clay Target Association Coaching Council, I congratulate Peter McBride on his fine efforts, achievements and wish him every success in the future.

Peter McBride.

# Grafton Clay Target Club Inc.

*By Barb Nash, Secretary*

Our Jacaranda Open Shoot was held October 8th & 9th. Our first real hurdle was the news two weeks prior to the shoot, that no accommodation was available in Grafton over our shoot weekend, as a block booking on all motels had been made for a convention to be held the very same weekend. We were therefore pleased to have visiting shooters from Yamba, Coffs Harbour, Richmond River, Guyra, Canowindra, Inverell, Dorrigo, Showmans, Brisbane, Newcastle-Lake Macquarie and Cessnock City. A thank you to club members and also visiting shooters (mainly Chris & Sue Lindsay from Newcastle-Lake Macquarie) for taking visiting shooters in to their homes.

The next hurdle, Saturday dawned fine and clear, but Mother Nature laid her firm hand upon the day. By 9am very strong winds were blowing and continued all day. Gale force gusts were experienced as the day proceeded. We really don't know how the shooters coped, for the day was anything but pleasant, but cope they did.

There were 8 possibles shot in the first two events, and a 68/75 in event 3, the Pointscore, by Peter Taylor of Canowindra was notable, for the wind by that time was really formidable.

The committee changed the 30t Champion of Champions to a Double Barrel event, the last event of the day, as Single Barrels were too much to ask.

Day two was a much more pleasant day, simply fine and breezy. There were good scores recorded throughout the day. John Blazely won the Northern Zone Double Rise Event, his sash being the last one in the old Northern Zone colours, well done Tubby.

C grade High Gun went to Noel Watkins of Grafton; B grade High Gun to Glennis Lawrence of Canowindra; A grade High Gun to Peter Taylor of Canowindra; AA grade High Gun to John Blazely of Newcastle. Mark McInnes shot consistently over the two days to take out the Overall High Gun.

We had four lady shooters which was great, with Glennis Lawrence winning the Ladies High Gun, competition among the ladies was keen and close.

Stan Godwin from the local Grafton club was the Veteran High Gun winner, well shot Stan, with Noel Rodgers from Coffs Harbour snapping at his heels.

The Junior High Gun was won by Susan Trindall, a Brisbane lass from the Showmans Gun Club, the Junior shooters did well to handle the very difficult conditions on the Saturday.

We acknowledge and thank Steve Laffey of Miami Firearms, Miami, Gold Coast; David Jones Ltd; and Tooheys Brewery, Grafton. Sponsorship and trophy assistance is a great boost to any clubs organisation, your support of Graftons Jacaranda Open was much appreciated.

Our ladies did a wonderful job with the catering, and we thank them. Club members who helped prepare the grounds and club house prior to the shoot, our thanks also.

Finally, we were grateful for the great spirit of the shooters, after all, if you can't cry, you may as well laugh, and that's what they did, the Saturday was a gruelling test. Thank you to all those who attended, we will work hard toward a successful Jacaranda Open in 1995.

# NSW Shooting Sportsman of the Year Awards

The NSW Firearms Safety Awareness Council, the organisation which conducts the Government's mandatory firearms safety awareness testing for new applicants for shooters licences, promoted, on behalf of its parent body, the NSW Shooting Association, the 'Shooting Sportsman of the Year Awards' for the third consecutive year.

The awards were made at a most impressive presentation dinner held on Friday 14 October 1994 at Sports House in the Wentworth Park Function Centre Complex in Glebe, Sydney.

Host for the evening was television personality, Ron Wilson, and the Guest of Honour was NSW Leader of the Opposition, Mr Bob Carr, MP. The evening saw over 350 guests representing all the affiliated bodies and many of the clubs involved in the sport of shooting in NSW in attendance.

Other special political guests were Senator Baume, representing the federal Shadow Minister for Sport, Mr Ivan Petch, representing the NSW Minister for Sport Recreation and Racing, Mr Richard Face, NSW Shadow Minister for Sport, Recreation and Racing and Mr Jim Kaldis, MLC.

Other distinguished guests included, Ms Helen Brownlee, Chairperson of the NSW Olympic Committee, Arthur Tunstall, Secretary General Australian Commonwealth Games Association, and Alistair Macpherson, President of the Australian Shooting Association. In addition, the leaders of the sport in NSW, many industry personalities as well as shooters were present.

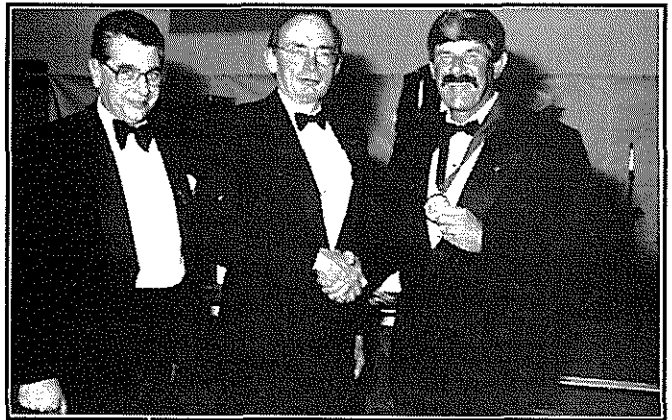

The awards were based upon each of the nine shooting disciplines affiliated with the NSW Shooting Association nominating two finalists from their clubs in NSW. The first nominee received a silver medal and \$200 cash prize, and the second nominee bronze medal and \$100 cash prize. These disciplines include target shooters and hunters.

This year three of the finalists were Commonwealth Games medallists from Victoria, Canada. They were Phil Adams from Forbes, Bob Dowling from Dubbo and David Clifton from Carlingbah, in Sydney.

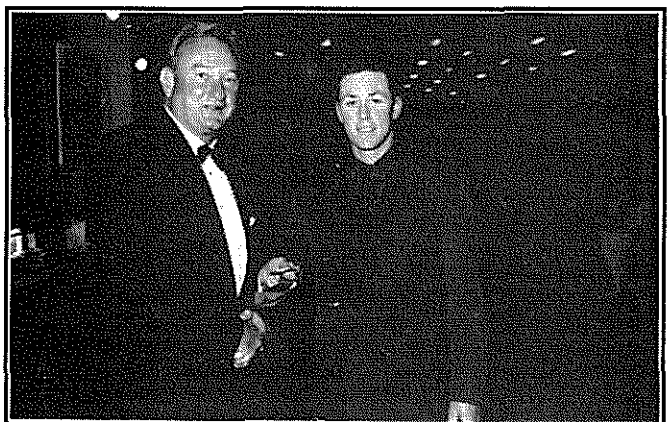

The overall winner was selected from all these nominees by the Board of Directors of the NSW Firearms Safety Awareness Council for the award of a Gold Medal and \$1,000 cash prize. The awards were in recognition of outstanding performance or achievement in competition shooting or a related shooting sports activity.

The winner was Commonwealth Games record holder, Phillip Adams from Forbes. Phillip was presented with his Gold Medal and winner's cheque by Bob Carr.

Phil is probably Australia's best known and most successful shooter in recent years. In the past year, he has won the NSW and ACT State Championships in free pistol and the South Australian Championship in air pistol. He also won the Australian National Championship in free pistol. He was placed 8th in the World Cup in air pistol and 8th in the World Championships in centrefire pistol. His most successful period this year has been at the Commonwealth Games, where he won the gold medal in the free pistol pairs and a silver medal in the centrefire pistol pairs and another silver in centre fire pistol individual event. Phil is from the Forbes RSL Pistol Club and was nominated by the NSW Amateur Pistol Association.

Alex Comino, President NSW Shooting Assn, Bob Carr, Leader of NSW Opposition and gold medal winner, Phillip Adams of Forbes RSL Pistol Club.

Les Chant received his silver medal from Richard Face, Shadow Minister for Sport Recreation and Racing.

Later in the evening, Phil was also presented with a fine silver salver from the NSW Shooting Association. It was suitably engraved with all his outstanding Commonwealth Games medal winning achievements and was presented in recognition of his unparalleled medal winning performance at the Commonwealth Games. The presentation was made on behalf of the NSW Shooting Association by Mr Arthur Tunstall, our Chef de Mission to the 1994 Commonwealth Games.

In addition to the Shooting Sportsman of the Year awards, the General Manager of the NSW Firearms Safety Awareness Council, Mr Paul Andrews, presented a special award - 'Firearms Safety Officer of the Year' to Laurie Shaw of the NSW Field and Game Association, Dubbo Branch. The award was in recognition of his outstanding performance as a safety officer and for his overall contribution to the sport. Laurie has personally conducted over 300 safety tests and has been an extremely strong supporter of the firearms safety scheme and the sport in general.

All target shooting disciplines and the hunting organisations in the NSW Shooting Association were well represented and treated to an excellent dinner and top class entertainment during the evening.

Both Labor's Bob Carr and Liberal Senator Michael Baume made speeches at the time of their presentation of medals to the winners and pointed out the valuable role that shooters can play in the control of feral animals in our environment.

Front l to r: Clive Barton, Les Chant, Tony Moon, Phillip Adams, Brie McNab, Kerry Guerin, Carol Guerin. Back l to r: Ken Moore, Tony Allinson, Nick Harvey, Robert Dowling, Reid McLachlan, Brett Randall, Laurie Fenton, Ken Hiley.

Clive Barton was presented with his bronze medal by Richard Face, Shadow Minister for Sport, Recreation and Racing.

The evening was an outstanding success, prompting one VIP to remark that it must be good for the sport because it ranks up there with rugby league's Rothmans Medal presentations.

The President of the NSW Shooting Association, Mr Alex Comino said this event was important not only to recognise our current champions and outstanding achievers, but also to encourage other shooters to get involved, particularly at higher competition levels of the sport. This is one way to ensure we will have world class competitors for the 2000 Olympics and beyond.

### NSW Clay Target Association

Bronze medallist for the Clay Target Association is Clive Barton from the Tamworth Clay Target Club. Clive has specialised in skeet events, having won the 1993 Junior National Skeet Championship. He was a member of the team which won the teams match and was the overall junior winner of the Commonwealth Skeet Championship. He was selected to attend the World Skeet Championships in Texas, USA and finished 7th overall in a field of 800. In 1994 he was the winner of the Coca Cola Skeet Championship and 7th qualifier for the NSW State Skeet Team. In the 1994 ISU State Skeet Championships he was the open overall winner and won selection to the State team. In the National ISU Championships this year he was the runner-up in the Commonwealth ISU Skeet Championship. He finished 4th overall over a four day competition and earned a reserve place for the Commonwealth Games team and the World Championship team. Al-

though not placed in the World Cup in Beijing, he did finish ahead of all other Australian team members.

The NSW Clay Target Association's silver medallist is Les Chant from the Albury-Wodonga Clay Target Club. Les was the NSW State Junior Champion in down the line trap shooting in 1993, but has reached even greater heights in 1994. He won the Tasmanian State Junior Trap Championship and was the overall State Junior High Gun winner. He also won the 1994 South Australian Junior Trap Championship and he was a member of the team which won the Commonwealth Postal Teams Match. At international level this year he won the New Zealand Junior National Championship, making a clean sweep of the major awards. In England he was the winner of the Junior English Handicap event and his most outstanding success this year was winning the inaugural World Junior Down the Line Clay Target Championship in Wales.

## Mount Isa Gun Club

*By Ron Power, Secretary*

October so far has been a busy month for clay target shooters in the north-west.

The Royal Flying Doctor Service Appreciation Cup Shoot was held on Sunday 2nd and last weekend the Mount Isa Gun Club conducted the Copper City Skeet Championships in conjunction with the monthly shoot.

Activities commenced with a twenty-five target handicap event following dinner on Saturday night. Rod Cusack emerged as the victor with a score 23/25. Lee Matthews and Myrtle Anderson who both scored 22/25 battled out the minor placings with Lee finishing in second and Myrtle third.

The major event of the night was the Barkly Brake Centre Mount Isa Gun Club Night Pointscore C'ship in which Rod Cusack claimed first place in A grade with 140/153. Club president, Gary Guan Sing, filled A grade second place just one point behind on 139/153. B grade belonged to Myrtle Anderson on 135/150 with Mick Coleman placing second on 132/150. New shooter Trevor Holley claimed first in C grade with a fine score of 135/150 and junior shooter Sam Edmonds took out second place in his very first shoot.

With shooting over for the night it was time to catch some beauty sleep in preparation for the Copper City Skeet Championships.

Sunday morning at 9am the first shot was fired in the fifty target Skeet Handicap and Rod Maxwell held on to win the event with 71/75. Kevin Streeter placed second with 45/50 and Rod Cusack's 44/50 earned him third place.

The big event of the day was the Copper City Skeet Championship and Doug Stone finished with a score of 48/50 which earned him the overall sash and the B grade badge and trophy. A grade was won by Jim Edmonds with 48/50 and Mick Coleman held on to C grade with 40/50.

Every year at the Copper City Skeet Championships a special trophy is awarded in memory of Gus Buerchler, a founding member of the Mount Isa Gun Club, who was instrumental in starting skeet shooting at Mount Isa in the early seventies. Gus sadly passed away some years ago and the Gus Buerchler Remembrance Trophy is awarded in his honour. This year the winner of this prestigious trophy was Doug Stone with a well shot 95/100.

## AUSTRALIAN COACHING COUNCIL

### Team Coach of the Year nominee

*By Murray Alexander  
National Director of Coaching*

It is with pleasure that I announce the ACTA nominee for the Australian Coaching Council (ACC) category of 'Team Coach of the Year'.

The nominee is Mr Fred Schmetzer, an Accredited Level 2 Coach and the New South Wales Coaching Director.

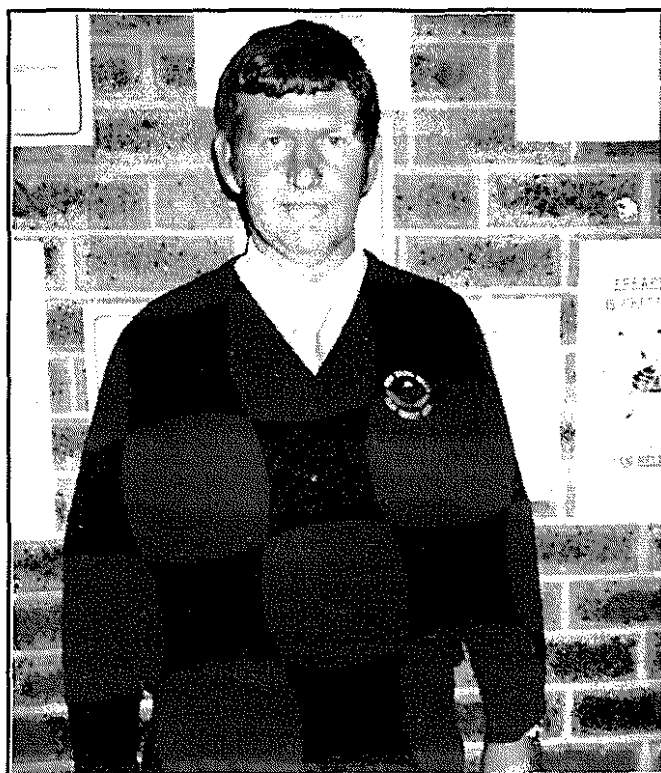

This award is not connected with our own ACTA Coach of the Year, conducted for the first time this year.

Fred's nomination is a well deserved accolade, given the time and effort he puts into his coaching duties. The nomination is to recognise his successes with the State Ladies and Junior teams in a variety of disciplines.

The performances of his teams were:

- i. 2nd 1994 National Junior Trap Team
- ii. 1st 1994 National Ladies Trap Team
- iii. 1st 1994 National ISU Trap Junior Team
- iv. 1st 1994 National ISU Skeet Junior Team
- v. 1st 1994 National ISU Trap Ladies Team

I'm sure I speak for all in congratulating Fred on his nomination and wish him every success with the Australian Coaching Council as the awards are assessed.

*Fred Schmetzer.*

## Bentley wins again in October 'Top Gun'

Craig Bentley from South Australia has received his ninth award in the 1994 Winchester 'Top Gun' awards by winning the Overall High Gun award at Lake Alberts two day DTL Carnival conducted on October 1st and 2nd. This is Craig's seventh High Gun win this year and for each has won 500 bonus shotshells. Further to this, Craig has had a 500 and a 300 break adding another 1,500 rounds, bringing his yearly tally to 10 cases of targets loads. This particular Bruce Byrnes is not to be confused with Winchester's Bruce Burns, the only similarity is the brand of ammunition they use.

Other notable winners this month include Neal Dimmick from Brisbane and Ian Merrick from Cessnock in NSW. Neal won the State Skeet Doubles and the Overall High Gun at the Queensland State Skeet Carnival and received

a bonus 750 shotshells for his efforts. Ian continues his fine recent form with a win at the Hermidale Gun Club's annual two day carnival.

# Brisbane Gun Club

*By Dave Evans, PR Officer*

Col Wheatley an active committee member and a past president of the Brisbane Gun Club has returned from a brief sojourn in Normandy and the UK. He and his wife attended the D-Day commemoration ceremonies, thus reviving 50 year old memories and friendships.

Although he has revisited the UK several times since World War II, he had not made it to Normandy, of which he had many a birds-eye view during the summer of 1944.

Col flew as an air gunner in Lancaster with 46th squadron RAAF, a unit of RAF Bomber Command in those days, and as such took part in the mammoth pre-landing aerial bombardment on D-Day involving about 1,000 heavy bombers and 5,000 tonnes of bombs between midnight and dawn. The object of this attention was the numerous coastal gun batteries covering the invasion beaches.

While this exercise was only partially successful, it played its part in the overall scheme. Bomber command role was normally confined to smashing large industrial installations and railway marshalling yards etc. not pin-point bombing of gun batteries at night. However, on this important occasion it was a case of all hands on deck and owing to the many and varied deception measures put into place to divert enemy attention away from Normandy, the operation was a complete surprise with very little resistance being encountered.

Col said the various ceremonies held in France as well as in England were superbly organised, even though the influx of tens of thousands of visitors and vehicles created some unavoidable problems. He thought the most moving part of all was the genuine gratitude displayed by the French people who greeted their former 'liberators' with uncharacteristic warmth.

Following the Normandy visit, Col spent several weeks in England renewing contact with an old air crew member, an avid

fly fisherman. He did not get to break any targets over there, but on his return made up for this at the club where he is a keen competitor.

After the war, Col worked in the Bureau of Meteorology in Brisbane and completed a degree in economics at the University of Queensland. He then joined the Department of Industrial Development and retired from a senior position in that department.

Col now enjoys an active retired life, travelling, fishing and shooting.

What a life!

Col Wheatley in Hyde Park, London, May 1944.

## Australia to become a party to the Council of Europe Anti-Doping Convention

Australia will become the first non-European country to become a party to the Council of Europe Anti-Doping Convention on the use of drugs in sport.

The Australian Sports Drug Agency (ASDA) was invited to join the convention because of its position as an acknowledged leader in the international fight against drugs in sport.

The decision to join the convention was announced by the Acting Minister for Foreign Affairs, Senator Bob McMullan, and the Minister for the Environment, Sport and Territories, Senator John Faulker.

The convention is recognised for being one of the best existing government instruments for co-ordinating international efforts to combat the use of drugs in sport. Signing the convention signals Australia's continuing commitment to this cause, and will enable Australia to maintain its leadership role in the lead-up to the Sydney Olympic Games.

The Council of Europe, which is the largest inter-government political organisation in Europe, involves 32 European countries and has its headquarters in Strasbourg, France. Members of the Anti-Doping Convention include a number of leading Olympic countries such as Germany, France, Italy, Spain and the United Kingdom.

The convention obliges countries to:

- conduct competition and out of competition drug testing
- establish an accredited drug testing laboratory
- implement education programs and information campaigns
- negotiate agreements with organisations from other countries to test each other's athletes
- adopt appropriate legislation or regulations to restrict the availability and use of banned drugs.

# The WACTA State Carnival

By Ted Dickinson

The WACTA State Team Elimination Carnival was held the long weekend 1st-3rd October at the International Shooting Complex at Whiteman Park.

The Tournament Director, Geoff Faulkes, had his team well trained and the only thing left to chance was the weather.

Saturday saw 101 skeet shooters nominate and event one, the zone teams Skeet Shoulder to Shoulder Match was hotly contested. Zone Six, Peter Vosper, John Dyas, David Fox, Bob Benjamin and Pieter Muntz took the title with 122/125.

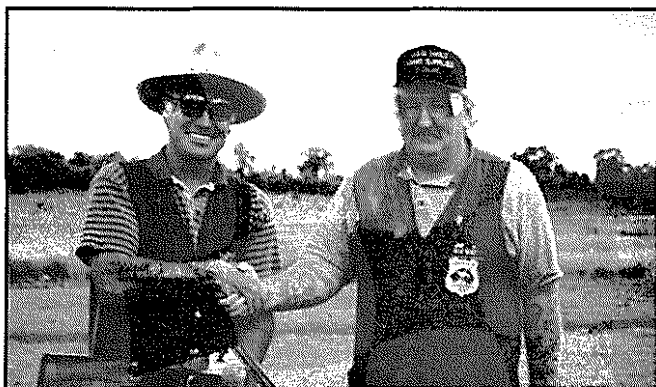

Event Two a 25t Skeet Cash Divide saw John Rossi and Bill Iles share first place in AA grade; David Knight, P. Muntz, Jeff Green, Mick Watson and Greg King were equal first in A grade. Three shooters had possibles in B grade Eddie Toomey, Ian McGeoch and M. Griffiths; C grade had one possible in J. Mathieson.

Event Three the WACTA Skeet Championship was won by P. Muntz from the Edgehill Gun Club. First place in graded went to AA Rick Kelly, Busselton Gun Club; A Bob Benjamin, Bunbury club; B Frank Verona, WAGC and C grade Rick Vivante WAGC; Ladies Helen Wiese, Junior Mitchell Day and Veteran's Tony Yozzi.

Event Four the 50t State Skeet Championship returned only one possible 50/50 and Bob Benjamin left his gun in the rack

to watch the remainder fight out the placing. Scottie Gibson won AA grade with 57/58, Geoff Faulkes had a long shoot off with Robin Bailey to win A grade 83/85. Darryl Wiese took out B grade from Alan Hocking with 66/68. C grade saw J. Mathieson 49/50 again in the winning circle from Elaine Forward 48/50. Saturday evening was dominated by the WACTA Annual General Meeting and the election of office bearers for 1994/95.

Terry Morony stood down as State President because of work commitments moving him interstate late in November. Darryl Wiese moved a vote of thanks to Terry for the many years of contribution to the sport.

Lambert Jackson, Narrogin Gun Club, was elected president and Elaine Forward, Katanning Gun Club was elected as vice. We believe Elaine was most probably the best choice as she expressed interest in vice and does have the experience !!, or so she tells us. Back to a serious note, WA will miss the organisational abilities and hard work Terry has contributed to the state and the WAGC and we all wish him and his wife, Glenda, well in the future.

The celebrations of Saturday's shoot were even sweeter with the West Coast Eagles win over Geelong in the AFL Grand Final, the shoot marshalls could always find elusive referees glued to the TV.

## Winchester announce a prize increase for the 1995 'Top Gun' awards

Winchester Australia have released details of their 1995 'Top Gun' awards scheme with some major award increases.

In 1995 the Overall 'Top Gun' of the year will receive a Beretta 682 shotgun as well as 10 cases of the target loads of his or her choice. 'Top Gun' of the year winners in Ladies, Junior and for the first time Veterans will each receive 2,500 shotshells.

Skeet shooters will be pleased to note that all two day Skeet Carnivals from January 1st will be covered under the awards. In the UIT disciplines each State Double Trap Championship receive prize increases for overall, grade winners, ladies and juniors.

One area that we have had to restructure the award scheme is for breaks. In Skeet we have reduced the break required for a bonus case of shotshells to 250 and 400 for two cases. In DTL the break has needed to be increased to 350 for one case and 600 for two. The reason for this is simply that the ACTA has now adopted a policy of setting traps with a preferred distance of 48 metres and angles parallel to lanes 1 and 5, therefore breaks of 300 and even 500 have become commonplace and to keep a balance in the award scheme a slight increase has been deemed to be necessary.

In 1995 a total of well over 250,000 shotshells are on offer, as well as two Beretta 682 shotguns. We have tried to reach an equal balance amongst all Winchester shotshells users, but as always we encourage constructive criticism.

As you would have noted this year's special bonus offer to all our 1995 'Top Gun' entrants is a pair of 'Peltor Shotgunners' earmuffs. These have been specially developed for clay target shooters and have a very low profile. They are on offer well below their retail value.

The awards commence on January 1st and a new registration form must be completed and returned by all entrants before an award can be claimed. No registration will be taken after February 28th. Please read the conditions of entry carefully and good luck to all participants.

# V.C.T.A. South East Zone Carnival

*By Chris Carrol, Zone Secretary*

Saturday 8th October started with a cold gusty wind and rain. By mid-morning the conditions had improved to light intermittent showers and few participants in the Double Barrel shot in the wet. The sky threatened all day, but there was no more rain.

The venue was the Frankston/Australian club, and the presentation of the grounds was a credit to the committee.

The first two events of the carnival make up the final round of the team series and drew 92 shooters.

Event one was the DB and was won OA & AA by the skeet shooter of the moment Ian Hale 63/63, from David Pearce A grade 62/63. B grade went to Joe Buttazoni 45/46, C grade to Leigh Wilkinson 43/44, the ladies to Susan Milroy 24/25 and junior section was won by Phillip Down 34/35.

Next was the handicap and only a handful of possibles emerged from the tricky conditions, first Mark Roolker 37/37, 2nd Tony Murphy 36/37 and third was Rob Nisbet 28/29 with the backmarker Rayce Burgess 41/42. The High Gun for event 1 & 2 was Mark Roolker 82/84.

Encouragement for junior shooters is a barrow worth pushing and over the past few years Doug Down has done just that, providing trophies at each of the teams shoots to encourage the younger brigade, the final was no exception with son Philip winning A, Sue Milroy B and Leigh Wilkinson C. Thank you Doug for this continued support for the juniors.

The series high guns were then decided, with Ed Bertollo and Wayne Parks shooting for the DB, with Wayne winning 139/146. The handicap was a clear cut win to Phillip Down 118/125. The overall was again contested between Ed and Wayne and again Wayne triumphed 241/260. Each of the

high guns carry a sash and a case of shells, and a very thankful zone wishes to thank the donors, Tony Rowe, Bob Buchan and Bill Iles, also the raffle for the day was a case and was donated by Norm Quick, thanks again for this support.

The teams event holds the greatest interest on this day, we started the final round with Melbourne and Nepean tied on top and Morwell 7 points off the pace. Nepean were equal third on the day with Cerberus from Morwell 232 and the winning team, the number three selection from the host club Frankston/Australian (all skeet shooters) showed the way with 235/250, but the Premier Team for 1994 was Nepean. The junior team on the day was Mornington and the series went to Melbourne. The junior series high gun was won by Phillip Down, who had a very good day.

All events were 25 target and the SB with the only possible 25/25 was Wayne Calaby, who took OA & AA. A grade was John Rowe 27/28, B grade Tony Murphy 24/25, C grade Claude Visintin 21/25, the ladies to Sue Milroy 23/25 and junior Phillip Down 24/25.

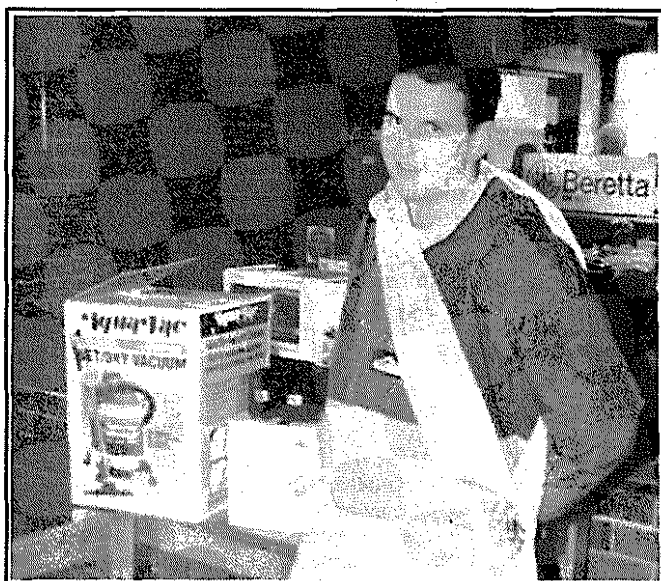

The points didn't produce any possibles, however Rob Nisbet and Mitch Foon put 74/75 together and failing light saw a very short shoot off OA going to Rob and A grade to Mitch, Ernie Bertalotto B grade with 73/75, Leigh Wilkinson took C with 72/75, Lyn Gray captured the ladies and Mitch Foon the juniors.

The carnival high gun was decided from the field of John Rowe, Bill Iles and Frank Vella, the victor was Big Frank, winning 156/162 and a case of cartridges, a very happy man.

The day ran very well even with part of the presentations half way through the card, allowing national president Glenn Woodhatch and state president Graham Mahoney to work with the zone president Bob Buchan in the presentation of the trophies.

Many thanks must go to Bob for his efforts in the great display of trophies on the day, to Norm Quick the shoot marshal and to the members in the office who had a full but enjoyable day.

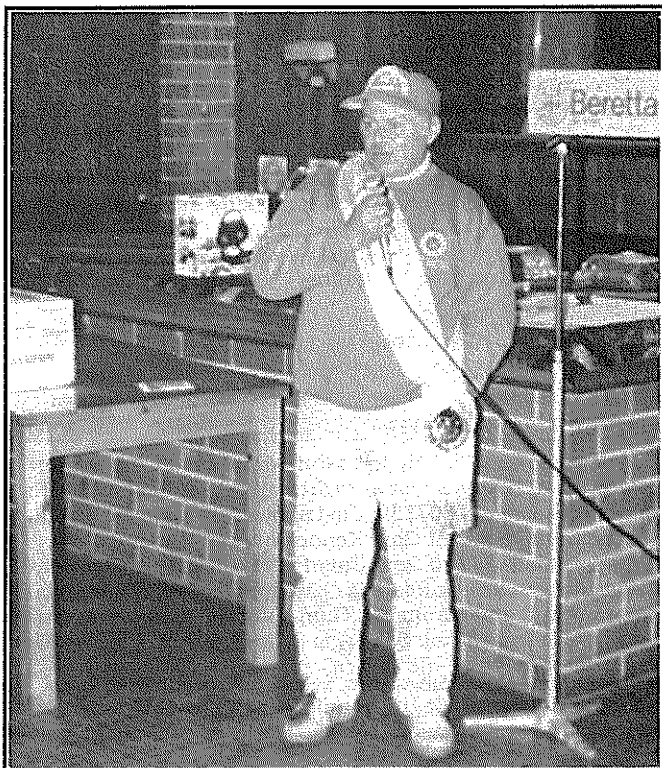

Thanks once again to the good people who continue to provide financial support to this worthwhile day, and to the many workers that contributed to the success of the carnival.

Mark Roolker, handicap winner and High Gun over events 1 & 2.

Winning team Frankston Australian No. 3 minus Ray Collins. Frank isn't really a skeet shooter.

Frank Vella, Carnival High Gun.

## Queensland State Skeet Carnival

The 1994 State Skeet Carnival was held at the Brisbane Gun Club from 7th-9th October, immediately following the World Masters Games. Many shooters just continued their shooting from the Masters all the way through, although some were showing their tiredness towards the end.

The weather was good generally throughout the carnival, but rain on one day brought a difficulty that Queensland shooters have not had for a long while in some areas. 61 shooters attended the carnival from Queensland, New Zealand and other states.

The first event on Friday was the 50t Brisbane Trophy event with 46 shooters taking part. The Veteran winner was R. Clarke 51/51, best Lady M. Denton. The grade winners were: AA 1st J. Stevens 133/137; 1st A

## ANNIVERSARY SHOOT 1st & 2nd October, 1994

*By Lorraine Lloyd*

After the success of last years Anniversary Shoot, we saved all the forms, ideas, lists, jobs, etc., changed the dates and somehow this shoot seemed to organise itself. In fact we kept ringing each other asking why we were not panicking like last year. We had very generous offers of sponsorship this year, without having to go out and actively seek sponsors, and we sincerely thank these people. Shooters from 22 clubs supported our shoot this year and we had over 90 shooting in each event with 54 competing in the night event.

As you will all know, NSW is in the grip of a prolonged drought, the city of Sydney not faring any better than the country. As the week preceding the shoot rolled around, the weather forecast was for rain on Sunday. Had we invented a new drought breaking method? Organise a huge shoot, put on heaps of prizes and it rains! Saturday turned out a beautiful day and we did have heavy rain only for the first event on Sunday, I guess we got the best of both, a bit of rain and a bit of sun.

Well, who won what! The first event a 25t graded cash divide eye opener had \$10 from each nomination to go into the pool. In AA grade 13 winners received \$23, A grade 2 winners received \$130 (Mal Tilley's smiled lasted all weekend at being one of the winners), B grade 1 winner received \$114 and 2 shooting 24 won \$38 and in C grade 3 winners received \$43. A nice way to start the weekend for some.

The 25t Single Barrel Trophy event saw quite a few possibles and shoot offs. AA grade saw P. Griffiths (33/33) win from Michael Diamond. M. Campbell won A grade with local shooter Ludwig Kohler second. Another local shooter Alan Keevers won B grade with 31/32 and Adrian Fuller coming second on 30/32. C grade saw some good scores with Y. Nezziz on 24/25 coming first from Craig Lysaght on 22/25. Janenne Kidd took out the Ladies prize, Jacob Salvaggio starting off a very successful weekend, won the Juniors and popular shooter Gus Salem won Veterans with 20/25.

Event 3 was a 30t Double Barrel Championship. Michael Diamond won after a shoot off with John Blazley on 131/131, Desiree Huddleston taking AA grade with 85/86 from Doug

Forster on 83/84. G. MacDonald won B grade from J. Procopiou, P. Cauchi on 31/31 winning B from Graeme Dowling on 30/31. R. Ellis took C grade on 34/36 from R. Alt. Desiree Huddleston won the Ladies, Eddie Boulos the Juniors and F. Denza the Veterans.

The Double Rise was next which Arthur Turner (37/40) won from Michael Diamond on 36/40. J. Gemmill took out A grade from Chris Milligan, Graeme Dowling taking more prizes home winning B from D. Wakem, R. Ellis winning C grade from Y. Nezziz. Karen Kennerson won the Ladies, Eddie Boulos the Juniors and F. Denza the Veterans.

We stopped for a lovely spit roast, salads and dessert and once it was dark enough, into the NSW 50t Night Point Score event. The complex has spent a small fortune on lights for night shooting and several shooters were heard to comment that are we sure it was night.

M. Lyons who ventured up from Canberra just for this event, showed us all how to shoot at night, taking out the event with the perfect score of 150/150. Just shows how good the lights are. The Club President Gary Kennerson was allowed to win AA grade with 147/150 from Gary Rootes, Mal Tilley topped off a good day with A grade 145/150 from Ludwig Kohler, Alan Keevers won B grade from Bill Thorpe and G. Rapisarda winning C grade from Jacob Salvaggio (who also won Juniors), Desiree Huddleston won the Ladies.

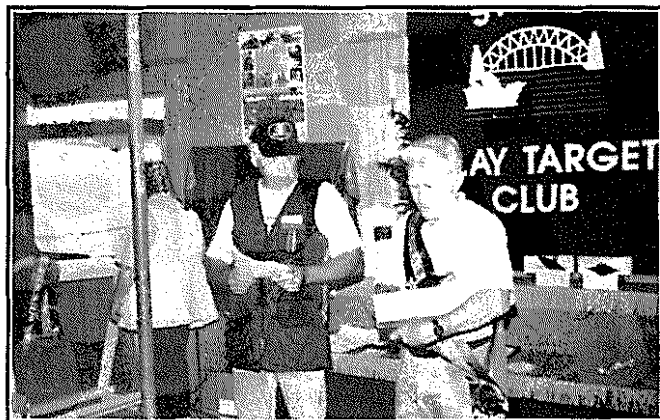

Sunday's first event 20t DB Handicap Championship sponsored by Winchester Australia was shot in heavy rain. Luckily (or unfortunately) it did not last. Several shooters shot the possible and Desiree Huddleston shot well to win the 2 cases on offer with a 41/41. 1½ cases and second was G. Rapisarda on 40/41, third with 1 case was C. Briotelis, fourth with ½ case was P. Griffiths.

Event 7 and the main event of the weekend the 50t DB Sydney Clay Target Club Limited Anniversary Championship, proudly sponsored by Mick Smith Sports Store, was shot in perfect conditions. 1st Overall was Gary Rootes with 152/152, first in AA was Arthur Turner with 151/152 from G. Thatcher, with third Michael Diamond. A grade was E. Kladis coming first from Kim Nealon (who promised the ironing press he won would be used by him!) and G. MacDonald third. D. Sydney Clay Target Club sincerely thank their generous sponsors without whose help the weekend would not have been the success it was. Thanks also go to Pam and Carol for all the office work (have you eaten those chocolates yet?). Whilst writing this I have just been browsing through some catalogues, I must ring Janenne about the bar fridges and if we buy them now, where can we store them, I mean, it is only 353 days and we do it all again!

# Guidelines for the importation of firearms into Western Australia from interstate

All firearms including air rifles are subject to strict licensing and control in this state. Every firearm must be registered or licensed to a person or an approved organisation.

Where firearms are being brought into Western Australia by interstate visitors or intending residents, the firearms must be surrendered to the first available Police Station at the point of entry or nearest their place of residence when firearms arrive in personal belongings arriving at a different time.

Visitors to the state wishing to carry the firearms whilst travelling through the state may make application for a temporary permit to possess and carry the firearm only. Such permit does not allow the firearm to be used under any circumstances. A temporary permit for firearms considered low powered can be issued at the station when the application is made, providing the applicant satisfies the requirements for the issue of a permit.

Application for concealable firearms and those considered high powered can only be approved by a commissioned officer of the Police Force or this office.

Temporary permits cannot be issued for prohibited firearms and such firearms are seized and held by Police until arrangements are made to return the firearm to the state of origin or to a place where such firearms can be licensed.

Temporary permits can be issued for a maximum period of three months and renewed for a further three months for a particular firearm in any twelve month period. The current fee for the permits is \$4.00 per month or part thereof.

To qualify to obtain a license or permit, the applicant must satisfy the Commissioner of Police or his delegated officer that:-

- the issue of a license or permit would not be contrary to the public interest,
- the person is a fit and proper person to hold a firearm license; and
- the person has a good reason for requiring and possessing the firearm to which the application relates.

Members of approved firearm clubs or organisations and farmers reasonably requiring the firearm for the purpose of destroying vermin on land used by them for agriculture are deemed to have a good reason for requiring specific firearms.

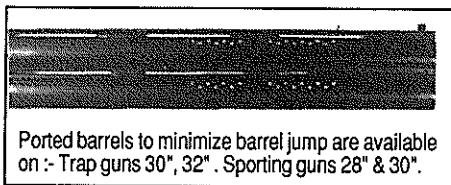

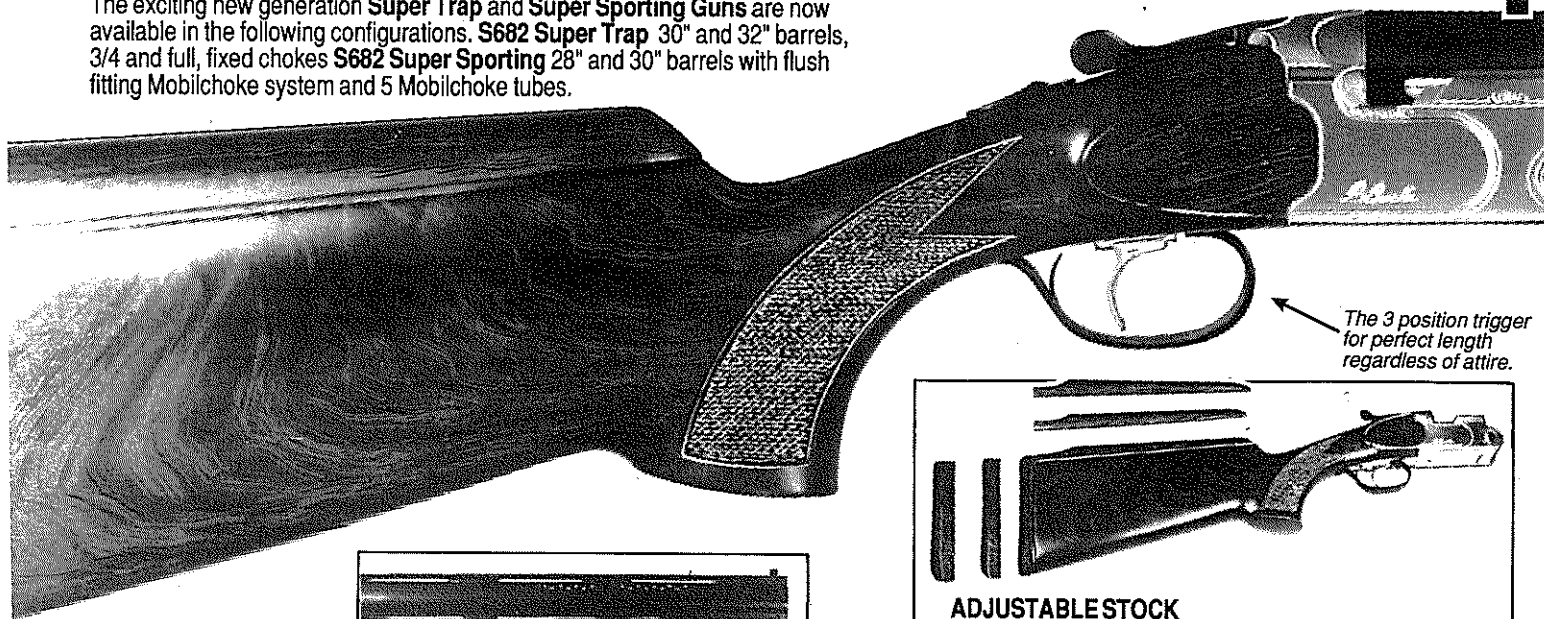

Firearm club members must be financial and active members in accordance with the Constitution of the particular club. There are several types of firearm clubs in this state which adequately cater for the needs of most firearm enthusiasts.

Persons other than members of firearm clubs and farmers making application for a firearm license must provide letters of authority to use the firearm on land for the purpose of vermin destruction. The firearm would then, by necessity, be one which would effectively and humanely destroy the nominated vermin present on the property.

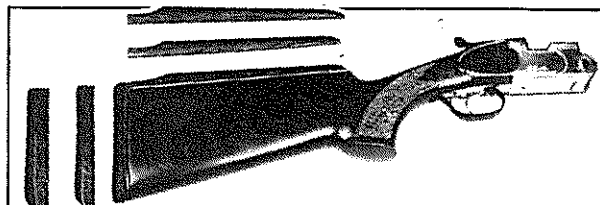

There is no land in this state where a firearm can be used without the express or implied consent of the owner or person in charge of the land.

A person may license more than one firearm, however, they must show good reason for requiring each and every firearm and the onus is on the applicant to demonstrate a good reason.

Self protection is not considered a good reason for requiring a firearm.

For the purpose of licensing, firearms are divided into four categories, namely, concealable, low powered, high powered and curio.

Concealable firearms have very strict licensing and control conditions and are generally only issued to members of approved firearm clubs and the use is restricted to club ranges only. Any other application is considered on the merits of the case provided by the applicant.

Low powered firearms are those considered for use on small game and vermin and include air rifles, .22 calibre rifles and shotguns.

High powered firearms are those considered suitable for destruction of medium and large animals. Licensing of these firearms is restricted to use on suitable properties with vermin of a type requiring the particular firearm for humane destruction.

Curio firearms are divided into three categories and relate to firearms manufactured before the year 1900; firearms for which ammunition is no longer commercially available; and those considered to be collectors items, or having special sentimental value to the owners.

A firearm licensed as a curio cannot be used or carried under any circumstances and the license is only to possess the firearms.

To qualify to license a firearm as a collectors item, the owner must demonstrate that he is a collector of particular type of

firearms and the particular item is a collectors item to him personally. Providing that the owner can satisfy the Commissioner of Police of that requirement, consideration will be given to licensing the firearm as a collectors item whilst it is in that person's possession.

To qualify to license a firearm on the grounds of special sentimental value, the owner must provide a history of the firearm and demonstrate the sentimental significance of the firearm to the owner personally. Providing that the owner can satisfy the Commissioner of Police of that requirement, consideration will be given to licensing the firearm as a curio whilst in that person's possession.

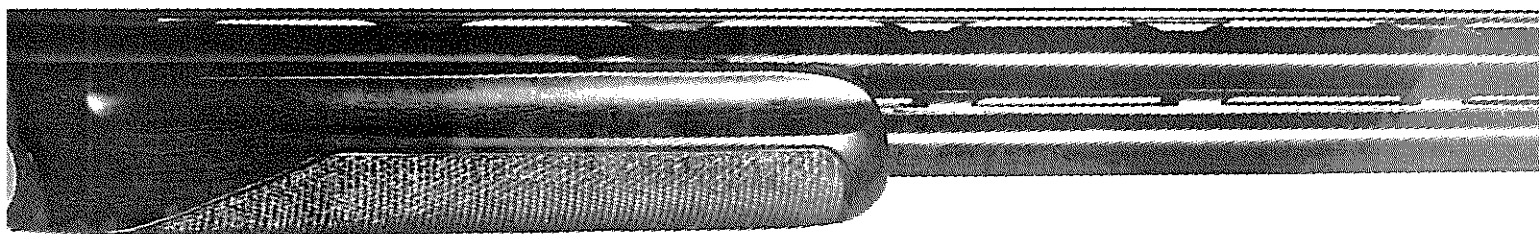

Persons visiting the state for short periods from interstate are not encouraged to bring firearms into the state as they would find it difficult to qualify to obtain a license due to the time factor.

Interstate competitors involved in organised international firearm competition can obtain a temporary permit for the duration of their visit by providing support letters from the organisers of the competition or their home clubs.

Interstate group permits are available to visitors, providing that their home club makes a written application to this office and provides details of the competing members (name, address, the day or days of the competition, and the occasion). These permits can be issued for a period not exceeding twenty-eight (28) days.

All applications, except Interstate Group Permits, for firearm licenses and permits must be made personally and the firearms are to be inspected by Police prior to a license or permit being issued.

**Beretta 682 Series- Olympic Gold medal Barcelona 1992**

Failure to obtain a license or permit for possession of a firearm is an offence and the firearm could be subject to forfeiture to the Crown.

Prohibited firearms which cannot be licensed are those which are not pistols, that are centre fire, semi-automatic which have or are capable of having a bulk loading capacity of eight (8) or more rounds of ammunition, or those firearms considered to be firearms closely resembling the preceding description or military type firearms.

When the owner of a firearm has any doubt as to the classification of a particular firearm and time permits, he should write to the Officer in Charge, Firearms Branch, 210 Adelaide Terrace, East Perth, WA 6004, giving full details of his firearms so that further assistance may be given, or phone (09) 222 1203.

*By Lost Bird*

A big job done well at our Master Games Heritage Shoot, by Marg and Les in kitchen and Holly in office and our shoot marshalls, Chris, Peter and Andy and everybody who helped. A special thanks to Fred Sidwell, who doesn't shoot so often, but did his share and more of scoring – thank you Fred. Thanks again to all visitors.

Our new member's surname is Henschen, but his jacket is Henchen, so if you find the S, please send to Peter.

While Wilma was tripping to Wales, Neil was home looking after the garden, and in the garden competition won the Good Neighbour section, so it looks like he was at the neighbours a fair bit of the time, in the garden of course.

And in Wales, Wilma remembered her trip like this: Singapore – Raffles Hotel, the Long Bar; London – Harrods, the Christmas Shop, the Crown Jewels; Scotland – Military Tattoo, heather on the hills and scenery; Paris – the Eiffel Tower at night; Rome – the Trevi Fountain and Cistine Chapel; Florence – the leather shops; Venice – Bunch of Grapes Restaurant; Innsbruck – chocolates; Rhineland – cruise on Rhine and Glockenspiel clock; Amsterdam – Floating Sea Place Restaurant, walk around the Red Light district; Wales – Australia winning the teams match, the juniors and second overall; Hong Kong – the jewellery and a photo of Bill sleeping on the bus which will be auctioned at the two day shoot (thanks Wilma).

Mike Tipman didn't win a medal at the Masters Games shoot DTL, but won gold the day before at field and game. He tried to tell us it was for the high jump.

Les Greensill arranged an army reunion of his old platoon of 51. Les located all with six deceased, but leaving one he couldn't find. After using every trick in the book, he found he was living only five hundred yards away in the next street. It's a small world Les.

The Wonthaggi lads were up, so I asked Mitchell, who dropped the forty eight target at the Brisbane OD Nationals and he said "I hate to say it, but Dad did". So I asked Fred and he said "I hate to say it, but Mitchell did". A bit confused I asked Mrs Foon and she said "I hate to say it, but they both did". Nice to see Fred and Mitchell up again.

This being their 100 target points day, but no results, as we didn't get down, with big shoots coming up and we want to attend them and Dave turning up to our shoot couldn't remember all the winners, but remembers the smile on the face of the old fox pres George, who took out overall Champion of Champions at the South East Zone, held at Sunshine Coast. Good on you George.

# Clermont Gun Club

The 10th Annual Two Day Shoot at Clermont Gun Club got off to an excellent start on Saturday 22nd October. The weather on Saturday was hot and dry while Sunday was overcast and much cooler.

Our club was extremely pleased to have 53 shooters nominate on Saturday morning. Shooters were fairly evenly divided through all grades. Travellers came from near and far, many thanks to the visitors from Mount Isa, Rockhampton, Greenmount, Tallawalla, Eton Mackay, Townsville, Dysart, Scrubby Creek, Brisbane, Gemfields, Tambo and Charters Towers.

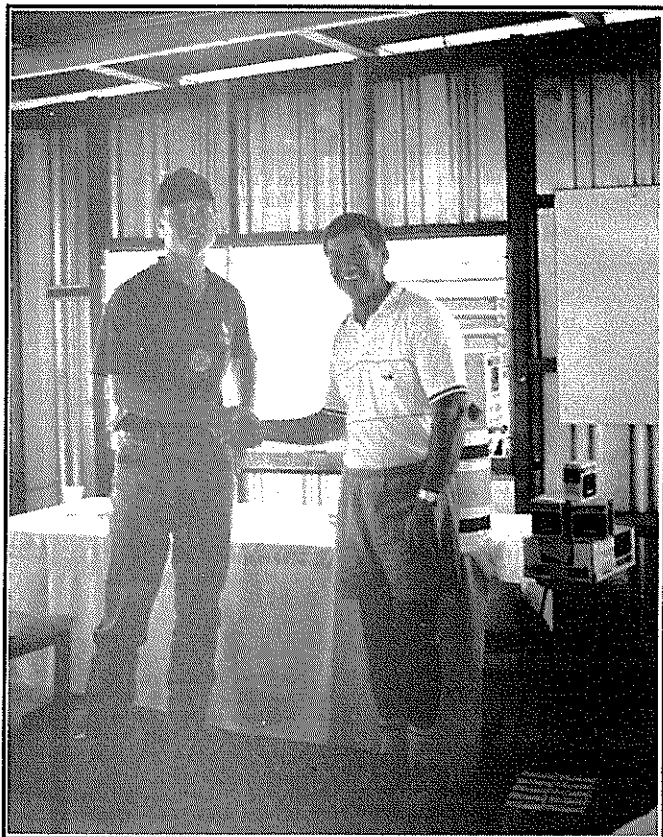

Many shooters camped at the grounds and turned up for a hearty breakfast on Saturday and Sunday mornings.

Dinner on Saturday night was well attended and the ladies in the kitchen did an excellent job to cater for the larger than expected turn up.

Congratulation were offered to our local member, Barry Nasser, for his success in winning two gold medals at the World Masters Games.

The bar did an excellent trade and was very well supported 'til the early morning by the famous and notorious 'Tambo Terrors', they outstayed the Charters Towers 'Grog Monsters'.

Results of the shoot are listed in the shoot report section. The president and committee of the Clermont Gun Club would like to thank all those who helped in any way to make the weekend the outstanding success that it was.

The International Gun Club held its Anniversary Shoot over two days at the State Shooting Park, Virginia, on October 22nd & 23rd 1994.

Shooters were blessed by ideal weather and the long shoot offs by a number of shooters was proof of this. The club would like to thank all the visitors, some who travelled long distances, and we hope they never went home disappointed.

Thanks to all sponsors, trapper boys, mechanics, also to Margaret, Chris and office helpers, these people are all very important in making sure the shoot runs smoothly. The trophy table again was a credit to Margaret whose choice of trophies was great, as it is no easy task buying trophies.

### 'Jimmy' Blythman

Members of the Jeparit and surrounding clubs were saddened by the sudden death of Alexander William 'Jimmy' Blythman on 14th September 1994 aged 65 years.

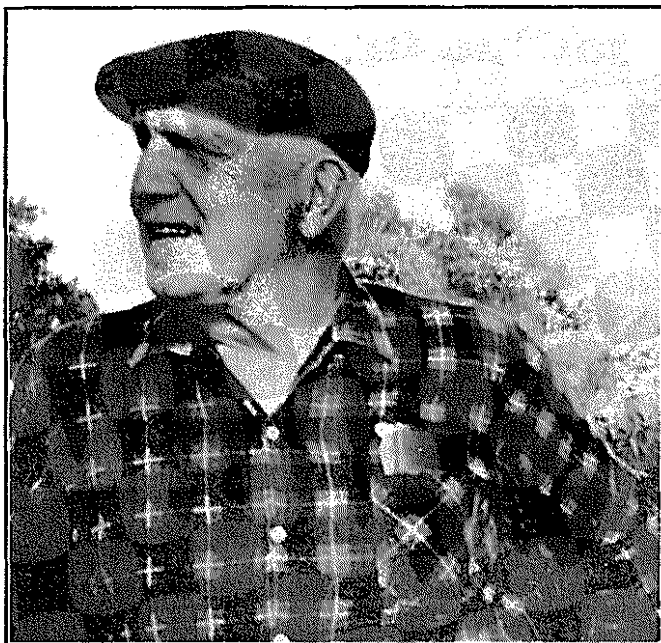

'Jimmy' made a lot of friends with his regular attendance at local, zone, state and national events over the many years. One of his proudest moments was when in 1974 he travelled to Daytona in America as the youngest member of the Australian Team to compete in the 75th Grand American Trap Shoot.

He has had wins all over Australia including Tasmania and also in Hawaii, New Zealand and Canada.

Heartfelt sympathy is extended to his family and his many friends. 'Jimmy' and his infectious laugh will be sadly missed around the traps. Gone but never forgotten.

## Arthur Howden

It is with deep regret that one of the first founding members of the Victorian Gun Club, now known as Werribee-Victorian, has passed away.

Arthur Howden was a competitor that many shooters will sadly miss, not only from his own club, but all through the shooting community.

Arthur was respected for the way in which he dedicated himself to the sport, always being there to lend his advice and support.

Arthur enjoyed all aspects of outdoor living, fishing, duck opening and other camping and leisure activities, especially with his son Ritchie, and grandsons Matthew and Craig, who are keen shooters which I am sure stems from Arthur's love and commitment to his family. This was easily shown when he introduced his daughter Kelly into the shooting sport, proving once more, that no-one in his life would be left out on a lonely limb.

To his wife Clarice, our deepest sympathy. The man who shared his good times and bad with you, should not have been taken so quickly.

But the enjoyment and thoughts, he has left in our hearts and minds, is far from the memories that he leaves with you.
