National President's Notes

Definitely the Last Chance....

People still considering whether or not to attend the 'Grand American' as part of our package are reminded it is now time to make the decision.

If you require further information, please contact Mr Don Allchurch of Tourplanners Australia. He can be contacted on toll free telephone 1800 062 788. There are not many packages available where you can get two holidays for the price of one!

Are we following America?

One alarming trend in our Society today is to blame everyone else but yourself for your shortcomings, and to immediately threaten court action if you cannot get your way.

It is not so many years ago that, if someone played the system and were caught out, they accepted the decision of their peers. It was a pleasant society to live in, and

everyone enjoyed their sport, and even sought to achieve the highest standard they could. They had pride in their accomplishments.

One wonders what is to be gained by the very few, thank goodness, members of our sport who will go to any length to ensure they compete in the lowest grade, or they shoot from the closest handicap mark possible. And when they are regraded or rehandicapped, threaten court action.

The trend to threaten court action is not only confined to the above mentioned. It seems to be that many in the Community believe that the best way to achieve their own selfish goals, or prevent themselves from being made accountable for their unacceptable behaviour, is to also threaten legal action. It is hoped that all members of our Association accept our standard and at all times leave us with nothing to complain, let alone to become involved in a costly court action.

In my experience there are no winners other than the legal profession in such ventures.

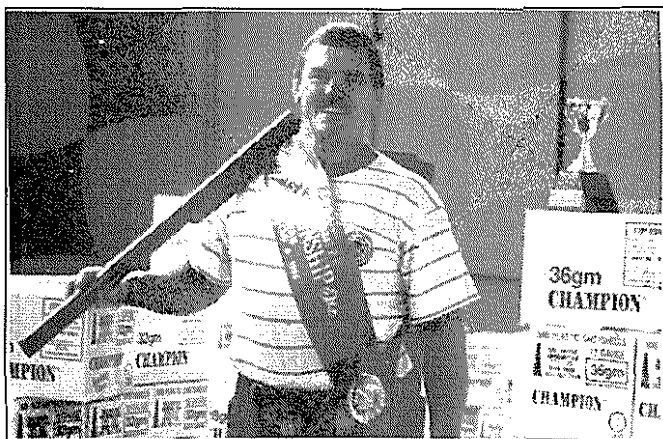

CTSN

Last month I asked for suggestions for articles to be included in the CTSN.

The response was great and some excellent suggestions were received, and some will definitely be included in future editions.

We would still welcome ideas. If there is something you feel would assist, please let us know.

Results of Australian National ZZ Championship

At the Australian Night ZZ Championship held at Glenvale Gun Club on the 22nd of March, the winner was Brian Harrison with 43/45, followed by Graeme Young 42/45 2nd, 3rd Rex Piasiri 38/41, 4th David Hall 28/30. 29 shooters

SCORES ENTERED IN SHOOTERS RECORD BOOK

Please note: As per rule 2.1(h) 2.3(a) it is the responsibility of a designated club official to note the club, the date and to fill out the scores.

It is the shooters responsibility to ensure that this has been carried out that all scores entered are correct and that the progressive total column is completed.

Shooters should also note that if a downgrade is not accepted after the appropriate 600 targets, ie 3 brackets of 200 (at a lesser grade) then the shooter must accept the higher grade for a further 600 targets.

For downgrading purposes progressive brackets of 200 targets shot in the previous year at a lower percentage is to be carried forward to the next year.

Bunbury Clay Target Club

Blue Manna Carnival

The Bunbury Clay Target Club held their annual 2-day Blue Manna Carnival on the long weekend of 2nd and 3rd March 1996.

As a trial, a 50T DB Fools Pool event was held on the Friday night which attracted 31 shooters.

For the early birds on Saturday morning a cooked breakfast was served at the Club, courtesy of Walter and Sandy Lew and Vince Marney. Then down to business with the first event, the P.J. Usher Memorial 25T DB, which went to a shoot-off of 80/80 before J. Boschetti emerged the winner.

The Blue Manna Handicap went to 11-metre shooter from Collie, P. Kuhne, who was the only one to shoot the possible.

Six possibles lined up to shoot-off in the Paterson Pedler 50T DB Continental event, with Geoff Faulkes withstanding the tough opposition to win with 85/85.

At the conclusion of the presentations, most of the 81 shooters and their families stayed on to witness Club Life Member Charlie Linaker cut a cake for the 21st Anniversary of the Blue Manna Carnival, and then enjoy a barbecue tea.

Sunday morning it was breakfast again before a demonstration 25 targets by the State Open, Ladies and Junior teams.

A 5 target SB Eye Opener was fought out between Tim Catling and Bertie Boschetti and then both missing their 30th target, Bertie went on to win with 47/48.

Paul Vivante and Geoff Faulkes were the only 2 possibles in the 25 target SB which was eventually won by Paul with 39/39.

In the 25 Stratco Pointscore, John Ablett, Geoff Faulkes, Ray McDonald and Hedley Harmer all shot the possible, and Ray won the shoot-off with 111/111.

Five possibles came in out of the last event, the 50T DB Koombana Cup and, after a lengthy shoot-off, David Fox won with 146/146.

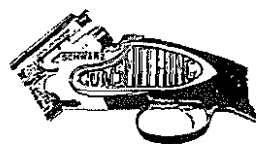

High Gun for the weekend needed a shoot-off between Bertie Boschetti and Geoff Faulkes after both scored 245/250. Both shot well and the sequences of the shoot-off were repeated several times until Bertie was declared the winner with 339/344 and Geoff needed a second barrel on a points target.

The Percy Hough Encouragement Award went to C Grade shooter Peter Simpson, and the Fawltly Towers Lodge Visitors Award was won by P. Tame of Denmark Club.

Full results appear in the Club section.

Waratah State Notes

CTSE Ltd

I hope by now all of our shooters have heard about the NSW Business Venture to purchase land for use as a farming enterprise as well as a location for a State Shooting Ground.

If you, the shooters, really want a State Ground for this state, as well as a 'home base' for Clay Target Shooting, keep those pledges rolling in. I have been very pleased with the response from shooters who I speak to at various shoots throughout the State. It's also pleasing to hear from any the realisation that this venture can be in one location only and it is not humanly possible for it to be suitable to every shooter where ever they may live.

Acceptance of this issue, I believe, will guarantee us a successful venture. If you are interested in becoming part of this venture, please contact NSWCTA, PO Box 2225, Orange NSW 2800, phone (063) 614443.

State Championship Results

Guyra GC hosted the State Mixed Targets C'ship at their Annual Open DTL shoot last month and were pleased to have 76 shooters competing for the C'ship. Four shooters shot a score of 59/60 and after a shoot off Dexter Barnes won the C'ship with a score of 73/74.

Tumut GC was the venue for the State Night DB Cont C'ship conducted on March 10th with 27 shooters attending. Rodney Wright from Junee GC won the C'ship with a score of 54/55.

Boorowa GC also hosted a State Night C'ship during March, being the State Night Deauville Doubles C'ship. I attended this shoot and it was pleasing to see shooters from 'far afield' in attendance, particularly the supportive Canberra contingent. Three pairs shot a score of 19/20, being Tony

Redondo & Doug Jordan, Merve & Glenn Campbell and Paul & Michael Lyons.

The shoot off didn't last very long, being at night and off 22 metres, with Paul & Michael Lyons taking home the Red State Sashes. Congratulations. All in all it was a very pleasant day/nights shooting and entertainment with my thanks to the Gun Club and those present for their welcome.

State Championships - May

Bathurst GC will host the State SB Cont C'ship on the 5th May with everyone welcome to attend. The club is still in the same location at present.

State Trap Carnival - Cobar

My information tells me that accommodation in Cobar for the Trap Carnival on 5th-7th October this year, is filling up fast. Please make your booking now if you intend attending. Any problem with it, please contact me.

Returned 1996 Commonwealth C'ship

After the NT returned all their allocated 1996 Commonwealth C'ships, NSW applied for and was allocated the Commonwealth Night Mixed Targets Championship for this year, 1996.

If you would like to be considered for allocation of this Championship please apply in writing to the State Office by 15th June 1996. Notification of the allocation will be in writing to the club concerned. Due to the lateness of the notification and the CTSN deadlines. I feel that conducting of the C'ship, allowing for advertising, would most likely be either October, November or December. Please ensure this would be suitable for your club's program.

Dear Glenn

I read with interest the your comments about making suggestions for articles and or publications of interest to be forwarded to the A.C.T.A. for contribution to the Shooters News.

I for one would like you to consider publishing more articles in our Shooters News about: Cartridge Ballistics; Reloading Equipment; Reloading Safety; New Gun Releases to the Market; How to properly care for a Firearm; Coaching; How and what Guns are made of.

All of these articles can be obtained from shooting books and magazines, most of which I have.

I have previously written to the A.C.T.A. office an article on how specific gun barrels were made, a very interesting article and my request to have it published in the Shooters News was denied.

Glenn, as you know there are a host of English and American Firearms magazines and books to get this information from and fill our Shooters News with it. I am currently trying to obtain an English book on Gun Fit, which would be very useful in Coaching.

Regards and Good Scores
John Farrell.

Dear Glenn

After reading 'Presidents Notes' in March issue of CTSN and your invitation to members for items for a better magazine I would like to suggest the following.

A section be set aside and run on 'Rules'. Suggested name: 'Rules Corner' or similar. This section would take the format of a question/answer type of publication with reference to a DTL rule, and a Skeet rule in each issue.

There are numerous rules in both disciplines that are in 'grey areas', and perhaps by making them a little more publicised the whole fraternity of shooters may benefit.

Readers questions on Rules could be invited and used as 'a reply to system' by the co-ordinator.

Best Regards
Kevin Weatherall

Mount Isa Gun Club

The first full daytime shoot of the year was held last Sunday (March 10th) at the Mount Isa Gun Club, and it would have to be called **successful. Eighteen shooters attended, including the President and Secretary of the newly formed Cloncurry Gun Club.**

Fifty targets of Skeet was called for first up, with the opening shot being fired at 9.30am. Phil Leddick strung together a very respectable 49/50 to claim A Grade, with Neil Sinclair holding out to win B Grade 44/50. Rod Cusack's 41/50 was quite a good score under the prevailing conditions and earned him the C Grade trophy.

Due to the Club holding it's Annual General Meeting at the Shoot, only one event was shot before the break.

With hunger pangs fully sated and the future of the Club decided, it was "Once more into the Fray", this time with 50 Targets Pointscore. Cloncurry Gun Club President, Gary Brown, wasted no time in putting his claim on A Grade with 147/150.

On this occasion none could match him and the trophy was his. A very determined Mick Coleman held out Neil Sinclair and Ron Power to win B Grade with 134/150, while Betty Fawcett put her name on the C Grade trophy with a score of 126/150.

The second event after lunch was the "Front Marker Special", Handicap, and Sam Edmonds had to do it the hard way. Shoot 24/25 and then beat Martin Allen in the shoot-off.

Sam finished with 28/34 to claim first place with Martin just one point behind in second. Third place wasn't a giveaway either. Ted Matthews and Brian Palethorpe shot it out over 12 shoot-off targets before Ted emerged victorious with a final score of 34/37.

The finale of the day was 25 Targets Continental and once again Ted Matthews loomed large with a score of 25/25. Not to be outdone, Bruce Murphy also carded 25/25 and then went on to defeat Ted in the shoot-off.

The final winning A Grade score 38/38. Ron Power had no trouble picking up his only win of the day and took home the B Grade trophy with his well shot 24/25.

C Grade once again called for a shoot-off, this time a three-way event with Greg Moncrieff, Sam Edmonds and Martin Allen. Threes figured predominantly in C Grade as it only took Martin 3 shoots to defeat the opposition and claim C Grade with 24/33.

Major North West Queensland Clay Target dates in the near future will be: April 14th - Mt. Isa Gun Club

Doctor Service Charity Shoot; May 19th - the inaugural

Cloncurry Gun Club Shoot; May 26th - The Royal Flying Doctor Service Appreciation Cup Shoot.

Australasian-Pacific "Grand Prix"

The outstanding International event of 1996

The Australasian-Pacific "Grand Prix" of Olympic Discipline clay target shooting held at Brisbane Gun Club, Queensland has now come and gone, and has been hailed by all concerned as an outstanding success and certainly the major International competition of the region's shooting calendar.

In all, nearly 150 shooters from ten countries and every mainland State of Australia competed at the "Grand Prix". Shooters from England, Ireland, Japan, Singapore, Sabah, West Malaysia, Hong Kong, New Caledonia, New Zealand as well as our own enthusiasts competed during the week of events.

Prior to the commencement of the competition, the A.C.T.A. National Training Squad comprising all of Australia's top Open, Lady and Junior shooters in Olympic Trap, I.S.U. Skeet and Double Trap attended a three-day "live in" training camp, utilising the Brisbane Gun Club's facilities and learning from many specialist coaches in a variety of fields.

International competitors for the competition were very keen to do well, with many from the northern hemisphere arriving early to acclimatise after the severe northern winter. Kevin Gill and Terry O'Connor from England, and Tom Allen were all scheduled to be amongst the first to arrive, but the "Irish" factor saw Tom Allen miss a connecting flight and spend St. Patrick's Day still in transit from Heathrow.

More locally, our friends from New Caledonia and some of the large New Zealand contingent also came in early to take

ISU Skeet Finalists Len Norman, Craig Meuleman, Eugene Hernu, David Cunningham, Clive Barton and John Summers

Queenslanders Angelo Zappala and Greg Newey and Lady Olympian Deserie Huddleston (Victoria) were all up amongst the top 10.

Double Trap Badge Match: Overall - Adam Vella (Vic.) 54/60;

AA Grade - Steve Haberman (Vic.) 54/60; A Grade - Brett Hall (N.T.) 52/60; B Grade - Rob Trindall (Qld.) 45/60; C Grade - Cherie Reeves (Qld.) 44/60; Lady - Deserie Huddleston (Vic.) 48/60; Jnr - Brett Hall (N.T.) 52/60; Vet - Col Boyd (Qld.) 29/60.

Day two and the commencement of the first of the major events - the Australasian-Pacific "Grand Prix" in Double Trap. 150 targets shot in three visits each of 50 targets, with the top six shooters in the open and ladies sections to contest a final at the end of the competition to determine overall placings.

Round one and 1994 World Champion, Russell Mark of Victoria, was out to prove he was the one to beat both here and, hopefully later in the year, at the Atlanta Olympic Games, recording 48/50 after missing his last target. Everyone else in the field started slowly, Craig Tilley on 44/50, Greg Newey and Tom Turner on 43/50, while Brett Hall, Mark Crimmins, Bob Simpson and Adam Vella all recorded 42/50. Deserie Huddleston headed the ladies section on 39/50, two targets ahead of Ann Maree Roberts with Gleniss Lawrence from Canowindra, N.S.W. a further four targets back on 33/50.

The second round of the double trap saw good improvements from Steve Haberman 46/50 and Adam Vella 45/50, while Russell Mark and Tom Turner both recorded 44s, Russell retaining the lead by five targets from Adam Vella and Tom Turner. Deserie Huddleston continued her consistent form to increase her lead with 37/50, again the best score of the round in the ladies section.

After 150 targets, Russell Mark had again proved his prowess being first into the final on 136/150, followed by Adam Vella on 133/150 and Steve Haberman on 129/150. Tan Chee-Keong from Hong Kong 127/150, Nathan Cassells 123/150 and the Englishman Kevin Gill 122/150 made up the final six.

Again Russell Mark showed why he is amongst the World's best shotgunners - 45/50 and the Gold Cup and medal.

advantage of the programmed practice sessions.

The first official day of the competition was "official practice day", Monday 18th March. Practice took place all day, with ranges open for Olympic Trap, Double Trap and I.S.U. Skeet practice. Conditions were warm and humid, a bit of a shock for many, but certainly to the liking of the shooters from Sabah (Borneo) who made mention that it was a "bit cool".

With a full morning of practice also programmed for Tuesday 19th March, the scene was now set for the conducting of the first event - a 60 target Double Trap Badge Match to be shot over two layouts, 15 pair (30 targets) shot at each visit. The "big guns" were expected to show the expertise in the double trap events and the predictions proved not to be wrong, Adam Vella and current World Champion Steve Haberman recording the top score on the day. National Training Squad and team members Russell Mark (Victoria) and Phil Melvin (W.A.), along with juniors Brett Hall (N.T.) and Nathan Cassells (Victoria), Englishman Kevin Gill,

"Grand Prix" Olympic Trap finalists Ben Kelley, Adam Vella, Michael Diamond, Jim Ellis, Russell Mark and Nathan McDonnell.

With the Double Trap competition completed and out of the way, the Olympic Trap and I.S.U. Skeet specialists began their competitions, commencing with a 50 target Badge Match in each discipline. But first the official Opening Ceremony.

New Queensland Premier, Bob Borbidge, was all set to officiate, but a last-minute engagement saw the Minister for the Environment Brian Littleproud stand in. The Minister made special mention of the fact that he had shot at the Brisbane Gun Club some years ago, and showed great interest in our sport. It was good to have a receptive politician in our midst, especially one whose portfolio would normally be seen to be distantly divorced from our sport.

The I.S.U. Skeet Badge Match was always going to be a battle of the Melburnians, but few had thoughts that some of the favoured competitors would not perform well on the day and be in contention for the top spoils.

Olympic Games representative Craig Meuleman got off to a flying start to record a clean 25 in his first round, one of the very few recorded during the week. Fellow Olympian David Cunningham fired a 23/25, with John Summers and 1995 "Grand Prix" Champion, Eugene Hernu of New Caledonia, both on 22s.

Another round of "ups and downs" and Craig Meuleman took the first event with a good score of 48/50.

I.S.U. Skeet Badge Match: Overall - Craig Meuleman (Vic.) 48/50; AA Grade - John Summers (Vic.) 46/50; A Grade - Eugene Hernu (N.C.) 44/50; B Grade - Kris Jones (N.S.W.) 35/50; Junior - Kris Jones (N.S.W.) 35/50.

The first of the Olympic Trap events also saw a fine start for one of our Olympic hopefuls, Michael Diamond, who carded a clean 25/25 to set the scene for things to come. Russell Mark, Adam Vella, Kiwi Brian Wistrand, Ben Kelley and '92 Commonwealth Games Gold Medallist John Maxwell all started with 24s to lead a tight bunch after the first round. Michael, however, was not about to surrender the lead position and slotted another 25/25 to take the match leaving the rest of the field over the minor placings. A few hiccups during the day saw the competition

running a little late with the last few squads having to compete their second round a day or two later, but despite this problem all was travelling well so far.

Olympic Trap Badge Match: Overall - Michael Diamond (N.S.W.) 50/50; AA Grade - Russell Mark (Vic.) 48/50; A Grade - Brian Wistrand (N.Z.) 47/50; B Grade - Glenn Roberts (N.Z.) 44/50; C Grade - Susan Trindall (Qld.) 34/50; Ladies - Deserie Huddleston (Vic.) 40/50; Junior - Ben Kelley (N.S.W.) 46/50; Veteran - Bill Shelton (N.S.W.) 33/50.

Thursday morning, 8.00am and again the weather was fine and quite hot and humid early, and the first of the two day matches was about to kick off. The Pacific Coast Championships in both Olympic Trap and I.S.U. Skeet was sure to set the scene for the days to come leading into the "Grand Prix" events.

The Pacific Coast Olympic Trap Championship again saw Michael Diamond set the pace during the early stages, recording 24+23+25 (72/75) in the first three rounds to take the early lead from current Queensland champion Greg Newey, who had notched up 22+25+24 (71/75). No one else could manage over the 70 mark for the day, Filippo Petriella on 69/75 being the closest with Adam Vella, Russell Mark and England's Kevin Gill all one further back on 68/75. Cheng Shu Ming from Hong Kong started well, recording the first clean 25/25 of the competition, but fell away in the next few rounds, but no so Michael Diamond, who consolidated on day two to finish up the match in first spot on 117/125 and take the top spot in the final. Greg Newey continued

Veteran High Gun winner Cam McClymont of Brisbane with Bob Dupuy of Winchester

with his early form to go into the final in second spot with Russell Mark both on 116/125, followed by Ben Kelley on 114/125, Adam Vella on 113/125 and consistent New Zealand Junior Glenn Roberts, who took the last placing in the final following a count back from Filippo Petriella.

The result - again Michael Diamond first, with Greg Newey holding on for second and Russell Mark taking third.

Pacific Coast Olympic Trap Championship: Overall Michael Diamond (N.S.W.) 117+24=141/150; 2nd Greg Newey (Qld.) 116+22=138/150; 3rd Russell Mark (Vic.) 116+21=137/150.

At the other end of the Club grounds the Pacific Coast I.S.U. Skeet Championship was again seeing a good performance by Olympian Craig Meuleman of Melbourne. Craig recorded 23+23+24 (70/75) for the day's efforts to hold the overnight lead from John Summers on 68/75, David Cunningham on 67/75, and Geoff Jukes of New Zealand on 66/75 with Eugene Hernu of Bourail Gun Club, New Caledonia. After a further 50 targets, Craig Meuleman had continued his form to retain the lead, shooting 22+22 to be number one into the final on 114/125, David Cunningham 109/125, Len Norman 108/125, Malcolm Duff 108/125 and John Summers, also on 108/125.

The final again saw Meuleman go about the job professionally, notching up 24/25 to take the overall spoils from David Cunningham, who had to survive a sudden death shoot-off using the new system of shooting doubles from stations 3, 4 and 5. Geoff Jukes took overall third place. Two out of two for Craig Meuleman - the pressure would be on in the next event, the "Grand Prix", to make it a clean sweep for the High Gun.

Pacific Coast I.S.U. Skeet Championship: Overall 1st Craig Meuleman (Vic.) 114+24=138/150; 2nd David Cunningham (Vic.) 109+24=133/150; 3rd Geoff Jukes (N.Z.) 111+22=113/150.

Following the completion of the day's shooting on Friday, the large contingent of shooters from Japan arrived to get in a couple of rounds of practice prior to the commencement of the main events. The Japanese shooters were part of the Japanese Winchester Top Gun Club, and were hosted during their visit by Winchester Australia through Wayne Pilkington and Queensland State Manager Bob Dupuy. The leader of the contingent was Mr. Hiroshi Matsumoto, President of the Japanese Shotshell Company.

Again an 8.00am start for the early squads, and the best performance of the round was recorded by number two shooter in the squad, Jeff Tonna of Victoria, proving that early morning light at Brisbane can't be used as an excuse by everyone. Michael Diamond continued his track towards making the Olympic Trap competition a clean sweep by also recording 24/25, as did New Zealand Junior Scott Wilson, who performed extremely well and consistently over the entire competition, indicating that he will certainly be a Kiwi to contend with in the years ahead.

With another 24/25 to Diamond in round two, and 24s to Nathan McDonnell of Port Macquarie and Illawarra Kiwi Brant Woodward, it appeared that the round would go through without a clean 25/25, but Jim Ellis of Canberra proved that to be wrong. The second and third rounds saw a few of the fancied shooters experiencing problems, with Russell Mark posting a 19/25 in round 3, as did Kevin Gill of England in the second 25. Terry O'Connor, Gill's English team mate, was not having a good time, starting the day with a pair of 19s. Tom Allen of Ireland, who has been reportedly shooting well at home, was also not quite getting it together, and by his own admittance was shooting the targets well but the odd few were getting away - but coming out of the cold winter conditions to the heat and humidity of Brisbane was sure to affect even the best of shooters.

Fifty targets to go in the Australasian-Pacific Olympic Trap "Grand Prix", and world number two Michael Diamond on 72/75

holding a one target lead over Junior Nathan McDonnell. Ben Kelley was on 70/75 with Jeff Tonna on 69/75, one ahead of Adam Vella and Jim Ellis. Russell Mark had slipped back following his 19 and needed a good final 50 to make the top six.

Russell must have done the sums, because he put in the finish of a true achiever - 50/50 for the final day. Michael Diamond kept on doing his job, but managed only 44/50 in the last two rounds, 116-125 - good enough to put him into the final in number one spot, followed by Ben Kelley on 115, Nathan McDonnell 114, Russell Mark 113, Jim Ellis 112 and Adam Vella on 112.

And the result - a clean sweep of all three Olympic Trap events to Michael Diamond, proving that he really is a "class act" and, regardless of the conditions and surrounding environment, the top shooter generally comes out on top.

Australasian-Pacific "Grand Prix" Olympic Trap: Overall 1st Michael Diamond (N.S.W.) 116+24=140/150; 2nd Ben Kelley (N.S.W.) 115+24=139/150; 3rd Russell Mark (Vic.) 114+24=137/150

The "Grand Prix" in I.S.U. Skeet also provided for plenty of good competition with the inclusion of a few more shooters and Craig Meuleman, who was looking to keep his record clean. David Cunningham, John Summers, Geoff Jukes of New Zealand and defending Champion Eugene Hernu all had ideas that they had a chance in this one.

Summers started off stamping his intentions on the competition early by posting a clean 25/25 in his first round, followed by Geoff Jukes with 24/25 and Hernu, Len Norman and Cunningham all on 23/25. Craig Meuleman, however, started off with a shocker, carding 17/25 to put him in a position which he would find it very difficult to recover from. Summers also had a hiccup in the second round, but luckily for him so did everyone else. Top scorers in the round were Clive Barton, Len Norman, Kiwis Paul Wilson and Malcolm Duff, and Ken Jones from Sydney.

After the third and final round for day one, the match was still anyone's. John Summers had a one target lead on 67/75 from Len Norman, with Kiwi Geoff Jukes and Eugene Hernu of New Caledonia one target further back on 65. David Cunningham, who had not found form during the competition, was on 64/75, two ahead of 1995 National High Gun Winner Clive Barton and Olympian Meuleman, both with plenty to do.

The last 50 targets of the competition and the scores were not to improve. Summers headed the list for the day 24 and 21, 45/50, while Cunningham's 44/50, Meuleman's 43/50, Hernu's 44/50 and Clive Barton's 42/50 were not enough to bridge the gap between them and Summers.

John Summers' score of 112 over the 125 targets saw him into first place in the final. Cunningham was next, followed by Hernu, Norman, Meuleman and Barton, but Summers' lead was too much and he went on to take the "Grand Prix" Gold Cup and Medal.

All over and time to divide the spoils.

Presentations for the Badge Matches, the Pacific Coast Championships in Olympic Trap and Skeet and the Australasian-Pacific "Grand Prix" were all presented at the Presentation Dinner held at the Brisbane Gun Club on Saturday night. And what a night it was! The Clubhouse was magnificently decorated for the night with the theme certainly on Australian. Native flowers and decorations were the order of the day and were a great hit, not only with the overseas visitors, but also with the locals. Full credit to Cathie Menck who was assisted by Judy Prosser, Beth Newey, Thelma Meadows, Di Tipler, Diane Reeves and more.

The meal was superb. A great array of fresh seafood, cold meats and salads and tropical fruit as good as you would find anywhere - thanks to Brisbane Gun Club President Paul Clarkson.

Certainly a meal that was a hit with the locals and our overseas friends alike and, as always, there were lessons to be learnt - especially the one about the diet of a Kiwi. They don't only eat grass seeds and the like, they also eat prawns by the bucketful!

The evening's trophy table was terrific, having had plenty of thought put into it. More cups and medals would seldom have been seen on a trophy table anywhere. Special badges were struck for our overseas competitors and badge match winners and different medals were awarded for the Championships and "Grand Prix".

As always, a competition of any description cannot operate without the support of sponsors and the assistance of all those people who make things happen.

Special mention must be made of the great support of Winchester, Fuller Firearms, Austral Gun Co. and also to Dan Moffitt, Greg Newey and Lui Nuzzolese for their financial contribution, Dan and Lui for their sponsorship of the High Gun Trophies and Greg for his assistance through his business.

As far as workers go, of course there are many. The Organising Committee of Dan Moffitt, Jim Kelly, Paul Clarkson, Lui Nuzzolese, Peter Stein, Ed Connell, Brian Prosser, Ross and Di Tipler, Rod and Linda McGregor, Col Boyd and Dot Trindall all deserve a big thanks, as do Jury member Peter Strike and the ever efficient Jenny Burt who handled the shoot office so well.

The multitude of helpers including Muriel Porter, David and Mary Evans, Len Norman, Cam McClymont, the Reeves family, Tony Houselander, Alex Smith who handled our media, John Porter, Tom and Thelma Meadows, John Mitchell and so many others all deserve to be part of the team recognised. As always, some will be missed from the list, but that doesn't mean their assistance has not been appreciated.

Sunday, the final few rounds of competition and the presentation of a few more spoils including the High Guns and the team medals in the Australasian-Pacific "Grand Prix" in Olympic Trap and Skeet.

Olympic Trap Teams: 1st Aust. A - Michael Diamond, Russell Mark and Filippo Petriella 329/375; 2nd N.Z. - Brian Wistrand, Brant Woodward and Steve Webb 322/375; 3rd N.S.W. - John Maxwell, Nathan Cassells and Tom Turner 316/375

I.S.U. Skeet Teams: 1st Aust. A - David Cunningham, John Summers and Craig Meuleman 325/375; 2nd N.Z. - Geoff Jukes,

Paul Wislon and Malcolm Duff 305/375; 3rd Qld. - Len Norman, Brian Prosser and Kel Madsen 304/375.

In the I.S.U. Skeet competition, Craig Meuleman took two of the three events to record 267/300 to take the coveted President's Perpetual Trophy by one target from John Summers. Adam Vella repeated his effort from 1995 by again taking the Double Trap High Gun 187/210 from Russell Mark on 185/210 and Steve Haberman on 183/210.

The Olympic Trap competition saw Michael Diamond again prove his ability by taking all three events 50/50, 117/125 and 116/125. A combined total of 283/300 - good shooting when many didn't produce the goods.

The Lui Nuzzolese Vice-President's Trophies were also awarded to winners of the Ladies, Junior and Veteran High Guns. Ladies winner was Diane Reeves, Junior winner was Ben Kelley and Ken Davis from Sydney took the Veteran trophy. A special vote of thanks must go to Lui Nuzzolese who donated a very fine watercolour painting, which was raffled to finance the Vice-President's High Guns.

Seven days of shooting and six months of preparation later, and the "Grand Prix" for 1996 was over, with the promise of the Committee to produce and bigger and better Australasian-Pacific "Grand Prix" in 1997.

See you at the Australasian-Pacific "Grand Prix" - Brisbane Gun Club, March 1997.

Jim Wilson

Members of the Sunshine Coast Clay Target Club and surrounding Clubs were saddened by the death of Jim Wilson on the 5th of February 1996 aged 65.

Jim and his wife Frances made many friends over the years. He was a member of the Sunshine Coast Clay Target Club and, prior to that, was a member of the Gympie Gun Club. One of Jim's proudest moments was when, in 1988, he won several medals at the New Zealand Police Nationals. Heartfelt sympathy is extended to his wife Frances and son Stewart.

Jim will be sadly missed around the traps.

Sunshine Coast Clay Target Club.

Mark Morgan

Members of Cessnock Gun Club regret to advise the passing of one its popular young members.

Mark Morgan was a member of Cessnock Gun Club from the time he was old enough to hold a shotgun. Under the careful guidance of his father Keith (Milo) he competed in many junior tournaments throughout the State.

After joining the senior ranks, Mark was always a keen and competent competitor. Like most young men Mark married and devoted most of his time to his home and family, but was always keen for a shot at his favourite sport when possible. For the last 17 months Mark began the hardest competition of his life against cancer, his strength and courage during this time was remarkable. However, the dreaded illness claimed him at age 29.

Mark will always be remembered at our Club as a sportsman and a gentleman.

Burdekin Gun Club

Novice Shoot

Sunday February 25th dawned fine and clear for the Burdekin Gun Club's 4th Annual Novice Shoot. Sponsored by Valvoline Oil and local agricultural dealer The John Dwyer Group, the day again proved a huge success. Previous years had seen between 65 and 75 competitors take to the tracks, but this year the bush telegraph had worked overtime and the first of 95 shooters began arriving a full hour before the designated starting time.

A mixture of novices, past members and current members made up 19 teams of widely varying ability. A patented handicapping system was used to even out the competition. Unfortunately, the word bribe seemed to occur quite regularly in the handicapper's vocabulary, which caused many of the teams to doubt his impartiality. However, no team has yet won the trophy twice and the handicapper has never been in the winning team, so there must be some method in his madness.

After a hectic session of teams nominating, the office had the first squads ready to go. A five target event began the day to settle the nerves and make sure all of the novices understood the safety requirements of our sport.

This was followed by three ten target events, the last of which was shot Pointscore. These three events comprise the competitive part of the day, with team and individual honours up for grabs.

The team event saw a team calling themselves "A Posse" take out first place with a handicap adjusted score of 247/250. The team members were Cy Kovacich, Ross Homewood, Jason Todeschino, Ivan Kovacich and Ubo Kovacich. It was great to see that three generations of the one family made up part of this team, with grandfather Ubo being a very long serving member of our Club.

Second place went to "The Navvies" team with a score of 245/250. The team members being Don Goodman, Darren Hervey, Gunna Oats, David O'Donnell and Ray Collinson. Third place after a shoot-off went to the "Gumlu Gungy Growers" with a score of 241/250. It was rumoured that the team members, Neil Sheather, Brett Thornton, Lee Murray, Rusty Vincent and Steven Colls had completed a week-long live-in training camp at the Townsville Gun Club just prior to the event. Team trophies continued down to eighth place thanks to the generosity of our sponsors.

The individual trophies saw novices compete in one section and members and past members in another as well as junior and ladies trophies. These events were decided off the gun with no handicap applying. First in the novice section was Mark Dall'Osto with a score of 45/50, which was one more than second-placed Joseph Rossato could manage. A score of 43/50 saw a shoot-off for third and fourth prizes result in a win for Rob Stockdale over Robert Rea. Fifth was shared by Steven Colls and Cy Kovacich with 42/50.

The members/past members section saw Ray Collinson beat Neil Sheather after both had managed 50/50. A score of 49/50 saw third place taken out by Robert Falco who usually only shoots once a year. Fourth was shared by Steve Becke and Bruce McBow.

The Juniors saw first place going to Steven Marino with

a score of 39/50 from Rowan McDowell with 31/50. Third was Miles Sgroi with 27/50.

The Ladies trophy was won by Club member Kellie Arroitta with a good score of 43/50 from novice shooter Helen Becke with a score of 38/50.

After the many trophies were presented, a series of challenges were issued and accepted as groups of shooters returned to the tracks to continue enjoying the novelty of hitting targets. One typical challenge saw novice winner Mark Dall'Osto challenging his father-in-law, a former "AA" Grade shooter to ten targets off 25 metres. The result, experience triumphed over youth.

The setting sun finally silenced the traps and another novice day was over.

The result:

- A lot of tired Club members;
- A pile of empty cartridge cases;
- Several thousand broken targets;
- And a lot of enjoyment had by people who wouldn't normally consider shooting as a sport for them.

Warren's Annual Lower Macquarie Championships

Well, it's been and gone and will not return until next March. One hundred and forty shooters again graced the tracks at Warren.

\$16,000 in total prizes, trips and money attracted shooters from Victoria, South Australia, Queensland and all the way to the East Coast of N.S.W. to the scrub.

After three weeks of hard work getting ready, it really makes it worthwhile to see so many enjoy themselves and accolade the Club an what can only be termed as a fantastic shoot.

George Bunting travelled from Orange to act as shoot marshal. Under George's guidance, the shoot ran excellently with no hiccups. We sincerely extend our thanks George, you deserve a huge pat on the back, very professional. Thank you mate.

Libby also travelled from Orange to help poor old Mick in the office. The expertise of these people makes life easy - many thanks Lib, come back again, the shooters appreciate your input (so does Mick).

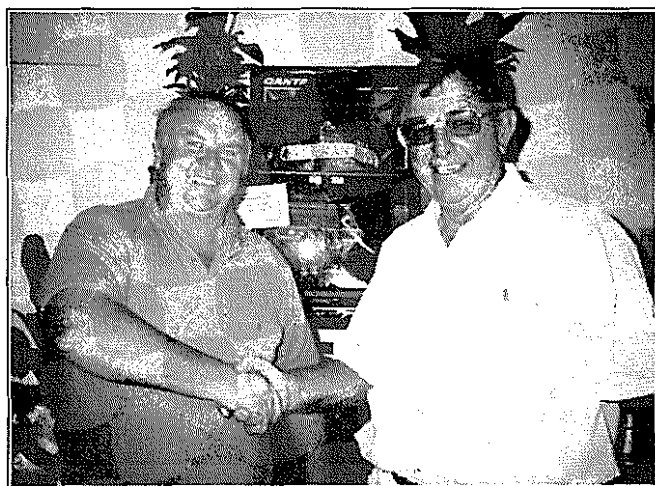

Day one and the opening championship being the Lower Macquarie Pointscore.

Three shooters clean. John Headon from Hay, cleaned up shooting 90/90 to leave Adam Boyd, Warren, and Rob Rose, Illawarra, third.

The Single Barrel trophy followed and you could see the targets were good as the scores were improving. Seven shooters commenced the shoot-off, however, Jim W. Smith came up trumps wining with 35/35 to take home a very handy welder and accessories. Ian Merrick in AA Grade started off a great break at the close of this event.

The Double Barrel Championship followed, shooting for the beautiful Walnut Display Cabinet. Thirty-seven possibles lined up to see who could outlast who. It was just before the candles were needed that Robby Rose let his 191 go, leaving Ian to shoot his and claim the prestigious trophy.

A big night followed up until after 1.00am, and it was a lot of thick heads and red eyes who met Marshall George on Sunday morning.

Warren Club Secretary Mike Shields who was first in A Grade being congratulated by the Club President, Kevin Walton

To some it worked for a while. Double Barrel trophy for a lovely clothes' dryer to start. Twenty-six started, slipped and returned to the bar quickly.

Ian Merrick, following on his great form, cleaned up with 119/119. This with a few targets in the next giving Ian a great 350 plus.

Single Barrel Championship to follow, and so far no one has taken up Mick's offer of a reimbursement of their weekend nominations by winning back-to-back championships.

Five possibles (including the Club Secretary again), started and it was all over in six targets.

That little fellow Tubby Blazley (oh not the bloody lawn mower) streeted the field. Mick managing A Grade, which is not a bad effort with the workload associated with running the shoot.

Pointscore trophy for 10 cases of Winchester shells followed. Five possibles and Kim Nealon from Canberra winning four cases with a fine 102/102. Bob Rose once again a bridesmaid. Local shooter Faffy shot his first 25 targets straight, shooting 73/75 to win C Grade. Good effort Faf, much better than greyhounds.

Well, the last to see who the trip (High Gun) winners would be. The last chance to see back-to-back winners. Not to be, sorry Dexter.

Great scores were recorded with Steve Atkins shooting 29/30 of the 15 pair to win from little Tommy Turner on 28/30, there were 27 shooters recording 25/30 or better.

Steve won a beautiful colour TV and the last championship sash.

It's on again next year. Back to back your championship and we will reimburse you your weekend's nominations. Well, the High Guns and trips to New Zealand, Fiji, P & O Cruise or wherever they wish, to the value of \$1,200 for overall and four Grades:

Overall - Steve Atkins with 296/305;

AA Grade - Peter Fitzalan with 293/305, after a good shoot-off with again the bridesmaid, Bobby Rose;

A Grade - Bryan Manns, Cobar with 291/305, closely followed by Mick (office) on 289/305;

B Grade - Baden Powel Nyngan with 293/305. Now in A Grade, great shooting Baden;

C Grade - Peter Johnston, Brewarrina with 268/305;

Ladies - Karen Kennerson, Sydney with 272/305, who outshot hubby Garry who Cossy found out does not like low targets (they settled their differences later);

Veterans - That nice gentleman Jack Headon, clean sheeted the old field with 287/305;

Juniors - Chad Vernon had an easy weekend. Shot very well with 277/305 which was up with best in his Grade also.

To the ladies on the scoreboard Teresa and Kaye, the bar with Christine and Shane, June Walton (who's birthday followed on Monday, Happy Birthday June), and all the ladies in the kitchen, excellent effort.

The trappers, refs, and scorers, without your effort these shoots don't run smoothly.

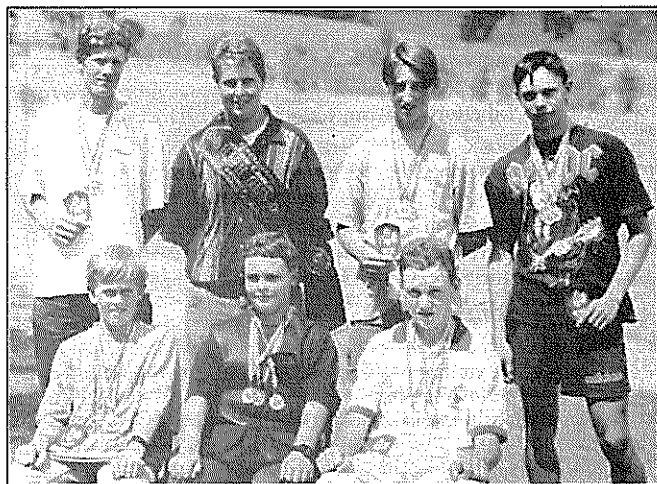

Again to Libby and George, many thanks, and to the workers spending three weekends getting ready, only 3 hours to clean up, great effort friends.

Same place, same time next year. Happy Shooting.

Junior Age Classic Championships

On the 8th July 1995, a meeting was held at the Majura Park Gun Club with the view of promoting Clay Target Shooting amongst juniors in NSW. Arising from that meeting, a committee was established with the intention of conducting a shoot at the club for that purpose. The emergence of the Junior Classic Championships came in response to this call and its inaugural shoot was held on 2nd of March 1996 in Canberra under calm conditions.

Forty-two shooters contested the inaugural Junior Classic Age Championships conducted by the NSW Junior Shooters Promotion & Development Committee at Majura Park Gun Club. Thirty four shooters from NSW, five from ACT and three Victorians competed over three Championship events - the Junior DB, SB and Pointscore. The Classic was conducted in seven age groups, with the Overall High Gun winner from each age group section making up the All Age Junior Classic Team.

All-age classic team, back row: M. Ware, D. Drogemuller, A. Roberts, B. Edwards, front row: A. Peters, J. Lawrence, M. McAllister

Shooters and on-lookers enjoyed the fine and sunny conditions and results were as follows:

Double Barrel: Under 12: 1st M. Scicluna, 2nd J. Lawrence; 12yrs: 1st A. Healey, 2nd A. Miller, 3rd A. Peters; 13yrs: 1st M. McAllister, 2nd B. Pagden, 3rd D. Williams; 14yrs: 1st B. Scott, 2nd S. Brewster, 3rd A. Roberts; 15yrs: 1st B. Edwards, 2nd P. Ringland, 3rd A. Cameron; 16yrs: 1st M. Ware, 2nd T. Cauchi, 3rd S. Schmetzer; 17yrs: 1st G. Andonaros, 2nd S. Pinner, 3rd D. Drogemuller.

Single Barrel: Under 12: 1st M. Scicluna, 2nd J. Lawrence; 12yrs: 1st A. Peters, 2nd A. Healey, 3rd A. Miller; 13yrs: 1st M. McAllister, 2nd B. Pagden, 3rd D. Williams; 14yrs: 1st A. Roberts, 2nd B. Scott, 3rd N. Power; 15yrs: 1st B. Edwards, 2nd S. McDermott, 3rd P. Ringland; 16yrs: 1st B. Coutts, 2nd M. Walshe, 3rd L. Kearns; 17yrs: 1st D. Drogemuller, 2nd A. Webster, 3rd J. Dale.

Point Score: Under 12: 1st M. Scicluna, 2nd J. Lawrence; 12yrs: 1st A. Peters, 2nd A. Healey, 3rd A. Miller; 13yrs: 1st M. McAllister, 2nd B. Pagden, 3rd D. Williams; 14yrs: 1st A. Roberts, 2nd D. Taylor, 3rd B. Scott; 15yrs: 1st J. Lyons, 2nd P. Ringland, 3rd B. Edwards; 16yrs: 1st M. Walshe, 2nd M. Ware, 3rd S. Schmetzer; 17yrs: 1st D. Power, 2nd D. Drogemuller, 3rd D. Colley.

All Age Classic Team: Under 12 Joshua Lawrence; 12yrs Alex Peters; 13yrs Murray McAlister; 14yrs Adam Roberts; 15yrs Brian Edwards; 16yrs Michael Ware; 17yrs Dale Drogemuller.

Championships High Gun: Dale Drogemuller.

All competitors showed enthusiasm for their shooting and wanted to know when and where the next Junior shoot will be held. It is known that additional juniors were prevented from attending the day because of transport problems.

Organising Committee Chairman Paul Lyons congratulated all shooters on their performances and thanked Majura Park Gun Club for the many workers who ensured the event was a success. Donations from Winchester Australia and other organisations and individuals were acknowledged with appreciation. The assistance of the ACTA and NSWCTA was well acknowledged.

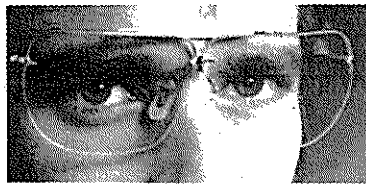

Senior shooters who attended the day were impressed with the scores and conduct of all the contestants, and agreed that the encouragement and support of juniors by all gun clubs was necessary to our goal of increasing club memberships and necessary to the future of our sport. One on-looker observed that, with the increasing restrictions on bush-shooting these days, clubs now have to provide the introduction and the nursery for our future shooters.

NSW Clubs including Narrandera, West Wyalong, Grenfell and Majura Park are currently conducting annual Junior shoots. The NSW Junior Shooters Promotion & Development Committee believes the demand exists for even more Junior events and encourages all clubs to participate and recognise the importance of our 'juniors'. It is also suggested that parents of junior shooters, who may not be shooters themselves, should be welcomed and given the opportunity to assist and carry on the organisation of junior events over the period their son/daughter is a Junior Shooter.

Meanwhile, planning has begun to ensure next years Junior Age Classic Championships will be bigger and better. Good luck to all Junior Shooters.

Maryborough Tid Bits

Best of luck and good shooting to Irvine Wynyard and Neil Berry who are heading off to Kiwiland for the NZ Nationals at Christchurch. Also Craig Smith and Dad off to Tassie Nationals along with Brad & Pedro Petersen, best of luck and good shooting. They all have to behave themselves as their wives are also going but will give Craig and Brad a free leg.

Barbara and Clinton Groves are going around Australia for a trip and will try to fit in a few shots on the way, I still don't know if Clinton is a wheelie shooter or a shooting wheelie. Anyway if they turn up at your club make them welcome, and Clinton be nice to Barbara or you might have to push yourself to the next town. The only good part at least you don't need petrol.

Bundaberg 3/3

John Hile, ex Mundubbera shooter dropped in to say good day but didn't shoot, good to see John again. John lives at Hervey Bay and hope to see him back again.

Visitors for the day Neil, Irvine, Craig, Stafford, Chris, Les, Harry and yours truly. In the 25t DB CD there were so many possibles shot the cash would have been well divided. The main event of the day being 20pr SEZ DD C'ship from 20m. 1st Kaye & Rob Rehbein, 2nd Neil Berry & Irvine Wynyard. The 25t DB Pts AA Rob Rehbein, A Chris, B Keith & C Spencer. The 15pr DR AA Neil, A Chris, B Keith & C Howard. Overall HG Irvine Wynyard, Front Marker HG Howard Sparke. Bundy next shoot May 12th Skeet 9.30am, Trap 1.00pm.

We had enough money to get home as Harry shot the jackpot, good shooting Harry.

Gympie 10/3

The wind was strong enough to blow the fleas off a dog, which was the reason of bad scores, but still a few possibles were shot with Glen Durre and George Foster shooting two each, good shooting in those conditions.

Welcome to new shooter to Gympie Paul Sproxton, hope you enjoy shooting and best of luck. Nice to meet up with Sunshine Coast visitors Barry Power, Ray Wilson, Greg Brown and Bundy's Peter Winzen. Maryborough shooters being Peter, Paul, Harry and myself.

Results of the day being the 50t DB A Vic Tipman; B John Pickford; C Dennis Carew. Wal went into top gear and pulled out the possibles resulting Glen Durre 25t DB A 1st, 25t DB Cont A 1st and OAHG. The old fox George Foster also went for broke and shot 25t DB B 2nd, 25t DB Cont B 1st and B grade HG, with Garry Carew 25t DB C 2nd, 25t DB Cont 1st and C grade HG.

Ray Wilson A 2nd 25t DB, Greg Browne also shooting a possible outshot the fox to take 1st 25t DB and Denis Carew put his son in place to take 1st in C grade 25t DB. Vic Tipman put in a comeback to take 2nd in DB Cont and share A grade HG with Wal.

Vic eats again as he won the meat tray raffle, you were looking a bit thin on it Vic. A big thanks to Melanie Edgerton who helped her mum Sylvia in the kitchen.

Gympie May shoot Sunday 12th 10.30 start.

All the Roma news I could pick up was Wal took A grade in the 50t Night DB and got into the sweeps the next day then went to sleep. Paul Anderson without taking a trick all shoot ended up with A grade HG.

Maryborough Heritage One Day Shoot 24/3

Some shooters will do anything to get to a shoot, such was the case with Wal to make sure he had a leave pass. He arranged a trip to New Zealand for his wife Marge, don't worry Marge we will keep an eye on Wal and hope you have a great time in NZ. It paid off for Wal as he won the OA Metway Bank SB C'ship and 2nd in A grade HG.

With 49 shooters from Chinchilla, Wandoan, Gladstone, Sunshine Coast, Terranora Lakes, Bundaberg, Gympie and Kingaroy who shot for trophies sponsored by Metway Bank Ltd, Paul & Eileen Anderson, Shelly Beach Caravan Park, Tom & Molly Brereton, Commonwealth Bank, Dix Welding Works, Open House, P & K Shaw Mechanical Service, Angus & Shirley Robertson...thanks to all our sponsors.

With two of our juniors heading off to Tassie we had the pleasure of them shooting with us, one being Adam Hogarth and George his dad tells me he only bought him a one way ticket. The other Brad Petersen who can't be trusted as mum and dad are both going, Brad has been selling tickets in a knife raffle (donated by Winchester) to raise money to pay for his dad to go along and keep an eye on him. The raffle was drawn at our shoot and guess what Graham Whitfield of Rocky won the knife and Graham I won't say one thing about your hair. Best of luck to the young fellas in Tassie and thanks to Winchester for donating the knife.

In the first shoot off of the day Paul Anderson and Trevor Petersen shot to one hundred and Paul gave Trevor 1st as it was a warm coat and will suit Trevor in Tassie, good sportsmanship.

Because of too many winners I will only cover the top guns which was Peter Shaw OA DB C'ship, OA DB Pts, AA 15pr DR & OAHG. Rob Rehbein AA 25t DB Pts, OA 15pr DR and AA HG. Andy Wood 25t DB C'ship, 25t DB Pts and A HG. John Woodall 25t DB C'ship, 25t Pts and B HG. Steven Barker C grade 15pr DR and C grade HG. Pedro took OA 25t DB, Paul Anderson AA in 25t DB, SB & DB C'ship.

Without having to shoot Darrel King won the meat tray and Spencer Plath won the raffle.

Thanks to the workers who ran the shoot and as I sit here writing this to catch Monday's post to be in time for publication, I think how lucky we were with the weather as it is now raining.

Thanks to all for coming, sorry I couldn't mention everyone.

Our May shoot 26th 12 noon with 100t 1.2.3. each grade.

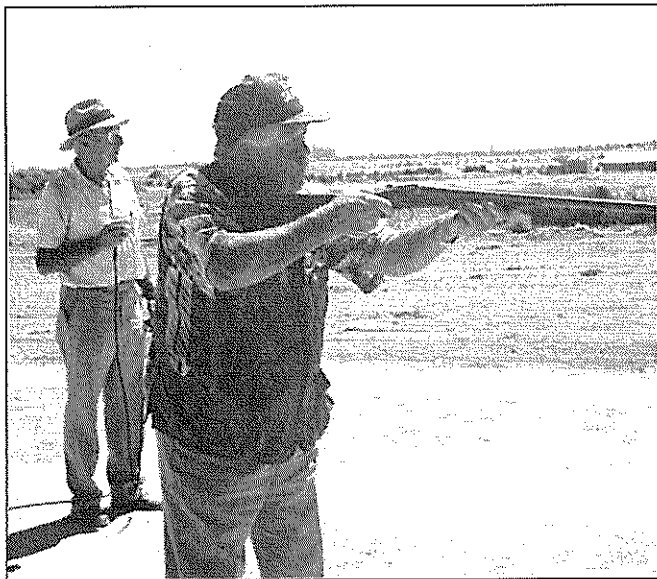

Good shooting to all, 'til next time see you at the shoots.

Bute Gun Club

FIRST SHOOT ON NEW GROUNDS

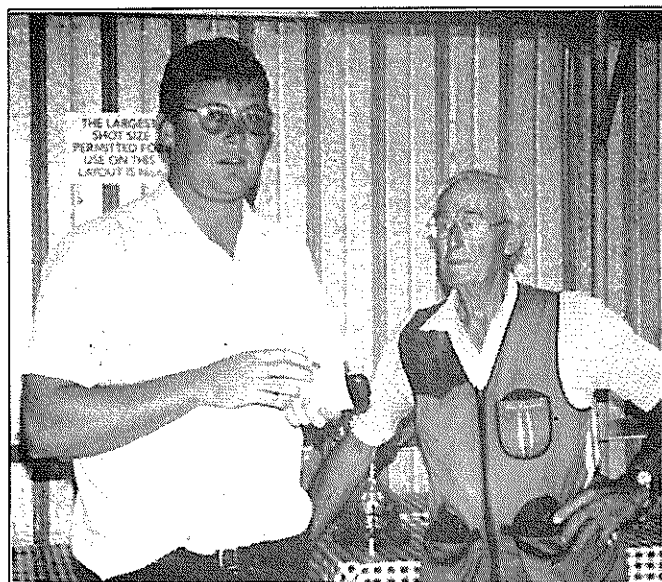

By Bill Moritz

Bob Mules about to fire the first shoot watched by president Eric Commons.

The Bute Gun Club held a very successful shoot on its new grounds, situated midway between Kadina, Wallaroo and Moonta, on Sunday 2nd March. 27 shooters were in attendance, coming from as far away as Tumby Bay and Broken Hill to try their luck.

The official opening and "1st shot" were both conducted by Bob Mules, A.C.T.A. Life Member as well as being a past President of S.A.C.T.A. and the S.A. gun Club. (Yes, he did hit the target with his second barrel!)

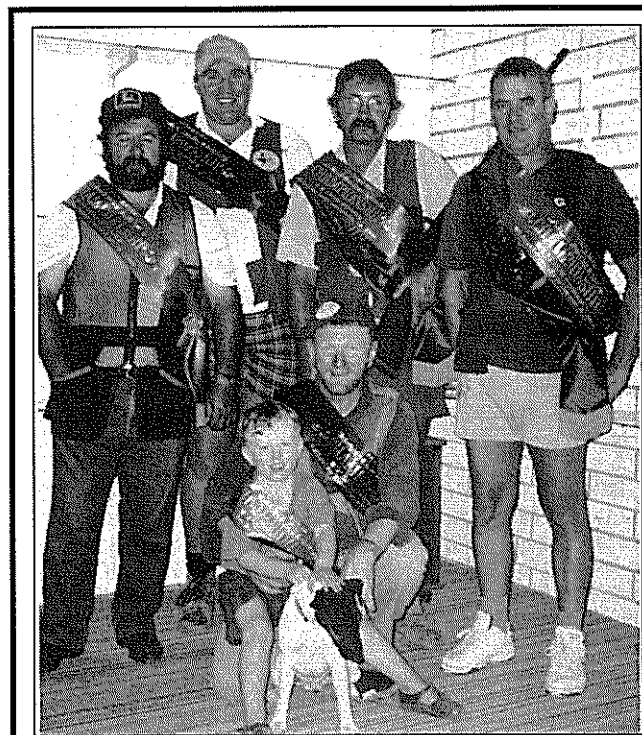

High Gun winner Patrick Hannan accepting his trophy from president Eric Commons.

The Club expresses its particular thanks to members Graham Johns and Wally and Trevor Bowman, who put in many long hours of their own time over the last six months in dismantling, moving and re-erecting the Clubhouse, in addition to laying shooting tracks, building a traphouse and all the other things that contributed to a successful first shoot.

To all others who assisted, your efforts have also been greatly appreciated. To the Dayman family, represented by Paul who is a member, many thanks for making the land available. The day finished with an enjoyable free barbecue.

No, the club is NOT on Warburto Road as some idiot advised shooters in an advert in the Shooting News - it is in fact situated on the next road north!

Results: Event 1 - 50T Mid-North D/B C'ship: OA & A: P. Mules 50/50, 2nd G. Bollen 57/58; B: D. Lee 59/60, 2nd S. Halikiopoulos 58/60; C: R. Hockey 57/58, 2nd D. Bowman 56/58. South West Zone VCTA

On Sunday 10th March 1996 the South West Zone of the V.C.T.A. held it's annual DTL Carnival at the Colac Gun Club, commencing at 10am. The weather was fine and sunny and the attendance was 61 shooters.

The competition consisted of three events, each of 25 targets; DB, Points and SB. The day was fine and sunny, ideal for shooting targets, but the big scores proved to be elusive.

The winners of the events and grades are contained hereunder but complete details may be found in the rear section of the magazine.

Event 1: 25t Double Barrel: OA & A: R. Parker 40/40; AA: Glen Hayden 39/40; B: D. Harris 31/32; C: R. Brain 21/25.

Event 2: 25t Pointscore: OA & A: B. Jennings 75/75; AA: J. McCulloch 101/102; B: P. McDonald 92/93; C: S. McNabb 67/75.

Event 3: 25t Single Barrel: OA & AA: T. Smith 48/48; A: L. McLennan 47/48; B: B. McLennan 24/25; C: S. McNabb 31/32.

South West Zone Inter-club Team Event: Noorat - P. Britten, G. Hayden, G. Hayden, K. Vagg & J. Matthey.

South West Zone Junior Award: 1st L. Muldoon, 2nd L. McLennan, 3rd M. Holt.

A new event was introduced this year whereby the first three juniors from the S.W.Zone were awarded \$150 each to help with their expenses if they attend the Nationals in Tasmania this year. The three winners have indicated that they will attend.

The incoming S.W.Zone President Len Cook thanked the Colac Gun Club and the ladies for their excellent catering; the sponsors, Bay City Clay Targets, Warrnambool Co-op and our anonymous sponsor. Bruce Jennings for transporting spare trap, Andre Agterhuis Shoot Marshall, Peter McDonald Asst Shoot Marshall, Keith Vagg Scoreboard, Trevor Smith and his wife Heather for looking after the office, and all the other people who in anyway helped during the day and have not been mentioned.

The attendance was disappointing and we probably suffered because of the public holiday weekend; the Grand Prix and other fixtures which were held on the holiday weekend. Ten of the twelve active clubs in the zone had shooters attend.

MARCONI CLAY TARGET CLUB

22nd Marconi Winchester 100 & Marconi 500 Teams Event

Sunday 11th February 1996

They came down the mountain from Orange and made their presence felt and, as the sun went down in the west, they made their way home with the two major trophies.

Overall winner Mr Steve Caltabiano

Congratulations and well done to our friends from Orange Gun Club.

78 shooters lined up for this year's event. After 50 targets, there were 8 shooters with 50/50 - S. Caltabiano, P. Farruggia, C. Sherry, P. Abela, J.W. Smith, E. Boulous, G. Rootes and G. Yarak. After 75 targets, Steve Caltabiano and Gary Rootes still going with 7 shooters Joe Caltabiano, Paul Farruggia, Charlie Sherry, Peter Abela, J.W. Smith, J. Osman and Mick Lougas hot on their heels with 74.

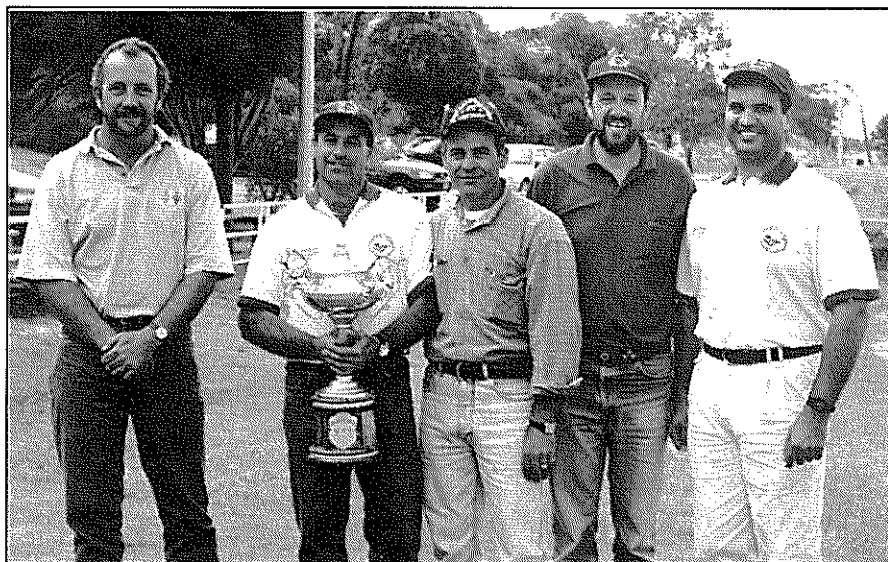

After the last round, Steve Caltabiano was the only competitor with 100/100 to be the 1996 Marconi/Winchester 100 Champion, with Gary Rootes, Joe Caltabiano, Charlie Sherry and Mick Lougas, all on 99, shot off for the minor prizes in AA Grade. J. Osman also shot 99 and won A Grade.

The teams event was an exciting contest, with the Sydney Blue team

going straight to the front with an opening round of 124, followed by Sydney Green with 122 and Orange 120.

At the halfway mark, Sydney Blue was still in front on 246, but the Orange team put their heads down and, on 242, were in second place, passing Sydney Green on 241.

2nd Gary Rootes 160/161, 3rd Joe Caltabiano 159/161; A: J. Osman 99/100, 2nd P. Abela 98/100, 3rd K. Kennerson 105/108; B: J. Sciuto 127/131, 2nd A. Keevers 126/131, 3rd G. Rapisarda 115/120; C: S. Raymond 94/100, 2nd J. Agostino 84/100, 3rd D. Cali 79/100. OA HG: G. Rootes 124/125.

1996 Marconi 500 teams match winning team Orange gun club, left to right: Howard Smith, Joe Caltabiano, Joe Sciuto, J.W. Smith and Steve Caltabiano.

At the 3/4 mark Sydney Blue was still leading on 365, but Orange and Sydney Green on 364 and 365 had fought back and moved 3 targets closer to the leaders.

On the final round down the home straight Orange surged past Sydney Blue and finished in first place with 486/500. Sydney Green also finished strongly in second place with 485/500, with Sydney Blue their don 484/500.

It was an exciting contest and it was the first time in this event that the winning team came from behind, and also the first time the result was so close. Only 2 targets separated the 3 top teams.

Overall results:

OA & AA: Steve Caltabiano 100/100,

Winning team: Orange G.C. 486/500 (S. Caltabiano, J. Caltabiano, J. Sciuto, J.W. Smith, H. Smith)

Runner-up: Sydney CTC Green 485/500 (G. Rootes, A. Delben, L. Kohler, K. Kennerson, G. Kennerson)

Thank you to all our competitors from near and far for supporting this annual event. Thank you to the ladies for their usual first class catering and to our workers behind the scene who kept things moving along, our office staff, trappers, referees and scorers.

Without the willingness of all the above to give their time and efforts, clay target shooting could not survive.

When you are having one of those days

By George Biggs, Former Vic. State Coaching Director

Many times I'm asked the following question by shooters who happen to be having one of those days when they simply cannot put a good score together. In spite of the fact that the previous week they scored very well.

The typical question runs like this — "George, tell me what's the cause of me shooting like a champion one week and the next week I couldn't hit a bull in the backside at 30 feet if he were standing still in a 40 acre paddock?"

Well, to answer this question correctly, we must firstly explain a few details that concern shooting a fast-moving target with a shotgun and, in doing this, we must explain the basic fundamentals that are involved in our sport of shooting trap and skeet, etc.

1. Firstly, let's have a look at our gun - is it the right type for what we need it for - is it a proper gun for our needs, and does it fit us as it should? Remember, a gun that fits you correctly will not bump your cheek or shoulder.

2. Have you been shown the correct way to position your gun on your shoulder, and the right placing of your hands on the stock and forend?

3. Have you learnt correct feet positioning on all stations at both trap and skeet? Try to adopt an easy upright stance with both knees only slightly bent - this position will give you freedom of swing and balance. Always feel free to swing with the target.

4. Learn where to focus your eyes when you are looking for the target as you call. Be relaxed but alert, and keep your face and head on the comb. At this point an ill-fitting gun can cause lots of trouble.

5. Learn to visualise your actual movements of shooting the target before you call for its release. It will only take you a split second to run the thought through your head. Practice doing this and it will become automatic every time you shoot targets.

6. The whole action should go something like this - as you step onto your mark:

- * Be sure your feet are positioned correctly for the particular shot.

- * If it's a skeet shot the body needs to be facing a point on the field that is just 10 to 12 feet past where you want to break the target.

- * Now mount the gun correctly on your shoulder, be sure it is in the correct place in and up to your cheek where it should be. Do not drop your face down to the stock.

- * Now the muzzle should be pointing to a spot, on the line of target travel, about 12-15 feet out from the trap house opening. Keep the gun pointing just below the line of target travel.

- * It's now the moment of truth. Focus your eyes back (halfway back) to the trap opening - and call for the target. As the target leaves the trap, see the front edge of the target, and as the gun muzzle comes from behind, open up a daylight lead, pull the trigger, see the target break and follow through with gun swing.

- * This whole process of visualising the shot is a splendid system to build concentration.

- * Remember, it's a case of mind over matter, and concentration is possibly 90% of our requirements for successful clay target shooting. Concentration is to do mentally what we must do physically.

Station 5 at trap shooting seems to bother lots of right-hand shooters, and this position shouldn't be the case if he has his basics under control. The correct mental approach on this station is vital, a quick mental vision of what is required to be done in order to score. Make sure your stance position is correct (see picture) and gun is correctly in and up on your shoulder. Check to make sure that gun and cheek position is correct. Be careful not to let the stock get away from its position under your cheek as this often is the case and results in a lost bird.

Remember to always keep your cheek snug down on the comb.

Trap shooting station 5

You will then point the gun where the eye is looking.

When all this preparation is put in order, you are then ready for any angle of target travel.

Learn the basics of Clay Target Shooting

- * Regardless of whether you shoot trap or skeet, the basic technique remains the same.

- * Learn the fundamentals involved.

- * Learn how to practice them always:

- (a) Proper gun fit;

- (b) Correct gun mounting;

- (c) Body and gun control;

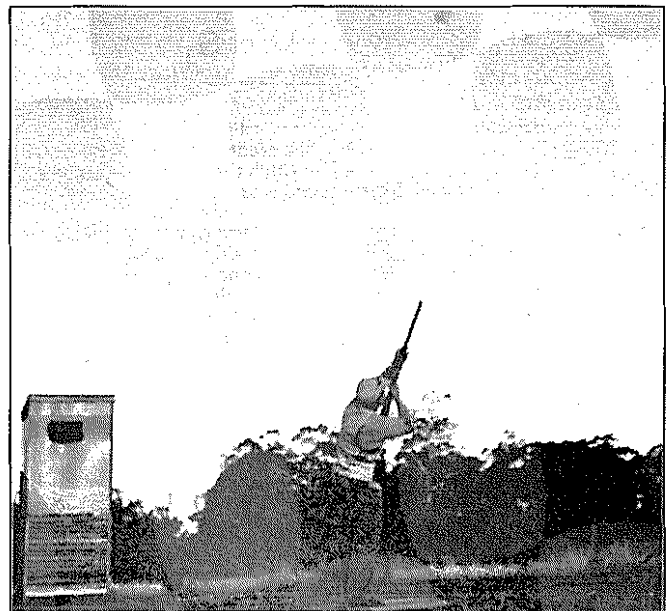

- (d) Good stance position;

- (e) Watch for the target leaving trap;

- (f) Learn to concentrate;

- (g) Select a suitable gun hold position relative to trap house;

- (h) Shoot one target at a time and don't think about what you've just missed.

Skeet shooting station 8 high

Skeet Station 8 high pic shows Station 8 high target being broken over head. Note how the gun has followed through after breaking the target. Due to the low position of the camera the target flight appears much higher than it really is.

Visualising the shot should go like this - as you step on to the station, be sure you have correct foot position (this is vital). Remember that if we start right we have every chance of finishing right. Face a position where you will shoot the target. Now point the gun roughly 12-14 inches to right of trap opening and up about 12 inches. This position will bring the gun muzzle on line with target as it leaves the trap - pause for a second, call and swing with the target, firing when gun muzzle covers the target, you should actually shoot straight at the front edge of the target and follow through. Concentrate and focus on the leading edge of the target. Preparation and timing is actually what trap and skeet shooting is all about.

Skeet shooting low house 6

Visualising the shot on Station 6 low. Take a couple of seconds to quickly run through the action in your mind what you must do to successfully shoot this target.

Gun point should be about 14 feet out from the trap opening. Body is facing a point just right of the centre station where the target will be broken. Now turn back to where your gun point is and focus eyes right into trap opening. This practice will enable you to see the target clearly leaving the trap. Swing with it and as you see a lead of about 6 inches, fire and follow through. Keep your face snug down on the comb. Remember that the target is a rising one, so keep the muzzle up with it, or you will shoot under it as is often the case.

The Sport of Clay Target Shooting

Man has always liked to use guns. He uses them for both hunting and recreational shooting such as the gentlemanly sport of Clay Target Shooting. This short story will explain to the reader why countless wives, sweethearts, girlfriends, lovers etc. watch their men go forth at least once a week to his Gun Club and spend countless dollars shooting at little bits of clay being thrown into the air by some strange machine hidden in a brick or steel box. How can anyone but a simpleton derive any pleasure from doing such a silly thing (not to mention the wasted dollars). Nevertheless, men and women venture forth to take their place on their appointed lane, call pull, and then send two barrels of lead pellets (possibly some 400 odd) smashing into the air with the hope that some of these pellets will meet at the same place the target is so that the target will be smashed, or at the very least a recognisable piece broken off. If this happens, the happy shooter will hear the word ONE called by some unlucky mug who has been suckered into being the referee for the squad. In a lot of cases however, the call will be LOST and a dejected shooter swears (under his breath of course) as he ponders what went wrong. Usually he blames anyone but himself for sending a few more dollars down range without success.

Is this all that happens at these Gun Clubs countless wives ask themselves? The above would take about twenty minutes to shoot a round of 25 targets. How do they fill in the remainder of the day?

Let me explain so all will be revealed so you can enjoy your man's chosen sport.

It's Sunday morning and fingers are itching for a shot. The blue book

comes out and the well worn pages inform the "Shooter" that his Club has a competition commencing at 10.00am. Being well stacked with brownie points, the ammo, gun, glasses, muffs, cleaning rods, oil cans, rags, snap caps, hat, sunscreen, wet weather gear, gumboots, towel, shooting jacket and other important necessities get thrown into the car and our "Shooter" is off to seek fame and fortune.

He arrives at the Club for the 10.00am start, bounds from his car and proceeds to the office to pay his nominations. On the way over he runs into a few mates from other Clubs and they discuss the weather, the program, shells, who else is coming and eventually get to the office to pay up. It's now about 11.00am. He stands in line with other shooters, meets a few more mates and finally pays his dough at approximately 11.20am. He is very relieved when the handicapper doesn't put him up a Grade so he returns to his car to put the all important gun together. A few more mates come over to see if he still has the same gun an indepth conversation commences about which brand of gun is the best.

Noon comes around and the shoot marshal calls for squad one. Because we have been talking to the mates, our "Shooter" gets into squad eight so he has another hour to fill in before it's his turn to prove that his gun is the best. He walks over to the canteen meeting a few mates on the way and orders a steak sandwich and a coke. He consumes this at his leisure whilst listening to his mates talk about how they have been shooting, and finally it's his turn to shoot. Back to the car, this time avoiding mates as he has to get down to trap one in a hurry or he will be penalised a target for being late. In his haste he forgets to take his glasses but decides that he really doesn't need them.

He did need them and his score of 19-25 really puts him in a foul mood. The referee was a jerk giving slow pulls, fast pulls and the guy next to him was moving all the time. The wind was moving the targets around only when he shot and his eyes were watering.

On the way back to the car he avoids his mates in case they ask what was his score, puts the gun in the car and waits for the next round. He thinks he will try some bigger shells to give him an advantage over his mates, and this time he will take his glasses.

It's now about 3.00pm and he goes out for his next event. Again the ref was a dope who didn't know the rules and the guy on number one lane should not have been in this squad as he was a new shooter and was upsetting his rhythm by being too slow at calling for his target. The wind was still blowing a little and the fly that landed on his barrel just as called pull certainly cost him a target. Score this time 23-25. Much happier.

Talks to the mates on the way back to the car and discusses why they didn't shoot as well as he did. Offers advice and suggests they should use his shells, his glasses and gives a little coaching on the side. We are feeling pretty good at this stage of the day and, with one event to go (the dreaded pointscore), the shooter decides to go and have a chat to some of his mates - the ones he has not caught up with as yet.

"Squad 8, trap 4" the shoot marshal calls and the muscles tense in the shooter's stomach as he takes his lane for this make or break event. "Pull" he calls and is rewarded by a perfect straight-away target, a target that even the novice shooter could smoke. Bang, bang, LOST. Down three points with the first target. What did I do wrong? he asks himself. Everything felt right, My feet were right, the gun was in the right position, I'm sure I didn't lift my head. What the bloody hell did I do? "Pull". Bang, bang, LOST. Damn he cries to himself. Another three points down. Bloody hell, I hate this sport. Scratchy seconds, a few more LOST calls and finally the event is over and so are the shooter's chance of glory today. Fifteen points down in just the pointscore. Goodnight dick.

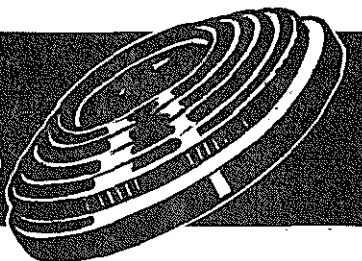

It's 4.30pm and the day's shooting is over except for the shoot-offs. The shooter decides that he won't be in one so why not clean the gun. Bugger the bloody gun. It shot badly all day so why should he clean it. Besides, the mates want to have a chat and a beer. All the gear gets thrown into the boot and it's up to the Clubhouse for a drink and the presentations to the winners. Who wants to listen to winners raving about how good they shot. They were lucky and I know I'm a better shot any day than those mugs. Another beer please.

The shoot-offs finish about 5.30pm and the presentations begin. "I would like to thank The Club and the" yak, yak, yak continues for another 30 minutes so it is now 6.00pm and time to head for home. One last discussion with the mates about the day's events, the targets, the light, the wind, the other shooters, the referee, the trappers, the traps themselves, the shells used and the guns occupy another 30 minutes, but finally the time has come to return to the wife, girlfriend, lover, etc. etc.

The shooter arrives home at approximately 7.30pm to be greeted at the door with a loud "where the bloody hell have you been". "I hope you had a good day because I've been washing, ironing, cleaning the house, washing the dog and the other car." A smile comes to the lips of the shooter as he meekly says "Dear, I had a wonderful day".

Thoughts and Suggestions that may be of Assistance following previous Promotion Days in N.S.W.

1. Attendance will be an unknown factor. Some indication is gained from phone enquiries, however, others will just turn up on the day.
2. Individual Club members really need to become involved. When up to 100 eager people ranging from 10 to 70 turn up, you really do need all hands on deck. Clubs in N.S.W. have had up to 120 participants
3. All handout material needs to be given at the end of the day with the participation certificates. As mentioned previously, have everything in bags, otherwise it will be put down and left behind.
4. Involve all the media outlets in your area. The in-person approach may be necessary. Yes, it takes time but it will be worth it in the long run.
5. On the day keep it simple and, remember, all guns do not cost \$15,000. Keep it in perspective.
6. It is very off-putting for visitors to stand back and watch a squad of the Club's top shooters breaking every target, and then go out and try to do the same after being told how easy it is!!
7. Follow up after the day - say, a month later. A standard letter to everyone who attended, keeping in touch, encouragement, etc.
8. When your new participants come along to a Club day, remember - plenty of encouragement, assistance, advice - preferable from just one person. If possible, assign one Club member per new shooter for a few months.

Australian Clay Target Association

Introduction to Clay Target Shooting

PROMOTIONAL DAY

Sunday 30th June 1996

Participation by every Club in Australia

Introduction

Sunday 30th June 1996
10.00am

For the first time, every Club in Australia will be taking part in the introduction/ promotional day that is now in its third year in N.S.W.

This guideline booklet is supplied to assist every Club to conduct the day in the same manner and to provide assistance in the actual arrangements of the day.

The A.C.T.A. will be providing information brochures, handout leaflets, booklets, advertising posters and participation cards.

The success of the exercise will depend on the amount of effort put in by each club and the amount of support given by each Club's members.

Further on throughout the booklet, separate sections will give more detailed information which may be seen as "old hat" to some Clubs who have run successful promotion days in the past. However, there are Clubs who will be undertaking this project for the first time, and every little bit usually helps in the end.

Prior Planning by the Individual Clubs

This exercise is working successfully in N.S.W. and is gaining in participation numbers attending each year. Although it may seem overwhelming for some Clubs first up, if all your members become involved, it becomes quite easy to handle.

It is very important that every member of each Club fully understands the plans for the day, how the day will be conducted, what it will cost, and so on.

Once the advertising posters are put up around the towns and editorial material appears in the local press, everyone will need to be able to answer enquiries directed to them by anyone who sees the advertising and wants more information.

The success of the day will depend on how well your Club promotes itself and what you have to offer. The more your Club puts into the day, the more possibility you will have of getting members later down the track.

It is understandable that Clubs in remote areas will have difficulty in gaining extra media coverage, so those Clubs will have to rely on the posters and "word of mouth" from their own members.

CONTACT PERSON

Each Club should have a contact person - this may not necessarily be the Secretary. Anyone who is easily accessible by phone and who has a bit of "promotional" ability. This person's phone number will appear on the posters and should be included in the media releases.

The contact person will be the one who speaks to the media, looks after enquiries, and so on.

HELPERS

A few members will need to get together to help fill in the details pertaining to your Club on one of the brochures - a bit of hand-writing. The kits will then need to be "bagged up" - few helpers will see this job done quickly.

The Program for the Day

Starting Time: 10.00am

Start with a cuppa and a friendly welcome.

Have each Club member wear a name tag of some sort.

A name tag for each visitor is also advisable.

With everyone welcome, ensure that the visitors' book has been signed with complete details.

Commence with a welcome from the President:

1. Short history of the Club
2. What the day is about
3. The day's program

Club Coach's explanation of clay target shooting:

1. Explanation of D.T.L. shooting and guns used
2. Explanation of Skeet shooting and guns used
3. Explanation of I.S.U. shooting

Club Coach's safety instruction:

1. Firearm safety
2. Shooting etiquette
3. Suitable clothing
4. Ear protection and glasses
5. Basic fundamentals of shooting

***To avoid boredom, keep this as brief as possible.
Try to keep it down to 20 minutes all up.***

SHOOTING PROGRAM

As provided by National Director of Coaching
Murray Alexander.

Remember - safety is the most important issue.

All shooting is to be single barrel.

DOWN THE LINE

1. Traps to be set on straight away
2. Minimum distance - maximum legal height
3. 1 coach or experienced member per visitor
4. Ammunition to be controlled by members - hand visitor the cartridge when it is their turn to shoot
5. Ammunition to be the lightest load available - Winchester 1200 or equivalent
6. 5 shots per visit - maximum 4 visits.

SKEET

1. Station 7 - Low House
 2. Set on minimum distance - standard height.
- Shooting fundamentals explanation continued as the group and individuals on the tracks as shooting progresses.

Keep advice and instructions simple.

Reinforce safety.

Additional members to move around non-shooting visitors to ensure they feel welcome.
Encourage at all times.

Depending on the numbers in attendance, more time may be available for visitors to participate in more than 20 targets later in the afternoon.

CONCLUSION

The Club President presents "Participation Certificates" and kits to all participants.

Thanks visitors for viewing and participating in our sport.

Any questions may be taken over a provided tea to round off an enjoyable day.

COST

20 targets and 20 shells (where possible) should be a maximum of \$11, or you may like to say \$20 for the day, which will include lunch and morning and afternoon teas.

If Clubs are able to gain sponsorship or are in a position to provide this day at no charge or a reduced cost, that is their decision and they should be congratulated for being in that position.

Handout Kits

Introduction to Clay Target Shooting booklet from A.C.T.A.
Clay Target Shooting - general information leaflet, which has space on the back to list Club President, Secretary and Coach - names and phone numbers.

Safety and Etiquette leaflet

Attendance and Participation Card

Each Club to include their own annual program and details of shoot day fees (targets only and competition), ammunition costs, etc.

Membership Form and Fees

Police Firearm Safety Code booklets relevant to each State.

Follow-Up after the Day

Having had every person who attended sign the visitors' book and provide their address, the Club now has all that is necessary to make contact with a Club newsletter or just an invitation to come out again.

Provide everyone who attends the day with a copy of your Club's shooting program and details of a contact person so they may make contact themselves, if they wish.

When they do come back to a shoot - if it is a competition day, allow them to shoot for targets only for a while. This will assist in keeping the costs down.

Encourage attendance on practice days if your Club has them. Make them aware that the Club has a coach who is only too happy to assist them.

Most of all, make them feel welcome and encourage them to come back again.

Once they have been a few times, take the opportunity to discuss the A.C.T.A. Interim Membership - \$10.00 for three (3) months - with them.

Explain what is obtained with the A.C.T.A. membership and that should they join as an interim member, their \$10 is deducted from the full A.C.T.A. membership.

With the Promotion Day being 30th June, it will be the second half of the year when they are looking to join, so the reduced fees will be attractive.

RANDOLPH RANGER

SHOOTING GLASSES

LENS CHOICES

Orange(#45) Dull cloudy days. Blocks blue light and enhances the orange of the target.

Sunset Orange(#49) Bright, hazy conditions. Slightly darker than orange to absorb scattered or stray blue light.

Ranger Bronze(#50) Very bright, hazy sunlight. Stray blue light absorbing qualities which enhance target outline.

Light Purple(#47) Combines grey and vermilion. It dampens the green and enhances the orange target against tall trees.

Pale Yellow(#48) The light colour tint allows this lens to be used indoors, outdoors, flat light, or at night.

Vermilion(#46) Highlights conditions where there is poor background such as trees. Enhances the target against the background.

Yellow(#43) For hazy, foggy days or late afternoon. This will block out much of the blue light.

Brown(#44) A blue blocking lens for bright open background and bright glare days.

Clear(#42) For shooting indoors when no contrast between target and background is desired. Also, excellent for safety lens while hand loading.

Grey(#41) Transmits all colours at the same level. For use on bright days. Does not enhance target, just brings light down. Use in direct sun conditions.
