## Athenia® Orion® Shotguns

Available in 3 stock styles:  
(L to R), "Field", "Classic Field"  
and "English Field"

From the elegant look of our Athena® series to the proven performance of the Orion®, you'll see why we confidently proclaim that no one offers you better value for your money - better wood, better balance and custom-fit internal parts - to deliver better performance in the field.

■ **Modified Greener cross bolt action** - one of the strongest and most reliable made. The cross bolt lockup actually "shoots in" with use to retain its rigidity and tight fit. Shallower in depth and thinner in profile, our 12 gauge receivers are proportionate to most other 20 gauge guns, generating that sought-after "between the hands" balance for quicker pointing and target acquisition.

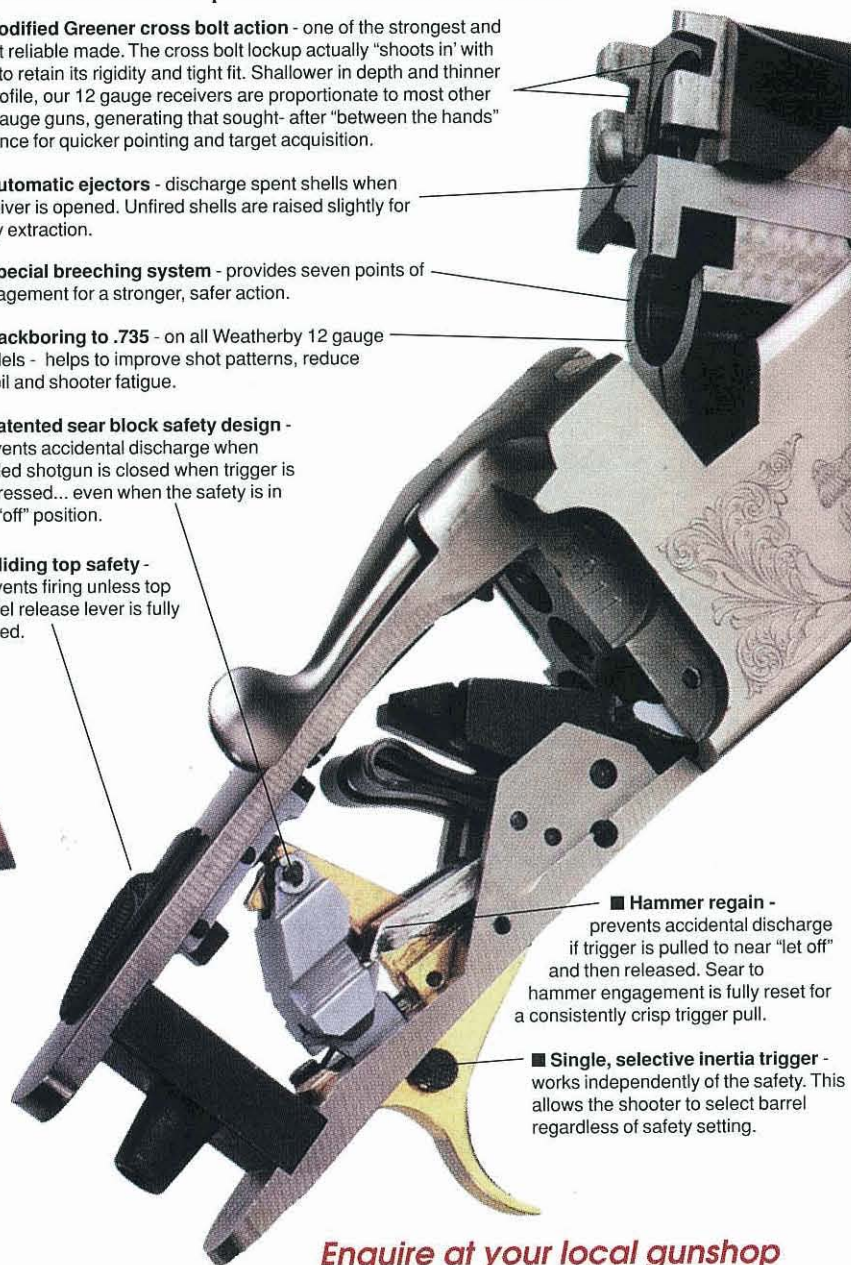

■ **Automatic ejectors** - discharge spent shells when receiver is opened. Unfired shells are raised slightly for easy extraction.

■ **Special breeching system** - provides seven points of engagement for a stronger, safer action.

■ **Backboring to .735** - on all Weatherby 12 gauge models - helps to improve shot patterns, reduce recoil and shooter fatigue.

■ **Patented sear block safety design** - prevents accidental discharge when loaded shotgun is closed when trigger is depressed... even when the safety is in the "off" position.

■ **Sliding top safety** - prevents firing unless top barrel release lever is fully closed.

■ **Hammer regain** - prevents accidental discharge if trigger is pulled to near "let off" and then released. Sear to hammer engagement is fully reset for a consistently crisp trigger pull.

■ **Single, selective inertia trigger** - works independently of the safety. This allows the shooter to select barrel regardless of safety setting.

## National President's Notes

*Glenn G. Woodhatch*

### ATA TRAP

In my June notes I mentioned that there had been a change to rules for the conduct of 'The Grand American' and that we would clarify the position.

We have received word from the ATA that they will authorise the ACTA to conduct qualifying events on their behalf. What this means is the ACTA can authorise clubs to shoot events under the rules and conditions of the ATA.

This thereby enables anyone intending travelling to the 'Grand' in the future to compete and not shoot targets only as is now the case.

To qualify, shooters will have to shoot 1000 targets under ATA conditions in a twelve month period. It is envisaged that clubs who will conduct these qualifying matches will most probably shoot 200 targets in a day. The event must be shot by at least five shooters on the day.

Clubs wishing to conduct these events are asked to contact the office for full details re the running of these events and ATA membership.

### GRAND AMERICAN TOUR 1999

It is still my intention to organise a tour to the 100th Grand American and will shortly include a form in the CTSN for anyone wishing information on the trip. The above paragraph will be of benefit to people wishing to attend.

#### Rule Books

Members are reminded that the new Rule Books are available from your Club secretary. Any secretary wishing further stock should contact the National Office.

#### Promotional Items

We now have a number of new items available within our promotional lines.

These items are advertised on the cover sheet/order form with the exception of a new ACTA cap in a natural tone with green peak and clay targets embroidered on the sides - cost \$18 plus \$2 p/h.

*Glenn G. Woodhatch*

## Notice to Clubs

**ALL CLUBS** must advise the A.C.T.A. Office as well as their respective State and Zone Secretaries of any changes to office bearers, e.g. Secretary's name, postal address of the said club and phone contacts.

## 1998 Australasian-Pacific "Grand Prix"

**360 Targets Double Trap - 325 Targets Olympic Trap - 325 Targets ISU Skeet.**

After three years during which the Australasian-Pacific "Grand Prix" competition has established itself as one of the most important olympic discipline clay target shooting competitions in the region, the organising committee have decided on a change of date and format for the "Grand Prix" in 1998.

In order to keep up with the recent good news that women's trap and skeet events will be conducted at the 2000 Olympic Games in Sydney and in an effort to provide top quality competition for our international shooters early in the year prior to the commencement of the World Cup competitions, the 1998 Australasian-Pacific "Grand Prix" competition will be held from

Saturday 14th February through to Saturday 21st February, 1998.

For the increasing number of double trap enthusiasts, the new format "Grand Prix" competition will see an extra double trap championship included in the program, increasing the number of double trap targets over the three days of the double trap competition to 360. Separate competitions will be conducted for men and women with new and upgraded perpetual trophies and prizes planned.

The good news for women, is that the 1998 Australasian-Pacific "Grand Prix" competition will also cater for the new format women's events, with a total of five separate women's events programmed in 1998 in both the olympic trap and skeet disciplines. This alone will offer a terrific opportunity for our women shooters to gain some good competition amongst themselves in preparation for the long lead up to the Sydney Olympic Games, especially since Brisbane has now established itself as a recognised World Cup venue.

The preliminary program for the 1998 "Grand Prix" competition is:

Saturday 14th Feb - 60 Tgt Double Trap Badge Match - men and women.

Sunday 15th Feb - 150 Tgt Double Trap Championship - men; 120 Tgt Double Trap Championship - women.

Monday 16th Feb - 150 Tgt Double Trap Championship - men; 120 Tgt Double Trap Championship - women.

Tuesday 17th Feb - 75 Tgt Badge Match Olympic Trap - men and women; 75 Tgt Badge Match ISU Skeet - men and women.

Wed 18th/Thurs 19th Feb - 125 Tgt Olympic Trap Championship - men; 125 Tgt ISU Skeet Championship - men; 75 Tgt Olympic Trap Championship - women; 50 Tgt Olympic Trap Badge Match - women; 75 Tgt ISU Skeet Championship - women; 50 Tgt Olympic Trap Badge Match - women.

Fri 20th/Sat 21st Feb - 125 Tgt Olympic Trap Championship - men; 125 Tgt ISU Skeet Championship - men; 75 Tgt Olympic Trap Championship - women; 50 Tgt Olympic Trap Trophy event - women; 75 Tgt ISU Skeet Championship - women; 50 Tgt ISU Skeet Trophy event - women.

In addition to the new format and timing for the 1998 "Grand Prix", increased sponsorship is currently being negotiated to cater for the anticipated upgrading of trophies and prizes for the new events. As usual, pre-nomination for the 1998 competition will be required with entry forms being available shortly or at the OD Nationals. Further details of the competition can be obtained from Organising Committee Chairman, David Menck, phone/fax 07 54468353, or Secretary Dot Trindall, phone/fax 07 32731350.

# Hamilton Island Inaugural Shoot

From 12th to 16th July the newly formed Hamilton Island Clay Target Club held their inaugural shoot aptly named "The Barrier Reef Classic".

17 different clubs throughout Australia were represented, as far as Geraldton WA, Wilson Promontory, and Cairns also Olympic Gold Medallist Russell Mark as guest shooter.

Left Brian Kelly with Overall High Gun winner Russell Mark and Don Gull

Ladies High Gun winner Sharon Becker

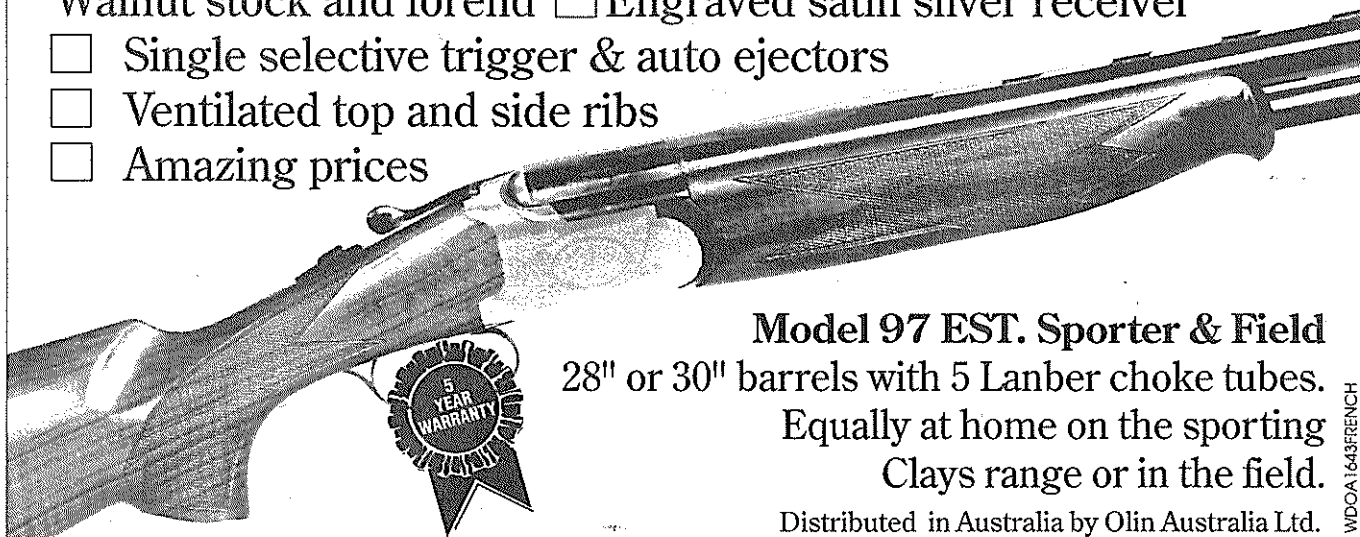

The Island administrators, local business houses and Ansett Australia threw their business acumen behind the club to ensure its success. The behind the scenes activities of Sharon and Brett Becker from

Blackwater (Qld) with lots of telephone advice from experienced administrator Jenny Burt put the final icing on the cake.

To say it was successful is the understatement of the year. Special deals including airfares, accommodation plus free meals and accommodation for the under 14s started the success story from the first advertisement.

One of the biggest bonuses for our sport was the hundreds of visiting holiday makers and local islanders that attended daily as spectators. When you come to Hamilton Island forget your diet as it is easy to gorge yourself on huge ribs, giant steaks, unlimited quantities of crabs, bugs, reef fish, oysters, mussels & prawns. Assorted chocolate cakes, pavlovas and an abundance of tropical fruits compliment the rest.

The clay target range is a part of a

complex which includes small bore, pistol (from .22 to 44 mag), also a paint ball skirmish area as well. A golf driving range over water and a GoKart track adjoin. All this nestles beside the Airport only 2km from the Island CBD of shops, restaurants, hotels and marina. Free courtesy buses shuttle you back and forth but here is unlimited golf buggy hire for sightseeing etc if you choose.

The events ran like clockwork and much to the delight of all the shooters it is now proposed to hold the 'Classic' annually, also it will be even bigger, brighter and better than ever. Amazing what can be done by private and local enterprise with a bit of foresight, in fact they are already contemplating a Trench layout. The trophies were fabulous and valued at about \$15,000. The club gave so much value for money it was almost an embarrassment.

Local Gun Club members Brian Kelly and Don Gull have certainly "got it right". Having attended clubs all over Australia, USA, Mexico, Europe, New Zealand and the South Pacific in my prior capacity as National Sales Manager for Winchester I most certainly recommend that shooters put the second Saturday in July on next years shoot calendar. The club boasts three new automatic hopper fed traps, the background is perfect as is the weather, usually a warm 22 degrees or better but the fickle wind can certainly test your ability.

I am sure I speak on behalf of the shooters, their wives and families in thanking all the people on Hamilton Island for their courtesy, kindness and overwhelming generosity and like McArthur, we also will return.

**Brian Mark.**

## TRAP JACKETS

- Tailor Made
- Wide range of Colours & Trims available
- Club orders welcome
- Embroidery a speciality
- Mesh Back jackets now available

## Callawadda Stawell Gun Club

At a recent shoot the Callawadda-Stawell Gun Club gave Life Memberships to Brian Joy and Nev Hemley for the many years hard work for the club.

**Pictured left to right: Brian Joy, John Welsh, Nev Hemley.**

# GOING FOR GOLD WITH BERETTA.

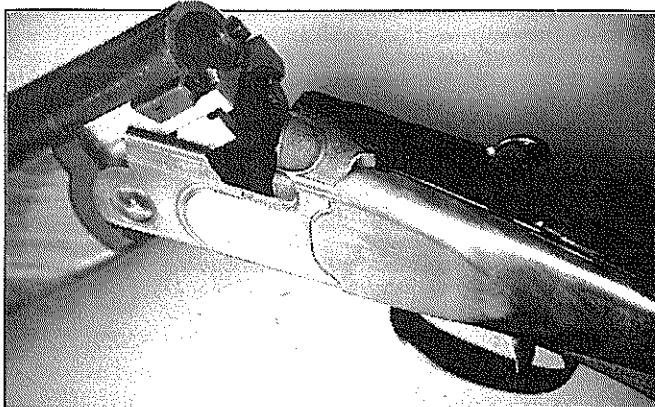

Over the years Beretta have become the most dedicated gunmaker in the world, committed to making fine guns for every application. Their acceptance and quality are second to none although price wise the Beretta guns are expensive - often the concession for a wide range of production and excellent quality! Beretta's 682 Gold Sporting sent for review was everything I expected, when it arrived. From its hard cover case and multitude of options and completely furnished with all required tools, at around \$3,400 it was certainly well presented - ready to shoot straight from its case!

Recently I have placed a greater emphasis on the performance of guns reviewed and from this perspective the 682 Gold performed beyond expectations - at the SSAA Keysborough range I shot a possible score at the "Birdbrain" with my first shots. This certainly gave me a very positive feeling about the gun, especially since I am usually more comfortable shooting a semi-automatic.

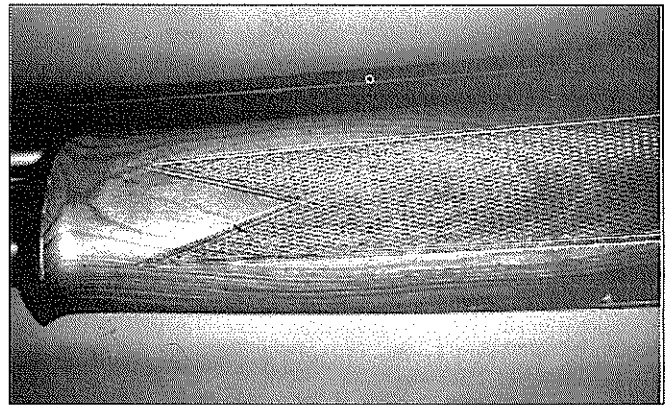

*The Beretta Gold Sporting comes complete with all accessories, including gun socks, and its own combination locked hard case.*

At a glance the gun looked great. The standard Beretta dark blue hard case supplied with the gun housed all accessories whilst the fawn gunsocks, for the separate stock and barrel set, provided a finishing touch. The Bruniton application to the barrels is by now a familiar feature of Beretta under and over shotguns. For those unfamiliar, this is a teflon-like coating applied to the barrels which has a high resilience to rusting. In fact the barrel need not be oiled in the manner "blued" barrels would need to be maintained. If the bruniton is scratched, a repair kit can be utilised to reinstate the bruniton whereas with a blued set of barrels the gun would need to be re-blued. Quite an expensive exercise. Beretta have introduced a new finish for the receiver of the 682 Gold - "Greystone". This is a grey/black finish

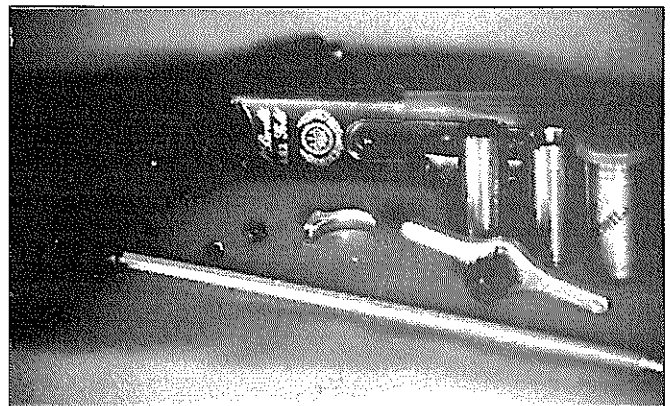

*A tang mounted safety/barrel selector catch, split selective ejectors and a stylish design are typical of Beretta design.*

*Checkering on the stock and forend was well executed. The Gold "sporter" has a schnabel forend design.*

that compliments the bruniton well. I have no information on its maintenance but feel this surface would need to be wiped clean with a lightly oiled patch to maintain its pristine condition. Gold inlaid scroll lettering is featured on both sides and beneath the receiver and compliments the gold plated trigger. Beretta have kept their embellishment of the receiver to a minimum, just enough to give the 682 Gold an air of elegance. The woodwork was perfectly matched with near faultless checkering - a hallmark of Beretta quality.

With an overall length of 47 1/4", (1200mm), and weighing 7lb 8 oz, (around 3.5 kg.), the barrels measured 29 1/2" and weighed in at 1.490 kg. Fitted with a 5mm, trap-style, parallel rib and a selection of three different front sights the Mobil, interchangeable, internal choke tube system was installed to

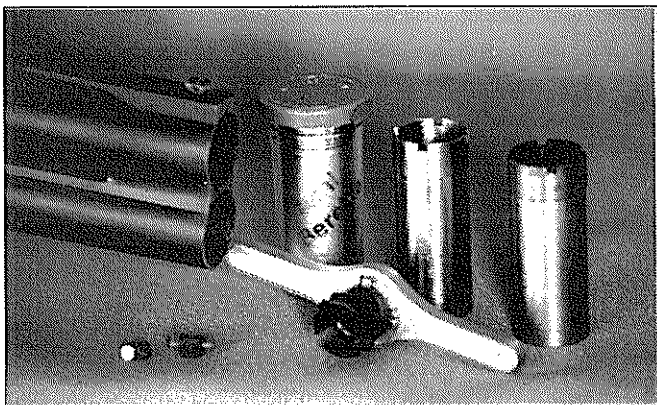

*A stock removal spanner, choke tubes, interchangeable trigger foot and a selection of fore sights are all provided with the Beretta 682 Gold Sporting.*

provide greater versatility for shooters. The provision of three different front sights was quite a pleasant addition for shooters have the choice of a large or medium red fluoro sight or a medium white bead. These are easily installed by hand but care needs to be taken to align the thread. The addition of some Loctite 2000 will ensure a semi-permanent installation of a sight for this particular application has a "breakable" bond. Chambered for both 2 3/4" and 3" cartridges and proofed to 1200 Bar the forcing cones are as long as Italian proof laws allow, a recognised benefit for reduced perceived recoil.

Both barrels measured 0.722" which is quite tight for a 12 gauge gun, particularly since the trend with Japanese manufacturers is to overbore barrels. Beretta have obviously configured their barrels to what they consider to be optimal - the performance of their competition guns is certainly exemplary, so

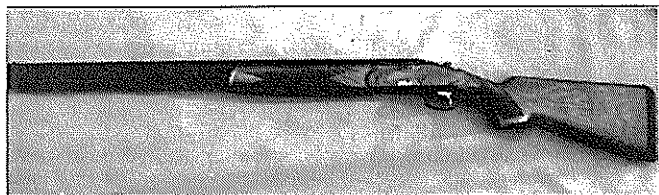

*The five Beretta mobil choke tubes enable shooters to select the precise chokes for the task at hand. They are also steel shot compatible.*

they must be doing everything right! The mobil interchangeable choke tube system has also been with the 682 Berettas for many years. The bonus of these chokes is not only their greater versatility but their compatibility with steel shot loads. The five choke tubes supplied are labelled from cylinder through to full choke and, as shooters seem to favour an all-round gun, the compatibility of the 682 Gold with steel shot is certainly a bonus for waterfowl hunters.

The receiver with its "greystone" finish has been tastefully presented. Gone seem the days of over embellished, gaudy receivers. Beretta have adopted clean, stylish lines with a minimum of decoration for their competition guns. The replaceable shoulder and hinge pins are another long-standing feature of the 682 series. These facilitate re-jointing with the minimal amount of effort should it ever be required. The dual conical locking lugs wear-in as time passes. These are also available in over-size should their replacement ever be required. A non-reflective finish on the rearward section of the receiver provides an uninterrupted view over the barrels. A similar finish to the top lever also imparts a non-slip grip for positive operation. Upon closing the barrels to the action the 682 Gold locked-up smoothly and firmly, as would be expected of a new gun of Beretta's quality. A generously sized trigger guard and two off-

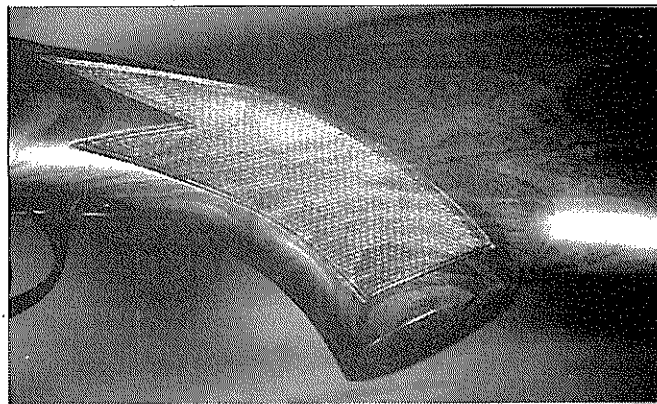

*Overall, with its Brunton finished barrels and silverstone receiver, the Beretta 682 Gold Sporting is a stylish gun any shooter would be proud to own.*

set triggers, (one for a left handed shooter and the other for a right), were included as accessories. The trigger foot is removable and has three pre-set positions. Beretta have also generously provided a precision screw driver for this purpose. The safety and integral barrel selector were located on the tang beneath the top lever. A file-cut selector positively selected either barrel as desired - one red dot for the under barrel and two red dots for the upper barrel. Unlike a trap gun, a barrel selector is a necessity with a sporting clays gun particularly when facing driven targets, requiring the tightest choked barrel to be fired first. Beretta have acknowledged an earlier design problem and recessed the selector switch below the level of the safety catch. This is a pleasing modification.

The stock and woodwork were well matched with the schnabel forend providing a final, practical touch. Checkering, completed at 20 lines per inch, was well executed. Overruns were not evident and a double line border contained grips on the forend and pistol grip of the stock. A palm swell was installed on the right hand side of the pistol grip. This "hand-filling" feature

provides a fuller and firmer grip for increased control of the gun. The schnabel forend was sufficiently hand-filling and coupled with the hands-in-line alignment of the stock's pistol grip, afforded good, firm control whilst mounting and shooting. The stock of the Beretta 682 Gold Sporting was not as full nor "heavy" as other stocks reviewed on earlier models. This possibly placed the balance of the gun a little forward of the hinge pin - around 10mm. The gun felt beautifully balanced and as I was soon to realise, it fitted me perfectly. A convenient spanner was provided with the gun to remove the stock. This was simply achieved and enables the user to gain access to the boxlock mechanism for cleaning, or to quickly change to another stock for a different shooting situation. Both stock and forend were coated with a matte polyurethane-like finish. The stock had a solid, black rubber recoil pad fitted for comfort.

*Good walnut wood and excellent checkering on the stock and forend present a gun of very good quality. The wood to metal fit was excellent.*

During field testing the Beretta 682 Gold Sporting performed exceptionally well. It obviously fitted perfectly for as mentioned earlier, I shot a possible 25/25 at "Birdbrain" when set on its highest level! Later, during a duck hunt, I managed to bag several birds with ease. During both outings the gun swung well, and of course, came to my shoulder as if made for me. A slight adjustment of the ejector timing was required and after this minor adjustment was completed the gold sporting functioned perfectly. A visit to Ballarat for a 50 target round of simulated field was a great test for the gun. Again my scores were more than respectable, after both rounds I had at some stage shot every target on the ground. A selection of 28 gram, 34 gram and 36 gram loads were fired through the Beretta without causing any undue discomfort from recoil. The chokes certainly performed their task well for targets were literally "turned inside out" - a very pleasing result for a gun straight out of its box.

For those who know our esteemed editor, Breil Jackson, his build is very different to mine yet the Beretta 682 Gold Sporting on test is his own gun - he also shoots well with the Beretta. It is always a pleasure to review and shoot a new Beretta model. Whether Beretta have come of age after surviving for over 400 years or they have matured with age, as with a good red wine, I can only say that coupled with a 5 year warranty the 682 Gold Sporting was a magnificent firearm to use, at whatever discipline. Although the Australian distributor's price is as good as any throughout the world the 682 models are not cheap. They are a well designed competition sporting arm that transforms many ordinary shooters into above average performers, and even world champions. Whilst I can highly recommend this gun for those who feel comfortable with its "feel" and balance there are others whom it might not suit. If you are a keen sporting clays shooter and you would like to aspire to the best, most could do no better than one of these Beretta 682 Gold Sporting superposed guns. They are destined for the winner's circle! Until next time, good luck and safe shooting!

# A visit to one of the "Spanish Best": Armas Kemen

*This article is continued from last month...*

I watched in awe at the precision of Louis' work. He held the trigger assembly above the lamp's flame until the surfaces of the sides and top were blackened. He then fitted the group into the action. He opened and closed the action and pressed the trigger twice to set off each of the two inertia firing pins. He removed the trigger group and studied the tiny silvery surfaces where the black carbon had been worn away. "Aquil!" he said to me. "Here!" He pointed to a shiny line about the width of a hair.

Louis made a few short passes with a fine grit piece of emery cloth over the area where the carbon had worn away. Again he blackened the assembly and repeated the process. With unhurried focus, he worked the action, discharged the firing pins and removed the trigger group again. He repeated the operation, each time applying the emery cloth and removing the steel a thousandth of a millimetre at a time. He did not stop the blackening and filing until no carbon wore off when the action was operated several times. Only then did he accept that the trigger group fit perfectly.

I started to walk over to the man working on the actions, but John interrupted. Time to get back to the hotel, he said. Fine by me, I thought. I needed to work on organising my notes, do more reading and, if possible, take a short nap before dinner. We were scheduled to visit the factory the next morning, so I would have the opportunity to speak to the other workers. I patted Louis on the shoulder and thanked him for allowing me to observe his work.

The next morning brought more insights into the making of a "Spanish Best" escopeta. In the sun-dappled light, I stood next to Antonio Ballesteros, the craftsman entrusted with what Wieland described as one of the most demanding skills in gunmaking, action filing. The technique is "todo a mano" Antonio told me, his eyes glittering in exultation, "totally by hand". He asked me to touch the gleaming receiver and the sideplate. On the mirror-like surface I could see the reflection of my hand.

On a whim, I picked up a double barrel that was leaning against the wall near him, held it at the action end and let it hang down. With my free hand I snapped my fingernail against the middle section of one of the barrels. A clear bell-like tone resulted. I repeated this pinging up and down the length of the barrel. Each time the resulting tone was melodic and clean. No dead spots in the welding, I concluded.

I watched Antonio as he opened and closed the action repeatedly, firing the trigger, then placed the action in the vice. Alternating between files and emery cloth pressed against a file's blade for concentrated force and control, he made a few sharp strokes against the glistening steel. He removed the action from the vice, cocked it, set off the first firing pin, then gently tapped the action with his fist until the second spring was cocked. He performed this process ten repetitions. I counted. With his forefinger and a middle finger, Antonio then touched the steel surfaces that were rubbed by the moving parts of the action.

Trusting sensory neurons tuned by thousands of touches, he felt their cold smoothness, then placed the action back in the vice and applied four or five precise strokes with the file and additional strokes with the emery cloth. With a blast from an air compressor, he cleaned the dust-like metal filings from the action. He repeated the entire tedious sequence again and again until he was satisfied. ON the average, one action is completed each day. Aware of my interest, Antonio stopped for a moment and handed me an assembled shotgun that he had just completed. Its receiver had not yet been blued. I opened and cocked the action. It closed with a reassuring solid velvety "thunk".

The steel, I was told, came from Bilbao. Kemen uses steel that is graded higher than standard "bellota" steel. Under Kemen's direction, their steel is hardened with a special formula of chrome and nickel alloys to achieve the highest standards of strength and resilience. I remembered that the previous day Juan handed me a shotgun that had been used as a "demo" model. It had fired about seventy thousand rounds, he said. It opened as smoothly as the new ones hot off the rack. I saw no signs of wear.

I shook Antonio's hand and said goodbye. I crossed the work area, went to Pedro Arreitunandia and greeted him again. "Hello, Michelangelo!" He responded with a warm smile. We resumed our discussion from yesterday. The receiver he was working on featured birds in flight in realistic fine shallow engraving.

He strives to create something personal, he told me, seeking to transmute other styles into his unique interpretation. Pedro's home is by the water, about twenty kilometres from Eibar. In his living room overlooking the Gulf of Biscay, he sits, stares and dreams of engraving styles. He told me that his wife asks what he's thinking about. "Engraving", he answers. New styles, new patterns, how to improve. He is never satisfied.

"Siempre mejorando", he told me, allowing me a glimpse of his soul.

"Always improving." Pedro loves his craft. He studies constantly to get better. Each piece must be better than all previous ones, he told me. "Siempre mejorando", he repeated. "Always getting better."

Pedro raised his hands prayerfully. His work is a hobby, he confided. "Me gusta mucha", he reiterated throughout our conversation. "I like it very much." He articulated a sentiment about his profession that I cannot remember ever having heard expressed by anyone. "Estoy contento." "I am content", he said. He brought his hands together. "Tengo mucho suerte." A humble smile bloomed on his delicate face. "I am very lucky." I know few people that would make that statement, even though it would be justified.

I hugged Pedro, envying his serenity and skill. Perhaps some day, I told him, he will create a masterpiece for me. "I hope so", he told me. I bid him farewell. Our group left the Kemen factory and joined Arcadio for a lunch of grilled steak and peppery fried fish, potatoes smothered with cabbage and another bottle of Rioja.

Arcadio had offered to take us to San Sebastian for the afternoon to do some international trap and bunker shooting. I was looking forward to that opportunity. I had never tried those sports. Prior to the trip to Spain, John had sent me a gorgeous KM-4 twelve gauge to demo. I had tried the Kemen with several different reload recipes at the Cherry Creek Shooting Club's ten-stand sporting clays range. I was particularly impressed with the performance and low recoil of the one-ounce and the seven-eighth ounce "international" loads. I awaited the challenge of utilising similar loads and testing my modest skills on the faster European-style clays. It was not to be. The weather was hostile. A dense blanket of fog along with intermittent rain rolled in from the sea.

The afternoon passed quickly. For our last few hours together, John and I migrated to the smoky bar of the Hotel Arrate. We talked late into our last evening in Eibar. He share his philosophy on shotguns, his love of shooting and how he interweaves the sport with his charity work. He also offered his vision of Kemen's future. To survive, John opined, Kemen must maintain its fastidious pursuit of perfection. Kemen is increasing its product line. It has begun to produce over-and-under target guns in twenty gauge and twenty-eight gauge in addition to the classical English side-by-side in those gauges.

John's eyes glittered with intensity as he spoke. A shooter should not buy a Kemen, he emphasised, if the shotgun is seen as no more than a less expensive copy of an English or Italian "best" model. That would be unfair to all the manufacturers. The Kemen stands on its own unique merits and qualities, he added. I saw how the guns were made and thus, between sips of bitter Basque beer, I felt justified in nodding in agreement.

I disclosed that Juan Cruz had taken my measurements for a gun. Juan had kept poking me, pushing my head higher, "alta", or lower, "baja", exchanging gun after gun, until the sighting plane was exactly correct, the length of pull exact and the drop at the comb just right. Juan had scribbled the measurement numbers on a scrap of paper and then stuffed it into a dusty file box.

I shrugged. "Just in case", I told John. We are taught to save for a rainy day, I mused, but we're not given much guidance to know when that rainy day is soon to be upon us. It's all a crapshoot, I figured. Based on experiences in my line of work, there is one truism I have reluctantly come to accept which may prompt a little more indulgence on my part: Go first class or your executors will!

Many shooters will say that the Kemen and its ilk are extravagant. No doubt! Who among us has not seen talented shooters consistently run incredible scores with modestly-priced auto loaders? But one doesn't hang on El Greco or a Goya merely to cover a bare patch on the wall. The Kemen is an expression of the soaring human spirit's striving to create beauty and achieve excellence. The gun's proud owner possesses more than a shotgun; he or she has a small wavelength in the prism of noble Basque history.

It was almost midnight. John and I clinked our glasses and called it a night. We caught each other glancing at our watches. We flashed a knowing grin. Neither of us had reset our timepieces since leaving the States. I was subtracting eight hours and John, who lives in California, was subtracting nine. We each knew what the other was thinking about: family. My children were just getting home from school and preparing for soccer practice, soon they would be hurtling up and down the field, yelling and kicking, and I would be holding them in ninety-two hours, but who's counting!

For an instant, the thoughts of my children and those about my visit to the Kemen factory intersected. In this conflicted and difficult world, how does one raise a child to achieve wisdom and confidence as well as a passion for beauty and excellence? My visit to Eibar provided at least a partial answer. As in building a Kemen, you raise them with love and patience, with skill and with respect for tradition, a thousandth of a millimetre at a time.

# 1997 Olympic Discipline National Championships

*at the Brisbane Gun Club, Mt. Petrie Road, Belmont Qld.  
from Saturday October 11 to Sunday October 19, 1997.*

## **Saturday October 11**

125 Tgt City of Brisbane Olympic Trap  
Championship (first 75t).  
125 Tgt City of Brisbane Womens Olympic Trap  
Championship (first 75t) Nom \$60 incl' levy.  
125 Tgt City of Brisbane Olympic Skeet  
Championship (first 75t).  
125 Tgt City of Brisbane Womens Olympic Skeet  
Championship (first 75t)  
Nom \$60 incl' levy.

## **Sunday October 12**

125 Tgt City of Brisbane Olympic Trap  
Championship (last 50t) + Final.  
125 Tgt City of Brisbane Womens Olympic Trap  
Championship (last 50t) + Final.  
125 Tgt City of Brisbane Olympic Skeet  
Championship (last 50t) + Final.  
125 Tgt City of Brisbane Womens Olympic Skeet  
Championship (last 50t) + Final.

## **Monday October 13**

125 Tgt Commonwealth Olympic Trap  
Championship (first 75t).  
125 Tgt Commonwealth Womens Olympic Trap  
Championship (first 75t) Nom \$60 incl' levy.  
125 Tgt Commonwealth Olympic Skeet  
Championship (first 75t).  
125 Tgt Commonwealth Womens Olympic Skeet  
Championship (first 75t) Nom \$60 incl' levy.

## **Tuesday October 14**

125 Tgt Commonwealth Olympic Trap  
Championship (last 50t) + Final.  
125 Tgt Commonwealth Womens Olympic Trap  
Championship (last 50t) + Final.  
125 Tgt Commonwealth Olympic Skeet  
Championship (last 50t) + Final.  
125 Tgt Commonwealth Womens Olympic Skeet  
Championship (last 50t) + Final.

## **Wednesday October 15**

125 Tgt National Olympic Trap Championship  
(first 75t).  
125 Tgt National Womens Olympic Trap  
Championship (first 75t)  
Nom \$60 incl' levy.  
125 Tgt National Olympic Skeet Championship  
(first 75t).  
125 Tgt National Womens Olympic Skeet  
Championship (first 75t)  
Nom \$60 incl' levy.

## **Thursday October 16**

125 Tgt National Olympic Trap Championship  
(last 50t) + Final.  
125 Tgt National Womens Olympic Trap  
Championship (last 50t) + Final.  
125 Tgt National Olympic Skeet Championship  
(last 50t) + Final.  
125 Tgt National Womens Olympic Skeet  
Championship (last 50t) + Final.

## **Friday October 17**

75 Pair City of Brisbane Double Trap  
Championship + Final. Nom \$75 incl' levy.  
60 Pair City of Brisbane Womens Double Trap  
Championship + Final. Nom \$60 incl' levy.

## **Saturday October 18**

75 Pair Commonwealth Double Trap Championship  
+ Final. Nom \$75 incl' levy.  
60 Pair Commonwealth Womens Double Trap  
Championship + Final. Nom \$60 incl' levy.

## **Sunday October 19**

75 Pair National Double Trap Championship +  
Final. Nom \$75 incl' levy.  
60 Pair National Womens Double Trap  
Championship + Final. Noms \$60 incl' levy.

*Scores recorded at the 1997 Olympic Discipline  
National Championships shall be the basis on  
which the 1998 National Training Squad is  
selected in all disciplines.*

STATE TEAMS SHOULDER TO SHOULDER MATCH  
CONDUCTED OVER THE NATIONAL TITLE IN  
EACH DISCIPLINE FOR OPEN, LADIES AND  
JUNIORS.

HIGH GUN AWARDS TO OPEN, LADIES &  
JUNIORS IN OLYMPIC TRAP, OLYMPIC DOUBLE  
TRAP AND ISU SKEET.

Special thanks to Winchester Australia, Express  
Cartridges and Mr Peter Quire for sponsorship of the  
High Guns. The ACTA Executive reserves the right to  
alter the program

NOTE: Flash targets will NOT be used in finals and finals  
will be conducted in all events for Open, Ladies and Juniors

## 1997 NATIONAL OLYMPIC DISCIPLINE CHAMPIONSHIPS

### CONDITIONS OF ENTRY

1. In the event of any shooter not being able to produce his/her handicap card, a duplicate shall be issued for the duration of the National Championships. This card will then be forwarded to the Club Secretary to enable scores shot to be recorded. NOTE: A fee of \$20 will be charged for the issue of any duplicate handicap card.
2. Targets to be shot in brackets of 25, squads of 6 Olympic Trap, squads of 6 ISU Skeet and rounds of 25 Pair for Open/Jnr Double Trap and 20 Pair for Womens Double Trap.
3. Nominations to be received by the time of 3pm of the day prior to the beginning of the Event or such time as determined by the Tournament Director. All squads shall be determined by the Nationals Office, whose decision shall be final.
4. Each shooter is to take enough cartridges to shoot the applicable event.
5. Once squadding for an event has been completed, a shooter shall not be entitled to a refund if they withdraw.
6. Shooters who fail to appear in time for their squad will be penalised by the LOSS OF THREE TARGETS.
7. Should a shooter being late for his squad then elect to withdraw from the event he shall not be eligible for any refund of nominations paid.
8. All shooters must sign the score sheet after each round. Once a shooter has signed his score sheet he has accepted his score. Any score sheet not carrying the shooters signature will be credited with the lowest recorded.
9. Any competitor may be called upon to referee and/or score throughout the period of competition. The persons designated as scorer/referee or line referee must fulfil their obligation to do so or have obtained the services of a suitable replacement who must be ready to take his place at the required time. In the event of the designated persons or their replacement not being ready to take their place at the required time, the person initially designated to fill the specific role SHALL INCUR A PENALTY AS PRESCRIBED UNDER INTERNATIONAL RULES.
10. Any unauthorised shooter interfering with or attempting to interfere with the trap will be penalised FIVE (5) TARGETS.
11. All disputes must be in writing together with a \$20 deposit, which is refundable subject to the appeal being upheld.
12. All disputes and deposits must be lodged with the Tournament Director who shall arrange a hearing with the appointed Jury.
13. When team selection is involved, shooters are eligible for section nominated. To be eligible for selection in any team, competitors must have competed in a clear majority of programmed events.
14. High gun awards are determined for each section. To be eligible for high gun recognition, competitors must have competed in a clear majority of programmed events for each respective high gun.
15. Women and Juniors shooters only are eligible for their section as well as the open event.
16. A minimum of three persons must compete in any grade or section including high gun before sashes, medals, trophies are awarded irrespective of nomination paid.
17. Practice of card playing at the Nationals Championships is prohibited in areas embracing the club rooms, bar, dining areas, or such areas as may be determined from time to time.
18. The UIT Rules will be used to determine the OA placing, 1st, 2nd, 3rd in all events.
19. Juniors to be under the age of 21 in the year of competition.
20. Any interpretation of the program and conditions of entry will be the responsibility of attending members of the Executive Committee whose decision shall be final.
21. An acceptable standard of dress is required for all competitors - Tournament Director to adjudicate.
23. I am in compliance with State licensing laws in my State of residence and in the State where this competition is being conducted.

# BURDEKIN GUN CLUB

**On Saturday 12th July the Burdekin Gun Club held the 50 target State Night Point Score Championship. Twenty-four shooters vied for the Brennan's Tyre Service prizes and the Overall Sash.**

Max Nicolaides showed the way in AA grade and Overall when he shot 145/150. Well shot Max. Bowen shooter, Bill Gall took out the A grade trophy after shooting 141/150. Bruce McBow came out for the first time in a while and took home the B grade prize with a fine score of 141/150. Rino Broccardo won his last C grade Trophy after being regraded when he shot 138/150.

Sunday dawned and the shoot continued with a 25 target Skeet Sweeps event and this was divided by Greg Holder, Paul Lange, Alwin Shemlowski, Steve Becke, Eddy Bukbardis and Ralph Escriva.

Also as a first event for trap shooters there was a 25 target Pointscore Sweeps event. A grade was won by Glen Rea with 74/75 followed by Lou Populin with 72/75. Carol Betteridge shot 73/75 to take out B grade with Joseph Rossato second with 70/75 and Rino Broccardo third on 67/75. C grade was won by Glen Pola with 63/75, second was Jason Kelly with 62/75. Dean Ashton of Townsville was third with 54/75.

The second event for the morning was another 25 target Skeet sweeps event and this time Greg Hodder and Eddy Bukbardis were the big winners with Paul Lange and Steve Becke sharing minor placings.

There was also another trap event for the morning, this time being a 25 target Single Barrel event. Keven Stout from Townsville shot 23/25 to take the majority of the A grade money and Glen Rea and Lou Populin sharing the rest after shooting 22/25. Carol Betteridge and Steve Becke shared B grade after shooting 23/25 with Rino Broccardo taking the minor placing with 21/25. C grade went to Jason Kelly when he shot 20/25. Dean Ashton and Glen Pola shared second with 16/25.

A delicious lunch was had by all then the shooting continued with a 20 target Double Barrel sweeps event. AA grade was shared by Glen Rea and Max Nicolaides after shooting a perfect 20/20. Steve Nixon shot 19/20 to take third place. Lou Populin and Keven Stout shot 19/20 to share first place in A grade. Pio Bonato and Joe Scalia shared third when they shot 18/20. Tony LaSpina, Carol Betteridge and Steve Becke all shot 20/20 and shared B grade. Jason Kelly shot 18/20 to take C grade on his own, Dean Ashton shot 15/20 to take second and Glen Pola was third.

The most awaited event of the day was the 20 target Double Barrel Handicap Presidents Trophy. The only perfect score was Paul Lange giving him first place and an extra metre. Greg Hodder, Tony LaSpina, Rino Broccardo, Carol Betteridge, Lou Populin and Joe Scalia all shot 19/20 and the shoot off began. Greg missed his twenty-fifth target to give second place to Rino. Greg had to be happy with third.

Event five was the final for the day and was a 25 target Double Barrel Continental Sweeps event. Greg Hodder continued his winning way shooting 25/25 but he had to share with Joe Scalia, Steve Nixon, Glen Rea and Max Nicolaides who also shot 25/25.

The night shoot held on Friday 25th was also successful with a small number of shooters turning out for some fun. Don't forget the next night shoot will be on Friday 22nd August starting at 6.30pm and will probably be the last one for this year as the bugs chase us out after that.

Congratulations to club members David O'Donnell, Ray Collinson and Carol Betteridge on their wins at the two day shoot at Whitsunday Clay Target Club in Mackay. Ray, Carol and Kellie Arroita also had wins at the Port Denison Gun Clubs two day carnival. Congratulations again.

*C. Betteridge*

# Inaugural Australian Shooting Games, Brisbane

The Inaugural Australian Shooting Games wrapped up on 11th July, bringing to an end a very successful new event. Over 50 different shooting matches were completed during the event, which attracted in excess of seven hundred match participants. Competitors came from every state in Australia and also from New Zealand. The Clay Target results are included with this report.

As the event incorporated several significant individual matches the Games were able to attract favourable media coverage. Channel Nine's Wide World of Sport covered the Sporting Clay COMPAK National Titles and the Sunday Mail published a good human interest story. Various Quest newspapers also ran items of local interest.

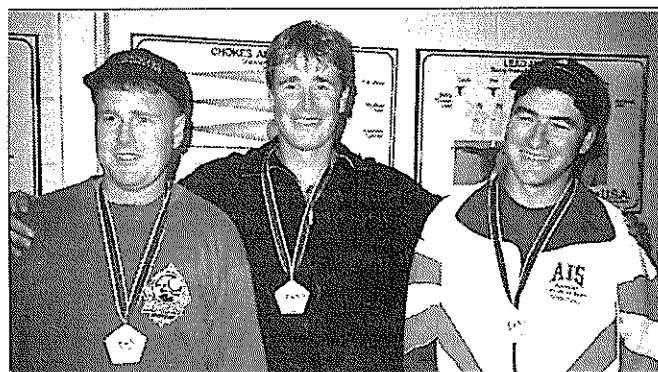

The event was also well patronised by Federal, State and Local Government members who performed many of the medal presentations. The Games Patron, Graeme McDougall MHR has continually provided support for the event and believes the concept has the necessary qualities that will ensure growth in the future.

*Australian Shooting Games Olympic Trap. Left to right: Greg Newey (2nd A); Bob Simpson (1st A) and Brad Webb (3rd A)*

This mixture of support from event competitors, media and politicians has given planning for future Australian Shooting Games a significant boost. The 1998 ASG will be open to international competitors, who are expected to form a considerable proportion of the total competitors numbers. The dates for the 1998 Games will be Friday 12th June to Saturday 20th June, so highlight this period in your planning calendar now.

The Clay Target events got underway on Wednesday 9th July, and

*Australian Shooting Games ISU Skeet. Left to right: Darren Perkins (OA 3rd); Clive Barton (OA 1st) and George Barton (OA 2nd).*

attracted 10 shooters to the 75 target ISU Skeet Badge match and 26 in the 75 target Olympic Trap Badge Match. It was also very pleasing to have the AIS clay target troop in attendance.

Skeet Badge Match Results:

Overall George Barton (AIS) 73/75; AA 1st Clive Barton (Tamworth) 69/75; A 1st Len Norman (Brisbane) 71/75; B 1st Darren Perkins

(Illawarra) 66/75; 1st C Tony Kidman (Brisbane) 53/75; Junior 1st Neil Rundle (AIS) 51/75; Womens 1st Janine Kettels (Brisbane) 36/75.

Olympic Trap Badge Match Results:

Overall Brett Dunstan (Kerang) 73/75; AA 1st Ben Kelley (AIS) 68/75; A 1st Philip Down (Vic) 69/75; B 1st John Hillock (NZ) 60/75; C 1st Alan Rhoades (Brisbane) 41/75; Junior 1st David Bowen (Cairns) 62/75; Womens 1st Diane Catelan (Cairns) 59/75; Veteran 1st Cam McClymont (Brisbane) 52/75.

Thursday 10th and Friday 11th was set aside for the 125 target ISU Skeet and Olympic Trap events, 11 shooters entered the Skeet and 27 in the Olympic Trap.

Skeet Results:

1st Overall Clive Barton 119/125 + 24, 2nd Overall George Barton 115/125 + 23, 3rd Overall Darren Perkins 109/125 + 22; 1st A: Kel Madsen 110/125 + 20, 2nd A Kevin Perkins 106/125 + 19; 1st B Barry Nelis 99/125; 1st C Tony Kidman 98/125; 1st Womens Janine Kettels.

Olympic Trap Results:

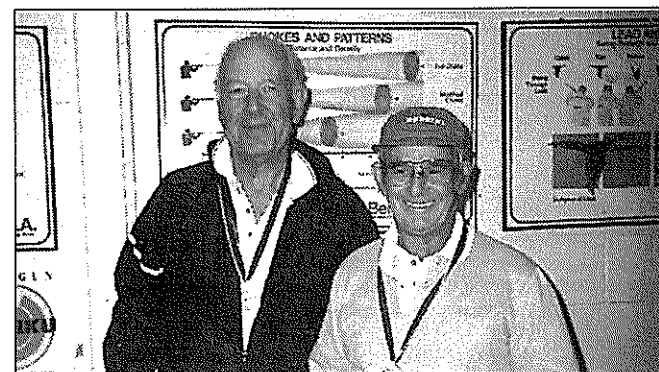

*Australian Shooting Games. David Menck congratulates Loz Lloyd and Diane Catelan (Olympic Trap).*

1st Overall Jar Smaniotto 112/125 + 25, 2nd Overall Brett Dunstan 111/125 + 24, 3rd Overall Philip Down 112/125 + 23; 1st AA Kevin Drovandi 106/125, 2nd AA Ben Kelley 106/125; 1st A Bob Simpson 112/125 + 21, 2nd A Greg Newey 112/125 + 22; 1st B Joe Box 107/125, 2nd B John Hillock 104/125; 1st Junior Philip Down 112/125; 1st Women Lorraine Lloyd 98/125; 1st Veteran Cam McClymont.

With very little time to plan this event, it was decided to stage it on the three days prior to the Queensland State ISU Carnival, thus giving five days of Olympic Discipline events.

Thanks must go to Dot Trindall, who looked after the catering and everything else that needed to be done, and a small band of helpers, Col Boyd, Cam McClymont, David Evans, John Mitchell, who hopped in and did everything else that needed doing.

*Australian Shooting Games — Happy vets. Left to right: Cam McClymont and Col Boyd.*

# Olympic Update (2) - Sydney 2000

by Alan Maher, Competition Manager - Shooting Sydney 2000

## Olympic Co-Ordination Authority

O.C.A., the Olympic Co-Ordination Authority charged with the responsibility of delivering the Sydney International Shooting Centre at Cecil Park, on time for S.O.C.O.G. to conduct an Olympic test event prior to the Games in September 2000, is well advanced with its planning.

A Draft Design Facility Brief has been put to tender with those on the short list given a comprehensive briefing on what is required by O.C.A.. Each of the short list tenderers has been invited to submit a design concept based upon the Draft Facility Brief, following which O.C.A. will contract the design for the Sydney International Shooting Centre.

The Shooting Centre will be equipped for the Olympics with electronic targets with 60 firing points on the 50m range, 10 groups of five targets on the 25m range, three Running Target ranges, three Olympic shotgun ranges, plus a 10-position Finals Hall for Pistol-Rifle and Running Target.

Present plans call for a preliminary concept design to be prepared by late August. The preliminary design will then be submitted to the U.I.T. Executive Committee for comment when they meet in September in Lugano, Switzerland, during the Rifle-Pistol & Running Target World Cup Finals. The final design is scheduled for completion by December 1997. Earth moving is planned to commence in January 1998, with the shooting centre planned for completion in mid-1999.

## Pre-Olympic Test Event

S.O.C.O.G. will be conducting a test event at Cecil Park prior to the Games in September 2000. Preliminary discussions have already taken place with the U.I.T. in regard to the timing of the test event. A Decision in this regard will most likely be delayed until O.C.A. have completed their design for the shooting centre, an action on their part which will tie in closely with plans to have the shooting centre fully operational in mid-1999.

A Memorandum of Understanding between S.O.C.O.G. and the Australian Shooting Association for the conduct of the test event was signed by the President of the Australian Shooting Association, Mr. Alistair Macpherson, O.A.M., at a meeting of the A.S.A. Management Committee in Brisbane on 14th June.

## Sydney International Shooting Centre

The Olympic Co-Ordination Authority is commissioning a report of the Sydney International Shooting Centre as part of a management feasibility study of the facility post Olympics. With shooting never before so well positioned in relation to obtaining a first class shooting facility for all of the Olympic disciplines, and then at a later date 300m Rifle, the future benefits offered to shooting are inestimable. Hopefully they will not be underestimated by those who are consulted during the preparation of the report to O.C.A.. U.I.T. Secretary General, Horst Schreiber, visited Australia in June attending the U.I.T. World Cup in Brisbane, which was well attended and well organised by the World Cup Organising Committee. Following his visit to Brisbane, Horst Schreiber visited Sydney for a series of meetings with S.O.C.O.G. and O.C.A., each of which were extremely productive.

O.C.A. conducted a site inspection at Cecil Park, which suitably impressed the U.I.T. Secretary General, confirming the opinion offered by those who have inspected the site to date. Meetings which followed also confirmed that U.I.T.'s belief that O.C.A. is extremely well positioned to deliver the shooting complex on time, particularly so when compared to Atlanta in a much later time frame.

## U.I.T.

The U.I.T. plans to appoint its Technical Delegates at a meeting of the Executive Committee in Lugano in September. With O.C.A. advising Horst Schreiber that they require U.I.T. technical advice prior to September to ensure the completion of the preliminary design by the end of August, and final design by the end of

December Gary Anderson, U.I.T. Vice-President, Competition Manager at Atlanta, has been authorised by the U.I.T. to provide O.C.A. with interim technical advice pending the appointment of Technical Delegates.

Gary is well known to shotgun shooters, having served the U.I.T. as Technical Delegate to the World Shotgun Championships in Perth 1991. Gary, a dual Olympic gold medallist in 300m Rifle, will visit Sydney in early August to consult with O.C.A. and also to meet with S.O.C.O.G. on matters pertaining to S.O.C.O.G.'s preparations for shooting in 2000.

## Olympic Shooting Events

Two new events, Womens Trap and Skeet, have been announced by the I.O.C. for Sydney. The addition of these two new events increases the number of medal events for 2000 from 15 to 17, which is an excellent result for shooting.

Events scheduled for Sydney are:

Men:	Women:
Trap	Trap
Skeet	Skeet
Double Trap	Double Trap
10m Air Pistol	10m Air Pistol
10m Air Rifle	10m Air Rifle
25m Rapid Fire Pistol	25m Sport Pistol
50m Free Rifle 3P	50m Standard Rifle 3P
50m Free Rifle Prone	
10m Running Target	
50m Free Pistol	

## Olympic Shooting Quotas

Exact quota numbers for Sydney are yet to be confirmed by the I.O.C. It is clear, however, that the 405 quotas plus 25 I.O.C. Wild Cards that applied in Atlanta will be affected by the addition of the two new Womens events. With the I.O.C. confining the number of participating athletes for Sydney to 10,200, at the same time adding additional sports and events to the Olympic program, Atlanta's quotas (Men 280, Women 125 plus 25 I.O.C. Wild Cards) will not be added to for Sydney, with the probability being that reductions will occur to the number of shooting's quotas for 2000.

The number of quotas per event as shown for Atlanta will also be affected by the introduction of the two new Womens shotgun events.

Men: 280	Women: 125
(40) Trap	(n/a) Trap
(40) Skeet	(n/a) Skeet
(20) Double Trap	(20) Double Trap
(30) 10m Air Pistol	(30) 10m Air Pistol
(30) 10m Air Rifle	(30) 10m Air Rifle
(20) 25m Rapid Fire Pistol	(25) 25m Sport Pistol
(25) 50m Free Rifle 3P	(20) 50m Standard Rifle 3P
(30) 50m Free Rifle Prone	
(25) 50m Free Pistol	
(20) 10m Running Target	

Notwithstanding the decision to confine the number of athletes in 2000 to 10,200, shooters competing in Sydney will be eligible to contest additional events for which their country has either not exceeded their level of entries or does not have a quota place, providing that they have shot the Minimum Qualifying Score (M.Q.S.) for the additional event.

The first of Sydney's quotas are expected to be won in November of this year, when six quotas, Mens/Womens Trap, Skeet and Double Trap, will be determined at the World Shotgun Championships in Peru. Details of the I.O.C./U.I.T. quota system and M.Q.S. scores for 2000 will be provided as soon as confirmed details become available.

### Shooting Updates

As it is my intention to continue to provide the Australian Shooting Association, and also the New Zealand Shooting Federation, with regular updates on shooting's Olympic progress for distribution to their affiliated bodies, my next report to shooters is scheduled to be forwarded to the A.S.A. and N.Z.S.F. on or around 1st October.

On a personal note, I will be relocating to Sydney on 4th August to fulfil my role as Competition Manager - Shooting for the Olympic Games in September 2000, and Paralympic Games in October 2000.

I look forward during this time to working on behalf of S.O.C.O.G., the Sydney Organising Committee for the Olympic Games and S.P.O.C., the Sydney Paralympic Organising Committee, for the overall success of the Olympic and Paralympic Games, with particular emphasis on shooting's participation.

*Alan Maher,  
Competition Manager - Shooting Sydney 2000*

Nomination: \$60.

## **Sunday November 2**

### **The 11th National Skeet Doubles Championship of 100 Targets**

The Overall Winner shall receive the Perpetual Paul Johnston Doubles Trophy, Silver Australia Badge, Royal Blue Sash and a Cash Award or Trophy.

Placings Overall 2nd & 3rd. Graded AA.A.B.C. Ladies, Juniors & Veterans.

Nomination: \$60.

Additional awards include: Two Man Team Event; Two Lady Team Event; Mixed Pair Team Event; FITASC Club Team Event; All Australian Skeet Team.

**OVERALL HIGH GUN; LADIES HIGH GUN; JUNIOR HIGH GUN; SUB JUNIOR HIGH GUN; VETERANS HIGH GUN.**

# MARYBOROUGH TID BITS, QLD

Maryborough doesn't shoot September, we shoot October 5th with a 9am start being the Maryborough Masters Games in conjunction with our Heritage City One Day Shoot. The Masters Games event is the quick mix 50t D/B C'ship, which is also the first event in the Heritage City Shoot.

To shoot the Masters you have to be over 35 years and is shot in groups of 35-44; 45-54; 55-64; 65+, in grades AA.A.B.C. If you have shot before in the Games you should receive a nomination form in the mail, if not write to Maryborough Masters Games, PO Box 1225, Maryborough Qld 4650. It is \$20 nominations, \$5 for the Games and \$15 they give to us as nomination for the 50t event which comes off your Heritage nomination. If only shooting the Heritage City nominations will be taken on the day.

The shoot continues with a 25t Points 15m, Carwell & Co 25t Handicap (1.2.3.) and finishes with 15pr Double Rise 15m.

After the Games shoot we shoot 26th October 12 noon start with a meeting at 10.30am.

The old saying "age before beauty" must apply in getting the new gun licence as I sent my application with photo's etc within a few days of receiving it and my mate Harry sent his back four weeks later. Harry however is the first to receive his licence after talking to shooters in the area. With Harry having the flu for our last shoot they may have sent him his licence to cheer him up. Hope you are well Harry.

**Bundaberg 6/7** - Well Harry survived the flu and we were off to Bundaberg, on the way we saw a bloke's boot of his car altered in shape by the car behind him. I thought it was better the way it was.

A visitor from Shepparton was Robert Burns on holidays and enjoyed himself and he took off a couple of wins in his grade, nice to meet you Robert.

Also Peter Winzen back from his South Australia trap taking in the Nationals and World Championships at Wagga. Best he could do was fourth to qualify in one event, better luck next time Peter, nice to see you back.

Harry drew the Jackpot but missed the last target, bad luck Harry. Graham Jensen won the meat tray with Gino winning 1st and Richard Merrick 2nd in the veggie tray raffle.

Major results saw Rob Rehbein take AA in the DB & Mixed Tgts with Peter Winzen winning the SB, 2nd in the Handicap and Overall High Gun. In A grade Gino Sergiacomi and Brad Petersen split the DB CD while Phillip Warren took SB & OA & A in the Medley. In B grade Howard Sparke, John Butters, Robert Burns shared the DB CD then the three doubles up to take Howard Spark SB, John Butters 3rd Hcp and Robert Burns the Medley C'ship. In C grade new shooter Dwayne Honor DB CD and SB with Wayne Honor Mixed C'ship with Brian Fluorro & Harry Walker sharing with Dwayne in the DB CD.

Peter Winzen didn't shoot anything at the Nationals or Worlds but his shooting was first class on his return, Good Shooting Peter.

You thought I forgot well I didn't, congratulations to new shooter Ivan Taylor on shooting a possible and surviving a shoot off to win the 25t Handicap and a metre, good shooting Ian.

Bundy shoot October 19th 1pm start.

**Gympie 13/7** - I woke up to rain on the roof and it looked like some bad weather and the forecast wasn't any better, so I ran up the white flag, but later in the morning I was sorry I didn't go. Anyway Harry had some good company in his wife and

enjoyed the day. Thanks for bringing back the results Harry.

The top AA shooters Spud Robertson DB C'ship with Geoff Fett DB, Points DR & AA High Gun, great shooting Geoff. In A grade George Foster DB, Colin Campbell PS and Glen Durre OA & A in DB C'ship, 15pr DR and Grade High Gun. In B grade Dave Gardner cleaned up DB, Bill Edgerton took the Points while Paul Sproxton won the DR and High Gun. Harry won the DR in C grade while Glenda Post won DB, Points, DB C'ship and C grade High Gun, good shooting Glenda.

**Maryborough 27/7** - Watching TV on Wednesday night Sunshine Coast had a very good coverage of their Winter Carnival shoot and was our President Paul Anderson who took off Overall High Gun with 2nd AA 50t Medley C'ship, 2nd Points C'ship and 1st in AA grade Champion of Champions of 18 metres.

Good shooting to Paul and congratulations to Sunshine Coast for arranging such good coverage and getting some interviews with shooters.

Another shooter at our shoot to win at Sunshine Coast was Glen Durre with 2nd in the 50t DB AA grade, also Glen went to Rockhampton and took A grade Points and A grade HG, and at Silkwood he won the 25t SB, he ran out of luck at Clermont with no wins, but had a good trip around the traps. I don't know how your wife puts up with you Wal, shooting all the time!

We lose Kevin Noffke to Mount Isa as he has work up there so best of luck Kevin and I hope you do well.

Returning to shooting Josh Findlay and James Bulfin who both joined again and strange that James came from Mount Isa some years ago.

Visitors Irwin Wynyard, Keith Palmer, Gino Sergiacomi, John Butters, Phillip Warren, Brad Petersen, Jarrard Smith, Spencer Plath, Bruce Walker from Bundy and Mathew, Glenda and Chris Post, Greg Wright & Glen Durre from Gympie, with new member Les Forsyth winning the meat tray, didn't take you long to have a win Les.

In AA after 75 Ian Robertson decided to split the prize (lucky it was cash) with Paul Anderson in the DB then Paul went on to take the Points, 1st with a metre in the Handicap and Continental plus AA Grade High Gun. In A grade Phillip Warren took the DB and Cont' while Bradley Petersen won the Points, 3rd place Handicap and A grade HG. In B grade Ron Sorati DB, Dick Osborne Points, while Norm Dale took the Cont and B grade High Gun. Thanks to Mathew for making C grade easy as Mathew Post took the DB, Points, 2nd Hcp, Continental and C grade High Gun. Good shooting Mathew who was shouting Red Rooster on the way home. Our next shoot is October 5 being the Masters Games and Heritage City One Day Shoot with a 9am start.

Good shooting to all, 'til next time see you at the shoots.

*Lost Bird.*

## KRIEGHOFF - K80

TRAP, SKEET, FIELD MODELS  
EXTRA BARRELS, ADJ STOCKS ETC.  
NEW & USED GUNS IN STOCK

## 1998 State Carnivals

# TENDERS

*The N.S.W.C.T.A. is currently seeking expressions of interest from Clubs interested in tendering for the allocation of the 1998 State TRAP, SKEET & I.S.U. Carnivals as follows:*

### Trap requirements:

- Trap - Minimum of 5 fully completed Trap Layouts at time of application plus layout/s under lights
- Skeet - 4 complete Skeet Layouts
- I.S.U. - 1 fully operational Trench Layout & I.S.U. Skeet facility

Suitable Clubhouse, Office, Parking and Additional Facilities and Accommodation are required.

The tender requirements are for an overall cost per target thrown, which is to include:

1. Supply of Targets (105 +/- 5gm mass)
2. Supply of Trappers
3. All other charges involved to throw the Targets

The approximate number of Targets thrown per Trap Carnival is 60,000, Skeet Carnival 12,000, I.S.U. Carnival 6,000.

Please include the colour and brand of targets used by your Club, as well as any other additional information you may feel advantageous towards your Club being awarded the tender.

For further information, including a copy of the Terms and Conditions, please contact the  
**Executive Director, Libbie Bunting,**  
on (02)6361 4 443 phone/fax.

*Closing date for Tenders is 2nd October 1997*

Please forward tenders with the envelope clearly marked "Carnival Tender" to:

**N.S.W.C.T.A.,  
P.O. Box 2225,  
Orange, N.S.W., 2800**

**THE LOWEST TENDER WILL NOT  
NECESSARILY BE THE WINNING TENDER.**

## Waratah State Notes

### CHAMPIONSHIP RESULTS

The State Champion of Champions was conducted at the Grafton CTC on July 12 as part of the clubs Open Shoot and Northern Zone Trap Carnival. The event attracted 75 shooters from many areas and proves the benefits of hosting State Championships on Open Shoots.

Well known "identity" Bill Jones, from Illawarra GC won the event with a "skinner" shooting the only possible 125/125. Great shooting Bill.

Wagga GC hosted the State Deauville Doubles Championship on 6th July with 11 pairs vying for the event. Steve Guest and Gary Tabain from Leeton won the Championship shooting 18/20. Well done guys.

### GRAND PRIX FINAL SHOOT

Many thanks to the NSW Firearms Safety Awareness Council for their generous support of the Grand Prix Final Shoot being conducted at the NSW Gun Club on 27th & 28th September. Come along and shoot for a share of the cash prizes provided by the Council.

The pre requirement for attendance is 500 Olympic Trap Targets or 300 ISU Skeet Targets shot in NSW this year.

### TELSTRA PHONE NUMBER CHANGE

As of 18th August the State phone number will change in line with other Telstra changes throughout the state.

**NSWCTA Office Number now (02) 63614443.**

# MORWELL GUN CLUB

After a lot of preparation and co-operation, per medium of some willing workers at the working bee's, the morning of the 21st of June was here, the day Morwell was to host the Miroku Challenge Shoot. It was a cool morning, but the weatherman was kind in the regard to the rest of the day being sunny, no wind, and no rain, about 15 degrees.

66 shooters came from Bairnsdale, Wonthaggi, Nepean, Frankston, Cranbourne, Foster and other local areas. But for the effort that was put into the day, the attendance was disappointing. With an ideal day for shooting there were only four possibles for the 30 target Handicap main event, and 5 x 29's to vie for fifth and sixth.

From right to left: Bruce Webb with Miroku, Billy Woodward, Peter Kalder, Garry McMillan, Steven Parks, Shane Stokes, Daniel Galea from Fuller Firearms, Mick Prezioso from J&M Guns & Tackle.

Bruce Webb, better known as Webby, from the host club, was very defiant shooting 79/79 to hold off Billy Woodward from Nepean with 78/79, Peter Kalder from Foster club was third 43/44. Fourth

was Club Secretary Garry McMillan 41/42 with young Steven Parks, a sub-junior from Wonthaggi fifth with 65/66. Shane Stokes from the Morwell club was sixth with 64/66.

A pleasing aspect was the crowd of other shooters and visitors who watched the shoot off with keen interest and applauding the victors.

It is well documented that sponsors are a great help to the club coffers, and in this instance it was no different.

Firstly, Fuller Firearms for supplying the Miroku gun, J & M Guns & Tackle from Morwell for the cartridges, and not forgetting Laurie & Julie Lewis, L & L Concreters from Gormandale also for sponsoring the Double Barrel event with cartridges, good on their effort!

A thing that added atmosphere to the day was the supply of a large marquee, tables and chairs by Parkinson Wholesalers of Morwell. That was well received.

On the catering side, the cuisine was something else, hot spaghetti & meat sauce, other pasta dishes, soup, hot dogs, pies, cakes and lots of other goodies. This was the result of a very concerted effort from Louie Carusso from Don Louies Pizza Morwell & Moe. Thanks to Lou.

Also a special thanks must go to the ladies who helped on the day. Emily and daughter Becky Attard, Mary Kendall, Lorraine Brady who worked all day in the sponsors' kitchen serving goodies. To Steve Russell for having the grounds in such good trim, Marilyn Light and her son and daughter Bobby & Tracy, for their work on the traps. I must also thank myself for writing this report. "Thanks Merve".

*Signed Merve Knight, Woods Point Gun Club.*

## Editor's Mailbox

Dear Sir

The following account relates to a re-loaded 12 gauge cartridge 'hanging fire' for several seconds, which I advise to alert other shooters that a mis-fire should be treated with extreme caution.

As with other shooters who witnessed the incident, I had read many years ago, that it could happen with a modern cartridge, but in a 'lifetime' of shooting had never seen it happen.

At a recent Field & Game Association simulated shoot, a competing member fired at the first target of a double, then swung onto his second target. He flinched slightly as other members of the squad heard the mechanism of his gun click, but the cartridge did not fire. Lowering the gun from his shoulder, he turned his head toward the referee and said: "I had a mis-fire". Before the referee could take the gun to examine it, the gun which was held with the shooters hand well clear of the trigger guard, discharged. The unexpected discharge caused the gun to be thrown from his hand onto the ground.

The shooter involved is an excellent shot of very wide experience and has assured me that his reloading components are stored with the utmost care.

What I recall reading all those years ago was never to open the

gun for at least ten seconds after a misfire, and then to throw the cartridge as far away as possible. It makes good sense.

*Yours sincerely, J.L. Rhodes*

Dear Editor

Praise rather than Condemn

How often do we hear ACTA Members condemning another member or club? Unfortunately every time some one condemns a person or club, the status of clay target shooting and shooting in general suffers.

Further to this, many anti shooters are looking for any reason to restrict the rights of every shooter. Such reasons can arise from shooters condemning publicly other shooters or clubs etc.

Have you noticed that the business sector does not condemn their competitors product, but quite correctly points out the quality or benefits of their product.

The status of shooting generally can be enhanced substantially by praising shooters or clubs for the good things they do more often.

*Yours faithfully, Allan Kenny*

# Qld State ISU Carnival, Brisbane

Following on after three days of the Australian Shooting Games, day one greeted the 51 Olympic Trap shooters and 17 ISU Skeet shooters, a little overcast and cooler than the previous days of 22 to 23 degrees.

It was very pleasing to have visitors from throughout the home State, NSW, Victoria and South Australia, and again the AIS troop, gaining valuable hands on shooting experience.

The reliable as ever group of helpers from the Brisbane club had things up and ready to get underway on two Olympic Trap layouts, with the Skeeties using only one field on the Saturday morning and the first event got underway on time at 9.30am.

At the close of competition on day one in the Skeet, those on top of the board were: George Barton 69, Kevin Perkins 68, Kel Madsen 68, Darren Perkins 67, Clive Barton 66, Len Norman 65, Ken Jones 63, Neil Rundle 61, which included at 25, Michael Wenzel 60 and Dave Dundon 60.

Down the 'other end' of the range John Maxwell was setting the pace with 75/75, Adam Vella 72, Ben Kelley 72, Philip Down 72, Michael

Wenzel, Dale Whiting and Cherie Reeves; Cherie collected another badge for the Womens Skeet, along with Janine Kettels.

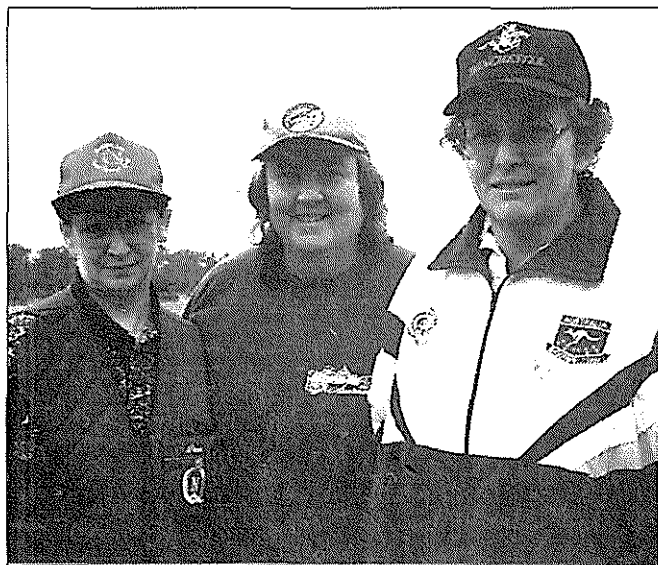

*Queensland State Olympic Trap team: Back — Derek Bruce, Ray Collinson, Jar Smaniotto. Front — David Bowen, Peter Stein, Amando Coco*

The 1997 State Olympic Trap Open Postal Team members are Jar Smaniotto, David Bowen, Peter Stein, Derek Bruce, Amando Coco and Ray Collinson. In the Womens - Dot Trindall, Diane Reeves and Diane Catelan and the Junior team is David Bowen, Derek Bruce and Damien Birgan.

Sunday was a little gray and overcast, having rained during the night, again the events commenced on time, and followed along nicely. The Skeet squads shot their final two rounds on the other layout, once finished, those in the Final were Kevin Perkins 115, George Barton 114, Clive Barton 113, Darren Perkins 111, Kel Madsen 110 and Len Norman 107.

Following the Final the 1997 Qld State ISU Skeet Champion is Clive Barton who put a 24 on the board in the final to finish 113/125 + 24. 1st A grade Kevin Perkins 115/125 + 21, 2nd A George Barton 114/125 + 22, 3rd A Darren Perkins 111/125 + 21; 1st B grade Michael Wenzel 103, 2nd Tony Kidman, 3rd Ken Jones; C grade 1st Neil Rundle 99/125, 2nd Craig Hume 89/125, 3rd Dale Whiting 70/125. George Barton won the Juniors with 114/125; Womens section 1st to Janine Kettels.

With the Skeet Final finished, the Olympic Trap final commenced

*Queensland State Women's Olympic Trap Team. Left to right: Diane Catelan, Dot Trindall and Diane Reeves.*

Diamond 71, Jeff Tonna 71, David Bowen 71, Jar Smaniotto 70, Brett Dunstan 70, Derek Bruce 70.

The State Postal Teams were selected over the first 50 targets of the State ISU Skeet and Olympic Trap events, and those to receive their Team Badges in Skeet were Kel Madsen, Brian Prosser, Michael Wenzel, Len Norman, Dave Dundon and Craig Hume. The 1997 State Junior ISU Skeet Postal Team comprises Michael

*Queensland State Women's ISU Skeet Team: Cherie Reeves and Janine Kettels*

with John Maxwell on 121, Ben Kelley 120, Adam Vella 119, Philip Down 118, Michael Diamond 116 and Jar Smaniotto 116.

As with the Skeet, the Olympic Trap title also went to NSW when John Maxwell posting a 24/25 in the Final round to finish and win with 121/125 + 24. AA grade went to Ben Kelley with Adam Vella 2nd and Michael Diamond 3rd. Philip Down collected A grade from Jar Smaniotto with 3rd place going to Jeff Tonna on 116. Amando Coco was the winner in B grade with 105 from Ian Greenland 102+1 and 3rd Brett Paddison 102+0.

*Queensland Junior ISU Skeet Team: left to right: Miachel Wenzel, Cherie Reeves and Dale Whiting.*

Lloyd Taylor collected 1st in C grade with 105 and now sits happily in B grade from Ralph Ali 103 and Diane Catelan 95.

The Womens section was won by Lorraine Lloyd 98 + 1 from Dot Trindall 98 + 0 and 3rd went to Diane Reeves. In the Junior section, Philip Down was first on 118/125 from Derek Bruce 113/125 and David Bowen 112/125.

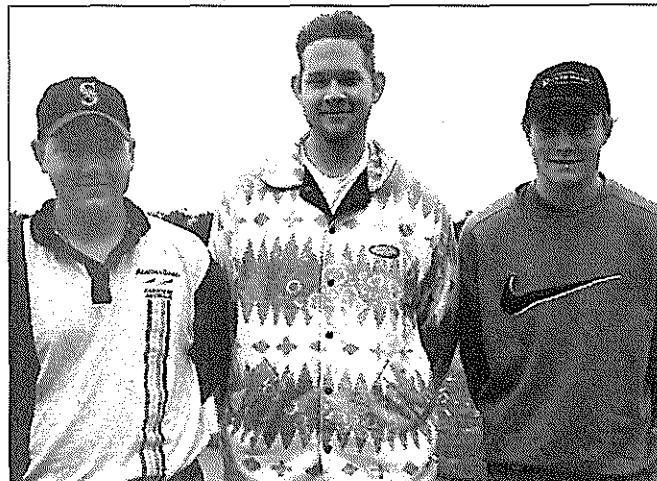

The happy vets - Cam McClymont and Col Boyd were 1st and 2nd respectively.

The luxury of three layouts came into it's own with 38 shooters in the Queensland State Double Trap Championship, the event not commencing until 2.00pm.

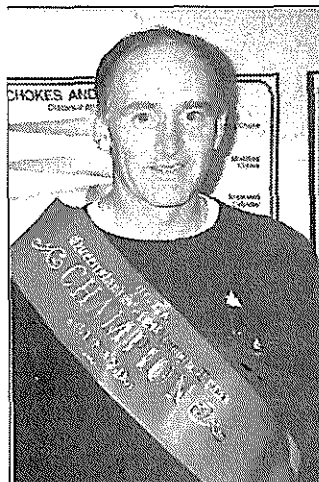

Steve Haberman put everyone on notice with a 50 in the first round, Adam Vella posted 49 in the 2nd round, John Gilopides 48 in the 3rd round as did Steve Haberman.

The final comprised Steve Haberman 142, Adam Vella 141, John Maxwell 136, Jeff Tonna 135, John Gilopides 135, Brett Hall 134.

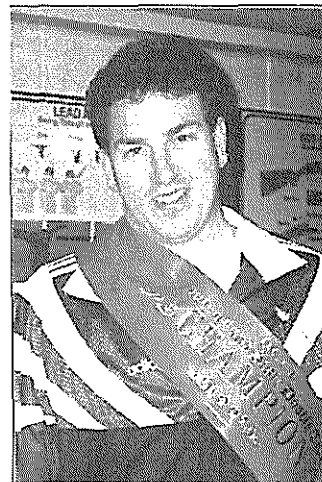

The 1997 Queensland State Double Trap Champion is Steve

*Queensland State Junior Olympic Trap Team, left to right: David Bowen, Derek Bruce and Damien Birgan.*

*Queensland State Olympic Trap Champion John Maxwell.*

*Queensland State Double Trap Champion Steve Haberman*

Haberman 142 + 47. 1st AA Adam Vella 141 + 44, 2nd AA Jeff Tonna 135 +46 and 3rd in AA John Gilopides 135 +35. John Maxwell was the winner in A grade with 136 + 46, 2nd A grade Brett Hall 134 + 46, 3rd Dot Trindall 130. In B grade Nick Walsh posted 123, 2nd B Cherie Reeves 121, 3rd Joe Box 118. Cam McClymont won C grade with 93 from Kevin Wilde 92 and Diane Catelan 89.

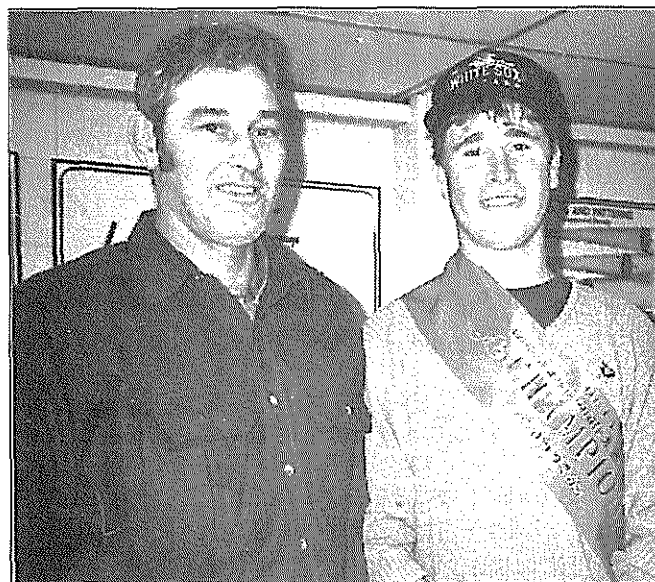

The Womens section was won by Ann Maree Roberts 105, 2nd Dot Trindall 104, and 3rd was shared by Lorraine Lloyd and Cherie Reeves 95.

Philip Down was successful in the Junior section on 133, from Derek Bruce 124 and Damien Birgan 115.

The Veteran section was won by Col Boyd from Cam McClymont.

The QCTA Executive wishes to thank the Brisbane Club for the use of their facilities and for their assistance in catering and providing the trappers for this event. Thanks also to Wayne Reeves (Northern Zone Executive Member) for assisting at the Presentation in the absence of State President Tom Meadows who was ill. Yet again, sincere thanks to David Menck for the use of his brilliant computer program and his ever ready assistance and support in the Office.

We are looing forward to seeing you all here again in October for the Olympic Discipline Nationals.

*Queensland State ISU Skeet Champion Clive Barton with Wayne Reeves*

## Clean Sweep by England

The 1997 Mackintosh International Trophy Postal Teams Match has concluded with the Clay Pigeon Shooting Association of Great Britain winning all four Matches being the Seniors, Ladies, Juniors and Veterans.

The Australian Senior team was unfortunately disqualified, however our Ladies and Junior teams came a creditable second. The Veterans team managed third place.

Disqualification was due to the Australian team breaching the Mackintosh rules by allowing a competitor to take part in two matches. A formal protest was received on these grounds, and the I.C.P.S.C. decided at their meeting on 17th July to disqualify the Australian Senior team.

Full results are:

Seniors: 1st England 5910, 2nd New Zealand 5879, Canada 5874, Ireland 5860, Wales 5860, Scotland 5836, Zimbabwe 5564 (Australia disqualified 5901).

Ladies: 1st England 1166, 2nd Australia 1159, New Zealand 1145, Scotland 1113, Canada 1089, Wales 1041.

Junior: 1st England 1167, 2nd Australia 1165, New Zealand 1162, Ireland 1131, Scotland 1124, Canada 1120, Wales 1109.

Veterans: 1st England 1171, 2nd Ireland 1170, Australia 1163, Canada 1158, New Zealand 1156, Wales 1156, Scotland 1154.

# Notice

## 1998 D.T.L. Nationals

This event will be conducted from 28th March to 3rd April (inclusive) at the Shooting Complex in Perth, W.A.

## 1998 Skeet Nationals

This event will be conducted from 24th March to 27th March (inclusive) at the Shooting Complex in Perth, W.A.

## You're to be Congratulated!

July 5th saw shooters rally to the aid of a fellow shooter and his family when a Benefit Shoot was held at Wonthaggi Gun Club for the Wyckelsma Family. After fighting a long illness Carmen Wyckelsma lost the battle, leaving behind Robert and children Victoria (aged 9) and Ben (aged 7).

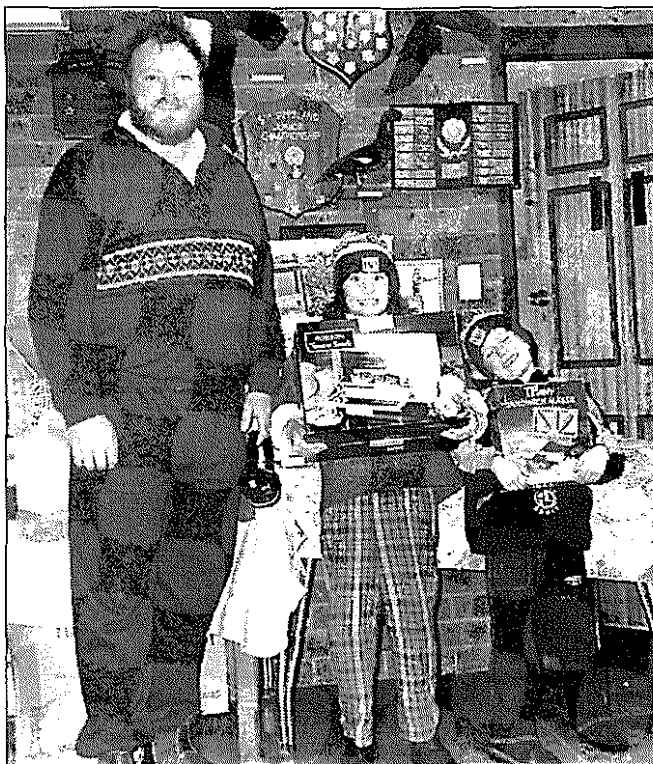

It was decided to hold a Benefit shoot to aid the family and the response from the shooting community was overwhelming. Prizes and donations were received from local business and shooters from all over Victoria which enabled the club to pay prizes down to fourth in each of four grades. Remaining prizes were later auctioned to further increase the final tally.

A total of 43 competitors and families enjoyed a pleasant afternoons shooting. The event was a 100t Double Barrel which saw four with 99 shoot off for the Overall winner. Glen Bennett (Morwell) succumbed on his 124th target to allow Bruce Webb (Morwell) to come out the Overall winner. Other placegetters appear in the results section.

Pat yourself on the back fellow shooters for after the proceeds from the shoot, raffle and auction the grand sum raised totalled \$2521.00.

The people who really deserve the thanks are the following:

Leo Bateman, Merv McKnight, Glen Bennett, Bill Iles, Ray Pearson, Joe Luis, J&M Guns, QBA Enterprises, Kelvin Johns Retravision, Bernie Stokes, Hartley Wells, Bruce Webb, Chris Wilkinson, Lynn & Keith Gray, Autobarn, Joe & Rebecca Attard, Janis & Wayne Parks, Leongatha Kitchens & Building Supplies, Lester Fincham, Sports Scene, Gardiner Electronics, WE Cash, JJ Cash, Bill & Rita Perry, Alan Brown, Laurence Irons, Peter, Marj & Ben McGaw, Chris & Heather George, Keith & Carol Calder, Fred, Helen & Mitch Foon, Mornington Clay Target Club, Tom Gannon, Bill & Roma Green, Luke Lewis, L & J Concreters, Morwell Gun Club, Bill Woodward, Foster Gun Club Ladies Aux., John Wayne Harley Tours and Wonthaggi Gun Club.

Rob Wyckelsma, his daughter Victoria and son Ben.

# Bega Gun Club — Promotion Day Activity

Sunday 6th July saw well over a hundred people travel to the Far South Coast of New South Wales to observe or join in the many activities co-ordinated by a Sub-Committee of the Bega Gun Club.

The Sub-Committee, Club President Bill Richards, Secretary

*Bega Gun Club promotion day held on July 6, 1997 — from left Craig Williams, Ian Davey, Michael Diamond, Peter Fitzer and Jason Stevenson*

Lynne Teale and Committee Member Ray Kearns organised a celebrity guest, police presence, novelty events, a coaching clinic amongst things and a modified program to allow networking activities to take place through-out the entire day.

1996 Atlanta Olympic Gold Medallist Michael Diamond travelled from Sydney to be part of the day and it was Michael who drew most of the attention as he coached junior and senior clinic participants, signed autographs, met with the visitors and shot an exhibition round of targets.

Another highlight was the three teams event between Senior Constables Ian Davey, Peter Fitzer, Jason Stevenson and Craig Williams of the Police Special Weapons Squad with Michael against local Bega shooters.

Positive radio coverage during the week before the promotion day of pre-recorded personal interviews with Michael on both local stations informed the public from a large geographical area of the planned activities. Bega District News reporter Mr Ray Spencer also gave an extremely favourable coverage of our sport in the local press.

During the day volunteers sold raffle tickets and raised \$100.00 for the Bega Valley Neighbour Aid Service.

Saturday evening prior to the activities Michael, Cathy and Mrs & Mrs Diamond were able to enjoy a meal with fellow shooters, the press and members of the public, thanks to the sponsorship by Bega R.S.L. Club.

## JOHN FRYER

It is with great sadness that I write to inform A.C.T.A. members of the death of my long-time friend and shooting mate John Fryer.

John passed away on Friday the 20th of June 1997 at 5.00pm after an illness of about 15 years and is survived by his wife Kay, daughters Tracy and Jane and families.

John was very well known and respected throughout the Clay Target Shooting fraternity of New South Wales.

His whole life revolved around both clays targets and field shooting.

For the past forty years John has been one of the most consistent shots I have known, winning many championships in all disciplines - skeet, trap, trench and ZZ targets. He was also a very keen and competitive sporting clays shooter.

John had a high regard for safety and was always ready to assist or offer advice to new shooters.

He will be sadly missed by all who knew him, and his family can be proud of the way John always presented himself in a professional and sportsmanlike manner.

*John Dunn,*

*Newcastle-Lake Macquarie Clay Target Club.*

## WELLS HITCHCOCK 04/07/97 AGED 77 YEARS

Wells Hitchcock was a respected member of the Melbourne Metropolitan Fire Brigade for over 40 years, having joined the MFB at the age of 20 years. He was stationed at several districts around Melbourne during this time. He was a member of the champion "Brigade Brass Band" where he played the Euphonium.

In 1972 he was a founding member of the MFB Gun Club which competed every Wednesday afternoon at the Metropolitan Gun Club grounds. He was the Handicapper at the RAAF Point Cook Gun Club and a former Committee member of the Werribee Gun Club, and more recently the Werribee Victorian Club. Although his health had deteriorated in recent years he was still a familiar sight around the Werribee and Geelong clubs. He will be sadly missed by all who knew him.

*Ian Urch*

## THOMAS JAMES MCDONNELL 29/6/1921 TO 25/6/1997

Tom McDonnell, a member of our Moulamein Clay Target Club for many years, died in a Melbourne hospital on 25/6/1997, after treatment for a heart condition.

Tom, as he was known, was popular with gun clubs over a very wide area. Tom was an excellent shot in both DTL and Field & Game circles. He was well liked and respected as a quiet and interesting personality, a thorough gentleman. Over a very long period Tom won countless trophies and awards in most shooting disciplines. Most sportsmanlike, Tom never complained over any aspects of clay target shooting, no matter what the circumstances.

At 75 years of age Tom could be relied on to put in a creditable result in any clay target event.

Tom enlisted in the Army in 1941 and served until 1945. He was raised in Deniliquin and spent much of his life working in the timber industry. For many years he was manager of the Listone Arbuthnots' Redgum Sawmill in Koondrook, on the Murray.

Not only was Tom a good clay target shot, he was a renowned

duck hunter and travelled to many areas to duck season openings.

Also a highly successful angler, Tom had fished most areas in Australia and had made many trips to the Northern Territory and North West of WA.

Fittingly, Tom's funeral service was held at Barham's Roman Catholic Church on Saturday 28 June 1997 and was conducted by a fellow clay target shooter, Father Graham James. The church service was followed by a graveside service at the Barham Lawn Cemetery. Tom was further honoured by the attendance of local ex-servicemen.

Deepest sympathy is extended to Tom's family.

*Norm Lipple*

*Moulamein CTC Inc*

## THOMAS JAMES MCDONNELL 29/6/1921 - 25/6/1997

Tom was born on the 29th of June 1921 at Deniliquin, NSW. His schooling years were spent at Deniliquin, where he was brought up on a station nearby.

He joined the Australian Infantry Forces as a draftee in July 1941, during the Second World War, and served with distinction until 1945. Tom recently went to a reunion of his old Army mates at Echuca.

Tom worked in the timber industry for thirty five years, and retired in 1989.

I would just like to say Arbuthnot Sawmill had great admiration of Toms ability to achieve the best out of his fellow workers.

Tom married Joan in Melbourne in 1949, but God did not bless their union with any children, but in His goodness, He provided a loving family in Val, and John who is now deceased, four grandchildren in Trevor, Sharon, Marree and Liza. There are also two great grandchildren in Jemma and Nathan.

Whilst Tom made his home in Barham, he was blessed with a second home with Les and Pat McDonnell & Family in Mount Gambier.

Toms love for recreational and clay target shooting was a huge part of his life. He won many trophies in target shooting, and was admired immensely where ever he participated. Truly a sporting gentleman.

As for his recreational shooting, which I feel he dearly loved the most, legal or otherwise, Toms name was always at the top of the list, no matter what time, or what state the venue was.

Tom always said he had seen the best years of duck shooting, for example, during the '56 floods Tom boasted he could shoot eighty ducks before work, and still be there on time.

Fishing was another great love of Toms. Whether catching them according to the rules and regulations, or twisting them slightly. Mind you he never went without a feed.

Tom loved the bush, particularly the remote areas of our country, he made many trips to the Centre, both fishing and having a look around. There would hardly be a track Tom has not been on.

He was also a lover of liquid refreshment, of which on any trip I doubt he would run out. He had a saying, you could always have one at eleven, and whilst camping, it was quite often the case, even without a clock.

A trip that became a ritual for Tom was Walgett, NSW for fishing and shooting. In later years he travelled with many friends both young and old. There was no way he would miss out, and he will be sadly missed on future trips.

So in conclusion, Tom will be missed by all who knew him.

Liked a beer, and a joke.

Loved fishing and shootin'.

That Tommy McDonnell, a bloody fine bloke.

# Queensland Shooter of the Year

On Saturday 5th July 1997, the first ever Queensland Shooter of the Year function was held at the Queensland Cricketers Club, Brisbane. The function was initiated by the organisers of the Inaugural Australian Shooting Games and thus coincided with the event. Consequently all disciplines competing at the Games had candidates considered for this award.

*Margaret Denton from Roma — The Queensland Clay Target Association shooter of the year and finalist in the inaugural Cleaveer firearms 1997 Queensland shooter of the year awards, being presented with the trophy by the President of the Queensland Shooting Association Lyn Gilligan.*

Over two hundred guests attended the dinner, with special guests including the Minister for Sport and Recreation The Hon. Michael Veivers, Minister for Police The Hon. Russell Cooper, President of the Australian Shooting Association Alastair

*Derek Bruce — Queensland Junior Shooter of the year (Clay Target Section)*

Macpherson, OAM and Queensland Shooting Association President Lyn Gilligan.

All participating sports were requested to nominate a candidate in the Open section and one in the Junior section, for Queensland Clay Target, every Club Secretary, Councillors, Zone Secretary and Coaches were provided with the nomination form, and requested to make their nominations.

By mid June each sport had made their individual nominations for Senior and Junior Shooter of the Year, Clay Target Senior Shooter of the Year was Margaret Denton of Roma, and Junior Shooter of the Year Derek Bruce of Cairns.

Profiles of all candidates from the seven participating sports were then provided to an independent panel of judges for evaluation and ultimate selection. The panel consisting of Mr Alex Smith (Channel Seven News Editor), Mr Gavin Lauman (Quest Community Newspaper Editor) and Mr Barry Galton (Sports Author) were very impressed with the overall standard of candidates, particularly the quality of the junior entrants. Further they believed that the quality of candidates bodes well for the future of shooting in Queensland and Australia, especially leading up to the 2000 Olympics.

After all nominees had been publicly acknowledged and received their presentation for being their Associations Shooter of the Year the major presentations were announced. The 1996/97 Junior Queensland Shooter of the Year was Pistol Shooter, Annemarie Forder from Southport, whilst the 1996/97 Senior Shooter of the Year was Archer Madeleine Ferris from Toowoomba.

The function proved to be very successful and enjoyable and is destined to be a regular on the Shooting Social Calendar for years to come.

# Whitsunday Clay Target Club Inc

On the weekend of 19th & 20th July 1997 the Whitsunday Clay Target Club Inc, held its first annual two day shoot on its new ground. This club has only been in operation since the third weekend in January this year and boast a membership of now fifty members.

Four Winchester traps were in operation for the two day shoot and worked flawlessly for the whole weekend, good targets were the order of the day although it was a bit windy on both days.

Saturday 19th saw forty nine shooters nominate for the days events.

Event one was a 25t cash divided and 18 shooters shared in the cash.

Event two was the Whitsunday 25t Single Barrel Championship, Overall, Sash and AA was won by Ray Collinson from the Burdekin club with a score of 38/39, second in AA Trevor Meaney of Dysart 25/27. First in A grade Graham Whitfield

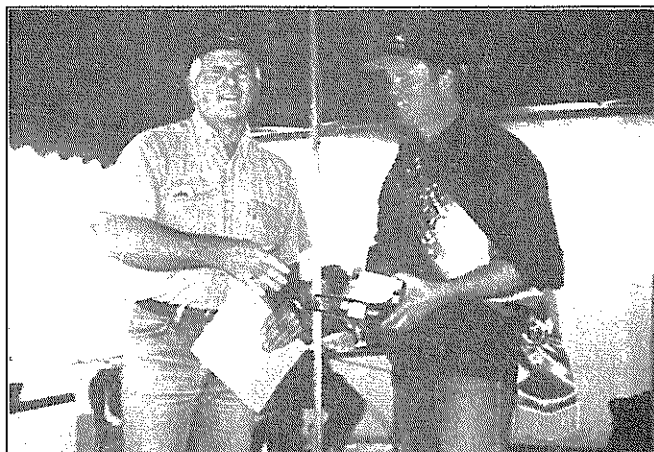

Overall High Gun winners — left: from Burdekin Ray Collinson with Whitsunday President Rex Davis

(Rockhampton) 37/39, with Alan Olsen (Gemfield) 2nd place on 26/28. B grade honours to Carol Betteridge of Burdekin 24/25 from Sean Ryan of Springsure 23/25. C grade honours to the home club with Nick Pye 20/25 and Warren Simpson 21/27.

Event 3 was a 50t Medley consisting of

25t DB & 25t PS all shot off 15m. Ray Wise from Gladstone was first in AA grade with 99/100, second Ray Collinson 196/198; A grade Alan Olsen with Tom Nielsen 113/118 second place. B grade saw Sean Ryan have a win with 111/116 from Drew Smith of Springsure 108/116. Barry Spillman of the home club won C grade 93/100 from fellow club mate Fiona Lochran 100/113.

Sunday 20th with Event four being the 50t Whitsunday Championship off 15m with AA grade being taken out by Peter Field of Dysart 98/99 from Robbie Dunn (Whitsunday) 73/74. First in A grade plus the Sash & Overall honours went to Bruce Powell of Springsure 99/99, with 2nd in A grade to Barry Nasser of Clermont with 83/84. B grade to Springsure shooter Drw Smith 48/50, second to his clubmate in Sean Ryan 48/51. Andrew Zarb of

A Grade High Gun winner Bruce Powell Springsure with Whitsunday President Rex Davis

the home club claimed C grade with a well shot 49/50. Andrew is one of our up and coming juniors and being just 15 years old has a big future in our sport; second Rodney Woods another home boy followed up with 48/50.

Event five was the Whitsunday 25t Pointscore Championship where Brett Becker of Gemfields took AA grade with 110/111 ahead of Denis McIntosh 107/111.

Overall Sash & A grade 1st to Graham Whitfield with a perfect 75/75 from Scott Meaney 74/75. B grade to Alan Symonds of Eton Mackay 80/18, second to Sharon Becker of the Gemfields 75/81. C grade won by C. O'Donnell 70/75 from Andrew Zarb 68/75.

The day finished off with a 25t Handicap won in great style by Ray Wise of Gladstone 35/35, with Ray Collinson 34/35 second and Shane Hardwick (Whitsunday) 33/34 third place.

The Overall High Gun was won by Ray Collinson of Burdekin for which he received the Sash and three cases of Winchester cartridges. Ray's score being 291/300. AA grade High Gun was won by Ray Wise on 290/300 and he picked up one case of cartridges, another case to Bruce Powell for A grade honours with 318/336. B grade High Gun to a well deserved Sean Ryan 284/300 and a case of cartridges, along with Andrew Zarb C grade 271/300.

Ladies' High Gun was won by Carol Betteridge with 283/300.

A special thanks goes to all our sponsors who donated trophies in Ian & Fiona Lochran, Barry Spillman, BHP, Henderson Firearms and the Jones family for catering, trappers, office staff Ray & Lynne, etc, etc, the list goes on.

Overall and A grade point score winner, right — Graham Whitfield (Rockhampton), centre: President Rex Davis and left — Secretary Lynne Davis (Whitsunday)

# Mildura Clay Target Club Inc

Thirty three shooters entered the Victorian Grand Prix series hosted by Mildura Clay Target Club over the weekend 5th & 6th July 1997.

80/100; C grade L. Cook 79/100, 2nd N. Jende 76/100; Sub Junior Ryan Fraser 62/100; Lady F. Scott.

Olympic Double Trap: Overall A. Vella 178/200; AA grade N. Pedula 136/150, 2nd P. Down 130/150; A grade N. Marinis 121/150, 2nd L. Cook 113/150; B grade G. Finis 112/150, 2nd T. Dinatale 112/150; C grade V. Caristo 106/150; Lady S. Milroy 106/150.

On Friday prior to the Grand Prix and on Sunday following the event, members of the North Star Mildura Motors Junior Clay Target Club which has been created and operates under the supervision of the Mildura Gun Club, availed themselves of special coaching and instruction from Adam Vella and several other shooters who were here for the Grand Prix series. The coaching was so successful it is intended for Adam to return at a later date for a special coaching weekend. The coaching clinic will include normal trap as well as Olympic Trap and Double Trap.

Mildura Clay Target Club extend their thanks to the sponsors and all who assisted to make this event a very successful Grand Prix series.

**Laurie Connors**  
Secretary/Manager Mildura Clay Target Club.

Members of North Star Mildura Motors Junior Clay Target Club with top Australian shooter, Adam Vella who gave them some special coaching while at the grand prix series hosted by Mildura Clay Target Club in July

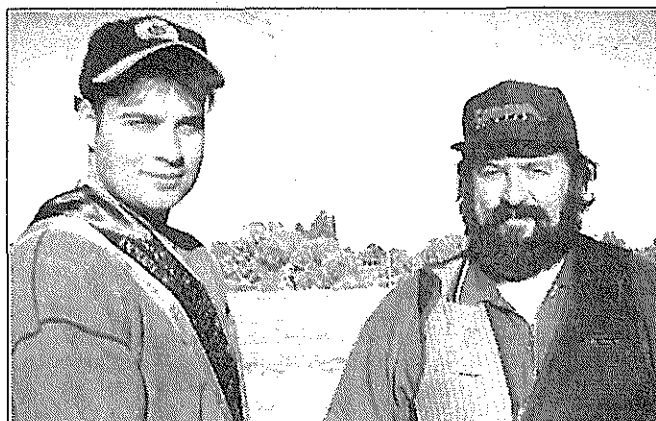

Several top open and junior International shooters who have represented Australia in World titles were in attendance and kept the competition at a very high standard. Adam Vella from Melbourne and a member of the current Australian International Team proved his ability as a top competitor by being second to

# The Origins of Skeet Shooting

For close to 20,000 members of the National Skeet Shooting Association, shattering clay targets is a way of life ... exercise of the body, mind and the soul.

Through winter and summer they shoot at millions of targets - breaking most of them - meet new people and travel across the U.S.

It all started on the grounds of the Glen Rock Kennels in the town of Andover, Massachusetts in 1920. It was there and then that a small group of upland game hunters, including the late C.E. Davies, proprietor of the Glen Rock Kennels, his son Henry W., and the late William H. Foster, all of Andover, were shooting at clay targets as a means of obtaining wing-shooting practice with their favourite upland guns. Their shooting gradually developed into a regular program that gave each shooter the same series of shots so that the competition, which was inevitable, might be even.

Originally, the arrangement was a complete circle of twenty-five yards radius with the circumference marked off like the face of a clock. The trap was set at "12 o'clock" and was set to throw the targets over "6 o'clock". The competitive program consisted of shooting two shots from each of the twelve stations. The shell that was left over from a box was used, first as a stunt, to shoot at an incomer from the center of the circle. This later proved to be a shot offering real snap-shooting practice and has since developed into the plan of Station Eight shots of the regulation program.

"Shooting around the clock" as it was informally called, had most of the elements of modern skeet shooting. But, a commonplace incident then occurred that had a distinct bearing on the present day program. In "shooting around the clock", shots were fired to all points of the compass, until a neighbour started a chicken farm in a lot adjoining the kennels. That put a stop to shooting in that direction. Foster solved the problem by producing a second trap and placing it at "6 o'clock" so that it would throw its target over "twelve". This gave the shooter the same problems as were found in the original clock-face, but reduced the danger area by half.

Noting the appeal of this form of shooting, Foster became convinced that development of the idea could be made nationally acceptable. He therefore set about to complete a shooting program that would contain all the necessary elements of wing-shooting practice and a competitive sport. Among the additions were the four sets of doubles and the optional shot.

When the details of the sport had been worked out and tested, and a set of rules drawn up, the idea was introduced to the public in the February 1926 issue of both National Sportsman and Hunting and Fishing magazines. At the same time, a prize of \$100 was offered for the most appropriate name for the new sport. It was won by Mrs. Gertrude Hurlbutt of Dayton, Montana, who suggested "Skeet", an old Scandinavian form of the word "shoot". Some 10,000 entries were received in the contest.

The American shooter was apparently ready and waiting for a practical form of wing-shooting with the shotgun that would give

an opportunity to test their skill any month of the year on a series of shots similar to those encountered in hunting and, as evidenced by the popularity of skeet shooting today, it has far exceeded the expectations of its sponsors.

As the popularity of the sport grew, the forming of a National Skeet Shooting Association was inevitable. This came about and the first National Championship Shoot was held August 26-31,

1935, at Cleveland, Ohio. The 12 gauge (then called the all gauge) entry in that shoot totaled 113 participants. This tournament became an annual fixture, being rotated around the country - St. Louis, Detroit, Tulsa, San Francisco, Indianapolis and the last championship under the original association was held at Syracuse in 1942. Skeet became nonexistent during World War II insofar as civilian shooters were concerned. Equipment and ammunition were unavailable. Most of the participants had gone to war. Gun clubs ceased to operate and many disappeared completely. However, the government quickly recognized the value of the sport in gunnery training and all branches of the armed forces relied on skeet to teach servicemen the principle of leading moving targets. Many of the great civilian shooters rushed into the service and most of them were used as instructors.

With the end of the world conflict, a dedicated group of skeet enthusiasts officially brought the sport back to the public with organization and incorporation of the present National Skeet Shooting Association in December, 1946. This new association was financed in the beginning by a substantial, no-interest loan from the National Rifle Association. The National Championship Shoot was resumed at Indianapolis in 1946 and it has been held annually ever since.

Soon after the new organization was formed, the national headquarters was moved to Dallas, Texas from Washington, D.C. Dallas also was designated for a time as the permanent home of the association, including the annual national tournament. Due to a number of circumstances, the permanent home policy was abolished in 1952 and since that time the tournament, officially name "World Championships", has been staged at Reno, Nevada; Waterford, Michigan; Lynnhaven, Virginia; St. Janvier, Quebec; Rush, New York; Savannah, Georgia; Bucyrus, Kansas; and San Antonio, Texas. September 1, 1973 the association headquarters was moved to the site of the National Gun Club at San Antonio, Texas.

In addition to the regular skeet shooting program of 12, 20, and 28 gauge, .410 bore and doubles, there are the international style and the collegiate divisions, both with specifically designed regulations.

The international style features the previous low-gun position and variable-timing target release, required by NSSA rules up to 1952. Contrasted to the present checked gun position, this style is required by the International Shooting Union, a worldwide shooting organization, and the International Olympic Committee, producer of the Olympic Games, where skeet shooting was first included on the program in 1968.

# Executive Profile

**NAME: MARK BULLUSS**

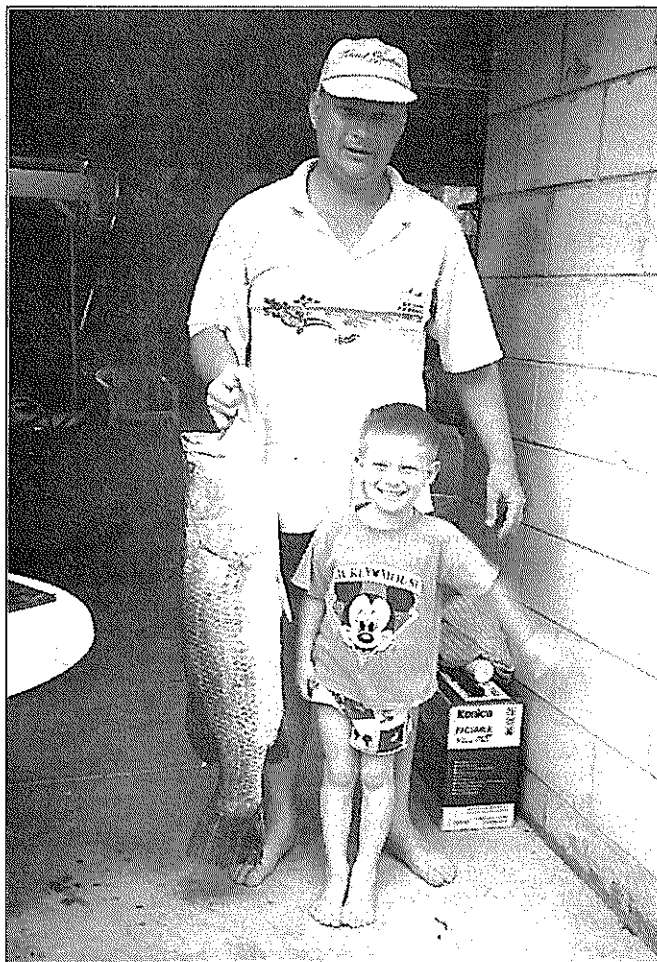

Date and Place of Birth: 15/09/59 at Wangaratta, Victoria.

Occupation: Business Proprietor

Resides at: Darwin

Home Club: Darwin Clay Target Club

Club Involvement: Committee

*Mark Bulluss with son Ryan and a 20 pound "Barra"*

State Involvement: NTCTA Executive to ACTA.

Favourite Club/Ground: Jeradong Park

How did you Commence Shooting? Bought a gun as soon as I was old enough to own one and enjoyed practice days at Wangaratta Gun Club. I ended up in Darwin in 1981 but didn't shoot clays again until 1991. This is when I became interested in competition.

Preferred Discipline and Why: Although I will have a shot at any discipline, my preference is towards Skeet. By the nature of the

## **TRADE PRACTICES ACT**

The attention of advertisers is drawn to the Trade Practices Act 1974 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. reserves the right to refuse any advertisement without stating the reason.

way it is shot it can be more social than other disciplines.

Gun Used: Winchesters.

Your Shooting Goals: To always enjoy it.

Your Funniest Story: I was involved in painting "Help" onto the soles of a mates shoes he was wearing when getting married. Most of the congregation was informed and was suitably amused when the Bride & Groom, backs to the crowd, knelt at the altar. Interesting note to this is that since that day his mother-in-law hasn't gone out of her way to keep in contact with me.

Where do you see the ACTA to be in 2005? If only we had to concern ourselves with our own Members, Clubs and State Associations attempting to predict the future would be an easier task. However the reality is that decisions made by organisations outside our control increasingly influence our prime objective; ie: to administer and promote Clay Target Shooting.

Of recent times this has been highlighted by the changes in Federal and State Gun Ownership Laws that has us going through a growth period that I expect will continue for some years yet.

What other Sports have you participated in? Cycling and Aussie Rules.

Other Interests: Fishing

When not Shooting you like to: Float around in Boats.

Favourite Food: Thai.

Favourite Drink: Scotch.

Favourite TV Show: Roy & HG.

Favourite Radio Station: ABC.

People you Admire and Why: Good shooters - typically people who become competent through dedication and commitment. Both are such great qualities.

Favourite Sportsperson: Greg Norman.

Highest Break: 50.

## **HOW TO SHOOT BETTER SCORES AT TRAP AND SKEET SHOOTING**

*Two 90-minute videos on Trap and Skeet  
Shooting will show you how*

- \* Each 90-minute video will show you in detail what you need to know and do in order to shoot better scores.
- \* A 25-minute discussion with the aid of descriptive charts will show you and explain the important finer details and why it is most important to have your gun properly fitted. It will show you how to check for correct gun fit.
- \* The videos will show you where and how to hold on the trap house and how to focus for target release. Remember it's not the end of the world if you must close one eye - I'll explain this to you in the video.
- \* Remember one thing - if your gun does not fit you correctly and you don't mount and point it correctly, you'll never become a good shot.
- \* Video tapes \$30 each plus \$4 postage. Please send money order or cheque, available direct from:

**George Biggs,  
4 Hugh Street,  
Knoxfield, Vic., 3180  
Phone: (03) 9801 2748**

**Also available from the A.C.T.A. National Office, phone  
(03) 9807 7577**

*\* Written and produced by George Biggs in the interest of the  
Australian clay target shooter; in the interest of better clay target shooting.*

*His weekend starts at 2am Saturday. He has breakfast, organises himself and heads off on the two and a half hour drive to Perth airport to catch the morning plane. Our weekend starts at 8am Saturday. We have breakfast, organise ourselves and head off on the five minute drive to the club.*

*We go through the introductions and have a bit of a chat to get the "Hi, how's it going?" over with. What are we going to cover first? How about some DTL?*

*Juniors, Ladies, Grades A, B & C are all given this mans knowledge in his quite, unassuming manner. The emphasis being on the gun hold (over the traphouse) method that our State is starting to use (we have to do something to catch up with the shooters over East)! "Wish we had heard about this before" was the usual comment from the participants. Foot position, stance, gun fit and mounting were all mentioned. Focus area, target break zone and positive thoughts were also covered.*

*Let's have smoko....*

*Using the time before each target to prepare yourself as a point that was mentioned often. The importance of physical fitness, psychological training and conditioning and mental preparation was emphasised. Tips on how to prepare for the weeks leading up to a major competition were discussed.*

*What are we shooting tomorrow?*

*The day finishes with the promise of greater things to come, using the skills shown today. We take our visitor home and ply him with a good feed of desert T-bone, some good conversation and wash it all down with a small amount of the fermented grape.*

*Sunday arrives with superb weather conditions. Everyone starts the day with the calendered competition, the usual eye opener and 50 pointscore club championship. The competition is fierce, the juniors are putting on the pressure, some outsiders are putting on the pressure, the skills are put into practice.*

*After lunch it's straight into Skeet training, the emphasis being on breaking the target where it is most vulnerable. Time is spent with each of the shooter's problem targets and these are tackled with simple and constructive control methods. In the afternoon we all switch to some sporting, using some battues, rockets, a quartering crosser and the skeet traps.*

*The training comes to an end as light is starting to fade. We take our visitor home to a cup of good Italian coffee and another good feed washed down with a swig of fruit juice, we all have to drive.*

*Our weekend finishes at 9pm when we put him on the evening plane to Perth and drive the ten minutes back home. His weekend finishes after the one and a half hour flight and the return two and a half hour drive to his home and his wife.*

*Who is this man who gives us two 18 hour days?*

*Who is this man who donates his weekend to assist our club here in the NW?*

*Who is this man who didn't earn the extra quid working Saturday morning?*

*He's our cobbler*

*He's our State Coach!!!*

## Classifieds

### *Rates and Conditions*

This section is for the exclusive use of ACTA members, and has been introduced for the purchase, sale and exchange of personal equipment.

**PLEASE NOTE:** Due to the new Gun Laws, all classified ads submitted must include the serial number of all guns advertised, and also the shooter licence number. We are also no longer allowed to advertise the sale of any pump-action or semi-auto shotguns or the parts thereof.

Rates are as follows:

\$10.00 — 0-60 words

# AWARD WINNING SUCCESS

## Russell Mark, Beretta & Winchester

Russell Mark - Most awarded Shooter

Beretta - Most awarded Gun

Winchester - Most awarded Ammunition

**Congratulations Again to  
Russell Mark on being named:-**

**Australian Sportsman of the Year**

This coveted national award - the first for any Australian shooter follows on from a seemingly endless record of achievements in recent times.

Awards include: Milano World Championships, Munich World Cup final, Olympic Gold at Atlanta and closer to home recognition through the Australia Day Awards with the "Order of Australia Medal" (for services to sport) and now sportsman of the Year.

Winchester and Beretta join shooters Australia wide in congratulating Russell on his outstanding personal achievements and all he has done in successfully promoting the positive aspects of competitive shooting.

**WINCHESTER**  
AMMUNITION

**Beretta**  
NOBODY ELSE GIVES YOU MORE WAYS TO WIN

# Join the Winning Team, Go For Gold!

Pure gold winning performance is what you'll come to expect from the new **682 Gold** Beretta trap, skeet and sporting guns. This new wider range features slimmer low profile actions matched to metallurgically advanced, faster swinging barrels tuned to today's lighter shot charges. All Beretta **682 Gold** Under & Overs are supplied in a high quality, fitted Italian gun case and sporter models come complete with 5 Mobilchoke® tubes. Also available wherever quality guns are sold - Beretta ASE Gold (trigger lock), S05 (side lock) & 686 - 687 (box lock) Competition guns.

## Beretta
