### 1999 REGISTRATION STICKERS

This year we have introduced coloured stickers to be placed on the front of your existing handicap card to show that you are financial for the year 1999. There are a number of reasons for trying this system. It certainly is a big cost saving to the Association and it allows the shooter to continue with his current handicap card until it is complete, thereby keeping track of his performances over a considerable amount of targets.

I must apologise for our lateness in getting the 1999 stickers out. Our move to Wagga Wagga also entailed the installation of a complete new computer system and over the Christmas break it took us a little longer than we had envisaged to get our new system installed and operating. We have now got the system operating and the benefits will already have been felt.

### 1999 INTERNATIONAL TRIPS

Included in this edition of the CTSN you will find details of trips to the World DTL Championships and to the 100th Grand American. Mr Don Allechurch of Tour Planners Australia has put together very attractive packages for anyone wishing to attend either, or both, these important clay target events. If you are thinking of taking part, please contact Don direct to obtain an excellent brochure which has been prepared detailing all aspects of these trips.

### WAGGA WAGGA

We now are fully operational from Wagga Wagga and welcome our two new staff Deborah and Karen. We sadly say goodbye to Leanne and Manon, who both elected not to relocate to Wagga Wagga. It is hoped that the construction of our National Office will commence very shortly and that we can occupy it very early into the second half of 1999. Our temporary office is located right in the centre of town on the corner of Baylis and Morgan streets. If you are visiting Wagga Wagga please drop in and say hello.

## VICTORIAN STATE TRAP CARNIVAL - '98'

Echuca was the venue for the 1998 V.C.T.A. Trap Carnival. So good was the attendance, that the State Council of the V.C.T.A. at a meeting soon after the Carnival, took note of a recommendation from the Annual General Meeting, and voted to hold the Trap Carnival at Echuca for the next three years, after which time the decision will be reviewed. Shooters came from all States of Australia, together with a representative from New Zealand. No one present could remember a bigger turn-out for the State Trap Carnival.

The day before the Carnival, some parts of the Echuca Grounds were under water, after un-seasonal heavy rain. Friday the 13th. November, conditions had improved, if a little damp under foot.

### EVENT 1 STATE HANDICAP

Eleven shooters shot the possible from the Entry of 223, ranging in Handicaps from 11 to 21 metres. Competition was very keen, as the V.C.T.A. had offered \$1000 added money for the Handicap to be shared among the first 10 placegetters, on top of the usual Prize money. The shoot-off soon settled into a battle between regular visitor and defending State Handicap Champion Arthur Turner from Warren N.S.W, and Steve Atkins from the host Club. Arthur shot 120/120 to win back to back, from Steve's 119/120. Third place

*Bill Iles - Overall High Gun and Double Rise Champion 1998*

went to Ian Phillips also from Echuca 87/88, fourth Rob Viney Werribee 86/87, fifth Rob Nisbet Echuca 72/73, sixth Tony Wright Junee 70/71, seventh David Demasi Colac 58/59, eighth Ron Millard Tyrendarra 52/53, ninth Gavin Height Mt Gambier 51/52, and equal tenth Kim Nealon A.C.T and Phil Headon Hay 50/51. Geoff Strauss Jeparit led the Veterans with 49/50, Terry Walls Yarrowonga the Juniors 83/84, and Simone Tigani Metropolitan Women 49/50.

*Victorian Open Team 1998*

#### **EVENT 2 STATE DOUBLE RISE CHAMPIONSHIP**

Bill Iles from Metropolitan won the Red Sash and Silver Victoria Badge outright with an excellent 48/50, from Chris Brandon Junee 47/50. In third place after a shoot-off was Colin Dunn Callawadda/Stawell 59/60.

AA Grade first was Bill Eagle Shepparton 54/60, from Steve Atkins second and Kim Nealon third.

# Australasian-Pacific "Grand Prix" & Kemen Australian Open

**Brisbane Gun Club - 20th to 27th  
February, 1999**

The Australasian-Pacific "Grand Prix" competition to be held at Brisbane Gun Club between 20th and 27th February, will not only feature a new improved format this year, but as a result of new sponsorship arrangements will also offer increased prize money and trophies.

The new format program offers 450 targets Double Trap, 425 targets Olympic Trap and 425 targets ISSF Skeet. Inaugural 'Skins' events will be conducted in each discipline - 150 targets in Double Trap and 100 targets each in Olympic Trap and Skeet.

Quality shotgun manufacturer, Armas Kemen of Spain, together with Rio Oceania, distributor of RIO Shotgun Cartridges, are pleased to announce their support and sponsorship of the AUSTRALIAN OPEN competitions in Double Trap, Olympic Trap and ISSF Skeet.

In addition to their sponsorship of the events, Kemen Australia will award a high quality KEMEN shotgun valued at \$8,000, to any competitor bettering the world record of 193/200 in the Kemen Australian Open Double Trap Championship. The possibility of this occurring during this event is not unlikely since the field will include such shooters as Russell Mark (Olympic Champion), Michael Diamond (current World Champion), Richard Faulds of U.K (current World Record holder), Steve Haberman (former World Champion) and Adam Vella (World Cup winner).

The clash between Michael Diamond, Russell Mark and Richard Faulds will no doubt prove to be a highlight of the double trap competition as these shooters were placed 1st, 2nd and 3rd respectively in the World Championships in Barcelona in 1998.

Kemen's sponsorship of the Australian Open competitions will also be extended to include the presentation of especially prepared silver cups to the overall winner of each 'Kemen' Australian Open event. Rio cartridges will be presented to each grade and section winner in these events compliments of Rio Oceania Pty Ltd.

A further feature of the 1999 Double Trap program will be a 'CHARITY TEAM EVENT', with two member teams representing Perazzi, Kemen and Beretta competing. The event will be conducted over one round of 25 pairs of Double Trap. The combined scores of each two team members will be added - proceeds donated by the losing teams will be donated to the Childrens Hospital.

Following the most extensive promotion ever conducted for the "Grand Prix" competition, nominations and interest have been received from shooters from Czech Republic, England, U.S.A., Canada, New Zealand, Italy, France, Spain, Philippines, Malaysia, United Arab Emirates and from throughout Australia. The competition is expected to offer some of the best exposure to international shooting in Australia in recent years. Many International competitors will be using the 1999 "Grand Prix" as a lead into the year's World Cup Program.

As has been the requirement in past years, pre nomination for the Australasian-Pacific "Grand Prix" competition is necessary. Again, all shooters will be catered for at the "Grand Prix". All events will have sections for open, lady, junior and veteran shooters and all events will be graded AA,A,B & C grades. Further details can be obtained from the Organising Committee, phone 07 5446 8353.

# PRE NOMINATIONS - DTL NATIONALS - ROMA 1999

The Executive of the Australian Clay Target Association has agreed that pre nominations shall be accepted for the DTL Nationals at Roma in March 1999.

We encourage shooters to pre nominate as it will save you time when you arrive in Roma.

Conditions of pre nominating are as follows:

1. Must be received by National Office by March 8, 1999
2. A receipt will be sent to you advising of receipt of nomination together with your squadding card. **YOU WILL NOT BE SQUADED UNTIL YOU ARRIVE IN ROMA.**
3. All squadding will be done upon your arrival in Roma.
4. At the Nationals you will have to produce your squadding card and handicap card so that you can be squadded.
5. If you have changed your grade since pre nominating **YOU MUST ADVISE THE OFFICE UPON ARRIVAL AT THE GROUNDS BEFORE YOU ARE SQUADED.**
6. You may nominate for one or all events.
7. Payment must be sent with the pre nomination. This may be by cheque, money order or credit card.
8. If you cancel before the Nationals, monies will be refunded less a \$5.00 administration fee.

# FOSTER GUN CLUB

Some of the Yarram and Sth Gippsland Secondary Colleges Students & Teachers.

On Friday 11th December the Foster Gun Club hosted 45 students of the South Gippsland and Yarram Secondary Colleges for a day of Firearm Safety Instruction and to experience "Down the Line" Clay Target Shooting.

Extremely hot conditions did not lessen the enthusiasm of the students, although the instructors wilted some what.

The Club provided a sausage sizzle and had great support from Bruce Webb and Jack Shellcot who donated the cartridges and John Chapple and Norm Quick, the clays.

The Yarram Secondary College has an active shooting Club, with a

large number (200), yes two hundred, having obtained their Jnr Shooting Permit. A very commendable policy.

The supervising teachers of the South Gippsland Secondary College at Foster are now examining the possibility of adopting a similar scheme, hopefully it will be.

Some good scores were recorded by the students and their behaviour was a credit to their respective schools.

I am sure all who helped gained a great deal of satisfaction in showing the young people the ethics and techniques of our sport.

# 1998 A.C.T.A JUNIOR DEVELOPMENT PROGRAM

The 1998 Australian Clay Target Association's Junior Development Squad assembled on the 29th November at the Australian Institute of Sport, Canberra. Our continuing Development Program has again been supported by the National Sports Program, Winchester Australia, Bay City Clay Targets and the A.C.T.A. Each year this program continues to grow and develop a more indepth and professional course for our future Elite Sports persons.

*The Coaches & Workers L to R: Fred Schmetzer, Luca Scribani-Rossi, John Taylor, Russell Mark, Murray Alexander, Stuart Browning.*

This year there was a slight change in the makeup of the squad as I attempted to take advantage of the ISU specialists assembled at the A.I.S, through the Australian Shooting Association. The emphasis on ISU is only for a short time and will role back into the standard development selection as the 2000 Olympics reach us.

Making up this years squad were:

## **I.S.U. SKEET:**

Natalia Rahman, Paul Rahman, Casey Poletti, Jason Maxwell, Brenton Willey and Robbie Marino.

## **I.S.U. TRAP:**

Nesa Jenkins, Rebecca Attard, Angelique Psarkis, David Bowen, Joseph Ruffo, Steve Callega, Kane Shepherd and Michael Faber.

## **I.S.U. DOUBLE TRAP:**

Susan Trindall, Craig Henwood, Steven Robertson, Rocky Manno and Sylvio Parente.

To support the squad and help to improve their skills a quality group of coaches were invited to participate. Fred Schmetzer, N.S.W., who was to be head coach supported by Stuart Browning, Tasmanian State Coach, Russell Mark, continuing his unbroken involvement, Luca Scribani-Rossi, A.S.A's Clay Target head coach and Michael Diamond. Unfortunately due to a date mix up Michael had to withdraw.

On Monday the program began at 7.00am with Jason Maxwell leading the group in a series of stretching and light exercises. With breakfast over, the first of the class room sessions began.

Sports Psychology for the new members, followed by a more indepth session for those that were returning. To conclude the AM session an explanation of nutrition and the reasons for the layout of the Dining Hall on food groups.

Throughout the morning a steady stream of first timers were ferried into Canberra, Sports Vision's first component. The afternoon had everyone out at Majura Park Gun Club where a full program of High Speed recoil filming, patterning and Gun Fit was conducted. This was a slight change to the earlier format, but one that would make the next 2 days of training a lot more beneficial.

To conclude day 1 a full tour of the A.I.S with Sportex was arranged and from all reports it was a great hour and a half tour.

Day 2 began at 7.00am with David Bowen being the days exercises pace setter. This session can't be regarded as the highlight of each day but it certainly got the blood circulating.

A change from previous years had been planned with a one hour class room session then on to the practical training. This first session followed on from the previous days Nutrition introduction with a more indepth presentation of healthy foods. As this segment finished and with Russell & Luca's arrival, everyone departed for the Canberra International Clay Target Club.

The day proceeded with each of the discipline being given time on the layouts under the direction of their coaches. Gun fitting and minor alterations were carried out during the day as each of the squad was given a period of personal attention. This data was then

added to a profile data sheet so an analysis of each squad member could be made. At around 4 o'clock a tired group climbed back into the buses for the return trip.

With dinner out of the way the last session began with the preview of the split screen filming conducted the day before. Although only raw footage, it showed some the reason for suggested alterations. Russell then did a short presentation on diaries before the 1998

*"See it's Easy" L to R: Sylvio Parente, Craig Henwood, Rocky Manno, Suzy Trindall & Russell Mark.*

*Fred Schmetzer & On The Spot Stock Alterations.*

Junior Development Squad T'Shirts were handed out.

Day 3 arrived all too soon and this time Suzy Trindall lead the sleepy squad in a series of stretching exercises.

As with the day before a class room session preceded the departure to the range, this session was an indepth presentation on Drugs in Sport far different from previous years.

Once out on the Gun Club grounds the training began again. Small alterations to some firearms were carried out while the different disciplines took turns with the coaches. The day was long and hot but the effort put in by both squad members and coaches was 100%.

At 4 o'clock with the

*Technique Exploration L to R: Robbie Marino, Jason Maxwell, Luca & Casey Poletti.*

Club grounds clean, everyone headed for home with a goodbye to Russell and Luca who departed the camp. That evening the final session for Sports Vision was conducted with the speed, memory and peripheral testing taking place.

Day 4 was to be a competition day coupled with an afternoon of classroom sessions. But not before the now normal 7.00am get together with Michael Faber as the session teacher. Back at the Canberra International Gun Club a mini competition had been programmed to see what progress had been made. Although the squad members had been pushed hard during the training a different attitude suddenly appeared. At the end of the competition a definite improvement could be traced on the data sheets.

To finish the practical component a challenge was had with everyone shooting the 3 ISU disciplines. It was great fun to finish a hard program and well won by Brenton Willey (ISU Skeetie) with 27/30.

After saying farewell to John Taylor and the Canberra International Club it was back to the A.I.S. Here two sessions were programmed for the afternoon: self massage, and strength and conditioning. The day didn't finish until a further after dinner session on Rules and Codes of Conduct was held.

Day 5. The last day and yesterday's winner became the pack leader at the 7.00am wake up session prior to the final classroom lessons. Heat (dehydration) and Travel skills made up these sessions, being presented by the A.I.S specialists and finally by Claudia Kulla, A.S.A. These last programs ended the 1998 camp.

To all the individuals and companies that assisted I can only say thankyou. Thank you: Russell Mark for your continuous support, Luca Scribani-Rossi for your skills, John Taylor for your quiet behind the scene work, Jim Ellis and Kim Newland for your respective Club's support, Paul McCormick (ASA) for the backup, Paul Brosnan (NSP) for a professionally organised program, Claudia Kulla (ASA) for your mental training skills, Stuart Browning for your quiet coaching, Fred Schmetzer for being the Head Coach and making the camp a giant success with the knowledge it's always hoped a Level 3 Coach will have and to the Juniors of the ACTA you are worth the effort.

For the sponsoring companies a big thankyou is also extended, Winchester Australia, through Gary Matchem, who never holds back in their continuous support, Bay City Targets who back us and provide the quality Clays needed. National Sports Program and the Australian Institute of Sport for providing the support, venue and expertise, required ingredients to run the program and the Australian Clay Target Association (Inc) for believing in this program and providing the financial support to continue this worthwhile program.

# Gympie Clay Target Club Gold Classic

The grounds of the Gympie Clay Target Club were manicured, the club house painted and a new kitchen had been completed downstairs. All looked a million dollars with all members looking forward to a good attendance, which was unfortunately down on previous years. Rain threatened on Saturday, but had cleared away by lunch time. Gusty winds caused the targets to be a little jumpy, and harder to hit. Sunday was a pleasant day and the targets just floated out.

39 shooters on Saturday and 42 on Sunday attended. Visitors were from Horsham Vic, Western Australia, Gladstone, Bundaberg, Maryborough, Mundubbera, Sunshine Coast, Kingaroy, Caboolture and Brisbane. Some good scores were recorded on Saturday despite the windy conditions.

**Scott Trafford (left, black hat), winner of Overall High Gun Gold Quartz Nugget and Bill Stolberg, Gympie, winner \$1500 Cash handicap (50T).**

Event 1 25t Points sponsored by Ken Mills Toyota, Kingaroy: The overall winner was Sylvia Edgerton of Gympie with 74/75. This blew away the rest of the field and was good shooting for a B grader in the prevailing conditions. AA grade went to Neil Berry with G. Durre runner up; A grade P. Warren from Bundaberg defeating G. Bickerton; B grade K. Mills, 2nd N. Tessman; C grade J. Park, 2nd T. Brereton.

Event 2 was a 25t Handicap which was the first leg of the \$1500 50t Handicap over the two days. T. Morony of Brisbane won the event with N. Tessman of Kingaroy second and Bill Stolberg of the home club third place.

Event 3 was a 50t Double Barrel Championship sponsored by Stolberg Plumbing, three possibles were recorded with Scott Trafford, Max Watson and Glen Durre shooting off for overall. Fourteen targets later S. Trafford of the Sunshine Coast had the honours, with M. Watson taking AA grade, C. Post A grade, A. Haberkorn B grade and J. Park C grade.

Sundays first event was the 50t Cooloola Boats and Water Sports Double Barrel Championship, five possibles were shot and with good conditions a long shoot off to decide the winner looked on the cards. However the shoot off only lasted six targets with G. Fett being the winner. S. Trafford won AA grade from P. Anderson; R. Jillett A grade from T. Morony; B grade to K. Mills from N. Tessman and C grade to J. Park over T. Brereton.

Event 5, 25t Handicap - 2nd part of \$1500 cash event, won by T. Vidler 25/25, 2nd S. Trafford 30/31, A. Haberkorn 3rd 29/31.

Winners of the 50t Handicap over events 2 & 5 were: 1st Bill Stolberg

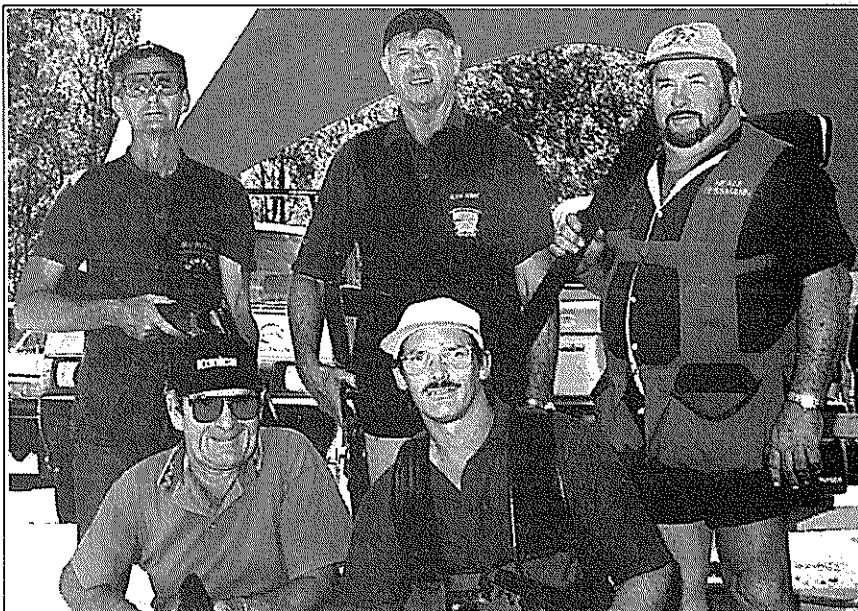

**Junior High Gun Winner — Matthew Post, Gympie**

47/50, 2nd G. Durre 58/62, 3rd N. Tessman 57/62, 4th P. Warren 47/52, 5th G. Carew 59/64.

Event 6, 25t S/B Albrecht Refrigeration: AA grade S. Trafford, 2nd M. Watson; A grade A. Thorp, 2nd C. Post; B grade F. Robertson, 2nd S. Davidson; C grade J. Park, 2nd M. Morley.

The Overall High Gun, a gold quartz nugget from Gympie Gold was won by S. Trafford 239/250. Grade High Guns went to G. Durre 236/250 AA grade; P. Warren 237/250 A grade; K. Mills 229/250 B grade; J. Park 224/250 C grade. Ladies High Gun was won by S. Edgerton 212/250, Junior High Gun M. Post 185/250, Veteran High Gun P. Winzen 231/250.

**Left to right back row: Bill Stoleberg, Gympie 1st, Glen Durre, Gympie, 2nd, Neill Tessman, Kingaroy, 3rd. Front row, left to right: Phil Warren, Bundabert 4th and Gary Carew, Gympie, 5th.**

The shoot ran smoothly and a thanks must go to all the sponsors and the club members who put in a lot of hard work upgrading the club facilities, such as kitchen renovations, security doors, ground maintenance and the painting as previously mentioned, it made the place look a million dollars. Thanks to all.

**Glen Durre, Publicity Officer**

# MARYBOROUGH TID BITS

Maryborough hold their Heritage City One Day Shoot, one month early (because of the Nationals), which will be 28th February 9am start. We wish all shooters off to the Nationals best of luck and good shooting.

At our AGM in November we could not find a replacement for Paul so we still have Paul doing a good job. Thanks Paul!

We have brought Ian Robertson (Spud) up to Junior Vice President to groom him for the top job. Spud also took on Captain and Allen Joblin Vice Captain. Vince Dollison took on Shoot Marshall, with Andy Wood & Stafford, Deputies. With Stafford Smith helping Dick Osborne instructing new and old shooters other Office Bearers remain the same.

I went into a department store late one evening and at the bottom of the escalator was a sign "Dogs must be carried on the escalators", a bloke looked and said "where the hell do you get a dog at this hour of the night?"

Just been in touch with Ted Turton to see how he is doing. He now has all his plaster off and is trying to lift and fit his gun, but finds it hard to close his hand on the grip, but you will make it Ted so keep trying. Ted told me there was only one other time he was in big trouble. That was when his brother and Ted were smoking in the outhouse. His mother saw smoke coming out of the roof and knew the boys were smoking, but didn't know the dunny was burning down. Luckily Ted and his brother escaped to watch it burn to the ground. I bet you didn't smoke after that Ted!

On Wednesday night after our Shoot we once again had a TV coverage thanks to Channel 7 Local News.

Thursday 26th November the bible arrived and notice of change of address to Wagga Wagga. Sorry some of our staff were not able to carry on at Wagga Wagga. Thankyou for a job well done and Welcome to ACTA at Wagga Wagga for new staff.

Also good to see Queensland second in membership of ACTA.

Before I took the writing up of score cards Harry and Myself spent time picking up unbroken clays after the shoot (The last few years I have not been able to help with picking up clays), as the last event in November was Double Rise I was able to help pick up some and I saw the percentage of clays with one or two holes in them but did not break the clays. I don't remember seeing so many, years ago. Is the Clay Target getting harder to break?. I suppose if you miss your target with the full shot you can't expect to break it with one or two pellets.

Once upon a time there was this happy couple working hard in the garden Saturday afternoon, when this big storm came up and forced them inside. They decided to watch the golf on tele. He made a cup of tea, but as they sipped and watched the lightning was some concern. So, wife decided to switch TV off at the wall. With cup and saucer in hand she leant over the TV. The cup with tea slipped off the saucer and tea went in to the TV. Golf turned to swimming, then fireworks and wife looking at husband said "haven't you got a sense of humour?"

## BUNDABERG CHRISTMAS SHOOT 6-12-98.

A Bundy Shooter got life at the AGM for many years behind the bar. Being a cane farmer he always pushed his favourite drink Rum and Rum. Congratulations to Spencer Plath now a Life Member.

At the AGM with big wages nobody gave up their job, so all the same at Bundy with the inclusion of Brian Charteris on the committee.

Visitors Neil Berry, Phillip Warren, Ryan Howie, Frank Robinson and from Maryborough Stafford Smith, Peter Pagliarino and Yours Truly.

Welcome to new shooter Bill Hanenburg last shooting at Norfolk Island. Hope you enjoy shooting at Bundy.

To be a Lady Visitor or Shooter to Bundy you have to like the

company of one or more frogs that have made their home in the Ladies. I can't understand frogs with better places to live and they choose to live in a pedestal. Of course it may be the view.

A good turn up at the Shoot with Hams 1st, Meat Tray 2nd and Christmas Goodies 3rd and 4th, with no shooter to win more than one ham. All events 15 targets with four winners in all grades. I will give ham winners - EVENT: DB PTS 16M: AA: R Rehbein, A: K Rehbein, B: R Dick, C: R Jensen; EVENT 2:SB 16M: AA: N Barry, A: G Serciacom, B: B Fluro, C: L Bray; EVENT 3: DB 16M: AA: S Smith, A: T Gardiner, B: K Palmer, C: S Plath; EVENT 4: Graded H/C: AA: P Winzen, A: B Peterson, B: J Smith, C: H Hartfiel. The leg ham raffle won by Gail Bray. The 1998 yearly trophy's Trap, Skeet and Club Champion: Rob Rehbein, F/M Champion: Jarrad Smith; AA Grade Highgun 1998: Rob Rehbein, A Grade Highgun 1998: Kaye Rehbein, B Grade Highgun 1998: Keith Palmer and C Grade Highgun 1998: Jarrad Smith Jnr.

Bundy Shoot as per usual 1st Sunday, 7th February. Check with H Kaye as I haven't got a program as yet.

Bundaberg Shooters went to Gladstone on their 2 day shoot in Nov with Brian Fourro winning overall in Points Championship and Peter Winzen taking AA in same event. In Single Barrel Championship Gino Sergiacomi took AA while Spencer Plath took C Grade and Rob Rehbein took 2nd in Double Barrel Championship.

## GYMPIE 13-12-98

Well no news of the shoot but they turned Bill Stolberg and Glen Durre into Life Members. It seems 1998 was the year for Life Members. Congratulations.

## MARYBOROUGH CHRISTMAS SHOOT 20-12-98

The Shoot hadn't started when we had Brook and Jud turn up in a Channel 7 new wagon. As it was a Christmas Shoot it was the type of Shoot that there is no heros, but we will take TV coverage any time.

While writing the Shoot Sunday night for TV and Local Paper, Chris Pace, news reader for TV (7) local news and Radio 4mb gave me a ring for news of the shoot. So this morning we had a radio coverage with the main topic of 1998 annual highguns, which were: O/A: Paul Anderson, A: Ian Robertson, B: Norm Dale and C: Vince Dollisson who just had a spell in Hospital. Hope you have a quick recovery Vince.

We held our Club Dinner December 10th with good turn up and a great night.

Thanks to Holly in Office as Christmas Shoots can be a bit different, as no shooter to win 2 hams. Also thanks to Shoot Marshalls and Ladies in the Kitchen Heather, Helen and Kay.

Visitors to the Shoot and nice to see Margaret and Chris Harrison now in Caboolture. Pleased to meet Susan Walker in company with Craig Smith, and Phillip Warren (Brisbane) with John Park, Spencer Plath, Gino Sergiacomi, Bruce Walker and Kaye and Rob Rehbein (Bundy), Irvine and Rose Wynyard and Neil Berry (TLGC), Tod Vidler and we didn't let a tree fall on your car Tod, not like another Club (Kingaroy). Glen Durre (Gympie), Carl and Frank Robinson (Munduberra) and local Craig Schonrock. Nice to meet Paul Spargo and his wife from Dalby (great to meet you both, come again).

The raffles, Tom & Molly took the whisky, Peter and Kay Shaw the Rum, Peter Pags the fruit and Glen Durre the Christmas goodies.

As the program gave four prizes to each grade, being sixteen for every event there is too many to cover, so I will give Hams only:

EVENT 1: 20T DB Cont 16m: AA: I Wynyard, A: F Robinson, B: A Wood, C: S Plath.

EVENT 2: 20T S/B Cont 11m: AA: I Robertson, A: P Warren, B: J Park, C: C Schonrock.

EVENT 3: 20T DB PTS Cont 18m: AA: N Berry, A: G Sergiacomi, B: D Osborne, C: C Osborne.

EVENT 4: 20T SB Cont H/C 1 extra metre: 1st P Anderson, 2nd A Joblin, 3rd F Robinson, 4th W Burke, 5th I Wynyard.

So another year comes to an end with Clay Shooting getting stronger and stronger. Just got a fax from USA. Mrs Clinton told Bill to go back to the Sax and stop playing around with the "Ar-Monica".

Good shooting to all till next time. See you at the shoots.

*Lost Bird*

# National Skeet Championships - 1998

Western Australian Clay Target Club was the host Club for the 1998 Skeet Nationals. Mrs Christine Alexander and her band of workers had done an excellent job in preparing the grounds. Mr Arthur Marshall, MLA representing the Premier of WA was invited to officially open the Nationals. He did so with the assistance of National Director of Coaching Mr Murray Alexander and smoked the clay with his opening shot.

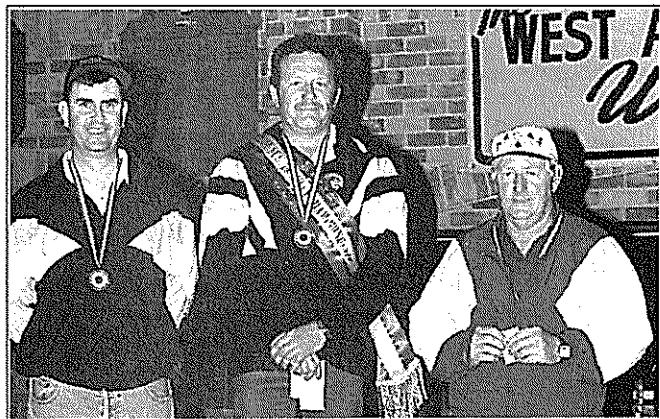

*Overall High Gun winner Ray Everett from New Zealand*

**Veterans:** The Western Australian team of Frank Ward, Scotty Gibson and Frank Bombara won this event with a score of 70/75 from Victoria who shot 66/75.

## ALL STATES SKEET CHAMPIONSHIP:

The first event of the carnival saw 122 competitors vying for the overall trophy. It seemed appropriate that a Western Australian won the opening event. Max Pedri, WAGC, was successful in winning this event with a score of 101/101 from Scott Wright,

*All States Skeet Champion Max Pedri, WAGC with Scott Wright and Max Barton*

## STATE TEAMS MATCH:

**Open:** Victoria won this hotly contested event amongst the States after a shoot off against New South Wales. ## RISK MANAGEMENT IN SPORT

### INTRODUCTION

This Sports Update examines what risk management is and how it can be applied to your organisation and activities.

Risk management is a procedure to reduce potential liability. It is a pro-active system which attempts to address potential problem areas before they actually lead to reactively defending legal proceedings. The aim is a safer environment and "legally safer" operational procedures. Education of all people involved, their acceptance of the importance of risk, and open communication of ideas is vital to a risk management plan's success.

The following are only general guidelines, and in all cases a risk management plan must be specific to the particular sport, facility or program.

### COACHES

Coaches are in a position of expertise and knowledge, and have duties to properly instruct, supervise and to warn. Coaches should:

Properly supervise activities (additional care may be necessary where a participant is young, inexperienced, or known to be awkward, aggressive or easily fatigued);

Properly instruct (including demonstration) on techniques of the sport;

Evenly match opponents;

Teach the rules of the sport especially those necessary for safety;

Give appropriate warnings on the risk of particular activities. (This is important for the young or inexperienced);

Teach any activity which requires an increase in skill levels, strength, or conditioning progressively;

Never encourage an injured athlete to continue playing;

Ensure injured athletes get medical treatment as soon as possible;

Discourage violent actions (inform participants that actions on-field can lead to civil action off field);

Ensure that counselling and information is available on the dangers of drug use;

Keep themselves up to date with current practice in their sport;

Keep records of their instruction and training techniques.

### REFEREES

A new area of potential legal liability relates to referees' performance of their functions. In implementing risk management, umpires should:

Uphold the rules of the game;

"Send Off" violent players;

Ensure that if the rules require safety equipment such as mouth guards or head gear that they are used;

Enforce rules designed to stop dangerous play and infectious diseases.

### FACILITIES AND GROUNDS CONTROL

A person or entity with control of premises or grounds is responsible for ensuring that such venues are safe. Some measures that can be taken are:

If involved in the design of sports facilities, ensure safety is considered;

Building, facility and equipment inspection plans (eg: checking sports areas are safe by means of padding, correct surfaces, and proper lighting);

Roofing should be repaired to prevent leaks which could cause someone to slip;

## ACTA NATIONAL SWEEPSTAKES SERIES

### RESULTS: ROUND 3/98

**AA GRADE:** Max Medhurst, Peter Simon, Tom Graham, Kim Nealon, Gary Rootes, Geoff Lancaster, Robert Thompson, Ian Merrick, Lyn Curtis  
*All Shot 150/150 for \$106.00 each*

**A GRADE:** Joe Caltabiano and Clint Shields both shot 150/150 for \$149.85 each, Garry Kennerson shot 148/150 for \$33.30

**B GRADE:** Alan Keevers shot 143/150 for \$102.60, Trevor Evans shot 142/150 for \$51.30 and Len Glover shot 141/150 for \$17.10

**C GRADE:** Simon Tigani shot 144/150 for \$43.20, Brendan Corboy shot 143/150 for \$21.60 and Robert Roberts shot 141/150 for \$7.20

## CONGRATULATIONS!

Seating must be checked to ensure safe - eg: no sharp edges;  
If an organisation owns or leases a facility or premises and some other organisation wants to use that facility, ensure a facility use agreement imposing safety and insurance obligations on the user is in place;

If in control of dangerous facilities (eg: swimming pool), ensure there is adequate security preventing entry when there is no supervision;

Ensure security plans are in place particularly in sports where the crowd may have a tendency for unruly or violent behaviour;  
Consider the safety of spectators through the use of protective barriers (eg: car racing) and screens;

Warnings must be visible and specific. (Consider signs in languages other than English).

#### **EQUIPMENT**

Equipment must be properly assembled and maintained;  
Implement a regular system for inspection of sports equipment. Records should be kept when inspected and by whom;  
Make sure equipment warranties are satisfied;  
Ensure major repairs are carried out by the relevant experts;  
Consider the layout of equipment carefully;  
Users should be instructed on the correct way to use equipment.

#### **PLAYING SURFACES**

Ensure that the playing surfaces are of the correct type for the relevant sport, and such surfaces are properly installed;  
Playing surfaces should be regularly checked for potential hazards that could cause injury (eg: broken glass, sprinkler heads) and remove the hazard before play is permitted. This obligation to remove dangers also applies to other areas.

#### **MISCELLANEOUS**

A sport's rules should be designed with safety in mind, particularly to safety equipment;

General supervision plans should be effected and tested;  
Medical staff be on hand at events or be available if required. In sports facilities numbers for ambulance, hospital and nearby available doctors should be detailed near telephones for easy reference;

Transport plans supervised and safe transport may be required where sports teams are involved;

Infectious diseases policies (eg "blood bin") should be developed. First aid kits should always contain surgical gloves for use when handling bleeding people;

A doping (or drugs) policy should be implemented. An insurance policy may exclude a claim relating to the use of non-medically prescribed drugs. If a coach or organisation is sued for providing steroids to an athlete they will have to pay any damages awarded themselves;

React promptly to the cause of an accident. Accident reports should be made, including details of the people involved, witnesses and what action was taken afterwards to correct the situation (if possible). Whenever an accident occurs inform your insurance company or broker (this may be required by your policy);

Educate and train staff to perform their roles effectively and safely (may include resuscitation and general first aid courses). Also keep up to date with industry advances by attending seminars and training programs;

Develop checklists for maintenance routines (equipment, grounds and facility). It is not enough however just to set up a checklist it must be implemented.

#### **RISK MANAGEMENT AND ADMINISTRATORS**

Committee members and administrators of sporting organisations owe certain legal duties to the organisation and its members. These duties are similar to those owed by company directors. Those duties require them to act competently, honestly, in good faith and in what they consider to be the best interests of the organisation. If they fail any of those duties, they may be liable to compensate members of the organisation

or third parties who suffer loss as a result of that failure. In terms of their management of an organisation administrators should ensure that:

Their organisation is incorporated under the relevant Associations Incorporated Act if an association, or the Corporations Law if a company;

Compliance with all legislative requirements (eg: reporting, lodging and accounting requirements);

The constitution is clearly drafted with clear purposes. If safety is a purpose of the organisation it should be expressly stated in the rules;

The constitution is regularly reviewed and if necessary amended to ensure the constitution evolves with the activities of the organisation or external developments which may affect the organisation;

The Committee is fully and regularly informed, by written report if necessary, of the activities of the organisation (and so can make formal decisions);

The working environment for employees is safe (OH&S requirements are met);

They recognise and respond to concerns about the impact of the organisation's activities on participants, members, the organisation itself, the public and the sport, for example, discrimination, infectious diseases, pregnancy, smoking or doping policies; Insurance is appropriate to the organisation's activities and current and that the insurer's requirements regarding notification of potential claims are met.

This list is not exhaustive and is intended only to provide examples for administrators.

#### **CONCLUSION**

While the law now affects the conduct of sports greater than ever before, don't see this as a negative, but as a positive reason to take the initiative to implement safe practises and risk management programs. There can be a great sense of achievement in knowing that you are satisfying your legal, moral and ethical duties by providing good, safe and effective sporting services. It really is all about good business.

# THE HARRY NOLAN MEMORIAL ANNUAL SHOOT

On the 6th December 1998, the Forest CTC held its Annual Harry Nolan Memorial Shoot.

Harry was a life member of this Club. When the Club was reformed, after moving from Sutton Forest, he made available to us the present site on his farm in Lakesland. He also advised and assisted in the building of the clubhouse and trap layouts.

This Club owes much to Harry, and we remember him with respect and affection.

**Joey Bajada - winner P/S and Highgun Agrd 198/200 with Don Easterway.**

Harry's son John now runs the property and we are grateful to him for his continuing patronage.

In conjunction with the Harry Nolan Memorial the Club conducts a charity event for the Jennifer Eggins Cancer Foundation.

Jennifer was a lovely woman, who before her untimely death lived in Camden.

When the Foundation was formed we decided to support it and have done so every year since.

The aims of the Foundation is to provide support generally for cancer sufferers in the district.

The day dawned

**Karen Berry- one of our regular visitors, runner up C Grade.**

**Garry Rootes - Sydney CTC, winner of Harry Nolan Mem D/B C'Ship 70/70, with President- Don Easterway (L).**

overcast and with rain forecasted. We all hoped the Weather Bureau was in error.

However, the day turned out to be warm and dry, ideal shooting conditions. 70 Shooters from almost every Metropolitan Club Nominated.

Competition was keen in the first event, a 50 target D/B Point Score, with AA going to Peter Munday 161/165, A to J Bajada 148/150, B to M Dalsanto 147/150 and C to C Tsolakki 140/150.

The main event of the day the Harry Nolan Memorial D/B Championship, saw some excellent shooting and good scores recorded. This was a graded event, and sashes were presented to each grade winner.

Results - AA: Garry

Rootes 70/70, A: G Yarak 81/81, B: J Degori 52/53, C: C Tsolakki 49/50.

We would like to thank our sponsors - Winchester, Tahmoor Mowers, B & C Meats Tahmoor, Tahmoor Smash Repairs, Retravisision Camden, Southern Soft Drinks, John Tacen Chemist

Tahmoor, Len & Gail Birchall Tahmoor, Fish & Shoot Goulburn, Don Easterway, John Nolan. Without whom we would not have had such a successful day.

All in all a very good and worthwhile days shooting. A suitable presentation will be made in the near future to the Jennifer Eggins Cancer Foundation.

# CONDITIONS OF ENTRY—NATIONAL TRAP CHAMPIONSHIPS

1. In the event of any shooter not being able to produce his/her Handicap Card, a duplicate shall be issued for the duration of the National Championships. This card will then be forwarded to the Club Secretary to enable scores shot to be recorded.  
Note: A \$20 fee will be charged for the issue of any duplicate Handicap Card.
2. Squads of 6 to shoot 50 targets/75 targets in brackets of 25, one visit only to the traps. For 100 target events they shall be shot in brackets of 25 targets, two visits to the traps.
3. Shooters will be squadded as per ACTA rules and regulations and any interpretation of this will be the responsibility of the Tournament Director.
4. Each shooter is to take enough cartridges to shoot at 50 targets/75 targets. A time limit of two minutes will be imposed for the changeover for each 25 targets. Should the two minute time limit be exceeded then a penalty of the LOSS OF ONE TARGET may be incurred.
5. Shooters who fail to appear in time for their squad may forfeit their nomination and will be re-squadded towards the end of the event.
6. Should a shooter being late for his squad then elect to withdraw from the event he may not be eligible for any refund of nominations paid.
7. All shooters must sign the score sheet after each 25 targets. Once a shooter has signed his score sheet he has accepted his score and grade. Any score sheet not carrying the shooters signature will be credited with the lowest recorded.
8. Any competitor may be called upon to referee and/or score throughout the period of competition. The persons' designated to referee and score must fulfil their obligation to do so. Failure to either referee or score may incur a penalty of the LOSS OF ONE TARGET IN THE NEXT EVENT. Should a following event not be programmed then the penalty of the LOSS OF ONE TARGET may be incurred in the event concerned.
9. Shooters will be drawn from each day's last round squads to referee and score the first rounds of the following day, being ready to officiate at the advertised starting time. Shooters who fail to fulfil their responsibility may be penalised one target. While replacement referee and scorers are permissible, the penalty of a loss of one target for their failing to officiate shall be made against the officially designated person.
10. Any unauthorised shooter interfering with or attempting to interfere with the trap will be penalised FIVE (5) TARGETS.
11. All disputes must be in writing together with a \$20 deposit, which is refundable subject to the appeal being upheld.
12. All disputes and deposits must be lodged with the Tournament Director, who shall arrange a hearing with the appointed jury.
13. Optional sweep/purse nominations shall be noted on a separate form from shooting nominations. Entries for sweep/purse will only be accepted at the designated area, which shall be at a different location of the area accepting shooting event nominations.
14. Options sweep/purse prizes will be available for collection on the following day of each event with the exception of the final day. All payments must be signed for and proof of identification given if requested.
15. When team selection is involved, shooters who are eligible for the open team selection as well as section teams shall choose in which team they may be selected. They cannot compete in both Open and Section teams. To be eligible for selection in any team, competitors must have competed in a clear majority of programmed events.
16. Any eligible competitor paying nominations is entitled to receive awards in the Open section, Ladies, Junior or Veterans section, however the overall winner cannot take any section prize.  
Note: A junior female must decide which section she is to enter, (junior or ladies), she is not eligible for both.
17. A minimum of three persons must compete in any Grade or Section, including High Gun before sashes, medals trophies/and or cash are awarded, irrespective of nomination paid.
18. Nominations will close daily at 11.00am or at discretion of the Tournament Director.
19. Anyone participating in the practice of card playing at the National Championships is expected to be considerate of the requirements of others, and the presence and behaviour of the card players must not cause inconvenience or disturbance. Tournament Director to adjudicate.
20. Any interpretation of the program and conditions of entry will be the responsibility of attending members of the Executive Committee, whose decision shall be final.
21. An acceptable standard of dress is required for all competitors—Tournament Director to adjudicate.
22. Reduced Nominations: These shall apply to the second family members only. They being wives/husbands and juniors. Shooters paying reduced noms are eligible for Open as well as section prizes.  
eg (1) Father and 2 children father pays full noms whilst the 2 juniors pays 60% noms each.  
eg (12) Husband, wife and two children nominate. The Husband pays full noms with the other three paying 60% noms each.
23. *All Competitors must comply with Firearms Licensing Laws in their State of residence and in the State hosting the National Trap Championships.*

# CHRISTMAS IN THE WEST

*All the much wanted Club Members who didn't know if they were "Arthur's or Martha's".*

*Roma blond bombshell "Robina Nugent"*

Roma Clay Target Club held a successful Christmas Shoot on the 12th December with 56 Shooters attending.

An interesting story has to be told regarding this shoot. A fun day was promised and it was.

Event 3 - 10pr Deauville Triples, and to nominate for this event, the man had to wear a dress, and did we have some fashion plates. With the blond bomb shell, Robina Nugent (alias Robert Nugent) heading the field, Peter Kajewski & Mark Nicholls, alias Lavern & Shirley, Kevin Jarrick and David Hannah, the Beach Girls, the afternoon was certainly entertaining.

Kevin Jarrick, dressed in womens togs, was voted sexiest legs and will audition for "Baywatch". The macho Award went to Veronika Forsyth complete in overalls and hard hat.

They say it is the "silly season" and being the last shoot for the year, everyone really enjoyed themselves and let their hair down (as the saying goes).

Brian made a short emotional speech on acceptance of the perpetual trophy, telling us a few short stories about his good mate Peter. By the time Brian finished there wasn't a dry eye in the house.

Brian gets to keep a replica of the Peter Abela Gold Cup which is on display at the Horsley Park Gun Shop, and I am sure will be hotly contested for in the coming years.

This beautiful trophy was graciously donated by Joa Abela and her family, thank you Joan, Peter will remain strong in our memory for many many years.

A very special thanks must go to Geoff and Janenne Kidd, Geoff for his great job as Shoot Marshall. Geoff handles this job with no problems, all 6 foot 4 and 18 stone of him (nobody argues), and Janenne for her organisation of trophies and the trophy table. Nobody does it better!

Mal and Carol Tilley (sponsorship of Bay City Target) and also the excellent help from Carol in the Office.

Peter Auditore on the Score Board, filled in for his brother Chet who was badly hurt in a work related accident the week before the Shoot. Get well soon Chet.

The rest of our sponsors, Chris Davenport, John Crompton, Gus & Richard Yarak, Gary & Karen Kennerson, and last but not least the Shooters themselves. Blokes like Mick (what's your bloody name again) Shields and Kevin Walton all the way from Warren Gun Club, two bigger bullshitters you would never meet but nice fella's all the same. Speaking of Warren Club they hold the second best shoot of the year in March (we just held the best) why not make the trip and meet these pair of "BULLSHITTERS"

One last thanks to Pam Trew in the Office and Di Bonno in the Canteen. These two girls are the backbone of our existence.

Until next year!!!!!!

### EDWIN FREDERICK SINCLAIR

It is with regret that the members of the Townsville Gun Club advise the recent passing of Ted Sinclair on 10th December.

Ted joined the Club in 1955, and in the early years was a well known duck hunter. He had a great love of dogs, and always had the best trained dog on the swamp.

Ted was made a Life Member of the Club in 1995, and was a resident caretaker there for many years. He will be well remembered as the Club's chief breakfast cook at Major Shoots. As Club Coach, he always made himself available to coach shooters young and old.

He will be sadly missed by members and friends.

*Townsville Gun Club.*

### JOHN (J W) WITHERS

It is with deep regret and sadness that I write about the sudden death of John Withers (J W to his friends).

I first met John 18 years ago and since that period of time I could not have wanted a better mate.

He joined the Brisbane Gun Club where he shot Trap and Skeet representing his Club, his zone, his State and his Country.

John was on the Committee for some years where his help only had to be asked.

When Brisbane held the Nationals, J W would be there with his chainsaw, whipper snipper and axe into working bees.

J W was gifted with a retentive mind. He was without doubt one of the most knowledgeable men I ever had the privilege to know.

At his service John's coffin was draped with his Country's flag and taps played on remembrance of his service in Vietnam.

To his wife Sue and Children Timothy, Samantha, Barbara and BJ go out our deepest sympathies.

To the people that knew him my very words could not be enough.

To the Shooters that never had the opportunity to meet him, you really missed a great experience.

# CUZZO'S RAMBLINGS FEBRUARY 1999

Midway through last year I wrote an article on Shooting Stance and Gun Mount. Around the same time I did a couple of Coaching Weekends for the NSWCTA for their State Trap and State Skeet Teams. The article and its content seemed to be of considerable interest to most of the shooters who attended those seminars and on both occasions led to questions regarding my views on foot positions for the various lanes and stations. As with all the other individual facets of Clay Target Shooting I have considered that problem, researched it, analyzed it, and formed my own theory as to the best method of addressing it. This month I am going to expound on that theory and its conception.

When I first started to get serious about Clay Target Shooting in general, and Skeet Shooting in particular, it soon became apparent to me that setting up the angle of the body, in relation to where the shot was fired, was one of the several basic foundations of consistent good shooting. The establishment of this angle is controlled by foot placement, so I began an in-depth study into this area and quickly found it to be a veritable Pandora's Box. Inconsistency and contradiction appeared to be the order of the day.

At that time formal coaching was almost unheard-of in this country and the top shooters seemed to consider their skills to be some sort of black art which was shrouded in a veil of secrecy. Worse still was the existence of a type of macho image which dictated that real men just know how to shoot and so apart from total novices, anyone asking for advice would be admitting weakness and actually taking a shooting lesson would be cause for major embarrassment. The only real avenues of assistance available at that time were a number of books, mostly originating from the United States written by various professional shooters in the employ of firearms and ammunition companies.

Two that spring to mind immediately are Fred Missildine and D Lee Braun. In hindsight I now realize that Missildine was a swing-thru shooter. This fact, combined with my extremely limited natural ability and my total lack of a basic grasp of that concept, is why I found his book somewhat confusing and have only been able to appreciate it fully in later years as my ignorance slowly diminished. Lee Braun however was a sustained lead exponent and thus his writings were immediately of enormous assistance to me and I consider his book to be a timeless classic, well worth reading even today.

Anyway in the process of my research I encountered numerous different methods of specifying correct foot position. The three most popular of these methods were:

- 1) Little black feet diagrams for each station.
- 2) Toe line diagrams for each station.
- 3) Belly button pointed at the low house.

After trying and evaluating each of these methods, I decided that

none of them contained all of the desirable features that such a method should provide. The belly button method always appealed to me, mainly because of its simplicity, additionally because of its adaptability to left-handers (who could simply point their belly button at the high house), but also, strangely enough, because of its non-dependency upon the positioning of the feet. This meant that people with radical foot/body relationships could not unknowingly be misled by it, and that people who intentionally used a radical stance could use it without any adaptation. However, although this method has numerous virtues, it fails in its primary objective because it just won't work all the time. On most targets it feels OK, on others it seems somewhat awkward, and on some it just won't work at all.

The next most applicable method seemed to be toe-lines. Although obviously much more complicated, due to a multitude of lines and angles which needed memorizing, and clearly lacking some of the belly button method's virtues, it at least seemed as though theoretically it would work on all stations. Practical experience soon showed that this method had several shortcomings. The worst of these was its ability to misalign people who used any stance other than the one used by the line drawer. This left me with the little black feet diagrams, and although this method totally eliminated the potential misalignment associated with toe lines, it is undoubtedly the most complicated of all the methods, comprising numerous hard-to-remember diagrams. It also shares with toe lines the lack of easy adaptation for left handers and the necessity for blind faith in the fact that the diagram drawer actually knew what he was doing, due to a lack of any supporting theory or logic.

Clearly what was needed was a generalized method which incorporated all the virtues of the existing methods but lacked any of their shortcomings. Rather than continue to evaluate, criticize and modify previously suggested methods, I decided to compile a list of desirable features and then either devise a new method or amalgamate several existing methods in an effort to attain the optimum method. The mandatory features included:

- 1) To be simple and easy to remember and implement.
- 2) To be applicable on all stations at all times.
- 3) To inspire confidence by virtue of supporting logic.
- 4) To be immune to incorrect foot/body relationships.
- 5) To be easily adaptable to left handers.

After much trial and error I devised a method which utilizes one black foot diagram, incorporates one toe line angle, and borrows from the logic of the belly button method, thus encompassing several of its other virtues.

The first and most important thing to understand about foot position is that the exact placement of the feet is not the primary purpose of the exercise. That purpose is to position the body at a particular angle to the shooting area, and specifying the placement and relative positioning of the feet is the most convenient way to achieve that end. Therefore to consistently attain the correct body angle, the first thing we need to do is provide a fixed relationship between the body axis line and a suitable foot placement which will provide adequate comfort, balance and stability. Practical experience has shown that spacing the feet apart at about shoulder width, side by side and with both feet angling out at any comfortable angle provided they are equally angled will provide this situation. Thus we now have our one and only black foot diagram. A practical advantage of this simple foot placement is that a line drawn across the toes is parallel to the body axis line (the line formed by extending both arms out horizontally to each side of the body).

All that remains now is to establish the optimum angle between the body axis line and the shooting area (target break point), and we will have our one and only toe line angle. I derived this angle by two different methods, which fortunately provided almost identical results. From the theoretical aspect I measured how far the average person can swing a gun both left and right, and then found the center of these two extremities. Logically this mid-point

should be the angle of maximum comfort and zero tension in the arc of the swing. Aligning this angle with the target break point should provide the best chance for a smooth unchecked swing from the hold point, through the target break point and into the follow through zone.

From the practical aspect I simply studied most of the top shooters in action and observed the angle between their body axis line and their target break point, regardless of how or where their feet were positioned. Although this provided some interesting anomalies between the various shooters, and in some cases between stations for individual shooters, the median point still usually came out very similar to the theoretical value calculated above. That angle turns out to be 60 degrees from the direction the body faces and correspondingly 30 degrees offset from the toe line of the black foot diagram and/or the body axis line.

Thus we now have a foot placement method which fulfills the five desirable criteria listed above:

- 1) Decide on the point where you intend to break the target (median point if it is variable).
- 2) Adopt the foot placement as per the black foot diagram and place your toes on an imaginary line extending from yourself to the target break point.
- 3) Offset your toe line 30 degrees from the line to the target break point by moving your front foot back about six inches. (right-handers stand to the left of the line and move their left foot back and conversely, left-handers stand to the right of the line and move their right foot back)

The by-products of the simplicity and generality of this method are that it is flexible, adaptable and has several other additional and incidental advantages and applications. Some of these are:

- 1) If you find that either a more square or a more angular stance seems more comfortable to you, then you can simply increase or decrease the angle provided you use a constant angle for all shots.
- 2) If you wish to use a foot placement other than the one stipulated in the black foot diagram, then simply alter the angle by whatever angle this foot placement causes your toe line to vary from parallel to your body axis line.
- 3) If you wish to use a radical foot placement, or a variable foot placement, or even choose to ignore your foot placement, then simply offset your body axis line from the direction of your anticipated target break point.
- 4) As your ability level changes and your target break points move back earlier on the flight line, your foot position and body angle adjusts automatically to compensate for these changes.
- 5) As this method is not materially tied to a skeet field in any way, it can be taken with you to a trap-shooting field, a sporting-clays range, or even used in a hunting application. (For trap shooting the median target break point is always a point about halfway between the traphouse and the central distance marker)

Now, to change the subject. Several months ago I wrote an article on the merits of fixed dates for major shooting events. Therefore I am pleased to advise that the ACTA have tentatively returned the Skeet Nationals to November #3 (the third weekend in November) for this year and hopefully for good. NSW have returned their State skeet shoot permanently to August #2 after last years unfortunate reshuffle and have decided to expand their official program to three days. QLD are adamant that their skeet shoot will never move from September #3 and that their program will remain at three days. SA were very happy with their move to May #3 last year, which put their skeet shoot on a long weekend and allowed them to run a three-day carnival and I believe this is now a permanent fixture. TAS are moving their skeet to June #2 this year in order to be able to run a three-day shoot and envisage both changes being permanent.

Although VIC have reconfirmed May #1 for this year's State Skeet shoot, unfortunately there is talk that last year's much bereaved program reduction from three days to two days may carry over. As the once undisputed Skeet stronghold in Australia and the original innovators of the three-day Skeet Carnival it saddens me to

see us slip back even further. Hopefully a re-evaluation of this situation may occur before the program is advertised. I know that State AGMs need to be held at the State Trapshoot, but I wish the VCTA would follow the example of both NSW and QLD and have the State President and Secretary convene an informal meeting with the shooters at the State Skeet Carnival each year to gain some insight into what the shooters really like and/or want.

On a brighter note it seems that the adoption of our National Shooting Ground has been brought forward six months. 1999 was supposed to be the last year of the Rotational Venue System but apparently this year's Skeet Nationals have been reallocated to Wagga. Also I'm told that the NSWCTA have recently made Wagga their permanent State Shooting Ground. All these things can only make our National Shooting Ground bigger and better sooner and I congratulate all those involved in the making of these decisions.

This Month's Shooting Trivia Question: How many women have won a silver or gold Australia Badge in Open competition? Mail your answer to: Shooting Trivia, P.O. Box 265, Bairnsdale 3875 to arrive by 20-03-99. A winner will be drawn from the correct answers who shall be advised by phone that they have won a free entry to the National Single Barrel Championship in Roma later that month. The correct answer to December's STQ is: The longest run of National Trap High Gun winners to all come from the same state is seven, when shooters from Victoria won the event from 1991 to 1997. (This feat was undoubtedly assisted by Billy Iles who won the event four times in that period) The winner of a free entry to the National Handicap this year is Stephen Atkins of Tongala in Victoria (who incidentally was not only one of the winners in that long run record but is also a multiple winner of the event). Congratulations Stephen. If you have an interesting trivia question for me to publish, or an interesting subject you would like discussed in this column, please forward it to me at the above address.

## COLAC GUN CLUB

**BONLAC FOODS & DAIRY FARMERS  
SPONSORED SHOOT**

On the 14th March (next month) the Colac Gun Club will be conducting two 50 TGT events with sponsorship forthcoming from Bonlac Foods Limited for the 50 TGT Point Score Event.

The overall winners name will be placed on a shield that has been made from a burl of Murray River red gum and has been kindly donated to the Club by Kevin Wright, from Ballarat.

The second event will be the 50 TGT Double Barrel known as the "Cow Cockies Cup" and was shot for the first time last year with Tony Bradshaw being the inaugural winner.

The cup itself is a scale model of a twelve gallon milk can made from stainless steel by Colac Engineer Harry Swan.

The event will be sponsored by three dairy farmer members of the Colac Gun Club namely Peter McDonald, Bernie Fleming and Peter Clifford.

A feature of the day will be the appearance of Olympic Gold Medalist Russell Mark and team member Steve Haberman, Russell has indicated that he is only too willing to lend his support because of Bonlac Foods involvement with the Sydney 2000 Olympics.

These two 50 TGT events will give those shooters going to the Nationals at Roma, Qld, a very good opportunity to get some practise in before heading North.

The program will be advised in the March journal and any shooters that may choose to come to Colac on the day we can guarantee a great day with top trophies.

It is the intention of the Club to conduct these events on an annual basis and it will be simply known as the "Cow Cockies Day"

# MILDURA CLAY TARGET CLUB INC *By Laurie Connors*

Mildura Clay Target Club Inc finished the year 1998 on a high note, even though new regulations for registration being implemented for all Clubs in Victoria, will cause some concern.

It will be necessary for the Club to apply to its landlords for extra land to cater for shot fallout areas. The costs may run into some \$2000.00 or more, however it will be well worth the expense as it will consolidate

pionships each year at a minimum cost.

Another highlight of the Club's year is the contest for "TOP GUN". This event requires competitors to shoot 25 targets over all disciplines, ie: Olympic Trap, Tower, TL, Skeet and ACTA Sporting Clays, 125 Targets in all. The event was instigated in 1994 and is keenly contested, giving shooters an opportunity to test their skills in all disciplines.

The overall trophy which carries the names of winners each year was

the club at its site for many years to come. Being only a 10 minute run to the Club from Mildura Shopping Centre makes its position easily attendable by Club Members to use the facility, other than the normal shoot programs. Once the boundaries are set a planting of fast growing trees to eliminate the possibility of noise pollution will be a wise move.

Mildura Gun Club, established in 1953 is fortunate to be situated close to the Murray River, in a bush setting and yet only 10 minutes from the centre of a fast developing Country City.

One of the Clubs major programs each year is Firearms Education within our Schools. This program has been extremely successful over the last 3 years with North Star Mildura Motors. Gordon and Lorraine Colman (proprietors), being one of the major sponsors behind the project.

Students are given the opportunity to receive training and firearms education and attend the Winchester Schoolboy/Girl Cham-

donated by Larry Dimasi. Larry won the TOP GUN honours back to back in 1994/95, scoring 117/125 on both occasions. Gus Clarkson in 1996 with 118/125. Don Molina 1997 winner also has the honours of a back to back win scoring 122/125 to again be Top Gun for 1998.

The social facilities which continue to be well used at the Club were put to good use when an evening was organised to honour and present Ralph Dellar with Life Membership. The presentation was kept as a surprise to Ralph, however his personal contribution to the development and well being of Mildura Gun Club over many years, makes him a very worthy recipient of this honour.

Club management takes this opportunity to thank all shooters who

attended the Club during 1998 and those who assisted in running the Club in general throughout the year.

They also extend special thanks to all sponsors for their continued support, it is greatly appreciated.

The first major shoot for 1999 will be the Easter Carnival where a good program of shooting, trophies and social entertainment will be available to all who attend.

The Club looks forward to once again meeting up with regular visitors and extend an invitation to all shooters and families to pay the Club a visit and enjoy good shooting and country hospitality.

# BOORT CLAY TARGET CLUB

The Boort Clay Target Club held the final Ken "Nugget" Burton Memorial Shoot on the 24th October 1998 in blistery conditions. Of the 24 shooters from South Australia, New South Wales and Victoria, many travelled great distances to compete in this final shoot. With weather conditions less than ideal, competition was fierce. The third squad of competition saw the first scores over the 100, with Steve Atkins 106, Bill Isles 105 and John Whittakers 106. These shooters

were to have a tense wait knowing past winners Roger Duthie and Max Medlehurst were in the last squad. Roger soon put paid to the event with a score of 108. Max coming in with 102. This winning score was lower than past years, but good enough on the day to win out right.

All results of the Ken "Nugget" Burton Memorial 60Pr Double rise Graded Championship are as follows:

O/A & AA: R Duthie 108/120 (Morella), AA: 1st S Atkins 125/140 (Tongala), 2nd J Whittakers (Deniliquin); A: 1st B Waldron 98/120 (Echuca), 2nd A Cole 90/120 (Katunga); B:

1st D Pay 94/130 (Kerang), 2nd G Passalacqua 90/130 (Castlemaine); C: D Horsfall 79/120 (St. Arnaud), 2nd D Petrie (St. Arnaud); LAD: M Lavers 77/120 (Echuca); JUN: B Saunders 85/120 (Boort).

A Shoot-off between the past 5 years winners, for the perpetual cup and a \$200 trophy followed. As Roger Duthie (3 year winner) and Max Medhurst (2 year winner) were the only competitors, all in attendance watched the Shoot-off in anticipation. The Shoot-off was to be shot in lots of 10 pairs. After the first 10 pair, Roger was the only one with a perfect score.

Faye Burton presented the sashes and trophies to the winners and the perpetual cup and trophy to Roger.

In response Roger said he was very pleased to have taken out the final. He said of his perfect score in the Shoot-off, "I did it for Ken".

Other results of the day and night events are in the results section of this magazine.

# HERMIDALE GUN CLUB

On Saturday and Sunday October 24th and 25th, Hermidale Gun Club held a very successful 19th Anniversary Shoot.

This year we had a major sponsor Straits Resources Ltd. Their support to our Club was greatly appreciated.

Mark McInnis - (Narrabri) High Gun Winner at the 19th Anniversary Shoot at Hermidale Gun Club.

Shooters travelled from Tottenham, Cobar, Dubbo, Broken Hill, Wilcannia, Cessnock, Victoria, Sydney and Narrabri.

The Highgun a copper wall plaque went to a shooter Mark McInnis from Narrabri.

The weather was fine and warm, excellent conditions for shooting.

Thanks must go out to all who made this shoot a success for 1998.

Thanks to all the people who donated sashes and other trophies.
