National President's Notes

John H. Byrnes

ISSF NATIONALS

This year's ISSF Nationals will be conducted at the Cecil Park Gun Club from September 15th to September 22nd.

It would be great to see a good attendance to support these Championships. For many shooters it may be the first opportunity that they have had to compete on the Olympic facility. Everyone who has competed there speak in glowing terms about the facility, why not come along and find out for yourselves.

STATE CARNIVALS

In August and September we have a huge choice of State Carnivals that we can attend. In ISSF shooting there are 5 State Carnivals leading up to the Nationals in mid September. This feast of shooting should allow all ISSF shooters plenty of opportunity to build on their performances.

In skeet we also have 3 State Carnivals being held over the next 2 months. These will also prove to be a great opportunity prior to the National Skeet titles in November.

EXECUTIVE MEETING

In mid July the National Executive will be meeting for 4 days to discuss ACTA business. This is our major meeting for the year and sets out directions for the next year. We will publish a summary of the major points to emerge from the meeting in the near future.

ACTA NATIONAL

The 8th National Sporting Clays were held at the ACTA National Ground in Wagga Wagga on the 19th and 20th May. Participation at this years Nationals was slightly down on last year and visitors were attracted from as far away as Western Australia. Members from the ACTA, SSAA and Field & Game were all represented at these Nationals.

AA grade from left: Peter Muntz and David Cunningham.

The format at this years Sporting Clays Nationals was unchanged from the previous year with the ACTA Sporting Clays Championship being conducted on the Saturday and the Commonwealth Sporting Clays Championship being conducted on the Sunday. The National Sporting Clays Champion was again to be decided over both days.

Saturday saw 46 competitors contest the ACTA Sporting Clays Championship on a glorious warm autumn day. The overall winner of this event was Soc Pilipasidis with a score of 95/100. The grade

NSW JUNIOR DEVELOPMENT CAMP TRAP AND SKEET

Seventeen teenagers, including five girls, traveled to Lake Macquarie from all over NSW to attend the NSWCTA annual Junior Development Camp in DTL and Skeet, hosted by Newcastle Lake Macquarie Target Club from 11 to 13 May.

Club President Ross McLean, his family and a dedicated group of club members provided facilities and kept hunger at bay over the 2 and a half days of the camp. The club is to be congratulated for their efforts, especially as they also hosted a major 5 stand championship shoot the same weekend.

The juniors, coaches Robyn Faber and Pud Burgess, and some brave parents camped at the NSW Dept of Sport and Recreation Myuna Bay facility only a few km down the road from the club.

Work started on the evening of 11th, after a delicious BBQ

meal supervised by 'den mother' Marie Field, with the juniors deciding on their goals for the weekend and the year ahead. Next morning, after important discussions on nutrition, vision, stretching and fitness, the group proceeded to the club where all shooters patterned their guns. Three of the juniors had attended the camp in 2000 and it was interesting to see the improvement they had achieved in gun fit and mount since patterning their guns previously.

Then to shooting.

Half of the group were keen to learn or improve their skeet so this was the first practical session, followed by all shooters (including the 'dedicated' skeeties) having their routines analysed at DTL. After a healthy lunch, back to the DTL traps for work on those routines, and individual self-assessment.

Evening saw the group sit down with the coaches to discuss their routines and develop their own plans for the coming year.

After discussions on how to improve competition performance, it was back to the traps the following morning to shoot more targets and keep working on the routines.

Nearly all the juniors improved their consistency, with one 'skeetie' shooting his first 25 break, and a number of the DTL shooters increasing their single barrel scores.

In between all this hard work, the juniors played touch footie and volleyball, even in pitch darkness, and were the last to go to sleep at night. Their energy was endless! Everyone had a good time; the weather was perfect; the parents who helped at the camp were a great support; and the coaches were pleased with the progress made by the juniors.

Thankyou to everyone who helped, and hope to meet up with you all again at the next camp.

Robyn Faber, Level 3 Coach

Letter to the Editor

ACTA CREDIBILITY, LOST OR JUST MISPLACED?

During my time as a member of the ACTA Management and Executive Committee, the majority of the Executive had little experience or time for what was then know as ISU shooting which was considered to be too hard.

One even went so far as to state that the ACTA should move to downgrade the importance of ISU shooting as it was detracting from the more favoured traditional DTL shooting. What an error judgement that turned out to be.

The majority of international teams and team officials representing Australia prior to today's unprecedented success of our shooters were partially self funded. Putting their hands into their own pockets to encourage and support the growth of the sport at its highest level, the sport is now seeing the benefits of their efforts and the personal sacrifice and cost which went hand in glove with their support.

HOW TIMES HAVE CHANGED. Now it appears most of the Executive have jumped on to the bandwagon. For one who appears to have discretionary rights concerning the composition of international teams, managers, coaches and judges, travelling the world at the sports expense appears to be his sole right.

HAS THE ACTA MISPLACED ITS CREDIBILITY? What about the old fashioned idea of a fair go for all. Why can't the ACTA revert back to the tried and true method that used to and should apply for the appointment of managers and coaches for overseas teams? This was achieved by calling for expressions of interest in the CTSN. In doing so why not include judges for international events, all of which would go a long way to broadening our base of experienced personnel.

More than a little transparency is called for to do away with the closed shop attitude that currently prevails and the chance for the decision makers to exclude certain individuals from any consideration at all without having to answer for their decisions.

TEAM PERSONAL. Through the CTSN I am asking the ACTA to go back through its records, surely not a difficult task in this day and age, and publish in next months CTSN the names of the officials that have accompanied standard discipline and ISSF international teams competing overseas since 1996 Atlanta Olympic Games to today and the method of their appointment.

I wonder just how many of the teams will have included a member of the ACTA Executive. How many trips have some Executive members had at the expense of more highly qualified people who were simply not considered? How many qualified people outside of the inner sanctum were not aware of the appointment until they read about it following the teams return?

CTSN. Should the ACTA accept my challenge then let us go all the way. When publishing historical team information in the CTSN, let us also have details of the judges appointments to ISSF international events in the same period and in particular details of when the appointments were not self funded.

YOU DECIDE. From the pattern which I believe will emerge, ACTA members will be able to decide for themselves if all members of the Association, many of which have gone to considerable personal expense to gain the necessary knowledge and experience to equip themselves for a role at international level, are really receiving a fair go. Or is it just the chosen few.

As individuals we have the runs of the board and believe in fair play for all not just the chosen few. Can the ACTA decision-makers make the same claim?

As many who read this letter will know and I believe share my views, I have been fortunate enough to have had the opportunity to be involved on the international scene at the highest level which was both a privilege and a pleasure.

Like many others with similar experiences who clearly appear to receive no consideration whatsoever from the decision-makers at the ACTA, I too would like to remain involved if our efforts would be beneficial to the sport.

ACCOUNTABILITY. This is not a witch hunt simply that in this day and age everyone and his brother is calling for greater transparency and for the person to be held accountable for their decisions. WHY SHOULD THE ACTA BE ANY DIFFERENT?

Dear Sir,

I would like to congratulate Laurie Sceresini on his contribution to YOUR SAY, June 2001. As I could not agree more with his comments.

The name "Skeet" is owned by its members and administered by the National Skeet Shooting Association (N.S.S.A.) both registered and incorporated under American Law in Delaware, USA.

Prior to 1946 the name "Skeet" and its shooting rules were owned Lock, Stock and Barrel, by the founder of the sport, a Mr. Homer Tilton. He initially administered and publicised "Skeet" through his chain of Sporting, Hunting and Fishing Magazines. As popularity of the sport grew, administration of "Skeet" became time consuming for Mr Tilton. He reluctantly handed over the administration and subsequent ownership to the newly formed NSSA in 1947 with a number of conditions, the most pertinent being :

1. That the sport of Skeet belongs to its members.
ie. The NSSA.
2. The sport resemble and mirror its original form and intent.
3. That its administration be "stringently transparent"

The above mentioned reluctance of Mr Tilton, in hindsight, was well founded. Mr Tilton rightfully anticipated that his beloved sport may be, and has obviously been (over the past 20 years in Australia) "Bastardised".

I believe that any departure from the shooting sequence and format as currently laid down by the NSSA, is not only insulting and disrespectful to the founders of the sport. But also shows lack of tactility for the total abandonment of the games traditions and history.

The recent re-alignment of the rules was in fact "righting a wrong" that was purportraited in the early 80's under the guise of making the game safer and quicker. Moves to revert back to the original shooting sequence and uniform distance and speeds, in line with NSSA Rules have been around for many years. Several years ago, this discussion has culminated in the resurrection of the Australian Skeet Shooters Association (ASSA) for the specific purpose of reinstating the original NSSA Rules format. Recent discussions and subsequent recommendations put forward were hardly a secret. Particularly to those passionate enough to attend the Skeet Nationals, or be a member of the Australian Skeet Shooters Association (ASSA).

I say to those dissenters who have recently written to YOUR SAY. If you want to "Australianise" something. Do it the Aussie Way, and be "stringently transparent" or as we say it "Up Front" by approaching the governing body of the sport, the NSSA for the subsequent rule changes.

It is also apparent, that the personal attacks on both Adrian Cousens and Mark McInnes were not only misguided and unfounded, but totally "Un-Australian". Adrian and Mark, have done nothing other than convey the wishes and expectations of the many skeet shooters who are passionate enough to attend meetings, debates and travel the necessary distances to attend our National Tournament. Sniping at them is only taking a pot shot at the "messengers". I say in closing, Do NOT castigate these people. Be Australian and give them, and the NSSA, a "Fair Go".

**Yours Sincerely
Chris Hughes
Bayswater, VIC.**

Dear Sir

What ever happened to "majority rules"?

By what has been written and said regarding the new skeet rules it must now be painfully obvious to the ACTA that the new skeet rules do not satisfy the majority of skeet shooters.

In my opinion, the new rules do not lessen the time it takes to shoot a round of skeet.

We now need to load our guns 3 times on station 7 instead of twice, how can that be faster?

I feel that what should have happened was that a survey should have been conducted via this magazine, then the ACTA would have had a better idea of what would have satisfied the majority of skeet shooters and not just a handful that may or may not travel to America. In the June issue of the CTSN, Laurie Sceresini says that if we do not shoot by NSSA rules then we should not call our sport "skeet". I would be very interested to know what Laurie called this great sport before the new rules were adopted.

My thanks to the Editor for the opportunity to air an opinion.

Ben Buhagiar.

We read with disappointment the article from the West Australian Gun Club (Inc) page 20, paragraph 3 of the June issue CTSN.

In our society we have a kaleidoscope of sports with various disciplines within those sports from which to choose. Whether it be, for example, high jump vs long jump, Sprint vs. Marathon, Decathlon vs Triathlon, Formula 1 vs. Touring car, or DTL vs ISSF Trap. It could be said for instance that Touring car is the soft option compared to Formula 1, though either one is just as difficult to win, but more importantly the participants are totally dedicated and actually enjoy whichever path they choose, otherwise, why do it?

Choices made, whether by financial constraints, geographic location, ambition or whatever it may be should be free from criticism or ridicule from any discipline to another as this only causes division and harm creating the "them and us" syndrome, when in fact we are all sports people pursuing our chosen game.

We do "understand what dedication is about"; dedication can belong to anyone.

Talking to shooters who stayed at Kingaroy for the full shoot say we got the best day, Saturday as it was perfect then Sunday rain, and Monday cold. So Harry knows how to pick them.

"Dad"! said eight year old Billy, "I'm gunna get married". Dad smiled indulgently, "Who to son?" he asked, "My girlfriend Betty next door, she's eight too". Dad says "Have you found a place to live?" "Well" said Billy seriously, "She gets one dollar pocket money and you give me two dollars, so if she moves in with me we can manage." Dad nodded, "You might be able to get by on three dollars a week now but what will you do when the children start to arrive?". "No worries" said Billy confidently, "We've been lucky so far!".

Two blokes who hadn't seen each other for years met by accident and adjourned for a few beers. They talked about the old days, then got around to the present. "Are you married?" one asked, "Oh Yes", said the other. "I met this wonderful girl whose father is a multi millionaire and you know she was spending \$200,000 a year on clothes alone". "Strewth!" exclaimed the other man very impressed. "And you married her?", "No way" the bloke replied, "I married her dress-maker".

I have to have a clean up as I have results of shoots and cuttings from papers and on top I have a photo from the South Burnett Times of two Kingaroy shooters. God they are great looking fellas, none other than Graham Bickerton. Then there is a note about Phillip Warren to AA grade - why am I so pleased everytime I see it?, well it's not for Phil going to AA but it is for me getting rid of Phil from A grade. Sorry Phil, good shooting in Kingaroy. See you around the traps.

25-5-01 FRIDAY - THE DAY THE BIBLE CAME

Well what a surprise the bible so early. Since I made a new mailbox my mail is arriving quicker.

Looking at the Nationals results I see Stafford wasn't telling me any stories, everything is there in black and white. Good shooting Stafford.

And looking at other results; in MTB in July 1991 I stated I dropped into the Cessnock Club and met Paul, Max, Ces, Wal and Tom Turner (Snr) who told me he had a son Tom (Jnr) who had just qualified for trench in Perth, and now ten years later Tom Jnr takes out the National Double Rise Championship then doubles up to take the Deauville Doubles with his Dad. It just proves two Toms are as good as one Tom. Also Tania Burke from Caboolture has her name in lights in a couple of places. Congratulations Tania.

And in the Australian Disabled Nationals, a past Bundaberg shooter, Clinton Groves still breaking clays with ease and in one photo Clinton is still powered by Barbara. Hi Barbara, good shooting Clint.

And the statement in handicap by some, "And too easy to come back",

well I don't know how it is easy to shoot under 80% off handicap for eight shoots just to get a metre off and loose the chance of eight high guns.

Then thanks to Rob Nugent and Bill Allen on the stories in the bush on Michael Diamond and the work he is doing for ACTA and local clubs. Good job Michael.

And the smiles on the faces on the front cover tells it all.

And as you go through the shooting results, two shooters from Wonthaggi who we haven't seen in years Fred and Mitchell Foon, who came up every year on holidays, in results there is Mitchell OA and AA 100T Ziegler C/S 154/154. Good shooting Mitchell.

MARYBOROUGH 27TH MAY

A big thanks goes to Brian Greenhalgh who made and donated a lovely opal ring for a raffle for the club. Thank you Brian. And the winner of the opal ring was our newest shooter Glenn McNeil and our second prize of a case of ammo or \$100 went to Mark Joass (who will take the \$100 because of cartage) from Gold Coast. Good luck to both.

As our jackpot has been growing all shooters hope to be drawn and Wilma drew Harry Walker, who hadn't been shooting to good on the day, made the jackpot look easy and was up \$82. Good shooting Harry.

But Harry didn't stop there and went on to win the meat tray raffle and Harry being a Meals on Wheels man passed the meat tray to me, I liked that.

John Butters was the winner of the whisky quicky board and in the kitchen was Pam, Shirley and a big thanks to Robyn Greenhalgh who was filling in for her mother who was in hospital (get better soon) and Robyn good luck with your work in China.

Nice to meet Phil Warren's daughter, Susan, and Phil said Susan was going to have a shot but didn't. Thanks for the peas Phil and Wal. Thanks for the mandarines and Marge, you have a good trip to Darwin.

Well with Peter, Paul and Mary, in Old Koreelah our visitors made up the numbers being Frank Robinson (CBCTC), Irvine Wynyard (TLGC), Glen Durre, Lex Stolberg (Gympie), Brian Fourro, Spencer Plath, Gino Sergiancomi, also Janice & John Butters (Bundy).

There was a shoot off between Wal and Neil but Neil got a high one and not being tall like Wal couldn't reach it. So the result was:-

AA grade 1st Glen Durre, 2nd Neil Berry, 3rd Phillip Warren.

A grade 1st Frank Robinson, 2nd Irvine Wynyard, 3rd Norm Dale

B grade 1st Gino Sergiancomi, 2nd Brian Fourro, 3rd John Butters

C grade 1st Spencer Plath, 2nd Janice Butters, 3rd Ted Turton

We shoot 26th August DB PTS SB DR and if CTSN arrives early 22nd July DB, PTS H/C Cont.

A teenage boy goes into the butcher and collects his usual big package of meat. "How old are you now son?" ask the butcher. "I'm sixteen tomorrow" the lad replies. The butcher grins, "Well you can tell your mum that's the last free meat she's getting from me!". When the lad gets home he tells his mum what the butcher said and tells her he has a big grin on his face. So the lad's mum says "We will soon wipe the grin off his face. You go back and tell him for the past sixteen years I've been getting free milk, petrol, fruit and free groceries as well as his free meat, and see if he is still smiling!".

Oh yes I forgot, we signed a get well card for Allan Joblin, our captain who is in hospital. Best of luck with your operation Allan, see you on the traps soon.

A MILLION DOLLAR OFFER

Congratulation Michael on looking after the people who look after you. In years to come you will always think, if you did the right thing but if this is the right decision now you will never have a problem. I don't know if this is correct, but I heard Michael gave the Greek Government a list of our top class shooters for consideration, and I have been sitting by the phone for three days. Looks like I didn't make the list, who wants a million anyway.

BUNDABERG 3-6-01

I was ready for Bundy and had a bit of time up my sleeve so I put on channel 7 Sportsworld and to my surprise there was Russell a co-host. You come over very well Russell but didn't get a bunch of flowers as others did.

Well it looks like the latest is for our kitchen ladies to have gallstones removed. First it was Marge at Gympie, who is doing great and on the 9th May Cheryl had stones removed. You will have to stop licking out the cream bowl. Get well soon. Thanks Sandra, Cheryl today.

Visitors to shoot, Irvine Wynyard (TLGC) and from Maryborough Phillip Warren, Jarrad Smith, Tony McRae, Harry Walker, Norm Dale and Neil Berry, who is a taxi driver and came taxi and all, and shot the double rise only and said not to tell Wilma. Neil is safe with me I won't tell Wilma.

So Phillip Warren drew and shot the jackpot. Good shooting, the last off 25 meters on a windy day takes some shooting. Paul Rehbein drew the meat tray raffle. Good luck Paul.

And we get Michael Diamond gold, back to back, questions on millionaire, great stuff.

GYMPIE 10-6-01

Thanks Mollie for the Band-Aid.

Welcome back to shooting to Gary Carew who hasn't been shooting for some time, having his thyroid removed and finding of worse problems, which have been rectified, we hope. Best of luck Gary and good shooting. Gary tells me his sister is out shooting him and his dad in small bore by retaining the Ladies Australian Record at Cecil Park with the score of 595/600. Best of Luck Susan Carlyol who is off to Bisley England in August and NZ in November. Good Shooting Susan and good luck.

Thanks to the kitchen ladies Amanda, Averille and Yvonne. Thanks girls. Visitors on the day was Kevin Howard, Laney and Phill Grove (Sunshine Coast), Bill Weeden (Caboolture), and from Maryborough Harry Walker, Norm Dale, Vince Dollisson, and Vince had the pleasure of bringing his son in law from Adelaide SA on a trip to Cairns. It was nice to meet Rod Saligari who is a field and game shooter. Hope you enjoyed your shoot with us Rod. Well Dennis Carew took off the meat tray raffle, Laney Grove cleaned up the quicky board raffle and husband Phill drew and shot the jackpot. Good shooting Phill. With Marge and Wal in Darwin the shoot went on regardless. We did miss you Wal, we did.

Report from the Shoot Marshall

I volunteered to do the shoot write up for this years shoot as I think it was the best ever Two Day shoot I have ever been involved with. I have been doing the Shoot Marshall's job for about fourteen years and most years you get complaints of some kind, a controversy of some kind, break down or simply really bad weather.

This year was very different, due to the very well behaved group of shooters, the shooters that turn up to help and to make this shoot run so smoothly each year, and the very hard working group of people on the Broken Hill Gun Club Committee. There were all the old faces that turn up every year, year in year out and the odd new shooter that I have not seen. All the shooters this year were willing to help ref and score which keeps the shot running smoothly, you all helped me out to no end and made the Shoot Marshall's job extremely easy. You are all to be congratulated, thank you.

To Len Grey and his very many helpers, you all need to be congratulated. The Gun Club grounds have not looked better, they were fantastic. The display of sashes and trophies once again were, I think the best in Australia thanks to the many sponsors. The traps were faultless all weekend, and the targets thrown were perfect. Phono calls on all traps worked perfectly and made for easy referring and scoring. The workers in the kitchen and bar made all the visitors most welcome with great food and great hospitality.

This year we had 96 shooters, which has been the norm for our shoot for as long as I can remember. There would not be as many shoots around Australia that attracts this many shooters each year, it must say something. This year we had 96 shooters made up of - 39AA, 17A, 24B and 15C graders. There were 9 Ladies, 12 Veterans, 3 Juniors and 3 Novice Juniors.

The shoot started in absolutely perfect conditions and stayed that way for the whole weekend, I was even able to wear shorts for the whole weekend.

Evan Stephenson.

Bob Lisle
 08/07/34 - 22/05/01

The death has occurred of our immediate past President and member of the Lightning Ridge Gun Club due to heart complications at his residence on 22/05/01. During Bob's term in office, he started the club in the right direction as well as sponsoring a yearly trophy for juniors and other members for the year 2000. He regularly competed at all clubs in the North West Region of NSW as well as Western QLD. His unorthodox style and good manners will surely be missed at the clubs he attended. He had an extraordinary second barrel and could pick up targets about eight feet off the ground.

His encouragement to junior and novice shooters, his strong refereeing style, and dress code will sadly be missed.

When I first met him about three years ago I noticed that he let the targets get right out before he demolished them. I said "why don't you shoot them a bit quicker, you have the ability?" Bob looked at me and replied "because I can't bloody see them!!"

At his next eye test they found that the focal point of his lenses were ground off centre and with his new spectacles he said the targets looked like dinner plates when they came out!!

His demise will leave a huge gap to be filled at our club, but we know he is in excellent company at the big shooting club up yonder.

Gary Kelvin Hopkins

After a lengthy illness Gary Hopkins lost the battle for life on 11 June 2001 aged 66 years. Gary was a member of Cessnock Clay Target Club for many years and was previously a member of Newcastle Lake Macquarie Club.

Affectionately known as 'Hoppy', Gary was a keen sportsman and a dedicated Trap Shooter. Always thought of as a gentleman, and many would describe him as a 'bloody good bloke'. Gary will be sorely missed. He was always happy, never a 'crook word' about anyone, loved life and didn't give up - he fought till the end.

I am sure all who knew him are all the better for having known him and it is with deep reluctance we say farewell to a mate.

Allan Went 1920-2001

Members of the Shoalhaven Clay Target Club at Nowra were saddened to hear of the passing of a Life Member on 11-6-01

Allan Went was born at Moruya on the NSW South Coast and his introduction to shotgunning was to provide meat for the family

table, with precious few cartridges and a single barrel Harrington Richardson gun. He gained employment with the NSW Forestry Commission and served some fifty years retiring with the position of foreman. This job involved camping out and taught him the skills to live off the land, which he did, on Black Duck and Perch from the Shoalhaven River plus Bandicoots, spuds from Jack Hughes farm at Burrier. Allan also had many hunting trips to Lake Cowal when duck season was permitted. After the Nowra Gun Club was formed, Allan was invited to compete using his trusty side by side and won the day competition. Subsequently he became a club member. The club ground was located at the Gladioli Farm in Bomaderry and when an alternative location was needed, Allan assisted with the development of a range at Browns Hill in Nowra. In later years, he continued to shoot at the Hanging Rock range, also in Nowra.

The present club owes its existence to Allan's efforts in obtaining Tenure for the land from the NSW Forestry Commission where his exemplary service played a significant part.

During his competitive shooting career Allan won many championships whilst competing against higher graded shooters including Chris Carroll of HMAS Cerberus and the late Ern Webb of Wollongong. A versatile shooter, Allan was also a life member of the Nowra Rifle Club where he excelled at pistol shooting and Big Bore earlier in his lifetime.

Members of the Shoalhaven Clay Target Club extended sympathy to Allan's wife and family.

Thomas John Foster (John)

Werribee/Victorian Clay Target Club mourns John's passing. Only 47 years young, he was instrumental in organising and bringing to fruition the Victorian Police Trapshooting Club in the late 1970's. He and my son Geoff were like woodpeckers the way they hounded me until they obtained a slice of the Winchester promotional dollar. It was not uncommon to see more than one hundred Police roll up to shoot for the Shield. One of the Assistant Commissioners of Police informed me there was no doubt John was the best undercover cop the drug squad had ever seconded in the fight against heroin and cocaine. He spent over 6 years living, breathing and sleeping with the worst of the underworld. After this period he went back to his birthplace Horsham as a Detective until he resigned in 1988. Many Police resign because they are disillusioned with the job but John resigned because after living on the edge for so long as he said to me, "I'm just plain bored". In 1992 John teamed up with another ex member and over the last 12 years they had built up one of the largest investigatory services in Australia. Starting in John's back room at Newport it now employs over 50 on its team in NSW and Victoria. He was diagnosed with terminal cancer just over a year ago but he never gave up hope and never complained. To his beloved wife Karen, his children Mandy, Lauren and Shane, his parents and brothers and sisters we offer our sincere condolences.

CUZZO'S RAMBLINGS AUGUST 2001

A great deal of debate still seems to be going on about the "new" Skeet rules. I believe that this only highlights the fact that the majority of people are still confused as to just exactly why the Skeet rules were changed at all. Additionally, a lot of people, including some of the most vocal of the opponents of the changes, do not even seem to understand just what the actual changes are, let alone why they were made, even though they were published in full in the January issue of the CTSN.

Well for a start the "new" Skeet rules are not new rules at all. They are the old rules. The original rules as laid down by the National Skeet Shooting Association, who invented the sport and who are still the worldwide governing body. The Skeet rule changes that came into effect on January 1st 2001, are the result of a decision by the vast majority of serious Skeet shooters to revert back to the NSSA "standard" rules, rather than continuing to shoot under a unique set of "home rules" that had progressively been implemented in this country over the past twenty years or so.

Up until the early eighties, NSSA Skeet rules were used in Australia. Then unfortunately, some presumably well-meaning, but clearly misguided ACTA administrative people, who were basically "Trap oriented" and obviously had no serious involvement in, or clear understanding of Skeet shooting, decided they would "improve" Skeet shooting by making a number of "new" rule changes.

These changes involved incorporating both some ISU Skeet rules and some Trap rules into Skeet, as well as making up a few of their own rules as well. These "new" rule changes were not at all well received by the majority of serious Skeet shooters at that time, some of whom went to great lengths to try to rescind and/or block their implementation. Unfortunately the Skeet shooters were outnumbered and "outgunned" by the administrators, and after what I still believe was the implementation of an "underhanded technicality", the "new" rules were forced upon us.

Then, to make matters worse, several years later, the ACTA rulebook was reformatted, and in an attempt to standardize and simplify many of the rules in it, a lot of the Trap and Skeet rules were "similarised". Unfortunately, these changes were again executed by "Trap oriented administrators", so no Trap rules were altered to align with the Skeet rules. Every similarisation that was made, altered the Skeet rules to line up with the Trap rules. The nett result of these two periods of "improvement" was a mismatched set of unique "home rules" that has been the curse of serious Skeet shooters ever since.

The problems manifested by the use of "home rules" for a sport that is not uniquely Australian are many and varied. To cite just a couple, World Records are unable to be established here, and meaningful performance comparisons with overseas countries are unable to be made. However, a much more fundamental dilemma is created by the dual problems of visiting overseas shooters being unfairly disadvantaged when attempting to compete here, and of Australian shooters having to try and make the frustrating transition to "standard rules" in order to try and be competitive at the World Championships.

I have recently heard this latter problem being dismissed "out of hand" by some of the detractors of the recent rules realignment, on the basis that very few overseas shooters visit here, and only a handful of Australian Skeet shooters compete at the World Championships each year. Thus their line of argument then proceeds along the line of "Why should we, the rank and file shooters, be disadvantaged by having to adjust to changes in the rules, just so that a very small minority of the sport's upper echelon competitors will not be disadvantaged if they aspire to greatness?"

Even if we were currently "changing" the rules, in order to achieve such an outcome, I would consider this type of attitude to be unreasonably selfish and narrow-minded. However, as we are only

trying to correct a wrong that was previously perpetrated by the inept people who bastardized our rules in the first place, I find such attitudes to be very un-Australian and almost impossible to comprehend. The only justification I could see in their defense would be ignorance, as presumably such people would not have been shooting long enough to have ever shot under the "real rules" or perhaps even realize that we shoot "home rules" in this country.

The ACTA usually has about 10,000 registered shooters. By my definition only about 10%, or 1000, of those people are "serious" shooters ie: they show up at the Nationals or their State Shoot. The worldwide ratio of Trap shooters to Skeet shooters is about 3:1. Thus I figure there are only about 250 "serious" Skeet shooters in the whole of Australia. As a quick double check, if you add up the attendance at the Skeet Nationals and each of the State Skeet Shoots, and then deduct the multiple occurrences, you'll find that 250 isn't that far out.

So if we average one squad at the World Championships each year, then we're looking to cater for about 2% of the people who really matter. Now if you add up all the serious Tennis players or Cricketers in Australia and compare that count to the number of them that actually go overseas each year to compete at Wimbledon or play in the English County competition, I'm sure you will find that it comes to less than 2%. And yet no-one in his right mind would suggest making Australian Tennis courts a meter longer and raising the net, or making Australian Cricket pitches shorter and deleting one wicket, just so that we can be uniquely Australian, and justifying it on the basis that only a minority of our players would be disadvantaged at an international level.

So why the hell is there all this hullabaloo about needing to have some uniquely Australian rules for Skeet shooting and how un-Australian it would be if were to revert back to using the World standard rules for our sport. Well I'll tell you why! It's because Skeet shooting is not controlled by Skeet shooters in Australia and it wasn't Skeet shooters that changed the rules in the first place. It was a bunch of meddling Trap shooters who obviously had no idea about what they were doing.

Actually, one of the things that I will never be able to work out is why our Australian shooting sports administrators have always been short sighted enough to require us to shoot "home rules" in Trap shooting in this country. Our Trap rules differ from those of just about every other country in the World bar New Zealand, who generally just follow our lead anyway. They lie somewhere in the twilight zone between ATA Trapshooting and ISSF Trench. We fight and argue about them all the time, we constantly change them, and yet we never seem to be able to get them right. I often wonder how many times we can change the Trap Handicap rules before everyone gives up and shoots Field and Game. And this is the price we pay for being able to brag that our sport is uniquely Australian.

So I guess it should have been no real surprise when this same vein of shooting administration mindset decided to take a perfectly stable World standard sport like Skeet shooting, which unfortunately they had defacto jurisdiction over, and display their incompetence by completely stuffing it up under the guise of patriotism. If I had my way I would search out every last one of them that was involved in the whole Skeet rule change fiasco and hang them from the chute of the nearest high house.

And still it goes on! I was reading the minutes of the last VCTA meeting recently and there in black and white was a motion to attempt to rescind the "new" Skeet rules. Now maybe my outlook is a bit biased here, as my inability to see eye-to-eye with the VCTA is legendary. However, not one of the twelve members of that Association meets my definition of a "serious" Skeet shooter and in all my thirty odd years of shooting, I have never seen either the mover or the seconder of that motion shoot a single Skeet

target. Yet there they were, meddling in something that history shows is of no earthly interest to them, and trying to reverse an action that was passed by a majority of 57 to one at an ACTA Rules Committee meeting convened at the Skeet Nationals. I sometimes wonder just how much it takes to drive an abstainer like me to drink?

And before I get down off my high horse this month, there is yet another related matter that I would like to take issue with. I have received several phone calls from Skeet shooters in Western Australia recently, complaining that certain high ranking officials in that State's governing body have been advising and encouraging people to shoot Skeet under the 2000 rules on the basis that the "new" Skeet rules were rushed through without proper consultation and were not constitutionally or legally ratified.

To set the record straight on that front, the Skeet rule changes that were invoked at the start of this year came as the result of over three years of meetings and lobbying by Skeet shooters, which eventually resulted in the ACTA Management Committee passing on a "strong recommendation" to the Rules Committee in October 1999 that our Skeet rules be realigned with NSSA. You'd think that it would have been a walk up start right there, wouldn't you? But it still took another fourteen months to bring it to fruition. During this time the Rules Committee invited a draft recommendation from the ASSA, which they duly considered and then published a summary of in the CTSN inviting comment from interested people. And eventually they took the unprecedented step of convening an open forum meeting at the Skeet Nationals to gauge support for the proposal. When that proved overwhelmingly positive they finally ratified the changes and approved them for the following year.

Now if that's not proper consultation and/or politically correct, then I don't know what is. I believe that many of the rule change detractors are simply displaying spitefulness at the Skeet shooters finally having some say in their own destiny. And their last hurrah of trying to block the rule changes by causing deliberate confusion with an ACTA motion not to change the Trap rules again until 2002, displays a covertly malicious intent and is nothing short of dirty politics.

This month's Shooting Trivia Question: How many parents and children have each won open events at the Nationals? Mail your answer to Shooting Trivia, P.O. Box 265, Bairnsdale 3875, to arrive by 20-08-2001. The first correct answer drawn shall receive a free entry to next year's National Trap Handicap. The correct answer to June's STQ is: Two people have shot over 600 targets in the National Double Barrel shoot-off without ever winning the event. In 1974, when Warren Charlton passed 600, only Vin Ryan remained with him, but Vin had already won the event in 1966. In 1995 when Michael Diamond passed 600, only Glen Hayden remained, but he went on to win the event in 2000. However in 1994, when Roger Duthie passed 600, both Phil Grainger and Craig Bentley were still there and neither of them has ever won the event. But don't fret as Craig already had a Silver Australia Badge from winning the Macintosh High Gun in 1986 and Phil went on to win the Champion of Champions in 1998. The first correct answer drawn was submitted by Steve Atkins from Tongala in Victoria, who wins a free entry to this year's National Double Barrel Championship.

Good Luck and Good Shooting.....

Queensland Northern Zone Carnival

Saturday 2nd June dawned windy, grey and gloomy. Numbers were expected to be high but they exceeded all expectations.

Event one was the 25 target Northern Zone Double Barrel Championship with 76 shooters taking to the tracks for what was expected to be a long event with Charters Towers notorious for a large number of possibles and long shoot offs but the conditions made the targets a little elusive.

Only eleven shooters shot the possible and at the end of the shoot off Ray Collinson of the Burdekin was crowned this years overall winner with his score of 80/80. Bill Pay, one of only two from outside the zone, took out first in AA Grade with 79/80.

High gun winners from left, Diane Reeves, Warren Smith, Scott McDowall and Ray Collinson.

Normanton's Dean Reeves has improved over the last twelve months and claimed first in A Grade with 46/47. B Grade saw veteran Burdekin shooters, Lawrence Falco shoot the only 25/25 for his first win of the weekend, and this score also gave Lawrence the Veterans prize. Kevin Moss travelled from Mount Isa and shot well in the first event taking out C Grade with his score of 25/27.

Burdekin's Annette Vassalini took out the first women's prize for the weekend when she shot 24/25. Junior prize went to Dean Reeves with 25/25.

Northern Zone Open Team from left, Wayne Reeves, Gian Vassalini, Ant Hanna, Barry Bosworth, and Ray Collinson.

The 25 target Northern Zone Point Score Championship was next on the program. Barry Bosworth from Herbert River was the only one to shoot the possible 75/7 and so took the overall sash. Ant Hanna flew the home club flag and shot 74/75 to claim first in AA Grade. Ian Turner also from Charters Towers shot 73/75 and had to shoot off to score first in A Grade with a score of 82/84. Andrew Bowater from the Burdekin club shot well to take home the B Grade prize with his score of 74/75. C Grade was close, but Burdekin shooter James Ware was the winner with 71/75.

Diane Reeves from Normanton shot 71/75 to take the women's

prize. Scott McDowall had to shoot off with Dean Reeves before he could claim the Junior prize with a score of 72/78. Lawrence Falco was the best of the veterans again with 69/75.

The final event to decide the Zone team was shot next in the 25 target Northern Zone Single Barrel Championship. Overall was won again by Ray Collinson with 46/46. Barry Bosworth had to settle for first in AA Grade this time round with his score of 45/46. Bill Gall from Port Denison showed the way in A Grade with 25/27. Joe Sebastiani Snr from Mount Isa shot an impressive 24/25 to take out B Grade. Charters Towers Junior Kylie Lee was the most excited winner taking out C Grade with 23/25. This score saw Kylie shoot off for the Junior prize as well, which she won.

Annette Vassalini won her second women's prize for the weekend when she shot 23/25. Townsville's Noel Beale managed to shoot 21/25 and take out the Veteran's.

The Northern Zone Open team members are Barry Bosworth, Ray Collinson, Gian Vassalini, Trevor Higgins, Wayne Reeves and Ant Hanna. The women's team members are Annette Vassalini, Diane Reeves and Helen Becke.

Juniors were out in force at this year's carnival and the members to make up the team are Scott McDowall, Matt Gall and Kylie Lee. Lawrence Falco, Warren Smith and Sam Coco make up the Veteran's team.

The final event of the day was the most exciting. It was the 25 target Northern Zone Handicap. Ten shooters shot the possible. The shoot off got down to two shooters that did not want to lose. One shooter on 20 meters and one on 12 meters. Night seemed to come early and the shooters dediced they needed to continue as

Women's zone team from left, Helen Becke, Diane Reeves and Annette Vassalini.

one of the shooters was not coming the second day. The lights were turned on and orange-banded targets were still thrown. Joseph Rossato from Burdekin showed that he had good eyes and patience taking first place with 120/120 from 20 meters. Another Burdekin shooter in Elliott Favale kept Joseph honest and was over the moon about shooting 119/120. This is Elliott's longest break. Third place went to Graham Facer of Charter's Towers with 49/50.

Sunday dawned and a better day was on the horizon. First up was the 75 target Northern Zone Champion of Champions. The winner was decided in the last squad. Zone president Wayne Reeves shot 124/125 to take out the overall outright. A shoot off was required to determine the winner of AA Grade. Ray Collinson shot 172/175 to take this grade. Burdekin shooter Michael Zabala arrived on Sunday morning and won the first event straight up. Michael took out first in A Grade with 148/150. Joe Sebastiani Snr won his last B Grade prize with 120/125 being upgraded at the end of this event. James Ware shot well to take C Grade with 114/125.

Diane Reeves claimed another Women's prize with her score of 115/115. Scott McDowall shot 115/125 to give him the Junior prize. Joe Collins score of 116/125 was good enough for him to take out the Veteran's.

Junior zone team from left, Kylee Lee, Matt Gall and Scott McDowall.

The weekend was coming to an end and to wrap it up was the 15 pair Northern Zone Double Rise Championships. Four shooters shot 27/30 and a shoot off began with Derek Bruce taking the overall sash with 37/40. Ray Collinson continued his winning run taking out AA Grade with 34/40. Andrew Totorica showed you don't need much experience to win in this event when he took out first in A Grade with 26/30. Warren Smith was too good for the rest of the B Graders taking first place with 24/30. Bruno Minuzzo was another shooter without much experience but score first place with 22/30.

Veteran's zone team from left, Warren Smith, Sam Coco and Lawrence Falco.

RC grade high gun winners from left, James Ware, Joe Sebastiani, Andrew Totorica and Ray Collinson.

Diane Reeves had to shoot off before claiming the Women's prize this time. Dean Reeves shot 24/30 to take first place in the Junior division. Warren Smith's score was enough to give him the Veteran prize as well.

A trophy was found at the Burdekin Gun club for a team shoot that used to be shot before the Zone was formed with Northern Clubs. This year it was decided to shoot for this trophy again. Charters Towers Team and Normanton Team shot the same score and it was decided to split the cash but a count back on targets was needed to put a name on the trophy. Charters Towers were the jubilant winners here. The team consisted of Geoff Archer, Ian Turner, Matt Iwankiw, Graham Facer and Doug Killick.

After all the scores were tallied, only one shoot off was required for the high gun sash and prize. Three shooters in A Grade tied and after a shoot off was finished, Andrew Totorica was the victor. Overall and AA Grade went to Ray Collinson with 294/305. B Grade went to Joe Sebastiani with 271/305. James Ware was so happy to take out the C Grade high gun with his score of 260/305. Diane Reeves won the Women's high gun sash and RC Cartridges with 273/305. Scott McDowall shot 273/305 for his Junior high gun win. Warren Smith won the Veteran's high gun by only one point and a score of 267/305.

The zone hopes for a good turn out to the Zone Skeet at the Burdekin Gun Club in August. Until then good shooting and we hope to see everyone again soon.

Western Australian ISSF State Double Trap Title

With the daunting prospect of rain on Saturday 16th June 2001 and other standard discipline shoots around the State, the State ISSF Double Trap Championship was not looking good for attendance. The other factor to be considered was that the flu virus had a hold on a couple of the solid Double Trap competitors.

It appeared that luck was on the side of the State Championship and the rain held off with 17 competitors attending from Geraldton through to Collie. For some it was the first time and others it was renewing an old acquaintance with the Olympic discipline. At the end of the day, all enjoyed their day of shooting 150 targets and being a part of a satisfying and "easy" sport.

The past master of Double Trap - Phil Melvin once again took out the championship with a 107/150, with Phil noting that it was not his best score to win the Championship with. Second went to Sam Forsyth with 104/150 and third place to Gary Kelly (Geraldton) with 103/150. The club then awarded other prizes to encourage other shooters to attend the Title, with Marc La Vertu taking 1st A grade (97/150), 1st B - Neil McWhirter 103/150 and 1st C Jon Dyas 98/150.

The State Badged Team was conducted over the 75pr with the following receiving the State Badges for ISSF Double Trap - Phil Melvin 107/150, Sam Forsyth 104/150, Gary Kelly and Neil McWhirter 103/150, Lindsay Hemley 102/150 and Pieter Muntz 101/150. The State Travelling Team will be selected after the next qualifier on 1st September 2001.

At this point I will take the opportunity to remind all shooters within WA that the 125T ISSF State Trap (Trench) and Skeet Championship are on over the weekend of the 25th and 26th August 2001, and are all welcome to attend and try the challenging Olympic disciplines.

Thanks and congratulations goes to all the competitors who came and tried the ISSF Double Trap, especially those who had never seen or contemplated it before and just a reminder about the State ISSF in August.

Metropolitan Clay Target Club Inc. VICTORIAN JUNIOR CLASSIC 2001

Metropolitan Clay Target Club was the venue of the third annual Victorian Junior Classic, an event developed to promote our sport to our younger members of the community and provide some serious competition, fun and rewards to the juniors from our club and Zone.

Although the attendance was lower this year than in the past two years, with only 47 junior shooters attending on the day (Junior and Sub-junior Boys and Girls), the performance levels were as good if not better than in past years. We had representatives of different shooting organizations / codes and from most zones within the state

The day's competition consisted of a 20 target D/B, 20 target S/B and 20 target Points events, with an additional 25 target skeet event. For a nominal fee of \$5.00 for the DTL events, \$4.00 for Skeet or \$8.00 for all four events, we had an overwhelming number of the competitors shoot in all four events.

We, and certainly the competitors are most grateful to our sponsors, the juniors and seniors who worked throughout the year to raise funds for this event, and the parents and club members who assisted on the day. A special mention must go to Mr. Price and his son Sam who, although not competing this year attended and referred and scored throughout the day. Sponsorship was provided by South East Zone (Junior Development Grant and encouragement awards), Gary Raymond at Raytrade (Ammunition), Linda Ristevski at Clover Design (O/A High Guns - Jackets), Reece Plumbing Supplies of Heidelberg (Vouchers), Ray Mack at Earmold Australia (Raffle prizes), Stewart Gillman at Stewart Gillman International (Sashes), Mark O'Rielly at O'Rielly Sports Store (Raffle prizes) and Mario and Tom at Southern Meat Co.

Whitsunday Clay Target Club Inc

MACKAY TOYOTA 100 TARGET CHALLENGE

Perfect weather greeted shooters at Whitsunday Gun Club's annual Mackay Toyota 100-target challenge. The day was a perfect example of North Queensland's beautiful winter climate and even though the wind wasn't as strong as usual; the scores still weren't outstanding. Maybe the challenge of point score in the 2nd 50 targets proved a stumbling block for some shooters.

Robbie Dunn did extremely well and shot an exceptional 198/200 to take out Overall High Gun.

In C grade Chris Nielsen continued his winning form after the State Carnival with newcomer Laurie Rodden coming close behind. Not bad for his first competition shoot.

B grade was won by Allan Love with Ian Lochran second.

A grade was taken by another Mackay shooter Ron Woodhouse with Bowen shooter Geoff Dalton only a few points behind.

The shoot off for AA grade was won by another relative newcomer Rob Caban from Bill Koitka.

The Whitsunday club is very grateful to John Granville of Mackay Toyota for his continued sponsorship of this event and always has a great time when Mackay Toyota's social club comes down for an evening.

As the shoot finished early we even managed to fit in a novelty event - Deauville Triples - first invented in the Mackay area but sure to make a hit at other clubs with visitors also enjoying this event.

*See you on the tracks

Mildura Gun Club — Top Shots for Top Prize

A great roll up of Australia's top shooters entered the Mildura Gun Clubs Qantaslink "Grand Prix". Series held at the club over the Queens Birthday weekend. Melbourne shooter Brett Dunstan proved he was in top form by winning the Harvey World Travel Mildura Olympic Trap Championship. Brett won the all expenses paid trip for two to Tasmania valued at \$1220 for the second year in a row. Brett, one of Australia's top international shooters, went into the final round one target behind Adam Vella who was leading the field and a winner of the same title in 1998. In a pressure matched final Brett shot a possible 25/25 giving him a score total of 144/150 and overall winners prize. Vella dropped four targets finishing with 41/50 and taking second placing and AA first. Results of the other placings were second AA Jeff Tonna 110/125, A first Tony Karakizos 123/125, second Mark Crimmins 106/125, B first Daniel White 106/125, second Rocky Sperenza 105/125, C first Frank Dimasi 98/125, second Leon Cocking 93/125. Best junior Dustin Barry 114/125, sub junior Frazer Cocking 92/125. Veteran Laurie Connors 88/125.

Quantaslink "Grand Prix" Double Trap Championship saw Adam Vella getting revenge over Brett Dunstan by running out an easy winner with 136/150 and Brett taking second place and first AA 130/150, second AA went to Steven Baynes 129/150. A first Dustin Barry 119/152, second Tony Karakizos 116/120; B first Len Cook 115/150, second Jarrod Fletcher 112/150. C first Leon Cocking 105/150, second Daniel White 105/150. Best junior Dustin Barry 119/150, sub junior Aidan Dellar 90/152.

We practice each Wednesday afternoon from 2 pm and our monthly shoot is on the first Sunday of each month, commencing at 1 pm. Anybody wishing to learn safe shooting is invited to come along. As you know, clay target shooting is an Olympic sport, and one in which Australia has done very well. Australia will be needing a new generation of shooters to follow our present champions, so young members are most welcome. Coaching is available. The club's planned layout (still under construction) will be able to accommodate disabled shooters, who in this sport can compete on substantially even terms with the able-bodied.
