D.T.L. Automatic Double Rise / Single / Wobble

This Trap is unique in that it offers both Single & Double Rise Automatic operation over all of the angles necessary for Australian, American, ABT and European Trap Events incl. Continental.

- Unpredictable Target Trajectory
- Truly Random Target angle distribution
- Special Arm imparts more spin on standard targets
- 360 Target Hopper Capacity
- 240v or 110 AC operation
- Solid State Controller
- Double / Single Target selection by means of switch
- Arm powered by tapered leaf spring & one-way bearing
- Cocking Cycle (2.5 sec)
- All components powder coated or Zink plated

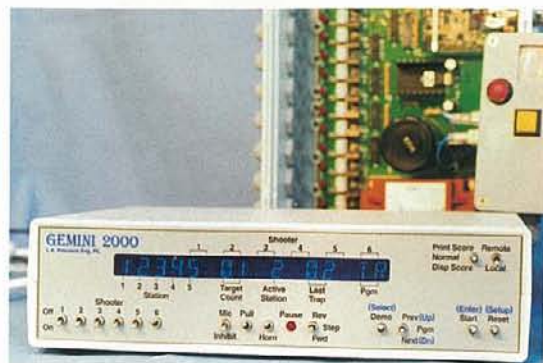

Skeet & Olympic Trap

- Unique Pivot arrangement, allows the arm pivot to remain in the same position irrespective of horizontal or vertical Angles.
- Single locknut for vertical & horizontal angles
- Precise graduation for vertical & horizontal angle setting
- Hopper capacity (standard)
Skeet 250 each, Trap 200 each (3000 total)
- All components powder coated / plated

Controllers & Accessories

- Gemini 2000 Olympic trap controller featuring 16 digit readout, fully automatic scorekeeping, solid state relays
- Skeet controller American / ISU timer combined, all solid state
- Gemini DTL 2000 Voice activated release system, fully automatic
- Skeet Voice activated release system
- Universal Trench controller & Voice activated release system

National President's Notes

John H. Byrnes

ACTA EXECUTIVE MEETING

At the time of writing these notes we have just concluded 3 full days of Executive Meetings in Wagga. The ACTA sub committees and the full executive held several meetings during this period.

The following points from the meetings may be of interest to members -

- The proposed trap rules changes will now be debated for another year and no changes will now be introduced until the start of 2003.
- The skeet rules will also continue to be debated and if changes are needed, they will also happen in 2003.
- State Associations will be encouraged to have a greater input into discussions on proposed rule changes.
- The roles of Referees, Referee Examiners and Rules Supervisors will be reviewed.
- As of 2002 all ISSF Nationals will be held in the last 2 weeks of January. The Championships committee believe this will prove to be a better time to hold these Nationals in future years.
- A request to move the 2002 DTL Nationals was unsuccessful, the Championships committee is trying to accommodate for as many visitors as possible coming from the New Zealand World DTL Championships.
- The ACTA Membership for 2002 has been set at \$68 including GST. The slight increase is to offset increased costs associated with insurance premiums.

WORLD POLICE & FIRE GAMES

The World Police and Fire Games has recently been allocated to Adelaide for March 2007. These games will involve more than 10,000 competitors in 64 different sports. Trap, Skeet and Sporting clays are well supported in these games and will draw a lot of attention from overseas shooters.

NATIONAL HIGH GUN

It has been queried as to why the High Gun at the DTL Nationals has 2 high gun trophies. The Ron Porter Remembrance Cup is given for the Overall trap high gun winner. In the past the Newton Thomas Cup was given to the high gun winner for trap and skeet when both were shot at the one National Championship. As it has not occurred for many years both cups were given to the DTL National High Gun winner.

STATE AND NATIONAL CARNIVALS IN SEPTEMBER

In September there is an ISSF State Carnival on nearly every week as well as the National ISSF Carnival from Sept 15th - 22nd at Cecil Park. The long weekend Sept 29th, 30th & Oct 1st also see the NSW and WA trap carnivals being shot. There is certainly plenty of trap shooting available for everyone during September.

ISSF WORLD

WORLD CUP - CYPRUS - APRIL, 2001

WORLD CHAMPIONSHIPS - CARIO - APRIL, 2001

WORLD CUP - KOREA- MAY, 2001

Reports by Graham Michell and Greg Chan

What a hectic, chaotic, exciting, frantic - 6 week period in the ISSF shooter's calendar - from mid April till late May our shooters represented Australia and the A.C.T.A. at the above competitions.

The first competition was in Cyprus where Greg Chan was the Manager/Coach and his Team report is as follows:

WORLD CUP - CYPRUS 22nd - 28th April, 2001

Trap - Michael Diamond, Ben Kelly, Nathan Cassells
Double Trap - Russell Mark, Adam Vella, Steve Haberman
Coach/Manager - Greg Chan

The Team was split into two groups for the trip to Cyprus with Greg, Steve and Nathan departing Melbourne and Michael and Ben from Sydney on the 20th leaving Russell and Adam to come over on the 22nd.

The first two groups flew Singapore Airlines and met up in Singapore after a seven hour flight, then continued on together for another seven hour leg to Dubai. We had a six hour stopover in Dubai before finally boarding an Emirates flight to Cyprus. Twenty six hours after leaving Australia we landed at Larnaca Airport, tired but happy to be on solid ground again.

We were met by Cypriot officials and transported to the Lordos Beach Hotel which would be home for the next week.

The 22nd was unofficial practice and as we were all up early, not having had time to get over the jet lag, we decided to head out to the range to have a couple of rounds to settle in. The range in Cyprus is carved into hills and has green crops growing right in front of the layouts giving a terrific background before hitting the skyline and it's not hard to see why some big scores have been shot on this ground

The next day was official practice and the Opening Ceremony. The weather changed dramatically that afternoon as we arrived back at the range for the Opening. The temperature dropped to around 14 degrees and the wind started to blow a gale. The organisers cut short the ceremony to avoid exposure to the conditions and all adjourned to the clubhouse for refreshments before heading back to the hotel for another early night.

Meanwhile Russell and Adam had left Melbourne on the 22nd following the same route as the first group, except they had plane trouble in Dubai and ended up waiting there for twelve hours instead of six. They were two very weary travellers when they finally made it to the hotel that night.

Trap - Day 1 : The day started with ideal conditions but the wind came up in the afternoon, so Michael's 73 to lead the field at days end, was a great effort. Ben's 69 was still within reach of the final but Nathan's 66 had put him out of contention.

Trap - Day 2: Ben posted a tremendous 49, Michael 48 and Nathan an uncharacteristic 35. Michael would lead into the final and Ben's effort rewarded with a Final's berth as well.

CHAMPIONSHIPS

Aussie team at opening ceremony, Cyprus

Cyprus trap, 1st, 2nd, 3rd.

Final Trap Results:

| | | |
|-----------------|-----|--------------------|
| 1st Angelantoni | ITA | 120 + 25 = 145 |
| 2nd Diamond | AUS | 121 + 22 = 143 |
| 3rd Bindrich | GER | 119 + 23 = 142 + 3 |
| 4th Erra Vizcay | ESP | 118 + 24 = 142 + 2 |
| 5th Kelley | AUS | 118 + 23 = 141 |
| 6th Erickson | USA | 119 + 19 = 138 |
| 71st Cassells | AUS | 101 |

Team Results: 1st Germany 347; 2nd Ireland 346; 3rd Spain 345; 5th Australia 340

Michael had won the Silver Medal to add to his unequalled run of success and Ben took 5th place. In all a good build up for Cairo the following week, and an ominous sign for those watching Michael's form leading into the World Championships in that city.

Double Trap Results:

| | | | |
|---------------|-----|--------------------|------|
| 1st Di Spigno | ITA | 145 + 48 = 193 | |
| 2nd Gerebics | HUN | 143 + 43 = 186 | |
| 3rd Alafasi | KUW | 139 + 46 = 185 + 2 | |
| 4th Faulds | GBR | 145 + 40 = 185 + 1 | |
| 5th Berasconi | ITA | 137 + 45 = 182 | |
| 6th Curtis | USA | 138 + 40 = 178 | |
| 11th Vella | AUS | 135 | 15th |
| Mark | AUS | 134 | 15th |
| Haberman | AUS | 134 | |

Team Results:

1st Italy 418, 2nd Kuwait 410, 3rd Finland 406, 4th Australia 403

On completion of the double trap, we were booked to fly to Cairo for the World Championships via Athens on Olympic Airlines. Our flight out of Cyprus at 9.30 pm was delayed for two hours causing us to miss our connection to Cairo by half an hour. The USA and Croatian Teams were also on our flight making a total of 21 passengers heading for Cairo and instead of holding the flight, Olympic let it depart with 21 empty seats and no more flights for 24 hours and no guarantee of seats as it was fully booked. After 4 hours of negotiating they finally agreed to send some via

Switzerland, Paris and Milan with all groups of mixed Teams.

To cut a long story short, we all finally arrived in Cairo on trips varying from 18 to 24 hours, that normally takes less than one hour on a direct flight. We were all exhausted from lack of sleep but ready to give our best at the World Championships, but that's another story.....

We would like to thank Luca Scribani Rossi from Beretta Australia and Alessandra Socci from RC for making ammunition available for us in Cyprus. Without these valuable sponsors' arrangements to organise ammunition would certainly be much more difficult.

Greg Chan - Coach/Manager

WORLD CHAMPIONSHIP - CAIRO

The next competition to be contested was the World Championships in all ISSF disciplines, including Juniors, and these were held in Cairo, Egypt.

At the end of the World Championships, Australia had:
3 Individual World Champions
2 Individual Bronze Medallists
1 World Championship Team - Men's Trap
1 Bronze Medal Team - Women's Trap

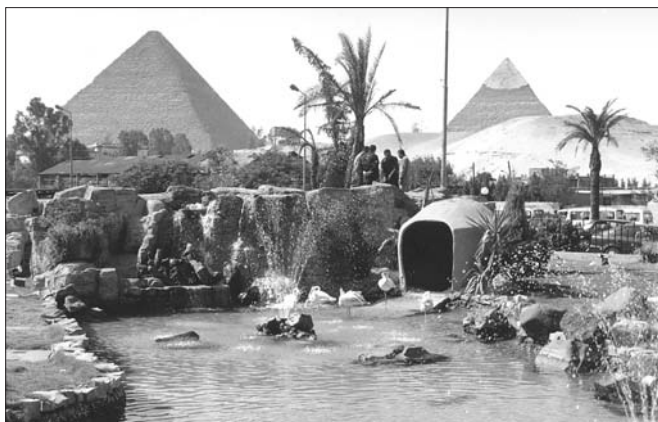

Michael Diamond had defended his World Trap Championship
Angelique Psarakis won the Junior Women's Trap Championship
Susan Trindall won the Junior Women's Double Trap Championship
Natalia Rahman - Bronze Medal - Junior Women's Skeet Championship
Rocky Manno - Bronze Medal - Junior Men's Double Trap Championship
Australia's Men's Trap Team - World Champion Team for the 2nd time in a row

Susan Trindall having won the Junior Women's World Double Trap title.

These ended in being the largest Championships in the history of ISSF shooting in both numbers of competitors and numbers of countries contesting, and it was also the first time that there were enough Juniors to enable World Championship status on their events as well. A milestone for ISSF shooting as far as the Juniors were concerned with the United States of America and Australia being the two countries who have been promoting the Junior side of ISSF. In total there were 54 countries competing and 608 competitors. The United States had the largest team with 40 competitors, Australia with the second largest, with 34 competitors, followed by Italy with 33 and Russia with 32.

The view from our front door at our hotel in Cairo!

Australia's Women's Trap Team - Bronze Medal Team

This has been by far the most successful World Championship Team that has competed for Australia and it was made up of the following people:

MEN'S TRAP: Michael Diamond, Nathan Cassells, Ben Kelley
MEN'S DOUBLE TRAP: Russell Mark, Adam Vella, Steven Haberman
MEN'S SKEET: Clive Barton, George Barton, Neil Rundle
WOMEN'S TRAP: Deserie Baynes, Suzanne Balogh, Nessa Jenkins
WOMEN'S DOUBLE TRAP: Deserie Baynes, Suzanne Balogh, Diane Reeves
WOMEN'S SKEET: Natasha Lonsdale
JUNIOR MEN'S TRAP: Robert Cameron, Travis Vaina, Andrew Brady

World Junior Women's Trap champion, Angelique Psarakis.

JUNIOR MEN'S DOUBLE TRAP: Rocky Manno, Josh Lawrence, Jarrod Fletcher
JUNIOR MEN'S SKEET: Paul Rahman, Adrian Calvi
JUNIOR WOMEN'S TRAP: Angelique Psarakis, Leanne Smith
JUNIOR WOMEN'S DOUBLE TRAP: Susan Trindall, Leanne Smith

WIN!!!

Single trigger, ejector
 With 5 chokes
Valued at \$1050

All 50 case buy of Mirage ammo go into a draw to win this Lanber shotgun with the winner to be announced in the January issue of this magazine.

WIN!!!

Women's Trap, World Championships Cairo. — Australia (Bronze).

JUNIOR WOMEN'S SKEET: Natalia Rahman
TEAM COACHES: John Maxwell, Greg Chan
TEAM MASSEUR: Darrien Roach
TEAM DOCTOR: Dr. Sue Homolka
TEAM MANAGER: Graham Michell

'official hotels' with Dr. Sue and me staying with the Junior Team at the Meridian Hotel and the Senior Team, along with John, Greg and Darrien, stayed at the Sofitel Hotel about 500 metres away and from both we had a splendid view of the pyramids. A few people made comments of why had I split the Team in this way but I believe it worked out exceptionally well with the Senior Team enjoying their freedom and the Junior Team dining and enjoying each other's company and I thought this created a greater Team atmosphere. I believe the results have proven this.

On arrival at the Cairo Airport on the 27th April, we were met by members of the Organising Committee and we proceeded through Customs and all of the formalities. As usual, the Egyptian Customs do their own thing and then the Egyptian Police come in and repeat

the process - never thinking or working in with each other - and all of the paperwork is written in Arabic so you can't really see what details they are actually writing down and you just hope that they have got it all right. About 3 hours later we were ready to depart for our accommodation.

Rocky Manno — Junior Men's Double Trap, Cairo (3rd).

Natalia Rahman, Bronze medal in Junior Women's Skeet at World Championships in Cairo.

Under a new agreement we all flew with Singapore Airlines to both World Cups and the World Championship where we had no problems what so ever with excess baggage and/or seating arrangements with the carrier going out of it's way to assist our Teams. The only airline problems occurred when we had to use Olympic Airlines to get our Team back out of Cyprus - that was a complete and utter disaster as you have already read in Greg Chan's report.

The Team was accommodated at two 5 star hotels which were the

Remembering our last trip to Cairo and our experience with the 'land travel', I jokingly said to the Organising Committee delegate that I hoped they had an appropriate sized bus for our Team of 22. He assured me we had a modern coach but when it arrived from the bus park, it turned out to be a 26 seater, but without any provision for baggage to be stored and as everyone had 2 to 3 pieces of luggage this created a huge problem. We filled the back seat up with as much as we possibly could. Incidentally, the bus had a back door, so we thought we could load the luggage in through this door but when we tried to open it, it felt like it was jammed and as

F.A.I.R. TECHNI-MEC FIREARMS

Our introduction of the F.A.I.R. range of very fine competition guns has given all Australian shooters from Junior to Veterans the opportunity to purchase an excellent gun at the very best price possibly available. Isn't this what all target shooters have been looking for? Now that they are available in Australia don't hesitate to buy one! You must use one before you can appreciate its quality and balance. Only then can you pass your opinion on it!

**SHOT GUNS FOR TRAP, SKEET AND SPORTING -
FOR THE FAIREST AND VERY BEST VALUE FOR QUALITY EVER
OFFERED IN AUSTRALIA.**

THE CRAFTSMANSHIP OF THESE FIREARMS IS OF AN EXTREMELY HIGH QUALITY - QUALITY GUNS
FITTED WITH SOME OF THE MOST SUPERB WALNUT WOOD EVER LIKELY TO BE SEEN TODAY IN
GUNS WITHIN THEIR PRICE RANGE.

*NOW AVAILABLE FOR ALL THE DISCIPLINES - TRAP, SKEET, SPORTING AND FIELD
IN A LARGE RANGE OF DIFFERENT MODELS.*

THE GUNS ARE SUPERB - THE PRICE - EVEN BETTER STILL!!

Dr Sue in Cairo, 2001.

I was supervising the loading I gave it a bit of a kick and suddenly the door fell off its hinges just as the driver told us that we couldn't open the door. So we pushed the door back inside and leaned it up against the framework, using some of the bags that we had inside to jam it and hold it in place. All of the excess baggage, most of which were the heavier pieces, had to go up on the roof rack and with the driver on the roof we proceeded to pass all of the pieces of luggage up to him. Luckily it all fitted but with most of it standing on its end and the driver then had to go and look for someone who had some ropes so he could tie down the load. Finally we were away with a Police escort. We came across a Security Check Point about a half a kilometre from the airport and the Police drove straight through - our bus being stopped as the bus did not have the proper authority to go straight through. After about 10 minutes we were able to proceed but not once did our so called 'Police escort' come to our assistance even though parked only some 30 to 40 metres up the road. We were finally off to our hotels and after a couple of wrong turns, about an hour later we arrived at our hotel where we had to unload all of the luggage and sort out what belonged to everybody and then John took the Senior Team off to the Sofitel Hotel while I booked in with the Juniors at the Meridien Hotel.

We then had a couple of hours to unpack and get settled before we had a Team meeting for the Juniors with John and me talking (Dr. Sue and Darrien observing), on what we expected of the Juniors and we all passed on any prior knowledge we had of Cairo and the hotel and we made times for breakfasts and dinners so we could all eat together 'as a Team'. At dinner that night I was informed of the delays with the Team coming in from Cyprus but at that stage there was very little that I could do from Cairo.

28th April - Everyone was up early and very keen to get out to the shooting range where we planned to get some unofficial training in. As the grounds were open for training, everyone elected to have at least 1 or 2 rounds of practice but our first priority was to see if the 14 cases of cartridges that I had pre-ordered was there waiting for us. I was then told that the PB cartridges that I had ordered, all that they could supply was just 4,000 to the Australian Team and in fact there were only 7,000 in total on the grounds and that we would in fact have to take the balance in Maionchi or Viri shells. I purchased a case of the Maionchi for the shooters to practice with and the Team members all went off, keen to have their 2 rounds of practice each.

In the meantime I went off and started paying all the entries and tried to finalize the book work with the authorities. These Team Managerial duties took about 3 hours a day for each of the next 8 days and all I can say is there were a lot of head-aches. I found the hotels had over booked all of the rooms (this was their High Season and there were a lot of tourists about) and they also booked them out to the names of the people in them, not to the Australian Team as a whole, and when I had to juggle people around once the Team came in from Cyprus, chaos reigned for a couple of nights as we had been booked 2 rooms short. When the Cyprus Team arrived they found they had 2 bags missing along with Nathan Cassells' gun and the Team members were all completely worn out, virtually having had no sleep for one and a half days.

April 29th - Up early again for this was 'official practice' day for Trap and as usual Australia was up first on the grounds (countries practice in alphabetical order). All of the Trap shooters were keen to get in a solid practice and we had Nathan trying to familiarize himself with a loan of Adam's gun.

I attended the Technical Meeting that day. The Opening Ceremony was on the agenda in the early evening and we saw two very proud Juniors carrying the Australian flag into the Opening Ceremony - Angelique Psarakis and Robert Cameron. All of the Juniors and some of the Senior Team attended this ceremony dressed in their official track-suits and this was great to see. We were entertained by some Egyptian musicians, dancing horses and then Egyptian dancing - this was all very lovely but I found the music a little too loud and went on a little too long.

Prior to the Opening Ceremony taking place we had been notified that the missing bags etc. had turned up at the airport and they needed Greg and Nathan to go out and pick up the articles. The Organizing Committee were supposed to supply a vehicle for this but after waiting for an hour and a half, Greg was informed that he would have to take a taxi. 100 Egyptian pounds later and about 4 hours of time, Greg and Nathan returned with the suit cases but still no gun.

April 30th - The competition started and we saw the first 50 targets of Trap being shot.

The weather conditions were quite warm for the whole 10 days of competition except for one day where we had gusty winds for the full day. There was a lot of pollution every morning and usually a little sand blowing about.

A lot of work had been done on the ranges since my last visit here (in 1998) with a new range having been built and all the grounds levelled out in front with imitation green lawn in strips along the front of the each trap house to help the shooters see the orange clays as they flew out into the golden sand back ground. The clays that they used were Nasta clays, thrown by Sienna machines. The targets were very good but difficult to see against the sand.

At the end of the first day in the Men's competition we had Michael on 50/50 and both Ben and Nathan on 48/50. The Junior Men's scores were: Travis Vaina on 47/50, and Robert Cameron and Andrew Brady both on 45/50. In the Women's competition we saw both Deserie and Suzanne scoring 47/50, with Nessa shooting a 43/50. Lastly the Junior Women's results showed that Angelique Psarakis had shot a 44/50 and Leanne Smith a 43/50.

We all left the grounds and headed back to the hotels feeling satisfied with our results for the first day's competition and I would like to take this opportunity to thank both John and Greg for the magnificent jobs they did as Coaches, for their support given to the shooters and I know this was appreciated by the shooters themselves as much as it was by me. Thanks fellas !

1st May - Competition on day 2 was another 50 targets of Trap for both the Men and Junior Men and 25 targets + Final for the Women and Junior Women.

At the end of the day's competition we found the following results: Men - Michael had shot a 47/50, Ben a 47/50 and Nathan a 46/50.

The Junior Men - Robert Cameron 46/50, Andrew Brady 45/50 and Travis Vaina a 41/50. For the Women, Suzanne shot a 22 putting her on 69 and into the Final, Deserie shot a 19 and that gave her a 66 and Nessa also shot a 19 giving her a score of 62. After the Women's Final was shot, Suzanne finished in 6th position on 89/100, Deserie was placed in 9th overall and Nessa, = 25th place. The Australian Women's Trap Team did however win the Bronze Team Medal - well done ! Our Junior Women's results had us really smiling - Angelique shot a 22 giving her 66/75 and Leanne a 20 making her total 63 and we had a new Junior Women's Trap World Champion - Angelique. The presentation followed and what a proud and lovely young lady she made, standing there on the dais, receiving her World Champion trophy. Well done, "Squirrel".

By this time I am afraid to say, sickness had arrived in the Australian camp with Jarrod Fletcher violently ill and many others having upset stomachs and Coach John was feeling 'poorly' as well. Dr. Sue had her time cut out running from room to room and she did a magnificent job keeping most of the Team on their feet with Masseur Darrien working tirelessly trying to ease those aches everybody had, at the hotel as well as out at the Gun Club.

May 2nd - Competition for day 3 - the last 25 targets for both Men and Junior Men + the Finals for each.

Men: Michael finished with a 25 giving him 122/125 and there were 4 shooters on 121/125 and 7 shooters on 120/125 and they were all looking for a place in the Final. Ben finished in 13th placing overall with a score of 119/125 after having shot a 24 in the last round and Nathan finished in = 21st place having shot a last round of 23 giving him a total of 117/125. Michael shot a 23 in the Final and this left 3 shooters on a score of 145/150 and they had to shoot off for 1st, 2nd and 3rd places. It then went into a Single Barrel Shoot Off with these results:

| | | |
|----------------------|---------|--------|
| AUS DIAMOND, Michael | 145 + 6 | Gold |
| USA ERICKSON, Bret | 145 + 5 | Silver |
| RUS GOURKIN, Pavel | 145 + 3 | Bronze |

This gave Michael his second World Champion Trap title for the

second year in a row (he had competed against 99 others in this competition). This was indeed a popular win, for Michael is admired for his shooting all around the world, and rightly so. None were more proud than the 2 Coaches who watched along with the Team Manager, who was having a case of nerves at the time.

Australia also won the Men's Team event, taking Gold and being recognised as the World Champion Team in Trap yet again - two years in a row - what an effort. Great stuff !

In the Junior Men's results we saw Robert Cameron finish 8th overall, shooting a 23 in his last round giving him 114/125, Andrew Brady was placed = 11th overall having shot a 23 making his score 113/125 and Travis Vaina was place = 18th after shooting a 22 to give him 110/125.

At presentation time it was with great pride our Team watched as the Australian flag was raised for Michael's win as World Trap Champion and again when the Men's Team took their Gold. What a result !

For dinner we had a small celebration for Michael at the Meridian Hotel dining in the Mexican restaurant. Senior Trap and Double Trap competitors had been invited on a dinner cruise on the Nile - Dr. Sue took those who wished to go to this and they had a wonderful evening.

May 3rd - A full day for Double Trap practice. By this time Jarrod Fletcher was up and about and feeling much better. John M was still very ill but managed to get himself out to the range to help Greg with the shooters - everyone trained well.

As Dr. Sue had the day off from the range she took those Juniors who were not shooting Double Trap, on a visit to the famous Cairo Museum and then shopping to the bazaars. Those that went on this trip had an enjoyable and memorable day out. I must say that there has not been a spare hour wasted in taking the Juniors to

see as much as possible in Cairo without interfering with their shooting programme. We have already had an excursion to the pyramids (for all those who wanted to go), to the Sphinx and to the old temple and to the Papyrus Art Gallery plus some shopping at the bazaars.

Our 4 Skeeties, Clive, George, Neil and Natasha arrived today. Nathan's gun also turned up and this time I had to go out to the airport and deal with the Customs and Police in order to pick it up. Another 150 Egyptian pounds later and one of the worst nights I have ever experienced in my life for by this time I found that I had caught the dreaded bug (that being experienced by both John and Jarrod and diagnosed by Dr. Sue as 'viral meningitis'), I finally had to get Greg to meet me at the Meridian Hotel so that he could go and put Nathan's gun into the armoury. By the time I had arrived back at the hotel I was shaking and shivering so violently that I thought I was going to pass out - another patient for Dr. Sue - and she prescribed for me some medication to help relieve my symptoms.

May 4th - Double Trap competition with the full amount of targets for both Men and Junior Men, Women and Junior Women being shot for on this day. At the end of the day the results for the Men were a little disappointing when we were hoping to do well. Adam Vella came in = 9th with a score of 46+46+47 = 139 (which in anyone's language is a pretty good score), but the lowest score to go into the Final was a 142 with the highest score being 144.

The results were:

| | | | |
|-----|------------------|---------|--------|
| KUW | ALFASI, Hamad | 190/200 | GOLD |
| HUN | GEREBICS, Roland | 186/200 | SILVER |
| CHI | LI, Shuangchun | 184/200 | BRONZE |

Our other shooters, Russell Mark, was placed = 36th after shooting 42+44+46 making a total of 132 as was Steven Haberman who shot 44+45+43 putting him in = 36th place as well.

Junior Men's Double Trap results showed that at the end of the day we had Rocky Manno winning the Bronze Medal having shot 44+44+43+2 after a shoot off with an Italian Junior. Rocky really showed that he was maturing with his shooting, going into the shoot off with a great deal of confidence. He smoked his first two targets and won the Bronze Medal. The results were as follows:

| | | | |
|-----|------------------|---------|--------|
| USA | CURTIS, Adam | 139/150 | GOLD |
| CRO | GLASNOVIC, Anton | 135/150 | SILVER |
| AUS | MANNO, Rocky | 131+2 | BRONZE |

Jarrod Fletcher came in 18th place shooting 40+37+41 for a total of 118/150 which was a great effort for a boy who had just spent 4 days, violently ill, in bed. Josh Lawrence was a little disappointed coming in 23rd placing after having shot a 44+35+34 giving him a 113/150. Josh had shot some good training rounds but couldn't get his timing right on the day of competition.

Women's Double Trap saw Australia out of the Finals and we were all disappointed. Deserie came in = 8th position shooting a 36+30+36 for her 102/120, Diane was placed = 17th having shot 32+32+32 for a 96/120 and Suzanne B. was placed = 21st for her effort of 31+28+35 giving her 94/120. Scores of 105 to 111 made the Final in Women's Double Trap which is a fairly respectable score compared to a few years ago and it is good to see that the women's scores are getting higher and higher year by year. The overall winners were:

| | | | |
|-----|--------------|---------|--------|
| CHN | ZHANG, Yafei | 143/160 | GOLD |
| TPE | LIN, Yi Chun | 142/160 | SILVER |
| CHN | LI, Qingnian | 141/160 | BRONZE |

Another 'little ray of sunshine' on this day came in Junior Women's Double Trap with Suzie T. winning the Gold. The results were as follows:

| | | | |
|-----|--------------------|------------------|--------|
| AUS | TRINDALL, Susan | 34+37+32=104/120 | GOLD |
| RUS | KOUCHAGUINA, Lilia | 34+35+31=100/120 | SILVER |
| USA | HOLTZ, Lacy | 32+32+29=93/120 | BRONZE |

Leanne was placed in 8th position having shot 18+25+21=64/120.

COACHES AND/OR MANAGERS

Positions for Down the Line, Australian Skeet and ISSF Teams

The ACTA are looking for qualified people for the above positions. All applicants are asked to register with the ACTA office by the close of business on the 28 September 2001.

A history of the persons ACTA involvement and personal CV is required.

The executive will then select a group to be put into a Pool for each Discipline (the pool will only be actively involved until the 31 December 2002 when a new Pool will be announced). Please register the Discipline of your choice.

If selected for Teams, the positions may have to be fully SELF FUNDED (the ACTA will endeavour to obtain funding if available).

Graham Michell
ACTA Shooting Committee.

She was disappointed with this but seeing that she had never shot it before in competition and had shot a 32+33 in practice the previous day after the Organising Committee members had asked if we had another Junior Woman who we could enter to make it an 'official World Championship title'. You have to have a certain number of competitors and countries entered into an event before it can be classified as a World Championship and we were lucky enough to have Leanne there who was willing to give it a go. This was a huge ask of her, shooting at her first international competition, but it showed what a tremendous Team member and competitor she is.

Presentations were held straight after the events were completed and it was again a very proud Suzie T. who stood there receiving her Gold Medal and World Championship trophy. She can now place these beside the Bronze Medal that she won in the same event at the World Championships in 1999 in Finland. Rocky, equally proud but very modest, accepted his Bronze Medal and I can't speak too highly of these Juniors who did more than was expected of them - well done ! They were equally delighted when confronted by the owner of Perazzi Gun manufacturers who came up to congratulate them as did Alessandra Socci of RC Cartridges. I believe both Suzie T. and Rocky are now the proud owners of new Perazzi guns, replacing their old Perazzi guns. What generous sponsorship from the gun manufacturers. Congratulations Perazzi for your gesture.

This day also saw the departure for Australia, Michael, Angelique, Ben, Travis and Andrew.

May 5th - Official Skeet training.

Both John and I were ordered to stop in bed by Dr. Sue as we were both very ill but John still went out to the ranges for a couple of hours but was soon back in bed feeling very weak and sweating profusely. We were extremely lucky to have Greg with us as he seemed to escape 'the dreaded lurgy' that had befallen us.

May 6th - First day of Skeet competition. This was to be held over 3 days instead of the usual two. 50 targets for all Men, Junior Men, Women and Junior Women.

At the end of the day's competition in the Men's section we had George on 47/50 and Clive and Neil both on 44/50. This was disappointing as all had shot good training rounds. The Junior Men's scores were Adrian on 45/50 and Paul on 44/50. Natasha shot a frustrating 40/50 in the Women's division but we saw Natalia leading the Junior Women's section after having shot a 44/50.

May 7th - Today we saw the next 50 targets for both the Men and Junior Men but the last 25 targets for the Women and Junior Women plus the Final for the Women.

Today we saw Greg, Rocky, Deserie, Steven, Adam and Josh head for home.

By day's end we saw these results - Men: Clive had shot 47/50, Neil 45/50 and George 42/50. In the Junior Men we saw that Adrian had shot a 45/50 and Paul a 43/50.

Final results for the Women showed Natasha had shot a last round of 23 to give her a score of 63/75 placing her in = 22nd position. The winners were:

AZE MEFTAKHETDINOVA, Zemfira 72+22=94+4 GOLD
RUS PONARINA, Olga 71+23=94+3 SILVER
ITA VITALI, Cristina 69+24=93 BRONZE

Junior Women - all eyes were now on Natalia who was leading by one target going into today's competition. At the end of their last round of 25 we saw Natalia having to shoot off for Silver and Bronze - Natalia missed one of her targets in her first pair of the doubles and ended up with the Bronze. The results showed:

USA DUNN, Haley 24+19+23 = 66/75 GOLD
SVK BARTEKOVA, Danka 21+22+22 = 65 + 2 SILVER
AUS RAHMAN, Natalia 21+23+21 = 65 + 1 BRONZE

Once again those Australian Team members in attendance at presentation time were proud of the shy Natalia as she received her Bronze Medal. Again what a great effort from our Juniors.

May 8th - Day three for the Men and Junior Men's Skeet competition saw the final 25 targets plus a Final being shot by the Men. George finished in = 53rd place with a score of 114/125 after having shot a 25/25 in the last round. Clive finished with a 22 giving him a score of 113/125, way below his usual standard, placing him in 59th position and Neil's last round of 23 gave him a total of 112/125 putting him in = 66th place. The Seniors scores were all disappointing - I for one had hoped for better results as I am sure the shooters were, but it was not to be. There were 98 competitors in this particular discipline and to finish in the Final you had to shoot 122+.

USA DULOHERY, Shawn 123+25 = 148+2 GOLD
ITA FALCO, Ennio 123+25 = 148+1 SILVER
FIN KEMPPAINEN, Marko 122+25 = 147 BRONZE

The Junior Men's results showed that Paul had shot a 25 in the final round giving him a score of 112/125 and 17th position overall and Adrian shot a 21 to finish on 111/125 in 18th place overall. The winning Junior shot a 119/125.

GBR BOND, David 119/125 GOLD
KUW ALMUTAIRI, Zaid 118/125 +2 SILVER
CYP GEORGIOU, Makis 118/125 +1 BRONZE

Our two Juniors, for their age, shot well, though Paul was a little upset with his score. Adrian, I thought, shot really well for his first big competition overseas and I am sure both Paul and Adrian will be successful shooters in this discipline in the future. Well done boys !

The only record that the Skeeties and I did make in Cairo was that all of us fitted into what was, I think, a Toyota Corola. One of the bazaar owners offered us a lift from his shop back to the hotel one night and when we told him how many we were he said, "No worries, no worries!" There were 6 of us plus him, the driver. Fairly squeezey...but he did have a captive audience as he told us how great a friend he was to us and how he had the cheapest and best buys in all of Cairo - this done all at the top of his voice - I am sure he could have talked under water with a mouth full of marbles and back home I am sure he would have made a great 'demolition derby driver'.

May 9th - This day saw our departure from Cairo - some to fly home while others of us were heading to Seoul, Korea for the Seoul World Cup.

I was still having problems with the hotel who were trying to charge us with things we had not had and I was still trying to track down our National Anthem and flags. We once again had a battle with the Customs and Police at the airport and as I stated earlier, both work independently of each other and we found that one of them had the serial number of Natalia's gun under Natasha's name - all written in Arabic. After some heated discussion some one and a half hours later and we were ready to depart from Cairo. Two things that I did learn on coming out of Cairo was that there was no weight limit on my baggage, for with all of the Team trophies and extra paperwork etc. that I had, my suitcase weighed in at 37 kilos and nothing was said and the other was with the banks, including the Egyptian Bank - they don't like taking Egyptian money back. Some of us ended up having to take some French francs for it and as one of the tellers said, "Go and spend it in the bazaar or the Duty Free shops."

Singapore Airlines had everything organised as a group booking and all went very smoothly. The flight to Singapore was via Dubai where we had an hour stopover and where most of us disembarked, either to get something to eat and drink or to go to the Duty Free shops.

Dr. Sue, Darrien, John, Diane and I headed to a coffee shop and as I hadn't had a decent meal in the last 5 - 6 days, I ordered a bowl of seafood bisque (the best I have ever had) and a steak sandwich. The steak sandwich was shared around - John said he was now a

Opening ceremony in Seoul, Korea.

vegetarian and ate one of the rolls that came with my soup and the lettuce out of my sandwich and Darrien ate the other roll and some of the salad from my sandwich. The soup, steak and a decent cup of coffee saved my life for I knew I wouldn't be able to face the food served on board the plane.

In Singapore we had a short stopover where 16 of us headed North to Seoul, Korea and the rest caught flights back to Australia.

WORLD CUP, SEOUL, KOREA

10th May - 18th May, 2001

Team as follows:

Men's Trap: Nathan Cassells, Nidal Asmar, Tom Turner Jnr.
Robert Cameron (MQS).

Women's Trap: Diane Reeves, Suzanne Balogh, Nessa Jenkins

Men's Double Trap: Russell Mark, Brett Hall, Nathan Cassells,
Tom Turner (MQS) Jnr. Robert Cameron (MQS)

Women's Double Trap: Suzanne Balogh, Diane Reeves, Susan Trindall

Men's Skeet: George Barton, Clive Barton, Barty Brighenti

Women's Skeet: Natalia Rahman

Coach: John Maxwell

Manager: Graham Michell

May 10th - On our arrival at the Inch'on Airport, at 3.45 pm we were already aware of a difference from Cairo. The airport is virtually 'brand new' having only been open for about one month. Very spacious and very clean, and with members of the Organising Committee helping us, it was not very long and we found our selves through Customs (taking about an hour) and we were on our 2 hour drive to Seoul. We were taken by a bus to our hotel and the coach was a very modern, air conditioned, 54 seater.

The trip to Seoul was quite an eye opener with a large freeway taking us all the way in, the bus rarely sitting on less than 110 kph. The city of Seoul is situated in the Han River Valley and is surrounded by mountains and it was quite different to what I had expected. A very large, modern city, filled with freeways and modern apartment buildings. The hotel that we were booked into was the Olympic Park Parktel Hotel and it is situated right alongside Olympic Park which is a legacy from the Olympic Games and is still widely used as a recreational area. The hotel from the outside looked really good but the rooms left a lot to be desired in both their size and comfort and I don't ever remember having slept on such a hard bed as that provided in my room. We spent the rest of the day unpacking and settling in and held out first Team Meeting in Korea together with our other Aussie Team members who had flown in direct from Australia - Tom Turner, Nidal Asmar

POSITION VACANT

**Applications are now open
for the position of
Shoot Marshal for the
2001 Skeet Nationals
to be held at the
National Shooting Ground,
Wagga Wagga
12 to 18 November.**

**Interested persons should apply,
stating experience, to:**

**Executive Officer
PO Box 466

Two Women Team Event; Mixed Pairs Team Event; All Australian Skeet Team.
HIGH GUNS: OVERALL; WOMENS; JUNIOR; SUB JUNIOR & VETERANS on Events 3 to 7.

The ACTA reserves the right to alter the programme.

Dianne Reeves (Bronze medal) in the women's Trap in Korea.

and Brett Hall. Barty Brighenti was to fly in later for the Skeet.

May 11th - Official Trap training day and Technical Meeting (for me), Opening Ceremony in the afternoon followed by a Welcome Banquet which we all attended. A very busy day.

The Opening Ceremony was very colourful with folk dancing and some Junior Martial Arts performers demonstrating their skills. The weather for the whole time we were there was very good with warm sunny days of around 22 degrees C, excepting for May 15th where we had bitterly cold winds and some light showers of rain.

The shooting ground in Korea is, I believe, that which was used for the Olympic Games and combines all of the shooting sports. It is built in quite a large wooded area on the outskirts of the city and was a one hour drive from the hotel at Olympic Park. The grounds here were also utilised for other outdoor activities with many playing fields for sports such as volley ball, basketball etc. and many picnic areas. These grounds are used 7 days a week by the public for recreational use including kindergartens and school children for every day there were bus loads of children wandering about watching the shooting sports and picnicking in the area - this was tremendous. I was also told that the Seoul Zoo allows certain animals (deer etc.) to graze and wander about the park at certain times of the year. There were also some large office blocks with amenities, and a very nice restaurant and an out-door eating area situated at the main buildings.

The Clay Target Range is situated about three quarters of a kilometre from the main buildings and mini buses run from the main bus park out to the Clay Target Range every 10 minutes. The Clay Target Range has 3 grounds cut into the side of a hill with the back ground being densely covered native forest, similar to that in Langkawi. There was also quite a nice restaurant situated at the Clay Target Range with plenty of seating for a viewing area. The trap layouts were equipped with Spieth throwing machines, Matarelli traps for the Double Trap and Nasta Skeet traps - the targets used were Corsivia - coloured orange. All targets thrown were of a high standard with some of the trap programmes having some very hard targets - throwing the full distance into the foliage. The Flash targets being used in the Finals were all together different and were not of a very good quality making the refereeing very difficult under the new rules where coloured powder could be seen without actually breaking the target (can be called a hit) and in many instances where the targets did not break till some time after they were hit and spun themselves to pieces. This happened on quite a few occasions making the decisions made having to be altered and this was all very confusing to the flip board operators and scorers, competitors and spectators.

The settling of all accounts was also done today and this was finalised in about 3 hours - very unlike my experiences in Cairo.

The Welcome Banquet at the Shooting Ground was quite a lavish affair with a huge crowd in attendance and with many of our Team members not wishing to try some of the different Korean dishes, we all caught the first bus back to the hotel and then John and I, along with a couple of the girls, headed for the restaurant while most of the Team headed off to either McDonalds or Hungry Jacks which were situated about a kilometre from the hotel.

The food in Korea is very expensive, as is clothes, electrical goods etc. and I believe things are cheaper back home. There are some bargains if you go to the street stalls and barter for them but the quality then is unknown. It was here that a shop owner told me that he had some "very cheap imitation copy watches, but not as good as the usual copies", can you believe it, at least he was honest!

Korea is one of the most progressive countries that I have been to with their building of freeways, high rise buildings, modern cars, a very modern underground railway system and all very, very clean and something that was very noticeable, NO GRAFFITI to be seen anywhere.

One of the American competitors who had previously been stationed in Seoul 8 years ago with the American Air Force, told us that while he was there only about 2 or 3 bridges crossed the river

Suzanne Balogh, winner of Women's double Trap in Korea.

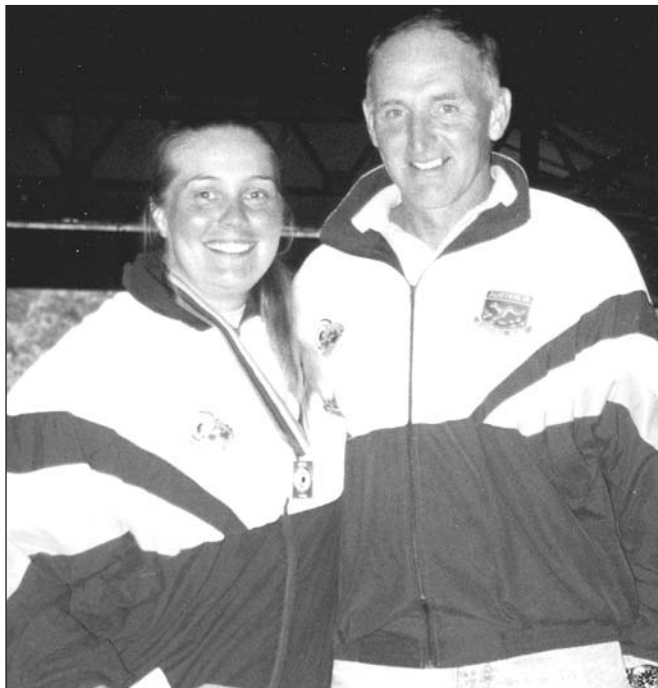

that runs through the city and there were very few building over 30 - 40 metres in height. Now there are dozens of modern bridges and everywhere you look there are high-rise buildings and not much pollution for such a large city.

May 12th - This is not only a World Cup for Clay Target shooting but for Pistol and Rifle as well, they are all here in Seoul for the combined World Cups - 475 competitors from 33 countries.

The first 75 targets of the Trap competition for our shooters plus the Final for the Women. At the end of competition we had two Women in the Final. Diane in 2nd place on 69/75 and Suzanne in 5th place on 66/75. Nessa came in 10th place with a score of 60/75 and Leanne who was shooting an MQS position shot a

disappointing round of 52/75. At the end of the Final, Elena Tkach posted a 24 giving her a score of 97/100 - a new World Record and the Gold Medal. Dianne had to shoot off for 2nd and 3rd place with Keiko

Suzu of Japan and as Dianne missed her first target she had to settle for the Bronze. Scores were:
 RUS TKACH, Elena 24+25+24 = 73 + 24 = 97 GOLD
 JPN SUZU, Keiko 22+23+22 = 67 + 23 = 90+1 SILVER
 AUS REEVES, Diane 24+21+24 = 69 + 21 = 90+0BRONZE

Two happy people — suzanne and coach, John Maxwell.

Suzanne finished in 5th place with a 66+22 for a total of 88/100. Well done girls - this was exceptionally fine shooting.

In the Men's Trap, Tom had shot a 72/75, Nathan and Nidal each 67/75 and our Junior, Robert, shooting for an MQS, shot 65/75.

Off to the presentation ceremony which was held outside and this was a very colourful affair for the women carrying the medals and flowers were dressed in their colourful national dress. A proud moment for Diane as she received her Bronze Medal. Diane puts a huge amount of effort into her training and is one of the best Team members we have on any trip as she is always willing to help where ever she can. Thank you.

May 13th - Nessa flew out this morning after catching the 5 am bus for the airport. With the last 50 targets of Men's Trap plus the Final to be shot, there was also some Double Trap practice to follow, so we all headed off to the shooting range.

At the end of the day we had Tom on 119/125 which put him into 4th place going into the Final. Nathan finished on 114/125 leaving him in 10th place and Nidal in 13th place after shooting 113/125. Our Junior Robert shot a 109 in his MQS position.

The Final was not a straight forward Final either as there were many dubious decisions made, targets being dusted and called 'lost', targets being dusted and called 'hits and one target in particular that was clearly broken and apparently unseen by the referee was called 'lost' but seen by many of the spectators as being broken. This caused a shoot off for 1st, 2nd and 3rd for at the end of the Final Glenn Kable (formerly of Australia but now shooting for Fiji), Alexei Alipov of Russia and Dominic Grazioli of the USA were all on 144/150. This Shoot Off could have been averted if

Glenn had a coach/Manager present. He did end up winning the shoot off by shooting 4 single barrels. Tom shot a 24 in the Final which was really great but it left him to shoot off for 4th and 5th overall and he was contesting this with our old friend from the UAE, Ahmed Al Maktoum. Tom won the shoot off by shooting two targets over Ahmed's one target. Well done Tom.

FIJ KABLE, Glenn 121+23 = 144 + 4 GOLD
 USA GRAZIOLI, Dominic 121+23 = 144 + 3 SILVER
 RUS ALIPOV, Alexei 121+23 = 144 + 2 BRONZE

May 14th - Practice for Double Trap and one shooter departing for Australia - Nidal up early to catch that 5 am bus for the airport.

Once again Australia was up first for practice with all shooting exceptionally well - particularly Russell, Nathan and Brett. Suzie Trindall experienced a double discharge in her gun and John had the gun smith check the triggers and did what he could and they seemed to be working well after being worked on. We had an early finish today and went back early to do some laundry chores etc. and then went shopping. John and I found a Sizzler type restaurant where we dined with reasonable prices and a good variety of food to choose from - the steaks still very expensive and very small compared to those at home. Barty flew in this evening and as John and I were returning to the hotel we met the boys just heading off for a Big Mac for dinner.

May 15th - Double Trap competition for Men and Women plus the Final for both. At the end of the 120 targets for the Women we saw Suzanne B. as the number one shooter for the Final on a very good score of 109/120. Those on 98/120 had to shoot off for 6th place and this was a shame as Suzie T. had shot a 96/120 but missed 2 targets when she had experienced two double discharges with her gun and this was a very big disappointment to her. Diane came in 10th place on 32+28+35 giving her 95/120. The Final for the Women saw four of those women going into the Final with scores of 107 up to Suzanne's 109 and this was going to be a nail biting affair. The flash targets again proved to be a big challenge but in

the end we saw Suzanne hitting 37 of her targets putting her two targets clear of her nearest rival, a Korean shooter. The results were:

| | | |
|---------------------|---------------------|--------|
| AUS BALOGH, Suzanne | 37+35+37=109+37=146 | GOLD |
| KOR LEE, Eun Sim | 37+34+37=108+36=144 | SILVER |
| TPE LIN, Yi Chun | 34+37+37=108+34=142 | BRONZE |

I have seen a lot of happy winners over the years but I don't believe that I have ever seen a happier person and a prettier smiling face than Suzanne had at the time of winning her event. A few drops of rain started falling so the presentation ceremony was held under the cover of the large restaurant area. Suzanne was a very proud recipient of her medal.

In the Men's section of this event, Russell had shot a 49+43+47 giving him 5th place in the Final on 139/150. Brett was placed in 15th position after having shot 42+45+43 for a 130/150 and Nathan was placed = 25th after shooting 39+44+41 for his score of 124/150. Our Junior shooter, Jarrod (who was shooting in an MQS position) shot and obtained his MQS by shooting 43+42+35 for a total of 120/150 and he also won a set of red shooting glasses from Russell - Well done Jarrod.

Into the Men's Final and again the weird flash targets were used - this time with quite a few broken targets and a 'supposed gun malfunction' by one of the American shooters who used up his allocated time to rectify his 'supposedly faulty triggers' - he later told us that he had actually run out of cartridges and I couldn't believe what he had just said. This all made the Final a long drawn out affair with Russell ending up in 4th position after shooting a 46 giving him 185/200. The winner was a young American lad named Walton Eller and he shot a brilliant 49 to give him the Gold Medal.

| | | |
|-----------------------|---------------------|--------|
| USA ELLER, Walton | 46+49+48=143+49=192 | GOLD |
| KUW ALDEEHANI, Fehaid | 48+49+48=145+46=191 | SILVER |
| UAE AL MAKTOUM, Ahmed | 46+48+47=141+47=188 | BRONZE |

Yes, third place went to our little friend from the UAE - not bad for a man who shot it only for something to do.

On this night John and I were invited by some of the Organising Committee to attend a traditional Korean dinner at our hotel and we could take along some guests. We took along some Team members who were game enough to try and I believe we were all pleasantly surprised.

It was similar to a Japanese dinner where you leave your shoes at the door and then sit on cushions on the floor at a very, very low table. We were all presented with flowers and gifts on entry, the boys with nice watches that can be worn on their belts and the girls received either handbags or belts. These were given to us by one of the Korean lady shooters who was dressed in traditional dress and we were told she also was a World Champion in karate. We were plied with many, many dishes and dipping sauces and given instructions on the right sauces to use with each dish with all of us using chrome chop sticks - it was quite a sight to see! Having the Korean lady sitting alongside me, she kept piling all the different types of food upon my plate each time I emptied it and knowing her past sporting achievements in karate and the strength that I could see in her hands, I was not going to upset her by refusing to eat everything that she gave me - except the jelly fish - I couldn't come at that. While this meal was in progress we were also given a traditional alcoholic drink (with a high alcohol content) plus quantities of beer. We were told it was not polite to refuse a drink when the host poured it out, which seemed to be poured out constantly, and it wasn't long before we saw a few glowing faces and heard a lot of laughter coming from those around the table, especially from one of the guests we took along, namely Victor Shaw from New Zealand. The Korean lady shooter had also recognised Diane as the Australian lady shooter with the very 'loud call' and she must have been quite impressed by it for she imitated it at intervals throughout the evening much to every one's amusement. We had a great night and I can fully recommend the food to anyone who goes to visit this country. Off to bed at 10 pm for a number of our shooters were leaving in the morning.

May 16th - Nathan, Diane, Suzanne B, Suzie T., Tom, Brett, Robert

and Jarrod were all up and away on the 5 am bus and departing for home. Skeet practice was held as programmed and this was the coldest day that we had experienced. All of the Skeet shooters shot reasonably well and we were hoping for good results over the next 2 days. I caught the bus back to the hotel in the early afternoon as I started to feel those same symptoms that I had experienced in Cairo. That night John and I dined at my younger brother's home in Seoul (he is the Manager of the ANZ Bank in Korea) and we had roast Australian lamb with all of the trimmings and we both agreed that it was the best meal we had eaten in the past 3 weeks.

May 17th - The first 75 targets for Men and 75 targets for the Women plus the Final.

I awoke feeling very poorly - where was Dr. Sue now when I needed her! I dared not go out on the first lot of buses to the Shooting ground for I felt so dizzy and had the shivers and shakes so John took the shooters out to the range. I take my hat off to John as I am sure that he had been awake for most of the night listening to me, tossing, turning, coughing and shivering. I needed to get to the Shooting ground for I had hoped that Natalia would get into the Women's Final so I finally dragged myself out and caught the 11 am bus out to the Shooting ground. Before catching the mini-bus out to the Clay Target Range, I paid a visit to the ISSF doctor on the grounds and asked her if she could give me something to relieve my symptoms. After an examination she told me that I should be put straight into hospital and I refused this as we were only a little over a day away from going home, and against her will, she gave me some medication to take and I then made my way out to the Clay Target Range feeling very, very ill.

The Skeet shooting was still in progress and I updated myself with the scores that had been shot. Natalia had in fact had a very bad first round shooting an 18, the damage already done, and even though she shot two rounds of 22 and 23 giving her a 63/75 she was relegated to 9th placing and missed out on the Final. Scores of 66 and over made the Women's Final.

For the Men's Skeet we had George on 72/75, Barty on 69/75 and Clive on 70/75 and we had high hopes for the last day of competition. I did not feel well enough to stay and watch the Women's Finals so I caught the first available bus back to the hotel and went straight to bed. John shifted out of my room when he came back with the Skeet shooters and bunked in with Barty - he needed to get some decent sleep and he also needed to get away from my 'bugs' for he had not fully recovered from the illness that we had in Cairo..

May 18th - Lauren, Russell and Natalia departed a day earlier than was planned so it meant an early start for them - that 5 am bus trip to the airport. John left early with the Skeet shooters for the Shooting grounds and I could hardly make it to the toilet without falling over through dizziness so I spent the whole day in bed hoping to recover enough for the journey home which would be starting at 5 am the next morning.

The results from the day's competition are as follows: George finished in = 8th place after shooting 119/125. Barty was placed = 15th on 116/125 and Clive was placed = 23rd on 113/125. Not the results we had hoped for. Scores of 120, 121 and 122 went into the Final and the winners in the Men's Skeet were:

| | | |
|-----------------------------|------------------|--------|
| RUS SKOROBOGATOV, Alexei | 122 + 24 = 146 | GOLD |
| UAE AL MAKTOUM, Saeed | 121 + 24 = 145+4 | SILVER |
| CYP CHRISTOFOROU, Kyrilacos | 122 + 23 = 145+3 | BRONZE |

No one from the Team went to either the Closing Ceremony or the Closing Banquet, for everyone had to pack their bags and prepare for that early morning 5 am bus that would start our journey home.

May 19th - 5 am bus departure for the Inch'on Airport. We had a smooth flight back to Singapore arriving in mid afternoon with either 6 or 8 hour stopovers, where everyone excepting me, went shopping. I just booked into the hotel as I had already changed 3 singlets and shirts through perspiration between Seoul and

Singapore and for a person who has never been seriously sick in my whole life, I didn't realise just how ill I could feel.

I was ever so glad to make it back to the Adelaide Airport the next morning and to see my lovely wife standing there waiting for me. Home at last !

Summary - As with all great things they come to an end but I believe this trip produced the best ever results from the World Championships and World Cups combined and it was the biggest Team taken to the highest of all ISSF competitions. On behalf of all the A.C.T.A. members, I would like to thank the whole Team for making this such a remarkable, successful and memorable trip - the illnesses will be forgotten but those wonderful achievements, never !

To Dr. Sue, for the wonderful work that she did with so many ill people in Cairo, I am sure she saved many of us from complications while we were there and also for the help that she gave to the Juniors in taking them on outings and sightseeing trips that would have furthered their education on Egypt - I thank you - and I am sure everyone who was on the trip will agree with me.

Masseur Darrien - for once again working tirelessly, day and night, keeping everyone in tip top condition and for your friendship and smiling face - I thank you.

John and Greg - having observed now many of the Coaches from around the world, and their interaction with their Teams, I don't believe there are any other Coaches as dedicated and hard working as the two of you, and I believe the Australian shooters are very appreciative of your assistance, so on behalf of them I would like to thank you publicly for your support.

To the people who have made this trip possible, I would also like to thank you on behalf of the Team - the A.C.T.A., the Australian Sports Commission,

Peter Whelan of Uniserve and the NSW Safety Awareness Council (both of whom are sponsors of our Junior shooters), to the parents of our Juniors (for they have helped fund their Juniors to these competitions), special thanks to Alesandra Socci from RC Cartridges, Italy and Luca Scribani Rossi of RC Cartridges Australia (who made cartridges available to the Team in both Cyprus and Korea), to Perazzi Firearms for the support they are giving to our Junior shooters and to the Shooting Committee for the support that they have shown to me and finally I would like to apologise to those shooters for my non-attendance at the grounds when I was sick, and where I was unable to give them the support that would normally be expected of me.

Graham Michell
TEAM MANAGER

40th Anniversary for Central Burnett Gun Club

Central Burnett Gun Club Inc, Mundubbera celebrated its 40th Anniversary shoot on 16th and 17th June.

John Horton, who was at the first meeting when the club was formed in 1961 in Gayndah, and has had continuous membership since then, took out the C grade Highgun on Sunday.

Gary Darlington was also an inaugural member and is an active shooter again after a break of a few years. Among former members to return were Don Gull, Steve Kentish, Malcolm Zipf, John Hill,

Former president of the club 1983/84 Henry Harman presented Ken Vicary (president) with the original Damo trap which Henry had bought and restored to be kept at the club.

High Gun winners at the anniversary shoot are B Kurt Goody (Mungungo), C John Norton (Central Burnett), AA Rob Rehbein (Bundaberg) and A Ken Vicary (Central Burnett).

At the 40th anniversary shoot were former and present members, Neil Willson, John Norton, Stow Kentish (Toowomba), Kev Zipf, Ken Vacary, Jim Trott and Malcolm Zipf (Hervey Bay).

John Norton and Gary Darlington who were both inaugural members of the Central Burnett (prev Gayndah) gun Club, with Malcolm Zipf (president 1981/82) now of Hervey Bay, John Hile (previous long time member), also now of Hervey Bay and Don Gull (president 1968/69) now of Hamilton Islds.

Winners of the Mark Shelley Memorial Shield teams even were Mungungo X — Bill Francis, Ron Smith, Barry Zimpel, Kurt Goody and John Woodall who were presented with their prizes by the late Mark's sister Alison Robins (centre) and her daughters Emma and Shelley and Shelley's young son.

Richard Bloxsome, 2nd from left holds the OB (Berkley) Bloxsome Memorial Shield while John Hile, Ken Vacary and Jim Trott look on. Berkley was secretary of Central Burnett for many years.

Merv Onoprinko, Noel Goody, Henry Harman and Don Taylor.

Local former members Les Sandow, Jim Triott, Neil Willson, Frank Robinson Snr, Alan Meyer, Wally Allerand, Neil Meyue, Ulavien Kimleere, Jason Darlington and Richard Bloxsome enjoyed the dinner Saturday night or came out to the club which was decorated for the occasion, caught up with old friends and checked out the display of memorabilia and commemorative mugs and glasses.

A practice shoot on Saturday afternoon was won by Gary Darlington, Kev Zipf, Malcolm Zipf and George Linsket.

Thirty nine people attended a dinner at the Royal Hotel, decorated with flowers and balloons and streamers in the clubs colours of blue and gold on Saturday evening; listing shooters from Hamilton Island, Bundaberg, Mungungo, Maryborough, Condamine and Kingaroy attended the Anniversary shoot on Sunday and everyone was presented with a commemorative ribbon.

Former member Henry Harman handed back the original Damo trap, which he had bought and restored, to the club President Ken Vicary.

Thank you to everyone who had contributed to the success of the club over the past 40 years.

MARYBOROUGH TID BITS

www.mctc.org.au

The day I finished work the company put on a bit of a farewell party. A couple of bosses a few drinks and a couple of workers and one boss was giving a farewell speech and he said some very nice things about me like "we're not so much losing a worker as gaining a parking space". But what touched me he went on to say "its going to be hard to replace you, because we're not sure exactly what it is you do". So I got to Hervey Bay and couldn't find a place to stay so I bought a cheap three storey house that night so we had somewhere to stay and after my morning walk I came back to the house and said to the wife "we are lucky when the tide is out we have a four storey house"

In March copy of the CTSN there was a letter to save Geelong Clay Target Club from eviction so I wrote a letter to the people advised in the Your Say, save Geelong to help their cause.

I received a reply today from Michonne Van Rees, Executive Director Parks Flora and Fauna on behalf of the Hon Sherryl Garbutt MP Minister for Environment and Conservation and on reading it, it doesn't look too bright for Geelong and I can see no light at the end of the tunnel. Hope something good is the end result. Good Luck Geelong.

CENTRAL BURNETT 17-6-01

If you want a fresh slice of bread drop in to Peter Pagliaroni as Peter won one for 1st handicap. No I don't mean he won a loaf of bread but Peter won a bread maker and Trevor Cecil makes handicap his event took off third and the Maryborough boys got into the 30t event with Phillip Warren overall, Neil Berry AA and Shared CD. While Dick Osborne was 2nd in A Grade and Jarrad Smith 1st C Grade and in Rockhampton Phillip took 1st AA Continental. Good shooting by all.

MARYBOROUGH 24-6-01

Tony Bradshaw was standing talking to a customer in his car park at his corner store (which isn't on the corner) when I drove in and said something like "Open the back door and you have a prize" But I got a look from Tony like what's going on here? So I said "you left before the raffle draw and you won the meat tray and we bought it down so open the back door and take it".

It was now the wheels were starting to turn and Tony took the meat tray and said "but I never win anything" and looked as pleased as punch. Good Luck Tony and lucky we live in Hervey Bay and was going past Tony's corner store (which isn't on the corner) to Harry's place.

With a good turn up of visitors it is hard to know if the Deauville Double is a popular event or not. There was Brian Fourro, Adam Gardner and Dad, Tim from Bundaberg, Stewart Dawson, Brian Goddard, and Lex Stolberg (Gympie), Gary Darlington, Frank Robinson (Central Burnett), Irvine Wynyard (TLGC) and new shooter to try clay targets John Poulter who is a Pistol Shooter, come again John hope you liked shooting with us.

Jarrad Smith drew the jackpot, did the right thing, and let it jackpot, better luck next time Jarrad.

President Paul won the whisky quicky board raffle, and of course, I told you Braddy won, and was delivered 25 miles the meat tray raffle. Was good to see our Captain at the shoot who has a pair of plastic knee's and had to have them oiled and greased and cleaned I think they put a couple of washers in as he looks two inches taller. Good to see you on the traps Allen, best of luck, and Darrel King missed his first shoot in twenty years with the singles get better soon Darrel. See you on the traps.

Jeff Challacombe is now settled in B Grade after shooting his first two hundred as new shooter. Best of luck Jeff. And in the kitchen was Heather and at the busy part helped by Wilma who also sold the raffle tickets. Thanks Heather and Wilma and thanks for bringing Neil, Wilma.

Results of shoot.

In AA Grade Brian Goddard and Ian Robinson shared Cash Divide, Paul Anderson SB, Neil Berry DR and AAHG. In A Grade Andy Wood DB CD, Dick Osborne SB, Gary Darlington DR and Vince Dollisson AHG. In B Grade Tim Gardner DBCD Adam Gardner DBCD, SB, DR

and BHG. Good shooting Adam. In C Grade Harry Walker DBCD, Jarrad Smith DBCD, SB, DR and CHG good shooting Jarrad.

In the Deauville Doubles (drawn partners) 1st Jeff Challacombe and Tony McRae 2nd Lex Stolberg and Adam Gardner. We don't shoot September and we hold our big Master Games, Heritage City One Day Shoot 7th October 9am. Program Master Games 50t double championship = 25 target points = Carswell and Co Cash Handicap 15 Pair Double Rise. See you there. If CTSN arrives before our August shoot, we are changing the 25t DB and 25t SB to 50t DB to use as our e-mail shoot well it is something like that, I hope.

Mary and John were flying home from a shoot when John said "Holy hell I am bloody tired". But he forgot the wireless was still on and the tower man came back "listen mate you are not allowed to chat on the air waves and also you are swearing on the air. I want your location, the name of your plane and registration and your name and address.

So, Mary says, "he said he was bloody tired, not bloody stupid" and turned off the radio.

FRIDAY 22ND JUNE THE DAY THE BIBLE CAME

Once again, the bible came before our shoot nice to receive it early. Thank you. Congratulations should go to Majura Park Gun Club doing the SZ Carnival. I don't even know where they are but to put through 90 shooters with 100 targets and only 3 traps that's great going. You wouldn't have time for a nervous one. But on page 19, President Fred got his reward from Kathy, good to see.

In Cuzzo's etiquette where he states don't handle anyone's gun, in my years of shooting I haven't seen much of this but my thought has been if you can't afford it don't worry your self by looking at it.

And only one Your Say this month and Mark is dead right if you don't shoot for the love of it you have lost the plot.

Waiting for the next Bible.

I went up to a country shoot and booked in to a motel for the night I was just read for bed when the door opens and in walks this beautiful young lady who says "Oh sorry, wrong room, I am looking for Room 15". So, I said, "This is Room 15 you have the right room, but you are fifty years too late".

BUNDABERG 1-7-01

Bundy shooters to shoot well at Rocky was Kaye Rehbein who shot 5th in \$2000 HC. I don't think Kaye got the \$2000 but part there of. Janice Butters C Grade 1st PTS and 2nd Continental and intermediate High Gun. Good shooting Janice and Spencer Plath 2nd C Grade SB. Brian Fourro B Grade 1st Continental. Then in Central Burnett Janice shot C Grade 2nd DB and 2nd SB. And Rob Rehbein with taking AA DB and PTS claimed the AAHG.

Welcome from Lismore, to Cherry and John Hall who have move to Bundy and will be shooting in the area nice to meet you Cherry and John. Visitors at the shoot local sporting shooter Jim Plath, Irvine Wynyard and Maryborough shooters Neil Berry, Phillip Warren, Tony McRae, Glenn McNeil, Harry Walker (who drew the jackpot but let it jackpot, better luck next time Harry) and Norm Dale.

Bundy ready for their Sugar City Championships 29th 10am 30t Med 50t DB CS 25t SB CS Sunday 25t DB PTS CS 50t DB CS 25t HC.

As Harry was on squad and I was two we had no reason to wait for presentations we hit the trail leaving Kaye to forward results. Thanks Kaye.

Skeet 25t Off Gun

B Brian Fourro, C Ryan Howie 25t HC 1st Dick Snow, Ryan Howie and Janice Butters.

Trap. In AA Paul Rehbein DBCD and Overall and AA Medley CS. John Hall Graded HC while Stafford Smith took Single Barrel and OAHG.

In A Brad Petersen DB CD and Irvine Wynyard SB, Graded HC

Mixed. In B Grade Kaye Rehbein DB CD Gino Sergiacomi SB, Adam Gardner G HC, and Ryan Howie Mixed CS. In C Grade Brian Charteris DB CD Spencer SB, Tony McRae G HC and Janice Butters Mixed.

Another very windy day. Bundy shoot 2nd September Skeet 9am Trap 12 noon 50t DB 50t PTS badge over 100t OA. Then Annual Two Day 29th 30th September.

Three blokes standing at the pearly gate waiting for Saint Peter to let them in, so Saint Peter said the first fellow "how did you end up here". "Well" said the first bloke "I make love to this beautiful women but you have to watch out for her husband and this time he was too quick for me he must have seen me coming up the back steps and he picked up the fridge and threw it down the steps and cleaned me up and here I am"

"That's a bit rough," said Saint Peter. "And what happened to you" Peter asked the second bloke. "Well Sir, I court this beautiful women, and I heard her husband coming so I jumped into the fridge and before I knew it I was air borne and landed on something soft which broke my fall but the gas pipe broke and I was gassed and here I am". "That a bit of bad luck" said Saint Peter. And looking at the third bloke said "And what is your story". "Well" he said "there is always someone making love to my beautiful wife and I couldn't take it any longer and when I saw this bloke on the back steps coming up, I just picked up the fridge and threw it down the stairs on top of him and that is when I had a heart attack it must have been too heavy and here I am"

GYMPIE 8-7-01

The most distant visitors were shooters Pam and Colin Widdows from Korumburra Club Victoria. Both having wins would have enjoyed their shoot. Other usual visitors Ross Eberhardt (Tin Can Bay), Bret Brown, Wes Humphreys, Neil Sinclair, Allen Mills (Sunshine Coast), Cameron, Jarrad and Dad, Gary Brown and Malcolm Rankin (Kingaroy) Brian Fourro (Bundy), Gary Darlington (CBCTC), Vince Dollisson, Harry Walker and your truly. It was good to see George, Ben and his Dad Vic back on the tracks, nice to see you. Wal was back from his Darwin trip and took off AA points in the titles, good shooting Wal. And Marge was back in the kitchen with Yvonne, thanks ladies. Vic Tipman was glad he came as he drew and shot the jackpot, good shooting Vic. The Quicky Board Raffle won by local new shooter David Shaw, and the meat tray raffle won by another new shooter Stuart Dawson.

I don't know who ordered the weather as it was perfect, was it you Clarke?

Results of the shoot.

In AA Grade Neil Sinclair Continental with Glen Durre wrapping up DB PTS and AA Grade HG.

In A Grade Brett Brown Continental, Gary Darlington DB, PTS and AHG.

In B Grade Bill Weedon DB, George Foster PTS, Continental and BHG, good shooting George.

In C Grade Pam Widdows DB, Continental with Stuart Dawson PTS and CHG. And in the Handicap 1st Gary Carew 2nd Ben Tipman 3rd Colin Widdows.

Rule 1.01(e) All guns must remain fully open until the results of the previous target has been called. The shooter must immediately open the gun upon having fired at his target. He must not move, attempt to turn around or move back up his shooting lane until his gun has been opened.

Shooting Dates.

Sunday 2nd September Ken Mills Toyota Day 100t DB (Kingaroy).

Sunday 2nd September 50t DB 50t PTS OA 100 badge 12.00 noon (Bundy)

Sunday 9th September DB, SB HC, DB 10.30am (Gympie)

Sunday 7th October 9am start Maryborough Master Games and Heritage City One Day Shoot

After Bundy 2 Day 29-30 September.

Good shooting to all, till next time see you at the shoot

Lost Bird

West Australian Gun Club

ISSF Trap & Skeet Club Championship

On Sunday 24th June 2001, the West Australian Gun Club (Inc) held its 2001 ISSF Trap and Skeet Club Championships. There was a very good response from Club members and associates from the country areas with the ISSF Trap having 4 squads (20) and ISSF Skeet 2 squads (8).

The targets were extremely good with Programs 5 and 6 being set for the day. Targets ranged from the very hard 45-degree to the proverbial straight - a - ways. The overall winner of the ISSF Trap was Murray Alexander 92/100 (out of retirement) from CMT shooter Anthony Snooke 89/100 and Phil Melvin 88/100. "A" grade was won by the new veteran - Robin Bailey 87/100 from Pino Mezzatesta 83/105 after a shoot off with Michael Pereira. "B" grade showed that the ISSF Captain - Lindsay Hemley still has it with 83/100 from Ray Hawke 79/100. As with the other grades, the competition "hotted" up in "C" grade with a shoot off between Paul Fullarton 79/105 and Frank Shim with a 78/105.

Congratulations must go to the people who came and tried the ISSF Trap, especially Mike Daden who carded a 74/100 to be graded immediately into "B" grade and took out the Visitors Trophy that was provided.

In the skeet area there was determination by Clem Bertini (91/100) to once again win the Club Championship from Craig Ellis 86/100 and Marco Ponta 84/100. The other shooters performed well, with 2 new shooters trying our ISSF Skeet for the first time. Unfortunately during round 2, the targets decided to get their own back on only female in the squad and claimed their only victim with a broken target cutting her left hand "pinkie" and fourth finger. All was okay at the end of the day as determination then set in and the scores all round picked up.

The club is extremely proud of its pursuit in the ISSF disciplines area with such a beautiful day and good numbers, we thank everyone who attended, for their time and consideration of this challenging discipline.

Continental Club Championship - A Winner

On Sunday 15th July, the West Australian Gun Club held its Continental Club Championship, sponsored by Christine Alexander. The day initially started our looking bleak with numbers, but by 1.20pm there were 6 squads and 37 shooters to vie for the championship. In the prelude to the days format, news was broken to the members that Mr Peter McBride (club coach) had passed away the night before. Once all had composed themselves, the competition began with a warm up of 50 target Double Barrel Cash Divide, with Robin Bailey and Ray Hawke registering the only perfect 50/50's. Amongst all other grades there were plenty of 25's registered - a good sign for the Continental Championship.

The Club Continental began and after the first 25, there were two perfect 25's with Terry Hearn and Ollie McPartland. The targets were good and event thought the sponsor reckoned that Terry Hearn was deliberately giving her low targets that couldn't be seen over the trap house just so that she couldn't win her own event. Competition seemed to hot up in the second 25 targets with more 25's being registered and pressure showing on Ollie McPartland as he dropped his last target - low right hander to register a 47/50. Terry Hearn though continued his good shooting and finished with a 48/50 to the 2001 Continental Club Championship - his first sash. Congratulations Terry.

All in all, an excellent day was had by all with some old members turning up and taking out trophies and just enjoying the atmosphere and camaraderie of the day at the club. Thank you to everyone who assisted on the day with the running events and for attending.

NOTICE

ISSF OLYMPIC DISCIPLINE NATIONALS - SEPTEMBER 2001

CECIL PARK CLAY TARGET CLUB, SYDNEY, NSW

OCEANIA TEAM SELECTION:

Teams for Open - Women - Juniors will be selected from the High Gun's of each Discipline over the full programme. The highest three (3) competitors will make up the 'A Team' and the next three (3) competitors will make up the 'B Team'. ISSF world MQS's may be attained at these Championships.

The Oceania Championships will be held in the North Island of New Zealand at Hamilton from 12 to 17 November (for all ISSF events) and from 8 to 11 November for the DTL of Standard Trap and Australian Skeet. Information can be obtained from the ACTA Office on telephone 02 6931 0122 or Graham Michell on telephone/fax 08 8531 1394.

***PLEASE NOTE - FUNDING**

1. The competitors who make up these Teams will have to FULLY FUND themselves to New Zealand and this includes the accommodation/entry fees/practice and any other costs involved.
2. The Teams will be announced at the completion of each Disciplines events at the ISSF Nationals. Those selected will have to notify their intentions as to whether they wish to compete before they leave the Nationals or forfeit their positions. A deposit of \$300.00 will have to be paid to the ACTA Office by the 28 September (entry fee).
3. ISSF ID numbers will have to be obtained through the Office before leaving the Nationals for those who are not registered.
4. Official uniforms must be obtained through the ACTA Office. Track suits - Shooting Jackets - Polo Shirts - Hats. All of which are FULLY SELF FUNDED.

IMPORTANT NOTICE

THESE TEAMS THAT ARE SELECTED DO NOT BEAR ANY RELATIONSHIP TO THE AUSTRALIAN CLAY TARGET TRAINING SQUAD. THE AUSTRALIAN ISSF TRAINING SQUAD WILL BE SELECTED FROM THE 2002 ISSF NATIONALS HELD IN JANUARY.

*Graham Michell
ACTA Shooting Committee.*

Your Say

Email: acta@riverina.net.au

Writers must give full home addresses. Where possible, letters should be typed. Letters must be signed. Letters with noms de plume or pseudonyms will not be published. The ACTA reserves the right to edit any letter and letters may be shortened for brevity. We do not necessarily endorse the opinion of our correspondents.

I refer to Mr R J Smith's letter published in the August edition of the CTSN.

For a person who believes himself as 'highly credentialed' and an ex-Executive member of the ACTA, his knowledge or perceived knowledge, of the running of the High Performance Programme since 1995 for the ISSF Disciplines is absolutely NOTHING!

Prior to 1994 it was all very easy to pick Teams - First past the post at one event (the Nationals) and then depending on who you were, and what international experience you had - making it very hard to get picked if you were not part of the small select group.

Yes, the Manager's positions back then were advertised but you don't have to be too smart to look back and see just who ended up with those positions - take out the Coaching Director's and it makes for very interesting reading - so much for transparency.

Since 1994, the Shooting Committee has instigated the running of Training Camps, selection Elimination Camps and has also initiated the writing up of a Selection Criteria Policy where we have tried to give every interested competitor a chance at representing our country at overseas competitions. Yes, we have made mistakes along the way but we have always had enough sense to listen and learn and make alterations where necessary. Since 1995, Australia has had many more different competitors competing at international events than at any time in the past.

We believe we have an excellent programme both for Seniors and Junior and you only have to look at the results that we have achieved in such a short space of time to know that we are doing the right thing. Australia is recognised as one of the top three clay target shooting countries in the world and if you have not noticed, we do have extra events to look after and we also send many women and juniors to the international events as well.

As for the Manager's positions over the last four years, once again Mr Smith, your knowledge seems very limited. I will inform you just how the selection of Coaches and Managers was made during this time. These were not made at the ACTA's discretion - these positions were given by the Olympic Athlete Program Board and the Australian Shooting Association. Luca Scribani Rossi and Greg Chan were selected to be the Coaches for the period up to the 31 December 2000 including the Olympics and the O.A.P. Board also insisted that a 'pool' of four people to act as Managers was to be made up - people who could manage multiple disciplinary Teams at an international level. My name was put forward by the High Performance Manager of the Programme, Mr Bill Murray and he asked if I would consider taking on one of the four positions. I thought that this was an honour, not just for myself, but for the ACTA, for the Olympic Team Manager was to be selected from this 'pool' of four people.

Mr Smith's allegations re selection of Teams is also WRONG! The Teams selected themselves according to the Selection Criteria. For the Team selection for the Olympic Shadow Team leading up to the Olympics, I was appointed by the O.A.P. Programme to be one of three selectors - Bill Murray the H.P.M., Luca Scribani Rossi (Head Coach) and me, representing the ACTA.

Funding - All of the Teams that I have personally been away with have been funded out of the O.A.P. funding, for the full four and a half years - at no time has the ACTA funds been used for this purpose and the ACTA also had no jurisdiction over the selection of Coaches and Managers during that same period of time. The DTL Teams to Wales and New Zealand is slightly different. Once again, Mr Smith you do not know your facts! Glenn Woodhatch went on these trips as the Australian representative to the Clay Pigeon Shooting Association of Great Britain. General Assembly's were held in conjunction with these World DTL Championships and the ACTA Executive was saving money by having Glenn look after the Team instead of sending a Manager along as well. The Glenn Cup Teams that went to New Zealand were also looked after by Glenn Woodhatch who was attending meetings with the New Zealand Clay Target Association and I believe Glenn paid for his own fares when attending these meetings.

Judges - International Judges to World Cups etc. The Shooting Committee has only been looking after this portfolio for the past 12 months and prior to that Mr Tom Meadows was the Chairman of the Judges Committee. I believe that some funding for about 6 or 7 judges has been given - \$1000.00 each to help get them to international events so they could be 'up-graded', as the ISSF had asked Australia to have as many 'qualified Judges' as they could at the Olympic Games in Sydney. Those who received monetary assistance went through the proper procedure to get to the overseas competitions - those who approached directly the countries involved, the incorrect method, therefore received nothing. The proper procedure for any appointments to overseas competitions or up-grades of Judges' licences must go first to the ACTA then to the A.S.A. Judges Committee who then send them off to the ISSF Judges Committee who make the decisions.

Accountability - In my opinion, the Executive over the last eight or so years, have been very accountable for you only have to look at the Balance Sheets each year. The ACTA is in a very strong position. Yes, we all make mistakes but it is the real men and women who can own up to them.

Please don't forget the Executives are appointed by their own States to the ACTA and they all do a very good job in their own States as well as on the National Executive and this is all done VOLUNTARILY!

I end this reply, Mr Smith, by saying that in future, have enough guts to name these people you are accusing and if you or anyone else would like proof of how Teams have been selected, Coaches and Managers have been appointed, I have all of the relevant documentation from the O.A.P. meetings, A.S.A. meetings and ACTA meetings, plus letters to prove what I have said is correct.

*Graham Michell
 Chairman, Shooting Committee
 ACTA Referee and Referee Examiner
 ISSF 'A' Grade Judge
 ACTA Executive for 11 years
 President of South Australia for 11 years
 Diploma recipient from the Australian Institute of Management.*

I refer to a letter in "Your Say" Clay Target Shooting News August issue signed by Robert J Smith. His letter reminded me of Graeme Connors song "Return of the Prodigal Son". We all know Robert Smith; he is the person who has just completed a consultant role to the SOCOG Committee in the Shotgun section. During that time there was plenty of space in the "Your Say" column. Mr Smith is also the person who whilst he served as an ACTA Executive member there were insufficient funds to send a team "around the corner" let alone around the world.

Since Mr Smith's time, your Executive has become much more professional and accountable as evidenced by the now produced Annual Report and Balance Sheet.

Business plans, six year development plans, copies of financial report, names of persons nominated as sharing financial responsibility, elite Coaches and Team Management roles are all required by the Sports Commission before any funds are allocated.

Successful teams, team management and external procedures used by the Australian Shooting Team for the previous eight years are used as a "benchmark" by the Sports Commission.

As we all know, the "runs are on the board". I pose to Mr Smith "if its not broke don't fix it".

*W Jones
ACTA Vice President
ACTA Finance Chairman.*

Dear Sir,

I have been a member of the ACTA for 35 years. This year I attended our AGM at Wagga as an observer. In general business one of the club delegates spoke about our ACTA journal being part of the Australian Shooters Magazine because of our costs.

The answer from our executive was NO! We need our own!

This is where our thinking is wrong. As the Australian Shooter magazine had not less than 19 interesting articles in the June issues, including shotgun ballistics, gunsmithing, fishing, 4WD etc. If it's good enough for our Olympian Russell Mark to write in this journal, it's worthier of us to be part of THIS.

After all, just because I shoot shotgun, does this make me better than the person who shoots rifle or pistol?

I would like to see all shooters of Australia united, similar to the American NRA or the Italian Shooting Federation.

(But still keep our own identity). Combing together to have the numbers to voice our concerns with our Federal and State Governments.

After being a referee at the Sydney Olympics and witnessing all types of shooting, "its time" our association sorted out the differences with the SSAA and let the shooters of Australia have the best of all types of shooting and disciplines.

Lets make 10 000 ACTA united with 300 000 SSAA plus pistols and come up with a 500 000 plus number. Make ONE journal with individual identity results etc.

Surely, this would be the most progressive and profitable magazine with the numbers.

We need all shooters to be united in this tough time to hold and own firearms.

*Regards
Kevin Perkins*

Dear Sir,

I read the latest contributions to "Your Say" with fervent vigour. However, I really must say that I am already sick and tired of the "New Skeet Rules" debate. I cannot for the life of me see how aligning our rules with an Internationally recognized, and what has been for the past 75 years, the accepted standard, could possibly be of detriment to our sport.

As to the letter from Mr Buhagiar, I am unaware of the source of his research, but I believe his "majority rules" argument for change back to "Australianised" rules is both fundamentally flawed and inappropriate. This is due to the fact that the only vote that I am aware of taking place, which involved the majority of this country's Skeet shooters, was at the meeting convened by the ACTA Rules Committee at the 2000 Skeet Nationals, where I was personally present.

On that occasion, the "majority" of dedicated skeet shooters voted 57 to 1 in favour of adopting the recommendation to realign ourselves with NSSA rules. And if that is not a majority recommendation, then I don't know what is. However I do know what it is not. It is not some whimsical "majority rules" figure which has no statistical credibility and is not backed up by any legitimate survey. Mr Buhagiar's "figures" appear to have simply been plucked out of the air, or accepted from the hearsay of a "minority" of misguided whinging malcontents.

One of the main instigators to this forward thinking and progressive endeavour to lift the credibility of our beloved discipline of Skeet has been the great man himself, Adrian Cousens. There appears to me to have been a great deal of negative innuendo, cowardly verbal sniping and recalcitrant backstabbing of the people who are trying to move our sport forward. For those of you who are unaware, Adrian Cousens has won no less than 21 National Skeet and Trap titles spanning four different countries, not to mention his 3 World Skeet Championships. He has also represented this great country of ours on no less than 14 occasions, and is the only Australian to have been employed by the NSSA at National Level. I don't know about the rest of you shooters, but to me, I think the man has the "credentials" to speak about the sport of Skeet from not only a local but also an International perspective.

Adrian has also done many wonderful things for the betterment of our sport, from junior coaching through to Nationals shoot mar-shalling. Unbeknown to many of the detractors, he still works tirelessly and for no financial or beneficial gain to himself, to improve the sport that he, and many of us, feel is not just a leisurely pass-time, but more of a lifestyle. It is even seen by some of us hopeless individuals, almost as an addiction. I believe that Adrian Cousens has done more to raise the profile of the sport of Skeet shooting in this country over the past few years, than the vast majority of well wishers, do-gooders and politically motivated people from within the shooting community.

We as the skeet shooting fraternity, who are truly passionate and patriotic, should revere our National champions, especially those with many years of Skeet shooting experience. We should draw on their great wealth of knowledge and depth of experience, and allow them to instigate initiatives that will improve our sport and secure it's future for generations to come. We should not simply debate the semantics of antiquated mistakes that have been made in the past, nor merely "nit pick", take "cheap-shots" or try to score political points for whatever reason. In the end analysis this will only prove to be derogatory and counter productive to our beloved sport

The time for discussion is now past and the time for acceptance is upon us. If you still feel the need for criticism, then please my fellow Skeet shooters, make it constructive. We need to think positively and embrace the newly resurrected Skeet rules for the common good and betterment of our sport. I implore all of our many friends throughout this wonderful fraternity, to "get with the program" and accept these positive and productive changes. After all, whilst the majority of us may never even get to the World Skeet Shooting Championships, one day one of our fellow Australian compatriots may just be fortunate enough to earn the honour of becoming only the second Australian to attain the title of World Skeet Champion. And how proud would we be then, that we shoot Skeet in Australia to the World Standard.

*Yours Sincerely
Rod Williams*

CALL TO ALL FEMALE SHOOTERS

Dear ACTA Member,

On behalf of the ACTA Shooting Committee, I have taken the liberty of writing to you being a female competitor in our sport.

The Australian Olympic Disciplines in Women's events of Trap, Double Trap and Skeet are badly lacking in numbers.

When I read the Clay Target Magazine each month I see that many of the girls/women are posting some excellent scores around Australia and I wonder why these same people don't shoot the Olympic Disciplines where they could perhaps represent Australia in competitions around the world.

We here in Australia, are very lucky to have some of the best Coaches in the world to help you achieve your goals and the ISSF Shooting Programme is more than willing to help you to get started and we will go out of our way to assist you. At the moment we are trying to place more ISSF facilities around Australia (making them more readily available to you) so everyone can practice.

The Olympic Disciplines are not as hard a challenge as a lot of people believe, and given the right coaching and equipment to practice on, they can be very rewarding and enjoyable disciplines.

Age is not really a barrier - it is like any sport - the more you put into your training the better results you will have - and this could include representing Australia overseas.

The women/girls who are already shooting these disciplines are a very likeable and friendly lot and there are many good times to be had at Training Camps, domestic events and International competitions.

If you are at all interested or want to know more, please don't hesitate to contact me (anytime) or come to the Olympic Discipline Nationals being held in September 2001 at the Cecil Park Clay Target Club, NSW and have a go for everyone has to start somewhere - the alternative is for us to arrange a time and place where we could talk and have a try at different disciplines.

There are huge benefits and rewards in the International events where you can represent Australia. The Commonwealth Games team will be selected next year and then the 2004 Olympic Team in 2003-2004. Most of these teams are fully funded.

I look forward to either hearing or seeing you in the near future - we don't have many competitors in these disciplines so the places are yours for the taking.

*Regards,
Graham Michell

CUZZO'S RAMBLINGS SEPTEMBER 2001

Back in the July issue I published the first half of an article I wrote some time ago about how I thought people should conduct themselves whilst shooting on a Skeet range. In essence, my thoughts on the correct etiquette to be observed at a gun club. Although the original article was written to be one of the chapters of a book I am writing on NSSA Skeet shooting, and thus focuses on that particular discipline, most of the points are sufficiently generic in nature that they are either relevant to Clay Target Shooting in general, or will lose little in the transposition to other areas of our sport.

As the full article was far too long to be published as a whole and thus had to be broken up into two parts, I had originally intended to present them in two successive issues of the magazine. However, as so often happens, I got carried away last month elaborating on my views of a totally different, but currently topical issue. So before we totally lose the thread of where I was with etiquette, I am printing the remainder of it this month.

As with the first installment of this subject, and the similarly structured Safety article I published a couple of months prior to that, I have asked the typesetter to print the main substance of the matter on a totally separate and independent page of the magazine. The idea here is not only to simplify and clarify it, but also to present it in such a manner that it can be put to best use. Thus I make no copyright claim to either of the articles and intend instead that clubs and individuals photocopy the various pages from the magazine and post them on their notice boards or hand them out to new members or any other worthwhile use to promote our sport.

Back in May I asked for any copies of the CTSN from 1976 or earlier that anyone could spare. In response to that I have received several nice bundles of old magazines and would like to thank all those kind people. Once I have sorted and cataloged them all, I will print another updated request, with the eventual aim of amassing a complete set of CTSNs. At the same time I also asked for any information on ISSF National High Gun winners. To date I have had no replies to this and thus would like to repeat that request.

Several weeks ago I was chatting on the phone with my old mate and sparring partner, Ken Lowry, and we were discussing the recent passing of Jack McCraith, who won the Champion of Champions in 1950. Following on from that, Ken asked me who I thought was currently the oldest living ACTA National Title winner. I have no idea, but find the concept extremely interesting, so I am going to make it this month's Shooting Trivia Question. Please mail the name and birth date of any potential candidates to Shooting Trivia, P.O. Box 265, Bairnsdale 3875. The sender of the oldest winner received by 20-09-2001 shall receive a free entry to next year's National Champion of Champions.

The correct answer to July's STQ is: The search for the fastest National Skeet Shoot-off win provides some interesting statistics. The event has been won in the first round on six separate occasions. Ray Melville only had to shoot 14 extra targets for his Blue Sash. George Biggs and Reg Clarke are tied on 12 each. Newton Thomas and Christian Naudin went one better with 11 apiece. But the clear winner is Col Burt who triumphed after only eight targets in 1999. The first correct answer drawn was submitted by Adrian Lucchitti from Sydney in NSW, who added an interesting postscript: "Unfortunately he beat my brother Julian in the process", so I'm going to give him a free "twin" entry for both his brother and himself to this year's National Skeet Handicap.

*Good Luck in Toowoomba.....
Adrian Cousens (0418-516395)*

SKEET SHOOTING ETIQUETTE - PART 2

By Adrian Cousens

16) Never throw a tantrum on the field. One of the best pieces of shooting advice is "never judge a shooter by the way he breaks a target - always judge him by the way he misses a target." After you miss a target, any time spent on anything other than concentrating on breaking the next target is unnecessary and detrimental. 99% of all missed targets are due to shooter error. The other 1% which may be due to a bad pull, a wind effected target or some distraction, should be looked upon as a perfect opportunity to display your character strength.

17) Don't mess around after you miss. Any change in your shooting style after you miss your first target, such as hip shooting, shooting from a low gun position or calling quickly between singles, is very poor form. Firstly, it is bad practice for the next time you are trying to shoot well. Secondly, it is distracting to the other shooters on the squad who may be still straight or still trying to break a good score. And thirdly, the attitude that "if you can't break a straight you don't care what you shoot" is a form of semi-intentional sandbagging.

18) Never shoot twice at the same target. It is against the rules, it leans towards a safety violation, it demonstrates incompetence and it is generally considered poor form. If someone else does it, don't condone it by amusement or indifference, instead display restrained disapproval. If you do it yourself inadvertently, then make a mental note not to repeat it and don't even think about asking the referee for a proof shell, as he is probably considering disqualifying you if you continue to do it.

19) If you eject spent shells from your under/over, always watch them land. When you shoot an auto, people are aware and will be prepared for spent shells. Most under/over shooters retain their hulls and so the exception may catch them unaware. If you eject them over your shoulder the shooter behind you may either be struck by them or have his gun marked by them. Ejecting them absent-mindedly to the right as you walk off the station will often result in the referee being struck by them.

20) Do not pick up your hulls during a round. During a competition event any hulls that hit the ground usually become the property of the club. During practice it creates a nuisance to the other shooters. If you shoot a magazine gun and wish to retrieve your hulls then pick them up at the end of the round. If you shoot a pump-action and use it correctly there will only be four shells to pick up. If you shoot an auto, use a shell catcher and then you will only have eight shells to retrieve.

21) Don't coach your squad mates unless specifically requested. Many of the people that you will shoot or practice with from time to time will display a need for help. Even if you feel that you are qualified to assist, resist the temptation to give a few pointers there and then. Wait until after the round and then privately suggest that you would be willing to assist them during the next round or on some future occasion. This gives them the opportunity to either gratefully accept or graciously decline for any number of reasons. This way your well meant actions will never cause an embarrassing situation.

22) Always stand out of sight of the person shooting. The rulebook recommends for courtesy that you do not advance more than one-third of the way to the next shooting station until all the shooters on the squad have completed the station. Generally it works best if all five shooters line up behind each station and then after you shoot go to the back of the line or to some place behind that point. Allow your common sense to never put you in such a position that

you distract the shooter or require him to have to ask you to move out of sight.

23) No talking while someone is shooting. Although constructive advice and encouragement amongst squad members, between stations and between shots, is not only permitted, but also actively sought, silence must be strictly observed while the shooter is making the shot. As a general rule all noise should cease probably after the shooter closes his gun but definitely after he mounts it. Silence should then be maintained until the shot (or shots if it is a double) has been completed.

24) Try not to distract shooters on adjacent fields. Always be courteous and considerate of those people shooting next to you. Before you walk on or off your field, consider where the people on the left field are shooting. A short pause may be all that's required. After you have just shot Station #7, absent-mindedly wandering out past the dividing fence may distract a shooter on the right field who just called for high 3. After someone on your squad has broken their first 100, much rejoicing and backslapping while picking up your shell bags beside Station #1 will probably not help the guy on the next field who is trying to break a double on Station #6 in the last round for his first 100 straight.

25) Try never to be late for a shoot-off. It is fairly easy to work out ahead of time whether or not you will be in a shoot-off and where and when that shoot-off will be held. When the shoot-off is called make sure that you already have your gear and mind ready and that you can be there waiting to start prior to the indicated time. When the shoot-off is called it is very poor form to take a couple more minutes to finish your card game, then go and change your tubes, then go and buy some shells, then change and clean your lenses and then wander around asking people whether they heard which field you were supposed to be on.

26) Be careful carrying your gun on your shoulder. It has become common practice to carry under/overs in this manner. This is fine provided you use a little common sense and be careful to ensure that your gun never strikes any other person or their gun or their property. Only carry open under/overs in this fashion. Always carry them with the barrels forward. Never carry them in this fashion in a congested area such as the clubhouse or a shoot-off line.

27) No spectators on a shooting field. Even where the field is not precisely defined by a fence or rope, common sense will indicate the boundary between the shooting field and the spectator area. If a message for a shooter is important enough to disturb him on the field, then let the chief referee on shoot management enter the field and pass it on. If a shooter wishes to chat with the spectators, or needs an errand run, his option is to walk to the back of the field and do so, provided he is back and ready to shoot in turn.

28) Take only 25 shells for a practice round. Admittedly practice pullers do not supply proof shells. However, it is still better to only take one box of shells to a practice round. The odd broken target will not break you - look upon it as your donation to the club. If the club or a particular field has a bad reputation for broken birds, then take a few extra shells but put them in your pocket or a separate compartment in your pouch and use them only as proofs. Try to only ever shoot at 25 good targets in any practice round. Excuses such as "they charge too much so we need to shoot a few extras" can usually be countered by the management's view of "if we only had to throw 25 per round we could charge less".

29) Never run anywhere at a gun club except in an emergency. Gun clubs need to project an image of calm controlled safe operation. Running indicates trouble or panic and is adverse to this image. It can also be distracting to the shooters on the field. Seeing people walking around in your peripheral vision while shooting will usually pass unnoticed. However, a fleeting glimpse of a person running onto the next field just as you call for low five will probably be counterproductive.

BRISBANE GUN CLUB TWO-DAY SHOOT

2-3 June 2001

The shoot started on a balmy, sunny Saturday with that sparkling sunlight and crisp air that Brisbane turns on regularly in winter. Mother Nature did her bit; the rest was up to us.

High Gun winner Christian Naudin receiving his sash and trophy from club president Tony Kidman.

The first event was an innovation that the committee thought would make a change and at the same time offer shooters a chance to recover some of the costs of a two-day shoot. A 100-target skins event sponsored by Stevens and Sons was shot over the day with

Winners of the Winchester team event, Bob Winstanley, Col Wheatley and Alan Carne with club president Tony Kidman and Winchester rep Bob Dupuy.

money going into a pool for each grade for each round of 25. If there was a tie in any round the prize jackpotted to the next round. At the end of the day, there was also an overall prize for each grade.

Twenty-one shooters entered with some big guns out for the money. Unfortunately, there were only two shooters in A grade, Toby Witt (Sunshine Coast) and Vaughan McInnes (Brisbane) so their pool was only \$20 per round. The biggest pool was B Grade

with \$80 per round or a possible \$320 for the four rounds plus the overall prize. We had shooters from Gold Coast, Toowoomba, Goondiwindi and the Sunshine Coast and, of course, the home team.

The shooting went smoothly with no hiccups until after lunch when Rod Nicholson, our latest AA grade shooter held up proceedings showing off his new 28g gun. Mind you, there were plenty of people helping him! Cowboy Bob Winstanley caused some comment with his big white hat but then it does go nicely with his big, red, V8 restored Monaro. Then the rain came!

It came out of clear blue skies (until you turned around and looked behind up to a big, black, soggy cloud) and dumped on yours truly as he was shooting station six. I'd had trouble all day until this fourth and final round when I'd shot the high single and was lining up for the low when the first drops started. No worries, I was "in the slot" and kept going as the rain got heavier. One and one! Reload, line up for the double and the rain got heavier. One and one. You beauty! I turned around for the accolades to see the back of the referee as he was running for shelter. The rest were already there! Oh well. At least I got the monkey off my back. The rain lasted on five minutes after which we got back to business under blue skies.

After four rounds there were clear winners for AA, A and C grades with a shoot off necessary for B grade between Carol Tipler, Bob Winstanley and Bill Turner. This was conducted on Sunday morning when Bob won with a final score of 88/108.

Results were:

AA grade - Christian Naudin (Sunshine Coast) took three rounds with Keld Madsen (Gold Coast) taking the fourth. Christian took overall, 98/100.

A grade - Toby Witt and Vaughan McInnes shared the rounds with Vaughan taking overall 95/100.

B grade - Bob Winstanley took two, Carol Tipler took one round and Don Rush and John Kidman (both Brisbane) split round four. As mentioned, Bob took overall in the shootoff.

C grade - Simon Darr (Brisbane) took the first three rounds with John Tipler taking the fourth. Simon took overall, 84/100.

The day was shot in good spirit and everyone enjoyed the event.

Sunday dawned even better. Where does all the great weather come from?

We had thirty-three shooters register for the day's events that included the Winchester Team event. This event was shot over the 50-target handicap event that was sponsored by Mark Cottee and Tony Murphy who provided three eskies plus medallions as prizes.

Shooters shot very well with a very large group shooting to their handicap or better. The shootoff squad contained Col Wheatley, Don Rush, John Kidman, Bob Winstanley, Alan Carne, Simon Darr, Roger Hoffman (Toowoomba),

Planton Zapantis, Tracey Ashton, Mark Cottee (C5 and he shot a 25), Kwan Lien, Carol Tipler, John Tipler and Bob Robinson. After the preliminary shoot off Mark Cottee, Bob Winstanley (off scratch) and John Kidman were left. John went to station six and decided to leave it to the other two who competed the 25, a perfect score for Bob while Mark dropped 4 of the targets he had up his sleeve. They started over again when Mark dropped high one in the double and shot the 25th.

Winners of the handicap event, John Kidman, Mark Cottee, Bob (Cowboy) Winstanley with club president Tony Kidman.

Secretary, Don Trush, tries his hand.

Unfortunately for Bob he also dropped high one in the double but that was it for a scratch shooter. Final scores were Mark Cottee 73/80, Cowboy Bob Winstanley 73/79 and John Kidman 59/67. So, Mark won his prize back!

The final event was the Brisbane Gun Club 50 target doubles. Keld Madsen (Gold Coast) and Christian Naudin (Sunshine Coast) shot off the AA grade with Keld (48+8) pipping Christian (48+7). Vaughan McInnes took A grade with 44. Carol Tipler and Bill Turner (Goondiwindi) fought out B grade with Carol taking the honours on station one (44+1). Kwan Lien had the hide to beat me in C grade by one target with a 43. I still think that people who use side by side guns should confine themselves to shooting ducks!

The team which will have their names engraved on the Winchester Team perpetual trophy was Col Wheatley, Bob Winstanley and Alan Carne. Col was in the first team to win the trophy so has come full circle. Good on you, Col.

Overall high gun went to Christian Naudin with a very nice 200/207.

When he presented the trophy and prize, Bob Dupuy, Winchester representative and club member advised us that he would be retiring at the end of the year. Members would like to say a big thank you for your support, with Winchester, over the years, Bob and come down and join us for a whole lot more shooting in your retirement.

Other sponsors of the shoot included Steven and Sons Firearms with Mark Cottee and Tony Murphy. Thank you all.

Competitors would like to thank Don Rush, Alan Carne, Bob Winstanley and President Tony Kidman for preparing the lunches on both days and Don McPate who slaved in the office and roared out the call to arms for each flight. All except President Tony were also competitors so they really did put in a big effort.

Finally, thank you Mrs Winstanley for your delicious banana cake. Those of us who got in early enjoyed it while Bob was wandering around late in the day complaining that he missed out. You have to be quick, mate!

John Tipler, Brisbane Gun Club

Illawarra Gun Club Anniversary Carnival

With cash and prizes to the value of \$18 600, there was no reason not to come and compete at this year's open shoot. The weather, good target and great hospitality were just some of this years excellent features. The week leading up to the shoot was a great opportunity to bring the grounds and machinery up to perfection and the Illawarra members did just that.

High Gun winners from left: Damien Briggs OA, Dave Perri A grade, Scott Wallis junior, J. Wilberforce B grade, Kathy Gault ladies, C. Wilberforce C grade and Murray Havill veterans.

Friday 8th June was a huge day with heaps of shooters and friends practising and socialising before competition started on Saturday. The boys from Bega kept us entertained with a "stock whip crack-

From left, president Fred Ropley, Kevin Perkins (overall winner single barrel) and Brad Webb, vice president.

ing" demonstration and then a few locals tested their skills with a few lessons - and a few bruises?

Saturday dawned and the weather was perfect as it always is at Illawarra for those of you who have not been there before. One hundred and eighteen shooters lined up for a big day of shooting and 29 possibles were posted in the 25 target Double Barrel Cash Divide event. Event 2 - 25 target Illawarra Pointscore Championship was next up and overall went to E Allison 96/96 with one of our distant competitors M Havill (NZ) runner up with 79/80.

AA 1st D Briggs 75/78 2nd A Jones 86/87

A 1st W Higginbotham 84/87 2nd B Smith 75/78

B 1st J Wilberforce 90/93 2nd A Pagett 85/90

C 1st C Wilberforce 86/87 2nd A Kovtoun 66/75

The Ladies was taken over by Karen Kennerson 70/75, whilst one of our great shoot supporters, young Scotty Wallis flew himself and Dad Steve, to the shoot and took out the Juniors with 70/75 while long time shooter Doug Tatum showed us what it took to win the Veterans with 72/75.

Event 3, Illawarra Open 50 Target Double Barrel was the main event for Saturday with over \$3 900 cash up for grabs for anyone to post a good score. Glen Harden showed everyone that he meant business taking out overall first 225/225 with Glen Kable second, Glen Castellaro and Gary Rootes taking our first and second in AA grade.

A 1st S Balogh 56/57 2nd J Camilleri 58/59

B 1st J Wilberforce 60/61 2nd A Pagett 59/61

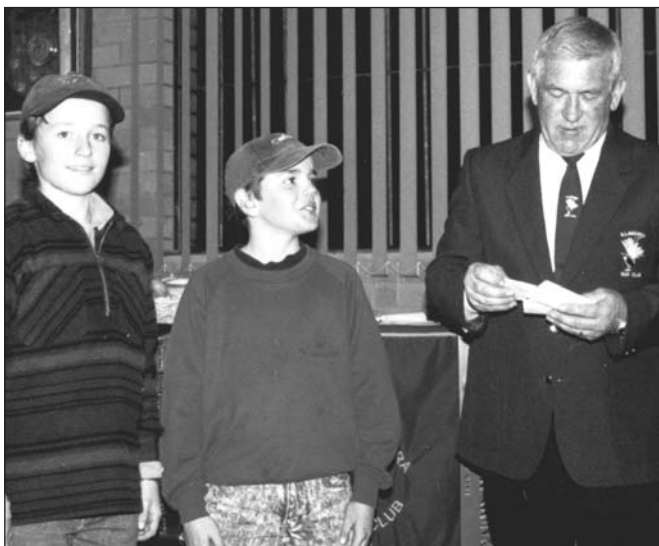

C 1st C Wilberforce 49/50 2nd D Dent 51/54

Suzy Balogh showed the Ladies the way 64/65 while Illawarra's up and coming youngest Glen Field shot 57/60 to take out the Juniors. Cecil Parkes' Mick Bajada shooting 48/50 took out the Veterans.

That was shooting for Saturday and for those that decided to stay for the wonderful spread that Charlie and Speck put on for everyone, it was magnificent. Thanks to you guys, you always make it perfect. Saturday night concluded at around 3am with a few usuals, Brian Samuels burning the midnight oil.

Sunday's shooting started on time so that we would finish before dark and with 126 shooters attending things went just nicely. Eighteen possibles were posted in the first event and being a cash divide, they all were handed nice bulky envelopes at the pay window.

25 Target Single Barrel was next on the programme and with the weather getting a bit rough shooters had to be a little careful about what they were doing. Longtime Illawarra Trench shooter Kevin Perkins showed everyone that he loves Single Barrel and took out overall first with a perfect 26/26 from Wade Hawkins

Fred and the trap boys.

25/26. Glen Castellaro was on the winning post again taking out first AA Grade 54/55 with Donny McMillan grabbing second AA with 50/52.

A 1st D Chrysostomou 27/28 2nd G Agostino 26/28

B 1st A Pagett 24/25 2nd J Wilberforce 23/25

C 1st R Baaner 20/25 2nd K Berry 20/28

Veterans was won by New Zealand Murray Havill posting a fine score of 26/27 with Kathy Gault wasn't giving up to take out the Ladies 23/25. Young Michael Monteleone showed all the Juniors how to shoot Single Barrel with 20/25 and some nice pocket money for Dad.

Tony Abela, overall 1st 50 tgt Illawarra Open.

With \$7 200 cash up for the main event, bad weather looming and 126 keen shooters ready to go for it, the last event got underway. Nick Petrone from Illawarra looked like he was going to "skin it" with the only 50/50 posted until the last round, however Tony Abela 65/65 came through to take the money with Nick having to take second (not too bad Nicky).

AA 1st J Vardanega 51/52 2nd T Psarakis 185/186

A 1st L Tren 54/55 2nd J Maxwell 53/55

B 1st B Veronese 48/50 2nd D Shipton 47/50

C 1st K Berry 47/50 2nd J Mitchell 45/53

Murray Havill again showed the Veterans that he did not come for practice and shot well to take it out with 108/111.

Suzy Balogh 48/50 took home the money for the Ladies with 48/50 while Scott Wallis needed more money for Avgas to get hi and dad home 47/50.

With shooting over for weekend the office staff worked tirelessly trying to get shoot offs and running to decide the overall and graded high guns before the sun went down, as it does quite early in the middle of winter at Illawarra.

The overall High Gun was split between two of the best shots over the weekend being our overseas visitor Damien Briggs (NZ) and Glen Harden (VIC) both shooting magnificently with a score of 243/250. A Grade was taken out by Dave Perri 244/260 - congratulations Dave, you always support our shoots. Jim Wilberforce shot extremely well to take out the B Grade High Gun 241/250 whilst talent runs in the family with C Wilberforce taking out C Grade 239/250. I do not think these boys will be in these grades for long.

Kathy Gault from Majura Park shoot consistently over the weekend to win the Ladies High Gun 232/250, well done Kath, a few extra bucks to put towards to G.M's.

Thanks to Scott and Steve Wallis for travelling down from Port Macquarie, Scotty you can pay for the plane hire with your winnings - ha, ha. Another great effort goes to Murray Havill from New Zealand taking out the Veterans High Gun 241/250. Thanks to Murray and all of the New Zealand contingent, you always support us extremely well every year.

Karen Berry, 1st C grade, illawarra Open 50 tgt double barrel.

Nick Petrone, 2nd overall Illawarra Open 50tgt double barrel.

Well that's it for another year, thanks to all those who helped leading up to and during our shoot, thanks especially to Mary, Jean and Lynne in the office and the girls in the kitchen who kept us all fed, well done.

A special thanks to the guys that looked after the traps and kept them going and to Fred and the committee, thanks for a well run shoot, see you all next year and bring along some more shooters.

*Brad Webb
Vice President*

QLD State ISSF Championships

Hosted at the Brisbane Gun Club on 7th & 8th July - and attracting shooters from throughout Queensland, inter-state and New Zealand.

Numbers were on an average to past years - and although suggestions are made that numbers will not increase unless the program is 200 targets per day - this is not possible within the ACTA Rules - which clearly state that State Championships will be 125 targets. Whenever the event is hosted at Brisbane - with 3 layouts - it may be possible to conduct a badge match prior - but then what do you do when you go back to a venue with one layout? However, this issue will again be raised and discussed by the State Council at their next meeting.

3rd AA: Bill Allan Dalby 99/125
 1st A: Lloyd Taylor Cairns Target 112/125
 2nd A: Fernando Cilli Brisbane 112/125
 3rd A: Peter Field Blackwater int. 108/125

 Double Trap Open State Postal Team:
 Jar Smaniotto (Cairns Target), Robin Loy (Warwick), Bill Allan (Dalby), Greg Newey (Warwick), Dan Johnson (Warwick), Dorothy Trindall (Showmans).
 Double Trap Women's State Postal Team:

Susan Trindall (Showmans), Dorothy Trindall (Showmans), Jennine Gerrard (Warwick), Betty Fawcett (Roma).
 At the time of writing this report - the State Office is awaiting confirmation of availability from those shooters selected in the Representative teams for the ISSF Nationals Championship being conducted at Cecil Park in January 2002.

The selected teams (prior to confirmation of availability) are:

Olympic Trap - Open: Lloyd Taylor, Fernando Cilli and Jar Smaniotto
 Olympic Trap - Women: Dorothy Trindall, Jennine Gerrard and Betty Fawcett

Olympic Trap - Junior: Michael Cilli, Adam Healey and Travis Vaina

ISSF Skeet - Open: Tony Kidman, Michael Wenzel and Mark Kempnich

Double Trap - Open: Jar Smaniotto, Robin Loy and Bill Allan

Double Trap - Women: Susan Trindall, Dorothy Trindall and Jennine Gerrard

QCTA State President, Bill Allan expressed the thanks of the State Executive to the Brisbane Club for the use of their facilities, and the assistance of their members and committee in assuring the smooth running of this years event.

2002 the event moves back to the Northern portion of the State and it is hoped that ISSF shooters will again show their support by attending.

In closing thank you to Brisbane Club President, Tony Kidman and his committee for hosting this years event.

QCTA

Taipan Perpetual Ladies Team Postal Competition

Nominations are now open for this event, and nomination forms are available from the National Office.

The following conditions of entry apply:

1. 25 Target Double Barrel 15 metres.
2. To be recorded Point Score (used only in case of a tied score).
3. Teams to consist of five (5) Women club members registered with the ACTA.
4. Affiliated clubs not having five (5) women shooters may combine with a maximum of two (2) women from a neighboring club. Shooters from the neighboring club must be registered and affiliated with the ACTA through that club.
5. Each team may nominate one reserve meeting the entry requirements.
6. Nominations to be received at the ACTA office, on a completed competition nomination form, prior to October 31, 2001.
7. Competition to be conducted during the month of November or December under the supervision of an official referee.
8. Winning team members to receive a team member badge.
9. Defending Club: BURDEKIN GUN CLUB.
10. Competition constitutes a minimum of three team nominations.
11. Competition result sheet and score sheets to be forwarded by Registered Mail and received no later than Close of Business January 11, 2002.

**Australian Clay Target Association Inc.
 P.O. Box 466, Wagga Wagga NSW 2650**

Improve your shooting with a EasyHit fibre optic bead

In today's world of clay target shooting shooters are always looking for that extra edge to improve their performance. This can mean a lot of things to different people, perhaps the elite competitor needs to improve concentration, or the beginner just wants to see the sight picture easier and improve their score. You also have the experienced shooter who over a period of time their shooting has deteriorated, maybe due to failing eyesight, lack of concentration or just simply boredom. Which has shooters looking for that extra gadget to break more targets and win. This natural instinct and curiosity lead me to discover the Easy Hit fibre optic beads.

This bead is simply attached to the rib with the supplied double-sided adhesive tape. I personally preferred to use Silastic as this allowed fine adjustments to align the bead and is easier to remove and try on another gun. The bead is so small in diameter and laying flat on the rib it should not change point of impact.

As I mounted the gun a small orange / red laser dot was clearly visible above the rib. If I lifted my head off the comb the laser dot faded and disappeared. Easy Hit does this by imbedding the bead in an enclosed tube. An excellent feature that is unique to Easy Hit.

This has many benefits to the shooter. It can defiantly help correct gun mounting faults. I also noticed that when closing my right eye (I shoot right-handed) I couldn't see any orange / red colour with my left eye. For those shooters like me who have a problem with eye dominants, this sight will help you to dramatically stop this annoying problem. One-eyed shooters who want to shoot with two will only see one laser dot clearly in the eye over the rib. Shooters wearing prescription glasses will see the target bead relationship better. If you miss a target you can instantly see what went wrong.

While trap shooting with the Easy Hit bead I set the gun to my hold point then lift my vision by one and a half metre's. This allows the target to fly into my central focus with good vision of the bead. Skeet shooting on pads two and six is so much easier with the advantage of being able to look off the gun for the target and still see the bead. In field shooting if I can see the bead I have mounted the gun correctly, giving me more confidence and time to shoot the target. When shooting the visual feed back of the sight picture is brilliant. Tracking and measuring the correct lead to smash a target is so fast.

The laser dot stayed bright under cloudy skies, in the rain and under lights. No longer will I use chalk to mark the end of the rib. The bead even works under the full moon. This is due to long length of the sight that amplifies its light-gathering power. Orange / red is a good colour, as it contrasts well on black, white and orange fluoro targets. Even background interference was no problem, since a high contrast visual focus exists on the target and the orange / red dot.

When you first see this bead you will be amazed at just how bright the Easy Hit bead is and you will probably say to yourself "This is too bright for me, its distracting as I keep looking at the bead not the target and it might mess up my shooting". Certainly, the first time you do shoot with an Easy Hit bead, it might cause a few missed targets. The reason is you looked back at the sight bead, which stops your swing. Many shooters do not realise that they are looking back at their sight bead and missing targets or perhaps just not seeing the target bead relationship. When you are missing targets and not knowing why, it could be you are looking back at the sight bead.

The sight assists the set-up and helps you recognise the zone where you should be hitting the target. This helps you to develop a more consistent timing to shoot the target. Eye fatigue is lessened. It's so easy to the target / bead relationship. This gives you the agility to remain focused and increase endurance. Plus, the sight can help you in shoot off situations where nerves get the better of you. The sight makes it easier to get back to the business at hand, as you can see the target / bead relationship ever so clear and bright. It helps to take away the fear and anxiety of missing the targets.

The sight won't fix all of your shooting problems, but it certainly will fix many. You can learn to aim with both eyes open, as it eliminates cross-dominant problems. You will see the bright orange / red (or lime green) laser sight bead only with one eye squared down along the rib and the gun mounted properly. Easy Hit does this because the bead is enclosed in a tube. You won't be incorrectly mounting your gun! I t will certainly help you shoot better, way better and more consistent!

The company picked a good name for the product. It really is an Easy Hit. If you are a serious shooter, and you want to win shoots, you had better get one of these sights on your gun and get shooting with it. I strongly recommend these beads to all shooters, as it will assist them greatly in getting that target / bead relationship happening. Believe me, this bead is going to fix a lot of problems in your shooting. This is no gimmick or idle promise. The Easy Hit sight works! These sights are available for \$45 from Go Direct Enterprises, telephone 08 9964 7888 or visit their website www.gde.com.au

Ken Green

2001 A.C.T.A. Presidential Medal

Nominations for this prestigious award are now open and should be forwarded to the Executive Officer no later than October 31, 2001

Nominations received will be placed before the Management Committee for their consideration and decision.

No correspondence will be entered into regarding any nomination received.

The following nomination guidelines apply:

Acceptance: nominations only accepted through State Associations of Affiliated Clubs.

Presidential Medal: Awarded to a person for their contribution to the development of the sport.

Judging Panel: Management Committee.

Closing Date: October 31, 2001, PO Box 466 Wagga Wagga, NSW 2650.

Note: The receipt of any nomination does not necessarily relate to the awarding of a Presidential Medal.

Junior Development and Practical Coaching Instruction

Gemfields Clay Target Club

Saturday 13th & Sunday 14th October

Townsville Gun Club

Saturday 20th & Sunday 21st October

*Gun Fit and Stock Correction by
Kevin Wright
Specialised Coaching Instruction
by Graeme Boyd*

Graeme's achievements in Trap, Skeet, Olympic Trap and ISSF are extensive - having represented Australia at World Cups & World Championships in ISSF Skeet, Commonwealth Games, World Championships & World Cups in Olympic Trap plus Trap & Skeet Championships and National & State Teams too numerous to mention.

Both weekends are open to any Queensland ACTA Affiliated . Junior shooters (under 21 for ISSF) and attendance is recommended.

To assist organisers with catering and planning arrangements those intending to participate are urged to notify the contact person at the venue/s you wish to attend.

**Gemfields - Contact - Rick Kennedy

Our Business is Hitting the Target

Expressions of Interest

The SISC has a number of spaces, of various sizes, within the shooting centre that it wants to hire out.

The areas would be suitable for a variety of uses such as:-

Cafeteria

Retail Pro - Shop

Manufacturing Space

Storage Space of limited nature

Interested? Then call for further information on how to lodge an expression of interest or to have a visual, and we can go from there.

THESE ARE THE PEOPLE YOU NEED TO CONTACT DURING OFFICE HOURS FOR FURTHER INFORMATION.

Classifieds

This section is for the exclusive use of ACTA members, and has been introduced for the purchase, sale and exchange of personal equipment.

PLEASE NOTE: Due to the new Gun Laws, all classified ads submitted must include the serial number of all guns advertised, and also the shooter licence number. We are also no longer allowed to advertise the sale of any pump-action or semi-auto shotguns or the parts thereof.

Rates (inc GST) are as follows:

\$11.00 — 0-60 words

\$22.00 — 60-100 words max.

Advertisers must comply with the copy deadlines as detailed on page 2 of this issue, and your name, address and telephone number must be supplied. Copy should be typed or carefully hand-written.

Payment must accompany advertisement.

NSW Members and Dealers

As stated in Firearms Act 1996, Section 54 "A person must not cause an advertisement for the sale of a firearm or firearm part to be published unless:

(a) the person is a licensed firearm dealer; or

(b) the proposed sale is to be arranged by or through a licensed firearm dealer and the advertisement contains such particulars as may be prescribed by the Regulations".

The Regulation states, "For the purposes of section 54(b) of the Act, the following particulars are prescribed in relation to an advertisement for the sale of a firearm that is arranged by or through a licensed firearms dealer.

(a) the licence or permit number of the seller,

(b) the name and address of the dealer concerned."

The Firearms Act 1996 applies to both the Publisher and the individual placing the advertisement. Failing to abide by this Section attracts and maximum fine of \$5,500.

TRADE PRACTICES ACT

The attention of advertisers is drawn to the Trade Practices Act 1974 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. reserves the right to refuse any advertisement without stating the reason.
