The Original *Nose system*

EASY TO INSERT AND CHANGE CARTRIDGE

TRANSKEI®

Each cartridge releases a natural concentrate which reproduces the scent emitted by wounded baitfish.

One of France's most popular lures, now available in Australia. The Transkei Nose System releases scent from the lure as it moves through the water via a replaceable cartridge. Different sized cartridges are available for fresh or saltwater applications.

National President's Notes

John H. Byrnes

SEASONS GREETINGS

On behalf of the ACTA Executive and office staff I would like to extend to all members the compliments of the season and we hope you enjoy the Christmas festivities. May 2002 prove to be a prosperous year for you all and we hope will enjoy your shooting in the New Year.

2002 REGISTRATIONS

A brief reminder to all that you 2002 registrations are now due. The cost of registrations for 2002 is \$68 for full members and \$38.50 for second family members and veterans. Junior registration costs are \$16.50.

CHRISTMAS SHOOTS

Most clubs around Australia will be conducting their Christmas shoots in the next few weeks. These are usually very popular as many clubs make a special effort to capture the spirit of the season. I encourage all members to join in, support your local clubs and enjoy the social atmosphere.

2002 ISSF NATIONALS

The ISSF Nationals for 2002 is rapidly approaching, the dates of competition being Jan 12th – 20th at the Cecil Park Gun Club. This National will be over the full traditional programme, including State Teams and National training squad selection. The change to January dates for these Nationals has occurred to allow for greater opportunity for juniors and families to participate. We hope this will be seen as a positive move and that a good attendance is the result.

WORLD MASTERS GAMES FOR 2002

A reminder to all that the 2002 World Masters Games will be held in Melbourne from Oct 5th – 13th. The clay target section of this competition will be shot at Frankston Australian Gun Club from Oct 7th – 11th. Further information and application form can be obtained by contacting the sports liaison officer Ms Irena Farinacci on 03 8620 2002. These events always appear to be very popular with those who regularly take part in them.

Tambo Valley Gun Club

Tambo Valley Gun Club recently won the Arthur Innes Shield from Bairnsdale where it has been kept for many years. Needless to say the Tambo Valley squad was very excited about the win.

Just a bit of background about our club..... Tambo Valley Gun Club is located in Swifts Creek, a small town where the main industry is Timber, Forestry and farming. Last year the mill closed down and many expected the town to become a "ghost town". The mill however has been purchased and reopened by Dormit Pty Ltd and at the same time, the sporting clubs in the town have flourished. This year, the netball team, football team, tennis team,

cricket team and the Gun Club have all won their respective district grandfinals and competitions.

Below is a list of shooters present on the day in October when Tambo Valley won the shield from Bairnsdale .

Rowan Wallis, Mick Huggins, Claude Ellis, Chris Davies, Lennie Glover, Geoff Riley, Stan Collins, Geoff Wallis, Steve Chalmers, Max and David Treasure, Athol Bevis, Glenn Neville, Henry Squires, Martin Sandy Peter Sandy, Mal Smith, Ted Quick and Graeme Harrington.

The weather was beautiful for the eleven days that we were there, excepting for two, when it rained. The temperature each day was around the mid 20's with the sun shining and virtually no wind, in fact the days were most pleasant.

The Bisley Shooting Range Complex is very famous and has a lot of tradition - especially in rifle shooting. The Bisley Range is just outside of the little hamlet of Bisley which is about a one hour drive South of London. It is set on approximately 500 acres of land and it houses two huge Big Bore ranges, supposedly the best Field and Games ranges in the world, and I could readily believe that, for the countryside here was

quite beautiful. The complex also contains Pistol ranges for all disciplines and all Small Bore Rifle ranges - (all of Olympic Standard) and of course the Clay Target shotgun ranges which were all brand new. There are 4 Olympic Trap ranges which are used for Double Trap and Skeet and between each range there are the DTL traps. All very well built and fitted out with Matarelli Traps in all layouts. The back ground will be excellent when all the grass has grown - it has had to be re-seeded 5 times (it keeps getting washed out by the rain). The cost of building the new ranges and Club house was approximately \$12 million Australian. The 2002 Commonwealth Games will be held there.

The original shooting range was based in Wimbledon (where the tennis is held) until 1889. It was then transferred to Bisley. A special railway was built to transport the people to and from the ranges from London. The ranges were also used to train the armed forces, before and during the Wars, from 1889. There were many barracks built and many large houses on the complex - many of them by Commonwealth countries such as Canada, Kenya etc., (Australia however, does not have one here), but the Australian Pistol and Rifle shooters who were here for the Championships, did stay in the Canadian House which was huge and very nice. There are many large Club houses scattered around the complex, most of which have large Bar and Dining areas where they hold many functions (weddings and large parties). Most could hold between 200 to 300 people and they are very strict on their dress codes - no hats, sandals etc to be worn in the Bars.

There were also Gun Shops and Gun Smiths and Outfitters on the grounds. All are open 7 days a week. The highly respected gun shop near the shotgun range is run by the Kennedy Gun makers and it sells almost everything - traditional English shooting clothes, ammunition and all that is needed for field shooting. We saw 'beautiful' guns and rifles with prices of anything up to \$500,000.00 for a pair of guns or rifles. There was one miniature gun that we all fell in love with, an exact replica including removable triggers. The gun manufacturers make one a year priced at \$38,000.00 Australian.

There was also a large clock tower built on the highest hill (near the shot gun range). This had been shifted from London in 1889. The purpose of this was it rang at certain times to warn people that shooting on the Big Bore range was about to commence and that they must get off the range - you see many people, in years gone by, used to picnic on the ranges and this was the warning.

There is also a very good shooting museum and a new administration building and ranges for (Pistol, Air Pistol and Target Rifle), for the National Rifle Association of Great Britain administers the whole of the Bisley Shooting Complex. There are bitumen roads and streets through out the complex and two caravan sites filled with around 100 permanent caravans. These are used by their owners for weekends and holidays while they are shooting. Shooting is a very popular and prestigious sport in England, especially at the Bisley Range. Enough of the history !

Most of the Team left Australia on the 21st August with the Skeet Team coming in a few days later. We all left our respective States by Singapore Airlines and met up in Singapore for the last leg to London - a 13 hour flight. Once again Singapore Airlines were great, allowing us excess baggage and reasonably good seating, the only down side was that all of the flights were fully booked, leaving very little room to get a good sleep.

Heathrow Airport was not as bad as I thought it would be, for going in and coming out. Maybe we were lucky but we went both in and out in a very quick time. The organisers were out side to meet us with transport to the range and our own mini bus that I had booked for 7.30 am on the 22nd August, was no where to be seen. The drive to the range was very fast as we travelled on the M4 motorway in three new Ford 4-wheel drives donated by the Ford Motor Company to the Commonwealth Games 2002 Team. This was their trial run for the Games and all I can say was that the drivers were 'mad'. 80 miles per hour on the M4 - not kilometres per hour !

Once at the Bisley Range, we had to go through accreditation and I had to pay all of the bills before we were allowed to go to our motel (which was a 30 minute drive from the range - a Travelodge. Still no mini bus ! Many phone calls later I found out that the Police would not allow the fellow delivering the bus to the airport to park and consequently sent him away. We finally had the mini bus delivered to our motel that evening. As we were not staying on at the Bisley Range, we were told that we would have to get taxi cabs back to our motel and \$120.00 (Australian) later we finally made it to our motel which was about a 3* by

Australian standards - no phones, fridges or air-conditioners - and Ben reminded me of this, many, many times ! It was however clean, close to the shops, quiet and it did give us a 'sort of breakfast' - have you ever seen a bowl with corn flakes, milk and a fold up spoon all sealed up in a package before ?

It did however, fit our budget and it gave us freedom from the other Australian Teams of Pistol and Rifle who were stopping on the Bisley Range at 37.00 English Pounds per person per day - this included bed, breakfast and dinner but you had to make up your own bed, clean the room, use a common shower and toilet and supply your own towels etc. In Australian dollars this worked out to be \$110.00.

Most days we all had dinner together at a different old English country hotel, some of which dated back to the 14th Century, very old and quaint and very low ceilings with small rooms. Most of us had to watch our heads or we would bump them on the beams. The food was nowhere near as good as that in Australia, in any of the places that we tried, and most of the Team ate fish or chicken or vegetarian as they were concerned with 'mad cow disease'. A couple of us brave ones (or silly ones), had meat each night and I can tell you the steak was terrible. Some of us also tried a different glass of beer each night, mostly it was warm and it took a long time to drink - I very nearly had to poke it down with a stick - but if you don't try it you will never know. All of the food and drinks were very expensive, especially the pizza as Barty can vouch for.

Some of the Team who had some spare time between shooting matches, caught the train into London to go both shopping and sight seeing. They toured on the double deck buses and they saw most of the 'tourist' sights like the Changing of the Guards at Buckingham Palace and the Tower of London and they went shopping at Harrods etc. Shopping was also done in the town near our motel at Bracknell. Luckily our plane had circled London about 5 times before landing and those of us who never got to see things 'close up' (John and I), did get to see some of London from the air !

Each day driving into the Bisley Range was an experience just on it's own. Driving on the major roads and crossing the M3 and M4 (the English seem to love 'roundabouts'), is probably fine if you know the road and where you are going, and you are not driving an under powered, terrible handling bus, with 10 expert drivers telling you what to do, and not being aware of the fact that if you sit in the right hand lane, no one is allowed to pass you - and I thought all of those drivers were friendly and just waving to us !!!!

The shot gun ranges and Club rooms were all new, very well built with good workmanship, good equipment and a lot of thought has been put in for the competitors comfort on the ranges with covers etc. The back ground is excellent and both John and I feel that there will be some world records shot here.

24th August - Men's Trap Pairs - 100 targets. Ben and Nathan shot well, winning the Silver medal. Ben shot 95/100 and Nathan 93/100 - their combined score 188/200. The Gold medal winning score was shot by England, a 192/200 and this equalled the Commonwealth Shooting Federation Championships record. Suzanne Balogh and Diane Reeves won the Bronze medal in the Pairs (they shot 50 targets each, Suzanne shot a 45/50 and Diane a 41/50). The Gold medal here again was won by England with their women shooting a score of 88/100 which also equalled the CSF Championships record.

25th August - Men's Double Trap Pairs - 100 targets. Nathan and Rocky won the Silver medal with Nathan shooting 90/100 and Rocky a 79/100. Nathan also won the Bronze medal in the Badge Match. The Double Trap Men's Pairs was won by England, a new CSF Championships record of 187/200.

In the Women's event, Suzanne and Susie (Trindall) won the Gold medal with Suzanne shooting 68/80 and Susie a 66/80. The Double Trap Women's Pairs of Suzanne and Susie also set for Australia, a new CSF Championships record, 134/160. Suzanne also won Gold in the Badge Match and Susie won the Silver

26th August - Men's Skeet Pairs of 100 targets. George and Barty competed and won the Bronze medal. George shooting a 96/100 and Barty a 92/100. The Men's Skeet Pairs was won by Scotland who shot a new CSF Championship record with 193/200.

We did not have a Women's Pair but Natalia came in 5th place after having shot 43/50 +3 in the Badge Match. The Women's Skeet Pairs was won by England with a new CSF Championships record of 87/100.

27th August - Women's Trap Individual of 75 targets saw Suzanne and Diane competing again. Suzanne won the Gold medal shooting a 64/75

+ 25 giving her 89/100 while Diane shot a 57/75. Suzanne, for Australia, now holds the new CSF Championships record with her score of 89/100.

28th August - Men's Trap - final day. Nathan and Ben shot again and Nathan won the Bronze medal by shooting 116/125 and then shooting a 24/25 in the Final to give him a 140/150. Ben shot a 104/125 taking 25th placing.

29th August - Double Trap Men's Individual and Nathan and Rocky were competing. Nathan won the Silver medal by shooting a 133/150 followed by a 47/50 in the Final giving him an overall score of 180/200. Rocky was placed in 5th position after shooting a 131/150 followed by a 41/50 for his score of 172/200. The Men's Double Trap Individual Gold medal and new CSF Championships record went to Richard Faulds (England), 191/200.

Australia's trio of Double Trap shooters for women saw us make a clean sweep of the Individual event - Suzanne Balogh taking Gold, Susie Trindall taking Silver and Diane Reeves taking the Bronze. Suzanne shot a 104/120 + 35/40 for a total of 139/160. Susie T. shot 98/120 + 34/40 for her total of 132/160 and Diane shot a 93/120 followed by a 32.40 giving her a total 125/160. A new CSF Championships record to Suzanne B. with 139/160.

30th August - Men's Skeet - final day. George finished in equal 8th position on 119/125 and Barty was placed in 13th position on 117/125. 121/125 and up had to get into the Final. Mike Thompson of Scotland, with a new CSF Championships record, won the Gold medal shooting a 149/150.

The Women's Skeet Individual was a 75 target event and we saw Natalia taking the Bronze medal for Australia after shooting 69/75 followed by a 25/25 in the Final giving her 94/100. The Gold medal was won by Sophia Miaouli (Cyprus) who shot a new CSF Championships record of 96/100.

Most of our Team were departing this evening (Trap and Double Trap shooters together with Natalia as she had completed her Skeet) and they were due to fly out at 9.30 pm for Australia - a very happy and merry bunch of travellers.

Those of us left at the range saw the shooting finish in the early afternoon at 2 pm and as we had no one in line for anything at Presentation we decided, even though it was raining, that we would go trout fishing. Ian Coley, the English Team Manager, (and good friend of ours) wanted to take us to Richard Faulds parents farm, and while there teach us to 'fly fish'. He is a professional guide in hunting and fishing and he had all of the right equipment. Ian, however, had to stay at the range for Presentations and could not come with us, so off we went.

The Faulds farm, which is about a one hour drive from the range, was reached mainly by driving on the M4 freeway but after leaving the freeway we drove on a narrow road through very lovely villages with most of the houses having a thatched roof. Richard's parents met us at their house and gave us some more rods. Bruce, Richard's father, then took us down to the river that ran through his farm - about 480 acres. The river is apparently very famous, as fly fishing is supposed to have originated here. The river was about 5 metres wide and about 1 metre deep and the trout were a brown species, quite large and we could see them swimming on the bottom of the river. We hooked a few but as we were all very inexperienced, all but one of those trout is still swimming there in the river. John caught the lone trout, aided by George, and because it was big enough 'not to fit' into an RC cartridge case, it was taken back and eaten for supper.

Richard's mother and father had made dinner for us with coffee and cool drinks. They are a lovely family and very proud of their son (the Gold medal winner in Double Trap at the 2000 Sydney Olympics). They showed us the room they use to show off the trophies won by Richard - it was quite a wonderful display.

This small excursion ended a wonderful trip and competition where the shooters representing Australia and the A.C.T.A. proved yet again what a great bunch of people they are - not only for their results but also for their Team spirit and companionship. I believe everyone had a great time. Thank you all.

A big Thank you to John Maxwell for his companionship and coaching from all of the Team. The Team all commented on your expert commitment to them. Thank you. Thanks must also go to the A.C.T.A., the A.S.C., Active Australia, the Commonwealth Games Association and to the A.S.A. and the A.O.C. for their sponsorship.

Graham Michell, Team Manager

Merry Christmas

WESTERN AUSTRALIAN BALLISTIC SPORTS PROMOTIONAL DAY

On Sunday 7th October 2001, Western Australian ballistic sports Associations joined together to present to the public, the various types of sports under the Shooting umbrella. The Clubs and Associations on the Whiteman Park International Shooting Complex agreed to put differences aside and actively promote all of the sports for the future of our sports. The sports covered Archery, Field Archery, Small Bore Rifle, Big Bore Rifle, SSAA, Field & Game, IPSC, Standard & Practical Pistol and Clay Target Shooting.

Last year West Australian Gun Club (Inc) took the initiative and programmed in a Promotional Day covering Clay Target shooting which proved very successful and well supported by the general public for the small effort outlaid. Once again with the day identified in the Club's shooting calendar, West Australian Gun Club started to organise and plan their logistics for the 2001 effort. Around May, the Club asked the Complex's Board of Management if they would also like to join in and incorporate all of the International Shooting Complex's resident Clubs and Associations. Immediately the benefits were seen and planning for a total ballistic sports Promotional Day was underway.

Meetings commenced for the Inaugural Ballistic Sports Promotional Day. All Clubs were asked to contact their respective Associations for promotional material which could be freely handed out and to consider what elements of their sport would be available for people to try in the strictest safety as possible. Media was contacted to get as much recognition of sports being undertaken and free publicity, where possible. Newspapers, television, radio stations were contacted and Club members from each sport were

asked to letterbox drops of specially printed flyers in their respective residential areas.

Finally the day arrived, every sport had either a "static" or an "active" display being conducted throughout the Complex and there were also other attractions involved such as the Ferret Society, Vintage Military Vehicle & Guns, the Harley Owners Group and the Arms & Armourers Society. It was arranged that no matter what, there was plenty of activity for every one including the children with a special area set aside at W.A.G.C (Inc), whereby they could colour in, get their faces painted and be a part of guessing competitions specially for them with prizes. For everyone else there was a cafe atmosphere set up under trees, whereby the families could relax, indulge in food and watch people being a part of the "have-a-go" stands of DTL, Skeet and Clay Snooker.

The Club undertook demonstrations of each discipline, supported by a very knowledgeable commentary via Murray Alexander, so that the public were aware of what our sport entailed. Skeet was demonstrated first followed by ISSF Trap & Skeet and then DTL. Throughout the time from 10:00am that morning, the "have-a-go" stands were very well patronised with queues waiting to have a shot of a 12g shotgun under controlled circumstances. Meanwhile, while the adults were trying their hand at Clay target shooting, the kids were given a layout to themselves and two 410g shotguns were put into action. This proved to be the most popular area with kids, their mothers and other ladies undertaking the shooting of targets with the little 410g shotgun.

Over the day there was around 500 plus adults and 80 children come through the Complex trying all the sports on offer. The most important part of the day were the children who attended from "Camp Quality" and even though some of them had artificial limbs due to cancer, they enjoyed the fact that were able to be part of a normal society and have a shot at targets just like us. All of them "smoked" the targets and the pure delight was a joy to behold. Over the day the Club raised around \$300 towards the "Camp Quality" fund. Other Clubs on site also lent their support to this worthwhile cause.

The West Australian Gun Club (Inc) is very proud to have been a part of the very successful Inaugural Ballistic Sports Promotional Day whereby the public came and enjoyed our gun related sport. Plans are already under way for next years Promotional Day and if this years success and public interest is something to go by, then the profile of ours and all other ballistic sports has been lifted in the community eyes. Thanks goes to all of the West Australian Gun Club (Inc) members who gave their time for the benefit of our Club, Clay Target shooting and the future of us as firearm owners. Let's hope that this success will give rise to more Promotional activities being generated and backed by National Associations in all States of Australia.

SUCCESS FOR W.A.G.C SHOOTERS AT THE STATE CARNIVAL

The Western Australian State Skeet & DTL Carnival has just been completed over the long weekend of 29th & 30th September and 1st October 2001. State Skeet was held on Saturday 29th September with Zone Teams Event, 50t WACTA Skeet and 50t State Skeet. The Skeet attracted 85 people and the DTL attracted 120 competitors.

WA Gun Club and the Metropolitan Zone came up trumps with success in all Events over the day's proceedings. First for the day was the Zone Teams "Shoulder to Shoulder" shoot with Zone 1 (Metropolitan) being the outright winners with 120/125. The Team consisted of Nino Amato, Clem Bertini, Peter Vosper, Marco Ponta and Frank Shim. Congratulations guys and well done. The second event was the 50t WACTA Skeet, won by Clem Bertini (58/60). The third event featured the 50t State Skeet, which was won by Mike Voke (50/50) taking his first Red State sash and silver WA badge. Mike was overjoyed with the win. Congratulations to both on their successes. Other member's who were winners throughout the day were Steve Saunders, Geoff Day and Tony Davies. The Club had very good representation at the Skeet Carnival. Over the day, another Teams competition was held between individual Clubs with W.A.G.C's Team putting the scores together to take out the "Perth Inter Club" Skeet trophy - 460 /500. Members of the winning team were Clem Bertini, Marco Ponta, Craig Ellis, Max Pedri and John King. The Skeet Day then finished with the State Teams. The Open Team Highgun was won by Max Pedri, Ladies by Christine Alexander and Veterans by Robin Bailey. All three were absolutely over the moon to have won these prestigious trophies and the honour of Highgun. Members from the Club who made the Open State Team were Clem Bertini, Mike Voke, Max Pedri, Marco Ponta, Geoff Day, Steve Saunders, Robin Bailey and John King. Robin Bailey also doubled with being Number 1 shooter of the veterans Team. All this action and on a day which had thunderstorms, dark sky and strong winds prevailing throughout the day.

Sunday and Monday saw the weather improve and the DTL competition start. The sun came out and the "trappies" found mid morning Sunday, that wet weather gear wasn't required. This led to some superb shooting in the Zone Teams, with Zone 1 (Metropolitan) taking out another Zone competition with a 124/125 and the guys were - Paul Finis, Carsten Bager, Lars Bager, Robin Bailey and Ollie McPartland. All feeling ecstatic with their shooting performances, asked to stay as the W.A.G.C Team for the Inter Club shoot for the Katanning Shield. This they did and on Monday were announced as the winners with 1180/1250 from Collie Gun Club (1170/1250). A double congratulations guys for the excellent results. Sunday was a bit lean individually for the members of the Club, but Monday made up for it with Murray Alexander (49/50) shooting off for the 50t State Single Barrel against Gary Kelly (Geraldton) who won the title. The last event, the 50t State Double Barrel Points won by Trevor Morris, with a magnificently shot 150/150, being the only person to do so. We had very good DTL representation from Club members and winners were Terry O'Brien, Joe Pintaudi, Murray Alexander, Steve Saunders, Jeff Green, Andrew Beckett, Doug Berry, Frank Shim, Robin Bailey, John Panara and Bill Foy. The State DTL Teams was conducted after all the Events and Christine Alexander won the Ladies State DTL Team Highgun. Members of Club that were successful in making the State Open Team were Trevor Morris, Carsten Bager, Lars Bager and Paul Finis. Once again Robin doubled with being also in the Veteran Team. The State Weekend Carnival Overall Veteran Highgun was won by Robin Bailey.

Overall the State Carnival was very successful for the Club and thanks goes to everyone who assisted to make it so successful. Just to name a few, in the catering area - Norma King, Angie Saunders, Sue Ellis, Barb Hellriegel, Roxanne Smith, Judith Wells, Sue McPartland, Yvonne and "WAGC's Angels" (Sally, Melissa & Janette). The Shoot Marshall - Murray Alexander and his assistants - Ollie McPartland, Jeff Green, Terry O'Brien, Robin Bailey,

Sue Bailey, Bruce Maley, Clem Bertini, Marco Ponta and Max Pedri. Other operational areas - Neil Beeson, Jimmy Boyes, Jed Carter, Billy Foy and Rick Hellriegel. Thank you everyone for the top effort in presenting and representing the West Australian Gun Club in the best way. Be very proud of your efforts and achievements.

Lynne Teale the State President volunteered to work with Karen Butts to provide an induction and orientation activity during the first week that Karen commenced duty.

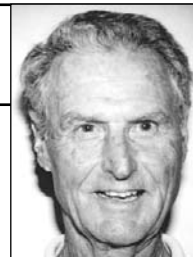

While Lynne and Karen were busy setting up office, Neville Teale also volunteered his time to complete painting at the new State Office/Hall of Fame building. Thank you Neville your time and efforts are appreciated.

Pictured below is the building and the new State Secretary Karen Butts. Karen brings to the Association a wealth of experience in the administration area gathered from many years of working in the Public Sector. Karen has two young sons and knows the Wagga area having lived there for many years. Secretaries will be hearing from Karen in the near future regarding the range of issues relating to the Club activities. Karen will be sending out a newsletter in the near future and welcomes contributions of relevant information.

Merry Christmas and Happy New Year to all readers and shooters and the very best of shooting to all. I think by now everyone knows Harry in my stories and he is 85 in December, so happy birthday Harry and hope we can travel and shoot for a while yet. It is also the 16th Birthday of MTB with the first copy being may 1988, doesn't time fly when you are having fun happy birthday MTB.

Thanks to shooters who supply some of the jokes at times it is hard to remember all of the jokes and talking of memories, as you get older it is your memory that slips, but sometimes is a help when the bible comes and read MTB then you can say that's news to me, did I say that.

Two blokes were walking their dogs when one suggested they go into the pub for a quick one, but the second one said "we can't take our dogs into the pub" so the first fellow said "it will be alright just follow me".

So the bloke head off into the pub with his Labrador went to the bar and ordered two beers. The bar man said "you can't bring your dog in here" so the fellow with the Labrador said "but that is my seeing eye dog" and the barman said OK sorry about that. Then he noticed the other bloke "you can't have your dog in here". So the second bloke said "but this is my seeing eye dog". So the bar man said "That Pekinese is your guide dog?" "What?" said the second man "they gave me a Pekinese!"

Wednesday 19th September the Day the Bible came

Well I was taken by surprise as I didn't see the postman come and when I looked here was the Bible nice and early. Congratulations CTSN.

I notice Graham is running ads for female shooters so thinking about it, I spoke to my doctor about a sex change, and he said, "it wouldn't improve your shooting". Sorry Graham.

Still good reading in "Your Say" keep writing your views on all subjects in "Your Say".

Our deepest sympathy goes to any shooter, reader, who had friends, family or relatives who were caught up in the New York disaster.

Bundaberg Sugar City Championships 29th & 30th Sept.

It was the weekend the Lions roared, Ansett took to the air again, the Knights got up and Bundy had their Annual Shoot with great snacks by Auriel, Edie and Cheryl. Thank you Ladies. A big thanks to Stafford who kept the shoot running. Was nice to meet up with Thelma and Tom Meadows and Bob Dupey (Brisbane) Frank Robinson, Tony Smyth, Ken Vicary (CBGC). Glen Durre, Bill Stolberg, Diran Goddard (Gympie), Quinto Porfiri, Jim Davison (SSC), Tracie and Ray Wise, Carlo Barletta, Beven Reibil, Peter Purkis (Gladstone), Irvin Wynyard (TLGC), Graham Whitfield, Keith Mackay, Ray Maroske, Jim Riggs (Rocky) Arthur Vine (Tamworth), and Maryborough a good turn up with Neil Berry, Trevor Cecil, Peter Pagliarino, Gulio Satore, Phillip Warren, Tony McRae, Glenn McNeil, Jeff Challacombe, Graham Noffke, Tony Bradshaw, Jim Robinson, Harry Walker and yours truly.

Having a beer with Graham from Rocky as it was my birthday and I only see Graham once a year and talking about all the news I changed the subject and said "How is your sex life Graham?" Who replied "Couldn't be better, wonderful". So as we were talking some how Viagra was bought into the conversation and Graham said "I take one before I go to sleep every night" So I said "Why do you take a Viagra I thought you said your sex life couldn't be better". "That's right," said Graham, "I don't take Viagra for my sex life, I take Viagra to stop me rolling around and falling out of bed".

Was good to see Les Moore at the shoot as I haven't seen Les for some time, welcome back Les. Results as follows.

Gino shot well and is bow back in A grade. Bundy shoot 2nd December Christmas shoot start 1pm after AGM 11 am. Who will wear the Father Christmas outfit this year, Keith, Peter or Rob?

Thanks Kaye for the results

We arrived in a next to new Ford and parked next to a Benz and when I put my head in the club and sang out "who owns the silver Benz as we just gave it a bump". The look on Thelma's face told it all. Just as well, I was only joking. And then Sunday morning a Jag joined the car park very nice Peter, and to top off everything there is a bloke who doesn't drive his own car and gets his mum to pick him up in a Rolls. You had better be nice to your mum Frank.

I was sitting with a young single bloke who was having a rest after loading up the trap house with clays, when this great looking sexy type girl came along and said to the young fellow, "who is the President here?" By now she had sat down in front of him and running her fingers through his hair round his ears and was running her finger over his lips, as by now this young fella was red and his mouth has dropped open and he was chewing the tips of here fingers when all of a sudden he said "You said you wanted to see

the President” and the young lady said “I want to tell him something” So the young shooter said “he is shooting at the moment but I will give him a message for you” and the young lady says “that is good of you to give the President a message from me, will you tell him I have just been to the ladies toilet and there is neither soap or toilet paper in the ladies”.

Maryborough Master Games 7-10-01

We have to thank our visitors, Gino Sergiacomi, John Parks, Ryan Howie, Brian Fourro, Spencer Plath, Doug Baggle, Adam and Tim Gardner, Kaye and Rob Rehbein, Chipps McCann, and Gary Schneider, Lex and Bill Stolberg, Dennis and Gary Carew, Stuart Dawson, Brian Goddard and Ross Eberhardt, Ken Vicary, Ron Smith, Frank Robinson, Gary Darlington, Irvine Wynyard, Ray Wise, Jim Egan, Laney and Phil Grove, Greg Manning, Daryl Stevens, Steven Steenstrup. Thanks for coming and making it a great shoot. Also thanks to our kitchen ladies Katie, Heather, Kerrie, and Kay, we couldn't shoot with out a kitchen and the case of ammo raffle won by Jim Egan and both Whisky Quicky Board Raffles won by Warren Burke, how do you do that Warren, good luck by both.

The Masters Games 50 target was shot in conjunction with Heritage City One-Day Shoot in age groups and grades. Dear Editor,

I would like to respond to Mr B Peter's letter to the editor in the November issue of the Clay Target Shooters News (as in newsletter - NOT magazine).

If you think it is sooooo boring why don't you quit winging and write an interesting article yourself instead of criticising those who put the effort in.

And if you want a nice glossy 'magazine', with professional photos, with articles by professional writers, are you willing to pay twice or even three times the subscription price. Oh yes and don't forget the extra wages to hire the extra 4 to 5 people to be dedicated solely to writing and producing a magazine!

And here's an idea, why don't you stop and say thank you to those in the office for the work that they do. A thank you and a nice word does wonders every now and again. When I open up the your say (and including some of the editorials) it is a rare event (almost extinct I would say) for there to be any praise, there seems only to be criticism, and most of the time it is for something petty as a small spelling mistake that was accidentally missed. These people are human just as you are.

So Mr Peters, before you start to criticise others who take the time and put in the effort (both clubs and ACTA office) to produce our newsletter every month, just ask yourself are you helping in offering a legitimate suggestion or are you just being spiteful and not appreciating the efforts that others put in?

To the editor,

As I wipe away the tears of laughter a couple of thoughts come to mind.

1)The ACTA shouldn't take itself so serious ,lighten up and listen .The Americans have a saying "it is better to let people think your stupid rather than open your mouth and remove all doubt".Talking in the 3rd person using "we" Is not listening.

2) Peters has written something enlightening ,it was hilarious or is it my sense of humour.My daughter thought so also.

3)Peters has missed the point of the newsletter/magazine and its easy to do because it comes across as a magazine.What he/she is looking for and in Australia is lacking,is a magazine like Shotgun Sports ,its on the web.

4)The 2001 trap nationals,what? ,Yes they were held this year but as I found out after I had paid, that these were not the true/serious nationals .This was the claytons event, the nationals you have when you don't have them and to the point, that when the women's presentation was held, the sashes were presented by the manager and president of Cecil Park club but I thought the nationals were conducted by the ACTA, that is who I a paid the nom's to (see sect 84 trade practices act).Alan is a nice bloke but he is not the president of the ACTA.The women have a genuine gripe its just that they're to polite or diplomatic.

No wonder there are people out there that think like Peters .I know the light is on but is there anyone home?

**Sincerely
Randolph Rossi**

Ed: This has been printed exactly how we received it, we assume Mr Rossi is referring to the Olympic Discipline Nationals recently held at Cecil Park.

Dear Editor;

I would like to take this opportunity to express my sincere apology to all those at the ACTA, in particular those responsible for the CTSN. My original letter was not written with intent to insult or

abuse, but with humorous intent, tongue in cheek so to speak. I did not wish to malign or denigrate the efforts of those people who work so long and hard to produce CTSN. Even if it is sub standard, uninteresting, repetitive and the print does get on everything except where it was originally intended, I had no right to belittle or humiliate those responsible for its publication. I guess I just got sick of reading all those letters whining about the skeet rules. Once again I am sorry for any hurt caused to you and your staff.

**Yours sincerely
B Peters**

PS: I don't actually wrap the garbage in it, I recycle it like we are all supposed to.

Dear Sir,

I wish to express my concern at the disturbing habit of a significant number of DTL Clay Target Shooters in leaving their allocated shooting lane after individually clearing their firearms and gathering around the scorer before the last shooter has completed the sequence and the referee has issued the appropriate instruction to unload and clear firearms.

This indicates to me an ignorance of good shooting practice or bad manners. Whatever the reason, this activity has the potential for tragedy. The distraction to the remaining shooter/s, as well as the referee and scorer is obvious; in some cases, animated discussion are taking place just to the rear of the referee and this inhibits the referee and scorer concentrating on their allocated duties.

Some referees have the strength of character to control the situation, however many simply ignore the situation, as they are not truly aware of the responsibility of the position in the event of an incident. The legal ramifications to the Club, Club safety officer and the referee has the potential to be devastating.

This habit, is not just the province of new shooters, the opposite applies and sets a particularly bad example to the new shooters who follows the example of more experienced shooters, good or bad.

I would suggest that this attitude and bad habit be addressed at all levels.

Dear Sir,

I am feed up to the back teeth with the letters regarding the new vs old? Skeet rules - factually we do not know precisely where we stand exactly because of the ineptitude of the executive - never have we had a clear and unambiguous directive.

Firstly the executive was to set a date - never happened! Now there is an embargo on rule changes, in spite of this all clubs in my state have been using the new system and still are and will probably continue doing so.

I am quite contented with the new system, sure station 8 was a bit difficult but after 4-5 rounds it all fell into place, what on earth all this blubbering is about confounds me.

An old adage - "A little boy cries because he has lost his shoes, he stops crying when he meets another little boy who has no feet." - Get a life.

RULE CHANGES EFFECTIVE JANUARY 1, 2002

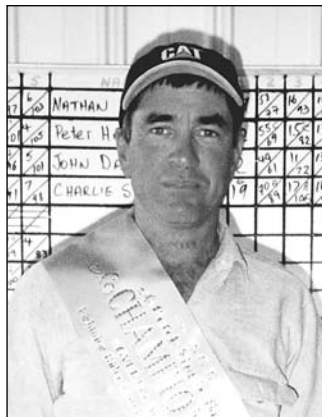

The Executive Committee has approved the following rule changes to take effect January 1, 2002:

Rule 2.01(h) - Delete "Note: All night Double Barrel targets are to be entered in the Continental/Single Barrel column."

Lightning Ridge Gun Club Inc

Annual Club Championships 2001

Nature turned on perfect, her best shooting conditions for the club's annual championships contested by some 20 odd shooters held on the last Sunday in September. A slight N/E wind made for good shooting with the continental targets set by our club captain Larry White.

Greg Burey, 25T single barrel Dutch championship overall winner.

Nathan Power, A grade high gun winner.

Despite these conditions, the shooters were unable to post many good scores and the 35 C heat ran second to frustrations. Each shooter shot at 100 targets for the day in 5 types of shooting. The chartuese banded Vet was heard to say lots of unprintable words and shake his head in bewilderment as the low continental targets eluded all of his pellets.

The first event was a wicked single barrel 'Potch' championship won by Greg Burey from Moree on 20/25. 'A' grade winner was Nathan Power, 'B' grade was won by club captain Larry White and 'C' grade was the shooting vet, Richard Hernando. The rest of the programme consisted of 25t P/S, 20t D/B, 20t H'Cap and 5 pair D/Rise. This gave a total of 150 points for the championship.

The 20 target 'Got the Time' handicap was won by Richard Phipps, with Kevin Searle 2nd, Richard Hernando 3rd, and David Ackland 4th. Not bad with our two veterans leading the way and our two newest members following.

Our 2001 Club Champions were: A grade: Nathan Power 124/150

B grade: Mathew Power 103/150

C grade: Richard Hernando 105/150 (again!)

Richard Phipps, veteran high gun winner.

David Hall, junior high gun.

Mathew Power, B grade high gun winner.

The shooting vet, C grade high gun winner, Richard Hernando.

Junior High Gun: David Hall 83/150

Veteran High Gun: Richard Phipps 105/150

Overall Club Champion: Charlie Strike 132/150

Many thanks to Winchester (Aust) and all members who helped to make this a successful day for the Lightning Ridge Gun Club Inc.

Charlie Strike, Secretary

Shoot Marshal 2000

All of us who attend shoots are aware of the work that is done by the gun club secretary. It's not just what happens at the shoot but also all the work behind the scenes before and after the shoot that add to the work load.

I was recently contacted by a young shooter, Stuart Whytcross from Barellan Clay Target Club in the Riverina who asked if I would preview his major work for his design and technology course for the Higher School Certificate. Stuart major work is a computer software program called Shoot Marshal 2000.

Shoot Marshal 2000 is a computer software program designed to

make life easier for the shoot secretary. Those of you who know me will know that I'm skeptical about the possibility of a computer ever making life easier for anyone. But as Stuart has demonstrated this program is able to prepare squad sheets, tally results, provide shoot off information for overall and grades. In essence Shoot Marshall 2000 is an electronic shoot record book. A bonus however, is that at the next competition when a shooters number is typed in it searches its database for all information it currently had for that shooter: name, address, grade, handicap, etc. Shoot Marshal 2000 comes in an attractive and well designed presentation box and has a very comprehensive and understandable user manual.

An auxiliary (sub) program is Sweepman, which is able to calculate sweeps effortlessly. This program was trailed using every conceivable probability and it always had the same figures that I had calculated by only it did it much faster.

Stuart has given considerable thought to developing software that would meet the course requirements of his HSC, whilst at the same time developing a package that will inevitably make life easier for the club secretary.

In the year of the volunteer, local communities are providing recognition for all those who work tirelessly for sporting organisations, it is a pleasure to see a concrete attempt to lessen the work load for shoot secretaries.

Stuart intends to make his software package available and I believe that in the future, the work of the shoot secretary could be substantially reduced due to the efforts of Stuart.

CUZZO'S RAMBLINGS DECEMBER 2001

In my October column, I wrote about some of the practicalities of the World Skeet Shoot and right at the end, almost as an afterthought, added a few little snippets of generic travel advice. Shortly afterwards, in my capacity as voluntary assistant organiser for the 2001 World Skeet Team, I wrote a six page memo to all the members of that team, giving them all sorts of advice and suggestions relevant to their trip. Several of the people who read the memo suggested that some of it's contents may be of interest to ACTA members in general, particularly those who travel overseas or are considering doing so. So here is an edited extract from that document.

ITINERARY

Always attempt to set a travel itinerary that provides a sensible balance between minimizing the time away and the associated cost, whilst providing an adequate amount of time to recover from the exhaustion of the trip and the effects of jet-lag before the competition starts, otherwise it is unlikely that your performance will be a true indication of your ability.

Until you have spent eighteen of the last twenty four hours sitting in aeroplanes, you cannot fully appreciate the exhaustion it generates. And until you have arrived at some point half way around the world, at a "clock time" that is diametrically opposed to your "body time", it is difficult to understand the full effects of the phenomenon known as "jet-lag".

Therefore the planning of any such trip should entail leaving home at least five days prior to the first day of competition, in order to allow adequate time for recovery. This time can always be put to good use, by using it for practice and sight seeing. Thus if you intend to combine a holiday with your shooting trip, I strongly suggest that you plan the holiday portion of it at the start, rather than the end, for this reason.

MEDICATION

Make sure that you take an adequate amount of prescribed medicine with you, to last for the entire duration of your trip, for obvious reasons. However, what is not so obvious is that you should also take with you an adequate supply of any non-prescribed medication that you may need, for several other reasons. Such as it may not be available in country you visit, or it may be on the prescribed list in that country, requiring an inconvenient and costly visit to a local doctor, or it may not be obvious that it is available, as it may be marketed under another brand name from the one you are used to. Also, visit your GP before you leave home and obtain a supply of mild sleeping pills, such as temazepam capsules, even if you do not generally use such things. They will not only assist you to rest, doze or sleep during the trip, but will also be invaluable in helping you to go to sleep at "bedtime" for the first few days in a foreign time zone.

PASSPORTS & VISAS

Make sure that your Passport is not only current at the moment, but will not expire until at least six months after your trip. This way you cannot run into any trouble. Visa requirements vary from country to country. New Zealand originally did not require either a passport or visa for visiting Australians, but this has changed and now you require a passport to enter their country. The US have gone the other way. Originally you could not enter their country without having a visa stamped into your passport by the US embassy in Australia before you left. Nowadays the INS will issue you with a temporary visa upon arrival, provided your stay does not exceed 90 days.

FIREARMS PERMITS & PAPERWORK

Various foreign countries have differing laws and requirements for aliens possessing firearms whilst within their jurisdiction. New Zealand is usually very helpful and generally has police at the

airport to issue temporary permits. The United States does not have Shooters Licences or Firearms Registration for shotguns. Foreign visitors are permitted to carry and use firearms in the US provided they are not handguns or machine-guns, which are restricted to US citizens, and do require some form of paperwork. Therefore you are not required to declare your firearms to either Customs or Immigration upon arrival, and the process will probably go more smoothly if you remember that.

However, leaving, and more particularly re-entering Australia, is an entirely different matter altogether. You need to get an Export Permit from the Australian Customs Service to prove that the gun belongs to you and that you took it out of Australia with you, so that you do not have to pay taxes or duties on it to bring it back into the country. And you also need an Import Permit, issued by your State Police Department as, since the implementation of the new gun laws, this is the only way that anyone can bring any firearm into Australia, regardless of whether or not you own it and whether or not you recently took it out with you.

FLYING WITH FIREARMS

Most airlines, both here and overseas, require you to declare your firearms when you check-in your luggage with them, and will want you to sign a red firearms tag which must travel with your gun. Try to get them to let you put the tag inside your gun-case, rather than attaching it to the outside like a destination tag. When attached to the outside of the case, they are generally referred to as "steal-me flags". For the same reason, it is a good idea to try to disguise that fancy looking gun-case by making some sort of outer cover for it, so that it could be a cricket bat, baseball bat, hockey stick or even a musical instrument. I have a custom-made zip-up foam-lined carry-bag that neatly holds two black plastic Stamford shotgun cases side by side. It was made by my local tarp maker, out of heavy-duty olive-green canvas. It is so drab and uninteresting looking, that in all my years of travelling, it has never once been lost, stolen or misplaced.

AIRLINES

I suggest that you try to choose an airline that will be able to take you all the way to your final destination and back, in their own aeroplanes, even if this causes your journey to be a little longer, more complicated, or more expensive. If a carrier change is unavoidable, then airlines with alliance pacts are a better option than mixing unassociated airlines, but there is still no substitute for using a single carrier.

The two problems you are trying to avoid or minimize are a delayed or cancelled flight causing you to miss your connecting flight, and/or your baggage (especially your gun) becoming lost en route. A missed connection will probably eventually get sorted out if the two airlines are in an "alliance", but if they are not, then it's neither carrier's problem, it's your problem and the solution could be both traumatic and expensive. And even more importantly, if your gun gets lost en route, you have a much better chance of ever seeing it again if there is no carrier change along the way.

LUGGAGE RESTRICTIONS

Be aware that different airlines have different luggage restrictions. Always contact the airline in advance to find out what these are, so that you can comply with them. Excess baggage will not always be accepted, and when it is, it usually attracts a hefty financial penalty. Be especially careful when you have to connect to another airline. I once flew home to Australia on short notice and had to fly into Sydney and get a domestic connection to Melbourne. My suitcase that had been perfectly acceptable on United, incurred an excess weight penalty on Qantas, and then to add insult to injury, they rejected my carry-on as oversize, and forced me to check it as baggage and pay an excess item fee. Never forget the single carrier theory.

CARRY-ON LUGGAGE

All airlines allow at least one carry-on item per passenger. I strongly suggest that you carry your toilet bag and shaver in it for two reasons. First, you can freshen up on the plane or at an airport and second, if they lose your baggage, you can still look and feel human. Along the same line, I suggest that you also carry one light change of clothes in your carry-on bag. Whatever room is left in it after that, should be used to carry whatever items you are taking with you that are of sufficient monetary or sentimental value that you would not wish to lose them. Keep your ticket and passport in your carry-on at all times and never let it out of your sight, as your ticket is difficult to replace and your passport is a very "stealable" commodity.

RENTAL CARS

The rental car market is very competitive. Always shop around for a good deal, and if you are able to utilise weekly rates or weekend deals, you'll find the exercise well worthwhile. Insurance on rental cars is generally broken up into two categories: damage to the car and damage caused by the car. Both these options can be very expensive, thereby artificially inflating the total rental cost way beyond the base figure for the car. Thus you would be well advised to do a little homework in order to try to eliminate either or both of these insurance costs. Ensure that your own car insurance includes a clause covering third party vehicles, regardless of what car you are driving, and then charge the rental cost on any one of the numerous "Gold" credit cards, which include free insurance cover for the rental car.

RIGHT HAND DRIVING

Most countries in the world drive on the right side of the road. Unfortunately, Australia is one of a minority of countries, including New Zealand, England and Japan that drive on the "wrong" side. Thus if your overseas trip is to anywhere other than one of

these few places, you will be faced with the somewhat daunting experience of having to drive whilst sitting in the "passenger's seat" and steering with a wheel that "sticks out of the glove-box". Now don't get me wrong, the experience is not one that I would describe as excessively difficult or particularly dangerous, but do not underestimate the fact that it is "very different" and requires total concentration and maximum pre-planning. The main danger is in relaxing and attempting to drive naturally, and thus putting yourself in a situation where you may need to make an unexpected reflex reaction, which will almost certainly be wrong and may result in death, injury and/or damage to yourself, the rental car and other road users. The most dangerous time is not in heavy traffic, where you can simply follow the crowd, but in fact when the roads are quiet, and habit will generally cause you to get it wrong.

This month's Shooting Trivia Question: When is the only time that two brothers have won the same event on two successive years at the Trap Nationals? Mail your answer to Shooting Trivia, P.O. Box 265, Bairnsdale 3875, to arrive by 20-12-2001. The first correct answer drawn shall receive a free entry to next year's National Pointscore. The correct answer to October's STQ is: Only two people have ever successfully defended National Titles on two occasions at the Trap Nationals. The first was Newton Thomas who won the Double Barrel in 1958-59 and the Champion of Champions in 1961-62. And the other was Doug Smith, who won the Champion of Champions in 1979-80 and the Single Barrel in 1987-88. The first correct answer drawn was submitted by Carol Betteridge of Home Hill in Queensland who wins a free entry to next years National Double Rise. Congratulations Carol. If you have a good trivia question or an interesting topic for discussion in this column, I would enjoy hearing from you.

Merry Christmas.....

Kevin (Stumpy) Petersen

It is with regret and sadness that the Deniliquin Clay Target Club (Inc) acknowledges the passing of a good club member and friend on the 28 September 2001. "Stumpy" as he was affectionately known, lost his battle after a second dose of cancer.

He loved going out to shoot a few rabbits, and as a fisherman he and Brian were the envy of many with their catches of Cod.

And, it is with deep reluctance we say farewell to a mate. Members of the Deniliquin Clay Target Club (Inc) extend sympathy to Aileen Petersen and family.

Robert Francis Wells (Bob)

21 November 1916 - 17 September 2001

It is with regret that the Club mourns the passing of one of its foundations members, Mr Bob Wells. Bob was a keen supporter of the Club for many years and a lifetime honorary member up until his eyes started to play up. Bob was the first of the Club Coaches and was always there for Venture Coaching Day and always available to offer his assistance and experience to the younger or less experienced shooters. Bob coached three of my daughters in the art of DTL shooting and certainly gave me plenty of hints along the way.

In many ways Bob was a thinker ahead of his time. When gun fit was a relative unknown Bob was well aware of the benefit of correct gun fit. My three U&O's and Beretta 301 auto attest to that fact as they all went under the saw and spokeshave so that they now fit me to a tee. In the early days Bob was a very keen competitor and won many Club championships. He was also a keen reloader and loved experimenting with different powders, wads, primers and even rolled crimps. Many a time we spent at the Club checking the pattern of this particular cartridge as against another.

His prowess in the field was pretty good too. The days spent at Millmerran after a few ducks and of those high-flying teal with afterburner on full and taking them clean with one cartridge per bird, is a memory as clear as crystal.

Sitting around a campfire on the banks of the Namoi River at Bogabri with a rum in one hand and a beer in the other, debating the missed targets, after a "hard day at the office" shooting three rounds of 25 targets, are memories that time does not dim.

My interest in clay target shooting probably coincided with Bob's failing eyesight and maybe I miss shooting alongside a mate and discussing that missed target or how I picked that one off six foot from the ground, over a coldie at the bar.

His cheerfulness and willingness to pass on his experience eagerly and simply will be sadly missed by many and I suspect his memory will remain with the great number of people he helped over the years.

David Moon, Past President Toowoomba Clay Target Club, on behalf of all Club members.

Gowan Hall - 66 years

It is with deep sadness and regret that the Callawadda-Stawell CTC inc acknowledges the passing of Mr KG Hall (Gowan) suddenly at home on the 18th October 2001. Gowan was a past President of our club and a great clubman and friend to all. Although taken early he did have the privilege to see his grandson Dustin Barry become a champion Trap shooter.

For much of his life he drove Prime movers hauling super, wool, sheep and grain, and was still doing so only days before his death. His reliability for arriving on time with loads was legendary in the Stawell area whether it be with super from Melbourne or Geelong or sheep from NSW.

Although Gowan did not shoot in competition himself he took great pride in travelling all over Victoria with his grandson Dustin Barry watching him progress from a raw recruit to a champion shooter.

Burdekin Gun Club

NORTHERN ZONE SKEET CARNIVAL

Saturday 11 August saw the commencement of the Northern Zone Skeet Championships weekend at the Burdekin Gun Club.

Numbers were good with near forty shooters vying for the cash and medals up for grabs.

The first event for the weekend was the Northern Zone Skeet Handicap. There were 18 shooters with a possible with their handicap added. The shoot off was expected to be a lengthy one. One complete round was completed and it was down to only two shooters. Noel Beale of Townsville was the winner with his score of 57/60.

Event two was the 50 target Northern Zone Skeet Doubles. Mt Isa senior citizen Mick McGill shot 48/50 to claim the overall title. Geoff Archer from Charter Towers shot 47/50 to take out first in A Grade. Normanton shooter and zone president, Wayne Reeves and local Ray Collinson both shot 46/50 in the event and had to shoot off for the result of second place in A Grade. Wayne was victorious. State president Bill Allan from Dalby shot 47/50 to take out first in B Grade. Noel Beale continued his form to take out second in B Grade with 46/50. Steve McDowell from Atherton took out first in C Grade with 43/50. The local flag was flown by Andrew Bowater who took out second with 41/50.

Overall high guns, from left Carol Betteridge (women), Geoff Archer (overall), Andrew Ferry (junior), Noel Beale (veterans).

The prestige event of the weekend was the 100 target Northern Zone Skeet Championship. Mick McGill was too strong for the rest of the field taking out the overall title with a great score of 98/100. Geoff Archer was the bridesmaid again in this event taking our first in A Grade with 97/100. Wayne Reeves and Lloyd Ferry from the Sunshine Coast both shot 94/100 and had to shoot off to determine the winner. Wayne was successful again taking second in A Grade. Charters Towers shooter Bob Linton shot 95/100 to take out first in B Grade with Townsville shooter Errol Reeves taking second with 94/100. Bruce Bowater gave the locals their only placing in this event when he won the C Grade title with 93/100. Junior Charters Towers shooter Richard Brownson was very happy to claim second with 92/100.

The 100-target event was the event that the Northern Zone postal team was selected on. The top six shooters from the zone were named and had to shoot a round of 25 targets to give a postal score for the state carnival later in the year. These shooters were Mick

Zone team from left, Bruce Bowater, Errol Reeves, Wayne Reeves, Bob Linton, Geoff Archer and Mick McGill.

McGill, Geoff Archer, Bob Linton, Wayne Reeves, Errol Reeves and Bruce Bowater.

The zone champion for 2001, which is the shooter who has shot the best score of the 100 target event and team score added together, was taken out by the sponsor of the sash in Mick McGill.

Finally the weekend was coming to an end and the 50 target Carnival Skeet Championship was the last event of the weekend. Geoff Archer was too strong this time round taking out the Overall with the only perfect score of 50/50. Wayne Reeves was only one target behind to take first in A Grade with Mick McGill taking home a second placing with 48/50. Errol Reeves, Bob Linton and Bill Allen all shot 48/50 in B Grade but as Bill had gone home Errol and Bob were left to shoot it out. Errol was the victor with a score of 55/57 and Bob taking second place. Allan O'Keefe shot 47/50 for first place in C Grade. Steve McDowell, Andrew Bowater and Scott McDowell had shot 45/50 in the event and after the shoot off Steve McDowell claimed second place with 54/59.

From the left Wayne Reeves (president), Noel Beale (handicap winner).

After all the score were tallied the RC Cartridge High Gun Awards were presented with Geoff Archer sneaking home for the Overall High Gun for the 2001 Northern Zone Skeet Carnival with his score of 218/225. Mick McGill was the A Grade winner with 217/225. Bill Allan, who rarely shoots skeet, was the B Grade winner with 208/225 and he donated his prize to the junior shooters at the carnival. C Grade went to Steve McDowell with 198/225. Andrew Ferry from the Sunshine Coast took out the Junior High Gun with 191/225. Noel Beale took home the Veterans prize with 207/225.

Mick McGill, Zone champion 2001.

A two-person team was also conducted over the entire program with handicaps to count and the winners here were the pairing of Noel Beale and Mick McGill. Well done as this was a very tight contest.

Next year will see the zone trap and skeet carnivals both being held in Mt Isa and the ISSF at the new Cairns club. Hope to see as many shooters as possible in support of these shoots.

CANBERRA INTERNATIONAL CLAY TARGET CLUB - MEDLEY SHOOT

Canberra held its last Medley shoot for the year on Sunday the last day of September. Unfortunately, it clashed with the NSW State Carnival and closely followed the National Sporting Clays at Mudgee. While the numbers were down, the friendly competitive spirit prevailed, with shooters attending from Cooma, Majura Park, Goulburn, Gunning-Dalton in addition to our own members. The competitive section consisted of four man teams of six on your own selection generally shooting in different squads of six on Trench, DTL, Skeet and Sporting Clays. Canberra is fortunate in that it can shoot all disciplines simultaneously. Consequently, there is little delay between competitors shooting the different disciplines. Because of this, Birds Only shooters are encouraged to join in and experience the different types of shooting. The weather was fine and apart from a stiff breeze, which at times made skeet a little difficult, shooting conditions were good.

Results were as follows:

1st 330/400-Willow Cameron, Kym Chiaverini, Rob Cameron, John Bainbridge

2nd 316/400- Brendan Walsh, Peter Hoare, Barry Meade, John Taylor

3rd 310/400-Dough Blewett, Steve McIntyre, Steve Balogh, David Crane

High Gun Willow Cameron 89/100

Our congratulations go to the winners and thanks go Club Members who did the preparatory work and everyone who pitched in on the day and made it a pleasant days shooting.

Good Shooting.

Annual Two Day Shoot

29 & 30 September 2001

Bundaberg Clay Target Club held its Annual Two-Day shoot on Saturday the 29 and Sunday 30 September. The weather was kind to us this year only windy. Not drought breaking rains like a lot of Annual shoots in the past.

We had a good roll up of shooters from Rockhampton, Brisbane, Central Burnett, Gladstone, Tamworth, Gympie, Terranora Lakes, Maryborough, Sunshine Coast and our local shooters. The club shot away over 10,000 targets over the two days. Saturday the shoot got away at 10.30am with 44 shooters vying for the cast trophies up for grabs.

Event 1 was a 30 target Medley. AA Grade was 1st Grahame Noffke 59/60, 2nd Jim Riggs 58/60 3rd shared by Stafford Smith (our hard working Shoot Marshall), Rob Rehbein (President), Quinto Porfiri and Ray Wise 56/60. A Grade 1st shared by Keith Mackay and Brian Goddard 55/60 3rd shared by Peter Winzen, Bill Stolberg and Tim Gardner (our hard working Captain). B Grade 1st Adam Gardner (Junior) and Jeff Challacombe (Junior) 57/60 (what happened to all the oldies) 3rd Gino Sergiacomi 56/60. And C Grade 1st Tony McRae 55/60 2nd Keith Palmer (Veteran) 3rd Harry Walker (Veteran) (the oldies did it this time).

Tom Meadows president SE Zone, with Rob Rehbein overall winner of the Wide Bay Capricorn SB championship and overall high gun.

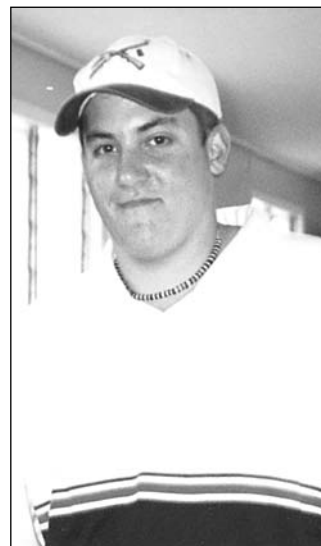

Bill Stolberg, grade high gun.

B grade High gun Tim Gardner.

C grade high gun Keith Palmer.

B grade Jeff Challacombe.

Event 2 was the Alan Powell Ford 50 T Double Barrel Championship. Overall sash Jimmy Riggs 50/50 AA Grade 1st Jimmy Riggs 50/50 AA Grade 2nd Rob Rehbein 50/50. A Grade 1st Bill Stolberg 49/50, A Grade 2nd Peter Purkis 48/50. B Grade 1st Tim Gardner 49/50 2nd Brad Allan 47/50 and C Grade 1st Spencer Plath 44/50 and 2nd Keith Palmer 44/50 (there still good shooting from the oldies with both of these shooters being veterans). Ladies Kaye Rehbein 45/50, Junior Jeff Challacombe 46/50 and Veteran 'Lost Bird' Norm Dale 47/50. The shoot was really travelling along with 44 shooters shooting these two events and no hick ups and only approximately 1.30pm with only one event to go we stopped for lunch. And gave all the workers a break.

Event 3. The Wide Bay Capricorn 25 Target Single Barrel Championship. Overall Rob Rehbein 25/25. AA Grade 1st Rob Rehbein 25/25, AA Grade 2nd Grahame Noffke 24/25. A Grade 1st Bill Stolberg 23/25 2nd Keith Mackay (Veteran) 23/25. B Grade 1st Jeff Challacombe (Junior) 22/25 and 2nd Brian Fourro 21/25 and C Grade 1st Tony McRae 19/25 and 2nd Keith Palmer (Veteran) 19/25. I can't wait to be a veteran your shooting seems to get better with age. Sunday morning after a good breakfast supplied by our ever hard working Kitchen ladies Cheryl Petersen and Auriel Smith (Thanks ladies for keeping the food up to the shooters and families). Sunday started at 9.00am with the 25 Target Double Barrel Winchester Championship. Overall Sash and Trophy Neil Berry 75/75. AA Grade 1st Stafford Smith 2nd Rob Rehbein 74/75. A Grade 1st Irvine Wynyard 74/75 2nd Bill Stolberg 74/75 B Grade 1st Tim Gardner 71/75 2nd Jim Davison 70/75 and C Grade 1st Trevor Cecil 67/75 and 2nd Harry Walker 62/75 (Veteran). Event 5. 50 Target Double Barrel Championship. Overall Glen Durre 50/50 AA Grade 1st Glen Durre 50/50 AA Grade 2nd Quinto Porfiri 66/67. A Grade 1st Gino Sergiacomi 49/50 A Grade 2nd Paul Rehbein 48/50. B Grade 1st Timmy Gardner 48/50 B Grade 2nd Brad Allan 48/50 and C Grade 1st Trevor Cecil 45/50 and C Grade 2nd Doug Baggaley 43/50. Ladies Kaye Rehbein 42/46 Junior Adam Gardner 46/50 and Veteran Peter Winzen 48/50. Again, we were well ahead of time so we broke for lunch and presented the trophies for these two events. During the presentations President Rob presented Bob Dupuy from Winchester a gift from the Club in appreciation for his support to our Club in the past 20 years and wished him well in his retirement.

On to the last event, the cash Handicap. 25 Target J & R McCracken Cash Handicap. 1st was won by Rob Rehbein with a

score of 25/25 2nd went to Trevor Cecil 25/26 3rd to Ray Maroski 24/25 and 4th to Frank Robinson 24/25. The Bundy Rum teams event conducted over events 4 and 5 was won by the team "Northern Invasion" Team members Jim Riggs, Graham Whitfield, Peter Purkis and Carlo Barletta and 2nd the Team the "Gumbies" consisted of Bill Stolberg, Peter Winzen, Adam Gardner and Keith Palmer. The Scotch and Rum Raffle which was donated by our Patron Ted Jensen was won by Glen McNeil (Hope it doesn't give you a headache) Quickie Board was won by Paul Rehbein. On the high guns. Overall High Gun was won by Rob Rehbein with a score of 278/285. AA Grade by Jim Riggs 276/278. A Grade Bill Stolberg 268/285, B Grade Tim Gardner 262/285 and C Grade Keith Palmer

240/285. Ladies High Gun was won by Kaye Rehbein 251/285, Junior by Adam Gardner 256/285 and the Veterans by Peter Winzen with a score of 263/285. The shoot was well organised and finished and people were on their way by 3.00pm. The club would like to thank the following sponsors: Winchester (Olin) Australia, Wide Bay Capricorn, Alan Powell Ford, Ted Jensen, J & R McCracken, Rehbeins Guns, the Queenslander Hotel (Rum) and Bundaberg Sugar Co. for their continuing support to the club. This support is very much appreciated. Thanks to all the people who contributed to the running of a very successful shoot and last but not least to all shooters that supported us at our Annual Shoot.

E-shoot 2001

An International event has been held in Maryborough without anyone leaving their home town.

A challenge was put out on the Internet by Maryborough Clay Target Club (MCTC), which resulted in nominations from clay target clubs in Australia, England, Israel, New Zealand, Slovenia and South Africa. The idea came from the postal shoot conducted each year against their sister club in New Zealand, Wairau Firth. Why not take it further and challenge the world to an e-Shoot?

The event was 50 target Double Barrel Points, to be shot by each club on its home ground. Each team consisted of two A Grade shooters, two B Grade and two C Grade, with the top five scores counted. The scores were submitted via the MCTC web site, with the closing date of August 31st. Nominations were received from Caboolture Clay Target Club, Downside Gun Club and Gold Coast Clay Target Club in Australia; Dani-Hi Olympic Clays in Israel; Northern Wairoa and Te Aroha Clay Target Clubs in New Zealand; Gaj Pragersko in Slovenia; and Graaff Reinnet Gun Club and Valley Gun Club in South Africa. Each club received a participation certificate. Many enquiries were received from North America, but as they do little double-barrel shooting no entries were received for 2001. After a request to be allowed to compete single barrel, nominations are now being received for 2002.

The winner of e-Shoot 2001 is Fareham Clay Target Club, Hampshire, England, with 736 points and the e-Shoot 2001 trophy is on its way to them. Spokesperson John Lower, secretary of the club, says, "We regarded this as a prestigious event and are ecstatic to be declared the winners". John is sure there will be many more entries from Great Britain in 2002. Fareham won the event by six points, with Valley Gun Club of Cape Town, South Africa, coming second. The only two perfect scores in the competition came from two Fareham members, Sean Heath and Dave Toomer, who have received personal certificates commending their achievement. MCTC came sixth, having shot the event in strong wind and with several high grade shooters absent. However they admit that no excuses detract from the excellent shooting by Fareham Clay Target Club.

E-mail friendships have been forged with many overseas clay target shooters, like Randy McNab of Bassano Gun Club in a small rural area of Alberta, Canada. The club could not enter as they only have four members, but Randy is in constant contact and says they might make it in 2002. He is also planning a trip to Australia and promises to come to Maryborough and "show y'all how to shoot". Mike Columbus of Dani-Hi, Israel, is an Israeli Border Police Sniper Commander and gives an interesting insight into life in their strife-torn region. Their club has the additional role of training military and security personnel in the use of firearms. Ron Woodd (stet) of Gander, Newfoundland, describes how their clubhouse is inaccessible for months, buried in snow during the long northern winter. They have a short trap-shooting season from late May to October.

President of MCTC, Dr Paul Anderson, says, "E-Shoot been an excellent promotion for our club and brought world attention to the sport of clay target shooting in Australia". Member John Maxwell recently returned from a shooting trip to South Africa and says everywhere he went people were talking about Maryborough and e-Shoot.

To date ten clubs from Australia, Canada, England, Finland, Israel, New Zealand and South Africa have taken up the challenge and nominated for e-Shoot 2002, with enquiries from several other countries. Nominations are open until the end of June 2002. All the information about MCTC and e-Shoot is on the club's web site at www.mctc.org.au.

With its announcement that International Shooting Sports Federation Medals and Diplomas are to be awarded to a record number of Officials and Volunteers from the Sydney 2000 Olympic Games, the ISSF Awards Committee has paid tribute to what were declared by ISSF President Olegario Vasquez Rana and Secretary General Horst Schreiber, as the best Olympic Games shooting competition the sport has ever experienced. This recognition further enhances the statement made by IOC President Juan Antonio Samaranch who declared the Sydney 2000 Olympic Games to be "The Best Games Ever".

For all of those and there are many who played a part in the shooting competition of the Olympic Games and whose efforts have not been publicly recognised, your contribution and commitment was clearly recognised by the most important players in the game, the athletes who declared the Sydney 2000 Olympic Games to be the best Olympic competition they had experienced.

Your efforts were also appreciated by the thousands of spectators who were treated to a never to be forgotten spectacle in September 2000, a spectacle which lifted the profile of competition shoot-

ing in Australia to an unprecedented level which augurs well for the future of target shooting in Australia.

For the greater majority who took part in the Sydney 2000 Olympic Games at Sydney International Shooting Centre in September 2000, their Olympic experience will go down as one of if not their greatest moment in sport, one that will be remembered and talked about for years to come.

The Australian Shooting Association and its affiliates, Pistol Australia, Target Rifle Australia, Sporting Shooters Association of Australia, Australian Clay Target Association and the National Rifle Association of Australia are indeed fortunate to have as their members so many who contributed to the success of the Sydney 2000 Olympic and Paralympic Games.

Thank you one and all for a never to be forgotten experience.

SPRINGSURE GUN CLUB

Springsure Novelty Christmas Shoot Date Change

Our very popular Novelty Christmas Shoot will this year be held on Saturday 8 December and will be a Day - Night program. Shooters please note the change from our normal shoot day of Sunday. A great introductory shoot for novices with Level 1 coaching available, the day lends itself to a safe and enjoyable introduction to Clay Target Shooting. Our Local Shooters joined by Visitors vying for Hams, Cooked Chooks and Stubbies throughout the Day with a BBQ Tea in the evening followed by more competition at night. Springsure is a great place to shoot surrounded by picturesque mountain scenery. Don't miss it!!

Springsure Presidents Trophy

The Presidents Trophy is one of our major Club events for the shooting calendar surpassed only by our Annual Two Day. Held on 12 August we were well supported by a contingent from the Gemfields. Weather was perfect resulting in keen competition with a high percentage of possibles. As the name suggests, the day was sponsored by our able President Bruce Powell and Zarah his lovely wife who together put up the Trophies for each Grade and Overall. Zarah, lady of many talents, ensured with her assistants that we all got fed at lunch time with a magnificent spread.

The first event was our "Mountain Man Mug" which is a 15m 25 tgt DB with a handicap style unique to Springsure. Held monthly with the engraved silver beer mug donated in turn by individual members, every shooter is in with a chance and C Graders to AA have won these very useful trophies. Donated this time by Richard Woolcock it was won in style by Warren Jensen 57/57, with nine competing in the shoot off.

The Presidents Trophy was run over three events with the first leg being 25 tgt Points. Winners were AA Bruce Powell 75/75, A Ray Copping 74/75, B Ken Perrett 75/75, C Greg Walters 66/75. Next was a 25 tgt Single Barrel which was won by AA Shorty Moore 24/24, A equal 1st Warren Jensen & Ray Copping 24/24, B equal 1st Ken Perrett & Dan Priddle 22/25, C Ted Tyacke 23/25. The

Australian Disabled Clay Target Association

We are a group of disabled clay target shooters with disabilities resulting from amputations, strokes, etc. We come from all around Australia and we are endeavoring to form an organisation, either club or association dependant on what the ACTA decides we should be so that we may cater for the particular needs arising from our disablement.

Our objectives are to help disabled clay target shooters and to encourage disabled people to try the sport and possibly take it up. To organise a disabled Nationals each year and to support the Paralympic Committee in trying to get Clay target accepted as a Paralympic event. (Rifle and Pistol have been for many years)

A proposal has been made by our friends in the Paralympic Committee to the organisers of the Disabled World Championships in Korea next year that clay target be included as a demonstration sport. We need to have an organisation that is familiar with our particular needs to get things rolling.

We have had two successful Nationals in 2000 and 2001, our next one is programmed for Easter 2002 at Brisbane Gun Club, March 30th for practice with 100 target DTL on March 31st and 100 target ISSF Trap on April fools day - April 1st. There will be a confirming advertisement in "Clay Target".

Any Sponsors out there?

If you are a disabled clay target shooter or know someone who is and is not on our mailing list, please contact us. Possibly you know a disabled person who would like to try the sport? We will be delighted to help them.

President: Neale Fleming Phone: 07 4669 4180

Secretary: John Richardson, Phone/Fax: 02 9489 5906

final leg was a 25 tgt Continental won by AA Shawn Ryan 25/25, A Richard Woolcock 24/25, B Ken Perrett 25/25, C Greg Walters 23/25. The final results of 122/125 gave Ken Perrett our local B grader the Overall Championship Trophy, very well shot Ken. In AA, Trophy winner was Gemfields shooter Frank Santoro 118/125 from Shawn Ryan 117/125. A Grade was won by Ray Copping 121/125 from Richard Woolcock 120/125. B Grade was taken out by Warren Sullivan 113/125 from Dan Priddle 112/125. The C Grade Trophy was won by Greg Walters 107/125 from Ted Tyacke 101/125.

In presenting the Trophies, President Bruce Powell thanked all for their attendance and for their support through the year. The Club is in a strong position averaging around 3 squads for our monthly shoots, an active travelling contingent to Zone, State and various Two Day Shoots, together with a healthy bank balance from our own Two Day Shoot in February. Facilities have been improved with an extended Club House incorporating a new larger Bar with coldroom and a larger Dining / Entertainment area. Keep up the good work Bruce!

Springsure Annual Two Day Shoot in February 2002

The Springsure Annual Two Day Shoot will be held on the 2nd weekend in February 2002. A keenly contested weekend of shooting with 72 shooters making up this years contingent. We look forward to an even bigger event on 9 & 10 February 2002 and invite all shooters to mark their calendar for a great weekend of fantastic prizes, warm hospitality, cold beer, good food and circumstances permitting - GOOD TARGETS.

Cheers and good shooting from the Springsure Gun Club!!

Rex Kirk, Publicity Officer, Springsure Gun Club

Mathaguy Cup goes to Merenele for second year

The second Annual Mathaguy Cup competition took place on 12 August 2001.

Our hosts John and Vicki Wild of Merenele station were represented by Warren Gun Club, whilst Ninedool station was represented by Illawarra Gun Club.

Some 16 shooters took part in the novelty field competition where the "possible" was "impossible". John Wild took care of that.

Four hours of shooting was interrupted only by the BBQ lunch and soft drinks and following completion of the event the scores were counted.

This proved to be the most difficult "task" all day for without the aid of a calculator Scott Benett upon running out of fingers I believe made a few mistakes all of which were in Merenele's favour.

Scott also managed to get Adam Boyd (black hat) the high gun by one point from Bill Jones, which remains a mystery.

Thanks John and Vicki, good work Merenele but be warned Ninedool will be back next year with a few "ring ins" to even the score.

Editors Note: But who won the "boat race" Bill

Reported by W Jones.

John and Vicki Wild, Mathaguy Cup and Bill.

Classifieds

This section is for the exclusive use of ACTA members, and has been introduced for the purchase, sale and exchange of personal equipment.

PLEASE NOTE: Due to the new Gun Laws, all classified ads submitted must include the serial number of all guns advertised, and also the shooter licence number. We are also no longer allowed to advertise the sale of any pump-action or semi-auto shotguns or the parts thereof.

Rates (inc GST) are as follows:

\$11.00 — 0-60 words

\$22.00 — 60-100 words max.

Advertisers must comply with the copy deadlines as detailed on page 2 of this issue, and your name, address and telephone number must be supplied. Copy should be typed or carefully hand-written.

Payment must accompany advertisement.

NSW Members and Dealers

As stated in Firearms Act 1996, Section 54 "A person must not cause an advertisement for the sale of a firearm or firearm part to be published unless:

(a) the person is a licensed firearm dealer, or

(b) the proposed sale is to be arranged by or through a licensed firearm dealer and the advertisement contains such particulars as may be prescribed by the Regulations".

The Regulation states, "For the purposes of section 54(b) of the Act, the following particulars are prescribed in relation to an advertisement for the sale of a firearm that is arranged by or through a licensed firearms dealer.

(a) the licence or permit number of the seller,

(b) the name and address of the dealer concerned."

The Firearms Act 1996 applies to both the Publisher and the individual

placing the advertisement. Failing to abide by this Section attracts and maximum fine of \$5,500.

TUMUT TWO DAY SHOOT

Tumut Clay Target Club conducted the Annual Two Day competition on 13/14-10-2001 with visitors from Majura Park, Wagga, Junee, Cecil Park, Berridale, Narromine, Crookwell,

Narandera, Gunning-Dalton, Griffith, Downside, Cowra, Sydney, NSW, Albury, Yass, Cooma, Wangaratta and Melbourne.

Saturday started on time at 10.00 am in fine overcast conditions with 34 possibles from 53 competitors in the eye opener.

The feature event for Saturday was the 50T E.A. Bourne Double Barrel Championship. Although conditions were good only 6 possibles were recorded. A lengthy shoot-off showed that the targets were good and Rodney Wright (Junee) eventually won the title from Arty Del-Ben (Sydney) with a score of 223/223. Most grades also required shoot-offs.

Event three was the Stumpe Lowery Points Score Championship with only three possibles scored. Tony Barton (Gunning-Dalton) won Overall scoring 87/87 from Vickie Kibblewhite (Majura Park) 1st B Grade 86/87 and Bruce Mayo (Tumut) 78/81. AA Grade developed into a lengthy shoot-off with Stuart Lowery (Tumut) winning 1st place with 143/144 from Paul Farrugia (Cecil Park) 2nd 140/144.

The High Gun on events 1 - 3 was won by Paul Farrugia 137/138.

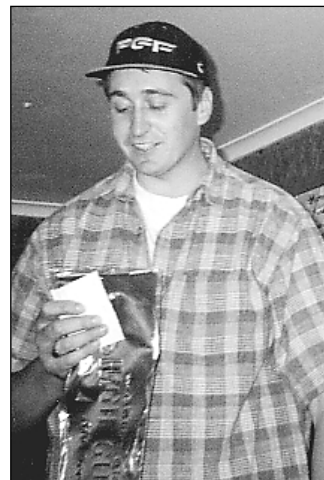

Saturday night a dinner and shooter Calcutta auction was held at the Tumut Bowling Club. After a very fine meal the auction of shooters got under way. Very spirited bidding from some quarters brought the overall pool split to \$530.00 to the buyer of the winner of each grade on the Tumut Bowling Club Double Barrel Championship held on Sunday.

Arty Del-Ben, overall winner of high gun.

Charlie Sherry, winner of Tumut Bowling Club double barrel championship.

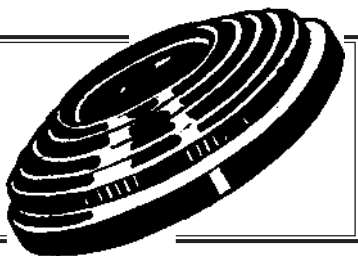

Rodney Wright, winner of Easbourne double barrel championship.

Don Power, winner of the Castrol Handicap.

NEW MILLENNIUM MODEL 10 TRAP

The quality of Miroku guns never waivers. Finest steel, smooth action, perfect balance, impeccable finish and technical excellence combine to bring you the finest of firearms. Miroku has done its best to help you maximise your shooting skills in all conditions, so when you choose the timeless class of a Miroku firearm, your shooting pleasure is assured.

The Miroku Model 10 possesses an impressive list of fine features which, added to its accurate, reliable performance and eye-catching aesthetics, set it apart from the rest.

- Available in Grades 1, 3 & 5. • Three interchangeable triggers - wide, wide chequered and thin. Supplied in Silver for Grade 1, and Gold for grades 3 & 5. • The Grade 5 Trap (pictured above) is crafted with a distinctive teardrop stock in American walnut, with oiled finish in Grades 3 & 5, and satin varnish on the Grade 1. • Stock comes in traditional straight, with the option of adjustable comb, or in the stylish Monte Carlo. • Interchangeable chokes - including XFull, Full, $\frac{3}{4}$, $\frac{1}{2}$ & $\frac{1}{4}$. • Back bored to reduce pellet deformation and give a more even spread of pellets.

- Fully chrome lined barrels for long lasting corrosion resistance. • Standard length barrels in 30" & 32"
- Special palm swell to give added comfort on long shoots. • Grades 3 & 5 cased in an attractive aluminium gun case (pictured), while Grade 1 is presented in a sturdy plastic gun case.
