# The Original Nose system

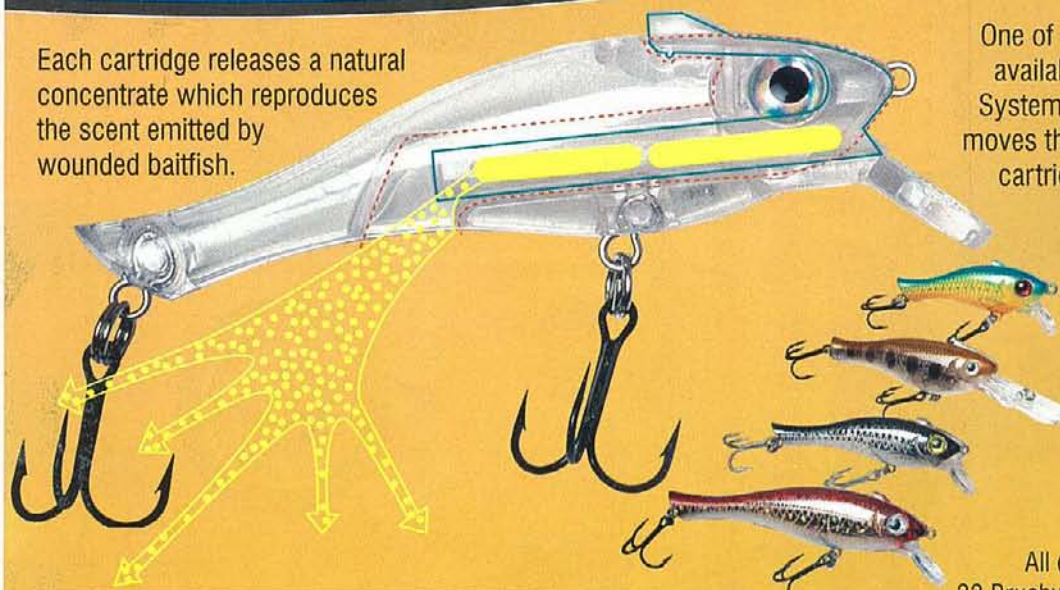

EASY TO INSERT AND CHANGE CARTRIDGE

**TRANSKEI**

One of France's most popular lures, now available in Australia. The Transkei Nose System releases scent from the lure as it moves through the water via a replaceable cartridge. Different sized cartridges are available for fresh or saltwater applications.

Each cartridge releases a natural concentrate which reproduces the scent emitted by wounded baitfish.

## Graham Thomas Michell 7/3/1943 to 26/4/2002

It is with great sadness that I report the sudden death by heart attack of well-known shooter and administrator Graham Michell. I am sure all shooters around Australia will join with me in expressing our sympathy to Ruth and his 2 daughters Joanne and Sharon.

Graham was a tireless worker for the sport of clay target shooting. He started shooting in 1982 at the Monarto Gun Club in South Australia. He quickly became involved in the administration of the sport and became South Australian President in 1990 and also an Executive member of the Australian Clay Target Association in the same year. In 1994 he became chairman of the shooting committee and for the last 8 years his efforts with our ISSF shooting teams, junior development and training camps is well known. Graham was recently elected Vice President of the Australian Shooting Association and was also delegate to the Commonwealth Shooting Federation.

As President of the ACTA I probably know better than most the hours of work and dedication that Graham gave to the sport of clay target shooting. He would spend hours on the phone discussing aspects of the sport and planning team selection, etc. The many weeks each year that he gave up to support the sport was probably not appreciated by most. It was fitting that he was awarded the Australian Sports Medal in 2000 for his outstanding contribution to the sport of clay target shooting.

Graham will be a great loss to the sport and it will be very difficult to find administrators who will be able to dedicate the time and energy to the sport that he did. Thanks Graham for all that you did.

To Ruth and all members of the family, our thoughts are with you and rest assured his contribution to our sport will be long remembered.

# Taree Wingham Gun Club Flying Fox Carnival 27th - 28th April 2002

It doesn't matter how much planning, preparation or advertising you do, the weather can beat you every time.

It was therefore regrettable that the 48 competitors for the two day carnival were greeted with rain and overcast conditions on Saturday for the clubs 6th Annual "Flying Fox Carnival". However not all was lost because the renowned Taree Wingham hospitality was still there, along with the great food prepared by the Wingham Rotary Club.

**Overall High Gun and Flying Fox Fifty Championship winner Alan Jones.**

Event 1 was a 25 target double barrel cash divide, and we'll blame the weather, because there were only 7 possibles, all from the AA grade shooters.

Event 2 and it was down to business for the Clay Targets Australia Single Barrel Championship, an event which saw local member and club secretary Daryl Pasfield of Wingham, walk away the victor with the only possible of 25/25. Arnie Delben of Cecil Park, took second place in AA grade after a shoot off with 27/28.

Old bore shooter, Jim Wilberforce won A grade with 24/25, Denis Pearce of Singleton B Grade - 24/26 and Don Johnson NSW Gun Club C grade 24/29.

**Tom Turner - Veterans High Gun, Kathy Gault - Ladies High Gun and Harry McMaster - Junior High Gun.**

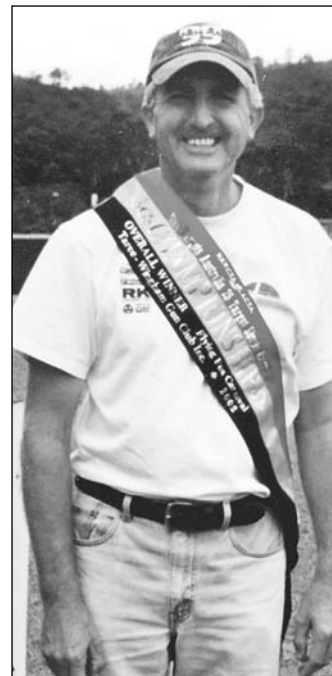

The main event on the carnival was to follow with the rain disappearing to allow an even playing field for all.

A seven-day spa villa family holiday, kindly sponsored by Club President, Gary Brown, owner of the Harrington Holiday Park, was the great prize the competitors in this event were anxious to win, along with the blue commonwealth sash and badge.

A great effort by Nathan McDonnell, a local member and resident of Port Macquarie, saw his 48/50 from the 20-metre mark rewarded with the \$800 holiday package. Close friends, Frank Seve, Upper Hunter and Michael Pommer, Cessnock shot off for 1st and 2nd in AA grade, with Frank taking the grade 67/70. Paul Jackson, Cessnock won A grade 47/50, Denis Pearce B grade 45/50

**High Gun winners – L-R: Overall – Alan Jones, AA – Nathan McDonnell, A – Paul Jackson, B – Daryl Pickles and C – Vito Balliana.**

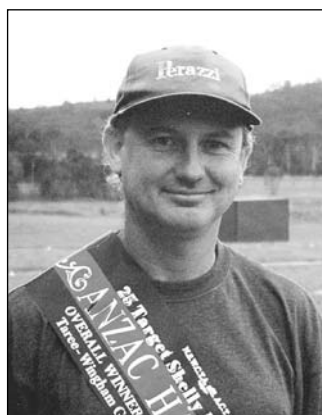

**Daryl Pasfield – Overall winner, Clay Targets Australia Single Barrel Championship.**

**Commonwealth Double Barrel Championship winners – L-R: Overall – Nathan McDonnell, AA – Frank Seve, A – Paul Jackson, B – Denis Pearce and C – Vito Balliana.**

and Vito Balliara, Newcastle Lake Macquarie, C grade 38/50.

Junior Wingham shooter, Tobey Hands, just 14 years of age, won the shoot with Bernadette Seve, to take 2nd in C grade with 43/56, and demonstrated to all at the grounds that he has a great future in the sport.

**Paul Turner – Anzac Handicap winner.**

Sunday morning, and again overcast conditions, but no rain, which was welcomed by all to contest the 3 events for the day. Event 2, a 25 target Double Barrel Continental cash divide, again saw only 7 possibles with plenty of 24's and the usual excuses.

The Shelly Beach Stone ANZAC Handicap followed this event having been proudly sponsored by Mick and Nathan McDonnell of Port Macquarie over the last 3 years and was won by Paul Furner of Cessnock, off 20 metres with 42/43, from Don Johnson - 11 metres, after an embracing shoot off. Third place

238/240, after a lengthy shoot off with Nathan McDonnell. Paul Jackson A grade 95/100, junior shooter Harry McMaster, NSW Gun Club, B grade 95/100 and Vito Ballaiana C grade 92/100.

At the end of day 2, Mr Consistency Alan Jones took the overall high gun title with 241/250, from Nathan McDonnell AA grade 237/250. A grade was won by Action Jackson 232/250, B grade Daryl Pickles 229/250 and C grade Vito Balliana 216/250. Junior high gun Harry McMaster 218/250. Veterans Tom Turner 225/250 and Ladies, our regular visitor from Majura Park ACT, Kathie Gault 223/250.

The club committee extends its appreciation to all the shooters who traveled to partonise the carnival and we gratefully acknowledge the support of our major sponsors - Harrington Holiday Park, Clay Targets Australia, Shelly Beach Stone, Gemini Traps, Winchester Australia for the High Gun trophy, and the NSW Shooting Association and the NSW Firearms Safety Awareness Council, who sponsored the Junior High Gun trophy.

Also a big thank you to our small brand of hard working members and Diane and Jan in the office, you have all contributed in making our carnival a memorable one.

## **GRAHAM THOMAS MICHELL**

**7th March, 1943 - 26th April, 2002**

Graham was a legend !

So many times over the past few days these words have been spoken by those who knew him. The definition of the word legend can mean the story of the life of a saint or a person who achieves legendary fame in their own life time, so let us look back to see just how this man has touched so many lives through his actions.

Graham was born to parents Thomas and Marjory Michell in Melbourne on the 7th March, 1943 and the family moved back to South Australia when he was just 3 years of age and they lived at Largs Bay - Port Adelaide territory. Graham's early days were spent growing up with an extended family of many loving uncles, aunts and cousins who all enjoyed camping weekends away together. He attended the LeFevre Boys Technical High School where he excelled in the sports of swimming, football and rowing. His boyhood was brought to a sudden end with the death of his father and Graham, at the age of 16, found himself out in the workforce helping to support his family. His first job was as an apprentice fitter and turner but he gave that away as soon as he was able to get a heavy haulage licence, driving fuel tankers for the Shell Company of Australia and this took him to such far away places as Ceduna and out along the Strezlecki Track.

Graham had a passion for motor bikes and he became involved not only with scramble dirt track riding but also speedway and in 1963 he won the Australian Short Circuit Motor Cycle Dirt Track Championship in Melbourne. It was at the Murray Bridge Speedway in 1965 that Graham met the love of his life - the girl in the office who kept the placings of each race - this girl stole his heart. It was Ruth ! The boy in the black leathers on the motor bike soon lost his nerve at being really daring and rather than keeping his mind on his racing he soon earned the nickname of Autumn Leaves, falling many times from his bike, and his mates believed it was because it gave him the excuse to ride back in the ambulance up to the sick bay, which was situated right next door to the office.

Their first date was disastrous. Graham, on helping his best friend Peter on his dairy, drove down to the swamp to get the cows. Somehow his car slid in the mud and he ended up in the irrigation channel - unable to remove his car in time following milking, he ended up borrowing his mate's 'farm ute' and any body who owns one will know what they can be like. As he was now running very late he found himself speeding along Swanport Road, right outside this church, when the Police spotted him. They gave chase and Graham thinking he would give them the slip, shot down a side street but it was a 'one-way' street and he was the one who was going the wrong way. He was caught, fined and subsequently lost his licence for a fortnight. However, on his arrival at Ruth's parent's farm he was given the big look of disapproval by Ruth's father who later said "I don't approve of this fellow, he rides motor bikes and doesn't appear to even own a car so just what prospects has a fellow like this got?" To cut a long story short, they were married in the Lutheran Church at Monarto on the 5th August, 1967 and this was the beginning of their life together.

Graham continued driving trucks until 1970 when he took on a new job at the Kanmantoo Copper Mine (a division of Broken Hill South Mining Company) which had just been re-opened. He worked there for 5 years starting out as a grader driver and working his way up to the Blasting and Drilling Supervisor. When the mine ceased operating his career path took him back to trucking. He went into business for himself buying his first truck - a Kenworth of course ! For the past 28 years he has notched up mil-

lions of kilometres on Australia's highways. For some 8 of those years he contract carted all of the glasshouse produce grown here in Murray Bridge to the Melbourne Markets and one day in particular 11 semi-trailers left this town laden with cucumbers and tomatoes. In recent years Graham's cartage mostly consisted of bulk grain. Another story related to Ruth on the phone was by the young farmer from Lameroo whose grain Graham had carried. He had heard of Graham's passing just before he went out onto the football field and he was shattered. He decided then and there to dedicate his match to Graham and his team not only won the match but he was named best player as well. Ruth was pleased to hear this as it showed just what an influence Graham had on people's lives - not only in the shooting sports.

He was very particular about his appearance, never leaving the house, even when going out to drive the truck, without getting Ruth to check the back of his head to make sure that not a hair was out of place. They often wondered just how he coped when he was away from home. In fact he was known as the 'gentleman truckie' - always dressed neatly in his bone coloured trousers, starched shirts and polished boots - not the usual attire associated with truck drivers.

Following a bad car accident in 1980, where Graham was an innocent passenger, he lost interest in life and although he continued with his business he became depressed and to aid his flagging spirits he was invited, by a friend, to attend the opening of the new Monarto Clay Target Range in 1982. He was instantly attracted to this sport as it was one that could be enjoyed by men, women and children with ages ranging from early teens to the 80's. Graham joined the Club after just one visit, Ruth just a couple of months later and they both spent many happy times at neighbouring Clubs.

It was not long before Graham progressed up the ladder - first as a Committee person and then on to becoming Club President. Over the next couple of years his administrative qualities became evident and he went from being Club Delegate to Zone Delegate and eventually became State President, a position he held since 1990. In that same year he was elected as the State Delegate onto the Australian Clay Target Association's National Executive and once on this body he showed his real talents.

His mother once said, "You are a dreamer and that's all you'll ever be". How wrong she was. Yes, he did dream - as he drove in his truck he had time to visualize how he could help the sport that he loved. He achieved many things over the past 8 years in his role as Chairman of the Shooting Committee, focusing his attentions on the Olympic disciplines. He managed to get a Junior Development Programme up and running where the Juniors were encouraged to take up the Olympic discipline shooting and he also encouraged the girls/women to do the same. Training camps, National titles and eliminations then allowed these shooters to attend World Cups and the World Championships along with the Australian Open Team made up of men. He can also be credited with being the person responsible (after much pushing of all the Commonwealth countries) for the inclusion of women's events at the Commonwealth Games - the first time ever will be at the Games being held in Manchester this year. In his role as Australian Team Manager, Graham had the opportunity to accompany the shooters to both World Cups and World Championships all around the world and just some of the countries he visited were, Peru, Germany, Finland, Egypt, Italy, Cyprus, New Zealand, England, Brunei, Korea, India, Qatar and Hungary.

Some of the many positions he was holding at the time of his death included:

State President

Management Committee - Australian Clay Target Association

Delegate to the Australian Shooting Association

Vice President of the Australian Shooting Association  
 Delegate to the Commonwealth Shooting Federation  
 Chairman, Shooting Committee - Australian Clay Target Association  
 Australian Level 1 Coach  
 Australian ISSF Referee  
 Australian Trap and Skeet Referee  
 Australian Referee Examiner  
 ISSF 'A' Grade Judge

He was awarded an Australian Sports Medal, specially struck in the Year 2000, for his contribution to clay target shooting.

In a letter received by Ruth from Bill Murray, ex High Performance Manager with the Australian Sports Commission and now living in Germany, Bill described Graham as "Being a tireless worker for the sport and that he was unique amongst his contemporaries". From his point of view, "without Graham's driving force and support at crucial moments, the Australian Clay Target team successes in Sydney and Atlanta, and the many successes they enjoyed in between, would never have happened".

Graham gave his time voluntarily to his sport and as stated by one of the shooters to Ruth on the phone, "I thank you for the time you allowed Graham to spend time away with us when he probably should have been spending time at home with you and your family".

Graham had many loves - the first one being Ruth. A story related to her the other night by one of the Australian Team members, Ben Kelly, was that when he heard the news of Graham's death, his first memory (which he felt impelled to ring and tell her) was of their trip to Bisley, England last year to the Commonwealth Shooting Federation Championships. Graham was driving the mini-bus along a particular road on the way to the shooting ground when Ben and Rocky were seen in the rear view mirror by Graham to be hanging out of the back windows, waving to all of the girls. Graham commented, "Listen boys, when you find a girl as good looking as mine, you'll stop all of this nonsense!" On special occasions he always bought for her no less than 3 cards because he couldn't decide just which one to give her - 2 he would give from himself and he would give one from the family pets - the dog, the cats and the birds. His favourite flowers were proteas and banksias and he could never pass a florist shop without stopping to buy her some and many a bunch jolted about in the truck on the way home from Ballarat, for there was a florist right there on his route home from Melbourne.

Graham loved his two daughters, Joanne and Sharon and welcomed into the family both David and Darren, and his life was then further enriched with the birth of his 3 little grandsons, Lachlan, Patrick and Angus and he had the recent joyful news of each daughter telling him that he was to be a papa again later on in the year. He missed his family greatly while on his overseas trips and he loved to play 'Father Christmas' each time he came home, his case laden with presents, and then watching everyone as they opened up their treasures.

He loved seafood, fried tomatoes, home-made chicken noodle soup, roast pork, fig jam and snow balls and he was a dedicated reader of many books - he could get through a new Wilbur Smith in about 3 days. He disliked capsicum and zucchini, swearing in front of women, and people who did not put in 100% into what they were doing - if it was worth doing, it was worth doing properly.

Other than his immediate family, Graham will be sadly missed by his only surviving brother, Philip.

Graham's ambitions in life were to find someone to love, have his own home and to see his children grow up and be married - the grandchildren were a bonus. He achieved all these things and much, much more.

Graham was a good man - what more is there to say!

*Written with love by Ruth*

Indeed! What more is there to say, and yes, of course Graham will

principally be missed by Ruth his wife, and his immediate and extended family, but he will also be missed by his friends and fellow members at the Monarto-Alexandra Clay Target Club, the South Australian Clay Target Association, the Australian Clay Target Association and the broader shooting fraternity. Just how badly missed is yet to be realized.

Graham became a member of the Club immediately after it opened in 1982 and was soon on the committee or served as President and/or Secretary ever since. In fact, it could be said that he was central to the operation of the Club for many successful years.

The respect with which Graham was held is evidenced by his very large funeral, at which many well known shooting personalities were present. Australia's Green and Gold blazers were everywhere, forming a guard of honour, and members of the Australian Olympic Shooting Team were his pall bearers.

Graham was laid in his final resting place to the sound of bagpipes, the engines and horns of his much loved Kenworth trucks, and finally to a volley of shotgun fire, fired by Michael Diamond. A fitting finale for a man of Graham's ilk.

There are no words that are adequate to thank Graham for his huge contribution to the clay target shooting sports.

## MS AWARENESS SHOOT VERY SUCCESSFUL

Local gun club member Peter Mould, who also suffers from MS, shot at targets for a period of twelve hours on Saturday 6th April at the local Gun Club range.

The object of the day was to raise awareness of the disease MS. This disease affects the central nervous system of the body and displays a range of symptoms. The disease can affect people in different ways. The most common symptoms are a disabled walking gait or temporary eyesight problems.

During the day Peter shot at 750 targets only missing 16 of them. He shot from a distance of 15 metres and was as accurate during the final stages as he was at the beginning. Many local and visiting shooters joined Peter during the day to help pace him. Although tired by the end of the marathon shoot Peter was pleased with the support shown to him over such a long period. He was especially grateful to the local club members who made such an effort to keep him on track and who handled the logistics of the day.

Although Peter's main aim was to raise awareness of this disease he also accepted many donations which will be forwarded to the MS Society of NSW. Over the time \$1903 was donated. Local Council employees and the local Lons club were among the many donors.

## IMPORTANCE OF THE FUNDAMENTALS

Written by Frank Hoppe

No one likes to talk about new products designed to improve shooting skills more than trapshooters do. There are always new products and new theories coming out that hold the promise of better scores for all of us. While it's fun to talk about the technical drivel and new gadgets available for improving everyone's trapshooting skills, all too often, a shooter gets it into his head that if he just stumbles on the right combination of little things to tweak his equipment with, he'll magically become the great shooter that he is sure is inside him, just waiting to be discovered.

In most cases, this isn't what brings out that great shooter. It may be possible that some of the small, technical things will add to a shooter's ability to be consistent and break a better score on a regular basis, but they shouldn't be depended on to produce the results most shooters would like. The best way to reach the level a shooter can realistically expect from himself is to begin with the fundamentals.

While working on the fundamentals and perfecting their application of same, shooters will find that there are some items which will help them achieve that perfect application of those fundamentals. For example, shooting glasses will aid the eyesight or protect the eyes from harsh sunlight or debris that may be present while shooting. An adjustable stock will help a shooter get the proper fit with his gun so that he is comfortable with it and it shoots where he is looking. But no matter whether the eyes are working perfectly and the gun fit is superb, if the fundamentals of trapshooting aren't applied properly, neither of these will be of much benefit to a shooter's scores. Combined with proper fundamentals and technique, shooting glasses and an adjustable stock can be invaluable.

These are the types of things that shooters come to realize while "paying their dues" in their early years of trapshooting. They will discover other helpful items to incorporate into their game, but none of these should be considered the key to success; they only help each shooter achieve a better or easier way to apply those fundamentals.

Think back, if you will, on all the trapshooting-related items you've bought, used, and either sold or just abandoned over the years and you'll understand that it wasn't any of these items that accounted for your success. Some of these items may have been helpful, but only to the extent that they helped you in your application of sound fundamentals.

At one time, I didn't think I could possibly shoot without wearing a shooting vest. I was convinced that if I didn't have my vest and shot anyway, I would surely arrive back home with my right arm in a sling and blood gushing from my poor, tender shoulder. That was, I was convinced until I went to a shoot and forgot my vest. I shot in a T-shirt and was none the worse for wear. I found it to be more comfortable for me and have been shooting in shirts ever since.

The point to be made here is to caution you against thinking that there is some trivial piece of equipment out there somewhere that will "enlighten" you and turn you into a trapshooting terror. That equipment may be helpful, but only if it assists you in your application of the fundamentals.

Now that we've established how I feel about fundamentals, future articles will offer suggestions and insights on how to apply those fundamentals to improving your skills on the trapline.

# Q.C.T.A. STATE TRAP CARNIVAL GEMFIELDS CLAY TARGET CLUB

## 4th, 5th , 6th May 2002

**All the requirements for a successful shoot appeared to be there for the 2002 Queensland State Trap Titles in Emerald. The weather was fine with only slight but variable winds, the temperature cool (for Emerald) at 27deg C, and the central location guaranteed a good roll up which turned out to be 193 shooters.**

The first event was the Winchester Point Score of 25 targets. This event has been sponsored by Winchester Australia for many years and exemplifies their support of our sport.

**Robbie Cusack (Mount Isa) Winner State Double Barrel.**

Out of the 191 scores posted in this event, five possibles were recorded. When the shoot off was complete, the overall winner was David Nielsen from Werribee with a score of 114/114. First and second in AA were Rod Cusack (Mount Isa) 101/102 and George Sckaf (Gold Coast) 98/102. First & second in A grade were Noel Maltby (Port Denison) 113/114 and Phillip Warren (Maryborough) 89/90. First & second in B grade were Shannon Paton (Silkwood) 98/99 and Dee Colls (Burdekin) 78/81.

First & second in C grade went to Bevan Reibel (Tallawalla) 67/75 and Jared Brown (Kingaroy) 66/75. The Women,

Junior and Veteran sections went to Dee Colls, Shannon Paton, and Doug Smith (Dalby).

The Zone Shoulder to Shoulder Teams Competition was held in

**Ted Matthews (mount Isa) Winner State Single Barrel with President Bill Allan.**

conjunction with the Winchester Point Score event. The Zone Postal shoot had been won by the Northern Zone with such a high score that the other zones asked if the North would put the trap on oscillating next time. This jibe obviously spurred the Northerners to greater efforts because they easily won the Open teams and the Juniors while the Western Zone was successful in the Women's.

The Blue Ribbon event of the day was the State Double Barrel Championship. Eleven possibles were recorded and the shoot off proceeded until there were only three left.

Col Witt (Gold Coast), Robbie Cusack (Mount Isa) and Ray (Jumbo) Brown (Goondiwindi) fought out what would have to be called one of the most entertaining shoot-offs for many years. Col and Robbie shot the targets with clinical precision while Jumbo pulled off second barrels that delighted the crowd. His antics of patting the barrels after a particularly long second barrel and crossing himself after impossible ones had the crowd alight. Alas,

**Bill Pavy (Mackay) Winner State Double Rise.**

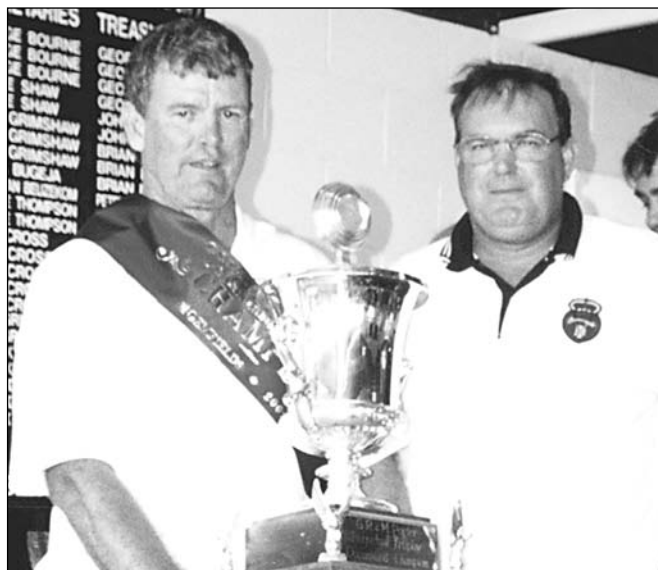

**Travis Vaina (Gold Coast) Winner State Point Score with President Bill Allan.**

the super second barrel failed at last and Jumbo claimed second in AA with 113/115. Robbie and Col continued to pulverise targets until the 122nd when Col let one slip.

The final result was Overall Robbie Cusack (122/122) with Col Witt claiming first in AA with 121/122.

A grade first went to that well known, handsome? Skeet shooter from Rockhampton, Laurie Chelepy (69/70) with John Brownson

**Ray Collinson (Burdekin) Winner of Queensland Champion (GR & M Porter Perpetual Trophy) with Dennis Harwood - State Councillor.**

(Charters Towers) 68/70 runner up.

B grade was a Gold Coast family affair with Valery Litvinov (71/72) being one target better than son Ivan (70/72).

First in C grade was Bevan Reinel (Tallawalla) 47/50 from Max Thomas (Ilfracombe) 70/72.

The Women's Double Barrel title went to Lil Jarvis (Tambo) 49/50 from Veronika Forsythe (Roma) 53/55.

The Junior Double Barrel Title went to Travis Vaina (Gold Coast) 49/50 with Allan Purkis (Gladstone) second with 53/55.

The Veteran's Double Barrel Title went to Jeff Nash (Canowindra) 50/50 from the evergreen Barry Nasser (Clermont) 49/50. Barry

**Arthur Turner (Warren) Winner of Cash Handicap.**

**Tom Comerford (Townsville) Winner Veterans High Gun.**

suffered a fall following the Double Barrel which stopped him shooting for the rest of the weekend but he is now recovered.

Day Two started with the State Single Barrel Championship. 181 scores were posted but only two possible recorded. They were Ray Collinson (Burdekin) and Ted Matthews (Mount Isa). Ray is the present holder of the National Single Barrel Title and had won the State Single Barrel in 2000 and 2001.

However, when the short shoot off was over Ted Matthews (53/53) was the 2002 State Single Barrel Champion with Ray Collinson taking first in AA (52/53).

Second in AA went to Bill Pavy of Mackay (67/68).

A Grade first was Mark Weise (Ilfracombe) 57/59 from Phillip Warren (Maryborough) 57/60.

B Grade went to Allan Olsen (Gemfields) 47/53 with second going to Roger Kerslake (Mathoura) 46/53.

Dean Went (Gold Coast) 41/50 won C grade from Irene Cross (Gemfields) 42/52.

The State Women's Single Barrel Title went to Annette Vassalini (Burdekin) 46/50 from Katrina Cutting (Springsure) 45/50.

**Open State Team: (Left to right)**  
(Back) Joseph Rossato, Ray Maroske, Robert Nugent, Tom Comerford, Mark Warnock.  
(Centre) Matt Iwankiw, Travis Vaina, Alan Grimshaw, Phillip Warren, Ray Brown.  
(Front) Ray Collinson, Kevin Jarick, Bruce Powell, Shaun Ryan, Colin Witt.

The State Junior Single Barrel Title went to Travis Vaina (Gold Coast) 50/55 with Allan Purkis (Gladstone) 51/57 coming second.

The State Veteran's Single Barrel Championship was won by Tom Comerford (Townsville) 47/50 from Doug Smith (Dalby) 46/50.

The State Double Rise Championship was the next event to be contested. The targets varied somewhat from trap to trap but they were all shootable. No one managed a possible 50/50 but Bill Pavy (Mackay) shot 47/50 to become the State Double Rise Champion for 2002.

Robbie Dunn (Whitsunday) claimed first in AA with 56/60 from Col Witt (Gold Coast) 54/60.

Phillip Warren (Maryborough) continued a successful carnival to win A grade with 54/60 from Neil Sinclair (Mount Isa) 52/60.

Jenny Loy (Warwick) took B grade with 43/50 while Allan Olsen (Gemfields) 41/50 was runner up.

Bevan Reibel (Tallawalla) enjoyed more success winning C Grade with 40/50 from Dean Went (Gold Coast) 44/60.

The Women's State Double Rise Title

**Arthur Turner (Warren) Winner  
Overall High Gun.**

went to Jenny Loy (43/50) from Cherie Reeves Normanton (53/70).

The Junior State Double Rise Title went to Shannon Paton (Silkwood) 44/50 from Travis Vaina (Gold Coast) 40/50.

The Veteran's State Double Rise Title was won by Pat Loeffler (Redcliffe) 44/50 with Tom Comerford (Townsville) 43/50 second.

Day Three saw the State Point Score Championship as the first event of the day and the opportunity to cement a place in the State Team. For many the cement failed to set and from a total of 180 shooters only one perfect score emerged.

Travis Vaina (Gold Coast) 150/150 is the 2002 State Point Score Champion.

AA went to Kevin Jarick (Roma) 227/228 from Ray Collinson (Burdekin) 226/227.

A Grade went to Chris Wilson (Mount Isa) 149/150 from Rodney Woodrow (Wandoan) 148/150.

The ever consistent Veronika Forsythe (Roma) 147/150 won B Grade with Karl Srb (Kingaroy) 144/150 placed second.

Max Thomas (Ilfracombe) 143/150 was successful in C grade with second going to Bevan Reibel (Tallawalla) 138/150.

The State Women's Point Score Title went to Veronika Forsythe (Roma) 147/150 with Julie Allan (Dalby) 140/150 second.

**Women's State Team: (Left to right)  
(Back) Julie Allan, Annette Vassalini, Joanne Taylor  
(Front) Veronika Forsythe, Leanne Jarvis, Carol Betteridge.**

The State Junior Point Score Title went to Travis Vaina (Gold Coast) 150/150 from Shannon Paton (Silkwood) 145/150.

The State Veteran's Point Score Title was won by Tom Comerford (Townsville) from Doug Smith (Dalby) 150/156.

The 15 Person 2002 Open Trap Team was selected on the aggregate of the Double Barrel, Single Barrel, and Point Score events (A total of 250).

The 2002 Queensland Open Trap Team in order of qualification was:

Ray Collinson (Burdekin) 248, Kevin Jarick (Roma) 246, Bruce Powell (Springsure) 245, Shaun Ryan (Springsure) 245, Colin Witt (Gold Coast) 245, Matt Iwankiw (Charters Towers) 244, Travis Vaina (Gold Coast) 244, Allan Grimshaw (Gemfields) 244, Phillip Warren (Maryborough) 243, Ray Brown (Goondiwindi) 243, Joseph Rossato (Burdekin) 243, Ray Maroske (Rockhampton) 242, Robert Nugent (Roma) 242, Tom Comerford (Townsville) 242, Mark Warnock (Rockhampton) 242.

Following the Teams shoot the 2003 Veteran's Shoulder to Shoulder Team is Tom Comerford, Doug Smith, Karl Srb.

The Veteran's Team High Gun was Tom Comerford .

The final event on the program and usually the high gun decider was the 25 target Cash Handicap.

Eleven possibles were recorded. The Winner was Arthur Turner (Warren) 55/55.

Second was Max Thomas (Ilfracombe) 54/55.

Third was Peter Field (Blackwater) 50/51 which was shot off 24m. This was a great performance as acknowledged by the eventual winner.

Shannon Paton (Silkwood) 49/50 claimed fourth while Greg Mitchell (Toogoolawah) 43/44 took fifth place.

The Overall High Gun was won by Arthur Turner (Warren) 388/400.

The Women's High Gun went to Veronika Forsythe (Roma) 367/400.

Junior High Gun was Shannon Paton (Silkwood) 381/400.

## **MOUNT ISA GUN CLUB MAY SHOOT RESULTS**

**The Mount Isa Gun club hosted its monthly shoot on Sunday 12th May. Event 1 contested 25 targets skeet off handicap. First place was won by Kevin Moss (26/25), the only shooter to make a possible score. Mick Coleman (28/29) defeated Bob Bently (27/29) in a shoot off to decide second and third place.**

The second event for the day was 50 targets balltrap, Bruce Murphy took A grade with an impressive score of (48/50). Dave

Stitt secured B grade with (40/50). Mick Coleman shot a convincing (41/50) to win C grade.

The down the line program commenced with 50 targets double barrel. Robbie Cusack shot an unbeatable (50/50), reinforcing his recent success at the State Trap Titles held at the Gemfields (Emerald) where he was overall winner of the State Double Barrel Championship. Dave Turner (48/52) from Cloncurry won B grade defeating Peter Bosel (47/52). C grade was won by Paul Pozzoli ( 45/50 ).

Event 4 was 25 targets point score, Ted Matthews easily won A grade with (75/75) the only shooter to shoot the possible. Matthews also recently returned victorious from the State Trap Titles. Ted Matthews returned home the overall State Single Barrel Champion. B grade was won by Peter Bosel (70/75) not settling for second in the grade. this time. Paul Pozzoli (66/75) once again dominated C grade.

The final event of the day was 25 targets single barrel. Neil Sinclair (37/38) worked hard to earn the A grade placing, defeating Kevin Moss, Chris Wilson, Bruce Murphy and Rod Cusack in the shoot off. Dave Turner once again won B grade (22/25). Darryl Reay (20/25) was victorious in C grade.

# Australian Disabled Clay Target Association National Championships at Brisbane Gun Club March 30 - April 1 2002

First and foremost we must thank our sponsors whose generous support made this event memorable:

Winchester Australia  
Beretta Australia Pty Ltd  
NSW Firearms Safety Awareness Council  
Tas Psarakis  
Wheelchair Sport Australia  
Brisbane Gun Club  
Warwick Outdoor & Sports  
Shoemith Firearms  
Custom Made Stocks, Ipswich  
Tender Plus Meats  
Approved Pool Fencing

We must also thank our past President Col Tanner for his large contribution of prizes for a raffle and Andrew Mauch for his raffle effort in Warwick. We also thank Stewart Gillman Internationale for the donation of a sash.

The weather generally was fine with only a couple of brief showers interrupting shooting, however the breeze, fresh at times and varying light made for some interesting targets.

Attendance was good with 5 new members joining us. Shooters attended from Victoria, NSW, and Queensland, we missed Laurie

Hull from Western Australia, hopefully we will see him next year with his wheels on the ground.

The shoot was very well run with great help from Brisbane Gun club and our treasure in the shoot office, Joanne Davis. It is very encouraging to see the strong bonds of friendship developing between the shooters and their partner. Our Partners are so important in helping us, wheeling, catering, fetching and carrying and we shooters gratefully thank them for their support. It all made for a very happy event.

One theme that was emphasised in conversation was our Association's intentions to try and introduce clay target into the Paraolympics like other shooting disciplines. If enthusiasm counts for anything we have a chance; one of our new

members is setting up a Web site and will canvas the world for interest.

While there were 'Womens' sections on all events (except handicap), as only one woman shooter was in attendance on Saturday, no womens prizes were distributed for those events. As the 'Womens Highgun' sash was already made up, it was decided by the zone to award it to the only woman that shot the entire carnival program.

Interclub Shield was contested by two teams, Mount Isa Team 1 and Mount Isa Team 2. Both teams were tied, Mount Isa Team 1 won on a countback. The team consisted of Robbie Cusack, Rob Cusack, Ross Walsh, Greg Matthews, and Ted Matthews.

# Colbinabbin Clay Target Club Wins Best Activity Award

From Friday 20th November to Sunday 2nd December approximately 900 Venturers from all over Victoria and a few guides gathered with 120 Rovers and 180 Leaders at the Elmore Field Day Site to participate in a weekend of activities. About 40 different activities were organised by the Rovers and Leaders.

The Colbinabbin Clay Target Club was asked to organise a shooting activity for the weekend. Club members were kept very busy showing the Venturers first how to use and handle the gun safely and then allowing them to shoot at clay targets under supervision. Over 500 Venturers participated in this activity.

Voting cards for the best activity were issued to each Venturer and these were collected prior to them leaving the site. Clay Target shooting was voted the best activity for the weekend. The Venturers embraced this activity, as it was a new experience for most as they had not seen a gun previously, only on TV let alone handle one. They appreciated the instruction and time the club members spent with them.

At the Colbinabbin Clay Target Club's shoot on Sunday 24th February, Kel McMeeken, camp Chief for the Vic Gathering and his Deputy, Peter Ingram, presented the club with a trophy for winning the best activity for the weekend.

Kel McMeeken, Camp Chief of the Vic Gathering, presenting Alan Edwards, President of the Colbinabbin Clay Target Club with the trophy.

# CUZZO'S RAMBLINGS

## July 2002

**Part of my charter to write a column for our magazine is to occasionally address controversial and/or provocative subjects. The consensus of opinion seems to be that there is probably no better way to get the ball rolling on these types of issues, than to 'take the bull by the horns' and start out with me airing my biased and slanted viewpoint of them in the CTSN and see where that leads us. This month I intend to take up a perennial favourite and a prime candidate for the type of debate that I try to precipitate with these articles. It is a problem that has been around as long as the ACTA itself, as it is a problem that was created by the people who decided how our organization would be formed and constituted. The issue is non-proportional representation.**

When a governing body such as ours is originally created, one of the initial formative decisions to be made is whether or not the total area to be managed, in our case the whole country of Australia, should be broken down into pockets or sub-areas, for ease of administration. Once that decision has been made, and in our case it was to do so, then the next decision is how to draw the boundaries for these sub-areas. The three obvious alternatives are political, geographic or population oriented.

Population oriented makes the most sense as, by definition, it circumvents the problem we are addressing. Bearing in mind the anticipated membership of the organization (being around 10,000) and estimating the number of councillors you see as feasible for a board of management (say 10 or a dozen), you could then either break the country up into four arbitrarily drawn pockets of about 2500 members apiece, from which you would elect three councillors per area, or maybe five pockets of 2000 members with two councillors each, or even ten divisions with one elected representative per sub-area.

If you decide to go geographic, then you draw the boundaries along or between naturally existing features such as mountain ranges, rivers or deserts. However, in deciding where to draw those geographic boundaries, you would still bear in mind an outcome which gave you approximately even divisions of membership numbers, so that a fixed number of elected councillors per area would give you approximately equal member representation. If you didn't or couldn't arrange these boundaries to provide similar population per area, then in order to provide democratic equality, you would need to constitute some form of pro-rata representation.

The third option is to use existing political boundaries. Thus if you were forming a European organization, you would probably divide the continent up into countries, using national borders as the boundaries. However, as Australia comprises only one country, the obvious political divisions are the state boundaries. With political boundaries it is extremely unlikely that you will achieve even approximately equal population division and therefore some system of proportional representation is imperative if you are to achieve democratic equality.

This fundamental point seems to have been lost on the originators of the ACTA, as they went ahead and drew up political boundaries, dividing the country up into six states and the Northern Territory. But then instead of establishing a formula to apply to these divisions of widely differing population, to attain some semblance of proportional representation, they simply allocated two councillors per 'state', to form a lopsided administrative committee comprising fourteen people.

Although far removed from the basic principles of democratic government, such a system could theoretically work in an ideal world if all of the elected councillors were able to put State interests

aside and make Nationally focussed decisions at all times during their term in office. Unfortunately this is not an ideal world that we live in and from my perspective it appears that our National administration has progressed in fits and starts of both impartial and parochial management.

To give credit where it is due, I believe that the current administration, along with those of the immediate past, are and have been about as fair and astute Nationally as any governing body derived in this manner could possibly be. However, that has not always been the case. When I first started to become politically aware of the administrative workings of the ACTA and struggled to understand the vast implications of the motivations and processes that occurred behind the scenes, it seemed to me that common sense, justice and fair play were on vacation.

At that time, somehow or another, we had degenerated into a situation where the four less populated states seemed to have formed an unofficial alliance and voted as a block against the three most populous states on any issues that didn't suit them. I remember being particularly angry and frustrated on several occasions when important matters couldn't get approved for this reason. A couple of good National Ground proposals, including one in Canberra promoted by Jimmy Ellis, lapsed around that time and I'm sure that this ludicrous situation played a significant part in that.

It was clearly a case of the tail wagging the dog and when any of the proponents of the system were questioned on it, their justification was that if they didn't stick together, the three bigger states would steamroll them. Whether or not that would have been the case remains to be seen, but what is clear is that even if it were, blocking a potential moral injustice by perpetrating an immoral injustice isn't the answer either. What this dilemma clearly illustrated was the undesirability of non-proportional representation, because 25% of the people just should not be able to outvote the other 75% no matter what. And anyone can see that there is something wrong with a system that puts almost 30% of the voting power in the hands of less than 5% of the people.

The last straw for me was when a fairly serious issue was being blocked in this way and the three larger states decided to push very hard to get it through. When one of the smaller states showed signs of crumbling under the weight of common sense and public opinion, to deflect the thin end of the wedge and shore up the alliance, one of the other members of the 'power block' threatened to secede from the ACTA if the vote went against them. The implication here was that the ACTA would lose its National body representation status and thus possibly its access to government funding. Accordingly the three bigger states backed away and I lost whatever respect I still had for the credibility of the governing body of our sport. From that point until when I relocated to the United States in the late eighties, I lost all faith in ACTA politics.

However, upon returning from the US in 1994, I learned that a major culture change had occurred during the intervening period, to the point where a recent proportional representation vote, which seemed destined to succeed, had only failed when my own State Association had jumped ship at the last minute in exchange for other political trade-offs. To say that I have crossed swords and exchanged harsh words with the VCTA and some of its constituent members over this issue would be an understatement and the matter remains a thorn in my side to this day.

Regardless of the fact that the current system of 'non-parochial integrity by virtue of the honour system' seems to be working OK at the moment, I still believe that we should make the constitutional changes necessary to achieve mandatory proportional representation. It's not a matter of whether or not an incorrect system

isn't malfunctioning at the moment. We need to be seen to have a democratic system of administration that reflects political equality. More importantly, we need to be rid of an imbalanced system where some of the smaller states, with only a couple of hundred total members, struggle to find two people who have the time and inclination to sit on the National Executive, while some of the larger states, with numerous capable and enthusiastic people, tear themselves apart with power struggles to attain those two positions. With such a system we all lose.

How would proportional representation work in practice? As I said before, you simply adopt a representation formula based on membership numbers and apply that to each State to calculate how many elected representative they are allocated. Various different organizations use various different systems. NSSA have a sliding scale, but that works better with numerous small states. I believe the best system for our needs would be: 'one representative per thousand shooters or part thereof'.

Not only would this method achieve more equitable representation, but as the system generates changes in the number of councillors due to fluctuation in membership numbers, it would also provide a powerful incentive for some of the states to implement and maintain an enthusiastic membership drive. With around 200 members each, Tasmania and NT would certainly revert to one representative permanently. And without some major changes in membership, SA would do the same, however, their six hundred odd members would still have a higher representation rate than the shooters in the three larger states.

Although on current membership figures WA would drop back to a single councillor, I'm sure it wouldn't take long to build the membership back up to over a thousand and regain their second representative. NSW with 4500 members would have five councillors and Queensland and Victoria with 2300 and 2600 respectively would gain one member to have three each. Thus initially there would be no change in the total number of National Executive Members elected. And even if WA, and perhaps Victoria, chose to gain another councillor by virtue of a membership drive, wouldn't that be a beneficial outcome? All that is required to make the change from our present distorted method of representation, to an equitable democratic system, is a majority vote to change the constitution by the current Executive. So give the matter some thought and express your views to your State executive members.

Now to change the subject. The Victorian Skeet Carnival was held recently and although it ran very smoothly, the issue of Team selection on Friday proved unpopular. To circumvent this, two alternatives were proposed: Delete Friday afternoon's event from team selection or move the date of the shoot to a long weekend, with a preference for the latter. This matter was raised at the recent VCTA meeting and a tentative approval obtained to move the Carnival to Labour Day Week-end in March, with a final decision to be made at the next State meeting in August. If you have any comment on this proposal, please contact me prior to August 18th, so that I can take up the matter on your behalf.

This month's Shooting Trivia Question: How many people have won any National Perpetual Trophy three or more times, and in doing so, have caused three different names to be engraved upon it? Mail your answer to Shooting Trivia, P.O. Box 265, Bairnsdale 3875, to arrive by 20-07-2002. The first correct answer drawn shall receive a free entry to next year's National Single Barrel Championship. The correct answer to May's STQ is: Only Barney Rooke and I have won the National Skeet Championship without either shooting a possible in the qualifying event or shooting off afterwards? Barney did it by shooting the only 98 in Perth one year when the targets were so hard you couldn't break them with a sledgehammer. And I did it by shooting the only 99 in Melbourne one year when the wind and rain were so atrocious that I shot in bare feet and had only my rain-suit covering my birthday suit. The first correct answer drawn was submitted by Phil Oswald from Bradbury in NSW who wins a free entry to next year's National Skeet Championship.

## NSW State Night Pointscore Championship 4th May 2002 - Cowra Gun Club

**The Cowra Gun Club's May shoot was conducted in sunny and warm conditions which made for an enjoyable day of competition, followed by a pleasant evening for the NSW State Night Pointscore Championship event.**

Club vice President (and Central Zone President) John Finn was in charge for the day in the absence of Club President Glenn Sinclair on a fishing trip; the voice release traps worked well and the targets were good as they always are at Cowra.

A number of visitors came to Cowra for the shoot, and a Central Zone meeting was also held during the day.

**Winner of the NSW State Night  
Pointscore Championship and  
High Gun for the shoot Tony  
O'Leary of Cowra.**

**Winner of the Dick Toshack  
Memorial Champion of  
Champions event Matthew Blazley  
of Cowra.**

Tony O'Leary took top honours in winning both the State Title event and overall high gun for the day. Tony is shooting very consistently as he also won high gun at Cowra last month. Michael Mitton from Grenfell won the regular jackpot handicap event also for the second month in succession.

The NSW State Night Pointscore Championship was conducted in mild conditions and shot over two traps. It seemed the "wheels fell off" in the second 25 for some shooters as no one managed a possible, and Tony O'Leary won outright with a score of 147/150 with Clive Foster one point behind.

The Dick Toshack Memorial Champion of Champions event was won by 18 year old Matthew Blazley after a shoot off with Tony O'Leary and Peter Fitzalan; an excellent performance for the young shooter, and an indicator of more honours to come.

This event is held in memory of the late Dick Toshack who was a well-known Cowra shooter and coach for many years.

Apart from the regular monthly shoots held on the first Saturday each month, the next Open shoot at Cowra will be the Annual Cowra Gold Cup which will be held this year as usual on the first weekend in August.

Don't forget to book your accommodation. See you there.

*Australian Trap team at the Opening Ceremony.*

The Melbourne group of trap shooters departed in the very early hours of the 19th April arriving in Shanghai at 15.30 local time via Singapore whilst the Sydney group left later the same day and arrived at 06.30 the next day.

On arrival we were met by ISSF officials and ferried around the hundreds of people queueing at the immigration checkpoints to have the guns checked by the police. After a painless routine we were then put in a mini bus and taken to the Shooting range some half an hour away. What a great start. If the local organising committee were out to impress us they had surely started on the right foot. As with all good things they must come to an end and it ended as soon as we arrived at the range. Whilst the team were depositing their guns and ammo in the armoury, Greg was trying to sort out our accommodation. It appeared that the hotel we had booked and paid a deposit on was full and we were rebooked into the local bowling club, which happened to be right next door to the range. After much arguing we resigned ourselves to the fact that the bowling club

would be home for the duration. On arrival at our hotel imagine our thoughts when we met the Kuwait team in the lobby and they were checking out after one night because the beds were too hard. How hard can a bed be we asked ?

About as hard as carpet on the floor, seriously. We were so tired we hardly noticed.

The next morning we walked over to the range hoping to get a shot even though it was an unofficial day, only to be told the range was closed for safety inspection and would not be available at all. We

had a close look around the range and to say it is impressive is an understatement. The main administration building was four stories high and was surrounded by another five or six other buildings housing the pistol and rifle ranges. The rifle range had 80 shooting bays and there was even a 4 story accommodation block to house the full time athletes. We ran in to the Kuwaitis who told us they checked in to a 5 star hotel at a much dearer price, and the beds were just as hard, so we were feeling a little better about our hotel.

The clay target range consisted of 3 skeet fields superimposed over the trap layouts. The background was green grass all the way out to 100 metres then a 15 metre high concrete wall covered in green vegetation. The targets would look great against the green background but may prove difficult when it hit the sky line.

Unable to get a shot, we decided to head into the CBD for lunch and a look around. With steaks at the local Hard Rock Cafe at \$A55 it was obvious we

would have to source cheaper places to eat. We were most surprised and impressed by the cleanliness and general atmosphere of this area although the prices of most things were similar to Australia or dearer. We did however find a small market where Danny proceeded to punish the locals over the price of watches. With official practice the next day an early night was in order, especially when we found out back at the hotel practice started at 7.00 am ! With Australia top of the alphabet guess who was in the first wave.

Official trap practice. This was the moment we really appreciated the stuff up in our hotel booking. With 14 million people in Shanghai you can imagine the traffic, coupled with the lack of transport organisation, many teams missed their squads and with a 7.00am start scheduled for the entire tournament the 3 minute walk to the range was a blessing in disguise. We had 5.30 am starts every day, imagine what time the others had to get up with a 40 minute trip thrown in. The earlier practice rounds showed there was

**Australian Double Trap and Skeet Teams at the markets with Rifle Shooters.**

Nessa and Diane departed this morning while the skeet team arrived this afternoon.

With the trap men due to leave very early the next morning we headed into the CBD for dinner with the skeeties and the double trap shooters, as it was the only day when the majority of the team would be together.

Official double trap practice. The weather was ordinary, and the targets hard. Hard to see and hard to break. As suspected, those who shot the second target when it was well above the wall had difficulty seeing it against the white clouds in the overcast conditions. No one really shone out in practice which indicated that the event was wide open and a matter of who would handle the difficult conditions best.

Double trap : The worst day yet ! 7.00am start and freezing, raining, windy and around 10deg max for the day.

room for improvement and discussion agreed that the targets were difficult to see once they had reached the skyline. We also found out that the targets being thrown were a locally made biodegradable type that was made of powdered limestone and were to prove equally as hard . Add the fact that they were white underneath and difficult to see the chips. I made a prediction this day that scores would be relatively low in all events and this was borne out over the following days. Later that afternoon we attended the official opening which was a simple ceremony with a few speeches and the releasing of balloons and pigeons.

LadiesTrap / Mens Trap day 1 : At 7.00 am conditions were terrible with heavy fog and very poor light and visibility. Our girls struggled under the conditions and whilst they showed glimpses of form were too inconsistent to be in contention.

#### Ladies Final Placings :

1. Kiermayer	GER	68 + 23 = 91
2. Gao	CHN	68 + 21 = 89 + 3
3. Dorman	USA	70 + 19 = 89 + 2
4. Sole	ITA	68 + 19 = 87 + 1
5. Laricheva	RUS	68 + 19 = 87 + 0/1
6. Takeba	JPN	68 + 19 = 87 + 0/0
19. Reeves	AUS	20, 20, 24 = 64
28. Jenkins	AUS	20, 20, 22 = 62
28. Balogh	AUS	23, 19, 20 = 62

The final was shot in very dark conditions with flash targets that were either breaking or trailing dust on exit and being called " no targets " and this coupled with the hardness of the targets accounted for the extremely low scores in the final.

Scores for the first 75 for the men were Jeff 23, 23, 23 = 69, Daniel 23,23,22 = 68, and Tom 22, 22, 24 = 68.

The double trap team arrived today.

Mens Trap day 2 : Again foggy early but clearing to what would be the best day weather wise for the whole week.

#### Mens Trap Final Placings :

1. Pellielo	ITA	122 + 23 = 145
2. Zhang	CHN	122 + 22 = 144 + 4
3. Bindrich	GER	121 + 23 = 144 + 3
4. Kostecky	CZE	122 + 22 = 144 + 0
5. Almaktoum	UAE	120 + 22 = 142
6. Li	CHN	120 + 18 = 138
27. Tonna	AUS	69 + 24 + 23 = 116
36. Turner	AUS	68 + 21 + 25 = 114
43. Di Pietro	AUS	68 + 23 + 22 = 113

#### Ladies Final

1. Hansen	SWE	104 + 39 = 143
2. Zhang	CHN	105 + 32 = 137
3. Hongping	CHN	104 + 31 = 135 + 2
4. Wu	TPE	104 + 31 = 135 + 0/5
5. Innocenti	ITA	104 + 31 = 135 + 0/4
6. Balogh	AUS	103 + 29 = 132 ( 31 + 36 + 36 )
15. Trindall	AUS	30 + 34 + 32 = 96

Suzu had shot very well to make the final with a good score but Pia Hansen absolutely blitzed the final with a 39, which was an awesome display under very difficult conditions.

#### Mens Double Trap Final

1. Schanz	GER	141 + 45 = 186 + 2
2. Li	CHN	139 + 47 = 186 + 1
3. Fokeev	RUS	138 + 47 = 185
4. Innocenti	ITA	136 + 48 = 184
5. Almutari	KUW	140 + 41 = 181
6. Binyuan	CHN	136 + 44 = 180
17. Haberman	AUS	43 + 45 + 45 = 133
35. Baynes	AUS	39 + 41 + 44 = 124
45. Cassells	AUS	37 + 38 + 42 = 117

The men's final was shot in even worse conditions than the ladies and certainly accounted for some of the low scores, while those who shot 47 and 48 should well be pleased with that effort.

Skeet Training : Better weather but not brilliant scores in practice. Double trap team left for home this morning leaving only the skeeties.

Skeet Day 1: This morning we received news of the passing of Graham Michell, and after we all had time to get over the initial shock, we resolved to use the news to motivate us to perform even better for Graham.

#### Ladies Skeet Final

1. Stranovska	RUS	72 + 21 = 93
2. Chen	CHN	70 + 22 = 92
3. Rahman	AUS	71 + 20 = 91 ( 25, 22, 24 )
4. Shi	CHN	60 + 21 = 81
5. Demina	RUS	67 + 21 = 88
6. Panarina	RUS	67 + 16 = 83
15. Ogilvie	AUS	21 + 20 + 23 = 64

Congratulations to Natalia on her third place in her first World Cup final. Nat was desperately unlucky as she had a target wrongly called lost and although Greg put in an official protest with witnesses from Nat's squad prepared to testify she had hit the target, it was dismissed. One more target and she would have been shooting off for second. This final was the longest and most difficult I have ever seen. Bad enough it was dark, raining and freezing, but the flash targets were so poor it took 70 minutes to shoot. Every third target was either broken or trailing dust and called no target so it took forever to complete. Nat had to hit both station 8 targets to clinch the bronze and got 8 no targets on station 8 high house before finally getting a legal target. The best round in the final was a 22 and it is a credit to Nat that she was able to overcome the sad news of Grahams passing and the conditions to win bronze.

A further indication of how hard the targets and conditions were was the fact that for the first 50 targets of the men's competition there was not one 50 shot! When was the last time that has happened?

Only 50 were shot on day one for the men as even with the 7.00am start there was not time to shoot the normal 75. Aussie scores were Neil 23,23, Paul 19, 24, Goran 23,23.

That night we went out for an early meal to celebrate Nat's bronze medal, and in recognition that Graham had been such a great influence on her short shooting career thus far, she dedicated her medal to his memory.

#### Mens Skeet Day 2

##### Final

1. Dompeling	NED	123 + 23 = 146
2. Dulohery	USA	120 + 25 = 145 + 8
3. Heinrich	GER	121 + 24 = 145 + 7
4. Nicolaidis	CYP	122 + 23 = 145 + 3
5. Hlavacek	CZE	120 + 24 = 144
6. Treadwell	USA	120 + 22 = 142
20. Rundle	AUS	46 + 24 + 22 + 25 = 117
52. Rahman P	AUS	43 + 22 + 24 + 22 = 111
58. Rahman G	AUS	46 + 20 + 22 + 22 = 110

Neil shot reasonably well and gave notice that if he gets the opportunity to train and shoot more regularly he can be a very competitive skeet shooter.

We were being picked up at 04.30 the following morning for our trip back home and the early start was somewhat offset by the business class upgrade Greg managed to scrounge, Graham would have been proud as he was always trying to get the best seats available for the team.

This team included some newer shooters to the World Cup scene and it is hoped that they all benefitted from the experience and will become better competitors for it. All team members acquitted themselves well and represented Australia with pride and were a pleasure to be associated with.

**Greg Chan**

#### To Ruth and Family

*All members of the Australian ISSF Shooting Team pass on their deepest sympathy at the passing of Graham, team manager and mentor to many in the team. No one did more to further the cause of the ISSF disciplines than Graham. He may be gone, but never forgotten. Rest in peace big fella.*

# It is Tamworth's 25th Anniversary.... and you are invited

**The Open Trap Shoot on Saturday 31st August and Sunday 1st September will mark the 25th Anniversary of the Official Opening of the Tamworth Clay Target Club on it's present site at Loomberah - the plans are well underway for a great celebration.**

A special Anniversary Club Teams event will be conducted - with great prizes to the winning team. Special Anniversary Gifts will be given to all shooters. An Anniversary Dinner is planned - and a few extra surprises as well - just a name a few.

If you have not been to the Tamworth Open Trap shoot for awhile - or even if you are a regular visitor - gather up your mates and get along this year - a great time is assured.

The program will consist of a 30 target Champion of Champions, 25 target Single Barrel and 50 target Double Barrel on Saturday and the Sunday events will be 25 target Point Score, 50 target Double Barrel and 15 pair Double Rise.

The High Gun Awards are - Overall - 5 nights accommodation for 2 adults at the Gold Coast and each of the 4 grade High Guns will be 2 nights accommodation for 2 adults at Coffs Harbour.

Club President, Frank Chaffey and his Committee really want to make this a huge celebration and would love to see anyone who has ever been to a shoot in Tamworth - a Club shoot, an Annual or a State Carnival - rock on back and help us celebrate.

As with any Invitation, it would really help with planning and catering arrangements if we could receive some idea of numbers - so - while it may seem a little unusual to RSVP for a shoot.....it would certainly be appreciated.

And we are really looking forward to seeing YOU in Tamworth for 31st August and 1st September so you may become part of OUR history

Did you know that Tamworth is the Club that the current Australian Trap break of 1177 was set in 1992 and also the Skeet break of 565 in 2000?

Six great trap layouts - traps in perfect working order - thanks to our Trap Mechanic, Kevin Weatherall - the best targets - and the shoot marshalls do their job by the book.

If you would like more information please contact our Club Secretary, Lach Cameron 02 6765 4451 A/H - or the contact details above for RSVP.

# Queensland Northern Zone Notes

The highlight for the zone this month was the outstanding effort by its members at the recently held State Carnival at the Gemfields Gun Club on the May Day long weekend.

Starting the zone off in good stead was Rod Cusack from Mt Isa winning AA Grade first in the Winchester Pointscore. Noel Maltby from the Port Denison club came home with first in A Grade. Northern Zone dominated B Grade with Silkwood junior Shannon Paton taking first and Burdekin's Dee Colls second after a shoot off with another Northerner in Kevin Moss of Mt Isa. Dee's fine score won her the Women's prize as well. Shannon was hard to beat for the junior prize after shooting a possible.

The Inter-zone Competition was held in conjunction with this event and saw the zone taking out the Open Shoulder to Shoulder comp with a good score in the difficult conditions of 147/150. The team was lead in inspirational fashion by the big man from Herbert River in the shape of Barry Bosworth. Despite all the efforts of the state president to claim these members as western zone shooters Barry Bosworth, Ray Collinson, Gian Vassalini, Wayne Reeves, Matt Iwankiw and Doug Killick went up to collect their medals. The northern juniors also won with a fine score. Matt Gall, Richard Brownson and Dean Reeves were the members of this team.

Northern Zone almost made a clean sweep of the postal competition as well. The open team of Barry Bosworth, Ray Collinson, Gian Vassalini, Trevor Higgins, Wayne Reeves and Ant Hanna shot a wonderful score of 149/150 leading the other zones to think that the conditions in Charters Towers last year were pretty good.

Lawrence Falco, Warren Smith and Sam Coco made up the winning veteran team with their score of 66/75. Junior teams are always hard to guess the winners but Scott McDowell, Matt Gall and Kylie Lee made up our junior zone team and won with 68/75. The women's team didn't disgrace either taking second place with 69/75 only one target from the winners.

Mt Isa member Robbie Cusack outlasted the ten other possibles to win the overall in the State Double Barrel. This is not Robbie's first overall in a State Championship and won't be the last for this outstanding competitor. The only other northerner to feature in the placegetters was John Brownson from Charters Towers. John who has only returned to shooting in the last 18 months took out second in A Grade.

The State Single Barrel was next up and high expectations were being held that Burdekin member Ray Collinson could take out this event for the third year running seeing as he had just returned from the nationals as the National Single Barrel Champion. Ray did shoot the possible but so did fellow northern zone member Ted Matthews. After a rather short shoot off a stalwart of the Mt Isa club in the form of Ted Matthews had won his first silver Queensland badge. Ray had to settle for first in AA Grade. One of our very own Australian team members Annette Vassalini was too good for the rest of the women present taking the title. Townsville veteran Tom Comerford shot well and claimed the veteran prize.

Neil Sinclair from Mt Isa was the only northerner to be placed in the open section of the Double Rise taking second in A Grade. Cherie Reeves took out second place in the women's section after a two round shoot off. Shannon Paton continued his good form to take the junior prize.

There was only one 150/150 in the Pointscore so a shoot off was needed for the grade prizes and Ray Collinson was the only zone member in this shoot off and he was placed second in AA Grade. Mt Isa's Chris Wilson shot a great score of 149/150 to take out first in A Grade. Shannon Paton was leading the way in the junior competition but this time had to settle for second with the only possible coming in being a junior. Tom Comerford shooting well this weekend took out the veteran prize again.

After the Double Barrel, Single Barrel and Pointscore were shot the scores were tallied and the state teams were selected with the north gaining four members in the open team. Ray Collinson went in top spot; Matt Iwankiw shot well to be placed sixth. Joseph Rossato finally made the top fifteen in the state team and Tom Comerford's efforts resulted in him gaining selection in the open team as well as going into the veteran's team as number one.

Carol Betteridge made the Women's team again after almost blowing her chances in the Pointscore. Annette Vassalini was also selected, in fifth position. Out of the six juniors in the team half were from the Northern Zone. Shannon Paton, Matt Gall and Richard Brownson.

The open shoulder to shoulder team has Ray Collinson at the helm again with Matt and Joseph as first and second reserves. Carol Betteridge only just scraped home to be selected in the Women's team after having to shoot two shoot off rounds to make the cut. The Junior team has Matt Gall from the Port Denison Gun club and Shannon Paton as members. Richard comes in as first reserve. Tom Comerford is the number one for the veteran's team.

Ray Collinson won the Open Team High Gun this year. Richard Brownson won the Junior team high gun and Tom Comerford the veteran team high gun. Ray also won the Queensland Trap Championship.

The handicap was the last event and Shannon Paton, Bill Gall, Cherie Reeves and Tracy Wilson were the only northern zone members to shoot the possible. The only one to get a place was young Shannon being placed fourth.

Shannon's fine shooting gave him the edge when it came to the announcement of the Junior High Gun and a very delighted Shannon made a wonderful acceptance speech. Shannon also took out the B Grade High Gun. The Veteran's High Gun winner was a very popular bloke in Tom Comerford.

Sunday morning dawned a little early for a few northerners after partying and singing till the wee hours. One of these shooters was not feeling the best when she tried to shoot the single barrel missing the first three targets. However she did go on to win the women's section in this event.

Normanton will be hosting the State ISSF carnival on the 13th & 14th July. It is believed that the club will be holding practice the weekend before along with a coaching clinic. There is some fun planned during the week. Give Wayne Reeves a call if you have any questions.

Diane Reeves will be representing Australia again very soon when she travels to Finland then onto Germany before heading to England for the Commonwealth Games. Congratulations Di, and all in the zone wish you well.

There are three annuals for the zone in July with Townsville holding their carnival on 20th & 21st, if you need details give Daphne a call. Cloncurry and Port Denison have their shoot on 27th & 28th. Jim Malloy is the contact for Cloncurry and Liane Blain should be contacted for any Port Denison news.

Until we catch up again keep trying to hit them targets and drive safe if you have to travel to any shoots.

# Psychological Skills for Shooting: Trusting and Letting go.

**I've been pleased by the number of people who have contacted me or have asked me at shoots when I am going to write more articles for the magazine. My apologies for the break. I have found some interesting material and will produce articles that will continue to explore psychological aspects of sport and shooting.**

In previous articles about the psychological skills for shooting, I have examined self-doubt, goal setting, concentration, relaxation, visualisation, peak performance and motivation. Whilst it is easy to separate these aspects of preparation and performance for the purpose of writing, it must be realised that each component is an essential ingredient that needs to be integrated so that a mind set will be developed that allows for and encourages improvement in performance.

In this article I will explore two important aspects of competition; trust and fun. Trust can be defined as the "letting go of conscious control". Instead of trying to make ourselves trust our ability to shoot the target it is necessary to just let go and believe that we can do it.

The problem with trusting in our own ability comes from several directions. Firstly, confidence can easily slip away even when we have practiced and trained. Our ability to perform muscular activities well means that we must be able to do them without tensing up; our muscles must be relaxed and fluid. However, when we evaluate our performance, be it good or bad, our first response is to work harder. This is an understandable reaction but usually leads to a belief that we can correct mistakes by working harder, trying harder or training harder, Tim Gallwey, in the Inner Game of Golf, stated that "trying fails", meaning, that if you are doing the best you can, then pushing yourself further will lead to your "tightening up". This then leads to a loss of conscious control (trust) and you are likely to fail again. This is evident everytime we look at the score sheet and see two zeros next to each other, or worse still three or more.

Secondly, trust can be difficult to achieve because of negative and self-defeating self-talk. The difference between a good performance and a poor performance is the type of self-thoughts, self talk and attitudes we carry around with us. Past events, previous experience and performance can hold incredible power over our ability to achieve success. A poor score at a particular club on a windy day may lead us to believe that we will always shoot poorly at that club when it is windy. Thoughts, beliefs and emotions have a way of becoming self fulfilling prophecies. Positive self-talk and positive affirmations, therefore are essential tools in obtaining peak performance. Being able to build on previous success, not worrying about poor performance and having confidence to achieve are essential components of success once the mechanics of the sport have been mastered. The definition of "good" and "poor" performance needs to be clarified. It is easy to equate good performance with winning and a bad performance with losing but each performance should be evaluated against more objective criteria; such as did I meet the goals I set for practice or competition, have I improved on my last performance, did I see the targets leave the trap earlier, and so on. A good or bad performance can be measured against a range of criteria and not just against winning or losing.

Finally, we can be "psyched" out by our opponents or by our thoughts about our opponents. We often think that if we are

alongside someone we know or believe to be very good, then we can not be good. Why? In most sports, the greatest gains come when we are up against opponents that have the skills and abilities to make us work harder to remain with them.

So, if we have confidence in our ability, can quieten our mind to reduce negative self-talk and believe that our opponents can actually help us, then we are on track to perform well.

The second aspect of this article is fun. Most of us shoot because we enjoy it. We enjoy the open air, the smell, noise and feel of shooting, the comradeship and the excitement of the competition. When we have fun we actually learn. When we learn we improve our performance and when we improve, we enjoy it more and have more fun. Fun is a positive driving force and means that we will come back for because the experience is good. Fun also helps us retain control; if we are enjoying our experience then we will work harder at it. Fun, allows the targets to appear like dinner plates, the gun to feel lighter, easier to control and the targets are turned inside out not just broken. Fun allows us to let go of conscious control and do things on automatic pilot, so to speak. When we are having fun we are more likely to take risks and because we are not as concerned about the consequences, the risks pays off. Rick Charlesworth, former Australian Women's Hockey Coach believes you can't win if your not prepared to lose. Having fun also helps us to focus our attention better and concentrate more because we are not consciously thinking of winning, the result or how we might look.

To shoot well, like most sports, involves us doing the activity with the minimum of thought; because thinking about what we are doing interferes with our muscles ability to just do it.

# TOP END GUN CLUB VS DARWIN GUN CLUB INAUGURALL TOP END CHALLENGE

*By Matthew Brown TEGC*

On a beautiful late wet season Sunday, 14th April 2002, shooters gathered at the Top End Gun Club near Berry Springs in Darwin's rural area to contest in the first round of a new annual competition between the Top End Gun Club and the Darwin Clay Target Club. The presidents of Top End Gun Club, Colin McTaggart, and Darwin Clay Target Club, Dave Howe, both instigated the competition to foster interclub relations in the top end.

There was a good turnout in all of 25 of shooters all vying for glory in the program of 75 skeet. All the shooters were also keen to get at some of the individual prize money put on for the day by sponsor A.A. Electrical's owner and keen Top End GC shooter Risto Laine. Top End GC got off to an early start with one of their better shots Ritchie Schmidt getting 25/25 in his first round. Followed by couple of other 25/25's by Daryl Maxstead and John Doyle. Darwin was not too far behind though, with Vince Mollica scoring a respectable 66/75 to win the A grade. But that was the only glory for Darwin CTC on the day as the Top End GC proceeded to clean up in the victory stakes, both in the teams and individual scores.

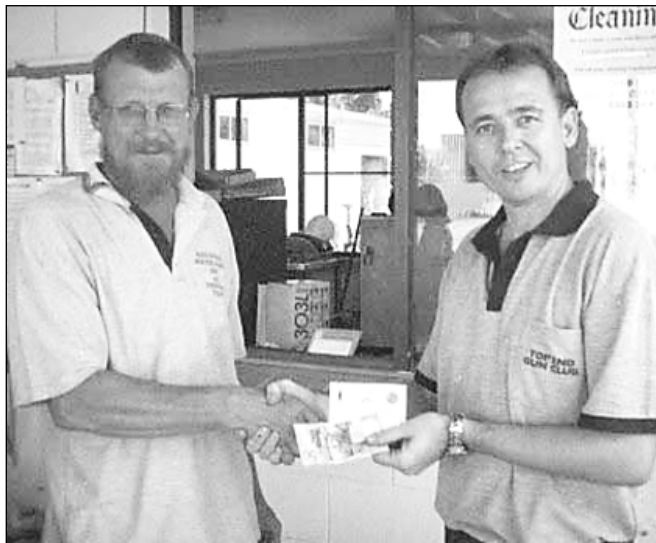

*R to L: Top End GC's Top shots John Doyle, Ritchie Schmidt, Risto Laine, Colin McTaggart & Daryl Maxstead.*

High Gun was shared for the day by TEGC's Ritchie Schmidt and John Doyle both finishing on 71/75. A-Grade was won by DCTC's Vince Mollica 66/75, B-Grade by Steve Lorman of TEGC with 63/75, and C-Grade won by TEGC's Daryl Maxstead with an impressive 70/75.

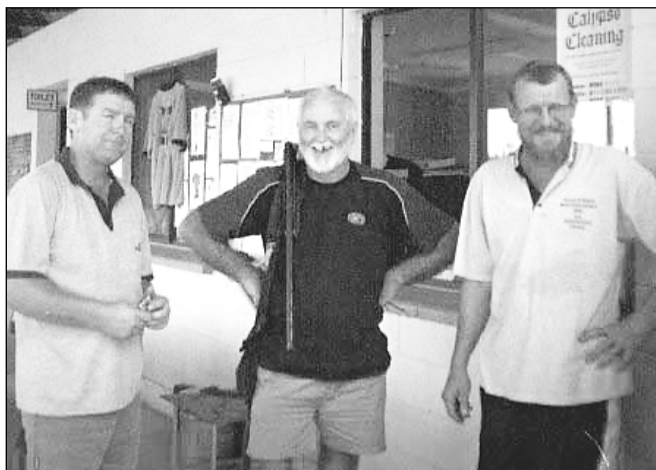

In the teams event the top 5 scores from each club were taken and added to give the overall winning score for the day out of a possible 375. Turning out to be a resounding victory for the Top End Gun Club with 341/375 to Darwin Clay Target Club 291/375.

As a challenge shoot the competition is to take place over 4 separate days throughout the year at both clubs. Also shooting several other disciplines such as sporting clays, DTL, trench, skeet doubles, continental amongst others. The next leg of the challenge is at the Darwin CTC on 2nd June where

*R to L: Sponsor AA Electrical's Risto Laine presents the prize for winning C - Grade to Daryl Maxstead 70/75*

the Top End Gun Club hopes to be just as successful. The 3rd leg will see a return to the Top End Gun Club for the annual Barry Munt Memorial Shoot on 18th August. All coming to a culmination for the final leg at Darwin CTC on 2nd October, where the Challenge Cup will be decided. So if you in the Top End for the sun and to escape the cold, remember to drop in at the club and say g'day and have a shot. Either on the week-ends listed above or on other Sunday's that shoots are scheduled.

*R to L: TEGC president Colin McTaggart, DCTC secretary George Henesey, TEGC Risto Laine enjoy a relaxing moment after the shoot.*

Richardson 112/125; H/G: D Fairall 145/150. We had a great day shooting this Sunday, but only 18 shooters from the area. Shooters came from Cooma, Yass, Majura Park and Bungendore. A very high standard was set among the juniors and good score were shoot. And with John Bainbridge and Wendy leaving for his extended holiday you will be missed, the best of luck to you both and have a ball.
