# National President's Notes

*John H. Byrnes*

## Skeet Nationals

The National Skeet titles will soon be underway at the Western Australian Gun Club. We wish all competitors a successful tournament and hope that all visitors have an enjoyable time. The Pre-National events kick off on Nov 9th with the main events commencing on Nov 11th to 16th.

## National ISSF Carnival

The ISSF Nationals are also rapidly approaching, these championships are also being held in Western Australia from Jan 11th to 19th, 2003. The ISSF facilities in Western Australia are excellent and I am sure the carnival will be very successful.

These titles will also be a practice run for the World Cup, which will be held on these grounds in early March 2003.

## ISSF Rules Change

I have just become aware of a rumoured rule change that may be introduced to Double Trap for next year by the international governing body. It is suggested that a random delay of up to 1 second may be introduced to Double Trap competitions. As soon as this is confirmed we will publish the details for your information.

## Victorian Trap Carnival

In November the trap shooters have the popular Victorian Trap carnival to compete at. This year the carnival has been shifted to the Melbourne Gun Club. This should see a good field of competitors for these titles.

## ISSF State Carnivals

Two states are holding state carnivals in ISSF during November.

The South Australian carnival will be held at State Shooting Park, Virginia on November 2nd & 3rd.

Victoria will hold its carnival on Nov 29th - Dec 1st at the Frankston Australia CTC.

23rd, 24th and 25 August 2002

A record number of 141 shooters competed over the weekend for a share of the \$13,000 worth of marvelous trophies, sashes, and cash. The club has benefited from many hours of work by club members, during the last twelve months, with the kitchen being remodeled, a considerable amount of work being done on the access road and carpark and the installation of phonopulls on five traps.

Shooting commenced at 6.30pm on Friday evening with event 1, 30 target Far Western District Night Point Score Championship with 91 shooters. Wayne Hawkins shot the only possible of the evening to win Overall and AA Grade.

# Warwick (Qld) Clay Target Club 50th Anniversary Shoot

A cold and blustery south-west wind failed to deter almost 100 shooters who took part in the Warwick (Qld) Clay Target Club's 50th Anniversary Winter Carnival Shoot on Sunday, August 4. Held on the grounds just south of Warwick where the club has

was changed to earlier in the year.

"So we knew we would have quite a few extra shooters and decided to celebrate the anniversary with sashes and special trophies to commemorate the occasion," he said.

"The weather turned quite nasty for shooting, not only cold but the blustery wind made the targets more difficult to hit, never-the-less, we had a number of 'possibles' and quite a few excellent scores."

The club shot two different events, a 50 target Continental Championship and a 50 target Double Barrel Championship sponsored by the Palace Hotel, Warwick.

The more extreme angles of the Continental, combined with the wind, made for an interesting and at times almost unbelievable competition, even so, overall winner and local champion, Jason Hodgson, shot 84 out of a possible 85 targets when he shot-off against Jim Kennedy from Brisbane for the overall title.

There were shoot-offs in all grades which made for great viewing. AA-grade, was won by Jim Kennedy, 77/79, with visiting shooter, Kevin Perkins in second with 75/77 and Ray 'Jumbo' Brown from Goondiwindi third on 48/50.

Warwick's Alex Loy, 49/50, won A-grade with Janine Gerard second, 54/57, and Eric Little third on 53/57.

Gold Coast shooter Willem Smits won B-grade, 46/50, Neale Fleming shot 47/53 for second with Terry Shelton third, 46/53.

Warwick's Rob Auger won C-grade, 45/50, Jarrod Bartley shot 42/50 for second and Steve Boronio was third with 41/50.

In the second event, the Palace Hotel double Barrel Championship, only three shooters scored the possible, 50/50, an indication of how difficult the wind made the shooting.

Jim Wilson from Toowoomba won the after smoking 63 targets in-a-row.

'Jumbo' Brown won AA-grade, 62/63, with Bill Allen from Dalby second on 88/90 and Ballandean shooter Frank Musumeci third, 87/90.

Lex Harland won A-grade with a fine 50/50, and Mike Malone was just one target back in second place followed by Frank Robinson, 62/64, after a shoot-off.

B-grade was won by John Pirlo with 49/50, Terry Shelton was second, 55/58 and Willem Smits third, 54/58.

Rob Auger again won C-grade, 46/50, and was again followed by Jarrod Bartley, 44/51, and Steve Boronio, 43/51.

About 40 shooters turned up at the grounds on Saturday afternoon before the championships to contest a 100-target Olympic Trap program and a 50-target DTL sweepstakes.

**Continental Champions:** Winners of the Warwick Clay Target Club's 50th Anniversary Continental Championship held on August 4 are, from left, Alex Loy, A-grade, Rob Auger, C-grade, club president Greg Newey, overall champion Jason Hodgson and Willem Smits, B-grade. Absent was AA-grade winner, Jim Kennedy.

operated for more than half of its existence, competitors came from all over Queensland and from as far as Wollongong, Orange and Glen Innes in New South Wales for the event.

Club president Greg Newey said the August shoot had traditionally been the club's annual shoot until this year when it

**Palace Hotel Champions:** Winners of the 50 target Palace Hotel Double Barrel Championship at the Warwick Clay Target Club's 50th Anniversary Shoot on Sunday were, from left, C-grade winner Rob Auger, A-grade, Lex Harland, club president Greg Newey and overall winner, Jim Wilson. Absent were Ray 'Jumbo' Brown (AA-grade) and John Pirlo (B-grade).

# BURDEKIN GUN CLUB SHOOT REPORT

We are back and hopefully will continue to be successful. The Burdekin Gun club held its first shoot since their Annual in March after being closed down because the club couldn't get permission to fire over neighbouring land.

The Townsville Gun Club was generous enough to lone there grounds and old club house to our club so we can continue until new land and club can be arranged.

First up on Sunday 11th August was the Burdekin Skeet Championship. After the fifty targets were shot Ray Collinson and Ross Walsh, shooting with a trap gun, had to shoot off for A Grade and Overall when they both shot 47/50. Ross was victorious in this shoot off after shooting a further six targets. Wayne Cislowski, Noel Beale and Alan O'Keefe all shot 45/50 and shot off for the B Grade prize. Alan O'Keefe won the shoot off at station two. C Grade was taken out by Ian Turner after some good shooting with a score of 42/50.

After a wonderful BBQ lunch the club began their DTL shooting. The Ashworth shield was being contested and to start off was a 25 target Pointscore sweeps event. AA Grade saw Gian Vassalini and Ray Collinson both shooting 74/75. The best in A Grade was Peter Colls with 69/75 from Annette Vassalini on 68/75 and Keven Stout with 67/75. Mark Stoneman was the run away leader in B Grade after he shot 69/75. Next in line for the money was Pio Bonato with 61/75. Gary Dumaresq took out the C Grade with a score of 50/75. Michael Parison had a bad finish but still managed second place. Ralph Escriva has come back to give DTL a try and managed third in C Grade.

The second leg of the Ashworth shield was the Burdekin Single Barrel Championship. A Grader Greg Maltby and AA Graders

Tony Caruso and Ross Walsh all managed to shoot a 24/25 and so the shoot off began for the Overall winner and the AA Grade prize. Ross donated to the Paw Paw club again and after only six targets Greg was this years Overall and A Grade Burdekin Single Barrel Champion. Tony Caruso took out the AA Grade prize with his score of 29/31. B Grade saw Pat Dury, Mark Stoneman and Ubo Kovacich all shooting 22/25 and after four more targets Pat Dury was victorious. The run away winner in C Grade, with a score better than the A and B Graders, was Michael Parison when he shot 23/25. Good going Michael.

Last on the program this month was a 25 target Handicap event. Tony Caruso and Gian Vassalini both shot the possible 25/25 and so had to shoot off for first and second. Tony won this shoot off and finished with a score of 31/31. Gian had to settle for second place. Third was tight with Gary Dumaresq, Michael Parison, Pat Dury, Willie Taylor and Ian Turner all shooting 24/25. Pat dropped his second target, Michael his ninth, Willie his eleventh and Gary was the unlucky one to miss his twelfth target and Ian hitting his giving him third place.

After all the score were tallied to find the winner of the Ashworth Shield, there was a tie between Gian Vassalini and Tony Caruso. The pair had to shoot off, two of each event and the scores totalled and the winner after this, was Tony with a fine score of 132/135.

The Ashworth shield is a hotly contested event and the club is hoping that Len will continue to support the club for many years to come.

Thanks to everyone who has wished us well in our endeavours to get our club up and running again. We hope this shoot and the ones to follow in Townsville will keep our members satisfied until we have new grounds.

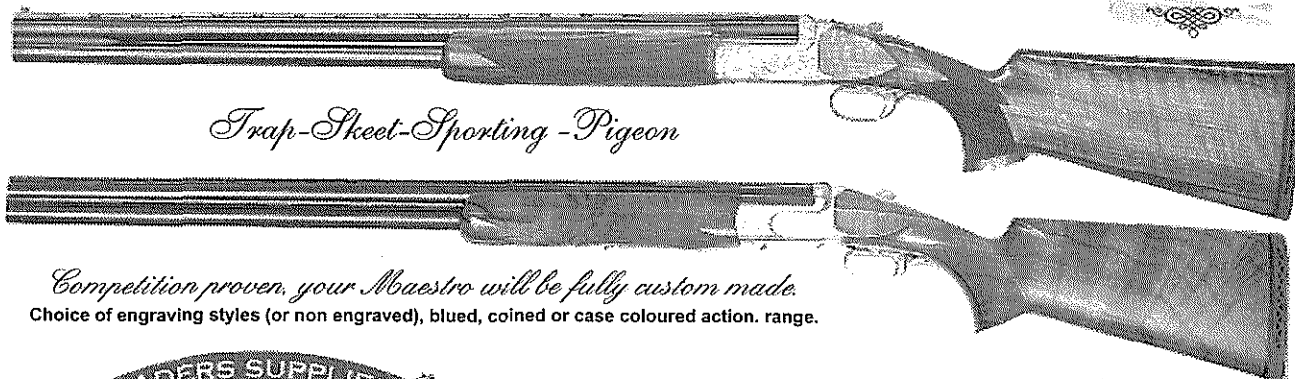

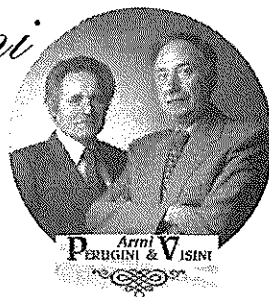

A big thank you to the Townsville Gun Club for allowing us to use their facilities and thanks to everyone who has helped the club in any way.

Until we catch up again soon, good shooting and good scores.

# QLD STATE ISSF CARNIVAL

*Normanton Gun Club — 13th & 14th July 2002*

Forty-five shooters from all over Queensland as well as several interstate shooters fleeing the southern winter made their way to Normanton in the Gulf country for the Queensland ISSF titles.

What a change from the cold south! The locals were friendly and the sun was warm (although a few visitors complained about the heat on the first day while the locals declared it the most bitter winter for years).

Normanton is only a small club with few members but has excellent facilities. In order to stage the State Titles, President Wayne Reeves enlisted all available members and persuaded quite a few visitors to help out. All assistance was gratefully received.

*Derek Bruce - Winner of Qld State Olympic Trap Championship 2002.*

On Saturday 13th July, the first 75 targets of both the Olympic Trap and the ISSF Skeet were shot.

44 shooters contested the Olympic Trap in warm but perfect weather conditions.

At the end of the first 75 targets of Olympic Trap, Ross Walsh (Cairns Target) on 70/75 led the pack closely followed by Steven Baynes (Port Augusta) on 69/75. Kevin Perkins (Illawarra) and Derek Bruce (Cairns Target) were hard on their heels with 68/75.

*An obviously delighted Cherie Reeves - Qld State ISSF Skeet 2002 Champion with State President - Bill Allan.*

Due to the heavy program set down for Sunday, it was decided to shoot another 25 targets on the Saturday and about 5 of the eight squads did so. The others were to shoot the round on Sunday morning.

11 shooters contested the ISSF Skeet. At the end of the first 75 targets Cherie Reeves (Normanton) was on 61/75 streets ahead of the rest who were led by Mark Kempnich (Brisbane) and Glen Reeves (Townsville) on 52/75.

With the shooting out of the way, the serious business of eating and socialising now took over. A delicious camp oven dinner (prepared by the Normanton President) Wayne Reeves, between his other duties of Shoot Marshall, Trap Mechanic, general roustabout, and shooter followed.

Shooters could take their pick of Venison, Beef, Pork, Baked Fish, Corned Beef, a mystery dish and all the associated vegetables and sweets. Diets went out the window and all ate their fill.

For those not prepared to try the mystery dish, I can now reveal that it was a baked wild duck cassoulet delicately flavoured with locally gathered wild herbs. (Not bad for a camp oven cook!)

Sunday dawned windy and cool (bitter was the local description). Those who had declined to shoot the previous day now wished they had, as the targets were now decidedly flighty. Scores in the main were lower reflecting the windy conditions.

*Ross Walsh - Qld State Double Trap Champion 2002 with Bill Allan - State President.*

The Olympic Trap was decided first.

Derek Bruce (Cairns Target) shot a fine 47/50 to lead the field with 115/125. Kevin Perkins (Illawarra) and Steven Baynes (Port Augusta) took the next two places on 110/125. The six for the final were made up by Jar Smaniotto & Ross Walsh (both of Cairns Target) on 110/125 and Bruce Hall (Cairns Target) 104/125.

The final six took to the tracks and an absorbing final followed.

Derek Bruce needed his five target lead and emerged the State Olympic Trap Champion with a score of 134/150. One target behind was Mr Consistency, Kevin Perkins, on 133/150 followed by Steven Baynes on 130/150.

AA & A Grade places were taken by the shooters above.

Well known DTL shooter Doug Smith of Dalby shooting Olympic Trap for the first time in 22 years won B Grade with 101/125 followed by Shawn Ryan (Springsure) 92/127, and Steve Hodgson (Warwick) 91/127.

C Grade honours went to Andrew Carr (Cairns Target) 97/125,

followed by Tania Burke (Gold Coast) 95/125 and Simon Mulligan (Wandoan) 92/125.

The Women's Section was easily won by Deserie Baynes (Port Augusta) 63/75 from Tania Burke 57/75 and Cecile Edmonds (Mount Isa).

Three juniors contested the event and recorded scores as follows:

Richard Brownson (Charters Towers) 89/125, Nicholas Brownson (Charters Towers) 79/125, and Dean Reeves (Normanton) 78/125.

The ISSF Skeet Competition continued and, after 125 targets, Cherie Reeves led the field with 104/125, trailed by Glen Reeves 87/125 and trap shooter turned ISSF Skeetie, Bill Allan (Dalby) 84/125. Making up the final six were Pat Drury (Townsville) 82/125, and Mark Kempnich (Brisbane) 81/125.

Some unkind wag suggested that the final should be held without Cherie to see if any of the men could catch her. Cherie declined the offer and shot a fine 22/25 to take the Qld State ISSF Skeet title with a score of 126/150. (For the record, the men wouldn't have caught her).

Second was Glen Reeves 103/150 and third was taken by Bill Allan 101/150.

Cherie also won first in both A Grade and the Women's section. Keven Stout (Townsville) 52/125 was second in A Grade.

Glen Reeves and Bill Allan took first & second in C Grade while Pat Drury (Townsville) claimed with third 82/125.

The Brownson brothers from Charters Towers took the Junior places with Richard (79/125) and Nicholas (63/125).

A sumptuous lunch then followed. It was believed that over indulgence would affect the performance of some shooters (namely Ross Walsh).

The Double trap was then contested.

After the 75 pair, Ross Walsh was found to be perfectly fuelled when he returned a fine 124/150. Ross was followed into the final by Steven Baynes (116/150) and an obviously undernourished Wayne Reeves (113/150). Bob Simpson (Cairns & Dist) 112/150, Deserie Baynes 111/150, and Jar Smaniotto 109/150 completed the squad for the final.

Ross Walsh (failed anorexic) dipped into his energy reserves to emerge victorious as the Qld State Double Trap champion with 160/200 from the fast finishing Steven Baynes 155/200 and Wayne Reeves (the Gulf Grey) 154/200.

Ross rushed over to his hero, Steve Hodgson, who was victorious in C grade, and shouted. "The Fat Men Rule".

Grade Results were:

AA Grade: 1st - Steven Baynes 116/150 2nd Wayne Reeves 113/150 3rd - Deserie Baynes 111/150.

A Grade: 1st - Ross Walsh 124/150 2nd - Bob Simpson 112/150 3rd - Jar Smaniotto 109/150

B Grade: 1st - Merv Starr (Port Augusta) 103/152 2nd - Shawn Ryan 102/152 3rd Robin Loy 98/150

C Grade: 1st - Steve Hodgson 99/156 2nd - Dean Reeves 97/156 3rd - Simon Mulligan 91/150

Women: 1st - Deserie Baynes 81/120 2nd Cherie Reeves 76/120 3rd - Tania Burke 62/150

Juniors: 1st - Dean Reeves 94/150 2nd - Nicholas Brownson 87/150

3rd - Richard Brownson 66/150

With the presentations over, most shooters prepared to leave for home or left early the next day. Some opted to continue their holiday in the region with sightseeing or fishing (the cold weather meant that the fish weren't biting). All agreed that the weekend was a success.

This was the first state titles since the QCTA introduced minimum qualifying scores for ISSF teams. As only one shooter in each discipline shot an MQS, the QCTA will not be sending any representative teams to the Nationals in Perth next year, although several individuals expressed their intention to attend.

## COACHING SEMINAR — GOLD COAST CLAY TARGET CLUB 29th & 30th June 2002

Level 1 Course in session.

On 29th & 30th June 2002, the Gold Coast Clay Target Club hosted a Level 1 Coaching Accreditation Course. This course was presented by the South East Zone QCTA Coaching Co-ordinator, Neal Dimmick.

The course came about as a result of a perceived need for coaches at the Gold Coast Clay Target Club which has a large number of new and relatively new members who required coaching. The existing coaches were becoming overloaded and new coaches are required to even out the workload.

The course was funded by the South East Zone QCTA using funds obtained from Sport and Recreation Queensland under its Sports Development Program.

Seven participants came from the Gold Coast Club while two level 1 candidates came from Toowoomba. Two other coaches took the opportunity to use the seminar to refresh their knowledge and accreditation.

The course followed the ACTA recommended format and a number of extremely interesting speakers gave presentations.

Two presenters spoke on vision. The first was Rodney Woodrow (Coaching Co-ordinator of the Western Zone) who spoke on what a coach should look for in new shooters with regard to vision and associated problems. Vision is Rodney's pet subject and he certainly covered the subject well. His presentation was accompanied with a lot of interaction from the participants.

Later in the day, Justin Durkin, an optometrist with an interest in sports vision, spoke on the causes of vision problems and their rectification. The two presentations complimented one another giving a wide exploration of the subject.

Greg Newey, a Level 2 coach from Warwick club gave a presentation on Gun Fit and the effects of an incorrectly fitting gun on a shooters performance. This was followed by practical demonstrations using the pattern board to show the different effects caused by different guns even with the same shooter. Even some experienced shooters were surprised by the results of this demonstration.

On Sunday the main presenter was Michael Lloyd, a Sports Psychologist from the University of South East Queensland. Michael has had a lot of experience with top athletes including the Australian Swimming Squad. The topic of his presentation was the Correct Mental Attitude for Competition and Practice and how to attain it.

Michael spoke on this subject from the point of view of a competitor and a coach.

Again his presentation was an eye opener to many and I would say most of the participants will be trying to integrate his ideas into

their shooting.

Practical coaching on the tracks using a video recorder to illustrate present techniques and possible changes then followed. This long session also yielded positive results for both the aspiring coaches and their charges.

Neal Dimmick concluded the seminar by thanking the Gold Coast Gun Club, Sport & Recreation Queensland, the participants, and the newer shooters who came to be coached.

# Northern Territory 2002 Carnival

This year's Northern Territory State Carnival was conducted at the Alice Springs Gun Club, 7 - 10 June and consisted of 70 odd shooters. A great turn out from interstate. With the weather absolutely beautiful (as opposed to two years ago), for those that don't know this time of year in Alice can mean cold nights (B@\$#@& Freezing). You hope for a warm day, the promise was there for a great weekend

Friday: Skeet, Skeet and more Skeet.

Event 1: Taken out by Bronte Evans 25/25 who tried to tell all he only just started shooting.

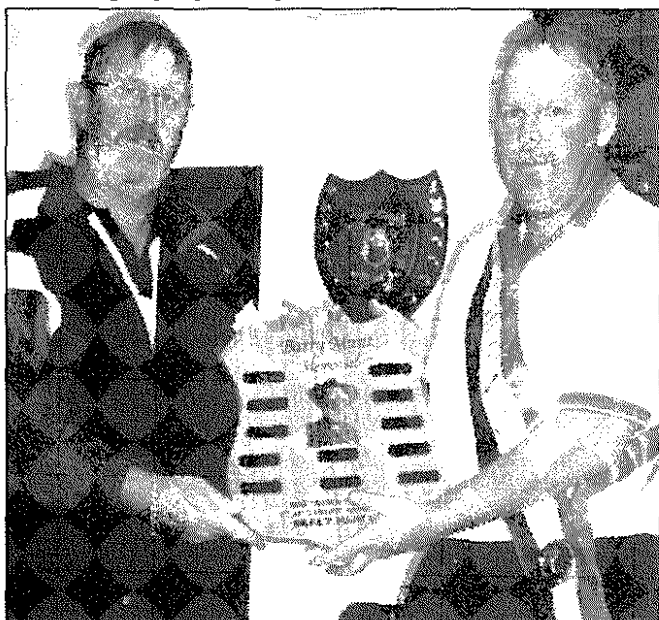

*Rod King and overall double barrel winner Ian Merrick.*

Event 2: 50 tgt Paul Weis Memorial

O/A: Well once again that new shooter Bronte Evans 50/50. Many a call from the gallery was heard "drug test".

1st A: Jack Glanville with a respectable 49/50. After the long drive all that could be heard from the Mexican was "show me a target cause I'm going to puff it up!!!" which he did.

*NT president Rod King presents Bronte Evans with the Barry Munt memorial Shield Skeet High Gun.*

*Rod King presents to 50 tgt State Championship winner Stumpe Lowery.*

1st B: Stumpe Lowery (another Mexican) 48/50

1st C: Trevor Chaplin 47/50

Event 3: 50 tgt State Championship

Much to the shock and horror of the crowd that new shooter B.Evans actually missed not one but two clays (apparently he had something in his eye), which left it, open for the big fella from Vic. to step up and take it out.

O/A Stumpe Lowery 49/50

A J.Glanville 48/50 (age shall not weary him)

B.Evans 48/50

C T.Chaplin 46/50

Note from NTCTA to VicCTA... someone please teach Keith Sagers how you shoot skeet, if he'd stop laughing he may do all right.

Saturday: Although cooler (maybe due to that coastal breeze) another Alice pearler of a day.

Skeet Doubles.

With a bit of visene in his eyes, the champ was back.

O/A: B.Evans 47/50

A: J.Glanville 44/50 (a quick check of the books revealed that yes there were other A gde shooters. Jack tried to head butt a broken clay during the event to the distress of some competitors but we have been told he has been hit harder in the pub so there is know need to worry).

B: M (Bull Ant) Bullus 46/50

C: T.Chaplin 40/50

Once that was complete the skeet postal team went out to strut their stuff. All that could be heard from the clubroom was the cry of joy from the girls as the best of the best strolled out to show them how it was done. "Go The Postie"

Event 2: 50 tgt D/B

Numerous shoot offs and gamesmanship saw for a very interesting event.

# COWRA GOLD CUP

*Report on the Gold Cup Shoot conducted by COWRA GUN CLUB, August 2002*

After a pleasant Friday afternoon for the practice shoot, Saturday's weather was a very mixed bag for the first day of competition in the Cowra Gun Club's 2002 GOLD CUP shoot. There was an excellent rollup of 112 competitors from all points of the compass, with many of our regulars once more making the trip as well as some new faces on the scene. On the Sunday, the weather improved a little and there were 104 shooters in attendance.

However, our locals can hold their heads high in spite of the fierce competition and the responsibilities involved in running the shoot.

Central Zone President and Cowra Gun Club Vice-President, John Finn, won the Saturday's major event, the Cowra Diesel Service Double Barrel Open, after a shoot-off from Club President Glenn Sinclair who was hot on his heels. It took another 100 targets to reach a result, Glenn then taking out AA Grade, with Peter Fitzalan from Dubbo close behind.

**Volvo Cowra Gold Cup winner and overall high gun for the shoot, Tony O'Leary of Cowra.**

The other major event conducted on the Saturday was the Mick Sinclair Memorial Handicap Trophy won by regular visitor Steve Caltabiano of Sydney. The late Mick Sinclair was a great supporter of Handicap shooting believing that it keeps the average club member interested in 'having a go'.

The Len Bird Shield shot in conjunction with the Handicap event was won by a Sydney team comprising Tony Abella, Tony Arvanitakis & Steve Caltabiano who combined to shoot the perfect score 75/75.

Sunday's VOLVO Gold Cup event resulted in another local taking the honours, when Tony O'Leary was victorious closely followed by Tony Barton of Bowning. Five perfect 100/100 scores were shot in the event, and a further 72 targets were needed to determine the result.

**Grade high guns from left, AA Glenn Evans (Coleambally), A Sam Amey (Goulburn), B Ian McKenzie (ACT) and C Pat Dwyer (Cowra).**

Overall winner after a shoot-off was Tony O'Leary, Cowra 100/100 + 72/72.

1st AA Grade: Tony Barton, Bowning 100/100 + 71/72  
2nd: Ross Bibbert, Wilberforce 100/100 + 56/57  
1st A Grade: George Dominelli, Sydney 99/100  
2nd: Erie Falk, Gundagai 91/100 + 31/31

**High gun winners from left, Veterans Noel Nicholson (Crookwell), Ladies Wendy Barton (Bowning), Overall Tony O'Leary (Cowra) and Junior Glenn Barton (Bowning).**

1st B Grade: Ian McKenzie ACT 98/100  
2nd: Tim Wunderlich, Sydney 97/100  
1st C Grade: Pat Dwyer, Cowra 89/100  
2nd: Jason Galea, Cowra 85/100  
Ladies: Elizabeth Barton, Bowning 94/100  
Juniors: Glenn Barton, Bowning 98/100  
Veteran: Noel Nicholson, Crookwell 97/100

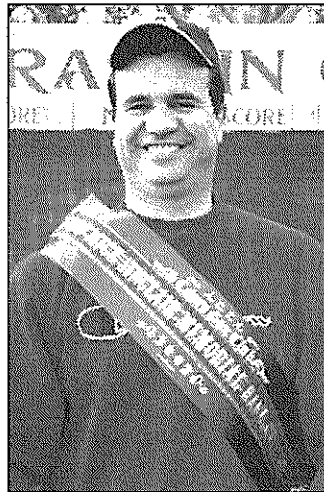

**Winners of the Len Bird Shield, Steve Caltabiano, Tony Arvanitakis and Tony Abella who shot a perfect team score of 75/75.**

B Grade: Ian McKenzie, ACT 269/275  
C Grade: Pat Dwyer, Cowra 244/275

**Winner of the Cowra Diesel Service Double Barrel Open, John Finn of Cowra.**

**Winner of the Mick Sinclair Memorial Handicap Trophy, Steve Caltabiano of Sydney.**

Overall High Gun Winner was Tony O'Leary (Cowra) with a score of 274/275 - that means only one point down over the whole weekend - great shooting Tony, who is also a hard working committee man and was very involved with the running of the shoot.

The hard work and dedication shown by Club Members and helpers over the weekend together with great co-operation from the shooters, and wonderful support from a large list of sponsors resulted in the usual well run enjoyable shoot.

We are particularly grateful to our sponsors, especially the local ones who continue their support in spite of the many demands on their generosity. Following is the full alphabetical list of those who supported us so well, and we ask all who can to support them in return.

## CUZZO'S RAMBLINGS

### October 2002

**The two words that when used together in the English language usually provoke the most speculation and debate are undoubtedly: "the greatest". This is probably because the greatest anything is almost always a matter of opinion and that opinion will generally vary depending upon one's viewpoint. The two main areas where different people's viewpoints usually vary are time and bias.**

A good example of bias would be to ask an AFL supporter who they considered to be the greatest footballer of all time. Undoubtedly the majority of people would suggest either a past or present player from their chosen club. In relation to time, most young people will usually name a current player, whereas most elderly people would cast their minds back to some great player from a bygone era.

AFL football is probably a good example here because I believe it clearly illustrates one facet of a subject that has three distinct categories. The first is those areas of human endeavour where one individual stands out over all others, regardless of time or bias. The second is where it is difficult to separate great champions of different eras. And the third is where probably no one person at any given time has been able to convincingly outshine all others. I believe that AFL football fits very neatly into the third category, because even though each team has its great champions of both past and present, I don't think there are any individuals who stand out "head and shoulders" above the rest, to the point where even supporters of other teams would have to acknowledge their dominance.

Golf and tennis are probably two more good examples of the latter category, as great players have come and gone in every era and yet no-one has been able to truly dominate the game. Tiger Wood clearly has the golfing world in the palm of his hand at the moment, and maybe he will go on to become the greatest player of all time, but he still has an awful lot of work to do before he can make the likes of Ben Hogan, Arnold Palmer and Jack Nicklaus pale into insignificance. Likewise with tennis. Leyton Hewitt seems to be the rising star of that game at the moment and who knows what he may go on to do. But he has got an awful lot of work ahead of him before the likes of Rod Laver, Bjorn Borg and John McEnroe, just to name a few, will ever take their hats off to him.

Motor racing provides a couple of good examples of the middle category. Notwithstanding what Valentino Rossi may yet do, Mick Doohan is unquestionably the greatest motorcycle racer of the current era. Yet when you compare his accomplishments on paper to those of Giacomo Agostini, who raced in the 60s and 70s, the Italian racked up many more wins and championships. However, when you consider that back in those days the money and the stakes were nowhere near as high and the quality and the competitiveness of the equipment was nowhere near as close as it is today, then who is to say whether or not Doohan could have taken it up to Agostini, if he had been around back then. Or whether if Agostini had been Doohan's team-mate on a Repsol Honda, he could have made it a lot harder for Mick than Alex Criville was ever able to do.

Likewise in Formula One car racing. This year Michael Schumacher has equalled the legendary Juan Manuel Fangio's record of five World Driver's Championships. But who can ever say which of the two is the greater driver. Schumacher's supporters will claim that in this day and age of the quality of the car and

the team being all important, Michael has often been able to win in less competitive teams as the under-dog. However, examination of the records will show that even though Fangio won some of his races driving for the all conquering Mercedes-Benz team, he also won a great many races driving lesser cars against the best drivers of his day in much better machinery. And who is to say whether this debate would even be going on now if the mercurial Ayrton Senna had not been tragically killed in his prime, just when Michael was starting to make a name for himself.

However, in some sports one name towers above all others. Ask any group of soccer players who the greatest player of all times is and invariably the name Pele will surface. What this tiny Brazilian player lacked in physical stature, he more than made up for in legendary status. Ask most Americans, regardless of which team they follow, who are the greatest baseballers or basketballers of all time and you will undoubtedly hear all about Babe Ruth and Michael Jordan. Closer to home, if you pose the same question to cricket followers in any country in the World that plays the game, you will be left in no doubt that Sir Donald Bradman is the undisputed master of that game.

Although sport in all its various forms is the natural place for these types of comparisons to be made, there are many other diverse fields of human endeavour where the title of "the greatest" sits just as easily. Ask just about anyone involved in the music industry who the greatest guitar player of all times was and they will undoubtedly extol the virtues of Chet Atkins. And you would not even need to be amongst members of the scientific community to find out that Albert Einstein is universally considered to be the greatest physicist of all times.

By now you're probably wondering just how I got onto this subject this month. Well a few months ago I wrote an article about how I came to be a professional Skeet shooter in the United States. In that column I mentioned the name of a shooter called Wayne Mayes and somewhat matter-of-factly stated that he was "the greatest Skeet shooter to ever walk on the face of the Earth". Since that article was published, several people have questioned me on this rather large statement and wondered if I may have been exaggerating or overstating the case.

Well let me assure you that only those people who do not know Wayne and/or have never seen him shoot would ever even contemplate such a thing. What sets Wayne apart from all the other mere mortals who have gained eminence in the sport is not just the degree to which he has dominated it, but also the length of time during which this dominance has existed. Prior to Wayne's rise to fame, the undisputed greatest Skeet shooter of all time was undoubtedly Alex Kerr and he will probably always retain his position of the second greatest Skeet shooter of all times, even if others eventually surpass his shooting achievements.

This is because Alex is unique in that he was a prominent politician in the sport as well as a famous competitor. In fact Alex was president of NSSA from 1960 to 1964, at a time when he was still arguably one of the best Skeet shooter in the World. He won fourteen World Skeet Championships in his heyday between 1941 and 1959 and his fifteenth and last in the final year of his presidency in 1964, achieving a World Championship career spanning 24 years.

By comparison, Wayne opened his account in 1973 when he won the World 28Gauge Title and with his win in the 410 last year, now has a career spanning 29 years, with still no end in sight. During this time he has won the Doubles, Champion-of-Champions, 410, 28Gauge and 12Gauge four times each for a sub-total

of twenty World Championships. However, when you add his five wins in the High-Over-All and his unprecedented nine victories in the 20Gauge, including three times back to back, you get an aggregate of thirty-four World Championships. And this is without even considering his numerous wins in the High-All-Around, which as I explained a couple of months ago, for complex reasons, is not ranked as equal in importance with the other seven Championships.

Someone once asked me what I considered to be the area of Wayne's greatest dominance in the sport. After careful consideration I came to the awesome conclusion that it was the fact that there was no single area in the sport where he was not clearly dominant. Not only has he won over twice as many World Championships as anyone else, but he is also the only person to have won every individual event conducted at the World Shoot. And when you consider that the least number of times he has won any one event is four times, this achievement is all the more spectacular.

However, this is just the tip of the iceberg. As I explained in September, NSSA have a computerised ranking system similar to Tennis, which establishes named teams in pecking order at the end of each year. The top team is called the All American Open First Team and the top qualifier becomes the captain of that team. Wayne not only has the highest number of inclusions in that team, but also has been named captain more times than any other person. He has been High Average Leader in every one of the six categories and has won more High Averages than any other person ever.

He is the only person in history to have held the long run record in each of the five categories and currently holds the 410 at 777 straight. He is one of only fifteen people to have broken 550x550 at the World Skeet Shoot and the only person to have done it more than once, three times in fact. He is one of only five people to have broken 650x650 at the World Skeet Shoot and he has broken more 400x400s than anyone else (33 at the end of 2001) as well as more 500x500s than any other person in history.

Having lived, travelled and shot with Wayne for several years, I have many great memories of his dominance and brilliance, but the most outstanding of these occurred in 1989, when I watched him miss a High-Two single with his beloved 12Gauge automatic. Without even a second glance, he reloaded and shot his option almost before the missed target had landed. That alone was quite a feat, as the referee was almost in cardiac arrest as a result of Wayne missing and had slow pulled him horribly on the repeat. Seeming not to notice, he finished the station and then casually strolled back over to where I was standing, and calmly finished off the joke he had started telling me on the walk over from station one. The significance? He hadn't missed for almost two years, was over 2000 straight at the time and had just ended a new 12Gauge World Long Run Record!

Closer to home, it is very interesting to ponder the question of who is the greatest Australian Trapshooter of all time? This is clearly a question that fits the third category mentioned above, as a handful of people have an arguable case. For my personal favourite, see the cryptic clue below.

This month's Shooting Trivia Question: How many people have won all six major events and the High-Gun at the Trap Nationals? Mail your answer to Shooting Trivia, P.O. Box 265, Bairnsdale 3875, to arrive by 20-11-2002. The first correct answer drawn shall receive a free entry to next year's National Pointscore Championship. The correct answer to September's STQ is: The first person to shoot over 100 straight to win the National Skeet Championship was Bruce Anderson from New Zealand who shot 164 against Newton Thomas in 1971. The first correct answer drawn was submitted by Bill Atwood from Coburg in Victoria who wins a free entry to this year's National Skeet Championship.

## Successful Coaching Session at Geraldton

**The Western Australia Clay Target Association held a very successful two hour Coaching session prior to the annual Geraldton Crayfish Carnival September 20th which was well attended with a total of 138 shooters from all over Australia competing.**

Former Australian Coach and World Champion Luca Scribani Rossi conducted an informative session on fundamentals and mental training. He also made himself freely available to all competitors for correct gun fit and to discuss their own personal shooting concerns throughout the 3 day carnival.

Luca discussed important issues such as the sacrifices one has to make to become a world champion such as family, socialising and alcohol intake also the ever popular question about extra recreational activities before a competition! Nutrition was also another very interesting topic discussed. The importance of correct gun fit, proper eye and ear protection, stance, and dealing with the mental aspect of competition. All the shooters could relate to his discussion on how do you shut out that little man who sits on your shoulder during competition reminding you of what can go wrong and doing anything to destroy your concentration!

Also the role that family members and friends can play to help support the shooter who is just that more competitive than others. Explaining the reasons why it can be a good idea to maintain a very low profile during competition and not stress the shooter out in anyway. Parents in any sport whether it is shooting, tennis or football just as an examples have a responsibility to act in a proper manner as children learn by best example.

It was pleasing to see 2 shooters who are under accreditation for their Level 1 Coaches accreditation attend this seminar along with many other Level 1 and Level 2 Coaches. After the seminar the shooters said it was great to have someone like Luca discuss these issues with them and it is what their local coaches have been also telling them for years but coming from a former World Champion and highly respected coach like Luca they were listening more intently. The two hour session was not long enough as shooters would like to have more a one on one coaching session and Luca has kindly agreed to return next year to conduct a longer coaching session.

The Western Australia Clay Target Association in association with the Department of Sport and Recreation is extremely grateful to Luca Scribani Rossi for donating his time to assist his fellow shooters. W.A.C.T.A. would like to sincerely thank the Geraldton Club for allowing us to conduct this coaching session prior to their carnival. Also a huge thank you to Luca for a very informative and entertaining weekend and we look forward to having you return to WA in 2003 for further coaching sessions.

The President's Report in the Septemer issue regarding the ACTA's public risk and insurance policies is topical and I agree that an increase in registration fee is necessary, however, there are many shooters and indeed club administrators who have no idea of who or what is covered under this or these policies, eg. Are new shooters who wish to try clay target shooting covered? If not, how do the club's encourage new shooters?

Would it be possible for each club, or at least each State Association to get copies of the policies.

Dear Sir/Madam,

The accompanying page for inclusion in our magazine. It is a brief statement on the irrationality of the proposed rules and angles to be imposed on us next year. I am available for reasonable and rational discussion on the above matters and feel strongly opposed to these forms of change, so much so that I have written to have my thoughts added to the list that will appear in our magazine.

## Handicap & Angles

### Handicap

A handicap is something that puts a person at a disadvantage, a hindrance. In sports the poorer contestants are given special advantages and the better contestants are given special disadvantages in order that all contestants have an equal opportunity of winning the event.

In 1970, for those who do not remember, handicaps were initiated with this in mind. A new shooter with no shotgun experience commenced at the 12-yard mark. A shooter with some experience began on the 14-yard mark.

Yardage was increased by winning levels and all shooters advanced one yard at the beginning of each year.

Skeet in the same period had a maximum handicap of 10 targets.

For both disciplines you earned your shooting handicap.

Unfortunately, we had changes to both disciplines under the guise of "sorting out the sandbaggers" as Adrian has chosen to brand a minority.

The previous changes had detrimental impacts on shooting. Can you honestly believe these will be any less detrimental?

You cannot justify a system of handicap using common mark as your base.

That is what started the mess. We do not shoot handicap on a regular basis as we did in 1970, in fact many clubs only once a year. This is basically due to the fact that the handicapping system does not work. Most of us have not earned our handicaps; rather we have had them imposed illogically.

Ego has directed our changes as it did before. The power to make changes is corruptible. We have been given changes that address the needs of a few rather than create equal opportunity. We justify as honourable men rather than fix a problem that was created by similar motives.

Only a complete fool does not learn by mistakes made, whether by themselves or by others.

Look at the demise in skeet shooters, with the handicapping there. Look at the continued quests for quality of opportunity down the line.

Before it is too late, admit the folly of the rules committee and consider returning to the Australian Clay Target rules of the 70's. This will allow more equity and hence encouragement.

### Angles

Here we see another stupidity, again I believe under false presentation. Ego again. In your declining years you cannot truly compete on an even plane with younger more fit, more disciplined.

I again suggest wake up before it is too late for the sport. Talk to shooters not others past it, living in the past. Keep the sport active to encourage new shooters rather than attempting to continue perpetuating your own glories.

How about the thought of convincing me of your integrity and the true need to make the changes, then convince a group who are not hell bent on self gratification.

If I have offended Adrian or any of the rules committee, I do not apologise. If offence is been taken it is warranted.

### To Whom It May Concern:

In the October 2002 issue of Shooting News, President John Byrnes made reference to the "Increases in television coverage" of the Commonwealth Games shooting events.

It should be highlight that such coverage was achieved only after intensive phoning, faxes and emails to Channel 7 by shooters and friends, and that this was coordinated by the Sporting Shooters Association of Australia through their "activist" list. Eg: I received my email from Gary Fleetwood (SSAA) on 26th July advising that Channel 7 were not planning to broadcast any shooting events!

Upon phoning Channel 7 I was told that the reason was that the Shooting events were at "some other place - not Manchester" so after I explained that Australia could win around fifteen medals they said they might just show some highlights.

I know that within two or three days Channel 7 had received hundreds of phone calls, emails and faxes from SSAA "activists" - not only clay target shooters, but pistol and rifle shooters as well.

It is only by concerted effort by all shooters to push the media to promote our sport that we will receive favourable publicity. Such publicity, which gives all sports shooting a higher profile, should be then exploited to increase membership, which will then lead to high profile sponsorship, which will then come back to automatic increased publicity.

May I propose a vote of thanks to Gary Fleetwood at SSAA for organising such publicity.

To: ACTA "Your Say"

I was stunned when I read the vitriolic and defamatory attack on Adrian Cousens in the October newsletter. Mr Michael Collins isn't the first person to engage in Adrian bashing in the "Your Say" column, but I hope we can all take a deep breath and ask if this is what we really need published in our magazine. It's one thing to bag an organisation like the ACTA or the Firearms Registry or some such entity, after all, no organisation can please all of the people all of the time; however, its quite another thing to harm, humiliate or ridicule a particular person in print. Think for a minute how Adrian's friends and family feel when they see such invective hurled at someone they care for. I grant that Mr Collins may genuinely feel the way he does about Cuzzo's Ramblings, may I suggest he refrain from reading the column if it causes him such grief. I also grant that Mr Collins may have some good ideas on how to promote and improve our sport. If he would propose some ideas for debate I promise to consider them, without prejudice.

None of us are immune from criticism of our causes, ideals or expressions, but let criticism be constructive and positive. After all, we are sportsmen and sportswomen engaging in recreation. Let us behave accordingly.

To: ACTA "Your Say"

A recent letter sent to your column by Mr Michael D Collins from the Atherton Tableland Gun Club is a little unfair on Adrian Cousens and his monthly article, "Cuzzo's Ramblings". I think that Adrian's article is the high point of each issue of the Clay Target Shooting News, so much that up until recently, I thought the ACTA stood for "Adrian's Clap Trap Article".

I for one would be lost at a Gun Club without his absolute pearls of wisdom. His articles on shooting etiquette for example, are no less than a benchmark in the extremely obvious. In fairness though, Adrian has achieved a lot in shooting clay targets on an international level and is due his credit for this. Hardly a month goes by without him reminding us of this.

Mr Collins is, I believe a little too quick to label "Cuzzo's Ramblings" as "trash". It is good for a number of things. Here are just a few:

1. Fire Lighters
2. Bin Liners
3. Kitty Litter
4. Paper Aeroplanes
5. Paper Plates
6. Note Pads
7. A cure for insomnia

While I'm here I might as well have a go at this month's trivia question. "Who was the last person to shoot 650 x 650 at the world skeet shoot? Don't tell me, let me guess ... it was you wasn't it Adrian. Either that or some American professional who thinks that Australia is somewhere near Germany. Let's see something a bit more relevant in future.

Dear Editor;

While reading Micheal D Collins letter in the October issue I think he really smoked it regarding the Cuzzo's Ramblings. For months now we have been subjected to all this about how they

do everything in the US and how good he is. As probably ninety nine percent of us will never go to America to shoot who gives a damn. If he likes it so much why does he stay in Australia. Do us a favour Adrian move to the States as you seem to think you are a way above us all here in good old Aussie land. Then you can have your paid referee's and their good pulls, which I am sure you enjoy. The rest of us will then continue to enjoy our skeet shooing and maybe even go back to our old Aussie skeet.

Dear Editor;

It is interesting to see that the tall-poppy syndrome is alive and well in Atherton. Mr Collin's parochial article (in CTSN October 2002) relating to Cuzzo's ramblings appears not only un-Australian, but is written in a particularly rancorous and vindictive manner. Many other fellow shooters I have spoken to, feel it is unsportsman like and embittered comment. But more to the point, smacks of an attitudinal perspective not conducive for the betterment of our sport.

Mr Collin's says that Cuzzo's ramblings appeared egotistical. Whilst it might appear that way to a naive, uninformed and obviously incognizant assassin. The people who have been fortunate enough to understand and experience the heights to which Adrian Cousens has achieved are simply in awe of the man. In case Mr Collin's wasn't aware, Adrian Cousens has won no less than 14 National Skeet and Trap titles, represented this great country of ours, on no less than 15 occasions, and won 3 World Championships. He has climbed to the pinnacle of World Skeet shooting, conquered the mountain, and has blessed us with the benefit of the knowledge he has gained. If Adrian Cousens sees fit to honour some of the many people that have helped him along the way, (like Wayne Mayes) then I feel that is an ethical and noble way to say "Thank you", and give some of those many people, the accolades of which they justly deserve.

Many of us see Cuzzo's ramblings as a compilation of the many years of experience Adrian is prepared to share with us ordinary shooters. In order to help us understand the many intricacies of the shooting disciplines from not a club and state level, but also share the vision from a national and international perspective. It saddens me to think that a person who holds a position as a Queensland State Councillor can espouse such a negative and machiavellianistic view about the only World Skeet shooting champion this country has produced.

Whilst I think it is healthy to have diverse views and informed debate, I feel Mr Collin's opinions have an air of sarcasm that have been extracted from comical shows such as the "Three Amigos" and not from a person who should have the clarity of vision, to promote our sport and revere our decorated heroes. A view that will move shooting forward, and to be seen in the most positive of lights. The old saying, "Please make sure brain is engaged before putting mouth into gear" should be adhered to by some in Atherton.

Dear editor

First I would like to thank Mr Michael Collins from Queensland for putting in the time and effort to write to our magazine recently to share his thoughts with us regarding the ACTA in general and my monthly column in particular. This type of feedback and critical comment is invaluable in formulating future

strategies and agendas, and is clearly the best way for members to express their views and opinions.

Secondly I would like to thank the ACTA for printing Mr Collins' letter, as I firmly believe that censorship of the media in any form is a potentially dangerous activity that undermines the fundamental principles of democracy.

Thirdly I would like to commend Mr Collins for the forthrightness of his views as I am a staunch advocate of freedom of speech and a firm believer in the "tell it like you see it" theory. To paraphrase Voltaire: "Although I may not necessarily agree with Mr Collins' opinions, I will defend to the death his right to express them". However I feel compelled to caution Mr Collins that this particular approach has taught me a couple of things the hard way. One is that "sometimes it is better to say nothing and have people wonder about you, than to speak out and eliminate the benefit of the doubt" and the other is that the World is full of people with bright ideas that other people should do for them.

Additionally, as I do not remember ever making the acquaintance of Mr Collins, it is difficult for me to ascertain just exactly what it is that I could have ever done, said or written to upset Mr Collins sufficiently to provoke such a scathing and personal attack. Although this makes it somewhat difficult to apologise for the actual deed itself, whatever it was has clearly upset Mr Collins and for that at least I do apologise.

And finally, regarding the content of my column, the commitment that I have accepted to create articles of approximately 2000 words each month on topical or interesting subjects for publication in our magazine is often very difficult and always extremely time consuming. Thus I would welcome any offers of journalistic assistance from Mr Collins, or anyone else for that matter, to occasionally share the burden of that responsibility, which hopefully would then free up some valuable extra time that I could well use for other business or leisure activities of my own.

Kind regards

*Adrian Cousens*

**Henry George Anderson**

**18.2.1916 - 6.8.2002**

With sadness and regret we advise the passing of Harry Anderson on Tuesday morning, 6 August 2002 at the age of 86 years.

Harry commenced shooting clay targets in the late 1940's. His ACTA membership was no. 190. He was a foundation member of the Crookwell, Goulburn and Narrawa Gun Clubs. A respected and fine shooter, winning many championships and trophies.

Harry loved to travel and over the years, along with his shooting mate Noel Nicholson, attended shoots at many different clubs and made many friends.

He will be sadly missed by his family and shooting friends.

Sadly, we regret to advise the passing of Eddie Koellner on 30 June 2002 at the age of 67 years.

# MAJOR HANDICAP SHOOT MIDWEEK AT ECHUCA

**Echuca Clay Target Club is doing its best to promote handicap shooting, of which over the last few years has lost ground in most clubs to graded shooting.**

By raising the winnings to larger amounts of cash and advertising well, the club hopes to raise not only interest but participation in this type of shooting, so far this idea seems to be working.

On Wednesday the 18th of September six squads of shooters from a wide area turned up to face terrible conditions, cold, some rain, and gale winds, targets to test the best of shooters, good scores were not plentiful.

Event One was a graded 20 target pointscore shot off 15 meters with 4 grades eligible for 1st & 2nd, First

taking a gold medal and cartridges, second placings taking cartridges.

Overall and AA was M Wells on 61/66, 2nd in AA on 60/66 was R Ehlers. A grade 1st was an Echuca local,

Conrad Robb on 55/60, A grade 2nd another local shooter Joanne Kerr on 53/60. B grade 1st V Haidy on 52/60 B grade 2nd W Sadler on a 50/60, C grade 1st D Wells on 51/60, And C grade 2nd B Kavanght 47/60.

Event Two Echucas major handicap, a 30 target event shot of handicap marks. With some shooters back on 24 meters and front mark shooters to 11 meters it was allways going to test the backmark shooters in the conditions.

After a short shoot off between three shooters, the results were an 11 meter shooter W Sadler on 34-35 taking the winners sash and \$350 with B Doyle taking 2nd out with a splendid score of 33-35 off 21 meters recieving \$200 cash, 3rd was S Gee off 17 meters collecting \$100 on a score of 32-34, 4th was another local, junior shooter Glen Calleja off 11 meters shooting 34-36 and collecting \$70, 5th was M Wells off 16 meters with an 33-36 collecting \$50.

Event Three A 20 target Double Barrel shot off 15 meters with four grades to collect firsts & second places.

After an exciting shoot off between local shooter Steve Atkins and Mark Crevatin, Steve won taking out AA first and Overall collecting a gold medal and cartridges with a perfect score of 60-60, M Crevatin taking AA 2nd on 59-60 collecting cartridges, A grade 1st was lady shooter Gayle Shale with a 20-22 picking up a gold medal and some cartridges, 2nd in A grade was club president Ron Traill with a 19-22 collecting cartridges, Ron was surprised to be amongst the winners as he was suffering badly from the flu and did not intend to shoot.

B grade first was P Rhodes on a 19-20 collecting his gold medal and cartridges, and 2nd in B was another local shooter Gregg Norris with a 20-22 picking up cartridges, C grade winner was M Raeburn on 17-20 collecting his gold medal and shells and 2nd in C, D Wells 16-20.

All shooters agreed that the midweek shoot was a worthwhile program and even though the weather was poor, with some hot food and drink consumed and the excellent competition, and an early finish for travellers, the day was very successful.

# Western Australia's Premier Skeet Carnival

## 200 Target / 2 Day Competition - 27 & 28 July 2002

As with other years, there was the threat that rain would appear to dampen this premier Skeet event, but it held off and the Carnival was shot in beautiful Western Australian weather. Over the 2 days, competitors came from all over Western Australia, with about 120 competitors attending for the 2 days. These competitors were vying for the "Whiteman Park 100" and the "Newton Thomas 100" Championships. Titles with long standing tradition within the Skeet shooting fraternity of Western Australia.

ported by the "C" grades. Mind you though, like the Overall and "AA" graders, "B" grade made a clean shoot with Mauro Amazzini shooting 94/100 to win from Laurie Hull 93/100 and Bruce Maley 92/100. As with the "A" grade all eyes were on the "C" grade shoot off after Junior - Darren McMichan 90/100 took 1st place, which left Greg Scweikert 93/104 and Kim Abbott 92/104 to fight for 2nd and 3rd respectively.

Winchester also supplied trophies for "Unplaced Junior" - Matthew Anick 88/100 and "Unplaced Veteran" - Frank Bombara 82/100.

With the sense of history and tradition attached to the Championships on offer, once again our very supportive and long standing sponsor - Winchester Australia, provided the trophies for the Saturday event, the "Whiteman Park 100". For the event, there were four (4) Juniors, six (6) Veterans, one (1) lady and 47 males - a very good response in the Junior and Veteran sections. The Overall Winner of the Event came from neither section but was from the males with an excellent score of 99/100. Mr Phil House was extremely proud to take the "Whiteman Park 100" Winchester sash and ammunition from long time winners - Clem Bertini 98/100, Robin Bailey 97/100 and Marco Ponta 96/100. Phil was also presented with the traditional "Whiteman Park 100" Corica cake, supplied by Max Pedri. It seemed though that the competition was in the "A" graders with a shoot off between Steve Lee 110/112, Mick Watson 109/112 and Dave Knight 98/101 which was also sup-

All winners were very grateful of the sponsorship provided by Winchester Australia and thanked them very much for the support of Clay Target shooting, especially of the "Whiteman Park 100".

Throughout the "Whiteman Park 100", the Metropolitan Zone conducted its Team selection with the following being selected to represent Zone 1 at the State Titles at end September - Clem Bertini, Marco Ponta, Steve Lee, Mike Voke all on 49/50 and Dave Knight 48/50. Reserves are Robin Bailey and Steve Saunders.

presentations with many remaining and indulging in a quiet "red" or two prior to trying some of the restaurants around Perth, getting sustenance for Sundays further 100 targets.

Sunday arrived and so did some different faces to shoot the "Newton Thomas 100". It's strange that a Skeet event is named after Newton Thomas considering that he was a Trap shooter, but

his strength was that he was an all round competitor and therefore Perth Gun Club (Inc) in its day honored his ability by naming this trophy after him. The trophy has been in existence for some 30 years and the names that appear on the trophy are part of Skeet shooting in Western Australia and Australia's history.

Our sponsors for this Event were Stronghold (formerly PMI Industries) and Roy Alexander & Sons. A very big thank you for their continued support and definitely the Overall Winner - Mr Clem Bertini 99/100 was not going to let anyone else on the dais for this event and trophies. His win was overshadowed a bit by Robin Bailey 130/133 and John Kings 126/130 very long shoot off in "AA" grade from Craig Ellis 105/109. Yesterday's winner - Phil House 96/100 won "A" grade over Gary Marsh 95/100 and Steve Saunders 136/139. Back on the "B" grade scene was an old Skeet shooter - Joe Puglia 93/100, registering a win over Geoff Day 92/100 and John Rourke 93/102. Unlike yesterday, there were not shoot offs in "C" grade with Greg Schweikert 89/100 from Jason Yozzi 88/100 and Maurie Goldman 87/100. Unplaced Junior went to Matthew Anick 86/100 and Unplaced Veteran to Tony Yozzi 87/100. Good to see the "old Yozz" back.

Over the "Newton Thomas 100", the Club scored for WACTA Interclub competition, registering a 245/250 by the following shooters - John King 50/50, Craig Ellis, Clem Bertini & Mike Voke 49/50 and Robin Bailey 48/50. Congratulations guys on the great effort.

It seemed that over the weekend that everywhere you looked, there was only one name that constantly featured and for that he won the Carnival Highgun. That person was Mr Clem Bertini 3 targets down, registering a 197/200 for the weekend. Carnival Highgun was sponsored by Winchester Australia. Once again thank you Winchester Australia for the support of the West Australian Gun Club (Inc) and its endeavors in the area of clay target shooting.

Finally, thanks must go to everyone that assisted to make the Carnival of the standard that it always is and that includes the office, kitchen, target area and maintenance.

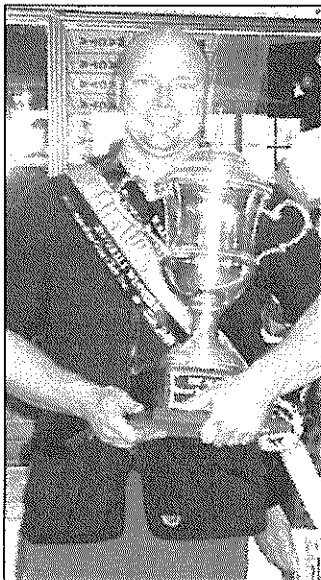

Thanks to the competitors who turned up and we look forward to seeing everyone at next year's Carnival. Most of all, a very big thank you to Max Pedri, Winchester Australia, Stronghold and Roy Alexander & Sons for their continued sponsorship.

## 100T Double Barrel Club Championship "The Glad & Alan Brown" Perpetual

On Sunday, 21 July 2002, eight squads met at the West Australian Gun Club (Inc) for the annual "Blue Ribbon" event of the Club - being the "Glad & Alan Brown" 100t Double Barrel Club Championship/

Carsten Bager, Overall winner

Glad and Alan Brown have sponsored the event for many years, since Alan joined the Club as a vibrant young 81 year old. He maintains his "A" grade DTL status and drives out to the Club each week for practice on Wednesdays and Fridays with all his "younger" friends. Recently after this competition, the Club held a birthday party for Alan to celebrate his 90th birthday.

Over the years there have been some very high profile winners and this year was no exception with 8 competitors vying for the title of Club Double Champion. The shoot off featured a combination of father and son, an Associate from Geraldton, past winners and two "A" graders. In the end, Carsten Bager (169/170) took the title out from Gary Kelly (168/170) of Geraldton.

Carsten's father - Lars Bager registered a 151/153 for 3rd in "AA" grade.

There was still a hot contest in "A" grade with Steve Cook (148/150), taking out the grade from Steve Saunders (111/113) and 3rd going to Dino Fracaro (97/100). It was noted that this squad, which produced the winners, had the most "25's" over

the day and the members stated that it just flowed with good competition. It was the first time over the years, that one squad in the competition had excelled and out performed all other squads.

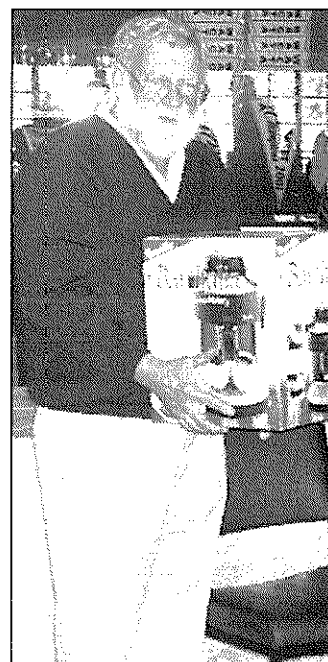

Even though the "AA" and "A" graders featured prominently in the shoot offs, the "B" and "C" graders had their fair share of activity in this area. Associate member Bruce Maley (96/100) clearly won "B" grade, but Terry Hearn (108/113) had to relegate Greg Schweikert (107/113) to 3rd place after the friendly rivalry on the tracks.

New talent and old hands were the order of the day for the "C" grade tussle with Bruce Bennet (94/100) 1st from Joe Pintaudi (90/100) and Chris Joy (89/101) after another shoot off. It was good to see Joe back and especially for this event and for his friend Alan Brown.

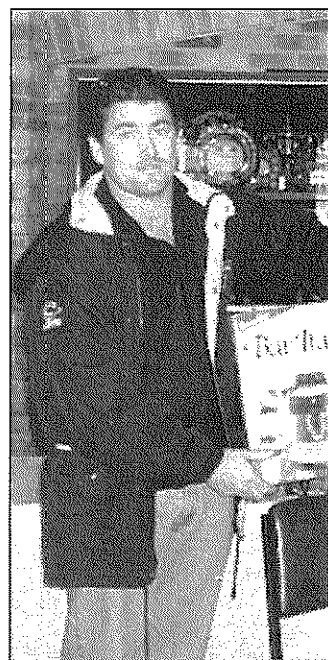

After the presentation of trophies, the Patron - Alan Brown, presented Christine Alexander with her "Life Membership" badge. She thanked Alan and the members very much and noted that she had excellent role models to follow, with Alan being one of the best.

Over the 100 targets was the WACTA (Inc) Inter-club Pennant with the WAGC (Inc) Team recording a perfect score of 250/250. The team members were Carsten Bager, Lars Bager, Paul Finnis, Steve Saunders and Steve Cook.

Thanks to everyone that helped out over the day and a very special thank you to Glad and Alan for your sponsorship this year, next year and past years.

Bruce Maley, B grade winner.

Bruce Bennet, C grade winner.

Steve Cook, Alan Brown and Murray Alexander, A grade winner.

# WILKAWATT GUN CLUB

*by Hot Shot*

The Wilkawatt Gun Club held its 26th Anniversary shoot on the 7th & 8th of September. This year the shoot was held earlier than the last few years, trying to take advantage before all of the 2-day shoot start.

The grounds were in tip top condition with several campers taking advantage of this. There was a working bee the week before where members installed a new automatic trap in number two layout. This was obtained with the help of the Lameroo Community Hotel, in which we were most grate-

ful. The traphouse had to be lifted and re-emented to fit the trap in. This was done by members of the club. This had enabled us to conduct the shoot in a more professional and easier manner.

*Winners of Killick and Whelan Team Shield, from left, Jim Cornwell, Terry Booker, Tony Lock, Darridyn Hayward and Don Beelitz.*

On the Saturday the weather wasn't very kind to us with the wind playing havoc with the targets. Thirty-two shooters competed with visitors coming from Barmera, Bordertown, Victoria, New South Wales, Meniniegie, Kangaroo Island, Kingston Adelaide as well as locals.

The first event of the day was the 25tgt Wild Dog Skeet, which was sponsored by Rodney Ahrns. C grader Ian Dunbar had the best score on the board with a 24/25. B grade was won by J Cornwell with 27/30 after a shoot off with Peter Hendy. Veteran Bill Perry won the Veterans with 22/25.

Team. After a shoot off with the Lake Albert team, who don't have a layout at their club, Wilkawatt won the shield with team members of J Cornwell, D Beelitz and A Lock 83/99.

The 10 tgt E/O was graded this year with 6 in AA, 4 in A, 2 in B all shooting 10/10 and 4 in C shot 9/10. The next event was the 25 tgt Whelan Handicap which was won by Matt Radovic with the only 25/25. Jarrod Spratt was 2nd with 30/31 and Andy Beelitz 3rd with 29/31. The next event was the Booker Family Single Barrel Championship. AA and overall winner was Jim Cornwell with 28/30 and Bob Andrews 2nd with 25/27. Trevor Shaddock won A grade with 23/25; B grade Keith Mules and C grade was won by Jim Ough.

Veteran's high gun was won by Bill Perry 66/75 and the overall high gun was won by Jim Cornwell 69/75.

On Sunday the weather was only slightly better than Saturday, but the wind was persistent. There were 43 shooters competing on the day with better scores on the board. The 10 tgt E/O was graded with 6 in AA, 3 in A, 3 in B and 2 in C grade all shooting 10/10. The main event was the 50 tgt Double Barrel Championship. The shoot off didn't last long as thought with Frank Albanese winning AA and overall on 67/67 and Don Beelitz coming 2nd with 66/67. A grade was won by Anthony Lock with 50/50 and Terry Booker 2nd with

49/50. B grade was won by Keith Mules 50/50 and Darridyn Hayward 2nd with 49/50. C grade was won by Jim Ough with 46/50 and Jarrod Spratt 2nd with 45/50. The last event for the weekend was the 25 tgt Candy Canvas Point Score Championship. AA and overall was won by Bob Andrews with the only perfect score of 75/75 on the board, 2nd was Don Beelitz with 80/81. A grade was won by Trevor Shaddock with 72/75, and Terry Booker 2nd with 70/75. B grade was won by Darridyn Hayward with 79/81, with Lawrie Sharam 2nd with 78/81. C grade was won by Matt Radovic 67/75 and 2nd was Jim Ough with 62/75.

This event was shot in conjunction with the Killick and Whelan Team Shield, and once again it was won by Wilka-

watt No 1 team consisting of D Beelitz, J Cornwell, D Hayward, A Lock, T Booker 121/125. Day 2 overall high gun was won by D Beelitz 172/175, and Veterans high gun was won by L Sharam 120/125. 2 day overall high gun was won by R Andrews 186/200, A grade - T Booker 181/200, B grade - D Hayward 181/200, C grade - M Radovic 169/200. Veteran's high gun was equally taken out by Keith Mules and Bill Perry 180/200.

Thanks go to the members who helped on and before the weekend in getting everything ready. The meals were superb, thanks to the Kemps. Special thanks goes to our sponsors for the weekend who were Rodney Ahrens, Martin Whelan, Candy Canvas, Fisher Firearms, Booker Family, Winchester and R&L Andrews.

Another successful weekend was held with everyone enjoying themselves.

## 2002 METROPOLITAN JUNIOR CLASSIC

This year, we hosted our Annual Junior Classic on Saturday the 14th of September.

Once again the championship was a success, with 54 junior shooters travelling from all over Victoria and even Hay, NSW. Numbers were down this year, however, that didn't discourage the keen juniors competing. Junior shooters were only charged \$6 nominations for all three events and received free cartridges for the full day.

Conditions on the day were horrendous, were juniors had to tolerate extreme wind conditions and I imagine parents where glad they weren't competing.

Scores throughout the day where impressive. We had four divisions, sub junior girls/ boys aged 12-14 yrs and junior girls/boys aged 15-17 yrs.

# Brass Monkey Success for Clay Target Club

**Ballandean Clay Target Club hosted the first Brass Monkey 150, now an annually contested event in July. Held in conjunction with the cooler, "Brass Monkey" weather, the event proved a resounding success.**

Forty-two shooters from northern New South Wales clubs, Warwick, Toowoomba contested the day in windy conditions. The day witnessed some outstanding shooting with shooters posting fine scores.

Jason Hodgson of Warwick was the man with the mitres touch, taking the event with a score of 153/155, after shooting off with Robin Loy, also of Warwick. Local shooters, Frank Musumeci, Ron Sonogo, George Costanzo, Jim Belleri, Steven Baronio and Mark Marino all picked up places in their grades. Most outstanding performance for the day went to Ron Sonogo. After shooting a poor first 25, Ron went to

shoot the day clean, recording a break of 125/125.

Ballandean CTC hosted a more unusual program for the August shoot. 33 shooters from locally and visiting clubs enjoyed the program in excellent weather conditions. George Costanzo with a 49/50 marched through the first event, 50t American Single Barrel, unchallenged to take Overall. Frank Musumeci, Ron Sonogo and Walter Mattarollo took 1st, 2nd and 3rd respectively in AA Grade. Angleo Musumeci picked up 2nd in A Grade, with Michael Bertinazzi taking 1st in B Grade and Glen Cosmo 3rd. Local blokes G Baker, Andrew Kidd and Gary Williams collected 1st, 2nd, and 3rd. George Costanzo, Michael Bertinazzi and Steven Baronio took 1st in their grades in the 25t Double Barrel Cash Divide event. Frank Musumeci, John Bacchetti, Glenn Cosmo and Mark Marino collected the 2nd places.

The Deauville Triples provided some thrilling and entertain-

September's program hosted 32 shooters. Robin Loy of Warwick collected the Overall High Gun scoring 109/115. Frank Musumeci pipped George Costanzo for first in AA grade in the first event after a shoot off to decide the places. Rodney Cosmo and Geoff Donges also had to shoot off for 1st and 2nd in A Grade in this 30t Double Barrel event. Other locals to collect places were newcomer Wayne Seymour with a 1st in C grade and Gary Voightlander with 2nd.

SJ Puglisi with a 50/52 proved too hot to handle in the 50t Single Barrel event. Puglisi shot off against Robin Loy for Overall. Frank Musumeci collected 2nd in AA Grade, Rodney Cosmo and Jim Belleri, 1st and 2nd respectively in A Grade, and Charlie Cannavo picked up 2nd in C Grade.

The Double Rise event went to Robin Loy with creditable 17/20. Harvey Smith picked up 2nd in AA Grade, with SJ Puglisi collecting 1st in B grade and Gary Voightlander 2nd in C Grade

# Self Worth and Performance

*Psychological Skill for shooting by Michael Kruger-Davis*

In this article I wish to examine the relationship between self worth, self-confidence and performance. Well renowned American Sports Psychologist Barbara Waite believes that although the relationship has not been scientifically studied; how we feel about ourselves relates to many things like self-abusive or self-sabotaging behaviour, drug and alcohol use, mental and physical health, fitness, life satisfaction, and performance.

Our society has established an appearance or achievement orientation. We continually read in newspapers and magazine stories about beautiful people or high achieving sports stars; we are continually bombarded with the message that the popular press allow us to develop beliefs about ourselves and the way we should look or perform. These beliefs can either be good or bad. It is good that to achieve success or look good can be very motivating and can push us to achieve and keep achieving. The down side is that the belief that we have to be the best will actually get in the way and we will never learn how good we can be.

If we accept this belief that self worth depends on great performance, then we are subjecting ourselves to two very defeating psychological handicaps. Firstly, a loss of concentration, and secondly, increases in debilitating emotions like anger, fear and depression. Waite believes that loss of concentration is due to the preoccupation with concerns about the future or the past of negative possibilities, and a keen memory for past failures or present shortcomings. These negative preoccupations destroy confidence, which in turn destroys motivation and performance. Anger, fear and depression are inevitable reactions to failure and making mistakes. If self worth is tried to success then we cannot avoid these emotions and the lowered confidence that is associated with them. Low confidence leads to lapses in concentration and therefore leads to failure.

So how can we beat these self-limiting beliefs? Irrational beliefs such as; I must win, I should have got that target, I only feel good about myself when I shoot a possible and so on.

Dispute them. We need to give ourselves self-accepting and positive messages that reinforce that our self worth is not dependent on always winning. Our lives won't come to a screaming halt if we miss a target. Sure it's unpleasant but it's not the worst thing that can happen to us. In challenging these irrational beliefs we need to give ourselves some positive self-accepting messages that will allow us to make mistakes and have failures from time to time. Allowing mistakes frees us up to focus on the present because we are not stressed over what has happened in the past or what might happen in the future.

If you are going to accept a new belief about yourself then it is essential to know that these new beliefs are hard to maintain. You will need to be on guard about your self talk and accept a commitment to non-judgmental attitudes and an acceptance of our making mistakes without mentally beating ourselves up. To achieve at accepting these new beliefs you will also need to surround yourself with others who also have positive and accepting attitudes.

The intention of this article is not to say that competition or success is unimportant. On the contrary, success is a worthwhile goal but it should not be the only goal. The process of achieving the goal is also important.

## Mount Isa Gun Copper City Skeet Carnival & September Shoot

The Mount Isa Gun Club hosted the annual Copper City Skeet Carnival and September shoot programme on the 7th & 8th of the month.

On Saturday the Copper City Skeet Carnival was contested, with 13 shooters nominating. Event one was 50 targets Skeet Handicap. First place was won by Ron Power (97/101), closely followed by Kevin Moss (92/101) taking second place. Third place was secured by Neil Sinclair (85/96). These scores include the shooters allocated handicap points.

Event two contested the Copper City Skeet Championship (50 targets Skeet off the gun). Neil Sinclair won overall in the event shooting (49/50). A grade was won by Mick McGill, B grade was also won by Neil Sinclair. Kevin Moss dominated C grade (45/51), defeating Ron Power in a shoot off.

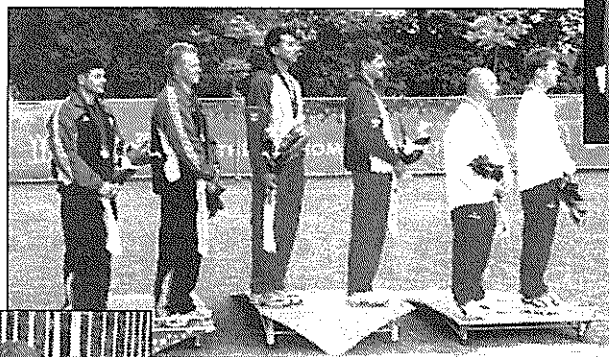

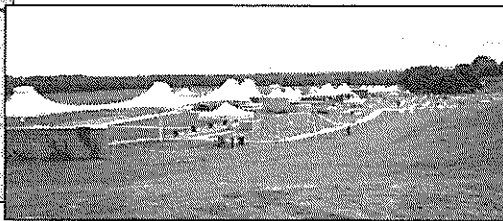

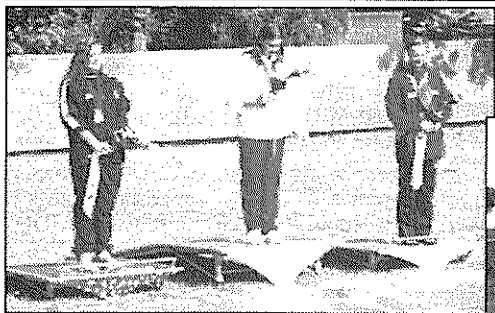

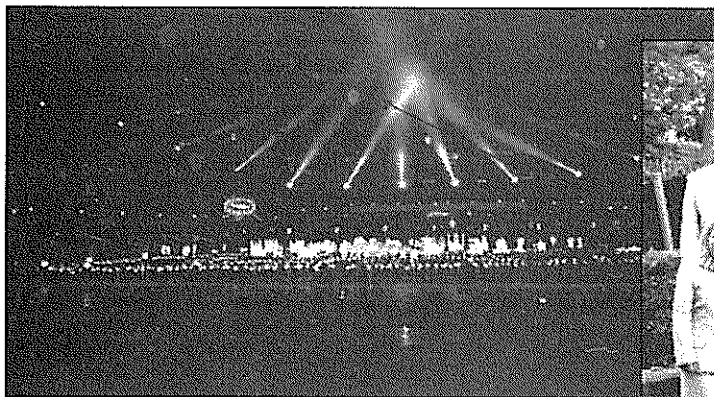

The Gus Buerchler Remebrance Trophy is decided over event one and two. The winner this year was Neil Sinclair (98/101), narrowly defeating Mick McGill (97/101). Sinclairs

win ended McGills' five year reign. Mick was regraded from AA0, to A1. Mount Isa shooters Mick McGill, Kevin Moss and Cecile Edmonds will be travelling to Rockhampton next weekend to compete in the State Skeet Titles.

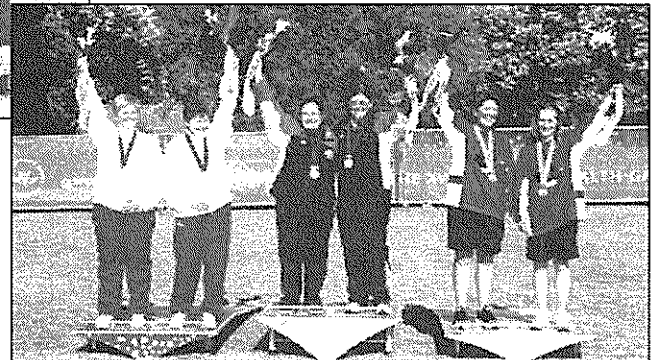

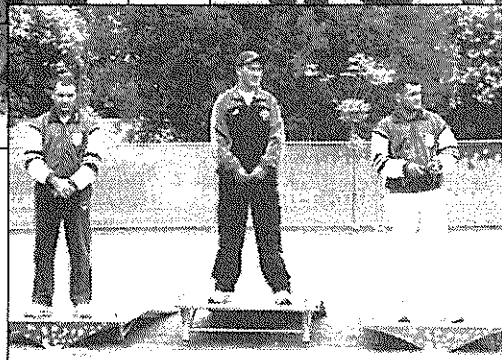

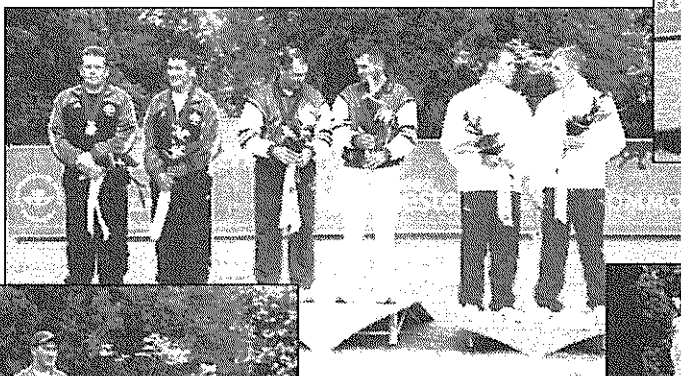

The down the line competition commenced on Sunday. Event three was 25 targets double barrel. Mick McGill (37/37) proved victorious in A grade, defeating Bruce Murphy (36/37). Paul Pozzoli won B grade (17/25). Mick Sullivan (22/26) won a closely contested C grade, defeating Craig Davies (21/26). Event 4 saw Chris Wilson (45/50) win A grade in the 50 target single barrel event. Paul Pozzoli (38/50) shot consistently to win B grade. Craig Davies once again dominated C grade to shooting (44/50) to win his grade.

The final event of the weekend was 10 pair double rise. Mick McGill continued his form to win A grade (18/20). Paul Pozzoli (12/20) again took B grade. Mick Sullivan once again outshot the C grade field shooting (11/20).

# GOLD COAST CLAY TARGET CLUB AUGUST CARNIVAL 2002

Day one dawned as a clear and crisp day with a small but dedicated band of members and officials on hand to do battle - not with the clay targets but with arrangements for the running of the August Carnival to be held on the 17 and 18 of August 2002. The carnival was still many weeks away but the new members on the organising committee were keen to ensure this years participants were treated to another carnival and culinary extravaganza to remember

Book the eating tent, arrange the food and wine, confirm the size of the stage and book all the "entertainers". It hardly sounds like they were arranging a Gun Club's Two Day Carnival, but this was not any carnival this was arguably the premier DTL event to be held in Queensland in 2002. The carnival program was given a little tweaking this year to ensure we could cope with five events throwing 220 targets from four traps for a large group of shooters.

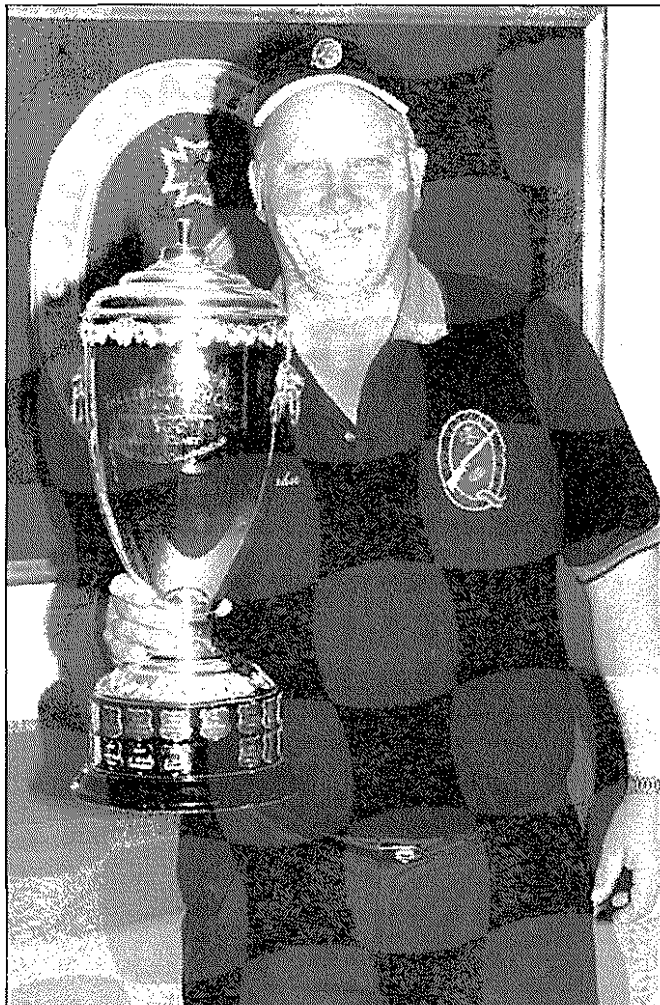

Nothing was left to chance, most every person in the club

had a "job" for the day or weekend, it was in fact great to see the Gold Coasts "skeeties" and "sporting shooters" on hand to ensure everything went according to plan.

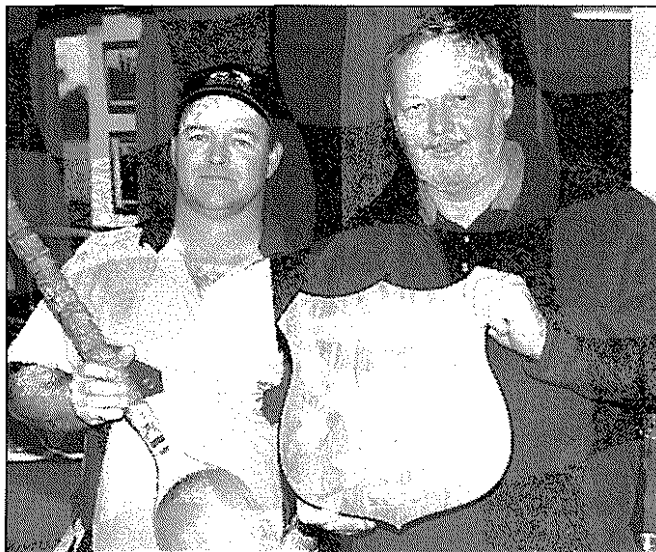

Before you read any more of this report you should reflect for a moment to consider - would this happen at my club??

Friday the 16th saw the first of the campers and "travellers" arrive on site all in anticipation of a great weekend to come. Some were keen to shoot well, others looking to catch up with a few mates over a cool glass of "aiming oil" and some were obviously salivating for the "Tender Plus Gourmet Feast and Saturday night extravaganza", in their minds the shooting appeared to be a fairly good bonus.

As the first guns were loaded for Event One on Saturday morning most everyone present was a bit damp and looking for additional clothing to assist in warding off the occasional scud of rain and the cold lazy breeze that was prepared to go straight thru you - rather than go around. It was overcast and not the norm for Queensland - where it's beautiful one day, perfect the next!

*John Mack of the Gold Coast, the Overall winner of the Lee Hogarth Single Barrel Perpetual Trophy.*

*President Tony displaying the "Kilema Shield" signifying Gold Coast's win in the Roma v Gold Coast grudge match, while Robert is content with the "wooden spoon" for Roma.*

However these conditions did not deter just over 100 nominations for the day and as it turned out 115 competitors for the weekend.

Event One was a 10 target eye opener and it was shot in conjunction with the first 50 targets of Event two. The cash from the eye opener was well divided and even shooting 10/10 would be a challenge today.

Event Two saw a re-configuration of the program and the testing Gold Coast 100 target D/B Championship (incorporating the JM Bauman Gold Cup for Overall) was born. The sponsors were Stratco and SSAA. At the half way point of the 100 targets it was clear the conditions were having an effect, there were only five shooters able to record a perfect 100 and they were not all AA graders. When the dust settled at the completion of the second 50 targets there was only one shooter lucky enough to hold it together and I can

*The happy High Gun winners, from the left: Stuart Browning AA grade; James Broomhead B grade; Shannon Paton Junior High Gun; Meredith Page Ladies High Gun; Colin Witt Overall High Gun ; Bill Turner Veterans High Gun; David Devine A grade and Warrick Grinter C grade winner.*

assure you Colin Witt was ecstatic to be able to put his name on such a prestigious trophy in the Queensland shooting calendar.

Shoot-offs were required to decide the AA minor places; 1st and 2nd in A; and the minor placing's in B and C grades. As you will see in the results the club was surprised when the longest shoot offs were in the minor places of B and C grades?

The winners were:

O/all Colin Witt Gold Coast 100/100.

AA 1st Stuart Browning Hobart 99/100 A 1st David Devine Gold Coast 98/101

2nd Paul Anderson Maryborough 101/103 2nd Lyell Pettman Brisbane 97/101

B1st Meredith Page Gold Coast 92/100 C 1st Darryl Teelow Gold Coast 81/100

2nd Phillipos Zapantis Brisbane 95/104 2nd Sam Nucifora Gold Coast 84/104

Ladies Meredith Page Gold Coast 92/100 Veterans Luigi Populin Burdekin 92/100

Juniors Shannon Paton Silkwood 96/100.

There were competitors from all east coast States as well as West Australia and Tasmania.

The competition continued with an optional extra event late in the afternoon to maintain the interest for some and restore some broken confidence in others, while in the background the Ice Sculptures (being the centre pieces of the smorgasbord tables) had arrived, and the chef's who were quite visible in their white caps, were obviously very busy preparing a complimentary feast for the shooters.

The pearly white hired tent would accommodate in excess of 300 people with all the trappings (starched tablecloths, flower pots as table decorations and an air of sophistication) all floating on a timber floor with a centre stage. The maître d' ushered the guests from individual tables to the

smorgasbord and well over 250 meals were catered for in the first visit. I think there was a rumour spread that freshly shucked oysters were good for the eyesight, there had to be some reason that they were so popular on the plates of so many males?? It was a feast that you would be happy to pay top dollar for in some of our renown eating establishments, and the club owes Vince Vaina, Chef Robbo and the TenderPlus crew a great vote of thanks for their combined efforts to organise, set up, prepare, serve and satisfy the guests with top quality treats during the evening.

While you were waiting for your turn to approach the smorgasbord or if you were having a rest between courses, you were entertained by a chap who could do some incredible things with balloons. I saw balloon guns (complete with a bullet balloon in the barrel,) a rather large dummy (like about 60 cm across,) and I am still not sure just what the two 'balloon poodles' were doing on big Kev Thurson's head but it did look like they got an early start on the oysters?? On stage we were to find out that Playton Zapantis, one of our shooters from Brisbane, had a wonderful hidden singing talent, and a lovely backing group called SHIMMER. The three ladies carried the evening with great music, great costumes and other attributes that seemed to transfix many visitors especially the Roma boys.

There was a fire-eater who performed and he even had our Paul Moore licking at a fire stick; I hope the blisters heal real soon Paul. At one stage of the performance he had flames dancing over three metres into the air!! Yes it is hard to believe we were just at a gun club dinner, it's amazing - in past years the auctioning of a Calcutta was the highlight of a two-day carnival evening meal??

President Tony made some special presentations to some outstanding Gold Coast members, and Travis Vaina and Arthur Page were recognised for their respective outstanding achievements.

Finally there was the draw of the major raffle (over 15 prizes from a great list of sponsors) and our great supporters from WA, here for the second year, scooped the pool with quite a few trophies - then again they did buy \$300.00 worth of tickets. Their wonderful gesture to donate most of the prizes back to the club for a Sunday raffle was much appreciated by the host club.

Sunday dawned at the club and as usual there were a number of revellers from Saturday night looking for a magic cure in their coffee cups, while others enjoyed a hearty cooked breakfast, even those who had been on deck quite early doing all those "unseen things" to ensure a smooth second day competition paused for brekkie.

The shooting started quite early with the first squads kicking off around 7.30 to 8.00am because of the three events and associated shoot-offs to complete and an anticipated increase in shooters.

Event Three was another new event being the George Scaf Perpetual Points Championship (incorporating the re-badged Peter McLaughlin silver trophy for Overall.) Our sponsors were George Scaf and Acusports. Again the weather was not a perfect Gold Coast picture and the points event would not be easy. Of the twenty squads there would only be one possible and Gordon Watson from Chinchilla was well proud to add his name to the winners list. Shoot offs were only required in AA and A to decide the winners.

The winners were:

O/all Gordon Watson Chinchilla 90/90

AA 1st Cornelius Venter Warwick 89/90 A 1st Ryan Howie Bundaberg 94/96

2nd Greg Jackson Geraldton 103/105 2nd Jonathon Penfold Teelba 91/96

B 1st William Weedon Caboolture 87/90 C 1st Glenn Summergreene Gold Coast 86/90

2nd James Broomhead Gold Coast 83/90 2nd Sharyn Tunny Gold Coast 78/90

Ladies Lynne Thompson Tyagarah 81/90 Veterans Bill Turner Goondiwindi 87/90

Juniors James Broomhead Gold Coast 83/90.

Event Four on the program was also to be testing in the conditions although the wind was becoming a little less persistent. The 30 target Lee Hogarth Single Barrel Championship attracted even more competitors vying for the opportunity to conquer the event and the conditions.

It would prove impossible for any competitor to record a possible, so the 29/30's commenced a short shoot-off. There can only be one winner and the assistant Shoot Marshall

for the weekend found himself upon the winning dais, congratulations to John Mack to win at all is great, to do it while you are 'caring' for the shoot is extra special.

The winners were:

O/all John Mack Gold Coast 36/37

AA 1st Mike Swale Toowoomba 34/36 A 1st Gordon Watson Chinchilla 35/36

2nd Stuart Browning Hobart 33/36 2nd Luigi Populin Burdekin 32/34

B 1st Alister Broomhead Gold Coast 31/35 C 1st Mark Opperman Gold Coast 25/30

2nd Paul Moore Gold Coast 30/35 2nd Sharyn Tunny Gold Coast 23/30

Ladies Debbie Young Gold Coast 24/30 Veterans Luigi Populin Burdekin 32/34

Juniors Shannon Paton Silkwood 27/30

There was a comment made during the shoot-off that being a past president must have been lucky as two had already had a win in Col Witt and John Mack and Mike Swale was currently tussling over AA in the Single Barrel. Congratulations to Shannon Paton and Luigi Populin, this was their second Juniors and Veterans trophy respectively for the carnival.

The final chance to change fortunes and possibly approach the trophy table was to perform well in the 50 target Tender Plus Continental Perpetual Championship (incorporating the re-badged Kay Tyquin silver trophy for Overall.). Our sponsor for this event was Vince Vaina. Now it didn't matter if the targets danced around in the sky a bit, that's what we expect in this event and besides you've got two shots!!

Well it certainly didn't help either - not one shooter cracked the possible and only one managed a 49/50 to take out overall, so take a bow Darryl Stevens.

The winners were:

O/all Darryl Stevens Caboolture 49/50

AA 1st Ray (Jumbo) Brown Goondiwindi 63/66 A 1st Jim Chandler Geraldton 51/53

2nd Mike Swale Toowoomba 62/66 2nd David Devine Gold Coast 50/53

B 1st Phillippos Zapantis Brisbane 48/50 C 1st Harry Donaldson Roma 42/52

2nd James Broomhead Gold Coast 46/50 2nd Glenn Summergreene Gold Coast 23/30

Ladies Lynne Thompson Tyagarah 44/50 Veterans Bill Turner Goondiwindi 47/50

Juniors Shannon Paton Silkwood 47/50

The High Guns were the last thing to compile and shoot offs were required to decide AA and A grades, and after one round we had the list complete:

Overall Colin Witt Gold Coast 270/280

AA Stuart Browning Hobart 267/280

A David Devine Gold Coast 262/280

B James Broomhead Gold Coast 249/280

C Warrick Grinter Gold Coast 226/280

Veterans William (Bill) Turner Goondiwindi 258/280

Juniors Shannon Paton Silkwood 261/280

Ladies Meredith Page Gold Coast 244/280

Other sponsors to assist during the carnival were V & I Litvinov, Willem Smits; J Grinter, John Mack, Terranora CTC, Paul Santarosa and Winchester. Congratulations to all the winners and please consider supporting all our fantastic sponsors who have contributed in a manner that has ensured the success of the carnival and making it much easier to arrange.

# Queensland Northern Zone Notes

We don't have a lot to report this month other than the fact that our zone now has a new Commonwealth Gold Medallist. Congratulations to Diane Reeves on her gold in the Women's Trap Pairs. Diane has had to do a lot of travelling from her tiny town of Normanton to get where she is today.

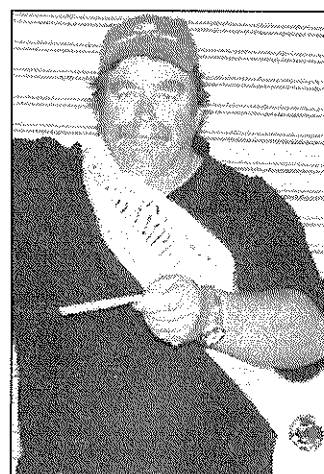

Queensland Northern Zone Skeet High Gun winners from left, Mick McGill (Overall), Wayne Reeves (A), Neil Sinclair (B), Bruce Murphy (C), Kevin Moss (Veteran), Richard Brownson (Junior).

Queensland Northern Zone ISSF Double Trap Champion, from left Jar Smaniotto, Brett Dunstan and Wayne Reeves.

Queensland Northern Zone Skeet team, from left, Mick McGill, Wayne Reeves, Bruce Murphy, Kevin Moss, Ian Harris, Richard Brownson.

Queensland Northern Zone ISSF Skeet Champion, Ross Walsh.

The zone will be holding a Coaching Clinic on the 19th & 20th October at the Townsville Gun Club with Graham Boyd attending to offer plenty of good advice. This is all made possible with the assistance of Queensland Sports and Recreation. It would be nice to see a large roll up for the coaching and then attend the simulated field shoot being held on Sunday.

August 17 & 18 was the date for the Zone Skeet Carnival in Mt Isa. There weren't a large number of shooters but the weekend was enjoyed by all that attended.

Rod Cusack won the handicap. The mighty Mick McGill took out the Northern Zone Doubles Championship as well as the Zone Carnival Championship and Skeet Championship and to top it off he also won the High Gun. I think it is about time someone caught up to Mick and give him a run for his money. The zone Skeet team members are Mick McGill, Wayne Reeves, Bruce Murphy, Kevin Moss, Ian Harris and Richard Brownson.

On the weekend of 31st August and 1st September the Cairns

Target Shooting Club held the zone ISSF Carnival. This is the first time the club has held a zone carnival and all reports point to it being considered favourably in the future for such carnivals. A good time was had by all.

Brett Dunstan made the trip north and was successful in both the Trap and Double Trap events taking out the Overall. Brett's score in the Trap event was 141/150 and 167/200 for the Double Trap. Ross Walsh won the ISSF Skeet with a score of 102/150. This carnival will be held in Normanton next year.

Atherton club will be holding their Annual on the weekend of 26th and 27th October. The final annual for the zone is on the weekend of 2nd & 3rd November at the Charters Towers Gun Club with plenty of ground to camp at if required.

Until next time we have some news, good shooting and safe travelling.

# Australian Team, Grand American Trip

Team Members are: Sam Clifford, Stephen Atkins, Lynne Curtis, Robert Kirley and Arthur Turner. Peter Fitzalan from Dubbo also can along for the trip.

We all met up at Tullamarine on the morning of Monday, 5 August, and departed on Flight QF 93 at 10.30am destination being Los Angeles. We had an incident free trip arriving at 7.08am on the same day.

Sam was the only one to have received his permit for entry of his firearm to the USA so we knew he would get through customs, as for the rest of us were not so sure how we would get on.

After 15 minutes explaining to customs officers our dilemma, we

but Arthur wakes us at 4.45am. He must have had a nightmare! Off to Lax with security to the maximum. Arthur and Lynne get randomly selected for an intense search of luggage, including removal of shoes and belts. Must admit if I was in charge of security I would have pulled them both out of the line too.

Three and a half hours later we pull into St Louis, 40 minutes later we blast off to Dayton, Ohio and arrive 55 minutes later. Peter Streuber, our host at the Grand, was there waiting to pick us up. We dropped Arthur and Peter off at the Howard Johnson Motel while the rest of us went back to set up camp at Peter and Jackie Streuber's home. This was to become our home away from home and I can honestly say the trouble they went to make us

feel at home was unbelievable.

9 August 2002

Yesterday was the first day of the Preliminary Program but we started shooting today. After a breakfast that was fit for a King and definitely more like a banquet, we headed off to the National Ground at Vandalia. Today's events were 100 target 16 yards, 100 doubles and 100 handicap. Arthur and I top scored with 98 x 100 in the singles while Sam, Lynne and Arthur all shot 93 x 100 in the handicap.

Arthur managed 96 x 100 while Rob and I shot 95 x 100 in the doubles. We had just watched Kay Oh ye puff 100 x 100. There were 8 possibilities one being a 'D' class senior veteran, that really knocked our arses in. At the conclusion of the shoot off, the winner was Dan Murphy at 200 x 200 not a bad score for double rise we thought.

10 AUGUST 2002

100 singles Lynne, Peter and Arthur shoot 99 x 100. Sam and Rob 98 x 100 and I shot a blistering 97 x 100. Handicap Lynne 93 x 100, Arthur and I 90 x 100, Rob and Sam 87 x 100 and Peter 80 x 100. More ammunition required!!

11 AUGUST 2002

Today we have a 100 target Perazzi Handicap followed by 100 doubles. Lynne punches a 96 x 100 which if he had not of shot at an extreme no target he would had a 97. Rob shot a 95 x 100, the last 50 straight, Arthur 95 x 100, myself 92 x 100, Peter 89 x 100 and Sam 87 x 100. Number 5 was the lucky number pulled from the barrel which meant Rob and Arthur had another crack at a Perazzi Shotgun along with 380 others. Would you believe it, a guy called Steve Hawkins shot 100 x 100 off 27 yards along with one other guy. The prize money on this event was \$1,500.00 but because he played all the options he picked up \$21,818.00 US. Not a bad days work if I say so myself.

The shoot off was in brackets of 10 birds. Rob looked pretty good until he missed his eighth target whilst Arthur dumped two birds in his ten targets, car park time. This shoot off went 60 targets before they got a winner. In the doubles, Arthur shot a respectable 97 x 100 while the rest of us put in a pretty poor effort.

12 AUGUST 2002

were given the OK for entry with our firearms arriving soon after at the Crowne Plaza Motel. We indulged in a spa, swim and shower to freshen up before we were off again to Santa Monica for the rest of the morning.

We stacked a few Z's in the afternoon as we were all feeling fairly shabby by this stage. Finally after an exhaustingly long day we hit the cot at 11.00pm, none of us feeling like sleeping.

6 AUGUST 2002

At 8.30am the phone rings. Lynne, Sam and Rob are keen to pick up a hire van and get out to Universal Studios. Peter and I have had about 3 hours sleep thanks to Arthur's snoring and we were not so keen. Arrived at Hollywood at 10.30am put in a big day, sent on all the major rides and tours we could fit in, tried to go to bed a bit earlier as we were off to Tijuana Mexico the next day.

7 AUGUST 2002

5.30am came around too quickly and after a swaggies breakfast, we took off. We couldn't resist a brief stop at 'Corvette Mikes' in Anaheim to check out a few parts. At approximately 11.00am we turned our clocks back 30 years as we went over the border. For Lynne, Sam, Rob and Peter who had never been there before, it was a real eye opener. We put in a huge day buying the local wares and checking out how some people, not so fortunate as ourselves, live. We really do live in the greatest country on the planet. We did a heap of haggling, kidding ourselves we did OK but found out later they didn't see us coming, they rang us up. Back to LA after a long day, we dropped the hire van off then realised we had another early start (4.30am) ahead of us and the troops were not impressed.

8 AUGUST 2002

After we failed to get the 4.30am wake up call, hard to believe

Only one event today, 200 targets off 16 yards. Sam was the first bloke in our group to shoot 100 straight, he then missed three in the next 25 targets and ran the rest for a 197 x 200, Arthur also shot 197 x 200.

Our host Peter Streuber showed us how it should be done, smoking 200 x 200, he then had to shoot off under lights against three other Veterans. After another 50 x 50 Pete was declared the winner. Had a few jars to celebrate a terrific win by an absolute gentleman.

13 AUGUST 2002

Feeling a bit shabby and quite dehydrated, we had to front up to 100 doubles first up in the morning. After 25 pair I was clean and Rob was one down. On my 38th pair I let one go followed quickly by another two birds. Rob finished on 96 x 100, as did Arthur and Lynne. Next up was 100 targets handicap Lynne, Arthur and myself shot 95 x 100, Rob 94 x 100, Sam 90 x 100 and Peter 82 x 100.

14 AUGUST 2002

Today was the big one! The Clay Target Championship of America with the State Team Race being on this event as well. After the 200 targets in wet and windy conditions, Arthur had qualified for the most prestigious DTL Championship in the world. I missed my 19th target out and ended up on 199 x 200, Sam 196 x 200 while Rob and Lynne ended up on 194 x 200, which gave us a team score of 983 x 1000. To our surprise this gave us 11th place out of 45 teams. The Kansas team won with a score of 994 x 1000. Shoot off started at 9.30pm with 40 competitors busting 200 x 200. After 3 rounds of 25 targets 27 shooters had all dumped at least one bird. Arthur looked like he might give them a real push, but we spoke too soon and in round 4 he missed his 17th target and this left Arthur as "AA" class winner, high foreign shooter and 5th overall on 299 x 300. What a top effort!!

I was then surprised to be called up to shoot off with 3 other guys for 2nd and 3rd in "A" class. One of these was Sydney's Allan Jones. Allan didn't hang around for the shoot off as like me he didn't think 199 x 200 would get a look in for a prize. After 3 rounds I was lucky enough to pick up the crumbs.

15 AUGUST 2002

Today first up 100 doubles. Rob shot 97 x 100, Arthur and I 96 x 100, Lynne 94 x 100, Sam 91 x 100 and Peter 84 x 100. We then had the 100 target Vandalia handicap. Arthur was again the star performer missing only one target in the first 80 but dropped three in the next 20 for a 96 x 100 in fairly windy conditions. Allan Jones strapped it on for the best win of his career. He shot 98 x 100 from 25 yards and shot a further 25 targets in the shoot off to take 3rd place overall. This was a magnificent result when you consider there are over 4,000 shooters in this event.

16 AUGUST 2002

Today was the Preliminary Handicap and Lynne proved once again he could post a competitive score in the hardest discipline over here with another 96 x 100.

17 AUGUST 2002

Last event on the program was the "Grand American Handicap". I managed 95 x 100 after missing two in the last dozen, Rob 93 x 100, Arthur 92 x 100, Sam 89 x 100, Lynne 87 x 100 and Peter 84 x 100. The winner was a guy from Vermont who shot 100 x 100 from 27 yards and then a further 50 x 50 in overtime. Unbelievable!!

After shoot offs they announced High Gun winners and All Around winners. Allan Jones completed a great 10 days shooting by capturing the "A" class High Gun. Gary Kennerson also shot well during the shoot highlighted by his win in "A" class in one of the early singles events. I won "A" class in the All Around High Gun with 390 x 400. I am the first to admit none of us should be in "A" class but until they re-grade you that is what you are in.

For anyone who is thinking of going over to the Grand American

or any other major shoot and think they are going to show them how it is done, think again! The Americans collectively are the best DTL shooters in the world.

Anyone who can win or even gain a place in overall competition in a major shoot in the USA has really achieved something.

It is not like winning one of our National Titles, it would be ten fold or greater, but until you see it, it is hard to comprehend.

As for the five blokes I travelled with, they were fantastic company. Arthur did what he does best, takes over and runs the show, without his organisational skills, we would probably still be at Tullamarine Airport. Lynne was sensational, easy to get on with and always had something funny to say especially when we wet the beak. "The Mansfield Mauler" is absolutely unique, a fair dinkum "bushie" and real family man. Along with Peter the two of them together would give the two Ronnies a run for their money. As I have indicated, Peter had us all in tears of laughter all the time, he was our court jester and made team moral very high. Sam should get a special mention as he is 20 years younger than the rest of us yet showed maturity beyond his years and fitted in well. I hope everyone else had a good time, as I did and I thank the ACTA for making this trip available.

For anyone who is lucky enough to win a place on a team to the "Grand American" in the future, they can look forward to the trip of a lifetime.

Gary thanked the 709 students who had supported the 2002 series, along with their teachers and school principals for their time and approval for students to participate. # MATHAGUY CUP 2002

The second competition for the prestigious Mathaguy Cup was held on 15 August 2002.

Merenele represented by Warren Gun Club had assembled their top guns. Smithy, Cossy JW & Tear Arse were 'primed' and ready to go.

Ninedool represented by Illawarra Gun Club were the underdogs following last year's result, however 4 days intensive preparation had taken place and they were confident.

Above; Lunch at Merenele.

Left: Now, that's a "high house!"

Our host John Wild once again had gone to a lot of effort to ensure a difficult competition would sort the "men from the boys".

Big Mick Shields had to go to a conference and the calculator had been left at home, so that Ninedool were even more confident.

Double rise sparrows, the first event, followed by a single sparrow and full clay on report had a few contestants shaking their heads.

Accurate scoring supervised by the Jury enabled Ninedool to scrape home.

Nathan McDonald (ring in) took the high gun by one point from Bill Jones (great bloke).

Another top day, thanks to John and Vicki, Warren Gun Club, Illawarra Gun Club and camp cooks John and Alan.
