National President's Notes

John H. Byrnes

Seasons Greetings

On behalf of the ACTA office staff and all Executive Members, I would like to extend to all members the compliments of the season and best wishes for a prosperous and enjoyable 2003 for all.

World Masters Games

At the time of writing, I have just returned from the World Masters Games in Melbourne. I was very impressed with the size of the games and the organisation that went into the event. Approx 27,000 competitors participated in a range of sports. The Clay Target section had nearly 240 entrants across the events and it was great to see the medals shared evenly across a considerable number of shooters. I congratulate the Victorian Clay Target Association, the Frankston Australian Gun Club and the many volunteers who made the 6-day carnival a success. The atmosphere and comradeship was very positive and I would suggest that most really enjoyed themselves.

National Championships

As you receive this magazine the Skeet Nationals will be just concluding at the Western Australian Gun Club in Perth. In 8 weeks time the ISSF Nationals will be underway at the same location in Western Australia. As these events will be shot in the school holidays 11th to 19th January, it would be great to see a good attendance of juniors and ladies competing as occurred this year. The full programme will include State teams and National Training Squad selection. I look forward to catching up with many of you in Perth either at the Skeet or ISSF Nationals.

2003 Registrations

A brief reminder to all that your 2003 registrations are now due. The cost of registrations for 2003 is \$75 and \$42 for second family members and veterans. Junior registration costs have been set at \$20. These are up slightly on fees this year to assist in covering the increased cost of insurance that the Association needs to cover on your behalf.

Christmas Shoots

Nearly all clubs will be conducting their Christmas shoots over the next few weeks. These are usually very popular as many clubs make a special effort to capture the spirit of the season. I encourage all members to join in, support your local clubs and enjoy the social atmosphere at this time of the year.

QCTA STATE SKEET CARNIVAL ROCKHAMPTON 13th, 14th, 15th September 2002

The Queensland State Skeet Carnival for 2002 commenced at 9.00am on 13th September. The weather was unusually cool for Rockhampton with a little wind to make the targets unpredictable.

55 shooters contested the first event, the State Doubles Championship. After all had shot their 25 pair, Malcolm Bell and Laurie Chelepy (both from Rockhampton) mastered the conditions to record the top scores of 48/50. Local knowledge may have had some effect. After the shoot-off Laurie Chelepy emerged with the sash and the silver Queensland badge on 51/54 while Malcolm took AA grade with 50/54. Dave Dundon (Gold Coast) was second in AA with 45/50.

Lots of practice paid off for Len Edwards of Toowoomba and he won A Grade with 50/54 from another local, Mark Warnock (48/54).

Laurie Chelepy - Winner State Doubles Championship 2002.

John Park (Bundaberg) led B grade with 45/52 while Tom Comerford (Townsville) was second with 43/52.

C grade went to Rod McGregor (Brisbane) 44/54 from Henry Haythorpe of Townsville on 42/54. The leading Junior was Andrew Ferry (Sunshine Coast) with 42/50 while Carol Tipler celebrated her advance into the Veteran ranks by winning both best women and veteran with 43/50.

Friday afternoon saw the 50T State handicap contested. Two perfect 50/50s were recorded but 3 squads lined up for the shoot-off. At the finish Alan O'Keefe of Townsville took the sash and the silver Queensland badge with a score of 136/138 from Max Slater (Sunshine Coast) 133/138 and Toby Witt (Sunshine Coast) on 130/133.

69 shooters lined up on Saturday for the Queensland Skeet Championship of 100 targets. Merv Pratt on holiday from New Zealand shot the top score of 98/100 to take the coveted trophy, sash and silver badge. AA grade went to Dave Dundon 137/140 from Laurie Chelepy 136/140.

A grade was won by Trap shooter Peter Field (Blackwater International) 95/100 from Len Edwards 106/112.

First in B grade was the promising Junior Andrew Ferry (86/100) who also took the Junior section. Second was Max Slater on 104/110.

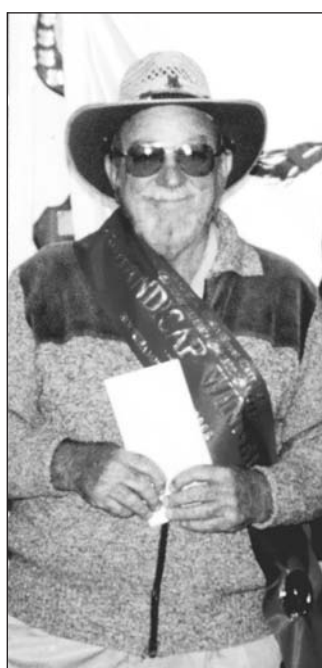

C grade was won by another Junior, Richard Brownson (Charters

Merv Pratt (New Zealand) - Winner Queensland State Skeet Championship 2002 with Bill Allan QCTA President.

Dave Dundon - Overall High Gun and Queensland Skeet Champion 2002.

Alan O'Keefe - Winner State Skeet Handicap.

Towers) 95/100 from Craig O'Neill (Brisbane) 91/100.

Best women went to Toni Dierke (Toowoomba) 97/104 while the Veteran class went to Jack Glanville (Oxley Vic.) 95/100.

On Sunday the 100T Pacific Coast Skeet Championship was up for grabs. Conditions were slightly warmer and the wind had dropped. Dave Dundon shot 100/100 to win the event. Merv Pratt (99/100) took first in AA from Max Barton (Toowoomba) 99/100 following a shoot off.

Andrew Witt 98/100 was first in A grade from Len Edwards 95/100.

B grade went to Jim Rodden 98/100 (Sunshine Coast) from Bevan Reibel 96/100 (Tallawalla).

Craig O'Neill 91/100 took C grade from Nicholas Brownson (Charters Towers) 89/100.

Vere Storch (Tallawalla) 94/100 won the Women section. Richard Brownson was the leading Junior with 94/100 while Jack Glanville was the first Veteran with 97/100.

Dave Dundon won both the Overall High Gun (291/300) as well as the 2002 Queensland Skeet Champion (340/350).

All the grade High Guns were sponsored by Winchester Australia and were:

AA - Laurie Chelepy (290/300), A - Andrew Witt 284/300, B - Jim Rodden 277/300, C - Richard Brownson 267/300.

Class High Guns were Womens - Toni Dierke 272/300, Junior - Andrew Ferry 275/300, Veteran - Neal Dimmick 275/300.

The State Shoulder to Shoulder Teams were selected over Event 3 and were:

Open Team: L. Chelepy, D. Dundon, L. Ferry, T. Witt, and M. Bell.

Women: Carol Tipler, Toni Dierke, Vere Storch.

Junior: A. Ferry, R. Brownson, N. Brownson.

Veteran: Carol Tipler, N. Dimmick, A. Badawi.

The Crayfish Carnival was a great success with the only thing surpassing the shooting being the superb hospitality of the club and the glorious food, which consisted of locally caught crayfish, prawns, swordfish and homemade seafood chowder. There were

The Geraldton Clay Target Club would like to thank all competitors and sponsors for supporting this event. I would also like to thank the Geraldton Apex Club for providing the Trappers, Ian and John Wheatland for providing their excellent auctioneering services for the Calcutta auction. Last but not least, the Club would like to thank all of its members for the time and effort that was put in by all to make this Carnival one of the best in Australia

fully cooked breakfasts, 3 course lunches and not to mention the morning and afternoon teas with a huge table laden with home baked cakes, slices, scones and cookies. The clubs facilities are great with toilets and showers for those who wanted to camp, plenty of room for camping and with the constant availability of food, there was really no reason to have to leave the grounds. The club also has a well-stocked and well-priced bar, which was great for a bit of relaxing after a long day of shooting.

CUSTOMISED BERETTA STOCKS

international competitors and teams, including the Chinese.

Born in Belarus, under the USSR regime, he undertook his gunsmith training at one of Russia's finest academies before specialising in pistol and general gunsmith work. Being a keen shooter himself, his 25 years of experience as a fully qualified gunsmith have seen him reap much success over recent years at the highest level of competition – the Olympics. His time in Brescia with Beretta was well spent and he now finds himself building custom shotgun stocks for those who are working towards the pinnacle of their aspirations. To this end, Scribani-Rossi has organised pre-inletted blank walnut stocks of varying qualities to be exported to Australia from Beretta, in Italy. Under the supervision of Scribani-Rossi, the gun is then fitted perfectly to each customer before Evglevski turns his artisan's hands to create a virtual work of art. I was privileged to spend a few days with Evglevski and follow the metamorphosis of a custom gunstock from a shapeless block of walnut to a magnificently finished custom stock. The following is a description of my observations.

Presently the stock blanks are already inletted but it is envisaged that suitable equipment to complete this task will be imported to overcome the expense of having the inletting already formed. The quality of the blank wood is virtually

requirements from the original stock supplied with the initial purchase. Since many shooters decide to keep their original stocks it is merely a matter of making adjustments from the original dimensions—these are all marked onto a data sheet for record

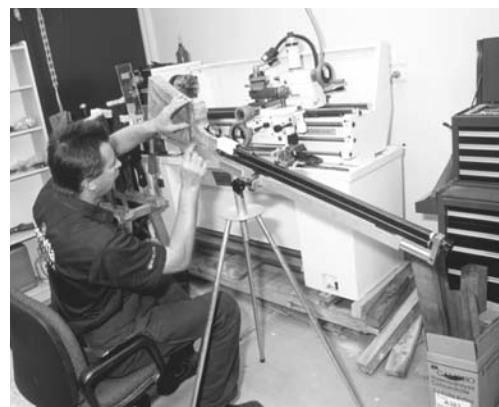

and checked as work progresses. Beretta, (Australia), have purchased a very simple apparatus from Italy that affixes the barrel of a gun to a calibration unit that enables all stock measurements to be precisely detailed. It has two adjustable slides that enable the drop at comb and drop at heel to be measured and a calibrated, adjustable Perspex overlay that enables the cast to be assigned. Once the inletted stock is attached to the receiver and barrels and the barrels then mounted on the apparatus, precise measurements can be followed to exacting tolerances, (at least to the capabilities of the stock maker).

The process begins with the purchase of a Beretta shotgun, usually one of the higher-grade trigger or side lock models such as the DT 10 or SO 5. Custom stocks can be made for other models but the laser-cut checkering found on the 682 Gold E cannot be duplicated in Australia. This would require a forend to be built to match the conventional checkering that Evglevski imparts onto the stocks he builds and shapes.

Scribani-Rossi relies on his 25 years as an international shooter and time spent with Beretta, (Italy), to be able to judge and assess a shooter's

(Right) Sergei begins his measurements once the gun is mounted on the "calibrator" - a handy piece of equipment secured from Italy.

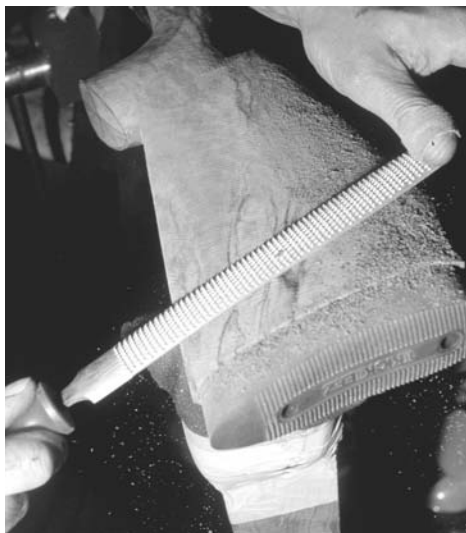

(Left) Once the basic stock outline has been drawn from the original stock shape, (slightly oversize to allow for machining), the blank is trimmed to shape using a band saw.

(Above) Locating the recoil pad, once the cast has been transferred to the stock is one of the initial steps.

(Below) Flat even stokes with the rasp ensure an even flat surface on the stock sides.

(Below) The first cuts with the checkering tool are to establish the border. The tool is moved gently and firmly to ensure continuity of the curve.

(Right) The finished shape of the stock is gently sanded to ensure flat and continuous lines.

(Below right) As the stock nears completion more regular checks on the "calibrator" are required to ensure the client's specifications are met.

This was exactly how the stock was started. Once an overlay pattern was placed over the blank, (a little oversized than intended), the shape was outlined and a band saw then used to cut-out the basic shape. The next procedure was to determine the pitch of the stock from measurements gained from the data sheet. This was achieved by taking measurements from the trigger to the toe and heel of the gun. Once this was cut on a sliding mitre saw the recoil pad was then scribed from an original pad. As it happened the customer wanted a Sorbothane Kick-Eez pad and this was shaped to the size and contour of the stock using a linisher. The line marks on the stock were then referenced with the attached recoil pad in its measured position and the whole process of shaping the stock began. Whilst most of the work up to this stage was performed using time-saving band and mitre saws, the more precise work of shaping the stock required manual labour. This was undertaken using a selection of files and rasps to shape the stock to the lines determined from the calibrating apparatus, ("calibrator"). Every now and again the gun would be locked into place on the "calibrator" and various adjustable measuring slides were moved into place to keep check on the progress. Another measurement after 20 or 30 minutes, shaping and rasping with a coarse rasp before returning to a finer file or a specialist chisel or wood knife would be used to construct the pistol grip or shape the flutes that lead rearward from the front of the comb. This continued from one stage to another and all was done by hand! At regular intervals a set of callipers would be used to ensure the correct thickness, as stroke by stoke,

shaving-by-shaving the stock began to take its form.

Watching the work was indeed a pleasure for I had previously watched stocks made on pantographs, (copy lathes), whereby a master stock is copied with modifications adjusted as required. I have also seen the inletting performed by a manual pantograph and also computer CNC, (Computer Numeric Control) servo milling machines, but watching Evglevski shape the stock by hand with mostly traditional hand tools was quite an experience, as the adjustable vice was turned from side to and the jaw protectors changed from one set to another, always taking care not to remove too much wood and to ensure the curves of the various surfaces were not compromised. Masking tape was required quite often to ensure the razor sharp chisels and knives did not score the blued metal surface of the receiver. In Italy, remarked Evglevski, they would have an old action or die that would be used instead of the original action, if you struck the metal work it would not be so consequential. He removed an old band-aid and re-applied a new one - not because he had cut himself but to protect his fingers from blisters as he controlled the progress and depth of various chisels, knives and rasps.

Having shaped the bulk of the stock and pistol grip he then traced around a template to mark out the flats on the sides of the stock where the action fits. Shaving-by-shaving the walnut was

skillfully removed as the finished shape of a custom stock neared completion. I looked at some of the shavings whilst Evglevski gently stoned his chisel to a razor's edge. The shavings removed from the stock were no more than five thousandths of an inch. As the final moments arrived there was more activity with decreasing grades of special sandpaper as rough surfaces became smooth. Some more knife work or a gentle trim with a chisel as the final product emerged, and still some more sanding.

Final sanding was undertaken mostly with the sandpaper wrapped around a flat surfaced ruler as the small lumps, bumps or minuscule hollows were sanded to an exacting finish. Again, a little trim with a rasp, and then a finer rasp or a cutting blade and the sanding would begin again until the artisan was pleased with the final result. More measurements on the calibrator and a knowing feel about the pistol grip as the palm swell was created. With wood, you do not build-up these areas; you remove the surrounding wood with gentle and deliberate strokes to expose the final shape. Again, more sanding, this way and that way a check on the flatness of the stock's surfaces with a straight-edge or a qualified gaze down the length of the stock to compare the shaped sides, a knowing open hand passing over a surface until the stock maker was satisfied with his final product. And if the stock is not right when the customer has a later fitting, the process must be started again, from scratch! To this end Evglevski also likes to spend some time with the client after they have had their data sheet prepared so he can determine any peculiarities they might have or any special requests with regard to recoil pads, recoil or shooting style that he, as a stock maker, feels he can assist.

Once the final sanding is completed, next comes the checkering, then the staining before up to 40 coats of Tru-Oil will be applied, with light sanding, (2000 grit wet and dry), in-between. I watched Evglevski hand-file sharpen the cutters of his checkering tool before tracing the pilot lines on the stock with a lead pencil. There were no templates here, the stock maker judged from his wealth of experience the lines and contours of the wood as he drew out the outline of the pistol grip checkering pattern, in pencil. A view from one side and then to the other, a look down the stock for evenness, a rubbed out line here and a new line struck with the dark pencil lead were all considered long before a checkering tool was introduced to mark the wood forever!

Some stock makers use hand-held machine checkering tools, I have seen these and computerised machines overseas that follow a zigzag pattern as they cut their patterns as finely or as coarsely as programmed. Evglevski picked-up the double lined cutting tool and skillfully followed the pencil lines as the tool gouged out a set of two lines for the border. Ever so carefully proceeding to ensure the points of the converging lines were precisely cut, with no overruns. Once the borders were cut a couple of diagonal lines were struck in the middle of the pattern before more lines were furrowed as the tool was worked from the middle to the outer side of the pattern. All completed at 27 lines per inch!

Starting from the centre of the grip each way to the borders the stock maker skillfully applied his trade until the pattern was completed and the stock then rotated to its other side to begin the tedious task again. At this level of stock making it was certainly imperative to have a steady and unerring hand. There were no patterns to follow, no rests to steady the hand or guide the tool as line by line the checkering was completed. Next came the staining and finally the tedium of applying a coat of Tru-oil and then a light sanding when it was dried. This process continued for a month. After each coating the stock was placed in a rack to dry before another coat was applied around eight hours later. Only two coats could be applied per day, the reason the finish took so long. With several stocks on the go at the one time it was not difficult to see how easily time is consumed. During my final visit there were another three orders awaiting a start.

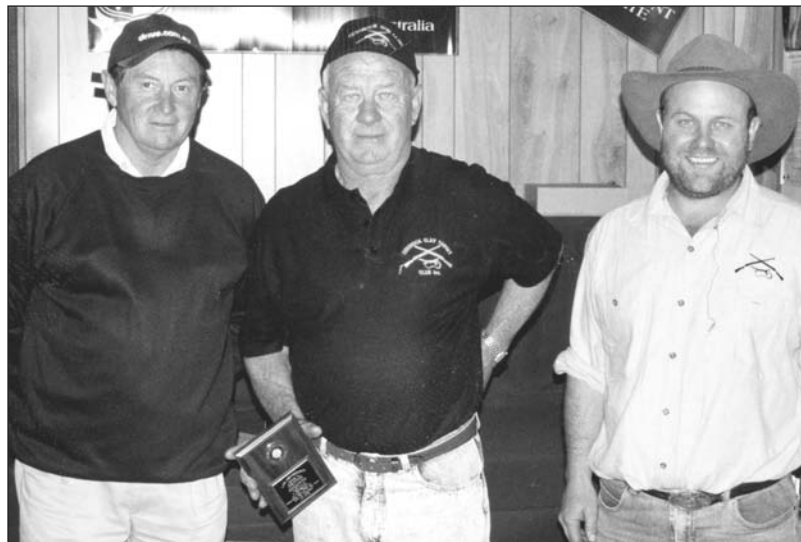

Sergei Evglevski was in my mind no doubt a master craftsman of his trade. He had assisted with final adjustments to Michael Diamond's Perazzi stock before he went on to win the Olympic Gold medal for Australia and he had prepared handgun grips for successful pistol shooters, including his wife who was also an Olympic medal winner for her homeland, Russia. The most obvious quality of Sergei was his pride of workmanship. His dedication to his work and skill as a stock maker were obvious as he carved a magnificent stock to exacting dimensions before my eyes. His dedication and unpretentiousness were qualities I well appreciated as he went about his daily work, with me looking over his shoulder taking photographs at every opportunity. His hands were steady and at the end of my time with him he had truly created a magnificent stock that I feel sure any owner would be proud. He certainly has my respect as a craftsman and I feel sure there will be many Beretta owners lining-up to experience the wonders he can create with select grade walnut from Turkey and a chisel, knife and many other tools of his trade.

Cessnock Clay Target Club

A cool morning gave way to a glorious winter day. Good Targets and perfect weather conditions, made for good shooting, with high scores and shoot offs were the order of the day.

The first event 25tgt D/B, saw 75 shooters that to the four layouts.

Dennis Goodwin with club treasurer and president after receiving life membership.

Overall high gun winner, Nick Xenos with Russell and Anne Hawkins from Hunters Retreat with local member Kerri Hickey.

Twelve clear round were shot, then the shoot offs started with the eventual O/A winner being Paul Farrugia with 65/65.

The second event, 30tgt D/B H/Cap A shoot off again being required to finalize the winner and place getters.

Neil and Helen Gay of Singleton Retravision were on hand to present the Trophies to the winners. No-one was, more pleased than Neil and Helen, as they presented the 1st place trophy to their young son NELSON, who shot very well to hold off a very strong challenge from older and more experienced competitors.

The final event the "ROSEMOUNT ESTATE AND HUNTERS RETREAT" Vintage Championship 50tgt. Made up of 25 D/B and 25 PTS which were shot off 2 layouts.

The overall winner with a perfect score 100/100 was Singleton shooter DENNIS PEARCE. a lengthy shoot off was needed to separate 1st 2nd and 3rd in "AA" grade between DAVID PERRI, Peter Fitzalan and N. XENOS. the winner was Nick XENOS.

Local State Member for the Hunter Mr Kerry Hickey, Russell and Anne Hawkins from "Rosemount Estate Wines" presented the top quality table wines to the winners.

With the sun starting to dip towards the west a three way shoot off was required to settle the o/all High gun between Nick Xenos, Peter Fitzalan and Chris McMahon, spectators were treated to some outstanding shooting with Nick Xenos reining supreme.

A special Presentation was made to long serving and hard working DENNIS GOODMAN when club president Craig main, bestowed life member ship on him.

Many thanks must be given to Rosemount Estate and Hunters retreat, Singleton Retravision and Jones fabrication and engineering.

A good day was held by all with good weather good company and fine shooting. Shooters returned home to SYDNEY, DUBBO, SCONE, SINGLETON and NEW-CASTLE Vowing to come back for our NOVEMBER 2 Day Shoot.

Coffs Harbour CTC Inc 2002 NSW Masters Games

Organisers were thrilled with the success of the Clay Target shooting section of the NSW Masters Games at the weekend. Convenor and Coffs Harbour Clay Target Club President Bob Aitchison said 35 competitors from NSW and Queensland converged on the Club's range at Moonee on Saturday and Sunday. "Everybody was rapt with how things went," Bob Aitchison said.

Numbers were on par with previous Masters Games held in Coffs Harbour. It was very pleasing to see many first time competitors and they were extremely happy with the competition.

Saturday morning saw 100 Skeet Targets contested with Tamworth's Rod Taylor supreme, taking the High Gun and A Grade with a credible 94/100 considering 50 targets were doubles. AA was taken out by Tumut's Tom Harris. Goondiwindi's Doug Makin who also contested Athletics shrugged off any fatigue to take out B Grade and Ray Abrahams from Port Macquarie taking C Grade.

Saturday afternoon 50 targets of the 150 Target Trap competition were contested with many competitors leaving the range with Saturday night festivities in mind and hoping for a change of fortune with the remaining 100 targets on Sunday.

Guyra's Barry Sweeney must have had an early night as he was in unstoppable form taking out A Grade and High Gun and the 60+ category. The Masters Game is contested not only in Grade but also in age group.

QUEENSLAND QUOTES

Queensland Skeet Contingent

This Queensland Skeet shooters initiative will cease at the end of 2002. The initiative was commenced with the object of getting more shooters to attend Zone Skeet Carnivals.

The numbers attending Zone Carnivals and the number of shooters eligible for the Contingent indicate that it is not achieving its objective.

The cessation of the Contingent was recommended at the Skeet shooters informal meeting at the State Skeet Carnival at Rockhampton.

Queensland Range Registers

These are located at every Queensland club and must be signed by any person discharging a firearm at that particular range prior to their discharging a firearm.

The Queensland Registers contain numbered pages as required by the Queensland Weapons Branch. Clubs using the old Registers with un-numbered pages are advised that the correct Registers may be obtained from the QCTA for the cost of printing plus packing and postage.

These Registers are a requirement under the Weapons Act and are therefore a legal document. They should be retained in a secure place by the club.

Club Affiliated Payments

All QCTA Clubs have been issued with their Affiliation invoices for the 2003 Shooting Year.

Please ensure that your Club Affiliation is paid promptly.

Affiliation Renewals

Club and Member Affiliations are now due again.

Club Officials should ensure that CHRISTIAN names and Dates of Birth are included on all affiliations whether they are new or continuing members, or old members rejoining after a period of absence.

Notification of Changes to Office Bearers

Any change of positions in a Club should be notified in writing to:

ACTA, QCTA, your respective Zone, Office of Fair Trading and Queensland Weapons Branch.

This notification should include Surname and Christian names, postal address and phone & e-mail contact details as applicable.

It is the Club's responsibility to notify all of the above. No-one else will do it for you.

Seasons Greetings

The Christmas shoot season is here and a multitude of shooters

are available for you to try to win your Christmas Fare and have a good day out at the same time.

The QCTA wishes all shooters a Merry Christmas and a prosperous and shooting filled New Year.

Foster Gun Club

Gippsland Shooters Support Peter MacCullum Research.

The Foster Gun Club conducted a shoot in aid of Peter MacCullum Research on Saturday, 12 October. Gippsland shooters supported this shoot well, firstly by attending and by supporting the two raffles we ran.

A half case of cartridges was donated by Herman Finken of Hermans Sporting Guns and another half case by Tony Sanders, a regular supporter of our club.

All trophies were donated. The Ladies Social Committee supplied trophies for the 50T Sth Gippsland D/B C/S and Peter and Marj McGaw for the 20 Pr Gippsland D/R C/S.

Thanks ladies, Peter and Marj for your continued support and also to Herman and Tony, your generosity enabled us to send a cheque for \$800 to Peter MacCullum Research, a very worthy cause.

CUZZO'S RAMBLINGS

October 2002

A few weeks ago Karen and I made our annual October pilgrimage to Wagga for the running of the NSW State Trap Carnival. I think this is my fourth year of doing that particular job for them, which I think also coincides with their decision to make the National Shooting Ground at Wagga, their State Shooting Ground. I realise that this decision wasn't, and probably still isn't, all that popular with some of the NSW shooters who live in the northern part of that state.

However I firmly believe that once the ACTA made the decision to put the time, money and effort into establishing a National Shooting Ground, then a moral responsibility arose for the State fortunate enough to have it in their own backyard, to get behind the project and support it to the hilt and I congratulate the NSWCTA for making that commitment and meeting that responsibility.

No decision by any governing body is ever going to suit all of the people all of the time, and no governing bodies ever make absolutely astute decisions on all occasions, particularly when viewed from the advantage of hindsight. The fact that I agree with both the ACTA and the NSWCTA over these recent decisions is no real indicator of whether they are right or wrong, but the fact that I don't live in NSW and both Melbourne and Canberra would have been a lot closer and easier to access for me than Wagga, at least eliminates a vested interest from that view.

One of the worst things for impeding the progress and growth of any organization is members who dig in their heels and endlessly drag the chain on any decisions or matters that do not suit them personally, regardless of whether or not they are in the best interests of the majority. The Wagga Shooting Complex is now a reality and is already producing the advantages that only a "primary venue" can provide and continue to expand upon.

Since my last visit there earlier in the year, I noticed a number of changes and improvements, including the addition of quite a few more powered camping sites. So I'm appealing to all the NSW shooters who live in areas other than the southern zone, to get behind your State association and support their visionary decision. Likewise to the shooters from other States. Please support the ACTA by attending as many events at Wagga as you can, as I'm sure our descendants will be grateful to us for it, when they have access to one of the finest Clay Target Shooting facilities in the World.

The trip to Wagga is almost a full day's travelling for us, particularly around winter when the snow and ice on the Great Dividing Range makes the trip a lot more challenging. Just ask Karen about the time we got caught in a total "white-out" on top of Mt Hotham. It was sort of like flying an aeroplane through an endless cloud. Or the day she spent part of the time looking out the side window to see where we were going, part looking out the windscreen at the thousand foot drop over the edge and part looking back to see if I could get any more opposite lock on the steering of our overloaded Commodore wagon. Like some of my shooting accomplishments, luck played a bigger part than skill in the successful completion of that little excursion.

For these reasons I usually like to get away by morning tea time to arrive in Wagga for dinner. This year though, I got held up and we didn't get away until after lunch. Fortunately the road was "user friendly" and we didn't have to fit snow chains, but by the

time we got to Albury it was dark. So instead of afternoon tea with the infamous "Boydie", we stopped for dinner with our old friends Phillip and Peter Jackson at their newly acquired Matador Motel, which is conveniently located on the Hume Highway in the middle of town. Phillip is a very keen Clay Target shooter, who I first met some years ago at a junior development camp I was doing for NSWCTA, and I'm sure he would be very pleased to have the opportunity to accommodate and chat with any shooters who are visiting the Albury area.

This year's shoot was very well attended, particularly on the Friday when a new event was added to the program. Previously the format was two events each day for the first two weekend days, with the Pointscore and Team Shoots on the Monday, which is a public holiday in NSW. Adding the State Champion of Champions on Friday afternoon expanded this to three and a half days of shooting. Total carnival attendance is usually around 240 shooters, so I figured that with Friday being a working day as well as a new addition that wasn't included in the High Gun, then about 80 entrants would probably pull it up. So when 160 people nominated and we had to open up another ground, it was a very pleasant surprise for all concerned and pleased the organisers no end.

NSW has thus become the first body to incorporate all the events conducted at the Trap Nationals into their State Carnival program, effectively providing a mini mirror image of our annual Main Event. I suspect that this could be more than coincidence or a random happening and that NSW could well be trialing the format that is rumoured to be in the pipeline for the Nationals. I believe that there is currently some pretty serious discussion going on about rebuilding and expanding the shooting grounds to incorporate another five new trap layouts. Once this is done I reckon that two events per day at the Nationals could become a reality, with the whole program including the Deauville Doubles and the MacIntosh Teamshoot, being finalised over four days.

Two events per day would certainly add to the atmosphere of the Trap Nationals and tend to keep people on the grounds all day. The high priority of additional camping sites is another indicator of this desire, which would go hand-in-hand with a condensed program in making a trip to the Nationals a much more affordable exercise for a lot more people. With the recent addition of such things as an outdoor coffee cafe and an ice-cream van and the ACTA sponsored shooters party, the word "carnival" could eventually take on a whole new meaning.

NSW inducted another two "living legends" into their State Hall of Fame this year and it was great to see five of the six previous inductees present for the occasion. Only Pud Burgess couldn't make it and had to send an apology due to a clash with an immediate family wedding. Dick "the silent assassin" Piotrowski and Mark "I will win a National title" McInnes have now taken their place alongside some of the finest shooters this whole country, not just the State of NSW, has ever produced. I was only sad that I didn't get more time to chat with the likes of Warren Charlton and Jimmy Ellis. These people, who were my idols and role models when I was learning to shoot, are truly both State and National treasures and tremendous characters in their own right, and it's a great shame that they are seen so rarely on the shooting tracks these days.

The only mildly disappointing aspect of the Shoot was the usual absence of lower grade shooters and the minimum number of people who entered the optional purses. It always amazes me that

the majority of lower grade shooters don't attend the likes of their State Shoot and the Nationals on the basis that they aren't good enough to win. The reality is that they also probably can't win an event at their local club shoot either, but at the major shoots their chance of winning their grade is almost as good with a much larger potential reward.

In relation to the optional purses, one is already graded, one is split between the highest qualifying scores, which doesn't necessarily preclude the grade shooters, and the other, although a winners purse, is probably more relevant to the lower grade shooters in the Handicap event, than it is to the top guns. And the only initial complaints that I overheard about the Shoot was in relation to the cost of nominations, but once it became known what percentage of that entry fee was paid back to the overall and grade winners, most people then decided that it was very good value for money.

As usual inland NSW turned on some great weather for the event, with only the last day initially threatening to dampen our spirits, but then deciding against it and providing a fourth consecutive pleasant day. Ludwig's famous Geminis performed faultlessly once again under the watchful eyes of Fred and Josso, throwing a continuous stream of the finest Queensland targets the Tunney brothers can produce. A lack of operational problems has settled down to become par for the course recently, with shooters now going to Wagga and realistically expecting everything to run like a Swiss watch. This was in no small way assisted by Andy Sanders and his tireless bunch of toilers in the administration office. All in all I thought it was another great shoot and like most of the other people I'm sure, I look forward to our next visit back there in April for the Trap Nationals.

Now to change the subject. The Skeet Shooters Association is currently attempting to compile a list of all the previous State Skeet Champions and High Gun winners, before this information becomes too old for anyone to remember and thus gets lost forever. Our eventual aim is to collect all this data, update it annually and make it available for posterity via our website. If anyone has any information, be it comprehensive lists or even individual winners for any year from any of our seven States and/or Territories, I would be most appreciative to hear from you via phone, mail, fax or e-mail. My various phone numbers are regularly published in the CTSN at the end of my column and in my Shooting Lessons advertisement and my e-mail address is cuzzo@a1.com.au.

This month's Shooting Trivia Question: Who is the only person to ever win the NSW State Double Barrel Championship back to back (on two consecutive years)? Mail your answer to Shooting Trivia, P.O. Box 265, Bairnsdale 3875, to arrive by 20-12-2002. The first correct answer drawn shall receive a free entry to next year's National Double Barrel Championship. The correct answer to October's STQ is: The last person to shoot 650x650 at the World Skeet Shoot was Wayne Mayes in 1994. The real significance of this feat is lost on a lot of people until it is put into perspective by viewing it against familiar comparisons.

Our current National Skeet format is 450 targets over five days, without shooting either the 28gauge or the 410, and the best score ever recorded to win the High Gun is 7 points down. Similarly our National Trap program is 325 targets for 475 points over six days and the highest tally anyone has ever managed to record for the High Gun is also 7 points down. So to shoot at 650 targets over six days at the World Skeet Championships, including 100 doubles and 100 with the 410, and finish zero points down is certainly a feat that I would have had difficulty believing if I had not seen it with my own eyes. The first correct answer drawn was submitted by Julian Lucchitti from Georges Hall in NSW who wins a free entry to next year's National Skeet Doubles Championship. Congratulations Julian. If anyone has a good trivia question or an interesting topic for discussion in this column, I would enjoy hearing from you.

Good Luck and Good Shooting.....

TOP END GUN CLUB

On 18 August The Top End Gun Club was pleased to present to its shooters and visitors the 2nd Annual Barry Munt Memorial Shoot.

Barry Munt memorial High Gun winner, Victor Ferteklis (middle), Shane Munt (Barry's son left) and Colin McTaggart (president TEGC).

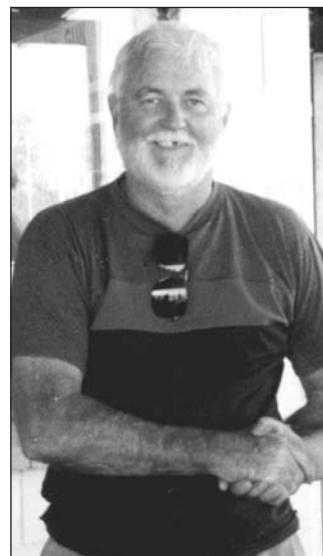

Above left, Clint Goodwin, Group 2 winner.

Above right, Group 1 winner, Rich Schmidt.

From left, Colin McTaggart (president), Rich Schmidt, Daryl Maxsted, Shane Munt, Howard Munt (Barry's sons).

Group 3 winner George Hennessy.

We had a very good turn up with competitors from Top End, Darwin and Interstate. We also had the honour of having Barry's two sons, Howard and Shane, with us for the day. The day started off with 25 targets on our sporting layout. A few of the shooters hadn't tried their hand at this discipline before but all returned with smiles on their faces and with quite a few good scores on the board. Next we contested 25 ISU skeet. Not so many smiles this time.

It wasn't as easy as the Commonwealth Games competitors made it look! One of Barry's favourites, single barrel DTL, was up next and we were all starting to get it together again. We ended the day with 25 Skeet Doubles.

Some pretty good scores for the day and all eyes were on the scoreboard to see who would be taking home the much sought after sash.

Final results for the day were:

O'All High Gun Victor Ferteklis (Darwin CTC) 85/100

Group 1. Rich Schmidt (Tope End GC) 81/100

Group 2. Clint Goodwin (Darwin CTC) 80/100

Group 3. George Hennessy (Darwin CTC) 71/100

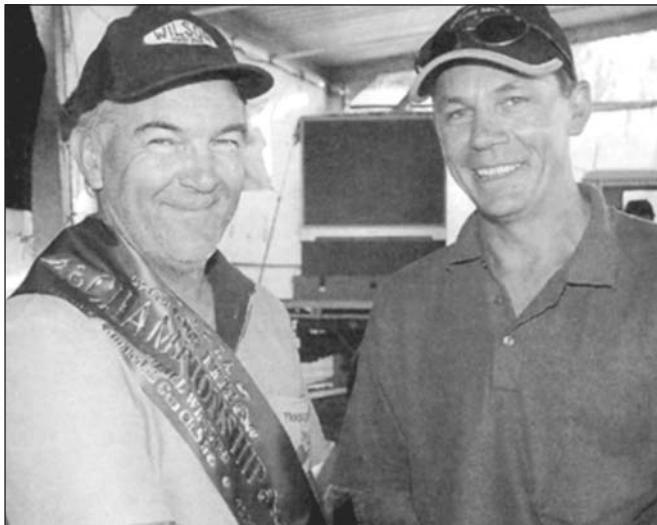

We would like to thank our sponsors for the day ... AKS Welding ... and extend an invitation to all shooters for the Barry Munt Memorial next year.

GUM TREE 2002

More than 170 shooters converged on the property Kibah on the October long weekend, for the Annual Gum Tree Shoot, at Gunnedah.

Shooters travelled from as far away as Echuca (Victoria), Gatton & Brisbane (Queensland), Batraland, Narrandera, Wagga, Forbes, Brewarrina, Goodooga, Nyngan, Dubbo, Mudgee, Molong, Nowra, Dapto, Woolongong, Sydney, Taree & South West Rocks.

With more than \$12,000 worth of trophies and the high standard of targets, competitors were not disappointed.

Gunnedah-Boggabri Gun Club president Andrew Farquhar, right, with Gum Tree winner Darrell Groundwater at the presentation.

Darryl Groundwater went into the event as favourite and set the standard from the opening station. He put in a fantastic performance to become the overall winner of Gun Tree yet again! 'Congratulations'. Overall grade winners were Peter Wells AA grade, Gulgong's Lee Cunningham A grade, Ross Christian B grade, Dubbo's Tas Touvras C grade & Armidale's Bernie Mackson D grade.

AA High Gun, Peter Wells.

Ladies High Gun Jenny Nichols.

The women's trophy went to Jenny Nichols (Mudgee). The Junior aggregate to Daniel Baskerville (Mudgee) and the Veterans event to Jim Taylor (Mudgee) who has been coming to the shoot for 30 years, a great effort Jim.

Saturday, 100 target Retraction classic overall; Darryl Groundwater (Brisbane), AA grade Keith Cameron (Quirindi), Laurie Redfern (Forbes) 2. A grade Lee Cunningham (Gulgong) 1, Jack Barker (Muswellbrook) 2. B grade John Bishop (Grafton) 1, Jim Taylor (Mudgee) 2. C grade Roy Johnson (Willoughby) 1, Andrew McManus (Moree) 2. D grade Lauren Jackson (Cessnock) 1, Colin Penson (Molong) 2.

Sunday, 50 Target Gum Tree Championship overall Darryl Groundwater. AA grade Peter Wells 1, Peter Kay (Dubbo) 2. A grade Lee Cunningham 1, Andrew Garvie (Singleton) 2. Bust more Clays with EasyHit Beads

You will see the bright orange/red fibre optic laser sight bead only with one eye squared down along the rib and the gun mounted properly. EasyHit does this because the **bead is enclosed in a tube**. Eliminates eye dominant problems. Shoot with both eyes. See the target/bead relationship ever so clear and bright especially shooters wearing prescription glasses. EasyHit Bead is 90 mm long, available in orange/red or lime green and choice in bead diameter 2 mm, 2.5 mm and 3 mm.

Learn to Hit the HARD Shots

Sunrise Productions specializes in highly instructional shooting videos. They developed the 'EYE CAM', a specially mounted camera that allows you to look down the gun barrel to see the target approaching, the gun mount, the correct lead & the shot taken. Combined with **super slow motion**, you can actually see how top coaches and world champions consistently hit the hard shots so that you too can become a champion. Your choice of style and instructor eg George Digweed, Dan Carlisle, Marty Fischer, John Bidwell, Todd Bender and Gabby Hulgán. Sporting clays and Skeet videos.

A live band Saturday night helped competitors to relax after a big day shooting. Fun was had by all!!

The club would like to thank our very generous sponsors: Retravisation, Olympys Targets, Tamworth Firearms, Gunnedah Batteries & Windscreens, Percy Contractors, Regal Hotel, Commonwealth Bank, Fosters Firearms. Quirindi Gun Club (for the lone of some traps).

Winner of the Duck Trophy, Andrew Gar.

Retravisation was very kind to lend the club a 'BIG' screen TV, so everyone could enjoy watching the footy grade final Sunday night.

What a good way to end a great weekend. Thank you.

The club received some very sad news on the Saturday of the shoot. Mr Steve Staughton, the long serving patron of our club, had passed away. Steve was a wonderful supporter to our club. He was the founder of Boggabri-Gunnedah's Tally-Ho shoot. Steve with his great smile will be sadly missed.

A minutes silence was observed at the shoot for Steve Staughton, Vic Eather & Rod Pryor.

Vic Eather was one of the founders of the Gun Tree Shoot. The first 30 Gum Tree Classics were held on Mr Eathers property near Boggabri.

They will all be sadly missed.

The club would like to congratulate all the shooters who took home our terrific trophies and good luck next year for those who didn't.

The club would also like to thank all those people who took time out of their very busy lives to help set up. This made for one of the most successful shoots ever.

A very special thank you goes to the Hyem Family for the use of their property Kibah.

Happy Shooting, hope to see you all next year.

29th September "Medley Teams Shoot"

Traditionally the fifth Sunday in the month is when we hold the "Medley Teams Shoot" where there are four shooters per team. The object of the day is to shoot 25tgt Trench, 25tgts DTL, 25tgts Skeet, 25tgts Sporting Clays, and shoot consistently good scores in all disciplines. Sound easy! Well you will have to come to our next Medley to find out how easy it is. The other object of the day is to have some fun, it's something to see, someone that hasn't shot Trench, Skeet, DTL or S/Clays before, walk of the lay out, shoot 5/25 and have a smile on their face! When you ask them how they went they would tell you not too good but I'm gunner have another go at that, it's good fun!

Third placegetters — The Mountain Men, from left, Mark Corbet, Bill Warriner, Doug Blewitt and Greg Mifsud.

Like most shoots every thing has to be organized day's and weeks before any body has fired a shot, Targets, Trophies, Canteen stock, ect, except for the Sporting Clays lay out were that was set up on the Saturday before the shoot by the S/Clays coordinators in freezing conditions and a fairly strong breeze.

Sunday, shoot day, the weather's fine, sun's out and the wind has gone from a gale Saturday to a slight breeze Sunday, looks like a good day for shooting! As the shooters rolled in they filled out there team nomination form with there team name (names as "The Dregs", "Late Comers", "Europa", "00 Buchshot", "5 Shot",

"Field Fumblers", "Team Virgin", "Mountain Men") all very sophisticated names as you can see.

When all the shooters had nom'd up they were all called into the club house for a quick introduction to the coordinators, if they needed some help on a certain discipline they would know who to ask. Looking after Trench is Nick Haridemos & John Petriella, DTL, Geoff Mills & Garry Betar, S/Clays, Tony Peterson & James Jonklaas, Skeet, John Taylor & Tim Jones (filling in for S Balogh & M.Kurtz) with my self being Shoot Marshall for the day.

First placegetters — Team Europa, from left, John Jasnos, Fil Petriella, Nick Haridemos and Harry Kassianou.

A bit after 10am squad one went and lined up for Trench, squad two DTL, squad three Skeet and squad four to Sporting Clays and so the day went on. After all the teams had shot at least two disciplines our cook in the canteen Terry Forrest had the roast cooked and ready to serve. (A sit down lunch was included in the \$50 nom's) Great job in the Canteen Terry! After about 45 minutes we all went out and finished the other two disciplines that were to be shot.

When all the score sheets were back, the counting began and there can only be one winner. On our Medley Shoots, we like to treat the day as a team's event day but we also like to acknowledge the

Second placegetters — Team Virgin, from left Geoff Mills, Willo Cameron, Robby Cameron (missing is Peter Ewart).

High Gun winner, Jim Ellis with John Jasnos (Secretary/Treasurer).

shooter with the best individual score, belonging to a team with a High Gun Badge, and the High Gun went to the person that started the "Medley Shoot" some years ago, Jim Ellis with a score of 91/100, well shot Jim. We put on a couple of encouragement awards for those shooters that need that little bit of encouragement. First encouragement award went to James Jonklaas (normally a S/Clays shooter) with a "5" in Trench well done James, second went to Peter Nikesitch (New to shot gun shooting) with a "7" in Skeet & "7" in S/Clays well done Peter, sounded like your friends were really happy for you! There were also some fine individual scores shot, Robby Cameron shooting 25/25 Trench, Doug Blewitt & Fil Petriella 25/25 DTL, Bill Warrenner 24/25 in Skeet & S/Clays, Jim Ellis & Heinz Klink 24/25 Trench, Lance Pinner 24/25 Skeet. Now on to the teams, in third place, last "Medley Shoot" winners form Cooma, "The Mountain Men", with a score of 312/400, Doug Blewitt, Bill Warriner, Mark Corbet, Greg Mifsud, Second went to "Team Virgin" with a score of 313/400, Robby Cameron, Willo Cameron, Geoff Mills, Peter Ewart and First went to "Team Europa" with a score of 329/400, Nick Haridemos, Fil Petriella, Harry Kassianou, John Jasnos.

Canberra International Clay Target Club Inc. would like to thank Graham's Building Equipment for sponsoring the perpetual cup, all shooters that travelled from Batemans Bay, Sydney, Shoalhaven, Cooma, Murrumbateman, Goulburn for participating in the "Medley Shoot", Terry Forrest for serving up a fantastic lunch, all the discipline coordinators for helping out where help was needed, and last but not least the weather, ugly one day beautiful the next! Tight Chokes!

Victorian Zone Title Scores Low Due To Wind

Echuca Clay Target Club held a Victorian North East Zone mixed target event on Sunday 13th october and due to very gusty conditions full scores were not on the agenda.

Echuca shooters dominated the shoot with only two Bendigo entries getting amongst the winners for the whole shoot.

Local junior shooter Glen Calleja showing the way with an overall win in a handicap event and two grade wins in other events.

Results for the day were as follows.

Event One, Vic NEZ 40 Mixed Target, Overall & AA S Atkins with a 58/60, A Grade I Gebhardt after a shoot off resulting in a score of 84/90, B Grade R Northausen on 53/60, C Grade G Calleja with a score of 51/60.

Event Two, 25 Target Handicap, 1st G Calleja off 11 mtrs with a full 25/25, 2nd P Beaman (Bendigo) with a 34/35 off 19 mtrs, 3rd R Webster (Bendigo) off 18 mtrs with a score of 29/31.

Event Three, A 25 Target Double Barrel, Overall & AA S Atkins shooting a clean 34/34, A Grade, R Flower on a 41/42, B Grade, junior shooter in R Atkins on 23/25, C Grade, Glen Calleja with a score of 23/25.

All shooters enjoyed the day and with 3 traps used and an early finish allowing an easy trip home.

Is it a secret where our Clay Target Clubs are located?

In the August Shooting News, 49 clubs advertised shoots and only 14 had the location of their clubs listed in their advertisement. Regular visitors may know where a particular club is located, but what about new and first time shooters as well as other travelling shooters.

Why unnecessarily phone busy club secretaries for club location and directions?

So come on clubs, it is just a couple of extra lines in your shoot advertisement. Remember it pays to advertise.

To: The Editor

The support of local, state and federal charities by Clay Target Clubs from all over our country, is indeed a reflection of our sports participants efforts to enhance the sometimes tainted image, gun owners are labeled with through adverse media misrepresentation.

I believe, to a certain degree, this adverse misrepresentation turns away, from our sport, many potential new shooters of clay target discipline.

There is not doubt that one of the other key factors resulting in dwindling numbers at club shoots is primarily financially motivated.

Let's face it, our sport isn't cheap and to an ever growing number of long time competitors travelling away from their home base to attend various weekend club, zone, state and national events is becoming cost prohibitive.

The elements of cost and dwindling numbers, if left unchecked, is formula for the sports eventual demise.

We as clay target shooters have a responsibility, from executive level down, to address these issues, as a matter of urgency.

I am optimistic that you will print this letter, in the hope it may stimulate and create interaction between clubs and their members and, eventually, lead to perhaps a forum where the national governing body is involved on an ongoing basis.

This honourable sport of ours stands at an uncertain crossroads, but perhaps it's a crossroads of opportunity. We need to act ... not tomorrow, but now!

So where do we go from here?

*Willem Smits

Fair Dinkum! Talk about shooters being their own worst enemies. Pathetic is the only word to describe it. The crap that's been written about and including M D Collins' letter to "Your Say" October 2002, just goes to show what a dedicated course of self destruction we are on.

One has to sit down and wonder, if the Government hasn't planted some "stoolies" in high positions to stir up such trivial rubbish in order to get one shooter hating another, then others choosing to take sides.

As one of the 90% (my guess) of genuine shooters who just want to go out and enjoy our sport (regardless of discipline) for what it has to offer, my advice to ALL shooters of ALL denominations, is to get off your bums and forget about these petty differences. Weed out

the troublemakers and chest bangers at club level, then sit down and start writing letters and making phone calls to the powers that be within your particular organisation. Find out why we can't form a united group of ALL shooters, similar to the USA where we are a voice of one, under one umbrella and politicians sit up and take notice of what we've got to say before it's too late. Perhaps, the istoolie! problem I wrote about earlier has instructions not to let this happen. Maybe, just maybe, it is already too late.

Nev Brady

Dear Editor

I refer to the letter in November's "Your Say" section by Ronald W Fenwick. As his complaint seems to be about the impending rule changes, and as I am not even a member of the National Executive, let alone a member of the ACTA Rules Committee, I can't work out how I even managed to get a mention, let alone most of the blame. Perhaps he just got caught up in the current frenzy of Cuzzo bashing!

Also as the proposed rule changes almost exclusively relate to Trap shooting and "his ramblings" seem to focus on the irrationality of the proposed (handicap) rules and (trap) angles to be imposed on us next year, I don't even see a connection between myself and his complaints. I would have thought that by now most

people would have worked out that I am a Skeet shooter. The only reason I even attend the occasional Trapshoot is because my wife and father-in-law are keen Trap shooters, and on those occasions I generally find more interesting things to occupy my time, such as Shoot Marshalling or card playing, and seldom actually partake in the competition.

Additionally, I constantly and bitterly complain about the fact that our ACTA Skeet rules were bastardised by a collection of iTrap oriented people who had very little interest and even less direct involvement in my sport. Thus it would be somewhat hypocritical of me to turn around and attempt to influence any prospective Trap rule changes. So just exactly why Mr Fenwick has chosen to draw me into his grievances remains a mystery.

Anyway, now that I'm there, I might as well give my opinion on the substance of his article. I believe that his meanderings down memory lane serve no more useful purpose than my own: the gathering of useless trivia, and I agree with precious little of his offerings, other than two quite valid points. The first is that the (current) handicapping system does not work and the second is that the offence I take to his article is warranted.

Although Cuzzo bashing is a perfectly legitimate sport, and one which I occasionally encourage by leading with my chin, I think that his slighting of the ACTA Rules Committee is another matter entirely. I believe that Mr Fenwick has the Rules Committee confused with his lawyer. A lawyer is a person who most likely does not share your passion, who may not be adequately qualified to serve your interests, and whom you pay handsomely and therefore are well advised to be very critical of his work. The ACTA Rules Committee, on the other hand, share Mr Fenwick's passion with Trap shooting, are eminently qualified in that particular field, and voluntarily serve his interests at considerable personal cost in time, money and effort. Thus I believe that he should be a lot more appreciative and supportive of their efforts, particularly as they are attempting to resurrect an area that even he agrees is currently in disarray.

*Have a nice day

WA State Skeet & Trap Carnival - WAGC (Inc) Success

Over the long weekend of 28th - 30th September 2002, the grounds of the West Australian Gun Club (Inc) were once again utilised for the WACTA State Carnival. There had been considerable work done to have the grounds up to the standard that WAGC (Inc) prides itself on. With some \$18,000 spent on fertilising, reticulation upgrade, planned management plus a further \$5,400 on a new bore, the grounds were green and inviting to all visitors and competitors.

For the first time sun shone beautifully on the Saturday - the traditional Skeet day, instead of the rain and thunderstorms as in the past years. But alas for the "skeeties" this still didn't prove to be their day as into the morning Western Power took it into their hands to put obstacles in the way as in the past with a power blackout. Nevertheless this little interruption failed to dampen the enthusiasm of the WAGC (Inc) members from achieving results.

First off for the day, WAGC members (C Bertini, M Ponta, M Voke, S Lee & D Knight) took out the Zone Team Skeet Match with a 118/125 from the Eastern Goldfields after a shoot off. Congratulations guys for an excellent effort. After this we then went into the 50t WACTA Skeet Championship with Clem Bertini, Robin

Bailey and Christine Alexander putting in the scores for trophies in this event. Once this event had finished the "blue ribbon" Skeet event - 50t State Skeet was conducted with Clem Bertini (62/62) winning the State title from Peter Vosper. Backing Clem up in the trophies was Marco Ponta (60/61) and Clive Shepherd (73/75). At the end of all shooting, the State Open Skeet Team was announced with Clem Bertini, Marco Ponta, John Rossi, Max Pedri and both Clive Shepherd and Robin Bailey making the Veterans Team as well. Robin Bailey also won the High Gun of the State Veterans Team. Ladies State Team member and High Gun was Christine Alexander with Mitchell Hardy and Nicholas Wells making the State Junior Skeet Team. Well done everyone on the wins and selection for State Teams. All the very best for Skeet Nationals in November 2002 at the West Australian Gun Club (Inc).

Sunday came and Trap competitors took over the grounds. Breakfasts were running hot and practice was well under way. It came 8.30am and the Shoot Marshall - Murray Alexander OAM, started official competition with the Zone Teams competition. Unfortunately Zone 1 (Metropolitan) and WAGC members were unable to achieve the same results as the Skeet Team and came 4th overall. Next began the 60t WACTA Champion of Champions event with wins to Paul Finis 124/125, Robin Bailey (123/125), Terry Hearn 95/100, Bill Foy 116/125 and Max Craven 85/100. After this event with everyone now warmed up due to food, practice, competition and sunny day, the State Double Barrel commenced. Club members who achieved in this event were Frank Shim (70/71), and Terry Hearn (50/51).

Murray Alexander presented his fathers trophy - the Roy Alexander Perpetual to the three (3) top Juniors, being Malachai Humphrey (50/50), Sam West (49/51) and Matt Bowden (48/51). This trophy over the years has been won by some of the State's top juniors who are now top class Open competitors. Thank you Murray for supporting the Juniors and carrying out your fathers vision.

The last day of the competition, Monday, started with Clubs putting in Teams for the Katanning Bullet to which Geraldton won from WAGC. Well the harder Trap discipline - Single Barrel got under way with Terry Hearn (48/52) and John Panara (40/50) being our only representatives at the trophy table. Things changed though in the 50t State Double Barrel Points with Rick Hellriegel (143/150), John Panara (136/150) and Chris Joy (141/156) taking out places. The State Trap Team contained five WAGC members - Lars Bager, Paul Finis, Trevor Morris, Brett Kuser and Tim McBride. Sue Bailey made the Ladies State Team and Robin Bailey the Veterans State Team. Congratulations to all that won from WAGC during the Trap competition.

Lars Bager, WAGC, won the 2002 Western Australian Clay Target Association (Inc) Sports Person of the Year Award and was duly presented with it at the State Carnival. Congratulations Lars from all the members of the West Australian Gun Club (Inc), a trophy well won.

Special thanks goes to all the WAGC members that helped over the WACTA State Carnival, especially the ladies in the kitchen area that produced excellent healthy and fresh food for some 378 competitors plus visitors. The new innovations were accepted widely. Thanks Judith, Kerry, Angie, Barbara, Sue McPartland, Shirley, Carol and Sue Bailey for volunteering to help as well a special mention to Neil, Mitchell, Nicholas and Mike for their assistance too. Congratulations to Murray and his team that made sure the Carnival was a success for WACTA.

We look forward to all visitors for the Skeet Nationals in November 2002 and for the OD (ISSF) Nationals in January 2003. We are proud of our Club and hope that you enjoy it as well.

WA Gun Club and the Ballistic Sports Open Day — Sunday, 13 October 2002

After the response from the 2001 International Shooting Complex Open Day, planning and preparations began in earnest for the 2002 Open and Promotional Day. Involved in the Open Day were all the ballistic sports of Western Australia ñ Clay Target, Field & Game, Practical Pistol, Olympic Pistol, Air Pistol, Air Rifle, Field Archery and Olympic Archery with representation from big bore rifle and SSAA. This year once again, it was agreed that the proceeds would support Camp Quality and Kids with Cancer.

Other attractions that were involved on the day were the Harley Owners Club, the Ferret Society and the Perth Volunteer Rifle Regiment (1860). At every turn there was something of interest for the public attending for the first time. The Complex for the day, was declared a dry location, being that no alcohol was allowed to be sold or consumed at any of the respective Clubs or Associations. There was plenty of soft drinks and food available for the visitors to consume.

Over the day WA Gun Club hosted some 500 plus visitors, with ihave-a-go! stands for the children and adults. Ladies and children were allocated the 410g shotgun and the men used the 12g shotgun with a choice of either skeet or trap.

Whilst the menís Trap and Skeet ihave-a-go! stands were popular and introduced the general public to a strictly disciplined sport requiring much skill, it was the childrenís 410g ihave-a-go! that generated the most interest. This area saw children from the age of 4 years old onwards shoot at targets. The stand was set up 1 metre behind the trap house with a safety cage so that the kids could not swing around with the firearm. All of the children were successful in hitting targets, even if the coaches did help the youngest ones by setting the gun up and just having them pull the trigger. The parents were extremely happy with their childrenís results and allowed them to have more than one round if they wanted to. Overall, there was about 100 children pass through and have a shot.

Last year there was hesitation amongst the ladies, but this year all the ladies, including one very pregnant one, turned up enmasse to try clay target shooting using the 410g shotgun. They learnt a lot about having to totally change their thoughts and stance, due to the requirement to be relaxed and forward when moving the gun through the target. All of the ladies thoroughly enjoyed being coached in a sport that they would never have deliberately sought out and try. This year the ladies numbered 30.

It seemed husbands were quite happy to let their wives try clay target shooting as they occupied the 12g shotgun Trap and Skeet

stands. The men enjoyed the shooting and were keenly stamped on if they looked like breaching the safety rules, even though we also had protective cages set up on these layouts.

Over the day, there were demonstrations of Trap and Skeet, fully commented so the public was aware of what is involved and the difference between disciplines. Involved in the demonstrations were members of varying ages with Nicholas Wells (13) shooting Skeet and Terry O'Brien (wheelchair athlete) shooting Trap. It showed the public that clay target shooting is suitable for all people. Safety announcements were made constantly along with listing the other sports available around the Complex for the public to try.

It was an excellent day of promotion for all sports involved and comments such as it has been a very cheap day out for us as a family and a place whereby there are sports that every one of us can try.

At the end of the day the Club members involved were tired, enjoyed wetting their whistles, talking about the days activities and achievements. For some it was the very first time to be involved and thought that the concept was an excellent idea. Thanks goes to all the Club members involved whether in the kitchen, on the ihave-a-go! stands as gatekeeper or coach and also to the girls that looked after the face painting for the kids. Thank you everybody for a wonderful effort in promoting our sport to the public.

Next years Open and Promotional Day is already programmed for Sunday, 12 October 2003.

Christmas Greetings from Lost Bird

You thought Lost Bird had died, well far from it, but sometimes just a little push would do it.

I am writing this Christmas copy because Laney asked me so nice and I couldn't turn her down, and of course Harry has a birthday in December - Happy 86 years Harry, still going strong. As I can't afford a card it's easy to say Happy Birthday Harry in CTSN. Send all presents care of me.

Well a big Merry Christmas and Happy New year to all. Hope you all have a safe and happy time at Christmas and if you are travelling have a safe trip. Take your time and arrive safe and sound, Gavin.

Are our folk of today going to the pack? No-one is able to walk from one water-hole to the other without carrying a bottle of water. I know we are in our worst drought for some time so it might be BYO, yet I remember the day of the swagman who carried his canvas waterbag from town to town looking for work, so the plastic bottle has replaced the canvas waterbag, that's all.

19th October, Bible arrived

And on the front cover was Vince, first in line to try the seafood. Haven't seen you for a while, Vince, a nice cover shot.

And on page 63, thanks to who supplied the puzzle of where the \$1 went after paying \$30 for hotel and getting refunds, when I was young this was one of the most asked puzzles in the pub and would spend hours trying to work out how this came about. As the years went past I forgot all about it and a few years ago tried to remember how it went, as we had it in pounds, shillings and pence, but just couldn't put it together and thanks to CTSN, here it is. RIP.

Bundaberg 28th, 29th September

Well would it be two days or one, so went Saturday and found one day would be enough.

Tim Gardner hasn't shot for a while but thought he had to shoot all targets. Good shooting Tim. As I wasn't there Sunday I don't know which shooters stood out but there was a good turn up of top shooters. A good shoot, Bundy, as usual. Bundy always say they brought the rain as most two day shoots got very wet, but a dry shoot this time. Congratulations Bundy.

A Bundy shooter told me this joke and said it would be right to put it to air. We will call the compere Jim and the contestant Bill.

So Jim says to Bill, "Everybody has hidden hair parts, what colour is you wife's hidden hair parts? Are they white, grey, black or red?" So Bill looks back at Jim with a blank look and is dumbfounded.

So Jim says "You have the \$32,000, which is yours, and you now have a free hit at \$64,000, which is this easy question which I will give you again. "Everybody has hidden hair parts, what colour is you wife's hidden hair parts? Are they white, grey, black or red?" So once again Bill looks at Jim in a blank look and says, "Well Jim, I think this is where I use a lifeline". So Jim says "Which lifeline, ask the audience, 50-50 or phone a friend?" and Bill says "I think this is where I phone a friend".

"God," said Jim, "You had me worried. I thought you were going to ask the audience!"

Maryborough Masters Games 6th October

Well Harry was in big demand on arrival as he was the oldest contestant in all the events, so local TV 7 put Harry on a tape which we saw Monday night, and was presented with a very nice plaque of his own.

With a good turn-up of 57 shooters, which included a lot of top

shooters, it was good to see the little Aussie battler who was born in New Zealand have his outstanding shoot. In your shooting life you have one of these great days, which Irvine Wynyard had when it counted, taking several events then the Handicap Miroku and Overall High Gun. (I am lucky my big day is yet to come). Other shooters to shine were Paul Anderson AAGHG, Frank Robinson AGHG, Dave Nicholson BGHG, Spencer Plath CGHG. With shooters going away with gold, silver and bronze medals it was congratulations to all winners and thanks to all that come to make it a good shoot.

Thanks to our hard workers who work very hard to keep our club afloat. You do a great big job. Thank you.

Meanwhile back at Bundy it was nice to meet up with Graham Whitfield at the bar, when a wheelchair ran over my toe and a quick look and it was Clinton Groves. Now Graham by himself is a damn nice fellow, also the same with Clinton, but put the two together it is double trouble. They showed me a photo of themselves on all fours getting in or out of a swimming pool but I couldn't see any likeness, so if you see them ask for a look at their photo. It was still very nice to meet up with Graham and Clinton so see you round the traps. Don't know where. Don't know when.

In this modern day we even have our pills with the day on them so we don't forget to take them, so you can do without a calendar now, as long as you take your pills every day. I used to like shooting on a Sunday, shame they changed it to Wednesday.

And I am a bit worried about our young footballers. Do you notice when they stop for a break they all take out their false teeth. I suppose they get them knocked out and you need false teeth, but some are green, you think they would clean them.

Sunday 13th October, Gympie One Day Shoot

In the office doing a great job was Mr and Mrs Karl. I call them Mr and Mrs Karl because I can't spell Nasarenko. That is the surname Marivic had to settle for. Also a great job by Shoot Marshall Phil Grove who kept the 59 shooters moving. Top shooters and big shoot-offs was the order of the day. With Glen Durre and Wes Humphreys insisting on only red chalk it was only Glen and Wes to shoot the program clean. Good shooting by both. Wal had his eyes on the second prizes while Wes helped himself to the good things and even down to the High Guns it was Wes OAHG, Wal AAGHG, Karl AGHG, Ian Hedger BGHG, Peter Spencer CGHG, Lost Bird VHG, and after a lengthy shoot-off Laney Groves took out LHG. Good shooting Laney. Caboolture took out the team prize and on the last event of the day, 30 target DB Continental Championship, Harry shot 30/30 and some in the shoot-off. I bet he had the top guns shaking in their boots. Sorry I missed Junior High Gun.

A great shoot Gympie and great to catch up with shooting mates and meet new shooters. Talking of new shooters we have had a lot at Maryborough this year, being Bryce Bolderrow, Otto Laczko, Terry Milera, Athol Shiel, Mike Stevenson, Lloyd White, junior Glenn Wyatt and Malcolm Zipf.

Stafford Smith has sold at Hervey Bay and off to greener fields. Good shooting and good luck Stafford.

If CTSN arrives in time we shoot Christmas Shoot on December 15th, 10am start.

A shooter comes home from shooting and finds his wife in bed, so he pulls back the covers to find three blokes in bed with his wife, so he says, "Hello, hello, hello" and his wife says "Aren't you talking to me dear".

*Good shooting to all. See you at the shoots.

ROYAL FLYING DOCTOR SERVICE CHARITY SHOOT

ROMA CLAY TARGET CLUB

20, 21, 22 September 2002

The program was excellent with two National and two State Titles up for grabs. The weather was superb. The conditions could not be bettered for shooting clay targets. The venue was Roma Clay Target Club for the Royal Flying Doctor Shoot. This shoot was originally due to be held in conjunction with a Lee Kernaghan concert in aid of the Royal Flying Doctor. Scheduling difficulties with Lee Kernaghan forced the Concert to be postponed until March 2003.

The postponement of the Concert together with some long stand-

event of the day. Again 4 squads lined up on the tracks. Bruce Powell (Springsure) 143/143 continued his good form from the State Carnival to win overall with 143/143 from Jamie McIntyre 141/142 (Tyagarah) who had to settle for AA Grade. Bernie Scanlon won A grade with 142/143 while the Ladies triumphed in B and C grades with Lynne Thompson 49/50 and Sharyn Tunny 49/54 taking their respective grades. The Junior section was won by Rowan Woodrow from Wandoan with 50/50.

Dinner and entertainment was provided at the Clubhouse every night of the shoot leading to some sore heads each morning.

The first event on Saturday morning was the 50 Target National Continental Championship. Numbers had improved to 79 and the competition only got tougher. Everyone wanted the sash and the silver Australia badge. However, there can only be one winner and that was Kevin Jarick (Roma) with a fine 229/229 from Arthur Turner (Warren) on 228/229 who had to be content with AA grade. Alex Scouller took A grade with 77/78 while David Nichol森 50/50

Kevin Jarick - Winner National Continental.

ing scheduled Annual Shoots on the following weekends undoubtedly caused attendance to be down but as one shooter remarked "They will never know what a wonderful weekend they missed!"

Competition commenced on Friday 20th September with 69 shooters from 38 different clubs contesting a 50 Target Double Barrel Cash Trophy event. Twenty five possibles were on the board at the end of the preliminary and the shoot-off commenced. After an additional 100 targets the shoot-off changed to points and 50 targets later George Sckaf (Gold Coast) 200/200 won overall from John Mack (Gold Coast) 200/200 who pulled a second barrel on his 200th target. Allan Denton (Roma) took A Grade with 193/194 while David Nichol森 (49/50) and Sharyn Tunny (50/50) won B and C grades. The standard shown in the first event was an indication of what was to come.

The 50 Target State Continental Championship was the final December 2002

Bruce Powell - Winner State Mixed Targets.

Glen Castellaro - Winner National Mixed Targets.

and Sharyn Tunny 49/50 won B and C grades respectively. Doug Smith 101/102 won the Veteran section while Rowan Woodrow 49/50 again won the Junior section.

The final event for the day was the State Mixed Targets Championship. The long shoot-off in the previous event may have tired out

many as only one possible was recorded. Bruce Powell won overall with the only 60/60. Phil Grainger took AA with 129/130. Shoot Marshall Bill Allan won A grade with 91/95 while B and C grades went to Wayne Murphy 55/60 and Sharyn Tunny 57/60. The Junior section was won by Kerri-Lee Busiko 54/60.

At the end of day two the High Gun position was very interesting. Bruce Powell was clean on 210/210 closely followed by John Mack, Arthur Turner, Kevin Jarick on 208/210. A host of others were only a target or two back so the outcome would all depend on the National Mixed Targets on Sunday.

Sunday dawned slightly warmer than the previous 2 days but the conditions were still perfect. Eighty eight competitors entered for the National Mixed Targets. Bruce Powell was still clean after the Double and Single Barrel segments and was still the man to beat. Glen Castellaro and Arthur Turner were also clean in this event.

Following the second visit for the Pointscore and Double Rise, Bruce Powell was down a whole target in the Pointscore and a couple in the Double Rise thus ending his high gun chances.

Glen Castellaro emerged victorious with 153/155 to win the National Mixed Targets Championship from Arthur Turner 152/155 who again had to be content with AA.

A grade went to John Cormack (Roma) 180/190, B grade to Clay Zapantis 148/155 (Brisbane) who had been knocking on the door for the whole weekend. C grade was won by Danny Stringer 137/155. Doug Smith 146/155 was the leading Veteran while Lynne Thompson 143/155 was the best of the Women. Kerri-Lee Busiko 137/155 continued her late charge to be the best Junior.

When the results were all compiled Arthur Turner and Glen Castellaro were tied for the Overall High Gun on 360/365. Glen did not appear for the shoot-off so Arthur Turner was the Overall High Gun winner. Glen took the AA grade High Gun. The A grade High Gun went to Allan Denton 356/365. The B grade high Gun and the Women High Gun went to Lynne Thompson 340/365 while the C Grade High Gun went to Sharyn Tunny 335/365. The Veteran High Gun went to the evergreen Doug Smith 347/365 while the Junior High Gun went to Rising Star Rowan Woodrow 340/365. The High Guns were magnificent watches sponsored by Coomber Bros Jewellers, David and Emma Hannah.

Two new shields were provided by the Roma Club for the National Title Events and these will be fiercely contested in the future.

The weekend was one of the most enjoyable ever experienced by many shooters there with the right mix of good weather, excellent targets, fierce competition and a good social atmosphere.

SHOOTERS TRY OUT FOR NEZ NIGHT TOWER

Shooters from a wide area fronted up at Mathoura Gun Club on Friday night of September 27th to try to win the overall sash of the 25 Target Victorian North East Zone Night Single Barrel Tower event.

Mathoura had three events on for the nights shooting, a 10 target Double Barrel cash divide, the Tower event, and a fifteen target Double Barrel DTL event.

Being single barrel and at night, the tower event was always going to test the best of shooters.

Seven winners on 10/10 in the 1st event collecting cash, K Perry, J Loudon, T Berryman, G Hall, P Munro, M Roberts, G Bradley.

Event two the NEZ Tower, after shooting an excellent 24/25 taking the Overall Sash and A Grade was Graham Hall (Boort), Taking B Grade, P Munro (Moama) on 19/25, C Grade, local shooter Harry O'Conner with a score of 16/25.

Event three a graded 15 target Double Barrel, Grade winners covering a fair area with A Grade going to George Bradley (Cohuna), B Grade to Keith Fisher (Shepparton), C Grade going to local shooter Trevour Berryman (Mathoura).

All shooters enjoyed the night shoot in fine cool weather and look forward to Octobers shoot on Friday 25th at 7pm, Mathoura Gun Club committee thanks all who travelled to attend and hope to see them at the next shoot.

2002 NEW SOUTH WALES SKEET CARNIVAL

A very successful three days of Skeet Shooting was conducted at the National Shooting Ground Wagga from the 23rd to the 25th August.

Shooter participation slightly increased again this year with entrants from Queensland and Victoria joining the large home state contingent ensuring a successful carnival.

Two events were contested on the Friday, the first being the State 20 gauge Championship. For the second year the winner was Trent Haines from the NSW Gun Club who shot the only possible with 50 straight. AA grade was won by Julian Luciditti and A grade by Paul Kouroupis.

Event two on the first day was the State Skeet Handicap. After a shoot off contested by several squads of shooters Colin Sim emerged to collect the red sash. Peter Fraser, Clyde Bennett, Don Power and Reg McGufficke filled the placings.

Saturday dawned another clear, sunny day for the premier event the State Skeet Championship this year contested by 73 shooters. Two shooters scored 99 from the possible 100 targets and after a shoot off that didn't go past station 1, Scott Wright emerged the winner of the State Skeet Championship for the second year in a row. AA grade was won by Junior Glen Moorby, A grade by Frank Marcellino, B grade by Colin Sim, C grade by Craig Haines, Womens by Robyn Faber, Veterans by Danny Parsell, Juniors by David O'Sullivan and Sub Juniors by Hamish McMaster.

The final two events on Sunday commenced with the 50 target NSWCTA Championship. After a shoot off that went into a third round Peter Vella claimed the winners sash from Neal Dimmick who took AA grade. A grade was won by Paul Kouroupis, Wally Diston won B grade and Craig Hayes claimed another C grade trophy.

The final event was the State Skeet Doubles Championship contested over 25 pair of targets. Several 49's were recorded and after the shoot off Julian Lucchitti finished the winner. Gil Farish won AA grade, Peter Rosenboom A grade, Greg Mifsud B grade and Brendan Walsh C grade.

The high gun for the weekend was won by Julian Lucchitti with a top score of 196 / 200, Open team high gun Scott Wright 198/200 and the much sort after State Shoulder to Shoulder Team places going to Scott Wright, Nasseem Malouf, Harry Bader, Julian Lucchitti and Glen Moorby.

At the conclusion of presentations shooters were asked about the possibility of changing the date from the 4th weekend that has been successfully used for the last couple of years. This was requested by the Western Zone as they stage a trap event on that weekend and also Coffs Harbour hold a small Skeet event also on that weekend. It was universally agreed that there will be **no** change for next year. The Coffs Harbour shoot will cease and the same three day program will be conducted at the National Shooting Ground Wagga on the 22nd, 23rd and 24th August 2003.

Hope to see you there.

Ron Hopper (1929 - 2002)

Ron was employed by the Public Works Dept until his retirement some years ago when he voluntarily took the Gun Club under his wing. Well known as a confirmed bachelor but no father could have unfolded his own child with more pride and care than did Ron looking after our Gun Club.

As one of his mates Les Hendra told me, "If you want to know anything about Who, When, Where or Why about the activities of the day to day operations of the Gun Club don't ask anyone else but BIG RON and in fact even if you did not want to know anything he would tell you anyway.

He accepted a position on the Committee and you could guarantee Ron would be first at the Club and last to leave. He gave 100% effort to the position and to this end he was granted Life Membership.

He made it his business to know the names and faces of every one of the 300 plus members. Like when he used to drink at the Bridge Hotel and sat at his favourite spot at the end of the bar he also domiciled himself at the end of our bar and held court over every person that entered through the double doors. No one got past his collection of monies whether it was for a practice ticket, members dues or a soft drink at the bar.

He even learnt the rule book by heart so if in doubt ask BIG RON. Unfortunately over latter years as his health deteriorated he was not an active competitor but he always carried his trusty Winchester Diamond grade to the Club as he said "Just in case I get the urge to have a shot!" and occasionally he did just that.

Les Hendra and I baited him unmercifully by asking him what rule he was quoting whenever a dispute arose and he would expound his opinion. Believe me he was almost always right.

BIG RON you will be sorely missed by members of the Werribee Victorian Clay Target Club.

ble with 150/153. A Grade was taken by Kudri Damaj of Wangaratta with 92/93 and Leeton's Tony Salafia in 2nd with 89/93. In B Grade Brett McAlister of Griffith shot 78/79 to take 1st and Jeremy Murray of Wagga with a score of 72/75 came 2nd. Novacastrian K. Wicks took C Grade

honours with 69/75 with Tim Peacock of Benalla a close 2nd. The Point Score event also incorporated the Metropolitan Shield. This is a teams event held between the Griffith Gun Club and the Metropolitan Gun Club of Melbourne. The Griffith Team retaining the Shield for the 2nd consecutive year with a combined score of 334 against Metro's combined score of 333. A great effort by our team.

Event 3 was the Commins Stainless Steel Manufacturing 25 target Single Barrel Champi-

onship. The Overall Winner was W Parks of Wonthaggi with 45/45. AA 1st was Rob Thompson of Cobarr with 43/44 and 2nd Clive Foster of West Wyalong with 42/43.

A Grade was won by Clayton Anderson of Hay with 43/45 and in 2nd place, Troy Shields of Coleambally. B Grade 1st went to Neville Block of West Wyalong with 37/38 and hot on his heels was Ron Garth of Frankston with 36/38. Leeton's Angelo Poonne Jnr edged out Griffith shooter Lou Bellato to take 1st place in C Grade, finishing one point ahead with a score of 23/25.

The Fred Cole Retravisoin 25 target Double Barrel Championship was the next event. This saw the competition hot up with a

number of shooters in the race to take number 1 position. Robert Thompson of Cobar shooting 278 targets straight without missing to take out Overall. He was pushed all the way by Leeton's Chris Salafia who had to settle for 1st in AA Grade with 277/278. 2nd was Glen Castellaro with 260/261. A Grade winner was Craig Trembath of Werribee with Peter Ewart of Cooma in 2nd place. Scott Moody of Coonamble took out B Grade with Jim Tiffen of Leeton in 2nd and C Grade went to local shooter Lou Bellato just beating Robyn Sandy of Tambo Valley.

Day 2 of The Competition began with the Barbeques Galore 30 target Medley. The Overall Winner was Tony Arvanitakis who travelled from Sydney to take part. His score of 55/55 was unmatched. AA Grade went to Arty Delben of Kellyville and once again Chris Salafia was on the winner's board in 2nd place. Young A Grade shooter Daniel Dempsey of California Gully was impressive all weekend and did well to come in first ahead of Craig Trembath. B Grade went to Keith Roy of Tumut and in second was Ted Quick of Tambo Valley. C Grade 1st and 2nd respectively was Angelo Paonne Jnr and Lou Bellato.

Event 6 was the Elders VP 30 target Handicap event. Everyone who nominated was in with a chance to take a share of \$2,100. In the end the 5 placings had to be decided by a shoot off. In 1st place was Daniel Dempsey with 126/126. 2nd was Donavan Roberts of Coleambally with 124/125. 3rd place went to Tom Little of Wangaratta with 80/81. Griffith's Lou Bellato who was in fine form all weekend came in 4th with 64/65 and in 5th place was Craig Trembath.

The final event on the program was the Express Cartridges 20 Pair Double Rise. The Overall Winner was Stephen Atkins with 50/50. AA Grade went to Tony Moroni of Huntly with 49/50 and 1 point behind was Glen Castellaro taking 2nd place. A Grade went

to Daniel Dempsey once again with Tony Salafia settling for 2nd. B Grade went to Scott Moody with 34/40 and Mick Daniel winning a shoot off to take 2nd place. C Grade placings went to Kevin Wicks and Tim Peacock.

The Overall High Gun Winner for the weekend was local shooter Glen Castellaro with 283/290. Glen has won the title 3 times in the event's 4 year history.

AA Grade High Gun Winner was Arthur Turner of Warren with 282/290. A Grade High Gun went to Craig Trembath of Werribee with 258/290, whilst the B Grade High Gun was won by Jeremy Murray of Wagga. Kevin Wicks of Newcastle took out the C Grade High Gun with 236/290. Gaye Shale of Tyrannarra took home the Ladies High Gun shooting 250/290 with Ted Quick taking the Veterans class with 231/270. Daniel Dempsey capped off a fine weekend by taking out the Junior High Gun shooting 257 from a possible 290.

The event was a huge success with many travellers giving positive comments towards the organising committee and towards the hospitality shown by Griffith locals. The Griffith Gun Club would like to thank all their sponsors for their continuous generous support in making the annual event one of the finest on the shooting calendar.
