## National President's Notes

*Bill Jones*

### Junior Development Camp

First camp for 2004 held 27th, 28th, 29th April with 20 juniors attending. A number of new faces showing outstanding ability. My thanks to staff - Peter, John, Alan and Andy, once again doing a great job.

### Registered Shooter Record Books

Concern expressed by some shooters that their books are filling up fast. If you require a new book, simply post your old full book to the National office with a request for a new issue, together with a forwarding address.

The National office will process and post your new book the same day.

### Executive Meeting

Recently held at Wagga Wagga over a 3-day period. A very productive meeting, with some of the more important points being:

- 1) Full adult registration fee for 2005 to be \$80.00, a very modest rise of \$2.00. All other fees to remain the same.
- 2) A 3-year business plan developed.
- 3) Introduction of an intermediate registration in 2005 for those persons 18-21 years of age at \$45.00.

Additional information will be forthcoming by way of the CTSN together with notification to all State Associations.

## Cairo World Cup April 11 - 18 2004-05-08

**Coach : Greg Chan**

**Trap : Nathan Cassells, Michael Diamond**

**A last minute hitch with firearms permits for Bahrain saw Nathan re routed to Cairo via Frankfurt, while Michael and Greg travelled the original route via Singapore and Bahrain. Nathan departed six hours earlier and arrived an hour later so definitely had the worst of the two trips.**

The hotel we were booked into was the Meridian Pyramids which is located 500 metres from the shooting range. Both are virtually within half a kilometre of the pyramids themselves and this makes for a great backdrop to the whole area.

The Cairo range is located on a military base and as you would imagine security was very high. Military buses are used to transport competitors to and from the range as walking the 500m could be detrimental to ones well being. The traffic and in particular the drivers are shocking. There appear to be no road rules and if there are, no one knows them.

The range consists of four trap and skeet fields superimposed with sand dunes as the back ground. The sand is a brownish yellow colour which makes the fluoro targets difficult to see, particularly in overcast conditions.

As we had arrived only the day before, Michael and Nathan were still feeling the effects of the long flight during official training, but with a good nights rest expectations for the competition were high.

### **Men's Trap**

1. Malone D IRE 119 + 24 = 143
2. Diamond M AUS 118 + 24 = 142 + 3 + 5 ( 24 23 22 24 25 )
3. Venturini M ITA 120 + 22 = 142 + 3 + 4
4. Singh M IND 119 + 23 = 142 + 2
5. Al Mannaie Y KUW 117 + 24 = 141
6. Scherhauser A AUT 117 + 22 = 139
19. Cassells N AUS 114 ( 24 23 23 22 22 )

A terrific 25 in his final round put Michael into the final where a solid 24 elevated him into a shoot off for silver which he duly won. A great return to form for one of the best trap shooters in the world and one which will see him qualify for the World Cup Final later in the year. Nathan shot well the first day then shot a couple of 22's which dropped him down in the rankings.

The presentation with the Pyramids in the background was a great sight but there was little time to dwell on it as we were departing Cairo that night for Athens the venue for the Olympic test event. This world cup is the event many shooters from around the world would attend to gain valuable training for the Olympics. The rest of the Australian team were to arrive into Athens a few days later.

# Athens World Cup

## April 20 – 30 , 2004

**Coach : Greg Chan**

**Masseur : Darien Roach**

**Sports Science : Nick Sanders**

**Trap : Adam Vella , Nathan Cassells, Michael Diamond, Suzy Balogh.**

**D / Trap : Steve Haberman, Tom Turner, Susie Trindall, Suzy Balogh.**

**Skeet : George Barton, Paul Rahman, Lauryn Mark**

The Athens World Cup was the test event for the Olympics to be held in August. Greg, Michael and Nathan had travelled from Cairo where they had attended a world cup and Adam arrived from Australia ahead of the main team to get some extra shooting in before the world cup. Unfortunately the Olympic range was closed for last minute preparations so we trained at another range some forty five minutes from our hotel until we were permitted to use the main range.

Our hotel was the Holiday Inn in Sparta which is located ten minutes from the airport, twenty five from the Olympic range and twenty five from the city of Athens. The hotel was brand new and whilst it had a few teething problems it was very comfortable and well appointed. The only problem with the hotel was the isolation. It was located on the side of the freeway linking the airport with city and in the middle of nowhere. No shops, restaurants, banks etc of any kind within fifteen minutes taxi ride and at the prices they charged too expensive to travel to anyway. The only options were to eat at the hotel which cost an arm and leg, or at the café located in the service station next door. Club sandwiches were certainly popular.

The weather was not as warm as expected ranging between 13 and 16 deg. coupled with overcast conditions. The temperature was not the main factor, it was the wind. The Olympic range is built on the top of a hill and the clay target range is totally exposed to the wind, which was blowing and gusting for most of the event.

The range consists of four trap and skeet fields superimposed and has high dividing fences between each layout. There is a magnificent grandstand that runs the length of the whole range and out the front at the 100m mark there is a 10m high dirt wall . The background and mound were bare and the colour made the fluoro targets difficult to see, however, come August we are assured it will be grassed and the mound covered in green shade cloth. This will certainly aid visibility and keep the dust down as well.

The main team arrived on the 18th and while the trap shooters prepared and competed in their event, the double trap and skeet shooters trained at the other range.

### Trap Men

1. Alipov A RUS 120 + 23 = 143
2. Diamond M AUS 117 + 24 = 141 ( 22 24 23 23 25 )
3. Mola M ITA 116 + 24 = 140
4. Gach J CZE 116 + 21 = 137 + 1
5. Almudhaf K KUW 114 + 23 = 137 + 0
6. Hoffbauer P AUT 116 + 20 = 136
7. Vella A AUS 114 ( 24 24 18 24 24 )
22. Cassells AUS 111 ( 24 21 21 22 23 )

The cold, windy, dusty conditions took it's toll in the first event with scores well below average and 114's shooting off for the final. Adam's third round hiccup cost him dearly but his four 24's in the other rounds were enough to get him to the shoot off for the final where he missed his second target to finish in seventh place. Nathan posted a 111 to end up in 22nd spot and Michael showed why he is regarded as one of the best around by winning his second world cup silver medal in the space of ten days. Alipov the Russian shot brilliantly in some of the most difficult conditions and deserved his win, but Michael's return to form was the talk of the tournament.

### Trap Women

1. Gao E CHN 68 + 22 = 90 + 1
2. Laritcheva I RUS 70 + 20 = 90 + 0
3. Stefecevoa Z SVK 67 + 22 = 89 + 2
4. Feleci E SMR 68 + 21 = 89 + 1
5. Dement J USA 67 + 21 = 88
6. Takebo A JPN 66 + 20 = 86
15. Balogh S AUS 63 ( 22 19 22 )

Again blustery conditions played a major part in the event with scores below average. Suzy started well with a 22 and finished solidly, but the ordinary second round cost her any chance of making the final. Her final placing of 15th shows she will be competitive if she can find some consistency.

### Double Trap Men

1. Di Spigno D ITA 144 + 41 = 185
2. Wang Z CHN 136 + 44 = 180
3. Alaktoum A UAE 134 + 43 = 177
4. Fokev V RUS 139 + 37 = 176
5. Eller W USA 135 + 39 = 174
6. Rathore R IND 134 + 38 = 172
24. Turner T AUS 125 ( 38 41 46 )
33. Haberman S AUS 121 ( 38 42 41 )

Di Spigno made light of the conditions to shoot a great 144 in qualifying to take a five shot lead into the final and emerge with the gold medal by the same margin. Tom and Steve struggled with the conditions and will come away knowing there is time to attain the improvement required for the games.

### Double Trap Women

1. Wang J CHN 107 + 30 = 137
2. Li Q CHN 103 + 30 = 133
3. Hansen P SWE 102 + 30 = 132
4. Lee B KOR 98 + 33 = 131
5. Rhode K USA 96 + 31 = 127
6. Balogh S AUS 99 + 25 = 124 ( 35 31 33 )
- 21 Trindall S AUS 84 ( 31 27 26 )

Although the wind was up, Suzy shot well for her 99 which saw her qualify in fourth place for the final. Her final was a round to forget , but the experience of shooting a final on the Olympic range will be of great benefit come August. Susie Trindall failed to handle the conditions and struggled with her timing but she is too talented a competitor not to bounce back for the main event in four months time.

### Skeet Women

1. Wei N CHN 67 + 19 = 86
2. Girradet Allard V FRA 65 + 20 = 85 + 2
3. Meftakhetdinova Z AZE 66 + 19 = 85 + 1
4. Panarina O RUS 64 + 21 = 85 + 0
5. Stranovska A SVK 64 + 19 = 83 + 2
6. Bartekova D SVK 66 + 17 = 83 + 1
12. Ogilvie L AUS 60 ( 19 18 23 )

The weather saved it's worst for ladies skeet day. It was a shocker ! The lowest scores seen at a world cup for ages were posted in this event. The high score into the final was 67 and the low 64 - unprecedented at this level. The best round in the final was a 21 and the winner shot a 19 and still won, which is indicative of just how difficult it was. In this event no 25's were shot and only one 24, so Lauryn's 60 which included a last round 23 when put into perspective was better than it indicates. She is one of the toughest competitors in women's skeet and will be there at the end come August.

### Skeet Men

1. Brovold A 123 + 24 = 147 + 9
2. Roy W USA 123 + 24 = 147 + 8
3. Timofejevs 122 + 24 = 146 + 6
4. Jensen H 124 + 22 = 146 + 5
5. Falco E ITA 122 + 23 = 145 + 4
6. Brickell R GBR 122 + 23 = 145 + 3

10. Barton G AUS 120 ( 23 25 24 24 24 )  
85. Rahman P AUS 111 ( 25 22 21 21 22 )

Finally the weather cleared some what for the men's skeet and the scores reflected this with a 124 leading into the final and 122's shooting off for the last place. George shot well for his 120 and tenth place in a red hot field that included all the best skeet shooters in the world. He has continued his good form that saw him top the Olympic qualifying trials and reach the final of the Sydney world cup. Paul started brilliantly with a 25 but faded as the tournament progressed. If he can recapture the form he showed at the selection trials, he will be very competitive at the Games.

The conditions for much of this world cup were extremely difficult and most had difficulty handling it. There is room for everyone to improve and those that put in the hard work and leave no stone unturned to give themselves the best possible chance for success at the Olympics will be in with a show.

The Athens world cup was a long trip for everyone, particularly those who competed at the end of the program. This is exactly what will happen at the Olympics some valuable lessons were learnt. When we return in August, this should be a better prepared Aussie team, ready to compete for Australia to the best of it's ability.

## **YASS CLAY TARGET CLUB INC NSWCTA. SOUTHERN ZONE JUNIOR COACHING CLINIC**

The Southern Zone Junior Coaching Clinic, held on the 17-18th April, was a great success. 14 juniors, with parents, rolled up at the Yass Clay Target Club at 10am on the Saturday morning, to meet with zone coach Fred Schmetzer and President Fred Rapley for the start of what was to be a very informative and enjoyable weekend. Fred Schmetzer started by assessing the shooters and splitting them into 2 groups. From there they progressed through various aspects of DTL shooting. He covered safety, foot position, gun mount, mental preparation and much, much more before they got out on the lanes and put there new found knowledge into practice. Later that day they got the opportunity to chronograph their shells and then pattern their guns. Then, back to the drawing board for some fine tuning before returning to the lanes again for the final shot of the day. Sunday saw a beautiful day for shooting, sunny and calm, all hands back on deck at 9am sharp with 2 hours before the Yass monthly

shoot was to start. The focus was on gun fit and some one on one tuition. At 11am, with club members rolling up, the juniors nommed up for the start of the days competition. The main event being a 75T Champion of Champions and with 8 squads to make competition interesting the juniors stood up and showed the benefits of Fred's coaching with juniors achieving a place in every grade.

The Yass Clay Target Club would like to say what a pleasure it was to hold this clinic and congratulate both Freds and the Southern Zone on a job well done. I would also like to thank our members who helped out on the 2 days and congratulate the juniors on their interest and enthusiasm and of course the parents for their support. The next Southern Zone coaching clinic will be held at Illawarra on the 7th & 8th August, 2004. We look forward to catching up.

# CANBERRA INTERNATIONAL CLAY TARGET CLUB

## MARCH GOLDEN TROUT SHOOT

Canberra International's premier annual DTL shoot - the "Golden Trout" - was held over two days on the fourth weekend of March. As with other major shoots, members were busy before the shoot preparing the grounds, overhauling traps, organising prizes, seeking sponsorship plus a myriad of other things that are required before a major shoot. In particular this year, members under took to build the long promised verandah, which put the finishing touches to the club house before the shoot. (Our thanks to the dozen or so people who took out life membership and made this financially possible). While the unseasonably hot weather and high winds leading up to the shoot caused some apprehension over a total fire ban, late Friday the wind and temperature dropped resulting in more pleasant autumn days.

*Visiting shooters, the Barton family: Tracy, Elizabeth, Wendy, Glen and Tony.*

Saturday saw nine squads plus nominate for the day with fair conditions - occasional overcast and an afternoon wind which made targets a little difficult. Visiting shooters from the following clubs attended - Sydney, Yass, Cooma, Bega, Majura Park, Sydney, Tumut, Gunning/Dalton, Cecil Park, Condomine, NSW, Wonthaggi, Coleambally, Cessnock, Condoblon and Naromine, Saturday evening saw quite a few people taking advantage of the club house and on ground camping facilities, with that well known ambassador-at-large from Tumut provided entertaining stories and strong home brew. Sunday saw a slight increase in numbers

and the weather improve -sunny with light and variable winds. Shoot results are listed in the "Club Contents" section of the magazine; however, special mention is made of Kym Nealon who High

*Tumut "Ambassador at large" Tommy Harris.*

*Visiting shooter, Wal Ray (Narromine), A high gun with Jim Allan.*

Gunned the two days and took home the "Golden Trout" along with other prizes. Congratulations Kym. Because of prior preparation and a willing band of helpers - office and canteen staff, squad

hustlers and trap fillers, referees and scorers - the shoot ran smoothly with no breakdowns or delays, allowing people to be on the road before 5 o'clock.

Of course we are mindful of the fact that a major shoot with quality prizes would not be possible without sponsorship. Canberra International would like to thank the following sponsors for their generous contributions ~ At Home Building Maintenance, At Home Landscaping, Blink Cement Products, Blackett Homes, Central Tyers Service, DI IULI Constructions, Elcon Concrete Services, Fyswick Firearms, Galdtill Pty Ltd, Grahams Building Equipment, Mutual Brokers, Pats Tyre Service, Pmus Sawmills, Prestige Building Service, Ramset, Stadkym Pty Ltd, Steve & John Fencing, Tymlock PIL and Winchester Australia.

Finally, when we ask ourselves the three important questions we should all consider with the growing demand for the sporting/recreational dollar: Did people enjoy themselves; did they get value for money; would they come back again? I feel the general consensus was yes, yes and yes.

### **ROBERT WILLIAM LEWES GOLDEN (BOB)**

Of "Bundi", Wandoan.

Passed away 19th April 2004.

The Wandoan Gun Club has lost a well travelled and very well known identity of our district. Bob Golden was one of the founding members, who in 1959 started the Wandoan Gun Club behind the present showgrounds. In 1964, the Club then moved to its present location at the southern end of Wandoan Township.

Bob travelled extensively during his shooting years to venues such as New Zealand, Norfolk Island and just about everywhere in between. A true gentleman, he always dressed with a tie, as was the custom of his generation. Some of his travelling companions in

past years included Merv Champney, Lyle Vidler, Keith Cameron, Buster Schmidt, Bill and Mick Moyse, Tos Ferrier, Bill Hughes, John Mott, Ray Hogarth, Bill Schooley, Leo Hasler, Eli Denton and Lou Hasteed, just to name a few.

Though a very accomplished shooter, Bob's idea of serious competition was to make the shoot a social occasion and let the scores and winning look after themselves.

A back mark shooter in his day, Bob used to give the odd demonstration at Wandoan of shooting

behind the 27-yard mark. With the old "Black Hawk" hand crank trap, Bob would have the gun broken across his knee and two shells in his hand. He would kick the release mechanism and at the same time throw the gun off his knee, catching it, loading it and then shooting the target. He would do this four or five times in a row to prove that it was no fluke.

Bob was a regular visitor to the Roma Gun Club and his travelling time home was usually around dusk. His old Mercedes suffered paint burn around the driver's window and he finally worked out that it was caused from muzzle flash from his pistol as he used to clear his road of wallabies on the way home.

No record has been kept of Bob's shooting achievements but they were many and in the tough era of Doug Smith, Newton Thomas, Pud Burgess and others. He never spoke of his achievements, but would rather have a good rum and a yarn about what was happening with the weather and recall the good and bad times of yester year.

Sincere sympathy is extended to his wife, Celia, sons Stuart and Lewes and their families.

*The members of the Wandoan Gun Club.*

### **RAYMOND THOMAS DONALD**

"Digger"

1.3.1915 -26.3.2004

It is with regret we advise the passing of our life member Ray "Digger" Donald who was still shooting at our clubs monthly shoots in his 88th year. We believe Ray may have been the oldest active A.C.T.A. shooter. Ray would attend our monthly shoots and loved to share a story or joke about shooting in his earlier life. A story going around about Ray is, that at a fox shoot he was offered to try a high grade gun with engraving scenes depicting ducks/quail and Ray remarked "that wasn't a gun to shoot foxes with - it would probably miss!"

Ray also loved his bush shooting spending many hours with his mates hunting foxes and other vermin.

At our gun club Ray's uncanny marksmanship was something that he was well known for. In a double barrel event, he would fire at a clay and thinking he had hit it, would take the gun from his shoulder, only to see the clay still flying, he would then raise his gun and hit the target only a metre from the ground and remark with a laugh "that one nearly got away".

Ray fostered many new shooters to our club and gave sound advice on gun fit and gunsmithing matters. He was a willing contributor to our club in every way and will be sadly missed around our traps.

Ray served with the Army during World War II and spent three years as a prisoner of war in Changi. It was noted at his funeral service that there were a large contingent of armed forces personnel to honour his wartime contribution.

The members of the club wish to extend their condolences to his daughter Raylene Watson and other members of the Donald family.

# Wild critters on the loose in Awaba

Sunday 14th of March was a day you could be mistaken for thinking that you were in the jungles of Africa when an invitational shoot day was granted to the Lake Macquarie Field Archers by the committee of Newcastle Lake Macquarie Clay Target Club.

These field archers shoot an event called 3DAAA, which means they compete using 3D, life size, high density foam animal targets at ranges from 10yards out to 50yards.

Their archery equipment ranges from bare bows and no sights up to compound bows with magnified sights counter weights and

trigger release mechanisms. They also use a range of target arrows made from aluminium or carbon fibre costing between \$45 and \$90 each, so they are keen to make sure that they hit the target and don't loose any.

These guys and girl's have a vast array of target animals not least being, Bear, Mountain Lion, Deer, and Turkeys and when placed out on the range the life likeness is quite startling.

Terry, archery club secretary, said 'the clubs archers and visitors were most grateful to NLMCTC for allowing them the use of the range for the day, with all being impressed with the facilities as presented by the grounds staff and NLMCTC members'.

The field archers are at this time struggling to maintain their current ground due to mine subsidence and are looking for a new home.

It's worth noting that amongst the day's competitors where the current Australian Champion, Haley Elliot and State Champion, Jo Elliot.

NLMCTC has extended a further invitation to the Lake Macquarie Field Archers to hold their State Titles here at our grounds over the weekend of 17th July 2004, which has been warmly accepted.

With up to 150 competitors and their families expected to attend this interesting event your welcome to come on out and have a look.

# Special April Tower Shoot at Euroa

## MATHOURA SHOOT TOWER

**Friday night in April, and a taste of winter after a day of light rain, six degrees and a cold wind did not stop shooters from Euroa, Deniliquin, Echuca, Moama and other areas attending Mathoura Gun Clubs April night shooting competition.**

With a warm fire burning inside and outside the clubhouse, and hot food and drink available the cold conditions were tamed to the point of being pleasant.

Three events on offer, one being a Victorian North East Zone Tower Championship.

Two were down the line competitions.

Event One, A 10 Target Single Barrel eye opener cash divide, R. Kerslake on a very respectable 9/10 taking first, and three on two targets down L. Fitzpatrick, J. Cottee, and D. McCryodin all on 8/10.

Event Two, A 25 Target NEZ Single Barrel Night Tower, and Murray Roberts being lucky enough to only drop one target collected the Overall Sash and A Grade trophy.

B Grade winner was R. Kerslake on 16/25, C Grade H. O,Conner on a score of 20/25.

Event Three, A 15 Target Double Barrel competition with three placings.

First on a full score of 15/15 R. Kerslake having a good night out, second on a 14/15 H. O,Conner and third after a short shoot off L. Fitzpatrick on an 19/21.

Once again a very popular shoot over for another month.

# Inaugural Hall of Fame 2004

**The inaugural Hall of Fame dinner took place at the Wagga Wagga RSL Club Thursday 1st April 2004.**

We had a capacity crowd of 300 guests, which was a very positive show of support for the ACTA and future Hall of Fame inductions. Executive Members, shooters, inductees and their families and friends travelled from all over Australia to share in the presentation of awards and induction of the Hall of Fame Members. We were very honoured to have a large contingent of New Zealanders' join us for the evening as well.

All the guests gathered for pre dinner drinks from 6.30pm. It was nice to see everyone in their 'stepping out' gear. It's amazing how different Shooters look without their caps/hats and glasses.

The official part of the night got under way with Allan Kenny, Executive Member, welcoming everyone and introducing the MC for the evening Russell Mark. Russell gave us an outline of the proceedings and invited Mr Bill Jones, National President up to the stage to give his opening speech.

After the entrée Russell invited Allan Kenny back to the stage to present the first of the night's awards. These being the Grand Slam plaques which were awarded to:

400 break at 15 metres, a 50 break at 25 metres and a 50 break Double Rise.

The Doug Smith Medal was next and we were fortunate enough to have Doug Smith on hand, being an inductee of the Hall of Fame, to present the medal himself. The finalists were:

Socrates Pilapasidis  
Stephen Atkins  
Artie Del-Ben  
Mark McInnes  
Craig Bentley  
Russell Mark  
Glen Castellarro

For their viewing pleasure the audience was shown a range of photographs of the finalists taken throughout the last decade or so on the 'big screen' whilst the finalists names were being read.

*Warren Charlton, Hall of Fame Inductee.*

And the winner was - SOCRATES PILAPASIDIS!

Socs was very pleased to accept the award and thanked all the people who had supported him with his shooting.

Once the main meal was finished, Russell invited Brian Mark to the stage to assist in the Hall of Fame interviews. Russell read through the achievements of each inductee as they were called up. The first two inductees were being presented posthumously and received a Certificate of Induction commemorating their induction. The first inductee was Mr Fred Burns. As Fred's family was unable to attend Brian accepted the Certificate on his behalf. Brian regaled us with amusing stories of their travels in their day. Arthur (Pud) Burgess added a few stories of his own when asked to come up and say a few words about Fred.

James Thomas accepted the Certificate presented to his late father Mr Newton Thomas. During his interview with Brian, James recalled memories of his father and was very proud to be there on behalf of his father. Quite a few relatives of Newton Thomas' had travelled to be with us on this special night, which added to the distinctive atmosphere of the whole event.

Between dessert and the next lot of inductions Brian Mark kept us all in fits of laughter with a few anecdotes. I don't think any of us will forget the "Diddy Daddy Toothbrush Company" and those flying false teeth in a hurry.

The final inductions were made after dessert. The inductees were presented with a Hall of Fame Jacket, A Gold Australia Hall of Fame Badge along with their Certificate of Inductions.

Russell introduced Mr Jack Blake as the next inductee. Jack had travelled with his wife from Launceston for the occasion. Jack's achievements were read and it was obvious that he had enjoyed a very illustrious career of shooting.

Mr Warren Charlton was up next and with a large group of supporters, was warmly received. Brian interviewed Warren, with Warren recalling some memorable moments experienced whilst being a shooter. Warren's wife and family could not have been any prouder.

The last, but certainly not least inductee for the evening was Mr Doug Smith. Doug and his wife travelled down from Dalby bringing along a very large group of Queenslanders with them. Doug had been previously paid tribute earlier in the evening having the shooter of the year award, the Doug Smith Medal, named in his honour. Being inducted into the Hall of Fame completed a very special night for Doug and he was warm in his thanks and appreciation to the ACTA.

# Psychological Skills for Shooting

by Michael Kruger-Davis

## Here and now.

In previous articles about concentration and quieting the mind I have stated that what is important is to stay in the present; the here and now. But for most human beings this is difficult to do for more than one minute. Most of us choose to resist the ability to stay focused on the present and at that moment when we let our mind wander we usually miss the target. Why, because the target is in the here and now and when we think of the past, about the target we may have missed in the last event or last time we shot at this club, we are shooting in the past. When we focus on the winning the event or getting the high gun trophy then we are shooting in the future and again are likely to miss the target. Thinking about both the past and the future can deny us the ability to stay focused and enjoy the perfection of the moment.

According to Caroline Robertson, writing in Well Being Magazine (2003) in her article Moment Meditation, states that ascertaining whether we drift to the past or the present indicates our psychological tendency. She describes the following exercise to see

## High School Girls Smash Targets

**April 2004 and Echuca Secondary College girls PE class, accompanied by their teacher Ms Petra Ogden, made two visits a week apart to Echuca Clay Target Club for some Coaching in the sport of clay target shooting.**

The club coaches that supplied their time on the visits were pleasantly surprised at the girls ability to handle the heavy shotguns, and to actually score quite a few targets.

On both visits the girls were given a task of attempting to shoot ten targets single barrel, and several achieved seven out of ten, Anna Nilbett and Sarah Marchment among the girls that did. With the heavy shotguns and the very light cartridges used, the students were very surprised how low the recoil was, and that

was more than enough to give them a lot more confidence in their ability.

Almost without exception all girls were pleased they had tried this sport.

Echuca Clay Target Club run quiet a number of coaching clinics throughout the year mainly to promote the sport to the younger generation for future members, and also to ensure the young students

**Miss Anna Nilbett being coached by Mr Craig Scott.**

learn the correct and safe handling of firearms.

As with all schools that attend, the committee is always pleased with the excellent behaviour and attention of the pupils, and wishes to thank Ms Ogden and the Echuca High School, and the students for their interest in clay target shooting as a sport.

**Murray Roberts.**

if you lag in the past or flee to the future. You will need to carry around a small notebook and whenever you are aware of your thoughts categorise whether you are thinking about the past, moment or the future. Write down P for past, M for moment and F for future and at the end of four hours tally the results. Robertson claims that while there can be a productive side to our time travelling inclinations it can also have perpetuate negative patterns of thinking and feelings. An abundance of F's you may have excessive future consciousness and you may be more prone to anxiety, frustration, anger, worry, restlessness, irritability, impatience, fear and dissatisfaction. Those with a majority of P's are more attached to the past concerns and experiences and this can be a disposition to depression, guilt, judgement, bitterness, hopelessness, self-pity, and a judgemental outlook. (It must be remembered that these observations of Robertson's are generalisations and it doesn't mean that you will necessary feel these ways if you think in the past or the future.)

Robertson continues on by saying that these negative feelings will dissipate when you refocus your mind back to the present. She believes that predominately happy people have the ability to spend a majority of their lives in the present, thinking about the moment in which they are living right now. Happy people she believes make friends with the present and do not allow the pressures of time to impinge on pleasant pleasures. When we live in the present we experience pleasure with our full presence. When we mentally remove ourselves from the present we are unable to appreciate the fullness of now and we become dissatisfied with life. For the shooter, when we mentally remove ourselves from the present we are unable to focus on those important things; targets.

Robertson's article is interesting in that it is trying to teach the reader that to be fulfilled and to reach your potential one should remain anchored in the present. Again this is vital for the sportsman; when we ponder the past or fret over the future we lose our present power and we create confusion, which affects our ability to make decisions at this moment. The secret to empowerment is to focus on what we can influence rather than worrying about what we can't. We can influence the present but there is nothing we can do about the past and if we think we can influence the future we will only develop fear of what might happen.

So what can you do to stay focused in the present. Firstly, breathe. For human beings this is one thing we can only do now. So focus on your breathing. Feel each breath and what effect it is having on your body and mind. I take several deep breaths between shots; this allows me to stay focused on what I am doing and where I am at this moment. A common sport psychology technique is called centreing. This was an approach developed by American Sport Psychologist Nideffer. Basically it is taking several deep breaths and as you breathe feel where the breath starts from in your body. You should practice this technique whenever you can; for example, when lining up at the checkout, post office or bank, etc. The second thing you can do as you are about to shoot is focus on a part of your body as it feels at this moment. For example, feel the pressure on the soles of your feet, or the feel on the gun in your hand. You can also focus on the pressure of the pad against your shoulder or the feel of the gun as it recoils.

Think about your personal tendency; it is for the past or the future. Look at what you are doing when you are shooting and develop ways to keep yourself focused on the here and now. Being focused on the here and now will quieten the mind and allow you to concentrate more fully and on more targets.

# Q. C.T.A. STATE TRAP CARNIVAL TOWNSVILLE 1st - 3rd MAY 2004

**Townsville in the Northern Zone of the QCTA was the venue for the 2004 State Trap Carnival. The weather was fine and warm, although some of our southern visitors were heard to complain about the heat.**

211 competitors lined up for event 1, the 25 target Winchester Points Score event which is the eye-opener before the State Double Barrel.

At the conclusion of the shoot-off, Bruce Murphy of Townsville won overall with 162/162. Arty Del-Ben (161/162) of NSW Gun Club was first in AA followed by Grahame Noffke (119/120) of Maryborough.

Leam Bunker (75/75) of Callide Dawson was first in A Grade ahead of Robbie Cusack (124/126) of Mount Isa.

B Grade was a local affair with Michael Parison 75/78 of Townsville edging out Peter Colls (74/78) of the Burdekin Club.

Michael Richards (74/75) of Burdekin was first in C grade ahead of Tracy Wilson (74/81) of Mount Isa.

Annette Vassalini of the Burdekin Club won the Women's section with 78/84.

Glenn Wyatt Of the Maryborough Club won the Junior Section with 75/75.

Lui Populin (Burdekin), last years winner won the Veteran's section with 80/81.

The Zone Shoulder to Shoulder teams match is held in conjunction with the Winchester Points Score. The Northern Zone took advantage of their home turf to record wins in the Open, Women's, and Veteran sections while the South East Zone won the Junior section from the Western Zone.

With such a large number of shooters, six layouts were placed in service to allow the program to be completed in daylight.

Event two was the 50 target State Double Barrel Championship. Seventeen possibles were recorded and a long shoot off was envisaged. The changing light and onset of dusk ensured that this did not happen.

**Ray Collinson – Queensland Champion with presenter Tom Commerford.**

80 targets later Col Witt (130/130) of the Gold Coast shed his "always the bridesmaid" tag to win his first ever State Title despite being in numerous shoot-offs over the years.

Arthur Turner (Griffith) on 129/130 had to be the bridesmaid and take out first in AA on this occasion followed by Ray Collinson (Burdekin) on 119/120.

A grade first was Lui Populin (78/79) followed by David Rob (Tarawera) on 66/67.

Noel Maltby (Port Denison) 67/68 was first in B grade from Steve McDowall (Normanton) on 66/68.

C grade went to Darroll Kowald (Tallawalla) on 45/52 from Anthony Nugent (Roma) on 44/52.

The Women's Double Barrel Championship was won by Lil Jarvis (Rockhampton) 50/50 from Cherie Reeves (Normanton) 51/52 who defeated her mother in the shoot-off for second.

The Junior Double Barrel Championship was won by David Robb (50/50) from Glenn Wyatt (60/61).

The Veteran's Double Barrel Championship went to Allan Denton (Roma) 54/54 with Lui Populin second with 53/54.

Due to the late finish the presentations were held over until the Sunday evening.

Shooting got under way on Sunday morning with 212 competitors vying for the State Single Barrel Title.

Possibles were recorded by Arthur Turner and Robbie Cusack and the shoot-off commenced.

After 12 targets Robbie Cusack was the State Single Barrel

Under great stress Col managed his speech in 43 words.

Monday morning saw the last event, the 50 Target State Point Score championship commence. No possibles were recorded.

Following a short shoot-off, Shawn Ryan (Springsure) 164/165 was the State Point Score Champion from the third time bridesmaid Arthur Turner 163/165 who was first in AA. Second in AA went Col Witt (280/292).

# N.S.W.C.T.A. SOUTHERN ZONE TRAP CARNIVAL ILLAWARRA GUN CLUB 1ST & 2ND MAY 2004

The Illawarra Gun Club hosted the annual Southern Zone Trap carnival on the week end of the 1st & 2nd of May with 85 shooters rolling up for a crack at the titles. The weather on the Saturday was a beautiful clear Autumn's day, fine and mild with a slight breeze from the south.

The 1st event was a 25 tgt D/B cash divide and with 22 shooters posting a perfect score, winning the next few important championships would be difficult.

Event 2, Southern Zone 50 TGT D/B championship was under way and after a long battle between two of Australia's top shots, Gary Rootes took the title 169/169 over Illawarra local Hot Shot, Kevin Perkins 168/169, taking first in AA grade. An outstanding effort under the extremely low light conditions, well done guys! Grade Winners- A grade: M.Roberts 64/65 B grade: N.Petrone 63/64 C grade: B.Kelly 49/50

*Southern Zone Junior Classic, 14 – 15 yrs Brendan Burgess.*

*High Gun winners, L-R – C Grade – B. Kelly, B Grade – N. Petrone, O/A – G. Rootes, A Grade – F. Auditore, AA Grade – R. Manicaro.*

Sunday morning showed us the weather that Illawarra is renown for, Fine, Cold and blowing a gale, though the shooters didn't seem to mind, with 96 competitors turning up for the other Zone titles.

Event 3, Southern Zone 50 TGT P/S championship was up first, and having to shoot a pointscore event under the conditions would prove very testing. Overall 1st was taken out by Cecil Park shooter G.Chahine with a score of 147/150, while well known shooter Tony Arvanitakis shot a well deserved 148/153 to take 1st in AA grade, a mighty fine effort under the extreme windy conditions. Grade Winners- A grade: H.Guerreiro 172/180 B grade: M.Gomes 146/150 C grade: B.Kelly 130/150.

Event 4, Southern Zone 50 TGT S/B championship was under way and with only one shot at each target under these conditions, the scores were bound to be low. National Pointscore Champion Bob Rose showed everyone how to handle the tough conditions posting the only 50/50 to win the overall without a shoot-off, well shot Bob. Grade Winners- AA grade: R.Manicaro 69/70 A grade: P.Athanasopoulos 49/53 B grade: G.Georgiou 45/50 C grade: E.Maclean 43/50

The Southern Zone Junior Classic was held in conjunction with the three events and its great to see our up and coming juniors shooting scores equivalent to guys that have been shooting for years, keep it up guys so we have some great shooters for our future Zone teams.

# RATS ROUTS

## 2004 NEW ZEALAND NATIONALS

Well it's that time of the year again, the New Zealand Nationals at Canterbury Clay Target Club - Christchurch.

*The Team – Tom Turner, Steve Atkins, Arthur Turner, Artie Del-Ben and Ken McBean.*

A lot of the same old faces have made the annual pilgrimage including Mark McInnes, Tom Turner, Phillip Headon, Dr. Bob, Phil Grainger, Raff, Ardy Del-Ben, Woody, Sam Forsyth, Craig and Lee Bentley, Stan Collins and his lovely wife Leslie, James Vardenega, Arthur and Ron Moffat. We were delighted to see a fair few new ones as well including David Petri, Ken McBean and his wife Lindy, Simon Gloster (the Zurconian) and his partner Tammy and the young Turks, Sam Clifford, the apprentice (Craig Fitzgerald) and the Great White Hope from Hay, Simon Gee.

Day 1. The first event was the Ball Trap Championship. These targets were doing about 12,000, r.m.p. none of us, except Craig Bently, Raff and Dr. Bob could hold their head up high after qualifying. Craig ended up breaking his National drought with an outright win on 46/50. This score might not sound that good, but believe me, it was excellent shooting. The punisher from Canterbury, Gavin Searle was 2nd and Dr. Bob 3rd.

That night we thought we would go the movies to see "Missing". Arthur said it would be "great" because Tommy Lee Jones doesn't make bad movies and we thought it would be appropriate, as we had been missing all day. Guess What? Tommy does make bad movies! This one was only one star and my advice to everyone would be, save your 10 bucks.

I had a slight disagreement at the motel we had booked into about the tariff. After a short, but to the point discussion, I told the proprietor we would find accommodation elsewhere. Shortly after, Arthur and Woody came to the rescue and renegotiated a fee for the rest of our stay and all was well. I thought I had done the right thing, as I don't like getting touched, but the six of us looked like we would have to buy a Tilley lamp and a swag and shack up in the nearby park.

Day 2. National Handicap. This event has just been introduced to

the program and the furthestest meterage any Kiwi has was 21 meters! Needless to say, most of our guys who were on 23, 24 and 25 meters were like the, boy with the barrow, No red chalk after the 50, only 49's one of which was our new Olympian, Tom Turner. After the shoot off Andrew Murphy was declared the winner with Tom a creditable third (considering he was giving away 5 or 6 meters, he should be very pleased with that).

Day 3. Double Rise and Minis. In this event only 2 possibles, Craig Bently and Arthur Turner. After 10 pair Craig had snared his second National in 3 days, what an effort! Next up were the minis with 14 possibles of which we were glad that 6 of them were Aussies- Mark McInnes, the two Sams, the Great White Hope, the Zurconian and myself. After a lengthy shoot off, I was fortunate enough to win my first sparrows title at 74/74 with Evan Johnson 2nd and Gravin Searle 3rd.

Afterwards we went to exchange our rental car, with Mr. Charisma (Arthur) negotiating, we were able to upgrade to a BMW at the same price, a real "hoon" machine, with only 6,000 clicks on the clock. Then we were off to see the Last Samurai, I tell you, this lad didn't mind having a go, took no prisoners and a pretty good show all round. Had an early night and hoped tomorrow would be as good.

Day 4. The Triples. In this event there were only 5 possibles. They were made up of 3 Kiwi's and 2 Aussie's, Tom Turner and Craig Fitzgerald. After one round it was down to Tom and Paul Schmit. Paul let 2 land and Tom 1. Another victory to the

Good Guy, with the Apprentice taking third in "AA".

Next up was the reason five of us had traveled to the land of the Great White Cloud, the Glenn Cup Team Shoot. We, as a team were very excited after we shot 250/250 to defeat the Kiwi's on 243/250. WE THRASHED THEM!

*Steve Atkins – Winner of the "Minis", Craig Bently – Ball Trap and Double Rise and Tom Turner – Triples.*

It should be noted how well Ken McBean acquitted himself, it was his first time in the green and gold and never missed a beat, and although he said he was a bit nervous it never showed.

I was offered a spin in Damien Briggs's Ferrari F1 355 Berlinetta quad cam V8. This bloke is the oldest teenager on the West Coast of New Zealand, (58 going on 18). This red beast went like a rocket and it even had a wireless! An experience I will probably never get again and it makes my Calais look like a humbler hawk.

Day 5. The Double Barrel Title. In this event we had lots of possibles, but when it got down to business, it was the kid from Colac, Gavin Searle and Dean Everett. Sam got an evil target at

about 320, which he didn't like too much, at 491 Dean let one slip through the pattern of the Krieghoff, That little bloke had done it again, Gavin was the champion.

Day 6. Today was the Single Barrel, it turned out cold and fairly windy and no one was able to post a 50. Three guys on 49 went out to decide who would be the champ. After 11 targets, junior shooter Michael Webster had won his first of what I think will be many Nationals.

Next up was a 25 target points trophy match, still very windy and only 4 possibles with the Great White Hope, Simon Gee, being Australia's Sole Rep. After 5 birds it was down to the big postie from Hay and Gavin Searle. Simon looked like he was in no mood for second best but couldn't get over the New Zealand legend.

Day 7. Point score championship. We decided to shoot in squad one so we would have no trouble catching our flight at 3.30. There was a slight breeze and targets were okay, but I choked on my 44th and for awhile 149/150 looked pretty good until the inevitable happened - 3 Possibles, Rob Hartley, Paul Schmit, and that man again, Gavin Searle. After 5 targets Rob Hartley was the new point score champion. The 150/150 Paul Schmit had shot meant he had overall high gun, not a bad effort for an old stiff! He is 60 years of age! I have known Paul well for 8 years and he is an absolute gentlemen and a more than handy shot.

As usual I had a good time over the week although it is the worst I have ever shot here except for 2 days, I didn't enjoy the roulette wheel on the 3 times I visited it, but you know that when you walk in the door.

The Kiwis always make you feel welcome and my travelling companies are good company, until next time

# South East Zone Vic TEAMS EVENT – ROUND TWO KORUMBURRA 2004

Round two of the teams event was hosted by the Korumburra club and saw 80 shooters in attendance. The constant light rain and gusting wind held the Handicap possibles to one (Shot Single Barrel) and that was club president Malcolm Green, home ground advantage I would think. In the same squad Wayne Parks was the only 24, there where six 23's with P. Onley lasting the four targets required to gain third place. Phillip Green 23/25 was B/M and Brooke McMillan was Junior F/M 22/25.

*C. Widdows, L. Johnston, M. Green, G. Wilcox and N. Rundle.  
(Korumburra Team)*

*Junior High Guns – S. Elsley 'A', B. McMillan 'C', and M. Stokes 'B'.*

In the Teams section the home ground advantage was working a treat, with Korumburra 111/125 from Wonthaggi 104, and Cerberus 102. The rain continued holding the Double Barrel possibles to nine with the AA & O/A winner, Norm Court 86/86 from Neil Rundle 85/86. 'A' D. Caldwell 42 /43, K. Shaw 28 /29, 'B' G. McMillan 24/25, G. Sparey 35/37, 'C' C. Chant 22/25 J. Incani 20/25.

At the end of the Double Barrel the rain still fell! Although four teams posted better D/B scores than Korumburra, their lead was more than enough to give them the win with 223/250, from Wonthaggi 219, Cerberus (1) 216, Cerberus (2) 215 and Morwell 210. Five of the remaining nine teams scored in the 200's. The winning team was M. Green, C. Widdows, N. Rundle. L. Johnston and G. Wilcox. The Winning Junior team was Morwell 85/100 M. Stokes & B. McMillan. This was a very well run shoot, under winter like conditions. The next round is at Frankston Australia on the 20th June.

*High Gun winner M. Green with  
L. Curtis, Zone President.*

*Double Barrel winner – N. Court.*

*Chris Carrol, S.E.Zone secretary*
