DTL TRAP RULES

Grade Percentage Changes, January 1, 2005 INTERPRETATION AND APPLICATION

1. All scores from an unfinished bracket of 200 targets prior to January 1 must be carried over.

2. **Upgrading.**

Any bracket of 200 targets completed after January 1, 2005 including carried-over targets will be used for upgrading if the new percentage score has been achieved. That is, 98% AA, 95% A, 88% B. The shooter will then remain in that grade until a further 600 targets (three consecutive brackets of 200) has been shot at a lower grade percentage before being eligible for downgrade.

3. **Downgrading:**

Brackets of 200 targets completed before January 1, 2005 may be taken into account when downgraded. These brackets must have a percentage score below the grade percentage required before January 1, 2005. If the third bracket including carried-over targets remains below the new 2005 downgrade percentage, a shooter will be eligible for downgrading.

Example: Shooter X who is A Grade shoots two consecutive brackets of 93.9% or less prior to January 1, 2005 and completes a bracket after January 1, 2005 which has a percentage score of less than 94.9% will qualify for downgrading to B Grade. This example should be used as a reference for other grades. If only one bracket has been shot at a lower percentage grade prior to January 1, 2005 a further two brackets will need to be shot below grade percentage to allow downgrading.

Example: Prior to January 1, 2005 Shooter Y who is B Grade shoots one bracket at 86.9% or less would need to complete two brackets including carried-over targets after January 1, 2005 with a percentage score of less than 87.9% to be eligible for downgrading to C Grade. This example should be used for all other grades.

High School Busts Clays

Week two for the year nine girl and boy students of Echuca High School to test their hand eye co-ordination skills learned at the Echuca Clay Target Club grounds.

Cameron Roberts.

Tracey Smith.

Reannon Ivancic.

Todd Reddie.

Club members have donated their time to impart as much knowledge as possible, in the time allocated, in shotgun handling, at the sport of clay target shooting.

Shooting over the clubs Skeet layouts the students proved they were concentrating on the coaching as several of them showed very good capabilities.

With Todd Reddie showing all others how its done by scoring a nine out of ten, and Reannon Ivancic not that far behind with a seven out of ten.

Tracey Smith and Cameron Roberts both on six targets shot, and almost all others scoring hits, the entire two classes should be very proud of their achievements in such a short time.

All students seemed pleased with their progress, and in the actual sport, which is very individual and testing of you're own concentration.

Echuca Clay Target club members once again would like to comment on the good behaviour of the students and thank David Pearson and the school for their interest in the sport.

Christmas Shoot at Echuca 2004

Ten squads of shooters turned up at the Echuca Clay Target Club grounds for the Christmas Shoot held on Sunday the 12th of December.

Amongst a group of novelty events was the Champion of Champion 25 target event held to decide the Overall yearly Champion with only those shooters that had won an overall at Echuca throughout the year being eligible to participate.

Local member Steve Atkins won the honour easily with just 2 points down for the event, taking the Sash with a creditable 68/70 score.

The second event was a Walk Back Double Barrel starting on 11 metres and stepping back a metre a target to the 25-metre mark; this tested all shooters out and surprisingly mixed all grades among the placings.

Echuca member Craig Scott took overall first, this run to a pattern all day with Echuca members taking all first places.

Event three was a 10 target graded metreage Double Barrel, using 11, 17, 20, & 25 metre marks for the four grades respectively. Club Secretary, Peter Sing collected the trophy for first in this event. Peter has been shooting very well recently and is about to get some attention from the club Handicapper for his good performance of late.

Event four, was a five target Single Barrel graded metreage. Peter Jamison another Echuca shooter collected first prize, and event five a graded metreage Pointscore was taken out by Alain Gobbo, another Echuca shooter.

The weather held out and the Ladies Committee supplied free afternoon tea, and main dinner meal, with a vast array of sweets and drinks on offer for all. Everyone enjoyed the day, saying Echuca Club should be proud of themselves.

I would just like to question the rationale for the recent changes to the grading percentages. From where I sit the recent changes will have the effect of pushing shooters down a grade, ie fringe AA will move to A fringe A to B etc this will have the end result of fewer

shooters in AA grade with a corresponding increase in the lower grades. From a club point of view this will see fewer shooters in AA grade say from 5-6 at club shoots to 2-3.

The genuine C grader will be competing with the fringe B grader etc Can clubs then afford to provide trophies for this number, I would suggest not. What's the solution? Run 3 grades only with the genuine AA competing in A. This will cause a revolt in A grade but can clubs afford the expense of providing trophies for say 2-3 shooters, its not their fault the numbers are down so why penalise them.

The big shoots (National/State titles) may well see some benefit but I would suggest that grass roots shooting will be the big loser, lets put things back to where they were before we all pay a price we can ill afford, that is fewer shooters at our club shoots. Remember if its not broke why try and fix it. The old % worked fine and were generally seen as realistic

VITTOR UGO (VIC) SARTORE
20/12/1945-20/6/2004

It is with deep regret we announce the passing of a Life Member of the Deniliquin Clay Target Club, Vic Sartore.

Vic along with a band of other willing workers were instrumental in the relocation of our club to its existing site, and the construction of 3 trap houses and lanes.

Vic's two great loves in life were his family, along with hunting and shooting. It took only one phone call to Vic to inform him that a paddock of quail or a block of rice had

ducks on it and he would be knocking on your door in 10 minutes. A couple of days later you would be invited around to Vic and Norma's to enjoy the spoils of the outing after Norma had cooked them in her own special way.

Vic and Norma ran the Wood Street store, then opened V&N Disposals selling guns, ammo and camping goods. The next venture saw them open the Green Pepper Pizza shop which daughter Roberta stills runs today.

Vic was affectionately known to all and sundry as "The Wog" at all gun clubs he visited, he was still turning up at the Deniliquin Gun Club only a month before his passing to see who was winning and who the poachers where.

Members of Deniliquin Gun Club extend their condolences to Norma and family and also to his brother Giuilo in Queensland.

JACK (WARRIGUL) SCOTT

26 January 1920 to 8 December 2004

Woods Point Gun Club Treasurer 1971-2004
Jack Scott, a much-loved Woods Point Gun Club member for over 30 years, passed away on the 8th December 2004 aged 84.

Born in Bulli NSW, his family moved to Tasmania when he was 13 years old and he worked as a potato farmer, a milk carter and as a blacksmith's assistant. His first taste of explosives was in Tasmania where he worked briefly as an assistant for Alf Goram a powder monkey. Alf was the one who gave Jack his nickname of Warrigul that stuck

with him for the rest of his life. In 1936 when he was 16 Jack moved to Woods Point. He worked as a wood cutter/logger, gold miner, builder, plumber and mechanic and could turn his hand to nearly any job. Around the Woods Point district he was invaluable to the local population as the man who got things done.

Jack fought the devastating 1939 Black Friday bushfires that wiped Woods Point from the map and was highly involved in the subsequent rebuilding of the town. He served in Borneo during the Second World War in the 2/11 Commando Squadron and was demobbed in 1942.

Jack was one of the founding members of the Woods Point Gun Club in 1971 and was Honorary Treasurer for the subsequent 33 years. Jack was a tireless worker with the sport of shooting and the desire to help and support others running strongly through his veins. From the time when the club consisted of a manual trap on the side of the Matiock Hill protected by a sheet of corrugated iron, to today's large clubhouse with all facilities, Jack was a driving force for change and improvement. Jack did much of the work needed to ensure our club was strong and successful and he was always at the club, building, repairing and tinkering.

Jack was our first Life Member, awarded to him for his untiring work for the club.

A man with an immense dry humour, Jack was also an excellent raconteur and poet. We would sit at the club or the local pub and listen to Jack for hours, reliving his life and adventures. He was a keen and successful live bird shooter in his early days and an

excellent clay target shot. Jack had to stop shooting a few years ago due to arthritis in his shoulders brought about by years of working outside in all conditions and in the local gold mines. Even though he no longer shot Jack was still always at the club, helping, advising and joining in the fun.

More than 200 friends and relatives from all over Australia attended his funeral in Woods Point. Gun Club members formed a guard of honour at the cemetery and fired a salute as he was lowered to his final resting place.

Jack, we know that your passing leaves a large space in your family's hearts and in the life and history of Woods Point. We will miss you our friend, but we know that wherever you have gone it will be a better place for your presence.

— John Wood, President, on behalf of the committee and members, his family and friends.

LEIGH PATEMAN
1921 - 2005

The Yass CTC has been saddened by the loss of Club Patron and oldest member, Leigh Pateman. Leigh joined the club back in 1957 and held several positions on the committee including Vice President and President.

While being a regular winner himself, Leigh's real pride came from teaching young shooters and travelling many a mile taking his son John and mates around the traps. John is a valued member of our club and we offer our condolences to John, Narelle, Jeremy and Steven.

GRAHAM ASH

31st August 1932 - 2nd January 2005

The President, Committee and Members of the Frankston Australian Clay Target Club mourn the passing of Graham, Father to our club and No 1 Statesman, Foundation and Life Member, long standing past President and Committee Member.

Graham was one of the masterminds behind the amalgamation of the historic Australian Clay Target Club and the Frankston Clay Target Club.

Sport was a way of life for Graham, not as a spectator but as an achiever. Whether it was football, cricket, greyhound racing, horse racing or shooting he left his mark in the record books.

Graham was a first class (tough) football player, and a first class cricketer.

Life Member of the Cricket Club.

Club record holder for the most wickets taken.

Club record holder of runs made.

But his real passion was shooting and a very good shot at that, winner of National, State and Club events. 1977 NATIONAL CHAMPION OF CHAMPIONS and if time hadn't run out on him he was well on his way to becoming a first class lawn bowler.

Graham you will be remembered as a Defender, a Fighter and a Champion of the Frankston Australian Clay Target Club.

Psychological Skills for Shooting

by Michael Kruger-Davis

Traumatic Events and Grief

Over the past few weeks since Boxing Day, there has been an incredible outpouring of grief in the community for those people who died or were affected by the Asian tsunami. In this month's article I wish to move away from the focus of sport to examine how grief and trauma affect us.

Firstly, I would like to offer my sympathy to any of my readers who were affected by this tragedy. Secondly, I wish to point out to everyone that events such as the tsunami can trigger within us feelings, thoughts and reactions of grief that are related to other aspects of our lives and may have nothing to do with the tsunami.

Part of my day job over the past 18 years has been to provide critical incident response and management to schools in times of traumatic events: bushfires, severe wind storms, teacher and/or student deaths, bus accidents, kidnapping's, murders, etc. I feel that it is necessary to present this point of view because the newspapers, television and radio have bombarded us with images and descriptions that makes it difficult for us not to be affected.

My work in schools and with the police has shown that the person who receives the phone calls at the front office or operates the radio can be more affected because they are not actually at the scene and therefore they have no way of evaluating what is actually happening. They have to rely on others (who may be emotionally distraught) and therefore imagine what is going on, which is usually far worse than the real situation. These people also feel out of control because they cannot help. For the Australian public, we have been in this position seeing and hearing graphic images but unable to effectively respond.

The central theme in dealing with traumatic events is to get the community to understand what is happening to them when an event such as the tsunami strikes. Traumatic events have three determining aspects: Firstly, they challenge your sense of justice; this isn't fair, why is this happening?

Secondly, they expose your own vulnerability; we immediately think it could have been me that died, or my family or children, and finally, they overwhelm us; because the event is so outside what we usually experience we cannot get it out of our head.

The interesting thing about humans is that the range of thoughts, feelings and reactions will be varied. There is no right or wrong way to respond. Some people appear as if nothing happened, whilst others are unable to function as normal. The whole range of responses is normal but because the experience is usually outside our sphere of normal and everyday experiences, we often have no way of knowing that what we are going through is a natural response to an abnormal event and our mind quickly tells us we must be losing it or cracking up.

The "cracking up" is merely the expected short-term psychological effects of dealing with trauma. These come in four areas; cognitive (to do with our thinking), affective (to do with our feelings), psychophysiological (to do with our bodies) and behavioural (to do with our reactions).

Cognitive problems may include difficulty in attending, concentrating, sleep disturbances, recurrent and intrusive thoughts, dreams and nightmares. Affective problems may include feelings of rejection, overwhelming sadness, worthlessness and feelings that the situation is hopeless and therefore I must be helpless. Changes in moods and feelings of depression and anxiety are affective responses.

Psychophysiological problems can be real symptoms such as pains in the chest, tingling fingers, butterflies in the stomach, headaches,

dry throat, etc. These are the physical indicators of the flight or fight stress response. Finally, behavioural problems may lead to alcohol and drug dependency, withdrawal from sport and social groups. For the majority of the population, if they receive appropriate counselling, then these problems will disappear but for a small proportion of the population, they may develop symptoms of post traumatic stress disorder. Appropriate counselling gives the person the opportunity to have their thoughts, feelings and reactions validated legitimised and normalised. The central theme is to get the client to understand that their reactions are a natural response to an abnormal event.

It is possible that some readers are now thinking; I've been feeling a bit like this but I didn't think that the tsunami would have that effect; I feel safe, I didn't know anyone there, etc. What the traumatic event has done is trigger a grief response in you because of some other event previously in your life.

Early in the new year I had a phone call from a client of mine who eighteen months ago I had been working with because she was not dealing with the death of her sister. In the two years before, both her father and nephew also died one expected and one unexpectedly. I was surprised when she made contact with me because I felt that she was OK but as we spoke I realised that she, like the rest of us, was being overloaded with grief from a social level and for her it immediately triggered the same thoughts, feelings and reactions that she was having before counselling.

Every time she heard, read or saw an account of what happened or listened to someone talk about their loved ones she internalised the thoughts and focused back on her own sense of loss. She was pleased to realise that she was normal and that this set back was natural given the situation.

All humans experience grief when something or someone of value leaves or dies. Grief is "the pain of letting go". How much we grieve is dependent upon how close we were to the person. The more central the person was to us the more we will hurt and the greater the pain of letting go. The grief response follows a series of not so discreet steps.

All grief responses follow a similar pattern but not all people grieve in the same way, or for the same time, or with the same intensity. The initial phase of grief is shock or numbness. When we first hear that someone has died we are shocked because up until that moment, in our mind, they were alive. The second phase is anger. It is not unusual for someone grieving to be angry with the person who died, themselves, their God, everybody and anybody. Anger is a normal part of the grieving process.

The next phase is denial, where we refuse to acknowledge our thoughts, feelings and actions regarding the way we are feeling. The next stage is depression, which is more of an intense sadness than a clinical form of depression. The final stage in the process is acceptance, where we realise that we can live with the grief as the companion instead of the person.

In conclusion, it must be remembered that grief is a normal human response. It is painful but will over time diminish. Grief is the pain of letting go of someone we love and because we do not want to let him or her go, the pain is often very intense. The way each of us grieves is personal and different, so there are no rules. We must take it slowly and be prepared for a rough ride. The best way to deal with it is to talk it out.

Taipan Shield 2004

Congratulations once again to the girls from the Werribee Victorian Clay target Club on claiming victory in the 2004 Taipan Shield postal competition.

Stacey Roiall, Emily Signorotto, Lauren Mark, Simone Tigani and Michelle Beecham shot the competition in December with a combined score of 122/125 for a clear win from the Majura Park team on a score of 109/125 in second place.

Three teams entered for this year postal event but unfortunately only two results were received by the closing date.

Thanks to all teams for your entry and participation. Once again, congratulations Werribee Victorian Clay Target Club.

Sydney Clay Target Club 52th Anniversary Shoot

13th-14th November 2004

Boy did it blow! You could see the paint peel off the trap houses. Sydney's 2 day shoot started with a gale on Saturday morning and kept it up all day - the targets weaving and ducking and the shooters cursing. Thirteen squads belled up to the line for the day's shooting.

First event was the 15 pair double rise, which saw the local terrier, Johnny Crompton take the overall on 27/30. A top effort considering the conditions.

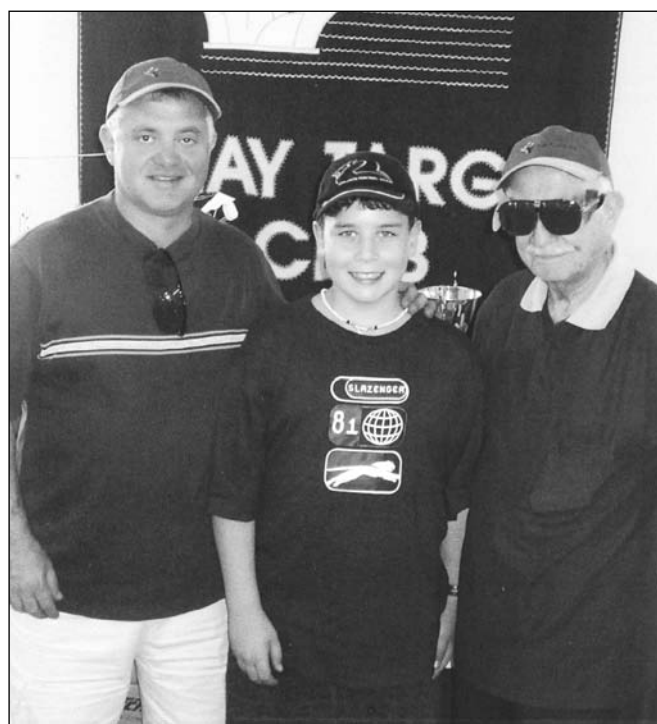

Gary thanks Pam for all her hard work.

Second event was the 30 tgts Champion of Champions which was won by Gary Rootes with a 52/55, after a shoot off with a local shooter Dino Lougas.

Third event for the day was the 50 tgts Double Barrel, won by Tony Arvanitakis, with the only possible. A number of 49's shot it out for the placings, with no one shooting more than 10 in the shoot offs.

Sunday saw the gale force winds die down somewhat and resulted in a little more red on the board. The 30 tgts Single Barrel was won outright by Tony Abela with a number of shooters on 29 fighting it out for grades and minor places.

The main events were then shot off beginning with the 50 tgts DB. Sixteen squads competed and resulted in that old stager Gary Rootes taking out the Overall High Gun Sash on 179 from the terrier Johnny Crompton.

Three generations of shooters, Gus, Matthew and Tony Salem.

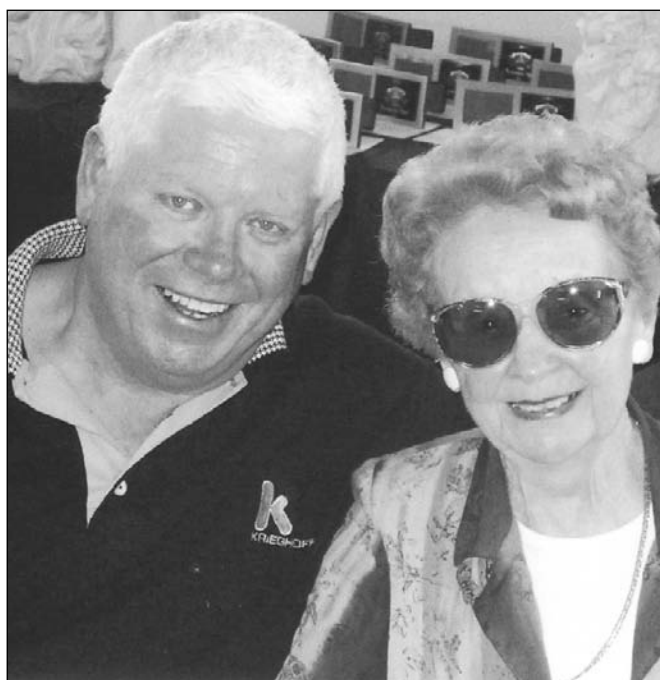

Drawing the raffle.

The future of shooting — even if they don't like having their photo taken.

Gary and his mum Ruth.

The last event was the much coveted Peter Abela Memorial Championship of 30 tgts Point Score and wouldn't you know, Gary Rootes again coming to the top with 147/147.

Overall High Gun Gary Rootes 284/300

AA High Gun Charlie Andrew 283/300

A High Gun Rene Bounioussa 278/300

B High Gun Anthony Aganakis 270/300

Double Rise Tower at Mathoura

A Victorian, North East Zone Night Double Rise Tower event, was on the menu at Mathoura Gun Club on Friday night the 26th of November.

This 15 pair event was shot at Mathoura for the Echuca Clay Target Club, of who was not able to fit it in their yearly shoot program.

Double Rise Tower at night anywhere is usually fairly difficult to shoot but this night was worse with a full moon glaring straight in all the shooter's eyes.

Swinging to the second target, usually all you could see was this massive moon.

Murray Roberts was in the first squad on, and walked off dejected with what he thought was a horrible score of 20/30, he then packed his gun away and waited for the good scores to come in.

After two more full squads of shooters the closest was a 19/30 giving Murray an unexpected Overall and A grade win.

B Grade 1st for the same event was Roger Kerslake on 14/30, and C Grade 1st was R Collicoat (Deniliquin) with a 19/30 on the board.

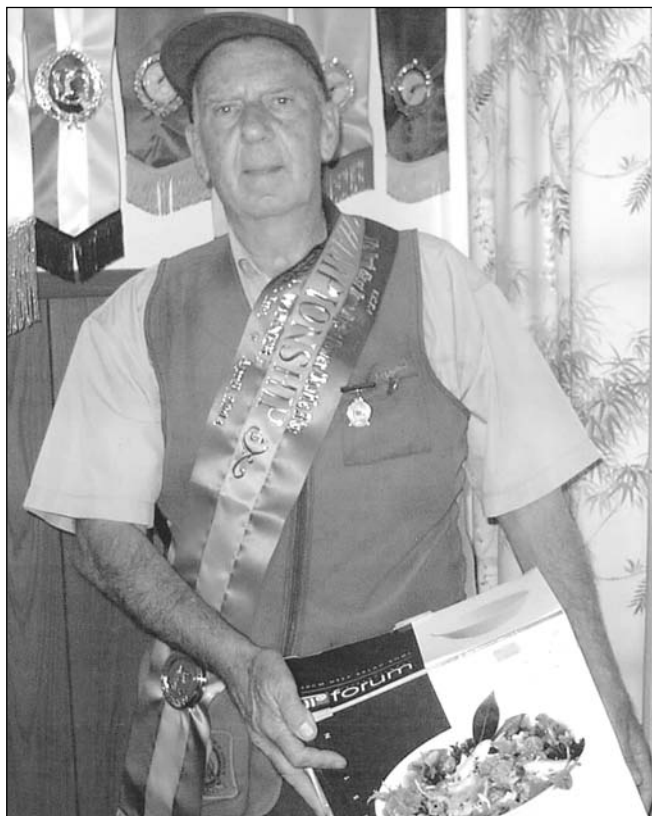

Event one was a 10 target Handicap cash divide, and R Collicoat was the only possible shot, with E Lucic, Jack Collicoat, R Wharton, A Broadhead, and M Lucic. All sharing the cash pay outs on 9/10 scores.

Event three a 15 target Pointscore Championship and again Rob Collicoat having a good nights shooting, collecting First after a short shoot off with local Bill Simpson both having shot the possible. Rob ending on a 48/48, with Bill taking out second with a 47/48, third was Shane Howe with a score of 43/45

The weather was mild and calm, making for a very enjoyable, nights shooting.

FEBRUARY - 2005

Welcome to the first article in what I hope becomes a regular spot in the ACTA journal. "In the Trenches" is meant to be a lighthearted look into the goings on of the Olympic Discipline events over the coming year.

When this article is published, the Olympic Discipline National Titles & Australia Cup will have been run & won and we will know who will be shooting in our Commonwealth Shooting Championships team in March & World Championship Teams mid year in Lonato, Italy. The competitors that qualify would have done so over 5 events, 3 at the Nationals & 2 at the Australia Cup. A shooter can only qualify for the Australia cup if they earn points from the National Titles. One solitary point will get you a guernsey at the Australia Cup.

This year the World Cups will be in the following Country's:

1. World Cup April 2005 - Changwon, Korea
2. World Cup May 2005 - Rome, Italy
3. World Championships May 2005 - Lonato, Italy
4. World Cup June 2005 - Belgrade, Slovenia
5. World Cup August 2005 - Americana, Brazil
6. World Cup Final October 2005 - Dubai, UAE

More importantly 2005 is a chance for the Men's Trap & Skeet Team to earn quota spots for the Beijing Olympic Games. This is the first time that we have been able to compete for Quota's in the first year after an Olympic Games, which seems to give us more of an opportunity to secure our place in the 2008 games.

For those of you who don't know, Quota Places are what allow a country to be able to send a competitor to an Olympic Games. Each country is allowed a maximum of 2 spots at the games (1 for women). Quota's are earned by winning at a World Cup, World

Championship or Oceania Games. It is important to earn these places early and develop a winning team over the next 4 years.

ARE YOU FAIRDINKUM??

Melbourne Gun Club the "Home" of the 2006 Commonwealth Games is slightly behind schedule and lost the Australia Cup to Werribee Gun Club, a huge bonus for Werribee, and well deserved. Let's hope everything is on track and they get things up and running as soon as possible, because it is a beautiful place to destroy targets.

Boxing Day at Echuca 2004

2004 and once again Echuca Clay Target Club held the two day Boxing Day Carnival that has been traditional for a long time at the club.

Thirteen full squads of shooters made up the competition for the shoot. Numbers were down on the previous few years, but on looking at the noms for the two days the AA and A grade nominations were excellent with the B grade and particularly the C grade shooters not participating.

Overall High Gun Daryl Hunt

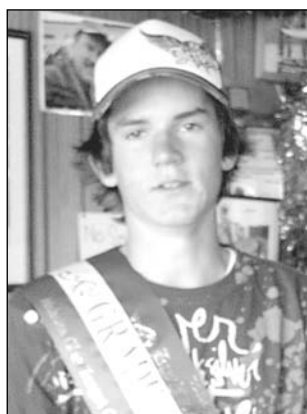

Echuca Committee members found this strange, as, in their own grades these C and B grade shooters have equal opportunity to take out prizes to the same value as the higher grades.

Handicapper Murray Roberts on reflection thought that perhaps overzealous handicapping may have thinned out the lower grades, but on checking the Echuca registrations this is apparently not so as there is still quite a few lower grades on record. If this applies to other clubs it remains a mystery.

Apology for rambling on about shooter attitudes, and returning to the carnival, the first day was

perfect for shooting, about 32 degrees and calm, clear sky and good background for the black targets all meaning good scores.

The first event was the 25 tgt Aztec Dental Laboratory D/B Championship and local member Craig Fitzgerald after a shoot off with S Collins collected OA & AA 1st with a good score of 201/201,

A Grade High Gun Ryan Atkins

S Collins taking 2nd in AA on 200/201. Another Echuca shooter Ian Phillips taking A grade with an 71/72, with Melitta Northausen also from Echuca 2nd on 64/65, B 1st Greg Norris (Echuca) 32/33, Club Secretary Peter Sing 2nd on 31/32, C grade 1st 23/25 A Prasad (Castlemaine) 2nd K Murtikos (Mildura) on 21/25.

Event 2, 25 tgt Commercial Helicopters P/L Handicap.

First after a short shoot off, from Tottenham NSW, R Brodin, 48/48 collecting the OA Sash and \$500 cash in hand, 2nd after dropping one target in the shoot off Socrates Pilipasadis (Abruzzo) 47/48 picking up \$300, 3rd A Marsh (Mt Isa) on 31/32 \$150 4th R Trimble

(Bendigo) with a 27/28, \$100, and 5th R Stackhouse (Euroa) 26/27 collecting \$50.

Event 3, 25 tgt Midstate Credit Management Pointscore Championship.

Mixing it with the AA grades A grade shooter J Walsh Jnr survived the shoot-off to take Overall & A on 84/84, 2nd A Kirley 74/75, AA 1st G McPherson 83/84, 2nd P Headon (Hay) 75/78, B 1st G Norris 77/78, 2nd Peter Sing 71/74, C 1st K Murtikos 64/75, 2nd B Shannon 61/75.

Event 4, a Goulburn Murray Credit Union 20 Pair D/R Championship.

Overall and AA having a good first day was R Brodin, alone on 38/40 2nd after a shoot off was Steve Atkins with a 67/70, A 1st Club President Ron Trail on 36/40, 2nd Melitta Northausen 35/42,

B 1st G Strauss 37/40, 2nd K Brodin 30/40, C 1st A Prasad 34/40, 2nd K Murtikos 22/40.

Day two, Monday the 27th December and although the sky had become overcast with light cloud which only made the black targets easier to see, the wind came up and proceeded to get stronger and stronger throughout the day making good scores very difficult to achieve.

Nominations for day two were only a few shooters less than day one giving the Echuca committee a real breath of relief.

Event 5, Shire of Campaspe 25 tgt Double Barrel Gift.

AA 1st after a shootoff with G Evans, (Socs) S Pilipasadis won out with a very creditable 47/48, 2nd G Evans 46/47, A 1st Ryan Atkins (Echuca) 27/27, 2nd G Norris (Echuca) (Murray thought he was good enough for A grade) 26/27, B 1st K Brodin 25/25, 2nd J Plum 25/26, C 1st A Prasad 21/25, 2nd was F Demasi on 18/26. Showing clearly this grade was easily open for more shooters. Event 6, Mobil Roundabout Roadhouse 30 tgt Medley Championship.

B Grade High Gun J Plum

Lady High Gun Melitta Northausen

C Grade High Gun A Prasad

Junior High Gun Kurt Brodin

DB OA Craig Fitzgerald

OA Medley R Godfrey

Another Echuca shooter Robert Godfrey taking out Overall & AA on the only possible shot 50/50, Over the two days Echuca shooters were very much to the fore, given the overall quality of the competitors at the carnival.

AA 2nd was G Evans after a shootout resulting in a score of 76/80, A 1st was J Soppi (Albuzzo) 48/50, 2nd A Kirley 47/50, B 1st J Plum (Benalla) 47/50, 2nd K Brodin 45/50, C 1st K Murtikos 47/75, 2nd B Shannon 44/75.

Event 7, 25 tgt Phillips & Calleja Single Barrel Championship.

Once again only one shooter clean on 25/25, Mount Isa member, A Marsh taking Overall and AA, 2nd P Grainger 35/37, A 1st J Soppi 23/25, 2nd Echuca's Peter Gobbo on 22/25, B 1st J Plum 22/25, 2nd (Tambo Valley) Ted Quick 18/25, C 1st P West 19/25, 2nd K Murtikos with a score of 16/25.
