Chance to
WIN**

CORSIVIA

CROSSWORD Competition

1st Prize - 1 Pallet of Clay Targets

2nd Prize - 1000 Shotshells

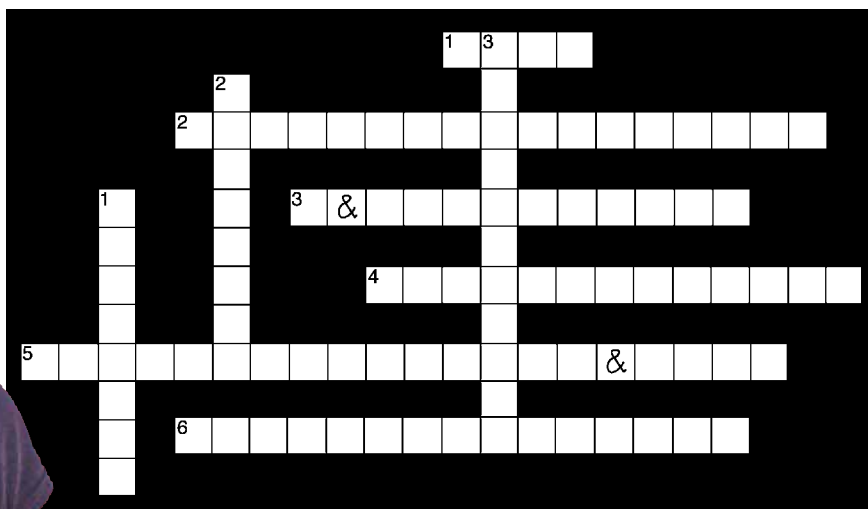

Bi-monthly draws - 500 Shotshells

ACROSS:

- 1 Association conducting National titles in Wagga Wagga, March 31–April 6, 2006 and using CORSIVIA Hi-dome targets (init.)
- 2 Using CORSIVIA clay targets, Melbourne Gun Club is the venue for this shotgun event (12,5)
- 3 2005 titles conducted at Echuca/Moama using CORSIVIA clay targets (1 init. & 1 init., 9)
- 4 ACTA 5-stand competition conducted in Wagga Wagga using CORSIVIA clay targets (8,5)
- 5 National titles conducted at Renmark/Berri, SA, using CORSIVIA clay targets (10,5 & 4)
- 6 In alphabetical order name the six Australian states/territory that used CORSIVIA clay targets for their DTL carnivals in 2005 (init. 3,2,3,2,3,2)

DOWN:

- 1 International shotgun event held at ACTA National shooting ground, Wagga Wagga, April 7–9, 2006 using CORSIVIA Hi-dome targets (5,3 init.)
- 2 Most popular brand of clay targets used in Australia (8)
- 3 Shot at in competition by shotgun shooters (4,7)

CONDITIONS

Entry in this competition is restricted to shooting clubs using CORSIVIA Clay Targets. To qualify, clubs must buy a minimum of 1 pallet of clay targets over the duration of the competition. Entry is simple — use this page, or a photocopy. Complete the **CORSIVIA CROSSWORD** and register the name of your club and contact details in the box provided. One entry only per club.

During May, July and September, supplementary prizes of 500 shotshells will be awarded to the first correct entry drawn. These winners will go back into the pool for the final draw. The winner of the final draw will win for their club one pallet (12000) CORSIVIA clay targets shipped anywhere in Australia. The runner-up will receive 1000 shotshells.

The draw will take place on Monday October 1st at the ACTA National Shooting Ground, Wagga Wagga. Results will be published.

Queensland Breaks Teams Match Drought at Ballandean Annual

Mark McInnes Overall High Gun Winner

Ballandean Clay Target Club hosted its most successful ever 2 day Annual on the weekend of 20th & 21st of May. Over the weekend 118 shooters from across Queensland and New South Wales made their way to Ballandean for a weekend of great shooting, fantastic company and plenty of fun and frivolity. Full credit must go to the members of Ballandean Clay Target Club for the building of the fourth layout to cope with the growing popularity of Ballandean's Annual.

The first event, 30t Granite Belt Fruit Freighters Double Barrel, saw 39 shooters post a possible, indicating the quality of not only the targets thrown and conditions, but also the level of competition. Surat's Geoff Moore posted a 138/138 to take the event Overall, Colin Witt of the Gold Coast took out AA with 137/138, James Barker of Sunshine Coast was the A grade winner with 107/108, Paul Barnard, of Kingaroy won B Grade with a great score of 103/104, and Illawarra's John Hugo took C Grade with 29/30.

The next event was the Grow Force Australia 25t Continental, which went to Rod Moody

of Yamba with a creditable 127/127 after shooting off with another 17 shooters. Ballandean's Ross Waugh was the AA Grade winner with a fine 126/127. A Grade went to Jim Edmonds of Toowoomba with 77/78, local bloke John Vichie took B Grade with 35/36 and another local, at his second shoot ever, Tom Ford won C Grade with 21/25.

The first day of shooting concluded with the Ralph Johns Pty Ltd 20pr Double Rise. New South Wales Gun Club evergreen Arty Del-Ben took out Overall with 38/40. Yamba's Kim Nealon won AA Grade with 64/70, Tamworth's Tim Burke took out A Grade with 53/50, Alan Allenby of Toowoomba won B Grade with 34/40, and Tom Ford was again in the dais with another C Grade win with a score of 30/40.

Throughout the day punters collected their tickets for the Calcutta drawn that evening held at Stanthorpe's International Club. After a fine Italian meal and plenty of red wine, amber ale, or whatever noxious liquid one could pour into their body, an evening of feverish and sometimes foolish auctioning began. George Costanzo, Ballandean's President tried in vain to control the 1st Ladies spending spree with her syndicate of Witches, who were intent on buying not on performance, but on looks and bums! A big thank you to David Watts of Moree for his comic genius and standing in as part-time Auctioneer for the night.

Geoff Moore proved he was too hot to handle first thing Sunday morning taking Overall in the Burton & Sons Retravisoin 50t Combination (25t D/B 25t S/B) Event with a fantastic score of 90/90. Maryborough's John Maxwell held off the other competitors to win AA with 89/90. Noel

Queensland Breaks Teams Match Drought at Ballandean Annual

Continued from page 1

Campion of Glen Innes was the A Grade winner with 59/60 and Junior shooter Andrew Moore (of the Surat Moore's) won B Grade with 48/50. Another Junior, Jarrid Bartley of Warwick took out C Grade with 44/50.

The next event to follow on for the day was the Shamrock Marketing 25t Points Score, this event also decides the 12 top scores from each state to make the Queensland and NSW Teams for the Teams Match. Overall winner in the event was seasoned performer Mark McInnes with 162/162, AA grade went to Condamine's Brett Pile 159/162. Richmond River favourite Mike Sullivan took out A Grade 131/132 and local lad Lance Field proved too strong in B Grade 89/90 and young Jarrid Bartley won C Grade with 69/75.

With the teams decided Queensland went into the Teams match as favourites yet again, but hoped their fate would be somewhat better than in the previous 6 years. The Queensland Team was made up of Wayne Murray, Lance Field, James Barker, Shane Meagher, John Maxwell, Geoff Moore, Alan Denton, Benn Durkin, Brett Pile, Greg Newey, Roger Obst and Craig Smith. They were to fight out supremacy in the Ballandean Teams Match later in the afternoon against the New South Wales Team whose members were Mark Formaggin, Dale Ellis, Kim Nealon, Rod Moody, Kevin Harding, Bud Sweeney, Mike Sullivan, Arty Del-Ben Mark McInnes, John Kent, Stuart Boydell and Greg Mengel. Ballandean was also hosting for the first year a Ladies Teams Match - Queensland V New South Wales. Ladies to make the Queensland Team were Georgia Costanzo, Vivian Moore and Leah Costanzo (fantastic to see mother

Dimity Boydell Ladies High Gun

and daughter making the team) and they were competing against a New South Wales Team made up of Ros Roughen, Therese Nealon and Dimity Boydell.

Next up was the much anticipated Stanthorpe Rural 1000 - 30t Grade Metreage, with a cool \$1000 for the overall winner, as well as a substantial sum for those buying the winning shooters the previous night. With only 5 possibles the nail biting shoot off commenced. Keith Simpson of Too-woomba proved too tough and a worthwhile investment for some lucky punters, he went home with a big smile and \$1000 in his pocket. Ross Bartley collected 2nd and \$500, Rod Moody 3rd and \$250 with Benn Durkin 4th and \$100 richer.

Lastly to the Teams Match. Was it to be Queensland's year???? Teams went out, the sky was darkening, targets getting harder and harder to see. Little did the New South Wales contingent know, the Queensland

Ladies winning team Queensland L-R Viv Moore, Leah Costanzo, Georgia Costanzo (mother and daughter)

Team had been in serious training, munching on carrots and sipping on Bilberry Extract at every possible moment, enhancing night vision, gaining the advantage! This marvellous strategy proved the winning edge with Queensland finally breaking the 6-year drought and emerging victorious! With the first annual Ladies Teams Match up for grabs also, was it to be a clean sweep for Queensland? It seems it was, The Queensland Girls also took home the bacon and a huge dose of Queensland Pride.

High Guns went to
Overall Mark McInnes 282/290 Sponsored by MWF Plumbing
AA John Mawell 281/290 Sponsored by Wes Smith Building Pty Ltd
A George Costanzo 239/250 Sponsored by Clay Target Australia
B Juha Havela 229/250 Sponsored by Power Tynan
C Tom Ford 205/250 Sponsored by Stanthorpe Border Post
Ladies Dimity Boydell 214/250 Sponsored by Goldstone Jewellers
Junior Sam Waugh 231/250 Sponsored by Arty Del Ben
Veteran Alan Denton 273/285 Sponsored by Stanthorpe Sports & Camping
Canterbury International Voice Release and Traps also sponsored all the High Guns

Ballandean Clay Target Club expressed its gratitude to all it's sponsors we all know without the sponsors these events would not be nearly as successful. To the shooters and their families from both near and far, we thank you for your attendance, it was a pleasure to have you shoot at our club. Thank you for your kind words and for your help over the weekend, we enjoyed getting to know you all, you made it a fantastic weekend and certainly hope that you may make the journey again next year (3rd weekend in May). Thanks to our Trap Boys, who are without a doubt, the best trap boys in the world, and to the lovely young girls who sat scoring for the entire weekend, you did a fantastic job; the efforts of these kids set the Ballandean Annual apart from other shoots.

Hall of Fame Dinner 2006

The Hall of Fame dinner took place at the Wagga Wagga RSL Club Thursday 2st April 2006.

We had a large crowd of 250 guests this year. Tickets sold exceedingly fast again and there was the usual flurry of people trying to get tickets at the last minute. This is a very positive indication of the regard shooters have for the ACTA Hall of Fame inductions. Executive Members, shooters, inductees and their family and friends travelled from all over Australia to share in the presentation of awards and induction of the Hall of Fame Members. The Queenslanders once again had the largest contingent with a total of 4 tables.

The inductees arrived at 6.30pm for their official photographs for the Hall of Fame. The other guests gathered for pre dinner drinks from 7.00pm. As usual the standard of dress was high. It really does give the evening a distinctive atmosphere when everyone makes such an effort with the standard of dress.

The formal part of the night started at 7.30pm with Allan Kenny, Executive

Doug Smith Medal winner Stephen Atkins

Grand Slam achiever Ben Rumble

Member, welcoming everyone and introducing the MC for the evening Russell Mark. Russell gave us an outline of the proceedings and invited Mr Bill Jones, National President up to the stage to give his opening speech.

After the entrée Russell invited Allan Kenny back to the stage to present the first of the night's wards. This was a Grand Slam Plaque, which was awarded to Ben Rumble. Ben was recognised for his achievement of the 'Grand Slam' during 2005. The Grand Slam consists of a 400 break at 15 metres, a 50 break at 25 metres and a 50 break Double Rise.

Next up was the Doug Smith Medal and once again we were fortunate enough to have Doug Smith on hand to present the medal himself. The finalists were:

Robert Thompson
Bruce Powell
Ray Collinson
Terry Boucher
Glen Hayden
Stephen Atkins
Neill McWhirter

Once again we had the 'big screen' with a

presentation of photos of the finalists and later the Hall of Fame inductees as well.

And the winner of the Doug Smith Medal was - Stephen Atkins!

Steve was extremely happy to accept the award and thanked all the people who had supported him with his shooting.

This year one worthy member of our Association was selected to receive the Presidential Medal for their contribution to the sport of clay target shooting. The ACTA Management Committee judges this award and the recipient was Mr Kevin Wright. Mr Bill Jones, National President did the honours and made the presentation to Mr Wright.

Once the main meal was finished Russell invited Glenn Woodhatch to the stage to assist in the Hall of Fame interviews. Russell read through the achievements of each inductee as they were called up. The first two inductees were being presented posthumously and received a Certificate of Induction commemorating their induction. The first inductee was Mr Horace Donnelly. Horace's family was unable to attend the dinner so his Certificate will be forwarded on.

Presidential Medal recipient Kevin Wright

Jim Ellis

Horace Donelly

HORACE DONELLY

Born: 1898 Deptfor, East Gippsland

Died: 1997 99 years of age.

Club: Blackburn

Titles: 2 National Trap Titles

GLADSTONE CLAY TARGET CLUB

Annual Easter 2 Day Trap Carnival

Gladstone Clay Target Club hosted its annual 2-day trap carnival on the 15th and 16th April. 2006

Forty-six shooters in total gathered to compete for the gallery of prizes and cash totalling over \$5000. Thanks to our generous sponsors for making this possible.

Shooters travelled from all areas of central and southern Queensland, representing the following clubs: Rockhampton, Gladstone,

Chinchilla, Callide Dawson, Barcaldine, Maryborough, Mackay-Sarina, Tallawalla, Gold Coast, Bundaberg, Blackall, Brisbane, Gympie.

Conditions were ideal with slight breezes in the morning, changing later to stronger in the afternoon, making some of our targets challenging for some.

Hall of Fame Dinner 2006

2204 Championships and badges

22 Commonwealth Titles

The last, but certainly not least inductee for the evening was Ken Lowry. Ken and his wife travelled down from Coff's Harbour. There were also quite a few supporters along for the evening as well. Ken was very well spoken and entertained us with a few stories and a few jokes as well. I hope that lady recovered from the choking attack she suffered when she heard the punch line of one of the jokes. Being inducted into the Hall of Fame was a huge honour for Ken and he was very warm in his praise to the ACTA.

KEN LOWRY

3 time National Skeet

This evening we had another award to present and Russell invited Bill Jones back to the stage to do the presentation. An Honary Life Membership was awarded to Mr Robert Nugent, much to his surprise. I believe there were a lost of secret phone calls etc beforehand to obtain photographs and past achievements. A small click of the button (sorry guys) gave the game away about 30 seconds too soon but it all turned out in the end. Robert was stunned but very honoured to accept the award.

There is always a lot of work prior to these events which most people don't get to see but we do appreciate Russell and Glenn's time and help. Once again Russell did an excellent job of being the MC and kept the whole evening running along smoothly. Thank you Russell your help is always appreciated. Thank you Glenn Woodhatch for your assistance during the evening. Thank you to Mark McInnes for his record keeping which enables us to select our inductees. Lastly I would like to thank Sue Green for being the best 'Barrel Girl' we could have. Sue has helped out at the last two Hall of Fame dinners and she always does a great job.

Cheryll Kenyon

Overall High Gun Winner Mark Warnock (Rockhampton) with Gladstone President Garry Wright

Junior High Gun Winner Tom Doonar (Blackall) with Garry Wright

Veteran High Gun Winner Neil Berry

Trevor Gordon

A Grade High Gun Winner
Lynne Thompson

Ladies High Gun Winner Beth Ekblad

Shooting was very competitive across all grades, making for some excellent scores.

Full details of the scores for the 2 days will be found in the results section.

Our main event for the weekend was Event 3, the Ray Sharp Memorial Trophy. Ray was one of our long time members', who was unfortunately killed last year in an industrial accident. In his memory the Club initiated the trophy for inter-club competition. The inaugural winner was Gladstone's Irvine Wynyard, and one of Ray's sons, Glen, was on hand to present the trophy.

One of our lady shooters, Lynne Thompson from Bundaberg, shot a creditable 90/90 in the 30 target DB Points Championship, showing the men how to do it. A sterling effort.

High Gun Winners were
Overall Mark Warnock 261/275. AA Irvine Wynyard 258/275.
A Lynne Thompson 253/275. B Andrew Clarke 241/275. C Trevor Gordon 212/275. Ladies Beth Ekblad 194/275. Juniors Tom Doonar 209/275. Veterans Neil Berry 243/275.

Psychological Skills for Shooting

by Michael Kruger-Davis

FREEZING

The original focus for studying psychological skills for shooting, came from a request by a friend to help with a problem he had freezing on the trigger. At the time I thought I knew a lot about psychology and a lot about shooting; what I didn't understand was the psychology of shooting. So back to the books and the study, writing these articles and talking with shooters, and in the process, I have learnt heaps and hopefully helped some people out along the way.

But even after the study and realising what goes on the minds of most shooters, I still wasn't sure how to help people who would freeze on the trigger. This problem must be worldwide because in the September/October 2005 issue of "Gunshot" the Official Journal of the New Zealand Clay Target Association, there was a reprinted article from Pull! Magazine called Trigger Defrost and looked at three theories and approaches behind freezing on the trigger.

The first theory involves Self-Hypnosis. The article quotes Steve Mycoe a sports psychologist who believes that trigger freeze is a common problem based in the emotional right side of the brain and is a fear response. He continues by saying that "there are several varieties of trigger freeze all of which are unconscious in nature. Some experience random freeze that seems to have no real pattern, some only freeze on the second barrel of a shot and some people are completely disabled from shooting altogether." He believes that in the case of trigger freeze, an unconscious anchor has been set up, and

fires automatically the freezing response behaviour, when a particular stimulus occurs during or prior to shooting. He believes the way to address the problem is to consider the physical differences and the arousal levels or states that the shooter accesses both when the trigger freeze occurs and when it doesn't. There will be a marked difference between the two. The next step is to use similar strategies that are successful with dealing with phobias. Using a form of systematic desensitisation that allows the shooter to reduce the fear by focusing learning to relax and then using it visualised situations and then in real situations.

The second approach mentioned in the article involves Life Coaching. Life coaching is a cognitive behavioural approach that examines a person's thoughts and how they affect their behaviours. Basically, irrational thoughts and beliefs lead to behaviours which have negative outcomes. According to Life Coach Paul Toms (featured in the article) "trigger freeze can be attributed to self-sabotage. Self-doubt is the underlying cause." I have stated often that the only reason we miss is because of self-doubt. The shooter believes he can't hit the target or that he/she doesn't deserve to win. He continues, "therefore to serve this limiting belief they carry out an act of self sabotage; in this case freezing on the trigger and failing to hit the target. This then proves to themselves that their belief in their sense of failure was correct.

The final approach deals with distracting the brain at the time when it would be focusing on freezing on the trigger. This method was included by a reader of Pull! Magazine who is referred to only as T.Poskett. Thinking trigger freeze was due to recoil, Poskett made several changes to guns, stocks, ammunition, etc in an effort to reduce recoil but this didn't reduce the incidence of trigger freeze. He suggests the following method:

"On entering the shooting station adopt the shooting position (with an empty gun) and take a few practise swings along the targets imaginary flight path, but with the index fingers of both hands pointing along the gun parallel with the barrels: one down the forend and one down the side of the action. When composed and ready for your shot, load the gun as normal and call for the target. Again use the method with both index fingers used as pointers. This means the normal trigger finger is used to point-out line and lead and the second finger of the shooting hand is used on the trigger to take the shot. At first this will tend to feel awkward but it can be practised at home until it becomes second nature." What is happening now is that subconsciously the brain is thinking about something else and you can get on to shoot the target. This is like quietening the mind so that you can focus, a bit like humming so that you can't hear the instructions and self-talk going on in your head. I would be interested in knowing if this method works, so if you have a problem with freezing give it a try, and let me know the outcome. Using a combination of all three methods should help in elimination freezing on the trigger.

References: *Trigger Defrost*, a reprinted article from Pull! Magazine featured in Gunshot, NZCTA Sept/Oct, 2005.

I have put together all the articles that I have written for the CTSN (and some that have not yet been submitted) on CD. These are available for \$25.00 (which includes GST and Postage). This CD contains word documents only. I am in the process of making an audio CD that can be listened to in the car or on a CD player. If you wish to purchase a copy please send cheque or money order to me at the address below.

RULE CHANGE EFFECTIVE IMMEDIATELY

At the May full Executive meeting of the ACTA the following rule was amended due to safety reasons and will take effect from 12 May 2006:

Rule 3.32(a)iii amended to read:

When setting up a sporting clay course, the club concerned must make sure that traps and boundary markers are positioned in such a way that they afford maximum safety, to the trapper, shooters and also any spectators. A penalty of one target can be imposed by club management upon any shooter failing to observe the boundary markers when upon the shooting mark.

WORLD CUP, KERVILLE USA

MAY 3 - 12, 2006

Coach - Greg Chan

Assistant Coach - Valeriy Timokhin

Massage Therapist - Darien Roach

Skeet - Clive Barton, George Barton, Lauryn Mark, Natalia Rahman, Cherie Reeves

Double Trap - Russell Mark, Craig Trembath, Tom Turner

Trap - Adam Vella, Michael Diamond, Russell Mark, Stacy Roiall, Suzy Balogh, Michelle Beecham.

Kerville is a town in Texas of some 20,000 people, which we reached from San Antonio via Los Angeles. We then had a one-hour bus ride to our hotel, the Y.O. Ranch Resort in Kerville. The hotel is decorated to resemble a typical Texas ranch, complete with animal heads adorning all the walls. It even had a full mount of a grizzly bear in the lobby. The accommodation was clean and comfortable but most significantly only about a 15-minute drive from the shooting range.

The range is privately owned and is located on a cliff top overlooking a gully. It consists of five trap and 5 skeet ranges with two being superimposed. The whole complex is new and as the landscaping was yet to be done, was a little dusty and lacked any lawn or trees.

The opening ceremony consisted of a re-enactment of the shootout at the O.K. Corral complete with Wyatt Earp and mates. They then put on a barbecue Texas style. The saying that everything in Texas is bigger certainly holds true when it comes to their eating habits and some of the 4WD vehicles they drive.

The most unusual thing about this tournament was the fact that all the range staff from the guy picking up the empties to the owner of the range all had semi automatic pistols on their hips the whole time. Not sure if they expected a grizzly bear to come rushing out of the bush or perhaps some sort of terrorist attack but because it is legal and they can they do it, they do. Only in Texas....

The weather proved to be as unpredictable as Melbourne's with cold rainy mornings turning into warm days and the wind proving a handful at times.

Trap Ladies

Skeet Women

1. Smotek C USA 68 + 23 = 91 + 4
2. Demina S RUS 67 + 24 = 91 + 3
3. Bartekova D SVK 67 + 23 = 90 + 2
4. Vitali C ITA 67 + 23 = 90 + 1
5. Spada K ITA 65 + 23 = 88 + 8
6. Wei N CHN 66 + 22 = 88 + 7
9. Mark L AUS 64 (18 24 22)
13. Rahman N AUS 64 (23 22 19)

Tough conditions for the ladies skeet with the wind blowing strongly and skeet houses being back to back with open ends which caused the sound of the machines next door to pose problems for many shooters who could hear them going off. Lauryn and Natalia both put in one bad round, which was enough to put them out of finals contention.

Some of team at opening ceremony barbecue

Mens Skeet

1. Falco E ITA 121 + 25 = 146
2. Brovold T NOR 120 + 25 = 145 + 10
3. Nielsen DEN 120 + 25 = 145 + 8
4. Golding A DEN 120 + 25 = 145 + 1
5. Hancock V USA 120 + 24 = 144
6. Aramburu J ESP 119 + 23 = 142
- 31 Barton G AUS 115 (23 24 24 22 22)
- 47 Barton C AUS 111 (22 21 21 25 22)

The entry scores for the final are an indication of just how difficult the conditions were for the skeet shooters. By the time of the final the wind had calmed enough to allow some great shooting. George and Clive failed to recapture the form they showed at the Commonwealth Games and come to grips with the testing conditions.

Trap Women

1. Zhu M CHN 72 + 17 = 89
2. DeWitt T USA 71 + 17 = 88
3. Kiermayer S GER 66 + 20 = 86
4. Mezeiova J SVK 66 + 18 = 84
5. Roiall S AUS 65 + 16 = 81 (25 20 20)
6. Dwment J USA 65 + 12 = 77
15. Balogh S AUS 63 (22 20 21)
35. Beecham M AUS 54 (20 15 19)

The day started with relatively calm conditions and with the ladies shooting first up Stacy took advantage and put in a great 25 first up. Unfortunately it quickly deteriorated to gale force conditions which made high scores difficult. Stacy went into a five-way shoot off for the last two spots in the final and secured one after 3 targets.

None of the ladies shot well in the final with Stacy ending up in fifth place. The Chinese shooter Zhu and DeWitt from the USA made a mockery of the conditions with their qualifying scores and just shows how difficult the single barrel final is under extreme pressure. Suzy shot consistently to finish just off the pace and Michelle found the conditions difficult, coupled with her relative inexperience at this level.

Trap Men

1. Alipov A RUS 122 + 24 = 146
2. Sandhu M IND 121 + 23 = 144
3. Grazioli D USA 119 + 23 = 142 + 7
4. Diamond M AUS 119 + 23 = 142 + 6
5. Filipovic M SVK 120 + 21 = 141
6. Silva M POR 119 + 20 = 139
8. Vella A AUS 118 (24 23 23 24 24)
51. Mark R AUS 108 (23 19 22 22 22)

Alipov the Athens Olympic gold medallist showed why he ranked so highly in the world with a terrific performance to win in the harsh conditions. The big winner was Sandhu the Indian who put in the performance of his career to clinch second place but more importantly take the Olympic quota on offer as Alipov had already won one. Michael showed a welcome return to form and shot a brilliant final to tie for third with the American Grazioli. The shoot off went seven targets with Michael ending up in fourth place. Adam shot consistently to miss the final by only one target while Russell struggled with the pace of the targets to shoot well below his normal high standard.

Double Trap Men

1. Mosin V RUS 145 + 44 = 189
2. Dahlby H SWE 139 + 46 = 185 + 2
3. Faulds R GBR 137 + 48 = 185 + 1
4. Fokeev V RUS 139 + 45 = 184
5. Di Spigno D ITA 137 + 44 = 181
6. Rathore R IND 136 + 43 = 179
16. Turner T AUS 131 (42 43 46)
21. Trembath C AUS 129 (39 41 49)
22. Mark R AUS 129 (41 46 42)

Again under adverse conditions the Russian Mosin shot brilliantly for a 145 in qualifying and although he only recorded a 44 in the final, had enough of a lead to hold on to win by

Natalia & Cherie doing Texas style

four targets. The Aussies struggled in the poor light and wind although Craig had an equal tournament high round of 49 in his last round.

The owner is developing this range to include full ISSF pistol and rifle ranges and will eventually become the training centre for the US Olympic Shooting program. He is also hoping to host full World Cups and even perhaps a World Championship. With a little improvement it will certainly be one of the better venues in the world for ISSF shooting.

Overall the team was disappointed with the results but it was a good build up for the World Championships in Zagreb in July, which will be a major benchmark event for all the ISSF shooting disciplines.

TAIPAN PERPETUAL LADIES TEAM POSTAL COMPETITION

Nominations are now open for this event, and nomination forms are available from the National Office.

The following conditions of entry apply:

1. 25 Target Double Barrel 15 metres.
2. To be recorded Point Score (used only in case of a tied score).
3. Teams to consist of five (5) Women club members registered with the ACTA.
4. Affiliated clubs not having five (5) women shooters may combine with a maximum of two (2) women from a neighboring club. Shooters from the neighboring club must be registered and affiliated with the ACTA through that club.
5. Each team may nominate one reserve meeting the entry requirements.
6. Nominations to be received at the ACTA office, on a completed competition nomination form, prior to October 31, 2006.
7. Competition to be conducted during the month of November or December under the supervision of an official referee.
8. Winning team members to receive a team member badge.
9. Defending Club: WERRIBEE VICTORIAN CLAY TARGET CLUB.
10. Competition constitutes a minimum of three team nominations.
11. Competition result sheet and score sheets to be forwarded by Registered Mail and received no later than Close of Business January 12, 2007.

*will be held at the
Brisbane Gun Club
January 6th to 14th*

It's Your Call

By
Bill McCarthy

You are the appointed Referee for a 30 target event which is to be shot over three traps. Eg. 10 targets on trap 1 10 targets on trap 2 and 10 targets on trap 3.

This is the second event of the day for each shooter, so no eye opener is involved.

No 3 shooter prepares for his first shot and has an apparent malfunction. You examine his gun and determine that the safety catch was on. You quite correctly rule "No Target" under Rule 1.07 (viii).

You complete that set of 10 targets and move to the next two traps in turn to complete the full 30 targets. However, No 3 shooter has repeated his indiscretion in that at each of the two traps he subsequently visited, you find that his safety catch had been applied for the first of his shots at each of the next two traps

What do you rule in each case?

IT'S YOUR CALL.

If you ruled "No target" on each occasion you would be quite correct.

Rule 1.07(viii) says that "No target shall be allowed for the first target of any visit to a trap if a safety catch is engaged. While many may argue that the intent of this rule is to apply to only the start of the event, the rule is quite clear as it is printed. You will note also that the same rule is mentioned in Rule 1.10 (b)

If you have any questions regarding rules or situations where you were unsure please write to the ACTA. I look forward to hearing from you.

I am grateful to the assistance of our Rules Chairman and his committee for their ongoing advice and encouragement with this project.

READER'S QUESTION

At NSW Gun Club Southern Zone DD in shoot off, caller refused the target (claimed slow pull) Manual Release. Partner shot his but missed callers bird. Refs call was LOST. Caller had previously claimed 2 slow pulls on sighter at commencement of shoot off. Experienced Ref told him he could only get the target out as quickly as trap released them.

Lost seems correct to me and many others including experienced DD shooters in country NSW as Partner

accepted target (not a slow pull), shot his but missed callers bird.

Read your ACTA article but it was silent on this issue if partner accepts bird.

A call by Ref after the event to someone in Wagga that night confirmed lost target. But is this the correct answer?

Denis Pearson

Thank you for your inquiry Denis. You have raised an interesting point and one that has some complications as we don't know exactly and entirely what the Referee said to the shooter previously.

Under Rule 1.17(c) the ruling should have been "No Target".

However, you make reference to concerns that the Referee had about the Caller's refusal of targets previously. In this case the Referee may have been exercising his judgement under the Refusal Rule GRTS 17. If this were so, then the call of Lost Target would have been correct and the shooter should have been informed that the decision for Lost Target was made under GRTS 17. It would have been a wise move by the Referee to warn the shooter about the possibility of losing targets if he (the shooter) continued to refuse targets which the Referee considered acceptable. It seems that the Referee relied on his initial discussions with the shooter regarding perceived slow releases to justify his ruling of Lost Target.

As the Referee had informed the shooter that he was unable to get the targets out quicker, and the shooter apparently made no request under rule 4.22 (c) (Replacement of Referee) he should have no further complaints. It is also apparent that the other shooter or shooters were happy with the manner in which the targets were released including the shooters partner.

It is understood that the Referee was very experienced and that a change from Photo Release to manual release had its predictable outcomes where, despite out best efforts with the button, the targets do come out more slowly.

On the facts presented it does not seem at all unreasonable that "Lost Target" was both warranted and proper.

Australia's largest online shooting accessories shop
www.sportsshootersshop.com.au

History of the Richmond River Clay Target Club

This club was started at Casino around 1946. The shooting ground was in the Casino Racecourse, now the Showground Racecourse. The club used a square steel tank for a trap house and a hand operated 'Plus Trap'. Singles or doubles could be thrown using this machine. Betting was allowed, and quite large amounts were wagered on each shot, first or second barrel,

The first club was called Richmond River Gun Club. As most of the members and shooters came from Lismore or the Lower Rivers, it was decided to move to Lismore, due to the condition of the road and the time taken to drive over to Casino. The club was then called the Lismore Gun Club. Jim Bruggy, a club member in Casino Street South Lismore, just past D & L Mowers, owned the first shooting area. There is an area behind these buildings referred to as the Duck Pond. Members would shoot over the pond using the Plus Trap.

Around 1949 the club set up a more permanent ground in Three Chain Road, shooting over the original Aerodrome about 500 metres from the Lismore Casino Road. The club had a small clubhouse and toilets, made out of timber with concrete floors. There were two shooting layouts using 'Snipe Traps', which took four people to man and operate.

One man to cock and fire the machine, one to load targets onto the throwing plate, one to referee and one to score. The trap houses were of brick much as today, with concrete tracks measured in yards not metres, 16 yards equals close to 15 metres.

A lever 5-foot long operated the Snipe Trap, 30 yards from behind the machine. A 1/2 inch pipe passed through a two inch pipe underground, under the middle lane. On pushing the lever forward to

cock the trap, and returning it to just past vertical, it was ready for releasing the target. On the shooters' call, the lever was given a sharp pull backwards releasing the target. These traps were geared so that when the lever was worked the trap would change direction, but with care you could be fairly sure where the next target would go. This was called 'reading the trap'. After an extra piece was added to the device, it was near impossible to read.

Cost of nominations were about one third of a weeks wage at that time, around \$48.00 to \$50.00, making nominations \$16.00 to \$18.00 for around 70 to 75 targets (and people complain about the cost today!). Open two-day shoots were held on the last week of January. Up to 70 competitors would line up to shoot, with canteens of cutlery as very popular prizes.

Clay targets came parked in old wooden banana cases, with 200 targets per case. 5 clays were wrapped together in white newsprint paper and then packed in sawdust. These had then to be unpacked, unwrapped and packed into the trap house. A lot of clays arrived broken, but clubs were allowed a 10% discount for these, which were probably added onto the price before hand. Targets were always black or white, only becoming available in colours over the past few years

The grass at that ground was cut with a scythe and later with a hand model Victa Mower. A power walk behind mower was given to the club, a dangerous piece of equipment, as there was no protection around the solid cutting blades.

Night shoots were held now using the large lights, which are at the present ground and white clays were always used. A couple of complaints came from motorists, as the road went behind the Williams River Steel building in those days and came straight

The club house showing the new landscaping and workers, Ian Sullivan (on tractor) and David Hogan prior to start of events

towards a 1500-watt light. These lights were designed especially for night shooting and were used for the 1956 games in Melbourne.

During the early period only a few members had under and over shot guns, Side by side and automatics were the go. 30 inch barrels with full choke and Icil special cartridges with 1 1/4 ounces of shot (men had to be men to stand up to these). Around 1956 Japanese under and over shot guns started to arrive with chrome lined barrels and newer designed stocks, making this type of gun more suitable and cheaper for the sport of clay shooting. Cartridges then came back to 1 1/8 ounces of shot. Clothing was mostly collars and tie, long trousers and golf type shoes with rubber soles.

The first electric trap to be purchased was a DAMO (Dan Mott), which the club still has. It was on wheels so that it could be Wheeled back to the clubhouse, as the smallest amount of rain would see it standing in water. During the 1974 flood there was 5 1/2" of water inside the clubhouse (along with a couple of black snakes!)

As the law was then, prior to 1958, no shooting of any kind was allowed on Sundays. This was later changed to allow competition shooting on Sundays. We were then permitted to carry guns to and from and use while at a registered club. This made it easier to hold a full day of shooting. Club days before this were held on Saturday afternoons as most people worked on Saturday mornings. We often went to Ballandean on Sundays, but were taking a risk by just having a gun in the car. It was a rush to get to the club and shoot 70 targets in the afternoon. Night shoots were held Friday nights but with only about 35 targets.

Events began with a 5-target eye opener. 20 target events were shot 10 per layout, or if it was a 25 target event, they were shot 12 first trap and 13 the next. You were not allowed to move from the track you were on until the last in the squad had fired. Then the referee would say change and everybody would move over one lane with No 5 moving around to No 1 track. To shoot 50 straight was to be penalised 1 yard, 100 straight 2 yards, but this was quite rare. Most shooting was from handicap, as the common mark was not heard of. Championships were off 16 yards but were not graded. There were around 100 rules and regulations in those days, now there is closer to 200.

During 1975 the club was told it would have to move (we paid no rent for that ground), so a search was on for a new site. When the Lismore Council was told that the Casino Council had offered land next to the Casino Rifle Range, they quickly offered the area we now own, if our club paid the cost of the transfer of the deeds of this land. The club owns another 100 metres or so north of No.3 trap house.

Bill Durheim, a past club member and secretary and council employee, was able to procure machinery to level the present ground for both trap layouts and clubhouse. All moveable goods and equipment were moved from South Lismore.

The old clubhouse was sold for removal, giving us a bit of cash to start the present grounds. It has been said that where we are now is a new club altogether, but as history shows it is the same club which has enjoyed 53 years of continuous shooting in four different venues.

Plans were drawn up for the first trap house and tracks for No 1 layout. Working bees were held to get the ground ready for the first shoot. An official opening day was held in 1977. The then Mayor and a Member Of Parliament were present with the mayor firing the opening shot. Only one shoot day was missed owing to the move

Money was borrowed from the National Bank to improve and enlarge the grounds and equipment six members went as guarantors. The clubhouse was built but had no front verandah or kitchen/storeroom at the back. These were added, as money became available.

Number 2 Layout was next to be built, with the third trap house coming later and the ball trap was the last to be constructed. Around this, time the name was changed again to The Richmond River Clay Target Club as a couple of business, people from other towns who were asked for donations, would not support anything with the name Lismore attached.

As more cash became available, mainly from shooter licences and

later gun buy back, more traps were purchased. The club now had a total of 8, plus a few hand models for sporting clay shoots. A ride on mower was purchased with the help of a landowner to do the mowing. Previously it had been done by a large walk behind power model had been said was a danger to any who came too close. These have helped the appearance of the grounds. Electric fence equipment was purchased to try and keep the cattle out, but it wasn't until a four barbed wire fence was erected was this achieved,

Building up of the club has never been easy and without voluntary labour and donations of all types, the club would not be at the stage it is now. It has been said the further we go the steeper the hill and the harder the push. Most people do not realise the amount of work needed to keep a club such as ours moving forward. They also believe most of the nominations paid are profits, but things like council rates and insurances take a large portion of money received.

If any person can help toward making the club any better, it is a sure thing that they will not be knocked back, as there is always something that can be done.

A large amount of free timber for building and cement boxing for the tracks came from 55kms west of Casino. North Coast Plasterers lined the clubhouse and Casino Roof Trusses supplied the framing for the kitchen storeroom. Most of the tables, stools and benches were donated or built by a club member. So it can be seen that without these donations, labour and assistance from club members, we would not be as we are today

There have, only been two complaints regarding the club one from an elderly lady who did not understand what all the shooting was about, and another from someone who believed that people should not be allowed to own firearms

As points of interest the original name of the A.C.T.A. - Australian Clay Target Association was A.C.P.T.S.A. or Australian Clay Pigeon Trap Shooting Association.

It has always been advisable to leave out any word that may lead people to think we are using live game, words like 'birds' and 'kill' should not be used.

The office staff has not been forgotten, but there have been too many over the years to mention everyone here.

FEBRUARY 24TH 2005

Since finishing the history of the Richmond River Clay Target Club in 1999 the club is still going forward thanks to voluntary labour and the donations of willing working club members.

The clubhouse was completely painted outside by a club member and a garden established. The fence at the northern end of the grounds was shifted for the third time to allow more space for vehicles to park inside and a better eye to be kept on cars and equipment in them.

Two automatic traps were made and installed eliminating the worry of a person staying in the trap house at all times to load clays onto the machines. A cement pathway was laid from the clubhouse to layouts 1 and 2. Lismore City Council donated \$2000 towards this work and Tursa Employment Services donated the labour force while a club member supervised. Cement walkways were laid around the shooting lanes so it would be safer to walk between the shooting lanes.

A very large shipping container was purchased to house the clay targets; these can be off loaded into the container instead of double handling as in the past. The container will also house club equipment and the trap for low house skeet. It will save the cost of a protective wall between the skeet and other shooting layouts. Electric power cables have been laid for the skeet machines, this work was done on a cost for parts plus voluntary labour arrangement with quite a few club members and a couple of machines to dig the trenches for the under ground cables.

The skeet ground had to be levelled, this was done on a reciprocal basis with the company doing the work to dump filling at the

northern end of the club grounds in case the club at sometime wants a trench layout as well. The building of the skeet high house is well under way and it is hoped to have a working bee in the near future to finish the skeet ground. A special elevated seat has been made for referees and scorers to be able to see over the competitors during events.

The club is now in the process of raising money to purchase a high grade DTL trap that does everything except for loading it's own clays.

A new ride on 17 1/2 HP mower has just been purchased which will make mowing the grounds much easier and quicker.

We were saddened with the loss of an old stalwart of the club Ken Gibbon owing to a motor vehicle accident during January 05.

We now have installed a Canterbury trap and may have another mid 06.

Roy Shepherd

Richmond River Clay Pigeon Ramblings

The Richmond River Gun Club held a very successful annual shoot on the 22nd 23rd of April 06. The grounds were in pristine condition, due to the effort put in by members. It was very pleasing to welcome visitors from all parts of the state and also shooters from over the border Clubs.

President Mike Sullivan congratulates Kev Harding winner O/All on Sunday & AA

Visitors were made welcome by Club President Mike and despite the cool and windy conditions competition got under way with a very small delay due to the late arrival of some interstate visitors who shall remain nameless. But I am told by a reliable source (Leah) that George slept in. It was very good to see young Georgia Costanzo take out the Junior High Gun sash, keep up the good work.

Club members all pitched in to make it as difficult as possible to keep the visitors from taking home all the prizes. I am sure that they took home enough to encourage them to come back and visit us in the near future. Gauging from the smile on the faces and also the words of praise spoken by the various prize recipients we look forward to a bigger and better event next year.

NSWCTA ISSF Grand Prix 2006

**Dates for the Grand Prix
as follows:**

ISSF Trap

1 July Newcastle Lake Macquarie
9 July Cecil Park
2 & 3 September FINAL -
NSWCTA ISSF CVAL

Result will be calculated on
Final + best 3 qualifying rounds.

ISSF Skeet

9 July Cecil Park
2 & 3 September FINAL -
NSWCTA ISSF CVAL

Result will be calculated on
Final + best 2 qualifying rounds.

Double Trap

9 July Cecil Park
1 September FINAL -
NSWCTA ISSF CARNIVAL

Result will be calculated on
Final + best 2 qualifying rounds.

1. To qualify for the Final a competitor must have competed in at least THREE Preliminary rounds (TWO for D/T & SKEET depending on no of rounds).
2. Clubs have the option on number of targets for each event and whether a final or not. Score will be counted from first 75 targets Trap & Skeet, 50 pair D/T. 100 Targets Trap & Skeet 75 Pair DT for Final.
3. Participating clubs to submit all score sheets and \$5.00 from each competitor at that round to NSWCTA Office within 10 days of Event.
4. Individual Clubs are responsible for Prizes, Trophies and Sponsorship for each round.
5. An individual nomination fee of \$10.00 is payable by each competitor to enter the Grand Prix. This fee must be paid before any scores to count for the event. Clubs to submit nomination fees and list with score sheets.
6. All monies collected will be returned to the competitors as prize money to be divided by Grade, Categories and Discipline. (First year only - in subsequent years running costs may be deducted from prize pool).

ISSF WORLD CUP QINGYUAN - CHINA

The Trap team of Craig Henwood, Stacy Roiall and Michelle Beecham departed from Melbourne Airport with me on the 1st April and flew to Guanghou Baiyun International Airport. We had an extremely long wait at the airport waiting for another Team to arrive before we were driven 1 hour by bus to the shooting range. Firearms and ammunition had to be stored at range. I found out while we were there that the Official Practice was the next day not the day after as scheduled. It was lucky we arrived the afternoon before, some teams actually missed the Official Practice.

The Shooting Range was founded in September 2005. They used 4 ranges for the Competition. Traps were Speith brand, which are made by Laporte. The targets used in the competition were biodegradable and Laporte flash targets were used in the finals.

The Opening Ceremony was held on the morning of the 3rd April. It would have to be one of the best ceremonies I have attended. Stacy caught up on some sleep. It was very hard to tell the weather each morning. We never saw the sun at all while we were there, seemed to be fog/smog cover. It was very humid during the Trap Competition and a lot of shooters had trouble with their glasses fogging up.

It was decided on the morning of Competition to change the program so that the Men shot 50 on the first day of comp and not 75. This was sensible, as the Women would have been shooting their Final in the dark. It was suggested at the Technical Meeting the day before that this change be made not only for this competition but for all Competitions where the men and women are competing on the same day.

Michelle Beecham was competing in her 2nd World Cup and had trouble with her glasses fogging up in her 1st round and shot an 18. In her other 2 rounds Michelle shot a 20 and 22 to finish with a total of 60. Michelle learnt a lot from this competition and will be a stronger competitor from this experience.

Stacy Roiall although a very successful competitor is still relatively new to International Competition and as everyone knows we can all have a bad day. Stacy was disappointed with her result of 17 20 21 = 58.

Craig Henwood started well with a 24 and shot a 22 in his 2nd round for Day 1 of his Competition. Tom Turner and Nathan Cassells arrived at the range to store their firearms just as Craig was finishing shooting. Tom and Nathan were competing in the Double Trap Event. We left the range and got back to the Hotel just in time to watch the Womens Final live on Television. Very good Final with high scores.

Day 2 for Craig saw him shoot his first round of 22 and came off ringing wet. In his third round his score was 24 and his last round a 22 to finish with a total of 114.

This was our last night as a full Team and we were kindly asked out for dinner by Dexter and Shan Barnes. Dexter was officiating at the World Cup as a Jury Member.

The weather changed for Double Trap, showers for the Official Practice and rain for the Double Trap Event. Tom and Nathan practiced well and we were able to leave the Range early and get back to walk around some of the markets that were near our Hotel. Very interesting, pleased I went because I won't have to do that again. We found a few restaurants near the Hotel that were good and a great Coffee Restaurant. The food at the Shooting Range was not as good but we were able to buy food and other necessary items at a supermarket close by to the Hotel. It is amazing what you can buy without knowing.

Tom Turner shot his first round on program C and shot 49. I was impressed. In his 2nd round on Program A, Tom shot a perfect 50. I was very impressed and very excited. In his third round Tom shot a 41 to finish with 140 and in 2nd place before the final. Tom shot a 39 in the final, a little different than he was hoping and finished in 6th place.

Nathan shot 43 in his first 2 rounds and 46 in his 3rd to finish with a total of 132 and in 15th position. Nathan was waiting on news on the birth of his 2nd child while in China but was home in time for the birth of his 2nd daughter. Congratulations Nathan and Renae.

I had a pearl of a time before leaving.

Gleniss Lawrence

Canberra International Clay Target Club

MEDLEY TEAMS SHOOT

Canberra International Clay Target Club held its Medley Teams shoot on the last Sunday in April. The event was shot in a pleasant 17 degrees but with the forecast of showers. Fortunately the showers did not eventuate

High Gun Brendan Walsh

"Mountain Men" Steve McIntyre, Bill Warriner, Doug Blewitt, Mark Corbett

but the overcast made targets a little difficult to see at times particularly on the trench.

The four man teams shot 25 targets Trench DTL Skeet and Simulated Field. Twelve teams competed with shooters from Cooma, Gunning/Dalton, Yass, Goulburn, Illawarra and Bermagui. In fact the clubrooms seemed flooded with the Black and Gold colours of Bermagui Field and Game. Once again the Cooma "Mountain men" Showed their all

round skills in shooting and won with a convincing margin. Congratulations go to Brendan Walsh (previously several times runner up) who took out High Gun. The relatively large number of teams caught us "on the hop a bit" after our two day Golden Trout shoot last weekend but no one went without a feed.

Results: 1st "Mountain Men" 337/400 - Bill Warriner, Doug Blewitt, Steve McIntyre, Mark Corbett. 2nd "John's Troop" 325/400 - Russell Stephenson, Andrew Paddison, John Norris, Willow Cameron. 3rd "Dunno" 323/400 - Nick Harridemos, Brendan Walsh, Wayne Collins, Kym Chiaverini. High Gun Brendan Walsh 92/100.

Acknowledgements: Once again our thanks go to Terry Forest who started early cooking the roasts and presented a delicious lunch plus gave up his day to serve snacks etc through out the day in the canteen. Terry will soon disappear on the "Grey Nomad thing" and will be a hard act to follow. Also our thanks go to John Kearns who manned the office and kept us out of financial trouble and Nelson Cox who worked Saturday to set up the Simulated Field range.

Finally thank you to the people who looked after the different discipline and the many others that cleaned up after the day.

Lady shooters and visitors

Happy shooting
J Taylor
Coordinator Simulated Field

NIGHT SHOOTING AT ECHUCA

Three Victorian North East Zone night events were good enough to attract seven full squads of shooters to Echuca Clay Target Club on Friday the 12th of May. Although there were some of Australia's best shooters in attendance, it was obvious that night shooting was an altogether different ball game for all. Full scores were very scarce with only one event, the "Double Barrel" needing a shoot-off with competitors having clean scores.

Craig Fitzgerald OA & AA DB

The weather could not have been much better for this time of year, with clear calm conditions and a temperature a bit on the cold side. Although the shoot was kept running smoothly over four layouts, it was always going to be a late night with the amount of targets to be shot. The shoot ended and presentations were all done by 11.30pm, with everyone enjoying the night's competition. Full results for the night are as follows.

Event One. A 40 target NEZ Night Mixed Target Championship, and Overall and AA, Steve Atkins on 86/88, Craig Fitzgerald one down on 85/88 taking out 2nd in AA, 1st in A grade was Peter Gobbo 55/60, 1st in B Fred Siciliano on 56/60, 2nd in B Alain Gobbo 55/60, C grade 1st was Steve Lindberg on 48/60, and 2nd in C was Katrina Siciliano with a 44/60 score.

Event Two. A 25 target NEZ Night Double Barrel Championship, and on a score of 41/41 Craig Fitzgerald saw off all contenders to collect Overall and AA grade, AA 2nd was Rob Viney on a 40/41, A grade 1st Steve Traill on 34/35, Peter Gobbo collecting A 2nd on a 33/35 score, B 1st was Geoff Viney 41/43, B 2nd Fred Siciliano 40/43, C grade 1st Zac Atkins on 23/25, and C 2nd was Steve Lindberg on 20/25.

Event Three. A, NEZ Night, Deauville Doubles Championship. 20 pair shot off the 20-meter handicap mark, not an easy event shot under lights, and it proved that was the way with no full scores posted.

Geoff Viney, Alan Cole DD 1st

Steve Atkins OA & AA Mixed Target

19/20 was good enough to give Geoff Viney and Alan Cole a winner's Sash and a 1st place trophy each. Darren Hansford and Craig McNeil survived a short shoot-off to collect a 2nd place trophy each with a score of 26/28.

Dear Your Say

On behalf of the Northern Ireland team I would like to take this opportunity to thank everyone - the office ladies, workers and management for their kindness and hospitality. Thank you. it was a smooth running and most enjoyable event.

John Church
Team Manager.

Dear Andrew

On behalf of Council and the people of Wagga Wagga, I would like to congratulate you and your team on the success of the recent National and World Down The Line Shooting Championships.

From all accounts, the events were an outstanding success and I very much enjoyed the events I was able to attend. Wagga does not often have the opportunity of hosting world events so your efforts are particularly valued for our city both in providing international standard competition for locals and a world class sporting spectacle for visitors to the City.

Like most events, this festival is the result of countless hours of service by volunteers committed to their particular passion. That passion, both for shooting and for our City, is what visitors take with them when they leave. Please pass on my sincere praise to your entire volunteer team.

We look forward to continuing to work with you in the future.

Yours faithfully
Kerry Pascoe, Mayor

Dear Your Say

In the last few editions of the CTSN there has been much written on the inequality of prizes, sweepstakes cheating and the grading system.

Have I bored you yet?

Too much emphasis is being employed for a handful of so-called cheats, bandits - whatever you want to call them, and forgetting about the majority with regard to all the new rule changes.

I refer at this stage to Rule 2.01 (in) regarding compulsory downgrading.

Example A AA-grade shooter shoots at 600 targets, three consecutive groups of 200 at less than 97%. Rule 2.01 (in) downgrades the shooter to A grade. We all have bad days, which may include bad weather, windy conditions and the like.

Example A AA-grade shooter shoots eight consecutive rounds of 25 targets double barrel clean - 100%, however loses every shoot-off early, therefore shooting below 97%. This scenario, along with the example above, makes it virtually impossible for a AA-grade shooter to shoot better than 97% over a period of time.

Now he/she then shoots at another 600 targets, three consecutive rounds of 200 targets at less than 94%. Rule 2.01 (in) clearly states that the shooter must be downgraded; however, rule 2.01 (1) says that a shooter can only be downgraded ONE grade. A shooter having attained AA grade cannot be downgraded to B even though he/she has shot the scores to do so.

Whilst all this is going on all the shooter wanted to do was remain in AA grade.

Who is he cheating by wanting to stay in AA grade? Only himself. Now he must come down a grade and when he walks to the trophy table at presentation time the murmurs start, "Bloody AA grader in A". Makes you feel right at home, all fuzzy inside.

Getting back to the query:

Which rule overrides which, Rule 2.01(m) or Rule 2.01(i) I would like to hear the judges verdict in a court of law.

My Solution: A shooter can only come down one grade per calendar year, so long as he/she has shot at 1000 targets, five consecutive rounds of 200 targets double barrel from common mark (15m) at the lower percentage.

It would not matter when the first downgrade occurred; they would not be eligible for further downgrading for twelve months from that date.

Delete: Last sentence of Rule 2.01 (in). Once having attained a grade, he/she cannot elect to remain in a higher grade when due for regrading.

What I have noticed at clubs is they are using the brackets of 200 targets before the 01 January 2006 to determine the downgrading rule Rule 2.01(m).

Now this new rule took effect on 01 January 2006; therefore, the first bracket of 200 targets should start from that date, and targets shot before then play no part.

On the subject of sweepstakes:

Rule 1.29 (c) clearly states: When running graded sweeps/cash divide, each grade monies to be divided between that grade. If your club is not doing this, then it is up to the shooter to complain to club management.

Either/Or - which one is it?

Rule 1.29(d) - note at bottom.

In all events, including handicap events for cash prizes or trophies INCLUDING sweepstakes, trophies and placings shall be decided by shoot off.

Then Rule 1.29 (c) - Last sentence.

Sweepstakes at ANY competition shall be determined by scores off the gun and shoot offs shall not apply.

What the?

Cheats, Burglars, Whatever

Everybody within a club knows who these people are. It is up to the club, zone, or state handicapper to do their jobs that they have accepted to do. If not, then resign and let someone else do the job.

Can someone please find for me Rule 2.4 (g) as mentioned in Rule 2.01 (i)?

All these rules - oh what fun and jollyment!

Aren't we all having fun!

With regard to Ron Russell's letter April issue of CTSN, lower grade shooters paying the same nomination fee as AA-grade shooters are entitled to the same cash/trophy amount as the AA-grade shooter. It's called equality.

We have enough trouble keeping shooters in the sport, especially lower grade shooters, without the likes of Rule 2.01 (in), where they see much better shooters being downgraded to their grade. Some shooters will never move above the grade that they are in; they have reached their peak and for them to see much better shooters being downgraded under this rule - what hope have they, unless they do likewise and be downgraded.

Cheating! Who me?

Mike Swale
No 17684

Hi Mr Sanders,

Just a quick note regarding the world DTL in April.

What a fantastic reception! May I congratulate you and all the staff at the world competition. The shooting ground, the referees and office staff were all of the highest order. This being the first time that I had shot abroad I did not know what to expect, I was not disappointed. The whole experience of shooting in Australia was an absolute pleasure.

Please pass on my thanks to all your staff and I look forward to meeting up again in Ireland in 2008.

Once again many thanks

Glyn Jenkins (Team Wales 1744)

Dear Your Say

In the April issue of the CTSN, I wrote an article suggesting a way in which both shooters and clubs alike could easily benefit. Unfortunately, I made an error which, I might add, was only picked up by two very observant individuals.

My sincere thanks goes to Walter Spackman (May CTSN) and Allan Green (June CTSN) for bringing this mistake to my attention. Well done Gentlemen! You are the only two people in Australia to notice the mistake and write your feelings on the matter.

The following is what I should have submitted for inclusion in my article, and replaces the paragraph starting with words "A Club puts on" and finishes with the words "to the nearest dollar".

A Club puts on a shoot where 50 shooters nom up for a graded D/B event off 15 metres. The Club charges different noms for the grades as follows:

AA Grade - \$15
A Grade - \$14
B Grade - \$13
and C Grade - \$12

The breakdown of shooters, by grade, is AA - 12 A - 12, B - 16 and C - 10, giving the Club a pool of \$676- The Club then takes fifty (50) percent, \$338, to cover costs which leaves a prize pool of \$338. They then divide the prize pool up as follows:

	First Only	First	Second
AA Grade - 35% =	\$118	\$71	\$47
A Grade - 30% =	\$101	\$61	\$40
B Grade - 20% =	\$68	\$41	\$27
C Grade - 15% =	\$51	\$31	\$20

The figures for first and second are calculated using 60/40 of first only and rounded to the nearest dollar, whilst the figures for first only are calculated taking the exact percentage amount to the nearest dollar.

Ron Russell
Member 20085

Dear Cheryl

I am writing to thank you for your part in the organisation of the ACTA dinner on April 2nd where my late father, George Biggs was honoured as an inductee into the Hall of Fame. My Stepmother, Betty Biggs, and I would also like to thank the President and Executive Committee of the ACTA for inviting us to the function.

We had a great time, especially Betty - as I knew she would once we got there! The evening and indeed the whole weekend, was very enjoyable.

If possible we would like you to pass on our thanks to Glenn Woodhatch and Russell Mark for making us feel very welcome and at ease. We missed seeing them at the end of the evening to let them know personally.

Thank you again on behalf of our family

Yours sincerely
Jennifer Keane (nee Biggs)

As the world leader in voice activated trap release systems, Canterbury has launched two brand new products:

DTL WIRELESS: Bolts onto standard microphones. New technology has improved performance and lowered service issues. Simple installation. Makes handicap events a breeze. Upgrade Kit: AU\$1695 + GST

MINI-AUTO SPORTER:

Got a spare trap? This controller runs 4 traps on a DTL/Skeet layout to give you a simple Sporting field. Operates automatically over CVR microphones giving 25 targets per round, 3 singles & 1 pair each station.

Controller: AU\$1095 + GST
Contact: Canterbury Voice Release Intl Ltd,
E-mail: bruce@cvr.co.nz
TEL: 0011 643 356 0327
FAX: 0011 643 356 0328

Proving themselves the best in the business:

TRAPMASTER *singles/doubles* - holds 600 targets - perfect target presentation. CONTINENTAL OPTION AVAILABLE

CRUSADER *single* - as used in the 2002 World DTL Champs - low base or compact - full windage adjustment - easy to install and operate.

DTL, ISSE, CONTINENTAL, BALL TRAP & SKEET OPTIONS

All with remote safety, unreadable interrupt, sleep mode, target and cycle counter.

GOLDEN TROUT 2006

Canberra International Clay Target Club

Clear skies with a light southerly breeze greeted the shooters for our 6th Golden Trout shoot on Saturday 22nd April. With some 60 competitor's shooting commenced for the five championships on offer. Due to an unprecedented level of sponsors obtained this year some great trophies were waiting for those competitors who adapted early to the conditions

Above: Jake Johnstone picks up his prize from Mayor Pangallo
Below: Overall High Guns L-R Andrew Petriella, Tracey Barton, Col Wakelem, Tommy Harris, Jake Johnstone, Willo Cameron, Vince Gatt, Dave Perri.

The first championship was the 25tgt Ellcon Single Barrel Championship. AA graders Clive Foster from West Wyalong and Vince Gatt shot possibles with Clive winning after a short but tight shoot off. Second in AA went to Fil Petriella 24/25. A grade went to Willo Cameron from Paul Watchorn. B grade winners were Graeme Dowling from Junior Lady Tracey Barton. Zach Johnstone with Col Wakelam taking second won C grade. Veterans was won by Don Johnson Ladies went to Tracey Barton and Andrew Petriella won the Juniors.

The Queanbeyan City Council Handicap worth over \$1,000 saw 5 possibles line up for the shoot off. The shoot off went only twelve targets before Andrew Petriella, off 21 meters, became last man standing. Second went to David Perri third to Vince Gatt, fourth to Tracey Barton with Russell Watchorn taking 5th.

Last Event of the day was the 50tgt Winchester DB Championship. The number of possibles increased so the shoot offs commenced. With fading light Clive Foster handled the conditions best to take his second championship with a score of 177/177 from Dave Crane with a score 176/177 whom was happy with first in AA. Other grade winners were, 2nd AA Dave Perri A grade first Charlie Smith 2nd Andy Vaccaro B grade 1st John Napoli 2nd Russell Watchorn C grade 1st Matt Turkell 2nd Zach Johnstone. Suzy Balogh won Ladies Juniors went to Jake Johnstone with Brian Frost taking out Veterans. At the conclusion of the day Vince Gatt was the only shooter still 'clean' and our president was getting out the chequebook ready to write the bonus cheque for shooting the program clean.

Sunday's weather was warmer and the wind had but all disappeared, making the conditions perfect for event 4, which was the 25tgt Fyshwick Firearms Points Score Championship. Again

this event was keenly contested and after a good shoot off Clive Foster outlasted Joe Thaller posting 129/129. Joe won AA grade followed by Dave Perri. Grade winners were A grade Brian Frost from Willo Cameron, B grade Jake Johnstone from Michelle Barber. Gary Way won C grade from James Kyle. Suzy Balogh won Ladies; Juniors went to Andrew Petriella with Tommy Harris taking Veterans. Unfortunately for Vince Gatt he dropped a point in this event and so was now out of contention for the bonus, he still hadn't dropped a target though.

Event 5 100tgt Central Tyre Service DB Championship began well for most competitors but by the time the 4 rounds were completed only one shooter had shot a perfect score of 100/100. Brian Frost was therefore our Overall winner. After a short shoot off Tommy Harris won AA grade from Dave Perri A grade went Willo Cameron with Charlie Smith taking second. B grade was won by Jake Johnstone from fellow Junior Tracey Barton, Geza Kruppai with Matt Turkell taking out second won C grade. Suzy Balogh (Ladies), Ray Kearns (Veterans) and Andrew Petriella (Juniors) completed the placing's in this event.

High Guns over the weekend proved to be a close affair in all grades. Overall and winner of the Golden Trout for 2006 was won by Dave Perri after a lengthy shoot off with Vince Gatt. The grade winners were, A grade Willo Cameron, B grade Jake Johnstone, C grade Col Wakelam, Ladies Tracey Barton, Veteran Tommy Harris and Junior Andrew Petriella.

Many thanks must go to the Mayor of Queanbeyan Frank Pangallo for coming to present the trophies. Thanks also to our major sponsors Queanbeyan City Council, Fyshwick Firearms, Winchester, Ellcon Concrete Services and Central Tyre Services for their support and to all our other sponsors who's contributions were significant and I am sure were well received by both competitors and club alike.

Also a special thanks to Frank Auditore who came down from Sydney to demonstrate his shoot day management program. Frank had intended to just run his program as a back up to our normal handraulic bookwork, but it looked so good we ended up running the shoot with it. Have a look at this product if you get a chance, its still in development according to Frank but it looked pretty mature to us.

Handicap winners Russel Watchorn, Tracey Barton, Vince Gatt, Dave Perri, Mayor Frank Pangallo, Andrew Petriella

Suzy Balogh instructs Mayor Pangallo while Bevan Brown watches over roceedings

A TRIP TO PERTH

Laurie Amazini a Geraldton Gun Club member travelled to Perth for the two day shoot. As he was a week early he rang his son, to bring down his Trap gun. His wife took the gun out of the gun safe and gave it to his son. When he received the gun he put it into the gun safe in his Perth unit.

Come the Saturday morning of the shoot, he went to the gun safe to get his gun. He came out of the room in a very distressed state, I asked what was wrong. He said my wife picked up the Skeet gun instead of the Trap Gun.

He was like a lion with a sore tooth. The phones were running hot with the mother blaming the son and the son blaming the mother. After six phone calls and a lot of sweet talking to Sky West, the gun was finally rushed to the Airport and sent via rushed baggage, at any cost to Perth.

Of course the Perth shooters heard the story and did not let him forget it for the whole weekend.

The gun cases are now marked individually as Trap and Skeet.

CLASSIFIEDS

RATES AND CONDITIONS

This section is for the exclusive use of ACTA members, and has been introduced for the purchase, sale and exchange of personal equipment.

PLEASE NOTE: Due to the new Gun Laws, all classified ads submitted must include the serial number of all guns advertised, and also the shooter licence number. We are also no longer allowed to advertise the sale of any pump-action or semi-auto shotguns or the parts thereof.

Rates (inc GST) are as follows:

\$11.00 – 0-60 words

\$22.00 – 60-100 words max.

Advertisers must comply with the copy deadlines as detailed on page 2 of this issue, and your name, address and telephone number must be supplied. Copy should be typed or carefully hand-written.

Payment must accompany advertisement.

NSW Members and Dealers

As stated in Firearms Act 1996, Section 54 "A person must not cause an advertisement for the sale of a firearm or firearm part to be published unless: (a) the person is a licensed firearm dealer, or (b) the proposed sale is to be arranged by or through a licensed firearm dealer and the advertisement contains such particulars as may be prescribed by the Regulations".

The Regulation states, "For the purposes of section 54(b) of the Act, the following particulars are prescribed in relation to an advertisement for the

sale of a firearm that is arranged by or through a licensed firearms dealer.

(a) the licence or permit number of the seller,

(b) the name and address of the dealer concerned."

The Firearms Act 1996 applies to both the Publisher and the individual placing the advertisement. Failing to abide by this Section attracts a maximum fine of \$5,500.

Wanted: "For Private Collection"

Riverina Ramblings The adventures of a couple of ordinary blokes in the Eastern Riverina

I have been thinking that I should change the name of this monthly diatribe to "THE ADVENTURES OF AN ORDINARY BLOKE IN THE EASTERN RIVERINA" deleting the "couple", as my offsideer Pee Wee appears to have given up the sport for more pedestrian pursuits. However Pee Wee pointed out this would lay me open to counter claims such as, "yeah, a "very ordinary" bloke etc".

In all fairness to the exotic one, his business is a little like farming and this is harvest time for him, the time of year when he earns his daily bread and that then allows him to spend the rest of the year fishing and shooting. This weekend however he had decided to take the family down to Geelong, as Daughter, Kim, is a mad Cats supporter and Pee Wee, god bless him is an old Fitzroy boy. Showing that stalwart nature of his, Pee Wee has carried on with the Brisbane Lions, inexplicable really, but there it is.

In terms of DTL, it is all happening, Veterans, Nationals and Worlds, as I write this all of these events have been shot and won. Congratulations to John Sanderson from the "Old Blighty" taking out the worlds from Craig Fitzgerald. The final had it all, little chips, pitch invasions, gun malfunctions. It is a shame that Craig's DT10 crapped itself, as this final deserved to be shot to a conclusion without incident and full concentration. It is a bigger shame that Craig's gun happened to be a Beretta as boy am I coping it now from certain unenlightened members.

On a separate issue but one which will tie in; Michael Kruger Davis to whom I was talking to at the Nationals in Wagga is going through

an obvious mid life crisis and as all men do at such times in their lives, he will do one of a few things, all involve spending large amounts of the kids inheritance. He could trade in Barbara for a trophy wife, but I reckon he knows a good thing. Buy a Harley and get some tattoos, (he's already got the beard) or really foolishly he can buy a new exotic, girly thing, put the venerable 682 out to pasture, yes the same gun that has won just about everything there is to win, a gun which has just been rebuilt and feels like an extension of his own body. Yep, things blokes do.

So there we sat, Michael Elms, MKD and Myself drinking beer whilst having this discussion about lock time, barrel lengths, wood quality, etc, me shaking my head at the perceived stupidity of man, when the light bulb went off. I had a great idea, as Pee Wee is not using his toys and doesn't appear too likely to into the foreseeable future we can set one up for MKD and he can get this mad mid life crisis out of his system and at the same time save the kids inheritance.

I dashed home and rang Pee Wee with the great news, (unbeknownst to me) the Brisbane Lions had just been handed their heads by the Cats in Geelong, so the boy wasn't at his bubbly best. It is hard to slam down a mobile phone but Pee Wee did his best, that's twice he's done that now.

Back to MKD, it's day two of the World titles I am refereeing up on layout one, running ahead of schedule and things were going well when the lights went out, literally. The word is that MKD was chatting with a SYT (sweet young thing) in the office (maybe Barbara should worry), plugged in the kettle and shut the whole shooting match down for half an hour. Not satisfied with this, once the power comes back on the boy does it again. Not bad given that we had all arrived an hour early, shooters, and officials you name it, in a bid to catch up on the backlog. It wouldn't have been so bad if it were just the 600 odd national and internationals put out, but did he have to put the pistol club out as well. Yep all this plus a midlife crisis thrown in.

I tell you Barbara, that Harley is beginning to look a real winner, probably work out cheaper as well.

**Cheers, keep knocking chips off 'em
Chris Levitzke, Henty**

RATS ROUTES

New Zealand 2006

By Stephen Atkins

18/3/06

Saturday morning, early start up at 4.00AM. Rob Viney (Poppa Smurf) had kindly asked if I would like to stay at his place Friday night to save getting up so early, I'm glad I declined as he informs me he has had a dose of the "Tom Tits" for the past two days.

Leave Tongala at 4.45 and head to Tulla, plenty of cars on the road for this hour, all going to puff a few ducks I suppose. Another duck opening I will miss, this is one of the draw backs of going to the N.Z. Nationals, doesn't matter I'm sure there will be some left over for me when I return.

Meet at the Airport at 7.00 and check in. I had said last year I probably wouldn't go this year with two Nationals and Worlds so close together, but Arthur Turner pulled out of the Glenn Cup team which meant I got a gurnsey as 1st reserve, although I have been in four Glenn Cup Teams previously I am realistic enough to know this may be the last time I get the opportunity to shoot in it!

Speaking of Arthur, I think this was the sixth time in a row he has made a five man team

to compete overseas and usually in No 1 position. In my book he and Bill Iles stand alone in making these teams with Roger Duthie, not that far behind them.

We had a pretty good flight to Christchurch and when we arrived Poppa asked me to go and get a hire car and make sure it has a good sound system! So I came back with the frog, this little green number, oh well I got it half right, it had a great sound system.

We went to the Motel and got settled and then went out to the Gun Club to organize our noms.

When we arrive we here that the "Appentice" - Craig Fitzgerald had won the Ball Trap Championship, he shot the only 50! Top effort. Close behind were two more Aussies: Glen Hayden and Arty Del-Ben, both on 49's, best in A grade was the "Zirconian" - Simon Gloster. Great start for the Aussies a quadrella in the first event.

A lot of the normal travellers to N.Z. are not here this year due to the two Nationals being so close.

Craig Fitzgerald Overall Ball Trap Winner

The Aussie contingent consists of: Rob Viney, Craig Fitzgerald, Craig Bently, Neil McWhirter, J. W. Smith, Glen Hayden, John and Elise Murphy, Arty Del-Ben, James Vardenaga, Stan Collins, Ray Collinson, David O'Donnell, Carol Betteridge, Ken Kramer, Ray Mack, Terry Boucher, Darren Hansford, "The Melon" - Glen Daly, Lars Bager, Peter Iley, Stafford and Auriel Smith, Mark McInnes and his companion Michala, not a bad sort but obviously not real fussy, Luca Beretta and Sergei Evelevski.

19/3/06

Today's event is the 50 target N.Z. Handicap by distance!

Visibility is not great, but it is the same for everybody.

The best score in for a long time was Terry Boucher on 48 but unfortunately that didn't last long enough with four 49s coming in.

The Kiwis get their first title for the week. The winner was Michael Holmes after shooting two targets, in the shoot off.

20/3/06

We have the Double Rise and the minis on the card today, Team Australia failed miserably in the doubles but a couple of our lads put their hand up in the minis, Glen, Ardy and the "Zirconian". Mathew Castles was the eventual winner with Des Coe runner up. Des went one better in the doubles to take the blue sash.

There was a vicious, rumour that Terry Boucher couldn't keep the melon on the

The Frog - the hire car

Terry Boucher Overall High Gun Winner

Very few possibles even though targets looked O.K and conditions fairly good.

Arty rings at 5.00PM and informs us that the "Canterbury Killer" - Gavin Searle has done it again, his score was 131/131 over Tony Truss. Not a huge score but that just proves the conditions are tuff. Ken (Cosmo) Kramer was the best of our mob coming in fourth place.

23.3.06

Single Barrel today, I'm pleased to be up at 'em and feeling pretty good. This didn't last long as I missed 5 targets, best of our boys was big Neil and Ray Collinson on 49, Glen and Craig Bently on 48.

One possible only, Russel McGowan a Veteran and nice bloke.

Glenn Cup Team shoot.

Glen wins the toss and he decides to go with the wind at the "Lockett" end, good decision.

Make a long story short the good guys, win, Neil and Arty shot all their targets which was a pretty fair effort and we win by 3 targets.

24.3.06

Last chance Point Score. Same deal as yesterday, targets are going into a head wind, very high and right to the peg.

After our squad had finished a few of the lads had shot OK but no real joy, the two Craigs were the best on 148 which as I've said before it was good shooting.

Terry Boucher comes in with a 148 to win the Overall High Gun and back to back.

The fatherhood thing must be agreeing with

Terry as since Oliver arrived on the scene two years ago he seems to have gone up a gear.

T Nicholl was the only 150 and was declared the overall winner.

A few of us decide to have a celebration feed and wet the beak for Terry's high gun win.

After a very enjoyable meal we thought we would hit the casino for the last time. Poppa ended up with \$500.00 in front in real quick time and even though I was travelling alright for a while, until ten blacks in a row turned up, I thought I was back at "Rumbalara" of course I was on red.

25.3.06

Had to get up at sparrow fart to be at the Airport at 6.00AM, we had to front at the check in and were confronted by an oversized kiwi who's husband had obviously left her after deciding that batting for the other team would be preferable to living with his present wife who had the personality of a very small shirt button.

After she fleeced us for \$200.00 excess baggage Poppa ask- what about the junk in your trunk? Who pays for that?

The next pizzling I got was the \$25.00 departure tax!

This was probably the highlight of my trip, \$25 buck to leave this dive I thought was good value.

In Summary: shot like a busted bottom, got a disease from some kiwi, got fleeced at the casino, puffed at the airport for excess baggage and then forced to take a lone to get out of the joint.

New Zealand - what a great place, can't wait to return in 2046.

It's all Arthur's fault, if he hadn't of pulled out of the Glenn Cup I would have stayed home with Hun, doing my own fleecing.

*Yours Truly-(nearly)
Stephen Atkins*

leash any longer, needless to say Christchurch will never be the same - Well done Melon!

Straight after the mini I felt a bit crook, thought it would be best if I went back to the Motel, that turned out to be a good idea, within 1 hour I was vomiting as well as having diahroea both at the same time, who said I couldn't multi-task?

I went to bed at 2.00PM and stayed there till 9.00AM I felt a little better but still very lethargic.

I had no choice but to pull the pin on shooting today, first time ever at a National title, and let me tell you there have been some days when I haven't felt too flash.

When Poppa returned he tells me the Glenn Cup Team shoot should have been held today, I was sure it was supposed to be on Friday but even if I had been right about which day it was to be shot I still couldn't have taken my spot in the team.

Doctor Del-Ben reckons I've got bird flu?

The N.Z Association has kindly postponed the Team shoot till Thursday.

Poppa and Arty inform the conditions out there today were fairly wild in the triples the best scores in were two 74s by Les Clark and Brant Woodward, after one round and plenty of misses Les took out the title, the best of the Aussies was Glen & Terry on 73.

22.3.06

Single Rise is todays event I am starting to feel a bit better but still very lethargic. Poppa and I arrive at the Gun Club and after a couple of hours it gets the better of me and I decide to shoot.

Too late, missed the cut off time. I new I would have only been kidding myself anyway.

The winning Glenn Cup Team, Christchurch 2006

In the Trenches

By: Dustin Clay. Email: damfat@hotmail.com

World Cup - Kerville, USA

Women's Skeet

Lauryn Mark, Natalia Rahman & Cherie Reeves

Men's Skeet

Clive & George Barton

Men's Double Trap

Russell Mark, Tom Turner & Craig Trembath

Women's Trap

Stacy Roiall, Suzy Balogh & Michelle Beecham

Men's Trap

Adam Vella, Michael Diamond & Russell Mark

In the Women's Skeet Lauryn & Natalia both shot 64/75 and were 4 targets off the leader and just outside the final. The leader board has them placing 9th & 13th respectively. Cherie finishing 27th on 54.

As per the norm, there were big scores in the Men's Skeet event, with the overall winner shooting 146/150. George was the best placed Aussie shooting 115 which placed him 31st while Clive shot 111 leaving him in 47th.

The Men's Double Trap had Tommy out in front in 16th with 131/150. Craig was in 21st on 129 & Russell was in 22nd on 129.

There was some joy in the Women's Trap event with Stacy making the final and finishing 5th on a score of 65, a welcome return to form for her. Suzy managed a 63, which placed her in 15th, and Michelle shot 54 and finished 35th.

There was more joy in Men's Trap with Michael claiming 4th with a 119. Adam just missed the final on 118 making him 8th while Russell finished 51st on 108.

The next World Cup will be in Suhl, Germany starting in the first week of June. Good luck to the team, and hope we can bring some Medals back.

Cecil Park - 50th Anniversary Shoot 13-14 May

I had the pleasure of going to this shoot at Cecil Park this month. I travelled up in a group of 5 from Victoria, with grand plans of taking home the trophy. Unfortunately, someone forgot to tell Steve Zadro, who shot a 155/175 and ended up the Overall winner, grabbing himself a nice Miroku Shotgun. The final results were as follows:

1. Steve Zadro 155 + 22
2. Nathan McDonnell 154 +21
3. Craig Henwood 152 + 21
4. Vince Gatt 151 + 17
5. Steve Trembath 149 + 16
6. Daniel DiPietro 148 + 15

Congratulations to Vince, Leo & Dom at Cecil Park, for a well run shoot. The prizes were sensational for a Trench shoot, thanks to the sponsors. The club looked fantastic and the new sail shading that now covers the front of the whole office block looks great and will be very much welcomed come January at the Nationals. Plans are in place for more renovations, and it is great to see the club moving forward. Special note to Dom, loved the announcement to the final, calling the shooters over the PA system like a prized title fight. It was fun and very entertaining!!

Thunderstruck Gear = Tigani's

"Keeping an athlete cool and dry is not just about comfort, its about enhancing performance. Millions of athletes are experiencing the benefits of wearing high tech apparel containing, moisture control, heat regulation and compression properties, all in their quest to gain an edge for their sport lifestyle. Thunderstruck provides all athletes with gear that fights odours, keeps wearers dry/warm, lasts longer, looks and feels good. Great thermal wear available for the cool winter months ahead."

It seems the Tigani sisters have gone into business together; keep your eyes out for their new shooting apparel range, anyone interested can contact Simone Tigani 0413 694 950 or Stefanie Tigani 0422 021 680. I wish them all the best.

Date change for Frankston Grand Prix - 26-27 August.

Are You Faidinkum??

This month there was so many to mention, a certain shooter spitting his dinner on another passenger on the flight home from Cecil Park. A local Sydney shooter spelling his own name wrong on the score

board - (Cantals). Of course the Krispy Kreame's bandits who nearly missed their flight....

The Victorian Boys that flew up to Cecil Park for the Anniversary shoot

NSW Gun Club Anniversary Shoot

18th & 19th March 2006

A fine clear morning with a slight breeze marked, the start of the NSWGC yearly Anniversary Down The Line Trap Shoot which attracted shooters from all parts of NSW including the towns of Moree, Orange, Cessnock and Coonamble. The overall appearance of the club was excellent with the new trap houses in place and the grounds in good order, providing a fine venue for the weekend's shooting.

Saturday's shoot attracted about 65 competitors and, was divided into 11 squads. The first 30 target Medley event was followed by the 50 target Double Barrel Douglas Fuller Memorial event and the day concluded with a 30 target Points Score event.

BBQ food was served during lunch time and our thanks go to the Terrey Hills Rural Fire Brigade who provided volunteers to do the cooking.

Back row: Setrac Arslanian - Vice President, John Maxwell - High Gun, Steve Calatiano - 1st 25t Handicap.
Front row: Brett Main - Junior High Gun, Nick Xenos - Overall 50t Medley, Gary Rootes - Overall 25t Single Barrel, Theo Stamoulis - President NSWGC, Tyler Welty - Pverall 50t Double Barrel, Sam Peak - Ladies High Gun, Andrew Tsolakis - Vetal High Gun

Rex Northcott, well known NSWGC member, acted as shoot marshal and was ably assisted by Dugald MacTaggart on the score board.

Sue Nichols, Graeme Hall and Carolyn Dowling in the office and a number of dedicated club members. It was the clubs first major shoot since the rebuilding of trap houses 1, 2 and 3 by Arty Del Ben and his team of trades people during January 2006.

We were again blessed with fine weather on Sunday. Shooting commenced at 10:00 with a 25 target Handicap event followed by a 60 target Medley - 25 Double Barrel and 25 Points Score and the shoot concluded with a 25 target Single Barrel event. Numbers were a little down with only 8 squads of about 45 shooters. Competition was however strong with well known shooters John Maxwell, Gary Rootes, Nick Xenos, Theo Lionatos, to name a few, shooting neck and neck.

The Fireys were again manning the HBO, greatly assisted by our President Theo Stamoulis, who is

gaining a fine reputation for his culinary skills. Judy McMaster prepared afternoon tea of scones, jam and cream and we extend our thanks to her for this delight.

The prize giving ceremony in the clubhouse was well attended and all was over by 5.00pm. Our sincere thanks go to all those members who helped during the weekend and our congratulations go to all the prize winners and competitors.

CENTRAL BURNETT GUN CLUB

Even though the weather was hot and still there was quite a lot of red on the board at the Central Burnett Gun Club in Mundubbera, for the Ken Mills Toyota 100T Double Barrel Day held on Easter Sunday.

David Nicholson pipped Gary Brown in AA Grade by one point with a perfect score of 100%. In A Grade there was an entertaining shoot off between Gary Darlington and Scott Prendergast. Gary being the winner with 173/176. Beth Zillman was on fire in the B Grade with 98pts. Local Junior Peter Burns (only shooting since Christmas) took out the C Grade with 92pts.

We have our Sponsor Ken Mills to thank for the great prizes and the enjoyable day.

CONDITIONS WET AT MATHOURA

Mathoura Gun Club held it's April shoot in rainy conditions. This did lower attendance numbers, but all those shooters who did brave the conditions to compete actually shot in mild and calm weather, with an occasional shower to make it just that bit harder to put in a good score. Especially when most of the events were single barrel shooting. Overall it was reasonably pleasant conditions, with the heaviest rain waiting until the shoot was over. This night was also a christening time for the club's new Gemini automatic trap and voice control system bought, which was installed with the help of some government assistance.

The first event was a 10 target Single Barrel cash divide. Only one shooter was able to show a clean sheet, club member George Bradley with a 10/10 score. He collected the main cash prize with three other club members on 9/10 sharing the remaining cash, Tim Maher, Harry O'Connor, and Shane Howe.

Event two, the main event, was a 25 target Night Single Barrel Championship. An Echuca club member Robert Nisbet collected the overall sash and A grade trophy with one target down on a 24/25 score. B grade 1st was P McCraw 21/25. C grade 1st was picked up by Tim Maher on an excellent score of 22/25 indicating his stay in C grade may be very short lived with the very good shooting he is doing.

Event three was a 15 target Double Barrel, and at last, some full scores emerged, with three shooters on 15/15, to shoot off for all

Robert Nisbet Overall & A grade Single Barrel

Bruce Cook 1st Double Barrel

three places. Bruce Cook (Deniliquin) held all at bay to collect 1st with a 23/23 score. Club President Roger Kerslake finished one down and picked up 2nd place with a 22/23 score. Tim Maher took out 3rd place with a score of 21/22. The shoot was just over when the very welcome rain started to come down in a much heavier pattern.

Murray Roberts

Echuca Shoots Continental

Three 25 target Continental events at Echuca Clay Target Club for their April 30 program apparently looked enticing enough for seven squads of shooters to arrive for the day's competition. Usually fifth Sunday shoots at Echuca are mainly Skeet and Tower events but as the club had shot Skeet earlier this month it allocated Continental shooting for the whole program.

All shooters were extremely lucky with the weather as it was heavy cloud and obvious rain circling all around, but the club only had the lightest of showers off and on throughout the afternoon. With dull conditions and black targets the most missed targets were the low releases, with every shooter having difficulty picking them up. Four grades of 1st & 2nd trophy's ensured a large amount of prizes for the competitors to shoot for, and considering the difficult continental program all shooters obviously shot to their best ability as scores were excellent on the day.

Event one was a Points Score, and Numurkah member Brian Harrison led the way with a clean 75/75 score to take out the Overall sash and AA grade trophy. Local member Rohan Penn was only 2 points down and collected AA 2nd. A grade 1st was Ken Bruns on 74/75. A 2nd was Brent Shannon on 73/75. B grade 1st was Geoff Viney on 69/78. B 2nd was Peter Kerr with a 67/78 score. C grade 1st was Steve Lindberg on 69/75, and C 2nd was Nicholas Waldhauser on 60/75.

Event two was a Single Barrel, and once again a Numurkah member Michael Harbor took out the Overall sash and A grade trophy on a full score of 25/25. 2nd

in A grade was Echuca member Ian Phillips 24/25. AA 1st was Rob Viney 24/25, AA 2nd Tony Moroni 38/40. B 1st Peter Kerr on a 26/27, B 2nd Alain Gobbo 25/27. C 1st Steve Lindberg 23/25, and C 2nd Nicholas Waldhauser 20/25.

Rohan Penn is a renewed Echuca member who has been out of the shooting sport for a number of years, only took the first two events to recoup his earlier good style. He collected Overall and AA grade in the third event, a Double Barrel, with a score of 68/68 after a shoot off to decide the winners. AA 2nd was B Harrison 65/66. A 1st Alan Cole on 67/68, A 2nd M Harbor 46/47. B 1st Peter Lindberg 24/25, B 2nd Alain Gobbo on a 25/27 score. C 1st Steve Lindberg 21/25, and C 2nd was Peter Waldhauser 18/25.

With an early 11am start, and a very smoothly run shoot, shot over three layouts, all events were over and the presentations were finished by 4.30pm, ending a very enjoyable day of competition with plenty of daylight for all to travel home.

THE EVOLUTION OF A WINNER

Special Beretta Nickel Based Treatment

Laser Technology Checkering

Fully adjustable stock with memory system

3-Position Adjustable Trigger

682 GOLD E

The Beretta 682 Gold E Series Raises Level of Competition Over & Unders

Numerous design refinements and the recent modern restyling render the victorious Beretta 682 Gold E more captivating and its performance even more competitive. The Beretta 682 Gold E series of competition over / unders includes such features as a select walnut stock International style, with rubber recoil pad and beavertail fore-end. Flat top rib has white front sight. Gold, non-selective single trigger and an adjustable stock with a memory system is also available. Along with creating one of the most functional competition over/unders, the low profile receiver, modern ellipsis receiver engraving and unique checkering pattern make the 682 Gold E one of the most elegant 12-gauge over/unders available. With the 682 Gold E, the adjustable trigger ensures proper gun fit for the shooter's hand and shooting style. A newly designed ABS hardcase, featuring the exclusive double handle, is included. 682 Gold E Series include Trap, Double Trap, Skeet, X Trap and Sporting. Beretta 682 Gold E, 32" features Optima-Bore® / Optima-Choke® currently available. All models are available with memory system adjustable stock or standard stock.
