NATIONAL PRESIDENT'S NOTES

John Mack

June was the month for our annual Executive meetings. The venue was our National Office in Wagga Wagga, and during this four day period our Sub-Committee's brought their recommendations to the full Executive for their endorsement.

What a great year this has been for our coaching committee. They have been extremely pro-active under the guidance of chairperson Geoff Faulkes. He invited several of our well known identities (Russell Mark, Bill Iles, Graeme Boyd & Chris Brown) to our coaching workshop and as a consequence re-activated our 2008 coaching program.

The Executive fully endorsed the two popular appointments of Mr. Bill Iles as our new National Coaching Director and Mr. Graeme Boyd as his assistant. I look forward to working in collaboration with Bill and Graeme in their new roles.

A heartfelt thanks you to all the team members who spent the four days in Wagga Wagga with me at great expense to their businesses and/or employers. Also Arthur & Leanne Turner from the Garden City Motel for your great hospitality and flexibility at meal times (e.g. the serving of meals after completion of meetings late at night!).

It is interesting how we all view things from a different perspective. In this month's CTSN two of our members have given their views on this year's Trap Nationals. One sees the glass half empty whilst the other sees the glass half full. I view our sport positively and surround myself with other likeminded positive shooters. How do you view your sport?

FROM THE CEO

With our Championships season now being over for the year, I thought things might calm down a little at ACTA HQ – but I've found that's not the case! Within two weeks of the Sporting and Skeet Nationals, we've held the National Executive meeting in Wagga. Arranging such annual symposiums includes coordinating travel, agendas, papers and a range of sundry activities, along with four very intensive days of meetings – an exhausting process for all concerned! Then, of course, when the meeting is over, we are straight into the minutes and actions.

One of the areas identified for my action on taking on the job of ACTA CEO late last year was the need for a more contemporary branding and professional presentation for the ACTA. This arose from deliberations prior to my arrival that led to the development of the

Bill Iles Appointed National Coaching Director

At the recent National Executive Committee meeting held over the 12th–15th of June at the ACTA head office in Wagga Wagga, Mr William J Iles (Bill) was appointed to the position of National Coaching Director. He will be assisted by Mr Graeme Boyd in the implementation of the new Coaching Courses.

The Coaching Committee has worked intently on a re-designed and simplified Coaching Accreditation Pathway for experienced Clay Target Shooters to become Coaches and recognises those Coaches who are already accredited by transferring their level of accreditation to the new structure. The major focus of the Courses is to bring uniformity to the Coaching system across Australia.

Level 1 Coaches will become Club Coaches.

Level 2 and 3 Coaches will become Advanced Coaches

Several key people worked with the Committee to provide input to the new Course structure. Many different aspects of Coaching and Shooting were explored and debated at length, incorporating a variety of points of view. The experience and knowledge of this Committee and its advisors will ensure that this new structure is the way of the future for Coaching Clay Target Shooting in Australia.

The new Course has been endorsed by the National Executive and a process is now under way to have the Course accredited by the Australian Sports Commission (ASC), through the Australian International Shooting Ltd (AISL)

As soon as the accreditation has been approved, more information will be sent out to all State secretaries and Coaching Directors/Co-ordinators.

The National Coaching Committee of Geoff Faulkes (Chairperson), Lynne Curtis and Allan Kenny, wish to express their thanks to Mr William (Bill) Iles, Mr Russell Mark OAM, Mr Graeme Boyd, Mr Glenn O'Brien and Miss Chris Brown for their valuable input and knowledge into the re-structuring of the Coaching Courses.

2007-2011 Strategic Plan, and from last year's Executive meeting. I agree the Association does need to present itself in a more consistent, contemporary and professional way in the 21st century – but without losing its history and traditions. And, it also needs to consider ways to market outside of itself, to new groups and demographics.

This premise led me to research ways we could do both – keep the tradition and become more contemporary. Its been done successfully by others before us. For instance, many government departments or statutory authorities use the 'official' commonwealth or state 'coat of arms', while also presenting a contemporary logo for their department's business.

My recommendation to the Board of ACTA was that we should maintain our existing logo in the same way as governments do – as our official 'coat of arms' logo, to be used on our medals, sashes, and formal collateral including representative uniforms.

But in the same way as they do, we should have a 'marketing' brand that would have an application not only for the ACTA, but could also be adapted and used in a similar way by the states if they so wished. Currently we all have logos that we, who already belong to ACTA, identify with but that to the uninitiated don't immediately say 'Clay Target Shooting'. So by retaining our 'official' individual logos, and having a consistent marketing brand, we could maximise our messages and impact to new audiences including politicians, media and potential new members, and stand out from the crowd.

We have been provided with a number of options, including the use of a 'spinning clay target'.

Let me know what you think by 15 October.

ACTA's current logo is retained and becomes the Official "Coat of Arms" Logo

2008 SKEET NATIONALS

In May 2008, only 6 months since the last Skeet National Championships, the 2008 Skeet Nationals were conducted at the National Shooting ground. The attendance and atmosphere were excellent, numbers hit 147 shooters, with increases in participation in every event. And what a contrast - the weather gave us a marked change from the 40 degree plus, fly plagued November shoot! After a wet, cold and windy weekend for the Sporting Nationals which preceded the event Wagga finally put on some glorious days and chilly nights. Shoot Marshall Paul Johnston did a great job in keeping things moving - especially as there is no daylight saving in May!

Once again we had shooters from all over Australia and a great contingent from across the ditch. This year we were lucky to have a world champion from the United States of America join us too. Thank you to Colin Sim who made it possible for Todd Bender to attend the shoot. Todd certainly was amazing to watch and a gracious visitor to our shores. Our Aussie shooters did us proud and made Todd work very hard for the High Gun, which Todd pointed out in his victory speech, noting that the competition and grounds were top class. In addition to the High Gun, Todd took out the Champion of Champions, Handicap and Skeet Championship. Gil Farish broke the National break record to win the 20 Gauge, Laurie Scerescini won the Commonwealth Skeet and Mal Briggs won the Skeet Doubles.

Special thanks to our Sponsors and supporters: Casella Wines, Beretta Australia & The Uranquinty Hotel. Jo & Dave from the Uranquinty Hotel provided the catering and bar services for the Nationals. They sponsored the food for the shooters barbeque and all gold coin donations from it went to support the charity Country Hope. Along with the raffle, over \$650 was raised for this hard working volunteer run charity that looks after families and kids suffering from cancer.

Thank you also to the traders that supported the event including Glenn Walker from 650StraightSkeet and Ray & Pat Mack from Earmold, along with Graham Callander from Canterbury Voice Release and Rodd Flower from Perazzi. A special thank you to Janenne Kidd who volunteered to assist in the office throughout the Sporting and Skeet Nationals, from the crack of dawn until well after dark every day.

It was very encouraging to see an increase in Junior participation this year the maximum numbers with 5 Juniors and 3 Sub Juniors. Todd Bender commented on the talent he saw among these young shooters.

The Opening Ceremony on Wednesday 21 May was a very smart affair, with the Deputy Mayor Jan Hay officially declaring the shoot open, ably assisted by Todd Bender. Wagga Councillors Kevin Wales and Ken Klempke took on the judging of the Best Presented Team, which was tightly contested. A beautifully kitted Northern Territory team took out the honours.

Some works were able to be undertaken on the Grounds in the intervening six months, including the construction of the skeet safety fences.

An important new initiative, a dinner for the Skeet Hall of Fame and Adrian Cousens Medal was a great success, with 90 guests attending the Wagga RSL to see Reg Clarke inducted into the Hall of Fame, and Leigh Roberts take out the Adrian Cousens medal. A full story on the Inaugural Skeet Hall of Fame dinner will be featured in the next edition of CTSN.

ACTA SPORTING CLAYS NATIONALS-2008

The 2008 Sporting Nationals were held at the National Grounds in Wagga on 17th and 18th May, immediately preceding the Skeet Nationals. Wagga put on some fairly cold, wet and windy weather over the weekend, which didn't spoil the shooting or the spirit of the event. After a bit of a slow start getting the 115 competitors registered and squadded on Saturday morning, it was all positive, with a great atmosphere developing and increased shooter numbers in all events.

Wagga Gun Club once again provided the traps and manpower to run the event. Under David Coleman's direction, the team did a great job of setting up the grounds and making sure all ran smoothly. Thanks also to David for a great job as Shoot Marshall for the event.

As well as ACTA members from around Australia, shooters from Field & Game and SSAA were in attendance, with Daniel Johnson from Geelong becoming the 2008 Champion after staving off stiff competition from Sox Pilipasidis and John Younger. Some excellent and consistent shooting saw, Renae Birgan make a clean sweep of the women's championships.

Congratulations to all the winners, and thanks to the competitors for making the 2008 Sporting Clays an enjoyable and successful event.

WEST WYALONG CLAY TARGET CLUB CHAMPION OF CHAMPIONS

Location: Right on the crossroads of the Newell and Mid Western Highways, close to the centre of NSW

Clive Foster is the Champion of Champions at the West Wyalong Clay Target Club for 2008. Clive put in his usual superb effort to shoot the event clean and be declared the overall winner with his 125/125. In what turned out to be an excellent weekend the program began with a spectacular night shoot on the Saturday evening. The muzzle flashes from the guns and the white targets being blasted out of the night sky made it a great experience for competitors and spectators alike.

With the fire buckets roaring the night shoot began with a 25 target Eye Opener and the new lights that have been installed really lit up the area making for very good target acquisition.

Dozer Collins and Graham Duncan began the first night shoot of the year with great success when both shot possibles to win AA grade and A grade respectively.

Clive Foster 24/25 was second in AA grade and Pico Fyfe also shot 24/25 to record second in A grade.

RULE CHANGES Effective August 1st, 2008

Current Rule 3.22(a) Event Ties – Trap

Delete second sentence. (All competitors to commence on the same trap) Add second sentence. "When more than one squad participates in a shoot off, they may commence shooting on different traps providing management deems that the situation is equitable.

Current Rule 3.22(f) Event Ties – Trap.

Amended to read "Mixed Targets: To be shot in any order from No. 3 lane, 2 double barrel, 2 single barrel, 2 points score, 1 pair double rise. Total 12 points until finality.

Current Rule 2.01(i) Common Mark and Handicap shooting.

Second sentence amended to read "He can only be downgraded one grade at a time" Delete wording starting at "Once attaining A Grade, a shooter cannot be regraded to C Grade and once attaining AA Grade, a shooter cannot be regraded to B Grade."

Club Secretaries and Handicappers please note:

The process of percentage calculation as shown in Rule 2.01 (h) (i) (ii) (iii) (iv) is to be used for determining grades in all graded disciplines, i.e. Trap, Skeet, Ball Trap, Sporting, Tower, ISSF Trap, ISSF Skeet, ISSF Double Trap.

As he cooked his marshmallows over the fire bucket Patto watched Len Lord shoot 24/25 to win B grade with Mitch Brown 20/25 in second place. Temora visitor, Peter Rae, and Mick Connors shared C grade 23/25.

Three full squads of shooters lined up for the 50 target Cash Divide and as they enjoyed the great conditions spectators huddled around the fire buckets and enjoyed a hot cuppa.

As the smoke cleared from the trap layout Dozer Collins continued his good form collecting the cash in AA grade 49/50. Robert Lindsay and Mitch Brown returned outstanding results shooting 50/50 to win A grade and B grade. It is unlikely that Michael Fyfe will be in C grade much longer as he shot an excellent 48/50 to take out his grade.

After a successful night shooters took the opportunity to stand around the warm fire and have a yarn and by the time Patto finished his last marshmallow shells were again knee deep on his side of the fire.

The down the line program on Sunday began with a 10 Target eye opener and Wayne Ambrose, Graham Duncan, Mitch Brown, Robert Lindsay, Dozer Collins, Clive Foster, Alan Bound, Bruce Dent and Grenfell visitor Mick Mitton all shot 10/10.

This top shooting set the scene for the Champion of Champions event comprising 25 targets Single Barrel, 25 Points Score and 25 Double Barrel.

Clive Foster claimed the sash for Overall and AA grade with his superb 125/125 while Dozer Collins dropped two points to be second in AA grade. Graham Duncan shot 123/125 to win A grade with another Grenfell visitor, Warren Schaeffer finishing second 122/125. Len Lord is maintaining his good form winning B grade 98/125 and Mitch Brown finished second 94/125. Narelle Ambrose also shot 94/125 and won C grade.

Mark Worner Auto Electrics sponsored the 25 target Handicap and with \$100 up for grabs things got serious.

Alan Bound shooting from 23 metres got the dollar gleam in his eyes and in a shoot off with Ben Fairman on 19 metres and Nick Connors on 15 metres collected the loot by shooting 35/35. Ben finished second 34/35 with Nick in third place.

The weekend program had a good variety of events and proved to be very popular with those in attendance.

Location: 836 km from Brisbane and 190 km from Rockhampton

The 25th Anniversary shoot was held on the weekend and enjoyed by all. 37 shooters attended the weather was fine and sunny with light winds. Various sponsors were very generous namely: JELLINBAH MINING, B.M.A. COAL, WESTFARMERS CURRAGH, BRETT WILSON, MITRE 10 AND BLACKWATER SPORTS. Without these sponsors our small club would not have been able to supply the range of trophies and we thank them all.

Good scores were recorded and some new shooters won grade trophies for the first time. Juniors were in larger numbers this year and competition was keen with some shooting their first major competition.

The chef was fabulous once again and our thanks to the staff in the kitchen, bar, office and all those who kept the trap hoppers full, refereed, scored and helped to run the shoot to make it memorable and successful.

TWO VICTORIAN NIGHT CHAMPIONSHIPS AT ECHUCA

Echuca Clay Target Club held two Victorian, Night Championships, on Friday, the 30th of May 2008. A 75 target North East Zone Champion of Champions and a 50 target State Night Point score Championship, together being attractive enough for five full squads of shooters to turn up and brave the cold to compete.

Actually for a near enough to winters night it was surprisingly mild, and with no breeze at all to move the white targets around it was a perfect night for the competition. And the scores reflected that, even with the much more difficult, "night shooting" with some very good performances, from a gathering of some very talented shooters.

Echuca member Craig Fitzgerald was the man to beat on the night, but there was not one shooter that could, and Craig collected the Overall Sash and 1st in AA grade in both events, shooting a 120/125 score in the Victorian NEZ Night Champion of Champions, and an excellent score of 143/150 in the Victorian State Night Point score Championship. To lose only seven points in a 50 target night point score really is good shooting, well shot Craig, and congratulations! Also Peter Akkermans, a Bendigo member, almost made it into a shoot off situation, dropping only one point more than Craig, giving him the 2nd in AA grade trophy, with his 142/150 result, and well shot Peter!

The shooters were kept active over the three trap layouts used, and with everything running smoothly, all shooting, and even the presentations were over by the early time of 10.30pm, allowing everyone to arrive home at a respectable time from the shoot. The full results for the shoot are as follows.

Event one, a 75 Target Victorian North East Zone Night Champion of Champions, OA & 1st in AA grade C Fitzgerald 120/125, AA 2nd A Leech 119/125, A grade 1st W Kelvy 118/125, A 2nd R Traill 115/125, B grade 1st M Elford 115/125, B 2nd E Cox 113/125, C grade 1st G Pridmore 99/125, C 2nd K Northhausen 96/125.

CABOOLTURE

John Reynolds Annual 2 Day Skeet Carnival

10th 11th May 2008

Location: 45 minutes north of Brisbane's CBD

Lorraine Hughes, George Petrou, Laurie Sceresini
& Nick Aird shoot off in perfect conditions

A warm and still morning greeted the 30 or so shooters as they assembled in the clubhouse for the first day of the inaugural 2 day Caboolture Clay Target competition.

The early morning dew glistened on the freshly mown grass as welcoming music provided a background to the good natured ribbing as the shooters greeted each other and said their G'days during sign on.

The grounds were immaculate and the clubhouse and its facilities positively glistened such was the standard of the preparation for the event, even the spare pencils for the score cards had been sharpened just in case a scoring emergency situation arose.

The organisers had injected an element of fun into the proceedings by providing some shooting themed songs to get everybody in the mood and Wagner's 'Ride of the Valkyries' from the film 'Apocalypse now' was soon blasting over the Tannoy system. As the first squads made their way to the respective layouts ready for a prompt 9:30 start it was quickly silenced as the first shooters called for their sighters and the competition began.

The first event was a 25 target cash divide. Maybe the thought of winning cold hard cash caused jitters amongst some shooters but many struggled to read the high house correctly and consequently returned some lower than usual scores, in fact not one possible was shot for the event. The highest score was shared between Nick Aird and Laurie Sceresini who both dropped one target each to finish on 24/25.

With the 'eye opener' out of the way it was time to start the days 100 target event and the office staff were

hunting for the red marker pen as a number of perfect 50's were handed in and by the lunchtime break it was obvious that things had settled down and people had got their skeet heads on!

However the excellent lunch provided was too much for some as the early high scores slipped away in a blaze of fluorescent disbelief. With shooters falling by the wayside it was a close run to the finish between Nick Aird and Laurie Sceresini for overall and as they began

High Gun winners L-R Roy Shelvey B grade, Laurie Sceresini AA grade, Josh Teague C grade, Nick Aird Overall, Nigel Hughes A grade

their final 25 it could have gone to either shooter. With conditions now near perfect it was Nick who came closest to the perfect score with a very commendable 99/100 with Laurie chasing him all the way just one target behind. Nigel Hughes took A grade with 96/100, Roy Shelvey with 85/100 took B grade honours and Matthew Rhue shot an impressive 92/100 to take C grade honours.

With all competitive shooting finished for the day it was the usual herd who shuffled across the layout to the clubhouse to wash the dust of broken targets from their throats. Many a tale of the lost target that would have made all the difference was told to anyone who able to provide a sympathetic ear.

Overall High Gun winner Nick Aird

Day two began with perfect targets being thrown in perfect conditions. Caboolture can easily be taken for granted as the targets can be deceptive and the combination of fluoro targets against a backdrop of trees and sky can easily catch out the best of shooters and so it was with added concentration that the shooters lined up for the first event of the day the ever popular handicap.

The beauty of the handicap is of course that theoretically anybody can win it regardless of grade or experience and after the initial fifty targets there were some 13 shooters from across the grades lining up nervously in two squads for the shoot off.

As is the norm with the handicap there were several lower grade shooters all with several birds in hand lining up next to some seasoned pros who were 'on wood'. But the unpredictable factor here is nerves which can soon devour those extra 'lives' and see shooters dropping like flies.

This was the case with squad 1 who by station 8 had only one shooter left; the young Josh Teague. Josh was shooting very well and kept his nerves in check to make it this far only to miss the high house and bow out. But with squad two still shooting on the next layout it was by no means over yet.... Squad 2 contained some old hands and experience showed as they moved smoothly from station to station until only two shooters remained on station 6, Nick Aird and Nigel Hughes who were both on wood. But it was a deceptive low 6 that saw Nick leave the way open for Nigel who cleared the station and went on alone to complete the round unaware that upon clearing station 8 he took the handicap.

After another relaxing lunch it was onto the 'love it or hate it' doubles event and it went to a shoot off with Laurie Sceresini and his trusty Krieghoff shooting a commendable 65/68 against Nick Aird who dropped his 65th target of the event and allowed Laurie to claim the top spot.

With shooting over for the day it was time for the bar to open and the stories to begin while the office staff hastily prepared the results. With all the results in, bribes offered and threats made the results for the high gun prizes were as follows:

Overall Nick Aird with a tightly shot 221/225.

Loveable Laurie Sceresini won AA high gun with a superb 220/225.

Nigel Hughes will be finding room in his wife's trophy cabinet for his A grade trophy while the ever jovial Roy Shelvey shot well to win B grade high gun. C grade was awarded amidst a round of encouraging applause to young Josh Teague who showed many of the more seasoned shooters how to do it and looks like he could well become a force to be reckoned with.

Caboolture is rare. It is one of the few clubs where there is no snobbery between the disciplines and it is a testament to the members love for the sport of Clay target shooting in general and their desire to develop the Caboolture club itself that this shoot ran so smoothly.

Many people from the other disciplines gave up their own time in the days leading up to the weekend to help out with the preparation. There are not many clubs where you will see the DTL members helping prepare for a skeet shoot, a sporting member cutting the grass on the layouts or trap shooters helping out with the catering. Long may this spirit continue and grow within our sport and well done and thank you to all those who helped.

Shooters queue in a busy kitchen for food

Of course none of this would have been possible without the generous help of the sponsors and thanks go once again to John Reynolds for his continued and very generous sponsorship of the event and thanks also to the additional sponsorship from Nigel and Lorraine Hughes who sponsored some additional prizes and also supplied the 'Hughes high gun skeet trophy' for the overall high gun.

It was felt in hindsight that the shoot was held too close to Mothers day and that this was reflected in the number of shooters able to attend and so it has been suggested that next year it will move to the latter part of the year where there will be more opportunity for people to attend, perhaps as a pre-runner the State carnival – once a date has been confirmed it will be advertised on the website – www.cctc.com.au.

Inox Hastings 75 Championship

PORT MACQUARIE CTC

Location: The heart of Australia's Holiday Coast, at the mouth of the Hastings river

On Sunday May 4 the Port Macquarie Clay Target Club held their monthly competition day at the club grounds within the Hastings Regional Shooting Complex. There were two club Championships to be run with a total of 125 targets to contest.

R McCloy, D Young, T Clarke & M Height

The weather was excellent for shooting and with some local advertising around our bordering clubs the committee was happy to see thirty one shooters register for the two events. Clubs represented were Taree-Wingham, Cessnock, Coffs Harbour, Kempsey, Normanton and Port Macquarie.

The first event was the Inox Hastings 75 which was shot double over three walks of twenty five targets. This event was sponsored by local member Steve Burley who with Inox put up prizes and cash to have a total prize pool of \$800.00 to be distributed between first and second placing's through the four grades.

At the end of competition there was a five way shoot off required to not only get the overall winner but 1st and 2nd in AA and A grade. The AA graders were Robert Clarke, Mike Height and Daryl Pasfield and the A graders were Bill Jones and junior shooter Russell McCloy. All these shooters finished on 73/75.

After another 24 targets the winner of the Inox Hasting 75 was Mike Height who won the Championship Medal and first in AA grade with

R McCloy, S Wallis, T Clarke, B Jones & G Jones

a score of 97/99 while Robert Clarke took second in AA grade. The A grade winner was Bill Jones 96/99 from Russell McCloy who finished 94/97.

In B grade Cessnock junior Tom Clarke took the spoils with a fine 72/75 from Dick Piper who was one point further down on 71/75. The C grade was taken out by Doug Young who shot 63/75 from Peter Leicht again one point down on 62/75.

The second event for the day was the club Championship 50 target single barrel. This event was shot over two walks of twenty five with Taree-Wingham junior Russell McCloy taking the Championship Medal and first in A grade with 49/50.

In AA grade Steve Wallis came first with 48/50 from Daryl Pasfield 47/50. Second in A grade went to another junior Alex Young from Coffs Harbour 45/50.

The B grade once again went to Tom Clarke 47/50 with Dick Piper 47/53 picking up second after a short shoot off. The C grade went to Graeme Jones 38/50 while Doug Young held on for second with 29/50.

The Overall High Gun Medal went to Russell McCloy who finished with 122/125. It was a great result for Russell as not only a junior but also the gun he used was brand new and only picked up the day before.

The club would like to once again thank Inox and Steve Burley for the sponsorship of the first event. I would also like to mention that our Annual two day carnival is to be held on the 2-3 of August and all members of the ACTA are most welcome to attend just check for our advertisement in the previous magazine.

Psychological Skills for Shooting

by Michael Kruger-Davis

TODD BENDER

Due to the generosity and foresight of Sydney shooter, Colin Sim, Todd Bender was able to attend the ACTA Skeet Nationals held in May. I was fortunate to be able to attend the competition on one day for the purpose of interviewing Todd Bender.

Whilst I enjoyed shooting the odd round of skeet, having the opportunity to meet with Todd was certainly the highlight of the day. The interesting thing was, that before I had met with him, I felt that I already knew him. I have read all the articles that he has written for the English Clay Shooting Magazine. I have listened to CD's in the car which was a discussion between Todd Bender and Lanny Basham, I have watched his DVD's and I have visited his website www.bendershirma.com, so when I met him, I already had a picture in my mind what he would be like and for most parts I was right. What I didn't expect was that the man you see in the video's, in print, and on CD is exactly how he is in real life; with exception that in real life he projects what psychologist would refer to as "unconditional positive regard". Unconditional positive regard is what most of us get from our mothers: it is the understanding that people are nice to you just because you are you. Unconditional positive regard is the main ingredient for effective teaching, coaching and therapy. Todd makes you feel good just by being in his presence. Bender described himself as a teacher and makes his living primarily from teaching.

Todd made some interesting observations about competing in Australia, and for someone who has not experienced shooting overseas I found his comments interesting. Firstly, he felt that here in Australia you are part of the competition all day: in the States the 100 targets would be shot in one visit and because they employ professional referees there is no requirement to stay on the ground. Todd said that he would have normally gone back to his motel room and had a rest before the shoot-off. He stated that what he saw as the problem with staying on the ground was the continual opportunity to interact with others, and talk about scores, missed targets, problem microphones, guns, etc. He understood that in Australia, because of the population, the carnival could not run any other way and in his own style he gave this a positive reframe by saying that "well I'll use the problems with the microphones to my advantage and let the problem bother the other shooters. I'll stay focused on the target."

The positive psychology movement is very big in America and is starting to gain momentum here. Being confident, composed and feeling competent in your ability are essential aspects to remaining positive. Regular readers will also remember that these are also essential characteristics for mental toughness. After talking with Todd, I was wondering is there a difference to being positive and being mentally tough? There is and it is very important: if you are just positive because you believe it is a good thing to be, then you will find failure difficult to deal with. However if being positive is a component of a wider mental state of being mentally tough then you will be able to bounce back when you have failures or setbacks. A good example of this was a comment Todd made about missing a target (actually it was the first target he had missed since the previous July). Todd's comment was that he was continually asked about this target, when in his mind the 100 targets that he shot in qualifying and the further hundred or so in the shoot off were more important. He saw the missed target as nothing more than a lapse of concentration and that it shouldn't be given any more importance than that.

What we were able to talk at length about was the use of mental skills as a necessary tool for being a good shot. Bender epitomized appropriate use of mental skills both in and out of competition. Regular readers of his columns in Clay Shooting will have a good understanding of the importance that he places on mental skills development. Having adequate technical skills, physical skills and mental skills are a necessary for success in any sport. His association

with Lanny Basham, and the importance he places on mental skills was a very welcome testimony and an acknowledgment of the importance of mental skills training in sport.

One of the topics we covered was the use of visualization and mental rehearsal. Earlier this year I wrote an account of a tape I listened to by Bender and Basham: Bender talked about his use of imagery and mental rehearsal when shooting; he explained that before he walked onto the station, he relived the shot that he has done thousands of times before. When he steps onto the pad and settles himself, he then shoots the target(s) in his mind. Using visualization he hits the targets and therefore, his mind is already believing that he has done it. Leaving no time to develop self-doubt, he calls pull and shoots the target just as he did in his mind's eye seconds before.

Now the above is a good example of using mental rehearsal in shooting but Bender didn't stop there. He then explained that before he walks off the pad, he sees himself shoot the target again (just as he did in real life) to reinforce what he needs to do next time. This evaluation of his performance reinforces success and best practise and primes him up for further success. So armed with this knowledge and having watched him shoot a round, I asked him about the triggers that I had noticed as he was waiting to shoot, about to shoot and after he had shot. He looked surprised and asked, "What triggers?" What was interesting was that as I listed the things that I had noticed he would respond by saying; "no that was subconscious or that was conscious" There were clearly some things he was not sure that he was doing. What he did say was that these triggers were his way of bringing his confidence up to a level that would ensure success. This was necessary because to see the target (and thereby shoot it) everything else had to shut down. For Bender, getting control over that mental process, was essential for success.

When I asked about his visualization process, he directed me back to the work of Basham, whom through his mental management skills program, and stated that the before, during and after visualization/mental rehearsal components helped stay in control, because it compartmentalized the sequence into a pre-load, action and post-load/reinforcement phases. This reinforcement phase was essential in developing confidence and keeping him focused on the here and now.

When asked, "How did you go from being a good club shot to being the current world leader?", he looked a bit taken surprised but after some thought felt that it was a combination of desire, dedication and sacrifice.

When I left Todd to go back out to shoot, I felt warm and satisfied and shoot two rounds of 24/25, quite content in the knowledge that I was able to concentrate for 48/50 targets, in a discipline I rarely shoot. I still read Bender's articles and from time to time visit his website: www.bendershirma.com, and with his permission will bring you some of his valuable insights from time to time, but now when I read his articles I feel that he is talking to me personally.

Again, I would like to thank Colin Sim for organising this opportunity for me as well as acknowledge Todd Bender's sponsors: Kriehoff and Briley.

I would encourage readers to visit his website; www.bendershirma.com and read more from this exceptional man.

I have put together all the articles that I have written for the CTSN on CD as word files. These are available for \$25.00 (which includes GST and Postage). If you wish to purchase a copy please send cheque or money order to me at the address below.

KEVIN WILLIAMS 1941 – 2008

The South Australian Gun Club is saddened to have to report the passing of it's esteemed member Mr Kevin Williams. Kevin died after a long battle with illness.

Originally from Victoria, Kevin had a lifetime interest in firearms and shooting and began his participation in clay target shooting there.

On moving to Adelaide Kevin continued shooting and as a member of the South Australian Gun Club became heavily involved in the Club's operation.

As a long term member of the Club's Committee, Kevin was a tireless worker who could be always relied on to assist in keeping things working efficiently. Even when illness started to adversely affect him Kevin still kept shooting and continued helping out for as long as his health permitted.

Kevin was always happy to spend time instructing and advising new shooters and will be remembered for his friendly and patient approach in that function.

Kevin was very much the type of member that all clubs would like to have more of and his presence and support will be greatly missed.

Our sympathies are very much with Kevin's wife Annette and his family for their loss.

Trevor Gurr Vice President

Riverina Ramblings

The adventures of a couple of ordinary blokes in the Eastern Riverina

THE QUEENS BIRTHDAY LONG WEEKEND

"Welcome to the zone" was the cry from the organisers and delegates of the Casella Wines Riverina Zone Carnival. One hundred guns braved the day which promised the long awaited rain, but in some ways thankfully except for a few spots, the Gods waited till the shooting was completed before letting a little relief fall from the sky.

After a few teething problems, like a recalcitrant P.A and only six of the eight traps in working order the shooting got underway with the 25 target handicap. Always a tough event to start on, with just the one free target as a sighter before the competition begins. Local Wagga gun club A grader, Rick Mathers took out the event after a tight shoot off. Well done to Ricky, go you good thing. What was extra pleasing to see was a young bloke called Riley Crisp keeping all the big boys honest off the front mark.

Quite a few people have been having a go at me for not writing the rambler of recent months. The reason is that Pee Wee came to me and (in all seriousness) requested that I stop writing about him as he felt that many fellow shooters were of the opinion that he was obviously becoming "Gay" and was a "cheat". Now in fairness, I don't actually think he is a cheat.

So out of respect for my old mates wishes I decided that the rambler had run its natural course and would leave the boy alone. (That is until he performs another act of such complete stupidity that I had no choice but to write about it). I still grin when I think about the time he left his gun home for the Nationals, or the time he did the cruet up at Mt Bogong and kicked the shell bucket across the grounds.

Anyway enough of that, Pee Wee is back in AA grade and I can report nothing much has changed, he reckoned that with the wind out of the North East, it was pushing the targets down and he "cut over a few" I think Charlie Strike the zone handicapper was waiting for Pee Wee to turn up in A grade and looked pretty disappointed when he had to put his red pen back in the box.

Next event was the single barrel, they say in golf, you drive for show and putt for money, this is the DTL version of putting in my humble opinion. "Righto

Pee Wee what happened that time" says I. "Well I have been using this higher Angelo Paonne inspired gun hold and I still have some bugs to sort out" goes the Yard Boy. Rosco Liersch dropped a target and I heard him say to someone, "nah, just a bad shot". Without wishing to be critical, Pee Wee could learn something here. He really needs to harden up and buy a real gun.

Actually on, Angelo Paonne, his mate Sam Papsiderio didn't come over for a shot, "He went "bowling" instead" mumbled Angelo, obviously embarrassed by his mate's lack of heart. I was pretty disappointed not to have been able to squad up with my old sparring partner, he might as well sell that superb old SC3, I know a bloke in Henty who would be keen.

Steven Guest didn't miss any and won the event, Charlie Strike was wrapped that a Leeton shooter had done so well. There was more to come from this outfit.

Points Score was another tight fought event, Chris Salafia triumphed over Glen Barton after a protracted display of excellent, consistent shooting in windy conditions and not the best light, well that what the Yard Boy reckoned anyway.

The endurance event was just that, with the 50 target event just the precursor to the night shoot which it took to decide the event. Chris Salafia showed his points weren't a fluke and cleaned this up as well. Top Job Chris and the Leeton club seems to be home to a few pretty fair shots at the moment.

It is with a modicum of pride that I report that the Southern Zone Sports academy Junior members did well as a group with Will Brain, Jaiden Parker, Megan Grassi and sister Kayla all proving their worth.

A big thank you needs to be given to the sponsors; Casella Wines and the Lawson Motor Inn. Both of these companies have been long time supporters and really get behind the Zone, our collective thanks.

Geoff and Janenne Kidd from the Lawson again generously sponsored the High Gun trophy the prize of two nights' accommodation at the Lawson. No one has ever accused me of lacking a sense of irony but when Arthur Turner won the high gun, and Arthur owns a motel in Wagga. Well it's just beautiful.

A very big thank you must go to Janenne Kidd who worked tirelessly in the office all day and kept the shoot running like a dream.

Casella Wines must have donated a couple of grands worth of Yellow Tail, thanks Marchello and John you're the champs in our sport.

Pee Wee as usual had the last word, we were having a debrief, (actually a few cold ones" after the clean up) "went all right that". That it did, a good shoot "the zone".

Echuca Students on Target

May 26th & 27th and June 2nd & 3rd saw a total of 82 individual visits to Echuca Clay Target Club by Echuca College year nine boy students, all wanting to see what the sport of clay target shooting is all about, and to actually participate in the sport. With two groups, visiting twice, shooting ten targets single barrel each visit, and due to the dedication of the volunteer coaches from Echuca and Mathoura Clubs, the overall, in most cases, good scores, out of a possible twenty. A very pleasing result for those coaches. When there is a noticeable improvement in skill from the first to the second visit, it proves to coaches that students are actually taking notice of the advice being given.

As with any learners to this sport, some master the strict hand and eye co-ordination, and the concentration required, faster than others, but Zac McGrath proved to all he was the leader, shooting an excellent 19/20 score to take out the Overall Winners place. To drop just one target shooting single barrel was very good shooting, and Zac must be congratulated! Jake Hannasky earned 2nd place with his 15/20 score. Congratulations Jake! Several 14s and 13s, and progressively down the scale, were recorded, and most of these students had never held a 12 gauge shotgun before, let alone be asked to try and shoot 20 moving targets single barrel.

Echuca Clay Target Club committee is pleased to see the interest in this, one of the safest sports in the world, the Echuca College, the teachers involved, and especially the students have taken, and given the excellent behaviour of the students they will always be welcome to participate in these shooting clinics. Thanks must also go to the student's parents for enabling their children to experience the sport.

Trapshooting Champions - Past and Present

One of the great debates in any sport is who is the best and how do past champions compare to the champions of today. This subject is debated in trap shooting constantly, with shooters everywhere keen to offer an opinion.

The Hall of Fame committee was challenged to come up with an objective way of assessing our top trap shooters. Therefore we developed the following system where shooters are awarded points for winning or runner up of major world, national and state championships as well as being a member of the Mackintosh team.

What we have arrived at is a method of assessing the most successful trap shooters at the major championships. We didn't want to enter the debate about the "best" trap shooters as lots of subjective methods can be used to determine the "best".

The chart right lists our most successful 58 trap shooters of all time but doesn't include shooters from the pigeon shooting era other than the great "Calrossie", John Sutherland. We are presently working on obtaining more information on our early heritage and will update our records as it comes to hand.

The chart includes the presently known wins for each of the listed shooters, but is by no means complete. We need your help to complete our data base and will be calling for assistance over the next few months.

We are presently developing our website where we plan to include lists of all the past championship winners. We hope that shooters will be able to log on and then help us fill in the blanks.

If you, like me, are interested in trap shooting history give me a call on 02 6792 4712 any evening.

STATE TITLE AT MATHOURA

Location: 768 km south-west of Sydney in the Riverina Region of NSW

One of the attractions of the May 2008 shoot at the Mathoura Gun Club was a Victorian State Night Double Barrel Tower Championship, and attract it did, with five full squads of competitors, plus a full squad of learner shooters attending the shoot. With that many shooters on hand and only one tower to shoot over, the 30 target event was always going to make for a long night of competition, but not one complaint was heard during the night, as the conditions were perfect, the shoot ran smooth, and the competition was fierce, with shooters from as far as Wagga Wagga, Millicent (South Australia), Euroa, Bendigo, Deniliquin, Echuca, as well as local.

Event one, a ten target trap Double Barrel cash divide, and three shooters managed to hit all ten, Tim Maher (Deniliquin), George Bradley and Roger Kerslake both of Mathoura Gun Club, with all three sharing the cash divide.

Event two, the State Tower Championship, and only one able to come out clean with a 30/30 score, Laurie Fitzpatrick (Euroa), taking out the Overall Sash and 1st in B grade trophy, well shot Laurie, congratulations from all who attended. A grade 1st was collected by local member Bill Simpson on a score of 27/30, and C grade was decided after a short shoot off between Rob Hammat (Millicent) and G Daley (Bendigo), Rob survived to take C grade on a score of 32/35.

Event three, a 15 target Tower Double Barrel, and three shooters managed a clean score, Peter Munro (Wagga), Tim Maher (Deni), and Rob Hammat all on 15/15, and after only one target in the shoot off, Peter was the only one not to miss, taking out 1st place with a 16/16 score, Rob missed his 19th taking out 3rd with an 18/20 and Tim hitting his 19th gave him 2nd place with a 19/20 score.

An excellent night of competition ending shortly after midnight, with everyone who attended enjoying the shooting, and the plentiful hot food and drink, supplied by Marg O'Connor and Kerry Hams, thank you ladies!

Premier Teams Event Round 2

Sunday 25th May at the Werribee/Victoria C.T.C. was a fine but quite cool day. An early start and three lay outs is definitely the way to go at this time of year.

One hundred and six shooters contested this, the second round.

Event one the Handicap saw five possibles and only Ian Jewell missed out on a prize. Bill Woodward took the Back Markers, Herman Finken 27/28 was third after only a couple of shoot off targets, Scott Barry and Daniel Allam went a lot further with Daniel the winner with 51/51 and Scott 50/51.

In the teams section at the half way mark Melbourne # 2, 117 lead Melbourne # 3, 114 with Nepean and Cerberus on 113.

H'C winner & High Gun Daniel Allam

O/A Double Barrel Paul Dennen

The Double Barrel was next and provided thirty four possibles and this took a little longer to sort out. With seven left after one hundred and ten targets and all AAs they stepped back to eighteen, by the time they reached 149/149 there was only Paul Drennen to collect the

The High Gun had three possibles Scott Barry, Herman Finken and Daniel Allam, with Daniel the winner on 62/62. Ladies High Gun was Tanya Bourke 47/50,

Junior High Guns A Grade B Young 51/54 B Grade J Leanne 46/50 C Grade. J Lay 45/50 all Mornington shooters. So its not a surprise that the Junior Team was Mornington 94/100, with team members B Young and D Cleary.

Melbourne # 2, 235 Team members, R Williams, S Barry, F Santoro, B Humphries & I Jewell held on to win the day from Melbourne # 3, 234 with Frankston Australian on the same score. This was a very closely contested round, hopefully the rest of the season will be too.

When everyone meet up in the Clubhouse to unwind our very own Singing Chef was on hand with a great array of songs to keep that friendly atmosphere going and a lot of made the best of this as the fireplaces roared and the amber liquid flowed as mates caught up, card games were played and great times were had by all!

Sunday morning saw a few sore heads (young Mainey, Reece Whippis and gang) but a big breakfast by Club Prez Craig Main had the boys raring to go! So a slightly reduced field lined up for the first event of the day. The 25 Target Northern Zone Mixed Target Championship. Overall winner was Cessnock's Tom Turner after a shoot off with Vito Balliana. This saw Vito take out AA grade with Craig Tilley second. A grade saw Jim Mortys first followed by The Prez flying the flag for Cessnock again. B grade saw that Cessnock boy, Shannon Brown again the victor closely followed by Dennis Roughan. C grade saw Greg Collins first followed by that young guy, Nathan Walters.

The second event of the day was the 15 pair Northern Zone Double Rise Championship sponsored by Cessnock's own ARMS and AMMO underway. Craig Tilley (28) was the Overall winner with AA grade taken out by Tom Turner and Paul Farrugia second. A grade was won by Jason Owen followed by Darren Wells. Shannon Brown was first in B grade followed by a newly graded John Douglas. Patrick Barry was the winner in C grade with Greg Collins second.

The final event of the entire competition was the 20 pair Northern Zone Deauville Doubles Championship with a cash prize for first and second on offer. After the first 20pair a shoot off was required to decide first and second which was finally taken out by Kosta Zimaras and Jim Morttys with Tom Turner and Paul (Me Late?) O'Neill coming second.

After the final event the presentation took place and the High Guns were awarded. Overall winner was a very happy Kevin Thompson with 361/390 with the winner of A grade Peter Holmes 360/390, just 1 point behind. Mick Bajada won A grade with 358/390. Shannon Brown won B grade with a 345/390 and C grade taken out by John Douglas 323/390. Dear your Say

I would like to make reference to our National President's Notes in the June issue of A.C.T.S.N. John did you and I attend the same 2008 Nationals?

There were trade Exhibitors who commented to me on the grounds of how dissatisfied they were with the arrangements. Thanks to Beretta and Perrazi for hosting the Special Nights for Shooters and their friends, without the Trade nothing would have happened so I suggest we start looking after Trade People, we don't have many left and without them we will fold up.

As for the catering it was moved, from alongside the Clubhouse to

the middle of the paddock. The marquee used for presentations was insufficient – due to the tables there was not enough room for shooters. A lot of people had to stand outside in the cold, falling over ropes and steel pegs and could not hear the presentation.

I don't know how many Hall of Fame Presentation Dinners John has attended. This year we had to stand outside the Capital Club for a long wait before we could gain access. This year was an even longer wait than last year, long past the published starting time. Also, there was no choice of food, previously we had an alternate drop for each course which is a much better arrangement. Definitely not the best yet.

The Skeet National Hall of Fame Dinner was held in May at the R.S.L. Club, a much better venue and food arrangements were much improved on the Capital Club. It was a shame John wasn't there to experience the night himself. The R.S.L. Club staff are so professional at what they do.

In the May issue of A.C.T.S.N. John made comment in his notes on how we dress and portray ourselves as shooters. Perhaps he should speak to the Executive and ask them to wear appropriate dress at official Presentations and Functions. After all, this is our Exclusive Sport, be proud of it.

For all you shooters out there who want to improve our Sport and Facilities for Shooters how about coming out into the open and Have Your Say.

MIXED EVENTS AT ECHUCA

Location: On the Murray River which forms the border between Victoria and New South Wales

Echuca Clay Target Club for its June 8 shoot had a mixed bag on offer for the competitors, a 25 target Ball Trap Championship, a 25 target Handicap, and a 25 target Double Barrel Championship. The fluoro coloured targets used in the Ball Trap event were extremely hard to see leaving the trench layout, as the background had been harrowed and the dirt was almost the same colour as the targets. It was a testament of good shooting to see several 24/25 scored in this very difficult discipline.

Steve Traill OA BT

Ashley McKnight 1st Handicap

Tony Karakizos OA DB

Miss Olivia Comelli best unplaced junior

The shoot off was all over before one full sweep of the lanes was completed, with Echuca member Steve Traill taking out the Overall winners Sash and 1st in AA grade with an impressive 28/29 score, pushing out his father, Ron, who collected A grade 1st with his 27/29. Another Echuca member Drew Healey picked up B grade 1st with an 27/30 result, and Maryborough shooter, Ashley McKnight, took out the C grade 1st Sash with a score of 22/25.

Event Two a 25 tgt Handicap and Ashley McKnight was unbeatable, getting the better of Denis Comelli from Mornington to take the Winners Sash & trophy with a 42/44 score, Ashley was shooting off the 17 meter mark to win and earned another half meter on his

handicap. Denis picked up 2nd place with his 41/44 score and Echuca member Doug Faulkner came in 3rd with an excellent 27/28 score.

Event Three a 25 tgt Double Barrel Championship and after shooting almost a total of ninety targets Werribee member, Tony Karakizos collected the Overall Winners Sash and 1st in AA grade trophy with an 89/89 score and after a very short shoot-off Ron Traill collected A grade 1st with an 26/27 score, Ashley McKnight in the winners circle again picking up B grade 1st with an 26/27 and Doug Faulkner in the winnings again, taking out C grade 1st with a very good 24/25 score.

A prize of two packets of cartridges was on offer for the best unplaced Junior and a very pleased Mornington member, Miss Olivia Comelli collected this prize after shooting well all day but just not good enough to get into the winners list.

The shoot ran well and finished early, shot in good weather, clear with almost no breeze, a little cool could be the only complaint, and all shooters calling it a very enjoyable day of competition.

RATS ROUTES

By Stephen Atkins

Well the Nationals are over for another year and I am pleased to say it was one of the best in my opinion for the last 5 or 6 years, and I'm not saying that just because I was lucky enough to hit a few.

The atmosphere was back, a lot of shooters stayed around and enjoyed the evening events, the trade seemed to work and from what I have been told most people were happy with the bar set up except when it was blowing a gale and dust and dirt was flying everywhere but you can't do a lot about unusually wild weather.

A big thank you should go to John, Ron, Lynne, Col, Geoff, Sue and many others too many to mention as well as the office staff who in my experience if there was a problem they fixed it straight away.

There is still a lot of improvements to be made and with two years to achieve it there should be no excuses come 2010 nationals.

One thing that stood out a mile at this year's nationals was the age of the overall winners. Craig (Chisel) Bentley was a stand out with the only 50 in the Handicap off the back peg, and he is 51 years old, I know some guys thought he was a member of the Veterans team but that will have to wait.

The Champion of Champions was won by a likeable guy who has been around the traps for a long time and was brought up in one of the strongest shooting areas in Australia, Cobar, Wayne Hawkins is 49 years old and

the runner up was Steve Guest who is on the bad side of 45 years of age.

The one event that bucked the trend was the double barrel championship which was won by Craig Fitzgerald who is 35 years old but has an I.Q. of about 50, in the 6 years that he has been on the scene he has really made a huge impression, he won the national points score in his first nationals and has followed up with two national double barrel titles as well as a New Zealand ball trap that says it all.

A mate of mine who was one of this years hall of fame inductees mentioned to me it was the Chinese year of the rat I'm glad it is. I was 45 years old at the time of the nationals but I'm not now and as most would be aware I won the doubles and fell over the line for the high gun.

The national single barrel was won by the big boy from U.S. who happens to be 51 years of age, I think I stated that Leo would probably win this event in a previous article but you wouldn't have to be Einstein to know that.

In the national points score Trevor Morris showed them all how it was done by shooting a record score and I'm told he is about 50 also. Second place went to a bloke who is 50 odd, the mighty Wanga.

The team high gun went to a guy who shot next to me in the Macintosh team shoot, Kevin Thompson yes you guessed it he is half a century as well.

As I said before I picked up the gold Aussie

but second place was a tie before a coin toss decided it between big Leo and the bearded gnome from Noorat, Gary Hayden. I have been told from a reliable source that Gary has been seen waiting at the letter box for the postie to drop off his first pension cheque.

While I have highlighted this point about most of the winners being about 50 years old it is one of the few sports where you can still not just be competitive, but in some cases shoot the best of your career as you get older.

Speaking of Gary Hayden, I had the pleasure to shoot at Melbourne gun club a couple of months ago against him and Paul Haslem.

We had shot about 50 targets in the double barrel shoot off when I said "I hope this doesn't go all day". Gary immediately said "every 5 targets we have to change guns" Paul and I both agreed and we had a real good fun shoot off. Gary's old 682 made noises opening and closing the same as my kid's ferret cage, but geez it hits em, Gary told me he brought the gun second hand for Glenn in the early nineties so you can imagine it has fired plenty of shells.

Paul uses an older model DT 10 that looks brand new and although it is way too high for me it fair vaporizes the targets when you put the bead on them.

Paul was the first to miss at about 60 targets into switch a roo. I think he may have missed on purpose as he had been saying all day he had to leave early to watch his beloved tigers. We then had to go to point score and I pulled a second barrel not long after.

I'm sure we were all trying to win but it wasn't a big shoot and having fun was much better than the emphasis on winning.

Melbourne Gun Club is still one of the best venues in Australia to shoot at and it was just a real good day.

Shooting like life in general is getting too serious, in most cases you are not allowed to have fun! It is against the rules!

*Until next time,
Stephen Atkins*

QUEENSLAND NORTHERN ZONE FAMILY'S QUEEN'S BIRTHDAY WEEKEND BONANZA

Clay Target Shooting is certainly a family sport, and the chosen sport of the Reeves clan from North Queensland. The Queen's Birthday weekend is traditionally the weekend that the Mount Isa, Rockhampton and Herbert River Gun Clubs host their Annual Shoots, and this family was represented at each of these competitions. Mum Diane and Dad Wayne both attended the final Mount Isa Annual Shoot at the current grounds, son Dean was in attendance at the Herbert River Annual Shoot, and daughter and son-in-law Cherie and Shawn Ryan went to the Rockhampton Annual Shoot.

The crew up north provided some stiff competition (mainly from another shooting family the Cusacks), but Wayne managed to walk away with a few AA Grade prizes and the AA Grade High Gun in the Down the Line, and the A Grade in the Ball Trap. (He could beat

the child, but he couldn't beat the father.) Diane won the Overall in the Double Rise, and four Ladies' prizes as well as the Ladies High Gun.

On the coast Cherie won the Ladies High Gun as well. And after a few tough shoot offs Shawn picked up a 2nd in AA in the Points Score event and won the Overall in the Double Barrel event.

Dean took away the top honours at Herbert River winning several combined AA/A Grade prizes as well as his first Overall High Gun, and not missing a single target on the third day of competition.

The Reeves family has been working with coach Graeme Boyd from Albury, and it's paying dividends if these results are anything to go by.

Clay target shooting is definitely a sport for all ages, and it truly is wonderful to see so many families involved, with many husbands and wives, parents and children, siblings and even three generations of the same family competing together regularly throughout the state. Let's keep it up, because the family that shoots together stays together!
