## RULE CHANGE

During the past two years downgrading has been compulsory for those shooters who have shot three brackets of 200 targets at a lower grade percentage. During this time the Rules Committee received many requests from individuals, State Associations and Rules Supervisors that we revert to the previous rule. All States and their Rules Supervisors were then asked to vote on this request. The result of this vote was to return to the previous rule. This in turn was put to the ACTA Executive Committee who endorsed this vote.

*The new rule 2.01 (m) will now read:*

*"A shooter must not shoot in a grade higher than his best performance. Once having attained a grade he may elect to remain in that higher grade when due for regrading. If he so elects he must remain in that grade for the next three groups of 200 targets. If the shooter so elects his card must be marked to indicate such. Eg: Prefer A grade."*

***This rule takes effect as from November 10th 2008.***

## 2008 Junior Development Squad

The last Junior Development Squad Training Camp for 2008 was held at the National Ground in Wagga Wagga in October. The camp was well attended, and included a number of first time attendees.

Bill Iles, recently appointed National Coaching Director, has the responsibility of conducting the Training Camps, with the assistance of Graeme Boyd.

After negotiation with the NSW Department of Sport & Recreation the Borambola Sport & Recreation Centre facility was used. Being the first time at the Centre it was very much a learning experience for the Squad and adults assisting.

Borambola Sport and Recreation Centre specifically caters for group stays including Junior Sporting groups. Borambola will be used as the base for all future accommodation required for the Junior Development Camps.

The Centre also has other activities and function rooms for use during the evening. On this occasion a guest speaker address the group, the World Junior Trap Champion, Glenn Barton. The session was scheduled to run for 1 hour, it ended up being 2 hours, the squad were took advantage of the opportunity to draw on Glenn's experience and knowledge. Guest speaker at the first camp in 2009

will be Glen Castellaro, National Hall of Fame member.

The ACTA has also purchased a video camera for coaching use.

It was also rumoured that one of the females in attendance shot the only 50 in an unofficial event winning.

Our trip to the USA started about a year before they called our flight for boarding. The paperwork can be daunting with so much to organise; car hire, hotels, flights, nominations, forms to get the guns out of Australia, forms to get them into USA and more forms to get them back into Australia again. However, don't let this put anyone off, there are so many shooters that make this trip an annual pilgrimage (and I can now see why) and they are willing to help. We tapped into this knowledge and soon found out the best hotels, the cheapest way to upgrade your car, how to avoid the queues.

The morning of the flight dawned and we duly reported to customs at Brisbane airport to be told "you can't fly today, you're paperwork is wrong." We duly showed Mr Grumpy, the customs officer our emailed instructions from his colleague in the city. Gradually Mr Grumpy transformed into Mr Not Quite So Grumpy before finally settling on being Mr If Only Everyone Else At Customs Was As Efficient As Me, there would be no problem!

Thirty minutes later and we are sitting toasting the start of our

American adventure in the departure lounge. Several hours, meals, spilt food and films later we land at LAX where everybody apart from us seemed to be an armed policeman

I have never seen so many firearms in an airport in my life before perhaps that is why our shotguns casually appeared on the luggage carousel along with the suitcases!

Passing through very rigid security we eventually joined our internal flight to San Antonio where we arrived a couple of hours later, grabbed a cab to the hotel, showered, changed and went for a beer at San Antonio's famous Riverwalk which is an riverside walkway which loops around the centre of town and is host to many restaurants, bars, cafes and clubs. We got to about the third one before settling in for the afternoon.

By this stage we had not been to bed for about 32 hours and were feeling jaded. A little urban myth had developed in that a pilot friend said that the best way to avoid jet lag was to drink through it. It was a unanimous decision to give it a go.

# WELCOME TO THE WORLD SKEET CHAMPIONSHIPS

Continued from page 3

Shoot Off

Grandstand with spectators

Later that evening as I watched two of our female entourage dancing on the bar in Coyote Ugly I realised

that as soon as the room stopped spinning that we would call it a day, wake Craig up (again) and stagger back to the hotel.

Next day was a relaxing chill-out and recover day that saw us meeting up in Hooters for lunch (Well it was centrally located and easy to find). What a great place Hooters is, very entertaining and I learnt afterwards that they also serve food. How novel!

One thing that we had already noticed about San Antonio was just how friendly everybody was and how very much they seemed to like the visiting Australians. Wherever we went people were friendly, helpful and keen to engage you in interesting conversation.

Every bar we visited seemed to be occupied by ex-navy who had all visited Melbourne (pronounced Mel – born) at least once during their service and insisted on buying us a drink or two, and who were we to turn down that good ole fashioned Southern hospitality?

We also discovered that clothing was extremely cheap in America and so arranged a Jeans and T-shirts trip. In one particular shop Glenn Walker had selected a pair of jeans which he left on the counter while he went to try on some other clothes in the changing room. Whilst out of sight his so called mates thought it was hilarious to swap the jeans on the counter for an identical but much smaller pair... Apparently later that evening while preparing to go out for dinner, Glenn grunted, groaned and grimaced his way into his new jeans and

was heard to mutter something about "didn't think I had put that much bloody weight on." His wife Paulette couldn't contain herself any longer and erupted into laughter and confessed to being witness to the swap. It turned out to be a long fortnight for the perpetrators of the crime as time after time Glenn sought revenge in many a varied and interesting way, but those are not for publication.

We still had some free time before the shoot began and so we visited a couple of local gun clubs for a practice round or two.

Trainer Hale is just a small local club where we shot a couple of

Gun Shop

High House

Grandstand

rounds. It was interesting to watch the local sheriff cruise by and call in to the club's gun shop to buy some more buckshot for his pump action. He politely refused our invitation to join our squad for a round.

We also visited San Antonio Gun Club whose score-board still displayed the results from the weekend shoot where a certain Mr Mal Briggs had shown them how well the Aussies can shoot.

The clubhouse here was spectacular with some fabulous examples of taxidermy on display including a huge brown bear and a leaping lion, leather armchairs and polished wood are the norm here. Interestingly a Mexican theme influenced the building of the trap houses and each one displays a different style of Mexican architecture. No brick and tin roof here more terracotta tiles and white-washed plaster - very Alamo.

Talking of which, a handful of us enjoyed a very interesting tour of the Alamo. Well worth the \$5 if you ever get the chance.

The next day we went to the World Shooting Complex itself, situated about 20 minutes out of town it really is quite something the first time you go there.

Turning off the main road and stopping briefly for the obligatory photo at the granite entrance sign and flags, you then drive along the entrance road to the complex. Climbing gently up hill along a tree-lined avenue you come to a cross-roads where you stop to take in the 671 acres of space that has just opened up in front of you!

Glenn Walker acted as our unofficial tour guide and gave us a detailed description of the layout from our high vantage point. These words can never do it justice as it really is massive. There are countries in Africa smaller than this place!

There are 45 separate skeet layouts including a separate range for the 5 practise layouts including one layout specifically for doubles (they only have pads on stations 3, 4 and 5). Down the hill past the enormous Beretta stadium, are the administration offices which are situated just behind the hall of fame museum. To the right sits the grandstand stadium which seats 1,000 people and further around are the first row of layouts and a seemingly endless array of permanent gun shops and associated retailers which had my wife reaching for the credit card. The camping area holds about 200 powered sites. There were armed police patrolling the grounds on quad bikes. There is a fully manned and secure gun storage facility, on site ammunition dealer selling nearly every brand you can think of (sub gauge ammo seemed to be about 1/2 the price that it is here in Australia). The Yanks threw their hulls away unlike the thrifty Aussies who eagerly gathered up any spares to bring back and re-load!

The layouts themselves are arranged in 3 rows of approximately 15 layouts per row. These rows run left to right along the side of a gently sloping tree lined hill which provides adequate cover for fall-out. Such is the size of the place that you drive to your layout.

There were nearly 1000 shooters taking part this year from all over the world which was evidenced by the many national flags fluttering in the hot Texan air outside of the clubhouse and thanks to some good work from Paul Johnstone we had the Australian flag flying proudly for the first time ever this year.

There were 19 Australians who made the trip including several first timers who were easy to spot as they were the ones walking around with their mouths gaping open and pointing at things in awe.

As first timers you are entitled to a free lesson with one of skeets great shooters and coaches Mr John Shima. This took place the day before the competition started and is conducted in the main grandstand arena. Out of the 100 or so first time shooters there were only about 12 or so people who turned up which was surprising.

John is very entertaining and a terrific coach, graced with that rare ability to see almost instantly the subtle changes required to help you to improve your game. We spent the best part of the morning with him trying to learn as much as possible from this true wizard of skeet coaching and it was a morning well spent as all who attended were feeling confident.

And so to the practice layout... Buy a token from the office or

ammo store and drive up to the practice layouts at the very top of the hill overlooking the complex, hand your token in and have your name added to the list. As soon as one of the five layouts is free you will be squadded and sent to your layout.

My personal observation was how quick some of the Americans tend to shoot (making Laurie Chelepy look slow). In that I mean there seemed to me to be very little set-up for the shot, they almost seemed to be in a hurry to get the shot over with and get off the pad. I observed this to be the case throughout the competition except for the likes of Todd Bender and Wayne Mayes etc the top shots who were all working on their pre-loads about two shooters ahead, maybe this is a component that separates the good from the great?

My very first ever shot at the world grounds was when I found myself in a practice squad with 5 very serious, high fiving, exuberant Americans. They were all very friendly but also very serious. The one shooter in particular was very focused indeed and had obviously come to win. Now I consider myself to be capable of shooting the targets quickly when the need arises. I can see the targets very early and I am graced with quick reflexes (often to the detriment of my scores). However this guy shooting in front of me was amazing, he was so quick that he was hitting the targets at my hold point and yet he looked like he had all the time in the world. I later found out that leading up to the competition he was shooting 500 targets a day! Talk about training hard to fight easy. No wonder he was a regular visitor to the shoot-off arena over the week.

Several members of our party had new guns with them and they took the opportunity to have their guns professionally fitted by Todd Nielsen who is a man who travels the country with his mobile workshop offering top quality gun fitting. For those people who tell you not to bother with this I would say that everyone that had their gun fitted shot better scores afterwards. I personally had developed a habit of mounting my gun incorrectly something which was quickly cured by Todd and I went on to shoot better than I ever have.

However this made me realise that the training we receive from John Shima, the facility to shoot 500 targets a day in practice, with the confidence of having a gun expertly fitted is not something we have widely available in Australia - yet.

Todd Bender is in Australia again now currently for the second year in a row with his coaching clinics and I think it is only a matter of time before other coaches realise how much potential and enthusiasm there is here in Australia.

The World Shoot is divided into two events held over the 8 days, being a Mini World and Main World. When you receive your paperwork you will know your squad number, shooter position, layout number and time of shooting for each and every event throughout the competition. I have to say that it all ran like clockwork. Very impressive.

All events are shot as 100 targets in one visit (except 12 gauge which is 2 x 125 targets in the Main World). All of the referees are paid professionals so you simply turned up on time, shot and left. It was not uncommon for shooters to shoot then leave the grounds to go shopping or go back to their hotel. It was very simple to just check the internet to see if you were required to go back for an evening shoot off.

Shoot-offs: Every afternoon prior to the shoot-offs commencing everyone is asked to stand silently to attention and face the stars and stripes while the American national anthem is played and it is a most inspirational thing to witness and makes you realise how very patriotic the Americans are.

A few people had told us how the targets were different and we didn't fully understand it until we saw it for ourselves.

Shooting White Flyer targets which have a high dome design. They require more initial energy to launch them yet their increased wind resistance causes them to decelerate quicker than what we are used to. The end result being that they are initially harder to pick up in your vision and slow down at a different rate. They were also very, very consistent.

*Continued on page 6*

*Continued from page 5*

These characteristics needed adapting to, some people struggled more than others and some good excuses were heard (and duly recorded) but this is part of the experience of travelling to these events to experience the differences and learn to adapt and improve.

It was a real eye-opener to see how well the top shooters can shoot especially doubles and even with a .410. If you tried to guess the calibre of the event simply by watching the targets break you would be hard pushed to tell the difference between a 12g hit and a .410 hit!

Again I think it brings us back to practice, if we had the ability and facility to shoot the sub-gauges as often and as cheaply as the Americans can then we would definitely be up there with them. I spoke on several occasions to the referees, when asked about the standard of Australian shooting they all remarked not only on how good we are but that how good we could be if we had access to world class training on a regular basis.

We had a fabulous time in America. Made so because of the help of our fellow Australians and we learnt such a lot, nothing new particularly but more about how much we had forgotten, I personally went there shooting terribly, had some coaching, had my gun fitted, worked hard and came home with a world title. Will we be going next year? Most definitely yes!

Attendees Australia Mal Briggs, Laurie Chelepy, Frank Cooper, Mike Corbett, Gil Farish, Fab Francione, Nigel Hughes, Paul Johnston, Leonie Johnston, Lorraine Hughes, Sim Neoh, Shane O'Brien, Cathy O'Brien, Craig O'Neill, , Max Oakley, Paulette Walker, Glenn Walker, Linda Watson. Attendees New Zealand Richard Boenders, Michael Hertz, Michael Kinmond, David Mackenzie, Mervyn Pratt, Irving Stevens, Kerri Wrigley.

There were over 125 medals and cash prizes brought home by Australian and New Zealand competitors for ladies, sub senior, sub sub senior, Oklahomas and Lewis Class – far too many to list. Some excellent scores were shot, with a number of personal bests being achieved and two perfect scores for Gil Farish in the 20 and 28 gauge events and some world titles for Glen Walker, Paulette Walker and Nigel Hughes.

Australian grade placings only are listed MINI WORLD 12 gauge Paulette Walker 89 E Grade 6th, 20 gauge Paulette Walker 93, D Grade 5th, 28 gauge Lorraine Hughes 97 B Grade 8th.

# ECHUCA HOSTS VICTORIAN STATE TRAP CARNIVAL

Victorian Open Team - Robert Godfrey, Daryl Hunt, Tom Holt, Terry Walls, Nathan Telford, Peter Mills, Craig Fitzgerald, Jamie Elliot, Rob Viney, Steve Haberman, Timothy Maher, John Rowe, Marc Crimmins, Sox Pilipasidas, Alan Bebed

Rain, glorious rain, at last, but, unfortunately, on the first day of the Victorian State Trap Carnival, held at the Echuca Clay Target Club. Friday's steady rain which produced more than 20 mm for the day coupled with a swirling wind, made good scores difficult for the almost 300 competitors, but the shoot went on and no one really complained too much, possibly thinking if they did it may never rain again.

Twenty five pair of Double Rise targets was the first State Championship on Friday the 7th of November 2008, and although not one shooter could manage all fifty targets,

Cobar member, Benjamin Machul only dropped one, to collect the Overall Winners Sash without the need of a shoot-off, Ben scoring an excellent 49/50. Gary Hayden and Craig Kelly fought it out for 1st and 2nd in AA grade with Gary outlasting Craig to take 1st in AA with a 65/70 score and Craig picking up 2nd on 64/70.

Little River Game Ranch is the home club for Marc Crimmins, who after surviving a 30 target shoot off, in the second Friday event, the Fifty Target Handicap, won first place with an 80/80 score, Marc, shooting off 24m, finally wore down Phillip Watts, shooting off the 17 meter mark, Phillip finally dropping his 80th target to come in 2nd with his 79/80 score. Third place was

taken by John Hawker with a score of 56/57, Fourth place winner was Geoff Aston scoring a 55/56, and finally, 5th place was secured by Stan Sawyer with a 50/51 score.

Day two, Saturday, and the rain was gone, a few clouds persisting and a mild breeze just to make shooting a little difficult, and more shooters arriving, making the total shooter attendance a very pleasing 322. An excellent number of competitors when all the talk of a financial crisis, and doom and gloom, is taken into account. Apparently not putting off anyone, in the sport of "Clay Target shooting".

Shooters arrived from WA, TAS, QLD, SA,

NSW, VIC, and even from New Zealand to compete at this very popular Victorian State Trap Carnival. Echuca is an ideal location for the Carnival as not only is there plenty of accommodation available; there are also plenty of attractions for the families of shooters to attend. And the recent renovations and enlargements to the clubhouse area were really appreciated, especially on rainy Friday.

Sox Pilipasidis, a shooter from the Noorat Gun Club was the Overall Winner in Saturday's, 50 Target Single Barrel Championship, Sox who ended up with a very good score of 64/64 held Bryan Manns at bay until Bryan dropped his 64th target giving him 1st place in AA grade with his 63/64 score. A shoot off for 2nd and 3rd places in AA grade between Mark Crevatin and Echuca's Robert Viney ended up with Mark taking 2nd with his 85/86 score and Robert picking up 3rd place on 84/86.

Fourth event held on Saturday was the 50 Target Double Barrel Championship, and the shooting was so good, that at 400 targets shot in the shoot off, it was postponed until Sunday to continue. Finally, it was down to two shooters Marc Crimmins, and Echuca member, Steve Haberman, Marc who has shot so well for this carnival could not keep up with Steve in this shoot off, Marc dropping his 584th target, giving Steve the Overall Winners Sash earned with his magnificent 584/584 score. Five hundred and eighty four targets shot without a miss, with an overnight break involved, is a big effort, and Steve's shooting would have to be admired by all shooters. Steve who has lost his dad only slightly more than a week ago, dedicated his win to his father! Marc taking out 1st in AA grade, with his 583/584 score.

If anyone watching clay target shooting ever wanted to see perfect shooting, there was plenty of just that in the shoot off for

the Overall Winner in the fifth event, the 50 Target Points Score Championship, Robert Godfrey an Echuca member, Ross Walsh, Peter Mills and Jamie Elliot a Walmer Club member were the final contenders in the shoot off, with Robert dropping out to collect 3rd in AA grade with a score of 179/180, three shooters left and target after target was just turning to dust. Ross was the next to leave taking 2nd in AA with a 338/339 score, leaving Peter and Jamie doing battle, I doubt if ever so many targets were smoked one after another, finally Peter waved the flag taking 1st in AA grade with a 440/441 score, leaving Jamie Elliot to proudly accept the Overall Winners Sash on a score of 441/441.

"Womens" High Gun, Kayla Grassi (Mt Bogong) 322/350, and the "Junior" Overall High Gun winner was Deniliquin shooter, Jack Collicoat, on a score of 336/350.

Certainly a very pleasing aspect of the Carnival was the high number of junior girls and boys competing which must be a good omen for the sport of Clay Target

Shooting. All of the other grades, and Veterans and Womens, were well represented with the AA grade group leading the totals.

The Open Shoulder to Shoulder Team of five is 1st Jamie Elliot (Walmer), 2nd Craig Fitzgerald (Echuca), 3rd Robert Viney (Echuca), 4th Marc Crimmins (Little River),

5th is Terry Walls, with, Daryl Hunt (Wangarrata), Timothy Maher (Deniliquin), Robert Godfrey (Echuca), John Rowe, Peter Mills, Sox Pilipisidis (Noorat), Alan Beband, Tom Holt, Steve Haberman (Echuca), and Nathan Telford as reserves. Team High Gun went to Echuca Member Robert Viney.

Junior Shoulder to Shoulder Team of three is 1st, Jack Collicoat (Deni), 2nd Trent Orval, 3rd Joel Lennane, with reserves being Kyle Bateman, Geoff Aston, and James Peatling. Junior Team High Gun was Trent Orval a Warracknabeal member.

Womens Shoulder to Shoulder Team of three is 1st Amanda Holt (Colac), 2nd Brittany Sinclair, 3rd Lauren Duthie (Hamilton) with Kayla Grassi, Fiona Dobbins and Lisa Hawker as reserves, Ladies Team High Gun winner was Lauren Duthie.

Veterans Shoulder to Shoulder Team of three is 1st Jon Whittakers (Echuca), 2nd Ron Garth, 3rd Ken Bruns (Echuca), with Ron Hounsell, Brian Barlow, and Stan Collins (Bairnsdale), in reserve, Stan also was the Veteran Team High Gun winner.

The ladies in the kitchen did a magnificent job of feeding and quenching the thirst of probably more than 400 people, and Dot Roberts, Heather Bradley, Helen Atkins, and all their helpers, including some men who helped cook breakfast, must be congratulated for their tremendous effort.

Congratulations must also go to President of Echuca, Ron Trail, and all his committee and club members who helped to get the Echuca grounds so good for the Carnival, and too, George Calleja, for his organizing of the trapper boys and girls, and to his untiring work in keeping all eleven of the layouts going.

Thanks also to the VCTA committee who organised the running of the Carnival, a Carnival that ran so smoothly it was a

## ACTA Trap Nationals 2009 Campers Welcome at Roma

**QCTA Pre Nationals 28th & 29th March**

**ACTA Nationals 30th March to 5th April**

Camping arrangements have now been finalised for the forthcoming ACTA Nationals at Roma. A fee of \$100 per campsite has been set and this applies for whatever time you wish to stay. To the end of October there has been 160 sites booked so the logistics are a little daunting for a small club. But what a really great problem to have, and with some help from you all we will make it happen.

**The Camp Boss for the event is Terry Busiko, and if he hasn't contacted you yet YOU ARE NOT BOOKED.  
If you have not been contacted ring Terry ASAP.**

**Bookings are not confirmed until payment is received.**

**If you are staying at a motel, BOOK NOW!!!!**

Extra toilets and shower blocks are organised with plenty of hot water available. These facilities are for your convenience, so the plan is that they be self maintained as much as possible. Mops, buckets etc will be left at all ablution blocks for you to use. It is your camp so let's keep it tidy. Anyone interested in being a camp foreman for one of the three camp areas to keep an eye on bins, toilets, cold beers and anything else and report to the Camp Boss, can you please contact Terry ASAP.

Shade will be fairly scarce so remember this when packing your gear. Water will be available but not at each van. A bucket will be necessary. Electricity will be available early each morning until late each night to all campsites by way of large silenced generators, generously provided by Steve Clements - WASP Generators. There will be breakfast available each day from 6am and dinner each night at the clubhouse.

There are various events on each night in the new function hall at the clubhouse or under lights on the layouts. These include QCTA and ACTA Hall of Fame Dinners, 100 club (\$26,000 cash prizes) and Car Art Union draw, Perazzi Dinner, Entertainers, Cold drinks, Biggest (900 gram) T Bones in the West, Prawns etc etc, with a different meal and entertainment each night.

Looking forward to seeing you all at ROMA

# Kyabram Students on Target

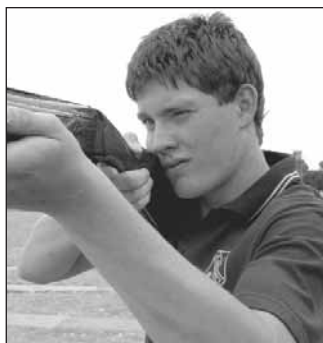

Location on the Murray River which forms the border between Victoria and New South Wales

Thursday the 13th of November saw twelve, St Augustines College students, travel to the Echuca Clay Target Club for some coaching and actual shooting in the sport of clay target shooting. With the group split into two squads, one having shot before, with the other completely new to the handling and use of a firearm, the Students were taken to a trap layout deliberately set on straight away targets just to make hitting a target just that little bit easier. John Pola an Echuca Club member was involved in coaching the Students and he was assisted by teacher John Ryan, and the coaching proved to be very effective as all Students managed to score some targets shot, with some scores being excellent considering that all shooting was done in single barrel format only, primarily for safety reasons, in keeping that this sport is classed as one of the safest sports used.

Primarily shooting at ten targets, then resting while squad two shot, then shooting another ten targets, the Students were becoming very interested in what they were doing, and taking more notice of the coaching advice given, to the point they found that their hand eye co-ordination was improving as they shot more cartridges. Star of the group was the High Gun winner, master, Stephen Drake (Kyabram) with an almost perfect 19/20 score, runners up were Lawton Miles (Undera) and Mathew Wild (Tongala) both shooting a creditable 14/20 score each. Best female Student was Zoe White (Kyabram) Struggling a little with the heavy shotgun, but still recording a very respectable 9/20 score.

All Students thoroughly enjoyed the clay target shooting clinic, and the other Echuca club members in attendance were impressed with the student's good behaviour, certainly hoping that interest in the sport will bring these Students back for another clinic.

Toowoomba Clay Target Club Inc held its annual trap carnival on the 8th & 9th of November with 63 competitors taking part. Numbers were down this year as the Masters Games were being held at the Gold Coast at the same time. Saturday dished up some very ordinary weather with rain and drizzle throughout the day culminating in black clouds and thunder and lightning to see the finish of the shoot-offs at the end of the day. Considering the conditions, good scores were recorded.

# Night State Events at Echuca

Location on the Murray River which forms the border between Victoria and New South Wales

Two Victorian State Night Championships were on the program for the Friday 31st of October shoot at Echuca Clay Target Club. Echuca member, Craig Fitzgerald, and Deniliquin member, Jack Colliccoat, were the two Overall

Craig Fitzgerald OA MT

winners on the night, with Craig dropping just three points in the first event, the 40 Target State Night Mixed Target Championship to end up on a 57/60 score, and Jack dropping just three targets in the 50 Target State Night Single Barrel Championship to end up with a 47/50 score.

State Sashes are prized amongst almost all shooters, and both Craig and Jack were extremely happy to win their sashes and trophies, and to also, win them by out-shooting all others, without the need for a shoot-off. Good scores under lights, with a gusty south west wind moving targets considerably. Well shot boys!

Shooters were kept moving during the shoot, and with the resulting scores meaning almost no shoot-offs were required, the events, all 90 targets, and even the presentations, were over by the very respectable time of 11.30pm, giving all shooters attending a reasonably early departure time. Full results are as follows.

Event one 40 Target, Victorian State Night Mixed Target Championship Overall and AA 1st Craig Fitzgerald 57/60, AA 2nd Rob Viney 55/60, A 1st Rhys Eeles 51/60, A 2nd Robert Jorgensen 50/60, B 1st Gregory James 48/60, B 2nd Chris Thompson 44/60,

# Psychological Skills for Shooting

by Michael Kruger-Davis

## HYPNOSIS FOR SPORT

This month's article is the final in a series on hypnosis in sport. The previous articles have looked at what hypnosis is, what it feels like and some basic relaxation and basic scripts for deeper relaxation through breathing and guided imagery.

I want to take the exercise one step further and reprint the ego-strengthening and goal rehearsal scripts from Gordon Milne's *Hypnosis and the Art of Self-Therapy*.

After doing basic scripts A and B (C is replaced by the ego-strengthening script below).

### Ego-strengthening script

1. Now listen carefully to what I say... While you're in this calm, comfortable, relaxed state... your mind is so sensitive and receptive to suggestions I give you... that each will flow straight into your unconscious mind... where, as you repeat it daily, it will be indelibly implanted...
2. For a long time you have been giving yourself negative self-statements... and negative self-images... while you are tense and anxious... and these have become implanted in your subconscious mind...
3. Now, because you are relaxed and calm... these positive suggestions I give you will cancel out the negative self-statements from the past... which have caused you such harm...
4. Tell yourself... 'Everyday I can feel physically strong and fit...'
5. 'I can enjoy being alert... wide awake... and energetic... and find myself calm... composed... and tranquil...'
6. Every day I will become more and more completely relaxed and less tense...
7. 'I will accept myself as self confident and self assured...'
8. Everyday I will play the Inner Game... with goal rehearsal... the obstacles will diminish...
9. 'As I feel closer and closer to my important goal... enjoying the winning feeling the obstacles will melt away...'
10. 'As I activate my full potential in the Inner Game... my unconscious mind tells me that I can soon achieve it somewhere...'
11. 'For before long I will be fully equipped to overcome physical and technical difficulties in the outer game...'

The goal rehearsal for the inner game continues with the goal rehearsal script below. The object of the goal rehearsal and the ego-strengthening scripts is to develop a level of mental toughness necessary to perform at a maximum level. Mental toughness components, such as confidence, composure, competence, competitiveness, etc can be improved and maintained through these processes.

### Goal Rehearsal Script

1. There is a large TV screen in your room, and as you focus your attention on it, it lights up. Then you have a clear three dimensional image of yourself...
2. As you continue to watch, you will be able to view yourself

demonstrating a peak performance (10) (Watch yourself shoot 25 straight, clear round of skeet, etc)

3. In your imagination each of your sensory and motor systems is activated as you watch... so that you will actually feel that you are performing (5) Feel the weight of the gun, the recoil, the smell of the shell, the sight of the smoked target.)
4. It maybe that you have caught yourself in a past peak performance... such as you have been striving to achieve again for a longtime (10)
5. You may not be engaged in a contest... but you are completely involved with that winning feeling (10).
6. Repeat over and over again, as necessary. Let the TV screen fade away, focus on your breathing (10) then move on to the dehypnotizing script.

### Dehypnotising Script

In a few moments I'm going to count backwards from 20 to 1. As I do you will gradually return to your normal state feeling... losing numbness, heaviness, or any other unusual feeling... your mind will return to it's normal alert contact with the outside world... On the count of 3 your eyes will begin to open... on the count of 1 your eyes will be wide open and you will feel GOOD... calm, relaxed, and confident. Ready now... 20, 19, 18, etc... 3, 2, 1. Feel good now calm and alert.

Whilst it is best to practice this process in full several times per week, elements of the process, especially some of the breathing components can be practiced whenever you have time. This might be when you are in a queue at the bank or post office, for example. By practicing it in these settings you will be able to use these skills to help you focus before a competition or refocus during a competition. You can also use these techniques to go over your performance: to reinforce those things that went right and to restructure those things that need changing.

# NSWCTA SKEET CARNIVAL

## TAMWORTH - 14th 15th & 16th AUGUST 2008

On 14th 15th and 16th August 2008 the Tamworth Clay Target Club hosted the NSWCTA Skeet Carnival. Due to an unfortunate misunderstanding as to who was to compile the report, it is long overdue for publication. With some research, however, I am now able to report as follows.

Leading up to the carnival, a small but dedicated band of members, especially Rod Taylor, spent many Saturdays and hours preparing the club for the carnival. Infrastructure was repaired and painted, an additional shower installed, hot water system updated and traps serviced including the installation of two new Materelli traps for Layout 2. A good clean up was also undertaken to free up additional camping grounds.

Management of the carnival was somewhat different to previous state carnivals in that Tamworth personnel were responsible for most of the administration of the carnival, whereas on previous occasions the entire carnival was managed by NSWCTA personnel.

Nevertheless, the Tamworth Clay Target Club is extremely grateful for the valuable assistance given by Fred Rapley, Kaz Butts and Les Aberley throughout the carnival. Kaz was stricken with a severe bout of the flu but managed to soldier on through the weekend.

The club is also most grateful to Ben Buhagiar who marshalled the program. Ben is right up to speed on the rules and how to keep a busy carnival moving.

Several non-members, especially Ken Douglas, also assisted to keep the carnival running smoothly for which the club is most grateful.

The weather was mostly fine with occasional wind and showers although no one had to shoot in the rain.

Attendance at the carnival was very pleasing being about 1½ squads (9%) up on the 2007 state carnival at the National Shooting Ground.

Once again Colin Sim generously sponsored \$1,000 for the James Miatt Memorial Shield in conjunction with the 100 target State Skeet Championship with \$500 for the overall winner, \$100 for each grade winner and \$100 for the junior winner.

The Ladies Committee kept every one fed throughout the carnival to the usual high standard and quality.

Having spoken to quite a few shooters who attended the carnival, all have complimented the club on the running of the shoot, quality of targets etc. Having now run a state carnival for the first time, the few administrative errors that did occur would not happen again.

Overall, the club is very pleased with the carnival and the positive feedback received from the shooters augurs well for a successful two day shoot in March 2009.

# 10th Annual Casella Golden Wine Shoot

## 6TH & 7TH SEPTEMBER

Location 570km west of Sydney

The committee of the Griffith Gun Club have been extremely busy in making sure that the 10th annual Casella Golden Wines event should live up to the standard that the previous 9 shoots had set. With the grounds in fantastic order, the marquee, tents and light towers in place, all we needed was you the competitors to attend, so a very big thankyou to the 319 nominated shooters who came which was slightly more than last year. The club has received tremendous support again from all our sponsors and for our small committee to be able to put on an event of this magnitude is just not possible without that support so thankyou yet again. The shooters came from NSW x 133, VIC x 145, SA x 2, WA x 6, NT x 1, TAS x 2, a couple of carloads from NZ and 30 odd shooters who we couldn't identify!!, the split by grade AA x 124, A x 83, B x 72, C x 34 with a good representation from ladies juniors and veterans.

The first event was Elk's Hunting & Fishing 25T P/S with the first wave starting on time having nominated the previous night. The overall winner was Jamie Elliott 225/225 1st AA Michael Manley 224/225 2nd Arthur Turner 195/198, 1st A Jeffrey Holt 119/120 2nd Gary McDonald 95/99, 1st B Megan Grassi 80/81 2nd Ron Hounsell 77/81, 1st C Tommy Armstrong 73/76 2nd Danny Boardman 72/76, Ladies Samantha Peck 99/102, Juniors Jack Collicoat 75/75 and Veterans George Brettschneider 91/93.

The Casella Family should be thanked for again donating the wines that went with the dinner, the club believes that having the dinner in the marquee allows everyone to enjoy the shoot that much more which is what its all about after all so we hope you had a great evening!!

Day two started on time but not before a hard working band of volunteers had the grounds back in order and the traphouses cleaned and filled again so thank you to those people.

## TASMANIAN GUN CLUB

Location 2 kilometers south of Evandale on the South Esk River - 5 minutes from Western Junction (Launceston) Airport

Sunday November 9. The monthly shoots continue to be very successful. Shooters came from all parts of Tasmania, with a total of 48 shooters competing this month with some excellent scores being shot again. Conditions were very good, again a nice sunny spring day, however the gusty wind always manages to keep people on their toes.

There were three stand out scores, Steve Webb with a 25/25 in Skeet to win Overall and A grade, a good effort in the gusty conditions, also Tim Atkins and Shane Yates with perfect 100/100s in the Double Barrel Trap event which required a shoot off to decide the winner.

Tim Atkins eventually won with a score of 141/141 with Shane Yates runner up for the second month in a row, this month with 140/141.

Good scores of 99/100 were posted in A grade by Richard Phair, Phil Turner and Ray Williams, Richard Phair the eventual winner from Phil Turner in a shot off with a score of 112/113.

The B and C grade winners also needed excellent scores to win. Marcus Archer of Cressy posted a 95 out of 100 for a B grade win and Tomy Palmer of Launceston posted a 92 out of 100 for his C grade win.

Full results were: 25 target Skeet event A grade Steven Webb 25/25, B grade Phil Turner 23/25, C grade Marcus Archer 21/50. 100 Target Double Barrel Club Championship

Overall & AA grade Tim Atkins 141/141, second AA grade Shane Yates 140/141, A grade 1st Richard Phair 112/113, second A grade Phil Turner 111/113, B grade 1st Marcuds Archer 95/100, second B grade Noel Bachi 93/100, C grade 1st Tony Palmer 92/100, second C grade Chris Ramsayer 86/100.

## Preliminary Notice

# Labour Day - Monday March 9th FRANKSTON AUSTRALIAN CLAY TARGET CLUB

## Ben's Journey - Charity Shoot \$3,000+ in Prizes

**Sponsor: Beretta Australia**

Shoot details will be in the February magazine

Ben Thompson is a 22 year old man, whose life has drastically changed. In an un-provoked assault on June 27th, 2007, Ben was punched once to his head, in broad daylight, falling and hitting his head on the concrete. To the amazement of the surgical team at the Alfred Hospital, Ben survived brain surgery and is now making small gains towards hopefully talking, eating and walking again.

As Ben is a victim of crime he does not receive compensation to fund his treatment, unlike TAC and WorkCover victims. Ben's family and friends have begun a campaign to raise \$25,000 bi-annually, which will help cover the cost of Ben's intensive physiotherapy, occupational therapy and speech therapy.

The president and committee of the Frankston Australian Clay Target Club would like to thank Beretta Australia for their generous sponsorship of this event. All proceeds of this shoot will be donated to help Ben on his Journey to recover some of the simpler functions of life, we take for granted. Your support for Ben, a tragic victim of a senseless assault, will make a difference.

Sometimes, just knowing that someone else cares can stimulate recovery. Please help us show the shooting fraternity does care for those faced with some of life's greatest challenges.

Ben Thompson was a trapper at FACTC and grandson of the late Graeme Ash. Details of Ben's Story can be viewed on the FACTC website [www.factc.com.au](http://www.factc.com.au).

# West Wyalong Clay Target Club

Location right on the crossroads of the Newell and Mid Western Highways, close to the centre of NSW

The wind was blowing strongly from the North West but did not deter the strong field of shooters who had travelled from as far afield as Wagga Wagga, Narromine and Orange to attend the West Wyalong Clay Target Club Open Shoot in October.

Significant sponsorship had been received from Royan's Truck and Trailer Repairs and Bert Boyd was sponsoring the junior events so there were attractive sashes and worthwhile prizes on offer for successful shooters.

Club secretary, Wayne Ambrose had spent several hours on his ride on mower at the club so the grounds were looking good despite the dry conditions.

The shoot opened with a 10 target eye opener and ten shooters including locals, Graham Duncan, Mitchell Brown and Danny Rogers scored possibles.

The wind continued to cause havoc during the 50 target Points Score to such an extent that even though there were top shooters present no one was able to score the maximum 150/150.

Dozer Collins grabbed Overall with a creditable 147/150 while Matty Patmore 206/210 survived the shot off to claim AA from Luke Ellison 205/210 who placed second.

Allan Schirmer claimed first in A grade 146/150 from G Jamieson 141/150. The B grade winner was Michael Fyfe 145/150 from Ray Beck 143/150. Local shooter Nick Connors was shooting very well to win C grade 145/150 and immediately found himself in B grade for the next event. Second in C grade was R Spedding 137/150. Digger Ellison was the other Veterans with 144/150, Junior winner was B Fenson 135/150 and Narelle Ambrose was the Lady winner 130/150.

Mitch Brown fired up the barbie and this time did not fire up the curtains as well and with the assistance of Ben Fairman soon had everyone chewing on delicious steak sangers.

By the time the 50 Target Double Barrel event came around it was

obvious that many shooters were adjusting to the conditions as the red 50 numeral was entered on the scoreboard.

Two squads were called to shoot off for overall and local hopes were on Nick Connors, who had just said goodbye to C grade, Dozer Collins and Wayne Ambrose.

In the windy conditions 123 was enough for Matty Patmore to win Overall from Colin Kneebone 122/123 who won AA grade. Zone President, John Finn finished second in AA grade 102/103. Wayne Ambrose was the A grade winner 70/71 from Young shooter, Trent Jamieson. Michael Fyfe will not be in B grade much longer winning B grade 53/54 from Nick Connors in his first B grade shoot 52/53. Nick also claimed a 50 badge for his effort. In C grade Adrian Hodges 47/50 proved just too good from Russell Brown 46/50. Bert Boyd won the Vets, Narelle Ambrose the Ladies and B Fenson was the Junior winner.

The high meterage shooters were always going to struggle in the 25 Target Handicap but several shooters scored the magic 25 to qualify for the shot off. Colin Kneebone mastered the conditions to win with a score of 41/41, Pat Barnes 40/41 was second and Russell Brown third 28/29.

Sashes were awarded for the High Gun winners in each grade and Michael Fyfe shot really well to claim the Overall sash 248/255. Luke Ellison 247/255 was AA high Gun while Allan Schirmer survived a three way shoot off to win the A grade High Gun sash 289/303. The B grade sash went to B Fenson 232/255 and R Spedding received the sash for C grade High Gun 232/255. The Junior winner was M Schiller 229/255 while Digger Ellison and Narelle Ambrose won the Veterans and Ladies sashes respectively.

The Annual General Meeting was held following the shoot.

Outgoing president Graham Fairman thanked the committee for all their hard work throughout the year. All positions were declared vacant and the incoming committee for 2009 were elected. President Kel Maxwell, Vice President Graham Duncan, Secretary Wayne Ambrose, Shoot Secretary Bruce Dent, Treasurer Patto, Handicapper Mitch Brown, Club Coach/Zone Delegate/Trap Mechanic Clive Foster, Publicity Officer Allan Schirmer.

## ROBERT MULES 1921 – 2008

The South Australian Gun Club is saddened to have to report the passing of its esteemed Member and past President Mr Robert Mules. Mr Mules (Bob) had been experiencing declining health over a long period.

Bob started shooting at an early age in the field and gravitated into competitive shooting with live birds. When this activity was prohibited he took up clay target shooting. A gifted gunshot Bob, during his long shooting career, won many important competitions throughout the country and became well known if not a little famous as a consequence.

Those who witnessed Bob's shooting prowess will remember some of the extraordinary shots he could pull off with his old side by side guns, which he never felt tempted to swap for the over under style of gun which has become dominant.

In addition to his many shooting successes, Bob also worked hard to further the interests of the sport and contributed much to the SAGC where he served for many years at the Club's President. Bob's work in the interest of the sport earned him a well deserved life membership of the Club, and life registration of the South Australian and National Associations.

Our sympathies are very much with Bob's wife, Shirley and his family for their loss.

Vice President*

## JAMES DONALD MCCARTHY (JIM)

It is with sadness that we note the passing of Jim McCarthy, a member of the Gold Coast Clay Target Club and formerly of the Sunshine Coast Clay Target Club Caloundra.

Jim was born at Mungindi Queensland on 19 February 1938. He was the second born of twins, his brother being Bill McCarthy of the Gold Coast club.

Jim was a dedicated rifle shooter and hunter. He was an excellent marksman in the bush and sought every opportunity to pursue his outdoor activities first in Canberra for over 40 years and more recently at Caloundra and the Gold Coast area. He took up the sport of Clay Target shooting in 2001 at the Sunshine Coast CTC where he made a significant contribution to that Club's operations. His enthusiasm for the sport and the club saw him elevated to the position of Secretary. His popularity there was unquestioned and his tenure of office ceased when he moved to the Gold Coast area.

Jim joined the Gold Coast Club where he continued to be an avid supporter of the sport and never missed an opportunity to participate in both practice and competition events. He was as popular in this club as he was in his previous club.

Following open heart surgery, Jim was diagnosed with Myelodysplasia and succumbed eventually to Pneumonia. He is survived by his sons Gavin and Robert and six grandchildren. He will be sadly missed by all who knew him.

# GUYRA GUN CLUB SPORTING CLAYS

Guyra Gun Club hosted the popular 100 Target Sporting Clays on Sunday 26 October. A field of 64 shooters contested the four rounds of 25 targets. The numbers indicate the growing popularity of this form of clay target shooting. Shooters travelled from the Central Coast, the Gold Coast, Moree, Quirindi, Inverell, Tamworth, Walcha and Glen Innes. The fine New England country was on show again because several 3 or 4 metre eucalypt saplings had sprung up overnight to hinder the sight of shooters!!

Generous sponsorship allowed for great cash prizes and sashes as well as a rifle for the overall winner. Armidale Freight Services was the major sponsor, along with Acacia Imports and Country Sporting Agencies. Other sponsorship came from Ray White Rural Guyra, Super Moto Armidale, Super Air, Danny Davis, The Meating Place Butchery, Armidale, JD's Hair Salon Guyra.

The Overall prize went to Quirindi's Keith Cameron with an impressive score of 96/100. Keith has continued his form as one of the top shooters in Northern NSW in this discipline of clay target shooting. Cameron also won the Tri-Club Challenge, a perpetual shield for the

best aggregate score at Glen Innes, Inverell and Guyra Sporting Clays in a calendar year.

The respective Grade placings are as follows AA Grade 1st Roger Vidal Guyra 95/100, 2nd Jamie Hayes Walcha 94/100, A Grade 1st Craig Hayes Walcha 88/100, 2nd John Hoskings Quirindi 97/110, B Grade 1st Jeff Richardson Guyra 85/100, 2nd Monty Klinger Glen Innes 89/110, C Grade 1st Doug Jackes Guyra 75/100, 2nd William Sumnar 74/100, Ladies' Jo Cameron Quirindi 81/100, Veterans' Geoff Baxter Guyra 93/100, Juniors' Daniel Lillis Gold Coast 84/100.

# SOUTHERN ZONE S X S CHAMPIONSHIP

A cursory glance through the results published in the C.T.S.N. gives evidence of the increasing number of clubs which are including a side x side competition in their annual shooting programs.

Only three years ago the New South Wales Gun Club began offering a S x S event to interested shooters. This had grown this year to the status of a Zone Championship.

There are obviously many shooters who have an old (or new) side x side shotgun sitting in the gunsafe and who enjoy getting them out to participate in a worthwhile competition.

On 18th October 8 squads turned out at the N.S.W.G.C. for the Southern Zone S x S C'ship. The program was comprised of 30 tgts sporting, 30 tgts D.T.L. and 30 tgts Continental. Quite a few city and country clubs were represented.

Andrew Shacklock O/A winner

After the first 20 tgts sporting it was obvious that Andrew Shacklock, who let only one target get away, was going to be difficult to beat. At the conclusion of events Andrew became Zone Champion with a creditable score of 87/90.

Steve Newcombe, as usual, shot well to take out AA with a 83/90. It was an enjoyable day

and any spare time between events was taken up with competitors comparing treasured old side x side guns – good examples of which are becoming more difficult to obtain.

All shooters who participated, and any others who are interested in using side x side guns, are welcome to take part in the N.S.W.G.C. Gold Sovereign S x S Championship to be held on 22nd November.

Results as follows AA Andrew Shacklock 87/90, AA Steve Newcombe 83/90, 2nd Paul Farrugia 80/90, A grade Phil Craig 81/90, 2nd Jim Bloomfield 78/90, B grade Chris Eleftheriou 78/90, 2nd Carlos Taverna 74/90, C grade Neil Radford 71/90, 2nd Arkie Fardoulis 66/90.

## Deauville Doubles at Mathoura

Included in the four event program for the October shoot at the Mathoura Gun club was a 20 pair, Victorian North East Zone Night Deauville Doubles Championship. Shot off the 20 metre mark the event is reasonably difficult, and when you include night shooting as well as windy conditions, it becomes much more so, and it was no surprise that out of the four squads of competitors shooting, the best score was a 14/20 shot by the winners of the event, Harry (Snow) O'Connor, Mathoura and Tim Maher of Deniliquin, both picking up their Overall Winner sashes, and trophies, for their effort. Second place was secured by the Berryman boys, John and Trevor, one pair further down on a 13/20 score.

Harry (Snow) O'Connor & Tim Maher 1st D/D

Event one a 10 target Double Barrel Cash Divide and H O'Connor and J Berryman Mathoura and Deni member, T Maher, all shot the possible and collected an equal share of the money, all on a score of 10/10.

Event two, was an 15 target Points Score, and club President Roger Kerslake was the only possible, taking out 1st place with his 45/45 score, 2nd

place was secured by J Berryman dropping only one point to end on a 44/45, and 3rd place was taken by George Bradley Mathoura after a short shoot off, to end on a score of 62/69.

Event four was a 10 target Points Score, and dropping only one point, Tim Maher, secured first place cash with his 29/30 score, 2nd place cash was won by Trevor Berryman losing just one point more, ending on a score of 28/30.

Everyone enjoyed the night of competition clay target shooting, with plenty of hot and cold food and drink supplied by the ladies, and ending at a reasonably early time, even with four events on the night's program.

# Year Ten on Target at Echuca

Location On the Murray River which forms the border between Victoria and New South Wales

Student Group inc teachers David Pearson & Leah Thompson

Echuca Clay target club was visited twice over two days, on November 13 and 17, by eighteen year ten, Echuca College, Crofton Street Campus students. With one on one coaching by members of the club, the aim was to shoot at ten targets on each visit in single barrel format and arrive at the best total out of a twenty target possible.

Certainly masters Bidja Atkinson Echuca Village and Jackson Kyne Echuca listened to every word their coaches passed on to them and tried

their best, both ending up with the same impressive total score of 15/20, a shoot off was required to separate them and unfortunately Bidja dropped his first target, giving Jackson the Overall Win if he hit his and he did with style, becoming the Overall Winner on a score of 16/21. Bidja proved to be 2nd best shooter over the 2 days with his 15/21 score, with two students on equal scores of 13/20 taking out equal 3rd place, being Benjamin Haley Tongala and Dallas Anderson Echuca.

Best out of the five girls who shot was Miss Holly Minogue, Holly a Torrumbarry lass, who as with most of the girls, have a battle holding up the heavy competition shotguns, ended up with a very credible score of 10/20. For first time Clay Target Shooters, these single barrel scores are very good and are proof that the students really did pay attention to their respective coaches. Toni Hardess a Kotta lass, came in 2nd in the girls with a very respectable 8/20 score. Well shot girls!

These Students were very well behaved, and a pleasure for the members of the Echuca and the Mathoura gun clubs to work with and it really pleases the coaches when they see good results occurring. Certainly on asking the students did they enjoy themselves, being involved in the sport of Clay Target Shooting, the answer was an emphatic "yes". And thanks must be given to teachers David Pearson, and Leah Thompson, for organising the students and to the Echuca College for taking an interest in the sport and to the members of both clubs for their coaching assistance.

## Deniliquin Club Shoot

November shoot was another success at Deni with a good attendance with a few new shooters having a go as well.

The second event was a 30 tgt D/B our local member Tim Maher shot this event clean. Tim made the VIC team and has kept his top form going. Well shot Timmy two shoes. # Queensland State Skeet Carnival 2008

**Location** At the junction of major highways from Brisbane, Sydney, Melbourne and Darwin and is just 90 minutes drive from the state's capital, Brisbane

Toowoomba Clay Target Club members had the grounds looking in tip top condition for the Queensland State Skeet Carnival in September. The Carnival was preceded by the Multigauge Championships which attracted 6 squads of keen shooters. Dave Dundon blitzed the competition, taking overall in the 20, 28 and 410 gauge championships, with Laurie Chelepy winning overall in the 50 target 12 gauge. Dave took the overall sash as 200 target Multigauge Champion with a very impressive 197/200 over the four gauges.

Beautiful weather greeted shooters attending the State Skeet Championships and the first event was the 50 target State Handicap which attracted 77 shooters. Generous event sponsors Laurie & Candy Chelepy had shooters competing for over \$1000 in cash prizes. Young Paul Adams from Brisbane Gun Club walked away with the sash, silver badge and a pocket full of cash as first prize after a huge shoot off. Following closely and putting their night vision to the test were Ashley Mason from Toowoomba in 2nd place, Shane Meagher from Condamine 3rd, Luke Mason 4th and Marg Denton who took out 5th place.

The 100 target State Skeet Championship event on Saturday attracted 83 competitors and the overall winner was Peter Vella from Bathurst with an impressive 108/108. Peter took the major prize, sash and Queensland silver badge. The championship was sponsored by HIDEFSPEX, Glenn and Paulette Walker who generously donated sets of their top quality shooting glasses as prizes in this event. Glenn came in close behind winning 1st in AA grade with 115/118. Other top performers in the main event were George Sckaf from the Gold Coast, shooting 107/108

Shane Meagher

George Sckaf

Peter Vella

to win 1st in A grade and Mick McGill from Mount Isa who shot 97/100 to win overall Veteran.

The fine weather held out until Sunday for the 50 target Pacific Coast Championship. A great effort from Gil Farish from Wangaratta saw him take the overall prize with a perfect 70/70. Shane Meagher was hard to beat winning 1st in B grade with 50/50, and Lorraine Hughes also came in with a perfect score to take overall Ladies in this event. Josh Teague shot a terrific 48/50 to win the overall Junior and Allan Denton took Veterans with 51/52.

This event was followed by the 50 target State Doubles Championship where Dave Dundon from the Gold Coast Clay Target

Club shot an unbeatable 64/64 to win the Queensland silver badge and sash, just one target ahead of Gil who won 1st in AA grade. Wayne Reeves from Normanton came in with 52/54 to take 1st in A grade and John Eckel from Brisbane also shot well to win 1st in B grade with 50/54. C grade was won by David Forsythe from Tamworth with 44/50 and popular veteran Tom Harris from Tumut took the overall Veterans prize with 53/56.

# SHOOTERS HAVE A BALL (Trap that is) AT LISMORE

Location 776km's north of Sydney between the rainforest and the sea

Mark Formaggin Winner AA grade Medley, Ball Trap, Double Rise and High Gun

Paul Dolby, Friday night C grade winner

Lou Hearne, 2nd in AA Ball Trap

Twenty five Ball Trap targets and 15 pair of double rise along with a fifty target medley 25 DB, 25 PS made things very interesting indeed at Richmond River Gun Club's monthly shoot held at Lismore on Sunday 26th October in good conditions.

There was plenty of red on the board after the double barrel stage of the medley. In AA grade Ian McDonald, Lou Hearne, Kim Nealon, Mark Formaggin, and Kev Harding all shot 25/25 as did Andrew Pirlo, Dickie Bennett, Phil Westbury A Grade and Therese Nealon and Maurie Wesbury in B grade. A host of others had 24/25 in all the grades.

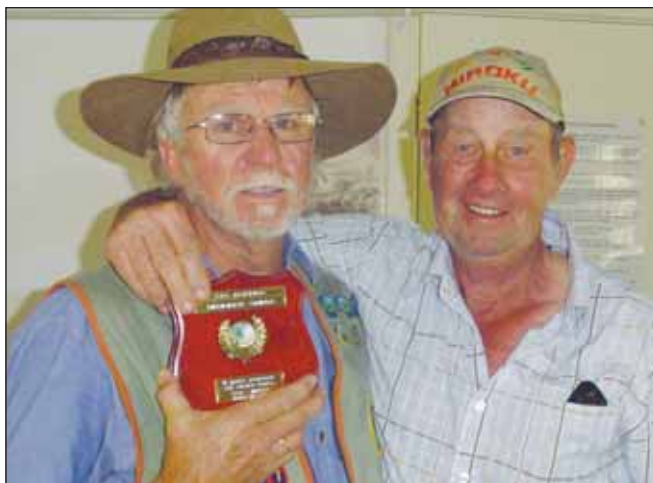

A gusting south east breeze and some broken cloud played havoc with the scores during the points Score phase of the medley. No one managed to shoot 75/75. Club Vice President, Mark Formaggin was the only person to break all 25 targets despite needing his second barrel on three occasions in doing so.

In addition to the 50 Target Medley, sponsored by Chris Doust of Suffolk Sports Store, with a score of 25/30 in the Double rise and 24/25 for Ball Trap, Mark had a real day out winning all three events in AA Grade, and naturally, the High Gun for the day.

Grafton shooter, Tony Ryder A Grade showed how double rise targets should be shot missing only 3 targets in the 15 pairs released.

Veteran shooter, Maurie Westbury continued his winning ways in B Grade. After winning at Warwick and Ballandean recently, as well as last months shoot at home, Maurie won the Intermediate High Gun as well as the 50 T Medley, and Double rise events. Therese Nealon Yamba won the B Grade Ball Trap event with a good score of 20/25.

Maurie was also presented with the Jan Harding Memorial Shield. That competition is an aggregate of 5 complimentary point-score targets per month conducted over six months in memory of the late Jan

Maurie Westbury receiving the Jan Harding Memorial Shield from Kev Harding

Phil Westbury presenting Tony Ryder with prize for winning A grade Medley and Double Rise

Harding, who was the club's shoot secretary for some time before passing away in 2006.

In other Grades, Neil Yates of Shannonbrook, won the C Grade 50T Medley from Grafton Junior, Jake Davis; Peter McKenzie won the C grade Double rise and 89 year old Veteran, Ross Deane won the C Grade Ball Trap event.

It could have been the pot-roast dinner that brought shooters out of the woodwork on Friday Night 14/11 for a 75 Target Medley or it could have been the fact that with only two shoots left in 2009, some had to get some scores in their record books.

When shooting finished, just a teeny weeny bit late, as usual Peter Brown had won AA, Phil Westbury A, Mike Sullivan B and Paul Dolby, with a great 25/25 for 73 points in the final stage cleaned up in C grade.

The Christmas shoot on Sunday 23rd November is Richmond River's last daylight competition shoot for 2008 resuming on Sunday 25th January, 2009 with 100T trap including 50DB Championship.

Wishing all shooters and supporters a very happy and safe Christmas and New Year.

## ACTA Handicap Shooting – A proposal

The following proposal is based in part upon the current rules (effective 1st January 2006) and is submitted for ALL ACTA shooters to read, give thought to and make your own judgements on a situation that is causing more and more clubs/shooters to shy away from handicap shooting, which in turn is partially the cause of our declining membership.

### 2.02 Handicapping Formula

- (a) Each club must appoint an official to handicap and grade shooters, check to see that all appropriate 15 metre common mark and double barrel handicap scores, including shootoff targets, are entered on cards, and to check that handicap, running percentage and grade changes (if and where applicable) are recorded on shooters' cards.
- (b) Initial handicap marks for new shooters who have just shoot their first 200 targets from 15m common mark are as follows: AA grade 19 metres, A grade 17 metres, B grade 14 metres and C grade 11 metres.  
Once established, these initial handicap marks can only be varied by results from Handicap events, and NOT 15m common mark events.
- (c) Handicap events shot double barrel only are to be recorded for handicap purposes.  
Scores from single barrel or points score events shot from handicap marks are not to be entered on the cards, along with single barrel continental, double barrel continental, double barrel continental points score, double rise or double rise continental shot from handicap marks, as these are deemed to be novelty events.
- (d) In handicap events, competitors must shoot from their approved handicaps. If the competitor shoots from any other mark, the target is lost.
- (e) Backward movement is to apply on high scores according to the following table:
- | Number of Shooters | 1st           | 2nd           | 3rd           | 4th           |
|--------------------|---------------|---------------|---------------|---------------|
| 30 – 49            | $\frac{1}{2}$ |               |               |               |
| 50 – 79            | 1             |               |               |               |
| 80 – 119           | 1             | $\frac{1}{2}$ |               |               |

After a major rethink, fairer and above all a major incentive for shooters to return to handicap shooting. After all, handicap is the ONLY event in the book where shooters of all abilities can compete against each other on an equal footing

# Crayfish Carnival at Geraldton

Location 450 kms North of Perth

Once again our 2½ day annual Crayfish Carnival came around rapidly. After a bit of last minute tidying up we were all set to get under way with our 27th annual Crayfish Carnival.

The camping grounds were filling up fast with spots at a premium by Friday morning. Once again we had in excess of 180 shooters for the weekend. With shooters from all over Western Australia, Adelaide, Victoria, New South Wales, Queensland and also New Zealand.

The boys from Orange had a new tour leader this year as long time tour leader Johnny Lawrence had family commitments and couldn't make it so he handed the baton over to Sharpy (Wayne Sharp) who I must say did a great job and Johnny might have a hard time getting the baton back.

As is the case every year all the visiting shooters were the first to chip in and give a hand when things got a bit hectic. Also a big thanks to the guys in my squad for handling my refereeing duties. And every one who was there to grab a shoot off sheet and get it started for us.

We also broke new ground this year with the Prize Money we had on offer.

For the first time every event bar the 15 target events had either \$1000 cash or prizes valued at over \$1000 dollars on offer for the overall winner of each event. This cumulated in a total prize pool of nearly \$30 000 which when put with the Calcutta winning added up to over \$45 000.

Friday was nice and sunny so it made for a great days shooting with some great scores being recorded.

Saturday morning greeted us with another beautiful day which started with a great breakfast on offer from our great band of cooks who are up nice and early to fire up the BBQ. Great job once again boys.

Event 3 was a 15 tgt single barrel sponsored by Kalbarri Motor Hotel: Steve (HOLLYWOOD) Sayers might have won this event but he forgot to put a shell in during the shoot off, I am not sure he just didn't like the prize (\$300) or he just had a blond moment. So if you happen to see Steve around make sure you offer him some shells in case he is running short.

Sorry I almost forgot John Mollica did the same thing, it must be a vic-dic thing. AA Trevor Morris, A Jim West, B Geoff Monson, C Melissa Deegenars.

I must take this opportunity to say great shooting to Danny and Craig for having shot the day clean, we were starting to get a little bit nervous about our \$5000 JACKPOT.

We were also really starting to feel for Chipper at this stage because he had been bridesmaid a little more than he would have liked. With this in mind a new award was born, thanks to Maugal Boschetti. This was the presentation of a wooden spoon to the loser of each event. And Chipper was getting quite a collection. I have also heard a whisper that the spoons will be bigger and better next year.

With shooting over for the day and the auctioneer raring to go we busily tried to get ready to start the Calcutta. So with everyone feasting on the prawns that were on sale and Bert and his boys firing up the BBQ we got started.

As usual proceedings moved quite slowly to start with, and gradually building to a great night. With Foxy having won this event the previous 2 years, bidding was quite lively for him once again this year. With the Green Boys ending up with the winning bid.

Our good run with the weather had well and truly gone, with some bad weather arriving earlier than we would have liked. So with some trying shooting conditions ahead of us we got under way for the day. Considering the rain and wind the scores were still quite good for the day. A certain WHITE FLYER rep said it was all because of the decision to change over to white flyer targets for this year's carnival. In saying that this same rep was a lot quieter this year, I am not sure of the reason why, maybe he is just getting older.

Event 7 15 Target Point Score sponsored by MTU Detroit Australia: AA Drew Vandeleur, A Dean Willcocks, B Gerald Vandeleur, C Wayne McGregor.

The overall winner of this award was Geraldton's very own Braiden Purdy. Braiden hadn't picked up his gun since last years carnival and to be only 5 points behind the High Gun winner for the weekend is a great effort. Considering the caliber of good shots that shot the weekend it shows that if Braiden sticks with it and a with a bit more practice, it might not be to long before we see him take out the overall High Gun. Thanks once again to John and Graham who travel east every year to present there award, it's much appreciated.

With all the formal preceding finished every one got to sample the great BBQ being cooked by the master chefs up the back. Once again the sword fish was a big hit.

Before I sign off again for another year, I must say a few thank you's: To the ladies in the kitchen once again you can't say enough how great a job you have done, feeding that amount of quality food over the whole weekend, is one of the reasons why so many people keep coming back.

To Frank and Glenda your help in the office was much appreciated. To all the visiting shooters that helped out over the 3 days either with first round refereeing, shoot offs, moving tables, and helping in the bar you're a big help thanks.

To our own members that responded to our newsletter so that the workload could be spread around a bit, as most of you know to run a successful shoot it takes a lot of work and organising not just over the weekend but in the weeks leading up to it as well.

To our secretary Ray, he is always the first to put his hand up to do anything that is needed, not just in the office but building, repairs, checking up on me to make sure I have done what I am supposed to, and not forgotten. The hours he puts in to the lead up to our carnival are immeasurable.

To the committee with out all your work the weekend just wouldn't be possible, thanks.

Thanks also to all you shooters for traveling far and wide to come to our carnival you all make the hard work a pleasure.

So hope to see you all back again next year, till then safe traveling and good shooting.

# Two Days of Coaching and Patrons Trophy in Townsville

with Tom and Mark

On Saturday the 15th Townsville Gun Club was very privileged to host the Northern Zone Coaching Clinic conducted by Graham Boyd and assisted by Dean, Cherie, and Wayne Reeves from Normanton. From all reports the participants all enjoyed themselves and came away from the weekend with something new and practical to think about. Hopefully what Graham has shown these students will be remembered and put to good use to improve their level of Clay Target Shooting now and in the future

The coaching format was over Trap, Skeet and Trench starting with the basics, the pattern board, then onto the layouts with video footage and white board discussions to correct technique, then more coaching more question time, more and more coaching until dark.

It is very commendable of the shooters who had travelled from Dysart, Normanton, Springsure, Cairns, Mount Isa, Ingham, Bowen, Burdekin and Townsville to participate in this weekend of shooting. Special thanks needs to be given to the Reeves family and Tom Comerford for arranging this event and getting the special guest Graham Boyd to Townville.

Graham can take encouragement from the fact that judging by the enthusiasm of the shooters and the questions from question time that carried on until dark he has impacted on a great many shooters that will remember his instructions for many years.

# Clermont Clay Target Club 2-Day Shoot

Location 106 km north of Emerald on the Gregory Highway, 760 km north of Brisbane

The Clermont Clay Target Club held its Annual 2-Day shoot on 25th & 26th October 2008. Seventy-four shooters attended from Clermont, Pioneer, Dysart, Gemfields, Barcardine, Blackall, Tambo, Ifracombe, Springsure, Rockhampton, Mt. Isa, Burdekin, Brisbane, Central Burnett, Mackay-Sarina, Karumba, Normanton and Blackwater.

The hot weather created fine conditions for shooting, with numerous possibles shot throughout the weekend, with the longest shoot-off approximately 108 targets.

Many keen shooters started the weekend early at the practice shoot on the Friday afternoon a little after three o'clock. So keen were these guys that they wanted to shoot into the night. After a hearty breakfast on Saturday morning at the club, the 74 shooters were ready to start. Event 1 was a 30 target Medley, cash divide, with a large number of possibles to start the weekend. Event 2 was a 50 target double barrel with Shawn Ryan from the Normanton club winning the event with a score of 158/158. The third event was 30 target points, with Zara Powell, from the Springsure club taking out overall with the only possible. With the

extended shoot-off in the second event and a few trap dramas, the fourth event the 30 target single barrel was held over to the following day.

On Sunday, the Springsure club didn't let the crowds down with the 30 target single barrel won by Alex Dallas 44/45, who was showing consistency all weekend. With conditions still fine, Shawn Ryan again showed his form winning Event 5 a 30 target Continental, with a score of 102/102. The big event was the handicap, with \$1,000 cash for 1st prize, it was highly contested with six possibles shot. After a pressure shoot-off, Imelda Shirlvock from the Springsure club was happy to take home a bucket full of cash.

Clermont Clay Target Club would like to thank the support of the attending shooters and also extends a thank you to all its sponsors who added to the success of the event, including: Heat Tech, Belray Lubricants, Blair Athol Mine, Bucyrus Australia, Bullivants Lifting, C&L Maintenance, Clermont Concrete, CQMS, Hoch & Wilkinson, Klinge & Co., Mackay Maintenance Services, Paul Breckon Steel Fabrications, Swift Engineering, Clermont Bearings & Hydraulics and NBC.

# Trapshooting Champions – Past and Present

## THE GREATS

About every 20 years a truly great trapshooter appears. In the past 100 years our sport has been blessed with 6 of them and we have a couple of others appearing at present.

The greats of the past 100 years pick themselves:

Donald Mackintosh

Jack Sutherland – “Calrossie”

Fred Burns

Newton Thomas

Doug Smith

Bill Iles

Each one of these shooters dominated trapshooting in the era in which they lived. They thrived under the pressure of the big competitions in which they competed and each had a massive influence on the sport they loved. In the following months I plan to write an article on each of them but following is a glimpse of what they achieved.

### DONALD MACKINTOSH

Donald Mackintosh was the most successful of the pre 1900 trapshooters, he lived in Europe for most of the period from 1895 – 1905 and competed in all the major pigeon shoots of the time. It was the golden era of pigeon shooting and the prize money was huge; the major events often had prize money exceeding \$100,000 in today's terms.

He was acknowledged as the world champion as he won all the major pigeon shoots at the time including the gold medal in trapshooting at the Paris Olympics of 1900.

Throughout this period he earned enough money to move back to Melbourne and establish a gun shop of his own. He developed this business into the most successful gun shop of the time and was involved in the business until his retirement.

When he returned to Australia he worked tirelessly promoting trapshooting and was instrumental in birth of clay shooting in Australia.

### JACK SUTHERLAND: “CALROSSIE” 1878 – 1968

Probably the most influential of the six was Jack Sutherland; he worked for ICI for most of his life and was instrumental in the change from live targets to clay targets.

He was the dominant trapshooter of the period 1920 – 1940, and held the world records for both pigeon and starling shooting. He won over 100 major live bird championships and was described as the “Bradman” of trapshooting.

But probably his greatest legacy was his shooting style, the method he used to prepare himself, mount his gun and shoot the target. His was what we now call the “classic” style.

When Fred Burns joined ICI, he came under Calrossie's influence and subsequently went on to dominate trapshooting as well as coaching what he had learnt, but it didn't stop there. When Newton Thomas was developing as a trapshooter, he too modelled himself on the style of Calrossie.

Newton then in turn influenced hundreds of shooters of his generation and those shooters have influenced thousands of today's shooters whether they know it or not.

The great Bill Iles was one of the next generation that followed to be influenced by Newtons style and he has subsequently influenced the style of the next generation.

So today, if you know what to look for you can see Calrossies influence on the thousands of trapshooters.

### FRED BURNS: 1910 – 1984

Fred Burns was probably Australia's greatest all round shooter. He had a phenomenal record in live bird shooting and was the first of the greats to switch to clays and dominate as well. He also worked

with ICI for some time before opening his own gun shop and finally a shooting school.

He was Australia's best trapshooter of the 1940 – 1960 era but also excelled at skeet shooting and field shooting. He won more than 250 championships and coached extensively.

Fred Burns should have represented Australia in the 1956 Olympics but was deemed to be a professional and subsequently not allowed to compete. Indeed the ACTA did not adopt the Olympic disciplines until the early 1970's as a result of the amateur restrictions of the time.

### NEWTON THOMAS

Newton came to our sport as clays were taking over from live targets and although he loved live bird shooting he embraced clay targets as his preferred competition. He was Australia's best trapshooter in the period 1950 – 1970 and like Fred Burns he was also a champion skeet and field shooter.

Newton joined ICI after the war and travelled all over Australia and New Zealand working and competing. He influenced our sport by elevating the importance of sportsmanship. He went on to win an incredible 20 National titles and make the Mackintosh team 24 times, but he did it in a way that left his competitors happy and proud to have spent time with him.

Towards the end of his life he coached extensively and was probably our greatest ambassador. He was awarded an OAM in recognition of his unique contribution.

### DOUG SMITH: 1937 –

Doug started shooting very young and perfected his craft throughout 1950's. He was probably trapshooting's greatest competitor; he loved to shoot and loved to compete. He was the first of the greats to be truly amateur; he earned his living as a farmer and didn't compete as regularly as the others.

We will never know how many championships he would have won if he had competed more often but maybe it was his less frequent participation that kept him at the top of the game for more than 30 years.

Although not of the classic style, his sheer determination led him to the top of our sport. He won his first national title in 1960 and his last in 1994 and dominated our sport in the period 1970 – 1990.

Doug has won 21 national titles and has represented us in more Mackintosh team events (29) than any other shooter. His records are unlikely to be beaten and stand testament to the sheer determination of the man.

### BILL ILES: 1945 –

As the sun was setting on Doug Smith then along came Bill, no one has ever won more championships than Bill Iles. He won so many that the old practice of counting them was suddenly out of fashion. At one time 100 championships in a lifetime was an enviable record, when Billy got serious he won that many in a year.

He was our best trapshooter of the period 1980 – 2000 and set records that are unlikely to be beaten. He won 28 National titles and made 19 Mackintosh teams as well as achieving some phenomenal breaks. His best break being 1727.

Although long runs are not officially recognised in Australia, at one stage he had a long run of nearly 4,000 targets without a miss.

Bill was the next great all-rounder to follow Newton Thomas, here was a trapshooter that could shoot skeet and field as well. He is probably the odd one out in this list of greats in that he thrived on confrontation and seemed to excel when it was a dog eat dog scenario.
