National President's Notes

The Skeet Nationals have now been completed and congratulations to Leigh Roberts on winning the High Gun. A full report will be in the next magazine. The four executive members present at the Skeet hosted an informal meeting during the event for shooters to have input on their discipline. We take these comments on board and will consider them all at the forthcoming Executive meeting. I thank all that bothered to make some constructive comment and for giving the ACTA the opportunity to explain why some things are the way they are.

The Association is now well along the path of fully embracing the Pre-noms method of nomination to all National Titles. This has been a rocky road and of course along the way there have been

lessons learnt, shooters affected and some upset. I apologise to anybody that has been affected by these glitches along the way and hope that you can all see the benefits of what your Executive are trying to achieve by encouraging Pre-noms.

I have spoken personally to some shooters who were affected by the introduction of this process at the 2010 Brisbane ISSF Nationals. I personally thank them for their understanding and preparedness to put their Association ahead of themselves in this matter. I also pass on the Associations appreciation to them.

The pre-nom process will be reviewed at the Executive meeting as the number of entries nominating late and paying the extra fee at the Trap Nationals this year was much more than expected.

Last months article on sponsorship went to press with a few omissions from the original document. Firstly some sponsors want their sponsorship spread across multiple disciplines, and some do specifically request their sponsorship be directed at particular events. Secondly some sponsors have been associated with a particular event for many years eg: Winchester and the Champion of Champions, and to them these Naming Rights are an important part of the package, and their historical association with the event. Thirdly and probably most importantly is that the percentage of income given out as payouts (currently 30%) could be increased by the Executive if attendances and therefore profit continue the current upward trend.

It is a balancing act keeping the events profitable, but the payouts reasonable, and we are currently exploring options on how to better manage this. The executive are considered "fools" if an event loses money and "thieves" when we make a profit. Thankfully for the benefit of the ACTA most of us prefer to be "thieves". It is easy to give away large prizes and win popularity contests with the minority who win, but is this our purpose?

The Association responsibility to run a National event is surely to provide a suitable facility to conduct an equitable competition for as many members as possible to attend, and provide suitable recognition to the winners, ie Badges, sashes and medals.

Larger attendances are required if we are to grow our sponsors and traders area, and we are considering how we can achieve this.

It is with sadness that I have to inform the membership that Vice President Peter Haley has decided to resign from all positions, due to personal reasons. Peter struggled through the Trap Nationals this year despite obviously being in a lot of pain.

His support to me as President over the past 12 months has been second to none and I am sure we all feel he leaves the executive after a job well done. He is definitely a thorough gentleman. I wish Peter and his wife Sandra well for the future.

I am pleased to report that the purchase of the National Ground has been approved by the NSW Government and we are now in the 21 day cooling off period. By the time you read this the purchase will have been completed.

At the time of writing the Executive are due to meet in seven days' time, so spare a thought for the 15 members involved who are freely giving 4 or 5 days of their time for this. Our elections are held during these meetings, and so this could be my last report as President. I thank all the members for allowing me the opportunity to preside over the Association and hope that whoever is elected next week, the Association continues to grow and prosper.

Good shooting.

Robert Nugent

Executive Officer's Report

We recently completed the Skeet Nationals, the second of the two big National Championships. This was a wonderful opportunity to meet more shooters, to hear their comments and to talk about shooting in general. Once again we were very lucky with the weather. Although Monday was overcast and cold the remainder of the week was fine with excellent shooting conditions. Once again the grounds were in perfect condition. It was good to see some

trade displays present and to have a nice coffee available in the mornings. We received many compliments about the service and standard of food provided by the caterers. At the Skeet Nationals, the President of the ACTA, Robert Nugent held an informal meeting on the Wednesday evening. The meeting gave shooters a chance to put forward their ideas and opinions on a number of issues and provide feedback to the Executive. This was very helpful and will assist the Executive in their deliberations. No Association or organisation can be run with a vote of members on all decisions however meetings such as this provide great input from members. Remember that the Executives are your elected representatives. When looking to elect your Club, Zone and State representatives remember that they will be making decisions that determine the long term future for your sport. Not every decision will please all shooters but they are made for the overall welfare of the majority of shooters and the growth of clay target shooting in Australia.

This month will see further growth, with the ACTA becoming the owner of the national grounds following the completion of the sale from the Wagga Wagga City Council. This is a major step forward in providing

long term security for the layouts and safety template area. It is intended that, for the Nationals next year, we will have additional shower and toilet facilities, more powered camping sites and improved trade facilities.

At the Skeet Nationals we were able to provide a television screen in the clubhouse with up to date results identical to the screens at the event office. This screen was linked to the events computer and allowed shooters to get the latest information without having to go to the office. This will be a more permanent feature for future Championships. The ownership of the grounds allows the ACTA to continue long term development in improving the facilities for shooters and events in this location.

I would like to take this opportunity to say thank you to Peter Haley. Peter has recently resigned from the Executive. Following the resignation of Tony Turner as Executive Officer, Peter filled the role prior to my appointment. The work which he did in that period, his wealth of knowledge and assistance to me personally when I started, made the introduction to the Australian Clay Target Association much easier than it would have been otherwise. I am sure that those who have seen Peter's input firsthand and known him longer will have more to say however thank you Peter on behalf of myself and the Association.

ACTA NATIONALS – PRIZE MONEY DISTRIBUTION

As promised in the June CTSN, the following formula sets out the way prize money payouts are calculated for National events:

Nomination cost	\$75	\$65
Less GST	\$6.82	\$5.91
Less Trap Levy	\$5.00	\$5.00
Less Environmental Levy -	\$1.00	\$1.00
Amount to calculate Prize Pool	\$62.18	\$53.09

30% of \$62.18 or \$53.09 goes in to the prize pool

\$1 per shooter is then taken out to contribute to the High Gun payouts.

30% is then paid out to the overall winner and of the remaining (70%) amount 80% is divided between the grades and 20% goes to the sections. The amount in the grades (80%) and sections (20%) is divided by the total number of participants in all the grades and sections and then multiplied by the number of participants in each grade and section. The grades totals are then divided between first, second and third. (Depending on the number of competitors)

When sponsorship is given the cash payout is adjusted to allow for the sponsorships worth.

QUEENSLAND State Trap Carnival

Gemfields – April 30, May 1 & 2

Wet weather threatened to cause problems in the weeks leading up to the Labour Day long weekend, but there was no sign of it on the first day of the Trap Carnival. Glorious sunshine and a record number of campers greeted shooters who travelled to the Gemfields for the annual competition, and the layouts and grounds looked a treat.

DR Champ Dan Collins

The program opened with the 25 pair Double Rise Championship and Dan Collins from Herbert River showed how it was done with a score of 65/70 after a shoot off to take out the championship. Dan won the Queensland silver badge, sash and cash prize. Close behind, AA grade winner was Bruce Murphy 64/70, with Mal Collins and Mike Swale in 2nd & 3rd place shooting 45/50 & 54/60 respectively. Lance Broom from Rockhampton took the A grade prize with 44/50, followed by Nathan Busteed and Bill Gall who shot off for 2nd and 3rd place. Joe Taylor from Blackall took first in B grade with 45/50, with Jack Saville first in C grade shooting an impressive 42/50. Best lady was Springsure's Zarah Powell with 45/50, the Veteran's prize was won by Neil Berry also 45/50 and Luke Langridge from Brisbane won Junior's shooting 41/50. Luke also took home the QPCTC trophy as best junior in the event. 267 shooters contested this event which was generously sponsored by the Central and Western Zones.

*HC winner Geoff Bryant
with sponsor Mike Swale*

Event 2 was the 50T State Handicap, newly re-introduced after a few years absence from the State carnival program, and 268 shooters nominated to compete. As the shoot off wore down Carlo Barletta from Gladstone came in 5th place with 55/57, just behind Chris Allan of Dalby in 4th with 64/66. Third place went to Condamine president Clayton Cusack shooting 68/69 with Marty Vine from Pioneer coming in second with 55/56. Top gun for the event was Geoff Bryant from Roma who shot 56/56 to win the badge, sash and healthy cash envelope, becoming Queensland's handicap champ for 2011. Thank you to Queensland State Solar, Mike Swale the sponsor for this event who ensured the winners were rewarded with well-stuffed cash envelopes.

The fine warm weather continued into Sunday and the opening event, the 50T State Single Barrel Championship saw a huge 274 nominations with only one red score on the board. A fine effort from Robbie Cusack of Condamine who shot the only possible to take the title, Queensland silver badge, sash and Beretta rifle. John Maxwell and Tony Gurski shot off for 1st and 2nd in AA, John coming out in front with 63/64 over Tony's 62/64, and Zarah Powell shot well to finish in 3rd with 57/58. A grade places went to Graham O'Neil in 1st on 54/55, Brian Muirson 2nd with 53/55 and shoot marshal Tom Jarvis 51/53. Newly appointed State Handicapper Don Berrie won B grade with a very respectable 49/50, closely followed by Scott Zimmerman in 2nd place with 53/56 and Peter Ballarino 3rd with 54/58. C grader Andrew Earl of Mackay-Sarina was 1st with 46/50, Angus MacDonald one behind on

*SB Champ Robbie Cusack with
Beretta's George Barton*

DB Champ John Maxwell

45/50 to finish 2nd and Barry Machin 47/54 was 3rd in C. Viv Moore won the ladies trophy shooting 48/50, John Farrell took Veterans with 50/52 and Luke Langridge shot an impressive 47/50 to take out the junior prize. The QPCTC junior trophy went to Scott Zimmerman from the Gold Coast. Beretta Australia continued their support of our State Trap Carnival, generously donating the rifle and Beretta products with George Barton there for presentations.

The 50T State Double Barrel Championship was the second event on Sunday, again generously sponsored this year by John Maxwell of Maxisport. 273 shooters nominated for

this event with 48 possibles shot. There were some strong performances in C grade with Antony Ballarino winning the shoot off to take first place with 53/54 over Terry Burgess from Rockhampton 2nd with 52/54, and hard working local Candy Cross shot 49/51 to take third. Kristin Williams from Cooktown shot a brilliant 105/106 to win B grade, with Ken Busted 2nd on 76/77 and Kevin Mott 3rd 74/75. Brisbane's Gavin Langridge was 1st in A grade shooting 109/110 while Tom Costanzo was a standout taking 2nd in A with 143/144 followed by Townsville's Robert Niven 3rd with 74/75. Richard Morrison had to be satisfied with 1st in AA grade after a terrific shoot off with a very impressive 246/247. Great scores also by the AA placegetters with Wayne Reeves 2nd on 208/209 and Paul Anderson taking 3rd place 200/201. Well done to John Maxwell who outlasted the competition to take the championship title, sash, badge and trophy with 247/247, great shooting John. It was great to see Jeff Nash take the best veteran's trophy with an impressive 157/158, with Daniel Andrews from Roma winning juniors with 52/53 and Zarah Powell winning the ladies with a great score of 100/101. Congratulations to Tom Costanzo of Ballandean who won the QPCTC sponsored trophy as highest scoring junior in the event.

The Zone shoulder to shoulder teams event took place on Sunday afternoon with teams from all four Zones resplendent this year in their shooting jackets. The Northern Zone open team proved to be too strong for the opposition shooting a clean score of 125/125 targets. Team members were Gavin Whiteside, Bruce Murphy, Wayne Reeves, Robert Niven,

Wayne Cislowski and Colin Edgerton. Runners up in the open teams were Western Zone 124/125, Central Zone third on 124/125 and South East Zone fourth 122/125. The Central Zone ladies team consisting of Donna Barletta, Zarah Powell and Lil Brandt took no prisoners winning their team section with 73/75. In second place the Northern Zone scored 72/75, South East Zone third with 71/75 and Western Zone finished fourth with 67/75.

Well done to the South East Zone juniors Tom Costanzo, Charlie Power and Sahra Costanzo who won the Zone team competition in their section shooting 74/75. Close behind the Northern Zone juniors came in second with 73/75, Western Zone third 72/75 and Central Zone fourth shooting 64/75. The Central Zone led the way in the Veterans section with their team shooting 72/75, well done to team members Jim Riggs, Vic Hyde and Austin Donaldson. The South East Zone vets came in second with 70/75, Western Zone took third place 68/75 and Northern Zone fourth with 65/75. It was terrific that each Zone submitted teams in all sections and made the effort to deck their teams out so professionally. Congratulations to all the team members who participated and ensured the competition was so close.

The final event on the ticket was the 50T State Point Score Championship and thankfully the beautiful weather held out. 266 shooters contested this event with only 5 possibles on the board. Continuing his fine form as the double

Points Champ John Maxwell & Brian Muirson

barrel champion, John Maxwell outlasted in the shoot off to take the championship, sash, trophy and Queensland silver badge with 186/186. Mike Swale came in 1 target behind to win 1st place in AA grade with 183/186, followed by Clayton Cusack in 2nd place on 173/174 and Dan Collins in 3rd with a marathon 283/285. Daniel Andrews took top place in A grade shooting 173/174 ahead of Wayne Read from Townsville 163/164, and Tarawera's Tony Robb 3rd with 164/165. Strong competition in B grade and another win for Kristin Williams with 149/150 over Springsure's Imelda Shillock in 2nd place on 147/150, while Rod Cusack won his shoot off to finish 3rd with 179/183. Also impressive C grade scores with Tony Heuser in 1st place shooting 145/150, Kevin Crandon from the Gold Coast 142/150 and George Oats from Mackay-Sarina on 141/150. Daniel Andrews was the high scoring junior in this event and took home the QPCTC trophy. A terrific effort saw Clermont's Amanda Bianchi top the ladies section with 152/156, while Ron Woodhouse scooped the veteran's just one point down with 149/150 and Luke Langridge won the junior prize shooting 144/150.

A good mix of shooters from all four Zones qualified for the postal teams and five targets separated 1st from 15th in the open team, in qualifying order: John Maxwell, Daryl Stevens, Bruce Murphy, Mike Swale, Alex Dallas, Clayton Cusack, Colin Witt, Wayne Read, David Robb, Robbie Cusack, George Costanzo, Daniel Andrews, Richard Morrison, Tom Jarvis and Geoff Moore. Ladies: Zarah Powell, Kristin Williams, Diane Reeves, Lynne Thompson, Viv Moore and Lil Brandt. Juniors: Daniel Andrews, Luke Langridge, Scott Zimmerman, Jon Woodall, Chris Allan and Tom Costanzo. Veterans: Jim Riggs Bill Weedon, Ron Woodhouse, John Farrell, Gerry Chizzotti and Vic Hyde.

The State Shoulder to Shoulder teams representing Queensland at the Trap Nationals in Wagga in 2012 in qualifying order are: Open – John Maxwell, Clayton Cusack, Daryl Stevens, Bruce Murphy & Colin Witt, with 1st

reserve Alex Dallas. Ladies – Zarah Powell, Lynne Thompson & Kristin Williams, with 1st reserve Viv Moore. Juniors – Daniel Andrews, Luke Langridge & Jon Woodall, 1st reserve Tom Costanzo. Veterans – Bill Weedon, Jim Riggs & John Farrell, with 1st reserve Vic Hyde. Congratulations to all our team members and good luck at the Nationals in 2012.

Team High Gun sashes went to John Maxwell for the open team 150/150, Lynne Thompson for ladies 75/75, Tom Costanzo junior team High Gun 75/75 and John Farrell for veterans 75/75. Great shooting by our team High Gun winners with clean scores shot by all.

The Two Person Team medals were won by Clayton Cusack and Alex Dallas, a winning combination shooting 679/700 for the weekend. Grade High Gun prizes were awarded to Kevin Crandon for C Grade 313/350, Ken Busted for B Grade 326/350,

Bill Gall for A Grade 330/350 and Daryl Stevens AA Grade High Gun with 399/410. The Queensland Champion for 2011 was John Maxwell who won the sash and GR & M Porter Perpetual Trophy with a hard to beat score of 399/400.

The section and overall High Guns were again sponsored by Beretta Australia and we would like to thank them for their continued support of our carnival. Ladies High Gun was won by Zarah Powell with 330/350, the Junior High Gun winner was Daniel Andrews with 328/350 and Veteran High Gun went to Jim Riggs of Callide Dawson with 329/350. The Overall High Gun for the 2011 carnival was John Maxwell who took out the major award with an unbeatable score of 353/362. John had a very successful shoot and took home the coveted Beretta Silver Pigeon sporter, along with the Queensland gold badge, sash and RACQ/GIO perpetual trophy. Congratulations to John for a great performance, and to all the other High Gun and event winners.

Thank you to all our generous sponsors for supporting our Trap Carnival this year. Without their contribution this event would not be possible. Beretta Australia, Maxisport, Nioa Trading, Qld State Solar, Central & Western Zones QCTA and Clay Targets Australia – thank you all for your generosity. We would also like to thank the Queensland Police Clay Target Club who generously contributed a slab of ammunition to the highest scoring junior shooter in each of the five events. This was a terrific initiative by the QPCTC who continually support young competitors and was very much appreciated by the junior shooters.

The Western Zone office workers ensured the shoot ran like clockwork and we would like to thank Rodney Woodrow for his time and expertise, along with his terrific team including Wendy Woodrow, Viv Moore and Julie Allan. We could not have done without the services of Central Zone volunteers Amanda

Bianchi and Steve Millar who helped to keep the office running smoothly and assisted with the enormous task of keeping on top of handicap cards, among other duties. Donna Barletta and Brian Zimmerman also offered technical assistance which was greatly appreciated.

Shoot marshals Tom Jarvis, Mike Swale and Grant McPherson did a terrific job supporting QCTA President Brian Muirson and kept the shoot running smoothly. A big thank you to Carlo Barletta and Ken McGuire who spent hours on their feet updating the score board, and to Geoff and Scott Moore who also helped out. Robert Houlihan

did a tremendous job selling raffle tickets for both the QCTA and Paw Paw club raffles and we would like to thank him for his tireless efforts which helped to raise funds for charity. Rowan Woodrow again generously donated the beautifully crafted leather shell bag which was raffled as the main fundraising prize, much appreciated Rowan. Thanks also to the Central and Western Zones who donated prizes of ammunition to be raffled. A special thank you to Veronika Forsythe and Geoff Bryant who had the tedious job of packing, organising and transporting the trophies to get them to the shoot for us. Thank goodness for Carol Betteridge who not only had the presence of mind to bring a camera to the presentations but is also very good at using it, and also to Judy Farrell who kindly provided photos of our High Gun winners.

George Cross and his team from the Gemfields Clay Target Club were the perfect hosts and put a huge effort into making the carnival a success, with the grounds in picture perfect condition, providing excellent facilities for shooters and campers. From the ground staff, trappers, catering and bar workers, to all who helped out in any way, thank you for making our visit to the Gemfields club such an enjoyable experience. A record number of shooters nominated for our carnival this year and the Gemfields club catered for them without a hitch.

The QCTA introduced pre-nominations at this carnival for the first time and made a number of changes to the shoot program. We would like to thank all those who supported these changes. We appreciate the assistance of all who contributed to the success of our trap carnival, especially all the shooters who competed and made it a great weekend. We look forward to seeing you again next year.

15th Flying Fox Carnival

Northern Zone Trap Carnival

THE NORTHERN ZONE TRAP CARNIVAL, in conjunction with the 15th Flying Fox Carnival, was held at Taree Wingham Clay Target Club Saturday 23rd and Sunday 24th April.

Taree Wingham Clay Target Club was bathed in sunshine on Friday 22nd April when practice was available to the early arriving competitors. The grounds looked a picture, thanks to all the work carried out by club members, leading up to the Easter Long Weekend. Tents, Caravans and Winnebago's were set up ready for a good weekend of shooting. Shooters brought their cheer squads and even the family pooches. It was bound to be a great family weekend.

Registrations were well underway Saturday morning and by the time the first wave headed out to shoot there were 94 competitors ready to compete. Shooters arrived from our surrounding clubs of Port Macquarie, Kempsey, Coffs Harbour along with those from the New England area and up to the NSW /Qld boarder, down to Sydney at the NSW Clay Target Club. It was really pleasing to see the support from shooters on holidays and making the effort to travel to the Manning Valley. We love to catch up with old friends travelling through or even make new friends too. It's all fun, whoever we may shoot with.

Ammunition Australia - Overall High Gun, Tamworth Fire-arms - Graded High Guns, Robert & Libby Clarke - Section High Guns.

Our first event on the Saturday was the 25 target G.B.Corsivia - NZ Handicap. There were six shooters who were "clean" after their 25 targets. They were Tony Ryder, Davis Newberry, Philip Baker, Matthew Wilson, Graham Gosling and John Piper. The winners after a reasonably short shoot off, considering the calibre of these men, were:- 5th Graham Gosling 32/33, 4th Matthew Wilson 35/36, 3rd Philip Baker 36/37, 2nd Davis Newberry 38/39, 1st Anthony Ryder 39/39.

Our second event was the 30 Target Denis Pearson - Flying Fox C/ship. This was shot as 15 target DB and 15 target PS. Having points score in the event, it only took a target or two to get dropped and places were easily decided. Our top grade shooters hardly missed in such great conditions. It was only a second barrel or two that reduced their points and determined the final results. Even our B and C Grade winners, had to shoot very well to be taking home a prizes. The results for the 30 Target Flying Fox Championship were: Overall: M Flanagan, 120/120, AA Grade 1st Kim Nealon 119/120, 2nd D Pasfield 118/120, A Grade 1st Kevin Bourke 100/100, 2nd Peter Poile 99/100, B Grade 1st Jenny Haynes

Phil Baker 3rd Handicap

It is essential for any club to have supportive sponsors and Taree Wingham Clay Target Club is proud to have the following sponsors supporting their biggest and most prestigious shoot of the year. The committee was pleased with the sponsorship but not as much as the shooters who were competing to take home the prizes. Taree Wingham Clay Target Club would like to thank the sponsors for their support and trust they will see fit to do so in the future. Thank you to:- G.B.Corsivia - NZ Handicap, Denis Pearson - Flying Fox C/ship, Leicht's Tyre & Auto - NZ DB C/ship, RedPoint - NZ SB C/ship, Insul-spacer - NZ PS C/ship, Winchester

The third event for the day was the Leicht's Tyre & Auto Port Macquarie (owned by Peter & Sharon Leicht), Northern Zone 50 target Double Barrel Championship. This is always a hotly contested event that requires shooters to shoot their best possible result or they end up scoring or refereeing the shoot off, as I did. After a shoot off between Kim Nealon and Tony Ryder that continued for a number of hours on Saturday then into Sunday morning before the final results for the 50 Target Double Barrel Prize were established. It was excellent shooting by both Kim and Tony. They kept matching each other shot for shot. It was a pleasure to see these top shooters battling it out to take the mantle of Zone DB Champion. Overall Kim Nealon 287/287, AA Grade 1st Tony Ryder 286/287, 2nd Matthew Colley 164/165, A Grade 1st Scott Anshaw 98/99, 2nd Ron Wakem 79/80, B Grade 1st Jenny Haynes 48/50, 2nd Therese Nealon 52/55, C Grade 1st John Cunningham 49/50, 2nd Steve Filby 50/53.

Sunday meant an early start to the day, with the first wave of shooters breaking targets at 8.30 am even though Kim and Tony had been breaking targets for the previous hour or so. Shooters went out to compete in the 50 Target Redpoint (owned by Brad Hooper), Northern Zone Single Barrel Championship. There were a few shoot offs in AA and A Grade to determine placings. In B Grade, Michael Sullivan, Alan Love and Lesley Langer all came in on 44/50 and it required a shoot off to finalise the last two place getters. Guess who dropped out to leave Mike and Alan to fight out first place? In C Grade a similar result occurred with Lilly Gosling missing out on a placing. It wasn't an event for the girls I assumed. The results were: Overall: Brad Henshall 50/50, AA Grade: 1st Geoff Fields 54/55, 2nd Kevin Thompson 53/55, A Grade 1st Kevin Bourke 55/57, 2nd Lionel Finlay 54/57, B Grade 1st Michael Sullivan 52/58, 2nd Alan Love 51/58, C Grade 1st Kimberly Pearce 46/52, 2nd Lilly Gosling 45/52.

The final event of the day and the carnival, was the 50 target

Insulspacer Northern Zone Points Score Championship. With the breeze just starting to pick up a few second barrels were pulled or a target or two were dropped and places were established. However Megan Wilkins in C Grade did shoot all 50 targets to get her first break badge and only pulled five second barrels. Well done Megan. No one came in clean, though the scores were very competitive and the final results were: Overall: Brad Henshall 173/174, AA Grade: 1st Steve Kilfoyle 157/159, 2nd Philip Baker 156/159, A Grade 1st John Piper 170/174, 2nd Lionel Finlay 153/156, B Grade 1st Lesley Langer 140/150, 2nd Ken Saunders 139/150, C Grade 1st Megan Wilkins 145/150, 2nd Jaegar Armstrong 139/150.

That concluded the shoot with only the High Guns to be announced at the presentations. The Section High Guns which were sponsored by Robert and Libby Clarke were as follows: Junior High Gun: Ethan Diaz 316/335, Ladies High Gun: Cherie Hunter 311/335, Veterans High Gun Lionel Finlay 326/335. Well done to our State teams that shot at the ACTA Skeet Nationals on 18 May 2011.

Our Open Team came 1st with a score of 242/250, congratulations go to Julian Lucchitti, Colin Sim, Alberto Muoio, Adrian Lucchitti & a special thank you to Peter Vella who stepped in as a replacement at last minute.

Ladies came 3rd with a score of 63/75. Thank you to Nancy Badewitz, Lesley Wotjowyez & Trina Adams

Juniors came 2nd with a score of 72/75, they nearly missed out on 1st as it was an even score with the winner being decided on count back. Great effort Daniel Wear, Chris Barber & Nicholas Brown.

Veterans came 1st with 69/75, our Vets never seen to amaze us with their expert shooting. Well done to Frank Marcellino, Paul Kouroupis & Bernie Evans.

Sporting at Maryborough

It's hard work but worth it

Members worked hard on Saturday afternoon to set up the grounds for the club sporting event on Sunday May 15th and were again pleased with shooter support.

Originally advertised as a 75 target event, midway through the day we were approached by a group of shooters asking could we extend the event to 100 targets. After speaking to all shooters and without even one discenter we agreed and everyone paid the extra to increase the number of targets. Those members who set up the two grounds appreciated the compliments paid by shooters in reference to the quality of targets.

The overall winner on the day was Peter Hall with a score of 89/100 with

Peter Hall

2nd in AA grade going to Darren Watts. A grade was won by Milton Rodda 81/100 with John Johns coming home in second place. B grade was taken out by Jim Shepherd 84/100 from Sam Allison and Zac Ansell came first in C grade with Darcy Watts 2nd.

Ryan Neilson

The best Junior on the day was Ryan Neilson from St Arnaud and Maryborough member Bryan Rafferty won the Veterans.

Maryborough's next sporting comp will be held on Saturday July 30th, but don't forget that the 33rd Annual Central Victorian Grand Prix will be run on Saturday June 25th starting at 9.00am.

We hope to see you there.

PRINTING & MAILING COSTS

Since I first started typesetting CTSN in 1995, I have been continually asked about its production. The questions invariably run along these lines:

Why is it printed on a newsprint paper?

Why do we not print on gloss paper?

Why is weight so important?

Why is it smaller than other magazines?

And before we shifted to 4 colour throughout, one of the most asked questions, why we could not have full colour?

The single answer to all these inexorably tied together questions is simply COST.

The most critical costs are of course associated with the printing. In the time that I have been associated with the production of CTSN we have always used a newspaper printer in Shepparton Victoria (namely Shepparton News) who generally produce a large range of newspaper type products and associated magazines similar to the CTSN. The printing plant is modern and efficient for this type of web printing and because the press only prints on porous newsprint-type paper stocks, no expensive drying ovens are needed to dry the ink, as they would be if the paper used was of a gloss finish. The size of our print run (generally around 10,000 plus) is quite small by industry standards and also suits the type of press used at Shepparton. Because of our long term relationship with this printer, management always ensures that the CTSN is scheduled into their busy workload.

Not many printers are even interested in this small-run size magazine and over the years we have often sourced check quotes from other printers, both web and sheet fed to see if we could produce a better looking Newsletter that was cost efficient to our needs.

On our last check we found only 2 web printers that actually returned a quote. The cost of switching to a gloss paper, even with almost comparable paper weight to our current paper stock, represented approximately a 165 percent increase in our print costs alone, and the small amount of extra weight also placed us in the next category for postage.

Over the years, sheet fed printers have also

been given the opportunity to quote, but because the mechanics of a sheet fed press inhibits the use of a lighter weight paper, the cost blow-out on printing is more than double our present price and the postage cost issue becomes even greater.

Apart from printing, the other major cost, as I have mentioned, is postage. The postage category that the CTSN falls under is Print Post under 125 grams weight. This means that even if we go over by 1 gram we move into the next weight/cost category.

Until recently the next mailing category at Australia Post was 126–250 grams which incurred a very large increase in postage rate, however a new rate category has been introduced with a weight restriction of 126–175 grams. With this in mind I asked our mailing house to research the difference a couple of extra grams weight would make to postage costs for the June CTSN issue. With only 2 grams of extra weight the result is still enormous. The postage cost for the June issue was \$8713.00. The extra grammage meant that the postage cost escalated to \$11,230.00, a difference of \$2517.00 or over \$30,276 for the year.

Until the December 2009 issue we were able to keep within the 125 gram postage category by either printing a 64 page issue on a 52 gram paper called “Norstar” which is a slightly better quality and whiter paper than we used when we went to 72 pages of text and had to use 45 gram “Newsprint”.

For the January 2010 issue, we introduced a 4 page gloss centre section which is printed at the same time and on the same sheet of paper as the covers to keep printing costs down. This was introduced as a part-way measure to allow our advertisers the opportunity of gloss presentation and also to allow the ACTA to showcase better some of our major events.

However the weight again became an issue and left us with two alternatives: one, reduce the total number of text pages to 56 or two, to make the Newsletter slightly smaller in size. We opted for the latter. With more clubs contributing stories and many more photos being received, printing less pages would mean that even more articles would have to be held over to the following month. The CTSN which once had a trim size of 270 mm x 205 mm now has a trim size of 267 mm x 197 mm.

Making paper is not an absolute or exact science and small variations still occur from

reel to reel and batch to batch in paper manufacture. Water content plays an important part in paper weight. Even the amount of ink printed on the pages has some weight influence, so even now, because we are so close to going over postage category weight, the printer needs to constantly check and if necessary take the trim size down by enough to keep within our postage weight limit.

In the August 2010 edition we initiated full 4 colour throughout the text pages. This allowed clubs to place colour advertisements at no extra cost within the results section. This has been applauded by members and gives a fresh new look to these pages.

Cost had again played a part in delaying the introduction of full colour, but a very good offer from the printer allowed us to take up this option with only a small increase in production costs.

DIGITAL ARCHIVING

We are hopefully on the track of the last few missing issues, but if any member has access to or knows someone that might be able to loan us these issues, unincumbered and without conditions, that would be great. We will ensure that the issues you loan us are treated with the utmost care and will be carefully scanned without damage and returned to you promptly.

The issues still missing are:

1947: Sept, Oct, Nov, Dec

1948: Jan/Feb, Mar, Apr, May, June, July, Sept, Oct, Nov, Dec

1949: Jan/Feb

1958: April (the one we have is too damaged)

I can now report that a trial site, although small, has been set up by our webmaster and makes available to members some of the CTSN issues that have been archived.

To check out the new digital archive of our CTSN and to test its search facility you should go to our website www.claytarget.com.au and click on the link that takes you to “Search our CTSN Archives” where you will be able to view our efforts so far. I remind you that this site is only in a developmental stage and many options for customising are yet to be set up, to enhance the initial search page, as well as the results.

I will keep you informed of our progress.

ment in the magazine for a shoot event (to be used in the next 12 months)

* Each photo will need to be less than 6 months old.

* The photo will need to be picture-ready for publication in the magazine (no touch-ups required).

* Must be of Clay Target shooting or related to a shooting event.

Hastings Double and Single Barrel

ON SUNDAY MAY 1 the Port Macquarie Clay Target Club held their monthly competition at their grounds within the Hastings Regional Shooting Complex.

The May competition day is one of the most prestigious one day competitions the club has through the year. The main event is the 2011 Hastings 75 Double Barrel Championship and the second event for the day is the 2011 Single Barrel Championship. At the end of nominations there were thirty-eight ACTA members ready to go to the traps.

The Hastings 75 had LCD flat screen TV's and coffee machines on offer for the graded winners and runner ups while the single barrel place getters were given cash.

Also another incentive to shoot well on the day was the club members' shoot the programme which was sitting at \$850 for any member that could shoot the required percentages on the day.

The weather leading up to the day was just plain wet but the skies cleared for the Sunday but a strong wind was going to give every shooter another excuse to why they let one go.

The Hastings 75 was shot off the common mark of 15 metres and over three walks of 25 targets. At the completion of the event there was one shooter, club member Robert Clarke who shot 74/75 in sometimes very difficult conditions and he took 1st in AA grade and the Championship Medal and LCD TV.

Other results were 2nd AA grade Brett McKinnon 73/75, A grade 1st Mick McDonnell 73/75, 2nd Steve Saul 75/78, B grade 1st Ian Howe 78/60, 2nd Ken Saunders 75/80 and C grade 1st Phil Ryder 64/75 and 2nd Megan Wilkins 60/75.

The second event was the 50 target 2011 single barrel Championship shot over two walks of twenty five. The winner was A grade shooter Cesar Diaz from Newcastle Lake Macquarie Club and he took the Championship Medal and cash with a score of 48/50.

The other results were AA grade 1st Steve Walls 46/52, 2nd Robert Clarke 45/52, 2nd A grade Rex Wilson 45/50, B grade 1st Diane Deland 46/50, 2nd Ian Howe 43/50 and C grade Phil Ryder 39/50 and 2nd Maddison McCloy 33/50.

Junior encouragement Award M McCloy with sponsor C Crighton

Grade winners L-R P Ryder, I Howe, R Clarke & M McDonnell

The shoot programme competition for May was not even shaken by local members so therefore this will jackpot to \$900.00 for the June competition day.

The club would like to remind ACTA members that their club's annual two day competition will be run on Saturday August 6 and Sunday August 7 this year.

Southern Cross Skeet Carnival

This carnival is to commemorate the loss of the Lady Southern Cross. The world's greatest aviator Sir Charles Kingsford Smith and co pilot John Thompson "Tommy" Pethybridge lost on 8th November 1935 off Aye Island in the Gulf of Martaban, Myanmar formally known as Burma. The Lady Southern Cross was a Lockheed Altair 8D Special 10 years ahead of its time and was built to Kingsford's specifications. This aircraft has been located by Damien Lay "History Maker International" and awaits finances to recover this piece of history. History Maker International has produced 75th Anniversary Commemorative Release, commemorating the lives of Sir Charles Kingsford Smith and Tommy Pethybridge. The memorabilia can be viewed at www.historymaker.net.au. Damien Lay invites you to become a History Maker.

203/250*

This is the first time that Paul & Leonie have won O/A H/G at the same Carnival.

Thank you to the shooters for making the effort to travel and compete.

I would also like to thank our sponsors Fyshwick Firearms, Concrete Sleepers & Highland Sport, without sponsors we cannot give back to the shooters. And a final thank you very much to the CICTC staff who help run this carnival Garry & John K in the office, Rodney Shaun & JT for traps & targets, Terry & Christine for the fine food, Andrew for the grounds & club house, and Steve for his sponsorship help.

ZZ SYDNEY AUSTRALIA **Ulupna Island Victoria**

Day 1 Saturday April 30, nice sunny day
Practice started about 11am and comp started around 1pm. There were 12 starters 10 of include sweeps.

The best score of the day was Neale Guy, on fire and lucky to others he did not go into the sweeps. Overall went to John Marocci 22/25 +13 2nd Mick Tannous 22/25 +12. Scoreboard tells the rest.

Day 2 Sunday May 1, overcast day, bit tricky
Practice started at 10am, more practice than normal, as hard to see some birds. Calcutta started around 11.30am Norm done the business, comp was on the way by 12.10pm there were 20 Starters 1 x t/o 19 in normal sweeps, 15 in Super Sweeps.

Looked like the overcast day & pressure of the mighty \$ took its toll as there were only 4 clean at 1st 10 birds. Anyhow after a good day of ZZ comp, there were 2 left for the O/All shoot off -

the brothers score 24/25. Overall winner Craig Fitzgerld 24/25 + 5, 2nd Lee Fitzgerld 24/25 +4, Long Run Craig Fitzgerld 23 straight. Nice to see Kahled & mates from Sydney.

Like to give a special thanks Peter & Karen for breakfast lunch and tea and cabins. Also thanks to Neale, Horse, Elton big daddy, Colin, Craig & Lee and Family for their help.

Yours, Vince

ISSF SHOOTING

ACTA Representation on AISL

In this third instalment of the ISSF Q&A series in response to concerns by shooters we have decided to look at ACTA representation on AISL.

QUESTION: What representation does ACTA have on AISL?

ANSWER: Before answering the question it is necessary to remember the comments made by Robert Nugent in his National President's Notes in the May edition of the CTSN: *AISL exists primarily to produce medals for Australia. AISL is funded almost entirely by the Federal government, is totally independent from its members (ACTA included), and has an independent board. Whilst having to adhere to a strict reporting regime to the government, constitutionally it has little responsibility to report financially or otherwise to its members the shooting associations.*

It is useful to quickly examine the structure of AISL to make sense of where ACTA may have input into AISL management. ACTA is a full member by guarantee of the company Australian International Shooting Ltd along with Field and Game Federation of Australia, National Rifle Association of Australia, Pistol Australia and Target Rifle Australia. The NSW Shooting Association is an associate member. AISL is governed by a Board made up of five people namely:

Cheryl Arnol (President),
Glenn O'Brien,
Robert Marshall,
Sharon Reynolds and
Susannah Smith (Athletes Representative).

Please note that none of these people are representatives of any particular sport but are elected because of their personal abilities. Those with long memories will recall that

Glenn O'Brien was a member of the ACTA Executive but, under AISL rules, no Board Member may also serve on the managing executive of a shooting sport so Glenn had to resign his position on ACTA. Nominations for election to the AISL Board are called as and when vacancies occur. It is important to note that the AISL board members are elected on their own merits and not on the basis of representation of the AISL member bodies. This is the management model recommended by the Australian Sports Commission and thus effectively mandated for AISL.

The AISL Board has overall responsibility for the management of international shooting in Australia. As part of its responsibility AISL implements a high performance program and that is where our ISSF shooters have an interest. AISL have implemented what they call a High Performance Program Joint Management Charter – let's not go into the acronyms for the moment! To implement the charter, AISL has formed a Joint Management Committee which is comprised of the High Performance Program Management Committee, a Secretariat and three functional working groups. The HPPM Committee is made up of a member of the Australian Sports Commission, the AISL High Performance Manager and the AISL coaches. A number of high level bodies have seats on this committee including the Australian Olympic Committee, Australian Paralympic Committee and the Australian Commonwealth Games Association so it is a pretty high powered group. The AISL head office provides the secretariat functions.

One of the three working groups is the Shotgun Working Group and it is here that ACTA has input. The shotgun working group is made up of the:

AISL High Performance Manager
AISL Shotgun National Coach (Mr Valeriy Timokhin who leads the group) and
ACTA High Performance Representative (currently ACTA Executive Member Mrs Elaine Forward).

The shotgun working group has a range of responsibilities primarily concerned with strategic development of the high performance end of Australian ISSF shotgun shooting. The AISL website lists the following responsibilities for the working groups:

- Develop implementation plans to increase AISL and its Members coordination, collaboration, and/or integration for high performance areas specific in the HP Plan, in addition to any other proposed joint initiatives;
- Present implementation plans to HPPMC for consideration;
- Implement relevant Joint Management Business Plan priorities;
- Meet quarterly with HPPMC Committee to report on implementation progress and discuss any ad hoc management policy issues; and
- Ensure that Joint Management Business Plan priorities are reflected in all HPP Plans and Reports, Policy, Performance, and Resource Reviews with the CEO.

What this bureaucratese boils down to is that the shotgun working group is responsible for developing policy initiatives, set shoot programs, establish priorities with respect to international events and recommend training standards (including the dreaded PQS discussed in the last issue of CTSN). Please note that the selection of teams to represent Australia overseas is not the responsibility of this group. That decision is made by the HPPM Committee with input from the various advisory bodies.

Obviously it is critical that the ACTA representative on the AISL Shotgun Committee has an in-depth knowledge and experience in ISSF shooting at an international level. Our current representative, Mrs Elaine Forward, is easily the most qualified person on the ACTA Executive for this task. Elaine is an ISSF Class A Judge, a member of the AISL Judges committee, has served a term on the ISSF Shotgun Committee, is a former member of the Australian Olympic Committee and has officiated at many international events around the world including ACTA ISSF Nationals, Australia Cups, World Cups, World Championships, Commonwealth and Olympic Games. It is doubtful whether anybody else in Australia could match this depth of expertise.

Currently your ACTA Executive is negotiating a Memorandum of Understanding with AISL to further clarify the relationship between the two organisations and we will report on that in due course.

Good shooting!

VCTA NORTH EAST ZONE CHAMPION OF CHAMPIONS AT BENDIGO

On a cold but fine day a small but dedicated band of 24 competitors attended at Bendigo Clay Target Club on Saturday 21st May to decide the North East Zone Champion Of Champions.

After 75 Tgs of 25 Single Barrel, 25 Double Barrel & 25 Points Score there where no possibles, two competitors Tony Moroni & Phil Headon both on 123/125 had to shoot off for the honour of being this years NEZ Champion of Champions. After 15 Tgts both shooters where still clean after 30 Tgts Tony was clean and Phil was 2 points down, giving the overall win and the NEZ Champion Of Champions sash to Tony Moroni. The minor grades where decided without shoot offs.

The final event on the day was a 25 Tgt points score trophy event and Tony Moroni showed all how to do it again by dropping only 1 point.

Even with a small trap breakdown the day was over and done by 4.30.

Many thanks to those that traveled and supported the club.

EVENT 1: 75 Tgt Mixed NEZ Ch of Ch – Overall & AA grade T Moroni 173/175 2nd P Headon 171/175, A Grade 1st R McKinnon 118/125 2nd D Hansford 111/125, B Grade 1st B Moroni 114/125 2nd S Lennane 111/125.

ISSF Sydney World Cup

A large Australian contingent competed at the ISSF World Cup at the Sydney International Shooting Centre in March.

With 748 shooters from across the world converging on Sydney, it was one of the largest World Cups on record and created tough competition across the board.

With quota places available for next year's 2012 London Olympic Games, here is a run-down on how the Australian athletes fared.

SHOTGUN Women's Skeet

Lauryn Mark saved the best till last for Australia as she signalled a return to form with a tremendous performance across the three rounds of competition.

Lauryn shot rounds of 23, 25 and 22 to finish with an overall score of 70 and in ninth position. Her PQS performance however won a quota place for Australia for next year's Olympic Games.

Despite missing a six-way shoot-off for the final by just one target, the 30-year-old Victorian was boosted by the performance and can now look forward to the Arafura Games and Grand Prix event in Serbia during May.

Fellow Australians Laura Coles and Zita Dettori shot scores of 68 and 63

respectively, while MQS athlete Suzy Balogh finished on 53.

Men's Skeet

18-year-old Paul Adams was the standout performer in the men's skeet as he came within one clay of a PQS with a new personal best of 120.

In his first World Cup appearance, Paul showed composure across all five rounds, and if he had been entered in the main field, he would have finished in a tie for 18th.

Clive Barton finished on a score of 116, including a perfect 25 in his last round, while James Bolding also shot 116 and Anthony Sottosanti scored 112.

Men's Trap

Michael Diamond came within a whisker of another World Cup medal after featuring in the final of the men's trap.

Michael shot 120 across his five qualifying rounds and entered the final in a tie for fourth, before finishing fifth with an overall score of 138.

Adam Vella was the second highest ranked Australian in 10th place after hitting 117, while Nino Pedulla finished on a score of 104.

Aaron Zupanic, featuring in his first World Cup, shot 103 across the qualifying rounds.

Women's Trap

Suzy Balogh finished as the highest ranked Australian in 17th place after rounds of 22, 22 and 21 for a score of 65.

Catherine Skinner and Laetisha Scanlan recorded scores of 64 and 62, while MQS athletes Teegan McCloy and Kelly Coogan finished on 63 and 58.

Men's Double Trap

Russell Mark and Craig Trembath both qualified for the final of the men's double trap as the Aussie pair aimed for a place on the medal dais.

Russell finished in 5th place on a score of 183, and just one target away from a shoot-off for third place, while Craig ended with 179.

Nick Kirley recorded a 133, while MQS entrants Tom Turner and Steve Haberman finished with 126 and 123.

EMOTIONAL MANAGEMENT

This article is a continuation of the series on stress management and deals with emotional management. Last month's article looked at problem management as a factor of stress

management. Problem management is most effective before practise or competition, whereas emotion management is primarily carried out during practise or competition. According to Raedeke & Burton emotional management strategies must be able to handle the stress that is triggered by both thoughts and arousal if it is to be effective. Symptoms of increased arousal: sweaty palms, racing heartbeat, butterflies in the stomach, tight chests, etc, can occur when an athlete thinks negative thoughts about previous performances that lead to judgements and anxiety about the future. This stress can also occur with negative thoughts prompting elevated arousal. For example, arousal level can become elevated when we are shooting in a very important competition and we are shooting well. The fact that you are doing well can lead to highly stressed arousal levels because you become fearful and anxious about the future, which in this case is your ability to continue to break targets.

It is hard to predict when you will need to manage your emotions during a competition. The problem with emotional management is that it is usually reactive, that is, we don't do anything about it until we are experiencing it happening. What we should be developing are proactive strategies that can help athletes develop greater emotional control, lower stress levels and automate coping skills so that we can effectively deal with the stressful situations that occur during competitions. For years psychologists have been teaching clients to relax, so that when they are confronted with a stressful situation they will be able to put their relaxation skills to practise and reduce their stress and anxiety. By taking time every day to practise relaxation techniques, or using self-talk scripts emotional control can be enhanced. Positive self-talk programs can be used to remind athletes of past successes, effective preparation and their individual adaptability. According to Raedeke & Burton, these strategies will help keep athletes focused on the present, on the things they can control (task and effort factors) and on viewing problems as challenges. Reactive emotional management is concerned with maintaining composure, emotional control and mental toughness during a demanding competition. Reactive emotional management strategies might include using well rehearsed pre and post shot routine, having a mantra or trigger that can be used to increase attention but reduce arousal, centring, and focus strategies to keep you in the here and now.

Raedeke & Burton, claim that no single strategy can deal with stress from both arousal induced and thought induced stress. They claim that

effective coaches use total emotional management packages (TEMPs) to deal with both types of anxiety.

Total emotional management packages are important because they deal with both arousal induced stress and thought induced stress. By including a relaxation exercise, unwanted muscular tension and physical anxiety (arousal induced stress) can be alleviated. Further, by including positive self-talk, designed to counter negative self-talk and irrational beliefs, thought induced stress can be minimised as well.

The TEMPs need to be a systematic approach to managing stress. Firstly, athletes must be taught how to deal with stress systematically. Athletes need to be able to identify if the stress is thought induced or arousal induced. Secondly, the athlete needs to have realistic process and performance goals in place that are achievable and as personally controllable as possible. Part of this component is that athletes need to create and maintain a mindset that fosters mental toughness. That is, the athlete needs to be confident, competent, composed, positive, focused on the task rather than on them self, and optimally aroused and motivated to strive for personal bests. Next, these TEMPs need to be practised away from competition, so that they can be used when needed in the competition. If they are practised enough then when confronted with a stressful situation in a game they will automatically revert to the strategies in the TEMP. Finally, integrated coping strategies need to be available and employed when needed. Strategies might include: The Black Box techniques, centring, rapid muscle relaxation, humming or using a mantra.

As I have said above these emotional management strategies need to be practised both in and out of competition. This can be done by either total immersion (flooding) or gradual exposure (systematic desensitization). Total immersion places the athlete in an extremely stressful situation so that they get used to the level of stress typical of demanding events. Total immersion assumes that the athlete can handle, or has strategies to handle, the high levels of stress, so that they will be able to cope easily with lower level when confronted with them. Total immersion can backfire because the stress is too great and the athlete cannot recall or execute their coping strategies. Coaches need to be mindful that total immersion can impact on the athlete's level of trust with the coach, and will need to be available to assist the athlete if they are clearly in too deep.

Gradual exposure, sometimes referred to as systematic desensitization, requires the athlete to face a series of situations arranged in a hierarchy with each situation being more stressful than the one before. This should involve the athlete learning a coping strategy or relaxation and then using it to limit arousal whilst the athlete is visualising each situation. When the athlete can do this successfully by visualising, then real-life situations are set up so that the athlete can practise coping skill in the real world.

Because we are human and because we can conceptualise events, issues, problems, etc, it is impossible to be stress free. Regardless of how relaxed you are you will at some time come across a situation that will raise your stress level. Maintaining mental toughness such as being composed, confident, competent, competitive and in control and using the methods outlined above will provide you with the skills and abilities to reduce the level of stress in your sport and the impact that the stress will have on your performance.

RICHMOND RIVER GUN CLUB NEWS

Skeet

Occasional light showers and gloomy overcast conditions kept a few of our regulars away from the monthly Skeet handicap held on Saturday 16th April but the twelve shooters in attendance managed to complete the programme without getting wet.

Geoff Jacobsen won the event from Justin Hayden and Roy Warren.

The hours spent on the "Dry-Fire" simulator (obtained by courtesy of a recent "Safe Shooting" grant and a generous donation by one of our members) paid dividends for Geoff who managed to break most of his nemesis targets at stations 3, 4 and 5 for a change.

Skeet competitions are held on the 3rd Saturday of each month commencing at 1.00pm.

Trap

A number of our members and regular visitors were away at the Northern Zone Shoot/Flying Fox Carnival at Wingham-Taree and others found their leave passes revoked due to Easter Bunny duties so numbers were down on Easter Sunday 24th April, 2011.

It should be mentioned here that those who represented our club at that shoot performed brilliantly.

Tony Ryder won the handicap Kim Nealon and Tony shot over 350 targets in the Double Barrel Championship before one eluded Tony leaving Kim the overall winner and Tony the winner of AA Grade.

Mike Sullivan, Ian Sullivan and Therese Nealon were in the shoot-off for second place in B grade with Therese being successful. Mike won the B grade single barrel.

While on the subject of away performances, our Nancy Davis shot brilliantly to win the B Grade Points Score event at the Nationals

Rod Gardiner C Grade DB, Points, 75T Medley

recently with a score of 294/300. Twenty eight shooters lined up for a 25T Double Barrel a 25T Single Barrel and 25T Points Score all conducted as cash-divides,

Les Wheeler B grade 25 DB winner

Murray and Geoff Jacobsen (A) in the Double Barrel Event.

In B Grade Les Wheeler collected the fat end of the prize with 24/25 from Geoff Pringle and Matt Williamson (23/25) while in C Grade, Rod Gardiner and James Klingner shared the money with 24/25.

No possibles were recorded in the Single Barrel event. Phil Westbury and Kevin Harding tied with 23/25 in AA Steve Murray won A with 24/25 with Kerry Miller and Neil Nugent equal second on 23/25.

Dr David Hogan was 1st in B Grade with 23/25 from David Bodley 22/25. James Klingner

Dr David Hogan, winner of B Grade SB, Eq 1st Points, 75T Medley & Intermediate HG

of freshly cooked snapper, chips with fresh school prawns and salad provided by Warren and Jamie Beddoes with the assistance of Dick Powell and David Bodley but the good scoring returned in the 25T Points Score event after lunch.

Kevin Harding in AA, Kevin O'Brien and Geoff Jacobsen in A grade recorded the perfect 75/75. Dr David Hogan with 72/75 (3 second barrels) and Jamie Beddoes (24 single barrels and one missed target) shared the money in B Grade, while Rodney Gardiner

and then 20 pair of Deauville Doubles (drawn partners) in a somewhat relaxed atmosphere.

Possibles were shot by Phil Westbury, Ray Turner (AA) Steve

Zachary Smart Junior winner with VP Phil Westbury

streeted the field in C grade with 74/75. Mick Allott was 2nd that grade with 65/75.

Twelve pairs contested the 20 pair Deauville Doubles where AA and A graders were drawn with B and C Graders. Kerry Miller and Rod Gardiner were the only pair to shoot the 20/20 and took away the prizes provided by the Easter Bunny. Kevin Harding and David Harding were just one point away as were Steve Murray and Jamie Beddoes.

Club Secretary Geoff Jacobsen was not the proudest person on the range because he finally managed some decent scores after a long dry run, but because his 12 year old grandson, Zac Smart, a junior member of the Gold Coast Clay Target Club, was presented with his first clay target shooting prize by Vice President Phil Westbury after a creditable performance at just his second competition shoot.

Easter chocky's for the 75T aggregate went to Kevin Harding in AA who also collected the High Gun tankard (122/125), Kevin O'Brien 121/125 in A Grade, David Hogan 116/125 in B (and Intermediate High Gun) and Rod Gardiner 115/125 in C Grade.

Ron Field Side by Side Challenge

The Ron Field Side by Side Challenge will be conducted as an optional 25 DB event from 16 metres after the conclusion of the programme shown in the NSW Blue Book at our monthly shoot on 26th June. One of our newer and most enthusiastic members, Ron has issued a challenge to all comers to dust off the old side by side and shoot some targets the way Grandfather used to.

Wangaratta Clay Target Club

Top Performances in May's DTL

Wangaratta Clay Target Club held its May down the Line Championship shoot on Saturday 21 at the club's North Wangaratta range. A good attendance of 45 clay target enthusiasts guaranteed an exciting days shooting activities, with a pleasing roll up of both Junior and Lady shooters present. The weather conditions were ideal and with lots of hot food available from the clubs canteen managed by the Vine Hotel, the day finished on a high note.

*Back L-R Ben Vogelzang, Peter Cavedon, Keith Willett, Shawnti Coolahan
Front Vilya Vogelzang, Ben Antonello, Bailey Vogelzang, Robert Hosking, Josh Moore, Abbey Coolahan*

The club held a 50 Target Double Barrel Championship. event first, with Robert Hosking returning an enviable tally of 146/146 with 2nd in AA grade won by local DTL enthusiast Keith Willett close behind on 145/146. Peter Cavedon won A grade with 49/51 and 2nd place by David Luelf on 48/51. Junior champ Bailey Vogelzang was too hard to topple in B grade, shooting 49/50, an excellent result. Veteran shooter, Harry Stolpe from Wodonga returned a score of 52/54 winning 2nd in B Josh Moore took out C with 46/50 and 2nd by lady top shot, Shawnti Coolahan on 45/50.

The 20 Tgt Bob Barron Memorial Handicap event, held yearly in

recognition of the late Bob's untiring efforts in maintaining the grounds and club house over many years was taken out by Shawnti Coolahan, on a perfect score of 29/29. The high degree of shooting skills that Shawnti is demonstrating at present should guarantee her many more wins in the future, and probably a grade change! Ben Vogelzang shot well again winning 2nd on 28/29 and 3rd place by Ben Antonello with a tally of 23/24. Well done Ben.

The Overall High Gun was won by Ben Vogelzang 79/80, Juniors by Bailey Vogelzang 77/100, Veterans by legendary shooter Bill Iles 75/100 and ladies, Vilya Vogelzang.

CONDITIONS OF ENTRY

NATIONAL SPORTING CLAYS CHAMPIONSHIPS

1. Proof of association membership must be shown. In the event of any shooter not being able to produce his/her Handicap Card, a duplicate shall be issued for the duration of the National Championships. This card will then be forwarded to the Club Secretary to enable scores shot to be recorded. Note: A \$20 fee will be charged for the issue of any duplicate Handicap Card.
2. Squads of 5 shooters to shoot 100 targets in four rounds of 25.
3. The Organising Committee will decide the order of shooting.
4. Skeet or Trap targets will be thrown, as well as mini, midi battue, rockett rabbit or flash or any other sporting clay target approved by the Association. Target type for any stand will be at the discretion of the shoot official, but shall number five (5) in total.
5. Shooters will be squadded as per ACTA rules and regulations and any interpretation of this will be the responsibility of the Tournament Director.
6. Each shooter is to take enough cartridges to shoot at 25 targets
7. Shooters who fail to appear in time for their squad may be re-squadded towards the end of the event, but this is not guaranteed and non-participation is a possibility.
8. Should a shooter being late for his squad then elect to withdraw from the event he may not be eligible for any refund of nominations paid.
9. All shooters must sign the score sheet after each 25 targets. Once a shooter has signed his score sheet he has accepted his score and grade. Any score sheet not carrying the shooters signature will be credited with the lowest score recorded.
10. Any competitor will be called upon to referee and/or score throughout the period of competition. The persons' designated to referee and score must fulfill their obligation to do so. Failure to either referee or score may incur a penalty of the LOSS OF ONE TARGET.
11. Shooters will be drawn from each day's last round squads to referee and score the first round of the following day, being ready to officiate at the advertised starting time. Shooters who fail to fulfil their responsibility may be penalised one target. While replacement referee and scorers are permissible, the penalty of a loss of one target for they're failing to officiate shall be made against the officially designated person.
12. Any unauthorised shooter interfering with or attempting to interfere with the trap may be penalised FIVE (5) TARGETS.
13. All disputes must be in writing together with \$20 deposit, which is refundable subject to the appeal being upheld.
14. All disputes and deposits must be lodged with the Tournament Director, who shall arrange a hearing with the appointed jury.
15. Any eligible competitor paying nominations is entitled to receive awards in the Open section, Womens, Juniors or Veterans section, however the overall winner cannot take any section prize.
16. A minimum of three persons must compete in any Grade or Section, including High Gun before sashes, medals trophies and/or cash are awarded, irrespective of nomination paid.
17. Nominations will be by pre-nomination, and only if nominations do not reach the maximum entry of 120 will nominations be taken on the day. Nomination if taken on the day of the event will incur a extra fee of \$25.00. Nominations will close daily at 10.00am.

2011 Trap Hall of Fame Dinner

During the recent Trap Nationals we held the Trap Hall of Fame Dinner. This dinner recognised a number of outstanding performances by Trap shooters in the previous year. The dinner was attended by over 120 people at the Wagga Wagga RSL Club for a most enjoyable and social evening. The night also saw the presentation of the Doug Smith Medal to the winner, Glen Hayden and the induction of two new members into the Hall of Fame.

Glen Hayden and Marc Crimmins

The MC for the evening, Russell Mark, welcomed guests and introduced the National President of the ACTA, Robert Nugent. After the President had addressed the audience Russell introduced the winners of the Grand Slam awards. The winners for 2011 were Glen Hayden, Marc Crimmins and Matthew Patmore. These shooters received well earned applause for their performances in shooting a 50 break at 25m, 50 break in double rise and a 400 break at 15m. Socrates Pilipasidis (aka Sox) was then asked to present the long break awards. The winners for 2010 were

Craig Fitzgerald with Terry Walls and George Barton representing Tom Turner

Terry Walls for the 15m with a score of 609, Tom Turner for the 25m with a score of 100 and Craig Fitzgerald in the double rise with a score of 106.

Col Witt congratulating Glen Hayden

Col Witt was invited to present the award for the 2010 Doug Smith Medal. The finalists were Craig Bentley, Ray Collinson, Arty Del-Ben, Glen Hayden and Darryn Nicholls. A presentation highlighted the performances of these shooters in 2010 and it was quite clear why these shooters made the shortlist of finalists. Following his announcement as winner Glen Hayden talked about the importance of winning this Medal to him personally as well as the quality of the field he was able to beat in winning the medal.

After the main course we returned to hear Mark McInnes provide

some historical information on the life of Jack Sutherland or "Calrossie" as he was known. The audience was astounded at the performances of this man and the respect with which he was held Internationally as well as in Australia. Some of his shooting feats were truly amazing. Mark had on hand a number of diaries which Jack had kept and been lent by his family, who were present for the induction. Jack Sutherland lived from 1878 to 1968 and is a worthy inductee.

Cameron Sutherland, a grandson of Jack Sutherland, received the certificate of induction on behalf of the family.

Mark McInnes with Cameron Sutherland

Russell Mark then introduced Craig Bentley as a fellow inductee and invited him forward to put his green jacket on. Ray Mack was invited to talk about Craig's career and the highlights and Craig responded. A standing ovation from the audience was a clear indication of the support for the inductee and his selection.

There was only one further piece of business for the evening and that was to announce the new joint Patron of the Association. Kay Hull was invited to the stage and Glenn Woodhatch to introduce her and make a presentation. Glenn had been President of the Association shortly after it's move to Wagga Wagga and talked about the ongoing support provided by Kay, both as a Councillor and then as the Member for Riverina in helping the Association to set up in Wagga Wagga and with the ongoing development of the National Grounds.

Following this Hall of Fame Dinner it is hoped next year's will be bigger and better. Look forward to seeing you there next year.

Success at Cowra and Goulburn

Dave and Leon bring home the bacon from Cowra

Two Goulburn shooters, Dave Price and Leon Cuzner, were on the road bright and early on Saturday morning heading west to Cowra for the Annual Memorial Champion of Champions shoot. Their early rise and efforts were well worth it, bringing home the bacon. Dave and Leon both shot consistently throughout the day and into the night, with Dave Price bringing home 3 out of the 4 sashes on offer along with the coveted overall High Gun prize. At one point Dave and Leon forced a lengthy shootout between themselves with the locals looking on in disbelief. Dave and Leon drove into the night to be home for Goulburn's own club shoot the next day, of which both are heavily involved.

Above: Dave Price with sashes won at Cowra
Right: Dave deep in concentration

Don McMillan a Moss Vale shooter

The next morning Dave and Leon, were back at the Goulburn club house preparing for the day's events. With shooters traveling from Crookwell, Yass, Canberra and Moss Vale expecting the same hospitality they had received the day before at Cowra.

A gorgeous day soon had the cool morning air heating up in temperature, and competition very quickly. Almost perfect conditions saw a perfect score in the first event by traveling "A grade" shooter Matt Harris from Canberra who finished the day strongly taking out the overall High Gun. Some of the sting had been taken out of the locals with all the traveling the day before, however Dave Price still found himself up to his neck in another shoot off for 2nd position in the 50 target continental event, again coming out on top. The continental event was taken out by another traveler from Moss Vale, Don McMillan the only person to shoot all 50 targets on offer.

Marulan larrikins Max & Lyn Clarke even put in an appearance, I think just to show off Max's new zipper down the middle of his chest and to gloat about how fit he'll be on his return after having a triple heart

bypass (when the Doc gives him the all clear to resume shooting). Overall another successful day's shooting in a warm and friendly atmosphere, and a warm welcome is extended to all those wishing to test their skills in a fun atmosphere. The next practice shoot is scheduled for Tuesday night 17th May at around 6pm and the next competition day is Saturday 12 June at 12pm. For more details call Leon Cuzner on 0428 382 995.

Shooters rug up at Goulburn

Sunday's inclement weather dictated that only the most dedicated shooters were in attendance for the local clay target club's monthly shoot. In recent months 40 to 50

local and out of town shooters have come along to test and hone their shooting skills against each other in a discipline that needs concentration and consistency in all weather conditions. However steady rain had 24 shooters wrapped up in all sorts of wet weather gear to brave the elements.

For those that were game, the afternoons events were hotly contested with

Neil Privett
Overall Champion

Leon Cuzner 1st AA Grade
Points Score Championship

Kim Chiaverini (shooting) & Neil Privett (background)

a three way affair and a shoot off was necessary to decide the main event. Local A grade shooters Dave Price and Neil Privett were joined by a familiar character from Canberra George Gonzolas in a short lived competition that had George bow out after just a few targets, then Dave Price choked on a fast right hand swinging target and handed victory to Neil Privett two targets later.

Neil Privett shot very consistently having a fantastic day which led him to take out the overall High Gun trophy. The main event (50 Target Points Score Championship) with local consistent shooter and recently re-elected club president Leon Cuzner in AA Grade 1st place and Kim Chiaverini a close 2nd just 2 points behind. A Grade 1st place Dave Price and 2nd place W Murphy. B Grade 1st place B Roberts and 2nd Place G Scott. C Grade 1st place Cooper Mooney (an up and coming junior to watch) and 2nd place Paul Edwards.

With the rain subsiding later in the afternoon a relaxed round of

continental was shot in almost perfect conditions with targets flying high and low testing the dexterity of the juniors and the older blokes.

Located on Range Road just a couple of minutes from the town centre, Goulburn Clay Target Club Inc now using new Canterbury traps. For more details call Leon Cuzner on 0428 382 995. All shooters old and new welcome.

IT'S YOUR CALL by Bill McCarthy

So many of our Referees have shown some sort of trepidation when asked to referee for a double rise event. The rules are quite simple really but need just a slight adjustment from single target events.

During a double rise event, a shooter has an apparent misfire on his second target. In this instance, the shot from the barrel landed a few feet from the trap house, clearly a malfunction.

The Referee exhibited some confusion as to whether this was indeed a malfunction but eventually agreed to rule accordingly. Having so ruled, he asked the shooter to reload and fire again and to "miss with the first barrel and score with the second barrel."

It's Your Call. Was he correct?

*If you said that the Referee had erred in this case you would be quite correct. To "miss with the first and hit with the second" clearly does not apply **as such** in a double rise event.*

Firstly there should be no hesitation by the referee in declaring the poor discharge of the cartridge as an allowable malfunction. Secondly, one can only wonder what the referee was asking the shooter to do and to what target he was referring. In essence, the Referee had got it half right in that he was seeking a score from the second barrel, but at what target Obviously, he had merely

forgotten momentarily to change from a single target circumstance to that of a double target situation. Therefore, to have the shooter fire at the second target only to miss with the first barrel and score with the second barrel is absolutely incorrect.

*Under **Rule 1.07(f)**, in a situation like **this**, the result of a shooter's shot at the first target is to stand. The shooter is then required to reload two cartridges and fire again at a pair of targets to determine the result of the second shot. Commonly called a "Proof Pair".*

Now! Let's look at the Malfunction. Where, (may you ask) does it state specifically in our rules that this is a malfunction. The wad and shot had cleared the barrel so essentially there is no components of the load remaining in the barrel save perhaps for a trace of unburned propellant. So where do we get our authority to declare this sort of malfunction.

*From our general and commonsense knowledge as shooters we know that a cartridge discharge of this nature normally is due to "no powder, very little powder, or when only the primer fires etc". Hence we can confidently use **Rule 1.06(C) (ii, iii, iv and v)**. In any case there is no doubt that the shooter is fully entitled to have a fair shot at his target. The determination of what actually caused the ineffective shot is a matter of conjecture and is not important. The cartridge was faulty, hence the shooter is entitled to have it treated as a malfunction.*

CECIL PARK EASTER DTL CARNIVAL

Monday 25 April the weather was overcast but the rain stayed away. There were 85 shooters in attendance.

I have to start by saying thank you to Vince Gatt for all his efforts in arranging everything for this shoot. Thank Paul Micallef and Spiros Tourgelis for helping setting the traps in the morning, also thank you to the Junior Development Program kids that helped keeping the traps full all day these were Jack Kerfoot, Michael Annan, Brian Camilleri and Chris Barber.

Also thank you to Maria, Alyce and of course Frank Auditore for all their hard work in the office.

But most of all I'd like to say thank you to all the shooters that turned up to shoot at a very busy time of Easter especially the ones that travelled a long way to come to our shoot.

Also like to congratulate all the winners and place getters.

The Squire reports from West Wyalong

The conditions were a bit windy but over 20 shooters turned up for the Len Anderson Memorial Shoot held at the West Wyalong Clay Target Club recently.

Big winner was visiting shooter but one time resident, Brian Minos who won the Len Anderson Memorial shield. Brian was particularly chuffed with his win as he and Len had been good mates years ago in the early days of the West Wyalong Clay Target Club.

Another visitor of note was Bob Duncan from Batemans Bay who had indicated at the Veterans' Shoot in Wagga that he would be making the trip. Bob duly arrived with a number of photos from earlier years when he and Len and wives had travelled to New Zealand on a clay target shooting trip. He and Lyn Anderson and many of his mates had a great time reminiscing bygone years and earlier state shoots held at the club.

The day began with a 25 Target Double Barrel Cash Divide and Trent Jamieson, Bob Duncan, Dozer Collins, Clive Foster and Allan Drogemuller took the money in AA Grade shooting 25/25. Brian Minos and Don Turner shot 25/25 to share A Grade while James Turner, Narelle

Ambrose and Graham Duncan shot 23/25 to take the B Grade money. J Beath and Jason Anderson were the C Grade winners.

Event 2 was 25 Targets Points Score Cash Divide and Trent Jamieson and Graham Fairman shot well to with 74/75 to win AA Grade. Brian Minos was the A Grade winner from second placed Laurie Redfern. Narelle Anderson won B Grade and equal second were John Wason and James Turner. Shane Cooper, a new shooter won C Grade from Jason Anderson.

There was keen anticipation as squads were called for the Len Anderson Memorial 50 Target Single Barrel and it was Brian Minos who walked away from the traps with 49/50 to take out the major trophy. AA Grade went to Trent Jamieson 56/58 from Graham Fairman 55/58. A Grade was won easily by Wayne Ambrose 47/50 from second placed Don Turner 44/50. Keeping the name on the scoreboard was James Turner 45/50 in B Grade who defeated John Wason 44/50. Shane Cooper was enjoying his shooting taking C Grade 42/50 from Jason Anderson 34/50.

The final event of the day was the \$175 25 Target Handicap and Narelle Ambrose put \$100 of that amount in her purse shooting 26/26. James Turner got the jitters missing his first target in the shoot off but received \$50 compensation for his effort. Allan Drogemuller shot 39/40 to take third place.

Trent Jamieson shooting 170/175 was the High Gun on the day.

Lyn Anderson and her family were present during the day and it obviously gave Lyn a great deal of pleasure to present the trophies and especially the overall shield to Brian Minos.

Perazzi Ball Trap Classic at St Arnaud

On Sunday the 17th April in perfect weather conditions St Arnaud Gun Club contested three events over a full day.

Twenty-nine shooters from across the state competed in the Perazzi Ball Trap Classic Graded Championship, North West Zone Elimination Graded Championship and a Double Barrel Graded Championship.

*Peter Mills
OA winner Perazzi Classic*

The day started at 10.00am with the first event which was the 50 Target Perazzi Classic Ball Trap graded Championship. Overall Peter Mills from Frankston 47/50, 2nd Neil Morrison scoring 42/50, 1st A grade Chris Jorgensen from Callawadda/Stawell 56/61, 2nd David Bertalli from St Arnaud 55/61, B grade Russell Black from Warracknabeal 41/50, 2nd Ward Wende from Bendigo 39/50, C grade Sharon Lennane from Mornington 41/50, 2nd Dave Oates from Castlemaine 36/50.

*Chris Jorgensen OA winner
NWZ B/T Elimination
& High Gun winner*

Event 2 was the 50 target North West Zone Ball Trap Elimination Graded Championship. Overall Chris Jorgensen from Callawadda/Stawell 49/50, 2nd Robbie Williams from Frankston 51/54, AA grade Peter Mills from Frankston 46/50, 2nd Neil Morrison from Castlemaine 38/50, B grade Russell Black from Warracknabeal 44/50, C grade Bill Jorgensen from Callawadda/Stawell 46/50, 2nd Sharon Lennane from Mornington 38/50.

Last event of the day was a 25 Target Double Barrel graded Championship Overall David Bertalli from St Arnaud

*David Bertalli
OA winner D/B*

90/90, 2nd Robbie Williams from Frankston 89/90, A grade Rob Jorgensen from Callawadda/Stawell 31/32, 2nd Bill Jorgensen from Callawadda/Stawell 28/29, B grade Sharon Lennane from Mornington 25/26, 2nd Geoff Strauss from Central Wimmera 24/25, C grade Dave Reynolds from St Arnaud 21/25, 2nd Thomas Bertalli from St Arnaud 20/25.

The High Gun was by Chris Jorgensen from Callawadda/Stawell scoring an impressive 119/125.

The club would like to thank the support from Stewart Gillman Internationale, J.J. Kell & Son & Radford Legal for helping to make the day a success.

Blackwater Annual Shoot

21st & 22nd May 2011: Grey skies threatened the shoot and made the conditions interesting with the changing light and wind conditions. Some very good scores were recorded and a number of shoot offs were conducted to determine the winners of most events.

Coalfields 100 winner

The coveted event of Jellinbah Mining \$1000 Cash Handicap was won by Alex Dallas off 23.5 metres after a shoot off with Peter Molle on 18 metres in second place and Toly Volkoff in third and Shorty Moore in 4th place. Great shooting.

Our major event as always is a favourite to win and the

New South Wales ZZ State Title

**Cecil Park Clay Target Club
Sunday 17 April 2011**

Weather fine, patchy clouds all day, considering day before raining most of the day. Nineteen competitors turned up. Good to see some visitors like Bobby Lambeveski who borrowed a gun from myself as Jetstar air lines would not let Bobby take a gun on board from Victoria, and Joe McGinty & Tony Beirne visiting from U.S.A.

Khaled Mahfouz OA winner

Anyhow the show got on the way. The birds were flying good most of the day as there was no wind, After the first 10 birds there were 3 shooters clean, Bobby Lambeveski, Josh Bell, Khaled Mahfouz. It was good to see some new shooters having a go, like Sam Rehayem & Khaled Mahfouz.

Graded HG winners

Coalfields 100 Double Barrel which is now sponsored by Curragh Wesfarmers was certainly hotly contested with two shooters shooting 99/100 in the event. Alex Dallas won the event after a shoot-off with Daniel Collins who shot extremely well for the weekend and also took out the Overall High Gun. Daniel is shooting very well and at the State Carnival was the State Double Rise winner. He also won this event after a shoot off with Don Berrie in nearly twilight conditions as the sun was on the way down and targets two in the air were hard to see.

A big thanks to all who assisted with the running of the shoot and contestants who are rewarded with the trophies sponsored by our generous sponsors.

Full results follow.

Have you *really* taken the time to **TEST** the **FLIGHT** of the *clay targets* you shoot?

CORSIVIA clay targets have been aerodynamically designed to ensure that their **FLIGHT PATH** is true and less affected by adverse weather conditions than any other clay target.

The golfball like dimples assist with a smooth airflow over the target which stabilizes them and virtually eliminates the ducking, diving and curling that are synonymous with other clay target brands.

CORSIVIA Standard Targets were used at the ISSF World Cup – Sydney 2011

The **CORSIVIA AUSTRALIAN TRAP** target, has a higher profile than the universal **STANDARD** target and is specifically designed for DTL Trap shooting in Australian conditions.

This target has the same dimple technology but the extra height ensures that the flight and visual presentation are better when thrown at the slower DTL Trap speeds.
