# The friendly target...

on the **Environment** and **Pocket!**

Developed after years of extensive research and testing White Flyer has added the **White Flyer Bio** to our product line. Realizing the sensitivity of the issues facing gun club and shooting ranges, it took over 15 years to develop a biodegradable target that would meet the needs of the 21st century. **This biodegradable target shares all the superior flight and breakability characteristics of the Standard White Flyer target and is available in all orange, orange dome, black and all white.** The **White Flyer Bio Targets** are held to the same strict performance requirements as our standard targets and function in both hand set and automatic traps. All White Flyer Bio Targets will biodegrade at least 95% within two years, depending on rainfall or contact with moisture into elements found in nature.

While most competitor's environmental targets come at a higher price, White Flyer offers these targets at significantly lower cost which makes it a win for your club and the environment. A safer alternative to targets made of "coal tar pitch" currently offered by some companies.

Try White Flyer Biodegradable targets, you will not be disappointed.

- NO COMPROMISE IN PERFORMANCE
- AMAZINGLY COMPETITIVE PRICE

## National President's Notes

**Change.** Some people embrace it, others loathe it. It is however inevitable. Many people over the years have resisted change for the sake of their own comfort zone – I am no different. However to progress as an organisation or the business of clay target we need to try different ideas. Some changes will work and others may not – but unless new initiatives are tried the organisation will stagnate. At the recent DTL Nationals several changes were tried and are now being assessed as to their effectiveness or otherwise. Those that were unsuccessful will be changed.

At the DTL Nationals I also had the opportunity to speak to numerous competitors, families, sponsors and traders. Their input is extremely valuable and will be taken to the next Executive Committee meeting to discuss and incorporate where possible. I thank all of these people for their time and include some of the ideas below that were suggested.

I am not saying that these will automatically happen, or that any or all will occur however this forum is a starting point to progress members' ideas.

**National Grounds:**

Scorer, referee and spectator stands to be covered.

Laser level car park areas to increase drainage.

Better configuration of caravan sites including sizing.

Tables provided at each layout for competitor equipment.

More spectator seating.

Traders area to be covered.

**National Championships:**

DTL Common mark shooting to be 18 metres for National Carnivals.

All events at National Carnivals to be 100 targets all shot at the one layout. (5 minute break between 50's).

DTL competitors shoot in brackets of 5 targets at each stand.

Consideration to reducing grades at National Carnivals. Whether should only be open to AA and A grade shooters only.

Sponsorship for all overall prizes. (as example 'Team Highgun').

Double Barrel event to be continued into the evening on day of competition under lights.

**General:**

Common mark shooting to be brought back to 18 metres for all ACTA events.

Handicap to be returned to minimum mark 12 metres.

I reiterate, these are members' ideas and some have merit. If all members could discuss at club, zone and State level, and give your input to your State Delegates it would be greatly appreciated. Consideration needs to also include State legislative requirements relative to the handicap mark, layouts that have been developed on a smaller template and no marks laid forward of 15 metres at some clubs.

As always, there is no way that any National Championship can be conducted without the assistance of volunteers and staff. Thank you to everyone that assisted in any way for your commitment and valuable contribution. The office and ground staff in particular I single out for their professionalism and a thank you is extended from everyone that attended.

The next National Executive meeting will be conducted in June in Wagga Wagga being preceded by sub-committee planning meetings. These planning meetings will determine the course that the ACTA will take in 2015 and beyond.

The Annual General Meeting of the ACTA was conducted during the National DTL Carnival and I thank everyone that attended. A reminder also that all members are invited to attend. At this year's AGM a presentation was made by a member relative to the structure of the Executive Committee and as the President I thank the person that did so. The Executive Committee presently comprises two members from each State and Territory (the ACT presently is represented by the NSW Clay Target Association), making 14 members. There is also the President (Chairperson – currently myself). The presentation requested that the ACTA consider an elected or appointed "Board" to be the overarching organising committee with no more than 5 - 7 members. This Board would consist of professional executives, (as example), persons with legal, accounting, sponsorship, marketing, government or other required skill sets. As such there is merit in this structure as it would give an opportunity for sponsorship, marketing, grants, further progression of the organisation and increased revenue. The present Executive Committee would continue to be involved at the sub-committee level, representing the interests of member clubs. This will be discussed in June at length as it will take constitutional change that involves all members.

Continued on page 2

I also look forward to next month for the conduct of the Skeet National Championships and if you are considering attending please do so. It is a great event and I look forward to seeing you there.

Relative to members initiatives I have an 'open door' policy relative to discussing issues and ideas relative to the ACTA. If you wish to contact me, please email at [president@claytarget.com.au](mailto:president@claytarget.com.au) or phone me on 0439 584 531 to discuss your ideas to progress the association. They are always welcome.  
Stay safe!

## Executive Officer's Report

Firstly, congratulations to Laetisha Scanlan on her gold medal win at the World Championships in Arizona. What a fantastic achievement. On behalf of the ACTA I wish to pass on our congratulations. Catherine Skinner also produced another sterling performance in taking out the Bronze at the same event. The healthy rivalry between the girls in terms of results will ensure they drive each other to reach and maintain these lofty levels. I talked to Laetisha and Catherine in Perth at the Nationals and they have agreed to assist us in promoting the ACTA and Clay Target Shooting. We will be looking at developing further our promotional activities at the National Executive Meeting in June. Michael Diamond has again shown the form that has earned him six Olympic appearances and two gold medals by winning the silver medal in Arizona. The signs look very good for our athletes selected in the upcoming Commonwealth Games team.

The National Skeet Championships are being conducted from Sunday the 18th – Saturday 24th May at the National Ground with the added incentive of selection to attend the NSSA World Skeet Championships in the USA later in the year.

The National office is very busy delivering a number of major projects to take the Association forward. The new data base and website is approaching completion with a great deal of time spent with the developers to ensure we have the right Customer Management System. This is a very detailed process and one that takes a great deal of time to develop. The implementation phase will consist of staff from the supplier APT attending the National Office to instruct the staff on the program.

This in itself will take days at a time to introduce this new system. Following on from our induction we will seek to bring State Secretaries in to the National Office to train them in the Management System. We will have a variety of reports to make everyone's life easier, they will include reports by club, zone, age, sex, discipline, membership years, junior, senior etc.

The ACTA has just completed a joint venture with a National organisation, the "Stone the Crows Festival" who took over the National ground for 5 days over Easter. So impressed with our facilities and our co-operation they are looking at securing a five year deal, initially with the potential to make the ACTA National ground their permanent home base.

The organisers will be back with the World Disc Bowls Championships in October. This new joint venture may also lead to enhanced funding opportunities in the future as we become a multi-purpose facility. We are all conscious that these extra activities do not interfere in any way with the core business of the Association, in fact the organisers have offered to have an introduction to clay target shooting as one of their activities in 2015.

The Annual Meeting of the National Executive will be conducted from 19th -21st of June at the National office. If you have issues you wish to bring to the attention of the Executive then these items need to be submitted through the appropriate channels, Club, Zone, State to State delegates.

The eight sub-committees will meet to set the platform for the future direction and development of the Association. This is a extremely important meeting with those on the Executive providing the direction for the future. Each sub-committee is responsible for setting their agenda, then at the meeting detail recommendations to the full Executive. The strategic and business direction is then detailed in the 2015 budget and beyond. Many aspects of the Association require medium term five year plans, with a ten year plan being a guide to where we need to be in the future. All plans need to be evaluated regularly and this then comes back to individual sub-committee Chairs to drive and evaluate performance in line with these agreed recommendations. This is a immensely important, part of the planning and delivery process.

# 2014 National Trap Championships

**National Ground,  
Wagga Wagga, NSW**

**Best presented team, Northern Territory**

**T**he 2014 Trap Nationals commenced with a great deal of rain around and more predicted. There were over 3100 entries for the week of National events, with even more from the Pre-Nationals and the Family Deauville Doubles.

The weather caused a number of problems, however none that could not be overcome with everyone's co-operation. The opening State Shoulder to Shoulder events were conducted under fair skies with the Queensland Junior team of Jackson Willmann, Adam Bylsma & Erin Stewart taking the event with 222/225. All of these Juniors went on to take significant prizes throughout the Championships. The Ladies event was won by Victoria with the team of Lisa Hawker, Renae Birgin & Megan Barnes winning with 219/225. The South Australian team of Max Leaford, Robert Andrews and Mervyn Starr took out the Veterans category with 220/225. The open State teams event was won by the Western Australian team of Josh Fleay, Luke Smith,

Terry Maloney, Neil McWhirter, Jason Olivieri with 368/375.

The official opening was spectacular event with all teams representing their States with pride. The Honorable Michael McCormack, Member for the Riverina, was joined by the mayor of Wagga Wagga, Councillor Rod Kendall, for the opening ceremony. President Allan Vilcins welcomed all shooters to the Championships and welcomed Mr McCormack and Mr Kendall. Mr Kendall welcomed everyone to Wagga Wagga and hoped they enjoyed their visit.

The best dressed team was the Northern Territory. The shield

was presented by National President Allan Vilcins on behalf of the donor, the South Australian Clay Target Association.

The Mayor, with the assistance of George Barton and Adrian Cousins, then fired the opening shot (clean hit) of the Championship. Following the shot the Mayor was keen to see if he could nominate for the first event on Monday.

The Charles Sturt University Media team was another innovation to the Championships that proved to be a valuable tool for the Association. The coverage locally was great with many angles being covered over the event. See

our website for thirteen separate stories. This is a learning curve for us and the Media unit with results to be analysed and future plans developed from this venture.

## **2014 ACTA TRAP NATIONALS ACKNOWLEDGEMENTS**

The ACTA would like to thank all of our sponsors: Casella Wines for their continued support along with, Beretta & Mackintosh sponsor Perazzi, Winchester, Australian Sporting Arms, Winchester (Vivaz Targets), pcmenviro, Mialls Gun Shop. The support of these valuable sponsors is very much appreciated by the ACTA and the shooters.

Many thanks to all the ACTA office staff - not only were they at the National event, they were also continuing to run the National Office.

Thanks also to Fred Rapley and Gary Hayden (Tournament Director) who were out at 6.00am every morning setting traps and ensuring everything on the ground was in readiness for the start of each day, Fred was also the last to leave and close up the compound at 6.00pm. David Jocelyn was also in early every day and left late after loading for the next day. The Trappers as always were on hand to ensure the event was conducted smoothly with minimal disruption for filling the traps. Jim Shepherd not only worked the office with the ACTA staff and Glenn Woodhatch, he was also the photographer providing the pictorial diary which is so important to the shooters, magazine and the history of the Association.

Leanne and Arthur Turner catered for the shooters and others in attendance, again a very long day, being there to provide breakfast options and the shooters' BBQ on Thursday. The Wagga Gun Club provided the bar for the week, which was well patronised from late afternoon through to presentations.

To Frank Auditore, who handled the squadding and scoring, a big thank you. Once again we saw the benefits of Frank's computer program and Frank in running the program. The Championships would not have run in such a professional manner without the input and foresight of Frank. He spent many days leading into

the event, assisting the ACTA in setting up the pre-squadding. His Shootmaster program was able to supply squad and shoot time details which made shooters aware of when and where they were shooting.

The handicappers, Mal and Helen Dyson and Ray and Anne Peatling, ensured that books were up to date prior to the events. Where handicaps were incorrect or incomplete they were able to calculate the handicaps, allowing shooters to shoot in the correct grades and with the correct handicap.

Once again we had the services of Daryl Stevens and Joe Camelleri with his stockmaking and repair services.

Ian McGeogh was also in attendance to look after problems with guns during the week. Ian's experience enabled shooters to get back on the track with their own gun more often than not.

A huge thank you to Shoot Marshal, Adrian Cousens, and Gary Hayden, Tournament Director. The hours these people put in can never be underestimated.

I previously mentioned the ACTA staff for their work in the events office. Their efforts with nominations and Hall of Fame Dinner were greatly appreciated.

Finally, thank you to the traders who provided their services at the event. It was great to see a carnival atmosphere and friendly people.

The ACTA National Executive appreciate every contribution right through to the scorers and referees who gave up their time as volunteers to ensure a successful Trap Nationals.

## ***Sydney 2014 SSAA SHOT Expo Builds off Melbourne's 2013 Success***

**A new venue which offers free parking and 120 confirmed exhibitors should see more than 15,000 attendees through the doors over the weekend of 21-22 June for the 2014 Sydney SSAA SHOT Expo.**

The bi-annual SSAA SHOT Expo will be hosted at the Gardens and Events Centre in Rosehill. This year the show has been expanded to accommodate larger stands. This combined with massive exhibitor support should see New South Wales attendee numbers skyrocket over the weekend of the show. It should also result in plenty of shooting and hunting related business for both attendees as well as exhibitors.

"We are excited to be working with the Exhibitions Group in 2014. This year's Sydney SSAA SHOT Expo promises to be bigger and better than ever before and it is great to see not only those that have supported the event in previous years but the array of new exhibitors in the Expo."

*Diana Melham - SSAA NSW*

The event organisers are being fully backed by all the Australian distributors and larger retail outlets within the hunting and shooting fraternity with a push to make this year's Sydney SSAA SHOT Expo one of the biggest thus far.

This year's Expo will host a number of interactive exhibits where attendees can participate at the indoor rifle, pistol and archery range, licensing and safety testing and many other exhibits. There are also some new attractions such as the Working Gun Dog Display, on-stage talks on

equipment, gear and techniques, free displays and demonstrations including cooking.

A large prize pool has been put up by exhibitors with 10's of thousands of dollars worth of give-aways which also includes two hunting trips plus heaps more of prizes to give away over the weekend.

The kids have not been left out, with a jumping castle and face painting offering fun and entertainment for the whole family.

There has been many hours spent by the Exhibitions Group working behind the scenes to make this year's show bigger and better than past years. Thanks to the Group's hard work, the show is being fully backed by all of the leading hunting/shooting related publications, magazines and media services across the country. With thanks to the SSAA publications, Sporting Shooter Magazine, Feathers & Fur, Beyond The Divide, Australian Deer Hunter and the Australian & International Trophy Hunter magazine, plus many more, they are helping keep their readers and views up to date through marketing and media releases for the show.

The line-up of exhibitors is impressive. Available booths have filled up very quickly. Attendees will be greeted with a massive selection of merchandise from optics, clothing, and accessories right through to out-fitters and taxidermy.

All of the major firearm distributors will be present so that attendees can visit their booths and handle some of the current and newly released models of firearms to the market.

Tickets will be available online by visiting the SSAA SHOT Expo's website [www.shotexpo.com.au](http://www.shotexpo.com.au) and at the door on the day.

Tickets are priced at \$25 per adult (children under 16 free but must be accompanied by a paying adult) Family Ticket: \$40.00 (2 Adults and 2 Children under 16) and there is also special pricing available for SSAA Members.

The location of the event is at the Gardens and Events Centre, in Rosehill which also includes free parking. The Event Centre's facilities are excellent offering more than enough parking space for the attendees who choose to travel to the venue by car.

# ACTA NEWS

## NSW FIREARMS

Leading into the Trap Championships there was some confusion regarding the requirements for the Arms Fair, with the assistance of NSW Firearms branch we were able to clarify the requirements and conduct a great Arms Fair with a variety of traders.

It is also well known that different States have different Laws in relation to ownership of guns and the use of firearms. It is every member's responsibility to know the rules and regulations of the State when going to shoot at an event. I am pleased to say that all members managed to accomplish this mostly in good time, some took a little longer. One of the most important components of NSW Firearms requirements is to have to show your licence when attending a shoot, and having your licence on you at all times.

The NSW Firearms branch had Range Inspector Dick Oakley and Manager of Registrations and Ranges John Howcroft in Wagga on Friday of the event. They were in the area on other business, however made an effort to get to the National event to introduce themselves. Local Acting Sergeant Michelle Steele, also from Licencing at the Wagga Local Area Command, also attended the event on Saturday.

## SKEET CHAMPIONSHIPS GETS TRADERS' AREA

Traders/sponsors have worked with the ACTA to provide services to the National Skeet Championships for the first time.

Beretta, On Target Sporting Arms, Krieghoff, Perazzi, Hunts Shooting Supplies and Winchester have all confirmed they will attend the Championships from Sunday to Wednesday, providing their services to the many skeet shooters in attendance.

The ACTA would like to thank all of those traders for their co-operation in ensuring the Skeet Championships are catered for. Many of these sponsors were at the Trap Nationals providing services to the shooters at the Championships. The traders have gone out of their way to support the Skeet event, let's hope they get the support they need to do it annually.

## GROUND IMPROVEMENTS

I must say what a great week of shooting (even with the rain), however it made the ground a very wet and muddy place to be. Most people took it for what it was. 52 ml of rain would test most country sporting venues. The ground is under constant improvement. In the past 5 years the ACTA has purchased and installed 9 new grandstands, an amenities block (with further amenities to be added to this block), carparks, BBQ area, an electrical upgrade, new powered caravan and camping sites, further machinery including a forklift and in conjunction with the Wagga Gun Club, a new kitchen and bar. We have a way to go however with a new 5 year plan to be implemented. We are heading in the right direction. We have had Craig and Paul Mitchell from pcmenviro also offer their expertise to ensure we can improve the drainage on the ground. This in itself is not easy as the ground is situated on a flood plain, so we are governed by Law as to the changes we can make.

## DISAPPOINTED

I was extremely disappointed that someone found it "fair game" to steal the 2014 National Trap Flag!!!. So if you know the "trophy hunter", you also know they stole it, what else do they steal???

We also had a person (for the want of a better word) who decided to use the ladies showers as a toilet on Saturday night. What a disgusting grub!

On top of this, on a personal note, following presentations on Sunday someone obviously thought I would not need my sunglasses anymore. They were left on the presentation table whilst we finished taking the Perpetual trophies back to the office. Brown Ray Ban Wayfarers with black arms, very rare, perhaps the person may like to return them to the National Office. I would like to think they took them to ensure they were safe and not get damaged. If that is the case thank you.

# The Squire reports from West Wyalong

**Graham Duncan had been out with his ride on mower and had the grounds looking pretty good for the March monthly shoot at the West Wyalong Clay Target Club.**

Although 50 Trench targets had been programmed to begin at 10.00am the underwhelming lack of interest meant that a few locals keen to have a shot had a couple of rounds of targets only.

The Central Zone Trench shoot was to follow on the fifth weekend in March and it was thought a few visitors may turn up to get their eye in, but such was not the case.

Organisers were confident of a better turn out for the afternoon Down the Line program and on cue as Lydia the Gun and Jason Anderson fired up the barbecue shooters started to line up for their repast until by start time there were four squads in attendance.

The feature event of the day was the Len Anderson Memorial 50 Target Single Barrel in honour of Len who had been an inaugural member of the club, a very keen shooter and a good bloke.

It was also a feature of the day to see Len's family, including grandchildren in attendance for the shoot.

The afternoon program got underway with 25 Targets Double Barrel Cash Divide and Narelle Ambrose, Allan Schirmer, Kyle McVittie, Don Turner, Matt Patmore and Bruce Dent all shot 25/25 and had a cut of the cash.

Rock Hudson, who had not shot at the club for years, made a return to shoot targets only and although a bit rusty seemed to enjoy himself. Welcome back Rock we hope you decide to rejoin.

It was also good to see James Turner back having a shot. James has been missing from the shooting scene lately as he seems to have developed other interests.

His mum, the Magic Lady, Sue Turner did not make it for the day but she had her husband Don, carry out the secretarial duties and although he does not look as good he did a great job with the able assistance of Tess Spada.

Round one of the Len Anderson memorial saw Craig McVittie, James Turner, Clive Foster and Matt Patmore all on 25/25 so the winner had to come from this group.

The second round sorted things out and only three shooters were required in the shoot off to decide the winner, Clive Foster, Craig McVittie and Matt Patmore.

Matt had previously won the Len Anderson on two occasions and was looking very confident his confidence was not misplaced. Clive Foster missed his seventh target in the shoot off and was followed shortly afterwards by Craig McVittie, leaving Matt Patmore a worthy winner for the third time.

A Grade had to be decided between Les Irvin and Anthony Gray on 45/50, Les missed his eleventh target allowing Anthony to take the grade.

Anthony, who comes from Canberra, was having difficulty coping with the flies but The Squire was surprised as with all the b/s emanating from Canberra from time to time that flies are not a problem there also. Graham Duncan, who was a great mate of Len Anderson, was a worthy winner in B Grade. Lydia the Gun was very pleased to take out C Grade in the event.

As always seems to be the case at a country shoot, afternoon tea was quite an event with Lyn and Kim Anderson, Jan Wyse and Narelle Ambrose making sure everyone was well fed.

The final event for the day was 25 Targets Handicap and once again competition was fierce with six scoring the 25/25 maximum. However, in the shoot off they soon dropped by the wayside leaving Don Turner and Craig McVittie to battle it out with Don being the eventual winner.

It was appropriate that Vice President, Jason was spokesperson and Lyn Anderson ably assisted Jason with the presentation of the fine selection of trophies at the end of the day to conclude another successful Len Anderson Memorial Shoot.

Spectators enjoying the beautiful day at Cowra

Fifty-eight shooters from a wide area of the State enjoyed great competition and magnificent autumn weather and all commented on the friendliness of the day.

David Crane took out the High Gun for the day with a very impressive score of 199/200. The Double Barrel 50 target event was won by Matt Schiller with a score of 118/118 after a shoot-off with Wendy Barton who finished with 117/118.

The 50 target Points Score was taken out by David Crane with a perfect score of 150/150 and he was the only shooter to get the possible. Great shooting. Local competitor, John Finn shot 181/183 to take second place in AA Grade.

The Club would like to thank all those who gave prizes and also those who donated their money to this worthwhile cause.

The Committee of the Gun Club worked tirelessly to make this event a success and they should be commended on the fine job.

# Ross Aston High Gun at Kempsey

It was a beautiful autumn day on the North Coast when the Kempsey Clay Target Club hosted their April Day/Night shoot. A good roll up of shooters was present with visitors coming from Port Macquarie and Coffs Harbour as well as the locals. Gary Bartlett, a member of the NSWGC, travelled to Kempsey to participate. Gary shoots at Kempsey from time to time. He said that he and his wife organise their North Coast holiday to coincide with the Kempsey monthly shoot. Kempsey Club extends a warm welcome to Gary and his wife and to any clay target shooters holidaying in the area. Pack your gun and come along to our shoot in between relaxing on the golden North Coast beaches. Gary was even more pleased with his visit when it was announced he had been regraded to AA Grade.

Speaking of AA Grade a Coffs Harbour shooter, Romero, shot the Coffs program clean the week before the Kempsey shoot, so all eyes were on him. Unfortunately, he didn't achieve a back-to-back clean sweep. However, he shot so well that I predict he will be moving to AA in the very near future. The Coffs Harbour contingent had a very good shoot with Ross Aston taking out High Gun 294/310, well done Ross. Barry Dray took out A Grade in the Champion of Champions 75T event.

Other event winners were 25T Double Barrel: AA Peter Brenton 25/25, A Denis Joel 25/25, B Samantha Ryder 25/25, and C Lesley Langer 24/25. 75T Champion of Champion: Overall Ross Aston 123/125, AA Peter Brenton 121/125, A Barry Dray 122/125, B Margaret Burke 118/125, C Lindsay Robson 117/125.

Night Shoot Results: 10T Cash Prize, A Phil Ryder 10/10, B Margaret

*Ted Baker & Ross Aston*

Burke 10/10 and C Lindsay Robson 10/10. 50T Points Score Night Club Championship 16m: Overall Ross Aston 139/150, A William Saul 130/150, B Ben Tyson 137/150 and C Lindsay Robson 120/150. 2 x novelty events took place whilst waiting for dark between the day and night shoots. 1st John Burke 17/24, 2nd event, Kevin Aitken 14/22.

Hopefully full results of the shoot will be published in the competition results section of this magazine.

It was all hands to the kitchen as the good Kempsey ladies put on their usual delicious home-made afternoon tea. The ladies have lunch but I would counsel that you wait for afternoon tea so that you can do justice to the fair. The ladies provided a BBQ evening meal which was, once again, top quality. Thank you, ladies.

Considering it was such a long shoot one would have expected some slight hiccups, however, I never heard one complaint or saw anything but an excellent shoot. Thanks must go to Jenny in the office and Ted for keeping an eye on the overall logistics. Phil and his two daughters are like the scarlet pimpernel, they are here, they are there, they are everywhere, filling traps, checking the lighting and generally carrying out the 101 jobs everyone takes for granted. Well Done! Ryder clan.

I know I promote the clock raffle every article but it really is worth buying a ticket. In fact buy several. You will be supporting the club.

## Tasmanian Junior Wins Wangaratta Championship

Perfect autumn weather provided ideal shooting conditions at the Wangaratta Clay Target Club for the Down The Line championship events held on Saturday 19th April. Visitors from Tasmania, Beaufort and our local region thoroughly enjoyed the facilities and friendly environment that the Wangaratta club is well known for.

The program included a total of 110 targets, which kept the shooters, on the day busy doing what they like best busting clays! The club uses White Flyer targets thrown by Gemini traps, resulting in consistently presented targets that shooters appreciate.

The 10 target single barrel eye opener was shared by 5 shooters. The first championship event was a 50 target single barrel and was taken out by A grader Darren Clark on 47/50. 2nd in A was Ian Towers with a tally of 48/52. Local shooter, Bruce Henshall, won AA with 46/50 just ahead of Grant Whiteley from Tasmania 45/50. Andrew Calandro won B grade shooting 44/50 with Roger Lyford taking 2nd place 43/50, Alex Wozniak shot a score of 38/50 winning C grade.

*L-R: Max Gribben, Bruce Henshall, Tony Ruvolo, Laurie Fitzpatrick, Darren Clark, Luke Whiteley, Alex Wozniak, Callum Palmer*

It was great to see junior shooter, Luke Whiteley from Tasmania, win the 50 target double barrel event. Luke shot like a true champion winning A grade and overall with a perfect result of 79/79. Alan Ford dropped one target with a tally of 70/71 placing him 2nd in this grade. Laurie Fitzpatrick who kindly took on the job as shoot marshal for the day won AA on 78/79, ahead of John Wojcik 73/74 after a shoot off. One of our club sponsors, Tony Ruvolo had a good day over the traps winning B grade on 69/71. Junior top shot Callum Parker was placed 2nd with 68/71. Once again, Alex Wozniak took out C grade with 47/50.

The High Gun awards went to Overall Darren Clark 106/110, Junior Callum Palmer 100/110 and Veteran Max Gribben 103/110.

# 2014 Universal Trench Series gets underway at Melbourne Gun Club

Universal Trench has been the forgotten shooting discipline in Australia. Having been popular in the late 70's, 80's & early 90's it was shot on grounds in Australia that included Mildura, Colac & Cobar and had a good following of shooters. In 1986 Australia produced a World Champion in Domingo Diaz from Mansfield. Sadly in Australia the event was then caught in "no man's land" with the Australian affiliate to FITASC (Field & Game Federation Australia) the controlling body of Universal Trench not having any ranges with the facilities to hold events.

The event is very popular all through Europe & South America with events in Europe having up to 600 competitors entering. It is regarded as a great breeding ground for up and coming ISSF Trap shooters to learn the basic fundamentals.

Universal Trench uses five traps per layout set in a trench 8 metres long. The front of the trench is 15 metres from the front of the shooting positions. Looking from the shooting points the traps are numbered 1-5 from the left, with number 3 aligned with the centre (no 3) station. Existing ISSF Trench layouts can be used with little or no changes required!!

The traps must be spaced 1-1.25 metres apart. Five shooting positions, 1 metre square, are arranged in a straight line, with 1.5 metre spaces between them. The targets are set to different angles and trajectories according to official 'schemes' laid down by the governing body. The maximum height (measured 10 metres from the trap) is 3.5 metres, minimum 1.5 metres. In still air the targets should fly a distance of 60-75 metres. 28 gram loads are permitted in Universal Trench.

Traps 1 and 2 will always be set to throw targets angled to the right, while 4 and 5 throw to the left. The centre trap 3 throws a straight ahead target, plus or minus up to 10 degrees according to the scheme in use. The targets are thrown in random order but programmed so that in a round of 25 each shooter will have shot at all five traps from each shooting position, making it fair to all.

Enter 2014 and a lot has changed!!!! Universal Trench (or UT, 5 Trap, Fossa Universale, Poor Man's Trench) is back!! With the support of Field & Game Federation Australia who are allowing us to conduct events on ACTA

OA winner Craig Henwood with Steve Haberman from Perazzi

layouts the event has been growing steadily and a series been put together to select a team to represent Australia at the World Championships in Lonato, Italy in August, 2014.

A selection criteria was drawn up by a group of dedicated shooters who wanted to give all who attended a fair and equitable chance for qualifying. As we compete in a sport that is relatively simple to determine a winner in that you break more targets you win, the criteria was drawn up exactly the same!!! 3 events of 200Tgts, whoever breaks the most targets out of 600 qualifies for the team to represent Australia at the World Championships with a portion of every shooters entry fee going towards a funding pool to help cover some of the costs for shooters selected. It can't get anymore simple or fairer than that!! The more shooters we have attend the events, the more funding we will have to send shooters.

Grade winners Danny Di Pietro AA, Claire Watts C, Mitch Iles A & Lachlan Holdsworth B

On Saturday 29th & Sunday 30th of March the first round of the series was held at Melbourne Gun Club with 6 squads of shooters in attendance for the Victorian State Championship. Saturday morning kicked off with dull and overcast conditions making targets difficult to see early morning. A number of good scores came in over the first 50 tgts with 25's being recorded by Todd Malone, Nathan Cassells, Mark Boyce, Alistair Scott, Brett Dunstan & Steve Trembath. At the lunch break on Day 1 we had Steve Haberman leading the way with a great 48/50.

After the quick break for lunch it was back to the tracks and more 25's to come in the last 50 of day 1 from Craig Henwood, Danny DiPietro, Jeff Tonna, Jack Collicoat & Charlton Vella. The leaders after 100 tgts were Jeff Tonna, Jack Collicoat & Craig Henwood all on 95/100 with Todd Malone & Steve Haberman on 94 and Danny DiPietro & Mark Boyce on 93 it was still anyone's game with 100 tgts to go.

Day 2 dawned with a bit more sun and turned into another perfect day. Scores generally improved with everyone starting to get the taste for it. Jeff Tonna and Craig Henwood continued their over -night form both recording 49/50 in the first 2 rounds to set the pace. A total of 7 clean rounds were recorded for the day by Jeff Tonna, Craig Henwood, James Willett, Nathan Cassells, Mitch Iles, Andrew Brady & Steve Haberman.

All prizes for the events were sponsored by Perazzi Australia and after the 200 Tgts had all been added up we had an overall winner in Craig Henwood on a score of 191/200. Craig was fortunate enough to win a Sabbatti 22-250 rifle valued at \$950! The sections prizes also had ammunition prizes.

The ladies prize was a tight tussle until the last few rounds where Kelly Coogan steam rolled home for a 4tgt victory from Laura Bullmore with a great score of 170/200. Juniors was won by a shooter who's name we will be hearing a lot more of in James Willett who like Kelly also had a great day 2 top scoring for the day in Open to come home with an excellent 188/200 and finishing 3rd overall!!! The Veterans prize

David O'Sullivan

Steve Vaccaro

What a month! It seems like only yesterday that I was scrambling to meet last month's magazine deadline. Since then my own Gun Club has held its biggest shoot for the year, the Bairnsdale 400 Skeet Carnival. And the ACTA have staged their biggest event of the year, the Trap Nationals and the annual Trap-shooting Hall of Fame. And now Easter has shortened this month's CTSN deadline and sent me scrambling again just to test my sense of humour. As if I needed that after last week!

### Bairnsdale 400 Skeet Shoot

Last year we had a full field, so this year we expanded the shoot out to two and a half days to avoid having to turn away any entries. Shane Bennett was glad he travelled all the way from Dubbo as he managed two breaks in the 80s, so I'm sure his first 100 in Doubles is not far off. David O'Sullivan

shot consistently all weekend to take out the Overall High Gun. But the star of the show was undoubtedly Steve Vaccaro who posted the longest break of 133 targets straight. And this fantastic effort also shot him to the top of the leader board for the 2014 Long Break Award for Skeet Doubles.

### Trap Nationals

The only grey area over the whole week was probably the colour of the sky on some occasions, but that had to happen sooner or later. I was on a pretty handy "long run" of Nationals where neither the golf cart nor I had gotten wet and it couldn't go on forever. However the ongoing light rain, which had no accompanying wind, only turned a good background into an excellent one, as evidenced by the mind-bending scores we saw all week. I had originally intended to include a number

of working observations along with some personal opinions and suggestions in relation to all this. However, it has come to my attention that in this modern era of diminished responsibility and potential litigation, this may not be in either the ACTA's or my own best interests. Therefore I refer you to the official write up included elsewhere in this edition.

### April's Trivia Question

When George Biggs went to the Nationals in 1954 he was undoubtedly at the height of his Trap-shooting career. He'd won the Champion of Champions Cup in 1951 and was looking forward to defending his National Double Barrel Championship from the previous year (1953). Unfortunately he was unsuccessful in this quest, as history shows the event was won by John Bryant Jnr, who also went on to represent Australia at the 1956 Olympics. However all was not lost for the Biggs family as George's daughter Barbara was successful in taking out the Ladies section of our premier event that year. The first correct answer drawn was submitted by that tireless history buff from Geelong in Victoria, Mr Ron Russell.

Of course the organisers for the series have some big thank you's and mentions that need to be made for making this series possible! Firstly to our series sponsor in Perazzi Australia for their great support and fantastic prizes which make the events well worth attending. Corporate Shooting Stars who have donated \$500 for a Junior over the series to attend the World Championships. Blair Signorotto donated \$1000 for a Junior to the World Championships. Nillumbik Cellars, The Cupping Room & Arms & Ammo for donating raffle prizes to go towards the funding pool. Shane Pinner for his donation towards

fitting our team members out with tracksuits & uniforms. Clover Designs shooting vests for their support of supplying shooting jackets to our open team. Thank you to all of you the series would not happen without you.

Also big thanks to both Paul & Claire Watts for

their tireless efforts in looking after the admin side of things. Shoots run so much more smoothly with your help.

The next round will be on April 26 & 27 also at Melbourne Gun Club with the event being the 1st Australian National Title, the last event will be the SA State Title at International Gun Club on May 17 & 18!! We hope to see as many shooters there as possible.

# Psychological Skills for Shooting

Michael Kruger-Davis

## PERSONALITY DISORDERS

In the last article I looked at the personality theories with specific reference to personality traits and I finished with the sentence that in this article I would examine personality disorders and how they differ from mental disorders.

Psychologists and psychiatrists use either one of two classification systems to determine if a mental disorder or personality disorder exists. The most well known classification system is DSM-5. This is the current revision of the Diagnostic and Statistical Manual of Mental Disorders. The DSM-5 was released in 2013 and is published by the American Psychiatric Association. The other system is the International Classification of Diseases- Tenth Edition: ICD-10, which is published by the World Health Organisation.

To compare and contrast mental disorders and personality disorders it is necessary to look at the definitions of each. DSM-5 defines a mental disorder as:

*A syndrome characterised by clinically significant disturbance in an individual's cognition (thinking), emotional regulation, or behaviour that reflects a dysfunction in the psychological, biological or developmental processes underlying mental functioning. Mental disorders are usually associated with significant distress or disability in social, occupational, or other important activities. An acceptable or culturally approved response to a common stressor or loss, such as the death of a loved one, is not a mental disorder. Socially deviant behaviour (e.g. political, religious or sexual) and conflicts that are primarily between the individual and society are not mental disorders unless the deviance or conflict results from a dysfunction in the individual, as described above.*

Mental disorders come in many forms: but according to the Mental Health First Aid Manual it is a 'diagnosable illness that affects a person's thinking, emotional state and behaviour, and disrupts the person's ability to work, or carry out other daily activities and engage in satisfying personal relationships'. Basically, this is what the DSM-5 definition is, but it is in much easier to understand language.

Readers will recognise mental disorders such as anxiety or depression, bipolar disorder, psychotic disorders such as schizophrenia, eating disorders such as anorexia or bulimia, or substance abuse disorders. The impact of mental disorders can be mild, moderate and severe and it is the burden of the disease that is important as to the impact it will have on our lives, thinking and relationships. For example, we all feel down sometimes, but this does not necessarily mean we are depressed. In some cases such as during grief, being depressed is a normal response.

A personality disorder is defined in DSM-5 as:

*An enduring pattern of inner experience and behaviour that deviates markedly from the expectations of the individual's culture, is pervasive and inflexible, has an onset in adolescence or early adulthood, is stable over time, and leads to distress and impairment.*

According to DSM-5 personality disorders can be grouped into three clusters. Cluster A includes paranoid, schizoid, and schizotypal: individuals with these disorders often appear odd or eccentric. Cluster B includes antisocial, borderline, histrionic, and narcissistic personality disorders. These individuals often appear erratic, dramatic or emotional. The final Cluster C includes avoidant, dependent and obsessive-compulsive personality disorders. Individuals with these personality disorders

often appear anxious and fearful. It is difficult with the limited space to fully examine each of the personality disorders, so I will focus on Narcissistic Personality Disorder as an example as there has been considerable discussion in newspapers and magazines regarding the narcissistic nature of individuals to look after themselves at the expense of others. Gen Y and Gen X can often be labelled as having narcissistic personalities.

The diagnostic criteria for Narcissistic Personality Disorder is a pervasive pattern of grandiosity (in fantasy or behaviour), need for admiration, and lack of empathy. It needs to start in early adulthood and is present in a variety of contexts. Five of the following criteria must be present:

- Has a grandiose sense of importance (often exaggerates achievements and talents and expects to be recognised as superior without achieving)
- Is preoccupied with fantasies of unlimited success, power, brilliance, etc.
- Believes that he/she is 'special' and only can be understood or should associate with other special or high-status people.
- Requires excessive admiration.
- Has a sense of entitlement.
- Is interpersonally exploitative (will use others to achieve his/her own ends).
- Lacks empathy: is unwilling to recognise or identify with feelings and needs of others.
- Is often envious of others or believes others are envious of him/her.
- Shows arrogant, haughty behaviours or attitudes.

It is unusual for people to seek therapy for Narcissistic Personality Disorder. This is partly due to the Narcissistic Personality Disorder sufferers not believing they have a problem. Most, if not all, are unable to see the destructive damage they are causing to themselves and to others and usually only seek treatment at the insistence of relatives and friends. Anger, rage, impulsivity and impatience can be worked on with skill training. Anxiety disorders are also prevalent but the most common would be depression.

Research shows group therapy does hold value for patients because it lets them explore boundaries, develop trust, increase self-awareness, and accept feedback. Relationship therapy stresses the importance of learning and applying four basic interpersonal skills: "... effective expression, empathy, discussion and problem solving/conflict resolution."

Mental disorders are often treated with cognitive-behaviour therapy, medication and or psycho-education. Changing the way a person thinks can often make them change the way they behave: this is the basic tenet of cognitive behavioral therapy, that is, it is not the things in life that affect us but how we think of these things.

What is apparent is that mental disorders are treatable with medication and cognitive behaviour therapy: personality disorders on the other hand, are more difficult to treat because there is a resistance on the part of the individual with a personality disorder to accept a problem exists. Acceptance of the problem, effective cognitive behavioural therapy and social skills training can lead to limiting the burden of the disorder for the individual, and his/her family and friends.

## CLONCURRY GUN CLUB

APRIL 13 2014

# GE and JE DONE MEMORIAL 100 Target Double Barrel

Fine but windy conditions saw 31 shooters travel from Normanton, McKinlay and Mount Isa to join the Cloncurry contingent to battle away at the highly sought after Done Memorial Shield.

Competition was set at a high level very early in the day, with all grades only a point or two apart. The end of the day saw local shooter Steven Curley take out the coveted overall prize with 107/110 in a short but spicy shoot off with Wayne Reeves from Normanton scoring 106/110. Second place in AA went to another local Jason Tuttle with a score of 93/100.

A grade was decided with another shoot off between Dave Stitt from

Mount Isa and Jim Molloy from Cloncurry. Dave was the visitor in this case with a score of 113/116 – enough to get him back to AA grade. Jim Molloy finished second with a score of 112/116.

Floyd Johnson from Normanton took out first in B grade with a well shot 96/100. He was followed closely by Cloncurry shooter

from McKinlay Colin Muller with 94/100. This was enough to send Colin from B to A grade for the first time.

First in C grade went to Bob Bentley from Mount Isa with 91/100. Cloncurry local Matt Nielsen took out second in C grade with a score of 89/100.

A great day was had by all and thanks to the sponsors who help keep this event alive.

# Enjoyable 100 Target Shoot

For various reasons, clay target shooting at Treloar has been slow this year. Deciding to cancel the Charity Shoot for Legacy in March due largely to the distressing drought conditions was very disappointing. Bearing in mind the occupation of most members busy with feeding or watering on their farms which would mean poor attendance, it also clashed with shooters attending the World Down the Line Clay Target Carnival in New Zealand, there was no alternative but to cancel.

So it was rewarding to welcome a happy band of shooters on Sunday, 13 April, keen to knock over 100 targets during the fine and sunny afternoon.

Among the shooters who enjoyed the occasion and the venue surrounded by lush green pastures were Mike Donoghue, Rex Whitten, Ron Wakeham, Gary Carlyon, Peter Holmes, Vern Scanlon and President Noel Edlington. Mike, Gary and Peter were awarded the loot.

Still there were many apologies due to health issues, attendance at the National

Trap Carnival in Wagga Wagga or pre-Easter activities with families and school holidays.

Members have been interested in the achievements of members and friends at the Nationals. Over four competitors in the Double Barrel Championship broke over one thousand targets until Darryn Nichols broke through with a score of 1031/1031. Darryn also won this event in 2013 adding to his remarkable achievements which are too many to list. Congratulations.

# Attwood/Law Skeet Championship

## Attwood/Law Skeet Championship to Leigh Roberts

The Wangaratta Clay Target Club held the annual Attwood/Law Skeet Championship on Sunday 30 April. The day commenced with rainy conditions but improved as the day went on. A larger number of competitors rolled up this year to compete for this important local event.

Several shooters from Melbourne and other distant locations attended, including several national top grade skeet enthusiasts. The resulting high level of competition really put the pressure on some of our local shooters to perform at their best.

The club was pleased to welcome back Bill Attwood again this year to present the overall and junior high gun cups and Bill took an active interest in the day's proceedings. Bill's many contributions to further the skeet discipline, particularly to junior shooters, have been exemplary over several decades. The late Kevin Law was also heavily involved in skeet shooting and club administration and is fondly remembered by those who knew and shot with him.

Paul Johnston shot a perfect score of 50/50 to win first place in the Kevin Law Memorial Skeet championship event. Paul and his wife Leonie, are both very keen and expert skeet shooters and travel nationally and internationally to take part in their chosen sport. Local shooter David Jackel finished 2nd in AA grade on 58/59, another great result. Shepparton shooter Peter Finn put in a sterling performance in A grade with a tally

L-R: Peter Finn, David Jackel, Bill Attwood, Max Sammon, Warren Fish, Pedro Da Silva, Leonie Johnston & Paul Johnston. Kneeling: Leigh Roberts & Greg Miller  
Right: Bill Attwood & Leigh Roberts

of 49/50. Peter handles his gun like a band leader with a baton, always leading with perfect rhythm. Greg Miller shot 51/55 to take out 2nd place. Leonie Johnston had a nice win in B grade 51/55 after a short shoot off against Rob Stackhouse 50/55. Another top lady shot Jacqui Wemyss won the C grade sash 44/50, one target ahead of Warren Fish 43/50.

Paul Johnston, Bill Attwood & Leonie Johnston

The next event was the 50 target Bill Attwood Skeet Championship. Pedro Da Silva won overall and AA with a perfect score of 64/64 ahead of Leigh Roberts 51/52. A grade was well won by Greg Miller on 63/64 with Peter Finn in 2nd place 49/50. Local member Ray Stamp shot an excellent B grade tally of 49/50 to win his grade followed closely by Brendle Smarling using his nice newish Beretta with a score of 48/50. Brendle's scores have continued improving of late, he now seems to have conquered his troublesome trigger freeze problem that has plagued him for several years now. C grade marksman Warren Fish shot well on 51/58 to win the sash and Reg Phefley finished 2nd with 50/58.

Leigh Roberts claimed the Attwood/Law High Gun cup for 2014 with a final result of 99/100 and best Junior shooter Max Sammon who will now have his name engraved on the Junior's cup.

# *Phil Green Scoops the Pool at Bega*

An eager field of twenty-eight turned out for the March shoot at the Bega Gun Club's Tarraganda grounds, rejoicing in the clearish skies after the rain. Old eyes may have found the grey clouds disturbing when the clays suddenly disappeared, but it wasn't raining!

*Phil Green winner AA SB, Equal 1st AA Cont, winner A Grade 50T BT & High Gun*

The program consisted of three events, a 25 target Single Barrel, 25 target Continental and the highlight, 50 target Ball Trap.

In the single barrel, three possible were collected with Phil Green and Ray Welch in AA Grade and John Walker in B Grade being lucky. Ray and Phil held a brief shoot off to decide the winner with Phil scoring 31/31 to win and Ray on 30/31, second.

In A Grade, John Siede shot 24/25 to collect the winner's prize from James Body on 20/25 in second. John Walker confused himself and everyone else with a 25/25 for first in B

Grade, with Robert Taylor winning second place from Mario Magrin with a score of 25/26.

The 25 target Continental saw Phil Green and Phil Body shoot off for first after both shot possibles in the main event. After a further 25 targets, they decided to share first to sort out AA Grade. Once again in A Grade, the vet kept the junior under control with John Siede shooting 23/25 to James Body's 21/25. B Grade went to the consistent Dick McInnes with a score of 24/25, closely followed by Mario Magrin on 23/25.

Promising junior, Grace Gschwend shot 22/25 to win C Grade, with Mick Diss collecting 20/25 for second place.

The 50 target Ball Trap definitely sped up the post daylight saving bodies, with "behind it" being a common reaction to a missed target. Speed didn't seem to affect the A Graders too much with Phil Green nailing 43/50 to win from Ray Welch on 42/50. B Grade went to a shoot off between John Siede, Shane Platts and Brian Smith. Brian dropped out after four extra targets, with Shane and John taking another two to sort it all out. John Siede collected his third win for the day, 41/56, to Shane's 40/56. In C Grade, Dick McInnes was successful with a score of 37/50, from John Walker on 36/50.

High Gun for the day went to Phil Green with a score of 93/100 and Phil Craig graciously settled for the meat tray in the raffle, despite all the great advice he was getting from the spectators as he attempted to shoot all five targets off 25m.

## Frankston Australian Clay Target Club Zeljko Bacani Memorial Shoot and Cancer Council of Victoria Fundraiser

On Sunday 6th April 2014, the Frankston Australian Clay Target Club held a 100 Target Skeet Championship in memory of Club Member Zeljko Bacani who sadly lost his battle with cancer in 2013. Zeljko gave so much of himself to the Club and to the sport and it was an honour to host this event in his name.

A great attendance of 10 squads really made for a competitive day with some shooters travelling from as far as Bendigo and Lakes Entrance to pay their respects to Zeljko. Sascha Bacani, son of Zeljko also competed alongside those who were his Fathers shooting partners. Australian Vending Solutions and Romsey Collision donated very generous cash prizes for the day to a total of \$1700 and club members donated trophies to the value of \$800.

This day was also dedicated a 'Cancer Council of Victoria' fundraiser with \$5 from each nomination (across all disciplines competing on this day) donated, together with all proceeds from a big raffle and tea and coffee sales in the canteen. A total of \$1409 was raised with Frankston Australian Clay Target Club generously injecting an additional \$1000 taking the grand total going towards the Cancer Council of Victoria to \$2409. The support and generosity from everyone on this day was truly selfless.

Glenn Clarke (Bairnsdale) took out overall with a score of 99/100 and requested that his prize money be put towards a plaque to name one of the two new skeet grounds at Frankston Australian Clay Target Club the 'Zeljko Bacani' skeet ground.

The day concluded with a yellow balloon release to not only remember Zeljko but all those who have lost their fight with cancer. Everyone contributed to this day in their own special way.

## A Rising Star

Members of the Mornington CTC, Alex Weyermann and his daughter Bianca, are both accomplished clay target shooters.

Bianca, at 13 years of age, is already achieving competition success. Bianca came 2nd in the Junior Girls 2013 School Students Final and an indication of her ability to maintain concentration came at a recent DTL competition at the Melbourne Gun Club where she won the Ladies event with a final score of 140/150. Well done Bianca!

## Our Ladies win Again!

Victorians Laetisha Scanlan (Berwick, Vic) and Catherine Skinner (Mansfield, Vic) have again made history after winning gold and bronze in the women's trap in an Olympic class field at the 2014 World Cup in Tucson, USA.

This follows on from the 2013 World Cup in Al Ain, UAE, where they became the first Australian women to win the gold and silver medals in the same event.

The VCTA congratulates these two amazing Victorian Ladies. A wonderful achievement!

## VALE

### David Harold (Sparrow) Browning 9/9/52 - 10/7/13

Sparrow became involved in clay target shooting in the mid 70's with the Esperance Bay Gun Club and then became a big part of the Salmon Gums Gun Club. He loved his shooting and valued the camaraderie and friendship he made over the years from many of the clubs. He took great delight in encouraging others and was instrumental in bringing new shooters to the sport.

In 1987 Sparrow took out the C Grade High Gun Overall in the Nationals held in Perth, it was a good year for him. He continued winning events along the way to be still competing as an A Grade shooter in 2013. He was a highly valued member of Salmon Gums holding a number of positions over the years and contributing to such a great little Gun Club. In May the "Mallee Ton" was held at the Salmon Gums Gun Club a 100 target shoot, a shoot that Sparrow had dreamed up the previous year. This would be the last shoot that Sparrow completed in. He shot well. Sparrow and Sue were totally unaware of the behind the scenes work that had transpired to make the day such a memorable one. A combination of the surrounding clubs, being Esperance, Kalgoorlie, Leonora, Hopetoun and Salmon Gums came to Salmon Gums that day, exceeding all expectations of numbers, a total of 40 shooters to show wonderful support to Sparrow. The generosity that was shown was overwhelming and Sparrow was greatly humbled and touched. It was a great day and such a privilege to see such a wonderful spirit of love and compassion shown towards a good man.

After being diagnosed with cancer in 2011, Sparrow put up a courageous fight for 2 years before contracting pneumonia and meeting his Lord in July 2013.

Welcome to "The Back Page", I hope you enjoy this month's articles and invite you to call me to discuss our history, records, personalities or other points of interest.

### From The Past:

Trap shooting has a long history in Australia, the Metropolitan Gun club in Sydney was conducting events as early as 1850 and it is thought that the sport was flourishing even earlier in Melbourne. Information prior to 1900 is extremely difficult to find, however, with the formation of the Gun Clubs Association in 1900 and then the ACPTSA in 1936 more information is available.

The following is a list of the most successful trap shooters from 1900 to 2010 listed in the decades of their best performances. The list includes both live target and clay target champions.

- 1900's: Donald Mackintosh, Robert Grant, Arthur Eales, Lewis Clarke, PF Miller
- 1910's: William Grant, Claude Mitchell, Alan Banfield, Samuel Grant, George Coffey
- 1920's: Jack Sutherland, Barney Meadway, S Dubout, TE Sands,
- 1930's: Bill Downie, Reg Ilet, Jack Bryant, Horrie James,
- 1940's: Fred Burns, Jack McCraith, Frank

- Buckley, Horrie Donnelly, Roy Johns
- 1950's: George Biggs, Newton Thomas, Jack Blake, Sperry Marshall, Keith Veal
- 1960's: Doug Smith, Warren Charlton, Pud Burgess, Vin Ryan, Bill Stevens
- 1970's: Jim Ellis, Ken Lowry, Alf James, Neil Berry, Barry Kable
- 1980's: Jon Whittakers, Bill Iles, Russell Mark, Lynne Curtis, Arthur Turner
- 1990's: Craig Bentley, Michael Diamond, Steve Atkins, Roger Duthie, Mark McInnes
- 2000's: Glen Castellaro, Glen Hayden, Ray Collinson, Arty Del Ben, Sox Pilipasidis

### For The Record:

Arthur Turner has set a remarkable new record, he has now won state titles in each of the past 5 decades. His first state title was the NSW Points Score Championship in 1978 and his last title was the Victorian Double Rise Championship in 2013.

Sox Pilipasidis shot his way into the record books at the 2014 National championships by becoming the first 25 metre shooter to break 100 targets in the National handicap. This record has been a long time coming,

break 50 targets at the Nationals way back in 1967.

Bruce Powell became only the fourth shooter to win all three major 15 metre events at the Nationals when he won the 2014 National Points Score Championship at Wagga Wagga. He joins Warren Charlton, Newton Thomas and Jim Ellis as the only shooters to achieve this feat.

### Did You Know:

Skeet shooting commenced in Australia in the early 1930's and has been conducted since the very beginning of the ACTA. For the first 30 years it was shot "English" style with only 7 stations and a round comprising 20 targets. Single targets were shot from all stations and doubles from stations 2, 4 and 6. There were also shortened versions that reduced the number of targets shot per round.

In the early 1960's American skeet was adopted by the ACTA and the 8 station 25 target format was introduced.

State and National Skeet championships have been held every year since 1936 except the war years. Prior to 1970, the National Skeet Championship was called the Commonwealth Skeet Championship and was conducted as a stand alone event. From 1970 to 1982 the National Skeet championship was held in conjunction with the National Trap Championships and in 1983 the first National Skeet Championships were held.

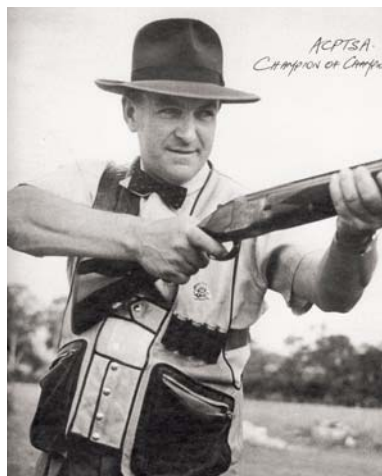

When the National Skeet Championships were established a National Skeet High Gun was introduced and since that time Skeet Doubles, Skeet handicap and 20 Gauge Skeet have all been added to the championships shot at the Skeet Nationals.

There has also been an Australian team selected at the National Skeet Championships every year since 1983. There is a lot of information available from 1960 onwards but very little is available for the first 30 years of skeet shooting in Australia.

**In My Opinion:** Our national championships should be 100 target events, so that all competitors are entertained in both the morning and afternoons of each day. I also believe that we should develop our National Trap Championships into a trade show as well as a shoot. This idea was applied in the USA and they dramatically increased their attendance.
