Presidents Notes

On behalf of the Executive, I welcome all members back for a new shooting year, and hope you have all enjoyed the festive season.

Meetings and Consultations

ISSF Nationals – Brisbane. I and the Executive officer have met with the Vice-President of Brisbane Clay Target Club, Mr. Peter Tobin and inspected the facility for the forthcoming ISSF Nationals. Olympic trap boxes are all upgraded with the latest control chips and a spare box has been sourced for the event. The grounds are in great shape and all appears ready.

With this National Championship being one of the last qualification events for Rio we are looking forward to a good attendance.

There are a lot of unresolved issues in the ISSF discipline area and I will be available for discussion during the event. I would appreciate all in attendance being aware that the officials in attendance are all volunteers and they deserve both your respect and thanks.

Field and Game Australia. Your Board and Executive Officer had a very hospitable and worthwhile meeting with the Field and Game Association of Australia. There is a report on this meeting elsewhere in the magazine.

Field and Game Federation. We are currently arranging a meeting with Field and Game Federation to discuss mutually beneficial topics, and by the time this has gone to press it is likely that we will have met with them. A report will be printed at a later date.

Office of Sport and Recreation. Vice President Rob Fox and I were fortunate to be invited to a Queensland OSR meeting with the QCTA Administrator, Debbie Young also in attendance. We were given an update on proposals for the Commonwealth Games facilities for 2018. No final decision on venue and budget for the shotgun disciplines has yet been made and at least three proposals are being considered. We hope that a real legacy remains after the event as the construction of temporary facilities for the event could leave no legacy at all.

ACTA Board

The ACTA Board has met and considered numerous agenda items. These are still to be voted on by your Executive so I cannot comment on most decisions yet. I can say that a draft constitution for possible adoption at the next AGM has been considered and is now with the Association Solicitors for redrafting and further review. It is a delicate balancing act to give all stakeholders fair representation and yet still ensure that those making decisions at National level have the whole associations interest in mind at all times and indeed the skills required at this level of sports governance.

Perspective drawings have been previewed for the new multi-function building on the National Grounds, and a decision to appoint a committee to oversee the project has been made. It is hoped that, finance permitting, the grounds will boast the new building and a total of 20 DTL layouts for the ICTSF World DTL in 2018.

The Board has decided to introduce some curfews on shooting hours at the National Grounds following noise complaints during the New South Wales State Trap Carnival.

It is in everybody's best interests to minimise the impact we have on our neighbours. Those using the grounds will be notified of details as soon as possible.

International Clay Target Shooting Federation

I am pleased to report that the Danish Shooting Union has accepted an

offer of membership to the ICTSF and has indicated it will send a DTL Team to Ireland in 2016. New countries added to the membership of the ICTSF is great for DTL shooting and I hope they will take part in the Mackintosh event this year as well.

ACTA Protection Package

We have now received clear advice that the protection package provided to all Club, Zone, State and National officials is void if we knowingly allow breaches of the constitution to occur unquestioned and unresolved. Turning a blind eye, hoping some will change their ways is no longer an option. This now leaves the Association no choice but to disaffiliate any bodies continuing in breach of the constitution. Allowing non-members of the ACTA to take part at your club on a regular basis, disqualifies them as Bona Fide visitors and is clearly unconstitutional.

The ACTA has tried to make allowance for the non-competitive shooter wishing to shoot ACTA disciplines by introducing a discounted Club Only rate. Some states have also made allowance for them by not asking for the State affiliation fee on this type of membership. Still the problem persists.

The protection provided by the ACTA to our volunteers, so they can be involved in their chosen sport without any possible impact on their personal assets cannot be jeopardised continually by the actions of a few. We will not be taking this action lightly or without attempting to resolve the issues first but we will take it when proven necessary for the benefit of the greater membership.

Shooting Australia AGM

The SA AGM recently conducted resulted in Mr. Bruce Scott being returned as a Director. The member's forum conducted following the AGM gave our appointed representative Suzie Balogh the opportunity to raise issues of concern with SA and the other member bodies. The board believes Suzie as our Coaching Director is much better qualified to represent us at these types of forums than Board members.

Reports are that the forum was quite open and lively, and we thank Suzie for attending and representing on our behalf.

Down The Line Nationals

Details of a revised program and prize money allocation for the DTL Nationals should have become widely known by now. An increase in attendance is required to justify the decisions we have made to guarantee levels of prizemoney on top of sponsor's prizes. Bring your mates; bring the wife, the girlfriend and the kids. Let's all try and make it a great week.

Australia Post Rates

A review of postal rates for periodicals such as the CTSN is currently underway. Rises in rates as high as 150% have been rumoured. A rise of this size would effectively kill the CTSN as we know it today. Postage is currently around \$11,000 a month. Being the only direct contact with our Registered Shooters it is very important to the ACTA to retain this publication if at all possible. We are in talks with other associations regarding this matter.

Letters to the Editor – Your Say

I want the membership to know that these columns still exist. We have received no letters to publish. If you have a constructive criticism, a brilliant idea, a sensible question or you simply want to thank publicly the great club you went to last Saturday, please send in your letter. We will print anything that is not defamatory, abusive, in poor taste or just plain stupid. I think the membership would expect us to refuse these types of correspondence.

Good shooting - Robert Nugent.

Executive Officer's Report

2015 has been one with many different sport and gun related issues. The Enquiry into the Martin Place siege involved the President and Executive Officer attending three meetings of industry and firearms organisations along with Border Protection, interstate Police and Firearms branches and the Attorney Generals Departments (Federal and State) as well as victim impact groups. The position of the ACTA was put forward in a submission after the first meeting. That is, we do not support any further restrictions or changes to the use of firearms for licensed shooters and gun owners. We do support the upgrade of computer software to make purchasing a gun for those already licensed to acquire a firearm of the same category easier and more time effective. We wish to see all jurisdictions in Australia (States) have rules and policies that are uniform in relation to Juniors and the carriage and safe storage of guns.

There are numerous other gun related issues being addressed by the Attorney Generals Department under a separate enquiry, the ACTA however has made representation through the forum involving us in relation to these matters. The Attorney Generals Department is looking to provide the summary of information to the Federal Minister and State Ministers in January 2016. We have made further representation to the NSW Police Minister that we be consulted before any changes to the National Firearms Agreement are put before the Parliament.

I have also been involved in the Ranges and Clubs meetings of NSW Firearms branch, obviously with the National Ground in Wagga Wagga we have a vested interest in these fields. We are working to clarify the requirement of all juniors to be under "Direct" supervision. The wording of this is of particular relevance as to what is "Direct Supervision". The NSW Firearms branch states "within a distance where immediate intervention" can occur. This currently applies to all juniors regardless of the permit and how long they have had a permit. At this stage, this is the Law and it is something all juniors and their parents need to be aware of in NSW or when visiting.

It is timely with the Nationals in Wagga again in 2016 to remind everyone of the safe storage of your guns, not only for safety reasons, it is also a valuable piece of sporting equipment. We collectively need to ensure that we protect the sport and our ownership rights. The cost of compliance is very little compared to the cost of non-compliance, not only from a financial perspective but from a sport and ownership perspective as well.

The ACTA are in the later stages of compiling the new scoring system and automated handicapping system. This will be available live on the website and also be able to be used as in excel format just to upload scores for handicapping. This is the last piece in the updating of the ACTA's data base upgrade and integration of its services. All of our services will then

progress through to the NBN allowing for faster processing of all of these services. The new renewal system has been received very well with Clubs seeing the benefits of a much more streamlined process for renewal and new registrations. All forms required by secretaries are available through the website administration login, allowing access to real time form requests. I will keep members informed of the progress of system updates.

Congratulations to the 2015 Skeet Glenn Trophy team who won the prestigious event in New Zealand with a score of 241 to 238. The Team consisted of Paul Johnston, Antony Ballarino, Nigel Hughes, David O'Sullivan and Glenn Walker. Congratulations to the team on a fine performance.

Tony Turner

Rule Interpretation

After becoming aware of some grading cards which appear to carry an excessive and inordinate amount of cross-outs, that is scores marked "not to count", we decided that it might be wise to explain how this rule is to be applied.

In Trap the Rule is:

2.04 ADJUSTMENTS

- (h) In determining a shooters grade or handicap an official may disregard any scores obviously not indicative of the shooters ability at the time of the 100 (handicap) or 200 (grading) target rule off.

Similar Rules for Skeet 6.03(h) and Sporting 10.01(u) are also included in the Rule book.

Two main reasons for misinterpretation of this Rule.

1. A mistaken belief that the shooter has the right to perform the cross-out, and
2. Cross-outs are applied before the appropriate number of targets are shot.

The only person to rule out any score non-indicative of performance must be left, as the rule states, with the appropriate handicapper or official. There may be some argument as to what exactly constitutes a non-indicative score and so far we have not been able to come up with a simple definitive answer, but common-sense should be enough for officials to make a subjective assessment of a score.

In general terms, if a score is more than one full grade below the shooter's average, it would be worth considering as a possible score to run a line through.

The second issue is when to cross out the score. No score should be ruled out before the completion of the appropriate number of targets for re-grading or re-handicapping. Once the rule-out has been affected the percentage is then calculated on the remaining number of targets within that bracket.

I have sighted some cards where there are almost as many scores crossed out as there are scores left. In this instance I might suggest that the shooter is trying to protect their grade, when in fact the choice is already there for a shooter to have their grading card marked as "prefer to remain in ?? grade".

Jim Shepherd
Rules Supervisor

If you have any questions in relation to the interpretation of a rule in our Rule Book, please send your questions to the ACTA office and we will endeavour to provide answers in the CTSN

Jackson also won the Qld Police CTC junior prize on this event as best junior.

The QCTA held its fourth Hall of Fame presentation dinner on the Saturday night of the carnival and 130 guests attended to celebrate the evening. This was a huge undertaking by the committee and members of the Townsville club who organised a massive marquee and 3 course dinner for the event. Inducted into the Hall of Fame for 2015 were Ray Collinson of Burdekin Gun Club and inaugural skeet inductees Laurie Chelepy from the Rockhampton club and Neal

Dimmick from Brisbane. Families and friends of all inductees enjoyed the dinner and evening celebrations where we were honoured to show our appreciation for the achievements of these very worthy recipients.

Each has dedicated many years of service for the benefit of our sport and we are proud to list their names on this prestigious honour board in our Hall of Fame.

by Pat Guida and Steve Haberman with a combined score of 677/700 for the weekend.

Ladies High Gun was won by Julie Allan with 327/350, the Junior High Gun winner was Mitchell Iles with 338/350 and Veteran High Gun went to Paul Hill with 338/350. The Overall High Gun was again sponsored by Beretta Australia and we would like to thank them for their continued support. The carnival winner for 2015 was Jackson Willmann from the Gold Coast Clay Target Club who took out the top honours with a score of 345/350, just 5 points down for the carnival. Jackson won the Beretta shotgun, gold Queensland badge, sash and prizes along with his name on the RACQ GIO perpetual trophy. Well done Jackson, a great win against some top competition.

Of course we would not be able to conduct these events without the generosity of our wonderful sponsors and we thank them all for their ongoing support of our State Trap Carnival. We would also like to thank Greg Chan and the Beretta Australia team for their service and assistance on the grounds at Townsville this year. Thank you also to Hunt's Shooting Supplies, the QCTA Central Zone, South East Zone QCTA, Nioa Trading & Federal Ammunition and the Queensland Police Clay Target Club for their sponsorship of this carnival. QPCTC also continues to provide financial support to junior team members and many junior shooters benefit from the generosity offered by the club. They ensured every junior took away a slab of ammo this weekend, so thanks once again

to the generosity of the QPCTC. We also thank Justin Turner from Customised Ear Protection Australia for his sponsorship this year. In a terrific initiative Justin will be providing customised ear protection in our State colours to all members of the Queensland trap teams for the 2016 Nationals. Thank you Justin, a great idea and very generous sponsorship.

The hard working committee and team of helpers at the Townsville Gun Club ensured that everyone was extremely well catered for, and the effort put in by all involved with the Hall of Fame presentation dinner was very much appreciated. Thanks also to the grounds staff, trappers, bar staff and all the members and helpers who made shooters feel welcome and able to enjoy the weekend.

The office workers did a terrific job and we are extremely grateful to Rod and Wendy Woodrow, Viv and Geoff Moore, Julie Allan, Brenda Collins and Celeste Barnes, with Kristin Williams and Glen Rea having the endless job of updating the scoreboard for us. A huge thank you to Bruce Murphy as head Shoot Marshal and his team of Ben Beazley, Dean Reeves, Jar Smaniotto and Wayne Cislowski. Ben was also instrumental in helping to organise the Hall of Fame function, and we thank Rob Hunter for his assistance also. Julie and her team in the kitchen did an outstanding job of keeping everyone fed and hydrated throughout the weekend, a very exhausting but much appreciated job. Thanks also to Rob, Terry, Mal and Geoff for their assistance with our raffles.

We also appreciated the assistance of Ronnie

OA HG Jackson Willmann with Greg Chan from Beretta Australia

Forsythe who made sure the trophies were available for the winners, and to Terry Morony and Brett Brown who assisted with prizes and presentations. Thank you also to Allan Mills who assisted with photos at the carnival.

Congratulations to all the winners and thank you to the many competitors and visitors who travelled long distances to attend our State Trap Carnival. We thank our sponsors and all those who assisted and contributed to the success of our carnival this year. We look forward to seeing you all in Roma in 2016.

VCTA 2015 State Trap Carnival

STATE SHOOTING GROUND – ECHUCA
NOVEMBER 6 – 8, 2015

The 3 day Victorian State Trap Shooting Carnival held at Echuca was the most successful State Carnival held, with just under 400 competitors collectively coming from every State in Australia. With a total of 387 shooters, it may have been the first time members of the Echuca Clay Target Club have not featured prominently in the results. A large percentage of the shooters did bring their families along, making it into an extended holiday, and that would have been a boost for Echuca's motel, hotel, clubs, shops etc.

Run by the Victorian Clay Target Association at Echuca which is now the State ground in a shared arrangement with the Echuca Clay Target Club, and with the huge amount of work done over the last couple of months by all members, the grounds looked magnificent, and would have been a pleasure for the shooters to compete on. Also with improvements totalling almost \$200,000.00, which included 12 new traps, new voice release systems, trees, Kitchen upgrade, etc, the improvements were very obvious to all.

Thursday was a day for practice shooting for anyone desiring that feature, and then three days of fierce competition, with the only down side being the reasonably strong southerly winds that would have kept some scores down, moving the targets around fairly dramatically, but gratefully the heavy rain that was forecast for the entire shoot, and it did fall in surrounding area's, somehow missed Echuca, and that was a real blessing for all the shooters, and also management.

Day one, Friday the 6th of November, and with the opening of the Carnival, which was attended by Campaspe Shire Councillor, Ian Maddison, it was then a ceremony to introduce two shooters into the Victorian Clay Target Association's, Hall Of Fame, and after a lengthy talk on the merits of both shooters by Stephen Atkins, Terry Boucher, and Roger Duthie were presented with their Hall Of Fame jackets and both duly gave their reply speeches. Congratulations both Terry and Roger! Also Bendigo member, Glenn Woodhatch, became a Life Member of the NEZ.

Event One, the **25 pair Victorian State Double Rise Championship**, and the major sponsor for this event is Winchester Australia, and the

VCTA committee is very grateful for their help in running this major carnival. At the end of shooting in this Double Rise Event, Melbourne Cricket Club CTC member Sox Pilipadis was the only shooter able to say he had shot every target, and his 50/50 score earned him the Overall Winners Sash, and the admiration of all who attended. Excellent shooting, congratulations Sox! Melbourne GC member, Mitchell Iles, scored a 78/80 securing him 1st place in AA Grade. Justin Tassone, a Mildura CTC member, collected 1st place in A Grade with a 47/50 result. Werribee/Victorian CTC member, Guiseppe Maiolo, shot a 42/50 to

Excellent shooting Justin! Justin as well as receiving \$1,500.00 in cash, also received a Franchise U/O shotgun with a value of \$1,750. Steve Traill presented Justin with the perpetual Ron Traill Memorial Cup,

a very handsome reward for some very good shooting. Lawrence Mirabella, a Frankston CTC member was the shooter that dropped his 76th target, and his 75/76 score earned him the 2nd place trophy. And the Back Marker 23-25 Metre prize went to Justin Smith, 52/52. Beretta Australia was the Major Sponsor for this event, and again their sponsorship was heartily welcomed by the VCTA committee. Nearing the end of Fridays shooting the Victorian Zone Teams matches were finalised, and winning the Open Zone Team section was the Victorian North East

At this late stage there are a lot of people to thank for their help in running this so very successful, 2015 Victorian State Trap Carnival. Firstly to members of the VCTA that run the office for the three full days and kept the shoot running so smoothly, to the members of the Echuca Clay Target Club who not only worked so

long to get the grounds to such a magnificent level, but continued throughout the shoot, looking after traps, toilets, rubbish, and a host of other jobs needed to aid the shoot. To the kitchen ladies, Dot, Helen, Heather, and all their very welcome helpers who really were needed to feed the probably 500 to 600 people in attendance. A nice surprise was the young girls who stepped up and offered their help, also thanks to Sharon from Darwin who was constantly helping. And also to Ken the Caretaker for his assistance. Thanks also to all the shooters that refereed, and scored, and finally to the trapper boys and girls who were kept very busy. An apology may be in order if I have failed to mention any sponsors; I sincerely hope I have not!

Finally to the 387 shooters and

their families that made the trip to Echuca to compete or spectate at this 2015 State Carnival. The layouts were excellent, the competition was fierce, and the atmosphere was good, the trophies magnificent, the bad weather that was forecast for Echuca somehow kept away, so all in all it would have been very hard to not enjoy this wonderful 2015 Victorian State Trap Carnival.

Cuzzo's Ramblings

JANUARY
2016

Due to the early wrap up of December's magazine, it's probably been on everyone's coffee table for longer than usual prior to this month's editorial deadline. It's certainly been there plenty long enough for me to receive a lot of comment on the column I wrote last month detailing my ideas on what I thought we should do with the timing and programming of the Trap Nationals. Surprisingly enough, most people agreed with most of the things I said, which is about as good a strike rate as you could hope for. However, obviously some people disagreed with some of the content and/or offered alternate ideas. So in order to try to be as unbiased as possible (always difficult) I offered to air as much feedback as possible his month and I'll start with the timing.

The Alternatives

To clarify the debate for those who tuned in late I'll start by reiterating the four options I saw for the date setting. 1) Move the date earlier enough to avoid Easter. 2) Stay with the first week of April and cop Easter on the chin. 3) Attempt to stay with the first week of April but move when Easter clashes, as we usually do now. 4) Move to the end of April to dodge Easter. For a start and for all the reasons I offered, no-one thought Option One had any merit, as we so conclusively proved last year. However only about half thought that Option Four (my personal favourite) was the way to go. Of the "nay sayers" most of these couldn't see a problem with Option Two and offered good reasons to allow Easter to butt up against either end of the Nationals whenever that occurred.

The Workability of Easter

There are certainly a lot of things I like about Option Two, such as the advantage of a fixed and totally predictable date and its historic precedent. Plus it also provides the potential addition of some "holidays" to the total timeframe causing less days off work to be needed to be taken. And with Service Stations and Grocery Stores no longer prosecuted for trading on Good Friday, it now makes a great travel day. Anyway, the general consensus of opinion regarding the religious consequences of a date clash with Easter were 1) In this day and age and for a variety of reasons, serious religious observance seems to be in decline, thereby causing less people to be affected. 2) Religious belief is now much more diversified than it's ever been and only those religions that fall under the Christianity umbrella observe Easter anyway and 3) As both competition and travel days would offer opportunities for church attendance and

dietary alterations, then the two agendas should be mutually compatible anyway. As a person who spends a lot of time talking to God but am not religious per se, I would have no problem with this option provided it could be set in concrete, but as we've proved so often in the past, that is very difficult to achieve.

Another Possibility

The remaining minority expressed support for an option that I was probably remiss in not initially considering and which should probably be classified as 3A. It entails still using the first full week of April as the primary objective and still retaining an option of moving to dodge Easter when this occurs. However the difference is in the fine print, which stipulates that the move can only be backwards to a later date. Although I see some merit in this idea, I like it the least of the three "workable" alternatives. First it doesn't provide the fixed and completely predictable Shoot Calendar that I have learnt by bitter experience to be such a staunch supporter of. And second it shares the problem of Option Two above in that it cannot be guaranteed to be cast in stone.

Risky Business

And that is what really scares me about either of these two options: the fact that their association with Easter will periodically cause their implementation to come up for debate. Add to this the fact that the ACTA's current system of governance shares one of the unavoidable pitfalls that any democratically elected system provides: a constantly changing presence of representatives with varying degrees of experience, knowledge and astuteness. Therefore it is inevitable that sooner or later inexperience and dim memories will allow the lessons of history to be lost and we'll be right back where we started. That alone is enough reason for me to push for the last week of April and put the whole issue out of the danger area. Anyway, as I said last month, think about it, discuss it with your State representatives and see what eventuates.

The Unicorn and the Mermaid

Before closing off on timing I need to add that several people again raised the age old proposal of trying to co-ordinate the Nationals with School Holidays. Years ago, before I had any grey hair I thought "what a great idea!" However even a little homework quickly showed that this concept only exists at the end of the rainbow. For a start none of the States seem to try to co-ordinate with even their neighbors, let alone the whole group and then seemingly to make sure that synchronisation can never be achieved, most of them move their dates around annually and randomly.

Unfortunately even though they've managed to get a bit more uniformity into their railroad track spacing, no such progress has been made with School Holidays! To illustrate the point, if we had used the first full week of April in 2015, six of the eight "states" would have clicked. Sounds good, right? But move on to 2016 and you find that no less than five of them have switched weeks. Four went backwards and one forward and this year only three will line up. Don't go there!

Neat but Tight

Now my reference last month to "an arguably good trade off decision to stay within one working week" also generated a lot of discussion. To clarify that point, the idea was to set a program which allowed nearly everyone who competed at the Nationals to only need to take one full week off work in order to attend, provided they're prepared to sacrifice some or all of the Pre-Nationals. To do this you start with a nine day "available window" that starts on the Saturday of the first weekend and finishes on the Sunday of the second weekend. After allocating the first and last days as "travel days", you're left with a seven day "shooting window". Originally the Nationals program was scheduled over six days allowing one day for each of the main events and the Macintosh International Team Shoot was "squeezed" into the middle. It was conducted on the morning following the last qualifying day and the rest of that day was usually allocated to the Double Rise as it is the quickest event to stage and shoot off.

Expansion Problems

Obviously this provided a pretty "full on" agenda on that particular day but it worked OK for a while until we started overloading it with additions. First we added a Family Deauville Doubles event and that usually ended up in the dark. So by the time enough support for an Open Deauville Doubles brought it to fruition and the push for 100 target events included the Double Rise, there was simply no room any more for the Macintosh Team Shoot on "Doubles Day" as with all these additions and changes it reached saturation point on its own and returned to shooting off in the dark. Thus we needed to expand the program out to seven days to accommodate the Macintosh Team shoot, but as it really only needed half a day to complete, the question was how to fill in the other half. Initially there were thoughts of programming a Trophy Match that afternoon as they have done very successfully at the New Zealand Nationals for many years.

Side Shift

Clearly this would have rounded the week out nicely for everyone who lived more than four or five hours drive from Wagga (or Roma or Perth on the "away years") as the two travel days closed the loop. However, as I alluded to above, the major downside of the "trade off" involved in the whole "one week" concept was the negative impact it inflicted on the Pre-Nationals. Staying within one week allowed one day of Pre-Nationals for the locals but no "warm up" at all for the travelers. And this is probably the main reason the strict one week scenario was "traded off" by

moving the whole "box and dice" back one day and allocating the final Sunday for the Macintosh match. This killed one and a half birds with one stone as the overseas visitors and the people not involved in the Team Shoot could still use it as a travel day and even the Macintosh combatants still had half a day to allocate to the trip home. And now everybody had at least one day of Prelims to acclimatise to the conditions.

Complications

Unfortunately, like Newton's third law of motion, every action has an equal and opposite reaction and this is where the 'bad bits' of the trade off start to kick in. You can't really move the Team shoot to the end of the week without dragging the Qualifying events along with it. So the last four days become DB, SB, PS and the Team Shoot. Which is the main reason why we now don't have enough "elbow room" to allow the National Double Barrel shoot-off to navigate its own way to finality and we're constantly arguing about which is the best way to "vandalise" it. Plus we've effectively "neutered" the Macintosh match! We've taken what should be a very prestigious spectacle, where the protagonists get to "strut their stuff" in front of their peers and receive their deserved accolades and turned it into a little "tack on" stealth event that is staged in isolation after everyone else has gone home.

An Empty Nest

Last time I was charged with organising it, the car park on Sunday morning looked like Mother Hubbard's cupboard and I had to beg and plead and scrape the bottom of the barrel just to get the 24 referees and scorers required to get the show on the road. Incidentally, due to this I am now fully qualified in the art of giving crash courses in scoring to shooter's wives. And thank goodness none of the qualified participants "took sick" as most, if not all, of the Emergencies had capitalised on the travel day and were half way home. The solution? Read last month's column and you'll start to see why I'm firmly convinced that Wednesday morning is the optimum place in the program to vie for Donald Macintosh's big silver cup!

Collateral Damage

In addition to all the feedback I received on the timing and programming of the main events, I also got a lot of comment on the negative long term effect this whole "one week" concept has had on the Pre-Nationals. What was once a very proud and prestigious event in its own right, has seemingly been turned into some sort of undesirable "ugly sister" of the main event. Once upon a time the Pre-Nationals was a full three day tournament that almost mirrored the Nationals as a sort of mini version of it, complete with sashes, trophies, high guns and the whole nine yards. The mindset of the one week scenario initially reduced this to one day but the deferment of the Macintosh Team Shoot to Sunday resurrected it back to potentially two days. However, when the 2015 Double Barrel "restructure experiment" needed an extra day, again it was the Pre-Nationals that bore the brunt of the cull and receded back to a one day wonder.

Other Factors Involved

To be fair the One Week principle was not the only culprit in the demise of the Pre-Nationals. The National Ground project, of which I am one of the most ardent supporters, must accept some of the blame as well. However not as an intended objective, but as an unfortunate side effect. Prior to the National Ground coming on line around the turn of the century, each year the ACTA would allocate the Nationals to one of the States to conduct on a rotational basis. That State would then select one of its member clubs to be the host venue at which the State Association would run the event. And as some compensation for wearing out their equipment and tearing up their grass, the club usually got to run the Pre-Nationals, which the club's treasurer loved, and everyone was happy.

Responsibility Shift

However, with the advent of the National Ground, the venue situation got a bit more complicated. Even though the Nationals had been held at this exact geographic location in the past, the political administration was now completely different. Wagga Gun Club were no longer the host entity, NSWCTA were effectively no more than interested bystanders and the ACTA basically allocated the event to itself at its own venue and a whole new organisational situation evolved. And as the magnitude of the total package unfolded, the Pre-Nationals took on the mantle of an evil necessity and an overload of the organising committee. Therefore it's not hard to see how and why this once great spectacle wound down to the sad and sorry toothless tiger that it now is. No more sashes or trophies. No more shoot-offs. No more winners or High Guns. You just pay your money, shoot some "scored practice" and then sidle up to the office window later on to see if you get any of your noms refunded. Pitiful really!

If it Wasn't Broke

Crying over spilt milk won't fix it and neither will a Royal Commission into just exactly how and why it all ran off the rails. We already know that! Organisational complexity shifted the focus all the way down from bigger and better to quicker and easier. What's really needed now is a solution. And I think the answer is to wind the clock back. If the load has got too heavy for one horse to carry, then get some more horses. Offer the Pre-Nationals back to the State Associations and/or the resident clubs. I'm sure that WACTA and WAGC could do just as good a job as the QCTA/Roma Gun Club combo on the "away years". And what would be wrong with NSWCTA and/or the Wagga Gun Club putting in the hard yards and reaping some financial rewards if they were prepared to try to resurrect the Phoenix from the ashes. Again, think about it, talk to your State representatives and see if Pre-National sashes can't once again hang in pride of place on people's walls!

More Thoughts

An additional feedback issue on the Saturday to Friday timing of the main events that I recommended last month was the whole weekend free at the far end. Although a minority expressed the

opinion that this was a waste of a day that could be better utilised, most didn't see it that way. The majority thought that one day to travel home and one day to unpack and catch up on the myriad of overdue built up chores before facing up to a return to work took all the stress out of a week and a half's absence. Everyone to their own, but that's the way I see it too. Another point raised was the best night for the Hall of Fame Dinner. Clearly at the moment it's the Single Barrel day as there's not much to do on that day currently, but with the more even workload of the proposed itinerary, I think the Double Rise day is the optimum point. It falls on the Thursday, it's the second last day and it's the one most likely to wind up the earliest.

Winding Up

Now as this magazine should arrive in everyone's mailbox around the middle of December, I need to remind you that the deadline for Annual Long Run Break claims is January 31 and to wish you a Merry Christmas – Eat, drink and be merry, but please don't drink and drive. I would rather see you in the shooting statistics next year, than the road toll statistics this year.

November's Trivia Question

The first woman to qualify for the OPEN Macintosh Team was a young lady from western Queensland by the name of Pam Coxon. Unfortunately her career only spanned eight short years between 1953 and 1961 before she married and moved on. However, she was unquestionably the dominant lady shooter of her era, winning several ladies titles at the Nationals during the late 50s. And in 1960, while at the top of her game, shot on the Queensland Open Trap Team as well as becoming the first lady to shoot for Australia. Her induction this year into the ACTA Hall of Fame is long overdue recognition of one of our great pioneering lady shooters. The first correct answer drawn was submitted by Laurie Sheehan from Roma in Queensland.

Pam Coxon – First Macintosh Lady – 1960

This Month's Trivia Question

Who has the largest collection of National Trap runner-ups, without ever winning one? As it's a hard one, here's a couple of clues. He lived in NSW and his career peaked in the 1960s. E-mail your answers to cuzzo@a1 before the 15th of January and the first correct one drawn will get a complimentary entry to one National Championship event of your choice during the next twelve months.

Psychological Skills for Shooting

MICHAEL KRUGER-DAVIS

Goal Setting Checklist

In last month's article I revisited goal setting. As a subject it is not very exciting but as a strategy, it is essential for success. Goals are derived from a vision, which inspires a plan and that with the help of strategies, outcomes can be reached.

Every sport psychology text book talks about smart goals and I am sure every child in fifth class can explain exactly what smart goals are. So this month I want to provide a goal setting checklist to help you develop goals for 2016.

Firstly list three goals you want to achieve.

1.
2.
3.

Now take these three goals and look at them against this checklist. Do they meet the features of effective goal setting.

Feature	Goal 1	Goal 2	Goal 3
specific			
measurable			
attainable			
adaptable			
realistic			
time-based			
simple			
challenging			
Short term to reach long term			
Process focused			
Written down			
Posted where you can see them			
Told to others			
Re-evaluated and updated			

Are you able to tick all these feature for all three goals? Do you need to revisit one or more of your goals?

Most of these features are self-explanatory, but a few may need some an explanation.

Keep your goals simple. Reduce the complications and the goals will be far more achievable. The goals need to be simple but the task may need to be challenging. This means that you will have higher expectations and you will strive harder. Process focused: I have written about many times, but it is essential to success. Set positive goals rather than negative ones. Write your goals down: goals are useless if they are forgotten. Writing them down means you can monitor them regularly by using a journal or chart.

How we write them down is also important.

Goal Type	Poorly written goals	Rewritten and improved goals
Process	Improve hitting right hand swingers	Making sure I set myself up correctly to hit right hand swingers
Performance	Shoot 25/25	Shoot 1, target 25 times
Outcome	Win a major event	Consistently hit all targets

So as we move into 2016 and you plan what shoots you will attend, give some thoughts to what you want to achieve throughout this year Use the goal setting checklist to keep your goal setting focused.

AA grade won by Russell Barnes 36/40, second Cameron Brown 21/25, First in A grade and overall after a shoot off with Russell Barnes was Spud Woolhouse 37/40, second Les Comensoli 17/25, First in B grade Gary Baddeley 18/25, second Slap Comensoli 15/25, First in C grade Phillip Waite 21/25, second Mathew Brown 19/25.

Event two: 50 Target Medley 25 Double Barrel and 25 Points Score sponsored by Ellis & St Clair Plumbing. AA grade won by Russell Barnes 91/100, second Cameron Brown 88/100, First in A grade Spud Woolhouse 91/100, second Robin Algie 88/100, First in B grade and overall Jamie Regan 96/100, second Tyler Schmidt 88/100.

Congratulations to Phillip Waite on winning the High Gun for the night over both events, Phillip won't be in C grade much longer if he can maintain that standard.

Thanks to everyone who helped out on the night to make it a success.

The third event on the program was the South West Zone Single Barrel Championship. After shooting the possible, it was evident that the State and South West Zone President was striving to win this title, however, it was the skill and consistency of Stuart Lowrey shooting 35/35 that won him the overall title in the South West Zone Single Barrel Championship.

Fimac decider at Bega

Bega Gun Club saw the completion of the final round of the Fimac Engineering Handicap Shield for 2015. This long featured event is graciously sponsored by Club President, Shane Platts, via his business, Fimac Engineering. Thirty shooters arrived at the Tarraganda ground to participate in the Fimac and the 75 Target Southern Zone Champion of Champions which is made up of 25T Double Barrel, 25T Single Barrel and 25T Points Score.

Bega graced us with glorious sunshine, even though the weather gurus warned of storms in the evening.

Six squads faced the 25T Handicap chasing the maximum targets to add to their totals from the previous three rounds.

Tim Collins, having his first round in B Grade, cleaned up all 25, targets to share the result with C Grader Simon Buckley. With junior, James Body, A Grade, gathering in 24/25 to fill third place, Tim and Simon returned to the traps for a brief shoot-off. Simon kindly missed on the second target to give Tim first, 27/27.

The second and final event of the day, the Southern Zone Champion of Champions, was contested over two visits to the traps. A gentle gust or two of wind made the task of hitting targets a little more difficult. Round one saw the 25T Double Barrel on the top trap with squads moving to the second trap for the single barrel. The second visit to the traps saw the Points Score finalised across both traps. At the end of the event, regular Goulburn visitor, Leon Cuzner, emerged victorious with a score of 121/125. One point behind was Phil Body on 121/125. This gave Phil first in AA Grade, with Ray Welch on 119/125 taking second. Robert Taylor, who has shot consistently well all year, took the prize in A Grade with a score of 115/125. Runner-up

C Grade winner & R/U Ch/Ch Brian Moffitt & Simon Buckley

went to Tony Gray with a tally of 112/125. B Grade saw Keith Pearce carry the day with a well compiled 115/125 with John Walker coming in second with a score of 113/125. In C Grade, Brian Moffitt took first with a score of 109/125. Second went to Simon Buckley 105/125, giving him two seconds for the day.

Shoot High Gun went to Phil Body with a score of 144/150 and former Darwinite, Mark Evans, endeared himself to the treasurer, by settling for the meat tray instead of the cash in the shoot raffle.

Presentation of the Fimac Handicap Shield, the High Gun Invitational and other action takes place in December.

3rd ICTSF World English Sporting Championship

VALLEY GUN CLUB, SOUTH AFRICA
OCTOBER, 2015

The 3rd ICTSF World English Sporting Championship was held in South Africa 40 minutes outside of Cape Town at the beautiful club named Valley Gun Club. This event is held bi-annually and the team is picked at the ACTA National Sporting Championship in that year.

This year the Australian Team consisted of Brian Mortensen, Daniel Johnson, Reece Turner, Peter Tobin & Bart Brighenti who were all very excited with the challenge of shooting English Sporting which is not as common in Australia as it is in other countries like England & the U.S.A

Brian Mortensen, Reece Turner, Bart Brighenti & I all stayed together in a Bed & Breakfast at Newlands 10 minutes outside of Cape Town and basically right next to Newlands Cricket Oval where the Australian Cricket Team would play if touring South Africa.

COMP 1 - SATURDAY 10/10/15

We arrived at Valley Gun club to shoot the Western Cape 100tgt Sport Trap which was a little different to what we normally shoot here in Australia. Based on 5 stand but rather than shooting 3 singles and a pair, the sequence was 1 single, 1 Pair on report & 1 Sim Pair per stand.

It was quite a windy day which all the locals said was pretty normal at this club so the prospect of shooting tough targets that were also wind affected was going to be a daunting task. The 4 grounds we were shooting from were quite flat so the club used towers to get some height on some targets.

I happened to handle the conditions the best with a bit of luck as well finishing with a 94/100, 6 targets ahead of the next best. Brian Mortensen 86/100, Bart Brighenti 84/100 & Reece Turner 79/100. Peter Tobin was yet to arrive.

COMP 2 - SUNDAY 11/10/15

Western Cape 100tgt English Sporting. For anyone that doesn't know what English Sporting is, it's all pairs so 1 shot at each target.

A lot of the English Shooters arrived for this lead up event to get a good look at the ground and the surroundings. The day was clear but once again windy.

Brian Mortensen was the best of the Aussies with 4th place 89/100. Bart Brighenti 87/100 & Reece Turner 86/100. I enjoyed the day golfing at Mowbray Golf course and Peter Tobin hadn't arrived yet.

Monday, Tuesday & Wednesday we took the time to sight see around Cape Town, take a Safari Tour and do some shopping at various malls in the city. Bart Brighenti, a keen trinket enthusiast excelled in this department.

COMP 3 - THURSDAY 15/10/15

FITASC 100tgt event where we shot 10 targets per stand, 4 different singles and then 3 pairs. The 100tgts were shot in 1 go taking 2.5 hours to complete which was quite surprising. The weather was again clear, around 25 degrees but windy, affecting the targets flight.

The targets were fantastic, very similar to what we shoot at home in Australia with different angles and speeds to try and trick the shooter.

I shot 93/100, 1 target off the top score, Brian Mortensen 91/100, Reece Turner 89/100, Bart Brighenti 89/100 & Peter Tobin 86/100. We were all

squadded together for this event so it was quite enjoyable to see everyone smoking targets.

COMP 4 – FRIDAY 16/10/15

Preliminary 100tgt English Sporting event, which we all competed in and saw as an opportunity to warm up for the following days World Title. The targets had been altered a little from the previous days FITASC event but were obviously now all pairs. Fair to say we all battled through the day with no one really excelling but Brian Mortensen finished top Aussie with 87/100, Bart Brighenti 82/100, Me 81/100, Reece Turner 80/100 & Peter Tobin 77/100. George Digweed strolled in the night before and won this event on 97/100 which was just an unbelievable score considering the windy conditions and difficulty of the targets. The opening ceremony commenced after the presentations of this event so we all donned the Australian Blazers and tried to look as pretty as possible. Bart Brighenti was keen to show the boys a new use for Sorbolene Moisturiser Cream using it as hair wax which unfortunately didn't keep his hair still or make it silky smooth either.

WORLD CHAMPIONSHIPS DAY 1 – SATURDAY 17/10/15

The weather forecast was 25 and once again the wind would affect the targets in certain areas of the shooting grounds. 2 rounds of 25 pairs would be shot over 2 different grounds that we hadn't shot in previous events. One ground being quite flat with the other having some targets under your feet.

After some confusion from the ground setters it was worked out that 1 ground only had 48 targets so we'd only shot 98 rather than the 100. Day 2 would mean we'd shoot 102 to get to the 200tgt total.

Aussies were all pretty disappointed with their scores, realising there were still a few more targets out there than they'd shot.

Bart Brighenti 85/98, Brian Mortensen 84/98, Daniel Johnson 82/98, Peter Tobin 82/98 & Reece Turner 80/98. 91/98 was the top score for the day with 3 people sharing the overall lead.

WORLD CHAMPIONSHIPS DAY 2 – SUNDAY 18/10/15

The weather was the same as Saturday with wind affecting some shooting stations and targets making them just that bit harder to hit consistently. Some of the Aussie boys were struggling to match Saturday's effort.

I happened to shoot the best out of the Aussies with 87/102, Reece Turner 81/102, Bart Brighenti 79/102, Brian Mortensen 76/102 & Peter Tobin 74/102.

The 2 days scores added together are Daniel Johnson 169/200 15th place, Bart Brighenti 164/200 20th place, Reece Turner 161/200 23rd place, Brian Mortensen 160/200 24th place & Peter Tobin 156/200 31st place.

The Australian Team finished 3rd on the podium behind Ireland and England. It was an all English affair for the final shoot off with the Top 5 shooters shooting 25 targets to decide the World Champion with Martin Myers taking home the silverware by 2 targets.

After the shoot off the Australian Blazers and Sorbolene Cream came out for the closing ceremony.

All in all it was a brilliant trip to South Africa, we all enjoyed ourselves and represented our country with pride.

If anyone ever has the opportunity to go to Valley Gun club do not pass it up. Friendly people, great targets, an awesome Pizza oven that was roaring every afternoon cooking us \$4 pizzas and \$1.60 Klipdrift & Coke (South African Brandy) it's fair to say Valley Gun club & Cape Town will leave a lasting impression on us all.

The Squire reports from West Wyalong

Open Shoot

The West Wyalong Clay Target Club's second last shoot of the year only attracted a small attendance, no doubt, brought about by preparations for harvest and the fact that two previous shoots held by the club had attracted large numbers from across the state.

The day commenced with 50 Targets Skeet and Jason Anderson was chuffed with himself when he shot 24/25 and the experienced Graham Duncan produced a score of 23/25 in the first round.

Mark McInnes arrived too late for the skeet and too early for the Down the Line program but President, Jason Anderson tried to talk him into having the final round of skeet.

Mark was not too keen saying that he had not shot skeet for a very long time but Jason persisted and eventually Mark took up the challenge using his trap gun and heavy trap shot shells.

He astounded everyone, including himself, by absolutely "smoking" every target and scoring an elusive 25/25.

As lunch time rolled around a few others began to arrive for the afternoon Down the Line program and the skeet shooters altered or changed their guns and got out some larger shot shells.

The day was overcast but warm making some of the targets a bit hard to see, nevertheless, Jason Anderson, Wayne Ambrose, John Wason, Alan Bound, Clive Foster and Luke Kirkby all shot possibles in the 10 Target Double Barrel Eye Opener.

The second event was 25 Target Double Barrel Cash Divide and Clive Foster, Luke Kirkby, Mark McInnes, Wayne Ambrose and Jason Anderson all got a cut of the cash in AA and A Grades, in B and C Grades the "Barellan Poacher" Alan Bound and Craig Ridley shot 24/25 to take the money.

Graham Duncan had ducked home for an afternoon nap but returned in time for the 25 Target Handicap.

Graham and John Wason both shot 25/25 and in the shoot off that followed, John Wason missed his first target, so Graham, with a wry smile, gratefully pocketed his winnings.

The final event of the day was 20 Pair Double Rise and both Mark McInnes and Clive Foster shot 36/40 to win AA and A Grades while the refreshed Graham Duncan won B and C Grades with his score of 32/40.

Clive Foster 95/100 concluded a successful day claiming the Duncan's Chainsaws and Mowers High Gun.

The club recently held its Annual General Meeting and with Sue "The Magic Lady" Turner, retiring after several great years the hunt was on to find a new secretary.

Fortunately Clive Foster stepped up to the mark and will, no doubt, do a very competent job.

Jason Anderson remains as President and Graeme Fairman has come on board to replace Clive as Treasurer.

The Club looks forward to another successful year in 2016.

Night Tower Shoot at Mathoura

A perfect night, Friday 23rd of October, for shooting, but because night Tower isn't everyone's cup of tea, especially single barrel, the roll up at the Mathoura Gun Club was just three full squads.

Event One was a trap event, a 15 target, Double Barrel Cash Divide, and although no one shot a full score, there were four shooters who managed

a 14/15 score, Mathoura's Peter McCluskey, Deniliquin's Tim Maher and Bruce Cook and Cohuna's Geoff Hogan, sharing 1st place cash.

Event Two, a 10 target night Single Barrel Tower Cash Divide, was an eye opener for the main event. Tim Maher could manage to down all ten, earning him all the 1st place cash. Three others each shot a 9/10 score and each received a share of the 2nd place cash. They were Bruce Cook, Geoff Hogan, and Harry (Snow) O'Connor.

Event Three, was a 25 target Victorian North East Zone Night Single Barrel Tower Championship. Tim Maher lost only one target and no-one could get near his 24/25 score, so he was the Overall winner and 1st place winner of AA/A Grade. Excellent shooting Tim! Tower, night, and single barrel are certainly not easy! 1st place in B Grade went to Numurkah-

Shepparton's Barry Bloodworth, scoring a well shot 21/25. And C Grade had to be shot off between club President Peter McCluskey and club member, April Thompson. April took out the C Grade 1st place with 24/29.

Although Tower shooting is slower than Trap, because of the shifting on and off your shooting station, the whole shoot ran smoothly, competition and presentations were all over by the respectable time of 11.00pm. The Mathoura Gun Club's committee wishes to thank all who attended and those that helped run the shoot.

A great day at Morwell

MORWELL CLAY TARGET CLUB
OCTOBER 17, 2015

Haven't shot Morwell in a while or at all? Then you have missed good targets, good competition, good food at good prices, good company and good prizes. Saturday the 17th of October 2015 was no exception. Regular shooters turned up to all the above and better. Thanks to a generous deal from Mick at Alpine Country at Morwell, in addition to sashes and cash there were four scoped .22 rifles with bags and 500 rounds of ammo on offer.

A prompt 12 o'clock start and the single barrel championship started. Thirty targets shot at the one trap got the show going with all three traps in use and set the scene for an early finish.

Darren Fraser 26/30, mentored by Big Trev of Bushies Bakery, Glengarry, powered his way to a C grade win and his first sash. Club sponsor Trev has been training him on award winning pies. Vickie Stafford 21/30 took out second then headed straight to the kitchen for a seafood pie to prepare for the next event. Ken Shaw 31/39 took out B grade from Gary Van Den Brand 30/39, both shooters having had a drovers pie in preparation. A grade went to Don Rhodes 29/30 from Don Kendall 28/30 a testimony to the benefit of eating healthy as plenty of vegetables fill the award winning pasties consumed pres hoot. Jim Moustas 31/33 second to Chris Murphy 32/33 being a little more up market in AA had cheese and tomato and chicken pies respectively in shoot preparation.

The next event was double barrel. Craig Gray and Bernie Stokes split the prize on 90/90 in AA. Frankie Baginato adjusted his sight after the single barrel and took out A grade 31/31 from Trevor Ewert 30/31 after a long shoot off of one shot. Ken Balcombe B grade 30/30 from Greg McMillan 29/30 and Vickie Stafford 29/30 C grade from the "old fox" Frank Balcombe 28/20.

Points followed. Viki Stafford 85/90 held her nerve and took out C grade from Frank Balcombe 84/90. B grade Gary Van Den Brand 85/90 led Bevin Bastin 83/90 and in A grade Frank Baginato 89/90 out classed Don Rhode's 87/90. AA saw a tie and split prize once again between Craig Gray and Bernie Stokes 90/90.

generously sponsored each month by Noel and Jenny Cleal went to Liam Pearce this shoot.

Last but not least four guns went out to grade High Guns AA Craig Gray, A Don Rhodes, B Gary Van Den Brand and C Vickie Stafford.

President Chris Murphy presented prizes and thanked those responsible for making the shoot successful and run smoothly. Particular mention was made of canteen staff, Wendy Rhodes, groundsman Frank Balcombe and Ian Findlay. Number one trap mechanic and worker Don Kendall and those who helped load traps and referee and score. Once again a big thank you to sponsors Alpine Country, Noel and Jenny Cleal and a thank you as big as the man himself, Trevor Ewert of Bushies Bakery, Glengarry. Trev generously sponsors all club shoots with his award winning pies and pastries.

If you are in Gippsland do yourself a favour and have a coffee and pie at his shop in Main Street Glengarry. You won't be disappointed and you will be back for more and while you're at it come to a Morwell shoot.

Wangaratta 5 Stand Championship

WANGARATTA CLAY TARGET CLUB
NOVEMBER 7, 2015

McGauran Reaches New Heights

Christian McGauran should be very proud of his incredible achievement at the November 100 target 5 Stand Sporting Clay Championship on Saturday 7th. Breaking 95/100 in this most difficult of clay target disciplines is one of the best results ever recorded here.

A nice, mild day attracted more shooters to the Wangaratta complex than our October event, with several Field & Game members enjoying their first competition here. Our club is well recognised for its first class facilities and friendly and welcoming atmosphere to all competitors. The 100 target event ran smoothly, with our Bowman traps all having been expertly

served recently by the product supplier – IntoShooting, from Shepparton.

Thanks to Neil Plumridge, Ian Auranane, Stephen Tamme and Graham Coyle for their early trap set up in the morning. Many comments were heard during the day about the excellent array of targets thrown to suit all experience levels. Not an easy task by any means. Thanks also to club member Bruce Henshall, for once again volunteering his time to run the canteen.

Christian McGauran's brother, Shaun, took 2nd place in A grade with a score of 81/100. Marc Connell had a win in B grade 77/100, three targets ahead of Beechworth gent. Barry Ellis 74/100. Barry is a dedicated collector of English side by sides and used his vintage Greener gun to good effect on the day. C grader Ross Winnell shot extremely well for his grade returning a score of 75 out of 100, with local member Ian Auranane in 2nd place on 69/100. Best veteran on the day was Max Gribben 72/100.

Next year the club will conduct 5 Stand competitions on the 2nd Sunday of each month, commencing 11am. The club also operates practice sessions for DTL, Skeet & Sporting Clays each Wednesday and Saturday from 1pm, excluding the 3rd Saturday of the month.

Two Day Skeet Carnival

CECIL PARK CLAY TARGET CLUB NOVEMBER 14 & 15, 2015

On the weekend of the 14th and 15th of November, Cecil Park Clay Target Club held its annual two day skeet carnival.

Unfortunately the weather was not kind to us at all, with rain for most of Saturday and a little wind thrown in as well, Sunday was a little better with just a couple of light showers, however, in spite of all that the show must go on.

After all the nominations were taken, we had nine squads ready to go just a little after the posted start time of 10.00am, I am confident that there would have been more attending if the weather had not been so poor.

Event one was a 50 target championship and the results are as follows:

1st in C grade Joe Haddad 44/50, 2nd C, Phil Curley 42/50, 1st in B grade John Fordyce 48/50, 2nd B, Michael Pan 47/50, 1st in A grade Dean Baird 50/50, 2nd A, Tony Vallelonga 50/51, 1st in AA grade John Guberina 74/75, 2nd AA, Peter Vella 61/62, The Overall winner was Paul Johnston with a perfect 75/75.

The second event was a 50 target Handicap with five placing up for grabs. 5th place Ben Buhagiar, 4th was John Fordyce, 3rd was Shane Bennett, 2nd place was Michael Pan and the eventual winner after three and a half rounds and running down Michael who had six targets start, was Adam Buhagiar, who, never missed a target during the shoot off, great shooting Adam.

The competition was under way on time on Sunday morning and amazingly even though some shooters didn't return from the previous day we still ended up with nine squads as some new faces nominated for the second day.

The 3rd event was the 50 target Ross Dawson Memorial Championship, for those of us that knew "Rosco" we'll always remember him as the true to life Aussie Larakin, always up to some kind of mischief and didn't hesitate to "stir" anyone but you just couldn't help loving the guy.

The results for event three are: 1st in C grade and

Mark Corbett, OA Ross Dawson Mem Championship

running down a few guys was Nancy Badewitz 55/62, 2nd C, Joe Haddad 53/61, 1st in B grade Derek Wyllie 56/58, 2nd B, Michael Pan 53/55, 1st in A grade Dean Baird 73/74, 2nd A, Jesse B Sheather 49/50, 2nd in AA grade Amberley Jane Emmett 54/55, 1st AA, Mauro Conti 64/65, The overall winner was Mark Corbett 74/74.

The 4th and final event was the Seb Cavallaro Memorial Championship. Seby, as we knew him, was a true gentleman of the sport, he was always willing to lend a hand to anyone and had a vast knowledge of the shooting sports. The results for the 4th event are: 1st in C grade Joe Haddad 47/50, 2nd C, Phil Curley 42/50, 1st in B grade Derek Wyllie 48/50, 2nd B, Mario Musicki 47/50, 1st in A grade Paul Saliba 55/56, 2nd A, John Rodden 48/50, 1st in AA grade John Guberina

Matthew Depaoli, OA Seb Cavallaro Mem Championship

65/66, 2nd AA Adrian Lucchitti 58/59, The Overall winner was Mathew Depaoli 66/66.

The grade High Gun Winners were: Ladies, Amberley Jane Emmett 188/200, C Grade Joe Haddad 179/200, B Grade Michael Pan 192/200, A Grade Dean Baird 194/200, AA Adrian Lucchitti 197/200. The Overall High Gun winner was John Guberina with a great shooting display and dropping only one target for the carnival scoring 199/200.

In spite of the bad weather the grounds were in pristine condition, thanks to the efforts of our groundsman/range officers, Fred and Jake.

Thanks to the ladies in the office, in particular Maria, doing battle with the computer, keeping squad sheets and scores up to date.

Thanks to Frank Auditore our IT genius, Frank generously gives up his time to make sure the ladies are up to speed with the computer programme and resolves any issues that may arise.

A big thanks also to Tony and Adam keeping the

traps filled and making adjustments when required and also being on hand early both mornings to set up. Thank you to the shooters who travelled from far and wide to attend. Thanks also to club president Vince Gatt who organised all the sashes, badges, etc. To Kevin and his helpers in the kitchen, your food's the best, thanks mate.

In conclusion I'd like to add that I know of three clubs that don't shoot skeet comps any more due to lack of attendance and add, that I can assure everyone that with the prize money, sashes, cartridges, badges etc that were on offer the competition was run at a financial loss to our club, having stated that, it's not about making money as we're happy to "break even". No business can sustain losses and continue in that vein, so I urge everyone to try to encourage other shooters to support the competitions everywhere or it won't be long before we lose more shoots

MEETING WITH FIELD & GAME AUSTRALIA

The ACTA Board met with Field and Game Australia Chairman Bill Paterson, General Manager David McNabb and Development Manager, Daryl Snowdon in Melbourne to further investigate opportunities for both organisations. The fields of interest discussed were:

1. **Reciprocal rights, is this possible?**
2. **Offer a “joint membership” at reduced rate?**
3. **Gun Laws**
4. **Magazine / Promotion**
5. **Data base management**
6. **Joint Teams possibilities**
7. **F&G Australia to provide a venue and assistance to ACTA to present the World ESP 2019**
8. **Coaching**

Over the course of the meeting the group have commenced the process of building a working relationship we hope to advance for the mutual benefit of all members in the future.

Once each organisation has had a chance to further progress these initiatives into proposals that the other organisation can evaluate and determine the validity of any prospective changes or co-operative arrangements there may well be changes to the way both organisations work together.
