President's Notes

It has been a very busy time for the Association and so some things may have taken a little longer than we would like. Please bear with us.

Commonwealth Trap Championship 2017 – Perth

A mutual agreement has now been reached by all parties involved following the Commonwealth Trap Championship in Perth.

The agreement will see the record books showing Tom Turner as the winner and he will be awarded the Royal Blue sash and the Commonwealth Medal. Mitchell Iles will be recorded in second place as the silver medal winner.

Trap Nationals

The DTL Nationals was a great event with good weather and strong competition. The decision to conduct the points event in the World format caused some problems, but with the co-operation of the shooters all ended well. World DTL teams were selected in all categories. Congratulations to Glen Castellaro the OA High Gun winner. Attendance was the highest since 2009, with 3004 entries in the 6 main events. This is only the sixth time in 42 years since reliable records have been kept (1975) that the attendance on the 6 main events has exceeded 3000. Attendances in excess of 3000 were recorded at:

| | | |
|------|-----------------|--------------------------|
| 1981 | Melbourne | 3623 |
| 1986 | Echuca | 3448 |
| 1997 | Wagga | 3506 (Year of World DTL) |
| 2006 | National Ground | 3679 (Year of World DTL) |
| 2009 | Roma | 3625 |
| 2017 | National Ground | 3004 |

When there is room available in future magazines, we will print the complete attendance spreadsheets as they make interesting reading. It would be great next year with the World DTL following the Nationals to break all of these record attendances.

I would like to take the opportunity to thank all the workers who helped throughout the event. Whilst some may receive some recompense, it is minimal and far below what any of us would expect in a workplace. I would encourage you all to pass on your thanks to these people as you come across them.

AGM

The AGM was well attended with 159 clubs represented in person or by proxy.

A question from the floor in relation to the financials was taken on notice and we have now received the following response from the auditor :

In response to the below question, I note the following:

- Cost of sales – Decrease of \$132,264 – explained in part by an adjustment to stocktake adjustment of \$49,395, representing the write back to physical stock actually held, rather than accounting for the movement in stock annually. Furthermore, in FY 2015 we included targets used of \$80,045 in the cost of sales. For the 2016 financial year we thought this expense is more appropriate in competition expenses, rather than cost of sales as the majority of targets are used during competition. There are other minor movements year on year but this explains the majority of the movement.
- Competition expenses – Increase of \$284,908 – As stated above, in FY 2015 we included targets used of \$80,045 in the cost of sales. For the 2016 financial year we thought this expense is more appropriate in competition expenses, rather than cost of sales as the majority of targets are used during competition. Added to this there was a \$68,350 increase in cash awards/prizes year on year. Furthermore, we charged to expense from the Levy reserves an amount of \$72,156 (mainly for the travelling teams) which was not charged to the P&L in FY 2015. Again, There are other minor movements year on year but this explains the majority of the movement in Competition expenses.

We hope this satisfactorily answers the question raised at the AGM.

The Executive's proposal to move to a Company Limited by Guarantee was soundly defeated.

During debate a question was raised from the floor of how many in the room had actually read the document. It was disappointing to see that of those on the floor only 13 claimed to have done so. This clearly indicates that the majority have been manipulated by the few.

Where to from here? The sticking point seems to be that states retain the right to elect the directors. The reality is that for the motion to be proposed to the AGM it required Executive support. There was a clear majority in the executive room that states would retain the right to elect directors. This position is not likely to change anytime soon so it is likely the efforts made to date have been wasted.

The matter will be reconsidered in June.

Current Constitution

The support shown for the retention of the current constitution at the recent AGM was clear.

All clubs were sent a copy of the current constitution with their 2017 renewal advice. This is the document under which we all operate so I strongly suggest that all take the time to read the complete document as displayed on the ACTA website before making decisions around membership and participation at their club.

Disaffiliation

Action has begun to disaffiliate a Queensland club allegedly breaching the current constitution by allowing members of their club to shoot ACTA disciplines without being a member of the Association, as clearly required by the ACTA constitution. This action comes after numerous attempts have been made over many months to get the club to comply. Other clubs in the area have complained about the clubs actions and it is now the Associations responsibility to uphold the constitution as recently supported by the membership.

Firearms Insurance

The policy provided within your membership costs protecting your firearms has now been in place for over 4 months. The broker has advised of 3 claims that have been settled and they have outlined the circumstances so that you have a better understanding of just how wide a coverage this membership benefit provides.

- 24/12/16 Members property/home broken into and \$11,950 safe stolen with firearms
- 21/01/17 Members barrels damaged whilst on the range \$1,600
- 04/02/17 Member tripped over extension cord on the range damaging firearm \$1,350

The broker has indicated that the current claims experience is as expected by the Underwriters and so at this stage the cover should remain viable for the ACTA to provide within the membership cost.

I encourage all with firearms worth more than the \$12,000 cover provided within your membership to contact the broker who can top up the cover to \$25,000 for an extra \$10 and larger amounts are available by negotiation.

Skeet Nationals

Once again we are suffering consequences of the turmoil in the world shipping arena. The seventh largest shipping company in the World, Hanjin, has gone into receivership leaving 100,000's of tonnes of freight stranded and backed up in ports around the world. Many suppliers to our sport have been caught up in this. Of course the Orange Dome targets we use for the skeet which were ordered in 2016 are amongst this freight backlog and ETAs are hard to get and unreliable.

A decision has been made that if the Orange Dome targets are unavailable we will have to use black targets as was previously the case.

National Ground Development

Work has progressed on the grounds and a Development Application for the proposed clubhouse and Conference Centre has been lodged. It is expected

Executive Officer's Report

2017 continues to be a very busy year with many projects commenced and the planning for events for 2017 and 2018 well advanced.

The building project is a major focus in the coming months with construction planned for the winter months, this in Wagga will present its own challenges. The program for the Executive, Board and Staff will also be very challenging as we prepare for the World DTL as well as the four National events in 2018. We still have two National events for 2017 to conduct as well as the monthly production of the CTSN.

The National Skeet Championships are almost upon us with entries expected to be in line with 2016, the ground is in great condition however the long range forecast suggests it may be a wet winter in the Wagga Wagga area, bring your woollies just in case.

The Annual ACTA Executive meet in June and presents an opportune time for Clubs to discuss issues or topics they would like brought before the National Executive. One of the items already on the agenda is to set dates for National events up to 2025. Whilst not cast in stone this will allow the ACTA to fully utilise the Club/Convention centre when not in use by the sport.

The National Rules Supervisors meeting was conducted on Friday the 12th May in Melbourne. The results and recommendations of this meeting will be made to the National Executive in June for approval before being sent to the States with changes added to the online rule book. The meeting considered many submissions from State Rules Supervisors representing their individual States.

President's Notes

that the Premier of NSW Gladys Berejiklian will attend the grounds to turn the first sod as soon as approvals allow, hopefully soon after the Skeet Nationals. Significant works will have been completed by the time of the NSW State Trap Carnival. The project has a planned completion date of February 2018.

I fielded a question from an interested shooter during the Nationals. The shooter was sure she had read in one of the Presidents Notes that an all-weather walking track had been laid from layout 1 through to 11. I replied that was correct and she responded "well where is it" I replied you are standing on it. The all-weather track was laid with a gravel bed foundation covered with a plastic grid mesh as seen on sand dunes in National Parks. The material allows water to get away but grass to grow through it. We mow over the top of the track. This is where the buggy drives up and down the layouts.

Membership

Renewals in November and December came in much faster than in previous years and this was pleasing to see. The months since have seen a slight fall with membership being down about one percent on the same period last year. The association is continually looking for benefits to add value to the membership and anyone with any ideas please feel free to contact me by email.

World English Sporting

The Association wishes team members Anthony Panetta, Jamie Dunn, John Younger, Socrates Pilipadis, and Robert Hall heading to England in July for the ICTSF World English Sporting Championships all the best for the competition. Entries are expected to fill the field which is limited to 1050. It is interesting to have a look at the venue (Kelmars Estate) website. This is a greenfield site at an English Manor House. No range approvals or safety templates required, perceived pollution not a problem, and the owners happy to have the ICTSF coming there. Quite a refreshing change.

Executive Meetings

The full Executive will be meeting mid-June for three days. These will be the main meetings of the year so please ensure your state reps are attending and over all the issues.

Until next month,

Robert Nugent

The ACTA will be preparing tender documents for the provision of Insurance services to the Association for 2018-2019, with terms and conditions available in the tender documents. The current Insurer Pollards have provided the ACTA with Insurance services since 2008, although tenders have been called three times over this period.

Reviewing the data base over the past 12-18 months it is interesting to note the number of clubs and the geographical location of those clubs and the number of members per club. There is certainly a need for additional small clubs in remote and rural area's however there are a number of instances where more than one club shoots on an ACTA affiliated complex. This appears to be a waste of volunteer time and commitment. Having two clubs on one ground or within 25 km just means the need for twice or three times the number of volunteers to conduct each Club. Where numerous clubs are within very close proximity, the requirement of layouts, electricity, Insurance, volunteers and resources could be considerably reduced by amalgamation. It also takes up a number of shooting days on the calendar where I am sure they are competing for the same competitors to attend their events.

Whilst I am not advocating "amalgamations" as such, progressive clubs I am sure would see the benefits of having more people attend their events therefore making it more profitable for the Club and better returns for the shooters. This in turn leads to better facilities for the members and allows regular upgrading of sporting facilities. In circumstances of tight fiscal and time constraints, clubs should be looking to where they envisage being in ten years time. I am sure many clubs do not have a strategic plan, or a "where are we going and how do we get there" document. This document does not have to be war and peace epic. It can be a simple document outlining what is it the club wants and how and what do we do to get there. This is the unglamorous component of being on a Club, Zone or National Executive member, it is however an opportunity to get your members together and ask them to have an input, after all it is their sport. Giving people an ownership can also "bring along" new members and importantly committee members with that vision. Does your club have a job description for your positions on the committee? For example the secretary, president and treasurers positions. It is taken for granted anyone taking on these positions knows exactly what they are taking on, this is not always the case. Does your club committee understand the legal implications and responsibilities of their position? Under the incorporations act (in any State) "I didn't know" is not a reasonable excuse for not doing what you are required to do by law.

Clay target shooting is always facing challenges from outside of the sport, governance and firearms being foremost and our responsibility to maintain our ranges and surrounds another. Ignoring these issues will not make them go away.

This is a timely reminder for all members to keep their firearms safe when not in use, this also ensures any insurance claim for loss is not rejected. Do not allow a simple case of negligence to hinder your sport in the future.

ISSF REPORT

2017 ISSF RULE CHANGE CLARIFICATION

The ACTA will conduct all ISSF National Events under the rules of the ISSF in conjunction with the ACTA ISSF Rules.

If in the future when Rule changes are made by the International body late in the year prior to our National event, the competition will be conducted under the rules of the previous year.

The Jury of the event has the right to alter or change any decision that has been wrongly interpreted should it be required to ensure the competition is completed within the spirit of the rules as written in the ISSF Rules book.

The SHOTGUN FINALS FORMAT has changed to a progressive elimination format

ISSF TRAP

All Finalists will start their final matches with a new BIB number (from 1 – 6) which will be assigned according to their qualification ranking. Qualification rankings will also decide ties for 6th, 5th, 4th and 3rd places. In Trap Finals, all 6 finalists will shoot a round of 25 targets each. After the first 25 targets, the first shooter (with the lowest score) will be eliminated, taking 6th place. Following eliminations will occur after the 30th target (5th place) and the 35th target (4th place) and the Bronze medal will be decided after the 40th target. The two remaining shooters will shoot 10 additional to decide the Gold and Silver medals after the 50th target. Ties are broken by the Qualification Rank up to the Bronze Medal. Ties for Gold and Silver medals will be decided by a shoot-off.

DOUBLE TRAP

Six finalists will shoot 15 Doubles with eliminations taking place after 15,20,25,30 (Bronze) and 40 Doubles (Gold and Silver). Ties will be resolved as per the Trap event, using the qualification rank up to the Bronze medal and a shoot-off for Gold and Silver.

SKEET

Skeet Finals will be based on 10 target sequences that include regular and reverse doubles on station 3,

A regular or reverse double on station 4 and regular and reverse doubles on station 5. Station 4 doubles will alternate between regular and reverse doubles for each 10 target sequence. Skeet eliminations or medal decisions will occur after 20,30,40,50 and 60 targets. Ties will be decided by qualification ranking with the only exception of the Gold and Silver medals, that will be awarded after a shoot-off.

MOBILE PHONES

Athletes may not use mobile phones or hand-held or wrist-worn communication devices on their shooting stations.

SHOTGUN AMMUNITION

The use of coloured wads is prohibited. Only transparent or translucent wads may be used. Strict enforcement of maximum shot charge limits (24.0g + 0.5g) tolerance will continue.

SHOTGUN VEST MARKER TAPES

The method of checking marker tape locations has changed and now will use a horizontal laser beam to locate the point of the elbow in relation to the tape.

SHOTGUN COUNTBACK RULE

When the countback rule is used to break ties, the last round and then the next to the last round etc. will still be used. When this does not break ties the target-by-target countback will begin with the last target of the last round. (not the first target in the last round and counted forward.)

Zeljko Bacani Memorial Shoot

The fourth annual Zeljko Bacani Memorial Skeet shoot was held on Sunday 9 April, at the Frankston Australian Clay Target Club. Melbourne really turned on the wintery weather presenting the 39 shooters with some very challenging conditions. They saw a completely overcast day with rough winds and rain coupled with a freezing cold temperature! Wet weather gear was a must!

Weather conditions aside, this event made for yet another enjoyable day as not only were shooters competing for their share of \$2000 in cash prize money, but they were also raising money for the Cancer Council of Victoria. \$20 from every Open nomination and \$10 from every Junior nomination was donated to the Charity together with money raised from two raffles, and personal donations. Again this year, generosity was evident and \$1535 was raised, bringing the total now raised over the four years to \$8152.

There was some fantastic shooting and 26 red stars on the scoreboard. C Grader Kerry Anderson had never shot a clean round in competition and was remarkable with two in her second and fourth rounds. Kerry finished on an impressive 90/100 taking out first in C Grade.

This event was the first ACTA competition for Mark Du Rose, who, after his first fifty targets, shot himself straight into A Grade. Mark went on to shoot two clean rounds finishing with 96/100 and winning A Grade. Robert Holloway was not far behind in second place with 94/100.

A bit of friendly father-son competition between Les and Adam Beechey saw Adam beat his dad by 1 target with a 91/100. Adam also took out Juniors. Junior James Sacchetta beat his dad Daniel by 6 targets and finished on 89/100 with a second in C Grade.

Gerry Petruska took out Veterans with a score of 93/100 and 2016 Rio Olympian Aislin Jones took out Ladies with 90/100. B Grade was close with Keith Napier taking the win with 90/100 and Jim Turner 2 targets behind in second place.

Competition at the top was tough! Three perfect rounds saw Barry Moss with an outright Overall win finishing with an awesome score of 99/100. Michael Buttigieg and Adrian Cousens both finished on 98/100 with Michael taking first in AA and Adrian second.

Luigi Scalise was the lucky winner of the Pick the Joker and Max Oakley won the door prize. The Du Rose family won the first prize in the raffle thanks to the kind donation from the MCC Clay Target Club.

These events absorb a lot of time and preparation and without the hard work and dedication of Club Committees and Sponsors, they would not proceed. A special thank you to Spartan Global, Sam Arcuri, Barry Moss (Rochet Kitchens) and Clay and Hunt for being the major sponsors for this event. There was also a team of very generous individuals who contributed to this event in their personal capacities.

The FACTC Committee thanks everyone who took part in this day and we look forward to the return of the event in 2018.

2017 TRAP NATIONALS

The Australian Clay Target Association National Trap Championships opened on Monday April 27 with the Glenn Cup match, shot for the first time prior to the opening. Unfortunately we did not get off to the best start giving the New Zealand team a one target win in the event. The spectacle of the National event was however, enhanced with the introduction of the two National teams and the presentation of the Glenn Cup. Attendances were up 267 on 2016 with a bigger number expected in 2018. The ACTA named its Official Nationals teams and also two additional teams in each of the categories for the World Championships in 2018.

The Glenn Cup Team Challenge is run in alternate years in Australia and New Zealand and shot over 50 targets double barrel. This years Australian Team of Emma Cox, Stephen Atkins, Andrew Brady Darryn Nicholls and Matthew Schiller scored 248/250. The New Zealand Team of Bob Waugh, Gavin Searle, Vance Butcher, Roger Bidois and Jon Beddis shot a very impressive one down to finish with a score of 249/250.

The State Shoulder to Shoulder Match events were also conducted prior to the Opening ceremony with the Victorian Junior Team made up of Tarryn Shaddock, Thomas Armstrong and Jackson Marriott scoring a perfect 75/225 to take first place.

The Ladies event was won by South Australia with the team of Susanne Byrnes, Tania Evans and Antonia Loizos with 75/216.

The Queensland Team of Alan Powell, Bill Weedon and Paul

Anderson took out the Veterans with a score of 75/224.

Victoria claimed the Open State Teams event. This year's team consisted of James Hayden, Kade Robertson, Phil Grainger, Stephen Atkins and Cameron Browne, 124/368.

The official opening commenced with the piper leading in all teams

representing their States with pride.

ACTA President Robert Nugent welcomed all shooters and dignitaries to the Championships and to the National Ground.

Patron Kay Hull was joined by Wagga Wagga City Councillors Yvonne Braid and Daniel Hayes.

Both the Australian and New Zealand Glenn Cup Teams were

welcomed and the victorious New Zealand Team presented with the Cup.

The best dressed team was announced and Kay Hull presented the SACTA Perpetual Trophy, donated by South Australian Clay Target Association to the Northern Territory Team. Kay also awarded each team member an ACTA Gold medal.

Queensland Veteran Team

Victorian Junior Team

New South Wales Clay Target Association's President Fred Rapley was then invited to fire the opening shot to open the Championships.

2017 ACTA TRAP NATIONALS ACKNOWLEDGEMENTS

The ACTA would like to thank all of our sponsors: Casella Wines and Bronzewing for their continued support of the Overall High Guns along with, Beretta for the Handicap and Double Barrel events. Mackintosh major sponsor Perazzi, Champion of Champions sponsors Winchester National Deauville Doubles sponsors Hunts Shooting Supplies, the Lawson Motel sponsors of the Family Deauville Doubles and the Single Barrel event was also sponsored by Hunts Shooting Supplies. Australian New Zealand Points sponsor PCM Enviro and Double Rise sponsor Miall's Gun Shop/ Blaser Australia. Outdoor Sporting agencies donated a Miroku Shotgun to the Junior High Gun winner and for the first time 5 boxes of shells to the O/A Sub Junior HG. The support of these valuable sponsors is very much appreciated by the ACTA and shooters.

Many thanks to all the ACTA office staff – not only were they at the National event, they were also continuing to run the National Office.

Thanks also to Fred Rapley and Gary Hayden (Tournament Director) who were out at 6.00am every morning setting traps and ensuring everything on the ground was in readiness for the start of each day. Fred was also the last to leave and closed up the compound at 6.00pm. David Jocelyn was also in early every day and left late after loading for the next day. The trappers as always, were on hand to ensure the event was conducted smoothly with minimal disruption by filling the traps. Jim Shepherd not only worked the office with the ACTA staff and Glenn Woodhatch, but was also the photographer providing the pictorial diary which is so important to the shooters, CTSN and the history of the Association.

Leanne and Arthur Turner catered for the shooters and others in attendance with a very large range of options from breakfast through to late afternoon. Numerous volunteers provided the shooters' BBQ on Wednesday. We again thank Arthur and Leanne for their donation towards the BBQ. The Wagga Gun Club provided the bar for the week which was well patronised from late afternoon through to presentations. The Lucky Draw certainly ensured the bar takings were substantial.

To Frank Auditore, who handled the squadding and scoring, a big thank you. Once again we saw the benefits of Frank's computer program and Frank in running the program. The Championships would not have run in such a professional manner without the

input and foresight of Frank. He spent many months assisting our Webmaster in getting the electronic nominations to a point where they automatically populated into his program. Frank is responsible for setting up the pre-squadding and identifying referees making everyone's position clear for the week.

His Shootmaster program was able to supply squad and shoot time details that made shooters aware of when and where they were shooting. Frank has already commenced development of live streaming of results for computers and handheld devices. National Handicapper, Ray Peatling, along with wife Ann and Mal and Helen Dyson, ensured that books were up to date prior to the events. Also entering scores during the week, including re-grading and ensuring participants had their books available when they wished to leave.

Once again we had the services of Daryl Stevens and Joe Camilleri with their stock making and repairs.

Ian McGeogh was also in attendance to look after problems with guns during the week. Ian's experience enabled shooters to get back on the track with their own gun more often than not.

A huge thank you to Shoot Marshal, Sue Pim and assistant Janene Schiller for their great work at the Championships. Their efficient running of the events resulted in most events being finished early to allow presentations at a reasonable hour.

I previously mentioned the ACTA staff for their work in the events office. Their efforts with nominations and Hall of Fame Dinner were greatly appreciated.

Many thanks to George Barton who comperes the Hall of Fame and does so with great humility, ensuring the event runs smoothly and those being awarded are the focus of the night.

To all of the National Executive members who attended the Championships and in particular those who assisted with presentations and the conduct of the event.

Finally, thank you to the traders who provided their services at the event. It was great to see a carnival atmosphere and friendly people.

The ACTA National Executive appreciate every contribution right through to the scorers and referees who gave up their time as volunteers to ensure a successful Trap Nationals.

MANSFIELD HOSTS TWO STATE CHAMPIONSHIPS

The inaugural Mansfield Clay Target Club night shoot was held on Saturday 15th April 2017. The two event card included 40 mixed target championship and the second a 50 target single barrel continental. Both competitions were designated State Championships.

Night shoot events, held under lights were last conducted at Mansfield quite some years ago. The club recently made a successful sporting grant application which made possible many improvements; this includes the installation of a new light tower and lighting into both the shooting ground and the car park and surrounds. For most of the newer members and many of the visiting competitors this was a first experience at a night shoot and the scheduled competitions ensured a great challenge to participating shooters' skills.

Things kicked off Saturday night at about 7pm in perfect conditions, no wind, calm and cool weather with very little moon light. The darkness aiding the illumination of the targets as they passed into the lights which were mounted above and behind the layouts. A field of 36 competitors made a 6 squad competition. Being a state title, and a long weekend, shooters came from far and wide including Bendigo, Alexandra, Benalla, Euroa, Wangaratta, Melbourne, Woods Point and Wonthaggi.

The first 40 mixed target competition commenced on layout 1 with 10 targets shot double barrel immediately followed by 10 targets shot single barrel on layout 2. After all squads rotated through 10 targets were shot as a points score, then to round up the event 5 pairs double rise. The overall championship and AA was taken out by local member Phillip Desmond with a combined total of 54 out of a possible 60. 2nd AA Euroa's Craig Asquith, 53. A Grade 1st was Woods Point member Daniel Chin 52, over Shane Callahan 50. B Grade 1st Matthew Tingate, Melbourne GC 47, 2nd Brendan Grimes, Gippsland 46. C grade was won by Cameron Asquith, Euroa 53 over local John Winters 51. Best junior was Mansfield member Patrick Kirley with a score of 47.

The next event sent shivers through the best of the field, night, single barrel with targets thrown continental, quite a challenge. 25 targets were shot on ground 1, immediately followed by 25 on layout 2. After 50 targets a tie resulted with two locals shooting it out for overall and AA, Ben Vogelzang 43 out of 52 was victorious over Anthony Kirley. A grade winner Neil Roberts, Melbourne GC 42, 2nd Shane Callahan 38. B Grade Brendan Grimes 39, 2nd Matthew Tingate 37. C Grade Cameron Asquith of Euroa took out his second win for the night after recently returning to the sport with 37, 2nd Mansfield's Beau Vogelzang 36, this score also ensured a win in the junior category for Beau.

The following morning at 11am the next day of competition kicked off with a field of 26 shooters making up 5 squads participating in the Anzac Memorial Championship. Many of the travelling shooters returned for day two after an overnight stay in Mansfield. Once again conditions were ideal with weather mild and overcast.

Three event card commenced with 25 Target Double Barrel, followed by 25 Target Double Barrel Continental Points Score and rounding up the day 15 pair double rise thrown from the tower.

Event 1 was a cash divide. AA was split between three shooters Allan Cooper and John Wojcik both Wangaratta GC and Gordon James who all shot 24 out of 25. A Grade Ken Skinner 24, Mansfield. B Grade Matthew Tingate 22, Melbourne. C grade Mansfield Junior Patrick Kirley 20.

Event 2, 25 Target continental points score. This event was also the North East Zone Championship. Very close to a clean break and overall winner and AA was Wangaratta's John Wojcik 74, followed by Rob Stackhouse Euroa, 71. A Grade from Kerang Les Commensoli, also 74, A grade 2nd Troy Grimes 72. B grade Matthew Tingate Melbourne, 69. 2nd local lady shooter Shawntie Coolahan, 67. C grade 1st and 2nd both Mansfield juniors Patrick Kirley, 66 and Denny Walker, 65. The overall junior was taken out by visiting Kerang lady shooter Slap Commensoli with a score of 72.

Rounding up the day was the 15 target tower double rise. Overall and AA was Alexandra's Geoff McClure 21 out of 30. Other winners A grade Anthony Kirley 19, B grade Les Commensoli 14, C grade was daughter Slap Comensoli who will no doubt give Les a hard time due to her out-scoring him with 17, this also gave Slap junior shooter winner by a slender margin over second placed C grade Patrick Kirley who scored a commendable 16.

As usual all shooters were supported by family members who participated by scoring, refereeing and generally helping out to ensure a successful day. Many who attended contributed to the events by bringing along something to munch on. Co-ordinating the shoot and office on both days Shawnti ensured a smoothly run program assisted by Aileen on the night shoot. The Saturday competition was sponsored by Neil The Lock Doctor and Sunday by Shawnti and Glenn Coolahan of Timberline Tree Services.

Due to the successful application for a sports funding grant the club is looking towards an exciting year ahead with planned developments including additional shooting facilities and club room upgrades to the kitchen and grounds.

SACTA State Trap Carnival

State Shooting Park
February 2-5, 2017

Well, how quickly the years seem to pass us by. It's been another 12 months since we all met last year, and here we are on the 1st week of February to do it all again. Last year, we put a survey out to the competitors so see if a 4-day Carnival was something that would be supported. It was a resounding 'yes' and it was a decision that would let the South Australian Clay Target Association Board re-include the 'Champion of Champions' State Title after a long break from the competition.

By Wednesday afternoon, the grounds of the State Shooting Park were already buzzing with activity as the usual caravanners and campers arrived, getting themselves a favourable vantage spot for the 4 days of shooting competitions. Beretta & Perazzi were erecting their trade stands as well as Collumbo Shooting and EarWorx. Lots of great goodies on show for everyone to feast their eyes on and buy. Grand Nissan also put in a nice display of their vehicles. Attendances from nearly every State this year came in at a record equalling 209 guns over the 4 days of competition, all vying to try their skill at claiming one of the many 'Red' State sashes that were on offer.

Temperatures for the 4 days were going to be very comfortable compared to the awful 40+ degrees of the past couple of years – but – we'll see as the days go by. Someone told us there was about 30mm of rain forecast for Sunday!! (That will make things a little interesting). In the background, everyone was out there practicing to make sure they had a psychological edge and to be sure they were use to the background of the various layouts that were being used before the competitions start tomorrow at 11am.

Early on Thursday morning the officials were running around in a scurry of activity while final checks were being done to the layouts – angles, heights, distances and speeds. To this part, a word of thanks has to go out to the Chair of the Championships Committee (Steve Baynes) and his committed team for overseeing trap set-ups over the 4 days. Shooters that hadn't seen each other for ages were seen all over the park having a good laugh, telling stories and catching up on the last 12 months. Most interstate visitors came in with their families for the events, and this certainly made for a large crowd of onlookers and a great ambience at the grounds.

Even the office was a flurry of activity as we made sure everything was in readiness, especially the important stuff like all the lollies being in their respective bowls for the staff (very important)!! The grounds had been manicured nicely for our competitors, so that everyone could have a great 4 days of competing without a worry in the world. The office was prepared for the rush of shooters at the ticket window and with nominations and squadding on cue, right on 11am sharp, 127 competitors (22 squads) started to get called and filed out to the walks to contest the 1st event which was the 75tgt State

Champion of Champions title. Lurking around every corner and walking amongst us you could see some of the best shooters in Australia waiting to pounce and claim one of the available 'Red' State title sashes.

Absolutely magnificent conditions greeted the shooters with temperatures

in the mid 20's. Squads shot their whole 75 targets from 18m in 1 visit to the trap with just a reload in between 25's. After shoot-offs, when all had gone quiet, the results were counted and came out as follows: C Grade 1st went to Anthony Caraccio 105/125, and 2nd was Peter Lines. B Grade 1st went to Max Leaford 120/125, and 2nd was Aemel Nordin. A Grade winner was Elio Marianello 120/125, followed by Wayne Sanders in 2nd place. AA 1st was taken by Mitchell Iles with a well shot 123/125, with Darryn Nicholls only 1 point behind in 2nd place. The Junior category also went to Mitchell Iles, Veteran winner was Max Leaford and the highest scoring Lady after a shoot-off was Tania Evans. The highest accolade of Overall Open for this event was taken by a very happy Chris Brown 124/125.

Presentations were all over by 5pm and a great day was had by all. For this first time 4-day Carnival, the evidence was there and competitors spoke with their feet by showing up in large numbers making for a very successful Thursday. Thank you all for supporting this event.

General consensus from the shooters that we asked, is that they would love to do it all in the same format next year. Everyone started to head to their accommodation for a relaxing break before tackling tomorrow's events.

Friday morning came around and everyone was excited about the next event which was the 25 pair State Double Rise Championship. A record 135 shooters came out to contest the event in near perfect conditions, which were calm with only a light breeze and temperatures around the low to mid 20's. However, by the time the shoot-off's started,

it was a bit blowy which made the targets a little tricky for the shooters. It was over fairly quickly and when the final results came in, they looked like this: C Grade winner was Rocco Spinella 41/50, and 2nd went to Evan Gunby. B Grade was won by a very surprised Barry Duncan 41/50, while Glenn Wilkinson took 2nd. 'A' Grade 1st was taken by Nicholas Barnes on 46/50, with 2nd place going to a very excited NJ Dreyer. AA was won by Bryan Manns 76/80, and 2nd went to Patrick Guida. Veteran winner was Gary Hayden, Ladies was Deserie Baynes and the Junior winner was Tarryn Shaddock. The Overall State title went to Robert Hunter after a shoot-off on 77/80. Congratulations Rob!

Presentations were done to all the winners as well as calling up two retired State Executives. Peter Winsor and Rob Jacka, were awarded a Certificate of Appreciation for their work with the State Board over the previous years. Thank you very much guys. On the grounds, there was a heap of activity around the trade stands and everyone was enjoying the Carnival

atmosphere and the warm sunshine.

No sooner had we finished the presentations, the first wave of squads were called out for the 50 target State Handicap. Squad sheets were already out for the 141 competitors so everyone started getting kitted up and at 12.30 we started the rounds to get through 33 squads of shooters. Conditions started to change as we got a bit further into the day with the afternoon winds that prevail here to contend with. As everyone came off, they were 3 and 4 deep at the scoreboard to see what the damage was, and how they had fared up. Eventually, everything went quiet and the shoot-offs went to the grounds to decide the top 10 positions. Targets were starting to head up to the heavens a little, with the breeze swinging around to be face on. The final results were: 10th Aaron Zupanic 53/57, 9th Steven Brice 53/57, 8th Sox Pilipadis 54/57, 7th Aemel Nordin 52/55, 6th Gary Hayden 53/56, 5th Darryn Nicholls 61/65, 4th Robert Hunter 63/67, 3rd NJ Dreyer 64/67, 2nd Gavin Height 63/66 (earning himself 1m), and then finally the 'Overall' winner of the South Australian State Handicap title for 2017 was Vince Petraccaro with a well shot 64/66 and also earning himself the privilege of 2 extra metres. Congratulations Vince! Another great day and everything over by 6pm. As the 2nd day drew to a close, everyone headed out

to some of the local hotels and eateries for a well earned break and to get refreshed for the Saturday morning.

Although Saturday morning started off as another nice clear day, we knew things were going to start changing around lunch time with a strong weather band coming through. At 8.30am sharp the 50 target State Single Barrel Championship got started with a record 208 entrants. Conditions changed around half way through the event with the last few squads having to go out in the dark cloud and light rain. After all was said and done – Nick Grundy took out C Grade with 46/50, and Pellegrino Rossi was 2nd. B Grade went to Richard Wheaton 53/59, and 2nd was Alexander Glaser. A Grade was won by Wayne Sanders 66/68, and 2nd went to Ryan Foster. AA Grade went to Sean Jensen 60/61, and 2nd was Robbie Clark. score of 61/61 was Patrick Guida – Great effort to stay focussed. Veteran went to Gary Hayden, Ladies winner was Antonia Loizos, and the Junior was Jack Tapscott.

Immediately following the event there was a presentation done to a representative from Camp Quality. This year Peter Winsor and the Black Crow club raised \$1,090.00 for this organisation who cares for children with cancer. We can't thank Peter enough for his dedication to the cause.

The second presentation was the very prestigious Presidential Medal. For his many years of continued service, support, commitment and outstanding contribution to the sport of clay target shooting in South Australia, this year it went to a very worthy recipient. Phil

Johncock, Life Member of the Lake Albert Gun Club at Meningie. Phil was very surprised as his family did everything they could to keep the secret and get him down to the Carnival for the presentation. A very emotional but elated Phil thanked the shooting community for recognising his dedication to the sport and at his current age of 92,

is still out there teaching and training on the walks and putting up some very respectable scores himself. The State Executive thank you so very much for your contributions Phil.

Most of the competitors got to have a small break here while the South Australian Zone teams came out to contest their titles. The 25 target event was shot as a Double Barrel with a Points countback and the final counts look like this: Open winners were Western Zone with 125 targets shot out of 150 and 366 points. Team members were Kym Firth, Ted Stringer, Billy Baynes, Jordan King, Steve Baynes & Andrew Bury. The Veteran Team winners were also the Western Zone with 71 targets and 206 points. This team was made up of Brian Thomas, Grant Bollen & Howard Sleep. The Junior winning team also came from Western Zone on 68 targets and 195 points. This team was Liam Morgan, Jonti Brice & Jack Cullinan. Eastern Zone took out the Ladies with 68 targets and 198 points. Team was made up of Heather Ryan, Deb McPherson & Sue Crane. Well done to everyone that competed and congratulations to all the Zone winners.

Finally, the battle was on for the 50 target State Double Barrel Championship. With grey cloud and light drizzle on and off, the whole cast and crew headed out to contest the title. 208 competitors took to the walks to see who was capable of concentrating long enough and how they would fair up in this 50 target event. As the shooters came off, they were all hanging around the scoreboard to see if there were any 'red' scores. There were murmurs that there was going to be a heap of 'perfect' scores on the board and some long shoot-offs but it wasn't to be. 36 competitors shot the 50 and

went to fight it out. The conditions deteriorated during the afternoon with that drizzle coming back and the targets rising rapidly. As the crowds watched from the fence line, at 7.45pm they were down to the last 6. With light drizzle still falling and the night lights switched on, at 8.20pm there was a result and they went to 206. The presentation list looked like this: C Grade 1st was Nick Grundy 48/50, and 2nd went to Luke Tyson. B Grade winner was Glenn Wilkinson with a perfect 50/50, while Wayne Shaddock took 2nd place. A Grade was won by Sue Byrnes 102/103, and Willis Jenkins was 2nd. AA 1st went to Don Power 205/206 with Mitch Iles picking up 2nd place. Finally, with a winning shot of 206/206, it was Paul Mota taking out the Red Sash, State title and the State Silver badge. A great effort in the 'not so kind' conditions. Veteran was Gary Hayden, Junior – Mitch Iles, and Ladies – Sue Byrnes.

During the late afternoon, the Eastern Zone members put on a shooters' barbeque. It was so popular, we had to go running out to find an open supermarket and get more steaks. Thanks to all the EZ members that helped man the BBQ as well as to all the shooters for contributing and supporting. We might do this again next year.

Shot in conjunction with the State Double Barrel event was the SA 5 Club Team event (5 members registered with the same SA Club). Runner up for the event was International CTC on 243/250 and the outright winner claiming the honours was Bordertown Gun Club shooting 244/250 targets. Team members were: – Bob Andrews, John Hawker, Ash Hawker, Alan Jones & Bob Atkinson.

After a really long day, there was eventually finality to the shooting. After all the formalities and BBQ were over, a few stragglers settled in for a relaxing night with a few drinks before heading off for a shower and freshen up for the final day. Because of how late the shoot-off finished, the presentations were postponed until the Sunday afternoon.

Ray & Pat Mack presenting their prestigious trophy to winner Craig Bentley

Sunday morning arrived and everyone was getting anxious as we woke to very dark clouds. With an 8am start 17 competitors that had won an Overall State title during 2016, were invited to compete in the prestigious Ray and Pat Mack perpetual trophy shoot. Ray and Pat are now in their 29th year of hosting and presenting this great event where every shooter strives all year to win an Overall State title and secure a spot to compete and take home this much sought after trophy. A 30 target event consisting of 5 Double, 5 Single, 5 Points, 5 Handicap & 5 pair Double Rise, competition was strong and at the end there was only 1 point in it with the winner being announced as Craig Bentley on 39/40. The State Executive and shooters would like to extend their thanks to Ray and Pat Mack for continuing to put this on every year. Well done!

Straight after the Trophy shoot, the final qualifying event was on the program. The 50 target State Points Score Championship got underway: this is the event that can make or break team selections. The weather had turned ugly by now and the rain had settled in for the day (sometimes heavy). A record equalling 209 shooters still came through to compete this year which is a good indication that the sport is growing. Competitors were all nervous now to see where they stood amongst

the rankings for the teams and High Guns scores. When all was done and the numbers were counted, the results featured like this: Nick Grundy got the Guernsey for C Grade with 134/150 and Peter Lines took 2nd. B Grade featured the gratuitous coin toss with 2 friends on 142/150. Vince Pettracarro won the toss and took 1st, and Gino Ciaramellano took 2nd. 'A' Grade went to Tom Damin 149/150, and 2nd was John Hawker. AA 1st was taken by Patrick Guida 152/153, with 2nd being Stephen Pearson. The State title Overall was won by Steven Calabiano 153/153. Congratulations Steven. Gary Hayden was Veteran winner, Jack Cullinan – Junior, and Tess Lloyd took the Ladies with a very respectable 148/150.

There was a slight pause in shooting so that the presentations could be done for the last event as well as the Postal Teams matches to get underway and decide who was going to Wagga to represent South Australia. At the presentations, outgoing State President Michael Veenstra welcomed new incoming President Garry Read who is taking over the reins of the Association here in South Australia. The State Executive and members wish Garry smooth

sailing ahead as he melds into his position.

Each year a small selection panel chooses a Junior that is showing great achievements and personal growth in our sport of choice and this year SACTA presented a cheque for \$2,000.00 to Jack Cullinan from Broken Hill Gun Club for the betterment of his shooting skills. Congratulations!

The 4 day High Guns were also presented and the recipients were: Junior – Mitchell Iles 458/475, Ladies – Deserie Baynes 443/475, Veteran – Gary Hayden 456/475, C Grade – Peter Lines 393/475, B Grade – Vince Pettracarro 429/475, A Grade – Wayne Sanders 441/475, AA Grade – Patrick Guida 459/475, and the highest award of Open High Gun went to Darryn Nicholls with a fantastic score of 464/475.

The SA team High Guns were:- Junior – Jack Cullinan, Veteran – Robert Andrews, Ladies – Antonia Loizos, and 'Open' was Dino Olivero.

At this point we would like to sincerely thank

all of our generous sponsors for supporting our State DTL Carnival this year. Every shooter knows that without their involvement, contribution and support, these events would not be possible. This year we take a bow to Sox from Kreighoff/Zoli (Clay & Hunt), Greg from Beretta, Filippo from Perazzi, Tim from Winchester, Vince from Grand Nissan, Martin from Collumbo Shooting, Greg from Fisher Firearms and Rob from Marsh Insurance. We would also like to thank Bob and Linda Andrews for their contribution of the very sought after silver State badges as well as Ray and Pat Mack for their trophy shoot. Thank you all so very much for making our State event a success.

Finally, we appreciate and acknowledge the assistance of all the behind the scenes quiet achievers that gave of their time. Workers that were running around everywhere in the office, on the grounds and in the clubhouse and kitchen. All of these helpers also contributed to making sure that everything ran like clockwork. On a last note, thanks to all the shooters that participated and travelled to compete and helped make it a great weekend.

We hope to see you all again in 2018. Thank you all.

Psychological Skills for Shooting

MICHAEL KRUGER-DAVIS

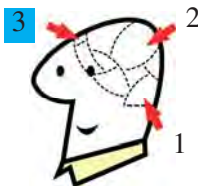

The Brain: how it works

In the last article I looked at executive function, which are those processes that have to do with managing oneself and one's resources in order to achieve a goal. It is an umbrella term for the neurologically-based skills involving mental control and self-regulation.

I have written often about the two hemispheres of the brain: the right hemisphere and the left hemisphere. But in this article I want to explore and explain the other parts of the brain and why they are so important. The brain can be divided into three sections.

1. The brain stem
2. The Limbic System
3. The Cortex.

1. The Brain Stem

This is the basic, primitive part of our brain. It was the first to evolve and it is common to all animals.

One controls unconscious physiological functioning such as breathing and heart beat. It also controls involuntary responses such as reflexes, ie; moving your hand away from a hot stove.

2. The Limbic Brain

The limbic brain was the next part of the brain to evolve and is the next part of the brain to develop for each individual. It is made up of the following parts:

• The Amygdala

The Amygdala plays a central role in the processing of emotions – as children move into adolescence the development of the Amygdala is characterized by emotional intensity and volatility. Decision-making is based on emotions rather than reasoned judgment.

It is hard not to become emotional when shooting. That feeling when you lose, miss a target or several targets, have to deal with distractions or put up with the proverbial 'pain in the neck' member of your squad. When your emotions take over, your brain is not doing you any favours. The opposite is true when you win or shot a personal best and the emotions keep you feeling on top.

• The Hippocampus

The Hippocampus plays a major role in memory decoding and it increases in volume until about 18. For the shooter memory can be a good or a bad thing. It is good when you muscle memory keeps you fluid and responsive and when you have to remember your goals and the plan you have made a commitment to, to achieve them. It can be a problem when it takes from the moment and makes you think of poor performances or a missed target. This will lead you to think in the past, leading to poor decisions, self doubt and lack of confidence needed to win.

• The Ventral Striatum

The ventral Striatum is circuit involved with motivation. An underactive Ventral Striatum will mean a lack of drive. Motivation to achieve and improve as well as the motivation to win is essential in all sports as well as life.

• The Hypothalamus

The Hypothalamus is control centre of the endocrine system, which regulates hormones.

3. The Cortex

The cortex is the most recent part of the brain to have evolved and is the last part of the brain to develop. In males it is usually developed by about 25-26 years and slightly younger in females. It is responsible for conscious thought and reason. The prefrontal cortex, is housed in the front of the skull and is the brain's executive or CEO. It is responsible for the executive functions mentioned in the previous article, such as responsibility for planning ahead, considering consequences and managing emotional impulses. A review of the last article will remind you of the eight skills listed under executive function. The cortex also has the right and left hemispheres and the corpus callosum, which is the bridge of neurons that connect the two hemispheres.

In sport these executive function skills will not only help you plan, set goals, regulate emotions and manage drives and motivation, they will also prevent non-sportsmanlike behaviour such as cheating, drug taking and throwing the odd tantrum when things do not go your own way. The brain develops in individuals in the same way it has evolved in the population: the brain stem first, then the Limbic System and finally the cortex. It must be remembered that not all brains develop at the same rate or to the same level. Some people never develop executive function skills or because of drugs, including alcohol and nicotine, and trauma have some level of dysfunction.

2017 ACTA ACADEMY – AIS CAMP

L-R: Cooper Mooney, Brody Walters, Thomas Armstrong, Cameron McKiddie, Luella Foster, Jack Clerke, Amy Smith, Will Smithwick, Jack Turner, Steven Baynes (assistant coach), Jack Cullinan, Jack Stockdale, Frank Morris, Tarryn Shaddock

Fourteen ACTA Academy athletes headed to the Australian Institute of Sport (AIS), Canberra for their first camp in March. These camps and the Academy are aimed at progressing our pre-elite juniors ahead of their years through improving technical skills and knowledge.

The 2017 ACTA Academy athletes are: Vic: Jack Stockdale, Will Smithwick, Thomas Armstrong, Tarryn Shaddock, Luella Foster, Jack Clerke, NSW: Amy Smith, Jack Turner, Brody Walters, Frank Morris, Cooper Mooney, Nathan Burt, SA: Jack Cullinan, QLD: Cameron McKiddie

During the camp the athletes utilised AIS lectures:

NUTRITION LECTURE: This lecture was focussing on nutrition to sustain themselves during competition and ways of getting quick energy if needed for shootoffs etc. and also how to eat without protein supplements to repair muscle after a training or gym session. The Australian Olympic Committee has a no supplements policy due to the fact that often protein shakes/supplements etc. are tainted with steroids, testosterone or similar. If steroids or other banned substances are found in an athlete's blood or urine – regardless of whether it got there intentionally or not bans will be imposed on these athletes for doping. For further information on nutrition try www.ausport.gov.au/ais/nutrition/ and for further information on anti-doping and what medications can be taken head to www.asada.gov.au

RECOVERY LECTURE: This lecture looked at methods of recovering the body from heat, long competitions, dehydration and training/gym sessions. Methods for recovery are massage, stretching, hydrotherapy massage, nutrition, hot cold hydrotherapy, aerated compression and compression clothing. The lecture didn't just focus on the body but also on the mind and suggested things such as meditation, floatation tanks, walking, music, debriefing and just chilling out and hanging with friends.

RECOVERY SESSION: After a long day at the range the crew did a hydrotherapy recovery session at the AIS pool – they started off in a circular pool "the river" that flowed with a strong current similar to a fast flowing river; this was a warm pool, next they went into the warm spa with strong massaging waterjets, next 2 minutes in the cold pool 12-15°C, then out into the warm pool for 2 minutes, this was repeated 3 times. The aim is dilation and constriction of the muscles and veins helping flush out dead cells and toxins but also resetting the athletes inner thermostat. It is quite torturous for some but afterwards you feel really good – rested and recovered. TIP: We don't all have access to ice baths or hot cold pools – so after a very hot day on the range hot cold showers are effective. Try a hot shower for a minute then a cold one for a minute ... continue swapping between the two for about 10 minutes or until you feel refreshed.

ATHLETE PRESENTATION: We had the number 4 ranked Australian men's gymnast, Joshua Di Nucci who is 19 years old and from WA come along and talk to the group about life at the AIS. He particularly spoke about having a support network at his doorstep – psychologists, physiotherapists,

The Recovery Pool 12-15°C

nutritionists, like minded dedicated athletes etc. He spoke about the trials of making teams and not making teams, about the many hours spent training and recovering – we struggle to do 2 minutes in the ice baths whilst these guys manage 10-20 minutes depending on how tough a training session they had. Joshua was likely to be heading to the Commonwealth Games for Australia however the day before talking to the group he did his anterior cruciate ligament (ACL) in his right knee which puts him out of competing for about 12 months. Everyone in the group just wanted to give him a hug as they felt his disappointment. This presentation gave the group a look at the dedication and commitment required to achieve in elite sport.

SELF MASSAGE: We had one of the AIS's highly experienced massage therapists run through self massage techniques with the group. I think he managed to get across to the group that it was better to massage tight or sore muscles before they became inhibiting to performance or costly to pay for a proper massage therapist or physiotherapist. He discussed the importance of drinking lots of water after a massage.

SKILL ACQUISITION: This presentation focussed on setting training environments and tasks /drills to simulate competition to hone skills and prepare for shoot-offs and finals however it also discussed the need for variation and randomness in training to prepare the athlete for all circumstances and conditions. A particular skill that we looked at was "quiet eye". There has been some research on this skill with elite Australian shooters such as Catherine Skinner and Russell Mark. Generally it is the eyes acknowledgement of the target and then the tracking of the target. Elite athletes are able to acquire the target earlier and track it for longer before the result of triggering the shot – the length of this visual hold on the target increases with skill level. A key factor is to be prepared, with a stable gun and a calm visual focus, focussing at where the eye will acquire the target. Rushing set up does not aid "quiet eye".

INFORMAL LECTURES: Along with the formal AIS lectures there were also informal sessions on gun fit, performance benchmarking, simulating competition pressure, focussing and mindfulness to stay on track and focussed during

a competition, cross training and multi-disciplining, the importance of shot routine, shooting equipment and keeping a range diary.

The experience

We stayed at the AIS in the athlete residence, ate breakfast and dinner in the dining hall, had packed lunches and our guns were checked in very securely into the armoury. The AIS armoury is adjacent to the security office, it has 2 huge gun safes – both that a new code is put into, by the coach, this code is written on an envelope then the envelope locked into the security office safe. The Armoury room which itself is alarmed, and the safes separately alarmed can only be opened using two swipe cards at the same time—a swipe card the coach has and a swipe card the security guard has.

Range training was carried out at the Canberra International Clay Target Club, a good training venue where ISSF Trap, ISSF Skeet, American Skeet, ACTA Sporting Clays, Field & Game and DTL can all be shot at the same time. The Club members were fabulous at setting up, filling traps and assisting where necessary. Sincere thanks go to the CICTC Committee and members Brent Murphy, James Jonklaas, Terry Forrest, John Taylor, Rob Butterworth and Trish Coates – you made our visit worthwhile and friendly. Special thanks to sub-junior Blake Gruba for mixing it up in the Handicap practice and providing us with a front marker, and a special thanks to Steve Balogh for his help with the ISSF and American skeet practice. Training camps can't happen without Clubs so we very much appreciate Canberra International Clay Target Clubs assistance.

A new sponsor for the Academy and ACTA junior development camps is Falcon Ammunition, thank you very much Graham Beckworth – the ISSF shooters loved the Pro ISSF ammunition and the DTL shooters always appreciate the lighter loads 1150, 1200. Any sponsorship is greatly appreciated and allows our coaching program to include more shooters.

ISSF Trap training focussed on shot routine, gun mount and finals. For DTL Double Rise, Handicap, Mackintosh and shootoffs were the key focus. Randomised and variable training patterns and long breaks were focussed on in American Skeet training and in ISSF Skeet gun mount, speed and hold points were key.

At each National development camp or Academy camp different assistant coaches are invited to coach. This gives the athletes an opportunity to be coached by a variety of coaches often picking up different technical pointers. The coaches broaden their experience and knowledge and take back the enthusiasm to their States. Steven Baynes from South Australia was the assistant coach for this camp. Steven has been an Australian representative shooter, is an accredited Competition Coach and runs many coaching clinics in South Australia. Positive feedback from the ACTA Academy crew appreciated his straight forward coaching approach and his years of experience he brought to the camp.

The next ACTA Academy camp will be towards the end of the year, with the application process for the 2018 ACTA Academy being published in the CTSN around September this year.

Good Luck to all ACTA Academy athletes throughout 2017 in their competitions.

Take it one target at a time!

BEGA GUN CLUB

Six squads of eager participants turned up for the April shoot at the Bega Gun Club's Tarraganda grounds. Overcast but fine, with a temperature hovering round the twenty, made conditions ideal for the two event program of fifty targets double barrel and 50 targets continental points score.

Proceedings opened with the 50T Double Barrel, shot in two sections using both traps. Alan Deacon produced the best score of the day to take first place in AA Grade, dropping only one target of his fifty. Charlie Smith and Bob Duncan went out for a further twenty-five targets, before Charlie took second place with a score of 72/75. Alf Niesar returned to great form to win A Grade with a score of 48/50. Col Sheehan, Ray Wesh and Shane Platts took another twenty-eight targets to sort out second place, with Col finally emerging with a score of 71/78; a great effort for someone who has not shot for a while. B Grade went to Zip Summerell with a fine 48/50, with John Gray two targets back on 46/50 taking the second spot. In C Grade, George Adamopoulos gathered in 40 of his fifty targets to take first place, with Christel Feldmann scoring 38/50 for second.

The usual great barbecue lunch was followed by the second event, the 50T Continental Points Score. Malcolm O'Brien saw off the rest of C grade with a score of 122/150 to win from George Adamopoulos on 99/150. In B Grade, Zip Summerell made it two for two by winning with a score of 132/150, once again closely followed by John Gray, one target back, 131/150. Alf Niesar confirmed he was back with another win, 141/150 to take A grade from Ray Welch 140/155, after Ray and Col Sheehan went out for a few extra targets to decide second. Charlie Smith pipped Bob Duncan to win AA grade,

142/154 to Bob's 141/154, after both finished the main round 138/150.

High Gun for the day went to Alf Niesar with a score of 189/200 and the raffle meat tray went to Ray Welch after he missed one to help out the treasurer.

Yarra Valley Trap Championships

Melbourne Gun Club
February 24-26, 2017

The Melbourne Gun Club again hosted their DTL Yarra Valley Championships on the last weekend in February and boy what a busy weekend it was.

As anyone who has been involved in a major shoot knows a lot of work goes behind the scenes in selecting a weekend that doesn't clash with anything else (an impossible task), finding a program that suits everyone (another impossible task), sourcing sponsors and prizes, ensuring all traps are in top nick (no club ever programs a trap break down) and all the other million things you normally would never think of such as cleaning and rubbish removal, clays loaded to name just a few and then cross your fingers that the shooters turn up!!!

A lot of work had gone this year into selecting a good program of targets for shooters that gave them enough shooting of the events they wanted PLUS ensured that we could get through the events in plenty of time. Sponsors were sourced and every event had some great prizes up for grabs over the weekend to make it a great value for money competition.

Friday the 24th of February was Day 1 and events today not to count towards the Overall High Gun. The last few years of hosting this event has seen around 50 competitors enter on the Friday events and organisers were expecting around the same. At 12 noon it was evident our estimate would be way out as the cars kept rolling in seeing a record crowd for our Friday events and 101 entrants on the scoreboard. This had everyone on their feet including the office, shoot marshalls, trap boys and the boys on the BBQ supplying everyone a free lunch!!! Both of the events were sponsored by Rod Jackson from Kaymar 4WD Accessories www.kaymar.com.au

Rod has been a great supporter of our club and particularly this shoot and has been the major sponsor for the Friday since its inception. Thanks again Rod it's great to see your support of this shoot be backed up with the numbers it deserves.

The first event was a 25tgt Points Score event and in overcast and gusty conditions it was tough going, 2 possibles were recorded in Hayden Stafford and Pat Guida, the shoot off lasted 5 targets with Hayden coming out on top when Pat pulled a 2nd barrel: Overall: Hayden Stafford (90/90) (MGC), AA Grade 1st Pat Guida (89/90), 2nd Chris Brown (113/114), A Grade 1st Michael Hutchins (73/75) 2nd Acacio Mota (72/75), B Grade 1st Marty McLachlan (82/87) 2nd Georgia Pistone (81/87), C Grade 1st Lou Primavera (68/75) (MGC) 2nd Russell Burnett (65/75) (MGC), Best Unplaced Lady: Trish Carter (65/75), Best Unplaced Junior: Bailey Vogelzang (65/75), Best Unplaced Veteran: Glen Arnol (73/75).

The 2nd event for the day was a 50 Tgt Double Barrel event and this saw a few more red stars on the board with 10 shooters hitting the tracks for the shoot off. After 50 targets in the shoot off we were down to only 2 remaining with Steve Trembath and Mark Bravin. Back for more shells but they didn't need too many with Steve letting target 104 land and Mark hitting his to become the victor. Overall: Mark Bravin (104/104), AA Grade 1st Steve Trembath (103/104), 2nd Russell Mark (94/95), A Grade 1st Matisse Appleby (67/68), 2nd Geoff McClure (56/57), B Grade 1st Norm Basile (52/52), 2nd David Dickson (49/50) (MGC), C Grade 1st Emma Fitzpatrick (48/50) 2nd William Smith (46/50), Best Unplaced Lady: Hayley

Hayden Stafford Points & Mark Bravin DB are congratulated by Rod Jackson from Kaymar on their wins on Friday

Turner (46/50) (MGC), Best Unplaced Junior: Acacio Mota (47/50), Best Unplaced Veteran: Lynne Curtis (85/87).

The car park looked more like a caravan park for the weekend

Turner (46/50) (MGC), Best Unplaced Junior: Acacio Mota (47/50), Best Unplaced Veteran: Lynne Curtis (85/87).

Saturday 25th of February was the start of the High Gun events and with 101 shooters on Friday the organisers today were ready for a big crowd and prepared. As 9am rolled over the first 6 squads were out on the tracks and the office just ran like clockwork pumping out 26 squads of shooters and 155 competitors!! The grounds behind the club house looked more like a caravan park with the amount of camps rather than a gun club which was great to see.

The first event for the day was sponsored by the Mitchell boys from PCM Enviro who along with helping keep all of our shooting grounds environmentally sound are also more than happy to put back in and help not only our club but clubs all over Australia. Thank you PCM

Conditions were still tough and overcast and this was evident with only 2 possibles in the points being recorded in Sheridan Morley and Ash Bolwell. It was a nice short shoot off with Sheridan pulling a 2nd barrel on his 4th target leaving Ashley the victor. Overall: Ashley Bolwell (87/87), AA Grade 1st Phil Grainger, 2nd Wayne Hawker, A Grade 1st Sheridan Morley (86/87) (MGC), 2nd Mitchell Collins (77/78), B Grade 1st David Dickson (73/75) (MGC), 2nd Tina White (74/78) (MGC), C Grade 1st Russell Burnett (66/75) (MGC), 2nd Daniel Hawtin (64/75), Best Unplaced Lady: Matisse Appleby (72/75), Best Unplaced Junior: Liam Shore (77/78) (MGC), Best Unplaced Veteran: Bill Woodward (77/78).

Event 2 for today was a 25 Tgt Single Barrel and for this we welcomed a new sponsor to the club in IGA Warburton who as well as sponsoring our event help keep our bar fridge nice and full. It is great to have local companies not involved in our sport sponsor us so please think of this when you are next going grocery shopping!!!

Conditions hadn't got any better with the breeze picking up to add to the overcast conditions and only 3 red stars on the board in Allen Cole, David Nielsen and Hecta Crawford. The dreaded first bird in the shoot off saw Hect come unstuck and the 2nd bird caught Dave by surprise leaving Allen to hit his and become the overall winner. AA Grade – 1st. David Nielsen (26/27) 2nd. Hecta Crawford (25/26). A Grade–1st. Zoe Hawker 26/27 2nd. Clint Bugter 25/27. B Grade–1st. Bert Boschetti (23/25) 2nd. Kate Whyte (29/31). C Grade–1st. Emma Fitzpatrick (24/25) 2nd. Lou Primavera (21/25) (MGC). Best Unplaced Lady: Lisa Hawker (22/25). Best Unplaced Junior: Jack Sandral (22/25). Best Unplaced Veteran: Keith Calder (24/25).

The last event for today was the big one the Bendigo Bank Mooroolbark Branch 50Tgt Double Barrel with \$1000 cash up for grabs for the Overall winner and some great cash prizes for all the grades courtesy of the Mooroolbark branch of the Bendigo Bank. Again they have been a great supporter of our club and the more shooters/members/friends we can have to change their banking over to them and mention our club the more support they can afford to give us in the future.

18 shooters had shot the 50/50 so the shoot off got underway under the smell of Frank Santoro's famous pork that was drifting out from Jim Turners rotisserie, while the other 130 shooters all enjoyed a cold beverage the shoot off got underway and it wasn't long before we were only down to 2 shooters after 125 tgts in everyones favourite guy Casey Fletcher and the ever reliable robot from Albury in Ross Liersch.

Casey did his bit to keep the large crowd watching entertained pulling some of the luckiest 2nd barrels you will find while the Robot Ross had locked in and started to see a bit of blood. At target 148 Casey couldn't keep the good run of 2nd barrels going and let it land whole while Rosco took his chance and took home the giant cheque for 1k. Overall: Ross Liersch (148/148), AA Grade 1st Casey Fletcher (147/148), 2nd Kade Robertson (123/124), A Grade 1st Zoe Hawker (53/54), 2nd Darren White (66/67) (MGC), B Grade 1st David Dickson (64/65) (MGC), 2nd Marty McLachlan (63/65), C Grade 1st Mark George (49/50) (MGC), 2nd Daniel Hawtin (46/50), Best Unplaced Lady: Trish Carter (49/51), Best Unplaced Junior: Will Smithwick (124/126) (MGC), Best Unplaced Veteran: Lynne Curtis (73/74).

Saturday night the club with the thanks of many of our members and visitors of Roast Pork, Beef and Venison and more salads than we could count and dessert. Over 150 people stayed back for dinner and a big thanks to everyone who was involved in making the dinner happen by providing a salad or dessert and a special thanks to Frank Santoro for co-ordinating it all and an even bigger thank you again to Jim Turner for providing the 2 rotisserie spits. Everyone made comment on how great the meal was so thanks all we could not have done it without everyone's support.

Sunday 26th of February and finally perfect weather and the hope of seeing a bit more red on the board today, not a cloud in the sky or a breath of wind and it showed with the quality of shooting we witnessed.

First event for the day was a 30 Tgt Points Score event sponsored by Hayden and Vicki Stafford from SASAA Security. SASAA look after many Gun Clubs and shooters with top quality security solutions and also sponsor many events not only at our club but all over Australia. Hayden and Vicki have now sponsored this event the last 3 years and we really thank them for always being one of the first to jump in and sponsor any events they can. If you are chasing security then check them out at www.sasaa.com.au

2 Squads of possibles hit the tracks for the Points Score event and it wasn't long before we had 3 guys starting to settle in being Kade "Bluey" Robertson, Steve Atkins and Chris Brown who were still going after a full round of 25tgs.

Vicki Stafford from SASAA Security with Points winner Chris Brown

The break for shells got Steve who let the first one after the break land in full and left it to the 2 "colours" in Bluey and Brown to fight it out with Brown coming out on top at 186/186. Overall: Chris Brown (186/186), AA Grade 1st Kade Robertson (185/186), 2nd Steve Atkins (165/168), A Grade 1st Ray Whyte (89/90), 2nd Col Widdows (100/102), B Grade 1st Georgia Pistone (89/90), 2nd David Dickson (90/93) (MGC), C Grade 1st Daniel Hawtin (81/90), 2nd Sam Dolphin (79/90), Best Unplaced Lady: Matisse Appleby (89/90), Best Unplaced Junior: Liam Shore (88/90) (MGC), Best Unplaced Veteran: Keith Calder (131/132).

Anna Shadrina from Bronzewing-LaPorte congratulates club president Roger Esplin for winning the Medley

The second event for the Sunday was a 30 Tgt Medley sponsored by Bronzewing & La Porte Australia. A big thanks to them for their support of our club for not only supplying us with great ammunition but also with all of their sponsorship they have given not only for this event but events gone by at our club and all over the country. Thank you Anna we really appreciate it.

This event saw a great number of shooters shoot the 10DB, 10SB and 10PTS clean off 15m and we had 20 shooters hitting the tracks to shoot off showing 2 things how great the targets were on Sunday and just how tough the condi-

tions were on the Friday and Saturday with poor light. After a couple of runs through of 5DB, 5SB and 5PTS we were down to just 2 shooters. Club President Roger Esplin and C grade shooter Sam Dolphin. Another set of 15tgs and it was El Presidente coming out the victor. Overall: Roger Esplin (125/125) (MGC), AA Grade 1st Terry Walls (99/100), 2nd Steve Holdsworth (96/100), A Grade 1st Josh Munn (73/75), 2nd Paul Deland (70/75), B Grade 1st Emily Corbett (73/75) (MGC), 2nd Gavin Jayasekera (94/100), C Grade 1st Sam Dolphin (122/125), 2nd Beau Volgezang (71/75), Best Unplaced Lady: Lisa Hawker (50/50), Best Unplaced Junior: Liam Shore (50/50) (MGC), Best Unplaced Veteran: Keith Calder (99/100).

This then left it for our last event the one everyone wanted to win the Beretta Australia 30 Tgt Handicap with a Beretta Silver Pigeon up for grabs courtesy of Beretta Australia. We must thank Beretta Australia who have been a major sponsor of this event right from the beginning and have been more than happy to support us every year since. Great support from a great company with great products!!

This event not only was going to see who would go home with a Silver Pigeon but it was also going to decide who would be the Overall High Gun winner with Craig Fitzgerald holding a 1 tgt lead over Kade Robertson and then a few others right on his tail could he hold on?

As the squads come in the possible's began to pile up. Bluey had missed one in this event giving Craig Fitzgerald a 2 tgt lead but he didn't need the buffer as he quickly made a mess of all 30 Tgts from the back mark and saw him in the shoot off for Overall with 13 other shooters.

The shoot off was a reasonably quick affair which saw Angelo Grassi from Wangaratta the only one standing after 15 shoot off targets. Well Done Angelo!!! 1st: Angelo Grassi (45/45), 2nd Ashley Hawker (63/64), 3rd Quinn Roberts (62/64) (MGC), 4th Liam Shore (80/81) (MGC), 5th. Acacio Mota (79/81), Best Unplaced Lady: Georgia Pistone (30/30), Best Unplaced Junior: Emily Corbett (29/30) (MGC), Best Unplaced Veteran: Domingo Diaz (29/30), Best 25m: Craig Fitzgerald. (38/39).

Beretta Australia HC Winners: Liam Shire 4th, Angelo Grassi 1st, Acacio Mota 5th & Quinn Roberts 3rd

As mentioned Craig Fitzgerald's possible in the Handicap saw him secure the Overall High Gun which was proudly sponsored by Craig Patterson from Paramount Projects. Craig took home an ATA Shotgun valued at \$1200 for his win!!

The grade High Guns were sponsored by Melbourne's newest Gun Shop in Yarra Valley Hunting & Recreation with Darren and Tina White sponsoring the AA & A Grade High Guns. Be sure to check them out for some great deals on all your shooting needs at www.yarravalleyhunting.com.au and Geoff Shore from Inline Contractors supplying the goods for the B & C Grade High Guns. We also thank Geoff as it is the 2nd year running now they have

A special Encouragement Award was donated by Jack Wallace of an Air Rifle that he awarded to a junior shooter he thought had performed well over the weekend and was won by Georgia Pistone. Well Done Georgia!!!

Presentations were held and all was done and dusted by 5:00pm thanks to our tireless committee and Cherilyn Wilson and Georgia Johnston in the office (with appreciate support from Sonya Carter) who helped run the event like clockwork with very minimal trap issues (Murphys law it was only the brand new trap that caused a few giggles). It takes good team work to get through a shoot this big in good time with very little fuss so thank you to all who helped dig in.

At conclusion of presentation a special surprise was made to both former members in Kath and Pete Wilkins to congratulate them on their 40th wedding anniversary and they were joined by some friends and family for a drink at the bar afterwards. Well Done guys!!!

Kath & Pete Wilkins who celebrated their 40th wedding anniversary at our shoot

Thank you to all the shooters both local and visiting for making this the BEST event we have held yet. We had shooters present from EVERY State in Australia so we must have done something right to attract you all. We look forward to making next years bigger and better again. It will be held next year February 23-25, 2018 so mark it in your diaries and don't miss it!!

All Tower shot at Mathoura

Mathoura's March clay target shoot was an all Tower affair, shot over the new Gemini trap, just purchased and installed, with the grateful assistance of a Community Council Grant. The grant was part of government money to help sport etc during the Council Amalgamation process. The committee of Mathoura Gun Club Inc, was very pleased to receive the grant, and had lots of willing helpers to install the new trap prior to the shoot, an ideal time as the old tower trap had been giving quite a bit of bother.

Actually word had probably got out about the new trap as four full squads of shooters turned up to compete in the shoot, and being an all tower program that is a very good roll-up. The night turned out to be excellent weatherwise, and some very good scores were recorded.

Event one, a ten target Double Barrel, Night Tower Cash Divide, was won by three Numurkah/Shepparton shooters and one Echuca member all shooting a full 10/10 score and each received an equal share of the first place dividend. They were Colin and Peter Finn, Barry Bloodworth, and Echuca's Nick Dean

Event two, was a fifteen target, Single Barrel, Night, Tower Cash Divide, no possible's shot this time, but two shooters managed to lose just one target to score a 14/15, and they were Peter Finn and Nick Dean sharing all the first place money, coming in second place with a score of 13/15 was Paul McKendrick (Euroa), Barry Bloodworth, and Mick Keirl (Mathoura).

Event Three, the main event for the evening, a 25 target, Victorian, North East Zone, Night Double Barrel Tower Championship. And after a shoot off lasting just three targets Mathoura's Mick Keirl put his hand up to be the Overall Winner, also the first placegetter of A/AA Grade, with an unbeaten score of 28/28. Well shot Mick Keirl! B Grade 1st, again after a very short shoot off, was Paul McKendrick (Euroa) 29/31, and C Grade 1st was Echuca's April Thompson, after having scored an excellent 23/25.

A very enjoyable night of clay target shooting, with not a hiccup from the new Gemini Trap, making sure of a very smoothly run shoot and an early finish.

5th Annual Marconi Falcon 100

**Marconi Clay Target Club
February 2017**

On Sunday 12th of February 2017, Marconi Clay Target Club held its 5th Annual Falcon 100 shoot, in conjunction with the Marconi 400 Teams Event. A fantastic turnout, the club was very pleased to service 23 squads of eager shooters, their eyes neatly set on the prizes up for grabs.

Sydney's weather certainly lived up to its promise! With warm and calm conditions holding out for the Points Score event in the morning, shooters shot steady into mostly unchanging light conditions and light winds. The afternoon however brought a whole new challenge for the Double Barrel event. Very warm to hot conditions (40+ Degrees) with medium to strong frontal winds gave targets a significant lift and made for a challenging afternoon for newcomers and well-seasoned shooters alike. Light conditions remained excellent throughout the day's events thankfully.

After a great day of shooting Vito Balliana emerged to take overall. Congratulations to Vito for his well-deserved win scoring of 199/200 after a relatively short shoot off. Vito took home a Beretta 692 Trap Gun, 750 Falcon Shells, Sash and his name on the Falcon 100 Trophy and Honour Board. And well done to all our placegetters also!

Pete Phillpott President, Vito Balliana OA, Angelo Piazza Vice President & Dino Barros Vice President

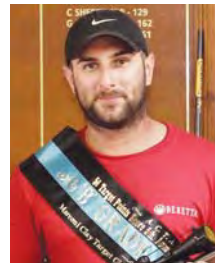

We would also like to thank Peter Phillpott, President and Shoot Marshall, for running the days shoot like clockwork? A huge thanks to Frank Auditore, Pam Trew, Sharon Phillpott and Janene Schiller for all their assistance in the office on the day. To our beloved Tony for his culinary arts in the kitchen, we would all shoot on empty stomachs without your ever delicious 'Schnitty Rolls' and you famed chilli sauce. A special thanks to Angelo Piazza and Sharon Phillpott for their tireless efforts to put the whole day together for our shooters.

The Squire reports from West Wyalong

West Wyalong Clay Target Club
Februaray 2017

Skeet Doubles! Whose crazy idea was that? No one at the West Wyalong Clay Target Club had ever shot skeet doubles and that was the second event at the 100 Target Skeet Day held on the last Sunday in February.

The Squire had to sheepishly put his hand up and although he had not shot skeet doubles since he left Broken Hill twenty years ago he assured everyone it would be ok.

Graeme Fairman had been out early and opened everything up so all was in readiness for a prompt start at 11.00am. Thanks Graeme.

There was only two squads of shooters and the organisers really appreciated Ray Hillam and Mark Rosenboom coming from Griffith and Allan McKenzie who made the trip over from Orange.

Conditions were quite windy but in the first round of the 50 Target Graded Skeet, Mark Rosenboom shot a possible and Mick Munro and Allan Schirmer shot 24/25 so things were not too difficult.

Mark Rosenboom continued his good form into the next round completing a very creditable 50/50 to comfortably win AA Grade.

Ray Hillam 43/50 was not having one of his best days winning A Grade while Mick Munro 46/50 was the B Grade winner.

It was much more competitive in C Grade with Allan McKenzie shooting 43/50 to be the winner.

After lunch and after some perusal of the Skeet Rules Book the 50 Target Skeet Doubles got underway.

According to Club President, Jason Anderson, everyone enjoyed the doubles as it was different and was not as difficult as everyone had thought it would be, even though the wind was forcing the high house target down short of the marker.

Mark Rosenboom 24/24 showed great skill to shoot a possible in the first round but encountered some difficulties in round two to shoot 22/26 for a total of 46/50 and win AA Grade. Ray Hillam 38/50 was not on form but nevertheless won A Grade while Mick Munro 41/50 was the B Grade winner. Jason Anderson enjoyed his doubles and was very happy with his 39/50 to win C Grade.

In spite of the conditions Mark Rosenboom with his 96/100 was the High Gun on the day.
