## **SKEET NATIONALS**

Earlier this week the Skeet Hall of Fame dinner was held and Mal Briggs inducted. Mal's achievements over many years places him in the top five all time points holders. Congratulations Mal.

Events have been well attended with numbers in the smaller gauge events growing significantly.

Due to the unavailability of the Orange Dome targets the events are being shot using black clays and to date scores are still excellent. A full report on the event will be in next month's magazine.

## **INFORMAL SKEET MEETING**

The meeting was held prior to the shooters BBQ and some interesting suggestions were proposed. I have not had the time to research them all but have looked at the suggestion that AAA Grade should be introduced even if it only applied for the Nationals as the numbers in AA Grade were anecdotally far in excess of the numbers represented in the other grades. I have used the figures from the Commonwealth event on the Thursday to test this argument. Numbers in attendance in the Grades were as follows:

AA	60
A	35
B	50
C	11
Total	156

Other considerations are as follows:

OA winner is generally in AA grade usually resulting in 4 places coming from AA Grade.

Cash payouts for the grades are relatively proportionate to the number in each grade.

In any case there were 50 B graders in attendance and 35 A graders so the introduction of another grade thus halving the amount currently in AA would result in approximately 30 in AAA and 30 in AA, which is significantly less than the number in B grade, and less than the number in A grade.

Therefore I believe that the argument used to promote another grade at the top end is not supported by the facts at the moment. Other issues that were raised will be looked at over coming months.

## **NATIONAL GROUNDS**

Patently, we are awaiting the development approval for your new clubhouse/conference facility. Planning is complete for construction and provision of most services etc. and we now have 6 contractors identified and shortlisted to begin the tender process following an expression of interest process. This is an exciting but very demanding time as our architects and planners strive to deliver a quality building at the budgeted price within the required short timeframe. It is anticipated that building will begin in July and be officially opened at the beginning of the Trap Nationals, 2018.

## **WORLD DTL 2018**

Shooters interested in participating in this event need to look at accommodation options immediately. Information regarding the event is available on the ACTA website [www.claytarget.com.au](http://www.claytarget.com.au) and at

[www.ictsfglobal.com](http://www.ictsfglobal.com). Nomination forms will be available on the ACTA website for both the Nationals and the World from the 1st of July. Entries to both events will be limited and filled on a first in basis. Prize value for the Nationals and the World is currently \$130,000. There will be a need for 30 referees for the 3 days of the World competition. These positions will be paid and will preclude those involved from shooting. Expressions of interest for these positions will be called later this year.

Under the current roster this event will not return to Australia until 2030 so please take advantage of this rare opportunity to compete in a World Championship in your own country.

## **LEGISLATION**

Your Association recently funded an appeal in a South Australian District Court against the South Australian Police refusal to grant a Category C (Semi-Auto) license to a member of the Association. This matter was heard in the District Court and the refusal was successfully overturned on appeal. South Australian Police are now appealing the District Courts ruling to the Supreme Court. The ACTA is currently considering whether to continue to fund this matter, which we feel set an important precedent.

## **NSW POLICE**

Consultations have taken place this week in relation to Liquor Licensing requirements for the new function centre. Options are now being considered.

Consultations have also taken place regarding possible requirements and storage solutions for International visitors to the World DTL. It is likely that at least 2 full time staff will need to man the storage facility from first thing in the morning until late in the evening.

## **SHOOTING AUSTRALIA (SA)**

This coming weekend SA have scheduled a Participation Workshop. Unfortunately due to our attendance at the Skeet Nationals neither the Executive Officer nor I can attend. Just to set the record straight, this is simply a matter of circumstances and not any "disengagement" by the ACTA as was previously alleged following a similar occurrence. The paper provided by the Participation Committee is concerning to the ACTA. Some suggestions would clearly have member clubs in breach of the ACTA Constitution. It appears they wish to give away the product we sell? We want people participating in our sport as members, not as non-members paying for what could be considered a visit to a shooting gallery.

## **VOLUNTEERS**

I would like to take this opportunity to thank all the willing volunteers in our sport that keep the wheels turning from Club, Zone and State levels through to the Executive level. It would be great if whenever possible you take the opportunity to thank those that contribute so much to the sport.

# Executive Officer's Report

## ACTA NEWS

The National Skeet Championships were conducted from the 20th–27th May in great conditions at the National Ground in Wagga Wagga .

Congratulations to all who attended for what was a great week of both shooting and social events. A full report on the event will be in the next CTSN.

The Executive have confirmed that the cost of membership for 2018 will be the same as 2017. The ACTA has continued to investigate member benefits with a number of new initiatives being considered for 2018.

Agenda items for the National Executive meeting to be conducted in June have been called for over the past two months, this is an opportunity to progress any items that individual shooters, Clubs, Zones or States have for the Executive to consider. The opportunity to follow the above process is available all year round to members, however this particular meeting is one to reflect and evaluate the previous year and plan for the future of the ACTA. There are always new considerations particularly with the changing circumstances that the ACTA will create through the new club house.

This meeting will consider a number of agenda items including recommendations from the Rules Supervisors meeting on the 12th May, recommendations for the 2018 National and World events will also be discussed.

With the building of a new clubhouse and conference centre the Executive will be setting the direction of the Association for both the long and short term.

This new addition to the ACTA will allow in the future, an income stream to grow the Association and keep costs to a minimum for members.

The Building Committee and EO have attended numerous meetings with the designers, planner, Wagga Wagga City Council and architects over the past three months. The development application should be assessed and approvals provided by mid-June. The tender process has commenced with six experienced builders having expressed an interest in the construction. A schedule of works agreed with the builders will see the building handed over to the ACTA in early February 2018.

The 2018 National Championships will be followed by the World Championships giving the ACTA the opportunity to showcase the Sport and Association to the World ICTSF Countries.

The ACTA expect a substantial increase in participation in both events, in anticipation of the need to accommodate this the ACTA has extended our agreement with our neighbour Rod Brown for an increase in the number of traps available to 20, this increase will assist in getting the expected numbers across the events. The ACTA is very grateful and appreciative of the co-operation of Rod, I am sure every club would appreciate such an accommodating neighbour as we have. Thanks again to Rod Brown for his support of the ACTA.

*Tony Turner*

## How does the ACTA operate?

The ACTA structure is as follows. The ACTA Executive has delegated power to a Board to make recommendations to the full Executive on matters raised through the reporting systems in place. Board and Executive members can bring agenda items to the Board at any time, through providing briefing papers clearly setting out the items they wish to raise. These items make up the agenda for meetings conducted on a regular basis and at times when urgent business is received at short notice. State Associations can also bring matters to the Board through their State meetings and through their delegates to the National Executive or to the Executive Officer.

Once the Board has met on the agenda items they make recommendations to the full Executive for approval by the full Executive. This process takes quite a deal of time to not only be decided but acted on.

The decisions of the Executive once approved are documented in minutes then placed on the ACTA website. The ACTA National office staff do not make these decisions, the full Executive make these decisions and the staff carry out the decisions of the Executive.

If a registered shooter is looking to have an issue addressed in relation to the sport there is a process to go through. At Club matters should be directed to the Club in the first instance. Mostly they will be resolved at the Club in line with your constitution.

For National matters, they should be addressed in writing to your club. The Club may be able to address many of the questions you have, should the Club not be able to resolve your issue they can then forward or place on the Zone agenda for discussion and determination, should this not resolve the issue then it should be referred by the Zone to the State Association. The State, if not able to resolve the issue or be able to deal with the issue under their own constitution should send the item through their State delegates to the National Office to be placed on the agenda.

Whilst on the protocols for contact with the National Body it is important to remember the role of the National Rules Supervisor & the National Handicapper. These volunteer give their time to work with the National body to assist in their specific areas.

The first action to be taken when you have a rules or handicapping issue is to talk to your Club. The Club may wish to refer this to the Zone for clarification or to the State Handicapper, Referee Examiner or State Rules Supervisors, these people can probably sort out your concerns.

If the concerns cannot be adequately addressed the State Rules Supervisor and or Handicapper can then contact the relevant National official. Where possible it is important to put these concerns in writing detailing the facts of your concerns. A written request is so much easier to deal with as the issues and resolution are then in writing so there is no ambiguity.

As with any rule book or handicapping system where they exist in any sport there will be grey areas. All enquiries or disputes will be adjudicated at all times by the National office holders based on the written rules in each case.

# SACTA State Skeet Carnival

State Shooting Park  
February 2-5, 2017

After the success of last year's Carnival with the new 4th layout at our State Shooting Park, we were wondering at a State level, if we could build any further on the number of participants that would attend. Many competitors told us last year that they would spread the word so that we could see more interstaters visiting at the 2017 Carnival.

Once again, there was representation from nearly every State this year (including WA and QLD), and attendances came in just below last year's record over the 3 days of competition. They were all there vying to try their skill at claiming one of the many 'Red' State sashes that were on offer. Lurking around every corner and walking amongst us were some of the best Skeet shooters in Australia waiting to pounce and claim one of the available State titles. Most interstate visitors came in with their families for the events, and this certainly made for a large crowd of onlookers and a great ambience at the grounds.

Friday March 10 arrived and again, we've all aged another year since we met here last at the South Australian State Skeet titles. Around the well manicured grounds, friends that hadn't caught up for a while were seen chatting and laughing and catching up on all the latest goss from their travels around this country. The atmosphere was already buzzing with the usual caravanners and campers arriving to guarantee themselves a good spot and get some practice in to familiarise themselves with the grounds again before the games begin tomorrow.

The weather gods have not been kind to us this year with mild to warm temperatures forecast, but showers, possible rain and even thunderstorms are expected for the first 2 days of shooting. Practice day went off without a hitch and everyone chilled out while they were contemplating the results of tomorrow.

As Saturday morning arrived, there was the usual scurry of activity early in the morning as the 4 layouts were being tested and corrected

for speeds, angles, heights and distances. A word of thanks has to go out to the State Executive who also put in countless hours in preparation to make sure everyone has a great Carnival. Thank you also to the ground staff for their trap filling and maintenance which makes the shooting experience a lot more pleasant for all our competitors.

9am on the dot and the first event was called – the 50 target State Skeet 20 gauge Championship. Thirteen squads headed out to contest the event in reasonably calm conditions with overcast skies. After a good deal of huffing and puffing, 5 competitors ended up shooting the perfect score and went out to see who would take the honours. In the end, the results were: C grade was taken by Mel Jones 47/50 and 2nd was Jeff Grove with 43/50. B grade went to John Pethybridge 49/50 and Leonie Johnston 2nd 50/54. Tore Picicella got the 1st in A 49/50 and Michael Raper 2nd on 52/54. AA grade 1st went to Bob Dower 90/91, 2nd was Lyn Schubert 89/91 and the

State 20g Overall winner Mal Briggs

honours for Overall went to Mal Briggs 62/62. Veteran winner was Bob Dower, Ladies went to Sarah Bennett and the Junior was Jack Stockdale.

Squad cards were already out for the 2nd event for the day which was the 50 target State Skeet Handicap Championship. 14 squads made it out to the walks and over the rest of the day, the conditions deteriorated as the predicted storm

clouds started to darken and the breezes became stronger. All the competitors were hoping that they would get through their 50 targets before we saw any lightning. As they came off, everyone was hovering around the scoreboard to see where their positions were and if they were in with a chance. Office staff was busy counting the numbers and making up the new cards for the shoot-offs as time was starting to get away from us. Finally when all was said and done and dusk has taken its toll, the top 5 were: 5th Bob Thorne 85/92, 4th Wally Clarke 87/98, 3rd Deb McPherson 93/100, 2nd Max Sammon 110/113, and taking the Red State sash and the Overall title this year was Nathan Campbell from ICTC with a well shot 112/112. Our Junior shooter was Max Sammon 110/113. Great shooting Max.

Because of the lateness of the finishing time, presentations for the first two events were held off until tomorrow night as well as the presentation for the South Australian 'Hall of Fame' induction. As the day drew to a close, everyone headed out to some of the local hotels and eateries for a well earned break and to get refreshed for the start of the

qualifying events on the Sunday morning.

8.00am on Sunday morning saw the start of the 25 target Open Zone Team Shoots with everyone vying for the winning placing and their names on the title. Central and Eastern fought it out with the eventual winners coming in as Central Zone with 124/125. There is always a lot of rivalry and sledging (in a fun way) between these 2 teams each year. Team members were: Nathan Campbell, Lyn Schubert, Tore Picicella, Rito Borzillo & Chris Langley + 6th shooter Mike Huxtable. Congratulations to Central Zone!!

While the Zone shoots were in progress, people were wandering around the grounds having their bacon and egg rolls for breakfast and waiting for the call up. Shooting conditions were quite blowy, very dark and overcast, but smack on 9am the 15 squads were called out for the 3rd event, the 100 target State Skeet Championship. As the day went on, the seriously heavy rain came through at different times soaking the competitors on the grounds, to the core. Everyone persevered and the day ticked along

A grade was Kat Mules 97/100 with 2nd going to Deb McPherson 95/100. AA grade was won by Kenny Atkin 108/110 with 2nd place going to Hayden Mountjoy 107/110. The highest award went to Michael Buttigieg taking the Red State Sash, Silver pin and perpetual trophy after a shoot-off ending up with a 109/111. Veteran winner was Bob Dower, Ladies went to Deb McPherson and the Junior winner was Jack Stockdale again with a well shot 96/100. This will be one lad to look out for.

Last formality for the day was to get the State Postal Teams organised. Once this had been done, and, as we mentioned earlier, presentations were done

for the first 2 events of yesterday as well as the today's singles title. Over these events were calculated the postal team respective High Guns which this year were: Open Dougal Simson, Veterans Steve Chambers, Ladies Liz Rymill and Junior Tristan McKinnon. Our South Australian Champion Shooter was Nathan Campbell and the SA Junior Champion, Tristan McKinnon.

SA shooting Patron Kelvyn Prescott was then asked to present a testimonial for the recipient of this year's Hall of Fame induction Benn Baker. There has been an amazing amount of achievements for Benn over many years of striving to reach his shooting goals (including travelling overseas to represent Australia). A very humbled and grateful Benn received his dark Blue Hall of Fame jacket with a small speech of gratitude to the members that were present. What a great story this man has to tell at such a young age. Congratulations Benn

Hall of Fame recipient Benn Baker, with Patron Judge Kelvyn Prescott

and a well earned reward for your many successful years.

Once this had all been done, everyone went off for a relaxing Sunday night, awaiting the last day of qualifying on the Monday SA public holiday.

As Monday morning started to break, there was activity at the nom's window to see if there were any squad changes for the long distance travellers, and as everyone was sorted out, the 50 target State Champion of Champions got underway right on time. 6 competitors shot the perfect score and there was some friendly rivalry again around the grounds before the shoot-off's began. Final scores came in as Bridgette McKinnon 1st in C 47/50, Mel Jones 2nd with 46/50, B grade went to Steve Chambers 49/50, and 2nd was Mark George on 52/54. A grade

58/60. Overall honours went to Glenn Walker who kept his cool and his head down to come in with 54/54. Veteran winner was Steve Chambers, Ladies was Lorraine Hughes and Junior went to non other than Jack Stockdale who was having a blitzer of a weekend. A great effort from all these guys.

The final event of the weekend then got underway – the 25 pair State Skeet Doubles Championship. As scores started coming in, everyone was gathering at the scoreboard to check how they had gone toward the High Guns. Winners and scores for the Doubles were: C grade went to Len DeCandia 41/50, and 2nd was Janette Densley 42/53. B grade was won by Daniel Hemming 47/50, with 2nd place taken by 'Cockles' 46/50. In A grade, Kat Mules got the 1st place 48/52, and 2nd went to Shoot Marshall Michael

Michael Buttigieg with a perfect 56/56. Veteran was Max Oakley, Ladies was Lorraine Hughes and Junior was again Jack Stockdale.

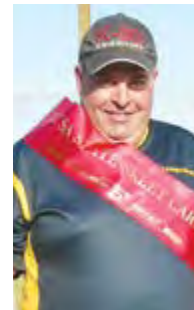

After the presentations for these 2 events the 3 day High Guns were also awarded to the highest scorers. With a 284/300 was Junior High Gun Jack Stockdale. What a fantastic effort from this guy considering the bleak conditions. The Ladies Overall went to Lorraine Hughes on 283/300 and the Veteran High Gun was Bob Dower with 288/300. The grade High Guns were: C Mel

the winning SA shoulder to shoulder travelling teams who were presented with their well earned State badges. Also, the SA Junior Champion shooter was Tristan McKinnon, reasonably new to the discipline, who shot extremely well for the whole weekend. Finally the South Australian Open Champion shooter this year went to Nathan Campbell. This guy has been training extremely hard over the whole year to come up with this result. Congratulations Nathan and Well done!!

At this point we would like to sincerely thank all of our generous sponsors for supporting our State Skeet Carnival this year. Every shooter knows that without their involvement, contribution and support, these events, trophies and prizes would not be possible. This year we take a bow to Bronte Evans Chartered Accountants, The Adelaide Gun Shop, Marsh Insurance and BronzeWing Ammunition. Thank you all so very much for making our State event a success.

Finally, a word of thanks to the usual behind the scenes workers that make everything run so well, from our Shoot Marshall Michael Raper to the staff in the office, on the grounds and in the clubhouse and kitchen. You know who you are and we at SACTA acknowledge and appreciate their relentless assistance in making everything run so seamlessly. On a last note, thanks to all the shooters that participated and travelled to compete and helped make it a great 2017 State Skeet Carnival.

We hope to see you all again in 2018. Thank you all.

# Central Zone Trench

**West Wyalong Clay Target Club  
April 2017**

*Great Autumn weather greeted shooters as they arrived at the West Wyalong Clay Target Club for the 100 Target Central Zone Trench Championship and the second phase of a two day trench shoot shared with Griffith Gun Club who had shot the previous day.*

Four squads of shooters arrived and were quickly organised by Club Secretary, Clive Foster and his able assistant Amanda, so Luke Kirkby was able to call the first group of shooters to the layout shortly after 10am and the day got underway.

Trench shooting is a difficult shooting discipline and although there were some consistently high scores during the day, only Karl Corry and Australian representative Michael Coles were credited with shooting the coveted 25/25 during the day.

"The Magic Lady", Sue Turner arrived and soon had the canteen under control and with the assistance of Amanda and "Lydia The Gun", soon had shooters needs catered for in that area.

To decide a winner in the Championship, competitors had to shoot 100 targets, then the top six shooters had to shoot a further 25 target final, Single Barrel.

The finalists included Michael Coles 94/100, Karl Corry 88/100, Andrew Mintzas 87/100, Greg Harris 86/100, Stuart Foate 84/100 and Paul Salafia 83/100.

Whilst Michael Coles was the firm favourite, it was Paul Salafia, 20/25 who was declared the winner of the final and the Central Zone Champion.

Club President, Jason Anderson called everyone together and made a point of thanking everyone for their assistance and cooperation during the day. In particular, he singled out Rob Lindsay, who had spent a large part of the day in the trench loading clay targets onto the trap machines.

After presenting Paul Salafia with the Central Zone sash Jason announced other winners as being; AA Grade Michael Coles 94/100, A Grade 1st, Karl Corry 88/100, 2nd Andrew Mintzas 87/100, B Grade 1st Greg Harris 86/100, 2nd Stuart Foate 84/100, C Grade 1st Anthony Gray 81/100, 2nd Randolph Rossi 79/100.

Jason then called on the Central Zone President, John Wason to announce the Central Zone Team to represent at the New South Wales Championships in Sydney during June who were; Greg Harris, Anthony Gray and Peter Sullivan. Reserves being; James Catterall and Don Turner.

Finally, it was the turn of New South Wales State Delegate, Colin Kneebone to present the Combined Griffith/West Wyalong Two Day High Gun awards and they were; Overall Karl Corry 177/200, AA Grade Michael Coles 176/200, A Grade Andrew Mintzas 163/200, B Grade Greg Harris 170/200 and C Grade Shane Roberts 151/200.

All in all a very successful and well organised shoot, enjoyed by all.

Also the atmosphere on the day was great, most people had a good time.

The scores were good due to the great weather. In all my 11 years running the Club it would be the first time I was not called to adjust any targets on the 5 layouts used on the day. Also it was nice to see Louis Galea back in form as he was so bad up to 4 months ago with a back problem he had to use a walking frame to get around, he was in hospital for about a month and had a difficult back operation.

Thanks to Paul Micalaf & Rod Clarke, Mary Galea for the wonderful help with the barbecue who kept everyone well fed with their fine food, Sam Bartolo, our Junior who did a great job on the day with filling the no 5 trap & a special thanks to Chris the Trapper from Sydney, Marconi Clay Target Club and the ground crew, thanks guys, great job and of course not enough can be said about the ladies in the office, Maria, Grace and Geoff Woods, with Grace in particular doing an outstanding job on the computer.

Vince Gatt, welcomed all the volunteers with the first wave on the day also a special thanks to assistant Shoot Marshall Louis Galea & Shane D, & thanks to Danny Forster who kept the scoreboard up to date.

Thanks to all that attended on our Easter Carnival.

# Two days of trap at Toowoomba

March was a very exciting month for the Toowoomba Clay Target Club. On the 11th & 12th March 2017 the Annual Two Day Day Trap Shoot was held. It was the culmination of many months of planning and hard work. The Club Committee was ecstatic to see 138 shooters had nominated by Sunday morning. Thanks to the great prizes on offer it was not totally surprising to see such a great roll up of shooters.

First prize in the 25T Handicap Event was a Zoli Kronos Shotgun courtesy of Hunt's Shooting Supplies. Our next largest sponsor was the Sunshine Coast Clay Target Club who kindly donated \$2,000 in cash prizes to the winners in the 50T Double Barrel.

Chris Tait & Dr Phil Keller

Chris Tait from the Toowoomba Regional Council fired the opening shot of the day and gave a very supportive speech to the shooters which was well received.

Event 1 was the 25T Cash Divide. 25 AA shooters, 4 A Grade and 2 B Grade Shooters shot the possible and so despite Toowoomba's reputation of being difficult to shoot the scores were fantastic indicating the high skill of the attending shooters.

Cameron Brown

The next event was 30T Medley. Nine shooters shot the possible with Cameron Brown emerging the winner with 123/125 after the shoot off. Dan Johnson on 122/125 took out AA, Darren Shepherd with 75/75 took out A Grade and Tom Daniels with 70/75 took out B Grade. Brenna Prendergast shot very well with 48/50 to take out C Grade.

Byron Hewitt

Saturday finished with the 50T Double Barrel. Again, there was quite a bit of red on the board with eleven shooters shooting the possible. However, with the light starting to fade and a few shadows around, shooters quickly dropped out with Byron Hewitt emerging the victor on 98/98. Mike Swale took out AA on 97/98. Steve Grasic won A Grade with 71/72, Scott Reynolds, B Grade with 49/50 and Brock Schrag took out C

Grade with 47/50. Brenda Collins took out the Ladys with 48/50, Keith Simpson the Veterans on 66/67 and Brodie Hewitt the Junior Division with 51/52.

Pat Weir & Keith Simpson

Sunday morning began with Pat Weir, (Member for Condamine), the local MP firing the first shot of the Day. Event 4 started and this was 25T Points Score and this time 4 possibles were shot.

Harry Mintram, a Toowoomba Sub Junior aged just 14 won the Overall with a score of 96/96. Well done, Harry!! Steve Steenstrup with 93/96 took out AA, Rob Horn on 77/78 took out B Grade and Thomas Daniels with 74/75 took out B Grade. Brock Shrag 72/81, took out C Grade.

Next Event was the 25T Handicap. This event had the Zoli Kronos Shotgun, sponsored by Hunt's Shooting Supplies as the first prize. Valued at \$5300. Needless to say, competition was intense.

This time 5 Shooters shot the possible. With 5 prizes to win everyone was assured of a place. Tom Harris was the first to go with 26/27, finishing 5th. Then local Shooter, Chris Stumkat dropped out on 26/27 for 4th. Franco Di Bartolomeo missed the 6th target of the shoot off to finish 3rd on 30/31. Finally, Brock Shrag missed his 14th target to end with 38/39 for second, leaving a very happy Cameron Brown the winner on 39/39. Well done, Cameron!!

The final event for the Day was the State Deauville Doubles. This was not part of the High Gun. Despite this event being shot over a fixed metrage of 22m, 100 shooters participated.

Six teams, managed to shoot the possible (20/20). After 16 targets just 2 teams remained. Toowoomba Veteran, Keith Simpson, teamed with Kim Nealon a top NSW Shooter were left to battle it out with Roma Juniors Brodie Hewitt and Eli Rohrlach. The Juniors put up a very strong fight including some fantastic second barrel saves but in the end, the older experienced shooters won the day shooting 37/37 in the shoot off, for

a final score of 57/57. Remarkably each shooter having shot all their own targets independent of their partner. A great effort. Meanwhile in the office, another exciting finish emerged with AA Shooter, Clayton Cusack tied with B Grade Shooter, Thomas Daniels on 220/225. After an exciting shoot off, Clayton emerged the Victor with 230/235.

Jnr HG Harry Mintram

With rain forecast we were all happy to finish the day exhausted but dry. A big thank you to all the shooters who attended and helped make this a record shoot for the Toowoomba Club. Also to our sponsors, Hunt's Shooting Supplies, Sunshine Coast Clay Target Club, Alan Brett Mechanical, Altitude Motel and Blackpearl Partners.

Finally thank you to the helpers in the kitchen, office, bar, the trappers, refs and scorers, trap mechanics as well as the ground staff. A great effort by all concerned.

President

# Wangaratta Re-Opening Day Huge Success

## Wangaratta Clay Target Club May 2017

*The club held its official re opening day on Saturday 20 May 2017 in conjunction with the May DTL shoot.*

Almost 50 shooters were in attendance to help join in the celebrations and make this very special day in the clubs history a most memorable occasion.

The club stopped the competition after the first event for about half an hour to allow the visiting dignitaries to speak and congratulate the club on our return to activities. Many comments were made that reinforced the way the committee handled the sometimes difficult, time consuming and expensive down time period since closure in May 2016.

All members can be assured that their committee has attempted and succeeded in 'ticking all the boxes' in our dealings with all the various authorities over the last 12 months. The best interest of the club and its ongoing viability has always been of the highest priority in all decisions made in this regard.

At present, the club has received interim approval to resume both DTL (grounds 2 & 3) & 5 stand sporting clays from the EPA. The club will be issued with Environmental Management and Clean-up Plans due at the end of August this year. The club remains optimistic that the plans will recognise the unique requirements and nature of gun clubs activities both here in Wangaratta and across the state.

*Below: Brian Reid receives certificate of appreciation from Daniel Young MLC, L- R: Cr. Harvey Benton, Phillip Smith Club Pres, Norman Dunn, Malcolm Dyson & Jane Hume MP*

*Snr Jane Hume MP lines up for the official re-opening shot with help from Club Sec Angelo Grassi*

Special thanks must go to the Shooters, Fishers and Farmers Party for their ongoing and tremendous assistance, support and advice in so many ways. Chief adviser Mr Norman Dunn, has been invaluable in this regard, working closely with Senator Daniel Young MLC.

# Letter to the Editor

I would like to put a case forward to the ACTA to reconsider the 10 seconds time infringement rule for American Skeet for the following reasons.

- 1) American Skeet has a different time or format to all other clay target shooting disciplines such as Trap, Double Rise, Sporting, Ball Trap, Tower, and Trench.
- 2) Trap, Double Rise, Sporting, Ball Trap Tower and Trench shooting all have an advantage over Skeet and that is that these shooters are all ready standing on the station with their gun barrels resting on their foot, cartridges in the chambers, standing with the correct foot position ready to shoot, where as the Skeet shooter cannot step on to the shooting station until the shooter in front of him has stepped off the shooting station, then the Skeet shooter has to rest his barrel on his foot place his cartridges in the chambers, position his feet and only at this stage is the Skeet shooter equal in time to the other disciplines, clearly Skeet shooters are at a disadvantage and discriminated from the other disciplines, this is only one of the reasons why the time infringement rule for Skeet should be put back to 15 seconds.
- 3) 24% of shooters at the 2016 Skeet Nationals were veterans which are going to increase each year and as we get older our reflexes and mental alertness slows.
- 4) I have observed shooters over the past 12 months and would estimate that in excess of 65% of shooters exceed the 10 seconds.
- 5) And finally how does the ACTA intend to apply this 10 second time infringement rule to a disabled shooter who will clearly exceed the 10 seconds.

I understand that we have been having completion time problems of events but there are other solutions to this problem other than upsetting the shooter the paying customer and the expansion of our sport and as you all know that the numbers have been increasing.

- a) Move the National Skeet Carnival to daylight saving as it used to be in November providing at least an extra 2 hours plus.
- b) Shoot 100 targets at one visit is another option.
- c) Install extra layouts.
- d) Better management systems.
- e) Time is lost on squad change overs for many reasons, (change over of referee's & scorers ) (having shooters on the layout ready to shoot) (signs next squad layout shooting numbers keep up to date) (Shoot-offs for H'cap event as shooters qualify could start on spare layout before event has finished)
- f) Add another day to the Carnival to allow for these problems.
- g) Maybe having 2 Shoot Marshalls may assist in this problem and share the workload.
- h) Or you may want to consider deleting rule 5 (a) in (MANDATORY REQUIREMENTS FOR OFFICIALS, SKEET) one target shot, not to count, from each house shall be offered to each shooter for his first targets of the day.
- i) Time is also lost on the first wave of the day due to shooters requiring targets to be adjusted, last year I was refereeing a squad who waited 20 minutes for this adjustment to be done no fault of the person carrying out the adjustments but he was only one person and could not be in two places at once, may be two people or more first wave of the day could help this situation.

I would like to sum this up by saying that I enjoy my sport immensely but if I am going to be hassled and hurried up on how long I take to prepare myself, within reason, to get the best possible chance of breaking the target, it is taking away the main reason why I compete.

And finally I would like to quote Tony Turner from July 2016 Australian Clay Target Shooting News which was printed just after the 2016 Skeet Nationals, which I totally 150% agree with as I think it further sums up my feelings and possibility other shooters.

QUOTE: "IT SOMETIMES OCCURS THAT WE LOSE SIGHT OF WHY WE ACTUALLY COMPETE IN THE SPORT. MY PHILOSOPHY ON LIFE IS SIMPLE, IF IT'S NOT FUN, I DON'T DO IT" UNQUOTE well let me tell you people it is not fun at 10 seconds.

## West Wyalong Clay Target Club March 2017

West Wyalong has two state champion winners following the Narelle and Wayne Ambrose victory in the New South Wales Clay Target Association's Deauville Doubles Championship held at the West Wyalong Clay Target Club on the fourth Sunday in March.

Wayne carried his good form forward following his High Gun performance in February and Narelle has always performed well in the event at club level in the past.

The Deauville Doubles event is shot in teams of two who shoot at two targets released simultaneously. If either team member misses their target the shooting partner can

attempt to shoot the missed target.

The day began with 50 Targets Trench at 10am as a warm up for the Central Zone Championship the following week.

Trench is a difficult clay target discipline although there are shooters who enjoy the challenge and will travel long distances to participate as there are very few

trench layouts in country New South Wales.

Initially, conditions were ideal for clay target shooting with a fine sunny day, however, clouds came across later in the day but the light was even giving a good view of the targets.

Lydia, "The Gun" ably assisted by young Lenny fired up the barbecue and did a great job making sure everyone was fed before the commencement of the afternoon program.

Sue "The Magic Lady" Turner, turned up to weave her magic and helped create plenty of merriment around the club as usual and looked after the canteen.

The new assistant secretary, Amanda was helping Clive Foster in the office and will be a big help during future shoots and free Clive up to participate in shoots without having to rush.

The first event of the afternoon program was a 5 Pair Double Rise Eye Opener and only two shooters, Colin O'Leary and Clive Foster were able to shoot all the targets.

Event two, 20 Pair Double Rise was also a Foster benefit with Clive being the Overall Winner with an excellent score of 38/40.

AA Grade was won by John Blain 44/50 after a shoot off and Russell O'Leary took A Grade with his score of 36/40.

Another visitor, Joel Yan 30/40 won B Grade and Kayl Lindsay 22/40 claimed C Grade.

Nominations were taken for the New South Wales State Deauville Doubles Championship and after all the teams had shot off it was

Narelle Ambrose 49/50 maintained her good form winning A Grade with Joel Yan 47/50 winning B Grade and young Kayl Lindsay 22/50 won C Grade.

Clive Foster 97/100 was High Gun for the day.

# BACK IN ACTION WITH NEW TRAPS

**Swan Hill Clay Target Club  
December 2016**

*After months of long, late days and a lot of hard work, the Swan Hill Clay Target Club was finally back to being usable with the installation of the new Laporte Traps and trap house upgrades. We were lucky enough to have Anna Shedrina from Laporte Australia/Bronzewing, Graham Browne from Laporte UK (who was in Australia for the setup of the 2018 Commonwealth Games shooting grounds) and Danny Ryan (Victorian Laporte agent) on site on Sunday 23rd April to assist with the installation of the new traps. By all accounts it went well and we received some fantastic exposure on Laporte Australia's facebook page.*

We didn't aim to promote our first shoot (30th April) too heavily as we were uncertain how close we would be cutting it, to get the grounds ready in time, but by tools down at 9pm Saturday, there was a level of confidence that we were ready enough.

We had a total of 31 shooters across all events which was great for us and more than usual. The weather was fantastic, whilst it was overcast and cool, it wasn't cold and there was no wind not even a breeze.

With skeet added back to the shoot program this year, we were a little nervous about shooter numbers and also about the running the event, but it went off without a hitch. We ended up with 24 skeet shooters, including quite a few new to

The winners of the High Guns were: OA Mark Vistarini 264, Ladies Kaylene Estcourt 225, Vets Neil Ham 248. There was no Junior High Gun awarded as none of the juniors shot both days.

Results for Swan Hill events: Skeet 25tgt: OA & C 1st Ryan Fratantoro 22, 2nd Mark Vistarini 21, AA 1st Anthony Costa 20, B 1st Ricky McKinnon 22, 2nd Russel Barnes 20.

50tgt DB DTL: OA & AA 1st Anthony Costa 50+66, 2nd Ryan Fratantoro 50+65,

A 1st Wade Canny 50, 2nd Andrew Estcourt 48, B 1st Geoff Manuel 47, 2nd Phil Mangano 41, C 1st Valarie Dehne 46+7, 2nd Neil Ham 46+6.

25tgt Handicap: 1st Dwayne Howard 25, 2nd Valarie Dehne 24+1, 3rd Trevor Dehne 24+0+1, 4th Neil Ham 24 & 5th Ricky McKinnon 23+16.

We'd like to thank the following businesses and organisations for their assistance and support in implementing

our ground and facility upgrades.

John Severino (JT Concreting) for the concreting of the verandah and the new skeet high house slab.

Harvey Delmenico Bricklaying for the brick work of the new Skeet house.

Laporte Australia (and their connections) for the supply of the new traps.

Department of Health & Human Services Shooting Sports Facilities Program for the grant funds received for the upgrade of traps and grounds. A total of \$63042 was awarded to the club for the upgrades.

Swan Hill Rural City Council Community Development Fund Grant for the grant funds to have the verandah area concreted. I think we can all agree that the verandah is now much more inviting and user friendly.

Most of all we'd like to acknowledge the efforts of those club members who have been there day in day out getting the works done without your efforts we wouldn't be getting anywhere.

the event and one gentleman who hasn't shot skeet for a very long time. The new traps were fantastic and feedback was very positive which was a massive confidence boost.

We had 27 shooters for the two DTL events and the new traps worked a treat, they didn't skip a beat and with the high capacity hoppers on the Twin Lap, we didn't have to keep filling them up between squads which was brilliant. There were some fantastic scores and quite a few possibles shot which resulted in the Overall winner being decided in a 66 target shootoff.

Our shoot was a two day shoot held in conjunction with Moulamein Clay Target Club, who shot their events on Saturday 29th April. With the top shooters (who shot both days) all vying for a High Gun award.

# Psychological Skills for Shooting

MICHAEL KRUGER-DAVIS

## Muscle Memory

Last month, I explored the different sections of the brain. Starting with the "old brain" which is the prehistoric part that is responsible for dealing with hunger, thirst, sex, keeping us alive and making sure our genetic material is passed on. The second part was the Limbic System which contained the Amygdala, Hippocampus, Hypothalamus and the Ventral Striatum system. These components look after emotions, memory, motivation and hormones. The final section was the cerebral cortex, which is the thinking section of the brain. It is made up of the two hemispheres, right and left and is connected by the corpus callosum. The left side of the brain is usually the area associated with language and thought and the right side is associated with visual spatial and visual motor functioning. The prefrontal cortex is the part directly behind the forehead and is responsible for executive function: the ability to plan and organise, working memory, inhibition, initiating, weighing up consequences or behavioural regulation and metacognition or thinking about thinking. The brain is really complex and according to my neuropsychology lecturer in the 1980's, "If the brain were simple enough for us to understand, we would be too simple to understand it." A lot has changed with neuroscience since the 1980's but the brain is still complex and difficult to understand.

In this article, I want to explore muscle memory.

The definition of muscle memory, according to Merriam-Webster.com ". . . is the ability to repeat a specific muscular movement with improved

## Mathoura shoots Double Rise

**Friday evening at the Mathoura Gun Club's monthly shoot, and apart from being fairly cold it was almost perfect weather for the clay target shoot. The nights shoot consisted of two, Double Rise Event's, and one single barrel Cash Divide. Shooters arrived from Echuca, Cohuna, Deniliquin, and Mathoura.**

The first Event was a 10 target Single Barrel Cash Divide, and although no one shot a possible, three shooters managed to drop just one target, Carl Comensoli, Mick Keirl and Tim Maher, all shot a 9/10 score and all shared an equal dividend of the first place Cash

Event Two was a 5 Pair Double Rise Cash Divide, and this time only two shooters made their presence felt, Tim Maher and Mick Keirl both recording a 7/10 score and both an equal share of the first place cash.

The final Event a 20 pair Double Rise Championship, and nobody could match Mick Keirl's score of 34/40 so he became the Overall Winner claiming the Sash, and the first place getter in A/AA Grade. There were no B Grade shooters on the night. C Grade first was won by Tom McClusky after a shoot off with Rhys Glenn (Mathoura) with an end score of 27/50.

A very enjoyable night of clay target competition, finishing at a reasonable time to accommodate all who travelled.

Snow O'Connor with Mick Keirl OA DR

Murray Roberts

efficiency and accuracy that is acquired through practice and repetition." Wikipedia claims "muscle memory has been used synonymously with motor learning, which is a form of procedural memory that involves consolidating a specific motor task into memory through repetition. When a movement is repeated over time, a long-term muscle memory is created for that task, eventually allowing it to be performed without conscious effort. This process decreases the need for attention and creates maximum efficiency within the motor and memory systems. Examples of muscle memory are found in many everyday activities that become automatic and improve with practice, such as riding a bicycle, typing on a keyboard, typing in a PIN, playing a musical instrument, martial arts and dancing. Clay target shooting is definitely a muscle memory sport."

In a recent article in an American shooting magazine, *Shooting Sportsman*, *Seven Guns The guns of top clays shooters* by Ed Carroll, seven top shooters were interviewed primarily about their guns. The article was showing that if you had a high quality gun that fitted you well, you would shoot better. This is probably a no brainer. The shooters in the articles talked about their firearms and it was a real contest between, Perazzi, Krieghoff, Beretta, Browning and so on. What was also evident in the article, but didn't rate a mention from the author as significant or important, was that each of these top shots said they shot between 25,000 and 40,000 targets per year. This is a staggering amount of targets but shows the effect of muscle memory, that they became the best through repeating specific muscle movements over and over again.

In an online article, <http://theconversation.com/explainer-muscle-memory-17206> scientists approach muscle memory from a variety of perspectives based on their theoretical standpoint.

- Cognitive psychologists cite the centrality of the brain in any muscle memory (learning) that takes place.
- System theorists (the multi-disciplinary consideration of physics, biology, chemistry and maths) discuss the self-organising nature of the human movement system and the importance of the environment in which we act.
- Neuroscientists discuss neural plasticity and the strengthening of synaptic connectivity as a function of repetitive firing through practice.
- Neurophysiologists attack the question from first principles: "Can muscles really drive behaviour independent of the nervous system?"

In all cases, these scientific disciplines would generally reject the idea of muscle memory in the literal sense that the term is generally used.

My definition of muscle memory is a complex process of learning and retaining a motor skill. Firstly the skill needs to be learned and then practised and practised, to be retained and generalised. Retention of motor skills is not equal. Continuous-type skills such as riding a bike will be more easily retained than learning to play the piano. Shooting is not a continuous-type activity therefore it will take longer to learn and even more time, and a lot of targets, to retain. For most of us, shooting only on weekends and sometimes only once or twice a month just isn't enough targets.

This repetition value is the reason the shooters in the *Shooting Sportsman* article shot so many targets: to consolidate their muscles learning. Consolidating muscle memory is an excellent reason to shoot extra targets just for practise. But it must be remembered that you must be doing it correctly to make sure your muscles memory is remembering the right thing or the correct way to shoot. In the past I have written that when practising it is important to remember; it is not 'practise makes perfect', but 'Perfect practice makes perfect'.

# NSW Northern Zone Skeet Shoot

Newcastle Lake Macquarie Clay Target Club  
March 2017

*How do you react when an unexpected situation pops up?*

*That was the question on the lips of the Skeet shooters at Newcastle recently when NLMCTC hosted the NSW Northern Zone Skeet Shoot.*

As always before a large event, there are traps that require servicing, targets that need stacking and grounds that need maintenance, along with myriad of "odd-jobs" that need attention. The club, blessed with a dedicated army of volunteers, was a hive of activity in the week preceding the shoot, in an effort to prepare the grounds for a spectacular event. Very special thanks must go to the following people for all of their efforts in preparing the club at short notice – Peter Vella, Derek Wyllie, Jack Cunningham, Ken Turnbull, Rod Nicholson, Sophia Sargeant & Travers Sargeant.

The Zone Shoot got underway with six squads of eager shooters, all champing at the bit to secure a place in the Northern Zone Team. The club had opened all three Skeet layouts to accommodate our shooters and by 10:00am, everyone was taking on their first 50 targets in conditions that would later be referred to as "pretty gnarly" by Adam Buhagiar. In an excellent example of the generosity of shooters, Steve Marcon graciously donated his winnings to junior shooter development at Newcastle!

The Northern Zone Team, who will go to Wagga Wagga in August to compete for the Hawkeye Shield, were then selected from the best shooters in the 100 Target Championship. The hotly contested positions went to – Adam Buhagiar Team Captain, Ben Buhagiar, Travers Sargeant, Matthew Knight 1st Reserve & Rod Nicholson 2nd Reserve

Our squads took a short break for lunch, provided by our club's amazing volunteers Teegan McCloy, Candace Sargeant and Sophia Sargeant. All three Ladies catering a spectacular spread of food for our ever-hungry shooters.

With lunch under their belts, the remaining squads headed out for the NLMCTC monthly 50 Target Skeet Handicap event. This monthly event often sees fierce but friendly competition between Newcastle and Cecil Park shooters, with the winners earning themselves a position in the Champion of Champions event held each January. Skeet Handicap matches are the great leveller and you will often see C-Graders (and the occasional burglar) sneak into a shoot-off and this month's competition was no exception, with Frank Morris taking out his first Skeet competition for Newcastle – 1st Frank Morris 56 (+10)/64, 2nd Jeremy Teece 55 (+8)/64, 3rd Kevin Raymond 56 (+6)/64, 4th Rod Nicholson 58 (+2)/64.

Congratulations must also go to Paul Saliba for taking out the Monthly Medal on the day with a spectacular score of 146/150!

# Attwood-Law Skeet Championship

The Attwood-Law Skeet Championship was kindly held by the Albury-Wodonga Clay Target Club on the 9th April. This annual event has been shot at the Wangaratta Clay Target Club for many years, however due to the temporary closure of skeet shooting at this club, it was decided to change the venue for 2017. The Wangaratta club appreciates the efforts of the Albury-Wodonga club by assisting with keeping this important skeet shoot history as an annual event.

Unfortunately, Bill Attwood was unable to attend this year's competition due to difficulties with travel arrangements hopefully, he will be able attend in 2018 to cheer on the competitors and present the cups to the winners. Both the late Kevin Law and Bill are widely recognised and well respected amongst skeet shooters for their valued input into the sport over many years, with Bill still taking an active interest in this popular discipline.

Thanks to Reg Petts and his friendly and effective team of helpers running the office, canteen and range officials.

The 50 tgt Bill Attwood Skeet Championship was taken out this year by Mark McDonald 58/60, closely followed by Richard Sammon 57/60. Richard's son, Max Sammon, shot consistently to win A grade 53/54 with 2nd place to Rob Wylie 52/54. Veteran skeet enthusiast Reg Petts took out B grade 48/50 and Geoff Agnew won 2nd on 46/50. C grade winner was Ben Kuschert 37/50 followed by Wangaratta member Colin Crittenden 34/50.

Winners Bill Attwood CS: L-R: Colin Crittenden, Ben Kuschert, Reg Petts, Max Sammon, Mark McDonald, Rob Wylie & Richard Sammon

Winners Kevin Law Mem CS: L-R: Colin Crittenden, Ben Kuschert, Reg Petts, David Jackel, Mark McDonald, Phillip Smith, Peter Finn & Harry Memery

The next event was the Kevin Law Mem 50 tgt Skeet Championship, which resulted in a win for David Jackel with a clean score of 50/50. David has taken advantage of some private tuition recently, which has been beneficial for him well done Mr Jackel! Mark McDonald this time took out 2nd place 54/56. Shepparton shooter Peter Finn finished on 48/50 winning A grade with Phillip Smith hot on his tail in 2nd on 47/50. Reg Petts again won his grade with 48/54 and Harry Memery took out 2nd place in B grade with 44/50. ## Burdekin Clay Target Club March 2017

Just five months after holding our reopening shoot and many hours of work in preparation the club was ready to hold our first annual two day shoot. The first campers arrived on a wet Thursday and many more on a beautifully fine Friday. Practice was conducted across the four traps to be used for competition including our new trap in No 3 layout. We had enough nominations to almost fill the first two waves by the time the office closed on Friday. Those in attendance enjoyed a BBQ and social evening which included the Cowboys/Broncos NRL game.

Saturday dawned fine and warm with barely a breath of wind which made things a bit humid and sticky but also meant that the targets flew beautifully. A total of 109 shooters nominated for the weekend.

The first event a 30 target Medley got under way right on time and saw the

Six possibles were required for the overall shoot off and when the dust settled Burdekin club vice president Wayne Cislowski was the overall winner with a score of 138/138. Rob Hunter 137/138 took first in AA Grade from Jeff Taylor 108/111. Peter Quinn 119/120 was first in A Grade and Bruce Bowater 111/114 second. Kellie Rea 83/90 won the ladies, Cody Scalia 75/90 the juniors and Tony LaSpina 87/90 the veterans.

After the presentations many shooters and their families enjoyed the early evening breeze while socialising under the clubhouse awning which overlooks the shooting layouts. A beautiful meal was then provided by Leanne Cislowski and her group of dedicated helpers. This was followed by the drawing of the mini Calcutta and for those so inclined more socialising into the night.

The weather continued to be good for Sunday and shooting got under way at 8:30 for those in the first wave. The first event was a 25 target DB Handicap sponsored by Ray Collinson and only three possibles were required for the shoot off. Kevin Zarb took first with a score of 33/33 from Joe Caruso 32/33 and Ben Micaloff third with 26/27. The 15 shooters who had scored 24/25 then shot off for the consolation prizes of 4th and 5th places. Jeff Taylor and Ray Collinson eventually decided to share the money with 44/45.

The next event was the Outdoor Sporting Agencies 30 target Single Barrel trophy. Only two possibles were recorded and Alex Dallas with 42/42 claimed overall. Joe Caruso took first in AA Grade 41/42 from Rob Hunter 63/64. Neil Sinclair 43/44 won first in A

Thank you to Joe Caruso and his constant off sider Joseph Rossato who completed innumerable jobs around the club, Tony Caruso for the many hours he puts in watering and mowing, Wayne Cislowski for installing the new trap in No. 3 layout and having all the traps performing well and finally to all the other members and visitors who helped by attending working bees, filling traps, emptying rubbish bins, refereeing/scoring when required and a hundred other small tasks which contribute to a successful shoot.

Thank you to all of the visiting shooters who travelled in some cases many hundreds of kilometres to support the shoot. We hope you enjoyed the experience.

# LAKE SIDE CLASSIC NORTHERN ZONE CARNIVAL

**Newcastle Lake Macquarie CTC  
March 2017**

**Newcastle Lake Macquarie's Lakeside Classic coincides with the Newcastle Show, and as most people know, it often rains on the Newcastle Show . . . and the Lakeside Classic!!!**

Saturday morning greeted the faithful team of trappers at first light with ominous skies and the threat of more rain, so with the targets set and traps full, shooters began arriving to see the club looking fabulous and green after some heavy rain in the weeks prior.

This year was the Clubs 70th Anniversary, and we were also given the Northern Zone Carnival, so the program began with 5 free targets across the lanes to settle in before the 1st event 50T Northern Zone Double Barrel Championship commenced. Jordan Kirby and Mick Fraser had to go out to shoot off for the C grade placing, finishing up with 52/58 and 51/58 respectively, while Rod Beswick and William Grills took B grade with a 46/50 and 45/50. Local boys Jason Hancock and Brad McCudden pushed one another to 59/61 and 58/61 for A grade, and Tom Turner was chased by Shane Pinkerton to 80/80 and 79/80 for the AA grade prizes. This event was sponsored by BCF Glendale and Profab Engineering Services local gunsmithing and Cerakote

specialists – so it was good to see Mick Fraser in the prize mix. Mick very generously donated his prize back to the club for future use, many thanks Mick.

Event 2 was the 50T Northern Zone Single Barrel Championship, so out went the squads again, with shooters unsure what colour to use on their shooting glasses, or just go without as the rain skuds swept through, changing from blustery dark downpours, to still and clearing skies. David Tyson and Glenn Constable took C grade with a very credible 41/52 and 40/52 given the conditions, and Matthew Knight managed to hold Dan Thistleton at bay to take B grade with 48/54 and 47/54. Local lad Jason Hancock pipped Ben Bartolo for A grade with 45/50 and 44/50. Cecil Park visitor Ben Bartolo, has a fantastic family, and the whole lot of them came to shoot the weekend together. If ever there was a great example of a family in sport, the Bartolo family are the benchmark. Unfortunately, Rebecca took ill and was unable to shoot, with Ben also getting crook Saturday night. Scott Wallis posted a 57/60 for 2nd in AA grade and a slab of ammo from Ballentine ammunition, and the ever calm Tom Turner took out the event with a 58/60 to take home a Go Pro from The Good Guys – Andrew Robertson – Warners Bay. Though I think Jack has his eyes on that Go Pro and how he can fit it to his .223!!!

Fil Petriella from Perazzi Australia very generously sponsored daily lucky door prizes, and so Bill Fletcher from Walcha and Stewart Bowden from Tamworth were surprised to win a Perazzi shoulder bag.

And so the day drew to a close nice and early, with time to refill traps and clean up before a shower and relaxing feed, with some shooters enjoying one another's company at the local RSL club. I don't know how the Zone Secretary could fit that plate full of BBQ ribs in . . . !!!

Sunday dawned with much better prospects for a good days shooting, so the day started again with 5 free targets to shake the sleep out of the eyes before the 50T Northern Zone Points Score Championship. This event was generously

sponsored by Perazzi Australia, many thanks to Fil Petriella for his support of not only this event, but the sport of clay target shooting. Young Sam Bartolo kept the family name on the board with a 126/155 for 2nd in C grade and Glenn Constable was in the action again with 130/150 to take 1st C grade. It's always challenging to shoot and work at an event, but local Committee members Ken Turnbull and Teegan McCloy managed it quite well to post a 140/150 and 133/150 to take B grade. There was again a tussle for A grade, with local all round good bloke Brad McCudden managing to slip past young gun Jason Hancock for a 141/150 and 140/150. A grade was being hotly contested by this pair of local lads. As I said earlier, its great to see family shooting together, and so it was big brother Paul Turner putting it over Tom by 1 point to take the event and AA grade with a 144/150 to Tom's 143/150.

Event 4 was the 50T Northern Zone Handicap, very generously sponsored by local gun shop Arms and Ammo. This is an event in which is always good to see the C graders bring it home. And so it was for Glenn Constable pulling out a 48/50 to take home a shotgun. Dan Thistleton showed a great example of sportsmanship and focus, as he finished the event with 49/52 to slow up a winning streak by Ceri Aubrey on 48/52. Kenneth Bartley was pleased as punch to take 4th with a 44/50, and Northern Zone Secretary Phil Baker finished with a 50/58. Told you not to eat those ribs . . . !!!

Events this like this don't just happen, with more behind the scene hours given up by club members than most people realise. Kempsey Gun Club very generously loaned us a trap for the weekend, allowing us to have a spare layout ready to go if Murphy should raise his head again and try to spoil

the event. Many thanks to the Committee and members of Kempsey, and to Rod McCloy for driving up to pick it up . . . though the slices and cuppa were an incentive. From the work done on painting the club to make it look fantastic, to the home cooked slices and meatball rolls by Lorraine Bannerman in the kitchen – thanks a million.

And so to our sponsors, what would the event be without your generous assistance. Arms and Ammo Tom and Sarah Turner, Profab Engineering Services Mick Fraser, Perazzi Australia Fil Petriella, BCF Glendale Jared Sevester and his team, The Good Guys Warners Bay Andrew Robertson, MKM Signs Darren Baylis, Ballentine Ammunition. Many shooters also took the opportunity to be fitted with Custom Ear plugs by Joanne Vella from Earmold Sydney. Thanks to Earmold Sydney for supporting our event.

Folks, please support these businesses in any way you can, remember to support those that support your sport.

Well the weekend ended with time for travellers to get home before too late, with Taree's young Clayton Smith taking Junior High Gun – there's a name to look out for, Lesley Langer – this girl just wants to shoot, and shoot, and shoot, taking Ladies High Gun, Local craftsman Dick Chapman – Veterans High Gun. Glenn Constable nearly needed a ute to take home his bag of prizes taking C Grade. Matthew Knight called in air support to take B grade. Jason Hancock was lucky to have proud grandfather Ron on hand to fill the boot and back seat of his car, taking A grade High Gun. Cessnock's quiet achiever Paul Turner won AA grade. Sponsor and great shot Tom

Northern Zone Secretary Phil Baker, had a few words on behalf of the Zone and announced the Northern Zone teams.

The Committee and members of the Cowra Gun Club were saddened by the recent passing of Life Member, Les Alexander.

Les was an integral part of the Cowra Club over the past fifty odd years. A builder by trade, Les was pivotal in the construction of the existing kitchen area and amenities block as well as many other capital projects carried out over the years at the club, always lending a hand.

Many a gun was shortened or altered by Les in his well-equipped workshop he had a passion for good quality walnut!

Les would attend as many shoots as he could and was highly respected among his peers. More often than not he would appear in the shoot offs and liked nothing more than representing his club in team events where he enjoyed great success over many years. He always encouraged, and showed interest in, new and young shooters coming through and assisted in their development.

A great Club man, a mate and a bloody good bloke.

He will be sadly missed by all.

# ALICE SPRINGS CTC STATE BALL TRAP

Sponsored by Bronze Wing

**“We shoot (at) ’em both day and night”**

*Easter Sunday, and instead of hunting Easter bunnies, our club members were hunting for ball trap targets (just as elusive), and I’m sure most members would have preferred to be eating chocolate.*

Thirty degrees, perfect Red Centre weather, and at 2pm we started our State 100 target Ball Trap event.

Happily for us Anna Shedrina, who has been very supportive of the club in the past, generously provided us with Bronze Wing ammo and merchandise to sponsor our first full-on Ball Trap day. Along with our other sponsors, Bolle and Hip Pocket Workwear, we were able to offer prizes to go with our much coveted Ochre, Black and White sashes (lucky Gillman’s are back on track).

OA State BT Eric Parletta

South Australian Eric Parletta went home with the sash for the 100 target State Ball Trap. Grade winners were A grade Steve Morris, B grade Roman Beech and C grade Michelle Ball. Bit of an absence of AAs.

After a relaxing dinner (what would we do without the good ol’ Aussie BBQ, thanks Brian) and laden with a few more slabs of ammo (each) we went off to have a go at our State 50 target Night Ball Trap. Honestly, what a hoot. Why do we do it! That was a rhetorical question, we all really know the answer.

Now, take into account, our illumination is provided by lights akin to artificial sunlight, meaning we provide mozzie spray and sunscreen to shoot at night.

“Pull.” “Pull!” “There’s no target ref.” Well, there was, it just flew off, almost invisible, soaring at the same speed as Territory road limits; still pristine and unscathed, to land next to the previous imperceptible target. And again. “Lost!” The regular zero score, but with a savings of two shells. Well I suppose it is a cheap way to shoot, hey Paul?

Marlene Niland congratulating Steve Morris for OA State Night BT

A Grade winner Merv Sweeney

Ayers Rock Tim Grace B Grade winner

Special thanks have to go to both Ayers Rock and Tennant Creek gun clubs who travelled for the comp and to cap off our evening, we were able to present Tennant Creek President Keven Stout with his well-shot 75 target break badge, proving what we have always known, that the targets are great at Alice Springs.

Don’t forget, April is the start of the tourist season and the Red Centre offers shooting at Ayers Rock and shooting and van accommodation at both Alice Springs and Tennant Creek.

Check the NTCTA website, [www.ntclaytarget.org.au](http://www.ntclaytarget.org.au) for club details and contacts. See you in the Red Centre

# Golden Cartridge Shoot

**Orange Clay Target Club  
February 2017**

This year's two day Orange Clay Target Club's Golden Cartridge shoot was a larger affair than last year's event drawing 156 shooters from around the state and indeed the country, up from 126 shooters last year. The camp grounds and powered sites were also packed to the hills with even more campers and caravans than the previous year. The club kitchen was a hive of activity cooking up all sorts of gastronomical delights for breakfast, lunch and dinner, keeping all our campers and shooters fed and watered. A big thank you to Jenny Sharp, Julie Sharp, Kathy Laspina and Laura Laspina for working flat out in the kitchen all weekend. The office was also abuzz with Jo and Kendall doing a magnificent job tallying up the scores and getting the score sheets out at a lightening pace to keep everything running smoothly, so a big thanks goes out to those two girls. An honourable mention also goes out to Dave Player and Peter Sullivan for putting on a free BBQ on the Friday Night for all the campers. I am told that investigations are still on going as to how the Coonamble team miraculously won the raffle for the 750ml bottle of distilled inebriant presented to them by the Orange team the night before the big event. No one from the Orange team was available for comment.

The weather was a beautiful 23 to 25 degrees with occasional gusts blowing in from the North West making only the occasional target extra challenging. With the six Canterbury traps running and Johnny Lawrence and Wayne Sharpe marshalling the event, everything ran like clockwork to ensure all squads ran on time and travelling shooters could get home in reasonable time. Thanks Johnny and Wayne! I would also like to thank our young trappers Laura, Conner and Lachy Sharp. They did an outstanding job making sure all the traps were full between squads and events. Well done guys!

The completion was white hot with competitors coming from all around to vie for the converted Golden

Cartridge trophy. The results are as follows:
