President's Notes

National Ground

Work is progressing on the grounds both on the new clubhouse/conference centre and on the extra layouts and handicap pads needed for next year. Planning is also underway for a dedicated weatherproof and more secure traders area. It is unlikely this trade area will be finished for the 2018

Trap Nationals but it should hopefully be finished later that year.

ACTA Hall of Fame

The Sub-committee of Bronte Evans, Mark McInnes, John Mack and Garry Read has now met and made some suggestions for the development of the Hall of Fame area within the foyer/entry area of the building. It is proposed that a mural be placed high on the wall depicting the sports progress through time. The intention is to update this mural every decade with the highlights of the period. Angled lit displays will greet visitors along this wall area under the mural depicting the inductees and their stories. A free standing centre piece of the Associations most revered trophy the Mackintosh Cup will also feature in the area. Whether the area is completed in time for the opening may well be dependent upon financial support from outside the ACTA, and any offers from prospective benefactors to help us complete the project would be welcomed. I suppose the area will never actually be completed but always be a work in progress capturing moments in time along the way.

Trap Nationals 2018 Increased Prize Pool

Following a Board recommendation, your Executive have considered the number of nominations received to date for next years Trap Nationals. The original prize pool of \$80,000 was based on an expected number of entries that has already been well surpassed. Therefore, your Executive is pleased to announce that prizemoney for the DTL Nationals will be lifted to a total of \$110,000 for next year. This will add \$1000 to every Overall and approximately \$1000 to every grade pool across the graded events and \$5000 extra across the Handicap placings. This now brings total prize value for the Nationals and the World DTL to \$160,000.

Board and Executive Meetings

The Board made many recommendations to the Executive recently. These included the increase in prizemoney for the Nationals, rule changes and affiliation matters. Amongst these recommendations was a proposal to co-opt well known shooter and qualified accountant Bronte Evans onto the Board until the Executive meetings in June of 2019. (co-opted directors serve the term of the President) The Association would like to thank past Board member Mr. Glenn Kable for his efforts over the last couple of years as a co-opted Board member and wish him well for the future.

World ISSF Championships

Congratulations go to the many ACTA shooters who represented Australia at the World ISSF Championships in Moscow. Aislin Jones recorded a top five finish and Mitchell Iles finished in the top five twice. Special congratulations to Jack Wallace winning a Bronze and Catherine Skinner a Silver medal. In the Inaugural Mixed Teams Trap event Penny Smith and Thomas Grice won the Gold Medal. The Junior team of Jack Wallace, Mitchell Iles and Adam Bylsma also won the Gold medal in the Trap teams. Congratulations to all.

St. George

The newly reformed club held its first Two Day annual shoot recently and used the opportunity to open the club publically and thank the land owners, the Wippell family. The event was well attended with over 110 competitors taking part. The efforts of the club members over a couple of years development has now been justified, now adding another successful Two Day carnival to the shooting calendar each year. Well done St. George.

Scrubby Creek

Last weekend saw another milestone for remote Queensland club Scrubby Creek with the celebration of its 50th Anniversary. They have serious celebrations out in that country and there were some great stories retold and legends embellished. Many probably never think of the heavy workload for a handful of families to host such an event in a remote locality. With their lives and daily activities already impacted by the ongoing drought, now in its 6th year, it takes a special type of person to persevere with the conduct of the shoot that is a great event for us all to attend but a lot of work for those involved. It shows the character of so many involved in this sport that some travelled 1000's of kilometre's to be there early to assist wherever they could. Congratulations to the club on another great shoot and on reaching this milestone.

Echuca

Development continues on this ground, in a partnership between the Echuca club and the VCTA. Currently work is centred around ISSF layouts, which will have their first real use in January for the ACTA ISSF Nationals. The partnership has seen the grounds develop quickly and to a high standard and I am looking forward to inspecting the venue soon, probably in November.

21's

The South African Association has developed a new sporting type event called simply, "21's". It was developed to provide a cheaper alternative to clubs and shooters. It is shot over only 3 traps, with both singles and pairs. Not many rules around targets except all targets must pass through a 21 metre square area with the 3 shooting stands on one side of the square. Rounds are of 21 targets and are shot with 21 gram loads. The practical end result is that you can shoot a round with one packet of shells with minimum recoil and using just 3 machines. Anyone wanting more information please contact me.

Mackintosh Badges

Every shooter who has ever made a Mackintosh Open Team should now have received their uniquely numbered badge commemorating their achievement. Recipient's badges are numbered in sequence in order of first making the team. This badge will now be awarded to all upon making their first Open Team.

Until next month.

Those who withdraw after this date are not guaranteed a refund. Any request for a refund after this date will be assessed individually based on their circumstances and the ACTA's ability to fill the position vacated.

Due to the number of nominations, prize money will be increased for all National events. Each of the six National events will have increases as follows:

Insurance

The ACTA has called for Insurance brokers/companies to tender for the supply of insurance services to the ACTA commencing 1st January 2018. The ACTA has been insured through Pollards Insurance Brokers for the past ten years, however in line with our commitment to ensuring the best services at the best price we will be going to the market for a fresh appraisal. The Executive approved additional "Firearms" insurance that was offered through Marsh Insurance at the end of 2016. The Executive will receive the tenders and a recommendation following the closure of the tender process on the 6th October 2017.

2018 Membership Year

Clubs, Zones and States will have now received a reminder to update their fees for 2018. The process will allow for the opening of the 2018 membership year on the 1st of November 2017. Associations and Clubs who do not increase their prices need do nothing, prices not adjusted will flow through to 2018 when the 2017 roll over occurs on the 31st October 2017.

The Board met on Friday the 25th August prior to the National 5 Stand Sporting Championships to discuss numerous agenda

items relating to the operation of the Association. Those recommendations were provided to the Executive with approval of the minutes confirmed. Those minutes are now on the website.

National Ground

Work on the ground continues with the 20th DTL Trap house now installed, lanes will be provided on all layouts in time for the 2018 National Trap Championships and the World DTL event. This will ensure all Traps on the National ground are the same. The three covers over seating in front of the club house will be removed and re-installed on the western side of the creek giving further shaded areas to patrons on the western area of the ground. The covered viewing area in front of the club is 5.5 metres wide and some 60 metres long providing a great amphitheatre for shoot-offs.

Cameras will be installed in the building overlooking layouts 8, 9 and 10, these cameras will be able to deliver quality coverage of events live streamed through our existing IT services and back into the club to large screens. These are just some of the modern features of the new facility.

QCTA State ISSF Carnival

Brisbane Gun Club, July 7-9, 2017

Attendance records were topped in every event at the Queensland State ISSF Carnival hosted by the Brisbane Gun Club in July, with some of the best shooters around the country contesting the Performance Series event.

Brisbane turned on the great weather as shooters began to roll up in preparation for the first event on the Friday, the men and women's double trap championships. 14 women nominated for the 60 Pr State championship which saw Gaye Shale of Wangaratta finish 1st overall with 94/120, with Amanda Holt a close 2nd on 93/120 + 7/8 and Emma Cox 3rd with 93/120 + 6/8.

VCTA Ball Trap Championship

Warrnambool Clay Target Club
September 2017

Warrnambool Clay Target Club hosted the 2017 VCTA State Ball Trap Championship & Zone Team Final, a disappointing attendance of just five squads and with only two zone teams attending this didn't spoil the day's competition, in perfect weather conditions the 100 target competition produced some excellent results.

From the Sebastopol Gun Club, Travis Gull shooting the excellent score of 96/100, took out the State Ball Trap Championship collecting the cash prize, VCTA Red Sash and Silver Badge.

State Ball Trap winner Travis Gull with VCTA President Mal Dyson

AA Grade winner was Alan Pollock, A grade 1st Damien Hutchins, 2nd Penny Smith, B grade Edward Bond 1st, 2nd place Daniel Damasi, C grade first went to Matthew Tingate 2nd Mishay Chambers. Junior winner was Daniel Demasi.

With only 2 teams representing their Zones, NWZ & SWZ, the South West Zone came out on top to win scoring 455/500. It was disappointing to note that there were Zones which didn't have members or teams in attendance.

ARMSTRONG
AUTO GROUP | ROMA | 46 221 900
www.armstrongauto.com.au

The Armstrong Auto - Roman Chariot Shoot.

Press Release.

The Roma Clay Target Club in conjunction with the Armstrong Auto Group is promoting major events over a 3 year period to try and re-introduce a series of car shoots to our sport. A format has been devised that will be tried at the first of these shoots in March 2018.

The format provides for the conduct of a normal shoot program with all prizes as would be expected (with a higher value than normal) but with an increase in nomination cost to allow 40 qualifying from the shoot to contest the Mitsubishi Twin Cab 4x4 in a Handicap shoot-off.

Further, a second small car will be drawn as a lucky door prize from all entrants who shoot the whole program.

If successful this format could be adopted by any club with enough traps to contest the event and car shoots could once again become a regular feature in our sport.

To create greater interest, a number of spots for the final will be auctioned. These spots may be bought by individuals or syndicates who can then nominate their shooter who must have contested all 6 events.

However, to ensure that the final is a tense and exciting spectacle worthy of the prize value, it has been decided that once the 40 spots are filled any of the qualifiers colluding to split the car prior to the shoot – offs completion will not be permitted to enter subsequent car shoot events at this club.

There is no smoke and mirrors here and both cars will be awarded on the day. The club has taken a large gamble by committing to a 3 year trial.

All we ask is that shooters who wish to see the profile of our sport lifted come along, have a great time and be part of what can be the most exciting development in competition in our sport for decades.

ACTA National Trap and Skeet Junior Development Camp

After 2016's cancelled National Development camp due to severe flooding in Wagga a larger than normal camp was held this year. We managed to have a really good camp where the Wagga July weather was quite mild for that time of year some crazy kids wore shorts the whole week! The camp did start off hampered by severe fog and the delay of several flights into Wagga.

Athletes

We had 26 young athletes in attendance. 16 DTL and 10 Skeet. With shooters from NSW, ACT, WA, QLD and Vic. Unfortunately the South Australia juniors were caught in a licensing hiccup and unless their parents were able to attend (same for WA) they unfortunately could not make the camp. Please note that if you are a junior from WA or SA and do not have an official firearms licence or minors permit you are required to maintain a NSW Police Commissioners Permit to be able to compete in NSW.

The National Development camp is part of the ACTA Pathway ideally shooters learn to shoot at their Clubs, then attend junior coaching clinics at Zone and State level, elite juniors are selected from the National and State Championships and by recommendation from the State Coaching Directors to attend the National Junior Development Camps.

Coaches

Coaches are invited to the camps as they are registered NCAS accredited coaches and are actively coaching in their states at high level, they

complement the camps coaching team and can bring some very worthwhile coaching skills and knowledge to the juniors in attendance. This year assistant coaches were Rodney Woodrow from QLD, Steve Morris from NT and David O'Sullivan and Steve Trembath from Victoria.

Camp Topics

Each Coach presented various topics along with Michael Kruger Davis presenting on Sports Psychology and staying on track under pressure and also a special visit from Prime 7 reporter and camera crew who discussed what the media expected from athletes when interviewed.

Covered throughout the camp was gun fit (Steve Morris), different methods of shooting a target (Dave O'Sullivan), vision and enhancing it (Rodney Woodrow), competition preparation and goal setting (Steve Trembath). Other topics were the importance of stretching and warming up, etiquette and rules, skill acquisition & training patterns, sponsorship and media. Throughout the camp both on range and off there was a strong emphasis on shot routine and efficiency.

Thanks for helping out throughout the camp goes to all the parents in attendance for helping, cook, cater, shop, chauffeur, score and supervise Steven and Lorena Sloan from Kojunup WA, Kathy and Robbie Pistone Werribee Vic, Jenny and Shane Streeter Biloela QLD, Cassy Comensoli Kerang Vic and Grandpa Crane from Bairnsdale Vic.

A special mention goes to gun runner extraordinaire Jennifer Shaddock for doing an emergency gun repair trip to Ian McGeoch's Gunsmithing in Albury for her son Tarryn's gun but also for ACT shooter Darcy Maloney. Big thanks to Ian for the super quick turn around and helping by making those guns a

priority so the lads could get back to shooting.

Each athlete is asked for their feedback and evaluation of the camp so we can continue improving the camp for future groups. Participants receive a certificate and hopefully picked up lots of information along with strengthening their shooting skills.

Corporate sponsors are always fabulous a big thanks to Graham Beckworth and Falcon Ammunition for supplying the ammunition throughout the camp, there were absolutely no complaints from the juniors and boy did they shoot some targets! Sponsors for the camp were of course the ACTA members whose valuable contribution helps the next generation of athletes become stronger competitors which overall strengthens the sport.

When the Western Zone of N.S.W. Clay Target Association was formed in 1973 Jim was elected as its Vice President a position he held for 3 years and later becoming the President, a position he again held for many years.

With the formation of the N.S.W. Clay Target Association in 1973 Jim was elected as a Western Zone Delegate and held that position until 1992, during his 19 years at State level he held the positions of State Treasurer and State Vice President.

Jim was elected to the A.C.T.A. in 1981 as a N.S.W. Delegate and served the Association for 10 years until 1991. During this time Jim served 7 years

on the Management Committee, 2 years as National Vice President, and 3-plus years un-opposed as National President. Jim was instrumental in the purchase of the National Office at Mount Waverley and pushed for constitutional changes all for the benefit of the shooters. Jim and Joan his very loyal supporter and wife travelled to every Capital city in Australia by car as Jim would not fly during this time.

Jim served on many organising Committees, Trap and Skeet Nationals at Wagga, Skeet and I.S.U. Nationals at Melbourne, Tournament Director Trap Nationals Wagga 1988. He was a Trap Referee, Referee Examiner and Rules Supervisor and also a Foundation Member of the N.S.W. Firearms Safety Awareness Council.

Jim has been granted the following for his services to the sport of Clay Target Shooting.

Honorary Life Member of the Dubbo Gun Club, Honorary Life Member of the Melbourne Gun Club, Honorary Life Member of the N.S.W. Clay Target Association, Honorary Life Member of the Australian Clay Target Association and in 1994 Jim was awarded the Presidential Medal for his 34 years of service to the sport, most of which were spent in administration.

Jim is survived by his wife of 64 years Joan and his three daughters Anne, Judy and Lesley and their families.

Jimmy Scott, you will sadly missed by all.

2017 National 5 Stand Sporting Clays Championships

On the fourth weekend of August the Wagga Gun Club again hosted the National Sporting Clays Championships at the ACTA National Complex in Wagga Wagga. The program, run over two days with 200 targets, was shot over four fields using a total of 28 traps. It was a credit to the organisers. David Coleman and his small dedicated group of Wagga Gun Club members are to be congratulated for presenting an even better range of targets than in previous years. It would be fair to suggest that the targets were slightly harder than other years, but it was the ACTA 5 Stand Sporting Nationals and that should be expected.

The weather on day one started with a severe morning frost but for the greater part conditions were reasonable. Day two however was bitterly cold and the wind, which was quite strong and blustery, didn't help. Shooter numbers were slightly less than a full field of 120, but 108 competitors made for great competition.

Winchester Australia was the major sponsor for the Championships and we thank them for their ongoing generous support. Winchester supplied shotshells for each event and a Browning U/O shotgun for the Overall winner of the National Sporting Clays Championship.

A special thanks to Dave Coleman for running the shoot so efficiently over the entire weekend and of course, thank you to Janenne and Kerry for the faultless running of the event office.

Competitors came from all over Australia and included one from New Zealand, WA (3), SA (11), Qld (6), VIC (35), NT (1) and NSW (52). There were 42 AA grade shooters, 36 A grade, 14 B grade and 16 shooters shot in C grade. 12 Ladies competed, there were 6 Juniors and 16 Veterans.

2017 ITALIAN CUP– ISSF Nando Rossi Memorial

Anna Shadrina flag bearer for Australia at the Opening Ceremony

On completion of the 2017 World Universal Trench Championships in Megeve a group of Aussie shooters made the trek to Todi, Italy to compete in both the Italian Cup in ISSF Trap and the Nando Rossi Memorial held at the Umbriaverde Shooting Range.

The Clerke Family (Jack, Craig & Julie), The Armstrong Family (Thomas, John & Leanne), The Turner Family (Jack, Tom & Sarah-Jane), Amanda Holt, Matt Schiller, Martin Collumb, Trish Carter & Craig Henwood all had a very early start getting a bus at 4am in Megeve while Vinnie & Vince Mollica and Jeff Tonna and his family all left Sunday night in their own cars straight after competition.

The 14 who had a private bus had a trip to remember. 2 drivers were sent to rotate the driving as it was to be a 10 hour trip. On arriving the 15 seat bus had one seat that was a permanent disabled wheel chair type seat that none of our crew were going to fit in. This saw our spare driver seat himself in the isle of the bus!!! Probably should have been our first warning. The first 4 hours of the trip all went smoothly with most of

Our Australian team at the opening ceremony

us all getting some much needed rest, the next 6.5 hours dragged on as the temperature rose to 32 degrees with the air conditioning in the bus not working. One driver seemed to drive sensibly, the other thought he was Michael Schumacher and was in an urgent rush to get there, cutting off trucks left, right and centre. Ten and half hours and 400 tunnels later we finally arrived in Todi at 2:30pm, tired but alive and in one piece.

The range at Umbriaverde has 6 trench layouts, 3 Star Hotel, Swimming Pool, Bar, Restaurant, Gym, Spa & Sauna and even a stock maker all on site. It is something to be seen to be believed and is owned and operated by the Rossi family with Luciano also being the president of the Italian Shooting Federation (FITAV).

We all checked into our rooms had a quick bite to eat and then organised entry fees and practice as competition for the Italian Open was to commence at 9:30am the next morning. Everyone shooting ok in practice we hit the restaurant for a buffet dinner and a couple of well earned drinks (half the price of what we paid in France) and retired to bed for an early night.

Considering the conditions most of us went thru to get there everyone shot pretty good. Eighteen

squads had entered the event with a vast majority of them shooters who were going on to Russia to compete in the World Championships the next week.

Open: 13th Craig Henwood 116/125, 16th Matt Schiller 115/125, 21st Vinnie Mollica 113/125, 24th Martin Collumb 112/125, 28th Jeff Tonna

(Malta) 110/125, 43rd Gavin Jayasekera (Sri Lanka) 97/125. Ladies: 12th Amanda Holt 61/75, 18th Trish Carter 51/75.

But it was the Juniors who had stolen the show again from Australia with Thomas Armstrong and Jack Clerke both going into the Junior Final as equal leaders on 119/125 respectively!!! Jack Turner also shot well after a slow start to come home strong to just miss the final.

As the final went on the better Thomas Armstrong shot smoking target after target to record an amazing 45/50 single barrel (shooting 1 target more than won the open final). Jack Clerke also did well to come 3rd shooting 32/40 to win the Bronze medal. Junior: Gold Thomas Armstrong 119/125 (23.24.23.24.25) + 45/50, Bronze Jack Clerke 119/125 (24.22.24.25.24) + 32/40, 9th Jack Turner 106/125.

An amazing effort by all the Juniors particularly

Junior World Champion Thomas Armstrong

He did it!! Thomas Armstrong Junior World Champion

Junior team collecting bronze

Thomas Armstrong who had now won 2 gold medals within 4 days!!! Not a bad effort at all. It was also an honour for Craig Henwood to be called upon by the Rossi family to help award all athletes their prizes along with Mansher Singh from India. All of the Aussies then went to a lovely dinner in Todi to celebrate the success of the boys

with a few drinks and a lot of laughs as we all had a 2 day break until our next competition that was to start on the Saturday being the Nando Rossi memorial. Martin was departing for home the next day so we all wished him safe travels.

The next 2 days were spent sight seeing, relaxing by the pool or those wishing to spend more money got new stocks made!!! On the Friday it was decided as we had so much 28g ammo left over from France we would all go with Tom Turner to a range in Terni (approx 25 mins away) where he had been training in Double Trap with Italian shooters Antonio Barilla and Alessandro Chianese for us to all have a 5 Stand Sporting Clays challenge with the Juniors taking on the seniors. We were all treated like royalty from the range owner who organised an amazing lunch for us as well as some challenging sporting targets which saw the Senior Team beating the junior team by 1 target (after the seniors dropped their highest scorer and the juniors dropped their lowest scorer). Thank you to all at the range at Terni for your warm hospitality!!!

We were then invited for a special dinner by the Rossi family to their home town in Foligno (approx 25 mins away when we found out the speed camera's weren't working) to have a lovely

The Nando Rossi Memorial had 370 shooters entered on Saturday and 370 for the Sunday. The event was 2 x 50tgt events with the Memorial Trophy

There was only one clean 100/100 shot for the competition being junior shooter Nino Cuomo. The final for the top 6 had a cut off of 98/100 and the overall prize for the final was a Beretta 692 Shotgun.

This was taken out by popular Indian Shooter Zoravar Singh Sandhu or better known to everyone simply as Zee!

Australia was then invited to compete in the 6 Nationals Olympic Trap teams event. This was a new format that FITAV were putting to the ISSF for teams matches and was to be shown live on TV both in Italy and online world wide. It was to consist of our top Lady shooter and top Senior shooter over the 225 targets and as such saw Trish Carter and Jack Clerke go out to battle for the Aussies and what a fine job they did!!! Their efforts under extreme pressure which neither of them would have experienced before saw them awarded the bronze medal!!! Well done Trish and Jack!!

Trish, Matt and Tom Turner then headed off to the airport as they were to depart for Russia to meet up with the Aussie ISSF Team to compete in the World Champs. Vinnie and Vince also headed off as they had an early morning flight home to Australia as well. The rest of us enjoyed one last meal at the range restaurant along with a couple of glasses of Rosso Bastardo (the local wine translated to "the Red Bastard").

The rest of us all made our separate ways the next day with Craig, Amanda, Jack & Sarah Jane Turner heading for home and the Armstrongs and Clerkes continuing to explore Italy.

A fantastic trip with fantastic people. If you are an ISSF shooter keen on your sport and haven't ventured to Italy to shoot then make sure it is on your bucket list and make sure you get to Umbriaverde!!

VCTA SCHOOL STUDENTS FINAL

**Echuca Clay Target Club
September 2017**

The VCTA Secondary School Students Final's competition was held at the Echuca CTC/VCTA State Ground on the 4th September.

Just on 700 students attended and competed at the four Zone events in August trying for a position to represent their school team or as an individual competitor.

Winchester Australia have sponsored this event over the past years and again we thank them for their continued

support. Fifty-seven students competed for the State titles on offer. Shooting this Single Barrel event in very windy conditions with the occasional shower of rain made conditions trying, however the students managed to produce some excellent scores. Overall

winner after a shoot-off, scoring 33/35 and representing Coomealla Secondary College, was Tarryn Shaddock. This was back to back wins for Tarryn as he won this event in 2016.

Senior Boys title was taken out by Acacio Mota 32/35 from Mackillop College Werribee, second place was Troy Grimes 31/35 Taralgon College and in third place Jack Holdsworth from St Pats College Ballarat.

Psychological Skills for Shooting

MICHAEL KRUGER-DAVIS

Freezing on the trigger

I have just spent six weeks in Europe: sightseeing, eating, whisky tasting among other things. When I arrived home there

was a message on my phone from a shooter who wanted some help/advice about trigger freeze. I wrote down the name and number but in the disorganised state of unpacking and reorganising my life I misplaced the name and number. My apologies. This is an article that was published in 2006. I hope it serves as research but please call back when it is convenient.

The original focus for studying psychological skills for shooting, came from a request by a friend to help with a problem he had freezing on the trigger. At the time I thought I knew a lot about psychology and a lot about shooting; what I didn't understand was the psychology of shooting. So back to the books and the study, writing these articles and talking with shooters, and in the process, I have learnt heaps and hopefully helped some people out along the way.

But even after the study and realising what goes on the minds of most shooters, I still wasn't sure how to help people who would freeze on the trigger. This problem must be worldwide because in the September/October 2005 issue of "Gunshot" the Official Journal of the New Zealand Clay Target Association, there was a reprinted article from Pull! Magazine called Trigger Defrost and looked at three theories and approaches behind freezing on the trigger.

The first theory involves Self-Hypnosis. The article quotes Steve Mycoe a sports psychologist who believes that trigger freeze is a common problem based in the emotional right side of the brain and is a fear response. He continues by saying that "there are several varieties of trigger freeze all of which are unconscious in nature. Some experience random freeze that seems to have no real pattern, some only freeze on the second barrel of a shot and some people are completely disabled from shooting altogether." He believes that in the case of trigger freeze, an unconscious anchor has been set up, and fires automatically the freezing response behaviour, when a particular stimulus occurs during or prior to shooting. He believes the way to address the problem is to consider the physical differences and the arousal levels or states that the shooter accesses both when the trigger freeze occurs and when it doesn't. There will be a marked difference between the two. The next step is to use similar strategies that are successful with dealing with phobias. Using a form of systematic desensitisation that allows the shooter to reduce the fear by focusing learning to relax and then using it visualised situations and then in real situations.

The second approach mentioned in the article involves Life Coaching. Life coaching is a cognitive behavioural approach that examines a person's thoughts and how they affect their behaviours.

Basically, irrational thoughts and beliefs lead to behaviours which have negative outcomes. According to Life Coach Paul Toms (featured in the article) "trigger freeze can be attributed to self-sabotage. Self-doubt is the underlying cause." I have stated often that the only reason we miss is because of self-doubt. The shooter believes he can't hit the target or that he/she doesn't deserve to win. He continues, "therefore to serve this limiting belief they carry out an act of self sabotage; in this case freezing on the trigger and failing to hit the target. This then proves to themselves that their belief in their sense of failure was correct."

The final approach deals with distracting the brain at the time when it would be focusing on freezing on the trigger. This method was included by a reader of Pull! Magazine who is referred to only as T.Poskett. Thinking trigger freeze was due to recoil, Poskett made several changes to guns, stocks, ammunition, etc in an effort to reduce recoil but this didn't reduce the incidence of trigger freeze. He suggests the following method:

"On entering the shooting station adopt the shooting position (with an empty gun) and take a few practise swings along the targets imaginary flight path, but with the index fingers of both hands pointing along the gun parallel with the barrels: one down the forend and one down the side of the action. When composed and ready for your shot, load the gun as normal and call for the target. Again use the method with both index fingers used as pointers. This means the normal trigger finger is used to point-out line and lead and the second finger of the shooting hand is used on the trigger to take the shot. At first this will tend to feel awkward but it can be practised at home until it becomes second nature." What is happening now is that subconsciously the brain is thinking about something else and you can get on to shoot the target. This is like quietening the mind so that you can focus, a bit like humming so that you can't hear the instructions and self-talk going on in your head. I would be interested in knowing if this method works, so if you have a problem with freezing give it a try, and let me know the outcome. Using a combination of all three methods should help in elimination freezing on the trigger."

Since writing this article I have also looked into trigger weights. If the triggers are too light the brain can think it doesn't have to send the message to the finger because the effort is not great. Some shooters I have spoken to have had better results when they have made the trigger pulls heavier, because the brain has to now consciously pull on the trigger to set it off. This approach uses a psychological 'trick' rather than a mechanical solution such as a release trigger gun.

If you read any sport psychology textbooks there will be references to choking. Trigger freeze is a form of choking and any of the methods for helping choking will also assist with trigger freeze.

Golden Clay Championship to Glen Castellaro ... finally

Cobar Clay Target Club August 2017

At the 42nd Annual Golden Clay & NSW Junior Masters Championship shoot in August 2017, Glen Castellaro won the coveted Overall Golden Clay Championship, which he has been coming and supporting and trying to win for 31 years. Congratulations to Glen, he has been a sterling competitor both at home, regionally, nationally, and internationally. Glen is understandably honoured and over the moon about this achievement.

The Overall Golden Clay Trophy, sponsored by Peak Gold Mines, this year again, was a 9ct solid gold miniature clay. The sponsorship of gold for this trophy is particularly appropriate by Peak Gold Mines and reflects the Peak's continued support to sporting organisations and community events in Cobar. Cobar Club President, Mr Bryan Manns, presented Glen with this prestigious award, on behalf of the Peak Gold Mine, whose score was 277/285.

The 42nd annual event attracted a fabulous crowd, and it is plain to see that Cobar Club is renowned for its hospitality. There was shooters from all parts of the country, Victoria and Queensland being well represented too. The sport of clay target shooting encourages family involvement which was evident with many families seen during the weekend either as spectators or participants. Families from away, including the Turner family were seen, and Leanne in the kitchen. Similarly, the Schiller family threw themselves into the spirit, with Steve & Kate, both keen shooters, and not to be left out were Janene in the office running the program this year, a big thank you, and Betty literally running around in the kitchen, sterling effort Betty.

Ex-locals, the Yates families, attended with Trish donning an apron to keep up her tradition, and Todd introducing his young family to Cobar Clay Target Club. Several other father/son/daughter/mother combo's attended on the weekend, all travelling long distances for the event. A big thank you to Carol also, who travelled back from her 7 week holiday, and spent the entire weekend in the office, to oversee everything ran smoothly. Your knowledge is always valued and appreciated. There were other noticeable absentees' from the weekend, but they had other commitments elsewhere, like Rome and Moscow, for example. Also, some familiar faces weren't seen due to illness.

All hands were on deck in the kitchen keeping everyone watered and fed over the weekend, with some mouth-watering, belly filling, hot meals for the cold nights and days. An excellent assortment of home cooked meals for Dinner on Saturday night and scrumptious desserts were eagerly consumed by all, whilst the Calcutta auction simultaneously created extra excitement.

Friday night was the commencement of the weekend carnival, with our Major sponsor for the whole weekend, the Bryan's Empire Hotel, starting the proceedings with the 30 Target Night Points Score Event, sponsored by Bryan's Empire Hotel, being contested in inclement weather of very cold winds. I think some of our competitors thought it would be great to bring some of their cold weather with them! However, 69 shooters braved the conditions with the following competitors being successful. 1st C Grade, Peter Hosie 78/90, with Nigel Pettit 78/90 2nd. 1st B Grade Kelly Gunning 83/90, and 2nd Kylie Rees 78/90. 1st A Grade Kay Hunt 86/93, 2nd Tony Polack 83/93. 1st AA Grade Cameron Browne 101/102, 2nd Robert Thompson 95/96. Overall winner of the Night Points Score Event was

Bryan Manns 102/102. Cameron pushed Bryan all the way.

The skies were clear and very crisp on Saturday morning which brought out 127 shooters to commence Saturday and Sundays Golden Clay & NSW Junior Masters program.

First event was 30 Target FWD Dubbo Powerhouse Points Score Championship, with Peter Whitlock Overall winner on 96/96. He had to fight for this one. 1st AA Grade Craig Fitzgerald 93/96, then 2nd was Shane Pinkerton 92/93. 1st A Grade Ian Culpitt 89/90, 2nd Dick Tulloh 87/90. 1st B Grade Sam Nardi 88/90, 2nd Ben Tranter 91/99. 1st C Grade Brett Trindall 80/90, 2nd Graeme Love 79/90. Junior Encouragement award went to Molly Barraclough 32/90.

Event 2, 45 Target FWD Hunt-Pro Medley Overall winner was Arty Del Ben 98/100. AA Grade with Stephen Holdsworth 94/100, and Cameron Browne 2nd 122/125. 1st A Grade Peter Whitlock 70/75, and 2nd Matt Tingate 69/75. 1st B Grade Ben Tranter 69/75, 2nd Sam Nardi 91/100. 1st C Grade Brett Trindall 95/100, 2nd Tim Hawkins 70/75.

24 shooters had possible scores in the final event on Saturday which was the 30 Target FWD SH Shooting Double Barrel Championship. Eventual Overall was Ben Woodhouse 190/190, leaving Jack Cullinan 189/190 1st AA Grade, and Arty Del Ben 2nd on 187/188. 1st A Grade Allan Fennessy 47/48, 2nd Will Armstrong 38/39. 1st B Grade Sam Nardi 44/45, 2nd Blake Dunne 34/35. 1st C Grade Brett Trindall 39/40, 2nd C Grade Nigel Pettit 38/40. The Armstrong Auto - Roman Chariot Shoot Rules.

The six events will be conducted and finalised as normal. The High Guns will be finalised as normal. Presentations for the 6 events and High Guns will be conducted in the Hall as normal.

To shoot for the Mitsubishi 4x4 Twin Cab:

There will be 40 spots. To be considered for a spot You must have entered every event (6) prior to the first event starting. Overall and Grade winners in events 1 to 5 plus first 5 in the Handicap get Automatic entry to the Twin Cab shoot off.

Any shooter so qualified and then qualifying again will be replaced by the next shooter in order in their grade if a graded event or in placing if in the handicap event. Any shooter winning the Overall or any Grade High Gun who has not qualified in an event will get Automatic entry into the Twin Cab shoot-off.

Finally, any remaining spots to make up the Twin Cab shoot off field of 40 will be auctioned. Payment by the winning bidders must be immediate upon the fall of the hammer.

The 40 shooters will then be squadded as follows:

- Squad 1 Overall qualifiers as selected above from events 1 to 5.
- Squad 2 AA Grade qualifiers as selected above from events 1 to 5.
- Squad 3 A Grade qualifiers as selected above from events 1 to 5.
- Squad 4 B Grade qualifiers as selected above from events 1 to 5.
- Squad 5 C Grade qualifiers as selected above from events 1 to 5.
- Squad 6 Handicap qualifiers as selected above from event 6.

Squad 7 & 8 will be filled from the OA and Grade HG winners as selected above who have not already won a spot and then filled in order by the successful bidders for any remaining spots. Squads 1 to 4 will be the first wave. Squads 5 to 8 will be the second wave. Wave 1 will shoot a round of ten targets handicap – miss and out. Wave 2 will follow. Squads will be re-squadded after each 10 targets when possible. Last man standing wins the Twin Cab. The winner will be handicapped two metres and the car presented.

The Lucky Door prize Car will then be drawn. You must have entered all 6 events and be present in person at the draw or it will be redrawn.

As detailed above, to create greater interest, a number of spots for the final will be auctioned. These spots may be bought by individuals or syndicates who can then nominate their shooter who must have contested all 6 events.

However, to ensure that the final is a tense and exciting spectacle worthy of the prize value, it has been decided that once the 40 spots are filled any of the qualifiers colluding to split the car prior to the shoot – offs completion will not be permitted to enter subsequent car shoot events at this club.

Interpretation of these rules is at the sole discretion of the RCTC Committee.

The Squire reports from West Wyalong

Doug Lindsay was a long standing member of the West Wyalong Clay Target Club and initiated the Doug Lindsay Side by Side Shoot Day about ten years ago. With Doug's passing his son Robert took over the sponsorship of the shoot and it became known as the Doug Lindsay Memorial Shoot in honour of his father.

Although side by side shotguns are encouraged for the shoot, competitors can use under and over shotguns but the High Gun is awarded to the top side by side shooter on the day.

There was a fine array of old guns in use although most of them were made by Greener but Dennis Coaker had an old Holland and Holland which was probably the pick of the lot and he claimed he would not swap it for a modern Perazzi. So it must be pretty expensive!

The day began with 50 Targets Sporting Clays so Jason Anderson, Graham Duncan, Graeme Fairman, Clive Foster and Allan Schirmer were all at the club on Saturday afternoon to prepare and set up for the following day.

The Sporting Clays set up looked to be very satisfactory and some of the lads finalised their day with a rather lengthy debriefing at the Toppy Tavern.

Although the setup the previous day had seemed very good in the sunny conditions, in the cold, bleak, windy overcast weather things were going to be much more difficult when the shooters arrived for a 10:00am start the next morning.

After the first round of the Sporting Clays Allan Schirmer 21/25 had the lead from Laurie Redfern 19/25 and the under and over shooter Pat Mulqueeney also on 19/20.

L-R: Robert Lindsay, Jamie Lindsay C Grade, Jason Anderson AA Grade, Wayne Ambrose OA & HG, Graeme Fairman A Grade, John Sidoti B Grade & Julieanne Lindsay

There were some big improvers in the second round with Laurie Redfern, Graham Duncan and Wayne Ambrose all shooting 20/25 but Allan Schirmer hung on to take out first place 41/50 from Laurie Redfern 40/50.

Pat Mulqueeney 40/50 was the best of the under and over shooters.

It was during the second round that shooters in Squad Two received the surprise of their lives when a little hare came out of a clump of grass and ran across where the simulated rabbit target was being thrown – he seemed to thumb his nose at the astonished group as he disappeared into the mallee.

While all this was going on, Ann Fairman had the barbie going and as extra shooters arrived for the afternoon program they were able to have a nice hot lunch.

The afternoon program began with a 10 Target Eye Opener followed immediately by 25 Targets Points Score.

Wayne Ambrose 66/75 showed that he had not lost his touch using his old Greener taking out AA grade. Luke Kirkby 65/75 using the borrowed Holland and Holland was second in AA Grade.

Dennis Coaker and Allan Schirmer both 60/75 were equal first in A Grade while John Sidoti 62/75 won B Grade ahead of Ray Hillam 61/75.

Julieanne Lindsay competed in the afternoon session and came second to Nancy Kilmartin in C Grade.

The 50 Target Double Barrel Doug Lindsay Memorial Event was shot in two 25 target stanzas and the competition in the first round was fierce with a number of very close scores, although there were no possibles.

It was about this stage of the afternoon that Mrs Lindsay arrived to watch the event for a while.

Wayne Ambrose 46/50 held his nerve in the final round to win the event Overall. Jason Anderson 44/50 won AA Grade in front of Luke Kirkby 39/50. Graham Fairman 45/50 was the A Grade winner with Paul Thompson 40/50 as runner up. John Sidoti 43/50 won B Grade and Ray Hillam in his first outing with his new side by side shot 40/50 to be second in grade. In C Grade Jamie Lindsay, Doug's grandson, was, very proudly, the top shot.

Wayne Ambrose completed a great day when he was announced as the High Gun with a total of 156/185.

Club President, Jason Anderson thanked everyone for their attendance and with Robert and Julieanne Lindsay presented the handsome sashes to the winners.

Before next year's shoot we are expecting to have one or maybe even two new DTL layouts installed. Next year's dates are 26–29 July 2018. It is a busy time in Darwin that time of the year so make sure you book flights and accommodation as soon as you can.

**Mildura Clay Target Club
August 2017**

On August 17, the Mildura Clay Target Club hosted the NWZ School Students shoot. This event was once again, sponsored by Winchester Australia and the VCTA North West Zone.

When I left Horsham it was dark and raining quite heavily, I thought just as well the shoot is at Mildura as the weather should be much better. It turned out to be warm and sunny, a tail wind made single barrel shooting a bit tricky, but some of the students handled the conditions well.

Overall winner William Hand

Sixty-four students competed in the 20 target single barrel event. The event was shot over three traps with the students having two visits to the traps, after a short break for lunch the second round was completed, and we had an overall winner with a score of 20/20. This was a great score considering the conditions.

Will Hand from the Mildura Senior College was in great form, shooting the only perfect 20/20 to take the overall sash. The team event was won by the Mildura Senior College with a score of 67/100.

There were two shoot-offs one for second and third in the senior boys and another for second and third in the senior girls.

In total there was 38 senior boys, 5 senior girls, 19 junior boys, 2 junior girls and 8 team entries. The Zone would like to thank Maxine for accepting the entries and helping in the office, also special thanks to the Zone members who attended the shoot to help with the referring, and scoring which allowed the program to finished in good time.

We would also like to thank the Mildura club members in the kitchen for supplying food and drinks to the hungry students, teachers and workers.

Zone President, Colin Dunn, with the assistance of Zone Vice President Les Kadziela presented the overall sash to Will and medals to the other winners, a ribbon was also presented to the winning school team.

WANGARATTA CLAY TARGET CLUB

DTL CHAMPIONSHIP

Super Cooper wins High Gun

The monthly Down The Line competition held at Wangaratta on 19 August attracted a good attendance, with 40 shooters lining up to shoot the 100 targets on offer. The club is currently restricted to two disciplines, with skeet remaining out of action at present. It is hoped a suitable solution can be developed to reintroduce skeet in the future, subject to environmental approvals.

Ground one DTL trap is also inoperative at the moment, pending further work to realign this layout to comply with the authorities requirements. This potentially causes delays in getting shooters through, however the club is mindful of this fact and does its best to process the events in a timely and efficient way.

The 10 tgt points score eye opener was shared by six shooters and was quickly followed by the 30 tgt points score event. Allan Cooper, Overall High Gun winner on the day, stayed right on target winning AA grade and overall with a perfect score of 90/90. Allan was closely followed by Daryl Hunt taking 2nd place on 123/126. Michael Rowan shot well winning A grade with 86/90 and Tony Plum achieved a 2nd place on 85/90. Junior female competitor Kiara Dean had a terrific days shooting winning B grade 90/90, very well done Kiara. Ian Cooksey shot 87/90 taking 2nd in this grade. Regular visitor to the Wangaratta club and consistent all rounder, Barry Ellis took home a sash in C grade 72/90, ahead of Riley Sandral, another junior showing potential, on 69/90.

The next 30 tgt event was the single barrel championship, nicely won by local club member and AA grade shooter, Daryl Hunt with 29/30. Gordon Twamley, only one target behind, was placed 2nd on 28/30. Michael Rowan claimed A grade with 28/30 hits placing local committee member Peter Sandral 2nd with 27/30. Kiara Dean won her B grade again demolishing 28/31 targets, one target in front of Bob Glossop 27/31. Another lady shooter, Kathleen Wilkins was in good form, winning C grade 23/30 and Ian Crisp placed 2nd with 22/30.

The final 30 tgt event was a double barrel c/ship which resulted in local member Daryl Hunt taking out AA & O/all with a nice result of 45/45. Club secretary Angelo Grassi was hot on his tail in AA grade placing 2nd on 44/45. A grader Raymond Gamble lost only one target winning this grade, ahead of Lachlan McDonald with a tally of 30/31. Repeating her wins in both events two and three, Kiara Dean claimed another sash in B grade smoking 29/30 targets leaving Peter Lang in 2nd place 28/30. In a repeat of event 2, Barry Ellis shot 28/33 winning C and Riley Sandral finished 2nd place 27/32.

The open and veterans High Guns were awarded to Allan Cooper 190/196 with best Junior on the day, Kiara Dean 188/196.

Exceptional Day for Swan Hill

What a day! What a turn out! 52 shooters, our biggest turn out by far for quite some time. To be honest it was almost too many for our office staff to handle, Dwayne & Bec are new to shooting and have had very little training so it was quite a challenge at times.

Shooters began arriving from 9.30, and they just kept coming. They travelled from all over Mildura, Hopetoun, Patchewollock, Kerang,

Moulamein, Cohuna, Bendigo & Sebastapol to name a few.

The weather was fantastic, sunny for the most part though cold, unable to push past 12.9 degrees for the day! But the forecast rain was nowhere in sight and the breeze was bearable. Some shooters shivered their way through their rounds. The cold weather saw the coffee running out the door almost quicker than we could fill the urn! It obviously increased shooters appetites too as the canteen was clean out of food by mid-afternoon. The last couple of people had to settle for a pack of smarties and a couple of spare hotdog rolls, something our kitchen staff have NEVER had to worry about.

The new Laporte traps, paired with Laporte targets were flawless.

Our major sponsors for the day were Pickering Transport Group, Swan Hill Chemicals & Cutri Packaging. We were also well supported by Clarks Gift Salon, Country Tracks 4WD and Bronze Wing Australia with some awesome prizes on offer.

Results: Event 1 25 target Double Barrel Championship AA 1st & OA Andrew Evans 25+22, 2nd Ricky McKinnon 25+21, 3rd Trevor Dehne 25+8, A 1st Fred Siciliano 25+4, 2nd Malcolm Absalom 25+2, 3rd Brent Farnsworth 24, B 1st Dallas Fisher 25, 2nd Stephan Milano 24, 3rd Katarina Siciliano 23+2, C 1st Michael Orlando 24, 2nd Dwayne Howard 23+5, 3rd Vince Cavallo 23+4.

Congratulations to all our winners and thank you to all who attended.

A.W. Blythman Memorial to Anthony Costa at Patchewollock Gun Club

The annual A.W. Blythman Memorial is generously sponsored by "Jimmy's" family in honour of his memory.

Jimmy was a local identity & an avid shooter who travelled long distances to enjoy the sport he loved. He had hoped to form a local Gun Club, but passed away unexpectedly before 1994 when the club had formed with just 18 members.

Winner of the 2017 A.W. Blythman Memorial was Anthony Costa.

Bundaberg shoot over two days

Bundaberg Clay Target Club August 2017

Bundaberg Clay Target Club held its Two Day Shooting Carnival on Sunday the 5th and 6th August, with 86 shooters vying for the cash & cartridges in perfect conditions on Saturday and Sunday. After it was over some drizzly rain Sunday night and a downpour on Monday. A good roll up of shooters traveled from Gladstone, Condamine, Rockhampton, Maryborough, Gympie, Central Burnett, Caboolture, Wonthaggi (Vic), Callide Dawson, Roma, Gold Coast, Brisbane, Ilfracombe, Warwick, Surat, Springsure and Bundaberg. Nick Xenos wins back to back Gold Sovereigns

**New South Wales Gun Club
August 2017**

The 12th NSWGC Gold Sovereign side by side Championship, shot in near perfect conditions on the 12th August was won by Nick Xenos from the NSWGC who was awarded the Gold Sovereign with a fine score of 94 /100. Such was his score, Nick shot a 50/50 in the trap events and a 44/50 in the sporting also winning the best shot by a NSWGC member and having his name placed on the Club's honour board for the second year in a row.

The day started off at 9.00am with a display of side by sides in the Club House. Bill Laurenson well known for his Hornsby Rifle Range duties and NSWGC member supervised and kept watch over the guns. The quality of guns was impressive with many famous British maker's guns on display. They included Cogswell & Harrison, I Hollis and Sons, Cashmore, Tolley & Sons, WW Greener, Charles Boswell and Bonehill to name a few.

Choosing of the most original gun was a challenging task. There were a number of very original guns, those that hadn't new stocks nor polished metal work nor re-blued barrels. Finally Andrew Shacklock selected an I Hollis & Sons hammer gun as the best most original gun owned by John Newton who purchased it from Robert Whalan's collection in Oberon some years ago. The high standard of finish to the hammers and fences was unusual for a I Hollis and Sons gun. Hollis was well known in Australia in the late 1800's and early 1900's for cheaper but well made guns without too many embellishments. Regrettably the Hollis gun making business was bombed during the Second World War and all of the company's records destroyed.

The best restored gun on display judged by John Newton was a J & W Tolley side lock ejector with 2 sets of barrels circa 1930's. Originally purchased new by a Dubbo doctor in the late 1930's it remained in the same family ownership for 70 years before passing to the current owner who had the gun re-stocked by the late Jeff Slee from Bacchus Marsh, ribs relayed by Mialls Gun Shop and the case re-lined by the late John Dunn from Raymond Terrace. A beautifully engraved, heavy pigeon gun now in pristine condition owned by Hamish McMaster.

David Hunter from Orange made the trip to Terrey Hills and won AA grade. David shot consistently in both the sporting and trap with scores of 42 in the sporting and 43 in the trap to end with a final score of 85/100. Well known trap shooter David Perri shot 81 and Andrew Donnelly a 78 for the minor placings in AA grade.

A grade shooter Garry Tabain shot a 38 in the sporting and finished off with an excellent 49 in the trap to win A grade with a 87/100. NSWGC members Andrew Shacklock and Chris Eleftheriou shot 84 and 79 for 2nd and 3rd in the event.

B grade was won by Hugh McMaster with a 67, Warren Timms second with a 47 and third Neville Donnelly with a 20.

C grade shooter and regular Gold Sovereign competitor John Michell won C grade shooting a 77/100, Bill Laurenson second with 65 and third Jeffrey Persson 58 using a side by side for the first time. A great effort by Jeffrey who was awarded a medal kindly donated by John Newton for most successful club novice on the day.

The Club wishes to thank the sponsors Andrew Shacklock, Peter Romeo, John Newton, Wyarra Pty Ltd and all those who attended to 2017 Gold Sovereign. Unfortunately the date clashed with a number other shoots. It is hoped the 2018 Gold Sovereign can be moved to a new date that clashes less with other events.
